## Retail Training Courses Will Meet Wartime Personnel Needs

### Around Town

Sights and Faces Seen

Hereford banks will be closed Saturday, Aug. 22, Election Day.

Miss Edah Park left last week for Denver where she will be employed by an investment company. Miss Park, who has worked for several years at the First National Bank here, had been on a leave of absence and spent some time in Denver, where the climate benefitted her health.

Looks natural to see Lois Stander back at Bess Jennings's Beauty Shop. Lois arrived Sunday from Dallas, where she has been working as a beauty operator.

Inez Miller, who has been working as bookkeeper at the Hereford Potato Growers Association this summer, left Sunday for Dumas, where she will work in a war industry. Now working at the Hereford potato warehouse office are Nanette Little, Mrs. O. T. Bailey and Mrs. Jim Baker.

Faye Crosthwait, who returned recently from Lubbock, is now working as secretary at the Lee W. Stewart potato warehouse.

Dyalthisa Brady is back at work at the county welfare office this week after spending a vacation. "Just resting"—and visiting her parents, Mr. and Mrs. W. M. Stovall, at Nara Vista, N. M. Incidentally, Dy has an awful story about that proverbial fish that "got away"—which ought to convince anyone that needed convincing that the channel cat she caught was just a lucky accident.

### Burned Building The Property of Ray Coneway

The Brand wishes to correct an impression left in the story of the fire at the Close Chemical Plant last week that the building itself belonged to H. A. Close. The building belonged to Ray Coneway and only the equipment and chemical supplies were the property of Mr. Close.

### Father of G. W. Newsom Dies At Meadville, Mo.

Funeral services are being held this afternoon at 2:30 o'clock at Meadville, Mo., for J. A. Newsom, 76 years old, father of G. W. Newsom of Hereford. Mr. and Mrs. G. W. Newsom left last Wednesday when notified of the serious illness of Mr. Newsom's father who had suffered a heart attack. Death occurred Tuesday.

### Laymen Enjoy Talk By Abilene Speaker

Laymen of the Methodist, Presbyterian, Baptist and Christian Churches last Wednesday night enjoyed an address by Louis Ackers of Abilene who used as his theme the experience of Moses by the burning bush and drew some valuable lessons from the Biblical happening and from his own experience. Mr. Ackers, a rancher of long experience, is known throughout the state and nation as an outstanding leader among laymen of the Christian Churches. He has spoken at national conventions of the Christian Church and served a few years ago as president of the state convention. The churches of Abilene and surrounding territory have been stimulated to increased activity by the work of Mr. Ackers.

### Band Practice Starts Tonight For Sr. Band

Practice for the senior band will be held tonight at 8:30 at the high school auditorium. Ralph Smith, director, announced today that practice will be held at the same hour on Tuesday and Thursday nights until the start of school. Any ex-students or adults who desire to practice with the band are invited to come out.

Hereford merchants and retail employees have shown keen interest this week in the series of retail training courses which started last night and will be held each Monday and Wednesday nights at Room 11, Hereford High School, where J. P. Williamson of the University of Texas retail training division will be in charge of the classes.

War-time training courses to be stressed by Mr. Williamson will include:

War-time emergency training for new store workers—a part-time employment replacement training program to provide trained workers to replace those who have entered military service or gone into defense industries.

Special wartime training for inexperienced store employees—to familiarize them with the war regulations and adjustments affecting the sale of merchandise and the maintenance of morale.

A training program for store supervisors and department heads and store managers to assist them in the induction and in-service training of new employees and to train experienced persons to serve customers in wartime.

At the first meeting Wednesday night Mr. Williamson stressed the importance of each salesperson's job during wartime and the need for special training to meet new problems.

All retail store employees are invited to attend the next meeting of the class on Monday, Aug. 24.

**Sales School For Women**  
Another feature of the sales school, sponsored here by the public schools and the chamber of commerce in connection with the University of Texas, division of extension, is the proposed

### Louise Hamm Completes Work for M. A. At Texas

Miss Louise Hamm, daughter of Mr. and Mrs. G. H. Hamm of Hereford, this summer completed her work for an M. A. degree at the University of Texas, where she has been doing advanced work in English for the past three summers.

An honor student at Hereford High School, Miss Hamm also did outstanding scholastic work at W. T. S. C., where she graduated in 1938. She has been teaching in Quanah High School for the past four years.

### Bogle New Storage Inspector For AAA

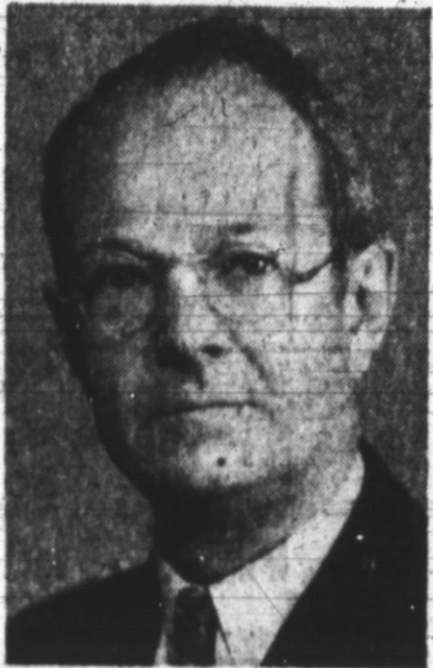

In an effort to speed up local work on government farm loans, the Deaf Smith County AAA office this week announced that one other storage inspector had been hired and that a man is now on hand at the county office to go out with farmers who will furnish transportation to and from their storage bins.

Claude L. Bogle is the new farm storage inspector and will work in the northwest part of the county.

Dean Dunlap of the county office force is ready to inspect bins for farmers who will come by for him at the AAA office, and T. P. McCollister, regular storage inspector, is going forward with his work as rapidly as possible.

Prospects now are for fairly rapid completion of the inspection of farm stored wheat, with work on about 1,000 loans already completed.

### Leads Singing

S. W. Hutton of Fort Worth who will lead the singing at the revival meeting which starts Sunday morning at the Hereford Christian Church.

### Revival Starts Sunday Morning

Special evangelistic services will be held at the Christian Church beginning next Sunday morning, August 23, and closing Sunday night, Sept. 6. Rev. H. M. Redford, pastor, announced today, stating that services will be held each night at 8:45 o'clock except on Saturday.

Lester B. Rickman, pastor of the Christian Church at Plainview, will be the speaker and S. W. Hutton of Texas Christian University at Fort Worth will lead the singing.

"Both these men bring to Hereford a rich background of scholarly training and practical experience," Mr. Redford says. Mr. Rickman received his B. A. and B. D. degrees at T. C. U. and holds an M. A. degree from the University of Chicago. He has held important pastorates in Montana, Colorado and Texas.

Mr. Hutton has a B. D. degree from T. C. U. and has done graduate work at Boston University and the University of Chicago. For 16 years he was connected with the national headquarters of the Disciples of Christ Brotherhood in the department of religious education. For the past 12 years he has been professor of worship at T. C. U. He is the author of a book, "Guidesposts on Worship Highways," soon to be released.

### John Douglas Pitman Breaks Arm In Fall

John Douglas Pitman, son of Mr. and Mrs. J. A. Pitman, received a broken arm Thursday when the horse he was riding tried to jump a fence.

The accident occurred at the Pitman ranch 20 miles west of Hereford and John Douglas was brought to the hospital here immediately. He is home again now and hopes to get that arm out of the sling by the time school starts. He is a senior in Hereford High School.

## Sign Salvage Pledge Card And Deliver Junk Aug. 29

About 40 Deaf Smith County men and women went out this morning to make a thorough salvage canvass of the county in an effort to bring in a 100 per cent response to the government's request for an effective "Junk Round-Up" by August 29.

Armed with salvage pledge cards, the volunteer workers have tried to see every farmer and get him to sign a pledge to comb his premises for every available bit of scrap metal, rubber and other salvage materials needed to win the war.

Members of the county salvage committee, Urllin Streu, A. J. Schroeter, Alex Bateman and Leonard Foster report a good response to the request for a mass meeting last Saturday afternoon, when plans for the salvage drive were revealed.

"There is plenty of scrap metal in Deaf Smith County to give Tokyo something to remember

## Two Races High In Interest At Run-Off

### Members Vote For New C of C Directorate

Election of new directors of the Hereford Chamber of Commerce will take place in September and members are asked to mark the ballots recently mailed to them and return to the Chamber of Commerce office by August 25 if possible.

Fourteen names have been submitted to the Chamber of Commerce members, who are asked to pick seven directors from the list. After the directors meet, they will organize and choose their own officers.

The nominating committee has chosen the following candidates: Woodrow Ireland, Meade Halle, Chas. Hardwick, R. L. Craner, T. W. Alderson, H. M. Redford, Troy Moore, Harry Danforth, Grant Fuller, Robert L. Thompson, Carl McCaslin, R. J. Richardson, W. L. Davis and W. F. Gillis. Chamber of Commerce Secretary E. B. Posey emphasizes that members are supposed to check SEVEN of these names, stating that some ballots already turned in have been marked wrong, with the result that judges can not tell for whom the member intended to vote.

Present directors are W. E. Dameron, Robert L. Thompson, C. C. Acker, Geo. W. Brunley, N. E. Gass, Grant Fuller and Troy Moore.

### Last Union Service Held Sunday Night

Last of the summer Sunday evening union services was held last Sunday night at the Christian Church, but members of the Methodist and Presbyterian Churches will join the Christian Church next Sunday night on the first evening program of the two-week Christian revival.

Outstanding has been the work of Hereford young people in insuring the success of the union meetings. In addition to a full program of study and social activities, the young people have provided a choir for the regular worship services.

Social activities have included ice cream socials, lawn parties, hay rides and boating on Buffalo Lake.

**Banquet Friday Night**  
To close the summer's activities the young people will have a formal banquet at the Christian Church tomorrow night, Aug. 21, at 8:30 o'clock, when honor or guests will be Hereford youths who will leave soon for college.

Tickets cost 25 cents and may be purchased from Lillye London, Nadyne Newell or Clifton Cox. Sales close tonight and any persons who wish to attend are urged to buy the tickets immediately.

### Disposition of 1942 Wheat Crop Is Still A Matter for "Guesstimates"

#### Bond Sales Good For First Half Month

Bond sales in Deaf Smith County for the first half of August amounted to \$16,850, J. C. Ricketts, chairman of the county bond sales committee said today.

Total bond and stamp sales for the year now amount to \$224,127.35, Mr. Ricketts said, pointing out that if the total yearly quota has not been changed this figure is about \$76,000 short of the goal. However, bond quotas now appear to be on a monthly basis, and the 1942 quota may have been changed, Mr. Ricketts says.

### Camp Job Still In First Stages

No further contracts had been let this week on the federal prison camp southwest of Hereford and the only work now in progress is the digging of sewer and water lines. No information could be received on the probable starting date for actual construction, though it is fairly certain to be sometime after the first of September, when the job will be well-started and ready to be rushed to a finish.

At present applications are well ahead of the need for labor on the camp job, but the lag between applications and jobs is expected to be taken up sharply when construction starts.

### Lowther Sale Set For Next Thursday, Aug. 27

One of the most complete sets of farm equipment in the county will go on sale next Thursday afternoon, Aug. 27, at 1:30 o'clock when A. Lowther, who has recently sold his farm three miles southwest of Hereford, offers his livestock, machinery and other farm equipment at public auction.

A good selection of milk cows will be featured as well as some good farm machinery and shop supplies and several items of household equipment. A complete list of the offerings is to be seen in an advertisement on another page of the Brand.

Lloyd Otten is auctioneer and Ray Barber is sales manager for the auction.

Mr. Lowther's farm is three miles southwest of Hereford on Highway 60. The house is on the right-hand side of the road.

Complete figures on 1942 wheat production in Deaf Smith County may never be available because much wheat has been stored or sold at elevators in nearby communities of Black, Friona, Dimmitt and Adrian; but estimates this week placed the yield at around six million bushels. F. G. Collier of the county AAA office, who filled in an estimate sheet on the percentage of stored and sold wheat, stated that estimates for the total yield varied from 5 1-2 to 7 million bushels.

Accurate figures on farm-stored wheat will be available soon, as work is now going forward on the measurement of storage bins, but the temporary estimate is that about 45 per cent of the crop is still on the farms, with approximately 39 per cent in storage approved for a farm loan, one per cent in storage not approved for a loan and perhaps five per cent piled on the ground.

Moved off the farms but not sold has been something like 35 per cent of the 1942 crop, of which 25 per cent is in some sort of commercial storage, and ten per cent in temporary storage.

About 20 per cent of the crop has been sold, Collier said, emphasizing, however, that all figures submitted are purely estimates.

The six million bushel crop figure is based on an average yield of slightly more than 20 bushels to the acre, which most warehousemen agree is a fairly conservative estimate for this year's crop.

### Jack Nicks Leaves With "Sky-Busters" For Flight Training

Among the "Texas Plainsmen" Navy Air Squadron members who were entertained in Amarillo Monday night, was Jack Nicks of Hereford, son of Mr. and Mrs. Walker Nicks.

Following Monday night's banquet the "Sky-Busters" left for the University of Georgia and their three months' preliminary flight training. The 60 members of the squadron enlisted together, will take training as a single unit and possibly fight together after graduation, naval officers said. Attending the banquet from Hereford were Robert L. Thompson, representative of the Hereford Chamber of Commerce and Mr. and Mrs. Walker Nicks, Miss Mary Nicks, Miss Jonnie Estes and Jack Nicks.

Jack Estes Nicks has completed requirements for graduation at Texas Technological College in August, and will receive his degree in absentia. He will be awarded a bachelor of arts degree in journalism. While in Texas Tech he was active in campus activities and was a member of the college Press Association.

### Interest Rises In Nutrition Course

Twelve Hereford women have signed up for the Red Cross nutrition course, taught by Miss Sadie Lee Oliver, Red Cross officials announced this week, stating that interest is increasing rapidly in the classes which are held each Monday and Thursday night starting at 8 o'clock at the court house.

Persons taking the course are Mrs. O. H. Culpepper, Mrs. Forrest Minton, Mrs. Urllin Streu, Mrs. Clyde Ocanougher, Eloye Pitman, Mrs. Jimmie Gilentine, Mrs. John H. Olson, Mrs. Bob Wilson, Mrs. Bess Jennings, Mrs. Bill Hutson, Betty Roloson and Mrs. Altus Higgins.

Though late enrollment will require making up the lessons missed, some increase in the class size is still expected and visitors are welcome to attend the nutrition course at any time.

Several of the ladies taking the course are reviewing college work preparatory to taking a Red Cross cañcen course, which may be offered later.

Deaf Smith County voters will go to the polls Saturday to decide on candidates for one county post, four state offices and one district office in the Democratic run off primary.

Interest here centers on the run off for the county judge post in which L. H. Foster and Fred Baird are candidates and the local race, together with fever-pitch enthusiasm in the contest for United States senator will probably bring a voter turnout equal to the high vote set in the first primary.

James V. Alford and W. Lee O'Daniel were winding up their campaigns this week after touring the state in a grueling race to cop the democratic nomination for U. S. senator and political observers put the outcome of the contest as still a matter for guess work.

A complete list of candidates is found on the sample ballot on page 8 of the Brand.

Polling places are as follows: Precinct 1 and 2, courthouse. Precinct 3, J. A. Roe residence. Precinct 4, Zerrell Thomas residence.

Precinct 5, Fairview Schoolhouse.

Precinct 6, Ford Schoolhouse.

Precinct 7, Dawn Schoolhouse.

Precinct 8, Messenger Schoolhouse.

Precinct 9, Bippus Schoolhouse.

Precinct 10, Daniel Schoolhouse.

### Benefield Sale Features Machinery and Livestock

Because of the shortage of farm labor, H. L. and Mark Benefield are offering for sale a fine assortment of farm machinery and good livestock next Friday afternoon, Aug. 28, at the H. L. Benefield farm, 1 1/2 miles northeast of Hereford on Highway 60. Starting time is 1:30 o'clock.

Offerings are especially attractive at this time, the owners point out, because curtailed production is making it increasingly difficult to buy new machinery.

Lloyd Otten, auctioneer, and Ray Barber, sales manager, will be in charge.

### Tax Rates For 1942 Announced

Tax rates for 1942 for state, county and school districts were announced this week by Fred W. Baird, deputy in the office of tax assessor-collector J. O. Newell.

Rates for the state show a 17 cent increase over 1941 and county tax rates are down two cents from the 1941 figure.

Tax rates for 1942 follow:  
STATE  
State Revenue ..... 35  
State School ..... 35  
Confederate Pension ..... 07  
..... 75  
(The rate for 1941 was 58)

COUNTY:  
Jury Fund ..... 03  
Road and Bridge ..... 23  
General Fund ..... 25  
Gen. Improvements Fund ..... 06  
Hospital Maint. Fund ..... 12  
Hosp. Interest & Sinking ..... 04  
..... 73

(This compares with a 75 cent rate in 1941.)

District school tax rates will be the same as last year, Mr. Baird said, except at Dawn, where the rate was reduced from 85 to 75 cents.

Tax collections for 1942 will start in October.

### Three Employees Added At Engineer's Office

Personnel added to the U. S. Engineer's office here this week include A. C. Kellersberger, associate engineer, who comes here from Amarillo, and Misses Connie Jordan and Elyse Wilkins who will do stenographic work. Miss Jordan, formerly employed at the Popular Store in Hereford, worked at the Mechanics' Air School in Amarillo before accepting the position here.

Miss Wilkins was formerly employed by the DuPont Company at Fryer, Okla.

## Do You Remember?

August 27, 1902

"As a result of the war in progress between farmers and cattlemen near Whitehead last week, a mob took Rev. Johnson and John Swartzfall, two farmers, out and gave them a coat of tar and feathers and told them not to interfere with stock running at large hereafter." Higgin's News.

On the front page of The Brand that week was an advertisement of "Dobbins Big Double Uncle Tom's Cabin Company." Described as "the Barnum of them all," the company boasted "Washburns pack of genuine bloodhounds" as stars.

Albert Linz, Dallas jeweler, was in Hereford with a fine line of diamonds which he had on display at Gough Jewelry Store.

Born, to Mr. and Mrs. J. D. Burkett, a boy, Sunday, Aug. 17.

T. A. Cox, John Boyd, William Twyman, W. R. Evans and G. W. Irwin attended a branding at the HO 2 Ranch in Castro County.

Miss Mina Dameron was hostess at a party in honor of Miss Julia Martin of Childress.

A. J. Lipscomb left Sunday for St. Louis, where he will purchase fall and winter stock for the Hereford Mercantile Company.

Rat and Conner Jowell, recent purchasers of the Hereford House, leased their property to Mrs. R. B. Daniel of Era, who would be assisted in the management by her son, R. A. Daniel.

# Bomb 'em with JUNK

JUNK NEEDED FOR WAR  
Scrap Iron and Steel

Needed for all tanks and parts of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

Other Metals—Rubber—Rags—Manila Rope—Burlap Bags

Needed for making bombs, fuses, binoculars, planes, tires for jeeps, gas masks, barrage balloons, wiping rags for guns; parachute flares; insulation for electric wiring.

WASTE COOKING FATS—When you get a pound or more, strain into a large tin can and sell to your meat dealer. NEEDED ONLY IN CERTAIN LOCALITIES—Waste paper and tin cans—needed only in certain areas, as announced locally. NOT NEEDED (at this time)—Razor blades—glass.

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee . . . If you live on a farm, and have found no means of disposing of your junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

Dadgum these vacations any way, a fellow talks and thinks and sleeps fishing in the Mountains for three months, then starts getting ready, drags out the old camp lantern, camp stove, tent, bedding, coffee pot and the same old skillet that he has hauled around for ten years, borrows a couple of extra fly rods and reels, takes an extra pair of boots, enough clothes to clothe a company of soldiers, and enough grub to feed the same company, goes down and buys enough flies to feed all the fish in Colorado or Mexico, buys a couple of gas books on credit, takes all the cash he can get together, has his car washed and greased and filled up on credit, stays awake all night so he can get an early start and at the break of dawn he tears out with a light heart and an honest belief that he is going to catch a car load of fish a lot easier than he can jerk them out of the Tierra Blanco. Drives six hundred miles and almost burns down, don't even stop to eat, finally gets to the spot and can't find a place to put up his tent, can't get a cabin for love or money but that doesn't stop him, he just laughs in his good natured way and says, well we will just sleep in the car and wait

for a cabin, next day he gets this much desired cabin with two windows and one door for \$2.50 a day, has a wood stove, oil lamp, sorter of a kitchen cabinet and a small table with three chairs, I mean straight ones, and a lot of times this cabin has a front porch on it, he gets this cabin late in the afternoon and decides to get up early next morning and start pulling the fish out; brings in the wood goes two miles after a pair of water, right up a mountain side, has to stop and rest four or five times before he gets back to the house, makes a couple of cups of coffee and the blamed bucket is empty, anyway he jumps out of bed next morning and shivers in almost zero weather trying to start this wood fire, burns up all the paper on the place and finally gets mad and dashes all the coal oil on the wood, but soon breakfast is over and he strings up his rod and hurries to the creek, after stopping a few times to get his breath he makes it to the water and slips and slides down to where he can start casting, works and wheezes, hangs his fly in a tree or bush forty or fifty times, finally gets hung up in the rocks and breaks his leader, puts on new leader and flies and then it happens, WHAM and you got one, he plays him around and boy oh boy, what a fight. Man this is worth the whole trip, he finally gets him out and man what a beauty, the gamest thing that ever swam in water, and every bit of 9 inches long, fishes to the shank of the evening goes in with four of those beauties, meets another fisherman from the same camp and he has one really whopper 11 inches but this old boy doesn't care cause he will get a bigger one tomorrow, and on and on it goes until he gets in bad company and they frame a trip 6 or 8

miles up on top horse back, gets up at dawn and crawls on a horse should have been a cow as far as riding's concerned and boy it is so cold your teeth chatter but by the time you ride the 8 miles up, everything is chattering. Some fall off and some have to be pulled off, fish a couple of hours, catch a couple of fish and swear you lost some really good ones and it is time to start home, man that trip home is really punishment, if our convicts had to suffer as much as this old boy did coming down that 8 miles of mountain, they would clean out the state Capitol in 30 days and when he gets to his cabin kind and willing hands lift him gently off his horse and assist him to one of those straight back chairs. Boy you couldn't lay your finger on a spot on him that wasn't sore, and some spots he couldn't stand for you to lay your finger and besides it might not be nice. Next morning he loads up and wonders where all the stuff came from. He has more to bring back than he started with. After a long drive he arrives home, takes back all he borrowed, takes a bath and falls in bed, gets out of bed some way next morning, finds he has lost 14 pounds, and comes to town just as near dead as he can be to be on his feet, meets some friends and starts telling lies about what a swell time he had and how good he feels and the truth is, the poor devil needs a real vacation to get over his vacation more than any one in town, but the meat head will do it again next year.

That is where this poor sap, Jimmie, is and I hope he gets a horse nearly as rough as the one I had, cause I had the roughest one.

# Co-operate to Win the War --- and a Lasting Peace! Vote for JAMES V. ALLRED, Our Candidate for Senator !!

## THE WAR PROGRAM

Jimmie Allred promises complete co-operation with the government's war program and with the plans for a permanent peace. Jimmie Allred will NEVER identify himself with the group of Senate OBSTRUCTIONISTS who have blocked passage of war measures, and who have hindered the war effort in every way possible.

## VOTE

SATURDAY, AUGUST 22nd

## DOMESTIC ISSUES

Jimmie Allred favors FULL PARITY for agricultural products, based on consideration of rising costs of production. He is opposed to the unfair labor practices. Jimmie Allred outlawed bit-down strikes in Texas. He is in favor of social legislation. As governor he helped pass the first Pension Bill.

## LET'S CHOOSE A TEXAN WITH REAL TEXAS IDEAS AS OUR SENATOR!

### Let's Cook Something

There isn't anything that peps you up like giving a party. Just being able to extend the hospitality of your home to friends does something for you. Of course just now no one is interested in large parties or elaborate affairs but informal get-togethers now and then can do a lot to keep the home fires burning till victory comes.

Here are two recipes that go hand-in-hand for little friendship parties or for the family. Mrs. A. L. Manjot gives you both of them and they are both typical wartime concoctions, both completely "up to" nutrition demands.

#### SUGARLESS ICE CREAM

- 24 Marshmallows
- 2 cups sweet milk
- juice of 1 lemon
- 1 teaspoon grated lemon rind
- 1 cup whipping cream
- 2 eggs

Pour milk over marshmallows and heat together until marshmallows are dissolved. Remove from fire and add the eggs which have been well beaten. When the mixture is cool add the lemon juice and rind, then fold in the stiffly whipped cream. Pour into refrigerator trays and allow to freeze. Do not stir.

One cup of fresh fruit crushed and sweetened, may be used in place of the lemon. It is especially good with frozen strawberries.

#### FUDGE SQUARES

(These fudge squares make an ideal accompaniment for the ice cream.)

- 1-2 cup shortening
- 1-2 cup sugar
- 1-2 cup white Karo syrup
- 2 squares unsweetened chocolate
- 2 eggs
- 1 cup flour
- 1 cup broken pecans
- 1 teaspoon vanilla

Cream sugar and butter together and add syrup gradually, beating mixture well. Add well beaten eggs and melted chocolate. Add the flour gradually, add the vanilla and pour in the pecans. Pour into a 10x12 baking pan and bake in moderate oven 20 or 30 minutes. Cut in squares when cool.

# LAD WISES DAD!

**MOTHER:** Now, Bob, blow out the candles, dear . . . sixteen of them this year!  
**BOB:** Gee, Mom, that's a swell cake! See, I blew them all out. Can I wish now?  
**SISTER:** Here it comes! . . . He wants to drive the car!  
**FATHER:** Well, he's the age for a junior license. Bob, if you'll take some responsibility for the car—in stretching out its life—I'll say "Yes."  
**BOB:** Fine, Dad . . . I've already started. I stopped at that Conoco Mileage Merchant's station this morning to get air in my bike tires, and the station man gave me this book.  
**FATHER:** Let's see. M-m-m . . . "INTO THE VALLEY OF DEATH." Interesting. In a certified test of six cars run-to-destruction, Conoco N<sup>th</sup> oil lasted over 13,000 miles—more than twice the mileage averaged by five other big-name oils.  
**BOB:** And look, Dad, about this ORFLATING. Gee!—lubricant really sort of bonded to inner engine parts!  
**FATHER:** You win, Bob. Conoco N<sup>th</sup> can make the car give us the years of service we've got to have now.

You'll win if you get in touch with Your Conoco Mileage Merchant. Today, get Conoco N<sup>th</sup> motor oil. Continental Oil Co.

## Crack Teams Man Anti-Aircraft Guns

Skyway defenses of the easternmost South American gateway to the Panama Canal are protected by anti-aircraft guns manned by crack teams of American soldiers, in Trinidad.

## Friendly Spirit of Small Town Lost When City Booms

Austin—What happens to a small town and its people when, almost overnight, the village becomes a city? That question is at least partially answered by a study made of a defense boom town by the department of sociology at the University of Texas. Under the direction of Dr. Harry Moore, professor of sociology, a study has been made of Bastrop during the period of construction of Camp Swift, vast new army base in Central Texas.

"The friendly spirit of a town where everybody knew everybody else is inevitably lost," reports Harold Garfinkel, research assistant. "Local customers, for instance, seemed to realize for the first time that their friends, the merchants, were in business to make money."

Long-time residents of Bastrop were in the habit of dropping in on a store, talking to the merchant for a while, and then perhaps walking out without buying anything. With a "boom" on, merchants were too busy for talk during working hours.

The major change, then, so far as the people were concerned, was a growing trend toward impersonal relations. Garfinkel declared. The social life of the town, once a very important thing, was neglected. Bridal parties, teas, and other such functions were almost forgotten for Bastrop housewives were too busy. They were turning their spare rooms over to boarders, and many of them were doing all their own housework, because domestic help had flocked to the camp, where wages were higher.

"There was little contact between the old residents of Bastrop and the transient construction workers," Garfinkel said. "The transients were there to do a job, and they had no interest outside that job. They took little or no part in church activities, and none whatever in civic affairs."

Mall from outside was an obsession with the construction workers, the sociologist found. The postmaster reported that they stood in line before the window opened, and rapped on the doors after the office was closed. They waited for an hour or longer for mail they didn't have, and called for it between trains.

"Now that the construction workers are gone, it still seems unlikely that Bastrop can, in every way revert to its former free-and-easy, leisurely pace," Garfinkel said.

## American War Effort Shown In Movie Short

American industry has received and is now working on the biggest order ever placed. The order is labeled "Preserve Democracy," specifications are, "Out-produce the Axis aggressors." One other label appears on the order—"Rush!"

How government, management and labor are setting aside their differences and pitching in to do the job in the shortest possible time is now to be seen on the screen in a Metro-Goldwyn-Mayer two-reel short, "Main Street On the March!" coming to the Texas Theatre next Sunday, Monday and Tuesday on a bill which also includes "True to the Army."

Narrated by John Nesbitt, the film shows how in September, 1939, when German armies invaded Poland and found themselves at war with England, America first began to realize that she must prepare her defenses. But it was not until the spring of 1940, when the Wehrmacht rolled through the Low Countries and smashed the huge but impotent French army, that speed became the order of the day for American industry.

Now, when war has finally come to the United States, American industry is rapidly approaching its productive peak. To describe what has already been accomplished and what remains to be done before victory can be assured William S. Knudsen, director-general of OPM, appears in the film and delivers a factual report on the immediate tasks of his office, which, he says, can only be successfully completed with the cooperation of every person in the nation. Chief of Staff of the U. S. Army, Gen. Geo. C. Marshall, and Admiral Harold R. Stark, Chief of Naval Operations, also appear to describe the present state of their respective commands.

## Hitch Hiker Sign May Mean A Flat Tire

Austin.—The old familiar hitch hiker sign—four fingers closed and thumb up—may have a new meaning when the educational campaign for drivers just launched by Texas Motor Transportation Association gets underway.

Instead of indicating that the driver wants you to slow down and give him a lift, a passing motorist who leans out of his car and gives you this signal

Alton Fraser, Mrs. Seth B. Holman, Miss Eloise Pitman, E. B. Hedrick and his brother, Gilbert Hedrick of Dallas, and the hosts.

## Suit Dresses

"Suit dresses" that look like driving on a partially flat tire. Following suggestions of conservation conscious members who have been giving thought to every angle of tire-salage, the association has endorsed this plan and hopes to make the custom universal, not only for the duration but for peacetime as well.

Roughly speaking, the procedure is for all motorists to keep a weather eye out for tires on the vehicle just ahead—whether it be truck or passenger car—and if there is indication of a partially flat tire, make it a point to pass such car when it can be safely done, followed by the "hitch hiker" signal which will inform him of a pending puncture or, worse still, a possible blow-out.

Automobile associations and other transportation organizations throughout the country will be asked to cooperate in the movement with the hope of contributing, by this means, to the tire-saving program of the Office of Defense Transportation and other defense agencies.

TO GIVE RECITAL  
Miss Betty Jo Kendall will be presented in an organ recital at the Baptist Church on Friday evening, August 28, at 8:30 o'clock. Miss Kendall, who is the daughter of Mr. and Mrs. Joe Kendall, is a pupil of Miss Thelma McMinn. The public is invited.

## The STORY OF "Shortages"—

For months, the word "shortage" has been applied to every basic industry and material. There was a shortage of aluminum, steel, lead, tin, copper, gasoline, rubber, etc. There have been critical shortages of important materials that have hampered the production of the vital implements of war, ships, planes, tanks and guns.

For months there have been rumors of power shortages. But there has not been one single instance where production of material for armament has been delayed because of a lack of Electric Power. The Electric Industry is the one industry that, even six months after Pearl Harbor, is able to furnish all the power necessary in our quickening drive for Victory.

## LET'S GET IT STRAIGHT

There has been ample Electric Power for all war needs without depriving offices, stores or households of their normal supply. No one has had to issue rationing cards for domestic use of Electricity. Let's remember these thoughts when we hear rumors of power shortages.

These thoughts taken from a statement issued by J. A. Egan, chief of the power branch of the War Production Administration, July 22, 1942, Washington, D. C.

Appearing on the program will be Mary Estelle LeGrand, Marfaha Ramey, Dona Jean Stagner, Barbara Ann LeGrand, Doris Jean Hastings, Jesse Click, Juhitta Upson, Gayle Robinson, Gwendolyn Springer and Betty Jo Kendall. They will be assisted by Margaret Norwood, pupil of Lily Larsen of Amarillo, at the organ. The public is invited.

## Miss Edah Park Is Complimented

Miss Edah Park, who left last week to be employed in Denver, Colo., was complimented Thursday at an evening party given by Miss Thelma McMinn and Miss Lucile Park at the McMinn home. Midsummer flowers in varied colors were arranged in bouquets about the house. Games of forty-two provided entertainment for the evening and a shower of handkerchiefs was presented to the honoree. Attending the farewell courtesy were Mr. and Mrs. Owen Stagner, Mr. and Mrs. Erschell Young, Mr. and Mrs. John Jacobson, Jr., Mr. and Mrs. J. B. Noland, Mr. and Mrs. Billie Robinson, Mr. and Mrs. Perry McMinn and Waneen Belar of Dimmitt, Mr. and Mrs. Miles Roberson, Mrs. A. R. Posey of Ft. Worth, the honoree and the hostesses.

## Circles Have Mission Lesson

Circle Two of the Woman's Society for Christian Service of the Methodist Church met at the church yesterday afternoon for a business session and mission program with Mrs. W. J. Stanford leading. An "Outlook" program was given with Mrs. Marvin Norwood giving the devotional talk based on "The Lords Prayer". As a background for topics to follow, Mrs. Stanford discussed "What the Methodist Church over the world is doing". Mrs. J. F. Ward told of the work the Brazilian women of the Methodist Church and Mrs. E. W. Harrison described the women's work in China today. Mrs. Homer Brumley summed up the information brought out and discussed the question "What do we

## Two Are Named Honorees At Indoor Picnic

Two were named honorees at an indoor picnic and party Thursday at the home of Mrs. Ralph McCullough. Mrs. George Griffith, the former Virginia Newell, and Miss Georgianne Miller, who left Saturday to make her home in Beaumont were the honorees and both were presented with lovely gifts. Both Mrs. Griffith and Miss Miller were members of a class in Mrs. McCullough's Business School and the class members acted as hostesses for the farewell courtesy. A long table was arranged for the picnic spread. Yellow and salmon pink gladioli were combined with dusty miller to furnish the floral centerpiece. A bride's cake topped with a miniature bride and groom, was featured and places were marked at small tables for eighteen. Guests included Mrs. Ernest Wade, the two honorees, Laveda Cox, Lois Henderson, Billie Louise Lance, Jean Lackey, Geraldine Kendall, Adeline Koelzer, Elsie Fern Thompson, Stella Jo Thompson, Evelyn Walker, Dorothy Troxel, Juno Glasecock, Norma McCullough, Pat McCullough, Billie Ray Short and the hostesses.

## Class Elects New Officers

Win One Class of the Methodist Church named new officers at the regular business and social meeting held at the home of Mrs. J. E. Beyer Tuesday afternoon. The meeting was opened with hymn singing and a devotional lesson given by Mrs. M. M. Beavers. During the business session the following new officers were elected: Mrs. I. H. Spratt, president; Mrs. J. E. Hammer, treasurer; Mrs. Wm. McElbee, secretary; Mrs. J. F. Ward, teacher; Mrs. D. W. Hawkins, assistant teacher; Mrs. H. M. Benefield, flower fund; Mrs. M. M. Beavers, spiritual life; Mrs. G. A. F. Parker, publicity; and Mrs. E. W. Harrison, chairman visiting committee. A bring-a-dish picnic supper was enjoyed on the lawn after the program. Special guests were Mrs. Jennie Gibson of St. Francisville, Ill., who is visiting her daughter, Mrs. Glenn Snyder, and Mrs. T. E. Heffner and Mrs. Lee Benefield of Oklahoma City.

## CHDA NOTES

By Sadie Lee Oliver

In line with the war-time policy of producing as much food at home as possible is the mixing of poultry feeds from home-grown grains. Here is a formula for mixed feeds: 100 pounds protein concentrate (32 to 36 per cent protein), 100 pounds ground milo or corn, 100 pounds of ground barley, 50 pounds of shorts, 10 pounds alfalfa leaf meal, 3 pounds chick-size oyster shell. In case you raise oats and not barley, one can be substituted for the other.

According to an extension service news release dated August 20, the reason for much of the shortage of pork, beef and lamb is that many of the meat animals are simply not quite ready for market.

Until cattle, swine and lambs begin rolling to market in full volume, here are some suggestions which consumers might voluntarily practice:

1. Buy what the butcher has rather than find fault because he hasn't the steak, chops or bacon wanted.
2. Plan meatless meals occasionally.
3. Learn to be an expert home nutritionist and substitute the foods which are plentiful and of

almost equal food value, for those used ordinarily.

## BEANS

"What beans should be planted now?" was the question of Mrs. Glenn Hetzler of the Sims County Home Demonstration Club.

Current vegetable seed catalogs indicate that Bush beans mature in 48 to 60 days. Two of these which are available in local markets are Blue Lake and Black Wax. Many varieties are sold out and can not be secured from the wholesale houses.

Pole beans will make in 65 days. Kentucky Wonder seed are still available.

Official government maps state that we have growing season of 190 days. The earliest killing frost on record was on October 5. The average killing frost date is October 25.

### LEGAL NOTICE

H. J. R. No. 1  
A JOINT RESOLUTION proposing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; providing the Legislature to provide for the issuance, sale and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

#### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows:

"Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal year and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

"From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or be sent to the Governor for consideration until and unless the Comptroller of Public Accounts certifies his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to

within the revenue, either by providing additional revenue or reducing the appropriation.

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas, at the next general election to be held on the first Tuesday after the first Monday in November, 1942, being November 3, 1942, at which election all voters favoring said proposed amendment shall write or have printed on their ballots, the words:

"For the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Those opposing said proposed Amendment shall write or have printed on their ballots, the words:

"Against the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication and election.

#### S. J. R. No. 20 A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education.

#### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither

draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

"Against the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated, to defray the expenses of printing said proclamation and of holding said election.

#### S. J. R. No. 21 A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000) Dollars or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

#### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money

as may be necessary, not to exceed Seventy-five Thousand (\$75,000) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937."

#### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon:

"For the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College;"

and

"Against the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expenses of publication and election for such amendment shall be paid out of proper appropriation made by law.

#### F. J. R. No. 23 A JOINT RESOLUTION

proposing an Amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set

aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said fund, the Treasurer shall pay the interest on said bonds as it comes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any

fund in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

#### H. J. R. No. 24 A JOINT RESOLUTION

proposing an Amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor.

#### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

"Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters

of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following:

"For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Those voters opposed to such Amendment shall have written or printed on their ballots the following:

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast in favor of the Amendment, the same shall become part of the Constitution of the State of Texas.

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Section 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election.

#### Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither

draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit under this State or the United States, except as prescribed in this Constitution. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters

of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following:

"For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Those voters opposed to such Amendment shall have written or printed on their ballots the following:

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast in favor of the Amendment, the same shall become part of the Constitution of the State of Texas.

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Section 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election.

#### Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas,

### Old Cowhands Of T-Anchor Meet, Aug. 26

The old cowpunchers of the West are ready for their annual reunion on the T-Anchor range near Canyon on the evening of Aug. 26 and all day Aug. 27, president E. C. Britain announced today.

On Thursday evening, Aug. 26, there will be a son-of-a-gun stew prepared by Mel Armstrong, an Old Tascosa sheriff. E. Balrd of Canyon will supervise the evening program.

The feature of the evening will be a ranch style square dance in a big and strong plattform. There will be suitable music. Bill Riensley of Amarillo, "Uncle Billy" Jaggett of Dalhart and others will do the leather-lunged calling. The dance will last as long as anyone wants to "shake a leg."

The big reunion comes the next day—a morning of yarn swapping, a John Snider barbecue at noon and a snappy program in the afternoon.

President Britain will call the meeting to order just before the "come and get it" sounds for the barbecue. Elmore Dodson of Dodson in Coalingworth County an old Laurel Leaf puncher, will say the invocation.

Soon after the barbecue, President Britain will call for order. There will be music, including numbers by the Blackburn-Shaw Quartet, and second generation cowboys and girls.

Officers will be elected; then Judge C. E. Coombes of Stamford will speak. Also on the speaking program are Mrs. Billy Dixon and Miss Laura V. Hamner. All old punchers and pioneer women will be introduced by John McCarty, the master of ceremonies.

Mrs. Britain said today that all persons eligible should notify him of membership and send in the \$2 initiation fee. Mr. Britain's address is Oliver-Eakie Building, Amarillo.

This will be the 22nd reunion of the old punchers. Any men, or their families, who pioneered in the west prior to 1900 are eligible for membership.

### Asks for Your Vote

... in the Second Democratic Primary to be held on next Saturday, August 22nd.

The four weeks — from July 25th to August 22nd have so speedily passed, that I have not had the opportunity to see and talk with all the voters. To all I have seen, as well as those I have not, I ask you to carefully consider my candidacy in this race. After weighing carefully my situation from every angle, and in the event you see fit to make me your next County Judge, I assure you it will be greatly appreciated, and I will do my dead level best to make you the best public servant that is within my power.

Go to the polls on August 22nd, and vote. It is one of the privileges of our Democracy, and the ballot has been one of the primary causes for its having stood the test for more than 166 years.

Yours very truly,  
L. H. FOSTER,  
Candidate for County Judge,  
Deaf Smith County, Texas.

Annual Fall Flower Show Called Off, Club To Sponsor Flower Display

Plans for the Garden Club Annual Flower Show scheduled for late September have been cancelled. At the regular club meeting held at the home of Mrs. F. M. Kster Friday afternoon, members voted to sponsor a membership flower display instead of the Fall Flower Show. The flower display will be open to the public and will be held in a down town building but no prizes will be offered and the whole display will be on a much smaller scale than the annual show. The first Fall Flower Show was held five years ago with the initial showing a very small af-

fair. Each year it has grown in quantity and developed until last year's show was rated as one of the best in the Panhandle.

In making the announcement concerning the flower show, Mrs. Ralph McCullough, Garden Club president, said that the decision was made because of the tire shortage. Members hope to again sponsor a better-than-ever flower show after the war.

The program for Friday afternoon dealt with "Horse and Buggy Days" with Mrs. L. H. Shore as leader. She discussed Flowers of Horse and Buggy Days and described arrangements of old fashioned flower beds.

Mrs. C. H. Dyer told a story of olden days and Sweet Bunch of Daisies was sung by the group with Mrs. C. C. Ferguson leading.

The hostess displayed an old-fashioned arrangement of flowers featuring a bouquet of asters.

Members attending the meeting were Mesdames D. H. Alexander, Lyle Blanton, T. E. Brooks, Homer Brumley, C. C. Cox, C. H. Dyer, C. C. Ferguson, N. E. Gass, Jim Lipscomb, Ralph McCullough, A. L. Manjeot, F. H. Oberher, L. H. Shore, J. P. Slaton, Earl Springer, E. Ramey, Robert Wagoner, Liston Wilson, W. C. Hromas, P. H. Gilliland and the hostess.

Mrs. Kellar Muse Is Club Hostess

Justakrd Club members were entertained at the home of Mrs. Kellar Muse last week with Sherman Morgan and Mrs. R. R. Wills as special guests.

Defense stamp awards for high scores went to Mrs. Meade Halle high and Mrs. Henry Sears second high.

Those enjoying the club party were Mesdames S. J. Maxfield, Meade Halle, Grant Fuller, R. L. Craner, J. W. Witherspoon, Henry Sears and the special guests.

Roy Jowells Are Club Party Hosts

Mr. and Mrs. Roy Jowell were hosts to members of the Thursday Night Bridge Club at a dessert bridge party last week.

Comas and zinnias carried out the summertime theme for the party and dessert was served before games of contract. The couple prize for high scores went to Mrs. Jim Lipscomb and John Olson. Special guests were Mr. and Mrs. Dick Norton of Joplin, Mo., who have been visiting relatives in Hereford.

Members present were Mr. and Mrs. Jim Black, Mr. and Mrs. Jim Lipscomb, Mr. and Mrs. John

Elaine Thompson Is Presented In Morning Musicales

Elaine Thompson, young piano student of Mrs. Harry Seed, was presented in a morning musicale at the Seed home on Wednesday of last week. The program of solos, and duets with the teacher, covered work done during the summer months. The young student who is the daughter of Mr. and Mrs. Robert Thompson, opened the program with a group of seven little Etudes by John Thompson. Other numbers were interspersed with readings given by Miss Bernadine Phillips. The concluding number was "The Joyous Farmer" by Schumann, outstanding classics composer.

After the program refreshments were served from a rustic table in the backyard flower garden with the recitalist presiding over the punch bowl.

The interested group of friends and relatives attending the musicale included Mesdames Johnnie Womble, Baker Womble, C. O. Phillips, L. R. Brady, Troy Womble, Carl Williams, Mr. and Mrs. Robert Thompson, Miss Ethel Womble, Carolyn Williams, Kathleen Miller, Jacqueline Newell, Mary Jo Mathies, Mary Helen McGilvary, Sallie Womble, Cornelia Ann Bateman, Doris Jean Hastings, and Jonnie Ruth Wilson.

Informal Breakfast Entertains Club

Informality was the keynote of the breakfast given for Wednesday Luncheon Club members last week when Mrs. C. C. Acker was hostess at her home on McKinley Street.

Wine-red verbenas in a blue bowl centered the table where place were laid for nine. Miniature zinnias were arranged in bouquets about the entertaining rooms.

After the breakfast contract games were played with prizes awarded to Mrs. Oscar Easley, club member and Miss Eloyse Pitman, guest.

Attending were Mesdames J. A. Pitman, Colby Conkright, W. L. Davis, S. P. Rosson, Oscar Easley, Jimmie Gilentine, Alton Fraser, Miss Pitman and the hostess.

Leads The Race For RAIL POST

PIERCE BROOKS

Dallas, Aug. 19—Pierce Brooks, Dallas, is the choice of Texas voters as the man to fill the unexpired term on the Texas Railroad Commission. Brooks polled a plurality of more than 64,000 votes in the July primary, with eleven in the race. In the previous primary, Brooks polled 420,000 votes. "Let's finish the job we started in 1940," say Texans. "Pierce Brooks is entitled to the unexpired term. Elect Pierce Brooks on August 22."

From where I sit...

by Joe Marsh

WHENEVER I hear about anybody having a big family I think of Dad and Ma Hoskins. The Hoskins had thirteen children.

They weren't a bad bunch of kids, by and large—but it seemed one or the other of them would always be having a fuss with the neighbors, or would break a window playing baseball, or some other kid trick. Kept Dad and Ma mighty busy all the time.

One day Dad got a bright idea. He called the whole family together for a special meeting at the dinner table.

He told them he was tired of checking up on them all the time. He said he thought they were old enough now to check up on themselves. The older children would watch the younger ones. They would have meetings every so often and hand out rewards or punishments.

Well, it was a crazy idea but the kids liked it and they started behaving better than they ever had before. The idea worked and Dad finally did get a little time for himself.

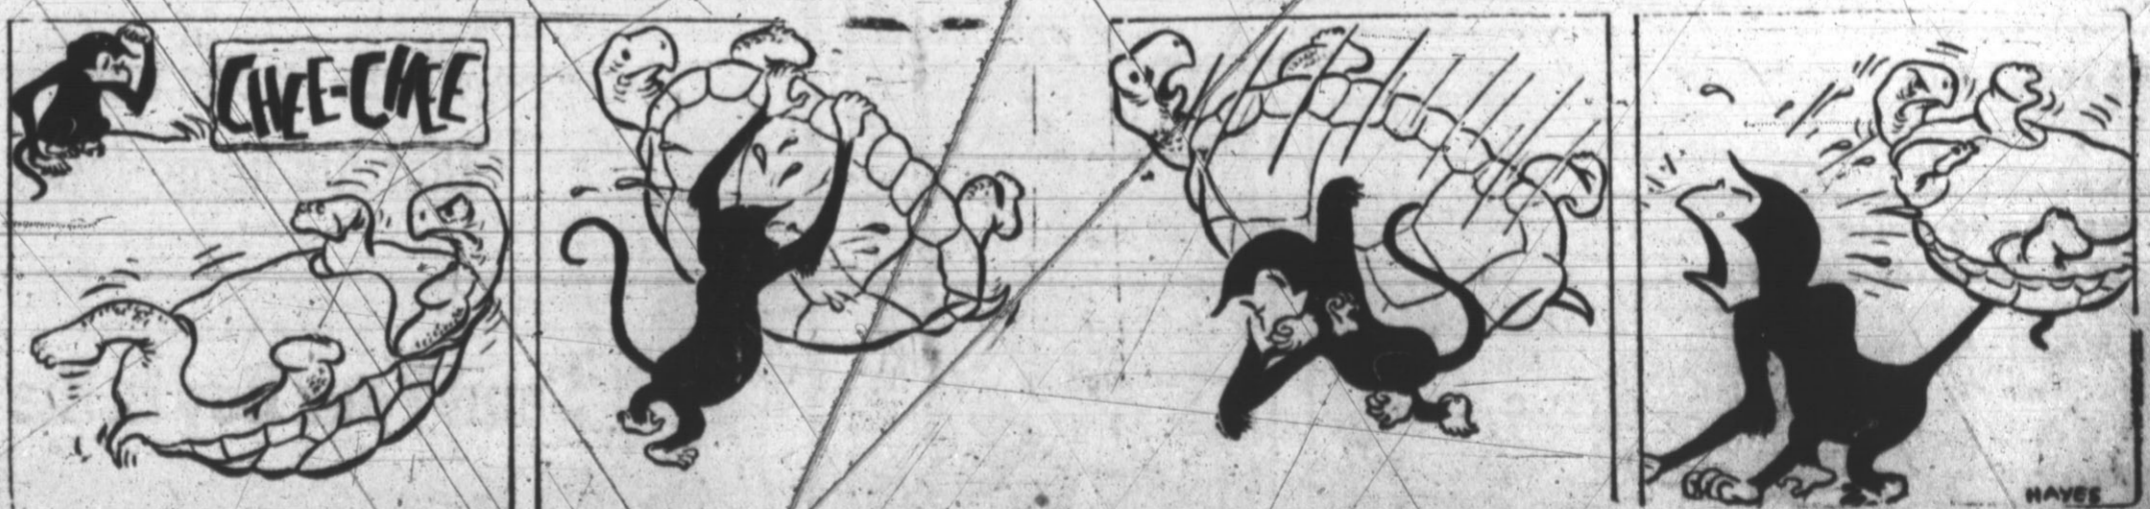

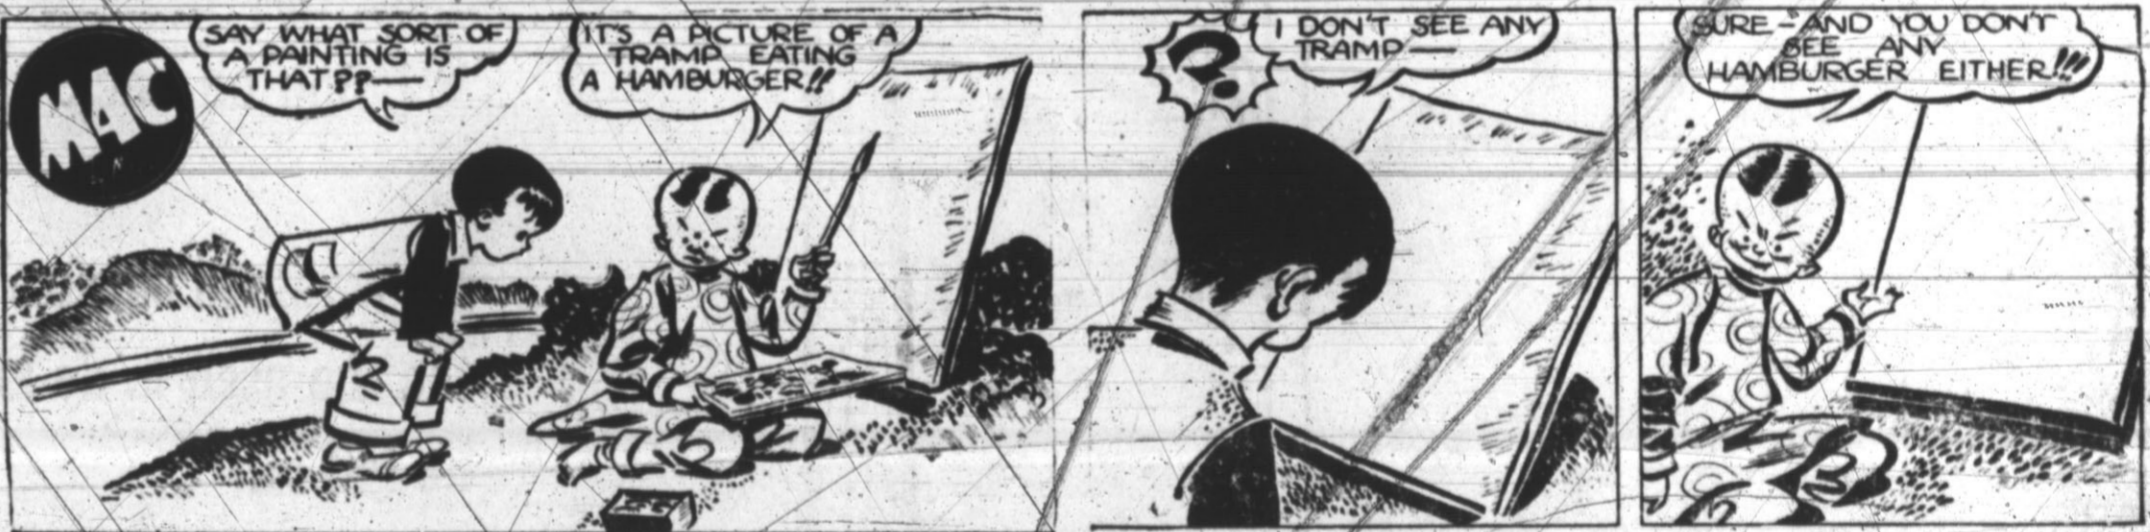

I mention this story about Dad Hoskins because it's something like what I understand the beer industry is doing to regulate itself.

As I see it, most of the beer industry behaves itself perfectly all right... but every now and then, I guess, a retailer comes along who runs a place that isn't up to scratch... sort of like a wayward kid.

So like Dad Hoskins' family, the brewers and beer distributors have united together in an industry self-regulation program to help the proper authorities "clean up or close up" offending retail places. The brewers, who want to protect beer's good name, cooperate wisely with the authorities who enforce the laws.

From where I sit, that's a fine thing for the brewers to do... particularly when you realize that after all they're really not responsible for retailing conditions.

### Welfare Problem Posed By Influx Of Transients Into New Defense Area

Members of the family are working in defense, one small baby, six other children, five of them of school age. All are housed in a room by the foot of a tent, with a few beds, a stove, table and a few dishes for household equipment.

These are the essential facts in a report made up this week at the county welfare office on one of the families now occupying a trailer camp back of the City Water Plant. Pointing out that this family is, of course, not typical of the better-paid workers who will come to Hereford for defense employment, Mrs. Dyalia Brady, county welfare administrator states that, nevertheless, the condition of this family will be representative of many who will come here and that their residence sets a real problem, not only for welfare agencies, but for all thinking citizens of the town and county.

#### Case Reports

Other cases reported by Mrs. Brady: Family of three—a woman and a girl 15, a boy 13. Living in a car. No visible means of support.

Family of 11, man working in the potato harvest. These people live in a 16x14 tent, which is kept clean and neat. Six children of school age, and the mother would like to have some old clothes to make over to start the children to school. This family has never been on relief. Coming here from the south plains, they plan to get into defense work when the potato harvest is over.

Family of five, came here from an Oklahoma boom town on the information that the group could make \$15 to \$18 a day digging potatoes. Not working in potato

harvest, registered for work at prison camp. Family live in car with a half trailer making a sort of cook shack to add to the domestic comfort.

#### About 30 Families

Approximately 30 cars and trailers were counted yesterday in the camps near the water plant, near the Hereford potato warehouse, and behind signboards on Highway 60. Because the potato harvest is better than last year's the influx of workers is greater, and with only about 50 or 60 men employed at the prison camp site this week the boom in transient population has only started.

#### Follow the Booms

Biggest problem of the transient population, Mrs. Brady says, is caused by the people who follow the boom, get their living from the shady fringes of working population, without doing any actual labor themselves. Another problem will be posed by the weather, delays in construction and other factors which may slow up pay and cause hardships to the large families now occupying temporary and unsatisfactory housing. Hospitalization of the transients, as well as other welfare problems, may bring a severe test to local welfare agencies, Mrs. Brady says.

Concerning policy of the county welfare agency, the administrator says that the purpose at all times is to relieve suffering, meet the most urgent needs of families whom trained, careful investigators find to be worthy of help. Families with defense work or other useful employment are considered necessary and will be helped wherever possible. But families not employed and making no effort to seek gainful

John Donald Parvin

John Donald Parvin, 22-year-old son of John L. Parvin and Mrs. Velma Parvin and grandson of John P. Slaton of Hereford, got a real taste of Navy duty on his first cruise. Joining the navy in January, 1942, young Parvin left an Atlantic port on April 8 and did not return to a U. S. continental base until August, when he landed in San Francisco. Parvin's duties have been as a range and target finder and commander of a gun crew.

Concerning the picture, Sallor Parvin wrote his grandfather that there was really nothing wrong with it except that it "looked too much like John P. Slaton."

#### NOT ALL TRUE WHAT THEY SAY ABOUT DIXIE

Pvt. Carlos A. Vaughn of Ft. Lee, Va., feels that rain and chiggers are a couple of aspects of the old South which have not been suitably celebrated in songs about Dixie. But aside from a few beefs about the climate, Pvt. Vaughn really likes his station and his work with the quartermaster corps.

"Tell anyone that wants in the army . . . and is skilled at employment are being rejected and told to go back to their former residences.

any line of work that the Q. M. is sure a good place to be and ask for it when inducted," Vaughn writes.

Members of the quartermaster corps are also getting some training in the deadlier arts of war, according to Vaughn's letter, which states that he made a good score on the rifle range and qualified as a sharpshooter.

There are no Hereford men and very few from Texas at Ft. Lee, Vaughn says, adding that he would welcome a letter from any any of his friends here. His address is 2nd. Platoon, B. R. T. 483, Co. L, 7th Q. M. T. R. Co., Ft. Lee, Va.

### PERSONALS

Mrs. A. R. Posey and children of Ft. Worth are visiting relatives and old friends in Hereford. They are guests of his parents, Mr. and Mrs. E. B. Posey, and others.

Mrs. G. A. F. Parker left yesterday for Oklahoma City where she will visit a son, FBI agent W. L. Parker and Mrs. Parker for a week.

Mrs. Jennis Gilson of St. Francisville, Ill., has arrived for a short visit with her daughter, Mrs. Glenn Snyder, and family.

Miss Ethlyn Cockrell left Sunday for her home in Princeton, Mo., after spending several weeks with her sister-in-law, Mrs. Carl Cockrell.

#### CELEBRATE BIRTHDAYS

Two sisters celebrated birthdays with a dinner party at noon at the home of their parents, Mr. and Mrs. Henry Hastings. They were Doris Jean Hastings who was eleven and whose birthday cake boasted that many candies, and Mrs. J. T. Gilbreath, Jr. Members of the immediate family attended the celebration.

Sgt. Bob Baird of Albuquerque, N. M., is visiting his parents, Mr. and Mrs. H. G. Baird and other relatives.

### Hospital Notes

Mrs. George Paetzold, maternity, boy, born August 17. Mrs. C. L. Wayne, maternity, boy, born August 20.

Mrs. Clarence Strange, maternity, girl, born August 18, dismissed.

Mrs. Cullen Williams, maternity, girl, born August 16, dismissed.

### Take Care of Highways As Well As Tires, Say State Highway Officials

Due to "freezing" of asphalt material by Federal Agencies, resulting in curtailed maintenance of highways, James G. Lott, district engineer of the Texas Highway Department, requests the cooperation of county officials, county agricultural agents, the Department of Public Safety and the press in providing the public with the following information.

In order to provide the necessary asphalt for construction of Army training camps, air bases, defense plants and other war activities, the Petroleum Coordinator has restricted the use of asphalt to military installations and the strategic military highway network.

As a result of this restriction, no asphalt is available for patching of holes, curbs or other damage to highway mileage in this district. Therefore, the Texas Highway Department will not be able to maintain the highways at the standard to which the traveling public has become accustomed in the past. The attention of the traveling public is directed to these conditions and

It is urged that highway users be patient and exercise care in driving over highways so that wear to tires as a result of depreciated road conditions will be held to a minimum.

The particular attention of farmers and other individuals who transport equipment or implements along or across highways is directed to these conditions. Their fullest cooperation is requested in handling equipment so that damage to highways will be avoided. Damage to asphalt surfaces through carelessness or unlawful operation is not only subject to legal action and fine, but is definitely unpatriotic at this time when asphalt for repairs is not available to care for the damage. Farmers and other operators in general have been very cooperative, but some individuals persist in violating the laws in this matter. It will be necessary to take full legal action against violators in the future.

### Retail Training

class to train women for full or part-time employment in local stores where the national defense program is already creating a shortage of personnel. W. B. Posey, secretary of the chamber of commerce, said today.

J. P. Williamson, district coordinator for the State Board of Education and the University of Texas extension division will conduct the school to prepare inexperienced women to take the places of store workers who are leaving retailing.

The training program will emphasize the fundamentals of selling such as "Developing a Selling Personality," "Value of Merchandise Information," "Customer Approach," "Closing a Sale," and "Suggestion Selling."

Benefits to be derived from the course are three-fold, Mr. Williamson declares, stating that, first, the employee receives satisfaction from increased security and vocational independence; second, the customer is helped to select better merchandise and saves money, and third, the merchants receive better business, less worry and more satisfied customers.

Any person interested in taking this retail sales training is asked to register at the Hereford High School Monday, Aug. 24 at 4:30 p. m. at that time Mr. Williamson will confer with each individual to discuss his fitness and abilities and to ascertain just where he would fit best into the retail selling field. The course is offered without cost to the public.
