

The Bench Warner

The spotlight turns to basketball this week, although the dust is still being kicked up over the gridirons around the Panhandle as the football championship play-offs get underway. The Whitefaces, out of the championship flights this year for the first time in several seasons are turning to the hardwood for a go at the national winter sport.

Several members of the Whiteface football team hardly had time to clean off their cleats and hang up their moleskins and jerseys before Basketball Coach Douglas Groom had hustled them into sneakers and shorts and onto the maple boards in Hereford's cracker-box gymnasium.

Groom, who was a pretty fair cager himself in his day with the West Texas State College Buffaloes, "the World's Tallest Team", is optimistic about this year's prospects, and says he'll have a pretty good quintet ready to take the floor this winter. Lack of experience will be the biggest handicap, since the Herd did not field a cage team last year, except for a short time, but Groom is working his charges hard in an effort to build a winning combine.

In the meantime, the dying grid season is dying hard. Four thousand fans are expected to jam-pack the inadequate facilities of Tullia's Younger Field tomorrow afternoon for the big bi-district title fracas between Phillips and Tullia. The Whiteface gridgers, who until ten days ago had high hopes of their own of taking the field against the Blackhaws, will attend the

Basketball Season Opens As Herd Cagers Defeat Friona

Floydada, Spur Battling for District 4-A Title Tomorrow

Tech Raiders To Meet Cowboys at Abilene Saturday

LUBBOCK, Nov. 25.—The Texas Tech Red Raiders will be attempting to protect a record of not having lost to the Hardin-Simmons Cowboys on the gridiron since 1932 when they journey to Abilene November 30 for the closing game of the year for both clubs.

Tech, since it began meeting Hardin-Simmons in 1926, has won six games, lost three and tied two. Victories include 10-6 in 1927, 6-0 in 1931, 7-0 in 1933, 13-0 in 1934, 9-0 in 1935 and 7-0 in 1941. The Cowboys won 19-0 in 1928, 21-0 in 1929 and 13-12 in 1932. The first game, in 1926, was a scoreless tie, as was the 1942 game.

Expected to be at stake in the November 30 encounter will also be an invitation to the Sun Bowl, which annually seeks to present the Border conference champion against a selected rival. Bowl officials have said it

(Continued on Page 8)

While Phillips and Tullia are fighting it out tomorrow for the bi-district championship of the western half of Region 1-A, a first-class district championship battle will be going on down in District 4 at Spur between the Spur Bulldogs and the Floydada Whirlwinds.

The Wellington Skyrockets are already safely on top of the heap in District 3, and will play the winner of the Floydada-Spur game in a bi-district battle for the championship of the east half of the Region, with the winners meeting the victor in the Tullia-Phillips tilt for the Regional Championship.

The Bulldogs and Whirlwinds are both undefeated on conference play. The Whirlwinds have lost one game this season, a 26-13 defeat at the hands of the Crowell team in the season's opener; and the Bulldogs have lost two non-conference games, dropping one to Hamlin 26-7 and the other to Munday, 13-0.

The Whirlwinds invaded District 1-A only once this season, defeating the District's co-champion Tullia Hornets 7-6 in an early-season appearance.

Wellington's Skyrockets are undefeated this season in conference competition.

Whiteface cagers were off to a good start in the opening game of the basketball season last Friday night with a 29-14 victory over the Friona Chiefs in the local gymnasium.

Friday night's contest was scheduled as a practice game for both teams.

The Whiteface quintet, after only two days of work-outs, showed up well in their first appearance on the hardwood, according to Coach Douglas Groom, who is already beating the tom-toms for a winning basketball season.

A squad of ten boys has already reported to the Whiteface gym to begin work-outs, Groom says, and a few more candidates may be added to the roster now with the end of football training.

The starting line-up to date will feature Lueb and Pangman at forwards, Millard and Homer Hovey at guards, and Higgins at center.

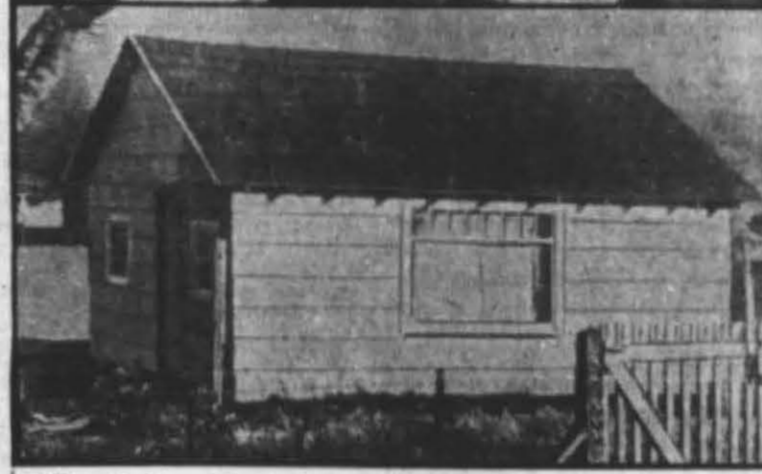

Johnny Rogers, captain of the grid team, is a candidate for one of the guard slots, with Buddy Corbett, and Gilbert Carlisle is out for a forward post. Hamilton and Kimbrough complete the present roster.

"It's still too early in the season," Coach Groom says, "to make any predictions about the Whiteface squad." However, Groom appears well pleased with the way the quint is shaping up so far, and is busy completing a season's schedule, which will be climaxed with the District 1-A

SPORTS

The House That Loot Built

William L. Leonard, 44, shown above with his former wife, Christena, 24, didn't let the housing shortage bother him. He just picked up materials here and there while working as a cement finisher, kept bringing them home, and a year and a half later he had himself the completely stolen three-room cottage shown below, a \$10,000 establishment according to the sheriff's inventory. The only thing Leonard furnished was labor, and the only thing the place lacked, it seems, was a bathtub—he couldn't find one he could lift. The Leonards were divorced five months ago, but she didn't leave. He has a criminal record.

Younger Field at Tullia Will Be Site of Turkey Day Battle

The sports spot-light in District 1 and 2 this week is focused on Tullia's Younger Field, where the Tullia Hornets, District 1-A co-champions, will meet the District 2-A title holders and defending Regional Champions, the Phillips Blackhaws, in a Turkey Day football game tomorrow.

Despite the fact that the Hornets have lost one game this season to the Blackhaws—an early-season 20-6 set-to—fans are expecting a real gridiron battle when the two teams tangle in the bi-district championship fight.

The Hornets, since their early season loss to Phillips, have been rolling in high gear, and aside from a freak 20-14 loss to the Canyon Eagles have ripped thru all conference opponents and apparently gained strength with every game.

A crowd of between three and four thousand fans is expected to overflow Younger Field tomorrow. Workmen have been rushing to completion temporary bleachers which will add 1500 seats to the capacity of the small Tullia Stadium, but standing room along the sidelines will probably be at premium by game time.

A large group of Hereford fans is making plans to attend the game. Coach H. V. Stanton, whose Hereford Whitefaces lost half the district title to Tullia two weeks ago, has announced that he and Assistant Coach Dalton Criswell will take the entire Hereford football team by bus to Tullia tomorrow for the big game.

The Whitefaces, bitterly disappointed not to have another crack at the Blackhaws, will see this one from the sidelines.

Coach Chesty Walker's Blackhaws are undefeated this season since losing their opener to the Class AA Quanah Indians.

Panhandle Drops To Class B Grid League Next Year

The Panhandle Panthers of District 2-A, one of the strongest teams in their district this year, will drop back to Class B football league next fall, according to reports from Panhandle.

Reason for the drop in classification is the fact that enrollment in Panhandle High School this year has dropped below the minimum required for competition in Class A football.

High School enrollment dropped below the 150 mark this fall. Class A schools are those with high school enrollment between 200 and 500. Schools with enrollment between 150 and 200 may be voted into the Class A Conference by members teams, but when enrollment drops below that minimum figure, the classification is automatically dropped.

Probability is that White Deer school will also drop back to Class B football league next year.

Another Stride FORWARD for Deaf Smith County AND THE Hereford Territory

FROM ALL REPORTS the Deaf Smith County exhibit at the State Fair of Texas this year set an all-time precedent as regards products grown, entertainment, attraction and presentation of material. A total of 1,639,986 persons attended the State Fair and we feel reasonably sure that a large percentage of these people visited and inspected the Hereford Exhibit. Publicity has appeared in hundreds of newspapers served by the Associated Press, and in numerous magazines and periodicals. We have also received letters from interested persons all over the country. All in all, we feel that the 1946 exhibit was a huge success, and that it is the forerunner of period of growth and expansion for the community in which we live.

WE ARE ESPECIALLY proud of the fact that the scores

of people who attend the fair from here took such interest in the Deaf Smith booth, for after all it was YOUR BOOTH representing your community. No one person or organization could have made possible and put over the 1946 exhibit in the manner which it was presented and in which it was accepted by the public. It took cooperation, and the attitude of the people of this community to make the 1946 exhibit what it was. Upward to 200 persons took an active part in the Fair Exhibit this year, some through cash donations, others through donations of time, ideas and suggestions, and still others through donation of produce for the booth. Your Chamber of Commerce officials deeply appreciate your spirit of cooperation, and like yourselves we are proud of it—for these things speak of a progressive community.

IN THE NEAR FUTURE we look forward to the reaping of substantial improvements as the result of effort and work in year past. It begins to seem that road improvements will soon be forthcoming in several areas of the Hereford Territory — at least that is our dream and hope. We still feel that the surface has hardly been scratched in the development of irrigation, truck farming, etc. New products, new markets and new industries are already appearing and will likely continue to appear many times over within the next decade. None of us know what the future holds, but it seems that our community is in a good condition to weather prosperity or depression, when compared with other areas — and with a continued program of expansion, we join you in looking forward to the dawn of a new era as Hereford swings into its Post-War Expansion Program.

Hereford Chamber of Commerce

Big Cattle Feeding Operations At Bovina Add to Parmer Farm Income

BOVINA, Nov. 23—One of the biggest cattle feeding operations in this area is being carried out in Parmer county by Triplett and Pringle, cattle feeders and buyers, of Bovina.
 At the present time the firm has 7,000 head of cattle grazing on wheat fields in Parmer and Curry counties.
 Cost of feeding, rental on the wheat land, and other expenses involve the expenditure of some \$40,000 per month in that area.
 Fifteen hundred head of young heifers and steers are now on full feed in the feed lots at Bovina, and will be fed out there before being shipped for slaughter.
 Bob Pringle, one of the partners, says that during all the widespread feeding operations during the past five years, there has been no trouble with cattle thieves. "If we ever had a single animal stolen, we don't know it," he said.
 "We have learned that good grade Whiteface Herefords do better and yield us better returns than any other grade," Pringle said.
 Biggest problem of the firm at the moment is a growing mountain of manure at the feed lots in Bovina, Pringle says he has been unable so far, to dispose of it as fertilizer, and doesn't know what to do with the steadily growing pile.—State Line Tribune.

Youngest Legislator

Youngest member of the Kansas Legislature is 21-year-old Robert Bock, Macksville Democrat, Kansas U. student and war veteran. He campaigned on a repeal plank in dry Kansas, beating Joe Fox, Republican and veteran stockman. Bock couldn't vote in the August primary which nominated him—he wasn't 21 until September.

Further improvement in the farm motor transport situation is expected in 1947.

Wild game and fur bearing animals are considered the property of the state and can be regarded as "possessed" only when taken in accordance with all regulations.

Turkey meat consumption is becoming less seasonal, as a larger proportion of birds are being consumed in the "off-season"—February to August.

THE COST OF MEDICAL CARE

★ That the cost of medical care has risen, no one can deny. But the rise has not been out of proportion to the general advance in the cost of living. At the same time the quality of medical service has been immeasurably improved.

Consider that today your physician has invested from eight to ten years and about ten thousand dollars in his education alone. He has no chance to earn until he is twenty-six or twenty-seven years old. He must have an office in a good neighborhood, good equipment, a car, good clothes.

Pharmacy, too, has stepped up its standards. Almost every state now requires four years of college and a year or two of practice before registration. All this adds up to better medical service for you.

CLOSE Drug Store
 PRESCRIPTION DRUGGISTS
 Phone 13

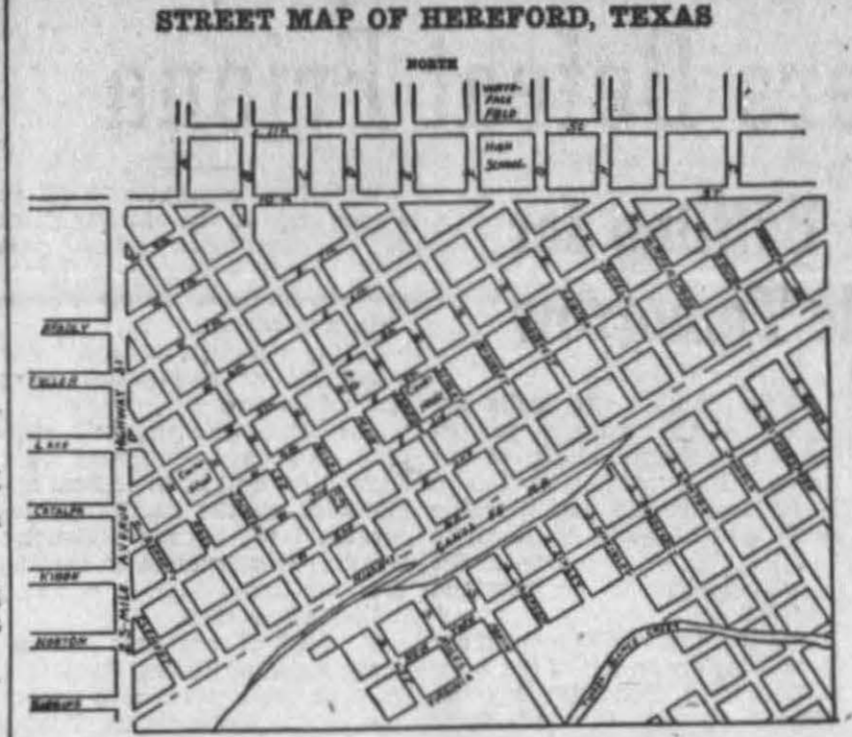

The busiest place in town is the telephone office

The telephone office is just about the busiest place you can imagine these days. There are more telephones connected to the switchboard and more calls a day than ever before.

Operators are doing their best to keep the speed and quality of service abreast of heavy demands. They handle most of your calls promptly, but sometimes, during very busy periods, there are more calls than they can answer as quickly as they'd like.

Shortages of lead and copper and steel and other materials that go into the making of telephone equipment are holding back expansion of the telephone exchange here and in scores of other towns. We have ordered new equipment, and are doing everything we can meanwhile to furnish you the best service possible.

Veterans Interested in Purchase of Lands Under New Amendment Urged Report Names

All Texas veterans of World II who are interested in purchasing farm or ranch land under the "Veteran's Land Bill," which was approved on November 7 as a Constitutional Amendment, are urged to get in touch with Ralph Smith, county Veteran's Service officer.

In a letter from Bascom Giles, commissioner of the General Land Office, this week, Smith received a request to forward the names and addresses of all local veterans interested in the land purchase to the State Land Of-

ice. "I think it well to point out," Giles wrote, "that because this amendment (the Veterans Land Amendment) was not self-enacting, it will be necessary for the 50th Legislature, convening in January to pass enabling legislation outlining the duties, policies, and procedure of the board and its operation. Until this has been done, the Veteran's Land Board will have no authority to purchase surplus federal lands, to prescribe methods of sale.

"When this has been done, it

will be the policy of the board to move toward consumation of the program as rapidly as possible. In order to save time to be as informative at that time as possible, it will be deeply appreciated if your office will continue its splendid cooperation by forwarding to this office the addresses of all veterans interested in this program, so that when this information is available it can be dispatched to them directly."

The Veterans Land Board, to which Giles refers, is composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. When the newly elected officials take office on January 1, members of the board will be Governor Beauford Jester, Attorney General Price Dunlap, and Land Commissioner Giles.

Giles stated, in his letter to Smith, that he "plans to follow original suggestions to the Legislature to include the provisions that some 10,000 tracts be put up at the first sale; that purchase be made on a competitive sealed bid basis, and that purchasers be permitted to pay as little as ten percent down, with 40 years to pay the balance."

The amendment authorized the Legislature to set up a \$25,000,000 revolving fund to finance the purchase of Texas farm and ranch land for re-sale to the state's veterans.

Maximum purchase by any one veteran is limited to \$5,000 in amount, and one tract. Tracts are not to exceed 2500 acres, and will range from 50-acre farms to 2500-acre ranches.

Purchasers will not be required to homestead the land, and can sell it immediately if they so desire.

A 7-8 mineral fee interest on sulphur, and 18-16th mineral fee interest on oil and gas will go with the title to the land purchased, the state retaining the remaining fractional royalties.

The program is set up to run over a period of 8 years from the official end of the war.

Land acquired will be Federal surplus real estate, of which there is an estimated 850,000 acres in Texas; prison and other state-owned lands, 500,000 acres of the 1,500,000 acres of public school lands, and such other privately owned land as the Board may choose to purchase.

The amendment was passed in a special election on November 7, getting a fair majority vote over the state.

'Books' Burglaries

William Tefo, bookkeeping burglar, seems puzzled about discrepancies in his account book listing 75 burglaries as he sits up at the first sale; that purchase be made on a competitive sealed bid basis, and that purchasers be permitted to pay as little as ten percent down, with 40 years to pay the balance.

MARKETS

Cattle led the gradual upward swing of prices for sheep, eggs, peanuts, wheat and barley at southwest markets last week, according to USDA's Production and Marketing Administration. However, cotton took another tumble, turkeys and sorghums dropped sharply and hogs declined. Other products remained about steady.

Last week saw turkeys drop to a level below that of last year at this time as demand continued to drag. Prices ranged from 23 to 25 cents per pound for young toms. Young hens held a stronger position at about 10 cents per pound higher. Demand strengthened for good fat hens at 22 to 25 cents per pound. Fryers moved fairly well at 37 to 40 cents per pound. Also, eggs went up under increased holiday demand for light supplies. Current receipts were quoted from 42 to 45 cents per dozen depending on the market.

Cotton dropped below 30 cents per pound at some markets last week for the first time since the mid-October collapse. However, activity increased and demand was strong.

Moderate offerings of Colorado onions and potatoes moved slowly at dull to slightly weaker prices last week. Also, south Texas citrus and vegetables met with slower demand than the previous week. Tomato prices were off about 50 cents per crate from Monday. Grapefruit prices were lower too but peppers and oranges held about steady. Louisiana and Texas sweet potatoes remained firm.

Southwest peanut harvesting was nearly over last week. Prices received by growers for farmers' stock peanuts ranged from the CCC support schedule to \$15 per ton higher.

Wheat and barley gained about a penny a bushel last week, oats and white corn remained about steady, but yellow corn moved downward and sorghums lost about 20 cents a hundred. Feeds continued mostly easy with further declines in shorts and oil-seed meals.

Demand for domestic wool was still limited to filling in orders in the process of manufacture. Sales of Texas wools consisted largely of scoured, descriptions and some small lots of grease wool. Nearly all fall Texas Mohair was sold. Prices were 62 to 63 cents for adult mohair and 72 to 73 cents for yearling hair.

Southwest sheep and lamb markets reported steady to firm prices for top quality stock but slightly lower prices for com-

mon and medium grades. San Antonio quoted medium and good lambs with No. 1 and 2 pelts at \$16.50 to \$17 per hundred and common and medium ewes \$6.75 to \$7.25. Fort Worth moved good and choice fat lambs at \$20 to \$21 and medium and good ewes \$7.25 to \$8.25. Good and choice lambs brought \$22 to \$23 at Denver and \$21.50 to \$22.50 at Oklahoma City.

Hog trading was slow last week with most markets registering losses of 25 to 50 cents per hundred pounds for slaughter grades. San Antonio reported about the only gains. Friday's prices for top butchers were \$25 per hundred at San Antonio, Ft. Worth and Oklahoma City; \$24 to \$24.25 at Wichita and \$24 to \$24.50 at Denver.

Steady to stronger prices and moderately active trading ruled southwest cattle markets last week. However, some easiness showed upon lower grade beef cows and calves. San Antonio sold common and medium gross steers at \$11 to \$12 per hundred pounds and common and medium cows \$9.75 to \$13. Common and medium steers and yearlings brought \$12 to \$15 at Houston and \$12 to \$18 at Ft. Worth. At Oklahoma City good beef cows reached \$17 and medium and good beef steers and yearlings sold at \$15 to \$22. Common and medium cows realized \$10.50 to \$13.50 at Wichita and \$11 to \$14 at Denver where a few loads of good fed steers sold at \$20 to \$23.50 per hundred.

LEGAL NOTICE

THE STATE OF TEXAS
TO: T. N. CHILDRESS and the unknown heirs and legal representatives of T. N. Childress, deceased; S. N. Childress and the unknown heirs and legal representatives of S. N. Childress, deceased

GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of January, A. D., 1947, at or before 10 o'clock A. M., before the Honorable District Court of Deaf Smith County, at the Court House in Hereford, Texas.

A proper old gal called Nanny Said, 'Phillips 66' is uncanny!
Cold or hot, it starts swell,
"Like a bat out of . . . well!"
"That gas has got plenty of whammy!"

For Lightning-like Starts
Get Phillips 66 Gasoline

Yes, we match Phillips 66 Gasoline to your seasonal driving conditions—hot or cold!
As fall chills into winter, the high-test volatile elements from Phillips vast reserves of natural gasoline are increased. That's why Phillips 66 starts so easily.
"Controlled volatility" was developed by Phillips scientists to give you better driving, quicker starting, smoother engine performance. In the winter it means split-second starts and faster warm-up. Stop at the orange-and-black sign. Try Phillips 66 and see!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

For good service... Phillips 66!

Section No. 34, Township 4 North of Range 3 East, Deaf Smith County, Texas, upon the statutory allegations of Trespass to Try Title and by virtue of the rescission of an executory contract on account of the breaches thereof on the part of the Defendants and each of them; such provisions so breached in each and all respects, being conditions precedent to title vesting in said defendants; and under and by virtue of the five and ten year Statutes of Adverse Possession and Limitation of the State of Texas, the plaintiff and his grantors in his chain of title having held the continuous, peaceable possession of all of said land for over a period of ten years, paying all taxes before delinquency and meeting all requirements of both

the said five and ten year Statutes of Adverse Possession in holding said land.
Issued this the 19th day of November, 1946.
—R. L. Thompson, District Clerk, 1946.
—By Lilye London, Deputy.
Given under my hand and seal of said Court, at office in Hereford, Texas, this the 19th day of November A. D., 1946.
—R. L. Thompson, Clerk, District Court, Deaf Smith County, Texas.

Calliopians Hear Review

Mrs. W. C. Pitman was in charge of the program for the Calliopian Club Thursday evening at the regular meeting held in the home of Mrs. Clyde Cave. Mrs. Pitman chose "Pleasant Valley" by Louis Bromfield, to review giving a comprehensive summary of the book which is the story of the author's return to America and his old home in

Ohio. She said in part "The entire book reveals the author's love and deep devotion to the soil and in the first chapter he says, 'The best fertilizer on my farm is the footsteps of the owner,' and in conclusion 'The best we can hope to do is to leave the mark of our fleeting existence upon the land, to die knowing that we have changed a small corner of this earth for the better, by wisdom, knowledge and hard work. That we shall leave behind something of the mark

Rev. Roy Ford Is Guest Speaker For Bay View Club Bible Program

Rev. Roy Ford, pastor of the First Christian Church, was guest speaker for the Bay View Club Thursday afternoon. The meeting was held in the home of Mrs. Herman Ford and after a short business session Mrs. Travis Dameron, member of the program committee for the year, introduced the speaker.

Rev. Ford gave a comprehensive introduction to the "Revised Standard Version of the New Testament" which has stirred the religious world. He compared the new version with the American Standard Version of 1901 and gave three reasons for the need of a new version. First—Both the English and the American revised versions had lost some of the beauty of the original version in their quest for accuracy. Second—Scholars are better equipped today to understand the language of the Greek New Testament—Third—The true word of God must not be hidden by phrases and in the new version scholars have striven to present clear, meaningful phrases as well as give the true historical Bible.

Members of the club attending were Mesdames; J. R. Allison, H. L. Benefield, Essie Cardwell, T. M. Dameron, Howard Gault, E. W. Harrison, George Heard, A. M. Jones, J. W. Kirby, Paul Mathers, John McLean, G. A. F. Parker, J. P. Slaton, J. W. Spradley, Bob Wilson, Roy Ford, and the hostess, Mrs. Carl Perin was a guest.

Dawn Study Club Meets With Mrs. Ernest Miller

DAWN, Nov. 25—The Dawn Study Club met Tuesday afternoon, November 19, in the home of Mrs. Ernest May in Hereford. Mrs. Eddie Reinauer was program chairman, with Mrs. Zed Stewart and Mrs. Baker Womble conducting a round table discussion on "Soil Conservation" and "Child Delinquency

left by Johnny Applesed." Those present included Mesdames; Richard Barnard, L. B. Barnett, B. F. Cain, Pete Cowart, Paul Coneway, Wayne Evans, Alton Fraser, J. T. Glibreath Jr., Jack Gilliland, Norman Harris, Kay McWhorter, N. E. Milburn, Milburn Nobles, J. E. Kirby, Carl Perrin, W. C. Pitman, Miss Genevieve Eberle and the hostess. Guests were Mrs. W. L. Davis and Mrs. Stanley Heard of Fort Worth.

Annual Fete Is Planned

Beginning in December most of the Women's Clubs of the city will entertain with Christmas parties and plans were made for the annual fete of the Child Study Club when the club met Thursday evening in the home of Mrs. John Robinson.

The party will be held in the home of Mr. and Mrs. G. G. Heard with husbands of members as honor-guests. Mesdames; F. G. Witherspoon, W. S. Harlow and Carroll Whiteside were named to a committee to arrange entertainment features.

The program for the evening dealt with "The School Child" with Mrs. Cawthon Bryant opening the discussions with a talk on "Your Child Needs Your Help." She stressed the importance of the child's place in society, his wardrobe and standards of cleanliness, and described an ideal situation when parents, teachers and children work together for the good of all.

Mrs. Herman Ford gave an article on "Your Child as a High School Citizen," pointing out some of the problems which confront both parents and children between adolescence and young manhood and womanhood.

Members of the club attending the meeting were Mesdames; J. L. Woodford, Carroll Whiteside, Dale Tinnon, Earl Springer, J. C. Reece, Cawthon Byant, Worth Covington, Herman Ford, Ira Foster, J. R. Fowlkes, Marilyn Gilliland, George Heard, Merilyn Kaul, D. C. Kinsey, E. J. Pepper and the hostess.

and Ways to Combat It." Refreshments were served at the close of the meeting to Mrs. Virginia Cocanougher, a guest, and the following members, Mesdames Lloyd Bentley, W. P. Caraway, A. T. Frye, Bob Lewis, Alfred May, Melvin May, H. V. McCabe, H. E. Miller, Norman Miller, Eddie Reinauer, Boyd Stewart, W. J. Stewart, Zed Stewart, Williau Wimberley, Baker Womble, Johnnie Womble, John Graham, and the hostess.

Lutheran Ladies Aid in Meeting

DAWN, Nov. 25—The Lutheran Ladies Aid Society held its regular monthly meeting on November 21 in the home of Mrs. R. A. Frye in Dawn.

In the absence of the president, the vice president, Mrs. Arthur Trefel, presided at the meeting.

Rev. E. W. Lichtsinn gave the lesson study on missions. The topic was based on the "each one reach one" program.

A business session followed the study program. Nine members were present. The ladies of the congregation are invited to meet for an all-day quilting in the home of Mrs. Earl Springer on Thursday, December 5.

NEWS NOTES FROM CLOVER FIELD

Benny Womble has flown to his farm several times during the past week in his Aeronca.

Richard and Woodrow Ireland have been using their Ecoupe to check cattle.

Lyle Blanton flew his Luscombe to Clovis last week.

Charles Frye and father have been using their Aeronca for trips to their farm.

W. D. Ware has his Aeronca in Amarillo for a top overhaul.

Elza Collier flew out to his farm early Sunday. J. T. Collier returned the plane later in the afternoon.

Jesse Wofford and Harold Close flew to Abilene and back last week.

Homer Brumley flew out to the Cap Rock last week to buy cattle.

Richard Ireland and Cecil Guseman flew to Mr. Guseman's ranch this week.

J. M. French has made several trips in his Luscombe to the South Plains.

J. V. Campbell has been cleaning and checking his plane this week.

Richard Ireland took his mother and sisters for their first plane flight last week.

Aubrey Come of Lubbock was a visitor at the Field last week in a twin-engine Cessna. He took

his folks up for their first plane flight.

Buddy Cawthon took his mother and family for their first ride in Benny Womble's plane last week.

Harvey Younts of Shawnee, Oklahoma, was an overnight

visitor at Clover Field twice this week.

Cecil Kropff made a trip to Lubbock Wednesday with J. M. French, and flew his new Piper Cub trainer back to Clover Field.

Jack Wilson has been using the planes for trips to his ran-

ches to check cattle and water wells.

Cecil Hunter of Amarillo, and four of his students, flew in Thursday on cross-country trips.

**Good Feeding is Secret of Success
In Dairy Production, Says Gibson**

COLLEGE STATION, November 24—Dairy cows will do their part if the dairyman does his. That's the slogan of high dairy production, says G. G. Gibson, dairy husbandman of the Texas A. and M. College Extension Service. Regardless of how "good-natured" a milk cow might be, her production level still depends upon two things -- natural ability to produce and opportunity to produce. Inherited ability is fixed and there's not much to be done on that score. But every good dairyman realizes that it is his job to make conditions favorable for his cows to produce to the best of their ability. After he does that, and if he does it right, the milk cow will meet him more than half way.

In making production conditions favorable, feeding is the number one job. Following are some good feeding rules and practices as summed up by the Extension dairy husbandman: An adequate ration must contain the right balance of feed nutrients in amounts great enough to meet the total nutrient requirements of the cow. Roughages are the backbone of any dairy ration. All rules for feeding dairy cows will fall when the roughage supply is limited and the quality is poor. An average size Jersey cow producing three gallons of milk a day needs 18 pounds of good hay, and nine pounds of suitable concentrates. It makes no difference to the cow whether this feed is mixed together or the roughage and concentrates fed separately as long as it is in a pleasing, palatable form and she actually gets the required nutrients. If the roughage is chopped and mixed with the concentrates, the same total pounds will have to be fed in order for the cow to meet her requirements. Chopping roughages does not change the chemical analysis.

For best results, however, roughages and concentrates should be fed separately. High producing cows need more feed than low producers. By feeding concentrates according to each cow's production, the best use is made of each pound of grain. In fitting the concentrate mixture to the roughage, a 17 percent protein concentrate mixture is adequate for feeding along with a mixture of some good quality high and low protein hay. A 17 percent mixture can be made by taking ten parts by weight of home-grown grains and adding three parts, by weight of a protein supplement.

This same mixture is suitable for feeding along with low protein roughages for cows that don't eat as much as they should. This means that more pounds of grain must be fed to make up the difference. Where there is an abundance of high protein roughages such as alfalfa or good small grain pasture, a 14 percent concentrate mixture is adequate. This can be mixed by using ten parts of home-grown grains and one part of a protein supplement.

For Jerseys, one pound of grain to three pounds of milk produced daily is sufficient when

the cow is eating plenty of good roughage. Holsteins require one pound of grain to four pounds of milk. When it takes more grain than this in order to maintain good production it means that the cow is not getting as much value from the roughage part of the ration as the dairyman estimates.

Amarillo School Men to Address County Unit Of Texas State Teachers Association Here

Dr. A. M. Meyer, president of Amarillo College, and Bob Selby, supervisor of the Amarillo Public Schools, will be in Hereford next Wednesday, Dec. 4, to address a public meeting of the Deaf Smith County Unit of the Texas State Teachers Association.

The meeting will be held in the high school auditorium at 7:30 o'clock Wednesday evening, and the general public is invited

to attend, according to Rual Ford, principal of Central School.

All teachers of the county are urged to be present.

Dr. Meyer and Mr. Selby will discuss pending legislation regarding State and Federal aid to education, and will present a thorough analysis of the bills now pending in the State Legislature and in Congress as they affect teachers and schools generally.

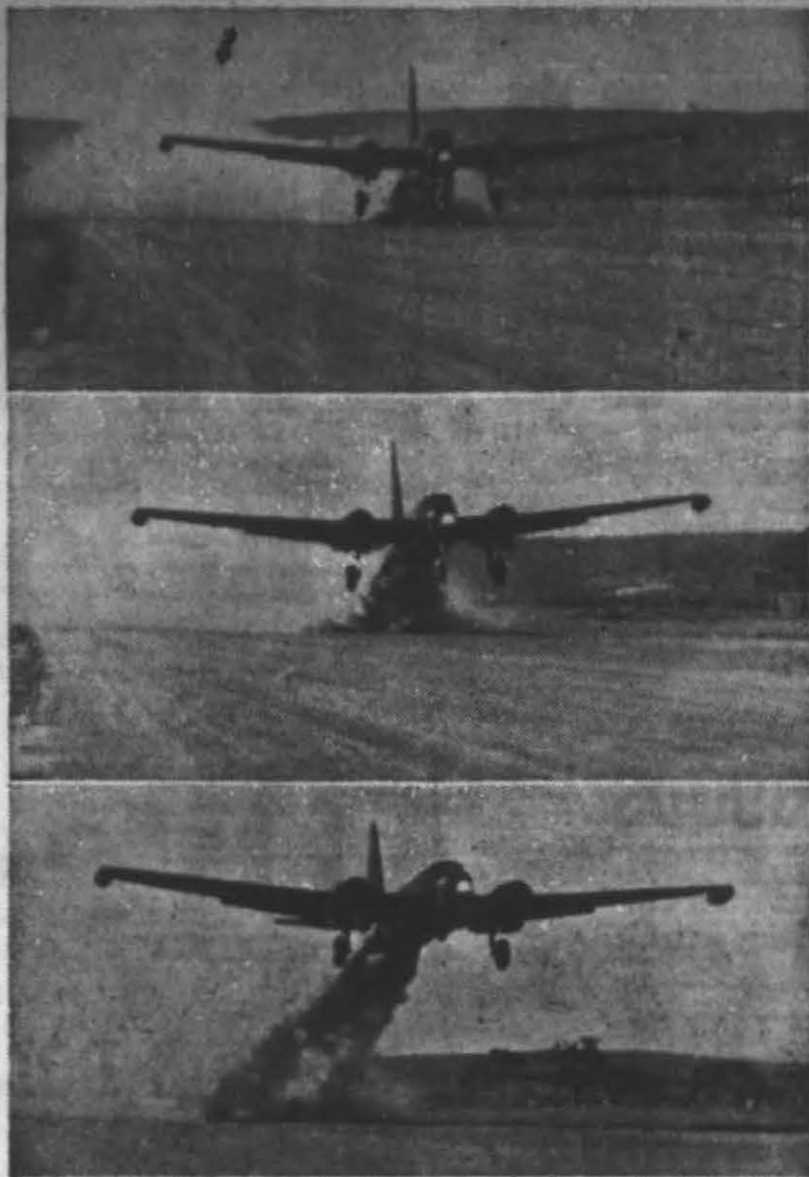

Urging that the public attend the meeting, Ford said that the Amarillo school men would discuss and explain factors affecting school business which are not generally known to the public.

For example, he pointed out, in New York state, which leads the nation in public education, the state spends an average of \$4600 per year per class room. The national average is \$2600, and in Texas, the state spends only \$1600 per year per class on education of its students.

Bills affecting teachers salaries and appropriations for schools now pending before the Texas Legislature will be discussed by the Amarillo school men.

Dr. Meyer is a former professor of education and economics at West Texas State College in Canyon. He resigned his position on the WTSC faculty this fall to accept the presidency of Amarillo College.

JATO ASSURES TURTLE RECORD

Official U. S. Navy Photo

The Truculent Turtle, a Lockheed Neptune P2V land based patrol bomber powered by two Wright Duplex Cyclone engines, took off from Perth, Australia, in October to establish a nonstop record of 11,236 miles to Columbus, O., in 55 hours and 18 minutes. Com. T. D. Davies, of Cleveland, O., ordered the plane equipped with four Jato units (jet assisted take-off) which enabled him to take off with a 85,000 pound load, the greatest load ever airborne by a two-motor airplane. The above pictures show the Turtle taking off at Perth. It had Jato units, manufactured by the Aerojet Division of The General Tire & Rubber Co., attached to both sides of its rear fuselage, and with each unit developing thrusts equivalent to 330 hp, the big bomber was helped to rise easily into the air for its record-breaking trip. Ascent of the plane is quickly ascertained by noting the trees in the right of the pictures. "The biggest thrill of the trip was the takeoff," Com. Davies readily admits. "After we were airborne the record distance was assured since we had gasoline enough to fly at least to Bermuda."

THIEVES STEAL WINDOWS FROM CROSBYTON HOSPITAL

CROSBYTON, Nov. 15—Thieves with a taste for windows looted the new Crosbyton Cooperative Hospital building recently.

The thieves removed nine new aluminum window frames which had just been installed in the building, and judging from the marks on other windows, had attempted to take several more but were unable to loosen them.

Lubbock Symph. Opens Season on December 17th

LUBBOCK, Nov. 25—The Lubbock Little Symphony will open its season of four concerts on December 17, when Myron Taylor, professor of voice at North Texas State College, Denton, and a noted concert tenor, will appear with the orchestra as guest artist.

Taylor is a former Metropolitan Opera artist, and has made a number of concert tours in the southwest. He will appear at Lubbock following a series of ten concert engagements in New Mexico.

He will sing with orchestral accompaniment and piano. Miss Doris Kolb will be presented with the orchestra in the first movement of Mendelssohn's G Minor Concerto.

In addition, the Symphony concert will feature Christmas music, and Tchaikowski's Nutcracker Suite.

On February 12, Lois Bannerman, outstanding harpist, will appear with the orchestra as guest artist, and on March 25, Mrs. Lewis N. Thomas, soprano, will sing. The final concert will be held on April 29, when the Symphony hopes to present Jean Watson, Canadian contralto.

The Symphony was presented in its premier concert on October 22 with William Harrod conducting.

Defendants, Greeting: You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 6th day of January A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 30th day of November A. D. 1946, in this cause, numbered 2930 on the docket of said court and styled Ernest L. Wade Plaintiff, vs. Eliza J. Duncan, et al (the defendants being all the parties to whom this citation is addressed) Defendants.

A brief statement of the nature of this suit is as follows, to wit:

For the title to and possession of all of Lots Nos. 7 and 8 in Block No. 17 of Whitehead Addition to the Town of Hereford, Deaf Smith County, Texas under the statutory allegations of Trespass to Try title; and under the five and ten year statutes of adverse, possession and limitations of the State of Texas by

reason of the plaintiff and his grantees in his chain of title and through whom plaintiff has inherited and held the continuous peaceable possession of all of said land since the 6th day of November, 1919, claiming and asserting the fee simple title thereto.

as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 20th day of November A.D. 1946.

Attest: R. L. Thompson Clerk, District Court, Deaf Smith County, Texas (SEAL)
By Lilye London, Deputy 47-46

SAVE TRACTORS! SAVE MONEY!

Use 150-Hour Veedol — the 100% Pennsylvania tractor oil that's so tough it stands up in gasoline tractors for a full 150 hours of service instead of the usual 60 or 70 hours. You save plenty when you can run your oil more than twice as long!

150-Hour Veedol SAVES OIL by serving a full 150 hours between refills in gasoline tractors... hours longer between changes in any tractors... SAVES FUEL by reducing power blow-by... SAVES TIME by avoiding breakdown delays... SAVES REPAIRS through greater heat and wear resistance... SAVES TRACTORS and assures long, economical service.

Even Today... Buyers can be Choosers

In the face of the greatest demand for Hudson in history—buyers can still be choosers. And when you make your choice of a car, the man to see first is your Hudson dealer.

Consider this... The grand new Hudsons give you the choice of a Super Series and a distinguished Commodore Series. They are built in every popular body style—Business and Club Coupes, Sedans, Broughams, Convertibles. There's a choice, too, in any model, of the famous Super-Six and Super-Eight engines.

Whatever you decide upon, you will be proud and happy that you selected the car that offers so much in luxury, styling and top-notch performance.

Until you get delivery of a new Hudson, this same dealer is your wisest choice, too, to keep your present car in tip-top condition, and assure dependable transportation now, and a higher value when you trade it in.

Here, you may be sure of a friendly welcome, expert workmanship, genuine Hudson parts, fair prices—prompt and courteous attention to your every need. Drive in now! Even today, buyers can be choosers with Hudson.

HUDSON
Cars that Bring New Meaning to a Fine Old Name

Choice of famous 102-horsepower Super-Six and 128-horsepower Super-Eight engines... Nine new standard body colors, with four 2-tone combinations at extra cost.

Widows of Veterans May Be Entitled To Social Security Benefit Payment

In August, 1946, the Social Security Act was amended to provide for payments, in some cases, to survivors of deceased World War II veterans. This legislation simply provided that if a veteran died within 3 years of the date of his discharge, his survivors would be entitled to Old-Age and Survivors Insurance payments if they were not receiving, or not entitled to receive, Veterans Administration payments.

To illustrate the nature and importance of these payments, the following example is stated. The veteran in this case was never engaged in employment covered by the Social Security Act, having worked as a farmer before his military service. After his discharge he went into business for himself, and was accidentally killed some months afterward. Upon filing application recently, his widow qualified for monthly payments for herself of \$24.18, with monthly payments for a 4 year old child of \$16.12, and the same for a 2 year old child.

case, retroactive to the month of the veteran's death, amount to \$56.42 a month, and will be payable until the oldest child is 18 years of age. For the next two years the payments to the widow and younger child will amount to \$40.40 per month, with the widow entitled to a monthly payment of \$24.18 from age 65 to death unless she remarries. Total payments in this case, exclusive of payments to the widow after she is 65, will amount to approximately \$10,500.

J. R. Sanderson, Manager of the Amarillo Social Security Field Office, urges the survivors of deceased World War II veterans to contact his office if they believe payments under the new legislation may be possible. He points out, particularly, that prompt inquiries should be made because after February 10, 1947, these payments cannot be retroactive for more than the usual 3 months. Before that date payments are retroactive to the date of death, even if death occurred as far back as the latter part of 1940.

The total payments in this

What Housing Shortage!

Mrs. Myrtle Ann Dibble, Jackson, Mich., dressmaker, isn't waiting for the housing shortage to ease up—she's building one of her own, with a bit of help from daughters Lauretta Lee, 13, and Mona Mae, 12. The house will have seven rooms and a recreation room. Mrs. Dibble is doing the carpentry, laying the cement blocks, installing wiring, plumbing, plastering, finishing. The girls are mortar carriers and helpers.

Canyon Planning New Municipal Airport Project

CANYON, Nov. 25 — Revised plans for a new municipal airport for Canyon have been presented to the Civil Aeronautics Administration at Big Spring for approval, Mayor W. A. Warren has announced.

The county and city have completed arrangements for securing land on which the airport will be located. Land has been purchased recently east of Canyon for the new airport, and for the location of the National Guard Company which will be activated in Canyon.

It is believed that tentative approval will be made by CAA as soon as the plans are presented, Warren said.

struction will not be started for one year or more.

Buffaloes Wind Up Season In Victory Over Tempe State

Playing on a mud-soaked gridiron, the West Texas State College Buffaloes wound up their 1946 football season at Tempe, Arizona, last Saturday with a 7-0 victory over Tempe State's Sun Devils.

The final Border Conference game wound up the season for the Buffs, and permitted them to salvage a 500 average out of what started out to be a disastrous season.

The Buffs had lost three straight games when Basketball Coach Gus Miller took over the team following a drastic shake-up in the Athletic Department which bounced Athletic Director

Al Baggett, Head Coach Windy Niklaus, and Assistant Coach Leslie Van Meter out of their jobs.

Under Miller, the Buffaloes have won five of seven starts. The West Texans ran up a total of 14 first downs to Tempe's three Saturday, but went scoreless for three quarters of the game as Montgomery, Tempe end, sent booming punts downfield time and again to get the Sun Devils out of trouble.

The Buffaloes scored finally in the last period after an 80 yard drive with Greenfield making the last yard for the counter. Melton added the extra point.

With the grid season over, Buffalo Cagers are preparing for their season's campaign. The first home games will be with Texas Wesleyan at Canyon on December 6 and 7. However, with an overflow of students on the campus, few tickets will be sold

game en masse and watch this one from the sidelines for a change. Coaches Stanton and Criswell will take the team to the game in the same old yellow bus which has carried them over the district in their grid campaign this year.

The Hornets are due to have their hands full. The Blackhaws will be heavy favorites in the game, partly because they have already taken the Hornets (to the tune of 20-6) this season, and partly because of their well-developed habit of beating all challengers in the Regional Championship race.

The Hawks, however will be meeting a better and more experienced team than they played on September 27. The Hornets have developed winning habits of their own since then . . . to the extent of topping the highly-favored Hereford Whitefaces from their high perch . . . and should give a good account of themselves. Still, taking all things into consideration, the Benchwarmer will lay his plugged nickel on the Blackhaws tomorrow . . . win, place, and show.

The other half of the Region I title race will have to wait a week. The Wellington Skyrockets have already tied up the District 3-A title, but down in District 4-A, the Floydada Whirlwinds and the Spur Bulldogs will be battling it out tomorrow to non-student fans, since Burton gymnasium will be taxed beyond capacity by collegians.

for the honor of meeting the Rockets. The Whirlwinds, incidentally, hold a 7-6 decision over the Tulla Hornets in non-conference play; and Wellington's Rockets opened their own season with a 19-7 victory over Perryton's Rangers, the team that Phillips Blackhaws had to stretch themselves to beat for the District 3 title.

Just the same, the Benchwarmer is going to string along with Chesty Walker's Blackhaws for a while longer as the brightest prospects to repeat for the Regional title. Time will tell.

Hornets Meet

(Continued from Page 1)

They raced through the District 2-A line-up with little difficulty, although they were held to close decisions by Perryton's Rangers and Panhandle's Panthers in conference play.

The Hornets, in addition to their losses to Phillips and Canyon, lost their second game of the season by the margin of a single point to the Floydada Whirlwinds, 7-6, on September 20.

After their slow start, they came back to roll over the Dumas Demons 26-6 in the conference opener, then dropped a tough 20-14 decision to the Canyon Eagles.

Since then they have run up a string of successive victories, defeating Dimmitt 33-14, the Amarillo Yarnigans 32-0, Friona 24-0, Dalhart 27-6, and Hereford 14-13.

Game time will go 2:30 o'clock at Younger Field in Tulla.

City Cagers May Enter A.A.U. Competition in Amarillo Loop

Current prospects are that Hereford may have a basketball team in AAU competition this season.

A Hereford basketball team, sponsored by Hereford Implement company, has been organized from a group of former army and college players here, and application has been made for entry in the Amarillo City League, which is now under the AAU.

Earl Stagner, former West Texas State College basketball ace, is organizing the squad. The team has already been in action, and won its first two starts from a Dimmitt quintet.

On the roster are Velton Sargee, Coach Douglas Groom, Supt. George Graham, and Stagner, all former West Texas State players; John Kelly, who formerly played with a Chicago team; Kenneth Neil from Wayland, and Rutherford; Paul Foster, W. L. Davis, J. B. Noland, Larry Summers, Frank Zinsner, Kenneth Rudd, and Billy Massey.

Most of the group played on service teams during the war. The season's schedule has not been completed yet, Stagner said. The team hopes to be admitted to the Amarillo League to take part in AAU competition.

Tech Raiders

(Continued from Page 1)

will be Tech or HSU as the host team.

Tech's line has gained a reputation as one of the best defensive outfits in the Southwest. The Hardin-Simmons attack has brought national recognition to Little Doc Mobley, the nation's leading ground gainer, and to Halfback Al Johnson, who has had no passes intercepted this season. Fans expect one of the most colorful battles of the year for both teams. A crowd of upwards of 12,000 is expected to pack the Abilene municipal stadium to witness this game.

Spring Football Training May Be Out in Texas

AUSTIN, Nov. 25—It will be up to the individual conferences in the University Interscholastic League football training, Rodney J. Kidd, athletic director, has announced.

Schools will vote by conferences next April on whether to eliminate the spring training, and substitute opening fall practice this school year. Mr. Kidd said, but the rule will be in effect for the 1947-48 season for schools in conferences accepting the new plan.

The recommendation to eliminate the spring training was made by the League Advisory Council at a meeting early in November, and it was approved by the State Executive Committee at a later session, Dean T. H. Shelby said.

Summerfield

BY MRS. GUY WALSER

School dismissed today (Wednesday) for the Thanksgiving holidays. Pupils and teachers enjoyed a Thanksgiving Dinner at the schoolhouse. Mrs. Earl Lance, Mrs. L. L. Cannon, and Mrs. Lee Curry furnished hens for the dinner.

Mrs. Tandy Legg and children, who have been driving from their home near Hereford, stayed here last week-end and plan to stay when the weather is bad.

Mr. and Mrs. Luther Foust and Walter of Plainview spent the weekend in the Lee Curry home. Rev. Ralph McLean attended the Workers Conference at Oklahoma Lane last Thursday. Mr. and Mrs. Ky Lawrence returned this week from Hot Springs, N. M.

L. J. Clark, who is going to school in Lubbock, spent the week-end recently with his parents, Mr. and Mrs. Britt Clark.

Mr. and Mrs. Fred Smith and baby of Amarillo spent a few days in the home of Mr. and Mrs. Frank Huckert.

Mr. and Mrs. Henry Behrends and family enjoyed a visit from their son and brother, Private Clarence Behrends of Fort Eustis, Virginia, last week. He is being transferred from Fort Eustis to Camp Stoneman, California.

Eighty-nine persons attended church and Sunday School Sunday morning. Several visitors were present.

Mr. and Mrs. Henry Behrends and Ethel and Miss Sylvia Behrends of Dimmitt and Clarence Behrends were in Amarillo Saturday.

Mrs. C. R. Walsler, Mrs. Jim Clark and Mrs. D. C. Walsler were Amarillo visitors last Tuesday. Mr. and Mrs. Guy Walsler and family spent the Thanksgiving holidays with her sister, Mrs. Pat Morse and family, at Fort

Basketball

Tournament at Dumas beginning February 14.

The next scheduled game for the Herd will be at Canyon with the Canyon Eagles on December 7. On December 10, both boys and girls teams will journey to Vega for a double-header.

On December 13, the Whitefaces will enter an invitation basketball tournament at Canyon.

On December 17, the Dimmitt Bobcats will play at the local gymnasium and on January 2 and 3, Hereford juniors will enter a tournament at Dimmitt. On January 21, the Whitefaces

Worth. They also took Donald to Dallas for medical observation, and visited the M. D. Rexrode family.

Mrs. C. R. Walsler spent Saturday night in Hereford with her mother, Mrs. J. C. Lance, who is ill.

meet Dimmitt, and on January 31, have scheduled a tournament at Dimmitt.

Match games to fill the open dates on the schedule are being arranged, Groom said this week, and the Herd cagers will play a full season's schedule.

The District 1-A Tournament, which will be held at Dumas on February 14 and 15, will be a double elimination affair to decide the district championship. Efforts will be made to fill Tuesday and Friday dates throughout the basketball season, and another tournament may be scheduled.

The Whiteface cage season was cut short last year and the team disbanded early in the season, due to a flu epidemic which delayed work-outs, and the resignation of the basketball coach.

Farmers in the U. S. spent about 4.3 billion dollars for the operation and maintenance of power and machinery in 1945.
