Sights and Faces Seen

Mrs. Frank Gyles will be in charge of the office of the Hereford Credit Association while Mrs. Dorothy Ross is in Riverside, Calif., visiting her son, Lt. Floyd Ross.

Ed Skypala has moved to Muleshoe, where he will be manager of the Cashway Grocery.

C. L. Mann, member of the board of directors of the First State Bank of Hereford, left yesterday for Denver after spending a couple of days looking after business interests here.

Charley Cogdell is reported to have a new ambition. He wants to train his dog Blondie's seven pups (born this week) to follow him to town, Dagwood style. Incidentally, Blondie's former owner, Bill Smith, who now lives in California, got a telegram signed by Blondie announcing the new arrivals.

Cawthon Bryant is on vacation this week and is taking a nice quiet "rest" at home—which he says is just about to get him ready to go back to his regular job.

Hereford small fry rapidly cleaned the Brand office out of a supply of wartime rubber bands which arrived in stock last week. The kids are strictly "not talking" about the use to which the rubber bands have been put, but one youngster was surprised when asked if he planned to use the bands to shoot paper wads.

"That seventh grade teacher," he declared, "would just spank the bristles off of any kid who shot a paper wad."

Arthur Brock has resigned as manager of the local ice plant and Carroll Hagar has taken on the job temporarily. (Continued on Page 12)

## Rodeo, Cattle Show Featured At Castro Fair

A rodeo, a large variety of general exhibits and a cattle show will be feature attractions at the annual Castro County Fair to be held in Dimmitt next Wednesday and Thursday, Sept. 27 and 28; and Castro county residents this week were urged to get their entries in by the deadline date. Cattle entries will be accepted up to 9 o'clock, Wednesday morning, Sept. 27, and food and needlework and other general entries must be at the exhibit rooms on Tuesday, Sept. 26.

Already entered in the cattle show are 25 registered Herefords, which will be judged by Ed East. In the other cattle divisions are 25 milking Shorthorns and 35 Jerseys. Sponsors also say that an excellent 4-H pig show is in prospect and that much interest has been shown in the general exhibits.

On Thursday, Sept. 28, the regular program will start with a horse parade at noon and the rodeo will be held in the afternoon.

## Grain Sorghum Harvest Adds Storage Problem

Farmers this week were worried about the prospects of further storage problems as a record grain sorghum harvest promised to overflow from facilities already crowded to near capacity by the bumper wheat crop.

The case of one farmer who has 2,200 acres in row crop and anticipates a yield of 40 bushels to the acre—with no place to store the harvested grain—is not an unusual example, according to reports at the Deaf Smith Co. AAA Office, where many inquiries have been received concerning the possibility of purchase of govern-

## Need Bigger Group To Get Ground Course

A bigger group will be necessary if another ground class is organized here, it was reported today by persons who attended a meeting last night for the purpose of organizing a new ground course. Another meeting has been called for Monday night at 8:30 at the courthouse and all persons interested in ground training are asked to be present.

## Roy Hastings Awarded Air Medal by Navy

In recognition of extraordinary service against the enemy in the Pacific War Theatre, Lt. H. R. Hastings, son of Mr. and Mrs. Henry Hastings of Hereford, was recently presented with the Air Medal in a colorful ceremony at the Lake City (Fla.) Naval Air Station. The citations of Lieutenant Hastings on a bombing mission over the Northern Kuriles, recognized a newly-discovered airfield on Central Shimushu, and came through a break in the clouds to make a glide bombing attack through heavy anti-aircraft fire and start numerous fires in the buildings near the air strip. This was his fourth night bombing mission against the Japanese installations in the northern Kuriles, and each mission involved a round trip flight of 1,400 miles across the North Pacific in a medium landplane bomber through severe sub-arctic weather. His conduct throughout was in the highest traditions of the naval service.

Hastings' citation was "for meritorious achievement in aerial flight. As pilot of a medium landplane bomber, on 4 May 1944, Lieutenant Hastings on a bombing mission over the Northern Kuriles, recognized a newly-discovered airfield on Central Shimushu, and came through a break in the clouds to make a glide bombing attack through heavy anti-aircraft fire and start numerous fires in the buildings near the air strip. This was his fourth night bombing mission against the Japanese installations in the northern Kuriles, and each mission involved a round trip flight of 1,400 miles across the North Pacific in a medium landplane bomber through severe sub-arctic weather. ## Dalhart Man Named as D. A. Of 69th District

Ed King Fike of Dalhart Tuesday was appointed district attorney of the 69th Judicial District to succeed John Honts, who is taking up private law practice in Fort Worth.

Fike was onetime county attorney of Hartley County. Atty. Gen. Grover Sellers ruled this week that there is no legal way to place a democratic nominee for Judge of the 69th district on the November election ballot. John H. Aldridge, appointed to the position after the resignation of James W. Witherspoon, has announced his candidacy; but according to Sellers ruling the only recourse left to voters is to write-in the name of the candidate. It is likely that this (Continued on Page 12)

## Box Supper at Walcott Benefits School Cafeteria

A pie and box supper will be held Friday night, Sept. 22, at 8:30 o'clock at the Walcott School, 19 miles northwest of Hereford. It was announced this week by school patrons, who state that proceeds from the supper will be used to help pay for the hot lunch program at the Walcott cafeteria.

The school is located 11 miles west of Hereford on Harrison Highway, then six miles north and two miles west. The Walcott people invite the public to attend the supper for an evening of good, old-fashioned entertainment.

## Public Invited to Tri-Hi-Y Induction Service

The public is invited to attend the Tri-Hi-Y induction service scheduled to be held at the High School Auditorium Tuesday night, Sept. 26 at 8 o'clock. It was announced this week by Miss Irene Crawford, club sponsor. Parents of club members are especially urged to attend.

## Special Venire Reports Monday In Fox Trial

A special venire of 108 men will report at ten o'clock Monday morning when the selection of a jury for the Fox Case will get underway. Many observers predict that the selection of the jury will take most of next week and that regular court proceedings in the case in which J. W. Fox is charged with the pistol slaying of C. F. Jones will not actually begin until the succeeding week.

King Fike, the new district attorney, has qualified for the office and will probably handle the state's case against Fox. W. H. Russell of Hereford will be defense attorney.

The Fox trial will be the first murder case held here in more than 15 years.

## Americans May Uphold Fascism, Speaker States

Declaring that the American people sometimes uphold the ideals against which this country is at war, Bayne E. Driskill, director of living endowment of Texas Christian University, last Wednesday spoke before members of the Hereford Lions Club.

Mr. Driskill cited an instance in England where he saw Englishmen jubilant over tax paying. Investigation proved that the people were glad to pay taxes, because they were proud of their country and the things which their taxes provided. He contrasted this attitude with that of most Americans.

He also cited racial prejudice as a threat to American democracy, declaring that such prejudice is exactly the same trend of thought which placed German Nazi and Italian Fascism in power.

The failure of men to take an interest in the church, any church of their choice, was also branded as a threat to democracy, "because," he said, "this democracy was founded on religion and without it democracy will crumble and fall." Sectarianism, or organization without God, was also pointed out as a serious threat in the form of labor union and other organizations. (Continued on Page 12)

## Local Group to Attend Red Cross Chapter Clinic

A Red Cross chapter clinic will be held in Amarillo next Wednesday, Sept. 27, and present plans are for several representatives of the Deaf Smith County Chapter to attend.

Various subcommittees which will be represented include production, Junior Red Cross, home nursing, first aid and chapter administration.

Mrs. Carl Gilliland, production chairman, and a number of sewing room volunteers will attend the clinic. Other chapter chairmen whose committees will be represented include Mrs. Clyde Cave, H. A. Close, and Mrs. Bob Wilson. E. C. Eubanks, chapter chairman; Fred W. Baird, treasurer, and Mrs. Dyalitha Brady, executive secretary, will also be present.

## Hereford Chosen As Convention Site For Christian Group

The convention of District 1 of the Christian Churches will meet in Hereford next year, it was announced today by Rev. Lawrence Bridges, who said that delegates at the convention in Pampa last week end picked Hereford as their 1945 meeting place.

A good delegation, including both young people and adults, attended the meeting in Pampa. Mr. Bridges said, stating that speakers of both national and international importance brought messages to the convention. Bayne E. Driskill, who spoke to the Hereford Lions Club yesterday, was one of the convention speakers.

## Spike Bombing

These two special spike bombs are hurtling down on railroad tracks in Burma in a 10th AAF attack which prevented the Japs from supplying their Myitkyina garrison. The spike bombs fall point-first, stick, then explode. The spikes prevent them from rolling astray. (USAAF photo.)

## Last Minute Furlough Grabbed by Local Boy

Pfc. Harold E. Baize of Hereford claims he knows how a condemned man feels when a last-minute reprieve comes through.

According to a story by Wick Fowler in the Friday issue of The Dallas News, Baize was already on a transport ready to sail for the invasion of Southern France and scheduled to drive his ambulance ashore with the first wave of assault troops. During the days when arrangements for embarkation were being completed he had filled his time with KP and other ship duties.

Then, a few hours before sailing time, members of his medical company arrived at the ship shouting, "Hey, you dope; you're supposed to be leaving for home on furlough." Investigation revealed that Baize really was scheduled for a furlough and his commanding officer had not been able to make connection to deliver the news. "But it's too late now, buddy," he was told. No relief driver was available (Continued on Page 12)

## Adrian Couple Deed Land to Bapt. Foundation

Land in Oldham and Deaf Smith Counties conservatively valued at upwards of \$300,000 has been deeded by Mr. and Mrs. J. P. Collier of Adrian to the Baptist Foundation to advance the work of the denomination in which they have been active leaders since they arrived in this territory in 1899.

In addition to the 3,135 acres of farm and ranch lands in Oldham County deeded by the Colliers, there is also much real estate in the town of Adrian included in the transfer. Approximately 2,740 acres of the Collier property in Deaf Smith County was also included in the transaction, which included all of the colliers' land holdings in this area.

Mr. and Mrs. Collier came to this country in 1899 on the invitation of the late Ed Connell, an old friend of Mr. Collier, and purchased land from Ira Aten, one-time manager of the Escarbada Division of the K.K.T. (Continued on Page 12)

## Wagner Farm Sale Set for Wednesday

Roy Wagner, who has recently sold his farm 13 miles northeast of Hereford, will hold a farm sale next Wednesday, Sept. 27, when a large selection of livestock, farm machinery and miscellaneous equipment will be auctioned.

The Wagner farm is 12 miles north of Highway 51, then 1 1/2 miles east of the highway. The sale will start at 10 o'clock in the morning and lunch will be served.

The livestock listings include 114 head of cattle and some excellent farm machinery as well as an unusually big selection of miscellaneous equipment and household goods.

A complete list of sale offerings is carried in the sale bill printed on another page in this paper.

## Farm Meeting Friday To Discuss Labor

County Agent A. R. Bateman invites all farmers in the county to a meeting tomorrow (Friday) afternoon at 2:30 o'clock to discuss the critical farm labor shortage facing this area as harvest of a bumper row crop gets under way.

Farmers who need help to shock feed or to aid in other types of farm work are asked to come; as it is hoped that some constructive action may be taken to add to the inadequate supply of farm workers in this territory.

## Paper Drive Set for Sunday

Have all waste paper stacked on the curb in front of your house by Sunday afternoon, as that is the time scheduled for the waste-paper collection by the Hereford Boy Scouts.

All types of paper—news-papers, magazines, wrappings and paper sacks—can be used and should be bundled up separately to make for easier collection and shipment.

County Judge Fred W. Baird, head of the local salvage committee, urges that citizens keep the date in mind and be sure to have all waste paper ready for the Boy Scouts when they make their rounds. Scrap paper collection here has been considerably below the records set by other towns and it is hoped that the drive Sunday will lift up the local average.

## Whitetails To Meet Panhandle

The hard-hitting Whitetails, fresh from their 26-0 victory over Olton last week, will go to Panhandle tomorrow night for what promises to be tougher competition, judging from the early season record of the Panthers.

Panhandle trounced Friona 18-0 and the Friona Chiefs followed up that defeat by running wild over the Dalhart Wolves to the topheavy score of 40-0—which adds up to a good showing for the Panthers and a hard fight for the Whitetails if they make good on the promise shown last week.

Practice sessions have sought to iron out some of the rough spots displayed by the Herd last Friday, and Coach H. V. Stanton's men are expected to show a faster game with better "follow through" in those tight places around the goal post.

Following their game with Panhandle, the Herd will play White Deer at White Deer the following week, to return to Whiteface Field on Oct. 6 in a tilt with the Dumas Demons.

The following three games—with Friona, Dimmitt and Dalhart—will also be played on the home field; and the season's closing games with Littlefield and Tulia will be played away from home.

## Executive Committee of Federation Meets Sat.

The executive board of the County Federation of Women's Clubs will meet Saturday afternoon, Sept. 23, at 4:30 o'clock at the district court room, it was announced today.

All members are urged to be present to take care of important federation business.

## Many Foods May be Canned, Shipped Overseas in Soldier Xmas Packages

Stating that many requests have been received in her office for instructions for preparing fruit cake for shipment overseas, Miss Sadie Lee Oliver, county home demonstration agent, this week prepared directions for packing of fruit cake and also for the preparation of other foods for servicemen's Christmas boxes.

"Use your favorite recipe for fruit cake, plum pudding or Boston brown bread," says Miss Oliver. "Mix as usual; then pack into greased plain tin cans and fill to within one and one-half inches from the top. Seal the first roll on the can and steam in pressure cooker, leaving the petcock open. Or the cake, bread or pudding may be steamed in a water bath. Be sure the water does not bubble up into the partially sealed can."

"Steam number one cans for 60 minutes, number two cans for 75 minutes. Complete the seal, return to cooker and process at ten pounds for 30 minutes."

Other foods which may be processed for overseas shipment include jelly and preserves, which can be sealed hot into the dark-colored "E" enamel cans. Fill the cans full,

seal and cool in cold water. Jelly cans should not be handled until cold.

Use "R" enamel cans for pickles. Seal hot, cool, wash well and the cans are ready for mailing.

Honey - cookies, molasses cookies, butterscotch cookies and those made with dried fruit and nuts usually ship well. If packed in tin cans they are protected better against gases, grease, water, rats, insects and odors.

One club woman seals cookies and candies in tin cans; then in packing she uses waxed paper and pop corn.

Recommended candies are fruit nut candies, peanut brittle, taffy and crystallized fruits; but do not try to ship chocolate fudge—it cannot endure high temperature and long storage.

Send canned chicken if the chickens are mature, and barbecued chicken and beef and chill and tamales may also be sent; but don't try to send such foods as eggs or potato salad.

Miss Oliver says that recipes for many food items suitable for overseas shipment may be found in Extension Service bulletins and invite the public to make use of the bulletin service.

## Do You Remember?

SEPT. 16, 1944  
The war in the East has just about lost its savor so far as the American people are concerned. There have been so many victories and Port Arthur has fallen so many times in the newspaper dispatches that we do not await the war news anxiously as we did at first. Why should we bother our minds whether it be a Jap or Russian victory anyway? If they wish to fight, let them fight.

the college addition the consideration being \$1,000. Mr. Farmer will move to his new home about October the first.

An invitation from Mrs. S. B. Harbison having been extended to the Woman's Home Mission Society of the Methodist church to hold this week's meeting at her home four and one-half miles southeast of Hereford, 19 members drove out en masse Thursday afternoon. . . . Before departing, one member requested the president to call the society together so that the motion to meet with Mrs. Harbison every Thursday might be voted on, but the request was refused on the grounds that it would be uncharitable to so impose on such bounteous generosity and royal hospitality.

"If there is one man in Deaf Smith county who doubts that it is not as good a cotton country as Williamson, Ellis or any other county in Texas, I would like him to get in his car and go straight south on Main Street one mile to Frank Ward's farm and see what I have seen," said J. Frank Potts, last week just before leaving for Abilene.

Every business house in town will close next Friday, Sept. 26, and every citizen will join hands in swelling a huge crowd to go to Amarillo and tell 'em that Hereford grows cotton and lots of it, besides lots of other Plains crops.

## Past President's Luncheon Highlight

Highlights of the year for past-presidents of the Music Study Club is the annual past-presidents luncheon held each year a week previous to the regular opening-of-the-season luncheon. Each year the luncheon honors the incoming president of the club and this year's honoree was Mrs. T. W. Roberson who is serving a second term.

The affair was held at the home of Mrs. H. K. Fox where

one large and two small tables were laid for ten guests. Gleaming silver and crystal provided appointments for the tables with silver bowls filled with red rosebuds adding the festive touch. Place cards bore the date of each member's term of office from the time of the organization of the club in 1917.

After the luncheon a short business session was held when the Past-Presidents Assembly, an organization affiliated with the State Federation of Music Clubs, was completed and the charter was presented by Mrs. A. Dunlap, left Sunday.

Mr. and Mrs. D. C. Kinsey were called to Hedley Friday by the serious illness of his stepmother, Mrs. C. L. Kinsey. They report Mrs. Kinsey's condition as unchanged.

## Mrs. Muse Improving

Mrs. Kellar Muse who has been ill with pneumonia in Bremerton, Wash., where she had gone to be with Mr. Muse who is stationed there with the U. S. Navy, is reported to be improving according to relatives here. Mr. Muse, with only a four-day leave, phoned his parents here that it was impossible to get someone to care for their little daughter while Mrs. Muse was in the hospital. Leaving by plane immediately June Conklin was able to reach Bremerton before Kellar had to report for duty; and now Mrs. Muse is well enough to be removed from the hospital. She and the baby and June will return to Hereford as soon as Mrs. Muse is able to travel.

Mrs. Margaret Hayes has returned to her home in Phoenix, Ariz., after visiting her sister, Mrs. A. O. Thompson in Hereford.

Miss Geraldine Pratt of LeFors spent the week end here with Mrs. O. J. Beene and Mrs. Jack Gilliland. Miss Pratt is librarian in the LeFors public schools.

Mrs. A. O. Thompson left Tuesday for Oklahoma City to attend a Southwide Convention of the Woman's Missionary Union of the Baptist Church.

Miss Mary Broadwell, teacher in the Friona Public Schools, spent the past week end here with her mother, Mrs. H. L. Broadwell.

Mrs. Lee Benefield, accompanied by her father, Dr. J. M. Postelle, returned Saturday from a business trip to Odessa.

## Completes Boot Training

Wave Ella Broadwell has completed her boot training at Hunter College, New York City and has been transferred to the Great Lakes, Ill. Great Lakes Naval Base at Great Lakes, Ill. There she will receive training in Naval gunnery prior to becoming an instructor. She is the daughter of Mrs. H. L. Broadwell and joined the WAVES in June, reporting to Hunter College in July.

## Church Group Attend Meet

Members of the First Christian Church who attended a one-day convention held in Pampa Tuesday by the Amarillo District of the Christian Church, included Rev. and Mrs. L. W. Bridges, Mrs. Burl Ellington, Mr. and Mrs. Earl Phillips and Mr. and Mrs. H. M. Thomas. Also Bobby Carnahn, L. W. Bridges Jr., Rosemary Phillips, Ruth Moreman and Erwin Robinson.

Plans for the coming year's work were outlined and out-of-town speakers were featured. Mr. and Mrs. Zerrell Thomas and son Billy Lynn, Mrs. Edd Thomas and Mrs. Elmer Carlson were recent visitors at Camp Wolters. They visited Pvt. Edward M. Thomas and Pvt. Elmer H. Carlson, both receiving basic training at Camp Wolters.

## Johnson-Fiddelke Wedding Is Of Interest Here

A wedding of interest in Hereford, because of the bride's many visits here, is that of Miss Betty Jean Johnson of Amarillo, niece of Mr. and Mrs. C. H. Dyar, and Ensign William R. Fiddelke, son of Mrs. S. M. Fiddelke, of Chicago, Ill.

The ceremony was performed on Wednesday, Sept. 13, at 1 o'clock at the First Christian Church in Amarillo with the Rev. R. C. Snodgrass officiating. The place of the wedding held special significance for the bride because her grandfather the late Rev. Thomas G. Nance, was founder of the church.

White gladioli and palms and white tapers formed a background at the altar for the single ring ceremony. Mrs. Howard Boxwell sang "Because" and "All For You." "I Love You Truly" and "Ah Sweet Mystery of Life" were played by Mrs. Leta Crudgington, organist, who also played the traditional wedding marches.

Miss Dorothy Hoover, maid of honor wore a pink net dress with white gardenias. Miss Virginia Davis and Miss Mary Jane Houck dressed in pale blue with white gladioli corsages, ushered. Ensign Fred Victor of Bartlesville, Okla., was best man.

The bride who was given in marriage by her father, H. L. Johnson, wore a floor length gown of white chiffon over white satin with veil of illusion. She carried a white Bible topped with a single orchid.

The bride's father and Mrs. C. H. Dyar of Hereford were hosts at a reception which fol-

lowed the ceremony after which Ensign and Mrs. Fiddelke left for Chicago. For traveling the bride chose a gray woolen suit with fuchsia accessories.

The bride is a graduate of Amarillo High School and Amarillo College. She has been connected with the tooling department at Consolidated Vultree Aircraft Corporation in Fort Worth.

Ensign Fiddelke has an engineering degree from Armour Institute of Technology in Chicago. He has worked at Consolidated in the engineering division.

After Sept. 27 the couple will be stationed at Ithaca, N. Y.

Before her marriage Mrs. Fiddelke was complimented with several social affairs. Mrs. Hazel Lewis, long-time friend of the family, gave the announcement party, and showers were given by friends both in Amarillo and Fort Worth.

## THE NATURE OF SAID SUIT BEING SUBSTANTIALLY AS FOLLOWS, TO-WIT:

Plaintiffs sue for the title to and possession of the East one-half of Section Number 84 and the Southwest quarter of Section Number 80, all in Block K-7, Deaf Smith County, Texas, and for the title to and possession of 1-64 of 1-2 overriding royalty interest in and to all of the oil, gas, casing-head gas and other minerals in the Northeast quarter and the Southwest quarter of Section 28, Block B-2, H. & G. N. Ry. Co. Survey, Gray County, Texas; for receiver of all of the property owned by Sarah Powell at the time of her death and for sale thereof and division of the proceeds; and in the alternative for judgment declaring

heirship and for sale of all properties of said Sarah Powell by receiver, the proceeds to be divided among the joint owners thereof; and for recovery of expenditures heretofore made by plaintiffs to preserve the estate, for costs of suit and attorneys' fees.  
Issued this the 13th day of September, 1944.

Given under my hand and seal of said Court, at office in Hereford, Texas, this the 13th day of September A. D. 1944.

## DO IT WITH WAR BONDS!

DID you ever get ready to blast a stump and wish you had Hitler and Tojo tied on top of one?

Well, you are giving this pair of varmints approximately the same treatment when you buy a War Bond. Because the money from that Bond is what enables our boys to work their way ever nearer and nearer to Berlin and Tokyo, smashing up a lot of Nazis and Japs on the way.

And here's a thing to think of: those Bonds will enable you to buy new equipment and machinery, repair and rebuild buildings, refurnish your home. For you get back all that you put in, plus substantial interest at maturity.

So let's obey that impulse to blast Tojo and Adolph to the skies... where we've already sent the Duce. Let's buy the Bonds that will help do it!

### 5 REASONS FOR INCREASING YOUR WAR BOND PURCHASES

1. The tempo of this war is hitting its highest point. Government expenditures for war are at the peak. MORE MONEY IS NEEDED... NOW!
2. In proportion to WHO HAS THE MOST MONEY, individuals are not buying their share of War Bonds. America must correct this situation.
3. War Bonds provide the farmer and rancher with the financial reserve he must have to survive the ordinary ups and downs of farming as a business.
4. Money will be needed urgently as a future date to replace and repair farm equipment, machinery, and buildings. War Bonds will provide it.
5. War Bonds are the safest investment in the world, return a good rate of interest, are easy and convenient to buy... from bank, post office, rural mail carrier or Production Credit Association.

For America's Future, for your Future, for your children's Future

Keep Backing 'em Up-WITH WAR BONDS!

WE ARE ALWAYS GLAD TO HANDLE YOUR WAR BOND PURCHASES!

## WAC Recruiters To Be Here Octobed 5

A WAC recruiting team from Amarillo will be in Hereford on Thursday, Oct. 5, to interview women who are eligible for the Women's Army Corps. The team, composed of Lt. Cora Lee Morrow, Sgt. Paula Edwards and Cpl. Esther Kennedy, will have its headquarters at the post office building and anyone who wishes to contact the recruiters may do so by leaving his name with the local postmaster.

At this time the Women's Army Corps is interested in recruiting women who are qualified for medical technician training or for medical technician jobs. The army is offering to train women to become X-Ray technicians, medical technicians, laboratory technicians, dental technicians and surgical technicians. Women who are high school graduates and have had no previous training may select the course, be educated free of charge of and develop qualifications for post-war jobs in the medical field. Those who qualify will take a six week's basic training course at Ft. Oglethorpe, Ga., and will follow up with four months of medical or surgical technician training at Camp Atterbury, Ind. They will then be assigned to Army hospitals for technician work.

## Nearing the End of His Rope

## Contoured Acres Grow More

Contour cultivation is basic conservation farming, essential to increased production for war today and the preservation of America's soil for the farmers of tomorrow, says the War Food Administration.

Contouring cuts down erosion by preventing water from carrying off the soil. It increases acre-yields of crops, maintains their quality by holding the fertile topsoil in place, and increases the moisture content of the land. Combined with other practices, it adds to their effectiveness.

Contour farming means plowing, harrowing, planting, cultivating, and harvesting on the level rather than up and down the slope—around the hill rather than over it. The furrowed ridges slow down the movement of water of the field, allowing more moisture to soak into the ground, and stopping the soil from being washed down to lower levels. When contouring cuts the speed of the water run-off in half, for example, its capacity for carrying soil drops about 75 percent, according to WFA reports. In controlled tests covering a 7-year period, land cultivated up and down hill lost almost two and a half times as much soil per acre as land farmed on the contour.

Contouring has many variations such as contoured intertilled crops, contour strip-cropping, contour seeding of small grain crops, and contouring for water conservation. But WFA points out that the basic principle is the same—working across the slope instead of paralleling it. Assistance in carrying out these and other contour practices is available to farmers under the conservation program administered by the Agricultural Adjustment Agency.

Type of soil and steepness of slope both influence the retaining capacity of contour furrows, says WFA. Contouring may be all that is required to control erosion on land with open, porous soil, easy slopes, or where rainfall is gentle. Under less advantageous conditions, additional practices such as terracing, cover crops, and soil waterways may be required to achieve the best results.

Conservation of moisture, soil, and plant nutrients through contouring has had a notable effect on acre-yield of crops, says WFA. In specific areas startling increases were reported, such as 23 bushels more corn an acre in Iowa, an increase of 6.2 bushels per acre of soybeans in Illinois, 44 more bushels of potatoes an acre in New York, an increase of 4 bushels of wheat per acre in the Great Plains, and 29 pounds more cotton per contoured acre in Texas.

Most of the farmers who have been using the contour method of handling their crops report that it calls for less fuel, less power, and less work than going up and down the slope. Experience has shown that on a 5-percent slope a farmer can plow 10 percent more land on the contour in a given period, and that he will use 10 percent less tractor fuel acre for acre. In Illinois it was reported that costs had been reduced as much as 95 cents an acre for man labor, 25 cents an acre for horse and machinery expense, and 72 cents an acre for total farm expenses, compared with costs on uncountoured farms.

## South Hereford H-D Club Meets

South Hereford Home Demonstration Club met Tuesday afternoon in the home of Mrs. C. D. Kelton.

During the business meeting Mrs. Ronald Mathews gave a report of the exhibit committee and members voted to change the meeting time from 3:30 to 2:30 o'clock.

Miss Doris Leggett, district agent of the Texas Extension service, was a special guest. She gave a talk on food shortage and construction of cellars. Demonstrations were given by Miss Sadie Lee Oliver, CHDA.

The next meeting will be held at the home of Mrs. S. S. Williams on Oct. 3.

After the program tea was served from a table decorated with fall flowers and white tapers. Miss Mary Evelyn Hamilton poured.

Special guests at the meeting included Miss Doris Leggett, Mrs. Earl DeHart, council chairman, Mrs. Glen Heltzer of Sims, Mrs. Clyde Cocanougher, and Miss Mary Evelyn Hamilton.

## Dawn Study Club Opens Season

Dawn Study Club held its opening meeting Tuesday afternoon at the home of Mrs. Ernest May. A Readers Digest program was featured with Mrs. Baker Womble as leader.

Other speakers were Mrs. H. V. McCabe who discussed "Post War Peace Plans" and Mrs. J. B. Cocanougher who gave a short talk on "Our War Aims."

Those attending the meeting were Mesdames Carl Wimberley, Lester Galley, Herschel Miller, Johnnie Womble, Baker Womble, J. B. Cocanougher,

Floyd Walton, August Frye, Eddie Reinauer, Iverson L. Leake, Walter Galley, William Wimberley, H. V. McCabe, Alfred May, Herbert Miller, and the hostess. Guests were Mrs. Louie Wedel, Mrs. Amos and Stella Petty.

### Card of Thanks

To the many friends in Hereford who so graciously ministered to us in our deep sorrow over the death of our loved one, Mrs. Ethel Barnett, we wish to extend our loving thanks. Also for the beautiful flowers. May God reward each of you in our prayer.

# Mustangs Bow to Whiteface Charge in Season Opener

Scoring early in the first quarter, the Hereford Whitefaces kept up a consistent goalward trek Friday night to trounce the Olton mustangs to the tune of 26 to 0 and to display promise of a successful season's record when speed and finish are added to the Whiteface gridiron technique.

The Hereford touchdown drive began early in the game when the Whitefaces started around the Olton 40 yard line to chalk up three firsts on a combination of end runs and line plunges with the Hereford line doing yeoman service at clearing a path for the ball toters. Left kingback Fred Close went over for the touchdown and Bob Davis, quarterback, kicked the extra point.

After both Olton and Hereford had lost the ball on downs, Davis got off a long kick to the Olton coffin corner to put Olton in a tough spot and the Hereford in potential scoring position. The second score came after Davis intercepted an Olton pass to gellop almost to the goal before being forced out of bounds and to place the ball in good position for Fullback Lloyd Manjeot to carry it over in a plunge through center. The kick was low, to leave the score at the half, 13 to 0 in favor of Hereford.

In the second quarter after the Olton kickoff and a good return by Davis, Close, Davis and Manjeot alternated in the ball carrying chore until Close went over for a touchdown. London ran the extra point but the score was ruled out because of a Hereford offside.

First successful use of air power came in the last Whiteface drive when two passes were good for two first downs and the "statue of liberty" play worked for a six yard gain to bring the Hereford again into touchdown territory, with Man-

jeot plunging the ball over and Davises kick good for the extra point which brought the final score of 26 to 0.

The presence of seven veterans on the Hereford team, including linemen Skelton, Rogers, Hopson, Robinson and Lookingbill, undoubtedly accounted for much of the good showing of the Maroon and White in their season opener. When 12 substitutes got in the game in the last half, the Hereford prospects for the rest of the season took an upturn as real game experience is all that some of these boys need to develop into first string material. Though blocking was sometimes ragged, for the most part the boys did a fair job of "taking out" their man and tackling was hard and purposeful. If the line needed any tips on their blocking job, they could get them from blocking back Lloyd Manjeot, who tackles just as hard as he did when he played tackle last year. A lot more practice is needed in the passing department, but some fair punting is in prospect—and soon—if Bob Davis continues the game he started Friday night.

The Mustangs looked to be a lighter team than the Whitefaces, and their line failed to click on the assignment of clearing a path for their own ball carriers and in stopping the Whiteface charges; but they stopped at least two scoring threats and in general kept in the fight until the final gun was fired. They showed up some Hereford weaknesses which the team is out to lick before their game with Panhandle next week, which on the basis of early season showings promises a stiff battle for the local boys.

Included in the starting lineup were Raymond Lueb, LE; L. H. Lookingbill, RE; Gale Rogers, LG; Jimmy Easley, RG; V. C. Hopson, LT; J. W. Robinson, RT; Charles Skelton, C; Fred Close, RH; Billy London, LH; Lloyd Manjeot, F; and Bob Davis, Q.

Substitutes were John Dyer, Dan McCowen, Paul Orr and Johnny Rogers, guards; Paul Hagar, David Phillips, Delmo Williams and Donald Little, tackles; J. B. Sowell and Duane Williams at end, and Joe Bishop and C. W. Reeves in the backfield.

Reeves, a letterman last year, was kept out of the starting lineup on doctor's orders, but will probably be ready for full-game assignments before the end of the season.

Mrs. Marjorie Hayes of Phoenix, Ariz., visited with relatives here. Mrs. Hayes is a sister of Mrs. A. O. Thompson.

Mr. and Mrs. Joe Tom Hill of Paris arrived last week to visit their cousins, Mrs. A. J. Schroeter and Mrs. Troys Carmichael.

## THIS WEEK... AT THE USO

Yes, we had a hay ride and wiener roast! Had a good time too. Thanks to cooperation. Two hours before time to go we found that Debbs Knox, our chairman, had been ill all day; that the 6-wheeler that we were to use was broken down; that no buns had been made for the Wieners; that no one had any hay.

But, Jim Kirby secured another 6-wheeler through the kindness of O. H. Culepper. Mrs. Dyer, who was on duty at the USO, called her husband and he not only got the kindling together but delivered it to the park fireplaces. Virginia Eberle went shopping for the food. While the crowd went riding around the country, Mrs. Blue and Mrs. Coneway built the fire and got the water for the coffee hot. It was dark when we got to the park (we have heard that the men don't think there are any trees around Hereford and if we had arrived before dark that theory would have been dispelled) and everyone had a good time.

If you want to know what Duz does, ask Pico. He knows. And he can lead singing too. Especially if he can have a mouthorgan accompaniment.

Our thanks to Ira Miller for the check to help the work at the USO. We are grateful to the people who provide the extras.

Three wives who arrived recently have been in the USO this week. Mrs. Willis from Florida, Mrs. Lubonovic, from New York, and Mrs. Lewin from Minnesota. Mrs. Lubonovic started working at the camp this week and Mrs. Lewin substituted in the High School. We are glad to have them here.

We don't know of anyone who is looking forward to his furlough with greater longing than Steve Hasszu. His baby is a month old now and has already said "Da". Steve thinks he will be able to say "Hello Daddy" in another two months.

We received cards from Pete Paccello and Adeline Solomon this week. Adeline wanted to be

remembered to everyone and says she already misses Hereford. We miss her, too.

A number of the service men went to Amarillo for the Jewish Holidays this week. This period in their religious life means much to them and we are glad for them that they were able to go.

Watch for details concerning a cribbage tournament! It will probably be held the first week in October. Sign up at the USO for it.

### Ethel Behrends Makes Bible Reading Record

Ethel Behrends, 11-year-old daughter of Mr. and Mrs. H. G. Behrends, has read the complete New Testament and nine books in the old Testament and has completed all requirements in a Bible Memory Contest in connection with her work in the Presbyterian Sunday School. The period for the work was from July 16 to Sept. 1.

Ethel, a member of Mrs. Paul Mathers' class in the intermediate department, has read, in addition to the New Testament, the books of Psalms, Genesis, Isaiah, Proverbs, Ruth, Daniel, Jonah, Esther and the Song of Solomon.

In the Bible memory contest, she has memorized the beatitudes, the names of the books of the Bible, the ten commandments, two commandments listed in Mark 12-30-31, the 23rd, 27th, 100th and 121st Psalms, the Christmas story in Luke and the Easter story in Mark.

As a reward for her work, Ethel received a Bible and a copy of Hurlbut's "Story of the Bible," presented by Reavis Kerr and Mrs. Clay Ridgway.

## SEEDS of ADVICE

from  
The Garden Club

Note: This article on harvesting and storing gladiolus was prepared for the Garden Club by Mrs. A. O. Thompson.

The best time to take up gladiolus bulbs must be determined by practical consideration as well as by the condition of the bulb. The small bulbs, grown from bulbets, should be harvested first, usually when the foliage has begun to turn yellow. If left until the tops die down, the work of taking them up will be doubled, and many of the bulbs lost in the soil.

If at digging time the tops are still fairly green, they may be cut off to within 3 or 4 inches of the soil before taking out the little bulbs.

The bulbs should be placed in tight shallow boxes as they are dug and allowed to dry out in the sun before taking inside. In four to eight weeks after harvesting the bulbs are ready to be cleaned and the old tops taken off. A temperature of 40 to 45 degrees F. is ideal for storing the bulbs.

The application of naphthalene flakes is a widely used method in winter treatment for bulb infection. The flakes should be used at the rate of 1 oz. (4 level tablespoons) for every 100 bulbs. For small lots place the bulbs in a tight paper bag and scatter the flakes over them. Then fold the top of the bag and fasten securely to retain the fumes. The naphthalene should remain with the bulbs about four weeks when the excess flakes may be shaken out.

This treatment may be used any time between Nov. 1 and March 1.

Before planting gladiolus bulbs in the early spring, they may be soaked in a Lysol solution using

## WHITEFACE ROUND-UP

### Senior Class Chalks Up Fourth Queen Victory

"We've done it before; we did it again." Perhaps the slogan has changed slightly, but the Seniors of 1944-45 are proud too that for the fourth time since entering high school their candidate for football queen has been elected. This year Beverly Fraser, the cute little brunet of the Senior class, will have the privilege of being crowned queen.

For the benefit of those who do not know exactly how the queen is chosen, here is the plan. Each year there is a contest held between each of the four classes. The class selling the most football tickets wins, thereby causing the election of their candidate for football queen.

Although Beverly is accepted as the favorite of Hereford High School, there are three other girls who really count. They are Virginia Mae Green, candidate of the Junior Class for football queen; Betty Sue Pickens, candidate of the Sophomore class, and Gulletta Gustenson, candidate of the Freshman class, Virginia Mae, Betty

### Student Council to Function Again this Year

The Student Council, an organization made up of two representatives from each class and a president and vice president elected by the student body, meets every Monday morning at activity period. It is organized to help students with their activities and to assist in things that will benefit the school.

The president and vice-president are elected early in the school year. The two nominees for president are chosen by the senior and junior classes; the nominees for vice-president are from the junior and sophomore classes. Jessie Ann Buckner is the "hold-over" vice-president from last year and will be in charge until the election takes place.

Sue and Gulletta will be attendants of 1944's football queen, Beverly Fraser, at the coronation service held at one of the home games in the near future.

### Seniors Finish Officer Election

At a special meeting held on Tuesday, Sept. 12, the seniors completed the election of the class officers. Those elected were: Lloyd Manjeot, candidate for president of the Student Council, and Rosemary Phillips, class cheer leader. Charles Skelton was chosen campaign manager for the election of Lloyd Manjeot as president of Student Council.

### CORBET TO LEAD SOPHOMORES

Officers for the Sophomore class of 1944-45 were elected at last week's class meeting. Roger Corbett was elected president; Mettie Lee Roots, vice-president; Ann Morgan, secretary; James Higgins, treasurer; and Cecilia Guseman and Mary Estelle LeGrand, reporters.

## SONS In the Service

**In Asiatic Theatre**  
Lt. Donald O. Conklin, pilot of a B-24 Liberator Bomber, is stationed somewhere in India and figures his travels are not yet done, after arriving at his destination by way of Brazil and Africa.

Lt. Conklin's brother, Cpl. Ben H. Conklin, is with an amphibian engineer's unit somewhere in the New Guinea area.

**Arrives in Hawaii**  
Clay W. Denney, S2-c, has arrived in the Hawaiian Islands, according to a letter received by his parents, Mr. and Mrs. Bill Denney.

**Is Promoted**  
Mrs. O. J. Beene has received word that her husband has been promoted to chief petty officer in the medical division of the Coast Guard. He is stationed at Juneau, Alaska and has been in the service since May 1942.

**Gets Wings**  
Bob Gilliland, son of Mr. and Mrs. P. H. Gilliland, received his wings and appointment as flight officer in the Air Transport Command from the Twin-Engine Pilot School at Douglas, Ariz., Sept. 8. He has been sent to Palm Springs, Calif., for further training. Bob graduated from Randolph Field as a Civil Air Patrol instructor and until after the first of the year served as a C. A. P. instructor at Mira Loma Field, Calif.

**Willoughby Home**  
Ensign J. I. Willoughby is visiting relatives here enroute to the west coast for assignment in the Navy.

**Receives Three Medals**  
Lt. John R. C. McGowen, formerly of Hereford, received three decorations within nine days during fighting this spring in Dutch New Guinea, according to information released last week by the War Department. On April 23, Lieutenant McGowen led a raid by boat against an enemy position on Hollandia where the American infantry was in action against the Japanese. He directed the neutralization of strong points and captured the only Jap prisoner taken on the raid, obtaining valuable documents and information. On the following day, he was instrumental in capturing additional prisoners on another raid.

Then on April 28 and 29, McGowen once more distinguished himself in action against the enemy at Demta, Dutch New Guinea; and on May 1, he accomplished the rescue of six of his men, who had been thrown into the rapids near the mouth of the Tami river when their boat capsized. Four of the men held on to the capsized craft and were swept out to sea about a mile or more and a half. Two of the men tried to reach shore, and McGowen went in after them, unmindful of the danger to himself. The three men got back to shore and then McGowen inflated a small rubber boat, launched it in the rapids where it bobbed like a cork before being swept out to sea, where he managed to rescue the other four men. The whole action took place in enemy territory and in line of enemy fire.

Lieutenant McGowen has been awarded the Silver Star, the Oak Leaf Cluster in lieu of a second Silver Star for gallantry in action, and the soldier's Medal, given for saving lives at the risk of his own. He had previously been cited for gallantry in action along with a group of his men. On last Feb. 27-28 on Los Negros Island, he led a party on a dangerous scouting mission.

Since the action on New Guinea, Lieutenant McGowen has taken part in action at Noemflood and in the Halmahera group. Incredible as it seems, neither he nor any of the men in his command, have received a scratch during all that time. Although an infantryman, McGowen is at present "stationed" with the Navy and has done work in connection with the Air Corps and submarine forces.

The son of Mrs. R. L. Thompson of Amarillo, Lieutenant McGowen holds a Master's degree from Texas A & M College and has been in service since immediately after Pearl Har-

New "A" Gas Books Have Safety Features

New "A" gasoline ration books now being issued to motorists for use beginning Sept. 22, have two new safety features, according to Ely Fonville, district OPA rationing executive.

"A" coupons will now have serial numbers useful in spotting stolen coupons. When issuing the new books, War Price and Rationing Boards record the serial numbers of the coupons along with the name of the person to whom issued. Another safety feature is that new coupons are printed on a special kind of safety paper which responds to a secret test known only to government identification experts. Counterfeit coupons on imitation paper may look the same to the untrained eye, but will show up the minute this secret test is applied, Fonville pointed out.

Endorsement of the coupons is a safety feature, though it has been required all along. "If not endorsed, coupons are invalid and may be revoked," he said. "As long as it is necessary to ration gasoline, it is important to guard against the mis-

Naturally it seems strange to A-card motorists that they still can't buy a single tire... when they read of the production miracle which almost overnight has achieved an annual output rate of 836,000 tons of synthetic rubber, exceeding by more than 25 per cent the previous all-time peak of our crude rubber imports from the Malay States and the Dutch East Indies.

ists much before the middle of 1945. That is why every patriotic driver will do everything in his power to coax every last bit of mileage from his tires.

You can get help to do just that by calling on your Phillips 66 Service Man. His Tire-Saving Service includes checking air pressures at least once a week... inspecting for nail holes, cuts, and bruises... examination of the tire carcass to warn when re-capping is necessary... and crisscrossing with the spare every 3,000 miles.

### Lt. Jones Reports On Prison Routine

Lt. George Jones, a prisoner of war in Germany, reports that the American airmen in his camp added to their prison fare this spring from gardens which they had cultivated themselves.

Lieutenant Jones, who wrote on June 6, said that they expected to have radishes from their garden within two weeks; and he also reported that they had to make all their garden tools from tin cans.

Jones said that he was well and still looking forward to mail and his first word from home after he became a prisoner in December. His letter written June 6 was received here on Sept. 19.

The county judge and commissioners have been in San Angelo this week to attend a meeting of the West Texas Judge's and Commissioners' Association.

The new "A" gas ration coupons which become valid tomorrow are worth four gallons apiece instead of three. But don't get up any false hopes of a ration increase—for instead of eight coupons for a three month period, there will now be just six coupons good for the same period. Just a matter of ration sleight of hand or something.

Carl Gilliland felt that his judgment was vindicated this week when the Allied air borne landings in Holland were announced. Seems that was the spot he had picked for the original invasion.

### Adrian Couple

(Continued from Page 1)

Connell and Collier were partners for a number of years, and some of the land given to the Baptist foundation was part of the original holdings which Collier bought when he spent his first winter in this territory—in a dugout near Rock Lake, about one mile from the present site of Adrian, which was built on Collier's land in 1909.

Adrian was built on the Rock Island railroad, after Collier had given the company right-of-way over six sections of his land in the vicinity.

The large land gift is not the first which the Colliers have made to Baptist educational institutions. In 1921 they gave a section of land to Wayland College.

### Americans May

As the fifth and final threat, Mr. Driskill cited an ever-growing Nationalism, or centralization of power in Washington. "However," he concluded, "I am not a pessimist. I think that we are overcoming many of these threats."

### Dalhart Man

(Continued from Page 1)

Same condition will prevail with regard to naming Fike as official Democratic nominee.

District Attorney Fike will probably be in charge of the state's case when J. W. Fox goes on trial here next week for the murder of C. F. Jones; and County Attorney Carl Gilliland, who has handled the state's case thus far, says that he will cooperate fully with the new district attorney.

### Last Minute

and the ship was ready to cast off.

Baise had just two hours to get that decision reversed and he climbed the ladder of G. I. authority till finally a relief driver was found. Just 30 minutes before the ship weighed anchor Baise grabbed his bedroll and equipment and leaped ashore, his ears ringing with messages from his buddies to the folks back in Texas.

Baise is a member of the famous 30th Division and has been in action in North Africa and Italy. The story about him was spotted by Mrs. Dick Robinson, the former Miss Helen Ruth Barber of Hereford, who sent it to the Brand.

#### LaPlata Club Meets for Study in Kester Home

LaPlata Club met in the home of Mrs. Lynn Kester Tuesday evening with Mrs. N. E. Milburn, president, directing the meeting.

Mrs. W. J. Wilson was in charge of the program and her topic for discussion was "Surgery Heals the Scars of War." She told of plastic surgery and

other new developments in medical science and pointed out that the plastic surgery being done on service men during this war will surely stimulate interest in new scientific research after the war. The army's main objective in this field is to return every mother's wounded son to civil life, wherever possible, in a condition which will permit him to take his place in society and to be able to compete without handicap in the strenuous economic struggle ahead.

Members present included Mesdames Lynn Kester, Urlin Streu, T. E. Selgler, Jr., N. E. Milburn, Chas. Newell, Gaylord Newell, Jimmy Alken, Clyde Cave, Elmer Patterson, Debbs Knox, O. M. Stewart, Troy Moore, Liston Wilson, D. D. Bivins, C. D. Hardwick, Homer Brumley, Francis Elliston, Wayne Evans, W. J. Wilson and Miss Pauline Hancock.

## SONS In the Service

#### Picks a Specialty

Ensign Burl Alexander, who recently finished second high in a class at Navy torpedoman's school, figures he had the right idea in selecting torpedoes as his specialty. With a chance at radio and engineering, Burl decided that there were plenty of men who had been civilian specialists in those fields and with that kind of competition he would have slight chance of making a good showing. So he picked torpedoes, because, as he says, he figured the rest of the boys were just about as ignorant as he was on the subject—and he was right.

Ensign Alexander visited briefly with his parents, Mr. and Mrs. D. H. Alexander, last week while enroute to Norfolk, Va., his new station.

#### To Spend Furlough
