

### Let's Cook Something

If you have a row or two of lima beans in your Victory Garden, here is a delightful way to cook them. Lima beans are a splendid meat alternate and there's really no reason for serving them in the same old way. This recipe works up as well with the dried product as with the fresh ones, but in either case select the smaller variety.

#### Baked Lima Beans

- 4 cups cooked beans
- 1-2 teaspoon mustard
- 2 teaspoons chopped onions
- 1-3 cup dark molasses
- 1-2 cup chili sauce
- 1-2 pound pork chops

Cook the beans until tender in water salted to taste. Drain and measure four cups, reserving the stock. Mix together the beans, mustard, onions, molasses and chili sauce. Place half of mixture in buttered baking dish. Arrange salted and peppered pork chops on bean mixture, cover with remaining bean mixture and pour over some of the stock, cover, and bake two or three hours in slow oven adding more stock if necessary. (Beans should be moist but not "sloppy".) About 30 minutes before serving remove the lid and allow beans to brown.

Served with lettuce or green salad this makes a popular dish the year round.

### Makin' Muscles

Obsolete lifesaving apparatus is now building health in Los Angeles playgrounds. Here you see a group of lads toughening their muscles in a "push-o-war" with a huge inflated rubber ball. The giant balls were made by aircraft companies, and when liferafts discarded them, they were donated to city playgrounds.

### Vega News

MRS. D. E. MCKENDREE

Vega has again sweltered under unusual heat this week when on Monday the thermometer registered 106 degrees—the highest for a number of years.

Mr. and Mrs. B. E. Boydston, Mr. and Mrs. Glen Boydston, son Ted, Mrs. C. A. Hays and daughter, Miss Frances spent Sunday in the brakes north of Vega hunting plums.

Roy Harrell, Jr., is now working in the Vega Drug Store.

Mr. and Mrs. Tommy Brookshire of California visited Mrs. Brookshire's mother Mrs. Violet Turpen, Monday night. Private Brookshire has a 15-day furlough and he and Mrs. Brookshire left Tuesday for Oklahoma to visit his parents before returning to camp.

Fern Dewese is spending her vacation in Levelland with her aunt Mrs. Whitener.

Mrs. Hazel Atchley is doing very nicely and expected to be up and around by the end of this week.

The hot weather has been burning the gardens which really do need a rain.

Mr. and Mrs. W. V. Tolbert and two sons returned Sunday from a 10-day outing at Eagle Nest, N.M.

J. W. McKendree was in Amarillo Sunday to see his daughter, Mrs. F. H. Krahn, and he reports that she is still in a serious condition.

Mrs. Mora Bell motored to Claude Saturday night to visit her grandson LeRoy Bell who left on Monday for San Diego, Calif., to be inducted into the Navy.

Keith Loyd was rushed to Amarillo Sunday morning to the hospital where he was operated on for appendicitis. At this time he is reported to be getting along nicely.

Mrs. A. S. Kelly left Monday for Clarksville to visit her parents.

Mr. and Mrs. Verne Helmig returned Tuesday from Hot Springs, N. M. Where they had been for 10 days, resting and taking the baths.

Fire caused from the explosion of a kerosene stove burned the house on Mr. Wimberley's farm north of Vega. The house was completely destroyed and only a small amount of household equipment was saved. The house was occupied by Mr. and Mrs. Frank Dunn and three small children.

# Social Security Benefits Listed for New Workers In Soc.-Sec. Covered Employment

The subject of social security benefits has been well-covered in the press, but because of the many new workers who have answered America's call for help on the production front in the past two years, there are today many of these workers who are not acquainted with the social security program. Dewey Reed, manager of the Amarillo Social Security Board field office, cited the following benefits which are payable under the Old-Age and Survivors Insurance programs:

THIS PICTURE MAY BE "CHEESECAKE" (leg art), but Betty Gable is really demonstrating the best way to test an object for copper before you turn it in at the Star Theatre's "Brass and Copper Show" next Friday afternoon, August 20, when one-half pound of old copper or brass will give you admission to a Johnny Mack Brown-Dead End Kids double feature.

1. **PRIMARY BENEFITS** — Payable to workers upon retirement at age 65 and based upon average monthly wage.
2. **WIFE'S BENEFITS** — Payable to wife of retired worker after she reaches the age of 65 and equal to one-half his benefit.
3. **CHILD'S BENEFITS** — Payable to children under 18, or 16 if not in school. Payment amounts to one-half benefit of deceased worker.
4. **WIDOW'S BENEFIT** — Payable to widow of a deceased worker after she reaches the age of 65 and amounts to three-fourths of worker's benefits.
5. **WIDOW'S CURRENT BENEFITS** — Payable to widow of deceased worker, no matter what her age, providing she has a child under the age of 18. The payment amounts to three-fourths of the worker's benefits.
6. **PARENT'S BENEFITS** — Payable to parent who was wholly dependent upon deceased worker, providing worker does not leave widow or child eligible for benefit payments. Payment equal to one-half of the wage earner's benefits.

Lump sum payments are paid to widow, child or parent of a deceased worker in cases where no monthly benefits are payable. The single lump-sum payment amounts to six times the monthly benefit. Where no such relative survives, payments to reimburse funeral expenses in an amount not to exceed the total payment may be made to the individual who paid the costs of burial.

The total monthly benefits that may be paid on one work-

er's account may not be less than \$10 a month nor more than twice the primary benefit, or 80 per cent of the worker's average wage, or \$85, whichever is least.

Dr. and Mrs. F. M. Kester returned Monday from a month's visit with their sons, Clifford and Hal, at Seattle, Wash. Both the sons are employed at Boeing Aircraft Company and after work hours sight seeing trips and interesting places were enjoyed.

# This Fall and Winter IS THE BEST TIME IN THE WORLD...

## TO GO OVER YOUR FARM MACHINERY AND GET IT IN SHAPE FOR NEXT SPRING AND SUMMER!

This is something which all of us have known, but which all of us have delayed doing from time to time. Conditions and Shortages make it absolutely necessary — if we are going to operate next year.

## TO PLACE YOUR ORDER FOR REPAIRS WHICH YOU ARE SURE THAT YOU WILL NEED... OR MAY NEED!

Rush orders are practically "out". Therefore, it is all the more important for each of us to check our machinery and place our orders during the winter months.

## TO START FIGURING WITH YOUR MACHINERY DEALER ON THE EQUIPMENT WHICH YOU MUST HAVE!

On the assumption that some machinery will be released, start talking with your dealer this Fall and Winter. This doesn't mean that it will be wide open, but that you should start making arrangements for the machinery you absolutely must have.

We are spending our money to bring you this message, because we want to do YOU a favor by placing you in a position to help your country by helping yourself produce more food. Think it over... and start checking your equipment this fall and winter.

## Dallas Visitor Honored At Morning Coffee

A visitor in Hereford from Dallas, Miss Myrtle Hembeber, was the honoree Friday morning when Mrs. C. T. Guseman entertained with a coffee at her home, 504 East Fifth Street.

A cutwork cloth in natural linen laid the refreshment table which was centered with a crystal bowl filled with pink rosebuds and baby's breath. Appointments for the table were in crystal and silver with Mrs. W. E. Dameron presiding at the silver coffee service the first hour and Mrs. H. G. Conkright presiding the second hour.

Bowls of pink rosebuds were placed about the entertaining rooms for decoration, with suggestions that autumn days are near indicated by a massed arrangement of pale lavender asters on the mantel.

In the house party were Mrs. J. R. Allison, Mrs. Wayne Evans, Mrs. Frank Lucas, Mrs. Louis Woodford and Mesdames Dameron and Conkright. Miss Cecelia Guseman, daughter of the hostess, greeted the guests and the hostess introduced them to her guest of honor and to Mrs. C. D. Guseman who has recently moved to Hereford.

Those enjoying the party were Mesdames F. H. Oberthier, W. S. Fluit, Jim Lipscomb, C. H. Dyar, C. C. Acker, S. P. Rosson, Knox Kinard, Billie Patton, J. A. Pitman, O. E. Sherman, Tom Robinson, Elizabeth Hyers, W. E. Barnes, W. J. Stanford, J. P. Slaton, Oscar Easley, J. C. McCracken, W. C. Hromas, Manly Finch, A. R. Bateman, W. L. Davis, J. M. Gilliland, Jeff Gilbreath, John McLean, Laura Hicks, E. B. Hicks, J. E. Beyer, Harold Hicks, of Little Rock, Ark., Phil Radovich, Wirt Phillips, Ralph Hastings, J. T. Gilbreath, Jr., Glenn Snyder, A. L. Manjeot, P. H. Gilliland, H. A. Close, J. W. Witherspoon, Jack Roberson, Misses Vida Hicks, Aline Walker of Dallas and Sara Finch of North Carolina.

## Morning Bridge Party Is Given by Mesdames Newell and Rodgers

Morning parties have taken the place of afternoon affairs, at least during the hot summer weather when even twilight fails to bring cooler hours for relaxation and fun.

One of last week's pleasant little parties was that given by Mrs. David Rodgers and Mrs. Gaylord Newell at the Rodgers home Thursday morning. Flowers in purple and gold colors set the color theme for the party and after the games a luncheon plate was served.

Mrs. Meade Halle played high in the contract games and Mrs. J. T. Gilbreath, Jr., played second high.

Those present were Mesdames W. A. Teter, Meade Halle, Ralph Hastings, J. T. Gilbreath, Jr., Ike Holman of Amarillo, W. J. Wilson, Louis Woodford and Gordon Taylor.

## School Friends Enjoy Summer Lawn Party

Betty Katherine Hodges entertained recently with a lawn party at the home of her mother, Mrs. Velma Hodges. School friends of the hostess played outdoor games and refreshments were served to:

Patsy Ann Slagle, Mary Jo Mathies, Elaine Thompson, Kathleen Miller, Beverley Morgan, Jo Ann Jett, Louise Young, LaNelle Oaks, Dickie Kendall, Eugene Roberson, Gilbert Carlisle, Ray Terry, Virgil Young, Reuben Knox and the hostess.

## BREAKFAST-BRIDGE ENJOYED BY CLUB

Members of the Wednesday Luncheon Club enjoyed breakfast and a morning party at the home of Mrs. C. C. Acker on Wednesday last week. Places were laid for eight with wine-red roses forming the table centerpiece. After the breakfast contract games provided diversion with Mrs. J. C. McCracken playing high for score award.

Mrs. J. A. Pitman and Mrs. A. R. Bateman were special guests

Rev. Harold Hicks, pastor of the Pulaski Heights Baptist Church, in Little Rock, Ark., will preach for us next Sunday morning. We are delighted that he has consented to do so. We extend an invitation to everyone to come and hear him.

During the past two weeks we have had seven additions to our church. We are thankful to God for His goodness to us, and may we pray that our church will always be a soul winning church.

The Training Union Study Course got off to a fine start on Monday evening with fifty three present, and we are hoping to be able to double this before the week is over. We are glad that Miss Villemain can be with us, and we know that she will be a blessing to our church these few days.

The men's Brotherhood will meet next Tuesday night August the 17th. Please keep this date in mind. Men's Fellowship Hour every Sunday evening.

Translated, it reads

"United we are strong.  
United we will Win."

Things are looking pretty good on all fronts right now ... Thanks to our soldiers, our Allies — and to folks like you who are doing everything within their power on the home front.

Yes, Can All You Can ... Buy all of the Bonds you can possibly afford. It's the least we can do here at home while so many of our countrymen are making even greater sacrifices on the fighting fronts!

## There'll always be a U.S.A. and places you long to drive to!

Just as sure as Victory comes you'll long to ease this war strain by going places... wondrous Yellowstone again... sea-swept Cape Cod... the vivid Southwest... even Alaska perhaps. Your boy... your hero out of Africa or Iceland—or cloudland—can take spells at the wheel with you. The mileage your car is kept from making now, it can make then—but not if today's restricted mileage and speed sacrifice your engine to acid!

Acid that's greedy for metal is left over after combustion ceases in any engine. When you used to start often, and make long runs, thoroughly heating the engine, the acid mostly took leave. It wasn't the steady danger that it is today, with car usage restricted. But you can tame rampant acid by OIL-PLATING your little-used engine with Conoco N<sup>th</sup> motor oil. Patented Conoco N<sup>th</sup> brings your engine this oil's "magnet-like" effect—created synthetically. And that's how OIL-PLATING is held close against steepest inner engine surfaces, much like any good anti-corrosive plating... not all promptly draining down to the crankcase... not leaving fine surfaces all unfortified... hence not allowing free play to acid.

New engine parts—new cars, too—would still be scarce if the Axis folded this minute. Do your best to assure today's vital trips as well as tomorrow's richly-earned tour, by OIL-PLATING your engine now. Get Conoco N<sup>th</sup> at Your Mileage Merchant's Conoco station. Continental Oil Company

In the Service

William H. ("Billy") Nunn, son of Mrs. Harvey Nunn of Hereford, is now on duty somewhere in the Pacific after sailing from San Francisco recently. Elmore, another son of Mrs. Nunn, is now in San Diego, where he is taking Navy boot training.

June P. Miller, now stationed somewhere in Australia, has recently been promoted to a technical sergeant and in a recent letter to IOCF members here, stated that he was "having lots of fun."

**At Cadet Training Center**  
Aviation Cadets Rupert L. Dowell, Jr., and Grant A. Fuller, Jr., both of Hereford, are among the 424 cadets from Texas enrolled at the San Antonio Aviation Cadet Center.

Students at the center will undergo intensive scholastic, physical and military training, and after successful completion of their studies will be sent on for more training in flying schools and will finally be awarded the silver wings of a pilot in the Army Air Corps.

**Takes Diesel Course**  
John G. Hampton, 18, son of Mr. and Mrs. D. R. Vandever of Hereford, is taking a special course in diesel motors at the Naval Air Technical Training Center, Navy Pier, Chicago, Ill. Upon graduation he will be eligible for promotion to a petty officer rating.

**Clayton is Commissioned**  
J. D. Clayton of Hereford was commissioned August 4, 1943 as a second lieutenant in the Army of the United States upon graduation from the Transportation Corps Officer Candidate

School at New Orleans, La. Lieutenant Clayton is the son of Mrs. J. J. Clayton of Hereford and is a graduate of Hereford High School and North Texas State Teachers College. He lettered in football, both in high school and college and had served as an athletic coach in civilian life.

**Jones at B-17 School**  
George T. Jones, son of Mr. and Mrs. A. T. Jones of Frio community, received his pilot wings and commission on July 28 at Stuttgart, Ark. and is now at the Alexandria, La., Air Base, taking a special course in flying B-17 Flying Fortresses.

Lieutenant Jones, who graduated from Hereford High School and was employed here and in Amarillo prior to joining the Air Corps, is hoping to get a leave in about four weeks.

Evidently the soldiers on the fighting fronts keep up with the news on the home front—and some of it does not make very good reading to a man who is risking his neck for his country.

That is the conclusion of a letter printed in The Stars and Stripes, Army newspaper, and sent to relatives here by Thad Harold Sewell, who has been stationed in North Africa.

Excerpts from the letter follow: "I read in The Stars and Stripes some time ago what the soldiers thought of the coal strikes in the U. S. and would like to add a little more. "I feel the same way the other fellows do except the part about striking being an Ameri-

can privilege. It is an American privilege, but it should only be a privilege in peacetime. It isn't fair to the soldier who is risking his life every day that people like the miners go on strike because they thought they weren't getting enough money.

"They should appreciate the fact that they have a home to go to when their day's work is done, and they don't have any Stukas diving on them with a load of bombs, or that they aren't constantly dodging enemy artillery shells and machine gun fire or rifle bullets.

"I remember one night when the enemy attacked us and some fellows were wounded badly. They didn't squawk that they weren't getting enough money to warrant their being shot. They just gritted their teeth and smiled. I was badly shot up myself and sent back from the front lines. I didn't mind. I was glad to do what fighting I did for my country and I'd do it all over again.

"I wonder if the strikers and their puffed up boss ever think of how we G.I.'s feel about being let down. It isn't a pleasant feeling, I can assure them.

"I like many of my American buddies feel that striking should be a crime with the sky the limit on punishment."

## Woman Power Survey Completed In Amarillo

Workers from the Amarillo Office of Civilian Defense recently completed a survey of woman-power in the Amarillo area. This survey was the first to be conducted in West Texas and was in cooperation with the West Texas Recruiting and Induction District under the Command of Lieutenant Colonel Marvin B. Durette.

Of the 7,296 women listed during the survey, 3,296 were found eligible for uniform service. Women of 20 to 50 years of age, inclusive, were listed in the survey.

It was pointed out by army officials that each woman who now joins the Women's Army Auxiliary Corps, or one of the other uniform services, saves a father from being drafted for the Armed Forces. By enrolling a woman can release a man for the fighting front or save a father to carry on to help produce the implements of war and the food without which this war cannot be won.

It is thought that other such surveys will be conducted in other parts of the state in the near future.

A recruiting drive is underway, following the survey, in Amarillo and army officials state that excellent results are being obtained. Many women are enrolling in the Women's Army Auxiliary Corps.

Women desiring information concerning enrollment in the WAC should contact the nearest U. S. Army Recruiting Station.

## HOME CANNERS WARNED

Home canners have been warned by the U. S. Department of Agriculture against the use of "canning powders" and other chemical preservatives. W. G. Campbell, Commissioner of the Federal Food and Drug Administration, said that use of some of the "canning powders" constitutes a definite health hazard. The term "canning powders," includes boric acid and its compounds and substances like metabisulfite which yield sulfur dioxide when brought in contact with an acidreacting food product. The safe way for the home canner is to process foods adequately with heat and

not to use chemical preservatives. For safety's sake, rely on thorough heat sterilization.

**"GALLON CLUB" ORGANIZED**  
Blood donors who have given eight or more pints of blood at Red Cross blood donor centers, now are listed as members of the "Gallon Club" and may wear their blood donor emblems on a background of red to designate membership.

### Merit System Exams Slated for Sept. 11

Merit system council examinations, the state equivalent of civil service examinations, will be given on Sept. 11, it was announced this week by County Judge Fred W. Baird, who states that he has application blanks available in his office now.

"There are two examinations for which several local applicants might be eligible," Judge Baird states, adding that examinations will be given for the positions of Junior stenographer and field worker.

Qualifications for junior stenographer are graduation from an accredited high school and some training in shorthand and typing.

The field worker position has an educational requirement of two years of college.

For application blanks and any further information on the examinations, interested persons are invited to see Judge Baird in his office in the courthouse.

go to the club's fund to help the hospital at the Hereford Internment Camp. The quilt will be given away on Saturday, Aug. 28.

John Douglas Pitman, who reported to Dallas this week for induction into the Naval Air Corps, will report immediately in Lake City, Fla., for his basic training, according to reports this morning.

DENNIS O'KEEFE gets the rough end of the deal in this scene from "Tahiti Honey", a merry musical bsm'shell starring O'Keefe and Simone Simon, with Lionel Stander and Danny Seymour. The picture is the Sunday, Monday and Tuesday attraction at the Texas.

### HEREFORD

BULL

The past week might well go down in history as a "week of unusual happenings." Of course, unusual things are a boon to the newspaper business, but too many "Believe-It-Or-Nots" can put you on edge.

W C Pitman came by to show us his crop of peaches. He not only has peaches, but he has

announced at this time; however, loans are provided for at not less than 85 per cent of parity and the 1944 wheat loan rate will be announced early next year.

AAA Expenses Cut. In line with the new program, administrative expenses of AAA have been cut to 1-2 of the 1942-43 figure. This cut has been accomplished partly by the liquidation of part of the AAA program and by a sharp slash in the number of field officials of the administration.

A considerable decrease has already been instituted in Texas by the state-wide adoption of the plan of having farmers measure their own crop acreages. This plan, started in Deaf Smith County in 1942, proved so successful here that it was adopted in every county in the state and has resulted in great savings of both money and manpower.

some of the finest peaches I ever saw. They are about five inches in diameter and it seems that he has around 50 or 60 of them. Some few other persons might have some peaches, but I will put these up against any in the territory this year. We got to checking up on this and found that Dubbs is what is technically known as a "peach fanatic." Last year he put out smudge pots with little success and great howls from his neighbors. This year he built a house around his trees. It worked and consequently he saved a good many, despite the fact that he built the houses late. Incidentally, he never eats peaches himself. Says he just does not like the taste of them. He is erecting —The houses earlier next year.

Just as we got back, Mrs. Willard Sawyer walked in with the news that each of the last five chickens she has dressed has two gizzards: one large gizzard and one small gizzard, both fully developed. She raised the chickens herself. They are White Wyandottes and are otherwise normal. As Mrs. Sawyer was leaving, Mrs. Troy Newman came walking in with two of the finest heads of cabbage I ever saw; she raised them in her garden.

Finally I went home and got to talking with Ike Crosthwait, our next door neighbor. He planted some pole beans beside trees—and the trees actually look like bean trees. The vines have run into and above the tops of the tall limbs and great pods of beans are hanging from the various branches. They have to borrow my ladder to gather them. It sure is a sight, but it makes a guy who grows common, ordinary things feel pretty tough. I had been reading in the Star Telegram about the huge weed which A. M. Jackson of Slaton,

Texas, produced in his Victory Garden, so I went out and looked over some of the weeds in mine. They were just common weeds—plenty of them, understand, but all of the ordinary garden variety. It certainly is depressing. I feel as low as Homer Fox after the stunt they pulled on him about the Hungarian Partridges.

A lot of people are wondering what will happen to the Italian prisoners stationed here in case Italy pulls out of the war. I asked the Public Relations Officer at the camp, which is now entitled "Prisoner of War Camp, Hereford, Texas" and he said, "Your guess is as good as mine." This, of course, indicates that he doesn't know any more about the business than I know—and that sure isn't much. However, I will guess that the Italians will be returned to Italy for internment or for absolute freedom, handled at option of the Italian government in power; perhaps they might be exchanged for American boys.
