Junior Red Cross Representatives Attend Meeting

Representing the Deaf Smith County Chapter of the American Red Cross, Mrs. Clyde Cave and Mrs. O. F. Cowart left this week to attend Junior Red Cross institute the 16, 17 and 18th at Norman Okla.

Appearing on the program are educators of note and well qualified teachers who will discuss their experiences and the developing of Junior Red Cross activities in the schools.

D. C. Kinsey was elected district chairman for the Deaf Smith district of Llano Estacado Council of the Boy Scouts of America at the annual district meeting held at the First Methodist Church last Thursday night.

Kinsey succeeds John McLean, who has served as district chairman for the last ten years. Herman Ford was elected vice-chairman.

Reports of committee chairman were heard. Rev. Marvin Boyd, organization chairman, reported that there were 8 units in the district, including Cub and Senior Scouts, with 161 boys and 45 adults enrolled. The district includes all of Deaf Smith County and Friona troops in Farmer county.

Hall Beavers, activities chairman, reported on the National Scout week observance here in February, and reported that Troop 50 (Hereford Troop 1) was the banner troop in paper collection and had collected 100,000 pounds of paper for salvage since the war started.

Twenty-four scouts helped relieve the labor shortage last year, Beavers said. Thirty-one scouts of the district attended camp at Philmont ranch and 22 scouts attended the Ceta Glen camp last year.

W. E. Dameron, chairman of the advancement committee, reported on the three courts of honor held during the past year. Ten scouts won second class rank, eight were awarded first class rank, and three scouts made star rank during the year. Forty-seven merit badges were awarded, and 11 General Eisenhower awards (for collecting 1,000 pounds of paper for salvage) were presented.

Harold Close, Finance chairman, reported \$686 collected for the year. The nominations committee was composed of Rev. Boyd as chairman, Roger Corbett, and Hall Beavers.

Kinsey will appoint committee chairmen to serve during the next year.

A court of honor will be held for Hereford scouts on June 7, Chairman W. E. Dameron has announced.

Graduation Exercises for Dimmitt Class

Commencement exercises for the graduating class of Dimmitt High School will be held tonight (Thursday) at eight o'clock in the high school auditorium in Dimmitt.

Rev. R. W. Ford, pastor of the First Christian Church of Hereford, will deliver the commencement address.

Diplomas will be awarded to twelve graduates, the smallest graduating class to receive diplomas from Dimmitt high school in a number of years. Loss of a number of students to the armed forces, and change-over to the 12-year school program caused the drop in number of graduates, as this is the first class to be graduated under the 12-year system.

Norma Thompson is valedictorian of the class, and Ruby Warren is salutatorian.

Other graduates are Clydene English, John Joe Gibson, Thomas Earl Harrison, Betty Hastings, Charles H. Howell, Carolyn Rawlings, Phyllis Simon, Albert Sinclair, Carolyn Taylor and Billy Jean Woolery.

Baccalaureate services were conducted last Sunday, May 12, with Minister R. C. Lawrence, pastor of the Dimmitt Church of Christ, preaching the baccalaureate sermon.

Celebrate Golden Wedding

Mr. and Mrs. William McGehee celebrated their Golden Wedding anniversary with a formal ceremony at the Methodist Church last Sunday afternoon.

Mr. and Mrs. Wm. McGehee Celebrate 50th Wedding Anniversary Sunday

Mr. and Mrs. William McGehee celebrated their golden wedding anniversary in a formal ceremony held at the Methodist Church Sunday afternoon at 2:30 o'clock with the Rev. Marvin Boyd officiating. Mrs. John Jacobsen, organist, gave a musical prelude to the ceremony and accompanied Mrs. R. P. Comeway who sang "I Love You Truly" by Carrie Jacobs Bond.

Ushers were the couple's two grandsons, William and Richard McGehee of Kansas City and as the familiar strains of the "Lohengrin" wedding march were heard, another grandson, little Charles McGehee, opened the door for the couple to enter.

Mrs. McGehee wore a floor length dress of palest blue eyelet cloth. Her shoulder bouquet was of gold iris and long gloves matching the flowers completed the costume. For something old she wore a ring sent from California during the gold rush. Her something new was a handkerchief given to her by her husband and she wore a borrowed string of pearls.

As the wedding ceremony of fifty years ago was re-enacted the same ring, cherished for half a century, was again placed on her finger as the couple renewed the same sacred vows. The past years of happiness seemed to dominate the spirit of the occasion as the white-haired couple retraced their way down the aisle to the strains of Mendelssohn's recessional.

Open House Is Held
Open house was held at the McGehee home, 915 East Third Street, for more than 125 relatives and friends from 3:30 to 6:30 p. m.

Seasonal greenery with touches of gilt and bowls of tulips and gladioli in yellow tones decorated the living and dining rooms. On the dining table from which refreshments were served, white tapers burned in crystal candelabra. The centerpiece was a gold-trimmed crystal bowl filled with Dutch iris in shades of gold and yellow. The three-tiered anniversary cake was decorated with sprays of yellow blossoms done in icing and topped by a miniature bridal couple. Ann Morgan and Mary Estelle LeGrand, Martha Thomas and Betty Wade served alternately to preside at the punch bowl and cake. Mrs. Ernest Wade was in charge of the guest register.

The couple's children, Wallace McGehee of Kansas City, Mrs. Russell Hupp of Longbeach,

Ann Lewis, Patricia Townsend, and Miss Oliver.

★ "I dressed his wounds, and God healed him," was the modest statement of the great French physician, Paré. It was he who first insisted on cleanliness and fresh air for his patients.

These things now are accepted as the minimum essentials for health, although in the sixteenth century they were revolutionary. Medical science has traveled a long road since the days of Paré. Some diseases have been eliminated, others drastically curtailed. Given full co-operation, physicians could eradicate many of the infectious diseases still rampant today. It is up to you to take advantage of the knowledge your physician possesses.

Maybe you aren't this big a nut about cars

Maybe you're able to resist taking your engine apart—as long as it runs swell. That's generally enough for most anybody—no matter how curious he is to see Conoco N<sup>th</sup> motor oil in the act of OIL-PLATING the engine's insides.

OIL-PLATED engines aren't forever having the top opened up to see about carbon—nor having the bottom opened up to see about sludge. Carbon and sludge are the camp-followers of wear. But OIL-PLATING is in the best position to oppose wear—because it is fastened and held direct to inner surfaces. This is accomplished by the magnet-like action of an added material in Conoco N<sup>th</sup> oil—patented.

OIL-PLATING is an addition—a durable protection—to the engine's fine inner finish. Ask new car owners and you'll find them widely adopting OIL-PLATING. This time, with this new car, they want to start out right. . . . And should an older car logically have anything less than the safeguard of OIL-PLATING! Then get Conoco N<sup>th</sup> motor oil—at Your Mileage Merchant's Conoco station—now. Continental Oil Company

### Summerfield Study Club Anniversary Celebration Highlights Social Affairs

Highlighting social affairs last week was the Twentieth Anniversary celebration held by the Summerfield Study Club at the home of Mrs. B. E. Roberson Thursday afternoon. The observance was in form of a seated tea and program with decorations carrying out the club colors of red and white throughout the house. The receiving line was made up of the president, Mrs. L. H. Lookingbill and past presidents of the club including Mrs. Lee Curry, Mrs. Ray Johnson, Mrs. L. L. Cannon and Mrs. D. C. Walser.

The refreshment table was centered with white tapers on a reflector bordered with red sweet peas, the club flower. The beautiful tiered birthday cake with icing molded into red sweet peas was presided over by Mrs. Jim Clark and Mrs. Chas. Noland. At the other end of the table Mrs. Walk Boston presided over the crystal service where punch was poured. Mrs. C. R. Walser presided at the guest register.

Mrs. Kenneth Neill entertained with informal piano music during the tea hour and Mrs. Lookingbill welcomed the guests. Mrs. A. C. Thompson played "The Rosary" on her violin accompanied by Miss Marie Williams. Mrs. Lee Curry, historian, gave the club history followed by two vocal numbers given by Billee Ray Johnson who sang "Only A Rose" and "When Day is Done". Accompaniment was by Marie Williams who also entertained with a piano solo.

Three charter members of the club were present with life memberships in a ceremony conducted by Mrs. B. E. Roberson. Mrs. L. L. Cannon who has held some office in the club for 18 years, Mrs. Lee Curry, first president of the club and who held that office six years, and Mrs. Ray Johnson, president of the club for eight years. Gifts of appreciation were presented to all three.

Recognition was given to Mrs. J. M. Gilliland and Mrs. Bob Higgins, charter members and holding life memberships in the Pioneer Study Club of Hereford.

**Club History**  
Living up to the real meaning of its name, the Summerfield Study Club has had varied study programs during its twenty years of activities. Organization of the club was completed in the home of Mrs. J. L. Lookingbill in 1926 with twenty charter members. First officers included Mrs. Lee Curry, president; Mrs. L. L. Cannon, vice-president and Mrs. Ray Johnson, secretary-treasurer.

The first few years work was under Deaf Smith County Home Demonstration work with only one study program a month. In 1935 the club was federated and received the Texas Federation of Women's Clubs prize for the 1936-37 year book. The study course that year was "Adven-

tures in Reading." Through current events members have kept pace with the spirit of progress, both national and international.

Since federation the club has contributed officers and department chairmen to county and district federation boards and has been represented at district and state meetings. A cheer committee has been active at all times during the 20 years and in the absence of a parent-teachers organization has assumed that responsibility for the school. Civic projects have included: contributions to the school, church, Red Cross, infantile paralysis fund, cancer fund and Hereford Library. Boxes for service men, both overseas and at home have been included and the club sponsors the school cafeteria, donated canned food for the needy and cheer baskets for shut-ins. An Easter Egg hunt has been sponsored each year for pre-school and school age children and a Youth Center has been maintained during the past year. Five scrap books on file tell the story of the club's objectives and achievements.

Guests included former members of the club, presidents of federated clubs of Deaf Smith County and special friends. They included Mesdames Z. Blakemore, B. C. Roberson, W. E. Neill, J. D. Story, N. R. Miller, L. H. Bentley, John Graham, Roy Euler, Lowery Walker, R. M. Palmer, Geo. Benson, Luke Browder Jr., Earl Lance, A. C. Thompson, C. B. Williams, Geo. ### Senior Class Entertained By Church Group

Prelude to graduation is a long series of entertainments given by organized groups and individuals to honor the high school graduates.

Decorative touches for the most part carry out the school colors and at the buffet dinner given by the Womens' Missionary Union of the First Baptist Church Friday night for class members and guests, the senior class colors, gold and white, set the color theme for the party.

## Our dealers join us in making this frank report to THE FARMERS OF AMERICA

**INTERNATIONAL Harvester** is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

### Material shortages

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—we hope not.

### Refilling the well

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry. Stock and display rooms of our dealers represent not one, but ten thousand reserves which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that all repair parts production schedules are far beyond normal.

### No hoarding

You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market.

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

### What dealers may have for you

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on FLOWS

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

### No cutting corners on quality

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

8. Training and employment of a permanent staff in the several Legion Departments to assist and encourage all worthy Americanism projects.

9. Maintenance of a comprehensive public relations program . . . by means of newspapers, magazines, radio, motion pictures, and a speaker's bureau . . . to expound and explain the meaning of Americanism and the processes by which it must be kept the living creed of the nation.

10. Research into all methods designed to advance international understanding as a way to world peace; and support of

# California Man Is Killed and Two Injured in Wreck at Dawn

H. E. Elsey of Los Angeles, California, was killed almost instantly and his two companions were injured when a 1946 model automobile which he was driving overturned following a blow-out on Highway 60 two miles east of Dawn late last Thursday afternoon.

The injured were Mrs. Elsey and a sister, Mrs. Ida Stovall, also of Los Angeles, who were brought to the Deaf Smith County Sanitarium in Hereford immediately following the accident. Neither was seriously injured.

Elsey's body was taken to Canyon in a Griggs-Warren ambulance.

The injured women were brought to Hereford by Mr. and Mrs. O. P. Cowart, who passed the scene shortly after the accident occurred.

The automobile was in total wreck. Elsey was reported to have been travelling at high speed, and when the blowout occurred, the car overturned and struck with such force that it bounced clear over a three-strand barbed wire fence and landed in a field several yards from the highway.

Elsey's head was crushed and his neck broken in the accident.

The Californians were enroute to their home in Los Angeles from Amarillo when the accident occurred shortly before 7 o'clock Thursday evening.

hee recalled "It was such a wonderful trip even tho Mr. McGehee did spend most of his time hunting."

In 1908 they decided that the three children needed to go to Lockney schools, so they moved to Lockney where Mr. McGehee put in the first irrigation well in Floyd County. In 1926 they moved to Floydada where he was county judge for four years. When their daughter's husband died they went to Santa Ana, Calif., to be with her and remained for two years. By that time they were both homestead for Texas and returned to Lockney. He became interested in irrigation projects in Deaf Smith County and in 1936 they moved to Hereford. He is now manager of the Hereford Johnston Pump Company.

Both Mr. and Mrs. McGehee have been active in civic affairs of Hereford and have taken part in various activities of the Methodist Church. Both continue to manifest their interest in the welfare of the community and have scores of friends from all parts of the Panhandle.

Gerald Cardinal of Floydada was in Hereford Monday and Tuesday on business, and visited his brother, Edd Cardinal.

Col. W. S. Williams and son, Leo, of Amarillo were in Hereford Monday transacting business and visiting friends.

Wedding Held on May 10, 1896. Miss Katie Mae Nichols and William McGehee were married May 10, 1896 in the old Christian College in Lockney, the first couple to be married here. The bride wore a gray albatross dress made with skirt touching the floor, big topped sleeves and trimmed in yards and yards of ribbon and lace. It was heavily lined and numerous stays held it in place at the waistline.

Mr. McGehee was 24 and she just twenty. They met in Lockney after her parents had moved there from Tehuacana Hills and he had moved there with his parents from Salado in 1891 before Floyd County was organized.

He had a little difficulty in getting the license for when he went to pay the accustomed price of the license \$1.50 he only had a ten dollar bill and no one in all of Floyd County could make the change. They let him have the license anyway but it was almost a year later before the bill could be changed and the license paid for.

Like most people in those days they went immediately to their farm about four miles from Lockney but they kept thinking about the honeymoon trip they had wanted to take. Finally about a year later they did get out the covered wagon and took a trip to Matador. Mrs. McGe-
