AROUND TOWN

Sights and Faces Seen

Tuesday saw a phenomena of numerology which will not be repeated for 11 years—or to be exact, 11 years, one month and one day; for on Tuesday, the date could be written "4-4-44" and a similar combination will not be possible until May 5, 1955.

Despite the fact that the fishing season opened a month earlier than usual, Mont Baker is the only Hereford fisherman reporting any success at the anglers' art thus far. Mont caught a 14 inch bass, and is not letting out any secrets as to how he let the fish know that the season was officially open.

Last week's cold weather prevented early flowering of many plants around town, but up at Mother's Park, the scene is beginning to be colorful with two red-flowering Japanese quince and three winter honeysuckle in bloom. Also some Forsythia blooms are beginning to show.

There have been some arguments—and quite a few bets—as to whether the city election was announced in last week's Brand; and the answer is "yes and no." The second ticket was not announced until after some of the Brands had been mailed out; and although the presses were stopped and the story inserted for the rest of the run, a few papers did not carry the announcement.

Foster Receives DFC for Deeds With Air Force

A news release from a U. S. Ninth Air Force Marauder Station, somewhere in England, announces that 1st Lt. Chilton M. Foster, 23, formerly of Hereford, has been awarded the Distinguished Flying Cross for outstanding achievement while serving as pilot of a B-26 Marauder on hazardous bombing operations over enemy-occupied Western Europe. Foster has 32 operational missions to his credit and wears in addition to the Distinguished Flying Cross, the Air Medal with four Oak Leaf Clusters.

Lieutenant Foster graduated from Hereford High School in 1938 and attended Texas Tech, Lubbock. Before enlisting in the Air Corps on Jan. 24, 1942, he was employed as a printer by a Lubbock office supply company. He received his wings on Dec. 10, 1942, at Ellington Field, Houston, and left for overseas duty early in 1943.

His parents, Mr. and Mrs. A. A. Foster, live in Lubbock.

Holy Week Liturgies to Climax on Sunday

Special worship services will mark the observance of Holy or Passion Week in Hereford as worshippers of all faiths join in a feeling of reverence and humility in keeping with the important religious significance of the period.

Passion Week refers to the days following and exclusive of Palm Sunday and the chief days of the week are Maundy Thursday, Good Friday, Holy Saturday, and the day of the resurrection, Easter Sunday.

The First Christian Church will hold a candle-light communion service Thursday night at 8:30 o'clock and on Friday night at the same hour a prayer and meditation service will be held, with a sunrise Easter service to be held at 6:45 o'clock Sunday morning to climax the special observances.

Rev. L. W. Bridges, Christian pastor, extends a cordial invitation to the public to all these services as well as to the regular Sunday worship hours. St. Anthony's Church

Panhandle Potato Growers To Meet Here on Friday, April 14

A meeting of potato growers from the entire Panhandle area will be held at the court house in Hereford Friday night, Apr. 14 at 8 o'clock, and sponsors are endeavoring to give the meeting the greatest possible publicity over the area as the problems to be discussed will have vital importance to the potato business in this territory.

Meeting of General Interest

The purpose of the meeting is to discuss the need for a Panhandle Potato Growers Association and to take the first steps toward organization if growers agree on the need.

A special invitation is being extended to the State Commissioner of Agriculture and to representatives of Texas A & M College. County agents and other government officials who come in contact with potato growers are being asked to announce the meeting, and dealers and processors are also invited to attend.

Pointing to the need for organization, Harry Young, local processor and dealer, states that the meeting is not intended for discussion of any marketing arrangements between growers and dealers or marketing association. "It will be confined to matters of general interest to the industry," Mr. Young says, listing such matters as seed, support and ceiling prices, transportation, refrigeration and cooling, freight rates and government rulings as matters which will probably be discussed.

Get Industry Recognition

"Lack of organization has prevented this sector from receiving consideration in line with other parts of the country," Mr. Young declares. "Individual efforts in the past have not been strong enough to secure the recognition the Panhandle potato section should have; but if growers from Shallowater, Lubbock, Lockney, Plainview, Tulla, Spring Lake, Muleshoe, Dimmitt, Texline and Hereford get together on these matters of common interest, better results are sure to come."

Despite the fact that this is a busy season for potato growers, the sponsors believe that the importance of matters to be discussed will bring about a large attendance.

Protein Meal Rulings Changed This Month

After April 1, Texas feed processors no longer will be required to obtain a statement from buyers approved by the county AAA Committee in order to deliver 500 pounds per month of protein meal to an individual, according to an announcement from College Station this week.

The required statement regarding the use of more than 500 pounds of protein meal monthly in mixed feeds also will be eliminated.

Food Stores In Compliance With Price Rule

"Everything in good order," is the report issued by the price control panel of the local war price and rationing board after a recent check of observance of ceiling prices in grocery stores in Deaf Smith County.

"There were naturally a few slight variations from OPA ceilings," says Mrs. A. J. Schroeter, chairman of the price panel. "But in every case merchants showed a most cooperative attitude and any errors found were immediately corrected; the committee and assistants who helped with the price-checking job are unanimous in their appreciation of the assistance given by our local merchants."

All members have the official OPA charts of ceiling prices posted in their stores, the chairman explains, and it is not difficult for any customer to determine the correct price for meat and grocery items. Since the job of keeping prices down is an important phase of the home front war effort, all customers should cooperate with merchants in obeying price rules.

Members of the price panel are Mrs. Schroeter, Mrs. Knox (Continued on Page 12)

Car Registration Takes Slight Cut From 1943 Total

A total of 2,014 cars and trucks had been licensed in Deaf Smith County up to Monday afternoon, it was revealed this week in a check-up at the tax collectors office.

Registrations showed 1,319 passenger cars licensed in the county; 535 farm licenses and 160 commercial cars; as compared with 1,419 passenger, 199 commercial and 534 farm licenses issued in 1943.

Reason for the slight decrease in car registrations is probably traceable to war conditions—the gradual tightening of gas rationing, the tire shortage and the impossibility of replacing old and worn-out cars and trucks.

Knitters Needed to Help With Red Cross Program

More knitters—especially ladies who know how to knit gloves—are needed in the current Red Cross production program. Mrs. J. T. Gilbreath, Jr., knitting chairman, stated today.

Yarn is available at the Red Cross sewing rooms and ladies desiring to help in this program should report at the sewing room or see Mrs. Gilbreath.

Grain Bins Offered for Sale in County

The Deaf Smith County AAA Committee, as agents for the Commodity Credit Corporation, are offering for sale a total of 312 grain bins, now erected or stored at the bin site in the southeast part of Hereford, an announcement this week revealed.

The bins, some of which are erected and painted, and some of which are still to be assembled, were originally shipped here to take care of the storage problem posed by the 1942 bumper wheat crop, and they are now being offered to local farmers and businessmen for any type use to which they may be adapted. (Continued on Page 12)

Salvage Fat Campaign Off To Good Start

Reporting that \$5.20 had been collected in less than a week from the sale of salvage fats, members of the Hereford Junior Red Cross this week expressed appreciation for the cooperation of local housewives in salvaging this vital war material.

The money represents the sale of 130 pounds of salvage fat, the sponsors point out, stating that persons aiding in the campaign are also contributing to a worthy wartime cause, as the money collected for the Junior Red Cross will be used to buy magazine subscriptions for the day rooms and hospital at the Prisoner of War Camp.

All housewives are reminded again to save all used cooking fats, strain the grease into a coffee can and turn in the container and salvage fat at their local meat market. Payment of two red ration tokens and four cents a pound is made for the fat, and the Junior Red Cross has collection bottles at the meat counters to hold the money payment of persons who wish to donate to the magazine fund.

Secretarial Help Engaged for Work in CHDA Office

Because of the pressure of work in the war food production and conservation program, Deaf Smith County has been allotted a sum for clerical and secretarial help in the office of the county home demonstration agent, Miss Sadie Lee Oliver announced this week.

Miss Lee Etta Hopson, will be employed in Miss Oliver's office and will keep the office open each week-day from ten until one and from two until six o'clock.

The program is scheduled to continue until June 30, Miss Oliver said.

Red Cross Reports Final Collection of \$8,851 in Drive

Reporting a total collection of \$8,851.54 in the Red Cross War Fund Drive, the local chapter and citizens of the county this week were ready to "point with pride" to a job well done in this great humanitarian cause.

Most reports are in but the sponsors believe that the final figure will probably represent an even greater excess over the \$8,300 quota.

Members of the local Red Cross Committee, pointing out that the figure represents an average contribution of nearly \$1.50 for every man, woman and child in the county, praise the fine support given the drive and express appreciation to the many volunteers who gave generously of their time and effort to help put the Red Cross over the top.

Ireland, Gass and McCracken Win in Close City Election; To Take Office May First

Lt. Jones Sends Message From German Camp

Mr. and Mrs. A. T. Jones of Frio have received their first direct message from their son, Lt. George T. Jones of the Army Air Corps, since he was reported missing in action on Dec. 20, 1943.

They had previously received notice that Lieutenant Jones was a prisoner of war in Germany but the message received this week—a letter written on Dec. 27—contained the welcome news that their son was in good health, and uninjured.

"They are treating me pretty well and the food is pretty good also—a lot better than I had expected," Lieutenant Jones wrote, adding that the Red Cross had supplied him with cigarettes and clothing and stating that the Red Cross was doing a wonderful work for the war prisoners. He stated that he would be allowed to write four letters a month and advised his family to consult the local Red Cross as to how to send letters and packages to him.

Another son of Mr. and Mrs. Jones, Seaman J. P. Jones, is on duty in the South Pacific.

Dr. Wiltshire In Florida Army Hospital

Dr. B. M. Wiltshire, who is in an army hospital at Palm Beach, Florida is improving, according to Mrs. Wiltshire who returned from Palm Beach last week.

Dr. Wiltshire entered the service in August, 1942, and injured his arm while still at Camp Barkley, Abilene. He was sent to India and his arm became worse during his seven months stay there. He returned to the United States about six weeks ago and is being detained in Palm Beach for treatment.

Mrs. Wiltshire said he hoped for a sick-leave soon and in that case he will be able to visit here with his family for a while.

Former Hereford Boy Killed In Marshall Action

Mesa Roberts, son of Mr. and Mrs. H. M. Roberts of the Bootleg community, was killed in action with the Marines in the Marshalls, according to a message received here Friday from Marine Corps headquarters.

Roberts formerly lived in Hereford, attending Hereford schools from about 1937, when the family moved here from Crosbyton, until 1940, when he joined the Marine Corps.

Ward Pie Supper Brings \$300.02 for Red Cross War Fund

A good time—and a \$300.02 contribution to the Red Cross—was the result of the pie supper and dance held last Friday night at Wau, where Mrs. G. Hutson was in charge of the Red Cross War Fund Drive.

Pat Filbin, who auctioned the pies, reported that none sold for less than \$5, and \$14 was the high bid for a single pie. One cake, auctioned to Charles Hood, brought \$37; and F. Y. Moreman bought the April Fool pie, to discover, first, that he had no partner for the supper, and then that his pie was filled with cotton.

Music for the dance was furnished by Mrs. Joe Doerfler, Mr. and Mrs. Barnes and Jack Dean.

Mothers Club Plugs Entries C of C Contest

Mrs. Ray Barber, president of the Tri-Hi-Y and Hi-Y Mothers Club, urges members of the organization to take part in the Chamber of Commerce City and County Improvement Contest.

"This is a grand opportunity for the mothers of the community to show a real interest in civic activities and to place before the people of Hereford a working plan for the betterment of the city and county," says Mrs. Barber, pointing out that a recreation and youth center will undoubtedly be the immediate goal of many improvement plans.

The joint meeting of the Tri-Hi-Y and Hi-Y Mothers Club and the representatives from civic and social clubs has been postponed until Apr. 14, because of the Easter holidays. It will be held at room 23 in the High School building at five o'clock.

Support Program To Bolster Egg Market in County

That there will be a government price support program on eggs was announced this week by County Agent A. R. Bateman, who will be in charge of the local program for the War Food Administration.

Complete details on the program were still lacking this week, but Mr. Bateman states that the program will enable authorized buyers to pay 26 cents a dozen to the producer and should result in some financial improvement for poultry raisers, many of whom have been preparing to sell their flocks because the low price of eggs will not pay production costs. Eggs have been bringing about 20 cents a dozen on the local market for the past few weeks.

After a check-up on the market, Mr. Bateman will be empowered to submit contracts to approved purchasers, who will then get WFA support payments to offset the increased price to the producer. Tentative plans include two general purchase programs—one for carload purchases and one for purchases in lots of ten cases, with eggs bought in this program to go into the various federal surplus food distribution programs.

March and April Dairy Production Payments Combined

Announcing that March and April dairy production will be combined in one application for payment, F. G. Collier of the local AAA office this week stated that the committee has not yet been advised when to begin the new payments but that it will undoubtedly be sometime next month.

Rate of payment for March and April has been increased to 20 cents per cwt. for cows and 60 cents per cwt. on milk.

In the meantime the local office is eager to finish work on the February payments and any dairymen who have not yet made application for payment on their February sales are urged to come in immediately and fill out applications.

Farm Storage, Warehouse Loans Mature on April 30

All 1942 farm storage loans and all 1943 warehouse loans will mature on April 30, it was announced this week at the county AAA office.

Farmers are advised to take care of this matter as soon as possible, in order that all records may be clear by the deadline date.

One of the closest contests in the history of Hereford Monday saw the election of E. S. Ireland as mayor and N. E. Gass and J. C. McCracken as commissioners to serve for the coming two year term. In the mayor's race there was a bare 16 vote difference between the totals for Mr. Ireland, and the present mayor, C. J. Paddock.

Votes as reported by J. H. Head, election judge, were as follows:

FOR—MAYOR—E. S. Ireland, 178; C. J. Paddock, 162.

FOR COMMISSIONER (two to be elected)—N. E. Gass, 220; J. C. McCracken, 182; Vern Witherspoon, 150, and H. A. Close, 125. In addition to receiving the highest individual vote on the ticket, Commissioner Gass also (Continued on Page 12)

County School Vote Draws Unusual Interest

County and precinct school elections held Saturday upset the traditions of the past few years by turning into hot contests in some district, with the election at Dawn, District No. 2, polling a total of 91 votes, of which the winner, H. V. McCabe, received 59 to the 32 marked up for Mrs. R. A. Frye.

Results in the other elections were as follows: At Summerfield, Dist. 1, B. E. Roberson was reelected. Dist. No. 4, Wyeche, W. J. Albracht.

Dist. No. 5, Westway, Buren Sowell.

Dist. No. 6, Walcott, B. B. Northcutt.

Dist. No. 7, Ford, Lewis Harvey.

Dist. No. 8, Ward, Bill Hutson.

Dist. No. 10, Messenger, F. A. Davis elected by one point margin over A. N. Brown.

At the election at Wyeche, voters also passed a measure to raise the school tax rate to \$1 per \$100 valuation.

County trustees chosen Saturday were G. W. Wilson, from precinct 3, and D. W. Hawkins, from the county at large. Both men were re-elected.

Local Dairy Installs Pasteurizing Equipment

Having installed modern pasteurizing equipment, the H & B Dairy, operated by P. M. and Cotton Houser and B. E. Brumley, this week announced that they will offer pasteurized milk to dairy customers in Hereford.

The dairy will continue to offer delivery service for the complete line of milk, cream and buttermilk, and states that the new pasteurizing service will result in no increase in milk cost to customers.

All the milk sold by the local dairy is produced in this community, and in addition to the delivery service, all products in the H & B line are on sale at five local grocery stores.

BUT... OIL-PLATING YOUR ENGINE is like outdoing the future — today

The first changes in new cars might be "miracles" — or moderate. Regardless, no new engines will be free from corrosive acids, always "planted" inside by every engine's explosions — just as in your present car. The more it stands unused, the greater the risk from trapped acid. This stepped-up risk arrived with rationing. Yet even before, when steadier heat in unrationed driving ousted acids partly, the prudent motorist still took advantage of all the extra acid-resistance made possible by having his engine OIL-PLATED.

This big advancement — a safely OIL-PLATED engine — can be "standard equipment" in your own car right today, at the mere price of a Spring oil change.

Out with unfit Winter oil! Then change to Conoco Nth motor oil to have your engine automatically OIL-PLATED. The highly advanced syn-

thetic in Conoco Nth oil — patented — seems like "magnetism" in causing inner engine surfaces to attract and hold a layer of OIL-PLATING... a corrosion-resisting shield between acids trapped inside and every surface that's OIL-PLATED.

Wouldn't that make you OIL-PLATE your Victory car? It can help you bridge the gap until then, too. Simply change to Conoco Nth for Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

Plans for Federated Club Convention Are Announced

Club women throughout the Seventh District, Texas Federation of Women's Clubs, are making plans for the annual convention to be held April 17 and 18 in Plainview.

The program for the convention, according to Mrs. Wes Izzard, district president, is practically complete and many of the Hereford clubs have already elected delegates, and reports on the special projects and work are being compiled.

The Hilton Hotel will be convention headquarters, but all sessions will be held at the First Methodist Church. Registration will begin at 2 o'clock in the afternoon April 17, and the district board meeting will be held at the same hour.

Delegates, board members and district officials will be honored at a five o'clock tea on the opening day at the home of Mrs. O. B. Jackson, 907 Columbia St.

President's evening at 8 o'clock at the church will officially open the convention. Mrs. Izzard and Mrs. Jefferson D. Atwood of Roswell, N. M., chairman of the General Federation of Women's Clubs Citizenship Department, will be featured speakers.

On the morning of the 18th, the second session will open at 9 o'clock. Reports will be presented and in the afternoon, T. M. Trimble of Austin assistant state superintendent of education, will give an address on "The Plight of Education in Wartime."

Hotel reservations should be made with the Hilton or with Mrs. M. W. Lemons, president of the Hale County Federation, who is the official convention hostess. Her address is 1606 West Seventh Street, Plainview.

Club groups are reminded that:

Year books should be mailed to Mrs. G. J. Nunn, 1615 Tyler St. Amarillo.

Penny Art Fund money should be sent to Mrs. Lloyd Nelson Claude.

CLOSE-OF-YEAR LUNCHEON HELD FOR CHURCH GROUP

The annual close-of-the-year luncheon was held by members of Group Three of the Presbyterian Woman's Missionary Society at the manse Tuesday afternoon.

Golden-yellow daffodils centered the luncheon tables and other flowers in those colors were used about the house.

After the luncheon a short program was directed by Mrs. Henry Benson who gave the devotional lesson on what we can find in The Cross.

The recordings, "The White Cliffs of Dover" by Alice Duer Miller and presented by Lynn Fontaine, were featured.

A business session followed the program with the following officers named for a new church year: Mrs. J. T. Gilbreath, chairman; Mrs. H. A. Close, program chairman; and Mrs. Close, Mrs. N. E. Milburn and Mrs. Henry Benson named to serve on the year book committee.

LONDON BRIDGE CLUB MEETS FOR GAMES

London Bridge Club members were entertained at the home of Mrs. Grant Fuller on Wednesday afternoon last week.

High scores in contract games were made by Mrs. W. A. Teter and Mrs. Knox Kinard. Guests at the club party were Mrs. Kinard and Mrs. J. S. Maxfield.

Members present were Mesdames N. E. Milburn, Gordon Taylor, Meade Halle, W. A. Teter, Kellar Muse, J. T. Gilbreath, Jr., and the hostess.

JAME NEWSOM IS FIVE YEARS OLD

Little Jane Newsom celebrated her fifth birthday last week with a party given by her mother, Mrs. G. W. Newsom at their country home.

Red and white colors were emphasized in party decorations and favors.

Games were played and refreshments served to Charlotte Moore, Glenna Gault, Gayle Gault, Sue Springer, Twyla Springer, Janie Womble and the honoree.

Mothers attending the party were Mesdames J. O. Newell, Henry Williamson, Howard Gault and Earl Springer.

BAPTIST W. M. U. HAS SOCIAL MEET

A business and social meeting of the Woman's Missionary Union of the Baptist Church was held at the church on Wednesday afternoon last week.

During the social hour games were directed by Mrs. Jack Robertson and refreshments were served.

Announcement was made that the regular monthly Bible lesson will be held on April 12. Members were urged to attend the morning services during the revival meeting now in progress. This meeting is being sponsored by the W. M. U.

Parent Delinquency!

You hear a great deal about juvenile delinquency. Many authorities say it is more the fault of the parent, rather than the children. What do you think? All parents, and their children should see "WHERE ARE YOUR CHILDREN" at the Texas Theatre Sunday, Monday and Tuesday, April 9-10-11. (adv.)

Easter Tea-Party Honors Mothers

A lovely spring tea-party with the desire for their mothers to meet their new teacher, Mrs. F. G. Collier, providing the incentive for the party, was given by class 7B at Central School Friday afternoon.

All decorations, which included yellow daffodils and other Easter suggestions, were arranged by the pupils, as were the refreshments for the party.

Mrs. L. O. Wilson, room mother, assisted Mrs. Collier and the girls of the class served the refreshments.

Calliopean Club Has Meeting

Calliopean Club met at the home of Mrs. Elizabeth Womble Thursday evening.

Mrs. Jimmie Gillentine was in charge of the program, and reviewed "Skin of Our Teeth" by Thornton Wilder. She described it as a story of the eternal struggle between good and evil, the eternal see-saw of progressing and falling back. Continuing she said in part, "Wilder's jumbled resume of man's history should mystify only those who worry their heads over hid-

den meanings instead of adjusting their imaginations to spectacular stagecraft. Perfectly clear is Wilder's optimistic conclusion that mankind for all its bad luck and narrow escapes is indestructible."

A short business session was held and Mrs. D. C. Laird, Jr., was welcomed into the club as a new member. Members attending included Mesdames J. R. Allison, O. J. Beene, W. L. Davis, Wayne Evans, Alton Fraser, J. T. Gilbreath, Jr., Jimmie Gillentine, J. E. Kirby, W. C. Pitman, Nancy Denmead, Misses Kathryn Davies, Marie Gaspy, Katherine Kirby, Eloyse Pitman the new member and the hostess.

Phebean Class Will Meet

Phebean Class of the First Baptist Church will hold its regular monthly business and social meeting at the home of Mrs. Robert Singer Friday afternoon at 3:30 o'clock. Mrs. Jimmie Allred will be cohostess.

By MRS. MERLIN KAUL
A home coming will be held Sunday at the schoolhouse with all former residents of this community especially invited. A basket dinner will be served after church services and singing and Easter egg hunts will provide afternoon entertainment.

James Nolan Edmonson and Vernon Wilson went to Lubbock last week to take their physical examinations for naval service. They will leave Thursday for Lubbock for induction.

Mr. and Mrs. F. W. Dodson and Miss Elma Smith held the school election Saturday. Buren Sowell was elected to succeed Clarence Morrison, whose term expired this year.

Clarence Morrison, Marjorie and Mary Lynn spent Thursday in the J. A. Morrison home at Hereford.

Mrs. G. W. Wilson attended a shower Saturday afternoon at the George Millard home in Hereford honoring her daughter-in-law, Mrs. Elvin Wilson.

Mrs. Clarence Morrison, Mrs. Merlin Kaul and Walter Lynn were guests at lunch at the cafeteria Thursday.

Vernon Wilson took a load of cattle to Fort Worth last week. He spent several days with his parents at Abilene. His mother has been quite ill for some time.

Mr. and Mrs. Elmer Combs and Billy Don and W. E. Combs went to Plainview Sunday morning to spend the day with Elmer's brother, W. E. Combs, Jr., who was home on leave from the navy. Gene Combs returned home with his parents after spending several days with his grandmother.

Mr. and Mrs. Earl Scott and daughter of Borger, and Mrs. John Walker and baby of Hereford were callers in the Sherrad Smith home Sunday afternoon. Miss Doris Roberts of Summerfield was a week end guest of Helen Jo Wilson. She was a visitor at Sunday School Sunday morning.

Mr. and Mrs. Vincent Skypala attended a birthday dinner at the Edgar Skypala home in Hereford Sunday honoring the birthday of Mrs. Edgar Skypala. Mr. and Mrs. Grady Wilson and Norma Sue were visitors in the afternoon.

Little Sheila Millard had a tooth pulled at Canyon Monday. Sheila fell sometime ago and hit the tooth causing it to abscess. She is four years old.

Pvt. and Mrs. Leland McMurray of Hereford spent the week end in the home of Nannette's parents, Mr. and Mrs. Earl Little.

Dinner guests in the Earl Little home Sunday included Rev. W. S. Armstrong of Plainview, Pvt. and Mrs. Leland McMurray of Hereford, J. B. Little, Mr. and Mrs. Merlin Kaul and boys.

J. B. Little is doing some carpenter work at the Kelly Gray home. A porch and garage is being built on to the house.

Red Cross contributions have continued to come in and we are glad to report that the amount raised in this community during the drive totaled nearly \$350.

Announcements received here last week told of the arrival on March 25 of a daughter Betty Rae, at the home of Rev. and Mrs. W. S. Armstrong at Plainview. Betty Rae is the only daughter, having three brothers.

THIS WEEK... AT THE USO

Any member of the armed services who brought a box of Kleenex to town received many looks of envy from the people of Hereford who haven't been able to get such luxuries for months. Favors were granted—dates were arranged—just for Kleenex.

Where and oh where has Jack Gillings been? He didn't go on the trip to Boston and he hasn't been in the USO for a week. And all because he didn't show up for Reville one day! He will after this though.

Did you see the rainbows after the rain Saturday afternoon? "Cookie" Courtney was in the USO looking at them and remarked, "Now, look at that. Any place else there would be a rainbow. But 'Texas'—it has to have two."

The wives who come into the USO in the afternoons have been making hats. They crochet them. It takes only an afternoon to do one so some of them have a hat to match every dress. Very chic too! Two of them have made lovely crocheted purses too. And when there is yarn left over they make pot holders. Such ambition—and in spring too!

There was a Panhandle USO conference last week in Amarillo. The workers came from all over the Panhandle and much valuable information was obtained. Ideas on organization, area cooperation, programming and personal counseling were exchanged.

We are trying to have some activity at the USO each week. Two or three evenings if possible. This week there was a Sing-

Song on Monday night with Mrs. Jesse Stanford and Marie Glaspy in charge. Then on Tuesday night Lillie London and a bunch of girls made candy and played games. Lillie was in charge. On Wednesday we tried out a Quiz contest—Results will be announced next week, but we are willing to wager that Stormy wins on the sports questions and Joe Rogers wins on Favorite Blondes.

There will be a very important meeting of the USO Council on Thursday, April 6, at 8:15 in the County Court Room.

Some of the boys may have gone to Boston last week but we understand they came back to Hereford on a freight train.

Do You Remember?

APRIL 1, 1904.

This week a deal was consummated whereby Bell Bros. became owners of the Burns & Smith drug store building and other considerations, in exchange for one section of land in Castro county.

We regret to learn that G. S. Williams, of the North Draw, while assisting A. H. Morris on Monday in branding calves, had the misfortune to break his leg, but hope that the fracture will rapidly mend and that he will soon be a welcome visitor in town.

The spelling bee that was held at the court house on Monday night was patronized by a good crowd, and that the program given was appreciated was evinced by the good attention that was given and the hearty laughs. Judge Witherspoon was the evening's champion.

Your Sacrifice

Dear Customer:

You have given up a lot of things because of the war. You can't do much driving. You can't buy tires like you used to. And the same goes for meat and butter and cars and electric iceboxes.

That's tough on you. You're "sacrificing"

Me, too. My gas business is down to a trickle. My tire business has practically folded up.

And on top of that, I'm short of help. That's why it sometimes takes me longer to serve you than it used to.

But I am more anxious than ever to inspect your tires and your battery. If anything, my lube jobs are more conscientious than before. That's my part in helping you Care for your car for your country.

I am working longer hours than any man should, and making less money than I did. So that's my "sacrifice".

But, brother, you and I are not making any sacrifice that even deserves to be mentioned in the same mouthful with the sacrifices of our fighting soldiers, sailors, and marines.

Good Government

... an ADDRESS BY EUGENE W. CASTLE, PRES

Before THE BETTER BUSINESS BUREAU and the DALLAS RETAIL MERCHANTS

WHEN your program committee extended to me the very gracious invitation to address the Dallas Retail Merchants Association at your annual luncheon, I considered it a great honor and privilege to accept. It is more than twenty years since I last visited your amazing city.

I believe that what I have to say to you is certainly a "retail" matter and one that concerns all of us here today and throughout our country.

The retail merchant is really the red corpuscle and blood stream of our American free enterprise system. The retail merchant not only represents the highest integrity of business but he also symbolizes that quality that is the most sacred thing of all—our individuality. Without this he would become a mere puppet of a man—a being no higher than the poor slaves who now struggle for a crust of bread in the lands ruled by totalitarian masters in Europe and Asia. And I doubt if anyone, especially in the great free state of Texas — wants to become that.

The achievements and the progress of American industry and business under our traditional free enterprise system for more than a century have astonished all peoples all over the world, both in peace time and in war time.

It has provided more security, more jobs, more comfort for more people than have all other systems and governments in the history of civilization.

Indeed free enterprise expressed in terms of overwhelming majority of American industries, and businesses, in addition to doing the greatest job the world has ever known of producing the munitions of war, is also doing an admirable job in helping to pay for the cost of the war.

This is as it should be. This is patriotism, not profiteering. Some politicians, both by direct statement and in inference, would like to have the majority of us believe that the reverse is true.

In recent years I have often wondered and seriously questioned whether or not you and I and all the rest of 130 million Americans are threatened with the loss of our precious individuality. Are we to surrender our God-given freedom of thought and action and the time-tested benefits of our free enterprise system?

In all seriousness I say to you that we do face that danger. And that too few of us are always aware or sufficiently concerned about this growing threat to our fundamental rights and privileges.

As good and active citizens of this great city and state you are always interested in your local elections. Here in Dallas you know Joe or Jim who is to run for Sheriff or County Clerk. You know them and their families. You know their personal habits and conduct. In a word, you know what they stand for and what they will do if elected. Therefore, it is a relatively simple matter for you, your relatives and friends to cast your votes without prejudice and with full confidence that a candidate of your choice will make a worthy contribution to good local government.

You have voted for the best man and you are happy to have personally participated in his election.

But every four years, when the time arrives for a presidential election, circumstances are not the same. It no longer becomes Joe or Jim, your friend down the block, that we are voting for. Instead, as good citizens we must cast our ballot for the nominee of one of the two great political parties.

In the past we have felt, and properly so, that the presidential nominee of our choice has always represented and sup-

ported the principles and the American doctrines of the party of our choice. This point is important; that is why I mention it.

How many of you here have had honest doubts about the way things have been happening both before the barbarous Japs attacked us at Pearl Harbor and since, but have refrained from raising your voice because you did not wish to be thought one-tenth of one percent disloyal? How many of you down deep in your hearts have been glad when someone has come along to articulate and speak out your thoughts?

I feel that I can properly claim to be as loyal as any of my fellow Americans. My love for my country is still as deep and as strong as it was when I took the oath of enlistment in the United States Marine Corps a quarter of a century ago.

But I know, too, that one of the best weapons of the last war and of this one has been camouflage. And it is used not only by our brave and resourceful generals and admirals but, here at home, it has become one of the secret weapons of the clique who claim they represent the party in power. Indeed a great and growing smoke screen has been cast over the entire country. It emanates from the "Palace Guard" in Washington. Our citizens throughout the land are asked to look at this smoke screen to accept it unconditionally and to believe that it covers military necessity and security and that it alone spells "win the war," and the Peace.

Let us look behind that smoke screen, its purpose and objective. I for one feel free to suggest this because I am not a politician. I am not financed or influenced by any political party or person. I am not seeking any political office, either elective or appointive. I am just a citizen and a taxpayer who is proud of his American birth and way of life and who deeply desires to see that way safeguarded so that it can be continued for ourselves and for the generations who will follow us.

The best blood of our land is being expended to defeat the Axis in Europe and Asia. We will crush our enemies in this World War. We will accomplish this because we have the greatest array of men and materials, on both the war front and the home front, the world has ever known. After the victory on the fighting front and on the production front has been won, we as a nation cannot, in my opinion, withstand another four years of the domestic political Axis. I refer to the political Axis of Harry Hopkins, Henry Wallace, Dave Niles, Justice Frankfurter, and those who sponsor them.

Who are some of the Field Marshals for the perpetuity of this political Axis? The radical labor politician, Sidney Hillman; the Communist, Earl Browder; and the Communist-alien, Harry Bridges, and those who blindly and obediently serve this political Axis, the regimented big city machines and hundreds of thousands of officeholders.

This is not a partisan political issue, it is not an issue between Democrats and Republicans; it is simply and plainly an issue of whether or not we, as Americans, both those who work in the front office, in the store and those on the farm, in the mines and in the factories, will accept a group of politicians who are determined by their every act and utterance to utilize the war as a means of bringing about Socialism and regimentation as a permanent form of government in the United States.

Power begets power. The dictators of Europe and Asia have proved this to all of us. If we further ignore these radical

tendencies we will become direct parties, each and every one of us as individuals, to setting aside our constitutional form of government and providing for Americans the kind of government that our fighting forces are desperately battling to eliminate throughout the world — already it is evident that we are getting off the target in our international relations — our airmen, our infantrymen, our artillerymen, and our naval gunners are striking directly at the heart of the enemy target but in the fiendish crusade for political perpetuity, the "Palace Guard" and the bureaucrats who support them are weakening our foreign relations for the postwar era by inciting and persistently promising social benefits in terms of milk for every Hotentot and relief for millions of foreigners who expect the American taxpayers to support them for the rest of their natural lives. The colossal international WPA will fall all of us after the battles of Europe and Asia are won and when we will be in a weakened condition, because we will be saddled to a debt of between three hundred and three hundred and fifty billion dollars and on top of this we will have made commitments to our Allies in this war, which, if we try to meet them, would make it impossible to bring about a sound and workable economy here at home.

If certain Federal policies are allowed to continue, we will, at the end of the war, find ourselves in the unique position of having Europeans and Asiatics demanding reparations from us for freeing them from Nazism and Tojoism. This is what UNRRA and our ridiculous policy in South America eventually may bring to all of us. As Americans, we will be paying most of the bills for the damage done to Europeans by someone else.

Our foreign policy is presently leading us straight to this deplorable condition and unless the American people change it, we are headed for both domestic and foreign postwar trouble, the like of which no nation has ever experienced before in all of civilization's history.

If this happens, we can be certain that all of us, and I am talking only about Americans, will be at the mercy of politicians, and democracy, as we have known it, will be a dead dodo in this country. Free enterprise will become a mere memory. Individualism will be replaced by regimentation.

You may regard these statements as extreme, but with my own eyes I have seen the Republic of France wrecked by political bureaucrats before Hitler conquered it. It can happen here.

We can no longer permit ourselves to drift away from our constitutional form of government and head directly towards state socialism and regimentation. This is not an issue between labor and management. It is an issue between Americanism and Alienism, and every one of us, every man and woman in this country, is in the same boat and we will soon have to determine whether we will be strong enough to paddle our own way as Americans or allow the bureaucrats to steer the boat for us.

Before I say another word, I want to make it clear that I am not advocating isolationism — instead, I am advocating in terms of our international policy, a stop, look, and think attitude, which will win respect from foreigners. Unless we formulate an international policy which will impress upon both our present Allies and our enemies the fact that our primary interest is to assure the security and freedom of Americans now and in the future, we

will commit errors in the field of international diplomacy that will make the Versailles fiasco look like a small country fiasco.

Say and think what you want concerning promises, plan conferences, charters and proclamations... the power, politicians of Europe and Asia on respect one language and the is the language of might.

Therefore, when the present war is won, we must maintain a first-class Army, Navy and Air Force. This is our first weapon for security for ourselves and it will be an effective weapon in the preservation of peace throughout the world.

Let us recall that we have tried every other way before and we have failed.

Secondly, any American who has traveled in Europe and Asia knows that the underprivileged totalitarian-minded peoples of these countries would be delighted to have someone else support them for the rest of their lives. We should stop, look, and think now in terms of what we are promising through UNRRA and our South American giveaways. In my opinion, our Federal government, which in reality means the American taxpayers, is committed to policy of providing the bingo cards, the chips, all of the prizes and all of the money to play the game.

Unless we begin now to make it plain to our Allies in Europe and Asia and in South America that our unwarranted generosity must not be expected when these countries have been relieved of their distress, famine and sickness occasioned by the war. If we fail to do this we will be confronted with the inescapable fact that our so-called foreign policy in the end will bring us the disrespect of all people all over the world. The cold facts in this matter are simple. It happened before — it will happen again and on a much larger scale than ever before.

Many of you will recall the famous tour of the five Senators and you will remember what extent these Senators found we had been committed. They found, if you remember that the United States was going to come out of this war without anything to show for the billions of dollars, and the thousands of lives we are pushing into it. Indeed, without even an air base on which to land American planes. They asked that Congress investigate and curtail the free and easy handling of their Federal lend-leases.

One Senator reported that foreign government officials and natives of Africa whom he had talked, open proclaimed to him that our nation was unalterably committed to the policy of relieving them first, during the stress of war, and then subsequently supporting them when the war is ended.

Do you honestly believe that Prime Minister Churchill, Marshal Stalin or Generalissimo Chiang Kai-Shek would, the situation were reversed, make the same commitment and pledges to Americans that our government has made them? If you believe this, the everything I have said to you wrong.

What can we do to protect ourselves? In the first place we can do something constructive about UNRRA (specifically, United Nations Relief and Rehabilitation Association) — came into being at Atlantic City and during its formative stages the question of bringing relief to India, Britain's colonial problem, was sidetracked as a political "hot potato." It seems that now this has been remarkably attended to India's five hundred million undernourished and underprivileged have now been taken on under the protective wing of UNRRA.

CASTLE FILMS, Inc., of NEW YORK, N. Y.

ASSOCIATION at the ADOLPHUS HOTEL in DALLAS, TEXAS, MARCH 16, 1944

Our Congress recently appropriated one billion three hundred and fifty million dollars of the American taxpayer's money for the first year's activities of UNRRA, while Great Britain, our chief ally, appropriated only three hundred and fifty million dollars. This is a cool billion dollars less than our appropriation.

Americans are inherently a generous people; they always have been and they always will be. No American would deny his allies, or even our present enemies, postwar first aid in the form of medicines to prevent disease, food stuffs to prevent starvation, and seed for the planting of the first crops. But after that, our Allies and our enemies alike should be on their own, because when this war ends we will be faced with the terrific job of putting our own houses in order and rehabilitation of our own people.

This can never be accomplished by a flying Gulliver's "One World" internationalism. RR is a one-dollar pamphlet — or the President Wallace's unwarranted apologies to foreigners for the American taxpayer's unnecessary generosity to our South American Allies.

Speaking strictly for myself, I have no objection at all if the multimillionaires, Nelson A. Rockefeller, William Averell Harriman, and Herbert H. Lehman, want to personally become permanent Santa Clauses for all of the underprivileged people over the world. If they would like to pick up these fat checkbooks on their own, it is perfectly all right with me. The very fact that a high United States government official, Dean Acheson, Assistant Secretary of State, and ex-Governor Herbert H. Lehman, in the two top posts of UNRRA is, in itself a commitment to the rest of the world that will either develop into a heavy and permanent burden on all of us, or will engender a limited bad will when this war is won.

It should be decided now that as soon as hostilities are ended, UNRRA should be taken completely out of the hands of politicians and New Deal Socialists. Why cannot the responsibility for these humanitarian activities be placed in the hands of an enlarged Red Cross?

All Americans know and respect the symbol of the Red Cross. All Americans know that this non-political and humanitarian agency cannot be controlled by anyone.

All Americans and indeed all the world respects its integrity, efficiency and its impartial dispensation of mercy.

That is something that we do definitely and immediately in the field of foreign affairs.

There are other important things that we can do at home to lighten our postwar financial burden and protect our future as a nation.

Let us remember that in World War I, Woodrow Wilson's administration had a total of nine hundred and seventy thousand Federal employees.

In World War II, the present administration employs more than one million people.

The present number is at least one million five hundred thousand too many for the job to be done and for the overburdened taxpayers to support.

More important, the overburdened Federal payrolls in Washington and throughout the nation may be actually impeding the progress of the war. Public opinion should demand like a Niagara upon our elected and our appointed officials with the insistent and persistent demand that work be so streamlined and consolidated that one million five

hundred thousand Federal employees can be dropped, and that these Federal payrollers can be assigned to industries and to relieving manpower shortages that now make it necessary to draft pre-Pearl Harbor fathers.

If all the useless, politically-made and politically-advantageous jobs were courageously eliminated, the manpower shortage could correct itself.

Our Federal government is continuously asking, and justifiably so, for greater sacrifices from us all, but our government itself is making no sacrifices!

In a national magazine of December 1942, Mr. Harry Hopkins, one of the President's closest political advisers, wrote — "Hardships are ahead for everybody. A man earning \$10,000 a year may have to take a job at \$3,000 a year. He may feel at first that he can't live on that sum, that he can't even pay his life insurance premiums, but he will forget his life insurance if necessary."

Mr. Hopkins must be regarded as an authoritative Washington spokesman. He was paid a fee of approximately \$5,000 for his magazine article outlining his ideas of sacrifices for his fellow Americans, and the files of this publication reveal that this New Deal politician contributes three "sacrifice" essays, plus \$12,000 that the taxpayers are contributing to enable this member of the "Inner Palace Guard" to tell all of us how to make greater sacrifices.

This all adds up to total sacrifice to this man of \$27,000 a year and, in my opinion, this is a very liberal sacrifice for a fellow who drew a salary of \$60 a week as a social worker not many years ago.

Let us consider some of the facts.

In World War I our propaganda effort cost five million dollars and the government did a splendid job. Now the same job is costing the taxpayers of the nation a hundred million dollars a year, and the weakness of its questionable accomplishments, its efficiency, duplication and inter-organization jealousies are matters of common knowledge both in our own country and in the countries of our Allies.

Every alert school boy knows that the overwhelming majority of the South American nations are our present Allies in this war. No business man would accept the proposition that it is necessary for our Federal government to spend billions of dollars to subsidize and to feed propaganda to those who are actually associated with us in the prosecution of the war.

And here is a current social note:

The press has recently reported that numbers of female employees of the Office of Inter-American Affairs are presently taking horseback riding lessons at our expense, so that they can properly entertain visiting South American politicians who swarm upon our nation's capital to carry away the funds of the American taxpayers!

The Office of the Coordinator of Inter-American Affairs should be eliminated, totally and immediately. It is an unnecessary expense and an unjustifiable burden upon everyone who pays taxes, and that means most of us.

We did not go to war to permanently feed and finance the entire world.

We did not go to war to impose our way of life and our form of government upon the other peoples and nations.

We did not go to war for any imperialistic purposes. For us this should mean a new concept of the four freedoms:

1. Freedom from amateurish management.
2. Freedom from bureaucracy.
3. Freedom from catering to pressure groups.
4. Freedom from violation of states' rights.

We do not want to provide more freedoms for foreigners and less freedom for Americans.

There are other aspects of the situation that demand our attention.

The performance of our free enterprise system and its achievements should no longer be subjected to political exploitation. In the operation of our businesses we influence public opinion. American industry has been the envy of the world in scientific research, in high wages, in mass production, in advertising, in promotion and in the sale and universal acceptance of our products and services.

Millions of ordinary Americans are wondering why only politicians and pressure groups manipulated by them seem to be the sole spokesmen for our country. They are wondering why their employers, both large and small, have been silent and passive on vital matters concerning our government, our way of life and our future as individuals and as a nation.

If the business men of this country, both those who are well known and those who are not known, do not begin now to put the welfare of their country and their freedom above their dollars, all of us may find that in the difficult postwar era ahead we will have neither dollars nor freedom to protect.

We should all remember this and mark it well. When this war is won by our armed forces it will not mean the end of international problems, because real peace and normal conditions will not settle naturally on this planet in one or two years, nor in six or seven.

This is inevitable—it is inescapable unless Americans decrease otherwise.

It is the solemn duty of public opinion to keep America and Americans free from any pressure group. Whether it emanates from Business Street or from Union Street or any other street, because from ocean to ocean and border to border, ours has been the widest, the best and the most desirable thoroughfare in all the world. We must keep it clean, well paved and open for ourselves and for all who will travel over it after us.

Since the need is most urgent, how may we properly ask, can we all help to make public opinion promptly effective? If ten or twenty thousand ordinary American businessmen and women will take to the public platform in every city, town and hamlet throughout this country, to demand good government in Washington, if they will insist that political schemes and ambitions for perpetuating politicians in office have no place in the war effort, if they will do this patriotically, courageously and continuously, we will get good government in Washington.

If these ten or twenty thousand business people will use every means at their command to impress upon their friends, their associates, their employees and their fellow Americans the urgent need for good government we will achieve a unity that will hasten the winning of the war and the time when the men and women of our armed forces will come home, and we will take constructive steps to assure the winning of the peace for ourselves.

Free and fearless government for all cannot be obtained by wishing for it. It can only be obtained by demanding it and

working for it. I believe that business people . . . and we are all business people, whether we work in the front office or at the work bench . . . are now seeking specific ways and means to personally aid in obtaining good Federal government both presently and in the future.

Here are a few suggestions. I am recommending them to you:

You can influence elected officials by telegram and by letter.

You can influence them by personal contact.

You can influence them by prevailing upon your employee your co-workers, your friends and your relatives to join you in demanding good Federal government.

You can influence the decisions and utterances of public officials by answering, in letters and articles to newspapers and magazines, politically inspired statements, schemes and attacks that are harmful to your business and to the general welfare of the majority of your fellow countrymen.

You can influence them by your direct participation in political activities and by becoming directly concerned with the meetings, objectives and policies of your political party.

You can influence them greatly, perhaps decisively, if you will decide to personally participate in the deliberations and decisions of your local political organization.

Business men and women have permitted for too long a time, machine politicians and selfish minded pressure groups to dominate our nation's political life.

Most important of all, you can greatly enlarge and spread your influence if you will take the public platform before your local groups, business, fraternal clubs, and religious organizations, to freely express your views whenever the opportunity presents itself.

You should be mindful of the fact that you have the opportunity to appear before any organization to which you belong or to which you are invited, just as I am appearing before you today.

You, as retail merchants, are particularly fitted for this patriotic duty. You, above all, know your neighbors and the people you serve. They know you and give you their confidence because you have shown that integrity, that individualism, that is the pride of all Americans. If you had not, you would not be successful retail merchants today—indeed, you would not be in business at all.

If you will do some or all of these things diligently and continuously, you will, by your personal effort, fulfill your sacred obligation to those hundreds of thousands of unsung heroes, who in this and other wars, have made the supreme sacrifice so that our freedom both as individuals and as a nation shall be preserved and so that it will endure.

You will protect those principles that are the foundation of all we hold dear.

It is not a job for someone else.

It is not a job that can be left to a friendly and loyal press or radio or to a small group of patriotic and self-sacrificing citizens. It is not a partisan job . . . it is a patriotic job. It is a job for every ordinary citizen—the man in the street, the housewife, the business man, the man at the work bench—a job for every American whose country means anything to him.

It is the job for you, who are America—you who have a vital interest in its welfare and in the continuation of all this nation stands for!

This is the land of opportunity. It is our duty — yours and mine — to keep it so!

IS IT AN IDLE DREAM?

Or Will Your War Bonds Make It Come True?

PLAN AHEAD NOW. Now's the time — when you're having to get along with all kinds of old equipment — to be making practical plans for your future. That's what thousands of foresighted people, on farms all over the country, are doing. They're saving their money against the day when a full line of new replacements will be available again. And the wise ones are saying it in War Bonds.

BACK YOUR PLANS WITH WAR BONDS. War Bonds are the best and safest way to invest your money against your future needs. The money you lend to the Government now, for war uses, will come back to you — \$4 for every \$3 you put in — at maturity. And it's such an easy way to get your money back — you can buy War Bonds — which ever you want — can be bought at your bank or post office or Production Credit Association. Your rural mail carrier will get them for you — or you can buy by mail yourself when it's hard to get to town.

IT'S YOUR DUTY TO THE BOYS. Those youngsters — your boy and your neighbors' boys — are fighting to preserve our American way of living for us. And when it's over it'll be our job to help build a better peace for them. Don't let them come back to run-down farms, with

wornout equipment, and no means with which to do anything about it. That's where War Bonds come in. The money you put into them will help to establish the farm on a prosperous peacetime basis.

YOU NEVER GET LESS THAN YOU LEND! And you can get 1/2 more than you invest. When held 10 years, Series E War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.

Of course, no one should cash a Bond unless he has to; but if an emergency comes along, Uncle Sam will redeem them in cash — at full purchase price — any time after you've held them 60 days. BUY WAR BONDS!

FACTS ABOUT WAR BONDS (Series E)

You LEND Uncle Sam	Upon Maturity you get back
\$18.75	\$25.00
37.50	50.00
75.00	100.00
375.00	500.00
750.00	1000.00

You can buy War Bonds from your bank, postoffice, rural mail carrier or Production Credit Association.

For America's future, for your future, for your children's future — keep on buying WAR BONDS

Junior Group Enjoys Annual Banquet

Once each year members of the Junior Choir of the Methodist Church entertain their parents with a banquet and program when a brief look-back over the past year's work is featured and new officers for another year installed.

Friday evening the fourth annual occasion was enjoyed with places laid for 78 at a banquet table gay with Texas bluebonnets and golden yellow daffodils. Augmenting the Easter theme of the flowers were tiny Easter eggs and nests and Easter bunnies. Place cards repeated the Easter suggestions.

Gene Moore was toastmaster for the occasion and Tommy Mathies gave the invocation. Billye Jo Hudspeth welcomed the parents and Mrs. Bob Wilson responded for the adult group. Musical numbers included a piano solo by Jo Ann Moore, a sextette presented by Betty Hod-

ges, Patsy Slagle, Patsy Wiltshire, Mary Helen McGilvary, Elaine Thompson and Mary Jo Mathies, and a piano solo presented by Marian Jo Wilson.

Due to the increasing number of choir members, a division of the group was necessary, the younger members remaining in the Junior Choir and the older ones being organized into a Youths Choir. With Sammie Patton as the installing officer, the following officers were installed for the Junior group: Patsy Wiltshire, president; Gayle Marie Foster, vice-president, and Stanley Slagle, secretary-treasurer. Mary Jo Mathies was the installing officer for the Youths Choir with officers including Patsy Slagle, president, Mary Helen McGilvary, vice-president; and Dickie Kendall, secretary and treasurer. Both groups will continue to sing together on special occasions.

After the installation ceremonies Stanley Slagle gave the "Story of Hymn Writing," telling how "Jesus Lover of My Soul" came to be written, with Dickie Kendall, Eugene Robertson and Reuben Knox singing the song in conclusion.

A resume of the past four years achievements and a brief outline for the future work of the organizations was given by Mrs. H. D. Reed, sponsor. At the conclusion of her talk she was presented with a lovely gift from the choir members and their parents, in appreciation of her efforts in religious musical training.

LETTER CARRIERS HOLD MEETING HERE

Rural mail carriers and their wives met Saturday night at the home of Mr. and Mrs. A. Petersen for an evening of informal visiting after the conclusion of the regular business meeting.

Members of the auxiliary elected Mrs. E. Ramey of Hereford and Mrs. Art McKay of Amarillo as delegates to the Rural Letter Carriers' Convention to be held in Fort Worth in July. Mrs. A. Petersen was named alternate. The auxiliary oversubscribed its quota with a gift of \$7 toward the purchase of a Red Cross Clubmobile—a project undertaken by the national association.

Present were Nelson Smith of Farwell, Mr. and Mrs. Art McKay and Mr. and Mrs. J. W. Wilson of Amarillo, Mr. and Mrs. Windy Miller and Mr. and Mrs. W. L. Davis of Canyon and Mr. and Mrs. Owen Stagner, Mr. and Mrs. E. Ramey and the hosts of Hereford.

Post War Problems Discussed by B & PW

Meeting Monday night at the home of Mrs. Bessie L. Smith, members of the Hereford Business and Professional Women's Club had a program on immediate post-war problems under the direction of Miss Virginia Bowman.

Miss Bowman sketched the problems of policing of vanquished enemy nations and the problems posed by the economic collapse of warring countries in Europe and Asia. Also on the post-war agenda for peace planners, according to the speaker, is the problem of re-education of totalitarian minded peoples. The club joined in group discussion of these topics.

Present were Mesdames Ethyl Robinson, Dyalitha Brady, Cecil Williams, Ursalee Jacobsen, Verna Scott, Nancy Denmead and Viola Gyles and Misses Virginia Bowman, Adeline Koelzer, Lillie Lloyd Jackson, Mary Kate Brotherton and the hostesses.

- (2) 34 unerected, unpainted bins, complete with shingles, hardware and nails; dimensions are 12x16x10-6; capacity 1610 bushels.
- (3) 100 erected, painted bins with foundation blocks; dimensions 10x16x10-4½; capacity 1610 bushels.
- (4) 56 erected, painted bins with foundation blocks; dimensions 12x16x10-6; capacity 1610 bushels.
- (5) 3 erected, painted bins with foundation blocks; dimensions 14x16x10; capacity 1843 bushels.
- (6) 24 erected, painted bins with foundation blocks; dimensions 14x16x10; capacity 1840 bushels.

Sealed bids, accompanied by cashier's check, money order, or certified check made payable to Commodity Credit Corporation, will be accepted at the AAA office at Hereford, until 2:00 p. m., Monday, April 17, 1944, a separate bid to be offered for each bin. Bids will be numbered in the order in which they are received. All bids will be opened at 2:00 p. m., Monday, April 17, 1944, and awards made no later than ten days thereafter.

Bid forms and instructions to bidders may be obtained at the A. A. A. Office. Any bins not purchased during this sale to farmers will be offered at a later date to the general public for any use.

Prospective buyers are asked to inspect the bins before submitting their bids.

Recent Bride is Shower Honoree

Honoring the former, Barbara Rose Robertson whose recent marriage to Elvin Wilson took place in Clovis, N. M., a group of hostesses entertained Saturday afternoon with a tea and miscellaneous shower at the home of Mrs. Geo. Millard on Lawton Ave.
Pot plants with varied bright shades of blossoms were used throughout the house in decoration. In the dining room the tea table carried out a maritime theme with a lighted ship sailing on a mirrored sea as the centerpiece. Arrangements of pastel shaded sweet peas were also used on the table.

An appropriate program was featured, consisting of a toast to the bride by Mrs. H. E. Pettyjohn, a poem, "The Truth about Men," read by Arline Millard, a vocal solo given by Ellen Posey with Arline Millard accompanying at the piano, and a "Prayer for a Bride," given by Miss Billye Roark, roommate of the bride at W. T. S. Canyon.

While the guests admired the many gifts, refreshments were served with Lura Ruth Glenn and Jane Weaver, both students at W. T. S. C., presiding at the punch bowl. Wilma Jo Robertson, sister of the bride, presided at the bride's book. Soft music was furnished during the afternoon by Miss Wilma Jean Miller

of Dawn.
Out-of-town guests attending the party were Lura Ruth Glenn, Dorothy Mackfee, Betty McAllister, Joyce Carr, Jane Weaver and Billye Roark, all schoolmates of the bride at the Canyon College.

Hostesses for the party included Mesdames W. O. Witherpoon, Nelson McRight, G. W. Duncan, George Millard, Otto Olson, H. E. Pettyjohn, Louis Olson, Pete Carmichael and Miss Arline Millard.

LAPLATA CLUB HAS REGULAR MEETING

An interesting meeting was held by the LaPlata Club Tuesday evening at the home of Mrs. Clyde Caffé. Mrs. Meade Halle presided over the business session and Mrs. C. F. Hardwick was leader of a "Reader's Digest" program.

Mrs. L. B. Barnett discussed "The American Invasion of Britain" by Chas. F. B. Murphy, in which the author compares the American soldier with the British Tommy. He told of the lack of understanding between the two groups at first but which has largely been eliminated.

Miss Virginia Eberle told of the life of Tom Paine, philosopher, who was called the crusader for common sense. She brought out the fact that by the use of his pen Paine helped to formulate the principles of American democracy.

Two new members were present. They were Mrs. Frank Daniels and Mrs. Fred Mizotti. Others present were Mesdames N. E. Milburn, Gaylord Newell, Elmer Patterson, A. J. Schroeter, T. E. Seigler, Jr., Urlin Streu, Gordon Taylor, James Aiken Jr., L. B. Barnett, Meade Halle, C. F. Hardwick, C. S. Hinman, Lynn Kester, Miss Eberle and the hostess.

I Solicit Your Business

To The PEOPLE of HEREFORD

I wish to express my appreciation for the confidence you have shown in me by electing me as your Mayor. I do not now, nor have I ever felt quite equal to the task, but with your good will and support I will do my best.

We are surrounded by great resources now being developed, and our town must keep step with this development if it is to measure up to its responsibilities to the Community. Personally, I would favor making haste slowly, that is, weigh each problem as it arises and then act only when we are convinced we are right. Rome was not built in a day, neither can a city be, but by cautious advance we can progress.

I am under no obligation to any individual, but am only obligated to the citizens as a whole to serve to the best of my ability in co-operation with the City Commissioners.

Great Stage Play to be Given Here Soon. —"FISH"

The Whitface Round-Up

Easter Holidays Friday and Monday

Prince Hereford

"Tish!" "Tish!" That is all that I can hear around here day and night. I have heard suspicions that this is Mary Ruth Russell's name. She carries on her practice of reckless driving in the play just the same as in everyday life.

The boys in seventh period class seem to be very fond of their teacher, Miss Lawrence. A few weeks ago they brought a nice pair of hose to her.

Don't you think all of those kids were cute up at school Friday?

Homer has a very serious problem on hand. He cannot figure what E. H. Little is going to do now that Nathan Lee Thomas is leaving. He will have to find someone else to run around with now to help him with his mischief.

I have caught glimpses, through the front door, of Raymond Lueb's throwing and catching a large round rock. I suppose that that is one reason that he is such a good baseball player.

There are some mighty queer goings-on in high school now. Jane Harris is continually calling Orville Calhoun, "Father." Could someone please inform me as to why this strange thing is happening?

Do you agree with Homer when he says that Lyia Robbins has one of the cutest smiles in school and that Wilma Roberson has the prettiest black hair that he has ever seen?

How would you like to have Lottie Bell Edwards play her accordion for you every night? Do you think maybe you could go to sleep Friday morning when she was playing and says that he could only count one lamb. (Mary's?)

The babies that attend Hereford High School according to the last group that appeared in this paper are: Christine Smith, Madelle Beavers and Kathryn Acker.

Who is it in school that resembles Billie Smith? This person is continually called Billie and especially in the auditorium when "Tish" is going on. I have many worries and one of them is how Wanda Dixon and Aylene McLain manage to be such close chums.

Morrison Visits Ag. Class

Mr. L. H. Morrison from Sam Houston State Teachers College at Huntsville, Texas, visited Mr. Crutchfield Tuesday morning. Mr. Morrison attended Ag 1A and 1B classes. In 1B, he told of Mr. Crutchfield's school days when he took agriculture. The story was quite interesting to the boys. Mr. Crutchfield had a few laughs even if the story was of his

What Is Easter To Students of H. H. S.

Did you hear that conversation the other day between Mary and Jane? "What is your new Easter outfit like, Jane?" "Oh, I haven't much this year, only a new hat, dress, coat and shoes." "Well, I'm not buying a new outfit this year, because the true meaning of Easter meant more to me than new clothes."

Do you know the true meaning of Easter, or is it just an excuse to buy that new dress or new pair of shoes you've been wanting?

The Easter season is the time for reverence. It is the time to remember and relive all the incidents that happened back in Bible days recalling the days when Christ was betrayed, crucified and then arose from the grave. Only then does one begin to realize the true meaning of Easter.

Morning Devotionals Have Been A Success For Last Three Years

"Take time to be holy!" Between thirty-five and fifty students of Hereford High School spend their time in reverence at morning devotional from 9:30 until 9:45 in the music room.

There is soft music played at the opening and close of these worship programs. While this music is played, the students enter or leave reverently. The programs consist of a song, a Scripture reading, a brief talk, a prayer, and a thought for the day. Often there is a special musical reading, poem or song. When there are holidays, such as Christmas and Easter, there are special programs planned.

The programs that are used at these devotionals are planned from week to week by a committee with representatives from both Hi-Y and Tri-Hi-Y.

Because these programs have been considered to be of much value to the high school students, this is the third year that the Hi-Y and Tri-Hi-Y have sponsored them.

MY IDEAL

Long ago my heart and mind; Got together and designed The wonderful boy (girl) for me.

Oh what a fantasy. Tho' the idol of my heart Can't be ordered a la carte I wonder if he (she) will be Always-a fantasy.

Refrain: Will I ever find the boy (girl) in my mind The one who is My Ideal. Maybe he's (she's) a dream and yet he (she) might be.

Just around the corner waiting for me. Will I recognize a light in his (her) eyes.

That no other eyes reveal. Or will I pass him (her) by and never even know that he (she) is My Ideal. Altho' he (she) may be late I trust in fate and so I wait for My Ideal.

school days. Mr. Morrison had to leave and catch the bus; but in spite of the fact he took time to tell the boys of a few more good jokes that took up the time which the boys love (they don't like to work in their notebooks.) The boys hated to tell him goodbye, for Mr. Morrison seemed to be well-liked among the boys.

More Babies Who Attend H. H. S.

Members Entertained With Basketball Games

The members of Los Viajeros met Wednesday evening at 7:30 in the gymnasium. The current attraction for the evening was a basketball game. Dorothy Williams and Joe Bishop chose and a regular game was played. The game was very evenly matched for awhile, but Joe's team came out on top with a score of 10-4.

The second game was made up of the first and second year boys with a girl teammate whom they had chosen. The second year boys chose Miss Milam and the first year boys chose Dorothy Williams. The final score was 14-2 in favor of Espanol II. The Spanish II boys put Miss Milam's name on their team permanently.

Among the other games played were flying Dutchman and running races. No one determined who was the champion "speed demon."

A good attendance was perhaps the most unusual thing about this meeting with only a few rural students absent. The reason for this sort of indoor picnic was due to "old man weather" because a picnic had been planned until that particular "snowstorm" made its appearance.

This was a very satisfactory meeting and the group urges all members to keep up the good work as far as attendance is concerned. Everyone is looking forward to the next meeting.

Plans Are Completed For "School Night"

The student council awarded the senior class's "Kid Day" program first place and the freshman class second place for the assembly banner award.

The plans for the "School Night" on April 14 have been almost completed. The sophomores will sponsor the bingo games and an amateur hour will be sponsored by the Tri-Hi-Y. Fortune telling which will be of interest to all will be sponsored by the senior class. The F. F. A. will sponsor table tennis again. Table games will be sponsored by the Spanish Club, and the freshman class will sponsor a doll rack. The student council will sponsor the selling of cokes, pop cans and sodas. They will also feature folk games.

Central Chatter

Margaret Ann Sexton is the representative for the Junior Red Cross of Miss Bradley's room. This name was omitted from the list in last week's "Brand."

Miss Aikman's room really has a "green thumb". The pupils have been drawing, making, and growing flowers.

The eighth grade received a letter from Billie Louise Harrison. She said the girls in Hereford should be very pleased with so many "good-looking" boys.

The "weary minds" of the eighth graders are so full of the Preamble to the Constitution, the American's Creed, the "table for rectangular solid," and the conjugation of verbs, that some of them are not able to play football at recess.

Some of the little first graders are as bad as women. They stay after school and talk to the teacher for fun. "I believe they do it just to make their big brother and sister wait on them," says Donald Shipley.

Senior Personalities

July 19, 1927, Crosbyton, Texas was the day that Marie Stephens better known as "Flossie" opened her big blue eyes. Marie has been attending Hereford schools for the past two years. While attending school she has been a member of the Spanish club Los Viajeros.

This brunette adopts "The Honey Song" and "Begin The Beguine" as her favorite musical numbers; red as her favorite color and chocolate pie as her favorite food. Collecting picture postcards and salt and pepper shakers is her hobby. Marie's pet peeve seems to be snobbish people. If you would like to know what Marie does in her pastime just visit the show and you will probably find Marie enjoying herself immensely.

Jane Harris, the little girl that likes "Josephine," chocolate pie and coconut cake, was born in Vega, Texas on October 19, 1926. She has attended school in Vega, Oklahoma City and in Hereford. Jane has brown hair and brown eyes and is five feet, five and a half inches tall. Her hobbies are embroidering and making scrap books.

Jane plans to go to business school in Oklahoma City when she graduates.

Ever since his birth Edward Young's favorite song has been "Night and Day." It is supposed that this is because he has lived night and day since September 14, 1927 to get into the Naval Air Corps. When he graduates in May he plans to go to work and eat fried chicken as much as possible. Edward is especially fond of Christmas (could this be because of so many nuts?) Edward has been a member of Hi-Y and Staff for two years and Honor Society for one year. He is reporter for both Hi-Y and the Senior class.

The Junior Red Cross has been very busy in art class. They are making puzzle-books for the soldiers. They are also saving scrap paper.

Seen about school: Girls wearing winter dresses one day and spring dresses the next; Miss Word taking up bean-shooters; Rex Cox distributing chewing gum to all the girls except his sister; Christine Smith wearing her hair on top of her head; Frances Walker bringing lemons to school.

Two New Students Enrolled In H. H. S.

Hereford High School is glad to welcome Bob Davis, a sophomore, into its corridors. Bob comes from Wichita, Kansas, to Hereford, where his father will be employed at Fraser's Mill.

The subjects which he is taking are: band, in which he plays the clarinet; world history; plane geometry; and football. His favorites are: food-ice cream; sport—football; song—"Mares Eat Oats"; subject—plane geometry.

Bob is five feet ten and one-half inches tall, has blonde hair and blue eyes. He says he likes H. H. S. all right but rather doubts whether he will like it as much as he did his school in Wichita.

With Bob came Kathryn (Katie) Davis, his sister, who is a senior. Kathryn also has blonde hair and blue eyes. She enjoys dancing very much and likes all kinds of outdoor sports. She has a decided dislike for ice cream.

Kathryn will probably be employed at the First National Bank when she is not in school since she attends classes only in the morning.

Both students and faculty are glad to see you, Bob and Kathryn, and hope that you will enjoy your school life here.

Senior Play in Full Swing As Committees Appointed

At the senior class meeting March 29, two committees were appointed in connection with the Senior Play, to be given April 28. Billy Boone Whitaker, Quentin Williams and Nolan Grady

and Gerald Smith were appointed on the publicity committee. Arline Millard, Radford Hutcherson, Gwendolyn Springer and Ted Higgins make up the property committee. Play practice has been going on for three weeks now.

Annual 'Kid Day' Enjoyed By All

Short skirts, long curls, knee pants, and dolls were practically all that could be seen last Friday, which was "Kid Day" for the seniors. This being their first day of school most of their mothers were afraid they'd cry, but they turned out to be pretty good kids after all. Of course, they showed off as much as they could in first period and second period classes, but during assembly they really showed off!

The kid day program consisted of the following: As the audience came in, Billy Boone Whitaker and Fern Pittman played "Chopsticks" on the piano. Marie Moreman (leader), explained what kid day was, then Tunky Calhoun played "Take Me Back to Colorado" on the French harp. Radford Hutcherson gave a reading, Kathryn Acker tap-danced to "School Days," and George Loerwald gave the poem "I Wish't I Was a Girl!" Arline Millard and Bobby Jennings sang "I Can't Play With You Any More." Mary Ruth Russell gave a reading, "The Sun," and "Play-mates" was sung by Gwendolyn Springer, Mary Sue Whitaker, and Cornelia Hamilton. Marie Stephens then gave the reading, "Who Made the Speech?" Lottie Bell Edwards played "Mary Had a Little Lamb" on her accordion, and Lloyd Olson gave a poem, "The Frog." Christine Smith and Mary Ruth Russell sang a duet "Where's My Little Gray Kitty?" which was done in pantomime. Then to top things off, a rhythm band played the "Minuet in G." Those in the band were Jeanette Altman, Edward Young, Claudia Mathies, Wanda Rose, Lee Roy Burgess, Herman Buse, Teddy Higgins, Jane Harris, Rosa Lee Johns, Mary Pace, John David Dowell, Ruth Tucker, L. H. Lookingbill and Laura Buchanan. Ellen Posey sang "Why Did the Cow Jump Over the Moon?" G. P. Owen gave a reading, "Little Tommy's First Smoke," and the program closed with the entire class singing "Mares Eat Oats."

During the day the tiny-tots had lots of fun just acting silly. They especially enjoyed tantalizing the lower classmen by eating candy and getting their toys in everyone's way.

You've seen how little kids squirm and twist when they know something good is going to happen? Well, that's just a mild description of how the seniors acted all afternoon because they were going to get out of their seventh period class and go on a picnic. When the time finally came, they all scampered out of the building (which annoyed the lower classmen even more) and went to the park. Baseball seemed to be the chief interest and sport played by the group. After eating their lunches and drinking cokes, the children then ended another senior kid day by going home to their mamas (or elsewhere).

The Hi-Y attendance was very good this week. Fourteen members were present. Due to the absence of G. P. Owen, president, Lloyd Manjeot, vice-president, presided over the meeting. Dan McCowen was received into membership of the club. Plans for the Hi-Y party were discussed. The party will be April 6 in the home of J. W. Robinson.

The program consisted of a discussion of Boys Ranch, led by Mr. Ford. The original ranch, Old Tascosa, was given by Evin's Ranch in 1938 to Cal Parley for a home for unfortunate boys. They have school, all kinds of vocational training, actually participating in things which they learn. There is an average of forty boys at the Ranch all the time. The age limits for entering the home are 6-14.

This Boys Ranch is a unique experiment in rehabilitation of young boys who have had undesirable home experiences. Its founders think the results have well repaid them for their efforts and expenditures. The present Ranch consists of 875 acres and the old court house of Tascosa. The approximate value of the Ranch and equipment as it now exists is \$150,000.00. It is located 44 miles northwest of Amarillo. The superintendent, Alton Weeks, and his wife, the housecleaner and cook invite visitors to the Ranch anytime. The club voted that each member would bring a pair of socks to be sent to Boys Ranch for Easter. The meeting was adjourned with the Hi-Y benediction.

WHAT D'YA MEAN...

"Free Enterprise"?

"Free Enterprise" is just a name for the way America works. It's the simple principle that human beings like to get on in the world. That when a man sets out to be a doctor or a shoe salesman or an electrical engineer—that's what he wants to be. And he can be!

That when a farmer plows his field and plants his seed, he has a right to a fair return. A right to buy more land—and extend his fences. That when a business man founds a business, he's building a future—and nobody can take that future from him. That when a man works hard and saves his dollars, those dollars are his. He can spend them if he likes. Or he can invest his money, secure in the knowledge it's working for him.

Call that any name you like. Call it Free Enterprise or Democracy or Opportunity. Whatever you call it, it's American-bred-in-the-bone.

Without it, nobody's going to plan any further than tomorrow. Without it, there's no incentive to invest, discover or develop. Without it—and don't let anyone tell you otherwise—this country would lose its high place among the nations of the world.

FREEDOM OF ENTERPRISE, for example, has helped the electric companies under business management to meet every war demand for electric power—stepping production steadily up and holding prices down. The same freedom of enterprise that built the electric companies, built America! There is no substitute for it!

H-D Club News

Fairview H. D. Club
Fairview Home Demonstration Club met with Mrs. C. R. Hughes Tuesday afternoon with Mrs. Gilbert Wynn in charge of the food demonstration for the afternoon. She prepared and served a stuffed fish.
After a short business session a social hour was enjoyed. The next meeting was announced for April 11, at the home of Mrs. E. W. Womble.
Members present were Mesdames J. F. Matthews, E. Shugart, E. W. Womble, Gilbert Wynn, and the hostess.

Progressive Club
Progressive Home Demonstration Club held a meeting in the home of Mrs. D. Y. Edwards Tuesday afternoon. Roll call was answered by members telling of rare pieces of furniture in their possession or belonging to others. Mrs. Oscar Brune showed pictures on furniture arrangements.
Members of the club planned to entertain members of the North Hereford Club on April 18, at the home of Mrs. Lewis Harvey.

Members present were Mesdames Clyde Russell, P. L. Carman, E. T. Brooks, V. E. Dodson, Ira Ricketts, F. J. Walter, H. H. Horace Hershey, Matt Ruthardt, Lewis Harvey, Arnold Hershey, A. S. Higgins, C. V. Burgess, Oscar Brune, T. J. Parsons, Calvin Edwards, and the hostess.

Luncheon Meeting
South Hereford Home Demonstration held a luncheon Tuesday at the home of Mrs. Jack Roberson.

The theme of the meeting centered around the question, "Do You Know Your Table Service?" with the luncheon table arranged for a family of three and three guests.

Easter suggestions were featured in the table decorations with a seasonal centerpiece of colorful Easter eggs in a nest on a mirror background. The Easter bunny was also used.

How the Easter table should be arranged and how the family and guests should be seated was discussed by the group with Mrs. W. H. Goetsch leading.

Plans were made for the club to sponsor a box-supper on the night of April 29, at the club house. The public is invited and proceeds will go into the club funds. A program will be presented before the boxes are auctioned.

The next meeting will be held at the home of Mrs. John Robinson on April 18, at 2:45 o'clock. Those present were Mesdames G. P. Cwen, S. S. Williams, G. E. Harris, D. H. Bryant, W. J. Hacker, A. C. CHURCH GROUPS HOLD SESSIONS

Groups of the Woman's Auxiliary of the Presbyterian Church held meetings at homes of members Tuesday afternoon.

Mrs. J. W. Alexander was hostess for Group One with Mrs. Vern Witherspoon as leader. Her subject was "Easter in 1944" using the theme, "Road Menders and Road Travelers."

Mrs. H. L. Broadwell gave the devotional lesson on prayer. She discussed the seven phases of The Lord's Prayer.

New chairmen for the group were named.

Group Two
Group Two met in the home of Mrs. O. G. Calhoun with Mrs. John Olson in charge of the devotional lesson dealing with prayer.

The lesson dealt with "Food Tides in Brazil" with discussions given by Mrs. Lee Conklin and Mrs. D. H. Alexander.

New group chairmen were elected.

W. S. C. S. HOLDS GENERAL MEETING

A general meeting of the Woman's Society For Christian Service of the Methodist Church was held at the church last week on Wednesday afternoon.

Mrs. Forrest Minton, president, was leader. Mrs. M. L. Boyd gave the devotional lesson taken from the 29th chapter of Jeremiah.

The program for the afternoon was turned over to Mrs. Minton and Mrs. Boyd who gave reports on the annual W. S. C. S. conference held recently in Plainview.

WAVES Teach Navy Pilots Gunnery

WAVES operate synthetic gunnery training devices — not actual aircraft machine guns — but this girl is finding out what the real thing is like. Hundreds of Navy fliers who today are shooting down Jap and Nazi planes received their primary machine gun training under tutelage of the girls in Navy blue. The Navy needs — and needs now — thousands of girls for exciting, as well as prosaic, jobs with the WAVES. Information is available at any Navy Recruiting Station or Office of Naval Officer Procurement.

drew one vote for Mayor. The city officials will take office May 1.

Ends 10 Year Term
The ending of the current term will conclude Mayor Paddock's tenth year as mayor of the town. Mr. Gass, re-elected, has served 12 years and Mr.

Witherspoon has served 6 years. The election this week, though not featured by such strongly defined issues as developed in the 1942 contest, resulted in a more evenly divided vote. Despite the fact that payment of a special city poll tax was not required this year, the total vote was approximately 36 less than the total reported in 1942.

"easy" reads the scare headline on a paper that Cawthon Bryant has been carrying with him as he made his collection rounds this week. It looks like a real newspaper, but the reader is referred to a story on a non-existent page 3.

This year the Easter Bunny is a patriot; as the government has started a campaign to increase egg consumption and; Easter Egg dyeing ought to take up some of the surplus eggs on the market.

Mrs. Homer Henslee, Jr., and small son of Flushing, N. Y., arrived in Hereford this week for a visit with her mother, Mrs. Edna Kendall, and Mr. Henslee's parents; and according to the Hereford people, this young grandson is a real Yankee. Homer Henslee says that the little fellow calls chickens, "Bolds."

A couple of months ago Mrs. J. P. Matthews, member of the Fairview Home Demonstration Club, decided that there were plenty of embroidered cup towels in existence and embarked on a campaign to get the club to take up needlepoint as a hobby. The results were excellent, as evidenced by a very attractive piece of needlepoint which represents Mrs. Elmer Womble's first attempt at the craft and which Miss Sadie Lee Oliver has been exhibiting to other demonstration clubs in the county.

Cecil Wilkins has moved his barber shop into the location formerly occupied by the Service Barber Shop next door to Carl's Cafe.

Averaged 654 Lbs. Pork To Acre of Corn at H. Lee Benefield Farm

H. Lee Benefield, Deaf Smith County farmer, averaged 654 pounds of pork an acre from his corn crop last year, according to a write-up which appears in the April issue of Capper's Farmer, national farm magazine.

Benefield used his livestock to pinch-hit as harvest hands on the corn, the magazine story points out in describing how the local farmer put 180 shoats, averaging 100 pounds in weight, into the corn field. In 70 days the shoats went to market at an average of 209 pounds, showing a gain of 1.55 pounds a head, daily. A bunch of weaning pigs were sent in to clean up any grain left.

Mrs. B. A. WEST
Mr. and Mrs. Oliver Cummings and family of Borger and Mr. and Mrs. Charlie Mullins of Hale Center spent the week end in the B. A. West home.

Word has been received here that Briscoe West left for the Navy Mar. 28. He is the son of Mr. and Mrs. A. E. West who formerly lived near Hereford and now live at House N. Mex.

Kenneth West, son of Mr. and Mrs. Floyd West, went to Amarillo Tuesday to have his tonsils removed.

Fred and Preston West and Viola Cummings attended the Junior Play at Adrian Friday night.

Mr. and Mrs. Harold Browning and daughter and Mr. and Mrs. Henry Browning and daughters spent Sunday in the Floyd West home.

This community received a light shower Saturday.
