

AROUND A Town

Sights and Faces Seen

D. C. Kinsey claims the "watermelon stealing championship of Hereford," and nobody is likely to argue with him after taking one look at the sample he left at the Brand office. The melon is too big to lift but it must weigh about 50 pounds.

E. B. Posey came in, saw that big watermelon and immediately had plans for some Chamber of Commerce literature on "Hereford, The Land of Big Watermelons;" but unfortunately for Posey, the melon wasn't grown here. It probably came from around Hedley.

Mr. and Mrs. Frank Wilde, daughter Dorothy Dee and Miss Barbara Higgins recently returned from Longview, where the Wilde's son, Pvt. James Wilde, is stationed at Harmon General Hospital where he is being treated for injuries received in action in the Southwest Pacific.

Mrs. Allan Bell declares that the new mineral diatomite, recently discovered in five Panhandle counties and reported to have great commercial possibilities for post war exploitation, is also available in Oldham county. Large deposits of the mineral were present on the old Bell Ranch near Adrian, where Mrs. Bell and her family made their discovery more than 20 years ago. The mineral, which looks like Bor Ami, is excellent for cleaning silverware and for other cleaning purposes, Mrs. Bell reports, but the powder melts in water.

Achieving a long-held ambition of serving as a real deputy sheriff, Mary Jane Morgan Tuesday got to serve as the long arm of the law in summoning her sister-in-law, Ardelle Morgan, to appear as a witness at the murder case in district court. Jane had a hard time convincing Ardelle that it wasn't just a joke—and a darn poor one; and when the reluctant witness arrived at court, she did not have to testify.

Virgil Morrison, who operates a truck farm on the H. H. Boardman place southeast of town, reports that one okra plant in his field has 57 pods on it right now and he estimates that, counting earlier cuttings, the plant has produced a total of 100 pods.

P. O. W. Labor Again Available For Farm Work

Prisoner of war labor is again available to farmers in the Hereford vicinity, it was announced this week by County Agent A. R. Bateman, who says that the added labor supply will help considerably in solving one of the serious problems of the row crop harvest.

The procedure to follow in contracting P. O. W. labor is the same as in the past, Bateman said, adding that farmers can make out certificates in the county agent's office, where arrangements with the camp will be made.

Fifteen prisoners are sent on each work detail, and because of the critical demand for labor, only 15 men will be assigned to any individual farmer.

Wagner Farm Sale Postponed By Rain

The Roy Wagner farm sale, scheduled to be held on Wednesday of this week, was postponed because of the rains and the sale will be held on Saturday, Sept. 30, beginning at 10 o'clock.

The Wagner farm is located 12 miles north of Hereford on 25-Mile Avenue, and then 1 1/2 miles east.

A large selection of livestock and some unusual machinery values are being offered.

The Return of the Prodigal Son

Fourteen Year Old Farm Girl Climbs On Tractor to "Free A Man to Fight"

What this country needs is a land army—providing it could be made up of girls who can do a job such as that turned in by 14-year-old Anna Kate Fortenberry, who took the manpower shortage situation into her own capable hands and proceeded to do a man's work this summer on the big (2,240 acre) wheat and cattle farm of her parents, Mr. and Mrs. J. G. Fortenberry of the Bippus Community.

Anna Kate is a member of a family of two boys and six girls; and in the days before the war had already proved her farm "know how" in a variety of 4-H club projects. But one brother has been in the army for two years; and the younger brother was called for his army physical examination on June 21 this year, about a month after he had graduated from high school.

So the situation looked bad; but Anna Kate donned her overalls and an old straw hat and turned up in the field for a little instruction from father on the business of driving a tractor. And from June 21 until Sept. 8, three days before she was due to report at school, she

put in an average 13 or 14 hour day, six days a week.

During those 68 days, she plowed a total of 1,282 acres and in addition put in ten days helping with the shocking of millet and wheat. She spent ten days driving the tractor to pull a combine during harvest, and she plowed a total of 906 acres, following the combine; with other acreage totals including 100 acres of row crop land and 376 acres of wheat land on a second plowing. Figuring on the basis of \$5 a day wages for tractor hands—and those were minimum rates in the Hereford territory this summer—Anna Kate added about \$350 to the family savings. According to her father, she doesn't require any "waiting on" in her tractor operations. She was in the field by seven o'clock every morning; and she knew how to service her tractor with gas, oil and water.

Anna Kate's wartime service lacked the glamour of a uniform and she will get no medals and citations for the job; but she literally helped free a man to fight and carried out an important wartime job in producing grain for the nation.

Much Interest In Grain Sorghum Loan Program

Stating that many questions continue to be asked concerning the government's grain sorghum loan program, F. G. Collier of the Deaf Smith County AAA office this week announced that the rate for the loan is 95 cents a bushel for grain grading No. 2 or better and that the 95 cent rate includes the 7 cents farm storage fee.

The loans mature on demand or not later than Apr. 30, 1945. As to the type of storage, the same regulations as for wheat storage will apply.

No loans will be made on grain sorghums grading lower than No. 4 or having higher than 13 per cent moisture content. Commodity Credit carries its own insurance on the grain.

Grain moved by rail to the warehouse will carry no higher loan value than grain stored on farms or in warehouses at country points, Collier stated.

Farmers, truckers and other individuals who operate commercial vehicles, are asked to call by the Deaf Smith County OPA office after Oct. 1 to pick up new gasoline ration books.

Applicants should bring their ODT certificates when they call for the new gas books.

More Than Five Tons Scrap Paper Collected Here

A paper salvage drive that "really got the job done" was carried out in Hereford Sunday and members of the local salvage committee estimate that approximately five tons of scrap paper were collected and have been baled ready for delivery to Amarillo paper dealers.

About 35 Boy Scouts cooperated in the paper collection drive Sunday afternoon and six or eight pick-ups were used to carry the collected waste paper to the Boy Scout Hut, where the scrap was sorted and tied in bundles. R. J. Richardson, chairman of the county salvage committee, plans to send the paper to Amarillo in one of his trucks as soon as possible. Money from the sale will go to the Boy Scouts.

All sponsors of the drive express appreciation for the cooperation of citizens, who had their scrap paper bundled and ready on the curb when the collectors made their rounds. Though no definite plans have yet been announced for any future paper drives, another collection campaign will probably be held and all scrap paper should be saved until further announcement is made.

announced this week by Mrs. Dy-alitha Brady, executive secretary.

Mrs. Webb, who is an experienced social worker, comes here from Post. She is in Hereford with her husband, who has cattle interests here.

Tough Fight Promised in White Deer Go

The toughest game of the season will face the Hereford Whitefaces tomorrow night at White Deer, when they meet the formidable Bucks in a non-conference stand in which they hope to bring up their record after a 13-6 loss to Panhandle last week.

Rites for 89 Yr. Old Pioneer Held Saturday

Funeral rites for C. H. Churchill, 89 years old and a resident of this county since 1909, were held Saturday morning at the Black Funeral Home with Rev. Marvin Boyd, Methodist pastor, officiating.

Mr. Churchill passed away at about 8 o'clock Thursday night. A native of Illinois, he came to Deaf Smith County from that State and made his home in the Summerfield community for many years. Since his retirement from active farming operations, he had lived with his daughter, Mrs. J. D. Story of Hereford.

Survivors include four other daughters: Mrs. J. H. Florey of Amarillo; Mrs. Lewis Brown of Manchester, Conn.; Mrs. Frank Brown of Clinton Ill., and Mrs. Robert Rowan of Golden Meadow, La. There are also 20 grandchildren, 19 great grandchildren, two sisters and four brothers.

Church Women Sponsor Used Clothing Drive

Liberated Europe needs clothing immediately, and Hereford church women have undertaken the job of carrying on a used clothing drive here this week. "Any usable garment you can spare," the sponsors state, "will help to keep some man, woman or child warm this winter."

The drive is being carried on in cooperation with the United Nations Relief and Rehabilitation Administration, and all Hereford pastors on Sunday announced the beginning of the drive, stating that clothing may be taken to the churches or may be left at Hereford grocery stores.

The appeal is for good substantial clothing, used or new, for both summer and winter wear. Needed most are all types of infants' garments, particularly knit goods; men's and boys' overcoats, topcoats, suits, coats, jackets, shirts all types of work clothes, including overalls, coveralls, sweaters, underwear, robes, pajamas; women's and girls' overcoats, jackets, skirts, sweaters, dresses, underwear, aprons, jumpers, smocks, robes and nightwear; and in the line of bedding—blankets, afghans, sheets, pillow cases and quilts.

Castro Fair to Be Held Sept. 30 and Oct. 1

Dates for the annual Castro County Fair and Rodeo have been changed to Saturday and Sunday, Sept. 30 and Oct. 1, and people from the entire territory have been invited to attend what is likely to be the only county fair held in the area this year.

In addition to a great variety of general exhibits, the fair will feature a cattle show with prize-winning animals from four breeds on exhibit, and a first class 4-H Pig Show. The rodeo will enlist the top bronc busting talent of the Panhandle and will be grade A entertainment.

A large attendance from Castro County and the entire territory is anticipated.

Slow, Soaking Rain Falls Here

Slow, soaking rains for the past two nights have brought a total of 1.10 inches of moisture to Hereford and the fall is reported general throughout the Panhandle territory. Rainfall up to 8 o'clock Wednesday, amounted to .60 of an inch, with moisture recorded Thursday morning .50 on an inch.

Though the rain in the Hereford area will slow down row crop harvest, farmers state that moisture at this time raises 1945 wheat prospects, as good, deep moisture is stored for the coming season.

With the rain which fell last night and early this morning came a sharp drop in temperature and the cooler weather is expected to continue today and tonight with temperatures in the mid-40's forecast for Friday morning.

Further Details Received On Missing Airman

Further information on the flight on which their son, Lt. Richard Harold Parsons, was reported missing on Aug. 7, was received this week from the War Department by Mr. and Mrs. Grady Parsons of Hereford.

According to the letter received Tuesday, Lieutenant Parsons, member of a B-26 Marauder Bomber crew, took part in a combat mission to Nogent Sur Seine, France, on August 7. At about 1:35 p. m. that day, in the vicinity of Liseux, his bomber was damaged by enemy anti-aircraft fire and crashed to the ground. Two parachutes were seen to emerge from the plane, but identity of the men is not yet known.

The Parsons were informed (Continued on Page 12)

World Communion Day Here Sunday

World-Wide Communion Sunday will be observed Oct. 1 in the Methodist, Christian and Presbyterian churches in Hereford, it was announced this week by the local pastors, who point out that millions of Christians throughout the world will join Sunday in the service in commemoration of the Sacrament of the Lord's Supper.

The local pastors extend a cordial invitation to all persons interested to join with the congregations in this important religious observance.

Fox Sentenced to 17 Years in Murder Case in District Court

J. W. Fox, convicted of murder with malice aforethought in the slaying of C. F. Jones in Hereford on July 12, yesterday morning was sentenced to 17 years in the penitentiary. The jury verdict was turned in at 9:30 o'clock Wednesday morning after counsel for the state and the defense closed their arguments at seven o'clock Tuesday night.

A notice of appeal has been filed, and if the appeal is granted, the case will next appear in the Court of Criminal Appeals at Austin.

Of the venire of 106 men summoned for Monday morning, only 54 had been called before the jury was picked, and all evidence had been submitted by 3:30 o'clock Tuesday, with Judge John Aldridge delivering his charge to the jury at 5:30 and the final arguments of counsel presented thereafter. The clockwork precision of the court procedure contradicted predictions that the choice of a jury might take several days.

Witnesses presented evidence concerning the crime and events leading up to it, detailing how the defendant, accompanied by his son, C. C. Fox, and Allen Johnston drove out to the shack town southeast of the Hereford city limits on the night of July 12, called, C. F. Jones from his bed and engaged in an argument which immediately became violent. Fox drew a pistol and with the second shot wounded his son, who was trying to disarm him. Later shots took effect and one abdominal wound was that which proved fatal for Jones, who died shortly after being rushed to the Deaf Smith County hospital.

On the jury were Roy Jowell, Liston Wilson, Charles Newell, (Continued on Page 12)

Barnes Resigns As Pastor of Baptist Church

The Rev. W. E. Barnes has resigned as pastor of the First Baptist Church to accept the pastorate of the First Baptist Church, Portales, N. M., after having served the church here for more than seven years.

During his ministry the membership has grown from 650 to more than 1,000 members as reported at the annual Tierra Blanca associational meeting which convened here last week. Financial gifts have increased from \$8,582.00 contributed during 1937-38 to \$26,889.00 as reported for 1943-44, much of this going for missions and benevolences. The various organizations of the church have experienced a substantial growth under his leadership and every phase of the work has gone forward in a progressive way.

A wide circle of friends throughout the city will miss Rev. Barnes and his family.

He will deliver his farewell messages to the local congregation this Sunday, assuming duties in the new field, October 3.

County Lags on Monthly Quota

With a quota of \$30,000 and just two days left in which to raise it, Deaf Smith County faces the prospect of failure, for the third straight month in meeting its War Bond quota, it was reported today by J. C. Ricketts, county war finance chairman, who states that only 2 counties in the Panhandle district made their quotas in August.

Ricketts did not comment on the cause for the county's failure to meet bond goals, but pointed out that oversubscription of the various bond drives does not evade the duty of subscription of regular monthly quotas.

Citizens who have been postponing the buying of bonds for the past several months are asked to buy bonds now, and put Deaf Smith County over the top for September.

Beware Rumors In Presidential Election Year

The forthcoming political campaign will no doubt unearth a string of the same malicious mud-slinging that has dogged every political candidate since Washington's day, according to an article in the October issue of "Coronet" magazine. And it's a good idea to get an idea of how these roobacks, as the rumors are called, originate and how they are scotched.

Some historians contend that Washington started the two-term tradition because he refused to endure four more years of gossip-mongering such "as could scarcely be applied to a Nero, a notorious defaulter or a common pickpocket," to quote his own words. Health, sexual irregularities, religious heresy, mixed blood, drunkenness and business dishonesty head the list of popular subjects for these whispering campaigns.

Perhaps the most tragic incident connected with such low campaigning was the death of Mrs. Andrew Jackson, directly traceable to a breakdown brought on by publication of the story that she and the General had lived together for years without benefit of clergy. The truth was that the Jacksons, before their marriage, were improperly informed that Mrs. Jackson had been divorced from her first husband. The error wasn't discovered for years, but after it was, they were promptly remarried.

Of Woodrow Wilson it was whispered villainously that he was estranged from his wife, that he was not the father of some of his children and that he kept a mistress in the White House. Even these serious charges paled, however, before those publicly aired about his successor Warren G. Harding. A public made credulous by the Teapot Dome and other political scandals of the Harding administration, lapped up THE PRESIDENT'S DAUGHTER, a book in which Nan Britton charged that Harding was the father of her child, Elizabeth Ann, and confessed to a long series of assignations with the President, some of them in the White House itself. C. A. Klunk of Marlon, Ohio, refuted the stories in THE ANSWER TO THE PRESIDENT'S DAUGHTER, and Miss Britton lost a \$50,000 libel suit against him, says Coronet.

Theodore Roosevelt and Alfred E. Smith were among those accused of drunkenness. Teddy Roosevelt instituted, and won, a friendly libel suit against a small paper in Michigan that had printed the rumor, to vindicate himself. Smith denied that he ever was drunk, as charged, at a New York state fair and, in a remarkable article in THE ATLANTIC MONTHLY, answered the charge that he would be unduly influenced by the Roman Catholic Church if elected President.

Wendell Willkie was the intended victim of the first important 1944 rooback when C. Nelson Sparks published ONE MAN—WENDELL WILLKIE, containing a letter supposedly written by Harry L. Hopkins to Dr. Umphrey Lee, President of Southern Methodist University. The letter, purporting to show that the White House expected

E & R Coupons Valid At Retail Stations

(Editor's Note: The following story was written by a Pan-handle sportswriter.)

All gasoline stations are now accepting off-highway "R" coupons, and anyone with "E" or "R" coupons may use them at any retail station, the District Office of Price Administration has announced.

A plan to limit acceptance of "R" coupons to selected rural stations only was put into operation last spring after a trial period in Georgia and Florida where it worked very well. However, OPA found that on a national scale, limiting the acceptance of "R" coupons resulted in some discrimination between various retail outlets. It was abandoned last Friday, September 22.

Miss Gwendolyn Springer, daughter of Mr. and Mrs. Earl Springer, was home over the week end after enrolling last week at W. T. S. C. Canyon.

Miss Wanda Jean Reed, who is employed as a nurse in Amarillo, spent the week end here with her parents, Mr. and Mrs. H. D. Reed.

that Willkie again would be the Republican candidate and that he would not oppose the Administration's policies vigorously, was proved to be an absolute forgery.

So think twice before you accept any stories about the President's health being impaired, or about the Russians using lend-lease butter to grease their boots, or about the First Lady being booted in New Guinea. They're all just roobacks, concludes CORONET, attempting to blind you to the nature of the important issues of 1944.

STUDENT EYES NEED GOOD LIGHT

No, Reddy can't really do their sums for young students, or memorize all those tables, but he can solve one big problem—how to see the work with less effort. That's "home work" he knows all about!

Most home study involves hours of reading, writing or drawing. Those are all intense eye tasks that demand good lighting. If too much energy is consumed in the mere attempt to see, study and grades suffer.

Sight is priceless. Light is cheap. Your electrical dealer probably has light bulbs now in all common home sizes. You can fill all your empty sockets inexpensively. Then follow these simple rules to get the best use of the light you are paying for.

- Keep lights, reflector bowls and lamp shades clean.
- Use the RIGHT SIZE bulb in each lamp and fixture.
- Rearrange lamps for "double duty"—to serve two persons at once.
- Move lamps closer to the point of use, to shed more light directly on the work.
- Reddy's glad to help with home work if you'll let him. Just make sure your light is right!

Bay View Club Outlines Plans for Season's Activities at Luncheon

Bay View Club plans for study and fall activities were outlined at the luncheon, first meeting of the 194-45 club year, held Thursday at the home of Mrs. Ray Barber.

Arranging the luncheon were Mesdames Lee Benefield, T. M. Dameron, J. W. Kirby and H. G. Conkwright, members of the social committee for the year. Brilliant shades of fall flowers about the house gave background for paler shades of asters which centered small tables where places were marked by new year books in bright orange jackets.

A short program was held after the luncheon with the president, Mrs. Bob Wilson, ex-

tending greetings and speaking briefly of the coming year's work.

Mrs. Colby Conkwright, year book chairman, reviewed the year book outlines and told of material for club topics. Others on the year book committee were Mrs. D. H. Alexander and Mrs. John McLean.

The programs, built around a "World Affairs" study course, will include book reviews, lessons on Alaska, Australia, The Philippines, Asia and European countries. Two programs on post-war planning and Texas Day and Federation Day programs will also be included. A religious program will be featured during the Christmas season.

Mrs. F. T. Roloson highlighted the afternoon session, giving a "Bay View Day" talk in which she reviewed the history of the Bay View organization and of the local club's beginning, telling of the traditions, background and unwritten laws of the club.

Members attending the luncheon-meeting were Mesdames Bob Wilson, A. M. Jones, J. P. Slaton, F. T. Roloson, J. W. Kirby, G. A. F. Parker, C. F. Moore, Paul Mathers, John McLean, D. H. Alexander, C. R. Barber, Lee Benefield, Henry Benson, M. L. Boyd, Essie Cardwell, Colby Conkwright, H. G. Conkwright, T. M. Dameron, E. W. Harrison and Knox Kinard.

Mrs. Eugenia Lee attended an area meeting of workers in the old age assistance program in Amarillo, Saturday; and from there went to Childress, where she spent the week-end with her family.

Miss Billie Davis who is employed in Amarillo was in Hereford over the week end with her parents, Mr. and Mrs. Arthur Davis.

Garden Club Conducts Pilgrimage

Members of the Garden Club held their annual pilgrimage Friday with Mrs. Ray Johnson as hostess to the tour party at her home in Summerfield.

The well kept and well designed grounds at the Johnson home furnished an interesting background for over 68 plants and shrubs in various sizes and shapes, all presenting a symmetrical whole. Many of the plants were in full bloom; others were budding, but the brilliant colors of the season blended in with the red, orange, yellow, green and gold of turning leaves and shrubs to form a beautiful picture. Mrs. Johnson explained her plan of landscaping and described further plans for the flower garden.

Included in the group which met at the court house and went together to the Johnson home were Mesdames D. H. Alexander, Lyle Blanton, E. T. Brooks, Homer Brumley, C. C. Cox, C. C. Ferguson, E. E. Fridley, John Jacobson, Jr., N. E. Gass, W. S. Fluit, E. W. Harrison, O. G. Hill, Will S. Kerr, Jim Lipscomb, J. F. Matthews, Lan Shore, J. P. Slaton, E. Ramey, Liston Wilson and Miss Sadie Lee Oliver.

Fat Rides To Battle

Chemical Warfare Lt. James E. MacDonald, of Passaic, N. Y. (right) recently returned from Italy where he won the Purple Heart, demonstrates to his friend, Col. William H. Creighton, of Charleston, W. Va., how this new weapon of chemical warfare, the smoke generator, works and keeps German "eggs" from hitting their mark. The generator blows out a smoke screen that blots out cities, harbors, important industrial and military installations or landing operations. Lubricating oils, and paints for this generator require the products of used cooking fat.

THE DOCTOR'S OUT!

Suddenly—Mary's "sore throat" became desperately serious. The doctor was needed urgently—but the doctor was out on other calls. This serves to emphasize the importance of calling your doctor at the first sign of illness. Tell him the symptoms as accurately as you can and he'll decide whether an immediate call is necessary. Delay, all too often, ends in an emergency call—and since the doctor's time is rationed stringently (he's caring for double and triple his normal practice) it's better to be safe than sorry!

Herd Bows to Panhandle, 13-6

In the most closely contested game of the season, Panhandle defeated Hereford 13 to 6 Friday night at Panther Stadium. Two blocked punts were direct cause of Panhandle's touchdowns, while Hereford made its lone score on a pass.

The first quarter was scoreless. In the second quarter Panhandle punted to Hereford's 10-yard line. Hereford made 9 yards and then a first down to the 20-yard line. Hereford was offside for 5 yards and then lost two yards.

A. C. Towe of Panhandle blocked a Hereford punt, which was picked up by Capt. H. Prullit, who carried the pigskin to the left of his line to the 2-yard line. Herb Marvel carried the ball over his right end, but Franklin's kick for point was wide.

Hereford received on its 33 yard line. After running plays, a pass from Davis to Reeves was good for a first down. Marvel intercepted a Hereford pass on the Whitefaces 43-yard line to end the half.

After an exchange of punts in the third quarter Hereford took the ball on her 39 yard line. A. C. Towe picked up a blocked punt and ran over the goal for a touchdown. H. Marvel's kick was no good, but a penalty gave him another try and he made it, making the score 13 to 6. The third quarter ended with Hereford in possession of the ball on Panhandle's 36-yard-line.

Hereford opened up with much passing and a penalty

THIS WEEK... AT THE USO

Hereford people are football fans! And they insist on going to all the home games. Just ask the chairman of volunteers, Mrs. Ed Loerwald. She was making out the hostess schedule for October on Monday night and she couldn't find any couples who didn't plan to go to all the football games. And there are as many football games played in Hereford in October as there are Friday nights. Shall we close up the USO and all go to the games or are there some volunteers who won't be going to the games?

If 35 or 40 people want to go, we will sponsor a trip to the Palo Duro Canyons on Sunday, Oct. 1. You must sign up at the USO by Friday night so that plans can be made. The truck will leave at 1:30 p. m. Seventy-five cents for men and 50c for ladies will cover transportation, lunch and entrance fee. Let's all go!

gave a first down. A pass, Davis to Lookingbill, put the ball on Panhandle's 10-yard line. Hereford made a yard, lost it and a pass was no good. On fourth down Davis passed to Reeves for a touchdown. The try for point was partly blocked.

The Whitefaces punted to Panhandle's 45-yard line. Panhandle was held and punted over the goal, the Whitefaces taking the ball on the 20-yard line. H. B. Skelton of Panhandle intercepted a pass and carried the ball to the 2-yard line. H. Marvel made four of the six feet he needed. Panhandle was offside for five yards. Marvel was held and Hereford intercepted a pass on Panhandle's 6-yard line. Hereford punted out of danger to end the game.

"BLONDE TROUBLE" — is what has Andy Hardy all confused in the latest Hardy family film with Mickey Rooney and Bonita Granville and the regular Hardy cast, together with the beautiful Wilde twins. It's the week-end feature at the Star.

Pvt. Will Vollmer went to New York on his furlough. His plans were to marry and bring the Mrs. back to Hereford. Sept. 7 was the day set and all plans were made. But the night of the 6th the groom developed a case of pleurisy and spent what was to have been his wedding day in an army hospital. So the postponed wedding was held a week later, the night of the hurricane. A rough beginning, Vollmers, but we hope it will be smooth from now on.

On Saturday, Mrs. Bogle, of Vega, brought in a birthday cake that she had made for Larry Don Carlson, whose father is in service at Mineral Wells. The baby is only 3 months old so his mother and Mrs. Bogle brought the cake in for the men stationed here. Thanks, Larry, we think you should have a cake every month!

Mrs. Lee Little, of the Goodrich store, brought the men a combination box of games on Saturday. Several games in one, and the men have been using it. Thanks Mrs. Little.

Add to "Soldier's wives living in Hereford": Mrs. Will Vollmer, Mrs. Charles Garnett, and Mrs. Bellforte. Welcome ladies! Something new has been added—more stripes. Now it is Sgt. The enlarged orchestra is really giving us some fine music for dancing these days. There are eight players now and their reputation is spreading far and wide. The dance Monday night drew a full house and everyone reported a grand time. Thanks orchestra!

Don Kauffman has been griping because all our dances were held when he was on guard. But Monday night he wasn't on guard. Ask him why.

The program for October will be in next week's column. Because of the trip to Palo Duro on Sunday there will be no planned program on Monday, Oct. 2.

MRS. J. N. MESSENGER
This community received one inch of rain Sunday morning, in a slow soaking fall. On Sunday, a light shower fell.

Farmers in our part of the county have their wheat all drilled and most of it is up in fine shape. Some are cutting cane and others are still cutting sudan.

The threshing machine started last week to thresh sudan but the rain put a stop to threshing for a few days.

Lewis Smith and family drove to Olton one day last week.

Geo. C. Messenger and his mother were in Hereford last Thursday transacting business and shopping.

FEEDING LAMBS ON GAIN BASIS

I am interested in having some Lambs fed, paying so much per pound for the gain.

Even though you have the feed and the cash or credit to buy your own stock to feed — possibly with all the uncertain times that are ahead of us, you may hesitate to do so.

If you have your own feed and interested in feeding lambs for so much per pound for the gain put on and can provide the proper care, write me advising what feed you have and the number of head you can care for.

But do we give them the greatest weapon of all?

IN providing our men with the wonder weapons of all time, is our job complete? Have we given them our best?

Let's give those boys the greatest weapon of all! buy!

No! Not until every free dollar in America is invested in War Bonds have we provided our men with the greatest weapon of all. For it is support from the folks at home—support that lets the soldier know we're backing him to our limit—that gives him the greatest part of his fighting strength.

Curiously enough, the farms of America need those War Bonds as urgently as our boys need the weapons and the supplies those Bonds will provide. For as those Bonds mature, they will replace machinery and equipment and provide cash to maintain those farms as profitable business enterprises.

Have any of us yet really done our best?

- ### 5 REASONS FOR INCREASING YOUR WAR BOND PURCHASES
1. The tempo of this war is hitting its highest point. Government expenditures for war are at the peak. MORE MONEY IS NEEDED... NOW!
 2. In proportion to WHO HAS THE MOST MONEY, individuals are not buying their share of War Bonds. America must correct this situation.
 3. War Bonds provide the farmer and rancher with the financial reserve he must have to survive the ordinary ups and downs of farming as a business.
 4. Money will be needed urgently at a future date to replace and repair farm equipment, machinery, and buildings. War Bonds will provide it.
 5. War Bonds are the safest investment in the world, return a good rate of interest, are easy and convenient to buy... from bank, post office, rural mail carrier or Production Credit Association.

The HEREFORD BRAND

Debbs Knox certainly is a happy boy. One of his friends wired Debbs that he had reservations for the World Series games in St. Louis and that he would be by here for him on Sept. 28. It will be Debbs' first World Series and he is really walking on air. Charley Cogdell expressed the sentiment of most other fans when he said, "I hope it rains all three days."

Rev. W. E. Barnes came by the other day to say that he is leaving for Portales, N. M., around October 1. For the past two or three years folks have been getting us mixed up. He says that they will walk up and try to pay him for subscriptions and want ads. He says that he has put up with this situation long enough. At first he thought they were joking. Next he tried to ignore their remarks. Finally he just started turning red and trying to control his temper when it happened. Even a preacher can stand just so much. Rev. Barnes says he may still look like me when he gets to Portales—but nobody will know it.

Despite this handicap, however, Rev. Barnes will leave the Baptist Church of Hereford in excellent

condition — probably the best in its entire history. In addition there are many people outside of the church who will miss him as a friend and leader. It just goes to show that perseverance will win out against even the greatest of odds.

Here's a pretty good joke: A doctor giving advice to a rather run-down elderly man. "Medicine won't help you," said the doctor. "Get away to some quiet place for several

weeks. Go to bed early, eat as much meat as your ration stamps will allow drink lots of milk and smoke only one cigar a day."

A month later the patient walked into the doctor's office looking like a new man. The doctor congratulated him.

"Yes, your advice certainly worked," said the fellow. "I followed your instructions to the letter. But, say, that one cigar a day almost got me at first. It's no joke to start smoking at my time in life."

Had a nice picture card of the Fallsades just out of Santa Monica, California. It came from George Clark, who says he is wearing his overcoat and missed his Brand for two weeks and to tell all of the old boys "howdy."

Jack London writes his parents, Mr. and Mrs. Pack London, that he is anything but enthusiastic over the army's table of travel organization. Here's what happened:

Jack spent a 10-day furlough in Hereford with orders to report back to Camp Livingston, Louisiana. He stayed here until the last possible minute, then went hungry on trains and stood up on crowded buses in a mad dash for camp. He made it just in time, almost to the minute. He stayed in Camp Livingston exactly two hours before he was placed on a train and headed for points unknown. You can imagine his surprise, chagrin and amusement when he awoke exactly 48 hours after he left here, to find himself in a troop train on a railway siding—yes, in Hereford, Texas. It was 6:30 in the morning and the train stayed here for around an hour before it pulled out. He was restricted to the train and couldn't call his folks, so he just sulked and figured how nice it would have been for him to have waited and boarded the train here that morning.

Here are some more navy jokes:

"Hooray!" yelled the rabbit as he came running out of the brush-fire. "I've been defurred."

Junk Man: "Any beer bottles today, lady?"

Lady: "Do I look as if I drank beer?"

Junk Man: "Well, any vinegar bottles today, lady?"

"I see by the paper where a woman sued a doctor for operating on her husband."

"Outrageous, what was her charge?"

"Opening her male."

"I didn't raise my daughter to be fiddled around with," said the pussy cat as she rescued her offspring from the violin factory."

There's an unpaid balance due...

THE minute never comes when any of us can say, "I've done enough." Until the end of the war—and for years thereafter—there'll be an unpaid balance due the men who are winning Victory for us today.

But War Bonds do pay installments on that balance!

Right now, the only protection we can give our boys is guns that fire quicker, planes that fly faster, and tanks that maneuver better than the enemy's. Your War Bonds help to buy them.

And when the war's over, War Bonds will go on making "payments"—because they'll help the country—including your farm—get back to peacetime prosperity. Let your returning boy find the farm backed with a strong financial reserve in Bonds... for new buildings, new stock, new ma-

chinery, and extra living comforts for the home he's been fighting for. Today, and every day you can, buy another Bond toward that unpaid balance!

News from Hereford High School

Club Members to Attend Hi-Y, Tri-Hi-Y Conference

Several high school girls and boys plan to attend the Great Plains District Hi-Y and Tri-Hi-Y Training Conference, which will be held in the Amarillo High School, Saturday Sept. 30, from 9:30 to 4:30. The local Tri-Hi-Y will have charge of the devotional. The Hereford organizations are under the leadership of Miss Irene Crawford and Mr. Herman Ford.

Some of those to appear on the program are: Ned Kemp, assistant secretary of the South-west Area Council of Y. M. C. A.; C. M. Rogers, superintendent of Amarillo schools; R. A. Selby, guidance director in Amarillo High School; Rev. Roy Snodgrass, pastor of the First Christian Church; Harold Nichols, director of Amarillo Y. M. C. A.; C. B. Eades, director of music at Sam Houston School; Ross Larson, principal of Elizabeth Nixon Grade School.

Los Viajeros Have Initiation

Many people in high school might become quite confused when the new members of Los Viajeros came to school Tuesday, Sept. 19. At a glance one might have thought he was looking at a boy, and at a second glance it seemed to be a girl! The new members dressed as half girl and half boy!

The new members were also initiated at a regular meeting of the club Monday night, Sept. 18. Some of the things which included finding their shoes in the dark after the shoes were scattered all over the gym; two persons, carrying suitcases, racing to the end of the gym and putting on clothes which were in the suit-cases; this proved quite embarrassing to some, feeding new members worms, which frightened some, and a few other initiations. After all initiating was over, all old, honorary and new members enjoyed watermelon.

Hi-Y Has Guest Speaker

The Hi-Y met at 8:15 Tuesday night, Sept. 19. The guest speaker for the evening was Baine E. Driskill, head of endowment at Texas Christian University. He has traveled widely both in our own country and abroad and was a very entertaining and informative speaker.

Former Employee Returns

A great cause for happiness in the high school is the fact that Mr. Arthur Brock, a former employee, has resumed his previous work after a two years' absence.

The enrollment in high school is 340; in Central it is 735.

Release

...speak no evil!

"There is only one evil", wrote Socrates, "that is ignorance." And ignorance it obviously is, which sometimes prompts the careless car-owner to say that all motor oils are alike, that there is no difference between any of them.

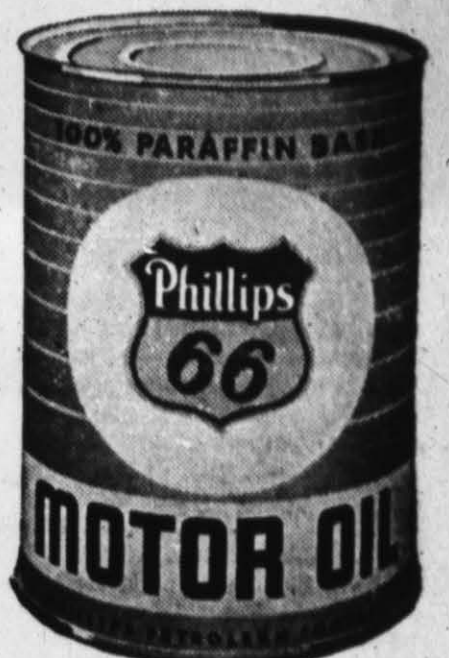

Oils vary in chemical composition, in stability, in freedom from harmful impurities, in lasting power, in ability to maintain viscosity, and in many other ways as well.

That is why all intelligent car-owners naturally prefer a quality oil. But not all of them know the simple, easy way to be sure of getting it, as explained by the following facts:

Phillips offers a number of oils because car-owners' preferences vary almost as much as their cars and pocketbooks. But when you want our best oil, remember Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Figure the cost per year of draining and refilling with quality oil every two months, as experts advise, as against the cost of using cheap oil and it is plainly foolish economy to take a chance. So when making the seasonal change from summer-worn lubricant, get quality by getting Phillips 66 Motor Oil.

Lone Star Club Begins Study Sessions Tuesday

The first study program of the year was presented at the Lone Star Study Club meeting held Tuesday afternoon at the home of Mrs. C. D. Kelton. Mrs. Robert Thompson was cohostess.

Two speakers dealt with the program subject, "The Immigrant Traffic" with Mrs. Louise LeGrand discussing the Dutch and French immigrants. Beginning her talk, Mrs. LeGrand said that history reveals that eight nationalities were represented on the voyage with Christopher Columbus and that America got its name from a German map-maker working in a French college, in honor of a great Italian explorer sailing under the flag of Portugal. She traced the history of the Dutch and French settlements in America and told of their traditions that have been handed down from year to year, and gave accounts of their religious, artistic and architectural influences still in existence.

Mrs. Roger Corbett told of the early colonization by the "Welsh and Swedes." Outlining of the colonies through the influence of the agricultural development of the colonies through the influence of the Welsh immigrants she told how they first came to Pennsylvania and later to other parts of the country, establishing the Presbyterian church in California and other sections. She told of the 50 Swedish colonists who built a fort near Wilmington, Del., and who finally launched the fur and tobacco industry in this country. The next meeting of the club will be held at the home of Mrs. Ralph Smith.

Members of the club attending the meeting were Mesdames Lyle Blanton, R. G. Blue, Cawthon Bryant, O. L. Click, Roger Corbett, Leo Forrest, W. S. Flutt, Jack Grady, Homer Henslee, Jim Higgins, John Jacobsen, Louie LeGrand, Nelson McRight, Forrest Minton, Guy Newsom, Coy Phillips, Earl Phillips, Ralph Smith, Owen Stagner, Robert Thompson and the hostess.

ELITE CLUB MEETS

Elite Sewing Club was entertained in the home of Mrs. Frank Terrell Thursday afternoon. Members of the club quilted on a quilt being prepared for Bays Ranch near Amarillo. It was announced that two anonymous donors had presented the club with two woolen blankets to be given to the Boys Ranch and the blankets were displayed.

Those attending were Mesdames Edna Jett, Noah Ewton, Ross Fuller, J. C. Cummins, Henry Williamson, T. E. Seigler, J. O. Newell, E. E. Fridley and the hostess.

A & M Students

Four Texas A & M College students will return to the school this week after brief vacations here. Enrolling as a freshman this next semester will be Nolan Grady, son of Mr. and Mrs. Jack Grady, who graduated from Hereford High School in May. Robert Hickman, son of Mr. and Mrs. John Hickman, is a sophomore and will return this week. Billy Davis, son of Mr. and Mrs. W. L. Davis will be classified as a junior and Calvin Brumley, son of Mr. and Mrs. Bonnie Brumley, will return for his senior work.

Here is Cologne, in the path of Allied armies invading Germany. This view shows Cologne's renowned cathedral, and railroad station at right. Allied bombers subjected the Rhineland city of 756,000 to saturation bombing earlier in the war.

LETTERS FROM OUR READERS

A man bought a load of hogs and kept them and fed them 6 months. He sold them for the same money he paid for them. When a friend laughed and said, "John, you can't make a living that way," he replied: "I know it, Bill, but I had the use of them for six months."

That little tale of woe aptly describes the present plight of Deaf Smith County onion growers. We have raised the finest crop of onions this county has ever seen. Planting the finest certified seed, we worked patiently to bring them to harvest. The cost of production was high, labor was scarce — but the weeds and grass were abundant. Few onion growers would care to admit it, but the majority of them have spent \$200 and better an acre to bring this fine crop to harvest. We are proud of the national recognition that has come to our own county, proud of the vital foods produced for the war effort. Yet, today thousands of bushels of top quality onions around Hereford are hardly worth the gathering. The market is flooded with onions being unloaded on the Texas markets from other states.

The government has set a fair ceiling price to the growers, but due to the flooded condition of the market, Deaf Smith onion growers face a huge loss. Remember last winter? What did onions cost you per pound, 10c, 15c? Yes, and today right in the midst of our onion harvest you are paying 7-1-2 cents per pound for out-of-state onions. There isn't an onion grower in Deaf Smith County who wouldn't be "tickled pink" to furnish your winter supply of No. 1 onions at three cents a pound.

It is the boast of our people that we do things better, raise finer products and have a better portion of the state in which to live than other folks and that folks are just naturally better neighbors out here on these high plains. How about it folks? Will you lend a helping hand to your own neighbors? Buy at home the finest quality onions ever grown and incidentally, effect a saving to your own purse — or will the onion growers of this area "have the use of their onions" while we pay more? D. R. McMahon.

Tough Fight

White Deer, which beat Borthe margin scored by Panhandle, has at least a two touchdown edge on the Herd — strictly on a mathematical forecast basis. But the boys are not playing their games in a dope bucket; and despite some handicaps in the form of injuries and illness among the regular starters, they hope to come through on top.

White Deer has the services of Urbanczyk, ace backfield man who proved almost too hot to handle last year, and of Lopez, star guard who was one of the best linemen in the conference in 1943. In addition the Bucks have a letterman at center; two others in the line and three in the backfield.

Lloyd Manjeot, co-captain and team sparkplug, will be out of his regular starting position for the Whitefaces this week because of a leg injury received in the Panhandle game. However, early reports that he would not be able to play for the remainder of the season were perhaps too pessimistic and Coach Stanton states that Manjeot may be back in two or three weeks. Gayle Rogers, end, who was not able to play against Panhandle, is still out of the lineup this week because of a leg injury; and illness will prevent Jimmy Easley, guard, from playing. Center Charles Skelton will perhaps be Coach Stanton, but may not be able to play a full game. The probable starting lineup will include Skelton, center; Mc-

as inquiry is made. However, Thomas said, "I can promise you that you will be paid interest at the rate of six per cent per year for every month your refund is delayed after Mar. 15, 1944."

"We estimate that between 275,000 and 300,000 refunds will clear through the Dallas office," Thomas said in emphasizing the magnitude of the task facing the revenue collectors. In each case, the return must be compared with employer's withholding tax receipts and other documents; and in many cases, returns contain errors which must be corrected.

Obviously, the entire 300,000 refunds cannot be completed at one time, however the Dallas office has already sent out ap-

proximately 100,000 checks. "The refunds are not being issued in alphabetical order," Thomas says, "But, in fairness to all taxpayers, refunds are being made in the order in which the returns are reached for mathematical verification."

"Several thousands of refund checks have been returned unclaimed," Thomas states, pointing out that taxpayers can aid the refund procedure by notifying the collector with whom they filed their 1943 returns of any change of address since the return was filed.

Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.
