Sights and Faces Seen

Two showings will be made of "Gung Ho", free bond show at the Star Theatre Tuesday night, Feb. 15, due to the unexpected large number of bonds sold. The first show will start at 7:45 with the feature at 8:15; the second show will start at 9:45, feature at 10:15. By holding two shows the theatre will be able to accommodate twice as many bond buyers.

Hereford Banks will be closed Saturday in observance of Lincoln's Birthday—a well known holiday, so no one will have any room to talk about the inexplicable ways of bank holidays.

Debbs Knox should learn not to be careless. He lost his selective service card and went over to the draft office to get another, only to be asked if he had received his questionnaire (to be filled out preparatory to reclassification.) He had not received the questionnaire and Mrs. Petersen, clerk of the board, was "sure glad to be able to" as his name had just been overlooked in the rush.

Mrs. Bill Smith and Mrs. J. W. Buck are the latest volunteers to answer the call of the Red Cross for help in the home service program. (Mrs. W. L. Davis and Mrs. Harold Close had previously reported.) The volunteers are doing a fine work, and more are needed—so if you'd like to help (Continued on Page 12)

She is in Deaf Smith County Hospital and her condition is reported as fair.

Lt. Charles B. Spradley

Took Direct Hit Of Jap Mortar To K. O. Marine

(Editor's Note: The following story was written by Staff Sgt. Irving Schlossberg, a Marine Corps Combat Correspondent.)

SOMEWHERE IN THE PACIFIC (delayed)—It took a direct hit from a Jap mortar to put Marine 1st Lt. Charles B. Spradley, 23, of Hereford, out of action on Tarawa.

On reaching the beach, after wading through 300 yards of water, Lieutenant Spradley had four mortar shells land within five feet, killing and wounding several of his men, but missing him. The fifth shell burst directly under him, breaking and burning his right leg and inflicting head injuries.

He became an easy target for snipers, who killed two wounded Marines nearby but failed to hit him again. Navy corpsmen gave him first aid and he was evacuated to a Naval hospital in the Pacific.

The baby's maternal grandparents are Mr. and Mrs. B. E. Sinclair of Bethel.

Day Room Now Being Enjoyed By Service Men

Colonel T. R. Parker, commanding officer of the Prisoner of War Camp located near Hereford, this week expressed sincere thanks and appreciation on behalf of the enlisted men at the camp, for the articles which have been contributed by the American Red Cross of Hereford for use in the camp's day room.

Not only was the furniture and equipment donated, but the room itself was painted and decorated to make it more habitable and cheerful, and Hereford women have given unstintingly of their time and effort in making drapes and adding other decorative touches. The chairs, divan, tables, lamps and other furniture and equipment have added to the comfort of the boys.

The day room is a sort of unofficial headquarters for enlisted men when they are off duty at any time during the day and offers a place to read, write letters, play games or just rest. Many of the boys enjoy playing

Feed Subsidy Payments Continue to Feb. 17th

Unless Congress votes to extend the life of Commodity Credit Corporation, dairy feed subsidy payments will be discontinued after Feb. 17, it was announced today by F. G. Collier of the Deaf Smith County AAA office.

Dairy subsidy payments are now being made and will continue to be made until Feb. 17, Mr. Collier said.

If Congress passes the bill to continue certain subsidies, payments will be made through February, March and April on the same basis as in the past.

Community Sing Planned For Entertainment of Soldiers and Civilians

There are all sorts of singers, and all sorts of musical tastes—but whether you go for "The Old Mill Stream," "Hey Auld" "vora," or that "distracting ditty," "Malry Dutea," you will find something you can sing (maybe not good, but anyway loud) at the USO Community Sing, which will be held soon for the entertainment of soldiers, their wives and the general public.

Debbs Knox, USO entertainment committee chairman, is arranging the program, which he says will consist of specially trained numbers and perhaps a musical show in addition to the community sing feature, and the public is advised to watch for the date and plan now for an evening of real entertainment.

Local Pastor Leaves to Enter Mission Field

Rev. Homer T. Goodwin, for the past 21 months pastor of the Assembly of God Church in Hereford, will leave next week to make final arrangements for his departure for Africa to take up missionary work there.

Rev. Goodwin, who previously served three and one-half years as a missionary on the Gold Coast, British West Africa, was forced to return to this country because of war conditions, and also because his health would not permit further work in that locality without a leave. He plans to sail from Philadelphia about Feb. 26.

Rev. Goodwin, who will preach his farewell message here, Sunday, Feb. 13, has made many friends in Hereford and his work (Continued on Page 12)

School Buses Back on Regular Schedules After Roads Again in Shape

All Deaf Smith County school buses are running again, after a prolonged interruption of schedule which started with the first onslaught of winter early in December. The buses to Vega and Adrian, the last to start back on their regular rounds, started making the routes on Jan. 31, according to County School Superintendent Fred W. Baird.

The rural school at Walcott will be forced to make up much time missed by pupils because of the bad weather and bad roads, and Miss Alta Mae Fortenberry, teacher at Walcott, said Saturday that the method to be followed will be by crowding more work into each day's study schedule and that thus far the program seems to be working out very well.

Girl Scout Field Executive Here

Miss Ida Mae McClure, Girl Scout field executive with headquarters in Amarillo, was in Hereford yesterday morning visiting with Mrs. Ullis Street, local Campfire sponsor, and discussing the possibility of organization of a Girl Scout troop or troops here.

Miss McClure pointed out the need of some organization to take care of the needs of younger girls, the Campfire "overflow," who at present do not have an organization of the Campfire or Girl Scout type. The possibilities are good that the two organizations might be able to work together in the interests of all girls of the community.

Bond Sales Total \$23,585 In Theatre's War Bond Premiere

Hereford's War Bond Premiere picture will be shown next Tuesday night, Feb. 15, and to a capacity audience, according to indications today. Theatre Manager Charley Hardwick praises the work of students in Hereford schools, who had sold a total of \$23,585 in U. S. War Bonds according to the latest count available yesterday afternoon. Central School sales amounted to \$12,206; sales at the high school were \$11,379.

Feature will start at 7:45-9:45 o'clock and admission will be by bond purchase only, so if you have not bought a bond at the theatre or from some school child, buy a bond today and get your free ticket to see "Gung Ho," the story of the Marine raiders at Makin Island. The picture, which was chosen Life magazine's "picture of the week," stars Randolph Scott and is one of the best war stories yet released.

That's the story of the Fourth War Loan in Deaf Smith County, and to change those figures to show complete victory is going to mean a deeper dig into the pocketbook and perhaps a stricter budget on regular expenditures to find the money for the extra bonds it will take to give the county a victory over the quota.

In a statement issued yesterday, the Deaf Smith County Bond Sales Committee said, "We do not believe there is anyone who would want to see the county (Continued on Page 12)

Choctaw Indian To Appear At Baptist Service

Mrs. A. W. Hancock, a Choctaw Indian and missionary to the Indians of Oklahoma, will speak at the First Baptist Church Sunday night at 7:30 o'clock and Hereford people who heard Mrs. Hancock in a program at Plainview this week believe that the program will hold unusual interest for all Hereford people.

Mrs. Hancock is not only a speaker of great ability, but she is also a gifted musician, the Hereford people state, adding that she has a beautiful voice and is capable both as a choir and orchestra director.

She was educated at the Choctaw Indian Government School where she completed a high school academic course and did special study in music.

Mrs. Hancock will appear in Indian costume and will sing "Indian Love Call" at the start of her program. At the close of her message she will sing a favorite hymn in the Indian sign language.

The public is cordially invited to hear this interesting speaker.

Health Advantages Claimed in Request For Location of Vet. Rehabilitation Project

The Hereford Chamber of Commerce has written to Congressman Gene Worley, requesting that some type veteran's hospital or rehabilitation project be located in Hereford, and brochures have been sent to Mr. Worley for distribution to persons and agencies who might be instrumental in securing location of such a project in Hereford. It was stated this week by E. B. Povey, secretary-manager of the local C. of C.

As pointed out in the literature, not only would existing hospital and housing facilities at the Hereford P. O. W. Camp be used in such a rehabilitation project, but the area also offers unusual health advantages in the form of mineral-rich foods produced in this locality. Thanks to favorable publicity received during the past three years, these claims are coming to be recognized throughout the state and nation, and the following excerpt from an editorial printed in the

Dallas Morning News of Sunday, Jan. 30, is a fair example of the type of information which is fast becoming common knowledge and which the Chamber of Commerce believes should be an important factor in location here of a hospital or veteran's rehabilitation project:

"The high quality of Texas Panhandle wheat has been known to millers and bakers for decades but it is only becoming general knowledge to plain John Q. Citizen. Such a glowing account of the beneficial effect upon teeth and general health from eating Deaf Smith County hard winter wheat, as Dr. Fred B. Miller, Altoona, Pa., dentist, gave a midwinter conference in Dallas, will do much to bring its merits before the public. When a whole family, 1,000 miles away comes to depend upon a Texas food product, it is worthy of careful consideration by others.

"Dr. Miller's general conclusion was that the mills of the

Texas Panhandle contain certain elements which are distributed through the soil water to its crops. In that statement he is correct. Besides the fluorine and iodine, which are said to play so important a role in growing and maintaining sound teeth, there are well-distributed quantities of lime and phosphorus which make for a sound bone structure and general foundation for the human constitution. But there is still more to it than all this. We must not forget the brilliant sunshine which stores the gluten and protein in the Panhandle's superlative wheat, as well as the invigorating high altitude air free from the depressing humidity of areas close to the sea or in the path of excessive rainfall.

"The city of Hereford has enjoyed much favorable publicity since America's dentists were told a few years ago by some of their experts that they had better stay away from that locality because almost every inhabitant was suffering from tooth

If you wish your house furnished in whole or in part with any article of furniture, carpets or matting, we are fully prepared in all departments. ed articles at low prices.

On Thursday at high noon the Pecos Valley south bound pulled into Hereford and side tracked a car containing 38 substantial citizens of Missouri and other sections of the North. They were brought under the supervision of immigration agent, Talmage, and taken in charge by local citizens and shown over Hereford and adjacent country.

Capt. J. C. Lea, endearingly called "the father of Roswell," died Thursday morning from an attack of pneumonia. At one time Capt. Lea owned all the land on which the town of Roswell is now situated, moving there soon after peace was declared between the North and South, he having served with distinction in the Confederate army.

John A. Johnson, groceryman, advertised: Panama's right to secede from Colombia is now being discussed among the politicians of the country, but no husband questions the right of the thrifty wife in purchasing her groceries and provisions at the store where the prices are right and quality always best.

Messenger

MRS. J. N. MESSENGER

This community received only 1-2 inches of rain in Jan. but we had two light snows. Wheat is coming on in fine condition now and late sown wheat is showing since the warmer weather.

Mr. and Mrs. Owen Harvey of Amarillo are the proud parents of a boy, born Jan. 25, and named Gary Beauford. Mrs. Harvey is the former June Guinn daughter of Mr. and Mrs. J. T. Guinn of Messenger. Mr. Harvey has been stationed on the west coast with the Sea Bees. The grandparents have the little daughter with them for a few weeks until her mother's out of the hospital.

Several farmers who have had wheat stored have been hauling the grain to market; recently and taking advantage of better prices.

Chaplain John B. Abbott, lieutenant, has probably been transferred from Australia to New Guinea. He hoped to make the trip by boat. He is a grand-

son of Mrs. J. N. Messenger.

Mr. and Mrs. Geo. C. Messenger and baby Johnnie and Mrs. J. N. Messenger, drove to Clovis last Wednesday on business and to visit Mrs. Messenger's youngest daughter, Eva Houlette, and family.

Ray Coleman drilled barley Saturday. Some ground is still too wet to work; but other farmers intend to put in barley and oats.

Mrs. J. N. Messenger suffered a sprained ankle and shoulder when she fell last month. She is now able to be up and can move around fairly well but still suffers pain from her injuries.

Ralph Taylor, who has been home on furlough, will leave Tuesday for overseas again. He has been in the Navy nearly two years and has been overseas most of that time. His wife and baby live at Friona, his parents, Mr. and Mrs. Cecil Taylor, live southeast of Messenger.

You said limited driving couldn't keep clearing out the rank acids always left from combustion; they'd linger and corrode the engine. But you said that plating, of course, wouldn't soon let metals corrode. And you convinced me, all right, about keeping my engine OIL-PLATED with your patented Conoco Nth oil. Now my OIL-PLATED engine is seeing me through, and I say good for you! . . . helping the home front! They all should know how Conoco Nth gives engines protective OIL-PLATING!"

Turn it DOWN, Lady!

HERE IS HOW YOU CAN HELP

1. Cook whole meals in oven. Cook "one-dish" meals on top burners.
2. Don't use running hot water for washing dishes or hands. Repair leaky faucets. Heat no more water than necessary.
3. Do not keep your home too warm. You can save gas and have more healthful living conditions by maintaining moderate temperature.
4. Reduce temperature at night and when away from home.
5. Keep all gas-burning equipment in first-class condition.

SONS In the Service

At General Hospital

Roy (Ward) Kelly, son of Mrs. J. F. Ward of Hereford is now at England General Hospital, Atlantic City, N. J., where he has been for several months receiving treatment for injuries received last May at Bizerte. A swelling in his left knee was the result of a sprain, and successive operations thus far have not improved the condition, according to a letter which Mrs. Ward received from Roy this week. He states that the injury is still painful, that he cannot walk or stand for any length of time and that the leg is now considerably smaller than his right leg.

He also suffered from shock after a bomb burst near him in the Tunisian campaign and he states that he is still very nervous.

Roy writes that his two ambitions, right now, are to visit his mother in Hereford and then to go back to the fight. He was in the Army Signal Corps.

F. L. Lucas, Jr., has recently been promoted to the rank of pharmacist's mate, third class. F. L. is in the Navy Medical Corps and is stationed at the Navy Hospital at Oceanside, Calif., where he is doing laboratory technical work. He has been in the Navy for nine months and has been stationed at Oceanside after completing four months' training at San Diego. He is a graduate of Hereford High School and attended Texas Christian University before enlisting in the Navy.

Couple Celebrate 51st Wedding Date

Not many couples are privileged to celebrate their 51st wedding anniversary; but that is what Mr. and Mrs. John Haberer did Sunday.

The house was decorated with pot plants and cut flowers and after the dinner games and conversation were enjoyed. Gifts and messages of congratulation were received by the couple.

Mr. Haberer and Miss Sophia Meyer were married on Feb. 7, 1893 in Fremont, Nebraska. They are the parents of six children, four of whom were present for the celebration. One daughter, Mrs. Howard Greathouse of Houston, was unable to attend. The couple moved to Texas in 1910 and to Hereford in 1920.

Their four sons, Roy E., A. L., Herman and Johnnie, all living in Castro and Lamb counties, and their families enjoyed the day at the Haberer home and other guests were Mr. and Mrs. John Davis and daughter.

Miss Adeline Koelzer left this week for a two week's visit with friends and relatives in Sacramento and Oakland, Calif.

MARY JANE MORGAN REVIEWS BOOK FOR CALLIOPHIAN CLUB

Mrs. J. T. Gilbreath, Jr. gave a sketch of the life of Jan Fortune, co-author of the book "Elisabet Ney" at the Calliopian Club meeting held at the home of Mrs. W. C. Pitman Thursday evening.

Quoting from the Atlantic Monthly Mrs. Gilbreath said, "Elisabet Ney is rated the greatest love story of the past century. The co-author, Jan Fortune, was born in Wellington, Texas and did journalistic work in Dallas for a number of years. She is now in Hollywood to be near her husband who is stationed on the USS Saratoga."

Miss Mary Jane Morgan reviewed the book for the club.

She said in part, "It is no exaggeration to say that the 19th century has produced no more fabulous figure than Elisabet Ney. Before she was 30 years old she had become not only the first sculptress of Europe but was intimate with such great men as Alexander Vaughn, Humboldt-Schopenhauer and a host of others. At the age of 38 she came to America with her husband to eventually settle on a plantation in Texas."

Members present included Mesdames J. R. Allison, O. J. Beene, Wayne Evans, Alton Fraser, J. T. Gilbreath, Jr., J. E. Kirby; Misses Mary Kate Brotherton, Kathryn Davies, Marie Glasp, Katherine Kirby, Mary Jane Morgan, Eloyse Pitman and the hostess, Mrs. Ralph Sellmeyer was a guest.

Miss Virginia East Complimented With Shower-Tea and Morning Coffee

Miss Virginia East, whose marriage to Mr. Derward Nollner will be solemnized next Sunday in Tulla, was complimented Saturday at a shower-tea given in the social hall of the Baptist Church. Hostesses were Mesdames Noah Ewton, Vivian Major, Doyle Rose, H. E. Miller, J. O. Newell, R. L. Cocanougher, Billie Graham, Carl Frye, and Ross Fuller.

The affair was attended by a large number of guests. Mrs. Ed East, mother of the bride-elect, the honoree, Mrs. Jack Higgins, Mrs. O. J. Beene and Mrs. Norman Harris received the guests.

A pink and white theme was carried out at the tea table. An arrangement of pink and white carnations topped by a miniature bridal couple centered the table which was laid with lace and appointed with silver. Sprays of pink and white blossoms were laid flat on the table leading from the centerpiece to the silver tea services at each end of the table. Mrs. Wayne Evans and Mrs. Jack Higgins poured. Pot plants with blossoms repeating the chosen colors were used throughout the entertaining rooms.

An informal program was presented during the afternoon. Miss Marie Glasp entertained with piano music and Miss Evelyn Milam gave a toast to the bride. Two piano numbers were presented by Mrs. J. R. Allison, who played "Tea for Two" and "Londonderry Air." Barbara Burney, Betty Morrow and Louise Young formed a trio to sing "Moonlight and Roses" and "Ah Sweet Mystery of Life." Violin numbers were presented by Mrs. Norman Harris.

Coffee is given. Miss East was complimented Saturday morning when Mrs. Wayne Evans entertained with a coffee at her home on 25-Mile Avenue.

A springtime color scheme was used in appointments and decorations with yellow predominating. A white Quaker lace cloth covered the coffee table and the centerpiece was a cleverly dressed bride. White sweet peas and lovely yellow pansies encircled the white bride's cake which was placed on a crystal stand at one end of the table. Miss Betty Sue Henslee presided at the silver coffee service.

Socialized Medicine Topic for B & P W

With "Socialized Medicine," as her topic, Miss Sadie Lee Oliver spoke to the B & P W club Monday night, when Mrs. Bessie Lee West was in charge of a program on post-war planning and problems. Mrs. Ursalee Jacobsen was hostess for the meeting.

Miss Oliver outlined the various plans for group hospitalization and socialized medicine which have been tried or are likely soon to be presented in congress, pointing out that voluntary plans thus far have had greater success than compulsory plans organized by the government.

In group discussion following Miss Oliver's talk, members indicated that they are opposed to the proposed broadening of social security benefits to take care of hospital and doctor bills but are in favor of further study of such voluntary plans as the "Blue Cross" project.

Mrs. West led a discussion of proposed post-war projects for Hereford and Deaf Smith County, using as a basis for her outline the questionnaire sent out last fall by the Hereford Chamber of Commerce.

Present were Mesdames Ethyl Robinson, Verna Scott, Velma Hodges, Cecil Williams, Dyal-

which was placed at the other end of the table. Mints, candies and other delectable dainties repeated the colors. A gift was presented to the honoree.

Those attending were Mrs. O. J. Beene, Mrs. Norman Harris, Mrs. J. R. Allison, Misses Evelyn Milam, Betty Sue Henslee, Lillie Lloyd Jackson, Marie Glasp, the honor guest and the hostess.

America" Mrs. Knox Kinard also used Stuart Chase's article as a background. She mentioned five goals; food, shelter, clothing, health and education, dwelling for the most part on food—"gold standard" of nutrition—extent of malnutrition, making good the shortages and changes, feeding Britain and giving a brief summary of the food budget as we can outline it today.

Facts on the rubber situation by

Phillips Petroleum Company, operating a 90,000,000 pound butadiene plant, for an annual production of rubber equivalent to 11,000,000 tires

THE RACE FOR RUBBER is right now entering the homestretch. Swiftly and surely, the nation's synthetic rubber plants are approaching peak annual production of 850,000 tons.

Despite this record-breaking achievement, the next six months are the time of crisis, because the full fighting power of rubber is needed for war: Tires for planes, and combat trucks and cars... rubber for life rafts and landing boats... rubber for bullet-sealing tanks and electrical insulation... rubber for a thousand and one victory needs.

This is why only the most essential civilian drivers can be supplied with new tires of synthetic rubber, at least until late in the year. The rest of us must

continue to save miles and rubber, and recap in time to keep rolling.

As a major producer of butadiene (the chief ingredient in synthetic rubber) and 100 octane aviation gasoline, the Phillips Petroleum Company presents these facts as a contribution to general understanding of the present transportation problem.

With us, as with every American motorist, the needs of war come first. But when victory is won, car owners will begin enjoying the benefits and product-improvements flowing from Phillips gigantic chemical plants, devoted to producing new and better things from petroleum gases as well as petroleum.

Come On, America!
It's 1944!

THIS is what we've been working for all along. This is the year to hit and hurt the enemy. This is the time when everything you do counts double. If we all get together and do all we can, we'll be over this hurdle and well on our way to complete and crushing victory.

No question about the men in uniform—they'll go "all out." But can we count on you to back them all the way? Your quota is where you work—you've got to buy your War Bonds and then buy more, until every last loose cent

you have is fighting. Tough? Of course, it's tough—unless it is a sacrifice you're simply not doing your share!

Make the sacrifice now—buy more than the extra \$100 Bond your country counts on you for—winning the war is worth any sacrifice you make. Besides, you aren't giving, you're lending to America! You'll get back every dollar you invest in War Bonds, with interest.

An extra \$100 War Bond now is the minimum for everybody—can't we count on you for more?

Let's All BACK THE ATTACK!

Story of Bernadette Commemorated At Holy Hour Service

Through Franz Werfel's novel, "The Song of Bernadette," the event of February 11, 1858 has attracted the attention and interest of millions. The screen version of this story based on the event that took place 86 years ago at Lourdes, France is now playing in New York; and according to reports it has broken all box-office records and will undoubtedly net more than any other film in all screen history.

During the Holy Hour at St. Anthony's Church, a fitting commemoration of the event of 86 years ago will be held. An appropriate sermon for the occasion will be preached by Father James, assistant.

On Friday morning at 9 o'clock, a High Mass will be sung; the school children and their parents will be present.

The literary clubs of Hereford that have reviewed the book, "The Song of Bernadette," will probably be interested in the service on Thursday night, the

Club Continues Study Juvenile Delinquency

A continued discussion of Juvenile Delinquency was the topic of much discussion as the Tri-Hi-Y met Tuesday, February 1, 1944.

Arline Millard was program leader. The opening song was "In the Cross." Arline read the Scripture from Matthew 5. She also gave a talk on "Thou shalt not kill." Mary Ruth Russell gave a talk on "Juvenile Delinquency, a Nationwide Problem." In her talk, she brought out things that different communities are doing to solve the crimes of youth. Ellen Posey gave a definition of juvenile delinquency. She also read a letter written by Johnny Willis to the President. Johnny was a thirteen-year-old boy who wanted to join the Marines because there was nothing else for him to do to occupy his time. Ann Bateman gave a talk on what Lubbock County schools were doing to prevent juvenile crimes. Each of the girls' talks was used as a thought as the club discussed further plans for organizing a youth center in Hereford.

In the business meeting preceding the program, the club discussed a Physical Fitness program. This program is to provide the students with recreation during the noon hour and after school. Also during the business meeting a date was set for the "Talent Hour" which will be held February 25 and will be sponsored by the Tri-Hi-Y.

Hi-Y Club Begins Usual February Study of Book

In spite of the fact that the Hi-Y meeting Tuesday, February 1, had to compete with a basketball game, several members were present. There was no business, but Mr. Ford started the study of sex hygiene which the club studies every year during February.

David Phillips had charge of the devotional and read the scripture, Proverbs 4:10-18. Billy Boone Whitaker had the prayer. The meeting closed with a group of sentence prayers.

Hil Ya! Kids. Have you been enjoying the pretty weather we have been having as I have? Homer has been staying outside in the sunshine nearly every day and I have certainly been lonesome. Homer has not been around very much to tell me any of the news, but I shall let you in on what he has told me.

I knew that it wouldn't do to have a new mathematics teacher in this school. The students can't do anything but call him "Mr. Hall." Homer keeps trying to get me to catch some unlucky swain and get him to fall for that cute little red-head, Zell Dean Harris. He would then become a lucky person.

Can any one tell me what it is that I have been hearing about Wendal Roberson. Someone tried to tell me that he was stabbed, but I cannot believe anyone would be foolish enough to stab such a handsome lad as this.

Two cronies of Hereford High are Imonell Edwards and Rose Marie Grimes; and whenever a man is concerned, these two are after him.

Pete Davis must abhor oranges. One morning Homer was roaming around on second floor following Miss Davies (who wouldn't be?) and his attention was distracted by Pete just fuming because someone had placed an orange in his locker. He quietly slipped it into the next locker.

Homer has just told me who the very pretty, charming lady is that comes to high school each afternoon. He hasn't met her personally, but I had a hard time convincing him that he shouldn't whistle at her, as he's a flea and not a wolf. Of course, I'm not a connoisseur of music, but it does seem that Mrs. Marian Jeanne Harris is really giving the glee club girls some splendid training. Homer thinks he will enroll for either glee club or private lessons in violin.

Can someone tell me who quenched that flame of Lee Roy Burges and Wanda Rose? It was burning brightly for awhile, and someone seems to have poured some water on it.

Homer cannot get over the music recital he attended in the high school auditorium. He would like to know why Joan Smith doesn't have the same person fix her make-up all of the time. He tells me that she was really pretty at the recital.

I seem to be noticing Viola Beckman with a certain Junior boy a good deal. I cannot find out what his name is, but his initials are C. H.

I have seen two freshmen that I think would make a mighty cute couple if they only tried. These are Curtis Barclay and Jeareen Sowell. This is all of the news for the present and maybe for two or three weeks. If Herman Bess and Lottie Bell Edwards don't manage to produce themselves a love affair.

Seniors Plan Party Feb. 14 to Celebrate St. Valentine

Miss Vita Min Helps Students Solve Problems

The Homemaking I classes are studying nutrition and the care of children of pre-school age (1 year to 7 years). These are some questions sent in to Miss Vita Min, the advisor of All Kinds of Problems.

Dear Miss Min,
 My little brother will eat nothing but bananas. Will this affect me in not passing Home-making I?

Yours faithfully,
 Mary Estelle LeGrand.
 Dear Mary Estelle,
 My advise to you is to teach your little brother to eat other things and to you—I suggest you study more.

Helpfully yours,
 Vita Min.

Dear Miss Vita Min,
 I have a terrible problem. On which side should a person butter his bread? This situation has been very embarrassing since I think I have been buttering it on the wrong side.

Yours truly,
 Anne Morgan.

Dear Anne,
 You certainly do have a terrible problem. The only solution which I know is to butter-your bread on the right side.

Your advisor,
 Vita.

Dearest Vita,
 How many meals should a small child have a day?

Lovingly yours,
 Jeanette Altman.

Dear Jeanette,
 Your problem isn't difficult. A small child should have four or five meals a day. These meals should be at the same time and place so as to develop a good eating habit.

Most helpfully yours,
 Vita Min.

Dear Miss Min,
 I read that children should have regular sleeping times. Does that mean that the children should wake up themselves or have someone wake them up at certain times?

Admiringly yours,
 Frankie White.

Dear Frankie,
 It is true that children should have regular sleeping hours. If at first they do not awake on time awake them so they can establish the habit of getting up at a certain time.

Inspiringly yours,
 Vita Min.

Miss Vita Min's column of All Kinds of Problems will appear in the Whiteface Round-Up every week. If there are any questions that you would like for Miss Vita Min to answer leave them in the Homemaking Laboratory.

B. S. P. Club Disbands

The Boy's Social Problems class is getting into full swing for the new semester. The boys started the semester by studying foodstuffs (again). They have been studying foods and menus recently. They plan to study food preparation in the near future. The boys did not reorganize their club this semester, as it did not prove very successful during the last semester.

As there are just eight in this class, each boy can be given special attention by the teacher, Miss Davies. Besides foods, the class intends to study child care, family relationship, home care of the sick and further personality development.

Blue and London Elected Officers of Junior Mothers

Mrs. R. G. Blue was elected president of the Junior mothers at the meeting held Friday, Jan. 28, in the music room. Mrs. Boyd London is to act as secretary.

Committees were appointed to help in giving the Junior-Senior Banquet. Business wasn't conducted on a very large scale because of the number of absentees. Another meeting is to be held in the near future and every Junior mother is urged to be present so work can be begun in earnest.

Try a Want Ad!

February 22. They decided to have a Valentine party. The treasurer made a report, and she urged all members to pay their dues before the party.

How about some good entertainment? Do you prefer watching a skilled roller-skater or listening to persons with trained voices sing, or is the disappearance of gold fish and pulling rabbits from hats more to your liking? It really doesn't matter what your favorite is because you may enjoy it and many other entertaining activities all in one program the night of February 25, in the high school auditorium.

The exhilarating occasion will be the "Talent Hour" presented by school students and other townspeople and sponsored by the Hereford chapter of Tri-Hi-Y.

Upon investigation for local talent, the Tri-Hi-Y girls have found that many of your friends have extra supplies of talent. Many entertainers have consented to help show you a good time you will not soon forget. Among other interesting things, the high school gym girls will present an interesting program within itself. There will be singing, tap dancing, readings effectively given and a presentation by some grade school children.

All this and other things, too, you may enjoy for only twenty five cents if you are an adult and fifteen cents if you are a student. Don't miss the opportunity of your life; plan to attend the "Talent Hour" February 25, at Hereford High School.

Senior PERSONALITIES

The future pilot among the seniors of Hereford High is Aline Waldron. Aline is 5 feet, 10 inches tall and has brown hair and eyes. She was born in Post Texas, on March 12, 1922, but all of her school work has been done in the Hereford Public Schools. She confessed that her favorite subject is English. Like all other people, Aline has a pet peeve which is drawing maps for Texas history. Her favorite songs are "Blue Danube" and "Begin the Beguine." She has some very interesting hobbies which are hunting (especially duck hunting), fishing and motor boat riding. She stated: "After graduation, I plan to go to business college and also to become a pilot." We all wish her luck and success in achieving these goals.

May 12, 1926 in a farm house north of Hereford Ted Higgins was born. Between the time he entered school and now Ted has gone to the schools at Ward, Ford, Progressive, Summerfield, and Hereford. Ted says he has no particular plans after graduation because he knows what plans Uncle Sam has made.

Ted has green eyes and brown hair. He is 5 feet 11 inches tall and weighs 165 pounds. He is a member of B. S. P. Club and is secretary-treasurer of that club. Ted's favorite song is "Infantry March"; his favorite food is strawberry ice cream; his pet peeve is smart alecks.

Norma Ruth Harmon (better known as "Bubbles") was born on July 26, 1926, at Richwood, West Virginia. She is 5 feet six inches tall, has dark blue eyes, weighs 123 pounds, and has blonde hair.

During her Freshman year, Bubbles was a member of the Pep Club, Tri-Hi-Y, and F. H. T. In her Sophomore, Junior and Senior years, she belonged to the Pep Club, and Band. She has been a majorette in the band three years.

Bubbles likes everything to eat (including pineapple sundaes). She enjoys all sports, especially swimming and dancing.

Dick Pruitt: "Where is the principal's office?"

H. H. S. Participates In Selling War Bonds

Hereford High School is now busily playing its part in the 4th War Loan Drive, with competition between the classes going strong. The contest is being sponsored by the Star Theatre, and being carried out through the schools. The class selling the most bonds is to be given a line party to the movies. So far, the freshman class is far in the lead, having sold 39 bonds, sophomores have sold 29 bonds, and the juniors turned in 24 bonds, and the seniors, 8 bonds. The total amount of money turned in on Monday morning was \$8,250.

The purpose of this drive is not to sell larger bonds to a few people, but to reach a greater number of people and sell the bonds in smaller denominations. The tendency is for larger corporations to buy large bonds, and turn them in within a few weeks.

Each student receives a free theater ticket for each bond he sells to different people. The purchaser of the bond is entitled to a ticket to the bond premiere, "Gung Ho", which will be shown the night of February 15.

Whiteface Football Team Honored With Festive Banquet by Mothers

A banquet honoring the Whiteface Grid Team and Coach was given by the Whiteface Mother's Club, Friday night, February fourth at the First Christian Church.

The tables were decorated with cut flowers in the Whiteface colors and lighted with candles. Places were marked with small H. H. S. pennants. The games for the season were cleverly portrayed with miniature comics. Statues of football men in maroon and white, bearing the numerals of the players of the team as they put Dumas in the Dog House; boiled Friona in oil; hay-ed Tullia; cleaned Olton's plow; the never-to-be-forgotten cleaning given by Dimmitt; and the freeze-out administered by White Deer.

Rev. James A. Aiken, Jr., was master of ceremonies and presided in his inimitable way. Supt. Knox Kinard extended sincere greetings of welcome. Mr. Jesse W. Stanford, President of the School Board, was the principal speaker.

Mr. Stanford said in part that football was one of the nation's best sports and that he had been vitally interested in it since his college days. He further stated that he had played on the Clearendon College team, and that they had played the first game ever to be played west of Fort Worth. He had and would always be a loyal supporter of the local team, and he had never failed to attend a game, if in town, since he had been living in Hereford. He paid high tribute to the members of the 1943 team, challenging the ones that would constitute the next years team to give of their best at all times and to use that, that they had in their hands, their minds, and their bodies, towards making a great team.

Expressions of appreciation were made by Captain Lloyd Olson and Coach H. V. Stanton. Co-Captain Teddy Higgins, presented to the coach a gift of appreciation from the team.

Team captains for 1944 elected were Lloyd Manjeot and Billie London, Manjeot and London were both outstanding in the Whitefaces' play this last season. Manjeot played right tackle and is a three-year letterman, while London played in the backfield and is a 1943 letterman. In accepting their responsibilities, they each pledged their best to the team, the coach, the school and to strive earnestly to carry on the fine work of their predecessors.

The players certainly would like to see more out for these basketball games. Let's all go out to the next game and show these boys that we really want them to win. Oh, Yes! we were wondering—why the German band has not played at the last few games?

A delicious three-course dinner consisting of fruit cocktail, baked ham, candied yams, string beans, olives, pickles, dinner rolls, butter, molded cranberry salad, coffee, and frozen lemon delight was served to the following: Lloyd Olson, Peggy Barnard, Teddy Higgins, Christine Smith, Lloyd Manjeot, Ellen Posey, Billie London, Elizabeth Benson, C. W. Reeves, Arline Millard, Bobby Jennings, Lyle Fluitt, Beverly Fraser, Charles Skelton, Wanda Lee Lloyd, V. C. Hopson, Dorothy Dishman, Freddie Close, Juanita Beauford, L. H. Lookingbill, Virginia Green, Orville Calhoun, Doris Hooker, J. W. Robinson, Rosella Albracht, Johnnie Knowles, Mary Ruth Russell, John L. Lookingbill, Jesse Ann Buckner, J. B. Sowell, Jr., Bobbie Witherspoon, Johnnie Rogers, Bettye Morrow, Gayle Rogers Marcella Blue, Duane Williams, Cherry Forrest, Roger Orbett, Beth Scott, Jack Brumley, Jeanie Sexton, Jimmie Easley, Virginia Lyons, Joe Bishop, Jackie Wright, Bobbie Millard, Cecilia Guseman, Paul Hagar, Billie Boone Whitaker, John Dyer, Supt. and Mrs. Knox Kinard, Rev. and Mrs. James A. Aiken, Jr., Principal and Mrs. Hermann Ford, Band Director and Mrs. Ralph Smith, Coach and Mrs. H. V. Stanton, Mr. Jesse W. Stanford, Mr. W. M. Emmons, former assistant coach, Pep sponsor Miss Jean Cox, Miss Evelyn Millam, and Messrs. Carl Jennings, Art Manjeot, Carl Williams, J. B. Sowell, Harold Close, Boyd London, James W. Robinson, Geo. Reeves and Otto Olson.

Vega Defeats Hereford To the Tune of 30-12

Hereford High School played Vega in the high school gymnasium February 1. Vega intercepted a lot of the Whitefaces passes. They were most effective with the long-passes ahead of their men running down the court. The Whitefaces were on the defensive most of the game, but this game showed that they were really on their toes. The final score was Vega 30, Hereford, 12.

The players certainly would like to see more out for these basketball games. Let's all go out to the next game and show these boys that we really want them to win. Oh, Yes! we were wondering—why the German band has not played at the last few games?

That invincible spirit endowed to American soldiers is a heritage that delves deep into our Nation's history. It is embodied in the living memory of our country's father, George Washington. His spirit of faith and strength is a tribute to victories in the past... it fortifies us for the new victories to come. His command to "Forge ahead"—even in the face of danger or defeat—is the command our boys remember to turn any tide of events into brilliant triumphs... it shall always carry us through!

Fire Saturday Night At Black Funeral Home

Fire Saturday night at the E. B. Black Funeral Home burned the front part of the building and did some damage to stock, but Matt Gilliland reported this morning that damage is being repaired as rapidly as possible and that in the meantime new stock has been received and the funeral home is operating in temporary quarters at the Black Furniture Store.

The fire is thought to have been caused by a defective floor furnace, and officials of the company do not know how long it may have burned before the blaze was discovered at about midnight Saturday night, by the night watchman.

Wheat Prospects Good Despite Damage Threats

Despite reported threats by greenbugs and the fact that much wheat was "dusted in" last fall during the drought, present wheat prospects are good, reports County Agent A. R. Bateman, who says that some greenbug infestation is always present in wheat in this area and that with moisture conditions as good as they are now, probability is that the wheat will simply outgrow the greenbugs.

The grain has made a good growth during the past ten days of "growing weather," and Mr. Bateman states that in cases where wheat was planted early and has reached a good stand, there seems to be no need for concern for a crop loss at present.

Mr. Bateman advises that farmers not start plowing fields until blowing actually starts, and in case wind erosion develops into a serious threat, he advises that farmers list the fields, as chiseling will not stop land from blowing.

If wheat was planted light (15 to 25 pounds to the acre) and dusted in and is not up yet, Mr. Bateman says that farmers should investigate to see whether any seeds have sprouted and whether worms have gotten the seed.

If seed was planted as much as 45 pounds to the acre and is now sprouted, there is little doubt that it will make wheat, the county agent says.

Mr. Bateman also advises that barley be planted now, pointing out that a considerable acreage has already been planted and that probably 25 or 30 thousand acres will be seeded to barley in the county this year.

Lieutenant Spradley was later moved to the U. S. Naval Hospital at San Francisco, where he is making a satisfactory recovery, though he will probably have to remain in the hospital for several more weeks. Recurrence of malaria has delayed his recovery from battle injuries.

Spradley, a veteran of Guadalcanal, left Texas A&M College in 1942 to join the Marines. He is a son of Mr. and Mrs. J. W. Spradley of Hereford. His wife's home is in Houston.

Potato & Vegetable Incentive Payments Included in Checks

Incentive payments for potato and fresh vegetable production are included in the 1943 conservation checks now being issued to Deaf Smith County farmers, it was stated this week by F. G. Collier, administrative officer of the county AAA.

According to terms of the incentive payment program, the potato payments are being made for production on all acreage in excess of 90 percent of the goal set for the farm. As stated previously, the potato yield for 1942 (112 sacks per acre) is accepted as normal. It is pointed out that the figure represents average yields through 1942—the last year for which production figures were available when the incentive program was announced.

Payments on the acreage planted in excess of 90 percent of the farm goal are made at the rate of 50 cents per bushel or \$56 per acre.

For fresh vegetables, payments are being made for plantings of 20 per cent of the goal or for one acre, whichever amount would be larger. Since many farms did not have fresh vegetable goals, these regulations account for the fact that payments on such farms, where no goal was set, are amounting to payment for one acre only.
