Victory gardens and chickens simply don't mix, according to Edd Curtisinger, who reported today that the City has been receiving many complaints from irate gardeners and flower-lovers concerning the damage done by chickens. There is a city ordinance requiring that chickens be penned and the City intends to enforce it. Both victory gardens and chickens come under the head of patriotic projects this year, but the chickens cease to be patriotic when they start scratching up the gardens.

And speaking of spring, yard beautification, etc., a number of Hereford people are buying roses through the plan announced in an advertisement in The Brand this week. Orders are taken at The Brand office and the roses are shipped from Tyler, rose capitol of the world.

A little warm weather has done something to the greenbugs, though farmers are still crossing their fingers about the extent of greenbug damage to wheat. Merlin Kaul reported this week that greenbugs in the entire west part of the county have married and moved their families.

W. L. Alexander had a real surprise yesterday when his sister, Mrs. R. M. Perry of San Angelo, whom he had not seen in 23 years, came into the City Drug Store. Mrs. Perry plans to visit in the Alexander home for several days.

Definition of a mad house: The sheriff's office, any day this week, but particularly yesterday, as the late license buyers waited in line to buy the 1943 plates.

J. A. Buckner, one of the really experienced gardeners of Hereford, was in the home demonstration office Saturday getting some bulletins on insect control. However, Mr. Buckner states that what he would really like to have is a leaflet telling how to raise a garden without work... just a warning to amateur gardeners.

Soldiers in Algiers and Casablanca may be seeing now, the same movies which you will be seeing next week, according to some news stories which Jim Snelson of the Star Theatre received this week. General Eisenhower has endorsed the morale-building value of films, and the War Activities Committee of the motion picture industry has given free to the War Department for distribution overseas, 4700 current features, ranging from short subjects to regular 90-minute programs. The movies are 16-mm. about half the size of the ones we see, and the boy in North Africa may be sitting in a jeep or on top of a tank with the sky over his head, but even if it rains, the show goes on.

William F. (Billy) Smith arrived this morning for a brief visit. He is stationed in Williamsburg, Va., with the Seabees.

Mrs. W. F. Gillis returned last Thursday from Fort Worth and Dallas, where she bought summer merchandise for The Fashion Shoppe. More and more items are on the "hard to get" list, according to Mrs. Gillis, but manufacturers are still keeping up with the demand for attractive ready-to-wear in almost all lines. No Serious Injury Reported In Train-Truck Collision

Henry Clark, Summerfield farmer, escaped uninjured Wednesday night when an engine collided with his wheat truck at the Main Street crossing in Hereford. The truck was badly damaged and the load of wheat was scattered over the road. The accident occurred when Mr. Clark crossed the tracks in front of a standing train. The auxiliary engine which approached on the siding south of the main track, was hidden from view by the standing train. The engine collided squarely with the truck, but Mr. Clark escaped without apparent serious injury.

Dist. & County Trustees To Be Chosen Saturday

Eight district school trustees and three members of the county school board will be chosen in elections to be held Saturday, April 3, according to an announcement made this week by County Supt. Fred W. Baird. Following is a list of districts, voting places, and the names of the present trustees whose terms expires: Summerfield School, district no. 1, Summerfield School House; L. H. Lookingbill, Dawn School, district no. 2, Dawn School House; H. H. Miller, Wyche School, district no. 4, Wyche School House; Dock Robertson, Westway School, district no. 5, Westway School House; Mrs. Al Werner, Walcott-Bippus Schools, district no. 6, Bippus School House; Edwin Morrison, Ford, Daniel, Progressive and Simms schools, district no. 7, Ford School House; Zerrell Thomas, Ward School, district no. 8, Ward School House; Fred Saltzman, Messenger School, district no. 10, Bootleg Store; George C. Messenger.

COUNTY SCHOOL BOARD On the county board, members will be chosen to fill the expired terms of H. H. Miller, precinct 1; E. H. Little, precinct 2; and G. E. Benson, precinct 4. The trustees for precincts 1 and 2 will be chosen at the polling place in the courthouse, in charge of the same judges who will superintend the election of trustees for the Hereford Independent School District. Election of the trustee for precinct 4 will be held at Ford School. No candidates have been announced for any of the school board posts.

Good Attendance At District Church Meet

Twenty-two churches were represented at the annual spring convention of the North Plains section of the Assembly of God Church, held here Tuesday and Wednesday of this week. Speakers were Rev. H. M. Reeves of Plainview, district superintendent; Rev. Scott Mitchell of Littlefield; Rev. Mason, Levelland; Rev. H. P. Holdridge of Plainview, district secretary-treasurer, and Rev. Jack Thomas, sectional presbyter, Borger.

Revival Continues

The revival at the local church will continue through Sunday night, April 4; and a large number of Hereford people are enjoying the messages brought by Rev. J. C. McCluskey. Topics for Sunday will be: at the morning service, "What Manner of Persons Ought We To Be?"; evening, "Three Ways to Commit the Unpardonable Sin."

C. F. Moore Undergoes Serious Operation

Although still seriously ill, C. F. Moore, who underwent a major operation in Lubbock this week, was this morning reported to be resting easily and "doing as well as might be expected." This is the second operation Mr. Moore has undergone in recent years, but physicians said the operation this week was successful and hoped that he might resume active work within six or eight weeks.

Local Theatres Take Part In Red Cross Week

In conjunction with the rest of the nation's theatres, the Star and Texas Theatres, starting today, are observing "Red Cross Week" with a salute to Red Cross activities in the form of a short subject, "Somewhere In This World," in which the commentary is made by Captain Eddie Rickenbacker. The celebration will continue until the night of April 7, and the Rickenbacker subject will be shown at every performance at both theatres during the week. Red Cross donations will be taken at the box office.

OFFICIAL "BLACKOUT" STILL REMAINS MYSTERY

Hereford's unexpected 45-minute blackout is still unexplained, according to Sam Batten, local manager of Southwestern Public Service Co. "We don't know what happened," Mr. Batten said. "Power was shut off from the main lines, and we presume the lack of power must have been due to trouble at the plant, or on the main line."

Reporting that nearly all of the 4-H boys and vocational agriculture students who sold calves and lambs at the sale held here last Saturday afternoon had done a good job of feeding, most livestock men who attended the sale reported it the best in several years, and County Agent A. R. Bateman stated that he hopes the calf show will serve to increase interest in vocational agriculture and 4-H club work, with the aim of having every farm boy, 10 years of age and above, enrolled in the work next year. Ten calves were sold to Hereford business men and stockmen and brought good prices to the club boys. Top weight reported was 854 pounds for the calf sold by Leland Rutter to Lee Hopson, with the top price of \$20.25 a hundred paid by the First State Bank for V. C. Hopson's calf. Four lambs were sold by Howard Hill. Bonnie Brumley donated his services as auctioneer for the occasion and the committee in charge of the sale included H. G. Conkright, C. T. Guseman, Mal Stewart, Lee Hopson, Wiley Roberson, J. A. Pitman and Noah Ewton.

Calf Sale Following is a complete list of sale results: Lot 1, J. R. Euler, Packard Milling Co., 640 lbs, \$15.25, \$97.60. Lot 2, Wendal Roberson, Blanton Butane Gas Co., 689 lbs., \$15.50, \$106.79. (Continued on Page 12)

Famed Dental Scientist To Study County

Dr. Weston A. Price, world-famed dental scientist and anthropologist is scheduled to arrive here within the next few days to make observations and studies to determine the reason for the low tooth decay rate of Deaf Smith County. Dr. Price will confer with Dr. G. W. Heard and with Dr. Edward Taylor of the state health department. Dr. Price, author of "Nutrition and Physical Degeneration," a book which was described by Dr. Earnest A. Hooten of Harvard as the most authoritative work on the subject of diet and physical characteristics, is recognized as an outstanding worker in his field. To gather material for his studies he has made first-hand observations of both primitive (isolated) and modern population groups in various parts of the world, from the Swiss Alps to New Zealand. His book points out the conclusion that the finer physiques, particularly the better facial formations and freedom from dental decay, are found among primitive groups—a result which Dr. Price believes to be due to the simpler diets of such groups. Dr. Price has been in Clovis this week, conducting studies similar to the ones planned here. He has been in correspondence with Dr. Heard ever since publicity developed on the low tooth decay rate in this county.

Tire Situation In County Critical According To Ration Board Report

That dreaded but expected deplorable tire situation now has a firm grip on the car and truck owners of Deaf Smith County, according to a statement from the Deaf Smith County War Price and Rationing Board this week which points out, "We are almost afoot and at present there is very little that can be done about it. We have been warned about the situation, but it has now arrived and indications are that it is here to stay, perhaps for the duration."

During the month of March, the board received applications from 119 car owners for a total of 194 tires and from 121 trucks for a total of 203 truck tires. It is reasonable to believe that during the month of April the board will receive applications for 284 car and 306 truck tires. Against requests for these 194 car and 203 truck tires the county's entire quota for March was only 84 for cars and 67 for trucks. Since the board positively cannot exceed the quota fixed by the government, this means that 110 of the car applications and 136 truck applications could not be granted. This does not mean that these 246 applicants, or any part of them, are "rejected." There just isn't enough water in the pitcher to fill all the cups.

The board points out again that the situation is so serious that the board can no longer consider the interests of the individual applicant, but must base each permit upon the applicant's importance in the national emergency. In other words, the lack of a tire may be fatal to the applicant's work or business; but unless the work or business is sufficiently vital to the war effort, the board must not grant the request. The board is fully aware of the situation throughout the county. They know that practically all trucks in Deaf Smith County are in need of one or more tires and that each individual request is necessary for that individual. But their action is restricted absolutely to the quotas assigned monthly to the county. At the rate applications are now being made, the board can do no better than exercise their best judgment in granting permits to one out of every five or six applications filed with them.

ODT Assures Ample Gas Allotments For Farmer Truck Needs

Farmers may schedule their 1943 with the assurance that they will be able to obtain enough gasoline for all necessary truck operations, N. F. Nelson, district manager of the Office of Defense Transportation, stated this week, pointing out that ODT regulations are flexible and that farmers may get adjustments of certificates of war necessity to meet existing conditions. Requests for gasoline, load or mileage adjustment should be made to the farm transportation committee of the county USDA War Board, whose recommendations will be accepted by the district ODT office. Emergency gasoline rations may be obtained from the local War Price and Rationing Board while the requests for adjustment or appeals are being considered.

In view of the flexibility of regulations it will not be necessary for any farmer to restrict 1943 acreage because present gasoline or mileage allotments on his certificate of war necessity are insufficient for operation. Few New Trucks At the same time, the district ODT manager points out that the scarcity of new trucks and trailers makes it absolutely necessary to conserve trucks now in operation; and according to the ODT statement, the rubber (Continued on Page 12)

Do We Deserve to Be Free?

(Editor's Note: The following are excerpts from letters received this week from Lt. Charles B. Spradley of the U. S. Marines, who has been in action on Guadalcanal; and, when the letters were written, was resting at some South Pacific base preparatory for further action. Because the letters tell a little of what men on the battle fronts experience—and because these men know, and worry, about home front "gripping," we print them here to remind readers of a daily question which we should be asking ourselves: Do we deserve to be free? Are we worth the sacrifice made by Lieutenant Spradley's "gamest, workingest, fightingest bunch of kids?") "It's a blue Sunday, the kind (at home) that makes you want to sit by the furnace and listen to Jack Benny."

WAAC Recruiters To Be Here Tomorrow

Lt. Ann L. Markusich and Auxiliary Della Coleman of the WAAC and P. F. C. Dan Castles will make up the recruiting party for the Women's Army Auxiliary Corps which will be in Hereford at the Southwestern Public Service Office all day Friday, April 2, to give interviews and examinations to applicants who wish to learn more about services in the WAAC. The officers will interview and give mental alertness tests to women interested. Those that pass the examinations will be furnished with government transportation to Lubbock headquarters for their physical examination. There they will be given the oath of enrollment if they are physically qualified. "A woman must be between the ages of 21 and 45, with no dependents or children under 14 years of age."

Need Volunteers For Camp Fire Leader's Duties

Camp Fire Girls here have joined with others throughout the nation in celebrating "Camp Fires" thirty first anniversary and patriotic council at the hut Friday night, marked the climax of the month's celebrations. Every member of the group was present to take part in the program which centered around the ideals of democracy and the ideals of service that go into the making of the American flag. Five members received their trail seekers rank. They were Cornelia Ann Bateman, Barbara Burney, Cherry Ann Forrest, Bobby Lee Witherspoon and Elizabeth Lee Cocanougher. Cecelia Guseman received the wood gatherers rank. The girls have been carrying out the national slogan "Serve by Saving" and have assisted in doing Red Cross work, have done some salvage work and are planting and helping in home gardens.

Leaders Are Needed Reminding the public that "any woman who" volunteers to lead 20 Camp Fire girls multiplies her own war effort by 20," Mrs. Urin Streu, guardian of the local group said that the big problem now for advancement is leaders; and that five women are now needed urgently to work with the organization. So far there are only two groups of 20 each organized—a senior (Continued on Page 12)

Hereford Students Win High Ratings at Festival

Extra-high superior ratings were given to Bonnie Jean Miller, Barbara Burney and Patsy Sanders of Hereford and Juanita Singer of Dimmitt in the competitive festival of the North Plains division of the 7th district, Texas Federation of Music Clubs, held at the Methodist Church here Saturday. Superior ratings were won by Margaret Barrett, Erva Fluit, Billie Rae Johnson, Mary Helen McGilvary, Louise Simpson and Sue Barnard; and Kathryn Davis received a grade of excellent.

Record Victory Garden Crop Is Anticipated

Gardening enthusiasm mounted with the temperature this week as Deaf Smith County people planned to do their part in producing food at home to help win the war; and though many tools and other garden supplies are short, or non-existent, gardeners are taking a bet on possibilities of a late freeze and many gardens are already planted. The City of Hereford announces that the same irrigation rate which was in effect last summer will be allowed this year, starting with the May 1 billing, and a complete schedule of rates appears in an advertisement on page 5 of this week's Brand. Also on page 6 is a plan for a small victory garden, complete with directions for spacing and the names of recommended vegetable varieties.

Received at the Brand office this week from Congressman Gene Worley were copies of USDA bulletins on gardening and garden problems and the bulletins will be distributed free to persons desiring them.

News of the Deaf Smith County Wind Erosion District

Alfred May says that he has always heard that the best way to insure the health and happiness of greenbugs is to irrigate the wheat, but just the same he intends to find out for himself by having an irrigation system established on his land and giving the bugs plenty of water. He reported last week that the lateral ditches were functioning well.

During the past week a system of lateral ditches for irrigation was set up on the J. F. Hickman farm which is operated by Walter Galley. Mr. Galley says that the new irrigation system is working out efficient-

ly. Approximately 70 acres of ditch lines have been laid out on the A. T. Frye farm in the Dawn community.

While the establishment of irrigation systems seems to be the most popular request of farmers at present, this is not the only practice for which the district is prepared to give aid. Technical assistance and equipment are also available for use in constructing stock ponds, drainage channels, terraces and similar practices.

Farmers can arrange for the use of the district's two 1-yard and one 2-yard Rotary Fresno and one 8-foot terracer, by contacting any member of the Soil Conservation staff.

Do You Remember?

March 27, 1903
The Espuela Cattle Co. have offered to any railway company who will build this way a right-of-way through the Spur pasture and \$50,000. The Texas Central are at present considering the proposition. If they accept it and build through they will be within 15 miles of the plains, then there will be a possibility of Hale County getting a railroad, which it needs bad enough. —PLAINVIEW PRESS

MARCH 28, 1918.
Uncle Sam demands that we increase our raw crop production at least 50 per cent over 1917, and the meeting (of all farmers in Deaf Smith County) is to definitely plan this acreage.

Miss Mozelle Craddock of Spur has been appointed home demonstration agent for Deaf Smith County and will report for duty April 1.

All told eight trainloads of Sammys have passed through Hereford during the present week, bound for "Somewhere North." Practically all of these boys came from camp Cody, Deming, N. M.

The miscellaneous shower given honoring Mrs. LeRoy Thompson (nee Miss Flossie Valenine) Wednesday afternoon at the home of Mrs. L. E. Rus-

sell, was a most delightful event. H. L. Rice has sold his interest in the blacksmith business of Barnhart and Rice to John W. Clark who has been with John N. Jacobsen for a number of years.

"WARTIME HEALTH CARE BEGINS AT HOME"
SAYS THE OFFICE OF CIVILIAN DEFENSE
Today, your health is a national asset, and its care begins at home. Illness slows down production, lowers efficiency and uses up the time and skill of doctors and nurses who are urgently needed for war service. So check up on your family health regularly, says the O.C.D.'s "Citizen's Handbook for War."

Santa Fe gives right-of-way to Victory Gardens

Now Santa Fe employees do war work in their hours of duty too! They're grabbing spades and tilling fertile stretches near their homes, along their railroad's 13,199 miles of right-of-way. They're raising fresh, vitamin-packed vegetables their nation needs to win a war. Santa Fe—all out to win—gives right-of-way to troops and victory-winning freight... moving millions of men, and tens of millions of tons of vital food, raw materials and finished products—swiftly and surely to where they're needed now. Santa Fe locomotives, cars, tracks and men are all working in their country's service. And now the Santa Fe right-of-way itself steps into victory uniform! And Santa Fe people—already working hard, and buying war bonds—like this Victory Garden scheme—this chance to do one more thing for victory! Santa Fe goes all the way, for the U.S.A!

PENNEY'S 41st ANNIVERSARY

NOT JUST A BOLT OF YARD GOODS...

it's lovely dresses... smart pajamas... new clothes for the kids...

NOT just a bolt of Yard Goods, it's much more than that! It's a new dress for Mrs. Miller—Play Suits for the Fletcher kids—Pajamas for Mother and Dad—a Bedspread for Aunt Martha! It's the hundreds of clever and useful and pretty things into which the nimble wits and shuttling fingers of women can transform it. In a sense this simple bolt of Yard Goods is the crest and hallmark of a great American business—The J. C. Penney Company.

THE FIRST PENNEY STORE, OPENED 41 YEARS AGO IN KEMMERER, WYOMING, SET A NEW PATTERN OF NEIGHBORLY, LOW COST, RETAIL STORE SERVICE.

Yard Goods were a major part of the stock in trade of Mr. J. C. Penney's first little store—opened 41 years ago this month in Kemmerer, Wyoming.
From the outside it looked far from impressive. Inside, though, people discovered it was different. For this store was dedicated to a new kind of store-

keeping—to a neighborly idea—an idea as typically American as ride-sharing and quilting bees! Mr. Penney didn't think "How much can I take!" but "How much can I give?" He cut out useless frills, charge accounts and deliveries; pared prices to the bone; preferred many sales at small profit to a few at large profit.

THE PENNEY IDEA SPREAD, AND GREW, UNTIL TODAY PENNEY STORES DOT THE ENTIRE MAP OF THE UNITED STATES

Kemmerer took to the first Penney store as buffalo take to pasture!

For every hundred dresses, or shirts, or overalls it sells in Waltham, Massachusetts, or Stockton, California, or Chillicothe, Ohio, it pays back rich dividends in local salaries, rent and taxes.

So did Moscow, Idaho later on. And Salt Lake City, Utah. And San Antonio, Texas. And today there are over 1600 Penney stores in all 48 states, and Penney's is truly an American institution.

Today Penney stores from Coast to Coast are making a tremendous contribution to the nation's wartime program of Thrift and Savings. Today Penney stores, in neighborly fashion, are helping to balance the household budgets of millions of Americans. Today Mr. Penney's 41 year old idea of success through giving, rather than taking, is still the Penney way.

For every hundred dollars worth of sheets, or blankets, or shoes, or Yard goods the Penney store sells in Peoria, Illinois or Scranton, Pennsylvania, or Savannah, Georgia, it pays back honest and substantial savings.

SONS in the SERVICE

Pvt. Louis R. Hagar, son of Mr. and Mrs. M. T. (Jack) Hagar of Hereford has recently graduated from a course in airplane mechanics at Sheppard Field, Wichita Falls. He now is eligible to become crew chief on a bomber and to win a rating as corporal or sergeant.

Pvt. Kenneth W. Neill is now stationed at Texas A & M College for a course of Army Air Force instruction lasting approximately five months prior to his appointment as an aviation cadet in the Army Air Forces. He will take academic courses as well as elementary flying training. Pvt. Neill is a son of Mr. and Mrs. W. C. Neill of Black.

Lt. Billy Beene, who has been visiting his grandmother, Mrs. J. W. Beene, and other relatives here, received his second lieutenant's commission last week at the Field Artillery Officer Candidate School at Fort Sill, Okla.

Lt. G. T. Higgins, son of Mr. and Mrs. Bob Higgins of Hereford has recently completed a course in aerial observation at Brooks Field, San Antonio and upon completion of a course in flexible gunnery at Harlingen Gunners School, he will be ready for active duty with the air forces. Aerial observers must have skill in aerial photography, visual reconnaissance, artillery-fire correction, radio and signal communication, photo interpretation, air-ground liaison, camouflage detection—and other tricks of the aerial trade; and according to Air Force officers, the post is one of the most difficult and daring that the combat forces offer.

Aviation Cadet Jack R. Cox of Hereford has been graduated from the Air Force Advanced School at Kirtland Field, Albuquerque, as a bombardier and commissioned a second lieutenant after three months of flight and combat training. He is the son of Mr. and Mrs. E. M. Cox. Lieutenant Cox attended Hereford High School and was employed in war production work in California before enlisting in the Air Corps.

A daughter of Mr. and Mrs. E. M. Cox, Auxiliary Lola LaVada Cox, has recently arrived at Camp Polk, La., to take over headquarters work at the 41st WAAC Regiment. Auxiliary Cox formerly stationed at the First WAAC Training Center, Fort Des Moines, Ia. The Camp Polk unit is named chiefly by WAAC officers and auxiliaries.

Two sons of Mr. and Mrs. E. W. Cawthon are now in the service of their country. E. W. Cawthon, Jr., is a naval aviation cadet, at present taking pre-flight training at the special Navy school at the University of Texas. James W. Cawthon is in an engineering regiment at Camp Claiborne, La.

Enemy bullets are not the only hazards of foreign service, according to a letter received this week by Mr. and Mrs. Bob Fullwood from their son, Lt. Edward Fullwood, now stationed in Australia, who reported that he had injured his hand in a volley ball game and was having to wear a cast.

Auxiliary Ruth L. Calson of Rt. 3, Hereford, has recently completed training in the Administrative Specialist School at the WAAC training center at Ft. Des Moines, and is now ready for an assignment to serve with the Army in non combat duty.

Pvt. Woodrow (Arkie) Foster, brother of Mrs. W. H. Goetsch of Hereford writes from Ft. Knox, Ky., that he likes the Army, misses the smell of "bacon frying in the pan," but is really getting plenty of that "breakfast horn in the early morn." Pvt. Foster sends greetings to his friends in Hereford.

Miss Louise Lance Is Bride Of Guyeth Bogle In Church Ceremony

Miss Louise Lance became the bride of Guyeth Bogle of Adrian Friday at the Baptist Church in Summerford. Rev. M. D. Rexrode read the ceremony as the couple stood before the altar which was banked with lilies and greenery. Preceding the ceremony Miss Erva Fluit sang "Because" accompanied by Miss Margaret Barrett at the piano who also played the wedding marches. The bride who was given in marriage by her father, wore a beige wool suit and she chose ice-blue accessories. Her shoulder bouquet was fashioned of pastel sweet peas.

After the ceremony an informal reception was held at the home of the bride's parents, Mr. and Mrs. Earl Lance, for close friends and relatives. The refreshment table was decorated with arrangements of white tapers, pink and white carnations and a three tiered wedding cake topped with a miniature bridal couple. Mrs. Lance and Mrs. Jim Clark presided at the refreshment table.
 Mrs. Bogle is a senior in Hereford High School but will transfer to the Adrian High School to complete her work there.
 The bridegroom is the son of Mr. and Mrs. C. L. Bogle and will complete his senior year in the Adrian High School in May. He formerly attended Hereford High School.

Marketing, Cookbook Sales Topics For H-D Council Meeting

Hearing reports from the marketing committee on plans now being formulated for the sale of home produced foods in Deaf Smith County this summer from the cookbook committee on the sale of the home demonstration cookbook and from the expansion committee on the possibility of a club in the Ward community, the Deaf Smith County home demonstration council met Saturday afternoon at the county courtroom with Mrs. R. L. Campbell, president, in charge of the meeting. Mrs. Cawthon Bryant acted as secretary.

Sales of the H. D. Cookbook were reported as satisfactory and members are expecting sales to take care of the 1942 and 1943 expenses.
 Concerning marketing, the clubs plan to contact urban groups to find out what products housewives in town would buy at the proposed market, and possible institutional buyers will also be contacted. Plans were made for informing each club of requirements for the market and the opportunities of group purchase of certain products.

lin Kaul, Frank Rickels, Horace Hershey, Lewis Harvey, Cawthon Bryant, Fred Axe, Conrad Urbanczyk, W. S. Rice and Clyde W. Russell, members and Mrs. Arthur Reeves of Brownfield and Mrs. W. A. Springer and Mrs. Ira Ott, visitors.

Garden Club Given Interesting Description Of Big Bend Park

Members of the Garden Club held the first regular study program in their new quarters at the courthouse Friday afternoon with Mrs. C. H. Dyar and Mrs. C. C. Ferguson as official hostesses.

Mrs. J. P. Slaton was leader and gave a splendid dissertation on "Trees" with timely information on the kinds of trees to grow and best methods of culture in this locality.

Mrs. F. M. Kester conducted an interesting and informative contest on tree identification.

Mrs. C. T. Guseman explained the Big Bend Project, Uncle Sam's newest playground. She described the park as extending over an area that is as great as the combined states of Massachusetts, New Jersey, Delaware and Rhode Island and with an almost unknown quantity of scenic beauty. Continuing Mrs. Guseman said: "As planned the new national park will contain 1,500,000 acres in Brewster and Presidio counties. It is hoped that it will extend into Mexico to include all the picturesque atmosphere of Old Mexico. The traveler will find romance, history and scenic contrasts in Big Bend Park and far out in the distance there rise the Chisos, or Ghost Mountains, which reach an altitude of 8,000 feet. Rolling hills, the desert, one of the beauty spots, and beds of blue, yellow, green, brown and white clays catch the sunlight and make a picture long to be remembered. The climate is cool and delightful in summer, invigorating but not uncomfortable in winter. No more ideal playground the year round can be found for the sight-seer or vacationist."

Members present were Mesdames Fred Axe, D. H. Alexander, Lyle Blanton, E. T. Brooks, Homer Brumley, C. D. Carnahan, W. S. Fluit, N. E. Gass, P. H. Gilliland, E. W. Harrison, F. M. Kester, Jim Lipscomb, A. L. Manjeot, F. H. Oberthier, L. H. Shore, J. P. Slaton, Earl Springer, E. Ramsey, Liston Wilson and the hostesses.

Mrs. J. P. Slaton was leader and gave a splendid dissertation on "Trees" with timely information on the kinds of trees to grow and best methods of culture in this locality.

Calloway, Misses Dorothy and Inez Funderburg and the hosts.

Wedding Announced

Announcement has been made here of the marriage of Miss Lois Standifer and Sgt. Dennis Baker in Amarillo on Tuesday, March 23. Miss Standifer a graduate of Hereford High School, is the daughter of Mrs. E. Standifer and Sgt. Baker is the son of Mr. and Mrs. Mont Baker. He is stationed with the Bombardier School at Childress.

Mrs. Walker Nicks has returned from a visit with relatives in Lubbock. and many club members are planning to attend.

The New Canada

Canada's Prime Minister MacKenzie King and his government, in four years of costly war, have accepted neither lend-lease aid nor loans from the United States, the March of Time points out in "The New Canada," which will be a feature at the Star Theatre next Wednesday and Thursday April 17-8.

STAR SPANGLED ENTERTAINMENT is "Yankee Doodle Dandy" in which James Cagney plays the role of George M. Cohan, America's number one song and dance man and writer of such hit tunes as "Yankee Doodle Boy," "Mary's A Grand Old Name," "Give My Regards to Broadway," and "You're A Grand Old Flag." Cagney won an academy award for his Cohan role and the cast also includes such stars as Walter Huston (pictured above as Uncle Sam), Joan Leslie, Richard Whorf, George Tobias and Frances Langford. The picture shows Sunday, Monday and Tuesday at the Star.

Eggs are not rationed and they are plentiful right now. As muscle builders, as sources of Calcium, as a growth-promoting and protective food, eggs hold an important place in every day's diet list. Because of their high protein content, eggs are a palatable and attractive substitute for meat, for which the housewife needs to part with none of her precious food points. Here is a recipe you will enjoy using for it can be the main dish at friendly company breakfasts or it can provide top-notch servings at buffet supper parties or the popular kitchen suppers.

Let's Cook Something

Roundhouse Eggs
Cut out the inside of a slice of bread with a doughnut cutter and place on a well buttered griddle. Break an egg into the hole left by cutting out the inside, and allow to brown on bottom. Turn carefully and allow to become light brown. Turn right side up again on a large platter or tray, salt and pepper to taste and garnish with a dash of paprika and a bit of butter and serve at once. The round pieces of bread left by cutting out the insides may be toasted, buttered and spread with jam or jelly and served along with the eggs. An ordinary griddle will be large enough to prepare four eggs at one time.

SONS in the SERVICE

Clifton, Nell Cox, son of Mr. and Mrs. C. C. Cox, is now stationed at Camp Butner, N. C., one of the nation's largest field artillery training centers.

Clifton volunteered for Army duty and reported to Fort Sill, Okla., on March 4. He has been at Camp Butner for about two weeks and reports that he likes his work and the country, though the trees seem a little out of place to a West Texas boy.

Wesley H. Coker, son of Mr. and Mrs. Roy Coker, of Summerfield, has recently been promoted to the rank of Corporal. Cpl. Coker is stationed at Camp Phillips, Kan. He has been in service since Sept. 30, 1942.

"Pittsburgh Paints, Enriched with "Vitalized Oils" — Keep Them "Live" and Elastic

WE DON'T ask you to take our word for it — that Pittsburgh's Live Paints will save money for you. Let us show you the scientific tests that prove that Pittsburgh's "Vitalized Oils" remain in the paint film, keeping it young, elastic, LIVE. This means three important economies.

1. Retards cracking, peeling and blistering — hence longer-lasting jobs.
2. Wider spread — "Vitalized Oils" seals the surface, so you can cover a larger area per gallon.
3. Smooth application — paint flows on easily without brush marks to mar appearance and weaken film.

Presbyterian Church News
The hour for the Sabbath School has been moved up fifteen minutes. Instead of beginning at ten o'clock, we will begin at nine forty-five. Please make a special effort to be present on time. We had a good attendance last Sunday at the Sabbath School hour.
The morning Worship Service will be held at eleven o'clock. The sacrament of the Lord's Supper will be observed at this hour. We should like to have every member of the Church present for this service.
The Evening Worship Service will be held at 8:15 o'clock.
The Mid-Week Prayer Service will be held on Wednesday at eight o'clock. We will study together the ninth chapter of the gospel according to St. John.
A cordial invitation is extended to all who so desire to worship with us in these services.

Let's Go - VICTORY GARDENERS

More fun than a picnic? Better exercise than golf! That's Victory Gardening for you . . . !

It isn't often you'll find a grand outdoor hobby that lets you help the war effort at one and the same time—and when you add those delicious garden-fresh vegetables that need no ration card to enjoy—it's almost too good to be true!

Start NOW to plan your Victory Garden for '43. Talk over NOW the vegetables you and your family like—the ones you want to plant. Do a little reading up on home-grown foods—what vegetables supply which vitamins—which foods are easy to grow, best to can, more plentiful per area planted. Decide where you want to locate your garden—in your own back yard—jointly with your neighbors on a nearby lot—or on a community plot.

Let's Go-- Victory Gardeners!

GARDENING, in 1943, is more than a hobby; although it is a very pleasant hobby which many Hereford people have been enjoying for years. It is more than just a patriotic contribution to the war effort; although Uncle Sam is urging all of us to grow as much food as possible at home in order that more shipments can be released for our expanding Army and Lend Lease. In fact, as more and more foods are added to the ration list, this matter of raising a garden has become NECESSITY for every American — if he expects to eat the proper foods and continue to be able to shoulder his part of the home front duties.

Therefore, your city government is not only suggesting, but URGING that EVERY FAMILY IN HEREFORD plant a garden this summer . . . and TO ASSIST IN THE VICTORY GARDEN PROGRAM, WE ANNOUNCE THE FOLLOWING

CHDA NOTES

Deaf Smith County's reputation for strawberries certainly "gets around".

As witness the visit here Monday of Miss Dyora Crowder, Moore County home demonstration agent, and three clubwomen, Mrs. Clarence Walker and Mrs. W. J. Morton, Jr., of Stinnett, and Mrs. Horace Helton of Channing, who came here to get information on how to dig, separate and plant strawberry plants.

The visitors went to the Nolle-Elliston farm at Wyche, where the practicability of raising strawberries here was first demonstrated; and according to their own statement got "just what they wanted" from the trip. In addition to learning about strawberries, the visitors enjoyed a trip over the Elliston

farm, where they were especially impressed with the outdoor furniture and the rustic bridge which the boys have built over an irrigation ditch.

The Moore county women also visited the Gus Thiele farm where they saw the windbreak and landscaping which has received much favorable notice. The trees in the windbreak represent two plantings, the first made in 1939 and the second, mostly pines, put out in 1940. The Thieles also have an unusually complete variety of grapes and fruit trees in their orchard.

Incidentally, there are still a few strawberry plants available for digging at the Elliston place.

The Ralph Smiths, who recently purchased the Omer Baker home in Northeast Hereford, are planning a remodeling job to make ample use of all available storage space. Mr. Smith plans to do the carpenter-work himself and they are studying bulletins and other literature to add to their own remodeling ideas.

The last order of evergreens will be shipped Saturday from the Lubbock Experiment Station and there will probably be about 100 trees in the shipment. Bad weather at Lubbock prevented the digging of the trees at the time originally scheduled.

It's nearly Easter time and there's newness in the air—new recipes, along with new spring. The following recipes for Hot Cross Buns will keep your meals high in interest:

- 2 pkgs. compressed or granular yeast.
- 1-4 cup lukewarm water.
- 1 cup milk.
- 1-4 cup shortening.
- 1-4 cup corn sirup.
- 1-4 cup sugar.
- 1 teaspoon salt.
- 2 eggs, beaten.
- 6 cups enriched flour (about 1 cup currants).

Soften yeast in lukewarm water. Seal milk. Add shortening, sirup, sugar and salt. Cool to lukewarm. Add flour to make thick batter. Add yeast and eggs. Beat well. Add currants and enough more flour to make a soft dough. Turn out on lightly floured board and knead until satiny. Place in greased bowl, cover and let rise until doubled in bulk (about 2 hours). When light, shape into buns and place in greased baking sheet or in pan. With knife or scissors cut a small cross on top of each bun. Let rise until doubled in bulk (1-2 to 3-4 hour). Bake in moderate oven (375 degrees F.) 20

to 25 minutes. While hot, ice with confectioner's sugar icing, following pattern of cross cut in the buns. Yield: 3 dozen buns.

Quick Hot Cross Buns

- 2 cups sifted enriched flour
- 3 teaspoons baking powder
- 1-2 teaspoon salt
- 2 tablespoon sugar
- 1-2 teaspoon cinnamon
- 1-4 teaspoon allspice
- 4 tablespoon shortening
- 1-2 cup milk
- 1 egg
- 1-2 cup currants (optional)

Sift together flour, baking powder, salt, sugar and spices. Cut in shortening and add currants, if desired. Beat egg. Add milk and add to flour mixture to make soft dough. Turn out on lightly floured board and knead gently 1-2 minute. Pat or roll out 1-2 inch thick. Cut with small biscuit cutter. Bake on baking sheet 12 to 15 minutes in moderately hot oven (425 degrees F.) While hot make cross on each with confectioner's sugar icing. Yield: 10 to 12 buns.

A Word Of

Appreciation

We wish to express our genuine appreciation for the business given us and the many courtesies extended us during the 21 years we have operated the City Drug Store in Hereford. It has been a real pleasure to work with and to serve the people of this community.

In announcing the sale of the store, we feel that it is in good hands and that the new owners will continue to offer you the same high type of service which we have always tried to maintain.

For your convenience, our books will remain at the City Drug — and one of us will be there for several weeks to collect accounts which are now on the books.

Again, we want to say "Thank You" and to assure our friends that we expect to remain in the community, devoting our time to our farming interests here.

ANNUAL REPORT TO TELEPHONE USERS

A Summary of the Southwestern Bell Telephone Company's 1942 Annual Report, Recently Issued

"PEARL HARBOR" was only three weeks old as 1942 started, but already the telephone system had felt the first of war's pressing demands.

Most metals vital to war are also vital to telephone service. During the year we were able to get, for example, only a tenth of the copper normally needed.

Telephone people somehow had to make this bare trickle of materials meet demands for entire telephone systems at Army camps and Navy bases, for service to new war industries, for new telephones in thousands of homes.

Service held up rather well

The skill and "know how" of these people were in most cases equal to the job. During the year the company gained 123,689 telephones. It ended the year with 1,867,751 telephones in service. But in many cities, lines and equipment simply could not serve all who wanted telephones.

The quality and speed of telephone service held up rather well during the year. There were exceptions, of course. On many crowded long distance lines delays were unavoidable.

It was inevitable, in such a year, that some new high marks as well as some low marks should be set.

For example, the money taken in by the company for its services was 120

million dollars—11 per cent above 1941. That seems a lot of money.

Expenses mount faster than revenue

But expenses climbed even faster. They jumped from a little over 88 million dollars in 1941 to more than 101 million dollars—an increase of 15 per cent. Most of this increase was a result of sharply higher payrolls and taxes. Taxes grew from slightly less than 20 million dollars in 1941 to more than 24 million dollars.

The result was that the company matched its high record with a low.

Earning rate lower than in depression

The company's earnings for the year were at the rate of 4.4 per cent on the money it has put into the buildings, wires, and equipment needed to furnish telephone service—a lower rate of return than at the lowest point of the depression.

On the whole, telephone service was better in 1942 than telephone people had dared hope it would be. This was due in large part to the competence and fine spirit of service of the telephone men and women in the Southwest. It was due also to the understanding and sympathetic co-operation of the people who use the service.

Frio News

MRS. OWEN ANDREWS

Mr. and Mrs. Edward Robertson and Sandra of Amarillo spent Saturday night in the T. L. Sparkman, Sr., home. On Sunday the Sparkmans, Robertsons, Mr. and Mrs. T. L. Sparkman, Jr., and son, Mr. and Mrs. W. A. Springer and Chas. Ralph, Mr. and Mrs. Geo. A. Springer, and Mr. and Mrs. Elbert Summers took dinner in the J. E. Springer home in Hereford. Also Mr. and Mrs. Benny Fulker and children of Roswell, N. M., were there.

Mrs. Jack Summers is recuperating in the home of her daughter, Mrs. Harley Dodd, near Cleo, following an automobile accident in which she suffered a broken collar bone and other injuries. Their car overturned on a soft grade because of a flat tire. Mrs. Jack Gladman,

the former Miss Ola Summers, was also injured but was able to return to work the last of the week. The accident occurred Sunday, a week ago.

Mrs. R. D. Lance spent Friday with Mrs. Geo. A. Springer.

The Frio Home Demonstration Club will meet with Mrs. H. D. Robbins on April 7, instead of with Mrs. J. M. Dixon as formerly planned. Mrs. Dixon has been ordered to bed by her doctor for a two week's rest.

Mr. and Mrs. W. A. Springer and Chas. Ralph and Mr. and Mrs. T. L. Sparkman, Sr., attended the funeral of an aunt Mrs. Mollie Richie, at Lubbock last Wednesday. She was a sister of their mother, Mrs. M. A. Springer.

Mrs. Fred Wren left recently to join her husband who is employed in defense work at Des Moines, Ia.

Mr. and Mrs. W. S. Dixon are on the Gulf coast. Mrs. Dixon's health has not been so good and it is hoped she will im-

prove with the change in climate. The Earl Springers moved to Hereford Friday, a week ago. The Warricks, of Wellington, moved to the Springer place on Saturday.

Mr. and Mrs. Henry Rowe and daughter are back in this vicinity to live. They and Mr. and Mrs. Aubrey Bartlett and baby, Mr. and Mrs. W. I. Simms of Pampa and children, and Mrs. Richard Simpson and children of Los Angeles, Calif., spent Sunday a week ago in the parental, D. O. Benson home.

Mr. and Mrs. Aubrey Bartlett and daughter, formerly of Gainesville are here now. Mr. Bartlett is employed at Consumers in Hereford.

Friends of Bill Williams, who preached here last spring, have learned that he is in the army and is stationed in Arkansas.

Mr. and Mrs. E. B. Berryman spent Sunday in the W. C. Lowry home. Also Mrs. McReynolds and children, the Dicksons and

Mrs. W. N. Lowry were there. Mrs. W. N. Lowry is spending the week with her son, W. C. Lowry and the grandchildren here.

Mr. and Mrs. Ernest Robertson went to Amherst Saturday where he visited with his parents, while Mrs. Robertson continued to Lubbock to visit her mother, Mrs. Carr. Mrs. Carr came home with them and remained until Wednesday.

Mrs. J. W. Benson and daughter of Amarillo visited in the home of her parents, Mr. and Mrs. A. T. Jones, from Thursday until the first of this week.

MRS. B. A. WEST

Mrs. W. F. Mullin returned to her home in McLean Tuesday after a weeks visit in the home of her daughter, Mrs. B. A. West.

Mr. and Mrs. L. W. Barrett are the parents of a baby boy who arrived March 24. He has been named Walter Ray.

Mr. and Mrs. Floyd West visited in Pampa Monday.

Mrs. B. A. West and Mother, Mrs. W. F. Mullin, spent Monday in the home of Mrs. Addie Guthrie in Hereford.

Mr. and Mrs. B. A. West were in Amarillo Monday on business. Troy Newman of Ford visited in this community Sunday.

Mrs. Paul Wilson and son, John Marvin, of Stratford visited relatives in Hereford Sunday. They were guests of Mr. and Mrs. Cliff Estes and Mr. and Mrs. Jeff Gilbreath.

Miss Billye Louise Davis who is employed in Amarillo, spent the week-end here with home-folks. She is the daughter of Mr. and Mrs. Arthur Davis.

K. Rudd Aspires To Obtain F. F. A. Lone Star Degree

Kenneth Rudd, an up-and-coming member of the F. F. A. chapter, has reasons to hope for a Lone Star Degree. A Lone Star Degree would make him a State Farmer and entitle him to a free trip to the state F. F. A. convention.

The qualifications for a Lone Star Degree are as follows: To earn at least \$225 from supervised farm projects, to have had two years of vocational agriculture and have been a Future Farmer for one year, to be an active member of the F. F. A. or have completed all the vocational agriculture offered by his school, to be in the upper 25 per cent of his class in scholarship, and to have 3 certificates of merit, which are: to have fed beef cattle, to have culled poultry, and to have fed pigs for pork production.

Only 2 percent of the members of all the F. F. A. chapters in the state are chosen to go to the state convention, and Mr. Cardwell, the F. F. A. supervisor for the Hereford chapter, says that Kenneth has a good chance to win the trip.

Kenneth is keeping for his projects this year 10 calves, 60 White Leghorn chickens, 4 Hampshire sows, 10 shoats weighing 180 pounds each, 17 weaning pigs and 16 pigs which are 4 weeks old. Kenneth also has 10 acres of row crop and 10 acres of barley.

High School Contributes Generously To Red Cross

Last week from March 21 through the 27 a special drive was made in Hereford High School to see how much money could be obtained for the Red Cross drive. The following are the contributions made to the Red Cross: Freshmen \$27.80; Sophomores \$16.75; Seniors \$15.33; Juniors \$12.27; F. F. A. \$15.00; Faculty \$25.00; F. H. T. \$5.00. The whole total for Hereford High School was \$116.97.

"Songs We Sing" Is New HHS Song Book

"Songs We Sing" is the title of a little red durable song-book which the Student Council has recently purchased. The book raved arrived, and they will be put into use in the "sing-song" assemblies.

The council wishes to express their gratitude and appreciation to the Boy's Hi-Y which contributed an amount of money which furthered the possibilities of obtaining the song books.

Do not be a student who will molest the books in any way because the council wants the books to last the length of time that they should last.

You Must See "Come Out of the Kitchen"

Attention all citizens of Deaf Smith County (and, of course, anyone else who reads this.) Get out a huge red pencil and circle April 30 on your calendar. You have an appointment for that night and I mean everyone of you. It's an appointment you certainly don't want to miss. For, on the night of April 30, the Senior Class of 1943 is presenting the play "Come Out of the Kitchen."

It is a three-act comedy and you will really be glad you "came out of the kitchen" and up to the auditorium of Hereford High School after you have seen this play. "Come Out of the Kitchen" shows what could happen when four young people, like the four Dangerfields decide to act as servants in their home which, for financial reasons, they have rented to a Yankee. In fact, anything can and almost everything does happen to the Dangerfields in "Come Out of the Kitchen."

It's an all-star cast with Phyllis Radovich as Olivia Dangerfield; Nona Deen Rose as Elizabeth Dangerfield; Felix Pyka as Paul Dangerfield; and Thurman Williamson as Charles Dangerfield; Billy Dameron as Burton Crane; Mary Ann Acker as Mrs. Falkner; Juanita Kelley as Cora Falkner; Donald Roberson as Solon Tucker; Daniel Russell as Randy Weeks; and Erva Fluitt as Amanda, the negro servant.

You Must Help Save

May I borrow an eraser? Do you have an extra paper clip? Is there an extra typewriter ribbon? You have all heard these questions around school, and you all know the usual answers: "Sorry, my pencil has no eraser" or "I couldn't get any paper clips yesterday."

Of course, in the first place, borrowing continually isn't the best policy one can follow, and borrowing implies repaying. Now, when such articles as erasers and paper clips are almost impossible to get, one cannot be sure of repaying them even if he finds some to borrow.

We must remember that such articles as erasers and clips contain material that is necessary to our national defense; thus we will not mind doing without them. A shortage of erasers challenges us to make fewer mistakes, and paperclips? Well, students had written material in school before paper clips were ever invented.

As for typewriter ribbons,

Ag. Boys Engaged In Making and Repairing Many Useful Articles

Do you know what has been causing all the noise the last few days out in the rear of the building? Well, it is the agriculture boys. They have been building and repairing and generally taking apart nearly everything they can find.

They are making hog feeders, hog sheds, chicken feeders, chicken troughs, hog troughs, nests for setting and laying hens, fruit bowls, handles for tools, one wheelbarrow, one closet for wardrobes, and a feeder for cattle.

They are repairing things, too. They have repaired several kinds of farm tools, such as wrenches, saws, squares, etc. Also, the boys, under the guidance of Mr. Cardwell, have undertaken the repairing of three automobiles. On one of the cars they straightened some dents; on another, adjusted the shock absorber and muffler; and on the third one, built a tool box. This training, said Mr. Cardwell, will teach the boys to use shop equipment, make more efficient use of their hands as well as their minds, and teach them how to conduct themselves in the shop.

Mr. Cardwell is also planning to start a course in physical training for high school boys. This has not been put into use yet, but he plans to start it some time this week.

Central Chatter

5A has a Citizenship Club which has regular meetings. Some of their topics are Safety First, Thrift, Good Manners, and Character Study. The best citizens for the past week were JC Edgar Kerr and Reba Dones. 8C has three new students who are: Mary Joe Wood from Colorado, Sara Bell from Bovina, and Beva Jean Lee from Canyon. 8A lost two pupils this week. Cordelia Hutchison and Patsy Settle. Both had been with us only a short time but we hate to lose them and hope they will enjoy their new schools.

March 17 to 23 was National Camp Fire Week. All 20 members are distributed through Central as follows: 8A, 3; 8B, 8; 8C, 1; 7A, 3; 6A, 2; 6B, 2; and 5B, 1. They are really very charming in their red, white and blue uniforms.

On March 11, 1943 everyone was present in 7B. Hurray! 8B has a very attractive bulletin board. It contains nature pictures.

The Red cross drive has even reached the portals of dear old Central. The first room to become 100 per cent and get a sticker was 7A, second, 7B. So far 8B has turned in the most money. It has \$11.45 to its credit. The whole school at this time has turned in \$67.10.

The 4A class is diligently multiplying two figures and three figure numbers in Arithmetic. Checking still puzzles those who cannot see why answers do not check when partial products are the same. We have now studied all the tables but a few need to finish the task of learning the combinations.

8B is having book reports. Most of them are detective and mystery stories. They are all right except they won't tell the end of the story.

8B also had a Truth or Consequences program Monday. It was a lot of fun for those who didn't participate.

In 7A, girls and boys had nice vacations. Patsy Ann Slagle went to Panhandle, Diane Jewell went to Black and others went on hikes, horseback riding, bicycle riding, and skating.

The style for hair in Central School now is wearing it on top of your head. Many girls wear it there.

Arvilla Moore moved to Summerfield Tuesday afternoon. Room 8B hated to see her go.

The fifth grade is learning to use "lay", present form, meaning to place and, "lay", past form meaning to take notice. 7th and 8th grades take notice!

they're just out of the question. Our present supply must be taken care of just as many other things.

So, let us not worry, gripe, and try to borrow from the other fellow. After all, what will he do when you've borrowed all his materials?

THERE'S A HOST of Bargains IN TODAY'S ADS

They Also Serve!

They have been taken away! Actually they won't be back for a while. Yes, five of our typewriters from the typing room have taken a vacation from Hereford High, but they are doubtless doing harder work now than ever before.

The Government has asked all the typing classes to give a certain number of their typewriters for defense work. Last Wednesday morning we contributed our share, and there is a shortage of good typewriters for those taking typing.

Now, students, is one of our chances to show how much we really think of the good old U.S. A. If your typing machine is not as ood as the one you had or you have to carry a portable to school, go about your work with a patriotic smile. After all, it isn't every day that you get to do something for your country. Even though this is a very small favor, every little bit counts and helps to bring us closer to that all-important goal—victory and world peace!

Senior Personalities

Whenever there is a fire drill in dear old H. H. S., one Senior girl who's sure to be seen is "Junky", or more commonly — Wanda Jean Whitaker, who's an assistant fire chief.

"Where there's smoke, there's fire," someone once said. "Where there's one job, there's more jobs," say we. So it is with Wanda Jean. In addition to being an assistant fire chief, Wanda is secretary of the Senior Class, Business Manager of the "Whiteface-Roundup," and an office girl—all this year. When Wanda was a freshman, she was vice-president of her class. As a Junior, she held the esteemed position of Assistant Make-Up Editor of the "Whiteface-Roundup."

"Well, I'll be," is Wanda's favorite exclamation. What she wants to be is a secretary for a while, and then— an ideal housewife! To prepare herself to be a secretary, Wanda is taking shorthand, and it is her favorite subject.

Now, it's about time to delve into those "personal" little details.—When, Where, What, and How. When, is November 10, 1926, the date little Wanda first shattered the ears of a nurse with a powerful yell. Where, is Hereford; the place, her birth and the Town Without a Toothache. (You tell 'em "Reader's Digest," only we've got a toothache.)

How, is the method Wanda uses to accomplish so much. How, consists of blue eyes, brunette hair, 5 feet, 3 inches of height, and 106 pounds of muscle.

Wanda has been a member of the Tri-Hi-Y one year, F. H. T. a half year, and Staff two years. Of course she's been a member of her class, and has always gone to school in Hereford. After she graduates, she wants to attend Chillicothe Business College in Missouri. Wanda at present, caters to banana pudding, football, and collecting maps (photos) of people.

Wanda's favorite song is "There will Never Be Another You!"

George L. Olson was born April 28, 1926 in Hereford. He is now 5 feet 8 1-2 inches tall, and weighs 145 pounds. He has black hair and blue eyes. George has determined to remember at least one thing from his Senior English. That one thing which he is always saying is, "To be or not to be—that is the question!"

He is always whistling, singing, or humming that tune,—"Deep in the Heart of Texas." His hobby is horseback riding, and his favorite food is fried chicken and apple pie. His favorite sport is football.

George has enjoyed going to school at Hereford High very much and he is sure he will always remember his school days. He doesn't yet know whether he will attend college, but if he does, it will be at A. & M. If he doesn't attend college he will help his father on the farm. And by the way, George's ambition is to graduate from Hereford High School, then become a good farmer.

George is reporter and vice-president of the B. S. P. Club, and B. S. P. is his favorite subject.

Harold Clark, who was born in Canyon on August 31, 1926, is five feet, eight inches tall, and he weighs 130 pounds. Harold has brown hair and dark brown eyes.

This rather shy member of the Class of '43 picks riding as his favorite hobby and chocolate pie

Regional Champs Receive Pennants

If you have a spare moment, be sure to drop by Mr. Kinard's office and there let your eyes feast upon a 3 by 5 piece of maroon felt upon which are inscribed the words, "Regional Champions, Class A. Football, 1942." The letters are white, against the maroon background of the pennant. This banner is an official recognition of Hereford's winning of the Regional Championship.

As soon as sweaters and other individual awards for the football boys come, the pennant will be officially presented to the school.

After its presentation, it will probably be placed near the show case by the figure of Prince Hereford.

Temporarily, it is in Mr. Kinard's office, and the feeling of pride you will have when you see it is worth the trip down there.

Welcome, Miss Ireland

A new face has been around Central. If rumors are correct, and we think they are, she is Miss Mary Elizabeth Ireland. She left a defense job in Connecticut to come back and teach us dear children music.

She graduated from Trinity University in Waxahatchie with a Bachelor of Arts degree.

Miss Ireland is five feet seven inches tall, has beautiful green eyes, and blonde hair. Her favorite sport is tennis. If you want to make a good impression on her, don't talk all the time and say nothing. If you want to invite her over for supper some night, have steak and gravy and you will certainly please her.

She likes her job and we are very happy to have her here and to have her like it here.

and hamburgers as his favorite foods. "Skeeter," as Harrold is sometimes called, likes football and baseball very much.

Harrold's ambition is to become a farmer and to prepare for this work he wants to go to college at Texas Tech. He has been a member of the F. F. A. for two years and his favorite subject is agriculture.

Harrold's pet peeve is people who think they are "high-ups," and he doesn't care for squash. If you hear Harrold say "I don't get it," don't take him seriously for that is his favorite saying. Harrold's favorite song is the song of the Navy, "Anchors Aweigh."

"Being Patriotic" Is Tri Hi Y Topic

"Patriotism is love and devotion to the welfare of one's country." "Being Patriotic" was the theme for the Tri-Hi-Y program Tuesday night, March 23. Phyllis Radovich was leader. The group opened the meeting with the national anthem, "The Star-Spangled Banner." Margaret Olson read and explained the Scripture, Luke 20: 21-26.

Bonnie Miller sang "Our America" by Anna Case with Margaret Barber as accompanist.

By candlelight, Phyllis impressively told a lovely story of what patriotism means and how a family and some young girls realized its true meaning. "Patriotism is a collected love for one's country; love for its freedom; love for its rights; love for its past and future; love for the men fighting; love for defense workers, and even love for our enemies. Patriotism isn't and never was based on hatred," said the speaker. Phyllis then gave a beautiful prayer accompanied by Margaret Barret on the piano.

The Tri-Hi-Y Benediction closed the meeting.

Boys Expend Energy In Profitable Manner

Some of the leap frog games and the tumbling teams on the lawn at lunch may disappear when the boys start in the new physical education class.

This class will be held at the seventh period. The class room will be the football field. Mr. Stanton said the class would probably begin next week. It will begin just as soon as the boys get all the equipment built. This equipment will be whatever it takes to make up a good obstacle course.

The starting line will be on the south end of the field. The first obstacle the boys must go over is to hurdle the fence that separates the field from the bleachers. Next they will do a balancing act on some boards that are propped up off the ground. From there the boys will swing over a pit. A wall eight feet high is the next obstacle. The boys are supposed to scale this wall. From there they will do some fence vaulting. A few hurdles, another fence to vault, some more balancing on boards, crawling through barrels and under boards and the obstacles course is completed.

It might not sound very bad, but it is easier to tell about than it would be to have to run the complete course. So the boys will probably find a new vent for all the excess energy they seem to have at lunch.

First All-Girl Assembly Proves Very Profitable

Tuesday morning was a special time for the girls of Hereford High. At activity period, that morning there was an all girl assembly.

The girls and women of the faculty were favored by addresses by Mrs. Urline Streu and Mrs. Jimmie Best, both of our city.

Mrs. Streu spoke on "The Patriotic Duty of Young People." She impressed upon the girls that undesirable curfews, gossip and broken reputations in some of our neighboring cities were brought on by young people themselves of those cities. "Let it be a challenge to you as young women to show others it won't happen here!"

"The Part Young Womanhood May Play in This War" was the theme of Mrs. Best's talk. "Happiness in later life depends on girlhood now," said Mrs. Best. "Time was not sufficient for all that had been planned."

Plan Now for '44

LET'S GET DOWN TO BRASS TAX!

The Income Tax you had to pay on March 15 was bigger than you ever paid before. Sure, you're proud to give your dollars to get the war job done . . . but, if you haven't been saving for taxes all along, it'll be more than a little tough to juggle the budget! And it needn't be that way at all . . .

HERE'S WHAT TO DO!

Start now to save a certain amount each week for your '44 Taxes! Sounds simple doesn't it? Just set aside 52 reasonable weekly sums — that you'll hardly miss — instead of the big budget-killers you suffered this year. Then, when March 15, 1944, rolls around . . . you'll have it to give . . . and give gladly . . . to preserve the American Way of Life!

Books May Be Sent To Prisoners of War

Some Red Cross material received this week reveals that individuals in the United States may now send books (new books only) to officially identified prisoners of war. The books must be shipped by the publisher or bookseller and cannot be marked by the sender, though his name and address may appear on the shipping label.

One five-pound book package will be permitted to go forward each month to each prisoner or internee and postage is free; but there is a long list of authors (including all Jewish writers) and many subjects which are " verboten " with the Axis jailers. Complete information may be obtained from Mrs. Dyalitha Brady, Red Cross home service chairman.

Preliminary Home Nursing Meeting To Be Tomorrow

Preliminary meeting of the Hereford home nursing course will be held tomorrow (Friday) afternoon at 3 o'clock at the grand jury room in the court-house, according to Mrs. Bob Wilson, Red Cross home nursing chairman.

This will be the last Red Cross home nursing class for some time, Mrs. Wilson states, adding that in view of the drastic shortage of nurses and doctors in this territory, enrollment in the course should be large.

All women who have already signed up for the course and any others interested should attend the meeting tomorrow at which final plans for the course will be drafted.

Around Town

Ernest Wade left yesterday for Waco, where he was called by the death of a nephew, who was killed in an explosion at an army camp near the city.

Mrs. C. W. Seed and E. D. Fox returned Friday from attending the mid-season market at Fort Worth and Dallas. Despite wartime shortages in some lines, they report buying some very attractive summer styles and state that clothes rationing, according to most manufacturer's representatives, is not in prospect any time soon.

Robert Singer arrived this week from Slaton to take over active association in his partnership with W. L. Alexander in the City Drug Store. Mr. Singer, the son of T. A. Singer of Dimmitt, has many friends and acquaintances in this area; and his wife, the former Miss Mary Lee Alexander, was reared in Hereford. The Singers have a baby daughter.

situation is equally critical and imposes similar responsibilities upon all truck operators to conserve their tires and reduce to the minimum the number of miles which they operate empty or partially loaded.

"Renewals Simpler"

To make operations under ODT restrictions as simple as possible, a recent order to truck operators holding single unit certificates of war necessity will have their third and fourth quarter gasoline ration coupons mailed to them, provided they bring their certificates to their local rationing board once before July 1, 1943, for recording the correct gallonage on these two quarters.

arrow and if they raise a five pig litter this will mean 56,280 pigs for market or about 11,056,000 pounds of pork altogether and 1,978 pounds per person.

The county will reach, or perhaps exceed, its 3,000 acre goal for soy beans and with a 14 bushel per acre average yield which was the yield made in 1942, this will mean 50,400 sixty-pound bushels. Of this 31 per cent can be turned into protein meal to help combat the

protein feed shortage. In percentages the county can anticipate an 11 per cent increase in milk; 34.8 per cent increase in laying hens; 43 per cent increase in fryers and 77.9 per cent increase in hogs.

Which, of course, does not mean that Deaf Smith County will be a land of milk and honey so far as the 1943 diet is concerned. No part of the United States will be that. But it does mean that Deaf Smith farmers, by increasing production, are doing their share to lift the nation out of the worst food shortage in its history and that many thousands of dollars of added farm income are headed this way.

and a junior group; but there are many names on the waiting list which could be organized but those girls are compelled to stay out of Camp Fire work because no leader is available. Assistant leaders are also needed for it is almost impossible for one woman to carry on the work of two groups, which Mrs. Streu is valiantly trying to do.

weeds and the thicker the weeds the better for the bird. Another thing that will be worth our attention—this same kind of cover is good for the pheasants we put out, and Sgt. Hawkins said that the pheasant could not only use the fence row for cover but could live nicely off the tumble weed seed.

The Hungarian Partridge mates earlier than any game bird we have and these birds were trapped after they were mated and that is one reason they release them all in one bunch and not take any chance of breaking up pairs for this season, as it seems they pair only once for the season, according to Sgt. Hawkins, who said we could not expect too many young ones this season, but if we would do our part the birds would do well here. They lay around an average of 14 eggs to the nest, but he had counted as many as 24 eggs. The birds are about twice as large as a quail. These birds had been on the road for seven days and there was one dead bird in the crates.

Joe Bishop and Jack Newell went out with Maggard to turn them loose and Joe Brorman started his irrigation well to fill a ditch so the birds could have water, as they hadn't had any water since they were shipped. They said a very few birds left the ground and very few drank any water while they were there.

This makes us a lot of game birds in this community; from all the reports we can get, the pheasants and quail we released earlier are just doing fine and we have something to be proud of and I am sure that if we take care of what we have, the state will help us keep the country stocked if we need it. We have a petition to the state to close the season in this county for three years and am sure this will be done. The closed season will be on non-migratory game birds, which does not in-

SOCIETY

METHODIST WOMEN HOLD QUARTERLY ZONE MEETING

The first quarterly zone meeting of the year held by members of the Woman's Society for Christian Service of the Methodist Church was held here yesterday.

The luncheon at one o'clock carried out an Easter motif in the decoration of the tables. Lilies, sweet peas, Easter baskets and bunnies told the sea-

clude dove and geese and ducks. Don't believe there is a country on earth that has as many good sports and good fellows living in the country as we have right here and that is what it takes to get these birds started. Without the aid of the farmers, this will all be wasted and I know it is not going to be wasted because every farmer and rancher I have talked to is sure interested.

Keep em cover and water. If you see any evidence of violating the game law, get their car number and Jim Maggard will do the rest, and anything you need to help keep these birds protected, let us know and we will see that you get it.

son's story. Hostesses were Mesdames Wm. McGehee, J. C. Cummins, John Jacobson Jr., H. V. Williamson, G. W. Newsom, Ed Warren and Lyle Blanton.

Mrs. Marvin Boyd was leader of the luncheon program which included a prayer given by Mrs. J. F. Ward, introduction of visitors and introduction and response from the district secretary, Mrs. B. M. Bruckner.

In the afternoon an organ prelude gave the call to worship and responsive readings on "The Way of Peace" opened the program which was built around the theme, "Be Still and Know That I Am God."

Two speakers were scheduled Mrs. B. M. Bruckner, district secretary, spoke on the work being done in the district, and Mrs. F. T. Roloson discussed "As We Look Toward Peace."

During the business session reports from zone representatives were heard and in conclusion a poem, "Be Still and Know," by Gertrude Robinson was read in unison.

C. F. Moore in Lubbock Hospital

C. F. Moore, manager of the J. C. Penney Company Store, is in a Lubbock hospital where he underwent an operation Monday. Word received from Mrs. Moore yesterday stated that he stood the operation in fine shape and is doing splendidly.

LOCALS

Mr. and Mrs. Harold Wall and two children spent a couple of days here with Mrs. Wall's uncle, E. H. Norton, last week. Their home is in San Bernardino, Calif.

Dinner Party

Mr. and Mrs. Henry Hastings and Mr. and Mrs. Ralph Hastings went to Amarillo Monday and there they met their son, Lt. Roy Hastings and his bride, also her parents, Mr. and Mrs. F. E. Shryock of Pampa, for an informal dinner party before Lt. and Mrs. Hastings left for the West Coast where he will report Saturday for duty in the Army Air Corps.

Students Visit Here

Eight W. T. S. C. students formed a party to enjoy a brief visit together in Hereford the past week end. They were Nedra Evans of Post; Jean Dixon, Spearman; Jean Shaver and Billy Jean Hamner; Knox City; Mary Bugg and Katherine Rankin, Florence, Ariz.; Bernadine Phillips and Ann Cockrell. They were entertained informally in the C. O. Phillips and the C. P. Cockrell homes.

Relatives visiting here for a few weeks in the R. L. Craner home are Mrs. C. G. Cooney and Mrs. C. Cooney, both of Wilmington, Del.

Miss Mary Nicks, student at W. T. S. C. Canyon, spent the week end at home with her parents, Mr. and Mrs. Walker Nicks.

Mr. and Mrs. Claude Benton, stopped here briefly Friday for a visit with friends enroute to Dimmitt on business. They are now living at Sheridan Lake, Colo.

Rev. and Mrs. O. W. Carter and son Weldon of Childress spent Tuesday night and Wednesday with Mrs. Carter's parents, Mr. and Mrs. D. H. Bryant, and helped Mr. Bryant celebrate his birthday yesterday.

Mrs. Tom Carter, who underwent an appendicitis operation Wednesday afternoon, was this morning reported to be resting nicely.

SONS In the Service

A letter from Capt. Robert A. Bell, son of Mrs. Allen Bell of Hereford, was printed in a recent copy of the company magazine of the Dallas Power and Light Company, which was Captain Bell's employer until he was called to service in the fall of 1940.

"Join the Army and take unexpected trips" seems to be the gist of Bell's letter, in which he says he left Alaska last year for a "temporary" stay in Florida, and ended up in North Africa. "And I expect to see some of Europe before I get home," the captain writes.

He describes the country as modern in many respects and writes of transmission lines with poles bedded in concrete, to get away from the termite menace, which seems to be just as bad in Africa as in Hereford.

Bob Gilliland, son of Mr. and Mrs. P. H. Gilliland, has been transferred to Randolph Field. There he will receive several weeks of intensive training in the Aviation Instructors School.

W. B. Beach, 111, 19-year-old

Purpose of the meeting is the election of officers for the coming year and all members are asked to be present.

grandson of Mrs. W. B. Beach of Hereford, is a veteran army man despite his youth. Lieutenant Beach, whose home is in Lubbock, has been in khaki since the age of 13, when he joined the National Guard. His group was activated in December, 1940, as Battery D of the famous 131st Field Artillery, the "lost battalion," but young Beach was transferred to officer training before the group was sent overseas. He visited his grandmother here while on furlough about two weeks ago.
