Sights and Faces Seen

One of the several hundred sightseers who attended the preliminary Fourth of July fireworks display at Fraser's Elevator a few weeks ago made off with a "fire jacket" which had been loaned to the local fire department by the company at the P. O. W. Camp. The local smoke-eaters are extremely anxious to get the garment returned, since they're going to be hit hardest where it hunts worst—in the pocketbook—unless the jacket comes home.

Out of the Mail Bag: Mrs. John H. Olson writes from Waco to renew her subscription to The Brand and sounds just a bit homesick for Hereford. "When the chiggers bite and the humidity stands at 90 with the mercury at 95, we long for the cool dry climate of Hereford," says Mrs. Olson. When Mrs. Olson's letter arrived on the afternoon of the 4th, Hereford was neither very cool nor very dry, but there wasn't a chigger in sight. That observation is for the benefit of anyone in Hereford who might be homesick for Waco.

What summer would be complete without a donkey ball game? The High School and VFW ball clubs will stage one at the softball field on Friday, July 26. In case you don't get a program folks, you can identify the players from the flyers by the fact that the donkeys have four feet. The ball players are easily distinguished by the fact that they have ten thumbs.

Evangelist Amy Vivian Schuetts, who styles herself "the California Old Fashion Gospel Evangelist", will open a revival meeting at the county courtroom beginning next Sunday night, July 14, and continuing every night except Saturdays, at 7:30 o'clock.

City Cracks Down On Violations of Garbage Orders

Failure on the part of many local citizens to comply with the city's regulations governing handling of garbage and trash brought a crack-down order from the Mayor's office this week.

"After July 20, no garbage or trash will be picked up from any place which does not meet the stated requirements," Mayor Dameron announced Wednesday.

The requirements are: Suitable garbage containers with tight-fitting lids (similar in size and type to those offered by the city) must be used. These garbage containers must be placed near street or alley where they can be easily loaded by garbage collectors. "Some people seem to have the idea," the Mayor pointed out, "of not paying the monthly garbage fee and letting the cans, trash and other rubbish accumulate for the city to haul off later. No more free hauling will be done by the city. Only those who pay the regular garbage fees will have their tree limbs, lawn clippings, weeds and other rubbish hauled off."

"A few people, in order to save a small monthly fee, will not be permitted to impair our sanitary program and nullify the efforts of a great majority in having a clean and sanitary city. We are not concerned with who hauls your garbage and trash, just so it is hauled off and hauled off regularly as required by city ordinance."

Fliers Plan to Organize NAA Chapter at Meeting Friday

Organizer

A meeting of local fliers, and all persons interested in aviation, will be held at the County Courtroom tomorrow night (Friday) at 8:30 o'clock, when plans will be discussed regarding the formation of a local chapter of the National Aeronautical Association.

Don V. Seever, manager of the southwestern division of the NAA, of Washington, D.C., will be in Hereford at that time to talk to the group. The meeting was announced by E. B. Posey, secretary of the Hereford Chamber of Commerce, and Jesse Wofford, manager of Cloven Field, Hereford airport.

Membership in the association is not limited to pilots, Wofford pointed out, but is open to all persons who are interested in aviation.

Local citizens and officials who are interested in the future of aviation in Hereford have been invited to attend the meeting.

One of the principal arguments already advanced for the organization of an NAA chapter here is that such an organization will be in a position to promote needed airport facilities for the city.

Hereford is already listed for a Class 2 airport under the Federal Aid Airport Act for which funds totalling \$691,955 may be available if certain conditions (Continued on Page 8)

Firemen in Lead After Hard Win Off Summerfield

In a seven-inning thriller Monday night, the Hereford Fire Department defeated their arch rivals, the Summerfield Farmers, 13 to 11 to take undisputed possession of first place in the Municipal Softball League.

A season-long nip-and-tuck battle between Firemen and Farmers has paced the league since opening day, and the two teams were tied for the loop lead when they took the field Monday night. The game was won in the last of the seventh after a see-saw battle all the way.

League standings remained otherwise unchanged as a result of the week's play. Scheduled games last Thursday and Friday between Summerfield and VFW and KC's and Firemen were rained out, and will be played at a later date.

Summerfield Girl in Critical Condition After Accidental Shooting Last Saturday

Margaret Staats was transferred to the Baylor Hospital in Dallas last night. Her condition was reported as "slightly improved" by the local hospital at that time.

Margaret Staats, 13-year-old daughter of Mr. and Mrs. Ted Staats, is in a critical condition at the Deaf Smith County Hospital as result of an accidental shooting at the Staats home near Summerfield last Saturday evening.

A .22 calibre bullet is lodged in her lower spinal column. Doctors give the child an even chance for recovery.

The accident occurred just at sundown last Saturday evening, when Margaret's little brother, 8-year-old Gene, stumbled and fell with a .22 calibre rifle. The gun discharged, and Margaret was struck in the back by the bullet.

Members of the family had just returned from the field, where they had taken supper to the harvest hands, and were unloading the pickup. Margaret, with her arms loaded, was just entering the back door of the Staats home, and little Gene had picked up the rifle, which was thought to be unloaded, to carry it into the house.

He stumbled on the steps, and the gun, falling to the porch, discharged.

The little boy fainted when the gun went off, and in the confusion, members of the family thought at first that he had been struck by the bullet.

Margaret was rushed to the hospital in Hereford, where X-rays revealed that the bullet (Continued on Page 8)

Announce Plan To Dismantle POW Camp

Plans to dismantle the Hereford Prisoner of War Camp and make the salvage lumber and critical building materials available for building under the Veterans Emergency Housing Program are now underway, Harry L. Holliday, Dallas Regional Director of War Assets Administration, announced yesterday.

This constitutes the first offering in this area under terms of the Lanham-Mead resolution whereby surplus lumber and building materials from military installations will become available for veterans housing, Holliday said.

The entire program is an outgrowth of arrangements made between Wilson Wyatt of the National Housing Agency and War Assets Administrator General E. B. Gregory to expedite veteran housing, he explained.

Sales of the surplus material will be handled as real property, with government agencies, state and local governments, and non-profit institutions being allowed to exercise their priorities in the above order for the first ten days after the camp buildings are advertised for sale, Holliday said.

Presumably veterans and others interested will be allowed to bid on whatever property remains after the first priorities are exercised.

The facilities being offered are approximately 320 buildings, including administrative buildings, barracks, guard towers, quarters, mess halls, storehouses and warehouses.

Numerous applications have been filed by local agencies for various buildings at the campsite since it was first declared surplus last January.

The City of Hereford was negotiating several months for a major share of the camp buildings for use in veterans housing and transient labor housing. The Deaf Smith County Hospital has applied repeatedly for the large barracks formerly used as nurses quarters.

Hereford veterans organizations have made applications for the camp officers club, and Hereford, Friona, Dimmitt, and Bovina schools all have made prior applications for building units.

Since it was first declared surplus, the camp has been, at various times, under the jurisdiction of several federal agencies, all of which have accepted applications for the property, but none of which remained in control long enough to do anything about it.

The camp was returned to the War Assets Administration, where it was originally placed when it was declared surplus, last week; after being shifted at various times to and from the jurisdiction of the Federal Farm Mortgage Corporation, the Federal Land Bank, and the Federal Public Housing Agency.

Mr. and Mrs. Joe Paetzold left Friday for Harper, Iowa, to attend funeral rites held there for his brother, Jake Paetzold, 54, who was killed in a gas explosion near Peru, Ill., last Thursday. Mr. Paetzold, who nullified Mr. Paetzold, who until five months ago, was employed by a gas company at Frich, Texas, was working with a crew of men on a gas line when the explosion occurred killing five men and injuring others. He was the only Texan who was fatally injured.

He is survived by his widow and six children, and another brother, John Paetzold, also of Hereford.

Summerfield Burns Down Ball Park But Smoke-Eaters Save Foundations In 5-Alarm Seventh Inning Rally

EDITOR'S NOTE: Here's one of those rare reports by the old Maestro of the Diamond on the season's most exciting ball game. It was a clear case of arson: Summerfield tried to burn down the ball park, but the Hereford Smoke-eaters saved the foundations-as-usual, and Homer Fox tells you how in his own inimitable style:

By Homer Fox
Monday night the Summerfield Farmers came to town loaded for bear. They meant to take the hide off the Hereford Firemen in a ball game that meant a lot to them. These two teams were tied for first place in the City Softball League.

The spark hunters were out there rough and ready with all the fire fighting equipment they had, with four strings of hose already connected and the old pumper going full blast. Chief Patton had made arrangements for every player to have a rabbit's foot in his pocket and a horse shoe draped around Manager Debbes Knox neck, and believe me those flat heads needed all of that by the time those Clark boys got through with them, five in the line up and more in reserve, more Clarks in Summerfield than used to be lookingbills and they are all good ball players too.

Summerfield started to make soap right in the first frame, with two runs on two hits, two walks.

The smoke-smotherers came (Continued on Page 4)

Commissioners Defer Action On Proposed Hospital Bonds

Action on a petition to call a special election for the purpose of voting \$350,000 in hospital bonds was deferred Monday by the County Commissioners Court, Judge Fred Baird announced.

Members of the Board of Directors of the hospital met with the Commissioners Monday morning, and presented the petition asking the court to call a special bond election.

The Commissioners deferred action on the petition, after a thorough discussion of the situation with the board of directors, and asked that further investigation be made by the board with a view to lowering the bond requirements.

With the county's present tax valuations, a bond issue in the amount requested for the hospital would require at least 40 years to be retired, and would tie up the county's bond structure for that length of time, Judge Baird pointed out. Under state law, only 20 percent of a county's tax revenue can be used for retirement of such bonds.

Hope was expressed that plans can be worked out for satisfactory additions to the hospital at considerably less expenditure. A considerable sum of federal funds may be available to aid the county in hospital construction, and there is still some hope that an application filed months ago by the hospital board for one of the buildings at the POW Camp may receive favorable attention.

The board had applied, originally (Continued on Page 8)

Lutheran Church Will Have New Pastor Soon

E. W. Lichtsinn of Indianapolis, Indiana, has accepted a call extended to him to become pastor of the Immanuel Lutheran Church of Hereford, according to word received by Henry Wedel jr., secretary for the local congregation.

Mr. Lichtsinn will also be pastor of the Lutheran Church at Friona.

Mr. Lichtsinn, candidate for the ministry, was graduated from Concordia Theological Seminary in St. Louis, Missouri, last month. His preparatory education was received at Concordia College in Fort Wayne, Indiana, before entering the Seminary.

He will probably arrive in Hereford before the end of this month.

During the past six months the local congregation has been served by pastor Martin J. H. Hartenberger of Amarillo. Mr. Hartenberger has announced that there will be no services at the courthouse this Sunday, July 14, but that Sunday school and divine worship will be conducted on July 21, beginning at 3:15 o'clock in the afternoon. The Lord's supper will be celebrated in the four o'clock service.

Mrs. Hattie Rutherford, pioneer of Deaf Smith County, is in Deaf Smith County Hospital following a brief illness at her home last week. She was taken to the hospital Saturday. Her children, Mrs. W. A. Perciful of Hutchinson, Kansas, Mrs. Leah Lee Carter of Amarillo and James Rutherford and his wife of Jackson, Miss. are here to be with their mother.

Purcell Resigns Position Here As City Sanitarian

Resignation of Hereford's city sanitarian, C. A. Purcell, was announced Wednesday by Mayor W. E. Dameron.

Mr. Purcell submitted his resignation to the Mayor Monday morning, and it was accepted at a meeting of the City Commission later in the day.

The resignation was accepted effective on July 15.

No announcement has been made regarding his successor.

However, Mayor Dameron said, sanitary services offered by the city will not be interrupted.

Purcell was employed by the city company as sanitarian last February. He is in the service of the State Department of Health.

Mr. Purcell announced that he would report to the Department at Austin for further assignment.

Hundreds of Farm Laborers in Miniature City at POW Camp

Two hundred of the nearly 350 three-room apartments at the Labor Camp, which was opened last week at the Hereford Prisoner of War Camp site, had been rented at the end of the first week of operation, and an estimated 1500 persons are housed there.

A miniature city is growing up in the old prisoner-officer's compound, which has been leased by the city of Hereford, in cooperation with the Growers and Shippers Association, for the harvest season.

A grocery store, milk bar, and restaurant were opened inside the camp this week for the convenience of the residents.

Contracts were awarded by the Association Saturday to local merchants who had bid on the concessions.

J. W. Robinson Jr. opened his grocery store this week, offering milk and ice cream in connection; and Mrs. Owen Finlan was awarded the restaurant concession.

The compound contains 75 buildings, 68 of which were formerly prisoner-officer's barracks, each containing 5 three-room apartments.

The area has been leased to the city by the Federal Land Bank of Houston as an emergency measure to provide housing for more than 3,000 transient farm laborers expected in this area for the harvest season.

All expenses of the camp are being underwritten by the Potato Growers And Shippers Association at no cost to the city, which merely acted as contracting agency for the association.

The camp was set up to solve a critical housing and sanitation crisis confronting the city considerable hazard to the health of the entire community.

ON VACATION

Mr. and Mrs. N. E. Milburn left last week and were joined at San Angelo by Mr. and Mrs. Meade Halle for a two weeks vacation in Mexico City.

The compound contains 75 buildings, 68 of which were formerly prisoner-officer's barracks, each containing 5 three-room apartments.

Bank Deposits off Since January 1 Statement Shows

Deposits in the First National Bank of Hereford at the mid-year mark on June 29 were off more than half a million dollars from the first of the year high of a little more than six million dollars.

According to the statement issued by the bank at the close of business on June 29, deposits totalled \$5,563,177.50.

At the close of business on December 31, 1945, deposits in the local bank were \$6,060,510.14. The drop in deposits over the 6-month period totals \$597,332.64.

Loans and discounts were down from the December 31 total of \$1,254,863.19 to \$973,139.09 on the mid-year statement.

Deposits in the Friona State Bank at the close of business on June 29 totalled \$1,860,382.77, representing only a slight drop from the \$1,896,184.14 on deposit at the close of business December 31, while loans were up sharply from the \$165,926.95 on that date to \$206,202.84 at mid-year.

Mr. and Mrs. Strickland and daughter will leave Hereford for Denton as soon as business details in connection with the local schools can be completed, and arrangements can be made for disposal of their home here, Strickland said.

Brumley Dairy Herd Leads Test By Association

Seven Dairymen in Castro and Deaf Smith county had their cows tested in the dairy herd improvement association. Robert Huseman of Nazareth, who tested the cows reported the following as a summary of June testing. Seven herds had a total of 146 cows that gave a total of 93,377 pounds of milk and total fat of 4179 pounds. This was an average per cow of 533.5 pounds milk and 23.8

pounds fat. B. E. Brumley of Hereford had the highest herd average of 775 pounds milk and 30.7 pounds fat. Mr. Brumley also had the highest testing cow which was a Jersey that gave 903 pounds milk that tested 5.8% making a total of 53.1 pounds Butterfat.

Frank Huseman had the 2nd highest testing cow, also a Jersey that gave 903 pounds milk and testing 5.8% making a total of 52.4 pounds fat.

Harry Rothwell had a milking Shorthorn cow that produced the highest amount of milk, 1230 pounds, that tested 4.2% making 51.7 pounds of Butterfat.

Streu's Diary

DEAR DIARY:

We have been accumulating several items which have been scarce—such as garden rakes, irrigating shovels, water bags, milk buckets, and sprayers, and compressed air sprayers (those four gallon ones that you pump up—then spray).

Jean has just gotten in a shipment of Fenton Glass and a shipment of Chadwick China (not dinner ware).

Just received—cane fish poles, casting rods, snelled hooks, bass flies, and several Creek Ohub baits for bass fishermen.

Our stock of garden and lawn tools is complete EXCEPT lawn mowers and water hose—we have spades, hoes, rakes, forks, shovels, several kinds of cultivators, Vigoro plant food, nozzles, hose couplings, sprinklers of all kinds, and two sizes of Handi-Carts. Those Handi-Carts are the best all-round trash movers we have ever seen—you don't even have to lift the trash to load them—just tilt forward and rake the trash in—see them.

Just received another cold check—from now on all checks will have to be cashed at the bank unless we know the bearer—too much forgery, cold checking, and plain "I didn't know I was out of money" business going on. We like to be accomodating—when it does not cost us the amount of the accomodation.

Finally got some more stock

tanks—all sizes from four foot to twelve foot—22 gauge iron—made by Willborn. Also three overhead storage tanks—they'll go fast, so get yours right away.

Now in stock—the finest assortment of Aermotor Windmill repair parts we have ever had—almost every part needed to put your mill in tip-top condition. A few minor repairs from time to time will often prevent a major repair or replacement. No more mills, however, until early fall. We have plenty of well cylinders of all sizes.

Almost forgot—we have a complete stock of Gerity-Adrian bath room accessories—towel racks, soap dishes, clothes hooks, and many other pieces. This is highly polished chrome ware—built to last a life time. See our display of this fine merchandise.

Wish some of our candidates for county offices would announce a definite platform so I would know how to vote — "I promise to fulfill the duties of the office" is like charity—it is rather vague and could cover a lot of territory. How about something like this—"I promise to do my best to make Deaf Smith County a better place to live—with adequate parks, good roads, and any other improvements needed?" Would you vote for such a program?

Miss Juanita Beauford, whose marriage to Hicks Roberson took place Sunday, was complimented last week at a miscellaneous shower given at the club house on Wednesday. Hostesses were Mesdames Bill Hutson, Roy Knox, Baker Womble, Roy Crutchfield and Misses Seletta Robinson, Doris Hooker and Peggy Barnard.

The club house featured the colors chosen by Miss Beauford for her wedding, blue and white, with gay streamers and baskets of flowers used to carry out the color theme.

The bride-elect, Miss Hooker, the bride-elect's mother, Mrs. C. E. Beauford, and the bridegroom's mother, Mrs. T. W. Roberson, made up the receiving line.

Refreshments were served from a table lighted with white tapers and adorned with blue flowers. Peggy Barnard served punch and Seletta Robinson was in charge of the guest register. Informal music entertained

the guests during the calling hours.

Those attending were Mesdames; J. H. Lomas, B. R. Dixon, Gerald Gollehon, H. V. Williamson, Ross Fuller, J. N. Edmondson Jr., H. L. Martin, Geo. Millard, Jack Roberson, W. L. Alexander, Johnnie Womble, Nelson McRight, Glenn Roberson, Geo. Benson, Bob Higgins, A. B. Higgins, W. O. Witherspoon, John Wood, Dennis Barnard, A. O. Thompson, members of the house party and the hostesses. Many sent gifts who were unable to attend the party.

(Rehearsal Party)

After the wedding rehearsal on Friday night, Jack Knox, best man at the wedding, entertained the wedding party with a picnic supper at the home of his parents, Mr. and Mrs. Boyd Knox.

Those attending were the hon-

orees, Miss Beauford and Hicks Roberson, Mr. and Mrs. T. W. Roberson, Mr. and Mrs. C. E. Beauford, Miss Theima McMinn, Donald Roberson, Miss Doris Hooker, Mr. and Mrs. Debbis Knox, Mrs. Boyd Knox and the host.

Weekending with Mr. and Mrs. Henry Benson were old friends, Dr. and Mrs. Joel Zeltner of Clovis, N. M.

Bridge Luncheon Given

Mrs. Oscar Easley used peach colored gladioli when she entertained members of the Wednesday Luncheon Club at a bridge luncheon at her home at 710 Miles Ave.

At the conclusion of contract games which followed the luncheon, high score awards went to Mrs. W. L. Davis, Mrs. J. A. Pitman and low to Mrs. J. C. McCracken.

Members attending the party were Mesdames; C. C. Acker, H. K. Fox, W. L. Davis, Alton Fraser, Jimmie Gilentine, W. C. Pitman, J. A. Pitman, J. C. McCracken and the hostess.

Mrs. Cliff Estes and son Clifford will go to Bryan this week end for their son and brother, John Estes, a student at Texas A & M College this fall.

LEGAL NOTICE

Citation

No. 2889
To Howard Roles, Defendant in the hereinafter styled and numbered cause:

You are hereby commanded to appear before the District Court of Deaf Smith County, Texas, to be held at the Court House of Deaf Smith County, Texas in Hereford, Texas, on or before 10 o'clock A. M. on the first Monday after the expiration of 42 days from the date of issuance hereof; that is to say on or before 10 o'clock A. M. on the 26th day of August, 1946, and answer the petition of Plaintiffs in Cause No. 2889 in which Clyde B. Kinkead and Eva M. Kinkead, and Donald Williams and Dickie Williams, minors, who sue by their next friend, Florence Williams, are plaintiffs, and Howard Roles is defendant, the cause filed in said court on the 9th day of July, 1946, and the nature of said suit is as follows: suit for partition of the east half of Block No. 1, of DeAtley's Addition to the town of Hereford, said addition being a subdivision of blocks 10 and 11 of Womble's addition to Hereford, Deaf Smith County, Texas. Plaintiffs alleging that Clyde B. Kinkead and Eva M. Kinkead own 19-20 of said property, that Donald Williams and Dickie Williams, each own 1-80 of said property, and that defendant Howard Roles owns 1-40 of said property, each being an undivided interest, and that it became necessary, and said Clyde B. Kinkead and Eva M. Kinkead did expend \$4000.00 to repair said property, and

\$1000.00 to pay delinquent taxes on said property, and that they are entitled to an equitable lien on said property for said amounts, and that said property is not susceptible to division in kind. Plaintiffs pray that said property be sold and the proceeds be applied first to the

payment for said repairs and taxes, and the balance be divided among the plaintiffs and defendant in proportion as they own said property.
Witness R. L. Thompson, Clerk of the District Court of Deaf Smith County, Texas, at my office in Hereford, Texas, this the

9th day of July, 1946.

can be met.

The Federal Airport Act provides that \$500,000,000 shall be authorized for airport development in the states over a 7-year period, beginning July 1. Congress has not yet appropriated funds for the proposed program, however.

Texas share of this appropriation, when and if it is made available, would be more than \$24,000,000. Estimated cost of the airport designated for Hereford in the airport development plan is \$691,955, exclusive of plans, building, and land which are already available at Clover Field.

CAA specifications for a Class 2 airport call for 3,000-foot hard surfaced runways. The two longest runways at Clover Field at the present time are 2800 feet,

Mr. and Mrs. Clois Kemp of Hereford were guests in the home of her parents, Mr. and Mrs. C. E. Watts Friday.

Among the visitors in Amarillo for the rodeo last week were Glenn Ricketts, Junior Burges, and Earl Griffith.

Mr. and Mrs. Earl Ricketts and grandson, Forrest, spent July 4th on the creek enjoying

and can be extended to 3,000 feet if power lines bordering the field can be moved, according to Wofford.

By buying an additional 15 acres at two corners of the field, runways could be extended comfortably to 3500 feet, Wofford said.

Three hangars have already been constructed at the field, and materials are on hand for construction of two more. Fourteen locally owned planes are at the field.

Interest in aviation has been growing in the Hereford area, and there are more than forty students, many of whom have already made solo flights, taking instruction at the field; in addition to a number of qualified pilots.

Hereford was listed as a stop on the Texas-New Mexico Air Lines schedule recently approved for a 3-year franchise by CAA. The airline has not yet gone into operation.

The Hereford Creamery is in desperate need of milk bottles. Cecil Malone says unless a lot of bottles are returned, service is going to have to be curtailed. Cecil hasn't found any way to put up milk in paper bags. The creamery will call for the bottles if people who have them will let them know.

There'll be a rodeo at the Hereford arena Sunday afternoon. Bovina ropers are coming over to match speed and horses with the Hereford Roping Club. The show starts at two o'clock.

Another special attraction: A softball game next Wednesday night at the local park between Hereford all-stars and an Amarillo team.

Garbage Collection Requirements:

Several weeks ago we published the conditions under which we thought it possible to render efficient garbage collection service to the residents of our city. Many have been unsatisfactory to both the city and those we seek to serve. These requirements are not just arbitrary rules, they are necessary for two reasons. First to make the system efficient as a sanitary measure and to make it possible to serve all places of business as well as several hundred homes of our city. Therefore these requirements must be complied with in the interest of all our people.

After July 20th no Garbage or Trash will be Picked up from any place which does not Meet the Following Requirements:

1. Have a suitable garbage container with a tight fitting lid (similar in type and size as offered you by city). Your old barrels should be disposed of,—let the city haul them off.
2. These garbage containers, and all rubbish you desire hauled off, should be placed where easily loaded by garbage collectors. City trucks are not to drive on your property to collect anything and will not do so unless by special arrangement and at an INCREASED FEE for this special service. In event they do drive on your property at your request they will do so at your own risk of damage to flowers, shrubs, trees and any and all other damage including personal injuries.

Some people seem to have the idea of not paying the monthly garbage fee and let the cans, trash and other rubbish accumulate and expect the city to haul this accumulated rubbish off later. No more free hauling will be done by the city. Only those who pay the regular garbage fees will have their tree limbs, lawn clippings, weeds and other rubbish hauled off. It is not fair for some to pay for this service and let others have it for nothing.

A few people are not using this garbage collection service offered by the city. We are not concerned with WHO keeps your garbage and trash hauled off,—just so it is hauled off and hauled off regularly as required by city ordinance.

A few people, in order to save a small monthly fee, will not be permitted to impair our sanitary program and nullify the efforts of the great majority in having a clean and sanitary city. Every family has some garbage. They cannot eat their cans, and other things that draw flies,—neither can their chickens. Please help keep our city clean.

Sincerely yours,
—City Commission
