

AROUND A TOWN

Sights and Faces Seen
F. H. Oberthier can qualify as a weather prophet on the basis of his prediction early Tuesday morning (while it was still sunny and comparatively still) that we would have a change in weather and maybe some wind.

Ethyl Robinson has attributed her happy appearance this week to the fact that Jim is out of town and being a widow agrees with her. However, she probably wouldn't like it so well if she had not had the help of her brother, C. G. Nation of Amarillo, in the store.

Joe Evans got interested in finding out about the potato shipments from Hereford after he made a trip to Silverton this week and in response to an inquiry, made the estimate that about 500 cars had been shipped out. But he wasn't satisfied with his guess, and finally rounded up some facts which made the total shipments to be about 1,300 cars.

Mrs. Sank Ramey is getting more than her share of work at the railway express agency since school started and the boys are no longer able to help Sank. She's busy with the bookkeeping end of the business and says what they really need is a deliveryman to help Sank, who would then be able to devote more time to office work.

A. C. Thompson, who resubscribed to the Amarillo News last week, was almost insulted when asked if he was an old subscriber. He says he has been taking the paper for more than (Continued on Page 12)

Cafeteria Benefit Show Set for October 30th

The Central School Cafeteria is badly in need of spoons and forks; and through the co-operation of theatre manager Chas. Hardwick, a special "spoon and fork matinee" will be given Saturday afternoon Oct. 30, from 1:30 to 5 at the Texas Theatre, members of the cafeteria committee announced today.

Any child may secure admission to the show, "Black Market Rustlers," a western action thriller, by presenting one usable fork or spoon at the box office during the stated hours. Any persons desiring to contribute spoons or forks to the cafeteria may leave them at the county welfare office in the court house.

Religious Hostility Faces U. S. in Post War Reconstruction

Speaking to the Lions Club at the regular meeting yesterday on the subject of "Religion in the Post-War World," Rev. Marvin Boyd, pastor of the Methodist Church, pointed out that our Christian nation may face definite religious hostility from some of the world powers of the future.

Rev. Boyd traced religious developments in Germany, Japan, Russia and China and pointed out that only China has what we would term a friendly religious background. Organized atheism and paganism, the speaker declared, have done much to cause present world conditions and the end of anti-religious attitudes will not come automatically with peace.

Calhoun Buys Building And Grounds Occupied By Hereford Implement

O. G. Calhoun, owner of the Hereford Implement Co., local I. E. C. dealer, this week announced the purchase of the building and grounds now occupied by his business. Property purchased includes the building and the lot on the north. Mr. Calhoun, who is celebrating his first year of business in Hereford, states that he hopes to undertake remodeling and improvements in order to offer even better service to customers in this area.

Schools Close to Take Care of Ration Registration for Book 4

Consumers were advised today by Chairman E. H. Norton of the county war price and rationing board to take their War Ration Book 3 with them when they go today, tomorrow and Saturday to register for the new War Ration Book IV.

"No new ration books will be issued to consumers who don't produce the No. 3 book," Mr. Norton said. "Housewives or any other member of the family may sign up for the entire family group at this registration as they did at registrations for the 1 and 2 books."

Regular classes will be dismissed for the three-day period while Hereford public school teachers will take charge of the registration for the entire county, from nine until five o'clock each day at the high school building.

"I know the public appreciates the willingness of teachers and other volunteers to take over this important responsibility," Mr. Norton stated.

As announced last week, any person applying for a book for his own family unit, must have a signed permission from the individual for whom he registers. Otherwise, the registrars cannot be responsible for the issuance of books.

All persons are warned to get their books during the specified three day period.

The new book, which will last approximately two years, combines point and unit stamps. It has eight pages containing a total of 384 stamps, printed on safety paper in blue, red, green and black inks. The green stamps probably will be used as supplementary stamps. There are 96 unit stamps printed in black ink and the word "spare" appears on 72 of these, which (Continued on Page 12)

A. W. Chandler Dies At Home in Bowie

A. W. Chandler, aged about 80, and at one time a prominent farmer and stockman of Hereford, died Oct. 11 at Bowie, Tex. Mr. Chandler served as an elder of the Presbyterian Church during his residence here and was active in community work. He is survived by his wife, two sons and four daughters.

Two Communities Have Pie Suppers; Benefit School Cafeteria Funds

Two rural communities will have pie suppers within the next week to raise money for their school cafeteria funds.

At Walcott, the supper will be held Friday night, Oct. 29, at 8:30 o'clock, according to Miss Alta Mae Fortenberry, teacher at the Walcott School.

At Dawn a pie supper will be held at the school house on Saturday night, Oct. 23, and soldiers from the detachment at West Texas State College will be guests and will remain in the community overnight to attend church services at Dawn, Sunday morning.

Two Represent Red Cross Chapter at Dist. Meeting

County Judge Fred W. Baird and Mrs. Dyalitha Brady, Red-Cross home service worker, on Friday attended a Red-Cross meeting in Amarillo at which district and regional Red-Cross officials gave information on the Junior Red-Cross, home nursing and home service programs.

Judge Baird and Mrs. Brady attended the special meeting on Red-Cross home service work, now rapidly expanding in this county, and heard regional workers discuss Red-Cross practices and policies in this field.

The home service worker carries out four general programs: inquiry and communication, information, reporting and family service. In general, the program is aimed at providing a means for helping in any problem concerning the service man and his family and in the rehabilitation of the ex-service man.

Col. Parker Is New Commander At P. O. W. Camp

Col. T. R. Parker on Oct. 13 took over command of the Prisoner of War Camp located southwest of Hereford, and Col. Arthur M. Risdan, formerly commanding officer, has been transferred to Ft. Sill, Okla.

Colonel Parker comes here from Panama, where he has been on active duty with the coast artillery. He is a member of the regular army and his home is in Seattle, Wash.

Lt. Col. Alfred P. C. Petzch, executive officer of the camp, has been transferred to Camp Robinson, Ark.

Potato Shipments Total 1,300 Cars For 1943 Season

Approximately 1,275 cars of potatoes have been shipped out of Hereford, by rail and truck, during the current potato season; and by the time all stored potatoes and some of the late crop have been moved out, the total will probably reach 1,300 cars, it was estimated this week as growers started making a final checkup on the biggest spud harvest in the history of the territory.

Figuring on a price of about \$25 a car, which was received from the crop by some of the growers contacted and probably represents a fair average, value of the 1943 spud harvest figures at about \$325,000.

Joe Evans, one of the largest operators in the potato growing field in the Hereford territory, reported yesterday: "I'd hoped it would be a million dollars, but \$300,000 is not bad for a side line."

Floydada Pastor Speaks at Christian Church Sunday

Rev. Lawrence Bridges, pastor of the First Christian Church of Floydada, will occupy the pulpit at the First Christian Church here next Sunday at both the morning and evening services.

Rev. Bridges is a graduate of Texas Christian University and is recognized as one of the ablest ministers serving this section of Texas. The membership of the church is urged to be present and public is invited to hear the visiting minister.

Shrine Seeks Names Of Crippled Children

The 183 new Shriners created last spring are making a survey of the 49 Panhandle counties comprising Khiva Temple's jurisdiction with the hope that they can offer the services of the Shrine Hospitals to crippled children in this territory, according to Raymond Thompson, chairman of the survey, who is eager to receive the help of the general public in learning of any crippled children in the area who might need the services offered by Shrine hospitals.

According to Mr. Thompson, more than 86,000 patients have been treated since the creation of the Shrine Hospitals for crippled children and today many of these boys and girls have grown up to be normal men and women. They serve in the armed forces and in many useful civilian occupations. Khiva Temple itself is contributing more than \$15,000 to the million dollars required annually to operate Shrine Hospitals.

Any person knowing of a crippled child under 14 years of age who might be benefitted by treatment at a Shrine hospital is asked to send the name of the child and the name and address of the parent, together with any other important facts to Khiva Temple, 312 East Fifth St., Amarillo, and the Shriners will investigate the case and see that proper treatment is given.

Tech. Sgt. Biggs Is Safe After Reported "Missing in Action"

Tech. Sgt. Ralph B. (Sleepy) Biggs, reported missing in action on Sept. 6, is now safe and well, it was stated yesterday by his mother, Mrs. E. R. Biggs.

Notice of their son's safety came to Mr. and Mrs. Biggs only about a week after he had been reported missing. However, special War Department instructions prevented their mentioning any details for publication. Since the report of his being missing has been printed in other papers, however, Mrs. Biggs feels it only fair to interested friends to report that her son is safe.

Sgt. Biggs is an aerial gunner and was attached to a bombardment squadron located in England.

Mrs. Hedrick's Nephew Missing in Action in European War Theatre

Lt. Crawford B. Reeder, nephew of Mrs. E. B. Hedrick of Hereford, was reported this week as "missing in action" since Sept. 25, somewhere in the Mediterranean Theatre.

Lieutenant Reeder, whose home is in Amarillo, is a grandson of Judge and Mrs. C. B. Reeder and a nephew of Mrs. Art Arnold, all of Amarillo. His wife and three-weeks-old baby live in Houston.

Enlisting in the Air Corps about two years ago, Reeder received his commission and wings four months later and has been in the heat of the aerial campaign in the European War Theatre. He took part in the Tunisian, Sicilian and Salerno battles.

CCC's Feed Wheat Shipping Orders Draw Disapproval of Local Farmers

World Communion Day Will Be Observed Here Nov. 11

World Communion Day will be observed in Hereford on Nov. 11, at the First Baptist Church.

Plans for the observance were made at a meeting of the executive board of the Federated Council of Church Women which was held Friday at the home of the council president, Mrs. Carl Oldham.

The communion service will be held at eleven o'clock on Thursday morning, Nov. 11, and an arranged program will be announced later.

Members of the committee have announced that they are anxious for all rural residents to attend this meeting and that since the meeting will be held on a holiday, a special invitation will be extended to the men. All denominations are urged to take part in the observance.

Payment Program to Offset Feed Cost Rise to Dairymen

Preliminary instructions have been received here on the dairy feed price rollback program, which is designed to offset the rise in feed costs by direct payments to producers. The program will be handled through the county AAA committee, and F. G. Collier, AAA secretary, stated today that though the forms for making application for payment have not yet been received here, indications point to a fairly simple program, with the dairyman's present responsibility stated as the keeping of an accurate record of sales of milk and butterfat for the month of October.

The payment in this county will amount to 40 cents per hundred weight of milk sold and five cents per pound for butterfat. Eighty per cent of the butterfat rate will be paid for butter sold as such, and 20 per cent of the butterfat rate will be paid for cream sold for consumption as such. Butterfat sales will be evidenced by the actual butterfat tests on which payment was made.

Generally speaking, the government payment rate will be higher in areas where the quantity of feed purchased is larger and feed costs have advanced the most, while the advance in milk prices has not been great. The aim of the program is to offset the rise in feed costs since September, 1942.

Rates for Texas range from 40 (Continued on Page 12)

Local Men Take Degree in Masonry at El Paso

Nine Hereford men were expected back last night from El Paso where they went Saturday to take 32nd Masonic degrees.

In the group who attended were James Wallace Robinson, Harold Close, J. R. Lipscomb, Dr. Norman Harris, A. R. Bateman, J. A. Pittman, W. L. Davis, Lyle Blanton and Sylvester Slagle.

Veteran of Coast Guard Wants Army Service

Don Cox, motor machinist's mate 1st class in the U. S. Coast Guard, has dodged Jap bombs in the South Pacific, German bombs in the North Atlantic and the Mediterranean, where his luck held out until the landings at Sicily when his ship was hit and he was injured—sufficiently to get an honorable discharge from the service.

Which would be enough action for one war for most fellows—but Don's current aim is to get into the army motorcycle division.

The coast guardsman, who married a Hereford girl, Miss Freddie Click, has been here for several days. He is noncommittal about his 14 months of service, especially about the landings in Sicily, which he describes as "rough" and just another proof of the old fallacy about the Coast Guard doing nothing but guarding the coast.

Former Resident Dies in Missouri

News of the death of a former Hereford resident was received by friends here last week.

C. H. Wright died at his home in Golden City, Mo., following a heart attack. He was 80 years old and had been blind for several years.

While living in Hereford he owned what is now known as the Clay Bowsher home in South Hereford. He was active in the Methodist Church and took part in the interests of the town and county while making his home here.

Mrs. Vera Smith Dies Yesterday At Hospital

Funeral arrangements had not yet been set for Mrs. Vera Smith, 45 years old, who died early yesterday morning in Deaf Smith County Hospital. Mrs. Smith was operated on last Friday.

Born Sept. 24, 1898, in Wichita, Kan., Mrs. Smith had lived in Deaf Smith County since 1927 and had been employed as an assistant in the county library since 1938.

She had many friends who had come to know her through her work and the entire community joins in sympathy for her children over their loss. With slight material resources to build on, she had made a good home for her children and been a good citizen in the community. She was a member of the Presbyterian Church.

Survivors are her children, Mrs. Lee Freeman, and Lotis, 19, Wanda, 16, Christine, 13, and Earl, 11, all of Hereford, and Jack, of the U. S. Marine Corps. In addition, she is survived by her parents, Mr. and Mrs. A. K. Brown of Lakin, Kan., three brothers, Percy R. Brown and (Continued on Page 12)

Telegraph Merger To Mean Better Service Local Manager States

Consolidation of the Western Union and Postal Telegraph Companies, which was effective Oct. 7, will mean more efficient written communications service for Hereford people, it was stated today by Miss Dorothy Nell Adams, local Western Union manager.

"Merger of the two telegraph networks will be in the best interests of the industry and the public," Miss Adams said. "Telegraph service will be improved by the elimination of uneconomic competition and will permit utilization of duplicate wire facilities, equipment and personnel for the betterment and extension of the telegraph service."

"Postal telegraph company employees will be added to the Western Union service roll as of the effective date of the merger and will receive the same consideration and benefits as though they had been Western Union employees in the past," Miss Adams said.

Exams on Nov. 9 for Applicants for Army And Navy College Work

The second qualifying test for the Army Specialized Training Program and the Navy College Program V-12, which will be given throughout the country on Tuesday, Nov. 9, will be administered in Hereford at the high school building. Herman Ford, high school principal, announced today. Information and a pamphlet which contains an admission-identification form may be obtained at Mr. Ford's office and boys desiring to take the test should let Mr. Ford know their intentions immediately.

Persons eligible for the test are students between the ages of 17 and 21, inclusive, who are recent high school graduates or who will be graduated by Mar. 1, 1944.

The same examination will be taken by both army and navy candidates and in general will test the aptitude and general knowledge necessary for the proposed college training. Students accepted by the Army will, after further screening and basic military training, be sent to college. Students chosen for the Navy program, after acceptance by the Office of Naval Officer procurement, will be detailed directly to college. College students enrolled in either of these programs will be under military discipline on active duty in uniform, with pay. All expenses will be paid by the army and navy.

Substantial contributions have been received from several individuals for the United War Fund drive now in progress there; however, only \$250 of the \$3,420 quota has been raised and it will be necessary to get contributions from many more persons if Deaf Smith County is to reach its goal in the drive.

Better progress is expected, since a receiving office has been set up on Main Street at the Hereford Insurance Agency, and everyone is urged to stop in and leave their contributions for the United War Fund.

Admittedly, the Deaf Smith quota is large, but the committee in charge of the drive believes that citizens will respond to this call and "take a Texan's share" in the many services, including U. S. O., financed by the United War Fund.

Hereford To Challenge I-A District Lead

The top position in District I-A is at stake tomorrow afternoon, when the Hereford Whitefaces go to Dimmitt to tangle with the Bobcats in a frame which will see one contestant lose his undefeated conference record. The game will start at 3 o'clock on the Dimmitt field.

Both teams have battled 1,000 in conference competition, but the Bobcats hold the better season record and have an outfit which will be tough for the Whitefaces to handle.

The Bobcat lineup is sparked by three outstanding backfield men—Moble, now playing his fifth season, and one of the fastest men the Hereford boys will meet. Birdwell, quarterback, well experienced and a cool, steady hand on field generalship, and a fullback who has plenty of power. In addition to this, the Bobcats have a good center and a well-balanced line with one end who shows a decided talent at picking up passes.

Against this combination the Whitefaces have a generally inexperienced team which has shown great improvement since the first of the season and one which has the ability to fight a ball game to the last gun. Hereford is anticipating the toughest (Continued on Page 12)

Illinois Feeders Make Big Purchase From Bridwell Adrian Ranch

One of the biggest cattle deals in the recent history of this territory was consummated Friday, when J. S. Bridwell, whose hundred section ranch is west of Adrian, sold 920 two-year-old steers to Funk & Sons of Bloomington, Ill.

The steers weighed an average of 1,216 pounds each and the cash deal involved about \$145,000.

Former Hereford Girl and Big Spring Man Are Married in Lubbock Church

Mr. and Mrs. J. P. McMahon of Big Spring have announced the marriage of their daughter Miss Opal McMahon, to Burgess Dixon, son of Mrs. Annie A. Dixon of Big Spring.

The vows were exchanged Saturday evening in the parlors of the First Methodist Church of Lubbock with the pastor, Dr. H. I. Robinson, performing the single ring ceremony.

An altar arrangement of tall baskets of gladioli and white tapers in candelabra was the background for the ceremony. Tapers were lighted by Jesse L. Click of Hereford, nephew of the bride.

The wedding music was given by Miss Virginia Belle Gamble at the piano and included "Ah Sweet Mystery of Life" and "Indian Love Call." Miss Ina Bacon sang "Because" accompanied by Miss Gamble who also played the wedding marches and softly played "To a Wild Rose" as the vows were exchanged.

The bride was attended by her sister, Mrs. O. L. Click, who wore a gold crepe dress with black accessories and a corsage of roses. J. C. Douglas of Big Spring was best man.

The bride wore a soldier blue wool dress with embroidery trim. Her accessories were in black and she wore a corsage of tall-mast roses.

Both Mr. and Mrs. Dixon are former Texas Tech. students. She is a graduate of Hereford High School and for the past several months she has been associated as news editor with the Lubbock Avalanche and Journal.

Mr. Dixon is now news editor of the Big Spring Daily Herald. Before enlisting in the army he was employed in the Library of Congress in Washington.

AIRSHIP THAT WORKS

San Francisco, Cal., Oct. 19—Dr. August Greth, who for a year past has been unostentatiously working on an airship, today surprised the residents of San Francisco by sailing over their houses for two hours, directing his machine almost at will, demonstrating that in many essentials he has solved the problem of aerial navigation.

The balloon of Greth is cigar-shaped and has a capacity of 50,000 feet of gas with a lifting capacity of 1,800 to 2,000 pounds.

The engine is a twelve-horsepower gasoline motor, and the total weight carried skyward, including the inventor and 260 pounds of ballast, was about 1,400 pounds. For some inexplicable reason the motor would not develop more than six horsepower, and Dr. Greth found considerable difficulty in making headway against the currents.

Cards are out announcing the wedding of Hugh L. Witherpoon and Miss Bessie Lee Lowe, youngest daughter of Mrs. S. A. Lowe. The marriage will take place at the Christian church on Wednesday, Nov. 4.

GALBERTH & FOX AD:

"The gentlemen to the contrary notwithstanding, very few ladies really enjoy buying a new hat. Not because they don't enjoy pretty things, and a pretty hat most of all, but when there is such a decided change in shape and style as this season has brought forth, it is just a little hard to tell, until we become accustomed to the air, whether a new hat is really becoming or not, and it must be very pretty and swell to compensate us for the familiar look of that dear old summer hat..."

On Sunday last the Christian church was filled to overflowing, the occasion being the marriage of Walter Ricketts and Miss Lucy Mae Bandy, the youngest daughter of Elder and Mrs. H. M. Bandy.

SOCIETY

MRS. JOHN McLEAN, Society Editor — Phone 181

Far-sighted women are gathering vegetables from their Victory Gardens and putting them up with pickles and spice to grace their tables for months to come. An old-fashioned revival of pickling seems to have gotten underway and there is no better way to prepare certain types of food. Here is a double-purpose recipe—it can be used as a relish with meat and as a spicy mixture congealed in lemon or lime jello for salads. Mrs. J. B. Stoker makes it every year.

Let's Cook Something

COLD RELISH

- 2 medium heads of cabbage
- 8 medium onions
- 8 medium carrots
- 12 large green tomatoes
- 12 hot and sweet peppers
- 3-4 cup salt
- Vinegar and sugar to taste
- 1 teaspoon white mustard
- 1 teaspoon celery seed

Grind all the vegetables in food chopper and add the salt. Let stand three hours, squeeze out of salt water and add mustard and celery seed. Add enough vinegar to come to top of vegetables and enough sugar to suit your own taste. Mix all together well, place in jars and seal cold.

To make the salad, open a jar of the relish and drain off the vinegar. Dissolve the jello in the usual way and add the relish mixture. When congealed it is ready to serve, and it is as pretty as it is good.

Here is another of Mrs. Stoker's recipes called "Apple Spice" and it is delicious with any kind of meat but rather special with pork chops or sausage.

APPLE SPICE

- 5 apples—peeled and diced
- 4 medium onions chopped fine
- 1 cup vinegar
- 1-4 teaspoon black pepper
- dash of cayenne pepper
- 2 quarts peeled ripe tomatoes
- 4 green sweet peppers chopped
- 2 cups brown sugar
- 1-2 teaspoon whole cloves
- 1 teaspoon mixed spices and broken cinnamon sticks

Mix all together in kettle and allow to simmer over covered flame about one hour or until thick. Pour into bottles or jars and seal while hot.

(Note—this recipe burns easily, hence the cautionary method of the covered flame).

Mrs. Hugh Earthman spent the week-end here with her mother, Mrs. J. M. Boope. She returned to her home in Plainview Sunday.

Wedding Plans Are Revealed This Week

The engagement and approaching marriage of Miss Juno Glascock to Charles W. Dotson was announced here this week. Mrs. Henry Hastings announced the approaching nuptials at a dinner given at her home Tuesday evening.

Two tables for four were laid for guests with mirrored cards marking places. Tables were centered with arrangements of small autumn blossoms. Announcements were made on individual "peace treaties" tied with red, white and blue ribbon. Printed inside was the message "Juno and Charles—Nov. 14, Tucson, Ariz."

Miss Glascock, member of Central School Faculty, is the daughter of Mr. and Mrs. J. S. Glascock of Muleshoe.

Mr. Dotson, is the son of Mr. and Mrs. Ernest Dotson of Tucson and the couple plan to make their home in that city.

Those attending the dinner were Mesdames Marvin Boyd, Sam Batton, Sadie Hazelwood, Cawthon Bryant, Robert Den-

The honored guests and their wives included: Pvt. and Mrs. Theron Bechtold, Pvt. and Mrs. Arthur Smock, Mrs. Gladys Murphy, Sgt. and Mrs. D. W. Temple, Pfc. and Mrs. John Browning, Pfc. and Mrs. Ben Friedman, Sgt. and Mrs. R. Kader, Mrs. John Dalton, Mrs. Thelma Jacobsen, Mrs. J. E. Long, Pfc. and Mrs. Leon Robinson, Pfc. and Mrs. V. J. L. A. E. Club Enjoys Lesson on China

L. A. E. Club members enjoyed a meeting at the home of Mrs. Bill Hutson Tuesday afternoon.

The theme for the program was built around "Modern Chinese Leaders" with roll call featuring items of interest concerning Madame Chiang Kai Shek.

Mrs. T. W. Roberson discussed "The courtship and marriage of Chiang and Soong Mai Ling," taken from "The Soong Sisters" by Emily Hahn. She also told of Mme. Chiang's parents, their family life and her American and Christian education.

Mrs. Bob Higgins talked on "The eight principles of the New Life Movement in China." She said "Chiang Kai Shek based the doctrine of the New Life Movement on the old classic virtues which demand consideration, obligingness, honor and honesty and respect for the rights of others. Added to these are food, clothing, shelter and action; and the Chinese leader believes that if the people succeed in realizing these principles they will have revolutionized the daily life of the nation, and at the same time a solid foundation will be laid."

Mrs. Higgins summed up Chiang Kai Shek's vision of the new life in the following paragraph, "The aim of the New Life Movement is the social regeneration of China. It is not enough to liberate the people from injustice and oppression for China must also learn its duties—not only toward home and family—but to the nation and to God."

Those present for the meeting were Mesdames C. D. Carnahan, Jack Dean, Altus Higgins, Bob Higgins, T. P. McColister, T. W. Roberson, George Suggs, Robert Veigel and the hostess.

Those attending the dinner were Mesdames Marvin Boyd, Leona Francis, the honoree and the hostess.

BULL

John Paetzold last Sunday shipped the first car of carrots ever shipped from this community and he figures that the yield this year will run around a car to the acre. He hasn't figured the entire crop, but thinks it will turn out exceedingly well.

Meanwhile, the fame of Hereford's potatoes is spreading far and wide. W. W. Hill is getting some excellent yields on his crop of late potatoes. He sent a sack of choice potatoes to Frank Phillips, president of Phillips Petroleum Company, and got a nice letter of appreciation; Mr. Phillips indicated that he might come out and visit this country in the near future.

It also appears that this community has great possibilities in the culture of sweet potatoes. Mr. DeWitt of Dallas recently harvested some of his 1943 crop and dug several which weigh up around eight pounds. Kelley Gray says sweet potatoes won't ever amount to much, however; he contends that they aren't any good without "possum," and we sure don't have any possum to spare.

Those dollars are coming in mighty slow on the plaque for service names. Around \$25 has been collected to date—and I

told them that it would go over the top the first week. Let's kick in, folks. It would be mighty nice to have this board, listing the name of every man in service from this county. They are also still asking for names, which aren't coming in very fast either. The names are even more important than the money—but it will take both to put the deal over. Sit down now and write out a check. Mail it to R. C. McGilvary or John McLean, or take it to The Brand office, Jesse Stanford at E. B. Black Furniture. All names should go to John McLean.

Back to foods, L. Z. Oldham just dropped in with a large cluster of grapes, which he reports as the second crop this season. He pruned the grapes and was very much surprised about the new crop.

Cecil Gunter came by a few days back and said that he is moving to Colorado. This is bad, because I have sort of considered Cecil as my personal bodyguard for the past few years and have felt free to say what I pleased about people—even Snooks Bailey. However, it looks like I will have to be more careful in the future. I still can't figure out why he is going to Colorado. He talks so much he always scares them away, and he's too lazy to do very much hunting. I just don't get it. Anyway, I hope he gets snowed in the first month. Meanwhile, if anyone wants the bodyguard job all they have to do is whip Cecil—and the job is theirs.

Ona Faye Smith has already promised me a free manicure when she moves to her new location—and I was planning on how to get one for Cecil, too, if we could get him to wash his hands. However, the way things stand I don't care now if he ever gets a manicure or not.

in this Community

... brought us to Hereford, because we believed that this country of diversified farming and cattle had one of the brightest futures of any section now in existence. Since that time, we have seen several of these endeavors realized by the community, despite critical conditions ... and today we are looking forward to tremendous strides when the community goes into the post-war period.

On Our First Anniversary

We are glad to Announce that we have even Greater Faith ... evidenced by the fact that we have Purchased the Building and grounds which our business now occupies.

This step, we feel, makes the Hereford Implement an even more essential part of the community which it serves. In addition, we expect to improve and remodel our quarters in such a manner that we will be able to

In Action 16 Months

In action for 16 months is the record of Staff Sgt. Joe E. Thomas and Cpl. G. H. Whitaker—and they don't advise anyone to start biting his nails in envy. In fact, according to a letter written to the Brand on Oct. 1 from "somewhere in Sicily" they report:

"We have been through lots together—every major battle in Africa and Sicily and also in the invasion of Sicily. And that is where your hair stands straight up, believe me.

"We have been in the field for 16 months and haven't slept in a bed for that time—just a pup tent and your blankets and you call that home.

"So when you hear some of the soldiers back there talking about how hard the army is, just tell them that they don't know when they are well off."

The Hereford boys receive the Brand and write to say that "when you read it, you feel like you were there because everyone you read about are your friends."

Cpl. Whitaker is a son of Mr. and Mrs. G. H. Whitaker and Sgt. Thomas is the nephew of Mr. and Mrs. Ed East and made his home with them for more than ten years.

Miss Hewitt Is Bride of Cpl. Hunsley

Miss Ina Mae Hewitt, daughter of Mr. and Mrs. E. C. Hewitt, became the bride of Cpl. Albert J. Hunsley, son of Mrs. Grace Hunsley of Larned, Kan., in a twilight ceremony Saturday evening, Oct. 9, in the First Christian Church in Amarillo with the Rev. R. C. Snodgrass officiating.

Attending the bride as matron of honor was her sister, Mrs. Nell Mask of Long Beach, Calif., who wore a black sheer wool suit with black and white accessories. Her flowers were pink roses.

The bridesmaids were Miss Eleanor Paetzold of Hereford and Miss Viola Gabel of Amarillo. They wore black suits and carried pink gladioli.

E. C. Hewitt, Jr., brother of the bride, served as best man. Ushers were Pfc. Jack Thorsen and Pfc. John D. Smith of the Amarillo Army Air Field.

The bride, who was given in marriage by her father, was attractive in a dress of off-white wool, made princess style and trimmed in heavy lace. Her accessories were in army brown and her flowers were Lester Hubbard roses. For "something old" she carried an antique coin and her "something blue" was a tiny blue bow tucked in the rose of her corsage. Her gift from the bridegroom was a pair of silver wings.

Mrs. Hunsley is a graduate of Hereford High School and attended a business school in Amarillo. The bridegroom was educated in Kansas City, Mo., and is now stationed with the armed forces at Camp Geneva, Neb.

A wedding dinner was given by the bride's parents at the Amarillo hotel after the wedding. The tiered wedding cake centered the table with yellow and white flowers and white tapers completing the decorations.

Kelly of Borger, Nell Mask of Long Beach, Calif., Arch Hunsley, Misses Eleanor Paetzold, Viola Gabel, Martha Miller, Pfc. Smith, Pfc. Thorsen, E. C. Hewitt, Jr., and the hosts.

She said in part, "Trying to teach children to

play games that are too old for them is difficult and leads to disappointment," and suggested that helping the child to make Christmas gifts should be begun now.

Why VICKS Is So Good For Relieving Miseries of Childrens Colds

More than two generations ago—in grandmother's day—mothers first discovered Vicks VapoRub. Today it is the most widely used home-remedy for relieving miseries of children's colds. And here is the reason...

The moment you rub VapoRub on the throat, chest and back at bedtime it starts to work two ways at once—

and keeps on working for hours—to ease coughing spasms, help clear congestion in cold-clogged upper breathing passages, relieve muscular soreness or tightness. It promotes restful sleep. Often most of the misery of the cold is gone by morning! That's why VapoRub is so good to use when colds strike. Try it!

Overweight Oil makes Old Cars Older—Fast

A Light grade of oil can make good, with your engine Winter OIL-PLATED

You can change to an OIL-PLATED engine by changing to any grade of Conoco Nth motor oil—from lightest to heaviest—and you can change to any grade of Conoco Nth at the same popular price. But the lightest possible grade of oil that's fit for the Winter change your car needs now will help to save your battery—your gasoline—your engine. The more the oil is overweight the greater the wear, and when that makes you try still heavier oil you get still more wear—still more oil and gasoline consumption—worse and worse and worse. Short-circuit this ruinous process by having your engine OIL-PLATED.

OIL-PLATING is distinct from the familiar liquid type of high-strength oil film also provided by Conoco Nth oil. Both oil film and OIL-PLATING are paired against wear every mile. Every time your engine rests, however, any liquid film drains down to the crankcase. But OIL-PLATING doesn't all drain down. It tends to stay wherever attached by Conoco Nth oil's "magnet-like" action—achieved synthetically. Often now you don't use your car for days. Yet when you start, the OIL-PLATED surfaces are still ready-lubricated... "faster than instantly." That's how the former fierce wear of cold starting is reduced by OIL-PLATING your engine. All other wear, too, meets its match in your OIL-PLATED engine. Change at Your Mileage Merchant's Conoco station—today. He knows the lightest grade of Nth for you. Continental Oil Company

Dread Engine Acid Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops. Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to eat acids. But nowadays rattling may force long rests, while corrosive acids grow. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.
