Chamber of Com. Banquet Tickets To Go On Sale

Tickets for the Hereford Chamber of Commerce annual banquet will be placed on sale next week, E. B. Posey, secretary announced this week.

The banquet will be held at the First Baptist Church on the evening of Thursday, March 7, beginning at 8:00 o'clock.

Wes Izzard, editor of the Amarillo News-Globe and well known Panhandle radio commentator and after-dinner speaker, has been invited to be the principal speaker at the banquet.

Complete program for the affair will be announced at a later date, Mr. Posey said.

Due to the limited seating capacity of the church dining room, fewer than 300 tickets will be placed for sale, and members are urged to purchase tickets and insure reservations for themselves and their guests at the earliest possible date.

Friemel is Freed Of Cattle Theft By Parmer Jury

After forty minutes deliberation, a Parmer County jury returned a verdict of not guilty Tuesday afternoon in the trial of Herbert Joseph Friemel, charged in Deaf Smith County with cattle theft.

Friemel had been tried and convicted of the charge in district court here in 1944, but the decision was reversed and remanded for new trial by the Court of Criminal Appeals.

The case was scheduled for trial in district court here this week, but a change of venue was granted on motion by the defendant and the trial moved to Farwell.

Change of venue was asked on the grounds that an impartial jury could not be obtained in Deaf Smith County.

The trial opened in 96th District Court in Farwell Monday morning, and the case went to the jury Tuesday afternoon.

George McCarthy of Amarillo was counsel for the defense. District Attorney King Eike was assisted in the prosecution by Joe Montague, special prosecutor for the Texas Cattle Raisers Association.

Lions Club Liars Contest Won By Joe Bishop; Tall Tales Are Heard

A story about a fighting fish that whipped a Whiteface heifer and was lassoed with a half-inch well-rope won the Lions Club Liars Contest for young Joe Bishop at the Lion's luncheon Wednesday noon.

Joe, an associate-Lion representing Hereford High School, walked away with top honors in the contest, taking the title from such accomplished "liars" as Bill Smith and Alec Thompson, who turned up with some pretty good yarns of their own.

Judges in the contest were Jim Lipcomb, Roger Corbett, and Russell Hunter and Jimmie Gilentine, program chairman, acted as Master of Ceremonies.

Alec Thompson set the pace for the Lions-liars with a tall tale about George Brumley's drought-stricken fish which drowned in the big rain-storm;

In preparation for the opening of the annual Red Cross Membership drive on March 1, E. E. Beringer, manager of the Potter County chapter of the American Red Cross, as guest speaker, gave a brief outline of the accomplishments of the International Red Cross before a meeting of volunteer workers for the Deaf Smith county chapter in the County courtroom in Hereford Tuesday night.

"Although the Red Cross is a war-born institution," Mr. Beringer said, "it has a definite peace-time mission. At least 16 of its 26 distinct services continue in peace as well as in war."

He pointed out that International Red Cross is able to cross all national boundaries in its humanitarian service, and stressed the importance of each local chapter in completing the unbroken chain extending across the nation.

Among the war-time accomplishments of the American Red Cross, Mr. Beringer listed: 10,000,000 meals a month served during the war; 13,000,000 pints of blood plasma collected; and three million American women donated more than 83 million hours of time to voluntary work.

"Red Cross has served, is serving, and will continue to serve," he concluded.

Mrs. Elizabeth Womble, chairman for the local drive, announced that an effort will be made to raise Deaf Smith county's quota of \$4,675 on the opening day of the official drive on March 1. Over 100 volunteer workers have been appointed to carry out the intensive drive in this county.

Pioneer Rancher Dies Sunday in California Home

A. S. Farley, 75, former pioneer ranchman in Hereford, died at the home of a sister, Mrs. M. H. Parks, at Indio, California, Sunday.

He was also a brother of Mrs. Gilliam Parker of Hereford. Only other survivors are three nieces, Mrs. J. E. Dyer of Hereford, Mrs. W. C. Jones of San Diego, California, and Mrs. Lawrence Boyer of LaJolla, California.

Mr. Farley was buried Wednesday at Redlands, California.

He had come to Deaf Smith county at the turn of the century, and operated the old Farley Ranch on North Draw from 1900 until about 1910. Since that time, he had been a visitor here many times.

Mr. Farley was born in Brazil on July 1, 1870. His father, Dr. Jonathan Farley was a pioneer doctor in Amarillo in the early days, moving to that city in 1888. He had been a doctor in the Confederate army and went to Brazil with his family after the collapse of the southern forces, returning to the United States several years later.

and Debbs Knox followed up with a "true" story of his buzzard-built airplane.

Bill Warren contributed another "true" tale about the cattle which were driven across a flooded river through a hollow log... and the 37 which strayed up a limb... not omitting the nine that were lost because they fell through a knot-hole; and Bill Smith, just to prove that the first liar never had a chance, contributed an involved yarn about the dead cow that turned into a Victory garden.

Jim Snelson told of the box cars that disappeared from a speeding train in a gust of wind, and Rev. Ford, new pastor of the First Christian Church, added a yarn about a bear that he turned inside-out.

Two-Year Old Boy Dies of Burns in Amarillo Hospital

Earnest Roy Grant, 2-year-old son of Mrs. Robert L. Grant, died in an Amarillo hospital last Friday afternoon as result of burns received when he accidentally tumbled in a tub of boiling soap at the family home here two weeks ago.

The lad was rushed to the hospital in Amarillo immediately following the accident.

Funeral services were held at 2:30 o'clock Sunday afternoon at Black Funeral Home in Hereford. Rev. R. H. Cagle, pastor of the First Baptist Church, conducted the rites.

Burial was in West Park cemetery under direction of E. B. Black Funeral Home.

Earnest Roy was born on March 18, 1944.

Local SS Board Reviews Limited Service Classes

Selective Service registrants in limited service classifications are now being reviewed by the local board on orders from National Selective Service headquarters, Mrs. Eunice L. Petersen, secretary of the local board, said this week, but so far no instructions have been issued for re-classification of any of these men.

However, reclassification of many persons in limited service classes, as well as 4-Fs, has been forecast by observers throughout the nation as the army moves to keep up personnel strength in the face of a steadily increasing discharge rate.

No instructions regarding review or re-classification of 4-Fs have been received by the local board, Mrs. Petersen said.

Limited service classifications under review, however, include some 4-F classifications, as well as registrants classified 2-CL (farmers) and 2-AL.

New registrants with the local board this week were Wayne Elvin Thomas, who is attending WTSC at Canyon; Marion Mitchell; and Marion Glenn Henderson, who has already returned his questionnaire and been classified 1-A.

Amarillo Rotary Makes Present to Hereford Club

Members of the Amarillo Rotary Club, who sponsored the organization of the local club last year, were luncheon guests here last Friday of the Hereford Rotarians.

Ray Boger, of the Amarillo club, addressed the group on the subject of "Courtesy in Business," stressing the necessity of courtesy on the part of clerks to customers and its effect on future business.

The Amarillo Rotarians presented the Hereford club with a gavel and gong, the latter a bronze bell with the Rotary emblem mounted on it; and a U. S. flag with a motor and small fan attached. Pinkey Vineyard, Past president of the Amarillo Rotary club, made the presentation.

Amarillo Rotarians present were Boger, Vineyard, J. H. Davies, Marion Nichols, George Waddill, Jesse Rogers, Albert Frayer, Norris Ewing, L. A. Vahue, Sandy Cross, Charles Woodburn, and Homer Wheeler.

Other guests were D. C. Kinsey, Morris Easley, and Judge D. K. Roberts of Farwell.

Lubbock Solves Vet Housing

Here's one city's solution of the housing problem... or part of it. Lubbock Housing Authority has opened bachelor officers quarters to married veterans attending Texas Tech. First to move in was A. G. Martin, formerly a captain in the Air Force, and his bride of five months of Temple. This is the first Texas use of an inactive army installation for housing under Public Law 292 passed by Congress in late December. Lubbock plans others.

Hereford Whitefaces Place Four on All-District 1-A Football Squad

Four members of the 1945 Hereford Whitefaces football team have been selected for the all-district eleven by the coaches of District 1-A, and four other members of the squad made the District second team.

The Whitefaces, holders of the district grid crown, monopolized the all-star team. On the All-district squad, Dimmitt, Dumas, and Tulla placed two men each, and Canyon placed one.

Whiteface all-district men were Raymond Lueb, end; Dick Oakes, tackle; Jimmy Easley, guard; and Jim Worrell, backfield. Making up the eleven-man all-star squad are Jackson of Dimmitt at end; Harrison, Dimmitt, tackle; Ham, Dumas, guard; Ardis, Tulla, center; and Ramsey of Tulla, Carter of Dumas, and Wright of Canyon, backs.

On the second team, Hereford and Tulla each placed four men, Canyon spotting two and Dimmitt one.

The second team included Miller of Tulla and Burtz of Canyon, ends; Finck of Tulla and Paul Orr of Hereford, guards; John Dyer of Hereford, center; Paul Hagar of Hereford and Simpson of Tulla, tackles; and Bob Davis of Hereford, Harrison of Dimmitt, Burrow of Tulla, and Abbott of Canyon, backfield.

USO Becomes Temporary Teen Town Headquarters; Has Big Crowds

The "USO for kids" became a reality this week, at least temporarily, as Hereford's revitalized "Teen Town" took over the USO quarters on Main street.

While the Youth Center seeks a permanent home, the USO committee has offered the servicemen's center to the teen-towners for use until the center is officially closed. With the shipment of the last of the servicemen from the Prisoner of War Camp last week end, the USO lost the last of its military patrons.

The local center can be closed officially only on orders from national headquarters.

In the meantime, 75 to 100 teen-agers are using the lounge and game rooms every afternoon from four until six o'clock, and plan to keep teen-town open on Friday and Saturday nights from 8 until 10 o'clock. So far this week, the center has been filled to capacity every afternoon.

With city elections little more than a month away, the political pot is beginning to simmer with considerable discussion, so far unorganized, around town regarding a switch to the city manager form of government.

As The Brand goes to press, no candidates have announced for the offices of Mayor and City Commissioners which will be open at the April 2 election, since Mayor Ireland and Commissioners Gass and McCracken have announced that they will not be candidates.

Whether or not the voters of the city decide to make a change to the city manager form of municipal government, it will be necessary to elect a mayor and two commissioners on April 2.

Under the City Manager plan, according to Texas civil statutes, a mayor and two commissioners are elected at regular city elections, and the city manager is appointed by the city commission.

To make the change in Hereford's municipal government, an election would be necessary to allow the voters of the city to ballot on the question. A petition signed by not less than 20 percent of the qualified voters of the city, based on the number voting in the last city election, is necessary before such election can be called.

In the last municipal election, 340 ballots were cast. On that basis, 68 petitioners would be required to bring the question of a change in the municipal form of government to a vote.

Civil statutes provide that, when such a petition is presented to the city commission, the mayor must proclaim an (Continued on Page 12)

Cagers Disband on Eve of District 1-A Tournament

Plagued by a late-training start, an unsuccessful season, and the loss of two coaches, the Hereford High School cagers decided to disband on the eve of the District 1-A tournament at Canyon last Friday, and withdrew their entry from the district race.

Resignation of Coach Johnny Guyer four days before the district tourney proved the final straw for the Whitefaces. Guyer, who had taken over the squad from Coach Hoyt Byrd on February 1, was gone to Adamson High school at Dallas as assistant football coach.

Coach Byrd, who started the season with the Herd, left at the end of January on leave of absence to attend North Texas College at Denton.

The Herd's troubles began last December, when basketball training was delayed by the bi-district football play-off with the Phillips Blackhawks, which kept most of the squad off the court and on the gridiron until mid-December; followed by an epidemic of influenza which kept the team under wraps until after the Christmas holidays.

Off to a bad start, the Whitefaces had won only one game all season, squeezing out a 26-25 decision over the Canyon Eagles on January 29.

LETTERS FROM OUR READERS

To The Editor:

In view of the fact that our present Mayor, Mr. Ireland, has published a letter to the effect that he does not choose to make the race for the office of Mayor in the next City Election, it is further reported on the street that neither of the other two members of the City Commission will offer for reelection in the coming election. I do not know of my own knowledge if this is true. If it is, then it is very apparent that our next City Commission will be composed of entirely new men.

I do not know of any dissatisfaction with the present city administration. Personally, I am of the opinion that they have done

a good job considering what they have had to work with.

It appears to me as a tax-paying citizen of the City of Hereford, that we should get busy at once and in some way nominate men to run our city government. These men should be conservative business men of high moral character and strict integrity and good business judgment.

Men looking for business locations and investments have a question in their minds concerning the future of Hereford. Hereford has a future before her and in my opinion we should plan now for this future instead of waiting until necessity compels us to make city improvements. If we wait until necessity compels us to take action, then we waste the people's money and such improvements are more or less of a temporary nature.

Our city officers are, or should be, the servants of the resident

citizenship of the city who pay the taxes and the ones that pay the taxes should have a right or privilege to say how their money should be spent.

As I see it we have a wonderful opportunity to build a nice little city of ten to fifteen thousand population within the next two or three years, if we go about planning for this at the present time.

I have given this problem much thought and the only solution I see is to call a meeting of the citizens of the city to consider the situation. If a majority favor going ahead blindly and let our city officials meet our problems as they arise, then it will have to be done that way. On the other hand if they desire to make their plans and work toward a fulfillment of these plans that should by all means be done at once and officers elected to carry out these plans.

When we, as individuals, contemplate improvements of any

PROCLAMATION

BY THE Governor of the State of Texas

TO ALL TO WHOM THESE PRESENTS SHALL COME:

Whereas, the non-profit, community-service idea of hospitalization originated in the State of Texas in 1929, and now enables thousands of our citizens in all walks of life to avail themselves of prepaid care in modern, well-equipped hospitals; and,

Whereas, this idea has spread to the far corners of our Nation under the sponsorship of the Blue Cross Commission of the American Hospital Association, making it possible for millions of Americans to secure this health protection through group Service Plans; and,

Whereas, the eighty-six Blue Cross Plans of the United States and Canada that are observing February 21, 1946, as BLUE CROSS DAY have enrolled more than 20,000,000 persons in forty-three States, five Canadian Provinces, the District of Columbia and Puerto Rico;

NOW, THEREFORE, I, Coke S. Stevenson, Governor of Texas, in recognition of the humanitarian achievements of Group Hospital Service, Incorporated, the Blue Cross Plan of this State, and its part in the National Blue Cross movement, proclaim February 21, 1946, as

BLUE CROSS DAY

attesting to the humanitarian value of this national health service, its contributions to the people of Texas, and the friendliness of Blue Cross sponsors in making it possible for our citizens to secure this health protection through group memberships. I urge all our citizens who are not covered by hospital insurance through a voluntary plan to give serious consideration to the matter, for I truly believe that such coverage is not only a great service to the individual and his family, but to our society as well.

IN TESTIMONY WHEREOF I have hereunto signed my name

officially and caused the

Seal of State to be affixed

hereto at Austin, this the

6th day of February, A. D.,

Mr. and Mrs. J. H. Pitman Celebrate Golden Wedding at Open House

A man and a woman who first met at Sunday School in a small Missouri Church marked their 50th wedding anniversary yesterday at an open house at their home at 801 East Third Street. They are Mr. and Mrs. J. H. Pitman, residents of this area for more than 40 years.

Joseph Hiett Pitman was born in Winchester, Va. Frederick County on April 8, 1869 and lived there until he moved to Saline County in Missouri to live with an aunt. Minnie Eloyse Miller was born July 27, 1869 in Miami, Mo. They were both Baptists and "in that day and age young people wouldn't think of missing Sunday School any more than they'd miss a meal," Mrs. Pitman said, adding with a twinkle in her eyes, "young people miss so much these days."

They were together at square dances, community parties and sleigh rides—sometimes the snow would stay on the ground for weeks, and were married February 20, 1896 at her home. A big turkey dinner followed the wedding with cake after cake being brought in to supply the table. Mr. Pitman had a farm home all ready for his bride but the mud was hub-deep and it

took them quite a while to make the trip. In fact the mud was so deep, it took a four-horse team to go to the dressmakers, four or five miles away, to get her wedding clothes. The wagon bed was nearly full too, because the sleeves and skirts had so much crinoline in them. Mrs. Pitman said she only weighed 105 pounds but by the time she got on all the clothes they wore in those days she could hardly get through the door.

They lived on their farm for the first 10 years of their marriage, and three of their children were born there. In 1906 Mr. Pitman decided he wanted to go west to a country they had heard about but had never seen. They came to Amarillo and bought a home and their only daughter was born there.

A year later they came to Hereford where Mr. Pitman entered the real estate business and was one of the leading real estate men of Deaf Smith County for many years.

Everybody knows them now as "Big Mama" and "Big Papa" names affectionately given them by their first grandchild, John Douglas Pitman, now at sea with the Merchant Marines. They

both have a hobby. His is red flowers and hers is just flowers, which fact is quite evident in the summertime in their backyard flower garden. She knew all about a "Good Neighbor Policy" long before it made the headlines in the newspapers and at their home the doors were always swung wide in hospitality to both young and old alike. They have scores of friends and flowers, gift packages, telegrams and telephone calls began arriving early on the anniversary date.

Their four children are; J. A. Pitman, owner of the Pitman Grain Company, J. M. (Mack) Pitman, who is associated with the Pitman Grain Company, W. C. Pitman, owner of the Pitman Service Station and Miss Eloyse Pitman, teacher at Central School. They have two grandchildren, John Douglas Pitman and Helen Ann Pitman, son and daughter of Mr. and Mrs. J. A. Pitman.

Anniversary Open House

It was a proud and happy couple that stood with their three sons and daughter to receive the many guests that called during the open-house yesterday afternoon. Helen Ann Pitman was at the door to greet the callers, and Mrs. Seth E. Holman introduced them to the honorees. Mrs. E. B. Hedrick was in charge of the guest register and assisting in the reception room were Mrs. J. C. McCracken, Mrs. H. A. Close, Mrs. H. K. Fox and Mrs. Alton Fraser.

Gold and yellow flowers were everywhere with snap dragons and lovely daffodils predominating. Dainty sprays of tiny bell-like acacia were the accessory blossoms.

The refreshment table, laid in lace, was centered with a three-tiered wedding cake topped with miniature bride and groom. Yellow rosebuds on a wreath of green formed a border around the cake, which was flanked by silver candelabra holding lighted yellow tapers. Cake squares were topped by tiny golden bells done in icing, and mints and other tea dainties emphasized the theme of the party. At each end of the table was placed a silver coffee service with Mrs. J. A. Pitman and Mrs. W. C. Pitman presiding. Others assisting in the dining room were Mrs. C. C. Acker, Mrs. W. L. Davis and Mrs. A. R. Bateman.

Approximately 75 guests registered during the open house hours. Out-of-town guests included Mr. and Mrs. Bob Lindsey, Mr. and Mrs. C. R. Stahl and Mrs. Don Baken of Borger, Miss Esta Jennings, Miss Nettie Savage, John Weiler and Don Taylor of Amarillo, Mr. and Mrs. David Rodgers of Wichita Falls and Mr. and Mrs. Ernest Medkief of Folsom, N. M.

Tall red tapers rose from the center of the heart to give candlelighting.

Peggy Jo Probasco arranged the decorations for the refreshment table which consisted of an oblong mirror with reflecting red tapers and lacy sprays of greenery.

Pearl Edwards Becomes Bride of Bill Bowman at Progressive

Miss Pearl Edwards, daughter of Mr. and Mrs. D. Y. Edwards, and Bill Bowman, son of Mr. and Mrs. C. C. Bowman were married Thursday afternoon, February 14, at two o'clock in the home of the bride's parents at Progressive.

The bride wore a powder-blue fur-trimmed suit, and a corsage of pink sweet-heart rose buds. Her only ornament was a pearl necklace, gift of the bridegroom.

The impressive double-ring ceremony was read by Rev. Marvin Boyd, pastor of the First Methodist Church of Hereford. Only the immediate families of the young couple were present for the wedding.

Both Mr. and Mrs. Bowman attended Hereford public schools. Mr. Bowman has recently returned from England, where he was stationed with the U. S. Army overseas.

A three-tiered wedding cake,

topped by a miniature soldier and bride, was impressive on the large table, which was covered with a beautiful silk luncheon cloth brought from Japan by Orval Edwards.

New records in dairying are being piled up every year in the Panhandle-Plains and Southeastern New Mexico. Believe it or not, but our territory produces a large percentage of all the butter and cheese in the entire Southwest. Milch cows thrive in this good climate—and, of course, there's plenty of good feed and an abundance of fresh, wholesome water.

Yes, we have everything in the Panhandle-Plains and Pecos Valley including an abundant supply of low cost, dependable electric power to help the dairymen produce more dairy products at a lower cost.

Around Town

(Continued from Page 1)

G. P. Owen, manager, says he's going to add a new pressing machine soon.

Charles B. Driscoll, who writes the "New York Day by Day" column once made famous by the late Odd McIntyre, raises the ghost of Erastus "Deaf" Smith again with the question, "If Deaf Smith county was named for a man called 'Deaf' then should the county be pronounced 'Deaf' or 'Deff'?" Old Erastus must be chuckling to himself in his grave over that one, with one hand cupped to his good ear, because Deaf Smith was born in New York State back in 1787, and presumably acquired his deafness there, since he didn't come to Texas to become famous until 1831. If New Yorkers paid as much attention to their native sons as Texans do to their adopted heroes, Mr. Driscoll would know about Deaf Smith. As for the

correct pronunciation of the name, any standard dictionary could supply it. Of course, Deaf Smith was a native New Yorker, and if New Yorkers pronounce it "deef" we could be wrong. Mr. Driscoll should know about that, too.

Whether they know about Deaf Smith or not, a lot of people around the country know about Deaf Smith County. A sampling of letters received this week by the Chamber of Commerce turns up queries from Maine to California, and way-stations in between. A dentist in Augusta, Maine, wants to know about Deaf Smith soil; and a dealer in San Diego inquires about shipment of food grown in Deaf Smith county. Mason City, Iowa, wants to know about food distributors of whole grain products grown in Deaf Smith county... and a man in Seattle, Washington, wants a bottle of Deaf Smith water... with the whole Pacific Ocean in his front yard, too!

City Manager

(Continued from Page 1)

election within ten days, and such election must be held not later than 30 days after the date the petition is filed.

If the employment of a City Manager is authorized by election, the city commission is bound by statute to appoint a manager within 60 days from the date of the election.

The commission is responsible for the efficiency of the City Manager, and statutes provide that such a manager must be chosen on the basis of administrative ability, with no regard for residence. Salary of the City Manager must be set by the city commission, and his duties and authority delegated by the commission.

Under the City Manager form of government, the details of management and operation of the municipal government can be delegated to the city manager by the mayor and commission, who then act in a supervisory capacity.

Hereford faces the same problem which plagues many small cities; the management of the city affairs requires the full-time attention of one man, and the limitation on salary of the mayor, plus the time required in performance of duties, makes the job a sacrifice for any qualified citizen.

The Brand will open its columns to signed letters from any citizens in the city who wish to express an opinion on the city manager question. No anonymous letters can be published.

The Teen-towners hope to get a permanent location for their Youth Center, since the USO will probably be officially closed in a few weeks.

Some question as to the disposition of furnishings in the USO building have come up, as Teen-towners and other organizations scouted possibility of acquiring the furniture.

According to a directive from USO headquarters, the furniture must be sold. The USO may not dispose of or distribute any surplus funds remaining after its work is completed except in the manner approved by the government, the directive reads. "It is therefore obvious that if the USO is not at liberty to dispose of surplus funds at its will, it cannot give away surplus property and is obligated to realize its full cash value by sale. It is also recognized as the best policy to follow the gener-

al rule of business and government and dispose of surplus property by sale without preference to any individual or group."

Streu's Diary
DEAR DIARY:
Signs of recovery—three salesmen in one day—with very little to sell except good will and hopes of delivery within three to nine months—but it's good to see the boys again—it indicates that at last the distributors have something definite in sight—the fence repairing is going on apace....
Just received—some good Sweden Clothespins, 15c per dozen—limit 3 dozen per customer. Step ladders, 4, 5, 6, 8, 10, and 12-ft.—well built and reasonably priced. Big assortment of Metal Tool Boxes, all sizes, shapes and prices—time to start gathering tools for harvest. Large quantity of irrigating canvas dams and irrigating shovels—these dams are about 5x7 feet, made of reconditioned army canvas and are selling at a bargain.
Have a fair stock of lard cans, butcher knives, tin cans and fruit jars for taking care of butchering needs.
In stock—baby buggies and bassinets—and a few all steel playground sets for the older kiddies. Some tennis rackets due today—plenty of tennis balls, soft balls and ball bats.

Appliance situation looks about the same—very few until steel gets into full production—about 90 days or more. However, we will have in a few days one of the new Stromberg-Carlson radio-phonograph console sets—for display only—you can take it home to try, though—for one night only. We are thrilled to think that at last we will get to hear one of the finest radios of all time—Stromberg-Carlson.

Hereford will soon be noted as the town without a toothache, a park, a swimming pool, a school and a city government... if the mayor and commissioners retire as announced. I understand Truman would like to retire, too.

STREU.
