Around Town

Sights and Faces Seen

Jim Lipscomb says that we have had a short summer; and after digging through closets to find those winter clothes this morning lots of Hereford people would agree with him.

And still on the subject of the weather, some old timers can settle an argument if they will look in the "Do You Remember" column in the Brand this week. E. B. Posey says there was a lot of discussion as to the date of a snow which fell in May, 1917, and admits that he was wrong about the date, which was actually May 5 and 6.

Wm. McGehee and Rev. M. M. Beavers are back in town after several weeks absence because of illness. Guess McGehee had to check up on the politicians, and Rev. Beavers couldn't let the fishing season get well-started without him.

Mrs. Edgar Sowell says that the prairie dogs attract more attention than any of the other animals in the zoo out at the Sowell Filling Station. Easterners sometimes call the prairie dogs "ground hogs" and often have never seen one of the animals before.

E. E. Fridley says the W. O. W. had a good initiation ceremony this week for six new members.

Mobile Labor Camp Approve By FSA Chief

Stating that the brief in support of a Farm Security labor camp for Deaf Smith County was "most complete and satisfactory," Jesse B. Gilmer, FSA area director, this week wrote to E. B. Posey, secretary of the Hereford Chamber of Commerce, that the farm labor camp has been recommended to the national office of the government agency in Washington. Because of the shortage of many construction materials, Gilmer indicated that the housing project, if it is finally approved, will be a mobile labor camp, with tent housing, sanitation facilities, medical care, essential washings and supervisor furnished by the government.

This type housing project, according to the area director has been highly satisfactory in regions where warm weather prevails through early fall, and if the project is successful there is a good prospect of more permanent structures being erected within one or two years. This approval in the area office does not mean that we will get our housing project," Posey declares. "But it indicates that our request will go to Washington backed by the approval of the area directors."

New Citizens Honored In Americanism Day

Miss Alma Hall of the high school faculty announces that Sunday is "I Am an American Day" set aside in most states to honor the new citizens of the nation.

More than 80 Deaf Smith County young people will reach their 21st birthday this year, says Miss Hall, pointing out that the attitudes of these new citizens will determine the future fate of the nation. "We should propagandize Democracy," says the Hereford teacher, adding that the Democrats have often failed to instill their doctrines in their own youth.

No formal ceremonies honoring the new citizens have been scheduled for Hereford, but national programs are scheduled for Sunday to point the importance of the day.

OPA Price Rules Available Five Hereford Stores

Copies of the O. P. A. price regulations which will go into effect on nearly all commodities by May 18, were received this week at the Chamber of Commerce office, and the copies of regulations are now available at the First National Bank, First State Bank, Streu Hardware, Chamber of Commerce and The Hereford Brand.

According to the Office of Price Administration, all retailers are urged to observe three cardinal "Do's" and a like number of "Don'ts" before seeking special guidance from the O. P. A. on price regulation.

The three "Do's" indicate immediate steps to take in getting ready for the May 18 effective date on price regulation in all retail stores.

1. Assemble and preserve immediately all records of prices charged for goods in March. In addition begin preparing statement of highest base period price charged for each item so that it will be completed by July 1, 1942.
2. Check prices of all goods to be sure that they are no higher than prices charged in March, 1942. Must be completed by May 18.
3. Post or mark and identify as "ceiling price" and "our ceiling" your maximum prices on all "cost of living" commodities specified in "Appendix A" of the regulation. Must be finished by May 18. A list of these items and their ceiling prices must be filed by June 1, 1942 with local war price and rationing board.

- The Three "Don'ts" are:
 1. Don't bring problems to Washington personally.
 2. Don't telephone OPA on your problem unless it is of urgent nature. It probably would be impossible to render a snap judgment in any case.
 3. Don't write in before you

Sunday afternoon at 4 o'clock Miss Bonnie Miller, soprano, will be presented in a vocal concert at the Methodist Church. She will be assisted by Mrs. John Jacobsen, Jr., pianist, and Miss Polly Dixon, contralto. Also assisting in the concert will be Bobby Jennings, bass.

Miss Miller will present selections from the operas and oratorios and modern numbers. She is the daughter of Mrs. Phillip Miller.

Juanita Wiseman on Thursday evening, May 21, Miss Juanita Wiseman, daughter of Mr. and Mrs. M. H. Wiseman, will be presented in a spring recital at the Methodist Church at 8:30 o'clock.

Mrs. Ellis Coombes will be the assisting pianist and Bobby Jennings will assist with selections. Miss Wiseman will present a variety of selections from the accredited public school music list and both sacred and secular music will be featured. Interested friends are invited to attend both programs.

June Dameron Elected To Soph Student Council

Miss June Dameron, daughter of Mr. and Mrs. W. E. Dameron, student this year in T. C. U., has been elected to the sophomore Student Council position on the T. C. U. Student Council for the coming year. She defeated two candidates.

Miss Dameron is a former president of the Future Homemakers of Texas, and was outstanding in her high school work, being honor student and a leader in extracurricular activities.

Expressing appreciation for the splendid response to Deaf Smith County's call for U. S. O. donations, Urin Streu, county chairman, today said that \$212.16 has already been subscribed by patriotic residents of this community.

"All contributions have been made without personal solicitation," he said. "Letters have been mailed with return envelopes in order to save bothering people any more than possible. We certainly appreciate the splendid response and if contributions continue on their present basis we feel sure that no personal solicitation will be required."

The letters were mailed at 6:00 o'clock Monday afternoon, he said. Two contributions were posted at 8:30 o'clock the same afternoon. The first two donors in the drive were J. R. Lipscomb and E. J. Kirksey. The quota for this county has been set at \$690.00 and Mr. Streu asked that all donations be returned this week if possible.

Other county officials in the current drive are T. P. McCollister, vice-chairman; Cliff Acker, treasurer, and Jimmie Gilentine, publicity chairman.

The purpose of U. S. O. is generally known over this area in that it provides recreational facilities, entertainment and assistance to boys in the U. S. Armed Forces. It represents the combined efforts of leading church and welfare organizations in a manner to eliminate excessive costs and numerous solicitations on private citizens.

The following citizens, each representing some community organization, have carefully investigated U. S. O. and the work which is being accomplished and have issued the following statement:

"We, the undersigned, feel that the U. S. O. is a service organization worthy of the support of every citizen of Deaf Smith County: Father Nathaniel Madden, St. Anthony's Parish; Rev. H. M. Redford, First Christian Church; C. J. Paddock, Mayor of Hereford; Rev. James Aiken, Jr., First Presbyterian Church; W. E. Dameron, president Hereford Chamber of Commerce; A. J. Schroeter, County Judge; J. C. Ricketts, Commander American Legion Post 192; Rev. Marvin B. Norwood, First Methodist Church; Mrs. T. M. Dameron, President Bayview Club; Mrs. Robert Veigel, President County Federation; Mrs. Geo. Suggs, President La Affilius Estudio Club; Mrs. G. M. Hudson, Child Study Club; Mrs. Noah Ewton."

Flowers Grow By Themselves Hereford Claims New Title, "City of Iris"

According to one Hereford flower-lover, it's almost disgusting the way Iris thrives with practically no care at all. It may be disgusting to the flower gardener who likes to work hard at his hobby, but it has certainly improved the appearance of many Hereford yards this spring; and with more and more gardeners beginning to make special collections of named varieties of the plant, Hereford can look to even more colorful springs in the future.

"Biggest collection of Iris in town is that of Mrs. A. O. Thompson, who has 80 named varieties in her garden, and a trip by the Thompson home right now will be well-rewarded, for the garden is a real rainbow. Other gardeners who are starting special Iris collections are Mrs. Laura Hicks and Mrs. W. H. Lemmon, and much of the Iris now in bloom in yards all over town would do credit to any collection. Miss Sadie Lee Oliver says that her Iris is a credit to all her friends in Hereford and Deaf Smith County who have been so generous in contributing plants.

Iris all over town, but some of these plants stand out. At Mrs. E. W. Harrison's, Charles Newell's, Mrs. J. F. Ward's, H. L. Rice's, Mrs. V. F. Hayes's (best collection of cream-yellow variety in town), the garden of

Bill Wederbrook Reported Missing In Bataan Action

Pat Wederbrook this week received an official telegram reporting that his son, Billy, was missing in the action on Bataan. Billy, a member of the U. S. Marine Corps, had seen duty in China, and his parents did not hear from him for several months after war was declared. The official telegram stated that exact news of young Wederbrook's fate—whether he was killed or a prisoner of the Japanese—would probably not be known for some time.

Farm Building Rules Require Priority Rate

New regulations received this week by county agricultural workers have set the pattern for all future farm construction in Deaf Smith County. County Agent A. R. Bateman said this week, urging that farmers comply with regulations and get started now on the storage and labor housing construction which will be needed in the immediate future.

Briefly, the rules require that construction of farm housing, up to the cost of \$500 (including materials and labor) and of \$1,000 for other types of farm buildings can be carried on without priority ratings, providing the farmer can buy the necessary materials from existing lumber stocks. If the lumber yard, or other dealer, has to order new supplies, will be necessary for the order to go through the county war board, whose approval will give the order the necessary priority rating to insure shipment.

Approved orders must go from the county board to the state board at College Station, from where they will be relayed to Washington, whose final approval will come back to the county board. All farm building which will cost more than \$500 (housing facilities), or \$1,000 (other type farm buildings) must have plans approved by the county war board, which will give priority ratings on all supplies. In drawing up plans farmers are asked not to call for the use of any unusually scarce materials, such as metals; priority ratings have no effect in the use of such materials, which are frozen for all except war construction at

Twenty members are required for each home nursing class and present classes are full, but more classes may be organized here if sufficient interest is shown.

Hopper Poison Available Sales Pavilion Friday

The grasshopper poison station will be open Friday at the Hereford Sales Pavilion, A. R. Bateman announced today, inviting farmers to come in early and get a supply of the poison mix. "Grasshoppers are just beginning to hatch in this county," Bateman says. "But they are doing great damage to the wheat in the Lubbock area and we want to get an early start poisoning the pests here."

Because of the labor shortage, there will be only one man on hand at the sales pavilion to help load and mix the poison; therefore farmers are asked to help with all labor at the pavilion. "At present we have an ample supply of grasshopper poison," the county agent says. "And we should use it just as soon as the hoppers begin to emerge."

County to Observe Brief Silent Prayer Together

The ringing of the bell at St. Anthony's Church at 12 o'clock noon each day will be the signal for one moment of prayer and meditation by Hereford people as they try a spiritual approach to the world's problems. The idea of this brief prayer was first suggested by President Roosevelt and has been taken up by the national and state federations of women's clubs, with a resolution for the momentary prayer in this county unanimously adopted by the county federation at their luncheon meeting Monday.

Stating that the women of America were the ultimate consumer buyers she told of legislation that they should know about, mentioning the Food-Drug Act, the Cosmetic Act and the Wheeler-Lee Law. She also told of the price control law which has recently gone into effect and stressed the need for the consumer to cooperate with the producer who observes these laws and in conclusion said "Don't tolerate unfair trade practices. You are guilty of the offense if you condone it. Accept the consumer's pledge: 'I will do my part to make my home, my community, my country ready, efficient and strong'."

From where I sit . . .

by Joe Marsh

Rummaging through my desk the other day, I came across some snapshots of friends of mine made back in 1933.

If you don't think time flies . . . if you don't think this world ever changes . . . you ought to look at the women's hats and dresses in those pictures taken 9 years ago! Wow!

It gave me quite a start . . . and then it set me to thinking . . . and rememberin'! Lots of things sure happened in 1933. A new administration in Washington . . . the turning point of the depression . . . and the coming of Repeal.

I remember the re-legalization of beer. It came before Repeal, when Congress amended the old Volstead Act to allow legal sale of "3.2" beer.

What talk and arguments they had in those days! One argument I remember well . . . was that beer would do a lot to help bring back prosperity. I wondered at the time whether that argument could be proved.

I thought about that again, the other day. I decided to check up and find out.

Well, I found out plenty. I found out that legal beer has paid more than 3 billion dollars in taxes since 1933. It has made more than a million new jobs.

According to one of the reports I've seen, beer has put more than 15 billion dollars into general business circulation. Goodness me, that's a lot of money.

Beer is sold today in every state in the Union. Every state benefits from beer's jobs and taxes. And I guess there's no denying that beer did its share in bringing back better times.

I'm glad it did, too, because beer is such a pleasant, appetizing beverage. And it stands for moderation and moderate people . . . it's not likely to get you in trouble.

BULL

By Jimmie Gillentine

I am sure that everyone expects this column to be filled with the trouble we had in moving The Brand. Such is not the case. In the first place, I am sick and tired of the subject and in the second place I don't think that other folks like to reflect upon such unpleasant topics. F. H. Oberthier came by the old office while we were moving out. He took a long look at the scattered paper, old boxes and general trash, then said: "You didn't need to move. What you needed was a first class fire."

Anyway, we are over here just south of the Star Theatre and I know we did a first class job of moving, because we can't find anything. We are proud of the new place and hope to keep it looking nice. We appreciate the help given us in general and it is fitting that we recognize a tribute which appeared in last week's "Short Wave," official pamphlet of the Hereford B & F W Club.

"Congratulations to the Hereford Brand for their new home. Of course things are a bit topsy turvy right now, but visit a little later to see their attractive arrangement. It's hard to believe they had kept all that machinery in the small place they moved from. Mattie K. says moving is sure hard work, but Mary Kate said it was worth it since they won't have to wear overalls inside when it rains. That's a full tale, but they told it for the truth. "You know we ought to do more to show our appreciation for our

fine home town paper, The Hereford Brand. Did you ever stop to think how much it does for us, and that it heads the Must List for every good town. Of course we go along not doing much to support our paper but we expect it to support each of us in every organization in the community, all good causes, say something nice about every one instead of what they really think, print all our announcements handed in late, and manage to get all local news without publishing some story which would embarrass someone. This club has long recognized The Hereford Brand as being the kind of paper our community needs, but today we salute The Hereford Brand again."

D. W. Hawkins dropped in recently with a copy of "A Letter to My Son," written by a soldier's mother. The booklet is a masterpiece in thought, composition, and spiritual comfort. He had hoped that we might reprint the booklet, but this is impossible since reproduction is expressly forbidden by copyright. However, it is decidedly worthwhile and I am sure that he will let you read his copy.

G. M. Suggs was another old timer who dropped in for a visit early this week. Mr. Suggs renewed his Brand subscription with the remark that he has been a subscriber and reader for the past 38 consecutive years. There are few, if any, who can better this record. Bob Higgins and C. R. Smith noticed the "H-B" signs on the windows and gave their approval of the Brand's "brand." We had Bob Thompson register the new brand and are going to get us a branding iron as soon as we recover from the costs of moving.

Judge John P. Slaton has an idea that may prove of nation-wide value in view of the present rubber shortage. Judge says someone should cross these big, red-legged grasshoppers with tumble bugs—and train them to roll in golf balls.

Don't tell me there's a **THIRD** Thanksgiving!

CALM YOUR FEARS. All's well with Thanksgiving, even though you didn't expect to meet this bird... in the ads... until November.

Care For Your Car ... For Your Country

The turkey is pictured here in advance of the season to dramatize the performance-facts about a great gasoline which is never in advance of the season!

Of course, as always, Phillips 66 Poly Gas is high test without higher price. But more than that, it is the right high test (volatility) for the month in which you buy and use it. Definitely changed every thirty days to match the monthly changes in temperature in your locality.

In December, Phillips 66 Poly Gas is a fast starting motor fuel. In August, it is a cooler summer gas. In May, it's right for between-season weather... always custom-tailored to deliver high mileage and pace-making performance.

Scientific laboratory and field surveys prove that no other gasoline—not a single one—is so completely and accurately matched, all year 'round, to the monthly variations in your weather.

If you wonder what this means in pep and power... in zip and pick-up... find out the facts in your own motor. Try just one tankful and judge for yourself.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is WORLD'S LARGEST PRODUCER of Natural high test gasoline.

Do You Remember?

May 16, 1902

All the Sunday Schools of Hereford were planning a picnic to be held at what was then called the "Tierra Blanco River." But the afternoon was not to be spent entirely in idle frolic. On the program were the following items: Music by the choir; scripture reading; prayers, recitations and addresses. The committee arranging the picnic included Will Womble, W. B. Beach, G. R. Jowell, E. R. Rice, Luther Hough, Roscoe Davidson, Claude Witherpoon, G. W. Cassels and C. C. Ferguson.

A quotation from the Quahob Observer ridiculed the ladies of the W. C. T. U. who were then starting an anti-smoking campaign with the immediate aim of firing all teachers who touched the weed.

The ladies, according to the Observer, might better campaign against tight corsets and other absurdities of female dress.

W. B. Robinson was in from his ranch near Tombstone, and reported crops and cattle looking fine.

B. T. Bell, Sr., Castro County sheepman, was visiting friends in Hereford.

Mrs. G. R. Whitney was organizing a women's branch of the W. O. W. in Hereford.

May 10, 1917
"Unusual Snow Covers Plains" was the headline on the Brand's front page. Seven inches of snow had fallen in the Hereford territory on Saturday night and Sunday morning, May 5 and 6.

Friday, May 18, was class day for the seniors of 1917 and on the class day program were Paul Guthrie, Johnnie May Bourn, Bruce Sullivan, Glenn Boardman, Irene Combs, Jack Lester, D. Lorens Dougherty, Ruth Myrick, Forrest Bove, Claudia Duncan, Gwynne Guthrie and Dot Owen.

Walker Spradley of Fyona was in Hereford on business.

Jowell Murchison and Calvin Barnett were in Roswell taking examinations to get into the nation's military service.

The Bank's BEST FRIENDS

Do you know what we think are the best friends a Bank has? Our idea is that they are SATISFIED customers.

Why? Well, for one thing they tell their friends they have been treated right at our bank and induce them to bank with us, too. That is one reason why we try so hard to please our Patrons. We help them and they in turn help us. Will you join us? No matter how small the account, you are welcome to our banking service.

Orchestra Gives Program To End Music Week

The Orchestra gave its last assembly program of the year on Friday, May 8, when it presented a short concert commemorating National Music Week. The main feature of the program was a talk by Mildred Bowsler about the influence of music in our daily lives. In her talk, Mildred brought out many interesting facts about scholarship and music in H. H. S. Only two of the 81 band and orchestra students who went to Amarillo for the Music Festival were making failing grades. Three of the students whose names appear on the Honor Plaque in Mr. Hudson's office were in the Band or Orchestra. Preceding and succeeding Mildred's talk were two numbers played by the orchestra, the first was the "Mars" from the "Symphony" and the second was "In Arcadian Days."

On the afternoon of the same day, the Orchestra members presented Mr. Smith with a gift as a token of their appreciation for what he had done for them during the past year.

Although the Orchestra will not be 400 large next year, its prospects are good, according to Mr. Smith. A group composed of about the same number of stringed instruments as this year will be next year's orchestra. Next year, the orchestra, be it large or small, will be striving again to equal or surpass the record that it made this year at the music festival. May it be successful!

Pep Club Has Picnic

The annual Pep Club picnic was held Monday, May 4, in the State Park. The girls either rode bicycles or hiked to the picnic grounds. The merry-go-round and swings furnished the entertainment for the girls while the food was being prepared.

At the business meeting, these new officers were elected: Robina Culppepper, president; Juanita Beauford, vice-president; Cornelia Hamilton, secretary; Juanita Wiseman, treasurer; and Londene Martin, reporter.

Each old member invited a prospective member for next year as a guest; and after the business meeting, members and guests enjoyed sandwiches, eggs, potato chips, soda pop and all the other fixings of a picnic lunch.

Senior Personalities

Larry Trimble was born May 29, 1925 at precisely 4:15 A. M. in Clovis, N. M. Larry has brown hair, brown eyes, and declares he has a big nose, also. He stands at 5 feet 8 1/2 inches and weighs 150 pounds. He likes all specimens of the weaker sex and dislikes prunes. He also dislikes his quibbles with Mr. Ralph Smith over how music should be played! His favorite hobbies are tennis, photography and collecting jokes. Larry sings first tenor in the Boy's Quartet and has for two years. He has also been a member of the mixed chorus for two years. He was a member of the band four years and the Hi-Y four years. Larry was president of the Junior class last year. While at Lubbock he belonged to the band, glee club, Hi-Y, and Photography Club. He plans to join the navy after graduation.

Mildred Bowsler was born January 28, 1925 in the little city of Hereford. She is one of those well-known brown-eyed brunettes having both brown hair and eyes. She weighs a mere 100 pounds and stands at 5 feet 5 inches. Her favorite hobbies are horse-back riding and keeping a scrapbook. She likes music, dramatics, and cherry pie. She simply hates okra, modern art, and insincere people. She has been a member of the Glee Club three years, has been a staff member, a member of the string quintet for two years, and a member of the orchestra two years. She was recently voted a new member of the National Honor Society. After graduation she wants to go to the co-ed school at Denton and major in music.

Virgil Morton was born November 22, 1923 in the city of Friona, Texas. For a general description, Virgil has brown hair and deep blue eyes. He weighs 140 pounds and stands at 5 feet 9 inches. He is extremely fond of movies. He likes to go hunting, fishing, and horseback riding. These sports take the place of hobbies with him as he takes more interest in them than in anything else. He is, at present, a member of the F. F. A. After graduation, he plans to go to college.

Dennis Lomas was born June 26, 1925 in Hereford, where all those people with perfect teeth live. He has black hair and gray eyes. He claims to stand five feet, nine inches and weighs 138 pounds. The Band has been fortunate enough to have Dennis play the saxophone in it for four years. He played in the Orchestra three years of his high school life. The Hi-Y had Dennis as one of its active members this year. For his hobby he collects stamps and reads quite a lot. As a side line he takes voice lessons from Miss Swisher. Maybe he has a hidden desire to croon like Bing Crosby. (What about that Dennis?) His favorite sports are football and tennis. In the future, he plans to take up commercial work.

Honor Students Chosen

Each year a valedictorian and a salutatorian are chosen from the Senior Class. It is an honor and a privilege to be either one of these because of the high rankings required. There is an honor point system in Hereford High School that helps determine who these will be. The faculty decides upon the upper ten per cent of the class, which is generally five, and submits it to the Seniors. Then the class elects two from this list of five for valedictorian and salutatorian. The points are kept both semesters for all students. The first item to consider is that of scholarship. Good grades help one to be in the upper ten per cent of his class, but that isn't all. Outside activities are included—whether the student belonged to clubs, if he were an officer, if he participated in school contests (such as music or athletics); if he worked in the office, and other similar considerations. The question is asked, "Has this student been a benefit to the school?" If the answer is "Yes," then that person can better be qualified for high honors.

To represent their class at Commencement this year, the Seniors chose Jack London for valedictorian and Rena Rae Renfro as salutatorian. In both of these students, the class feels that they have the best representatives. Jack has had a high scholarship average through out his four years of high school. He is president of the Student Body; he was co-captain of the football team of 1941; and he was an active member of this year's basketball team. He belongs to the Hi-Y, Honor Society, and is well known for being president of many organizations in the past.

Rena Rae also has a high scholarship ranking too. This year she has taken an active part in outside activities. She is business manager of The Whiteface Round-up, a member of the Honor Society, one of the Pep Leaders of the 1941 season, and has been program chairman in Tri-Hi-Y. She has been working in Mr. Kinard's office for the past two years.

The Seniors feel proud in having these two students represent them, and wish to commend them upon their splendid work in our school.

FAREWELL TO THE SENIORS '42

Dear Pals and old classmates, As the time draws so near, We look back over the years And softly shed a tear. A few more days and we must part Each one to go his way, A few days till we say goodbye To all our high school days.

It will seem strange to see Students upon their ways to school, And know that we will not go back Perhaps you think I am a fool 'Tis strange we know happiness not While we possess it yet, But when 'tis gone beyond our reach Then we can never forget.

We have come a long way together Though it seems not so far, Now we will bid a fond farewell And hitch our wagon to a star. Hitch our wagon to a star And make the most of life And someday reach our highest goal

Through all the storm and strife, As we sail on that endless trip Out on the deep blue sea Sail in a memory ship Across the sea of memory As the days come and go As the years glide so swiftly by We will sometimes in dreams Return to Dear Old Hereford High.

May she be a beacon in the sky To guide us thro' the night May she shine to us from afar And be our guiding light. As we tread the path of life Until the day we die But now as the time draws near We can only say "goodby."
—Mondelen Miles

Physical Fitness For Defense

"Hale America," the program presented in the High School auditorium last Thursday evening, emphasized physical fitness of the individual. The program was as follows: first, band numbers; presentation of the Colors by the local scouts; "Star Spangled Banner" sung by the audience under the leadership of Mr. Finch of the First Baptist Church; History and Development of the Movement by Mr. Knox Kinard; the Program in School and Community by Don McCullough; Nutrition Phase of Physical Fitness by Helen Acker and the Home Economics Department; Mental Hygiene and Health by Rev. James Aiken; demonstrations by boys' and girls' physical education classes; Pledge of support by local organizations; and the prayer-song "God Bless America."

It was brought out in the program that to be a well rounded individual, one must be able to play, and to be mentally and physically healthy, and to be able to get along with people. It was asked that each individual silently pledge himself to this movement, to be as healthy mentally and physically as possible and to try to get along with people.

SPONSORS RATE PENCILS

To express their deepest appreciation and gratitude to their sponsors, the Sophomore class gave both Mr. Reeve and Miss Davies a Parker pencil, at class meeting time last Wednesday. The program went off with a bang when Mr. Reeve told how he persuaded his wife to marry him. Miss Davies told about her first date; it was quite a date. First, ask Miss Davies about it. Some of the sophs told of their most exciting moments, their most embarrassing moments, their most dangerous moments, and their happiest moments. Nettie Hood, who played a piano solo, was the last on the program for the Sophomore Class of '41-42.

Nichols Speaks At Mother-Son Banquet

The annual Mother-Son Banquet of the Boy's Hi-Y was held Friday evening, May 8 at 8:00. The banquet was the culminating feature of the year for the Hi-Y. Richard Ireland, the outgoing president of the Hi-Y, was the toastmaster. John Estes gave the welcome and toast to the mothers. Mrs. E. S. Ireland responded. The main event of the evening was a speech by Mr. Harold Nichols, the Y. M. C. A. director of the Hi-Y. The topic was "Youth Dreams of a New World." During the speech, Mr. Nichols mentioned several bad dreamers, such as Hitler and Al Capone, and the good dreamers, such as "Honest Abe" and Jane Adams. To conclude his speech, he said that it made no difference whether a person reached the top of the profession which he entered or only got halfway; if his dream had been achieved, he had done a good work. The boy's quartet sang "Those Good Old Pals of Mine," their accompanist being Mrs. Cliff Estes.

SONS in the SERVICE

Four Grandsons With Armed Forces

Mrs. J. W. Beene has the distinction of having four grandsons in the armed forces. The latest to join up with Uncle Sam's forces is O. J. Beene who has been employed at Friona. He volunteered this week and will be with the Navy's pharmacy department. Weldon Beene, the oldest of the four grandsons, is in the Navy Air Corps in Seattle, Washington. Douglas volunteered before Pearl Harbor and was located at El Paso for a year. Now he is stationed at Camp Barkeley at Abilene in the quartermaster department. Billy Beene, youngest of the four, is also located at Camp Barkeley. The boys have made their home with their grandmother since the death of their parents several years ago. One other grandson, Bruce Beene a junior in Hereford High School, still makes his home with Mrs. Beene.

Big Difference Between Past and Present Arms

Add to the civilian's stock of military information the following from Pvt. Forrest A. Marnell, Paine Field, Everett, Wash., who thinks there were some very misleading cut lines on a news service picture of Pvt. Warren Pershing published in The Brand a few weeks ago. Marnell states that the caption read that Pershing was

presenting arms, "only he is at post arms." "If he is supposed to be presenting arms," Marnell continues, "I am quite sure that they snapped his picture about two seconds before a sergeant got on him with all four feet. I know this from experience." Pvt. Marnell is the only Hereford man at Paine Field but says that Texas is well-represented.

Leon Hartman Baker At Portland Naval Station

Leon Hartman son of G. C. Hartman writes that he enjoyed the "Texas" story published in this column a few weeks ago and since he is really in "Yankeland"—stationed at Portland Me., he is ready to appreciate news and propaganda from the home state. Hartman is a baker in the Navy and reports that so far he has not had to use any of those much-publicized dried eggs and milk in his baking.

Australians Good Hosts Lt. Fullwood Reports

Mr. and Mrs. R. A. Fullwood this week received a letter from their son, Lt. E. H. Fullwood, now stationed with the American forces in Australia. "Of course, he couldn't really tell us anything about what he is doing or even where he is stationed," says Mrs. Fullwood of her son's letter. "But it was good to hear from him." The Americans are being treated well by their Australian allies, Edward reports, and the food is fine. The letter was written April 14.

Infant Daughter Of Former Resident Dies In California

Mrs. C. E. Cross received word last week of the death of her small granddaughter, Carolyn Sue Luck, in Corona, Calif. The nine months old baby was the daughter of Mr. and Mrs. Burnace Luck, formerly of Hereford, Tex. Luck being the former Miss Willie Cross. The infant died following pneumonia, and funeral rites were held in Corona. Two sisters, Mrs. Melba Hudgens and Mrs. Juanita Hyppock of Whitney, Nev., both formerly of Hereford, attended the funeral but Mrs. Cross was unable to go to California. Forrest Hill came in Monday to spend ten hours with his parents, Mr. and Mrs. W. W. Hill. He was being transferred from Bakersfield, Calif., where he had been stationed with the engineering department of the U. S. Air Corps to Ft. Belvoir, Va., where he will enter an Officers Air Corps Training School.

No Rule On Remodeling For such farm improvements as papering, painting—in fact any remodeling where the basic design is not changed—there are at present no restrictions, Bateman says, also pointing out that all restrictions mentioned apply only to farm buildings, and that any building job in town will come under other regulations. "Lumber dealers are working with us to clear up some of the confusion on these building relations," Bateman says.

Monks Suffer

bits steal the zoo spotlight. Bozo's coat is still choice, looking monkey fur and he still lords it over Sissie (who, Mrs. Sowell says, is really the smarter of the two, aside from her tendency to submit to Bozo's

caveman manners) and both monkeys are so fat they have nearly outgrown their collars. "Frank Givan always said he wanted these monkeys," Mrs. Sowell declares, "and if the rationing gets too rough for me to take care of them, I may let him try."

The United Service Organization at this field is one of the main parts of a soldier's daily life for, in the large club here he may get soft, drinks cigarettes and even a large excellent cafeteria is at his disposal.

"Now that the soldier has free postage there can be no excuse for not writing the folks at home for the U. S. O. provides stationery and even pen and ink. "The U. S. O. also provides a large library with facilities for studying science, literature and also a wide selection of fiction. All is provided to the soldier free by the U. S. O.

"During the spring months the major league baseball clubs train at Tampa and St. Petersburg. The U. S. O. distributes thousands of tickets to these games. They give box seats—not bleachers, as so many of the soldiers were afraid.

"This is a very worthy organization and helps the soldier a great deal. " Hoping to have been of some assistance, I am Sincerely yours, Pvt. Louis H. Brady (Bud Brady)"

Party Is Given For Club Group

Mrs. C. V. Strange was hostess for the Jolly Workers Club at her home Thursday afternoon. Diversion features included sewing and other handwork.

Plans were made for a forty-two party which will be given in the near future. Instead of presenting gifts to "sunshine friends" as has been the custom of club members, it was decided to form a defense stamp pool from which lucky names will be drawn, the owner to receive the stamps. Delightful refreshments were served to Mesdames L. J. Caldwell, Roy Boyd, Clarence Botts, Chas. Callaway, C. C. Danforth, Roy Manning, Edgar Russell, J. W. Terry, John Walker, Steve Williams, M. H. Wiseman, T. A. Thurmond and the hostess.
