Mr. Sanders invites you to come in and bowl—it's a great sport.

A great deal of credit goes to the sponsors of last week's Victory Sing. High school girls in charge of the bond sales report a total of \$1,135 in bonds and stamps sold last Thursday night, which is a big increase over any previous Victory Concert receipts. All the stunts were clever and showed real effort on the part of the clubs, but "Kid Appeal" came out on top as usual with the youngsters representing the Pioneer Study Club winning the first prize.

Why do cattle run from heel flies, which neither sting nor bite? That's Alex Bateman's question and he would really like to have an answer from some of the cowmen who may have a good theory about the matter. Just off hand, we would say that the cow is psychic or something and knows that the heel fly is a nasty little beast who lays an egg that makes a grub that later deals the cow plenty of misery, and so she runs from the seemingly innocent heel fly—but of course this is strictly typewriter theory and we would appreciate a hint from a rancher who knows.

New Credit Made Available For War Production

Between \$200,000,000 and \$225,000,000 of additional funds became available to United States farmers last week to help finance increased production of the "war crops" and livestock which will be vitally needed in 1943, it was announced today by N. E. Gass, chairman of the county war board, who states that under the new program, loans will be made upon the approval of the county loan representative, Leo Forrest, and of Mr. Gass in his capacity as war board chairman.

The government loan program is definitely not in competition with banks and other recognized loan agencies. Mr. Gass states, declaring that credit will be extended only if the farmer is unable to secure a bank loan to increase production. Neither does the program compete with existing government loan agencies, such as Farm Security, whose loan funds are limited both as to amount and as to purpose for which the money shall be used.

Financing under the planned program will be made through the Regional Agricultural Credit Corporation of Washington, D. C. and individual loans will be limited only by the amount needed to do the production job. The loans will be for one agricultural season, not to exceed one year, but renewals may be granted under proper circumstances. Interest will be at five per cent and collateral will be first liens on the commodities, livestock or other items financed.

The new program, it was explained, is not for the purpose of financing existing indebtedness except that incurred during the present season. Loans will not be made for purchase of real estate or for extensive permanent improvements, but will be available for repairs and needed minor improvements which will increase production.

County Below War Bond Quota For January

Reporting that Deaf Smith County fell under its war bond quota in January, 1943, for the first time since December 7, J. C. Ricketts, chairman said today that residents of this community will find it necessary to buy even more bonds in 1943 than they purchased in 1942. The quota for January was \$31,300 in cash bond purchases. Mr. Ricketts said; purchases in this county totaled \$30,498.50, leaving a deficit of \$801.50.

Since the February quota of \$23,500 is smaller than last month, Mr. Ricketts and other bond sales committee members expressed a hope that this county might meet the quota this month and also make up the \$801.50 deficit for January.

"State quotas are increasing each month," committeemen said. "There is no doubt about county increases. The question is 'How much.'"

"Some committeemen anticipated an increase of as much as 25 percent in bond quotas, which also calls for a 25 percent increase in purchases by individuals."

John Patton To Head Shriners

John Patton has been appointed by Potentate Bill Gillstrap of Amarillo as his aide to represent Khiva Temple in Deaf Smith County for the year 1943.

Noble Patton, in an outline of the Khiva Temple program for the year, states that greater emphasis than ever before will be placed on the treatment of crippled children. During the month of May the Temple will sponsor a million dollar Shriners Victory Bond Drive in the 40 counties comprising Khiva's jurisdiction.

Final reports from the bond drive will be received at the Victory Ceremonial on May 31, when 100 novices will be initiated. All initiation fees will be invested in Victory bonds in the name of the Temple.

Mrs. Ora Allsup Taken By Death

Mrs. Ora Allsup of Hereford died Sunday night at an Amarillo hospital and funeral rites were held this week in Oklahoma City.

Mrs. Allsup, 65 years old, had been in poor health for some time. Besides her husband, W. C. Allsup, a farmer and rancher of this county, she is survived by a daughter, Mrs. Sydney Maxfield, and a granddaughter, Marilyn Maxfield, of Hereford, and a sister, Mrs. W. J. Thompson of Oklahoma City.

Temporary Transport Deadline Extended

The deadline date for obtaining temporary transport rationing has been stepped up to April 1, the county farm transportation committee was advised this week by the Office of Defense Transportation. Previous closing date had been set for Jan. 31, but the extended date will benefit farmers who have not applied for certificates of war necessity or who have been unable to operate with gasoline obtained under present certificates.

Though temporary transport rationing may still be received, this in no way relieves farmers of the duty of appealing for corrected certificates, according to Paul Mathers, chairman of the county ODT committee.

The order will affect truck operators as follows: 1. If no appeals have been filed, farmers must apply to local county farm transportation committee and secure a permit to obtain gasoline for a period of one month or until April 1, whichever period is shorter. 2. Applicants who filed appeals after Jan. 15, automatically will be sent forms which allow them to obtain gasoline until final certificate production. (Continued on Page 12)

Thief Makes A 22-Cent Haul In Safe-Cracking

The person who broke into Dave Alexander's safe at the Hereford Lumber Yard last week may have thought his efforts were wasted when he examined his 22 cent haul; but to Mr. Alexander the contents of the safe—his personal papers, insurance, some war bonds, etc.—are worth \$25.

Alexander asks that the papers be mailed to him and he will mail a \$25 check, made out to cash, to the return address. There will certainly be no questions asked and no further efforts made to trace the safe cracker if the papers are returned, Alexander says.

The Office of Price Administration

announced that rationing of canned and frozen fruits and vegetables and dried fruits will start March 1. Grocery store sales of these commodities will stop at midnight, Feb. 20 and will be frozen until March 1, when sale under the complicated "point rationing" system will go into effect.

Beginning Feb. 22 and for the following six days, the entire civilian population of the country will be registered in school houses and elsewhere in about the same way in which sugar rationing registration was held. To get the new ration book, consumers must have a copy of the first war ration book (that for sugar and coffee). Book number two, in addition to being used for canned, frozen and dried fruits and vegetables, will probably be used for meat rationing in about a month.

Before getting the new ration book, each family will have to declare how many cans the family had on hand on Feb. 21. From this number will be subtracted five cans for every person in the family, and coupons from the new book will be torn out for any cans in excess of five per person. However, this count of cans will exclude home canned goods and certain types of non-rationed cans such as canned olives or jellies, and all cans containing less than eight ounces (mostly cans of baby food.)

Service Stations Go On 72-Hour Week For Passenger Car Service

In accordance with a ruling by the Federal Petroleum Administrator, filling stations here this week went on a new 72 hour a week schedule for service to passenger cars, at the same time announcing new rulings which forbid the extension of credit to holders of A, B and C gas coupons.

The new orders provide that all stations except so called "truck" stations observe the 72 hour week, which means operation 12 hours a day for six days a week for most stations. Truck stations will stay open 24 hours a day, every day in the week but will be allowed to give passenger service only 12 hours a day for six days.

Scouts Want Books For Service Men

Service men need books and the Boy Scouts of Hereford are co-operating in the second "Victory Book Drive" by making a canvass Sunday afternoon, when they will pick up all books which Hereford people have collected for the drive.

"Count your books—and give a book that counts," say sponsors of the drive urging donors to use care in selection of books and to give only those books which some service man will really enjoy.

Late fiction—especially western, detective and mystery stories—is especially desired; and book club selections are nearly always a good choice for the service man's library.

Technical books in nearly all fields are also desired, but give only those books copyrighted since 1935. Technical information dates rapidly.

Pocket books—paperbacked editions of classics and recent popular books, both fiction and non-fiction—are also a good choice.

Ministerial Alliance Formed By Pastors

In a meeting Wednesday, pastors of the city organized as the Hereford Ministerial Alliance and made plans to meet regularly on the first Wednesday each month for discussion of matters of mutual interest in the religious life of Hereford. H. M. Redford pastor of the First Christian Church, was chosen chairman of the alliance, and Rev. Marvin Boyd of the First Methodist church will be secretary. Others present at the organization meeting were Rev. Nathaniel Madden of St. Anthony's Catholic Church, Rev. James Aiken, Jr., of the First Presbyterian Church and Rev. Homer T. Goodwin of the Assembly of God Church. All resident ministers of Hereford are extended the privilege of membership in the group.

Complete General Crop Measurements In Order To Start Wheat Program

Farmers will be allowed to measure their own wheat land this year to determine compliance with AAA regulations but it will be impossible to start the wheat measuring until general crop measurements are complete, it was announced this week at the county AAA office.

About 85 farmers still have not taken out maps from the office in order to start measuring land, and about the same number of maps have not yet been turned in.

Concerning Overseeding N. E. Gass, chairman of the county AAA committee, also told farmers this week that under new regulations they will not be allowed to destroy wheat in overseeded acreage, but instead will be allowed to sow a mixture on the land.

The state committee has set March 15 as the latest date at which the mixture may be sown and since measurements probably will not be complete by that date, each farmer is given the responsibility of figuring the amount of his overseeded acreage and sowing the mixture by the deadline date.

With an increase of approximately 30 per cent in the Deaf Smith County revised quota on farm machinery as announced this week, farmers can look for a slight improvement in the equipment picture, though producers generally seem to believe that the new quota is still inadequate to the production job which this county could do under more favorable conditions.

Specifically, farmers point out that the machinery list still does not include any irrigation equipment, and that with greater use of irrigation the county could increase its production of many needed war crops.

The list, released this week by N. E. Gass, chairman of the machinery ration board, is believed still to be incomplete and if one or more of these quotas are exhausted and the county rationing committee has an approved application on file it is permissible to ask an increase in the quota from the state reserve. Releases from the state reserve can be made only upon recommendation by the county committee, accompanied by a statement from the committee showing the strong need for the machinery or equipment.

Following is the revised county quota:

- DAIRY EQUIPMENT, milk machines, 3; separators, 4; milk coolers, 2.
- FEED GRINDERS, wheel type, 14.
- ROW PLANTERS, tractor drawn, 9.
- LISTERS, (with or without planting attachments) tractor drawn or mounted, 15.
- MOLDBOARD PLOWS, tractor drawn or mounted, 7.
- DISC PLOWS, tractor drawn, 2.
- CULTIVATORS, tractor drawn, 18.
- MOWERS, tractor drawn, 7.
- ONE WAY, disc plows or tillers, 3.
- GRAIN DRILLS, 8.

Housing Survey Conducted Here

A housing survey being conducted this week by Chamber of Commerce will reveal exactly the number of vacant rooms, houses and apartments available to Internment camp workers. A. J. Schroeter, who is conducting the survey for the Chamber of Commerce, states that information is also desired on the number of property holders who would be interested in converting existing houses into apartments or building new houses or apartments if critical materials should be released by the government.

Results of the survey this week were reported as not indicating much help for the acute housing situation, which is growing steadily worse as camp personnel continues to grow. Persons having houses, apartments or rooms vacant at this time who would be willing to convert existing housing space into apartments are asked to call 267 and give their report to the Chamber of Commerce.

Next Monday Set as City Clean-Up Day

Mayor C. J. Faddock asks Hereford citizens to gather up trash this week in preparation for the regular city-clean-up scheduled for next Monday, Feb. 8, when city trucks will gather up all trash which has been placed in alleys.

Pointing out the fire danger caused by accumulated rubbish, Mayor Faddock requests citizens to make a thorough clean-up and co-operate with the city by placing the trash at convenient pick-up points.

Enough meat to feed 13,974 persons for a year; a year's supply of butter for 8,050 persons; enough cereal (flour) to feed 393 persons for a year; potatoes for 3,150 persons for a year.

That is the "food power" value of the 446 cars of wheat, potatoes, cattle, hogs, sheep, eggs and butter shipped out of Hereford by rail in January, the biggest shipping month on record at the local freight office. And it is a tribute to the great production job being done by farmers and stockmen of Deaf Smith County in meeting the rapidly rising food needs of a nation at war.

"Morgenthau" Figures Broken down into units, the figures reveal that 181 cars of wheat, 14 cars of spuds, 125 cars of cattle, 60 cars of hogs, 56 cars of sheep, five cars of eggs and three cars of butter were shipped from here last month.

And to get the figure into almost Morgenthau figures, this means 66,890 pounds of flour, 630,000 pounds of spuds, 1,750,000 pounds of beef; 646,800 pounds of pork; 48,720 pounds of mutton; 161,000 pounds of butter and 117,000 dozen eggs. The weights of all meat is figured on a dressed basis.

Food Standard Used The Texas Food Standard, a very liberal standard and considerably higher than the average American diet—even before the advent of wartime shortages—was used to translate pounds into actual food power, using the Standard's yearly requirements of 175 pounds of meat; 20 pounds of butter, 30 dozen eggs, 170 pounds of cereal and 200 pounds of potatoes as the dietary needs of each person.

If the food shipped from Hereford is used to feed soldiers, it will supply only approximately two-thirds as many men as it would feeding civilians, for Uncle Sam feeds his warriors one-third more than they were accustomed to get in their civilian status.

But whether the food goes to soldiers or civilians, it will put added vigor behind the nation's war effort; and according to railroad records—this is evidently only the beginning of a record year; for January, in the past, has always been one of the slowest months for freight shipments from this territory.

Roberson Again Heads County Hospital Board

T. W. Roberson was again chosen president of the board of managers of the Deaf Smith County Hospital at the meeting held last Thursday night, when the following officials were also chosen: Mrs. L. R. Bradly, vice-president; C. R. Smith, secretary, and Criss Renfro, business manager. Other members of the board are Dr. R. R. Wills, Frank E. Given and Noah Ewton.

To take care of part of the increased cost of hospital operation the board voted an increase of one dollar a day in room rates, the new rates to take effect Feb. 15. Operating and delivery room charges will remain the same and there will be no special rate for maternity cases. New room charges are as follows:

Inside rooms, and general nursing care, \$5 per day; corner rooms and general nursing care, \$6 per day.

The hospital board emphasizes that increased room rates will take care of only a part of the greatly increased cost of hospital upkeep, pointing out that nearly all costs have shown a considerable rise within the past year.

Plly the poor service station man. First, the government rationed tires, then they rationed gasoline and finally they cracked down and limited his hours of operation, as a "no Credit" regulation. I have been telling these boys that the government bigwigs tried to fix it so they couldn't make enough money to continue operation and when the station men were too dense to see the light, they finally had to come out and tell them to close. Like a lot of other types of business, they are victims of circumstance. Put yourself in their place, folks, and try to help them all you can. They are having a rough time, but they aren't hollering—anyway, not so much as some of us might.

Here's a combination letter from Pvis. Jiggs Hartman and George Griffith. We had to censor part of the letter regarding troop locations; the rest follows:

representatives in our armed forces. We are members of the best mechanized cavalry division in the country. Our troops is made up of Texas and Oklahoma boys and our chief wish is to guard Jap prisoners in Hereford, Texas.

The best joke we have heard is as follows: "A negro soldier was attempting to leave camp and was stopped at the gate by a sentry. When not able to show his pass, he was informed that he could not get through the gate without one. Upon hearing this, he pulled out an eight-inch razor and said, "I have a mother in heaven, a father in hades and a girl in town—and I am going to see one of them tonight."

The boys refer to "mechanized cavalry." I always thought cavalry meant plain old horses, but it looks like they are riding tanks, or jeeps, or something. It is very confusing when you think about it. Take the case of Hall Beavers and Jack Gilliland—for the life of me, I can't decide which one would be classed as a "horse mechanic."

Quite a few people are asking about sending The Brand to boys who are in the service out of the United States. As we reported last week, those now on our

overseas list will continue to receive the paper—or maybe I should say that we will continue to mail it each week. To accept new subscriptions, we must have a written request from the boy himself. We have to place these written requests on file in our office for inspection at any time. If you have been mailing The Brand to someone with an A. P. O. address and do not have such a letter, it will be well to have them write you a letter requesting The Brand. We absolutely cannot mail such papers under our permit without these letters for our files. This does not apply to boys who are stationed in the United States.

Doc Eaton says he wishes people would quit stealing their dog. It's an "All-American Chow" according to Doc, who says it breaks their little son's heart every time someone steals it. He knows that it has been stolen because it came home twice with pieces of rope tied around its neck.

Since I got my boots people have been wanting to know how many cows I have. I don't have any yet, but I am working on a plan. Most people buy some cows, then some boots—and finally get a branding iron. With the present price of cattle this seems all backwards to me. I

got some boots, then a branding iron—and I figure I'll get some cattle one way or another. Right now, I am working on a plan. Prentiss Rosson came by this week wanting me to help him brand. I told him "O. K.," provided I get to use my iron on every tenth cow. He decided to do his own branding, but as the help situation gets worse and worse I figure that someone will weaken. I know these cattlemen. They'll do anything to get out of a day of hard work. If this plan fails, I also have several others upon which to fall back.

Frequently, I get disgusted with some of the tooth propaganda which has been devoted to Hereford. Some of it is over-drawn, exaggerated and untrue. Dr. Heard even gets mad at the title of "A Town Without A Toothache." However, here's a story that makes you wonder. It was clipped from an Abilene newspaper and sent to "Pidge" Cronister, who was kind enough to bring it by the office:

This couldn't happen you'd say, outside of a burlesque show script, or the comics, but it actually happened to a soldier at Camp Berkeley.

He fell asleep while a dentist was drilling away on one of his molars.

Sgt. Henry Moore, Hereford Tex., member of Headquarters detachment, 185st unit of Eighth Service Command, was the soldier whom Morpheus overtook as the dentist did his drilling act.

Lieut. E. O. Anderson was the dentist who was boring away with his drill when Sergeant Moore fell asleep.

Not taking any chances of having his story challenged or otherwise questioned, Lieutenant Anderson called in numerous witnesses to have a look-see at the phenomenon. Exclamations of astonishment and laughter finally awakened Sergeant Moore and the dentist resumed his work.

Correction

In a rationing story last week The Brand stated that application for War Ration Book Two could not be made after January 15 except under special conditions.

War Ration Book Two has not yet been issued and it was to War Ration Book One that we referred, and are sorry if the mistake caused any anxiety among citizens who might have been afraid that they let a big "Ration Date" slip past.

Mrs. Frank Jesse and Mrs. Earl Bennett of Amarillo, both formerly of Hereford, were here last week to visit relatives.

Miss McCaslin-Mr. Gililand Are Complimented at Informal Parties

Miss Lois McCaslin and Jack Gililand, whose marriage will take place tomorrow in Canyon, were honorees Sunday evening at an informal buffet supper. Mr. and Mrs. J. M. Gililand, parents of the bridegroom-elect, were hosts for the supper party which was given at their home on East Sixth street.

A rose and white theme was carried out in decorations with fragrant sweet peas giving the floral accent. The table was centered with a three-tiered cake topped by a miniature bridal couple.

Attending were Messrs. and Mesdames J. W. Witherspoon, J. R. Allison, J. T. Gilbreath Jr., Manly Finch, Jimmie Best, Woodrow Ireland, Marlin Gilliland, Reed Williams, Mrs. Dorothy Ross, Miss Katherine Kirby, Miss Declinae Ramey, the honorees and the hosts.

Miss McCaslin Entertained
Miss Declinae Ramey and Mrs. Nona Jowell entertained for Miss McCaslin with a spaghetti-supper party Monday evening.

The valentine motif was used with the table centerpiece featuring a large old-fashioned lacy valentine. Valentines were used as place cards and all other appointments picked up the red and white valentine colors.

Guests at the party included women members of the Hereford High School faculty. They were Irene Crawford, Alma Hall,

Katherine Easter, Kathryn Daviles, Katherine Kirby, Jessie Hays, Charlotte Wheat, Pauline Hancock, Mrs. Jimmie Holston, Mrs. Roberta Adams, and the hostesses.

Tuesday evening Miss McCaslin was named honoree, at a party given in Canyon by Mesdames Bob Parsons and Milton Morris.

Newcomers Are Entertained At Courtesy Party

A get-acquainted affair in the form of a courtesy bridge party was a compliment to Mrs. Robert McBride and Mrs. Don Turner, both newcomers to Hereford, when Mrs. A. R. Bateman entertained with three tables of contract at her home Saturday afternoon.

Mrs. McBride played high for score award and Mrs. Jimmie Gillentine played second high.

Those attending the party were Mesdames Seth B. Holman, E. B. Hedrick, J. A. Pitman, H. A. Close, W. L. Davis, Jimmie Gillentine, S. P. Rosson, C. C. Acker, C. C. Rockwell, H. K. Fox, Don Turner, and Robert McBride.

Engagement of Miss Lois McCaslin To Jack Gililand Is Announced

Mrs. Nancy McCaslin entertained with a breakfast at her home in Canyon Saturday morning to announce the engagement and approaching marriage of her daughter, Miss Lois McCaslin, to Jack Gililand, son of Mr. and Mrs. J. M. Gilliland, of this city.

Rose and white decorations, the bride's chosen colors, were carried out with an arrangement of sweet peas centering the table. Place cards were hand painted folders depicting a miniature bride and groom with their names "Lois and Jack-February 5," on the back.

Close friends of the bride-elect made up the guest list with those from Canyon including Mrs. Milton Morris, Mrs. Bob Parsons, Mrs. Mary Sliagar, Miss Florence Clark, Miss Elizabeth McCaslin, Mrs. A. D. Morrow Jr. of Big Spring, sister of the bride-elect, was present for the occasion and will remain over for the wedding.

Those from Hereford attending were Miss Katherine Kirby, Mrs. Marlin Gilliland, Mrs. Jimmie Holston, Miss Decima Ramsey and the honoree.

Miss McCaslin is a member of the Hereford High School faculty and will continue her school work here after the wedding.

Mrs. Easley Hostess For Luncheon Club

Mrs. Oscar Easley was hostess at a club party for members of the Wednesday Luncheon Club last week. McCracken won the high score prize.

Those attending the luncheon were Mesdames C. C. Acker, S. P. Rosson, H. K. Fox, Alton Fraser, W. M. Emmons, W. L. Davis, Jimmie Gillentine, J. C. McCracken and the hostess.

Guest Day And Musical Program Featured By Club

Guest day and a musical program marked the meeting of the La Plata Club which was held at the home of Mrs. R. R. Willis Tuesday night. Special guests were mothers and friends of members and the program was presented by members of the Music Study Club.

Mrs. Meade Halle, president, welcomed the guests and a new member, Mrs. Chas. Hardwick, and each member introduced her guest.

In keeping with the general course of study of the club this year, the program was built entirely around music of South America with Mrs. H. L. Broadwell as leader. As guest speaker, Mrs. Broadwell quoted the chief of the music division of the New York Public Library who says "to understand Latin America we must learn to know its artists, its music, its murals and bill boards, its radio wits and journalists, dancers, actors and poets." She pointed out that North and South America had gone their separate cultural ways for so long that the probability of their becoming mutually interested seemed remote until changes brought about by war resulted in closer relationships.

Musical selections were presented by Mrs. A. J. Schroeter who played "Melodie Creole," and by Mrs. A. C. Thompson who entertained with a violin number, accompanied by Mrs. J. C. McCracken. A chorus singing the Chilean "Ay-Ay-Ay" closed the program. Those in the chorus were Mesdames C. J. Mountz, J. R. Allison, T. W. Roberson, A. J. Schroeter, A. C. Thompson, and A. O. Thompson. Mrs. McCracken accompanied.

Special guests besides those on the program included Mesdames Wirt Phillips, F. W. Montfort, H. F. Cooper, J. O. Newell, David Rodgers, F. M. Kester, Miss Marjorie Alderson and Miss Nancy Conkright.

Members of the club present were Mesdames Meade Halle, Lorraine Sisk, Chas. Newell, Woodrow Wilson, Gordon Taylor, T. E. Seigler, Jr., Lynn Kester, Willis Edmond, Chas. Hardwick, D. C. Kinsey, A. J. Schroeter, Wayne Evans, Miss Genevieve Meade and the hostess.

National Missions Program To Be Given By Presbyterian Group

A program on National Missions will be featured by members of the Woman's Auxiliary of the Presbyterian Church next Tuesday afternoon at the home of Mrs. Frank Gyles at 3 o'clock. The lesson subject will be "The Outlook in the West Indies" with Mrs. Henry Hastings in charge of the program.

Group meetings of the Auxiliary were held Tuesday afternoon at the following places Westside Group at the home of Mrs. George Guinn with Mrs. Vern Witherspoon conducting the chapter in the study book. Mrs. Henry Hastings was in charge of the devotional and Mrs. R. Schroeter gave the yearbook of prayer.

Eastside Group met with Mrs. E. H. Norton with Mrs. Seth B. Holman conducting the lesson, Mrs. C. C. Ferguson giving the devotional and Mrs. Arch Conklin in charge of the yearbook of prayer.

Group Three was entertained at the home of Mrs. Frank Daniel and Mrs. Howard Gault of the life of the people. Members attending the meeting were Mesdames Jack Dean, Artus Higgins, Bob Higgins, Jim Higgins, Jim Lipscomb, T. P. McCollister, T. W. Roberson, Robert Veigel, C. D. Carnahan and the hostess.

conducted the lesson. The devotional was read by Mrs. N. E. Milburn and Mrs. Paul Mathers gave the prayer program.

Former Hereford Girl Marries In Maryland

Announcements have been received here of the marriage of Miss Vivienne Davis, daughter of Mr. and Mrs. C. E. Davis of Bogata and formerly of Hereford, to Fred H. Diercks of Bethesda Maryland. The wedding took place on Dec. 24 at the National Naval Medical Center Chapel in Washington, D. C.

A traditional Navy ceremony was read by Lt. John Frazee against a background of Christmas greenery and lighted tapers. The double ring ceremony was used and after the exchange of rings the couple knelt for the blessing and prayer. The chapel organist played the traditional wedding marches and during the ceremony played softly "White Christmas."

A reception and dinner was given after the ceremony by the personnel of the Naval Research Institute.

Mrs. Diercks was graduated from Hereford High School in 1934 and both Mr. and Mrs. Diercks are graduates of East Texas State Teachers College at Commerce. Mrs. Diercks is employed at the National Insti-

tute of Health at Bethesda and Mr. Diercks is stationed with the Medical Research Unit on Botany and Bacteriology.

The couple will make their home at 4535 Middleton Lane, Bethesda, Maryland.

Party Given on Birthday

A forty-two party was given Friday night for Cawthon Bryant when Mrs. Bryant entertained at their home to celebrate his birthday.

Birthday decorations were used and after games refreshments were served to Messrs. and Mesdames Will S. Kerr, John Gazaway, Cecil Lady, John Jacobsen, Jr., Liston Wilson, Merlin Kaul, Glenn Parker, Mrs. Clay Ridgway, Miss Leona Francis, Reavis Kerr and Finis Owen.

Child Study Club Meets For Program

Mrs. Glenn Witherspoon was hostess for the Child Study Club Friday evening.

An interesting program on "Infants and Two-Year-Olds" was presented. Mrs. G. W. Newson discussed the Feeding and Training of Two-Year-Olds and Mrs. Worth Covington talked on "A Little Dirt Won't Hurt Him." During the business session two Birthday Ball tickets were

purchased which later were presented to soldiers here.

Members present included Mesdames James Aiken, Jr., G. M. Hudson, R. P. Conaway, Ira Foster, G. W. Newsom, Carl Oldham, J. C. Reese, Frank Daniel, Worth Covington, John H. Chanter, and the hostess.

VALENTINE THEME

A valentine theme was carried out Tuesday afternoon when Mrs. Glenn Snyder entertained members of the Tuesday Afternoon Bridge Club.

Flowers, tallies and other bridge accessories and the refreshments carried the valentine colors to emphasize the motif.

Refreshments were served to Mesdames Lee Benefield, a guest of the club, Knox Kinard, Travis Dameron, W. L. Davis, C. H. Dyar, Woodrow Ireland, W. J. Stanford, W. M. Emmons and the hostess.

Mrs. C. H. Dyar was high player for the award.

W. S. C. S. Holds General Meeting

A general meeting of all groups of the Woman's Society For Christian Service of the Methodist Church was held at the church Wednesday afternoon. Mrs. Homer Brunlay, general president, directed the devotional and Mrs. F. T. Roberson gave the prayer. The seven keys of progress outlining ste-

wardship duties were presented by Mrs. Wm. McGehee, keeper of the keys. Mrs. Frank Terrell conducted the lesson on "The New Earth."

Next week circle meetings will be held: Lottie Fox Circle will meet at the home of Mrs. O. L. Click and the Carrie Black Circle will meet with Mrs. G. W. Newsom.

Timely Address On "The World We Want" Draws Large Crowd

A large group of church women heard Mrs. Lee Benefield speak Friday on "The World We Want" at the Federated Church Council meeting held at the Baptist Church.

Mrs. Benefield began her talk with a review of the opinions of eminent writers and commentators on a post-war world and in conclusion she summarized briefly some of the things that all must have a part in, if we are to have a world we want after the war. She said in part "We must work now for a democracy of which we have all dreamed, but one which we have not realized. It concerns participation in reconstruction work both at home and abroad. It is working for a world peace by starting in our own homes, schools, churches and communities. We must begin working today for a Christian world tomorrow."

Mrs. D. H. Alexander gave the devotional and Mrs. Earl Phillips sang "Prayer," accompanied by Mrs. Cliff Estes.

Announcement was made of the World Day of Prayer observance which is scheduled for March 12. The meeting will be held at the Christian Church at 3:30 o'clock. This is a national observance and women everywhere are being asked not to schedule social events for the hour set for the prayer observance.

After the program members of the Baptist Woman's Missionary Society served refreshments in the fellowship hall of the church.

Alaska Is Studied By L. A. E. Club

"Alaska, the greatest of the Territories of the United States in Area and in Prospective Resources," was the quotation used in year book outlines for the "Alaska" program given for the L. A. E. Club Tuesday afternoon. The club met at the country home of Mrs. George Suggs with Mrs. T. P. McCollister in charge of the program.

Mrs. McCollister told of the seven years she spent in Alaska, and of the people, their habits and customs. She told of the "Airways Unlimited" and of the progress and changes made in the air service since the time when she made her home there. She used maps and curios gathered together while there and gave interesting accounts

Credit For Dependents

A taxpayer is entitled to a credit for each person other than husband or wife, whether related to him or not, and whether living with him or not, who during the taxable year was dependent upon and received his chief support from the taxpayer provided the dependent was either (a) under 18 years of age, or (b) incapable of self-support because mentally or physically defective.

The credit for dependents is based upon actual financial dependency and not mere legal dependency. It is not necessary that the dependent be related to the taxpayer, but the taxpayer must have provided more than one-half of the support or there is no dependency.

The term "mentally or physically defective" includes not only those who are mentally afflicted and physically crippled but also persons who, by reason of old age or impaired health, are incapable of self-support. The state of mental or physical defect need not be of a permanent nature, but if it existed for only a portion of the year, then the credit for dependent was supported by the taxpayer.

A person may not acquire a credit for dependents by reason of support of a person qualifying as a dependent, if, as a result of such support, he acquired a head of family exemption, but may acquire a credit for dependents by reason of additional persons qualifying as dependents, whom he supports. Thus, if a person claims head of family exemptions on account of support of an aged mother or father, incapable of self-support, or a child, he would not be entitled to a credit for such dependent; but if he supported more than one such person, he could claim credit for such additional persons provided they were under 18 years of age or incapable of self-support.

Credit for dependents may not be divided between two persons filing separate returns but must be taken by the one contributing the chief support. A credit for dependents may be claimed by a father who supports his children living with his divorced wife, if the support is provided as the

result of an agreement between husband and wife.

The credit for a dependent, allowable to a taxpayer filing on Form 1040 is \$350 and is proportionate to the number of months of dependency. Thus, for a child born on July 1, the credit allowable would be \$175 (for six months), and if a child became 18 years of age on July 1, the credit allowable would be \$175. One-half a month or less is not counted as a month; more than one-half a month is counted as a month in calculating the credit.

A credit of \$385 for each dependent on July 1 of the year is allowable to a taxpayer using Simplified Form 1040A.

Let's Cook Something

Cook books assume that all ingredients will be on hand, but housewives are finding that problem facing them in growing proportions every day. Logically, we find ourselves searching out recipes for foods that are obtainable and those who have a hobby of collecting recipes are going to be lucky during wartime rationing. Mrs. Glenn Snyder is one of those recipe collectors and her recipe for scalloped brains takes care expertly of the meat problem. She got the recipe from the late Mrs. W. F. Gabbert who also was a "collector" and a splendid cook.

Scalloped Brains

- 1 lb. calf brains
- 4 hard boiled eggs
- 1 cup cracker crumbs
- 2 teaspoons butter
- salt and pepper
- 1 1/2 cup top milk

Prepare brains by soaking one hour in cold water. Cook 15 to 30 minutes in gently boiling salted water to which has been added one teaspoon vinegar. Remove membrane and cut into small pieces. Arrange alternate layers of chopped brains, chopped eggs and cracker crumbs in buttered dish, making two layers of each. Dot each layer with butter and season with salt and pepper. Over this pour the milk and bake forty five minutes in a 350 F. oven.

D. O. Benson has been ill at his home, since having some teeth extracted last week.

Mr. and Mrs. Henry Andrews and daughter of Clovis spent Wednesday night in the home of his sister, Mrs. Wiley Littrel.

They visited in the home of his brother, J. E. Andrews, Thursday.

Miss Cleda June Littrel left Wednesday night on a trip to California to visit her sister.

Messrs. J. E. and Henry Andrews were in Clovis, Saturday. While there they talked with Mrs. R. A. Burris who is J. E. Andrews sister, and Clint Richards, who formerly lived at Wellington. The Richards now reside near Farwell.

Those families from this community enjoying a dinner and visit with the J. B. Harlins of Wyche were the Mobeys, the J. M. Dixons and the Owen Andrews, and Miss Alma Andrews. Also present in the Harlin home were Mr. and Mrs. Jack Robertson of Hereford. The Harlins are former residents of this community and all enjoyed the occasion very much.

Mr. and Mrs. Henry Andrews were in Amarillo, last Thursday. Mr. and Mrs. Aldon Hawks visited with his relatives near Black on Sunday.

J. E. Springer was in the vicinity of Fort Worth the first of this week.

Geo. Jones, son of Mr. and Mrs. A. T. Jones, has been moved to Clarksdale, Miss.

Keep Electric Motors In Top Condition

College Station—Electric motors are scarce and will be difficult to buy during 1943 unless obtained as part of a rationed item.

For that reason, the Texas USDA War Board has asked Texas farmers to repair and keep present motors in tip-top shape.

Purchase certificates issued by County Farm Rationing Committees for rationed machinery and equipment will include electric motors when they are part of

a complete unit for which the purchase certificates are issued. Examples cited include milking machines, power cream separators and domestic water systems.

For repairing an electric motor used for agricultural purposes, the Board said that farmers are entitled, without the necessity of individual application for priority, to apply an A-10 Preference Rating to an order which would place it in advance of non-rated or lower rated orders.

Under War Production Orders governing machinery and equipment, some electric motors are produced and classed as farm repairs and are subject neither to rationing nor to priority assistance.

Another WPB Order, L-221, however, which controls the majority of electric motors produced, required high priority assistance before they can be obtained.

Daughter of Hereford Woman Does Share In War Production Work

Mrs. Willie Gladys Woody, daughter of Mrs. D. P. Vaughan of Hereford, is doing her share to be a "woman behind the man behind the gun."

Mrs. Woody, who has been living at McAllen, recently completed an aircraft mechanics ground school course at Moore Field and is now at Duncan Field, San Antonio, taking additional training before being sent to the DeRidder, La., sub depot.

Describing her work, Mrs. Woody says, "It's a keen job and all women who can should get into this and do something. Makes me feel that I am really helping to get this thing over with."

Her son, a new recruit under the 18-year-old selective service act, will enter the army this spring.

Need Nursing Assistants At Veteran's Hospital

Nursing assistants to work in the U. S. Veterans Administration hospitals at Alexandria, La., Amarillo, Dallas, Legion and Waco, Texas for \$120 a month head the list of federal employment opportunities received today by Elmer Patterson, local civil service secretary.

Applicants must be twenty-one years old and have two years of high school education. However, persons who do not meet the high school requirements but who are otherwise qualified will be given a general test occupying about two hours.

In addition to meeting this general requirement, applicants must have 6 months' training in a recognized school of nursing, or one year of experience as a trained attendant or practical nurse.

Application forms may be secured from Mr. Patterson at the Hereford post office and should be filed immediately with the director, Tenth Civil Service Region, Customhouse, New Orleans, La.

Persons who are engaged in war work of equal skill need not apply.

There will be no evening service at this church as we will participate in the Union service at the First Presbyterian Church in observance of National Boy Scout Week.

Ration Board Receives No Instructions On Service Station Closing

Stating that the program for six-day operation of most filling stations and the closing of credit on gasoline sales to passenger car owners is evidently being handled by the Office of Petroleum Co-ordinator and that no notification of regulations have been received here, officials of the Deaf Smith County rationing board this week stated that most filling stations will probably receive instructions from their wholesale company.

Some oil companies have already sent out instructions to all dealers on the new regulations, but the local board believes that enforcement will probably be handled by some agency other than the rationing boards.

CHDA NOTES

Orders for evergreens have been coming in rapidly and we now have orders for 142 trees and are making arrangements for a truck to deliver the order. Cost of digging is the only charge made by the Lubbock Experiment Station, and persons making the order will share the cost of transportation in bringing the trees here.

\$25.00 REWARD! See ad on Page 4 for complete details!

We now have revised copies of the popular bulletin on "Canning Meat in the Home," which contains many excellent suggestions for that year-round meat supply farm families should have.

And several orders have been placed for "Keeping Livestock Healthy," the 1942 yearbook of the Department of Agriculture. Persons who have seen the book in this office are recommending it for the completeness of information on care of all types of livestock. This book, a real \$5 value, will be free to you if you write to Congressman Gene Worley, requesting a copy.

Interest in food production is high in Deaf Smith County, and judging from the number and variety of requests for information received in this office, local people are really getting down to work to do their share in combatting the food shortage. Home gardens, orchard and poultry production are just some of the fields in which we will see a marked increase this year.

Pictures of grapes at the Gus Thiele place have been attracting much interest recently. The Thieles set out 42 plants of 14 different varieties in 1939. Last year they had an abundant supply for home use and were able to share generously with their neighbors. The Thieles report special success with the Black Spanish or Lenoir variety.

And the Liston Wilsons are going into the grape business this year. They are putting out twelve plants, two each of Extra, Beacon, Lenoir (Black Spanish), Last Rose, Delaware and Caco. The Last Rose and Delaware plantings are experimental. All other varieties are approved for this territory.

The TIME ELEMENT

Your prescription receives the immediate and undivided attention of an experienced pharmacist, but there are occasions when a prescription cannot be rushed. Perhaps capsules must be filled—tablets formed—pills rolled—the prescription may be involved, and since time is an element of accuracy, we must make haste slowly, checking and rechecking each step.

WHAT IF THE GROUND DIDN'T SEE HIS SHADOW?

Prince Hereford

Oscar, please be quiet. Don't you know I'm trying to think of some news? You know some well, spill it then. Buzz, Buzz—you don't say. I heard that it was pretty good too. O, my goodness we forgot about our readers, we'll have to tell them all about it.

Oscar was just telling me about the show at the internment camp last Friday. One of the boys on the program said he liked the way Hereford was laid out; that it was practically dead.

Oscar just told me to tell all you folks that if you find any notes that are torn up and that you'd like to read, just get Joan Smith to put them together for you. It seems as though she's pretty good at that sort of thing, especially if it's Wanda Allmon's notes to a certain Junior boy.

I hear that the Victory sing was quite a success. If any of you boys need a shave, just ask the Boy Scouts to erect Honest John's barbershop and see if they can get more soap in your eyes than they did in Robert Bateman's.

I didn't think Charles Cooper went for the girls, but evidently he does, because Friday he seemed very much interested in Bonnie Miller, that was in a pantomime on the stage, but you couldn't tell whether Bonnie and Charles were acting or if it were the real thing.

I didn't know Myer's Hudson had gone out for preaching, but Friday night he demonstrated his ability when he joined Margaret Barber and Charles Fristoe in happy wedlock. The father, Wallace Huff, didn't look so happy about the whole thing as the bride and groom did.

From what I hear, some of the Dimmitt girls seem to like a certain blackhead boy that plays on our basketball team. Oscar told me all the girls flirted with him. Oscar didn't know his name, and I can't figure out who it is; but if you happen to find out who he is let me know.

Also I heard the boys at Dimmitt were trying to make eyes at a Sophomore girl who attended the game at Dimmitt. As well as I remember, she had reddish brown hair which she wears piled high on top her head.

Ho! Hum! It's getting close to my bedtime, so happy dreams to all until next week.

Do You Know Where My Owner Could Be?

Hello, is this the lost and found department? Well good! You see, I'm looking for my owner. What did he look like? Well, he was tall and blonde and oh, I don't know, just a swell guy. I surely wish I could find him. I know he misses me. We used to have such keen times together. I remember one time he said, "I just couldn't do without this little old fountain pen of mine." I know he meant it. I could tell by the caress in his voice.

Life surely is dull since I lost him. Why I used to be busy all the time. I remember when I wrote that note to his girlfriend explaining why he had walked another girl home the night before, and gee I'll never forget how glad he was when the whole affair was straightened up. I remember, too, the day his sister borrowed me and took me to shorthand class. I surely got dizzy that period! Whew!

Of course, there were times when we didn't get along so well, like the time he got mad and threw me down on the sidewalk. I certainly didn't appreciate being treated that way and, gee, it was three days before I would write well, again.

Of course, I'll always remember the things I used to write on his notebooks. Stuff like "Yea Whitefaces," and "Don't Laugh—You'll be old Someday" and "An intelligent girl is one who knows how to refuse a kiss without being deprived of it." There were times, too, when it took all of his will power to keep me from writing all over the desks at school.

When I think of all the work I did for him, I realize how invaluable I was. I think of all the millions of words, I've answered in history. I think of the hundreds of problems I've worked in algebra. When I do that, I begin to feel old before my time and I wish then that the government would enforce 40-hour week.

Still, well, I do wish I could find him. Life's so dull; maybe I didn't need a vacation at all. If you see him, you will tell him I'm looking for him, won't you?

Architects In B. S. P. Plan for Future Homes

If anybody has been wanting to plan any kind of house, he should have become a member of the Boys' Social Problems Class the past week. This person would have seen plans for shacks and plans for castles.

Billy Boone Whitaker made his plans almost elaborate enough for a mansion. Franklin Burleson's plan featured a fireplace in the bathroom. Vernon Wilson planned a living room twenty-two feet long; he said he might put a skating rink in it for his little tots.

Aside from these eccentric ideas, there were really some very good floor plans drawn. If you don't believe this reporter, ask Miss Davies, teacher of the class.

Pre-Induction Courses Offered At H. H. S.

In co-operation with the U. S. Army War Department, H. H. S. is offering a series of Pre-Induction courses to aid those boys who are likely to be called for Army Service soon. Although students taking these courses will receive no credit for taking them, they will have tests in them.

The Pre-Induction course is divided into three parts, and one part will be taught during each of the three six-weeks in this semester. At present, the class is studying the book on Mechanics. In the two following six-weeks, they will study Electricity; and Radio. Mr. Hudson, who is teaching the course Tuesdays and Thursdays during sixth period, states that the course is similar to Physics. At present, there are about ten boys in the class.

H. H. S. was also to inaugurate a Physical Fitness program, as part of the war preparedness program, but due to lack of teachers for the subject, the program will be limited to expansion of H. H. S.'s present Physical Education program.

Two other new courses this semester are Texas History and Economics. The former is taught the second period and has an enrollment of 18, while the latter is taught sixth period with an enrollment of 15.

Sales Increased At Latest Concert

"Stamps! Stamps! Does anyone want to buy a War Saving Stamp?" This seems to be the favorite saying of the F. H. T. girls, who sold stamps at the Victory Concert last Thursday.

The amount of stamps and bonds sold was increased several times over that of the last concert. The girls sold \$160 in stamps, and they sold and took orders for \$975 in bonds. This makes a total of \$1135 for the latest Victory Concert. If sales keep on increasing, these concerts will really deserve the name of Victory Concerts, as every stamp one buys helps bring victory closer. Let's buy more and more War Stamps and Bonds.

Central Chatter

Room 5 B is glad to have two new pupils: Bobby Pellam and William Rice.

8B wonders why Jimmy Easley wants Miss Wheat to teach him the "Donkey Serenade."

The new president for 8B is Duane Foster.

The president for 5A is Reba Dones.

During January, pupils in 5A bought \$26.40 worth of defense stamps.

Three new pupils in 5A are Bobby Allan from New Mexico; L. F. Halks from Black; Rae Hamby from Dawn.

Roger: Gosh, Dad, I sure am ashamed of my report card.

Mr. Corbett: What's the matter, son?

Roger: I made 100 in everything except a disgraceful 99 in arithmetic.

8A is sorry to have Doris Hooker in the hospital after an operation.

Delbert Conklin is out of school with a broken elbow.

Room 7B has a new pupil, Andy Hockenhall from Clovis.

Mrs. Evans: What are you reading about?

Frankie: I don't know.

Mrs. Evans: But you were reading out loud.

Frankie: Yes, but I wasn't listening.

Last week when Mrs. Evans was filling out report cards she said, "You surely do make bad grades in Math." Then Barbara popped up and said, "We bring her (Miss Pullingim) apples every day but it doesn't do any good."

8C has been having trouble with Blackie. He has about gone to the limit on pencil stealing.

The 4A class have been busy this week taking their standardized reading test.

2B has been studying about Eskimos. They have also been studying safety. They also have taken up writing the second semester.

Senior Personalities

If you ever hear someone talking so much and so fast that you don't have a chance to get a word in edgewise, then you are most likely talking to Phyllis Radovich. It seems that Phyllis's habit is talking. Phyllis was born in 1926 right here in Hereford. She has brown hair, brown eyes, is 5 feet 4 inches tall and weighs 110 pounds. Her greatest ambition is to be a first class journalist, in which she has a very good start. Phyllis has been a very active student in her High School days. She has been a member of Tri-Hi-Y for two years, F. H. T. for 3 years, band one year, Glee Club 2 years, Junior Red Cross two years, Honor Society three years, Youth Council three years, Staff three years, and Pep Club four years. Her favorite sport is football and she was one of the cheer leaders this year, who stood so loyally behind the Hereford Whitefaces.

You know "Marcy," don't you? She was born October 17, 1926, here in Hereford. She is brown-haired, blue eyed, is five feet and 4 3/4 inches tall, weighs well, she thought she wouldn't tell that. This year she is a reporter on the staff and a member of the Hereford Chapter of the National Honor Society, and she was a member of the Glee Club for one year.

By now it should be evident that it's Marcella Koelzer that this article is about. Here's some more material on her.

"Jeepers!" is her favorite saying, and she hopes we have an early peace, for her favorite song is "When the Lights Go On Again." (Could that be a plug for some public utility Company?) Marcella lists Spanish and speech as her favorite subjects and is very active in speech work this year. Fried chicken is her favorite subject, when it comes to eating, "Marcy" likes to watch the Hereford Whitefaces play ball, especially when they play as they did in the '42 season.

At present "Marcy" aspires to hand in a theme without one inexcusable on it, later she plans to do secretarial work. Yes she plans to go to college, she's not sure where, yet. She has attended school in Hereford all her life and before coming to H. H. S. she attended St. Anthony's grade school.

"Marcy" loathes "snooty" people; but just loves to swim, keep a scrapbook and a photograph album, and write to her Pen Pals who live in England, Iowa and Texas.

"Yeah, he's just a little Kid smaller than a Freshman, but his mentality can be compared to Einstein's. Yes, he's quite intelligent, "quite." This article is about the little lad who had such a genius for efficiency that his classmates elected him parliamentarian three successive times. Yes, it's about the lad who plans to study chemical engineering at Texas Tech; about the lad who made four grades in three years in the public schools of Porter, New Mexico; the kid that likes duck hunting and English IV, and the kid who's the "youngest," and he thinks the smartest, boy in the Senior class.

His name is Robert Owen Elliston, and his hasty stride has earned him many a wondering glance. New Year's Day in 1928 was the date of his birth, and the place was Hereford. He's only 5 feet 1 1/2 inches, but he depresses the scales down to 110 pounds. His eyes are green and his hair—dark brown. Any food does for Robert, just so there's plenty of it. Now, the most important feature—his nickname. No, it isn't "Quis Kid" or "Super Brain." It's something more sublime, more omniscient, more candid! The name is "STINKY." Wonder why?

Shorthand Class Has 22 New Instructors

We have twenty-two new teachers in Hereford High School! What, you haven't met or seen any of them? I'll bet you have met them, everyone of them. What are they teaching? Well, it's a bit unusual, but they are all teaching shorthand. Not all of them at once, of course, but every day one student teaches. This student makes the assignment a day ahead of time. She gives tests, quizzes and in general takes Miss Ramey's place as teacher. Also this same student has to grade the papers and record the grade and check to see if every student has handed in her homework.

This "student-lecturette" plan will take most of this six weeks. Each student taking her turn at teaching the class. Also this six weeks each student is giving two oral reports. These reports are taken from "The Gregg Writer" and "The Business Education World", two magazines written especially for secretaries and stenographers.

By these two plans, Miss Ramey hopes to show each student what will be expected of her in actual office work and also to show the students how to get and hold a job and how to develop their personalities so that each will be a success in her chosen field of work.

Lions Club Honors Whiteface Footballers

It pays in a number of ways to be a football boy. The games are fun, the banquet is fun, and it's fun to be Regional Champs, but this is an added attraction. Wednesday a week ago the football boys and Mr. Kinard were luncheon guests of the Lions Club. Alec Thompson showed the slides of the Wellington game, and were they good! The game was too, as we recall. Dr. R. R. Willis said that this was the best balanced team that Here-

Katherine Kirby Chosen As Senior Sponsor

Miss Katherine Kirby, high school librarian and Honor Society Sponsor, was elected co-sponsor of the Senior Class when they met for a called meeting last Tuesday, January 26, in Mrs. Holston's room.

The class was left without one of its sponsors when Mr. W. M. Emmons resigned his school position to take a position with the Soil Conservation Service.

At the called meeting, Daniel Russell, Nona Deen Rose, Jean Williams, Donald Roberson, and Billy Dameron were appointed by the President to select types of cards for Senior Commencement Invitations.

The Seniors met again on Wednesday, January 27. At this meeting, Texie Ruth Reynolds, Student Council Representative, told the class that the Student Council will inaugurate shortly in H. H. S. a "Supply Store," at which ink, fountain pens, and like articles will be sold. The Student Council is also attempting a drive to keep the campus clean and neat, and to stop the scarring and destruction of school property by students.

Florence Loyd, Thurman Williamson, Betty Dunlap, and Irma Fluit are the members of the committee to make plans for the Senior Valentine Party which will be given February 11, at 8 o'clock in the school gym.

Seniors Select Rose As DAR Representative

What Senior girl can best measure up to these five standards (1) dependability, (2) service, (3) patriotism, (4) scholarship, (5) leadership? This is the question that was decided at the last meeting of the Senior class. The reason is that each year the Daughters of the American Revolution sponsor a "Pilgrimage." This is a trip to Cincinnati, all expenses paid. Three girls are selected by the Senior class and the faculty se-

ford has had since he has been here. These things make a football boy feel good. Fried chicken was served. Now we suppose everyone wants to play football. It is a truly wonderful sport.

Your SCRAP WILL ROUT THE JAP!

Eagles Defeat Whitefaces In Two Fast Games

If it's true that everybody loves a champion and everybody loves a game loser, then the Hereford Whiteface ball teams certainly have a place in everyone's heart. You know that they were Regional Champs in football and they show up good in basketball, too—even if they do not always win. The Friday night game with Canyon was really worth seeing. The second string played an excellent game although they lost to the tune of 26-23. The Canyon Eagles led by a few points at the half but the third quarter was just nip and tuck. Finally, however, the Eagles took the lead in the fourth quarter and held it until the end of the game. Both teams played every minute of the game and turned in a good performance.

The boys who are in the second string are center, Robert Hickman; guards, Lloyd Olson and Billy London; forwards, Lloyd Manjeot and J. W. Robinson. Substitutes were C. W. Reeves and Brooks Orr.

The first string played a keen game, too, but all the boys were up for a little competition, as the Eagles have been practicing since shortly after school started. The Eagles won 33-26 but there was a time, during the third quarter and up into the fourth when the score was even at 23-23. Then Hereford scored but Canyon retaliated and the game stood at 25-25 until Canyon again took the lead and held it until the end. The Whitefaces were set back considerably when George Weems, center, fouled out. Robert Hickman was sent in as substitute and turned in a good performance. The boys who compose the Whiteface team this year are; center, George Weems; guards, Billy Dameron and Lloyd Manjeot; forwards, Foster Hill and Donald Roberson.

The team could probably have done better if more supporters from H. H. S. could have been there to help them along. Considering everything, the boys showed up fairly well.

lets the one best qualified. This name is referred to the Deputy State Superintendent of this district and he selects the one from this district by drawing lots. The State then chooses the one, and two or three others who possibly might go. Nona Deen Rose is the candidate from Hereford High this year.

Washington, Lincoln... and YOU

Abe Lincoln knew about thrift in a log cabin on the Cangamon River in Illinois.

George Washington was thrifty too, on a plantation in Virginia, not through necessity, but because he was a wise manager and a good business man.

YOU'RE THRIFTY because it's smart to be that way regardless of circumstances; because in these times, the virtues of working and saving become more and more worthwhile.

We are grateful for Democracy. We have faith in liberty, in free enterprise, in the resources of this country, and in the ability of the American people to preserve their rights. We believe that the American dollar... lik Democracy... is worth saving. To these purposes, we pledge our resources and energies.

Grubs Do Serious Damage To Cattle

Several Deaf Smith County ranchers have been dipping cattle recently to get rid of grubs in the animals' backs and County Agent A. R. Bateman urges other stockowners to follow the example of these men in combating the serious grub menace.

His Patriotic Duty

Grubs not only cause the loss of thousands of pounds of meat, which has to be sliced off and wasted when the animal is slaughtered, but when the grubs emerge, they leave large holes in the back of the hide and cause serious loss in the value of the best part of the hide in leather production.

Also, Bateman points out, cattle troubled by grubs will rub against fences, damage the fences, and lose the time which should be spent eating and adding extra pounds.

H. G. Conkwright, Colby Conkwright, Lyle Woodford, Jim Bob Allison, O. E. Sherman and Tom Robinson are among the stockowners who have been dipping cattle recently, Bateman states, adding that the dipping compound they have been using is one of the most successful yet developed. It is a compound of cube and wettable sulphur, and the formula was worked out at the Federal Experiment Station at Sonora. The sulphur burns neither the hair nor the hide, the county agent points out, adding that stockmen will save money by dipping cattle before they are put on the fields to pasture.

makes us wonder why we never think of clever things:

"Flynn's Errol, Ed, confuse my head;
I'm daft with yachts and paving blocks;
I'm all mixed up on right behaving,
(Who's without Flynn can throw the first paving.)
I'm all mixed up on women and wine,
(To Errol's human, but to Flynn divine.)"

And to change the subject from yachts and paving blocks to bobby and hair pins, the girls at the beauty shops say the pin situation is really drastic and they are reminding their customers to bring their own pins when they come to the beauty shop. "We can't buy pins anywhere," say the beauty operators, "and the customers will just have to chip in and help us take care of the situation."
