Sights and Faces Seen fereford is geting to be a big butter and egg town. Since The Brand started off the new year with an egg story to end all egg stories (a leghorn hen belong-ing to Mrs. O. L. McKee laid a superduper 8 by 6 1-2 inch block-buster) we've been literally bombarded with eggs. Appar-ently all the local hens needed was a record to shoot at, Anyway Mrs. L. B. Duke of Route 1 has brought in a bigger egg . . . a sort of one-shot omelet . . . measuring 8 1-4 by 7 1-2 inches.

And just to prove that the folks on the west coast know that Hereford's the place to get their bread buttered, Mrs. H. H. Boardman reports receiving an air mail letter last week from a friend in Los Angeles, California, asking her to send a pound of butter by air to L. A. She had visited store after store, the Californian wrote, without the Californian wrote, without finding a pound of butter, and king Fike Will having a sick man at home craving the real article, decided to appeal to Deaf Smith county for help.

Be Candidate for District to the county for help.

We dont know about air-mail shipments, but Joe Beyer, who keeps the Santa Fe trains on the move through Hereford, reports that two carloads of eggs (ordinary Grade A size) were ship-ped out of here last year, but not a single carload of butter went over the rails. Maybe that has something to do with the shortage at the California end of the line.

gas travels from a well through a meter house, through a field gathering line, and through a compressor station where it was squeezed into smaller space. Now what happens to it next?

Before starting on its long journey, the gas passes through a Gasoline and Dehydration Plant adjacent to the field compressor station. This plant removes gasoline and moisture from the gas to increase the efficiency of the pipe line system. If the gasoline were not removed, it would condense out in low spots in the pipe line and decrease the line's capacity. If the moisture, which is produced in vapor form with the gas, were not removed, it would, under certain pressure and temperature conditions, form "hydrates" which are similar to slushy ice. When formed, these hydrates accumulate in the pipe line, regulators and other facilities and restrict or stop the flow of gas.

The most important piece of equipment at the Gasoline and Dehydration Plant is the highpressure absorption tower, 75 feet tall and sketch to represent the plant. Actually, the plant consists of several buildings, steam boilers, heat exchangers, stabilizers, dephlegmators, generating plant; compressors, many pumps, and other auxiliary equipment, all quite complicated and scientific. The gas itself passes through only the absorption tower where the gasoline is removed by the use of absorption oil and the moisture is removed by the use of diethylene glycol, a liquid chemical which has a strong affinity for water. The absorption oil and the diethylene glycol are urified and used again, in continuous cycles.

weighing 123,000 pounds, which is used in our

Another advantage gained by drying or "dehydrating" the gas is that internal corrosion of the pipe line is held to a minimum, thereby reducing the roughening of pipe walls and the ormation of scale and dust.

After passing through the Gasoline and Dehydration Plant, the gas flows into the highpressure pipe line. This is the main transmission line which brings the gas across the country to your city and other cities, passing through one or more additional compressor stations on its

West Texas Gas Company owns and operates five compressor stations; one at the gas field, called the Turkey Creek Station, the McSpadden Station near Canyon, and the Plainview, Tahoka and Littlefield Stations. McSpadden Station is now being enlarged, and when this work is completed we will have in service 20 compressor units with a total rating of 4540 Brake

Horse Power.

Pfc. Clyde H. Whitaker, who Killed in Action was reported missing in action in Belgium last January, was killed by machine-gun fire while on patrol near Butenbach, Belgium, on January 2, 1945, according to a letter just received by his mother, Mrs. G. H. Whitaker, from a former buddy, Walter Balin of California, Missouri, who was an NCO in Whitaker's company at the time of his death.

No official report of the de-tails of his death has ever been received from the War Department by members of the family, Mrs. Mary Anna Whitaker, his widow, told The Brand.

The letter from Mr. Balin fol-

Dear Mrs. Whitaker, I received a letter from you some time ago asking about your son, Clyde. I am very sorry to have to tell you that your son was killed on a patrol on the 2nd day of January, 1945, at Butenbach, Belgium. I dont know just where the cemetery is, but he is Edwards was admitted to the buried somewhere close to the Veterans hospital.

"He was killed instantly by machine-gun fire. He was a good soldier, and we all missed him very much. The boys, as well as myself, all liked him very much. We knew that he thought of his wife and sons most of the thought of the tho most of the time, for that's all he talked about.

"Extending my sympathy to you and his wife and sons, I remain, Sincerely yours, Walter

Pfc. Whitaker was with a doing well after the operation.

First Army Infantry division Mrs. Sam Hunter accompanied when he was reported missing. He had enlisted in the army on Dimmitt to Amarillo Saturday. February 6, 1944, and landed overseas on November 26 of that

He had attended Hereford High School, and had been engaged in farming and the trucking business here before entering the service.

His parents, Mr. and Mrs. G. H. Whitaker, and his wife and two sons, Clyde Jr., age 3, and Jerry Don, age one and one-half years, all live in Hereford. Mrs. Whitaker and the boys are living in the home of her parents, Mr. and Mrs. Roy Thomp-

eral days with her parents, Mr. and Mrs. A. O. Bales. She will join her husband in Coraopolis, Penn., about February 15. Mr. and Mrs. Sam Hunter and Mesdames Finis Hunter and M. L. Simpson attended a dinner and lecture at the First Pres-

byterian Church in Amarillo Monday night. Swisher Jersey Is National Champ in

Milk Production

A Jersey cow owned by Chester Elliff of Tulia, a former 4-H Club member, has been announced by the American Jersey Cattle Club as the national senior three-year old milk and butterfat champion, according to G. G. Gibson, dairyman of the Texas A. and M. College Extension Service.

The cow, Welcome Volunteer Tiff, produced 19,416 pounds of milk and 1,077 pounds of butterfat in her third location period. Her previous records are 586 pounds of butterfat in 307 days as a two-year old and 752 pounds in 305 days at the age of two years and 11 months. Her 1,077 pounds of butter**UNO President**

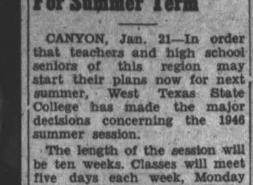

Belgian Foreign Minister Paul Henri-Spaak is the new—and first—president of the United Nations Assembly, now in its initial session in London.

fat produced in 1945 is the equivalent of 1,390 pounds of commercial butter.

The American Jersey Cattle teer Tiff as the all-age milk highest record for the breed.

West Texas State Announces Plans For Summer Term

through Friday, and will be one hour in length. The maximum class load will be twelve semester hours for the ten and butterfat champion for Texas, Gibson said.

Tiff's sire is Welcome Volun-

teer, the youngest Medal of Merit sire of the bread. His first nine tested daughters averaged over 725 pounds of but-terfat on 305-day lactations. Her dam, Agatha Christel Esther, has a tested dam rating of 693 pounds of butterfat on Club also lists Welcome Volun- three daughters—the ninth

Meet In Homes

Mrs. A. D. Godwin was 19 and Okla., Mrs. Paul Obrecht of Mr. Godwin was 24 when they Panhandle and Mrs. Joe Jesko met more than half a century of Friona were in charge of the ago in Dexter, Texas, and they affair and honor guests includcelebrated their golden wedding ed Mr. and Mrs. Chas. Hodges anniversary here Sunday.

It was a double wedding win at their wedding. The which took place in the little house was decorated throughout church on January 26, 1896- with yellow blossoms and wedfor her brother, Geo. Burns, for-merly of Hereford and now of Deming, N. M., and Miss Sallie theme. The refreshment table Higgins were married at the was centered with a threesame time and the brides were tiered wdding cake topped by a dressed exactly-alike except the miniature bridal couple. Traced trimmings were in different, in icing were "Dolly and Andrew colors. Mr, and Mrs. Godwin __1896-1946" and the tall white have been residents of this area tapers which flanked the cake for more than 40 years.

The couple went to house-keeping near Whitesboro and Mrs. Joe Jesk 5 years later moved to Van guests at the door and Mrs. Zandt County where they lived Chas. Hodges presided at the three years. The death of her silver coffee service. Miss Marfather caused them to return garet Jesko was in charge of the guest book which was in the they moved to Deaf Smith form of a large gold heart. Others assisting were Mrs. Henon the J. D. Thompson ranch ry Hastings and Mrs. E. A. Herr. bout 22 miles north of Hereford. His health failed and they were received by the honored had to quit the farm so he went couple including a beautiful to Dallas for a course in barber walnut desk which was present-training. They built a five room ed by the nieces and nephews.

Out-of-town guests present cottage in the East part of town and later deciding that he didn't were Mr. and Mrs. Roy Chapwant to be a barber after all,he went back to the trade of carpentering and worked as straw- Mrs. Dave Caylor of Amarillo, boss with a Santa Fe bridge gang for several years. In 1912 Hot Springs, N. M., Mrs. Eula he was injured in a fall and Hays and daughter, Mrs. Viola spent several months in a San-Buchanan and Mr. and Mrs. ta Fe Hospital.

J. R. Knox of Happy, Mr. and

It was then that Dr. W. A. Mrs. Elmer Euler, Mr. and Mrs. Price, Hereford physician, per- Ed Jesko and daughter, Mr. and suaded Mrs. Godwin to finish one room in white and get one hospital bed in order that the "country surgery could be kept at home." She is often called the "mother" of Deaf Smith J. A. Noland, Summerfield, Mr. the "mother" of Deaf Smith County Hospital, for out of that small home hospital grew the present institution.

Soon, however, the number of Edgar P. Beck, Clovis. patients increased until the mall home could no longer be used. The Godwins sold the home and bought the home where they now live on Brad-ley Street. At that time it was a ight hospital rooms were fitted up there. Later a company of men bought what is now known as the Savoy Hotel and Mrs. Godwin rented that building and operated the hospital there for some time. Later she returned to her home and private nursing.

Both Mr. and Mrs. Godwin are business meeting when Mrs. C. Presbyterians, his membership C. Cox was named secretarybeing still in Cook Co. Mrs. treasurer and reporter. Mrs. Lee Godwin has always been active in church work and her hobbies are "doing something for others "and raising beautiful flowers. She helped her widowed sister rear a large family of children, one niece living in the Godwin home for six years and when any member of the large family, young or old, becomes ill when any member of the large family, young or old, becomes ill, Aunt Dolly is on the job immediately. Mr. Godwin's hobby is home-grown foods and his back yard vegetable garden is known all over the county, especially the perfect-type tomatoes which he features.

Open House Is Held rotional lesson. Mrs. F. M. Faulkner led the prayer.
Following the lesson Mrs. Jim Black, leader, presided when Mrs. E. W. Harrison was named secretary and treasurer. The motto chosen by the group is "Each One Win One."
The next meeting will be held with Mrs. Black on February 13.

The anniversary celebration, which had been planned for several weeks, was held between the hours of 2:30 and 5 in spite of Mr. Godwin's sudden illness aturday evening. Altho con-med to his bed he was able to be many who called to extend ongratulations and felicita-

A Letter to the President of the United States

Hon. Harry S. Truman

The White House Washington, D. C.

Dear Mr. President:

Your proposal to me in Washington last evening that the wage demand of the United Steelworkers of America-CIO be settled on the basis of a wage increase of 181/2 cents an hour, retroactive to January 1, 1946, cannot, I regret to say, be accepted by the United States Steel Corporation for the reasons set

As you must be aware, your proposal is almost equivalent to granting in full the Union's revised demand of a wage increase of 191/2 cents an hour, which was advanced by Philip Murray, the President of the Union, at our collective bargaining conference with the Union in New York a week ago today. In our opinion, there is no just basis from any point of view for a wage increase to our steel workers of the large size you have proposed, which if put into effect, is certain to result in great financial harm not only to this corporation but also to users of steel in general.

As I have tried to make clear to you and other Government officials during our conferences in Washington over the past few days, there is a limit in the extent to which the Union wage demands can be met by us. We reached that limit when we raised our offer to the Union last Friday from a wage increase of 121/2 cents an hour to one of 15 cents an hour. This would constitute the highest single wage increase ever made by our steel-making subsidiaries. Our offer of 15 cents was equivalent to meeting 60% of the Union's original excessive demand of a \$2 a day general wage increase. Our offer met 75% of the Union's final proposal of a wage increase of 191/2 cents an hour. A wage increase of 15 cents an hour, such as we offered, would increase the direct labor costs of our manufacturing subsidiaries by approximately \$60,000,000 a year. That is a most substantial sum, and does not take into account the higher costs we shall have to pay for purchased goods and services, when large wage increases generally become effective throughout American industry, as is inevitable after a substantial increase in steel

White House yesterday afternoon, because Mr. Murray then refused to budge from his position that a country-wide steel strike must take place, unless steel workers are granted a general wage increase of 191/2 cents an hour. Our offer of a wage increase of 15 cents an hour was again rejected by the Union.

The Union threatened to go ahead with its program for a national steel strike at midnight next Sunday, although such a strike will be a clear violation of the nostrike provision contained in our labor contracts with the Union, which continue by their terms until October 15, 1946.

From the outset, we have recognized how injurious a steel strike will be to reconversion and to the economy of this whole country. Most industries are dependent upon a supply of steel for their continued operations. We have done everything reasonably within our power to avert such a strike. If a strike occurs, the responsibility rests with the Union.

When the Government at the eleventh hour informed us about a week ago of its willingness to sanction an increase in steel ceiling prices, we at once resumed collective bargaining negotiations with the Union. Such price action by the Government was a recognition by it of the right of the steel in-dustry to receive price relief because of past heavy increases in costs, something which the steel industry for many months has unsuccessfully sought to establish with OPA.

I should like again to point out some pertinent facts relative to the wages of our steel

Since January, 1941, the average straighttime hourly pay, without overtime, of our steel workers has increased more than the 33% increase in the cost of living during that period, recently computed by Government authorities. Steel workers' wages have kept pace with increased living costs. Such average straight-time pay in our steel-producing subsidiaries was \$1.14 an hour in each of the months of September, October and November 1945, excluding any overtime premium and any amount for correction of possible wage inequities. An increase of 15 cents, in accordance with our offer, would

an hour, placing such pay among the highest

Under our offer of a 15 cent increase, the average weekly take-home pay of our steel workers for a forty-hour week would amount to \$51.60, assuming that no overtime is involved. This figure is only \$4.54 less than the actual average weekly earnings of these employees, including overtime, in the last full war year of 1944, when the average work week was 46.1 hour. The difference is really less, because we will undobutedly continue to have overtime in the future, just as we have at the present time. In November, 1945, overtime premiums to our steel workers aggregated more than \$1,300,000. Such reduction of \$4.54 in weekly take-home pay is the natural consequence of a shorter work week of forty-hours, and therefore one of lower production.

Much as we desire to avoid a steel strike, we cannot overlook the effect both on this Corporation and on our customers and American business in general, of the 181/2 cent an hour wage increase, which you have proposed. Such a wage increase must result in higher prices for steel than have pre-viously been proposed to us by the Government. Great financial harm would soon follow for all users of steel who would be obliged to pay higher prices for their steel, higher wages to their employees, and still have the prices for their own products subject to OPA control. Such a high and unjustified wage scale might well spell financial disaster for many of the smaller steel companies and for a large number of steel fabricators and processors. The nation needs the output of these companies. Increased wages and increased prices which force companies out of business can only result in irreparable damage to the American people.

In our judgment, it is distinctly in the public interest to take into account the injurious effect upon American industry of an unjustified wage increase in steel industry.

After a full careful consideration of your proposal, we have reached the conclus above stated.

Respectfully Yours,

Benjamin F. Fairless,

President, United States Steel Corporation

January 18, 1946 As you know, collective bargaining negoraise such average straight-time pay to \$1.29 tiations with the Union broke down at the President of the United States today in all of American industry.

United States Steel Corporation

County Hospital Becomes Member Of Blue Cross

The Deaf Smith County Hospital has become a member of to meet with members who in-the Group Hospital Service, Inc., cluded Mesdames M. H. Wiseof Texas, and the "Blue Cross" service is now available to all employed groups of five or more in this county, Hob Wilson, business manager of the hospital, announced this week.

The Texas Group Hospital service is sponsored by 250 Texas hospitals which guarantee services provided to members. The Blue Cross plan is operated without profit, and has the official approval of the American Hospital Association, Wilson said.

Persons desiring additional information regarding the plan should telephone Mr. Wilson at the Deaf Smith County Hospi-

Cupid Takes The Count As Divorce Boom Hits County

Marriage licenses issued in Deaf Smith county during 1945 hit a high mark of 109, records 515 Amarillo Bidg. of the county clerk show, but Phones 2-6589, 2-4634, 2-0722 divorce suits almost kept pace with a record number of 80 di-vorces filed in district court here during the year!

Of these, 35 still clutter the court docket, making up neartried at the current term of court, and 30 divorces have been disposed of during the last six months.

Only 15 divorce cases were filed during the first half of 1945, the remaining 65 being added to the docket since last August 1. And during that same six-months period, only 55 mar-

riage licenses were issued.

During 1944, only 33 divorce suits were filed, and 73 marriage licenses were issued. Last year, however, although marriage licenses climbed to 109, the divorce rate was nearly tripled. Its been a tough war!

TUESDAY BRIDGE CLUB MEETS FOR GAMES

Hereford Cagers Beat Canyon in Photo-Finish

Breaking their season-long losing streak, the Hereford Whiteface cagers took two hairbreadth decisions from the Canyon Eagles in a double-header basketball scrap at the high school gymnasium here Tuesday night.

Johnnie Rogers sank two lastminute free shots for the Whitefaces to give the local cagers a 26-25 victory over the powerful Eagles in a see-saw struggle between the "A" teams.

The game was close all the way, with the Whitefaces leading at the end of the first perlod; the score tled 9-9 at the half; and the Eagles holding a one-goal margin, 19-7, at the end of the third quarter.

Raymond Lueb, Whiteface center, led the scoring for the local quint with 9 points; and Bob Davis and Joe Bishop racked up 6 points each. Virgil Hen-nen and Karl Hutcheson completed the starting line-up.

Wright, Eagle center, was high point man for the game with 11 points.

In the "B" team battle, the Herd staged a "garrison finish" to cop a 16-15 decision. James Ellis Higgins looped a two-point counter in the final seconds of play to pull the game out of the

Bobby Hillard led the scoring for the local squad with 5 points, but Guthrie of the Eagles was high point man with 8 points. Dick Oakes, Homer Harvey, and Donald Shipley completed the line-up for Hereford.

A. V. Isbell, high school principal, will coach the team for the remainder of the season, taking over from Coach Hoyt Byrd who is on leave of absence for the remainder of

The Whitefaces will enter the Dimmitt Invitation Tournament this week end, meeting the Bovina High school quint in the first round at 2:30 Friday af-

WHY THIS BANK RECOMMENDS

REAL **ESTATE** LOANS

His bank makes short-term farm loans to those who desire them, but we don't recommend 5 or 10 year terms unless the borrower is financially able to pay the loan

Do you know what happens when a short-term loan comes due at the wrong time?

- You will have to negotiate a renewal loan.
- You may have to pay a higher interest rate.
- You may have to pay a commission.
- You probably will have abstracting or title policy and recording expense. And in the case of death your family may have to obtain court approval of the renewal.

No farm owner should take these chances when they can be avoided. That is why we recommend long-term loans that never have to be renewed, yet can be paid off just as fast as short-term loans.

Now, through our special arrangement with The Equitable Life Assurance Society, you can obtain loans with terms up to 40 years at this bank. Your loan is made by the bank, at the bank. You deal with folks you know . . . who are interested in your success.

Come in. Let us explain this new 40 year 4% plan. It has many money-saving features never believed possible in farm loans

The second quarterly luncheon program of the Deaf Smith County Federation of Women's Mrs. Ira Foster Clubs was held at the Baptist Church Friday. Hostess clubs Is Club Hostess included Bay View, LaPlata, Wyche, South Hereford and

A gay and colorful theme feaused for the luncheon tables with the LaPlata Club in charge of decorations. For entertainment during the luncheon hour plano music was presented by Reba Dones.

Mrs. Liston Wilson, County Federation of Clubs president, presided. Reports were heard and Mrs. Wilson reported that all clubs will be asked to donate five dollars annually to Camp Fire Group which they sponsor. Special luncheon guests were Urlin Streu, chairman of the Parks committee of Chamber of Commerce, and O.

Mrs. Homer Brumley, chairman of the Community Improvement committee of County Federation of Women's Clubs, was in charge of the program for the afternoon and introduced Mr. O. B. Howell, speaker.

Mr. Howell outlined plans of beautification for Hereford leaving the main thought with the large group of interested listeners; that any plan of beautification can be carried out to its ultimate realization if enough interested men and women get behind a coordinat-

ed objective. A brief talk, given by Dr. C. D. Kelton, outlined plans for the Veteran's of Foreign Wars building project.

The third quarterly meeting of the County Federation of Women's Clubs will be held April 30, at the Methodist

HEY, YOU

Cultivation of Pastures Improves Y Forage Yield of Native Grasses

COLLEGE STATION, Jan. 28—Cultivation of pastures shows promise of increasing the production of forage from solid stands of bermuda and native bunch grass in established pastures and meadows, according to R. R. Lancaster, pasture specialist of the Texas A. and M. Coll-

Experiments underway since the spring of 1941 at the U.S. Department of Agriculture Red Plains Conservation Experiment Station at Guthrie, Oklahoma, where grass sod was disked lightly every other year in March, caused an increase of 26 per cent in the yield of bermuda grass, he said. The same treatment resulted in an increase of 6 per cent in yields from native bunch grasses.

The tests were made on thin or poor stands of grass. It was found that bermuda would respond to heavier disking than dies Aid Society met at the H. the common native grasses. Till-T. Wedel home Thursday after- age seemed to prevent the er of the clumps and increased the decay of the plant residue.

"Even if the cultivation does not bring increased yields, the results of the Oklahoma experiments at least indicate that established pastures may be disked without injury before applying phosphate fertilizer and sowing seed," Lancaster said. "This is especially important since Texas farmers and ranchers are now applying large amounts of TVA and commercial phosphate to grass-

DEAR DIARY:

I feel like the man who smilingly paid express charges on a little monkey-only to find the darn thing growing up to be a gorilla. This "Parks" proposition -innocently posing as a pleasant little playmate—is growing up. But, like the man who tackled the wildcat-I can't find any way to turn it loose. . . More later, ...

. Was invited to the County Federation Luncheon last Friday and later listened to Mr. Howell of Amarillo. Unfortunately there were far too few men present at the .latter .function-however, knowing who wields the power at my house, I feel that the information presented will spread to most of the men in town and country. If the County Federation gets back of the park program, woe is he who opposes!!

Just received—a fresh shipment of Vanco leather goods—including the most beautiful billfolds I have ever seen. Have several all metal playground sets—hard to describe, but guaranteed not only to keep your children at home,

treus Diary

but to attract most of the neighbor's kids as well. Excellent body builders for kids from 5 to 14. In several siizes and prices.

Received three allotments of baby strollers—to darn many so out they go-at \$10.95 while they last.

Have acquired several rolls of poultry netting-2-inch mesh -48 and 60 inches high. This has been a scarce item, and will probably continue to be so.

Just received the best assortment of pickup and truck paulins for several years - they are good-and the price is the same as last year.

The VFW-Legion boys are really hepped up about their Veteran's building program-wish we all had their pep and assurance. The boys are on the march-let's give them all the help we can.

Phyllis Radovich Student Chairman For Mission Week

Denton, Jan. 28—In preparation for the University Christian Mission Week schedule Feb. 10-15 at Texas State College for Women, Miss Phyllis Radovich of Hereford has been appointed student chairman of publicity for the activity.

Special worship services, seminars and personal conferences will comprise the programs during the week. Outstanding religious speakers from over the nation will appear on the cam-pus during this time to present ectures and hold consultations

Since 1936 the college has held a religious emphasis week by the Student Council on Reigious Activities.

Miss Radovich is the daughter of Mr. and Mrs. Phil T. Radovich, 212 Catalpa and is a junior student at TSCW, majoring in journalism. She is a pledge of Theta Sigma Phi, honorary fraternity for women in journalism.

War and Victory **Bonds to Become** Savings Bonds

War and Victory Bonds will be known as United States Savings Bonds, Nathan Adams, Chairman of the Texas Advisory committee, Savings Bond Division, U. S. Treasury Department, said today in announcing that the program for selling government bonds and stamps will continue.

He added, "We can be sure that these bonds are still the best and lifest investment in the world, and if we consider only one benefit derived from the war financing program, this being the habit of saving, it would merit the continuation of the program."

Formation of the committee was decided upon as a result of the thousands of requests from employee groups, industry, and the general public, all asking that the sale of U. S. Savings Bonds be continued following the close of the Victory Loan Drive.

The Chairman added, "The benefits of the war financing program are many, and in addition to creating the habit of systematic saving, it taught

Veterans Begin (Continued from Page 1)

was postponed until the next session of the court, Judge Baird indicated, to give the commis-

out public opinion.

The only way in which the county can turn the property over to the Veterans organizaover to the Veterans organizations for any purpose is through a public sale, the judge pointed out. If the pavilion is sold, it will be necessary for the county to provide storage space elsewhere for safekeeping of maintenance machinery which is now kept at the pavilion. The commissioners indicated to the Veterans Committee at the meeting Monday that if the pavilion is put up for sale, the minimum bid specified would probably be just sufficient to cover expenses of providing sheds and land for of providing sheds and land for the maintenance equipment.

Judge Baird said that he and the commissioners would like to hear expressions of opinion from the people of the county before a final decision on the sale is

The pavilion, the judge pointed out, is one of the best livestock sales yards in the Pan-handle, but its location near the center of the city has been a county, and Mr. and Mrs. Harris adjoining property owners.

Veterans argue that the pro-

surrounding property increased, and Robert and Nancy Mounts, fft. and new building in that section encouraged; and point out that the central location is excellent for a Community center.

Tentative plans for the building, if it can be obtained, are to rock veneer the outside walls, and completely remodel the interior providing office space for headquarters of all clubs and organizations on the lower floor, a dance hall and banquet room upstairs, and a public swimming pool on the grounds.

At a joint meeting of Ameri-
