MRS. HUGHES BURNS TO DEATH

Explosion From Burning Grease
Sets Fire to Clothing—Lives
But Few Hours

A most horrible accident occurred in South Hereford Monday morning at 11:30, when Mrs. G. B. Hughes lost her life in a peculiar way. She had placed some meat scraps in the oven of the stove in the early morning to render out the lard. While preparing dinner she opened the stove to put in a pan of bread, when the hot grease suddenly took fire and exploded with such force that one of the caps of the stove was thrown to the ceiling and the house fired. The blaze at once must have covered the unfortunate woman, for when some near-by neighbors, hearing the explosion and screams, arrived at the house only a few steps away, they found her prostrate upon the floor of her bedroom, to which she had run to take up her baby, as she afterwards stated. The fire was extinguished by Mr. Sowers and his son, and their wives gave such relief as was at hand until physicians arrived. They found Mrs. Hughes severely burned, all of her clothing, except her shoes, having been burned off. While conscious from time to time, she tried to tell how it happened. She suffered untold agonies until 5:30 in the afternoon when death relieved her.

Mrs. Hughes is the daughter of Mr. and Mrs. Boydston, of Castro county. Mr. Boydston came as soon as he heard of the accident, and gave such assistance as possible. The funeral was held from the residence, Rev. Faris conducting a simple service. A large number of friends followed the remains to the City Cemetery where interment was made, Tuesday afternoon at 3 o'clock. The friends and neighbors were shocked to hear of this sad accident, and have expressed their sympathy for the family.

Cemetery Association Organized

The ladies of the club that was organized a year ago to improve the cemetery, met at the Presbyterian church Friday, March 17, and changed to the Hereford Cemetery association. Officers were elected as follows: Mrs. Alice Lea, president; Mrs. J. I. Walker, vice-president; Mrs. John Sherman, recording secretary; Miss Ruby Norton, corresponding secretary; Miss Belle Woodburn, treasurer. All are invited to join and help in the work. A new windmill will be erected at the cemetery this week.

Interscholastic Meet at Amarillo, April 14-15

The high schools included in the Amarillo district of the University Interscholastic League will have an opportunity to take part in the various activities provided by the League at Amarillo April 14-15. The University Interscholastic League was organized in 1910 at the State Teachers' Meeting at Abilene. During the first year 28 schools joined and this year 1000 schools will participate in the various contests.

The purpose of the League is to promote interest in debate, declamation, spelling, essay writing, and athletics. At the District Meet contests are held in these activities. The state is divided into sixteen districts and the winners of the District Meet take part in the State Meet which will be held at Austin about the first of May.

Hereford High School was represented last year, and will be represented in the Meet at Amarillo this year. Hereford won the loving cup at the Meet in Canyon last year, and the boys say they are going to win this year.

We believe these contests are a means to an end, the preparation of students for citizenship. We are not looking to the mere fact of winning, for we must learn how to lose as well as how to win.

Respectfully,
B. M. Harrison.

Wants Poultry Plant

I was glad to learn by reading the Brand sometime ago, that someone had the idea that a poultry plant was needed in Hereford. I had hoped to hear from others on the subject, but haven't noticed anything. I certainly agree with the writer on that subject.

Some women work like slaves to furnish a little produce of this kind and hardly one cent in cash are we able to get for it unless we deliver it over town or take it to the hotels where they are over supplied.

I think the farmers' wives especially would be delighted with an enterprise of this kind. Yes, we need it bad.

Everybody urge it, and then urge it again.
A Farmer's Wife.

New Picture Show for Hereford

The enterprising owners of the Star Theatre have arranged to open a new picture show on lower Main Street, in a building formerly occupied by Cass & Son. This show will be operated especially for the Mexican population, as the sudden influx has given Hereford a large number of these people. They are now laying steel for the Santa Fe.

PANHANDLE I. O. O. F. COMING

Will be Here Three Hundred Strong
On April Twelfth and
Thirteenth

The members of the I. O. O. F. Order here are planning now for the meeting of the Panhandle Association that will be here on April 12 and 13.

The local lodge is expecting 300 delegates to be present. The association includes all the Panhandle. The visiting brothers will be entertained in the homes here.

A big banquet will be given in honor of the visiting brothers. The ladies of the Christian church will serve the banquet. This assures the I. O. O. F.'s something first-class.

Hereford Wins from Amarillo

The Hereford basket ball girls have a way of reserving the best for the last, so their brilliant work of last Saturday was no surprise to the initiated. The game was played as scheduled, and at its close the score stood 29 to 16 in favor of Hereford.

The Amarillo team was accompanied by Mr. and Mrs. Atwood and Miss Stella Hemphill, the coach.

Mrs. Atwood refereed the game, and Mr. Casteel was umpire.

The visiting players were Kate Wellingham and Letha Daugherty, forwards; Virginia Hudson and Vera Tolleson, guards; Velma Eubanks and Mattie B. Hume, centers, and Gertrude Lewis, sub.

The Hereford girls made a perfect record this year, having won every game played.

500 Mexicans at Hereford

Hereford, Texas, March 20.—More than 500 Mexican track-layers for the Santa Fe are now quartered here and are at Joel switch, four miles east of town.

Practically all of these Mexicans were just recently brought here from El Paso. Many of them have families living in Mexico.

Their conduct here has been peaceable and orderly and so far they have attended strictly to their own business.

So far as is known no contagious diseases exist among them, although the pastors in all of the churches announced yesterday the advisability of every precaution being taken should any occur.

DR. HICKS HURT IN AN ACCIDENT

Loses Control of Car and Hits Banister of Bridge on Tierra Blanca River

On last Monday while Dr. Hicks of this city, was hurrying to attend Mrs. Hughes, who was fatally burned, he lost control of his car as it went on the bridge across the Tierra Blanca just south of town, and his car struck the iron brace of the bridge banister. Dr. Hicks was thrown from the car, but escaped with slight injuries about the back of the head and a few bruises.

The car was turned end for end and one wheel broken and otherwise damaged. It was almost a miraculous escape. If the car had struck the bridge at nearly any other point it would have gone into the river.

Mrs. Hicks was in Plainview at the time, visiting, and the doctor was taken to his brother, W. E. Hicks' home until Mrs. Hicks reached home, Tuesday.

"Stopped When the Time is Out"

As announced the Brand is following this rule to the letter. The circulation manager has been instructed to drop all names from the list. "When the Time is Out." A few names were dropped the first of the month, but most of the names have been placed back on the list by the only route—the payment of \$1.50 for a year's subscription. We believe the patrons of the Brand will like this method better than the old "pay as you please" style; we like it better. Notices will always be given during the month. Please give attention to these polite "duns" and respond accordingly. 72

School Population Increased

Mr. H. B. Webb is just finishing taking the school census for the school board. The number of children of school age has increased about 10 per cent over last year. The enumeration last year showed 457, this year, with a few to report there are 506. This is a good increase and shows that Hereford is growing.

Counting the school population at about one-sixth of the whole, the population of Hereford must be nearly three thousand.

Good Entertainment

The program given by the Mothers' Club on Saturday evening attracted a capacity house and was an excellent entertainment. The receipts were most gratifying, a neat sum being added to the fund which these ladies are using so worthily.

Raining at Last

A good rain is falling today, the first of any consequence since Dec. 6, 1915, when the precipitation was 40 inches. A light snow on Jan. 17 and 19 gave us .30 inches moisture. The precipitation today up to the time of going to press has been .10 inches.

HARRIS & SONS HEREFORD SALE

One Bull Brings \$8,100; Another \$7,000. Sixty-one Head Average \$1,247

Following is a report of the Harris & Sons' Hereford sale in Sullivan county, Missouri, as taken from the Trenton Republican. Sullivan is the former home of the Brand family and is one of the greatest pure bred stock counties in the Mississippi Valley.

Prof. E. A. Trowbridge of the college of agriculture of the University of Missouri, arrived Wednesday night from Harris, Mo., to lecture at the farm institute in session here. He attended the Hereford sale of O. Harris and Sons at Harris and brought the story of the greatest sale of registered beef cattle to Trenton the world has probably ever seen. Sixty-one head averaged \$1,247. The top price, \$8,100 was paid for Repeater 63rd. Another Repeater brought \$7,000. The American Royal Hereford sale averaged a little over \$1,000. This was thought to be a maximum standard for a long time. Harris' sale last year and McCray's auction at Kentland, Ind., registered big averages, but not nearly so high as this year's sale of Harris.

"I never saw such spirit in a sale. The auctioneer could not start the bidding quick enough, the crowd was so eager. Many buyers went away hungry for some of these cattle, only two of which started below \$400 in the auction. The buyers would not let Col. Reppert stop to talk a little bit about Repeater 63rd, the top priced bull, but kept on bidding \$500 at a clip. I am glad I was there. It may be the biggest thing of its kind ever to go on record," the Missouri teacher and live stock expert said.

.....Piano Business..... OUR SPECIALTY FOR 1916

We have been in the piano business for twelve years in Hereford. We have sold many CAR LOADS of pianos. Every piano we have sold has proven to be a good one. Every customer a friend.

The only difference in us and piano peddlers—we own our goods at much less price than they do—and can sell them for much less. We are at no extra expense in handling the line, hence we can afford to sell for much lower figures than regular agents.

We represent the best piano factories in America. We buy for cash direct from the factory. We can make our own low prices and easy terms.

STATE EMPLOYE IS ARRESTED. CHARGE IS AIDING CERTAIN COLLECTORS EVASIVE ARREST.

L. B. Smille, a clerk in the Texas comptroller's department, was arrested at Austin on an indictment returned by the Travis county grand jury charging him with aiding certain county tax collectors in evading arrest for alleged failure to pay into the state treasury tax collections amounting to \$29,750 at the time prescribed by law on or before May 1, 1914. He was assistant bookkeeper. He was released on \$5,000 bond.

Three indictments were returned also against Karl L. Druesow, county tax collector of Harris county, charging misappropriation of public funds of \$7,811 on or about May 1, 1913; \$29,750 on or about May 1, 1914; \$8,810 on or about May 1, 1915.

Indictment against Smille charges him with aiding Collector Druesow in the alleged misappropriation of \$29,750.

Three indictments were also returned against C. C. Quillin, formerly chief bookkeeper of the comptroller's department, charging implication in misapplication of public funds.

FATHER'S DREADFUL MISTAKE. THINKING DAUGHTER A BURGLAR HE FATALLY SHOOTS HER.

Imagine he heard burglars entering the house and tampering with his bedroom door. Arthur Gray, weather forecaster, living in the village of Zediker, three miles from Washington, Pa., grabbed a rifle and fired through the door. A pitiful little moan followed the shot.

Opening the door cautiously Gray was horrified to find the form of his little foster daughter, Della, aged seven years, lying in a pool of blood. The bullet had passed through her head. She had become frightened by the noise of the high wind and sought refuge in her foster parents' room. She was taken to a Washington hospital and died in a few hours.

Killing Follows Screams

Joe Ferguson, an aged farmer, living near Oklahoma City, was jailed, charged with killing Rufus Brake, aged twenty-six years, just back from army service. According to Ferguson the other man helped him on the farm and sat around with the family until 9 o'clock at night, then leaving. About midnight, Ferguson said, he heard his sixteen-year-old daughter scream. He says he found Brake concealed behind the window curtain and he drove him from the house. In a short time, Ferguson said, the young man returned from his home, near by, carrying a gun. Ferguson said he saw him coming and shot him dead at the door.

Eight in One Grave

The bodies of the O'Kane family, eight in number, were buried in one grave in the cemetery at Lawton, Okla. Testimony at the coroner's jury investigation tended to show that Daniel O'Kane had killed his father, his wife, and his five children and had then shot himself. Funeral services were held at the Catholic church.

YOUTH ACHIEVEMENT DEPARTMENT

Edited by
JUDGE WILLIS BROWN,
Chairman National Youth Achievement Committee

THE BUSINESS MAN AND THE BOY

BUSINESS men deplore the lack of concreteness and confidence and good common sense displayed by the ordinary boy graduate from the grammar and the high school. One Chicago merchant, employing 100 boys, stated to me that these 100 boys were the stickers out of 1,000 who had been given a tryout—that is, only one out of every ten boys is able to prove valuable for an ordinary business job.

What is the trouble with our boys and with our schools? I'll tell you. No incentive is offered boys in our educational system to apply their formal instruction to the accomplishment of things in a world of reality.

Our achievement measurement plan would make for every child seeking the concrete and definite thing a school in the world and change the schoolhouse into his or her laboratory.

The school should be a citizen factory, not a manufacturing of parts.

As a factory the school system lacks the assembling room.

Achievement is the assembling room of the citizen factory.

Any reward offered to a boy outside of that which the accomplishment of an achievement brings is a confidence game. It begets real theft on the part of many boys, and these boys are many times ably assisted by their parents.

An achievement emblem worn by a boy signifies a "get there" boy. It separates him in the business world from the "do nothing" fellow.

No money, no influence, no family name or political pull could secure for any child this badge of peerage. Work, labor and achievement only could get it.

Every business man will acknowledge the peerage of labor, and the emblem of achievement is of far greater value than all gold by giving the preference in selecting boys for work to that youth who had found himself because of actual accomplishments.

Business men are looking for boys who do things. The badge of the Achievement league tells that this boy had done something worth while—not what some adult had helped him to do, but something he had done by himself.

I know of a case where a boy secured a valuable prize of \$50 for raising the greatest number of bushels of corn per acre. This boy's father told me that he himself by fertilizing every hill of corn on that acre assisted his boy to do this stunt. A boy in the adjoining county who did not have a father's assistance planted corn on a piece of jack pine land and raised only fifteen bushels of corn. He was laughed at as a disgrace to the corn club. However, this jack pine land corn boy really achieved more than all the others, for farmers agreed that never before were fifteen bushels of corn raised on such land, and they were astonished that the boy secured any corn at all.

Boys want to do things. They want

KEEP THE KIDNEYS WELL

Health is Worth Saving and Some Hereford People Know How to Save It

Many Hereford people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Hereford citizen's recommendation:

Geo. Beams, machinist, E. Third St., Hereford, says: "I have used Doan's Kidney Pills, procured at Betts-Clark's Drug Store off and on for quite a while for trouble with my kidneys and a weak back. They have always proven satisfactory and I gladly advise their use to anyone else."

Citation by Publication

THE STATE OF TEXAS.

To the Sheriff or any Constable of Deaf Smith, County—Greeting:

You are hereby commanded that you summon, by making publication of this citation in some newspaper published in the County of Deaf Smith, if there be a newspaper published therein, but if not, then in any newspaper published in the 69th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 69th judicial district, for four weeks previous to the return day hereof, Wayne Hudson, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Deaf Smith, at the Court House thereof, in Hereford, on the first Monday in May, 1916, the same being the First day of May,

A. D. 1916, then and there to answer a petition filed in said Court, on the 23rd day of February, A. D., 1916, in a suit numbered on the docket of said Court No. 925, wherein the First National Bank of Plattsburg, Mo., is plaintiff, and Wayne Hudson, is defendant. The nature of the plaintiff's demands being as follows, to-wit:

Plaintiff avers that heretofore, to-wit: on the 17th day of September, A. D., 1915, the defendant, Wayne Hudson and Ida Hudson made, executed and delivered to plaintiff their certain promissory note in writing, bearing date on the day and date last above written, by the terms of which they promised to pay to the order of the plaintiff, six months after date thereof, the sum of Fifteen Hundred Dollars with interest thereon from the date of said note, at the rate of 7 per cent per annum, and providing that if the interest should not be paid when due that it should become part of the principal and bear the same rate of interest.

That by the execution and delivery of said note the makers thereof became liable and promised to pay to the plaintiff the several sums therein mentioned according to the tenor and effect thereof. That plaintiff is now the legal and equitable owner and holder of said note. That said note will be due on March 17th, 1916, and this suit is brought before it falls due in order that a Writ of Attachment may be issued to secure the debt above described.

That the defendant has failed and refused to pay said note or any part thereof and is justly indebted to the plaintiff in the several sums mentioned therein.

Wherefore, plaintiff prays that the defendant may be cited to appear and answer this petition as required by law, that a writ of attachment may be issued against any property of the defendant in Deaf Smith County subject to execution, and that on final hearing hereof plaintiff may have judgment for his debt, interest and costs of suits and for such other relief to which it may be shown entitled.

HEREIN FAIL NOT, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hereford this, the 10th day of March, A. D. 1916.

Never-Failing Cure

The following remedy for smallpox and scarlet fever was handed to this office with the request that it be published:

In view of the prevalence of smallpox and scarlet fever in many parts of the country, it seems advisable that the following simple receipt for the quick and absolute cure of these diseases be given publicity:

Sulphate of zinc 1 grain
Digitalis 1 grain
Sugar 1 teaspoonful

Dissolve in a wine glass of soft water or water that has been boiled and cooled. Take a teaspoonful every hour for adults. For children the dose must be diminished according to age. Either smallpox or scarlet fever will disappear in 12 hours.

If counties and cities would compel their physicians to use this treatment there would be no need of pest houses.

A swell line of trimmed and untrimmed hats will be on display Friday, March 31st and Saturday, April 1. Don't miss this golden opportunity.

A Fair Warning!!!

The extraordinary value of Overlands at the price has caused such a demand that in spite of the tremendous output of the Willys-Overland factory we feel that before long we will be unable to get Overlands fast enough. We have an order in for a carload and we would strongly urge you to speak for one of these if you contemplate buying a car soon.

HOW TO SECURE THE EMBLEM OF ACHIEVEMENT

Any boy or any girl under the age of eighteen years who has ever done anything worth while can send in a report of any achievement or achievements, together with proof of same. The endorsement of any reputable adult is required, preferably the teacher or principal of the public school attended if school is in session and the applicant for the emblem is a pupil.

The national committee has provided that certain papers throughout the country shall be the official representatives of the movement.

Therefore this report of achievement can be sent direct to the paper in your community or district, which represents the Achievement movement, to the principal of the school attended, to the business or civic organization interested in promoting the work in any local community, or direct to the national committee headquarters in Chicago.

If the Achievement is considered worthy of recognition, a first certificate will be granted. This certificate is issued by the national committee and bears the signature of the president of the national committee, together with the Achievement seal.

Accompanying this certificate will be the emblem of Achievement, which contains one star and places for four additional stars.

For the second Achievement a like report must be made, and the emblem must accompany the report. If this is granted a certificate will be issued. This certificate will be signed by the president of the business or civic or educational organization under whose auspices the movement is conducted in any community. Then an additional star will be permanently fastened in the emblem and this, with the additional certificate, will be returned to the boy or girl to whom issued.

For the third Achievement, when the report is made and emblem returned for the additional star, the certificate will be signed by the mayor of the city.

The fourth star is represented by a certificate called the governor's certificate and is signed by the governor of the state.

The fifth Achievement is represented by a diamond star and a president's certificate issued at Washington.

Application and Report of Achievement

Full name..... When born.....

Address.....

School..... Grade.....

Achievements.....

Age at which achievements were accomplished.....

Name and address of adult who has personal knowledge of the achievements.....

Mail this to National Youth Achievement, 208 S. LaSalle St., Chicago.

NOTE.—For use in printing the achievements a detailed report not exceeding 100 words for each achievement must accompany this application. As you write of achievement it is only necessary to write in the blank the mention of achievement, such as: Built electrical device, made a motorboat, play cornet in band, raised corn, rearing pigs, made own dresses, baked bread, canned fruit.

The Hereford Brand

D. F. GUTHRIE, Editor

Started April 17, 1921, in the postoffice at Hereford, Texas, as a second-class mail matter. First number of the paper issued February 20, 1921, as the Hereford Reporter; first number of The Brand issued March 21, 1922.

Subscription Price \$1.50 Per Year, Strictly in Advance

All erroneous statements affecting the character or reputation of any individual or firm which may appear in The Brand, will be gladly corrected upon being brought to the attention of the publisher.

The first number of the Lakeview Promoter reached our exchange table this week. It is a five column six page all home print. It is well edited and attractively printed and certainly is a credit to any small town. Lakeview is to be congratulated and if Mr. W. F. Dickson maintains the high standard set in this initial number he deserves the support of Hall county.

Dalhart has an ordinance prohibiting anyone under 17 years of age from driving motor cars in the city. This is an excellent provision for fathers with cars and one or more boys and girls who have learned to drive them especially at the present price of gasoline, but as a preventive of reckless driving, it may prove less efficient as a reckless driver is a reckless driver, regardless of age or sex. Hereford has a number of automobilists to whom the speed limit has as little meaning as Hindi, and some of them look to be more than 17 years of age.

ELECTION OF SCHOOL DIRECTORS

As will be seen from the notice published elsewhere, there is a school election to be held on Saturday, April 1st, for the purpose of electing four members of the school board.

This is one of the most important elections, if not the most important, that will be held this year for the people of Hereford.

Selecting a good, progressive school board is more important to the people of Hereford than the selection of a governor, or United States senator, or member of congress.

The public school is the one institution that touches all our people as a whole and individually as well. A good school not only does more for us at home than any other one agency, but also does more to attract the attention of people to our town. The success of the school depends largely upon the board. They are charged with the duties of selecting teachers and mapping out the work and maintaining the standards of the school.

Not every good citizen makes a good member of the school board. Not every leading citizen makes a good member. In the first place, men should be chosen who know what a good school is, and then are willing to give their time to the work. No other motive in selecting members for the board but fitness, should prevail.

MOTHER TELLS HOW VINOL

Made Her Delicate Boy Strong
New York City.—"My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong healthy boy."—Mrs. THOMAS FITZGERALD, 1090 Park Ave., N. Y. City.

The Star Theater and Small Pox

There has been so much said about these subjects that is contrary to the facts, that we feel compelled to inform our patrons as to the exact conditions.

First—The city authorities have issued no orders warning the people against staying away from the picture show, such as was read in the churches last Sunday.

Second—There is not now nor has there been even one case of small pox among the Mexicans at the railroad camp near Hereford. Only one physician has visited the camp professionally and he says he found no small pox.

Third—The city health officer has not visited the camps and has not advised the public to remain away from the show, on account of the danger of catching any disease.

Fourth—The City Commission has not given anyone authority to announce in the public school that the children should remain away from the show.

We believe that all of this talk has been instigated by a few well-meaning but misguided enthusiasts who are opposed to the picture show and who have always fought the enterprise. It is but fair to us as business men that we be given an equal chance with the merchants of the town. They have the Mexicans in their places of business every day, handling the goods, changing money, the men trying on hats, coats, pants; the women trying on hats, cloaks, shoes, and other wearing apparel, and if there is really any danger of infection or contagion it is in this every day transaction of business.

Now, we realize there is some danger in the advent of a foreign population, where sanitation is lacking, therefore, we have provided for the Mexican population by establishing a special show for them. The old Star Theatre will be used exclusively by the white Americans, but if the whites wish to attend the Mexican movie, they are at liberty to do so.

We are taking every precaution in the care of our building, having had it thoroughly fumigated this week and will continue to use diligent efforts to keep the premises in a sanitary condition.

No Mexicans will be admitted to the old Star Theatre from now on and anyone will be perfectly safe in attending the shows.

Yours for a square deal,
The Star Theatre,

The Texas peanut crop cannot supply the demand either of the consumers or the crushers is the opinion of Manager Theodore Heyck of the Houston oil mill in a letter to the Texas Industrial congress. It is said there will be a number of oil mills over the state equipped to crush peanuts.

A jitney operating between Tyler and Henderson, via Longview, Kilgore and Overton, turned over on a Longview street, pinning the five passengers and driver underneath. They were rescued by a negro, J. W. Young, tax collector of Rusk county, brother of Congressman James Young, who was seriously hurt. Others sustained injuries of a minor nature.

Mose Robbins, a negro, charged with the murder of J. T. Blake in Fort Bend county June 15, 1911, tried at Galveston on charge of venue, was given the death penalty. A previous trial at Galveston in 1913 resulted in a like verdict, but the court of criminal appeals reversed and remanded the case. On the first trial, held at Richmond, the jury disagreed.

Frederick H. Blodgett, sweet potato expert of the agricultural and mechanical college, spent a day at Cleburne answering questions of farmers concerning the best methods to be used in cultivating this crop. F. W. Kazmeier, poultry expert at the college, established a model poultry farm at George Tany's place, south of Cleburne, and lectured at the courthouse on "better poultry."

To expedite the completion of Trinity river improvement work and obtain the required \$5,000,000, the Trinity river committee of the Dallas chamber of commerce and the merchants and manufacturers' association will draw up plans for the issuance of \$5,000,000 worth of bonds to go with the request for the appropriation of a similar sum by government. Plans will be formulated as rapidly as possible.

Mr. and Mrs. J. C. Pollock delightfully entertained a party of friends with a beautifully appointed 12 o'clock dinner Sunday. A big brown-turkey formed the piece de resistance and with the accompanying delicacies completed a most delicious dinner.

Enjoying the hospitality of Mr. and Mrs. Pollock on this occasion were Mr. and Mrs. Chamness and daughter, Miss May, of Dawn, Mr. and Mrs. Welliver, Mr. and Mrs. Shafer and son, and Miss Ona Hammer.

St. Patrick was duly honored on Friday evening by one of the largest and most enjoyable parties which the young people have recently enjoyed, and for the delights of the occasion, they are indebted to Mrs. H. B. Stephens, at whose home the party was given, and to Misses Mabel Betts and Belle Woodburn, who assisted her.

A decorative scheme as charming as it was unique spoke eloquently of Erip. Pigs, cunningly carved from potatoes and serving as candle holders, played not only in the parlor, but throughout the reception suite, their green shades producing a veritable Emerald Isle, where shamrock vied with pot plants and fern in adding beauty to a most bewitching scene. The dining room was especially attractive. A beautiful shamrock lunch cloth graced the table and upon each of its leaves a most life-like pig did duty as a light bearer. A pretty arrangement of shamrock, singly and in groups was wonderfully effective.

The spirit of good cheer, characteristic of St. Patrick's Day gatherings, gave the touch of informality that is truly a pleasure and, as Byron might have expressed it, "There was a sound of revelry by night, and Hereford had gathered there, her beauty and her chivalry."

Much ingenuity was evidenced in the amusing games which were so heartily enjoyed. A series of concealed conundrums were especially clever.

Waiter Palmer proved the most skillful in throwing a green bag through the mouth of one of Pat's pets, and was given a basket of candy potatoes.

Vocal and instrumental music was interspersed among the games, "Killarney," "Wearin' o' the Green" and some special piano numbers being favorites.

A suggestive guest book in the form of a shamrock received the autograph of each guest and a drawing which he was asked to make, blindfolded.

Refreshments of mint ice and angel food were served by Misses Blanche Pollock and Elizabeth Oberthier.

A pretty courtesy to the visiting basket ball team was the charmingly appointed luncheon given by Miss Edna Elliott on Saturday. Other guests were the local players and a few boy friends. Preceding the luncheon a "Seeing Hereford" party was enjoyed, the balmy spring day being ideal for an auto ride.

The hospitality of the gracious young hostess gave much pleasure to her guests.

Mr. and Mrs. C. O. Norton entertained a large party of friends with a delightful three course turkey dinner on Sunday. The day was spent most pleasantly, the beautiful outdoor doors proving most attractive to the young people.

On Thursday, Mrs. Roloson was hostess to the Bay View Club with the lesson study under the direction of Mrs. Stephens.

A comparison of Raphael's "Sistine Madonna" and his "Madonna of the Chair," was given by Mrs. Cookwright. A comprehensive study of the Sistine Chapel was enriched by a number of excellent pictures and much information drawn from varied sources, making his marvelous triumph of art something

very real to this band of earnest students.

Mrs. Elliott gave a graphic picture of the wonderful ceiling, while Mrs. Ferguson gave the life story of Angelo with a description of some of his works including "The Last Judgment."

Following her beautifully given biography which showed the wonderful transcendent genius and the life so immeasurably full and great, she gave the following lines from the pen of the great artist near the close of his life.

"Lament for Life Wasted"
Ah me! Ah me! Where'er I think
Of my past years, I find that none
Among those many years, alas,
was mine;

False hopes and longings vain
have made me pine,
With tears, sighs, passions, fires,
upon life's brink.

Of mortal loves I have known every
one.

Full well I feel it now; lost and
undone,
From truth and goodness banished
far away,

I dwindle day by day.
Longer the shade, more short the
sunbeams grow,
While I am near to falling, faint
and low.

A pleasant social affair on Saturday was the tea given by the ladies of the recently organized Civic Club.

The attendance and interest was encouraging and the ladies hope to begin active work very soon.

A pretty home wedding was celebrated on Wednesday, March 22nd, at 3:30 p. m., the winsome bride being Miss Mary Williams, the groom, Mr. Marshall C. King, of Panhandle.

The living room, where the ceremony was performed, was beautiful with a color scheme of green and white, lavishly carried out in fern and white carnations. A floral arch beneath which the bridal party was grouped, formed a center from which sprays of feathery fern and snowy blossoms radiated in a most artistic arrangement. After the solo, "When I'm With You" sweetly sung by Mrs. McNeerney, Miss Kate Winn of Canyon, played Mendelssohn's wedding march, to which the bridal couple entered preceded by Rev. Baker of the Presbyterian church who in an impressive ceremony united the lives of these two splendid young people.

Immediately after congratulations and refreshments of cake and cream Mr. and Mrs. King left for a short visit in Amarillo after which they will be at home near Panhandle, where a cozy new home has already been fitted up. They were accompanied as far as Amarillo by Misses Ruth Churchill and Irene Williams.

The bride was charming in a dainty blue taffeta wedding gown and carried a snower bouquet of white carnations. Her going away costume was of midnight blue with accessories to match. She is a most worthy young woman, with charms of person and character that have endeared her to her friends. Mr. King is quite well known in Hereford having often visited here. He is a well-to-do stock farmer and an estimable young man.

Out of town guests at the wedding were, Mr. and Mrs. Purvine of Panhandle, Miss Mattie Bell Cole and Mrs. J. T. Owens of Vega, and Miss Winby of Canyon.

Mrs. Gerald Morgan entertained at the home of Mrs. J. F. Wilson on Tuesday afternoon in honor of the Beta Psi Delts. After several interesting games of bridge, ice cream and cake were served by Misses Lura Gregg and Olive Wilson. Those present were, Misses Jane Gregg, N. Anna Smith, Bess Snyder, Reta Shank, Uta Norton, Dimple and Mabel Goss, Edie Pickett, Mrs. C. C. Skelton, Mrs. Lester Wilkinson, and Mrs. Robert Braung.

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Dr. Price's Cream Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Some baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

Neighboring Society

Mr. S. J. Sanders, who lives just over the line in Castro county, was honored Saturday with a most happily planned birthday surprise party which was participated in by about forty of his friends, many of them Hereford folks. A bountiful dinner carried by the guests, was supplemented by roast turkey prepared by Mrs. Sanders, and the elaborate feast with its accompanying social cheer completed a day of unalloyed pleasure.

MRS. MELTON'S LETTER

To Tired Work-out Mothers

Jackson, Miss.—"I shall feel repaid for writing this letter if I can help any tired, worn-out mother or housekeeper to find health and strength as I have. I have a family of five, sew, cook and do my housework and I become very much run-down in health. A friend asked me to try Vinol. I did so and now I am well and strong and my old time energy has been restored. Vinol has no superior as a tonic for worn-out, run-down, tired mothers or housekeepers."

THE INTERNATIONAL SERIES.

Text of the Lesson, Rev. vii, 9-17, Quarterly Review—Golden Text, Rev. vii, 16, 17—Commentary Prepared by Rev. D. M. Stearns.

LESSON I.—The Ascending Lord, Acts 1:1-14. Golden Text, Eph. iv, 8, "When He ascended on high He led captivity captive and gave gifts unto men." During the forty days after His resurrection, when He showed himself alive many times to His disciples, He always spoke of the Kingdom of God which He will surely set up on earth with Israel as a center when He shall come again in His glory. Now we are to witness to Him by the Holy Spirit.

LESSON II.—The Coming of the Holy Spirit, Acts ii, 1-13. Golden Text, 1 Cor. iii, 16, "Know ye not that ye are a temple of God and that the Spirit of God dwelleth in you?" He said that when He reached home He would send the Holy Spirit, who would bring to their remembrance all that He had ever said to them and take of His things and show them unto them and show them things to come and guide them into all truth.

LESSON III.—Peter's sermon at Pentecost, Acts ii, 14-47. Golden Text, Acts ii, 21, "Whosoever shall call on the name of the Lord shall be saved." While we wait for the coming of the kingdom which was postponed because rejected, the Spirit has come to testify of a risen living Christ at God's right hand and to gather unto Him all the "whosoever" who are willing to receive Him, follow Him and suffer with Him.

LESSON IV.—The Spirit of Life, Rom. viii, 12-30. Golden Text, Rom. viii, 14, "As many as are led by the Spirit of God these are sons of God." This is the great Spirit chapter indorsing the necessity of the new birth and teaching that all such are children and heirs of God and can never be separated from His love—that the Father, Son and Spirit are all for us and that in Christ all things are freely ours.

LESSON V.—The Lame Man Leaping, Acts iii, 1-12. Golden Text, Acts iii, 6, "Peter said, Silver and gold have I none, but what I have, that give I thee. In the name of Jesus Christ of Nazareth, walk." This man, over forty years of age, who had never walked a step in all his life, is seen by all who knew him to be incurable, walking and leaping and praising God, and Peter testified that this was the work of the unseen living Christ.

LESSON VI.—The Boldness of Peter and John, Acts iv, 8-21. Golden Text, 1 Cor. xvi, 13, "Watch ye, stand fast in the faith, quit ye like men, be strong." Peter and John, after a night in prison, being brought before the high priest and the council to answer for the healing of this man, do not hesitate to say before the council what they said before the people in the temple that it was the work of Jesus Christ, whom they crucified, who is alive.

LESSON VII.—Humbled and Exalted, Phil. ii, 1-11. Golden Text, 11 Cor. viii, 9, "Though He was rich, yet for your sakes He became poor." Despised and rejected of men, but chosen of God and precious, the only Saviour, willing to save proud Pharisees as well as confessed sinners if they would only come to Him.

LESSON VIII.—The Brotherhood at Jerusalem, Acts iv, 32; v, 12. Golden Text, 1 Pet. i, 22, "Love one another from the heart fervently." The power of the risen Christ drew the believers close to Him and to each other, at least some of them, and for a time, but soon deceit and murmuring became manifest, and we have still to wait to see a company of believers, however few, continuing with one accord. Whole hearted surrender to God is rare.

LESSON IX.—The seven helpers, Acts vi, 1-7. Golden Text, Gal. vi, 2, "Bear ye one another's burdens and so fulfill the law of Christ." That the apostles might continue in prayer and the ministry of the Word a committee of seven spirit filled men was chosen to attend to murmurers and to see that no one was neglected.

LESSON X.—The death of Stephen, Acts vi, 8; viii, 3. Golden Text, Rev. ii, 10, "Be thou faithful unto death, and I will give thee the crown of life." Being filled with the Spirit produces different results; in the case of Peter 3,000 souls from one sermon with persecutions; in the case of Stephen not such manifest results in soul saving and persecuted to death, but he saw heaven opened and Jesus in glory.

LESSON XI.—Heroes and martyrs of faith, Heb. xi, 1; xii, 2. Golden Text, Heb. xii, 1, 2, "Let us run with patience the race that is set before us, looking unto Jesus." The end of chapter x and the beginning of chapter xii set before us the great need of faith and patience; then in chapter xi we have this great list of those who were notable illustrations of faith and patience, all dying in faith and still waiting for the Kingdom.

LESSON XII.—Philip and the Ethiopian, Acts viii, 26-40. Golden Text, Acts viii, 27, 28, "Understandest thou what thou readest?" Persecution sent out preachers of the Word, and many heard and believed, and there was joy on earth and in heaven. The Lord saw one hungry soul truly seeking and by an angel and the Holy Spirit and a willing and obedient man He brought him light and sent him on his way rejoicing.

Climate Valuable Asset

(A. M. Howe.)

The plains enjoys a climate that averages very well for the year. The climate is a great factor in making the present rapid development of the plains possible. Yet the climate receives little or no credit for what is possible to do on the plains.

In the first place the climate on the plains is healthful for man and beast. It relieves and often cures diseases of the lungs and throat. It harbors no malaria. Germs of various brands and designations are made harmless by the plains sunshine. Really, no one disputes the healthfulness of the climate.

The climate is mild without severe extremes of heat or cold. Compared to the winter climate of the middle west, the great feeding section of the United States, it is most delightful. On the other hand, owing to altitude, the summers are not hot. In short, the climate of the plains is delightful, summer and winter, compared with almost any other section of the United States.

The climate makes the live stock business possible without heavy investment in equipment of buildings and shelter for live stock in winter. It is one of the most favored live stock sections in the United States, be it growing or full feeding of cattle, sheep or hogs.

The tiller of the soil has a remarkable long growing season and the opportunity of growing a long list of small grains like wheat and oats, and also forage crops, including Indian corn, kaffir corn, and milo maize. Every variety of deciduous fruit like the apple, peach and plum thrives.

The climate is so valuable an asset that a little wind between times, becomes insignificant. Climate is the first and great asset of the plains.

A Fire Scare

There was considerable excitement for a few minutes Monday when the rear of the Walker Bros. warehouse caught fire. The fire originated from some burning trash in the rear. The fire was however put out before any damage was done, and before the regular fire brigade arrived.

Daddy's Bedtime

Story — The Beaver Boys Beat Their Friends Bobsledding.

Houray! Off They Dashed.

"ONE wintry, snappy, cold, clear night," began daddy for two eager children. "Teddy Muskrat and his friend, Johnnie Meadowmouse, decided to go bobsledding down a mile long hill that ran past Farmer Snoopingdyck's old red barn. Now, neither Teddy nor Johnnie had very much money to buy pleasures. Neither did they have any hammer and nails to build bobs with. So you must please try to understand how long, how very long, it had taken them to save up pennies to buy their two shiny new red bobsleds."

"How did they earn their money, daddy?" asked Jack, who had a bargain with his mother to earn 3 cents every morning he swept off the back veranda for her.

"Well," said daddy, "Teddy earned his pennies by daily helping to clean out his mamma's mud kitchen. Mud kitchens, you see, just naturally get very dirty, and as Teddy's mother had rheumatism in her left great toe she often paid her son to clean house for her. And Johnnie Meadowmouse earned his pennies tugging grains of wheat from Farmer Snoopingdyck's field. My dears, you would weep if all through the fall when other young things were playing and having a good time you could have seen Johnnie Meadowmouse all loaded down with wheat grains for his mamma to stow away for winter dinners. She had a large family of children, you see. But the very happy point is that both Teddy and Johnnie by their own long efforts really had earned enough pennies to buy themselves bobsleds."

"The sleds didn't have to be very big, did they?" grinned Jack.

Daddy smiled. "Well, the snappy cold winter night came at last, and when Teddy Muskrat and Johnnie Meadowmouse got to the top of Farmer Snoopingdyck's long hill that ran past his old red barn what do you think they found? Jack and Evelyn guessed and guessed.

"They found the whole huge family of Beaver boys sliding downhill on their tails," daddy cried. "All the beavers, you know, have broad, flat tails about a foot long. They just tuck them under, stand on them and—hooray! off they dash, coasting the whole mile of Farmer Snoopingdyck's hill. 'Huh!' quivered Teddy Muskrat as he stood and watched his rivals merrily spinning parting up so much of the hill that he hardly had room to put his little red bobs down. 'I don't see why I should save up my pennies to buy bobs when the Beaver kids come along and beat me coasting on their tails.'"

"Oh, tell it again, daddy," cried Jack.

But daddy only kissed him good night.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" is Harmless To Clean Your Sluggish Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight on my guarantee.

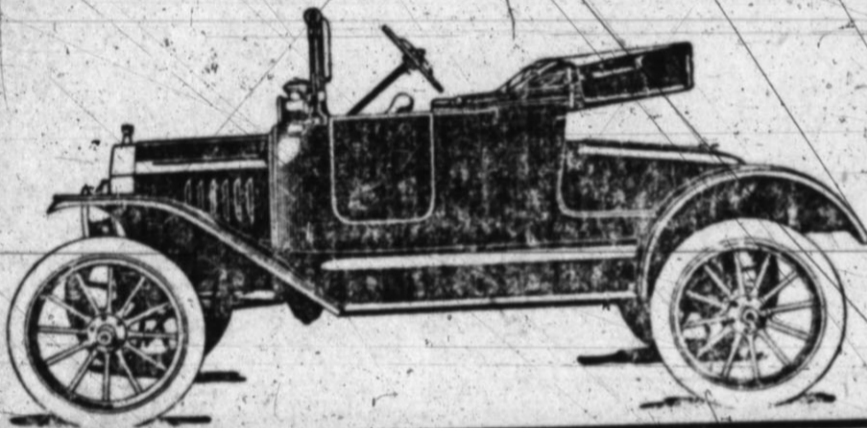

Here's my guarantee—Go to any drug store and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

TRENCH CONSTRUCTION.

CARRANZA SOLDIERS ALSO OCCUPY ISLAND IN RIO GRANDE.

Carranza soldiers began March 13 the construction of trenches at several points along the international line east of Juarez and facing El Paso.

Another movement of possible belligerent interpretation was made by the soldiers of the de facto government when they occupied an island in the Rio Grande river from which there is easy access into El Paso.

This Country's Position.

Secretary Lansing issued this statement: "In order to remove any misapprehension that may exist either in United States or Mexico, the president has authorized me to give in his name the public assurance that the military operations now in contemplation by this government will be scrupulously confined to the object already announced and that in no circumstances will they be suffered to infringe in any degree upon the sovereignty of Mexico or develop into intervention of any kind in the internal affairs of our sister republic. On the contrary, what is now being done is deliberately intended to preclude the possibility of intervention."

Texas Can Send Quota.

According to information given out by the Texas adjutant general's department, the Texas National guard at this time, if recruited to war strength, is sufficiently large to fill the quota of Texas for all calls for troops made by the federal government for war service up to 200,000 men. If more men are called for, then the additional number asked of Texas would have to be organized to meet the demand.

Villa Captured Horses.

During the raid on Columbus, N. M., the forces of Villa are reported as having captured ninety-two cavalry horses.

OPENED BY THE GOVERNOR.

TALKS ONLY A MINUTE AND PRAISES MEN ORGANIZING IT.

The twentieth annual Feeders and Breeders' Fat Stock show was formally opened in the Coliseum at North Fort Worth by Governor J. E. Ferguson before the largest attendance on any previous opening day. After being introduced by Louis J. Wortham the executive spoke only a minute. He paid high tribute to the men who organized the show and complimented the breeders of fine cattle for their excellent work in upbuilding the cattle industry of the state.

The student judging contest was held in the arena and attracted considerable interest.

A scholastic track meet of seven events was a decided feature.

The horse show and big wild west roundup, held in the Coliseum attracted hundreds of persons.

The fine cattle and horses excited a great deal of admiration.

TWELVE-STORY ADDITION.

IMPORTANT ANNEX FOR ADOLPHUS HOTEL, DALLAS.

An annex to the Adolphus hotel at Dallas, ten or twelve stories high, and costing approximately one million of dollars, will be erected on the north side of Commerce street, about fifty feet west of the hotel. This announcement was made by Charles L. Malliot, manager of the lease department of Hahn & Kendall, a real estate firm, for J. S. Kendall, the latter going to St. Louis to close the financial negotiations.

The new building will front about 150 feet on Commerce street and have a depth of 100. It will be connected with the main building by a fifteen-foot passageway.

Judge Bookout No More.

At his residence in Dallas after a long illness Judge John Bookout, for fifteen years associate justice of the fifth court of civil appeals, died. He was a resident of Dallas forty-two years and owned much property in that city. A widow, three sons and four daughters survive.

R. W. Baird, Sheriff,
Deaf Smith County, Texas.
By C. E. Smith, Deputy.

Election Law

The election laws of the state provide that in all elections by the people the vote shall be by official ballot; that no ballot shall be used in voting at any election, except the official ballot; that the judges of election, when satisfied as to the right of a citizen to vote, shall deliver to him one official ballot. In all City Elections, it is made the duty of the City to furnish all election supplies required, including official ballots. In order to have the names of candidates placed on the official ballot (where there have been no party nominations), the law requires that an application, signed by 5 per cent of the entire vote cast at the last general election, of the qualified voters shall be made to the Mayor requesting that the names of those mentioned in the application shall be placed on the ballot. It is thereupon made the duty of the Mayor to have such names placed on the official ballot. The statutes regulating this matter are Art. 3164 and the four following articles. It is not difficult to comply with the law in these particulars and, of course, it should be followed. The law forbids the election officers from counting any but an official ballot. Applications to have the names of citizens placed on the official ballot as candidates, should be filed in my office on or before Saturday, April 1st, next.

Wm. M. Knight,
Mayor of Hereford.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvia Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer in any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

DEAD OR ALIVE GET BANDITS

OF VILLA, IS THE ORDER ISSUED BY PRESIDENT WILSON.

UNDER DIRECTION OF FUNSTON

Secretary of War Baker Says the Sole Purpose of Entering Mexico is to Locate and Disperse Bands That Attacked Columbus.

American troops were ordered over the Mexican border by President Wilson to take Francisco Villa and his bandits, dead or alive.

Under the direction of General Funston, who ended the insurrection in the Philippines by taking Aguinaldo singlehanded, American troops were ordered to go after many Mexican guerrilla troops in a mountainous region from which Carranza soldiers had fled.

Whether this long deferred armed action, which began purely as a punitive measure to clear northern Mexico of menacing bandit bands over which Carranza has no control, shall grow into a general armed intervention or occupation in Mexico, depends in a large measure upon General Carranza and the Mexican people.

It begins with President Wilson's declaration that it is entirely in aid of the Carranza government and with no thought of aggression.

Secretary of War Baker said there was no intention of entering Mexico in force. "A sufficient body of troops will be sent in to locate and disperse the band or bands that attacked Columbus, N. M. So soon as the forces of the de facto government can take control of the situation any forces of the United States then remaining in Mexico will, of course, be withdrawn. The forces of the United States now on the border will be immediately recruited, but only for the purpose of safeguarding the territory of the United States from further raids."

At General Funston's request four additional regiments of cavalry were ordered to the border. Second battalion of engineers at Fort Sam Houston and field hospital corps No. 7, consisting of twelve ambulances, received orders of like nature.

Delay in going after the Columbus raiders was the necessity of replacing with infantry the cavalry troops that have been performing border patrol duty. All plans for the capture of Villa and his bandits have been kept strictly guarded.

Carranza made a request that Mexican soldiers be permitted to cross into the United States should the occasion arise. Secretary Lansing sent the request to President Wilson, who was taking a Saturday trip on the May flower. In a manifesto Sunday Carranza said refusal meant resistance or invasion. Proposal was accepted.

A Mexican newspaper at El Paso, owing to its editorial expressions, was suppressed. Excitement in that city has been intense.

American farmers and ranchmen on the border have telegraphed the war department and Congressman Garnet urging that military protection be continued. The assurance was given that this was the intention.

Ferguson Endorses Action.

Governor Ferguson expressed himself as not surprised at the Columbus massacre, owing to the condition of the border and endorsed the president's action in ordering troops into Mexico. "The question of intervention may be avoided, but if it becomes necessary in order to protect American lives on American soil then let it come."
