Sights and Faces Seen

After today, if you should happen onto a check made out for pounds or gallons, where the dollar is supposed to be, don't think the writer has taken leave of his senses. He's just gotten his ration banking account mixed up with the regular thing. Ration banking, for dealers who handle sugar, coffee and gasoline, is now in effect—and some of us wouldn't mind finding ten gallons of gas where that old over-draft used to be—but chances are small.

Doug Fox and Mrs. C. W. Seed of The Vogue returned Friday night from market in Fort Worth and Dallas. They report a "hard" market because of the necessity of shopping around to get desired merchandise, but the new spring merchandise is really just as pretty as the pre-war variety.

John Olson's finding a "short shorter" dollar bill in the collection plate, proves at least one thing according to a letter received by Olson from Lt. Kermit Wilson of the Army Air Corps, who says that it proves conclusively that the Air Corps goes to church. According to Wilson, our short-shorter information was wrong; the idea is really a sort of confidence game by which the lowly second-leutenant can nick the generals for all their pocket money by asking them to produce proof of short shorter membership in record time.

The B&PW Club Monday night purchased ten tickets to the Birthday Balls and are having the decals distributed to soldiers at the Hereford Internment Camp.

## No Notice Here On Increased Machine Quota

Although Washington news stories last Friday carried information on the increasing of farm machinery quotas by as much as 30 per cent, no notice of a higher quota for Deaf Smith County has yet been received at the local AAA office. However, Joe Ellis of the local office points out that it usually takes at least a week to get official notification of changes in the farm program.

Many items of machinery are now in stock with Deaf Smith County implement dealers and sales can go forward as soon as information on new machinery quotas is available. Ellis points out, stating, however, that some types of farm machinery are not in stock and that even should they appear on revised quotas it might be almost impossible to get delivery.

## Allmon Farm Sale To Be Tuesday, Feb. 2

D. H. Allmon's farm sale will be held next Tuesday, Feb. 2, and indications are that it will attract one of the largest crowds to attend a farm auction in this territory in recent years. Mr. Allmon, who had a heart attack several weeks ago, is being forced to go out of the farming business because of his health and is offering some of the best equipment in the territory at the sale.

A fine herd of dairy cows will go on auction and other offerings in the live-stock and poultry line are all strictly high quality. A good combine, which may be bought on bankable notes and paid for at harvest, highlights the machinery offerings, which include a large variety of good equipment. A complete list of sale offerings is included in an advertisement on page 5 of The Brand.

## Citizens-Raise Fund To Stock Game Birds Along Tierra Blanca

Reporting donations amounting to more than \$200, sponsors this week said that 78 pheasants have already been ordered to stock the territory along Tierra Blanca Creek and other points over Deaf Smith County.

A portion of the funds will be used for the purchase of quail. The drive for funds to place game birds in this county was conducted by Joe Bishop, H. K. Fox and Dick Dickson, who expressed appreciation for the liberal donations and cooperative spirit of merchants and farmers. They also pointed out that additional funds may be donated for this purpose by persons who were unable to see. Such additional donations may be given to them, or left at The Hereford Brand office.

## Brand Subscription Rate Goes Up February 16th

Effective Feb. 16, 1943 price for local subscriptions to the Brand (in Deaf Smith, Farmer, Castro, Oldham and Randall counties) will be \$2 a year, with the price set for \$2.50 a year in other areas. Because of the added work in handling short term subscriptions, price for six months will be \$1.25 locally and \$1.50 outside the Hereford territory.

There will be no advance in price for the paper to men in the armed forces and the present price of \$2 a year will continue, with \$1.10 the price set for six month subscription. As announced by the post office department last week new overseas subscriptions will require the written request of the service men desiring the paper. The old subscription rates will be in effect until Feb. 16, but no subscription for more than a year ahead of the present date will be accepted.

**New Classified Rates**  
To bring Brand classified advertising rates in line with those charged by most other weeklies, new rates will be two cents per word where ad runs only once. For the same copy run more than once, the cost is two cents per word for first insertion, one cent per word for additional insertions, if paid in advance. If the ad goes on our books the rate will be straight two cents a word for each insertion.

The people of Hereford and surrounding communities were invited this week by Col. Robert W. McBride, commander of the Hereford Internment Camp, to visit the camp next Tuesday, Feb. 2, which has been officially designated "Visitor's Day."

Visiting hours will be from 10 o'clock in the morning until 7 o'clock at night and soldiers at the camp will serve as guides to conduct citizens on a tour of camp installations.

Only requirement being made for visitors is that they come in groups of at least five persons so that there will be enough soldiers to take care of guide duties. People are therefore requested either to make up their party before they leave town or to wait at the gate until a sufficiently large group gathers.

Since the camp has been virtually closed territory to everyone but employees since construction got under way, a large number of persons are expected to take advantage of Colonel McBride's invitation.

### WAAC Recruiter Here

### W. F. Harlow Buys Interest In Kinsey Motor Company Here

Announcement was made this week that W. F. Harlow purchased an interest in the Kinsey Motor Company of this city and will in the future reside in this community.

Mr. Harlow comes here from Amarillo, where he has been employed by the Plains Chevrolet Company for 14 years, the past 10 years of which he has been in charge of the body repair and paint department. In associating himself with D. C. Kinsey, Mr. Harlow will assume supervision of the repair department of the local company.

Mr. and Mrs. Harlow and three children have already moved to Hereford. He expressed appreciation for the courtesies and friendship shown them in this community, and said that he was anxious to become better acquainted with the people here because they expect to make Hereford their home.

### Feed Wheat May Be Bought At Sub-Parity Levels

Wheat for feed may be purchased during the month of January for 89 1-2 cents a bushel, according to an announcement from the local AAA office. The stated price includes the loading out charges made by the elevator.

The price for February will probably be from 1-2 to 1 cent higher, according to AAA notices, and any inquiries concerning the purchase of feed wheat should be directed to the local AAA office.

The lowered price for feed wheat is being made in the interests of stockmen and ranchers and to encourage greater livestock production.

### Emmons Takes Job At Soil Conservation

W. M. Emmons started work Saturday as assistant conservationist at the soil conservation office. Emmons, for the past seven years vocational agriculture teacher at the Hereford High School, will assist chief conservationist Bill Clutter and will be employed in the work in Deaf Smith County.

In addition to his teaching work, Emmons served as sponsor of the F. F. A. and this fall was assistant coach of the regional champion Whitefaces. No teacher has been named for high school agriculture work and various employees of county agricultural agencies have been substituting as teachers in agriculture classes this week.

## Clubs Take Part In Victory Sing

Headlined with a series of stunts sponsored by various organizations, the Community Rally and Victory Sing scheduled for 8 o'clock in the high school auditorium this evening is expected to climax a series of rallies sponsored in conjunction with a state-wide movement to encourage the sale of war bonds and stamps.

No admission charges will be made for the entertainment, which is open to every person in this section. Plans for the evening have been formulated by Miss Mattie Mae Swisher, Ralph Smith and Miss Charlotte Wheat.

"Don't be surprised at anything that happens," is advice offered by the sponsors, who say that the stunts will vary from weddings to quilting parties and add that even Lydia E. Pinkham reaches for applause.

Stunts will be short in length and \$5.00 in war stamps will be awarded the winning club. Seats have been reserved for all organizations.

"There will be plenty of fun and singing," Miss Swisher declared. "Everyone is invited and we especially hope all of the new soldiers will be able to attend."

## Dehydration Plant Location Still Discussed

Stating that letters written as recently as Jan. 19, express the intention of a Chicago dehydration concern to continue plans for a dehydration plant in Hereford, officials of the Hereford Chamber of Commerce this week urged farmers not to get tied up with contracts with out-of-town plants until a definite pronouncement is received on the location of a plant in Hereford.

Pointing out that profits to farmers will undoubtedly be greater should a plant be located in Hereford, the Chamber of Commerce spokesmen state that it will be to the farmers' interest not to be bound to a company in a South Plains location, where costs of transportation will multiply production difficulties and eat profits.

The greatest potato, onion and truck crop acreage in the entire Panhandle territory is located near Hereford and local businessmen and farmers are agreed that a dehydration plant located here should handle the

### New OPA Order Increases Used Tire Stocks Of Repairmen and Dealers

Holders of "A" and "B" ration books who can show essential need for replacement tires will soon be able to get such tires, according to an OPA order which went into effect Jan. 20.

By the new regulations, tires purchased by the government last fall will be available soon to dealers, who will be able to build up their stocks through an initial allotment plan. Tires available to dealers under the new plan include both used tires and recapped tire carcasses.

A recapper, by making application on OPA form R-52, may obtain 50 recapped tire carcasses for each mold he operates for recapping passenger type tires. He may apply for additional allotments after he has completed work on all but 24 tires per mold in his previous allotment.

A recapper, using the same form may obtain 25 tires needing repair only for each tire repair vulcanizing unit he operates for repairing passenger type tires.

The recapper or repairer is required to sell tires on a first-come, first-served basis, to eligi-

ble consumers or dealers having the necessary rationing certificates, provided the certificates are accompanied by cash or its equivalent. This provision of the new regulation is designed to make it possible for dealers who are not repairmen or recappers to accommodate consumers who look to them for tire service.

A recapper or repairer may make application for an allotment or recappable or repairable tires to his O. P. A. district office (in the case of this county, the Lubbock office) or to his OPA state office (at Dallas). OPA emphasizes that all applications for initial shipments of the so-called Grade III tires must be made to the district office or state director and not to the local rationing boards.

The new program does not guarantee that every holder of an "A" or "B" ration book will be able to get new tires, but it does considerably increase the stock of tires in dealers' hands and enable the dealer to give quicker service when the required ration certificate is presented to him.

### LaVada Cox Is Second WAAC Recruit Here

Miss Lola Lavada Cox, daughter of Mr. and Mrs. Edd Cox, is Hereford's second recruit to the ranks of the WAAC and will leave Saturday for Ft. Des Moines, where she will take her basic training.

Miss Cox, who attended Hereford schools and has just completed a business course here, was sworn into the WAAC's on Dec. 23 at Lubbock and has been waiting her call to active duty. It's now a son and daughter in service for Mr. and Mrs. Cox. Their son, Jack, is in the Army Air Forces and stationed at Albuquerque.

entire production of the territory. It is also pointed out that location of a plant here would be seriously handicapped if farmers had already signed contracts with plants in another city.

Lt. Frank W. Montfort, who was killed Aug. 24, 1942, when his plane crashed on the return trip from a bombing mission, has been posthumously awarded both the Purple Heart and the Silver Star, according to official War Department notices received here this week. Lieutenant Montfort was a son of Mrs. F. W. Montfort and a brother of Mrs. Homer Brumley of Hereford.

Official citations for Lieutenant Montfort's medals read as follows:

(For Purple Heart)  
FRANK W. MONTFORT, first lieutenant, United States Army Air Corps, for singularly meritorious acts of essential service while participating in air combat missions over the enemy territory during the period July 31, 1942 to August 6, 1942. The courage and devotion to duty displayed by Lieutenant Montfort during this period reflects high credit on the military service.

(For Silver Star)  
FRANK W. MONTFORT, first lieutenant, United States Army Air Corps, for gallantry in action on August 24, 1942, in the Solomon Island Area. Lieutenant Montfort, as crew member of a three airplane heavy bombardment formation, participating in an aerial mission to destroy an enemy airplane carrier at extreme flying range of the flight. The target area was reached at sunset, and in the face of intense anti-aircraft fire and attacks from enemy pursuit aviation, bombing runs were immediately launched. Having completed its mission by reaching the target and successfully releasing all bombs on the carrier, the airplane made the return journey to home base, encountering adverse conditions of darkness, rain and low visibility along the entire route. ## Saturday Is Poll Tax Deadline Date

Saturday is the last date to pay poll taxes, J. O. Newell, Deaf Smith county assessor-collector reminded voters this week, pointing out that despite the fact that this is an "off" election year, chances are that important constitutional amendments and perhaps special elections might come up and that citizens should pay the \$1.75 fee and keep their voting right intact.

Exemption certificates for persons who have become 21 since Jan. 1, 1942 or who will reach their 21st birthday before elections may get an exemption certificate by applying at the tax collector's office. Penalties on all state and county taxes will be applied after Jan. 31.

### Meeting Tuesday

At a meeting called Tuesday night to discuss the problem, Lt. George Cooper of the camp staff gave an outline of the steps necessary to get U. S. O. aid, pointing out that the minister's alliance, civic and federated clubs, the chamber of commerce, mayor and county judge should write letters to the regional representative of the U. S. O. at San Antonio, pointing out the need for a U. S. O. project and signifying the willingness of Hereford citizens to cooperate in the undertaking. According to present plans the civic clubs (Lions, Legion, B&PW, etc.) would submit their letters through the Chamber of Commerce; the federated groups would act through their county organization; and county and city officials would write individual letters on the subject.

"With prospects of from 650 to 1000 men to be stationed here, and with Hereford's lack of recreational facilities, it should not be difficult to show a need for the project," Thompson states.

### Might Build U. S. O.

The U. S. O. will make a survey of vacant buildings in the town, should the project be approved, and if no suitable buildings are found a U. S. O. center might be constructed. Local people will very probably be asked to furnish at least part of the help to operate the center.

Churches were well represented at the meeting Tuesday, Thompson said, stating that (Continued on Page 12)

## Scouts Collect "Victory Books" Sunday, Feb. 7

"Praise the Lord and Pass the New Edition" is the slogan for the 1943 Victory Book Drive, which will be conducted here by the Boy Scouts on Sunday Feb. 7, and the Scouts are urging Hereford people to take a good look through their book-cases—and give the books which they themselves would really like to keep.

The books will go to men in the armed services of the United States and the following types of books are especially desired:

1. Current best sellers, including book club selections and recently published (since 1930) popular fiction and non-fiction.
2. Adventure, western, detective and mystery fiction of the most popular types. These will be subject to most usage and therefore must be in good shape.
3. Technical books published since 1935 in architecture, aeronautics, mechanical drawing, meteorology, military science, navigation, physics, photography, radio, shop mechanics, etc.
4. Books of jokes, humorous stories, anecdotes, cartoons and group games.
5. Pocket books.

All books donated must be in good physical condition, sponsors of the drive state, pointing out that 50 per cent of the eleven million books collected last year were in such bad condition as to be unfit to distribute to service men's camps.

## Regulations Issued For Late Ration Registration

Although Jan. 15 was the last date to make application for War Ration Book 11, an exception to the order, was made here this week when members of the county war price and rationing board were notified that babies born after Dec. 15 may be registered within a month after the date of their birth.

Earlier instructions had carried no directions on this point and the local board and previously had been notified that books in any

## What Your Dance Ticket Pays For

It is treatments like this (pictured is a demonstration of the Kenny method of treating infantile paralysis) that your Birthday Ball tickets and your contributions to the March of Dimes make possible. Harold Cose, chairman of the committee for celebrating the president's birthday, again this week urged citizens to attend the dances in Hereford—at the club-house and the city hall, Saturday night—and to contribute to the March of Dimes. Cost of tickets is just \$1 and admission to both dances is covered by the one ticket, Mr. Cose said. Two children in Deaf Smith County have received treatments for infantile paralysis this year, the chairman pointed out, emphasizing to citizens that the fund raising drive has great local as well as national benefits.

## Your Income Tax!

### Personal Exemption

Every individual is allowed a credit against his net income which varies with his domestic status, that is, whether he is (a) a single person, (b) a married person living with husband or wife, or (c) a head of family. This credit is known as personal exemption, and is shown on line 21 of the return Form 1040. The amount of the personal exemption also varies depending upon the period during which the taxpayer occupied the particular exemption status.

The personal exemption for a single person is \$500 for the year; for a married person living with husband or wife, \$1,200; and for a 'head of family', \$1,200. (Personal exemption as head of a family has no effect on liability to file a return.) For Federal income tax purposes, widows, divorcees and married persons separated by mutual consent, as well as persons who have never been married, are classed as single persons.

A head of family is defined as "an individual who actually supports and maintains in one household one or more indi-

viduals who are closely connected with him by blood relationship, relationship by marriage or by adoption and whose right to exercise family control and provide for these dependent individuals is based upon some moral or legal obligation." A single person, or a married person not living with husband or wife, may, therefore, enjoy a head of family exemption under certain conditions.

Taxpayers using a Simplified Return (which is permitted if the gross income for the year is \$3,000 or less and derived solely from earnings from employment and from dividends, interest and annuities) obtain personal exemption on their status as of July 1 of the year. Thus, a taxpayer married and living with husband or wife on July 11 is entitled to \$1,200 personal exemption on Form 1040A; if he were a widower on July 1, his exemption would be \$500 irrespective of the date on which he became a widower. The amount of exemption is not deductible from the income but is reflected in the amount of tax shown in the table on the reverse side of the form.

Taxpayers using return Form 1040 obtain personal exemption proportionate with the number of months during which the particular status is held. Thus for a person who married on July 1 (who was not a head of family prior to his marriage), the personal exemption would be \$850 (\$250 for the six months as a single man, plus \$600 for the six months as a married man). In this example it is assumed that the wife has no income.

Married persons may, however, file joint returns, even though one has no income, and by filing a joint return a couple married during the year may obtain an exemption amounting to the exemption to which they would be entitled for the period of married status, plus the amount of their individual incomes prior to their marriage. In the example given the total exemption in a joint return would be \$1,100 (\$250 for each spouse for six months plus \$600 for six months married status).

If a husband or wife living together both have income and file separate returns under Form 1040, the personal exemption applicable to a married person may be taken in the return of either or divided between them in any way as they may agree but the total personal exemption taken in the two separate returns may not exceed \$1,200.

# SO EASY TO USE SO IMPORTANT TO SAVE

We realize Natural Gas is so easy to use that it is sometimes wasted unintentionally.

In the territory we serve the demand for this fine fuel has greatly increased, due to one phase or another of the war effort.

In normal times, we could obtain materials needed to increase the capacity of our facilities so that we could meet all demands. Today, that is impossible. That's why we are asking you to help by reducing your use of natural gas to the minimum on very cold days.

### Here's How You Can Help

1. Shut off parts of the house not in use.
2. Do not keep your rooms too warm. Train yourself to become accustomed to lower temperature.
3. Refrain from using the range oven for room heating.
4. Keep your heating equipment in top-notch condition.
5. Install insulation, storm sash, weather stripping, and caulking if possible.
6. Use a low blue flame for cooking, cook vegetables in as small an amount of water as possible, cook more one dish meals, and keep burners clean.

**CARD OF THANKS**  
I am out of the hospital but will have to be in bed for several weeks more, so I want to express my thanks now.

First I want to thank Dr. Harris, Dr. Willis, the nurses at the Deaf Smith County Hospital, my pastor, Hardy Stevens, Pastors of other churches of the City, the many friends that called, and sent letters and cards of sympathy.

To my neighbors for their many deeds of kindness at the farm, for their visits, and above all the prayers of Christian friends who interceded for me at a throne of grace, that give me courage, strength and faith.

My prayer is that God will be as gracious to you in your hour of need, and that in some small way I might be of use to my fellow man.

May God's blessings be on you all.

Sincerely,  
D. H. ALLMON and family

**Let's All Pull Together**  
Military travel is mounting, and we need your help to maintain adequate civilian passenger service. Make reservations and buy tickets early. Carry least possible baggage, checking extra pieces to avoid crowding. Vacate dining cars quickly after meals. Travel mid-week, avoiding week-end rush periods.

\* All of us on the Santa Fe tip our hats to our passengers and say "thank you," sincerely, for your friendly understanding and cooperation, in accepting the travel inconveniences that sometimes occur these days.

With Santa Fe trains carrying an unprecedented number of military and civilian passengers; and hauling millions of tons of war material that must go through... we know that you, and every other patriotic American, fully realize that it is not always possible to maintain schedules with on-time regularity... or provide sufficient Pullmans, chair cars, or dining car service to accommodate civilian travelers as we did in peacetime days.

Today, all military traffic gets the right of way on the Santa Fe all the way—and we know that's the way you want it!

\* Please fun freely to your local Santa Fe Agent for help with your travel or shipping problems.

## Federated Church Group Will Hear Talk on "The World We Want" Friday

Hereford church women will hear an address given by Mrs. Lee Benefield on the subject, "The World We Want" at the meeting of the Federated Council of Church Women which will be held at the Baptist Church Friday afternoon at 3:30 o'clock. Other numbers on the program will be the devotional given by Mrs. D. H. Alexander and a vocal solo, "Prayer," by Mrs. Earl Phillips.

## Silver Wedding Anniversary Is Observed At Surprise Buffet Supper

Mr. and Mrs. W. J. Smith, celebrating their 25th wedding anniversary, were honored with a buffet supper at their home Monday night. Members of the Pleasure Hour Bridge Club and their husbands made up the group or the party which was a complete surprise to the couple. A shower of silver gifts was presented and flowers and congratulatory messages from out-of-town relatives and friends were received during the day. Mr. and Mrs. Smith have lived

in Hereford for many years. They were married here on Jan. 25, 1918. They have two children, Mrs. Howard Turner who makes her home here with her parents since Mr. Turner's induction into the army, and Billy Smith, who is drill master with the Seabees in Norfolk, Va. Those present were Messrs. and Mesdames Roger Corbett, Carl Jennings, Earl Phillips, Harry Lomas, B. R. Dixon, Ralph Smith, H. E. Henslee, Elmer Mathies, Mrs. O. L. Click, Mrs. Howard Turner, Clarence Smith and the honored couple.

## Summerfield Club Hears Book Review

Mrs. J. B. Noland was hostess for an enjoyable meeting of the Summerfield Study Club Thursday afternoon with Mrs. Ky Lawrence as assistant hostess. Mrs. D. C. Walser reviewed the book "Our Hearts Were Young and Gay," by Cornelia Otis Skinner and Emily Kimbrough. Commenting on the book, the reviewer said "The book is as young and gay as its title. It tells of Cornelia and Emily when they were very young and gay and fancy free, and what befell them when they took a trip to Europe in quest of life and culture. When you read the book you will agree with the judges of the Book of the Month Club who made it a December book-of-the-month, that it is decidedly interesting."

Mrs. L. L. Cannon gave a quiz on parliamentary law. Those present were Mesdames Edith Clark, G. B. Sumner, B. E. Robertson, Ray Johnson, M. D. Rexrode, C. R. Walser, Jim Clark, Lloyd Lookingbill, D. C. Walser, Mack Noland, L. B. Lookingbill, L. L. Cannon and the hostesses.

## CHDA NOTES

by Sadie Lee Oliver

The order is being made up this week for evergreens which will be shipped from the Texas sub-experiment station at Lubbock, with the cost fixed at cost of digging and transportation. Already, many persons have put in orders for the trees and if you are interested, you are urged to get your order turned in at the C. H. D. A. office this week.

Plants available include Pinus nigra (Austrian Pine), Pinus ponderosa (Western Yellow Pine), Pinus Sylvestris (Scotch Pine), Pinus edulis (Nut or pinon pine) Juniperus Pinchotti (Red Cedar of the cap rock.)

The trees will be balled in burlap or in some substitute for burlap and those who secure the trees will arrange for transportation. It is thought that a truck or pickup from here will go after all the trees in our order.

And concerning trees, H. V. Hennen states that in 1937 he paid \$10 each, delivered, for two six foot Ponderosa pines. The trees are now 14 feet high, and Mr. Hennen likes the variety so well that he has ordered ten more Ponderosas and also ten Austrian pines to be planted at his farm home west of Hereford.

Baby chicks are being bought by many Deaf Smith County people and this office has re-run the stencil giving four formulas for chicken feed. These are a chick starter with dried milk and one without dried milk, a growing mash for pullets and a laying mash for hens.

A lot of council members were inspired to go into the chicken business seriously when they heard Mrs. J. Fields Matthews report on her R. O. P. pullets and their excellent record egg yield.

## Fishermen Dump Night's Catch

Mackerel catch of more than 100 tons, originally destined for canneries, is dumped back into Santa Monica, Calif., Bay by unhappy fishermen. A city ordinance prohibited them from discharging their night's catch at the pier. City fathers said the pier was unsafe for heavy loading, but fishermen said the boats were too "smelly" for the lawmakers.

## 1942 A Banner Year For Paying Off Farm Loans

Houston—The year 1942 was a banner year for Texas farmers and ranchmen in paying off debts, declared President Sterling C. Evans of the Federal Land Bank of Houston in connection with the bank's annual statement. A total of 9,835 land bank and commissioner loans were paid off in full during 1942. "During the year," he said, "land bank and commissioner loans outstanding in Texas decreased from \$225,634,583 to \$206,437,302. This net decrease was despite the fact that approximately \$12,000,000 in new loans were closed."

"Future Payment Funds," created to provide a way member-borrowers can pay in advance on their loans, now totals \$2,126,000 the year-end report reveals. Future payment funds draw interest at the same rate charged on the loans. In addition to this cushion, member-borrowers are accumulating reserves in War Bonds to make their future secure, Mr. Evans said.

"The Land Bank was started 25 years ago in the midst of the first World War. Its primary objective was to help farm and ranch families own their homes and businesses free of debt. Since then, Texas agriculture has been through some rough and changing times but the records show that more than a third of the 148,000 land bank and commissioner loans—made to run up to 34 1-2 years—have been retired."

Build a nest egg of War Bonds by filling up your War Stamp album promptly.

A good way to start the New Year on its way to victory over our enemies is to buy an extra War Bond.

Your merchant sells War Bonds and Stamps because it is the nation's safest merchandise.

"RICK" IS BACK—Capt. Eddie Rickenbacker, back in the United States after cheating death in the south Pacific, where he floated on a life raft for 24 days, looks none the worse for his experience.

The least you can do to help win the war is to fill up that War Stamp album this month and get a War Bond.

They also serve who stand in line to buy additional War Stamps to fill up that album.

## Amarillo Girl Is Married To Hereford Man In Sunday Ceremony

Miss Anna Mae King, daughter of Mr. and Mrs. L. B. King of Amarillo, became the bride of Calvin Edwards, son of Mr. and Mrs. D. Y. Edwards of Progressive Community, at three o'clock Sunday afternoon at the home of the bride's parents.

The double ring ceremony was read by the Rev. W. E. Barnes of Hereford as the couple stood before an improvised altar of greenery and white gladioli.

The bride was attractively dressed in white satin with full length veil. She is a graduate of Amarillo High School and attended Bible School in Springfield, Mo.

Mr. Edwards was born and reared in and near Hereford, spending most of his school life at Progressive.

Those from Hereford who attended the wedding were Mr. and Mrs. D. Y. Edwards, the bridegroom's parents, Mr. and Mrs. V. E. Dodson, Mr. and Mrs. Lewis Harvey and sons, Miss Marie Moreman and Glenn Ricketts.

Mr. and Mrs. Edwards will make their home near Hereford.

### In Quartermasters Corps

Roy Ward, son of Mrs. J. F. Ward is in the Quartermaster corps, stationed at Camp Bowie and holds the rank of corporal.

He served for three years in the peacetime army and was recalled to active duty after the start of the war. All together, counting active and reserve duty he has about seven years army experience.

Ward is married and has a son.

## Territory Looks To Increased Poultry And Egg Production

What kind of chicks should I buy? Where to buy them? What kind of brooder and laying houses will I need?

These are just a few of the questions which have been asked at the county home demonstration office in the past few weeks and show that people of Deaf Smith County have every intention of meeting their poultry production goals in 1943, according to Miss Sadie Lee Olyver, C. H. D. A., who this week received the following information from Geo. McCarthy, extension poultryman, whose instructions, if followed, will mean higher egg production and more poultry meat.

First, don't overcrowd brooder and laying houses. Overcrowding brooder houses results in uneven growth, chills, cannibalism and pullet mortality. Overcrowding laying houses will result in low production, colds and losses.

Desirable space in brooder houses—two chicks per square foot; for example, 12X12 house (144 sq. ft.) 288 chicks. (maximum 300). Feeder space, one inch per chick. Water, fountains, one quart for each 25 chicks.

Desirable space and equipment in laying houses—three square feet floor space per laying hen. A 20X20 house will accommodate 135 hens. Three inches of feeder space per laying hen, five gallons clean, cool water daily for each 100 hens.

Time to purchase chicks—Wise to order two groups of chicks, first in February or early March. Buy straight run and grow out fryers. Second group, straight run, in April or early May.

CAUTION: Order close to home from a reputable hatcheryman. Rail facilities are crowded to the limit. Delay in deliveries will mean weak chicks and losses. Also, place orders early in order to insure a delivery date that will fit your poultry-raising program. Order quality chicks and remember the reputation of the hatcheryman is worth more than all the publicity he puts out.

Further observations by Mr. McCarthy which may be of value to poultry raisers include the fact that many hens do not produce at the maximum because they are too fat. Reduce grain feeding to 12 pounds a day for each 100 hens. Don't be Scotch on the mash—give the hen all she wants (if it's the right kind; bran and shorts won't do it), and she will give you all she's got.

Get the habit of saying yes to every War Stamp and Bond salesman and saleswoman you meet.

### Methodist Women Hold Study Sessions

Members of the Woman's Society For Christian Service met in groups for the regular study sessions yesterday afternoon.

Westside Group met at the home of Mrs. Forrest Minton with Mrs. J. W. Spradley in charge of the lesson in the new study book, "Will a Man Rob God," by Bishop Cushman. Questions were distributed and all took part in the discussions.

Eastside Group met in the home of Mrs. Lyle Blanton with Mrs. Blanton leading the lesson.

Mrs. W. S. Fluit gave the devotional talk and scriptural readings were given by Mrs. Noah Ewton, Mrs. J. F. Ward and Mrs. O. L. Chick, Mrs. F. T. Robinson gave a talk on stewardship.

The groups will meet for a combined program at the church next Wednesday afternoon at 3:30 o'clock.

Miss Betty Jo Kendall is here for a short visit between semesters with homefolks. She is the daughter of Mr. and Mrs. Joe Kendall and a student at T. S. C. W. Denton.

## Raise Meat For A Year-Round Supply

Unlike other years, this year far m families should raise enough meat for the entire year and not just enough for the winter months.

Plan your meat supply so that each adult will have slightly less than two and one-half pounds per week. This means that you will have to use the most satisfactory methods of preserving your meat.

Winifred Jones, specialist in food preservation for A. & M. College Extension Service, advises farmers to use several methods of preserving meat. If there is a locker near you, you can freeze some of the meat. Meat may also be dried.

You may use either the sugar cure or the salt cure for your meat. Special allowances of sugar for meat curing are not available, but honey, sirup or corn sugar or part of your own ration may be used. Also, there are plenty of ready-mixed curing compounds containing sugar at your grocers.

Meat may be canned in jars but Miss Jones says it takes more time and it not quite so good as when put in cans. There are a few cans still left on the market.

This year be sure to save all of the fat when you slaughter as the supply of fats and oils will be shorter.

Let's Cook Something

Now that every food dollar must buy all the nutrition it possibly can, bread, the "staff of life", becomes more and more important, and you may like to make as well as slice your bread at home.

Alluring in flavor and easy to make is walnut nut bread. Mrs. P. H. Gilliland knows what to do with the makings of good bread in order for it to always turn out right. This recipe was given to her by a friend who graduated from the Boston Cooking School, and it was one of the standard recipes used in that school. Here's how you make it:

QUICK NUT BREAD

- 2 cups flour
1-2 cup sugar
2 teaspoons baking powder
1-2 cup English walnuts (pecans may be used)
1 teaspoon salt
1 egg yolk
1 cup sweet milk

Mix and sift together the flour, sugar, baking powder and salt. Add egg yolk, milk and nut meats chopped fine. Beat all together thoroughly and place in buttered bread pan. Let stand 20 minutes and bake in 350 degree oven about 45 minutes. Makes one loaf.

Summerfield

MRS. JIM CLARK

Mrs. W. V. Forehan, recently of Calif., visited her father, C. B. Thomas, Mrs. Thomas and a sister Mrs. Ross Royce and family. As well as friends here. Mrs. Foreman the former Miss Shirley Thomas, had been with her husband on the West Coast until he was sent across. She went to Dalhart Wednesday for a visit with his folks there before returning to Amarillo where she expects to find work.

**Williams in North Africa**  
Sgt. Fred C. Williams, son of Mrs. Viola LeGrand, is now stationed somewhere in North Africa and reports that he is "as happy as the rest of them."  
"A letter written in December was received this week by Williams' uncle and aunt, Mr. and Mrs. W. F. Gillis and said that Christmas was a pretty miserable holiday, "but we were lucky to know that it was Christmas."  
Concerning the weather, Williams bears out the press reports, stating that it rains every day.

**Boyd Sees Action**  
Charles A. Boyd of the U. S. Naval Air Base, San Diego, Calif., writes a thumb-nail sketch of his career in the Navy, stating—"I joined the day of the attack on Pearl Harbor, was sent to sea the 27th of January, 1942, and received injuries in the Battle of the Coral Sea. Returning to the Naval Hospital at San Diego I soon recovered and am now stationed at the Naval Air Base in San Diego."  
"Doing some very important work here for Uncle Sam in aviation. I help to test new equipment."  
"Would like to say "Hello" to all the fellows and girls that were my school chums and ask if anyone knows the whereabouts of an old friend by the name of Henry Ford. We played football together back in the good old days."  
"I hear the boys are really good this year. Keep it up fellows. It makes us feel good to know that you are still going strong. If any of you fellows decide to help in the BIG BALL GAME, the Navy Air Corps is swell. You get plenty of action."

**Miles A Flight Officer**  
The Brand wishes to correct the error in last week's item about Irwin Ferrell Miles. The release from the Roswell Flying School stated that Miles graduated as a Second Lieutenant and his family here received word this week that his rank is that of Flight Officer.  
Flight Officer Miles left Kelly Field as staff sergeant, took his primary training at Ryan Field, Hemet, Calif., advanced training at the Roswell Flying School, where he graduated. He is now stationed at Gowen Field, Boise, Ida., taking further training in the piloting of B-17's (Flying Fortresses). Miles qualified as a leader in his class at every one of the schools, a special honor considering the fact that there were approximately 300 men in each group and only five could qualify as leaders.

## H-D Council Gets Gardening Tips

Introductions of new council members were made at the January council meeting of the Deaf Smith County home demonstration clubs held Saturday. Mrs. R. L. Campbell of Fairview, president of the council, was in charge of the meeting at which standing rules were read as corrected for 1943 and the county home demonstration agent gave a discussion on cabbage and endive for early gardens.  
In reply to an out-of-town inquiry, Miss Oliver gave the following information of interest to gardeners, in pointing out achievements already made in the county. Mentioned by Miss Oliver were these items:  
1. One farmer found that he secured a perfect stand of carrot plants on an eighth of an acre field by keeping the soil moist until the seedlings came through.  
2. A woman who purchased 300 ever-bearing strawberries in 1933 is responsible for tens of thousands of runners from this original planting which are growing now in this county and adjoining counties.

## Program For Music Study Club Features Contemporary Composers

The Music Study Club met at the home of Mrs. H. A. Close Monday afternoon for a program representing "Our Contemporary Composers."  
Mrs. J. E. Beyer, program director, brought out the fact that the time for an apologetic attitude towards American music has passed. It was a Bohemian who turned our thoughts to the treasures on our own continent and America has made remarkable contributions in the world of music. She closed her talk with the reminder that American music stands at the threshold and no one knows where the door may lead. The only recourse the student has is to open the door and look inside for himself. But whatever we learn about the future of music, we do know that the 20th century has produced a vast amount of native music of which Americans may well be proud.  
Mrs. J. C. McCracken opened the musical part of the program by playing "Jazz Nocturne" (Dana Suesse) followed by a double piano number "Arkansas Treveler," concert paraphrase by McDonald, played by Mrs. C. C. Acker and Mrs. Close.  
The final number was a chorus number presented by the club "Indian Mountain Song" (Cadmant) with Miss Mattie Mae Swisher directing.  
Members present were Mesdames C. C. Acker, Jeff Gilbreath, J. R. Allison, J. E. Beyer, H. K. Fox, C. H. Dyer, W. E. Dameron, R. P. Conaway, C. C. Ferguson, Ellis Coombes, H. L. Broadwell, J. B. Jones, J. C. McCracken, G. A. F. Parker, T. W. Robertson, S. P. Rossos, A. J. Schroeter, W. J. Stanford, A. C. Thompson, A. O. Thompson, Miss Swisher and the hostess.

# The Whiteface Round-Up

WHY NOT HAVE YOUR NAME ON THE HONOR ROLL NEXT TIME . . . ?

## Prince Hereford

I'm glad to see so many happy faces around the campus of H. H. S. Last Wednesday there was really a dim-out of the cheerful people as report cards were passed out. Some people kept their happy faces. One of these was Lonidene Martin, who made the high honor roll again.

The sadness of report cards was soon cleared away by the annual football banquet. Oscar just told me about Pauline Loerwald's love affair with that certain freshman boy. It seems to me that the freshmen could wait awhile before they get so serious; but then, with all this man shortage, I certainly can't blame Pauline.

There are several new faces in the halls of H. H. S. In fact, I had to look twice before I recognized "Toney" Whitaker. Welcome back, "Toney."

I wouldn't blame Patsy Sanders or L. H. Lookingbill for committing murder or, at least, getting angry at some of the people in 6th period history class. I bet Pat and L. H. wish that some people would mind their own business, and let them tell their own story of what happened on the night of the pep club banquet.

Could the "J. H." carved on "Maggie" Barber's arm and leg stand for anyone else than Jug Hampton? Well, Maggie, what say?

Some people have funny ideas of discovering talent, but these ice skating parties Oscar has been telling me about might find out if there are any disguised Sonja Heine's among us. Just for curiosity's sake, I would like to know how many people ate dinner off the buffet the next day.

I guess I'll quit now and send Oscar off for more gossip to tell you next week. So long.

## Your Opportunity

What kind of student are you in Hereford High? Do you come to school just because you have to and do just as little as you can "get by" with? What is the use, you ask, of my working my head off for the school when there are others who will see to the parties, the paper, programs, etc.?

You think you are just an ordinary student. You don't want to lead in any project, but you criticize those who do lead and get your feelings hurt if you are not consulted on certain matters. You are not just an ordinary student!

Each of you is an individual who has a definite part to play in the welfare of Hereford High School. If you cannot be a leader—well, good followers are always just as essential as good leaders.

Won't you look around you each day for things you can do to make high school a better place to study and learn?

## Tri-Hi-Y Celebrates Sixth Birthday

### Fourth Victory Concert To Be Given Tonight

Have you heard the latest news? Well, if you haven't, I must tell you. Various clubs and organizations are planning a victory program tonight, January 28, at 8:00 in the Hereford High School auditorium. This victory program is being given to promote community spirit, which is very essential to our war campaign.

The program will be made up of the stunts presented by each club, and the music will be supplied by Mr. Smith, Miss Swisher and Miss Wheat.

The F. H. T. girls will carry on bond and stamp sales as they have at the previous concerts. This program is meant for each and everyone of you, so please come; we know you will enjoy it.

### Time Marches On!

During the first semester of 1942-43 the school clock had one of the lowest of grades in school citizenship. Usually he paid no attention to the pleas and the pointed criticisms of the teachers. However, occasionally he openly replied by jeering with belated class signals. Electricians, clock repairmen, and others diagnosed and gave medicine; but still Mr. Clock refused to swing his pendulum in a regular gentlemanly clock-wise style.

It was believed that Mr. Clock had acquired a lazy attitude during the past summer and secretly was in sympathy with pupils who are often tardy, for at times such pupils on entering the front door were seen to cast apprehensive glances at stationary hands reading ten minutes until the first class period. Then tardy Susie or Frank would quickly smile a little at the clock and ally start toward the classroom door.

The first part of this semester Mr. Ralph Smith decided it was time for Mr. Clock to start working. For hours Mr. Smith cleaned, oiled, regulated, tested, checked batteries, studied the chart, and made and remade electric connections. Now Mr. Clock has a good school attitude, for he again with statefulness and precision is swinging his pendulum night and day, school days and week ends, and he rings for the pupils and teachers right on the dot. Hurrah!

our high school. There are five of them; Margaret Love, Lucy Bednorz, Jimmy Fangman, Anna Curry, and Forrest Moulton.

Forrest Moulton is a Freshman. He enrolled December 23, 1942. Forrest comes to us from Dalhart.

Anna Curry is also a Freshman. She comes to us from Jal High School.

Lucy Bednorz is the latest addition to the Freshman class. She enrolled January 20, 1943. Lucy has been attending school in Canyon at West Texas State.

Jimmy Fangman is a Sophomore. He enrolled January 18, 1943. Jimmy comes from our neighboring town of Friona.

Margaret Love is also a Sophomore. She comes to us from Adrian and she enrolled January 20, 1943.

We want to wish each of you new students success and we hope you will like being here with us.

## Football Banquet Held Jan. 22

"Happy Birthday to you. Happy birthday to you. Happy birthday, dear Tri-Hi-Y. Happy birthday to you." A most delightful evening was enjoyed Tuesday night by the Tri-Hi-Y girls, who met at the home of Beverley Fraser to celebrate their sixth birthday.

After the delicious dinner of chicken, dressing, gravy, mashed potatoes, apple salad, cranberry salad, English peas, rolls, and hot tea, the girls gathered around the dining room table in a dimly lit room to make wishes and blow out the candles which topped the beautifully decorated cake. "Living for Jesus" was sung by the twenty-four members present. Margaret Olson, president, cut the cake.

A candle served as the light in the living room where the program was held. Geraldine Kendall gave the Scripture. Ellen Posey and Juanita Wiseman sang "I'm Sure I Shall Not Pass Again This Way." Margaret Barrett then explained the cake. Each of the six candles represented developments of one who is growing older. They were: "Growing Up," "Tolerance," "Initiative," "Dependability," "Education," and "Following Christ" given by Nona Deen Rose, Beverley Fraser, Phyllis Radovich, Marcella Blue, Lonidene Martin, and Marie Compton, respectively.

Margaret Olson led the group in prayer followed with a lighting of white candles, which each girl held. The candles represented the purity and light which a Christian can give to a dark and dreary world. "I Would Be True" was sung. The Tri-Hi-Y benediction closed the program.

## Jrs. Set Banquet Date

Shhh—It's a secret! What's a secret? Oh, you mean you haven't heard? Well, get set for the big surprise.

The date, March 18, has been set for the annual Junior-Senior banquet. Christine Smith, president, appointed all the committees necessary to take care of the plans for the banquet.

The reason that the Juniors were able to promote these plans was that the show, "My Sister Eileen," netted them about forty-five dollars, which "upped" the class treasury a great deal.

As the plans are still in the infant stages, the outcome of the affair is unpredictable, but it's bound to be good (so say the Juniors). This is all supposed to be a secret, so don't say a word about it to the Seniors.

## Central Chatter

Since mid-term has rolled around and we got our report cards last Friday, Central is all decked out with new reporters and citizenship clubs.

The reporters are:  
Editor-in-chief—Cecilia Guezman.

8A—Beverley Barkley.  
8B—Anne Morgan.  
8C—David Miller.  
7A—Patsy Ann Slagle.  
6B—Mary Helen McGilvary.  
6A—Caren Conklin.  
5A—Betty Shockley.  
5B—Bobbie Jane Sisk.

There has been a climate around Central as if Old North Wind thought we were Admiral Byrds or something. We have been moving around the building trying to get away from the cold. On Tuesday and Wednesday mornings the temperatures in the different rooms were: Burkett, 50 degrees; Fullingim, 50 degrees; Jackson, Sizzling; Evans, 45 degrees; Wheat, 50 degrees.

Perhaps the cold was a good thing as a good bit of home talent was discovered. We were entertained by a very good trio; they were Louise Young, alto; Betty Morrow and Betty K. Hodges, soprano. They sang "A Little Dutch Kindergarten." Eleven young ladies sang a request number, "Daisy." Only they sang it to Roger Corbett and Harry Snelson as payment for requesting them to sing. The boys got up and with one singer from each room congregated in the auditorium and rendered the chorus of "Clementine" very unmusically, and with enough discord that everyone cried for cotten. Billie Ray Johnson sang "White Christmas," and the second time all the class sang.

## Emmons Resigns

All the high school students and faculty are very reluctant about Mr. W. M. Emmons' leaving. The Senior class will especially miss him because he was one of the sponsors of the class; also, the football boys who have had him for their assistant coach this year.

Mr. Emmons had been sponsor of the Senior class of 1942 since they entered high school. He taught agriculture courses and also sponsored the F. F. A. In the future Mr. Emmons will be located in the County Court House everyday instead of dear old H. H. S. He is going to work for the Soil Conservation for Deaf Smith county. He will contact farmers and write agreements for their farms.

Besides working so splendidly with the football boys this year and helping them to win the bi-district championship, Mr. Emmons has been a real "pal" to all the students. The students and faculty will always remember him as a great teacher, and they all join in wishing him the best of luck in his new work and hope he will not forget his days in teaching at Hereford High School.

en boys there, three of them were late. It had been planned to get ready for the induction service, but it had to be postponed.

A round-table discussion on the problems of choosing our careers and following these careers took place instead of the scheduled meeting. Mr. Hudson gave the principal kinds of vocations and named several under each. The group adjourned with the Hi-Y Benediction.

For the first time the fathers were invited. Those fathers attending the banquet were: Mr. Jim Robinson, Wiley Roberson, W. H. Russell, Virgil Merrill, Arthur Brock, Elmer Dameron, Paul Rudd, Lee Hopson, Henry Williamson, Otto Olson, D. C. Kinsey, A. D. London, Louie Olson, A. L. Manjeot. Others attending the banquet, including special guests, football boys and their dates were: Mr. and Mrs. Knox Kinard, Mr. and Mrs. W. M. Emmons, Mr. and Mrs. H. V. Stanton, Mr. and Mrs. G. M. Hudson, Mr. and Mrs. Ralph Smith, Mr. and Mrs. S. P. Rossen, Reverend and Mrs. Jimmie Aiken, Mr. and Mrs. Alex Thompson, Dr. and Mrs. R. R. Wilks, Mr. and Mrs. Jimmie Gillentine, Miss Alma Hall, Miss Lois McCaslin, and Reverend Marvin Boyd, Billy Dameron, Lee Etta Hopson, Paul Dishman, Arline Millard, Carl Hennington, Naomi Brumley, Foster Hill, Carlie Rae Frye, Teddy Higgins, Cornelia Hamilton, V. C. Hopson, Dorothy Williams, Earl Hussey, Carl Johnson, Billy London, Helen Acker, Lloyd Manjeot, Ellen Posey, J. W. J. Clark, Betty Morton, and Bruce Smith.

A box was packed by the boys and mothers to send to Clyde Brock, a player who is already serving in the Navy.

## Four Students Named on "A" Honor Roll; Twenty-five Listed On Low

### Only Two Central Students Make 'A' Honor Roll

Of all the students at Central, only two are named on the high honor roll. They are Colline Brown, in the fourth grade, and Rueben Knox, in the seventh grade. There are, however, 63 students on the low honor roll.

Those from the fourth grade are: Edward Lee Barnes, Tommy Jim Carter, Bobby Morgan, Jack Stanton, Gene Walker, Reece Whittington, A. L. Williams, Mary Kathryn Boyd, Mary Harrison, Nelda Guy Lawrence, Billy Don Engman, Pat Kerr, Wayne Lady, Orin Teed, Dwayne Walker, Nan Buckner, Patsy Ann Dunlap, Teddy Jo Christoph, Kenneth Jene Carroll, Martha Jane Smith, and Dolores Westler.

Those from the fifth grade are: Reba Jones, Joe Hershney, Joe Edgar Kerr, Joyce Weaver, Pat Corbett, Alex J. Schroeter, Marilyn Craner, Kathryn Davis, Audrey Hood, Emmaie Turner, and Alma Fay Knox.

Those from the sixth grade are: William Earl Barnes, Conrad Clark, Grady Poff, Mary Kathryn Carroll, Jo Ann Witherspoon, John Higgins, Lawrence Owen, Caren Conklin, Frankie Fore, and Eileen Joiner.

Those from the seventh grade are: Patsy Slagle, Sammy Hershney, Oliver Streu, Barbara Boyd, Lucille Bridges, Jo Anne Jett, Mary Helen McGilvary, and Merle Turner.

Those from the eighth grade are: James Ellis Higgins, Ouida Hudson, Beverley Barkley, Duane Foster, Bob Millard, Anne Morgan, Jewel Rudd, Beth Scott, Jeareen Sowel, Sue Walker, Louise Young, Viola Beckman and Elizabeth Cocanougher.

Either the teachers are becoming more generous or the students are becoming more studious (we prefer to think the latter is right), for there are four students on the high honor roll the third six-weeks in contrast to only one the two previous six-weeks. There are 25 students on the low honor roll.

Carrying the colors for the Freshman, Madelle Beavers and Jesse Ann Buckner are on the high honor roll. Representing the Sophomores in this same capacity is Lonidene Martin (for three consecutive times). Ruth Tucker is the only Junior on the high honor roll. The Seniors have no one on the high honor roll.

Those on the low honor roll are: Freshmen: Joe Bishop, Paul Orr, Peggy Barnard, Charlene Davis, Ruth Moreman, Maile Williams, and Jackie Wright. Sophomores: Carl Hennington, V. C. Hopson, Billy London, Delmo Williams, Marcella Blue, Naomi Brumley, Betty June Euler, Verla Funk, and Juanita Upton. Juniors: G. P. Owen, Kathryn Acker, and Christine Smith. Seniors: Billy Dameron, Mary Ann Acker, Margaret Barrett, Marie Compton, Ella Mae Parsons, and Nona Deen Rose.

The Sophomore girls were: Rosella Albracht, Juanita Upton. The boys were: Lloyd Manjeot, Charles Cooper, Lyle Fluit and V. C. Hopson.

The Junior girls were: Marie Moreman, Fern Pittman, Ruth Tucker and Mary Ruth Russell. The boys were: Edward Young, Lloyd Olson and John David Dowell.

The Senior girls were: Jewell Clark, Carlie Rae Frye, Robina Culppepper and Marian Plummer. The boys were: John Douglas Pittman, Billy Hutson, Kenneth Rudd and J. W. Merrill.

## Judges Select Pupils Deemed Most Courteous

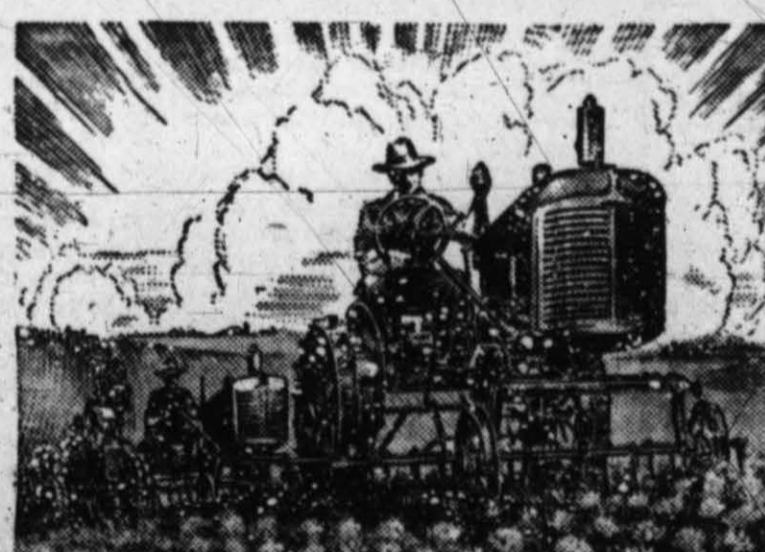

Again the judges have selected students, who in their opinion, are outstanding for courtesy.

The Freshman who were considered most courteous for this six weeks were: Dorothy Williams, Jackie Wright, Helen Tucker and Peggy Barnard. The boys were Bob Miller, Joe Bishop, Bobby Carnahan and Paul Orr.

## KEEP UP THE GOOD WORK

## Congratulations to Farmers Who Work With Uncle Sam on Food for Freedom!

Overalls are as much a fighter's uniform as navy blue or olive drab these days, with the American Farmers all enlisted as one man in the production of the Food For Freedom that is keeping our boys in the field and our civilians strong and healthy at their jobs!

All of us want to see this miracle of food production go on, but we know it often requires help from the background—financial help. We are anxious to aid the farmers and growers in any way possible toward their goals so that we may achieve VICTORY!

# Machinery Quota Vetos High Production Aim

Presenting forcefully one of the main problems of farmers of this territory—that of increasing production while the tools of production have been almost entirely cut off—was presented this week in a letter mailed by the Hereford Chamber of Commerce to state, national and local government officials and administrators of the farm and war program.

Letters were mailed to Congressmen Eugene Worley, Sam Rayburn, and Geo. H. Mahon; Senators Tom Connally and W. Lee O'Daniel; Secretary of Agriculture Claude R. Wickard and Assistant Secretary Grover B. Hill; Judge Marvin Jones, now a special assistant to Secretary Wickard; N. E. Gass, chairman of county war board; A. R. Bateman, county agent; Governor Coke R. Stevenson, Rep. Jack Little and State Senator Grady Hazlewood; The Hereford Brand and the West Texas Chamber of Commerce.

The letter follows:  
January 20, 1943

We take this privilege of writing to you in the interests of our nation and of its people. This letter is in regard to the farm machinery quotas in the face of increased commodity production. Apparently the American farmer is being asked to do the impossible, and we feel that you should know the circumstances.

As you are well aware, our Government has called on the American farmer to exert every effort toward producing more food; foods vital for the promotion of our war aims and those we are associated with in this all-out world struggle for freedom. Our farmers, to the last man, were willing and are still willing, yes, anxious. They want to help win the war—they are patriotic—they will come as near the goals set for them as is humanly possible. Farmers of this area can double and treble production of many of the most essential foods in which our nation is deficient, but right here comes the big question. The entire farm program is mechanized with barely enough of old farm machinery to complete the 1942 program, much less to meet increased production in the year 1943.

They feel that to increase production they must be allowed to buy the additional farm equipment to meet the necessary increase in food supplies. We have discussed the matter with our local farm board, which has the responsibility of allowing priorities for the purchase of necessary farm machinery, and they tell us that their hands are tied—that notification of county quota for 1943 furnished by State AAA Office for farm machinery and equipment limits and specifies the quantity for which they will be permitted to OK orders.

A copy of notification of county quota 1943 is attached.

We believe food, as one of the major weapons that will assist us in winning the war, is as important as airplanes, tanks,

## Frequency Of Inspection Periods Down

Pointing out that the staggered schedule of tire inspection periods will avoid overlapping and greatly relieve the inspection load on official tire inspection stations, E. H. Norton, chairman of the county war price and rationing board this week pointed out that not only have deadline dates been postponed, but the frequency of inspection periods has been reduced.

Holders of "A" books must now have their first tire inspection by Mar. 31, 1943, with subsequent inspection during every six months period thereafter (i. e., Sept. 30, 1943, Mar. 31, 1944, etc.) The minimum time between inspections for tires of "A" card holders is 90 days.

Holders of "B" books must have first inspection by Feb. 28, 1943, subsequent inspections every four month period thereafter. The minimum time between inspections, 60 days.

For "C" or bulk type rations the first inspection deadline is Feb. 28, 1943, subsequent inspection every three month period thereafter; minimum time between inspections, 45 days.

All car owners are reminded that they do not have to wait for the deadline date to get tires inspected and that after the first inspection, they can have subsequent inspections at any time within the ensuing period designated for their particular type ration book, provided they observe the re-

Origin of the fire is unknown, Mr. Gass stated yesterday, adding that as late as Tuesday night flames were still smoldering in some of the grain bins. A barn buried to the ground and principal loss was in wheat, other grain and cattle feed which was stored in the barn and in storage bins on the place. Some combine canvases and other equipment was also destroyed.

Though an alarm was turned in, the fire had made great headway before fire fighting equipment arrived at the scene and nothing was saved.

No insurance was carried on the property.

An idle, sleeping War Stamp album is a war casualty. "Say Yes" this month to the Treasury's plea to fill up that album this month and get a War Bond.

Buy War Stamps for your album but convert them into a War Bond as soon as possible.
