For hot summer days a really good salad is important. Knowing just the right salad to serve with just the right food is important too. Some housewives like the custom of serving an appetizing salad as first course or starter for luncheon of dinner but most men prefer it along with the meat course Hereford housewives are not at a loss when it comes to knowing what to plan for hot weather. A patriotic mood prompted the suggestions for decorations Tuesday morning leading to an informal bridge party for two tables of players when Mrs. Knox Kinard was hostess at her home on Lawton Avenue.

Waving the red, white and blue, in effect, was an especially clever patriotic table. The center piece was a cluster of American flags, flanked by tall red, andy filled, firecrackers, which

were later used as cut prizes. Red snap dragons, white daisies and blue larkspur provided added holiday suggestions.

Make It Last Forever!

LIBERTY IS THE blood stream of America. It is what makes this country young, virile, progressive. It builds in people initiative, ingenuity, resourcefulness. It is the strength of a nation at peace.

YET, LIBERTY IS FRAGILE as a flower. It needs constant cultivation, pampered care and the constant pruning off of those few malcontents who consistently take liberties without taking Liberty to their hearts. So hard to get - so easy to lose! Retaining Liberty is worth the effort of all of us.
