### Sights and Faces Seen

There must have been more sore muscles to the block in Hereford Monday morning than there have been in many months. All the result of the snow, and the unjust thing is—honest labor in shovelling snow off of drives and walks didn't bring on any worse cases of "muscular aches and pains" than "just plain useless playing in the snow."

Worth Covington is now working at Streu Hardware. He went to work there last week. And Ruth Sachs is a new employee at the First National Bank.

John Schneider, scheduled for early induction into the army, says that he doesn't like airplanes or horses; and would be very happy to keep his feet on the ground. Maybe Uncle Sam will decide that John ought to be a lineman, as he is in civilian life; and he can play around with some nice, safe high voltage current.

Mrs. Edith Hughes was starting Wednesday to take the school census. Said she hadn't planned to do the job this year, but it meant another bond so she was all for it.

Looks natural to see Ruby Carmichael back in the Thompson Abstract Office. However, she says it is just for a few days until she gets caught up with the work.

F. H. Oberthier returned this week from a trip to Dallas—and just when we thought the wheat was doing fine, he says the greenbugs are bad this year.

Shorty Stelzer seen Saturday, picking her way gingerly over an icy sidewalk while she carried a box of salt. Now a practical idea would have been to sprinkle the salt in front of her.

Postmaster Jim Lipscomb had a letter last week from a Mr. Wm. C. Skinner of Hartford, Conn., thanking the people of Hereford for "meeting and providing for the 208th Coast Artillery, A. A. on Feb. 13." Mr. Skinner goes on to say that he has a son who is a corporal in that regiment and who appreciated the courtesy shown him. So far as we know, no special agency has been meeting troop trains here; but whoever is responsible for getting Hereford a reputation for hospitality ought to come forward and take a bow.

### Weir Celebrates 7th Anniversary of Store

Weir Super Market is celebrating its anniversary Saturday with special bargains offered on all items in the big grocery stock and with a coffee demonstration all day. Coffee and doughnuts will be served to all customers. Glenn Weir, owner, announces. In addition to grocery bargains and free doughnuts and coffee, there will be baskets of groceries given away at 10, 12, 2, 4 and 6 o'clock. Mr. Weir states. The sale Saturday will celebrate Weir's seventh anniversary of business in Hereford, and he invites all his old and new customers to visit the store that day.

### SRO Sign Out Early On Lion Entertainment

Stating that more than \$225 was raised by the activity, G. M. Hudson, Lion President, this week expressed the satisfaction of the club with the reception given the Lion Minstrel last Thursday night. The show, as said, adding that at 150 persons were turned away after standing room gave out. "A good show—plenty of laughs—really spontaneous," were just some of the comments heard in Hereford on the minstrel. "A lot of people think we ought to make it an annual affair," says Hud-

## County Goes Over The Top In February Defense Bond Buying

Over the top is the story of Deaf Smith County defense bond sales in February, according to Claude Ricketts, chairman of the county defense sales committee. Total sales for February amount to \$28,829.65. Mr. Ricketts says, pointing out that the sales for the last 15 days in the month were nearly \$2,500 better than those for the first half. Sales for 1942 now amount to \$53,459.65.

"Our record thus far is something we can be proud of," Mr. Ricketts says. "for it represents a co-operative effort on the part of most of our citizens to get in and work to help the government and our armed forces to win this war as soon as possible. 'With just a little more effort, we can exceed our quota by an even greater figure.'"

Quota set for the county this year is \$298,000, and if defense bond sales keep up to the figure set during January and February, the chances are good for setting a record of which all defense securities purchasers in the county may be proud. "But there must be no let up," Mr. Ricketts stresses, "as soldiers on the home front, we must keep on the offensive."

## Men Dispatched For Army Tests

Nine men were sent to Lubbock Sunday to take the regular pre-army physical examinations. Five other men were delivered to an induction center on the same date for the Deaf Smith County board.

Dispatched from Hereford were John Anthony Erdman, Order No. 441; Robert Bruce Bentley, 464; Buford B. Fellers, 81; Calvin Ray Newman, 69; Homer Almer Palmer, 973 (delivered for Local Board No. 1, Floyd Co., Floydada); Leon Jackson Inklebarger, 1729, delivered for Local Board No. 1, Tom Green Co., San Angelo; Alexander Morris Shepherd, 985 (delivered for Local Board No. 1, Delta Co., Cooper).

Men dispatched from other towns for the local board were Clifford Elmo Hicks, Order No. 378, Fort Worth; Everett Gan Campbell, 449, Breckenridge; Ney Oldham, 651, Bay City; John Monroe Texas, 655; Mission; Geron Perry Johnson, 746, Phoenix, Ariz.

## County Council Fixes Budget

The regular meeting of the county council of home demonstration clubs held Saturday at the county court room voted full co-operation with the Food for Victory meetings being scheduled for rural communities by county agricultural agencies and gave further consideration to plans for the proposed conservation plant.

Members voted that council meetings will be held at 2:30 o'clock War Time, in the future; and Mrs. Liston Wilson was appointed delegate to the county conservation plant meeting Friday afternoon.

Present at the meeting Saturday were Mrs. Ira Ott and Mrs. W. B. Harris, Wyche; Mrs. Sam Smith and Mrs. J. T. Guinn, Messenger; Mrs. Paul Rudd, Mrs. Joe Landers and Mrs. Merlin Kaul, Westway; Mrs. Louie Olson, North Hereford; Mrs. R. L. Campbell, Fairview; Mrs. C. L. Bogle, Simms; Mrs. C. P. Urbanczyk, South Hereford, and Miss Sadie Lee Oliver.

Members of the Lions Club express their appreciation to Club Sweetheart Ruth Houser for her assistance in working up the musical part of the show and to Marlin Gilliland, Sank Ramey and Jerry Albracht, non-club members, who took part in the performance. Also the club thanks the chorus of high school seniors, John Estes, Harold Close, Wayne Phillips, Richard Ireland, F. L. Lucas and Donald Ray McCullough, whose help was much appreciated.

## Test Pilot

A spectacular career in aviation has led Alma Heflin, 28, of Winona, Mo., to her position as test pilot for the Piper Aircraft plant at Lock Haven, Pa. She has been a parachutist, flying instructor, navigator, and aircraft engineer.

## Be Prepared For A Blackout By Mar. 6th

"Deaf Smith County citizens and especially those of Hereford should be ready for a blackout alarm any time after Mar. 6," county civilian defense co-ordinator A. J. Schroeter said today in urging the co-operation of all people in seeing that lights are turned out immediately when the blackout alarm sounds.

The fire alarm will be the blackout signal, and Schroeter asks that citizens give help quickly if it is asked by the air raid wardens.

If you are driving a car when the signal sounds, pull to the curb and turn out the car lights. When the signal is given for all clear, which is the same as the signal for a blackout, you may proceed to your destination.

"Don't be a 'gofer' and prevent 100 per cent efficiency in this blackout," Schroeter warns, adding, "it is not a game this time, and we want to be prepared."

## Interest High In Defense Guard

About 60 persons attended the meeting Tuesday night at the court house to hear Captain O. V. Hartshorn of Dalhart give a talk explaining some of the steps necessary for the formation of a unit of the Texas Defense Guard in Deaf Smith County.

Capt. Hartshorn's talk was interesting and informative, according to Hereford people, who are enthusiastic about the possibilities of a guard unit here, main requirement for which will be the organization of proper committees and assembling of all information required by the state office of the guard.

The formation of a guard unit here will require the co-operation and interest of all citizens and will not be restricted to any one group. It should merit the efforts of all persons in the community, as was pointed out by Capt. Hartshorn, who stated that while we do not expect invasion in this territory, it is only common sense to be prepared for all emergencies.

## Kinsey Motor Co. New Dealer for Chevrolet-Olds

D. C. Kinsey this week announced his purchase of the Brunley Chevrolet Company, effective on Mar. 1, as G. W. Brunley made known his plans to devote his time exclusively to farming and ranching interests.

Mr. Kinsey comes here from the Plains Chevrolet Company in Amarillo, where he has been employed for the past six years for five years of which he has been sales manager. As manager of the local Chevrolet-Oldsmobile agency he will bring the advantage of thorough experience to his new job.

"Since new car sales are restricted to government certified purchasers, we are emphasizing our repair business," the new manager says, adding that new equipment in the shop makes it one of the most modern in this section of the country. For a special introductory offer on services to insure better tire mileage see the advertisement in this paper.

Employees of the Kinsey Motor Co. are Henry Williamson, parts man; Jess Thompson, Clifford Cox and Murl Parker, service department, and Mr. Kinsey, manager.

"Come in and get acquainted," Mr. Kinsey urges Hereford motorists. "Remember that our aim always will be to give you the best possible service."

## Scout Leaders At Dist. Meeting

Prominent scout executives of the district were present at a Deaf Smith County district meeting of cubs, scouts, dads and scouters at a chili supper served by the Camp Fire Girls at the Methodist Church Tuesday night.

High ranking leaders in the scouting movement in this territory present at the Hereford meeting were Wilbur Hlatt, chief executive; Chester Dunlap, field executive; Bob Johnson, council committee man, and L. C. White and John McKnight, well known scouters of Amarillo.

Guest speaker was Dr. Harris M. Cook, of the department of education at West Texas State College, Canyon.

John McLean was chosen chairman and R. J. Richardson and Jerry Blackwell, vice chairmen of the district scouting organization. All men were elected by acclamation. Blackwell is a Friona scout leader.

About 85 scouts and guests were present at the meeting.

## Crop Prospects Brighter With Needed Snowfall

### Deadly Threat to Enemy

Anti-aircraft gun units on the east coast are prepared to meet enemy air raiders if and when they come. Ready to go into action, each member of this big gun's crew takes his respective position immediately after the first warning.

Snow bringing moisture ranging from one-half to more than one inch fell in the Hereford territory last Saturday and Sunday to bring vastly improved crop prospects for 1942. Wheat, which was beginning to need moisture, is now in much better condition to withstand the effects of spring winds.

Comparatively little wind damage has been reported up to this time; in fact, the ground is pretty well covered with plant growth which acts as a protection against soil blowing.

Much barley and oats had already been planted before the rains last week and seeding to these crops is expected to go forward rapidly as soon as fields dry off sufficiently for farmers to start work.

Moisture came at a time to increase surface moisture—and sub-soil moisture from fall rains was already good.

Conservative estimators figure that approximately 65 per cent of the allotted acreage in this territory was sown, the balance being volunteer growth. Volunteer wheat is always a question mark, and it is now very thick and has been heavily grazed, which means that the moisture at this time was especially needed for the volunteer growth.

Ranges, already in fair condition, were much improved by the snow received last week.

## Spirituals, Instrumental Numbers Scheduled for Monday Night Program

### Five From Hereford Will Attend Contest

The fact that music has a definite place in national defense is well evidenced by the interest of the nation's youth in competitive musical contests and the teen-age group is going to do more than wear the national red, white and blue emblem in the present emergency, says Miss Mattie Mae Swisher, who has enrolled 16 students for the Panhandle Music Festival which will be held in Amarillo Mar. 12.

The Competitive Festival is considered the mother of all contests in this section of the country for it was 23 years ago that the first contest was held and since that time added interest has been shown each year. This year the interest here is much greater. Even a larger number from the Voco Club will enter the Competitive Festival of the Federation of Music Clubs which is scheduled for Mar. 28, in Amarillo. Some will attend both and others will take part in the public-school contest held in April.

Those from Hereford who will attend the Mar. 12 contest will be Nadyne Newell, Bonnie Miller, Chas. Cooper, Dennis Lomas and Bobby Jennings.

## Quality Of Red Cross Sewing Is Improving

"The quality of work is improving greatly," Mrs. Carl Gilliland, chairman of Red Cross sewing announced this week, as she asked that all outgoing dresses and skirts be returned immediately to the Red Cross work rooms at the City Hall. Work has just been completed on a large lot of trousers, which the chairman says were very well made.

New yarn has been received by the local Red Cross production unit and will be distributed, with instructions for making garments, from the Red Cross work rooms each day, according to Mrs. J. T. Gilbreath, Jr., who is in charge of Red Cross knitting.

The work rooms are open each afternoon at 2 o'clock, Mondays to Saturdays inclusive and women desiring to work or to get help on work now underway are asked to come in.

Negro spirituals are the main item on the program to be presented Monday night, Mar. 9, at St. Anthony's Parish Hall, but there will also be readings and instrumental numbers, members of the Hereford Business and Professional Women's Club, sponsors of the event, revealed this week.

The Negro chorus itself has some very fine solo voices which will be featured in several songs.

There will be no admission charge for the program, but a free will offering—proceeds to go toward helping the work of the Negro social center and clinic—will be taken up. The entertainers themselves represent all religious denominations, their sponsor Rev. J. J. Regan, states, but they are generously donating their services for the benefit of the welfare work now being done at the Blessed Mary.

# Thanks

... to my friends and patrons ...

for the consideration and business which you have shown the G. W. Brumley Motor Company under my management, and for many years past.

When, due to attention required by my farm, ranch and other interests I realized that it would be necessary to sell my automobile business I had several offers — and accepted that of Mr. D. C. Kinsey, because I believe that he will continue to serve you in a dependable manner and that he will be an asset to our community.

Mr. Kinsey took charge of the motor company March 1, and I want to personally invite each of my old customers to visit him and to give him a chance to figure with you on your Repair Parts and needs. I feel that you will like him and that you will like to do business with him.

Again, I want to say,

"THANKS FOR YOUR CONSIDERATION AND FRIENDSHIP . . . I will see you from time to time, because I still expect to make Hereford my Home".

By Jimmie Gillentine

Figures in a recent poll disclosed that the average man and woman over the United States are from two to three months ahead of Congress. That is to say, public opinion is really more intelligent and perhaps better informed than our Representatives and Senators—at least public thinking is on a more advanced and logical basis. I think such a situation is decidedly true in this community. Along this line comes the point of unification. National leaders are frequently declaring that the people need to become unified. Actually, the people in this ter-

ritory are unified—and some of us are beginning to think that maybe Congress needs a little more of this "Unity." If they keep on telling us we are not unified, it is entirely possible we may begin to believe it sooner or later.

Chiefly, the people want to know "What to do." Everyone is willing and ready to cooperate, as the sale of defense bonds and stamps indicate.

Roughly speaking, between 150,000 and 200,000 acres of volunteer wheat are to be plowed up in Deaf Smith County as part of the AAA program. Likewise, some 2,000,000 acres of volunteer wheat will be turned under in the State of Kansas. This is causing wide-spread argument, but failure by the farmer to plow up this wheat will result in a penalty of around 49 cents a bushel under the Marketing Quota system. We all want to cooperate to the best interests of our country, which is really for our own best interests. However, the wisdom of this action is questionable. After all, volunteer

wheat is not an act of man. It was not planted or tilled by man. It came to us as an act of God. Nature works wondrous marvels—and it may be many, many years before we have another rainy season such as we saw in 1941. God doesn't worry about AAA checks and nature governs our law of supply and demand. We may have some long, dry years—and when we get very, very hungry (as a nation) we will remember this wheat we have plowed under.

It seems entirely possible that our government might profitably harvest and store the grain from this volunteer wheat. After all, "Seven Years of Plenty" will likely be followed by "Seven Years of Famine."

Just as an after-thought, "How many tractors and implements will be depreciated in the plowing under of all this volunteer wheat?" Our present shortage of steel and iron does not warrant the useless waste of machinery—and certainly not for the destruction of food. I started out by saying that the general public

**ATTEND FUNERAL**

Mr. and Mrs. J. L. Fuqua attended funeral rites held in Amarillo Friday afternoon for Mrs. W. H. Fuqua, pioneer resident of the Panhandle. Others from Hereford attending the funeral were Akon Fraser and H. L. Broadwell.

Mrs. Fuqua, 75, died Wednesday afternoon after a long illness. Services were held in the First Baptist Church.

**TEACHERS MEETING MONDAY NIGHT**

Faculty members of Hereford High School and Central School met at the high school Monday night to hear discussions of the Class Room Teachers Organization as developed in Amarillo. The purposes, aims and accomplishments of the organization were discussed by Mr. and Mrs. Taylor, Mrs. Sparks and Miss Una Brooks, members of the Amarillo Public School System.

is actually several months ahead of our National Leaders in thinking, which means honest, old-fashioned horse sense. To me, this volunteer wheat business proves the point conclusively. I realize that most of you are reluctant to write letters to your Congressman, to your Senator, or even to your hometown newspaper—but these are not normal times. I am going to send this clipping to several of these leaders and I am asking all of you to join this "Bundles for Congress" club. Lets send in so many letters and telegrams that they will stop and do a little real thinking.

Let's put a post script on those letters and say we also want them to do something about these "strikes" and the foul stand which Labor has taken from time to time. Furthermore, we should have a law demanding public execution of any Senator, Congressman or Public Official convicted of accepting a bribe.

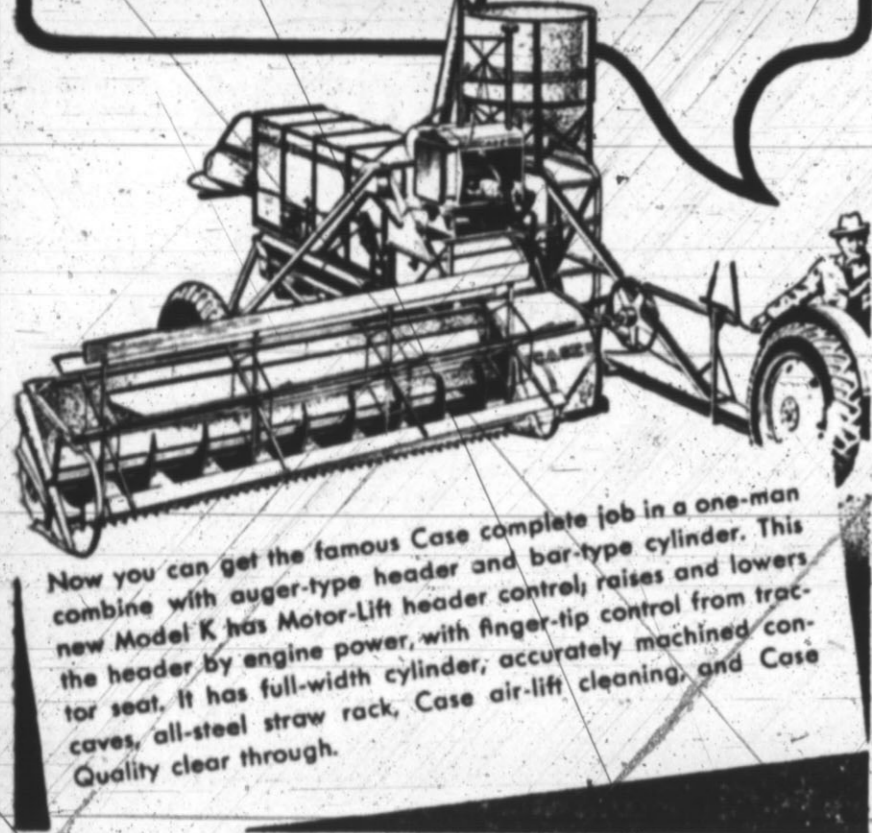

Gene Howe (Old Tack) has started a drive to get our own Congressman, Eugene Worley, back on the job. As most of you know, Worley joined the Naval Reserve as he puts it, "On a campaign promise." Old Tack is 100% right. If we ever needed a representative in Congress, we need him now! I certainly respect Mr. Worley's ambition to fulfill his campaign promises—but he made another campaign promise to "make us a good congressman, filling the duties of the office to the best of his ability." The people elected Worley first and foremost to be a Congressman, and certainly not to join the navy. After all, he could have joined the navy reserve without being elected. A man in public office should place his duty to his constituents higher than his own wishes or desires. Unquestionably, Worley needs to fulfill his FIRST promise—"to go up to Washington and to make us a real hand." Like "Old Tack," I hope that Worley can be persuaded to give up his Lt. Commander post in the Naval Reserve and return to Washington, where he has a Real Job to perform for the people of the United States.

Now for some real, sure enough griping. The time has come again for calf shows—and this section is again "a dollar short and a day late." We have some of the best cattle in the world and some of the finest boys. We should put the two together and take some of the prizes that are going to points not nearly so well fitted for cattle production.

T. S. Stevenson should apply for the post of nurse or hostess when he gets into the army. At least, that's what Fred Baird has to say on the subject. Stevenson dressed up as a girl for the beauty contest sponsored by the Lions Club last Thursday and while waiting for his part on the program decided to sit out in the audience. He sat for quite a while and a lot of girls were trying to place him. Finally, Stevenson noticed Fred Baird standing along beside the wall. He walked over, raised his voice to a high pitch and said: "Mr. Baird, you can have my seat. You look tired." Fred looked kind of funny, stuttered around and managed to decline the offer, saying: "No, Lady, I couldn't do that." Then he saw Stevenson's big, ham-like hands and he realized the situation.

## Garden Club Starts New Year

Spring plans were launched in the Garden Club at its first meeting of the new club year held Friday afternoon at the home of Mrs. Ralph McCullough. Mrs. A. L. Manjeot was leader and spoke on "Getting Ready For Spring." She suggested a general collection of seed catalogs, a careful study of them and an early ordering of seeds as early spring preparation for the garden.

Mrs. Earl Springer gave an interesting talk on "Planting for Fragrance." She suggested that members keep in mind the flowers suitable for the sick room and include them in their plant-

ing plans. An old fashioned Valentine box was enjoyed with valentines featuring attached packages of seeds.

Another feature of interest was a displayed flower arrangement of a colonial bouquet using red, white and blue sweet peas. Those present were Mesdames D. H. Alexander, E. T. Brooks, Homer Brumley, C. C. Cox, C. H. Dyer, C. C. Ferguson, N. E. Gass, F. M. Kester, A. L. Manjeot, F. H. Oberthier, J. P. Slaton, C. R. Smith, Earl Springer, E. Mrs. T. E. Seigler, Jr. discussed "Whether You are Hostess or Guest" using Emily Post's book as a basis for her talk. She said that the use of common sense goes a long way on

the road to correct etiquette both for the hostess and the guest and suggested that the guest cooperate with the family in every detail when visiting.

"Simple Party Giving" was Mrs. Alton Miller's subject for discussion: She listed bridge parties and the informal buffet supper as simple forms of entertainment that have become popular.

## Child Study Club Meets In Home Of Mrs. R. P. Conaway

Mrs. Leo Forrest was leader of a program on "Duties and Respect for Property" at a Child Study Club meeting held at the home of Mrs. R. P. Conaway Thursday afternoon. Mrs. Conaway, vice-president, presided over the business meeting when members voted to join the other clubs of the county in the request for lower water rates during the summer months. A discussion concerning individual aid to the local Red Cross Chapter was discussed and members decided to each be responsible for one finished garment, to be turned into the local Red Cross Chairman at a given time.

The topic of the study was discussed by the leader and Mrs. Ira Foster. Mrs. Forrest quoted from Dr. Holmes' book "As the Twig is Bent." Too many children are not taught to work at home. They should be taught skill in the commonplace tasks inside the house and out. Both boys and girls need to know how to accomplish small tasks at a very early age.

Mrs. Foster pointed out that a mother may be a dictator or a director, in her talk on "Teaching Children the Protection of Property." She used material in a current magazine as a basis for her discussion in which she told of the need of teaching children the rights of others, that ownership brings responsibility and that selfishness in ownership may be eliminated if properly dealt with.

Attending the meeting were Mesdames James Alken, Jr., Leo Forrest, C. P. Grimes, Ira Foster, George McConnell, G. W. Newsom, Gordon Witherspoon, Glenn Witherspoon, Carl Oldham and the hostess.

## Marriage Of Lieut. Bell Is Announced

Announcement of the recent marriage of Chas. Bell, son of Mrs. A. G. Bell, was made here last week. Miss Betty Jane Krug of Belleville, Ill., became the bride of Lieut. Chas. Bell in St. Louis, Mo., on Aug. 27. The marriage rites took place in the Delmar Avenue Baptist Church with the pastor officiating.

Lieut. Bell is the youngest of Mrs. Bell's four sons, all of whom are in the army. He is a graduate of Adrian High School and attended Texas A. & M. College for two years. He joined the Air Corps in November 1940 and at the time of his marriage was stationed at Scott Field, Ill. He is now stationed in the Panama Canal Zone and has recently been promoted to Radio Service.

## Justakrd Club Has Bridge Party

Contract games entertained members of the Justakrd Club on Wednesday afternoon last week when Mrs. Meade Halle was hostess at her home.

Defense stamps were given as score awards to Mrs. George V. Stambaugh who played high and Mrs. Henry Sears who played second high.

After the games delectable refreshments were served to Mesdames S. J. Maxfield, Grant Fuller, R. L. Craner, George V. Stambaugh, Gellar Muse, J. W. Witherspoon, N. E. Milburn, Henry Sears and the hostess.

## Luncheon Club Is Entertained

Mrs. Jimmie Gillentine was hostess at a luncheon at her home on McKinley Ave. last week for members of the Wednesday Luncheon Club.

A patriotic theme, even in the red, white and blue Fiesta table service, was emphasized. Red sweet peas formed the center arrangement for the tables.

After the luncheon contract games were enjoyed with Mrs. W. M. Emmons playing high for score award.

Those attending were Mesdames C. C. Acker, S. P. Rosson, Oscar Eskley, W. L. Davis, W. M. Emmons, Alton Fraser, H. K. Fax, J. C. McCracken and the hostess.

## Contract Party Enjoyed By Club

Coterie Club members enjoyed games of contract at the home of Mrs. Grant Fuller Friday afternoon. Mrs. J. W. Witherspoon was high player and won the defense stamps presented as game awards.

Those present were Mesdames Knox Kinard, J. W. Witherspoon, E. B. Hicks, E. B. Hedrick, C. Moore, F. L. Lucas, N. E. Milburn, W. A. Teter and the hostess.

## Calliopean Club Has Program On "American Youth"

Miss Robbie Foster was hostess to the Calliopean Club on Wednesday night of last week.

Mrs. Alton Fraser, president, presided over a short business session after which Miss Mary Kate Brotherton presented the program. She discussed "The Youth Movement in the United States."

Pointing out that youth movements develop at any period when youth has time to worry about ideas, Miss Brotherton discussed the youth movement (unorganized) of the 1920's and then went on to tell of the youth groups that went in for such activities as picketing the White House lawn. "Youth grows up and gets conservative," she said, "and no matter what the older generation has done, its pressure to be wrong in the eyes of the next generation."

Those present for the meeting were Mesdames James R. Allison, W. L. Davis, Alton Fraser, Jimmie Gillentine, W. C. Pibman, Misses Nancy Conkright, Robbie Foster, Katherine Kirby, Lois McCaslin, Eloyse Pifman and Mary Kate Brotherton.

## Defense Aid Is Given In Party Prizes

As small aids to defense measures, defense stamps continue to be the most popular form of prize given at various and sundry social affairs the past few weeks.

Mrs. Willis Edelman and Mrs. John T. Sims were the defense stamp winners at the club party Thursday afternoon and when Mrs. David Rodgers entertained members of the Trump and Chatter Club.

After the games sponge cake and strawberries were served to Mesdames Wayne Evans, John T. Sims, Lillburn Ray, J. E. Kirby, Troy Moore, Russell Teter, Willis Edelman and the hostess.

## Rubinoff

## Famed Violinist In Amarillo For Concert Friday

Amarillo, March 5.—Rubinoff and his violin will be heard in Amarillo Friday night, March 6. The celebrated performer, who plays the sort of music that average folks like, will be assisted by Alexander Makofka, brilliant young Russian pianist.

Rubinoff will play several of his own compositions, including "Banjo Eyes," dedicated to his pal, Eddie Cantor. The familiar theme "We want Cantor" runs throughout the composition. He also will play such favorites as Gershwin's "Rhapsody in Blue," the haunting "When Day Is Done," and Drdla's "Souvenir."

Makofka will play two groups of numbers. Among them are Liszt's "Liebestraum" and Lecuona's modern classic, "Malguena."

Rubinoff is being brought to Amarillo by the Philharmonic Orchestra Association. Local proceeds will go to Amarillo's symphony orchestra.

Mail orders may be sent to the Amarillo Chamber of Commerce, with check and self-addressed envelope enclosed. They will be filled with the best seats available upon receipt. ## LIFE SAVER FOR Cold Weather Starting

Are you all at sea about what to do when your motor suddenly refuses to start because the temperature is low?

Here's the answer: Just fill the tank with Phillips 66 Poly Gas. That's the quick, easy way to find out what a difference high test makes.

A touch of the starter, and your engine rolls into action with split-second speed. It's got to, because any engine in good mechanical condition will start provided the gasoline in the tank is "hot" enough.

And Phillips 66 Poly Gas is extra hot! . . . without a penny of extra cost!

Try a tankful. Compare. See if Phillips 66 Poly Gas doesn't give you just about the fastest cold-weather starting and the finest cold-weather performance, you have ever enjoyed.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners . . . because Phillips is the WORLD'S LARGEST PRODUCER of natural High Test Gasoline.

## Headgear Varies To Suit Man, Occasion And The Season

Time was when a man's mark of originality was his hat. Carl Sandburg once wrote a poem about men and their hats, the man whose slouch hat proved he had a touch of a musketeer, and the one with a formal homburg lent him the air of a banker or financier. A top vaudeville act was the star who portrayed every character using a hat as his sole prop.

Even confined to the uniform overseas cap, our soldiers portray their leanings with the tilt of their caps. But for those of us who still can indulge their tastes to suit the mood and probably the character, there is wide range of hats to choose from—styles and colors continue to be available.

Colors in hats take a tip from clothes this Spring. Pastel shades of silvertone, tan tones, and tinobius contrasted by deeper shades of bands give a lift to mauling headwear.

Featured in these hats is the exclusive Resistol Self-Conform-

Several inches of snow fell here over the week end but because of the wind the precipitation on the wheat was generally estimated at approximately one-half inch, some snow being blown off. This snow will be of much benefit to the wheat although the moisture this winter has been good. As a result of the snow east-west roads are covered with drifts and passage is difficult.

Friday night is community meeting and the Study Club is to have charge of the evening's entertainment.

Only 20 were reported at school Monday due both to the snow and sickness. Patsy Hamby and

Mary Frye have measles and Mary also has the flu. There was no Sunday school this week but everyone is invited to be present next Sunday at 11:30 a. m. Grandpa George Smith, who has been ill for weeks, is reported to be slowly improving.

A delightful buffet luncheon was enjoyed by members of the Study Club at the home of Mrs. H. E. Miller Tuesday. Miss Sadie Lee Oliver of Hereford assisted Mrs. Miller in planning and preparing the meal, practically all of which came from the pantry. The afternoon program included a discussion of vitamins by Miss Oliver and talks on Texas history by Mrs. W. J. Stewart and Mrs. Walter Gallely. Mrs. R. A. Frye was also a guest. Eleven members were present.

As a project for the Study Club, Mrs. Iverson Leake recently had water from eleven wells in the community checked for purity and flourine content. The average flourine content in this group was 2.4 per cent the highest for one well 3.2 per cent, 1.2 per cent the the home of Carl Wimberly. Over 2 per cent can result in tooth stain.

Miss Helen Oglesby returned home Tuesday from Wyche where she stayed with her aunt, Mrs. J. P. Gandy, who was ill. Mrs. W. P. Caraway who has had the flu at the home of her father near Ranger is reported to be much improved. Mrs. Johnnie Womble who has been in the hospital at Hereford with a toe infection is at home now. Sarah Jean and Harold Stevens are also among those on the sick list.

Mr. and Mrs. C. Aubrey Wimberly made a trip to Panhandle last Sunday.

The 11 men who form the section gang here have formed a club and will buy defense stamps regularly each pay day.

Reece Stewart who was stationed at Camp Barkley at Abilene in reported to be at San Francisco now.

C. E. Finley, who is working near Dumas visited Mrs. Finley and the children over the week end.

David Frye who has been ill returned to his school work this week.

Little Earle Dean Gandy, who has been visiting Mr. and Mrs. J. R. Oglesby returned to her home at Wyche Thursday. Virginia Patsy Gandy also of Wyche visited in the Oglesby home Friday.

Miss Arless Oglesby visited relatives at Wyche Friday night and Saturday.

Loganberry (Victor Moore) to get the goods on a gang of crooks who have been living off of political spoils in a more or less mythical state of Louisiana. Hope is picked to take the rap for the political gang.

## Senior Personalities

Alvin Ward was born, January 24, 1924. He says his birthplace was a little "jerkwater burg" called Quail. For a general description, Alvin has green eyes and brunet hair. He is 5 feet 11 inches tall and weighs 155 pounds. Alvin likes blondes, brunettes, red heads; well, he just likes girls. He simply detests spinach and most vegetables. Evidently he is not much of a vegetarian. Alvin is now and has been a member of the F. F. A. for three years. He plans to have a good time and then join the army.

Billy Self first opened her little brown eyes May 10, 1924. By the way, the town in which she was born was Meadow, Tex. Billy has brown eyes and red-brown hair. She is 5 feet 2 1/2 inches tall and weighs 118 pounds. She likes soldiers, especially the flying force and Marines and dislikes cabbage, hot chocolate and conceited people. Billy has been pep leader for three years, a member of the pep club for four years, member of Tri-Hi-Y for three years, a member of F. H. T. for two years, and a staff reporter for two years. She is undecided as to what to do after the present ordeal of finishing high school.

There is a senior girl with brown hair, blue eyes, weighs 110 pounds and is 5 feet 4 1/2 inches tall who is known as Mary Lee Hood. Most of her close friends call her just "Lee." Mary Lee was born in Cedar-edge, Colo. on March 8, 1924. She attended school there until the seventh grade when they moved to Hereford. She has been in the glee club two years, F. H. T. one year, and in the orchestra five years. She is also a student librarian and plays the violin in the quintet. Mary Lee's favorite sports are football and tennis; and her hobby is cooking (she says she's a good one, too! Boys, take notice).

After graduation, she plans to attend business college in Lubbock.

Nancy Olson was born September 6, 1924, in Hereford. She has big blue eyes and light brown hair. Nancy looks down from a mere 5 feet 4 inches and weighs 127 pounds, which is just about right. A hobby of hers is knitting, and she heartily dislikes navy blue and black (hold your breaths, here it comes again) conceited people. She loves to swim. Nancy is planning to attend college at Denton after graduation.

## 'Willing Women' Are Discussed

"Willing Women" was the topic of discussion at the meeting of the F. H. T. last Thursday. Nancy Olson had charge of the program. Betty Jane Robinson discussed Marie Antoinette; Margaret Barber told about Madame Curie; and Naomi Brumley spoke on Eleanor Roosevelt. Following these reports, the group discussed the abilities and characteristics of present-day women of note.

Patsy Sanders led the group in singing popular songs and the club song, "Sing Your Way Home."

The Speech Class won the assembly banner award for February, with the Senior class as runner-up.

## Tri-Hi-Y Discusses Ten Commandments

"Honor thy father and mother!"—"Thou shall not kill." A panel discussion on the ten commandments was the program for the regular Tri-Hi-Y meeting February 24. To begin the program, the group sang "Living for Jesus," and Miss Crawford led the group in prayer. Those taking part in the panel discussion were: Rena Rae Renfro, chairman; Betty Dunlap, Rachel Ireland, Marcela Blue, Mary Ellen Henslee, Margaret Olson, Lilye London, Juanita Wiseman, Ellen Posey, and Nona Deen-Rose. Rena Rae read a poem, that brought out the fact that we have to live with ourselves all of the time so we should be fit for ourselves to live with. The panel was then opened to the group.

## Seniors Still Busy!

The Seniors of H. H. S. are still a very busy group, as was evidenced by their class meeting last week.

Richard Ireland reported that the Student Council is planning to post a list of those buying defense stamps and bonds. The Seniors are still on the alert and ready to do their part.

The class decided to sponsor an edition of the "Round-up" soon.

Committees for promoting the Senior play were selected by the president, Richard Peterson. Those on the stage properties and setting committee are F. L. Lucas, Benny Wombie, Cleon Cawthon, Dorothy Banner, Cloetiel Pace. The publicity committee is composed of Lilye London, Bettye Joe Kendall, Mary Lee Hood, Jack London. The financial phase of the play will be under the direction of Juanita Morris, Ruth Temple Hastings, Alvin Ward and Charlie Hill.

## It Won't Happen Again

Although we are sure you readers at times doubt it, the members of the "Round-up" staff are human, and you know the good Latin proverb says, "Errare humanum est." What we have reference to is the article in last week's issue titled "They Haven't Played Hooky." We have had our attention called to two errors made; there may have been others. We stated that Robina Culpepper had been neither absent nor tardy; that was an error but the records in the office were wrong. We failed to include Barbara LeGrand as being perfect in attendance. That was our error; we can't blame anyone but ourselves. Sorry folks, so sorry!

## Central Chatter

Room 7A had perfect attendance last Friday.

The bulletin board of Miss King's room has pictures for each month of the year.

Room 7A has twenty-seven bonds and they soon hope to have more.

Miss Bell's room is 100 per cent on defense bonds and stamps.

Gladys Marie Walker checked out of Room 8B Friday. She moved to Amarillo.

Some children of 7C brought a snakeskin to school Wednesday. It was twelve feet long.

J. F. Nelson of room 7C is out of school. His class hopes he will soon be back.

In room 8B instead of having a bulletin board committee each row brings pictures and current events for each week.

Room 8B is observing Texas Flag Week. They have a large, beautiful Texas Flag up in their room and events of Texas independence are on their bulletin board. They had a program during their class meeting Wednesday.

Virginia: "How did mother find out that you really didn't take a bath?"  
Joe: "I forgot to wet the soap."

Miss Johnson: "What is a rabbit?"  
Jimmy Basely: "Dad says it's an animal that grows the fur that other animals get credit for when it is made into a coat."

A Brand Ad Will Sell It!

## Leads Freshmen

Billy London, who is a member of the very active, wide-awake Freshman class, is also its president. (That may be the reason for the success of the class.) Billy is Scribe in Troop II of the Boy Scouts. He came out for football and was manager of the basketball team. He says he likes everything, especially food; he prefers watching basketball and playing football. He dislikes Hitler and doesn't particularly like to read. Billy has brown eyes and hair, weighs 102, is five feet tall. He hopes to be an aeronautical engineer.

## Public Opinion

Margaret Barber: "I would like to commit a nice juicy murder." (Who's the victim, Margaret?)

Kenneth Rudd: "I would take a short 24 hour vacation for a good time."

Beas Hagar: "Have my last good time."

Foster Hill: "Get married."

Marjorie Morrison: "I would eat."

Billy Dameron: "I would go see Lana Turner for one reason and Miss Rigler for another."

Harold Clark: "I would probably die of heart failure thinking of it."

Robina Culpepper: "Tell everyone that my favorite flower is a rose."

Juanita Beauford: "I have been thinking about that for a long time and still don't know."

Marie Compton: "Tell all how much I liked them so they will remember me."

Ruth Temple Hastings: "I would commune with nature, such as a Hill. (Get it?)"

Rachel Ireland: "I'd enjoy the more cultured side of life."

Paula Mae Edwards: "I'd probably spend the first eighteen hours wondering which way I'd go after I died, and the rest of the time trying to do something about it."

Jeanne Albracht: "I suppose I'd just live them."

Cleon Cawthon: "Make hay while the sun shines!"

Ruth Taylor: "One can't be sure, can one?"

Gertrude Worley: "Wondering what would happen after I passed on."

Wanda Dixon: "If I had the money, I would take as many airplane rides as possible."

Harold Harvey: "I'd live 24 hours."

Clifton Dellis: "I would have a good time."

Zell Dean Harris: "I would"

## Girls Win Awards

Three girls winning awards at Plainview at a Speech Contest there on January 30 were very happy to receive their pins this week. The awards were not given to them at Plainview because they had not arrived then. Dr. James W. Cobb, dean of Wayland College, sent the pins to the winners. Mildred Bowsher received her pin for placing first in dramatic reading, Lilye London, who was first place in declamation, received a pin, and Helen Acker has a pin to show her as second-place winner in dramatic reading.

Miss Crawford is the coach of all three students. Having Mildred and Lilye in Speech Class and Helen in the Shakespearean Club.

## Orchestra Entertains

The orchestra gave the assembly program on February 27. The first number was "Triumphant March" by Grieg. This march contains many lovely themes. One theme is that of Norway, the cries of wild geese flying over a wind and wave swept fjord. Another theme is that of the title itself: the marching of triumphant men. The most beautiful theme of the entire march is a beautiful, haunting melody. It is this melody which has earned for Grieg the title of the greatest melody-writer since the time of Schubert.

The next number was Rubenstien's "Melody in F." Rubenstien was a Russian pianist and once toured America giving concerts. At one of the concerts, his manager asked him to play a cheap little tune to amuse the audience. Rubenstien not only refused to play the number but also left the concert in a huff, never to return to America. Somehow, when one remembers this Rubenstien story and listens to "Melody in F." the number doesn't sound so good.

The next number was an overture "White Queen," whose themes suggested the regal luxury of a white queen ruling over a kingdom of blacks in the far-distant land of Africa.

The program was concluded by the playing of the "Star Spangled Banner." Now that America is engaged in war, this number

ride a horse."

Corra Lee Hopson: "I would cook biscuits as Miss Davies told us to do."

Alice Ann Paetzold: "I would study math so I could pass a test."

Mary Ann Acker: "I would act just as though I had a long time to live."

## Hear Ye! Hear Ye! Play Cast Is Chosen

Attention! Everyone has been wondering if the Seniors had forgotten their play for this year. To satisfy curiosity, the cast has been chosen and the play directed by Miss Crawford is in progress.

A play entitled "That Crazy Smith Family" is bound to be crazy. Just imagine John Estes and Rena Rae Renfro as Pa and Ma Smith and their four children Betty, Budd, Tony and Barbara, who are played by Agnes Albracht, Richard Peterson, Harold Ciose and Mattie Lawhon. Aunt Bella (Lois Agnes Gilbreath) lives with the family and is in love with Professor Slattery (Donald McCullough) who is very absent-minded. Julie Weston (Rachel Ireland) and Stewart Brandon (Darrell Blanton) are two city slickers who complicate the Smith family affairs.

The Senior class feels that the characters are well chosen and that the play will be a great success. The date of presentation has been set as March 27.

## Juniors Again Get Down To Business

No telling what the Junior class will find for business after the banquet is over, but right now it is most important to the class. However, some outside business crept in, and the class voted to sponsor the paper some week with the help of the staff in the future. John Douglas Pittman gave a report on the student council, and Phyllis Radvovich brought up the subject of having another Sadie Hawkins Day this year. After a few moans and "Yeas," the matter was dropped, and the subject skipped back to the banquet with Nona Deen-Rose announcing a meeting of the invitation committee in Coach's room, and an announcement that the decoration committee would meet in Miss Foster's room after school.

Thurman Williamson reported on the dollars paid by the mothers and from his report, it shows only a little over half of the mothers have paid. Please mothers, pay, and if not possible, let Mrs. Williamson or Miss Foster know if impossible right away.

The skating party which had been planned for last Friday night was put off, until a later date. Christine Smith gave a report from the Student Council. Mary Ruth Russell gave the report for the assembly program. The class discussed plans for a social soon.

## Are We Democratic?

Everything that is done in America is supposed to be democratic. Do you think our clubs and classes operate on that basis? Do you think that all really are equal, especially so far as responsibilities and opportunities are concerned?

One person remarked, "I have so many committee meetings to attend and so many offices to hold that I just might as well rent a room here at school so that I'll be here if needed. I hardly get home before I have to come back to school for some type of meeting."

Teachers and leaders in various activities, may we ask a favor of you? We appreciate your considering us capable of doing what you need done, and we feel it a compliment that you place confidence in us. There are, however, many other students who are equally as capable as we, and they are seldom if ever called upon to serve.

If high school is a training place for active citizenship, then a majority of the students should now be receiving that instruction. There are such boys as X, Y, Z, who never are on committees or programs; such girls as A, B, C, seldom have any responsibility or recognition given them. It's always the same group in assembly programs, on committees, in plays, etc.

Why can't the rather timid, unassuming type of student have a chance? This is a plea that some of us be given a rest and that others be given a way to develop their personalities and talents. Can't we be more democratic and pass around a few responsibilities and honors?

## Council To Post List

**Transfers to Missouri Base**  
Lynwood Hallum, son of Mrs. F. S. Smith of Hereford, has been transferred from Kelly Field to Parks Aviation College at East St. Louis, Mo., for primary flight training. He says that he knew his destination only the day before leaving Kelly Field.

Lynwood likes army life and says that he has gained eight pounds since joining the air corps on Jan. 24.

**Furloughs Scarce Now**  
Charles McGinnis, former resident of Jumbo Community, was in Amarillo last week to attend the funeral of his grandfather, and he visited briefly with old friends at Jumbo.

McGinnis, who is in the mechanical division of the Air Corps at Las Vegas, Nev., says that furloughs are no longer granted except in emergency cases. Though he likes the army, he says that the high plains of Texas look good after seeing that Nevada desert, and that he likes to read The Brand and get news of his old friends here.

**Will Receive Wings Soon**  
Jasper M. Vaughn, son of Mr. and Mrs. W. A. Vaughn, will soon receive his wings as a second lieutenant in the army air corps, a news dispatch from Ellington Field revealed this week.

The training he received at Ellington includes ground school instruction, combat orders, precision and instrument flying, radio work and "blind" flying.

After his graduation, he will be assigned to active combat duty or to an air force command as an instructor.

Before he enlisted in the Army Air Corps, Vaughn was a sheet-metal worker.

### Gets K-P But It's Not For Punishment

Nick Koelzer, a member of the Brand force until he enlisted in the navy last month, is now in training at the Great Lakes Naval Training Station; and although he hasn't been aboard ship yet, is already convinced that the navy has it all over the army.

Nick had drawn K. P. duty on a big scale but says that all training recruits get K. P. during boot training (1st. three weeks) so it isn't punishment. Duty starts at 4 a. m. and finishes at 8 p. m., and with 4,000 men to be fed at each meal the going gets rough at times.

Concerning quantities of food, the Hereford recruit says the coffee is made in huge pots, which hold about 75 gallons each. There are two of these in the main mess hall.

**Liberty Looks Good**  
"We will get liberty as soon as we get off K. P., which will be Thursday," Nick writes, adding, "Maybe we will get outside the gate to see what this place looks like on the other side of the fence."

However, the navy has done something in the way of entertainment for the recruits, for Xavier Cugat played for listen-

ing (not dancing) last week and Eddie Peabody, "the banjo king," has played at the station. Roller skating and dancing are in prospect for the boys as soon as they get out of boot training.

Though not yet on ship board, the recruits evidently get plenty of naval atmosphere. The floors are decks—and have to be scrubbed—and bunks are hammocks. And time is called according to sea rules—for instance, what we would call 4:30 p. m. is 1630 in the navy. So there is evidently a fate worse than war time.

### Fight Civil War

Nick agrees with Robert Bailey of the coast guard about the way the civil war is re-fought in training camps. There are 44 Texans in Nick's company and when an argument start it's 44 against the combined representation of the other 47 states.

"Navy chew is good," the Hereford recruit reports, and the only way he has suffered is because of homesickness. Gwynn Owen and George Carlyle, both of Hereford, are in Nick's company and he says that all three of them read The Brand thoroughly each week.
