SIGHTS, FACES SEEN

The bake show committee of the 4-H leaders council met Monday to make plans for the County Wide 4-H and Home Demonstration Clubs Bake Show which is to be held August 4 at the Hereford Locker and Cold Storage.

J. A. Conway stopped in at The Brand office Monday with a .22 calibre bullet he found on the sidewalk in front of his home. Some child had been hammering on the live bullet but luckily failed to fire it. Conway asked The Brand to warn parents of the extreme danger of playing with live cartridges.

Results of the tax re-allocation election held Tuesday were not all complete as The Brand went to press Wednesday evening. Incomplete results showed the approval assured by a 45-1 vote. Precinct votes were: one, 10 for, 1 against; two, 20 for, none against; three, three for, none against; three, three for, none against; and nine, two for, none against.

The First Christian church will have an all-church picnic, Sunday July 22, at Ceta Glen. The group will leave Hereford immediately after the Sunday morning worship service and will have a covered dish luncheon about 1:30. The afternoon will be spent in recreation and fellowship with vesper services at 5:30 conducted by the CYF. Bob Boyte will bring the vesper message.

Roy Peet returned last Friday from Dallas where he attended the Texas Florist's Association convention and design school, which was conducted from July 10-12. About 1200 persons attended the convention, which is the largest of its kind in the United States. Next year's convention will be held in San Antonio.

(Continued on page 3)

BLOOD BANK GOAL REACHED MONDAY

Deaf Smith county's "walking blood bank" passed its goal of 600 blood typings on Monday of this week, according to O. Z. Golden, technician at the Deaf Smith county hospital. Deadline for the drive was July 15. As of the close of business on Saturday, July 14, a total of 590 persons had been typed, Golden said. A few late-comers were accommodated on Monday to bring the total past the 600 goal.

Jack Stanton Named to Green Belt Bowl Squad

Jack Stanton, former Hereford Whiteface griddier, has been chosen to play in the second annual Green Belt Bowl game Friday night Aug. 17 at Childress. Game time is 8 p.m. This bowl game, sponsored by the Childress Quarterback club, pits east and west teams from the Panhandle in a summer grid classic. Stanton is the first Hereford player honored by selection on this team. He will be on the west team.

Stanton, who made all-regional last fall, was chosen because of his outstanding playing during the 1950-51 season. He will be slated for service in the backfield on the west squad, which will be coached by Coach Mitchell from Texas

IT TOOK A LOT OF pulling to extract this huge shovel from the drainage ditch it was digging Tuesday along the Santa Fe right-of-way. Two caterpillars and a large truck were hitched to the bogged shovel, but couldn't extract it. Workmen finally did the job by digging out from around it and using the two "cats." The shovel burnt a rod and couldn't free itself under its own power. —Brand Staff Photo.

Drainage Improvements Being Made by Santa Fe

Some of Hereford's more troublesome drainage problems will be solved by an enlarged drainage system now being constructed by the Santa Fe railroad along their right-of-way in the 200 block of East First street.

A system of enlarged earthen canals is being dug to carry the run-off water from Hereford's two storm sewers, thus relieving the drainage problem

for the entire area around Lake park.

The 20-foot canals, connecting the end of the storm sewers at the east and west limits of the block, will be extended under the Santa Fe tracks where the excess water will be drained off without further trouble.

In order to enlarge the drainage canals, the bridge over the main track will have

to be raised one foot. The tracks will not be raised at all. The two other bridges south of the main track will have to be raised as will the two lines of switch tracks.

Wallace and Byrd, earth-moving firm of Hereford, are doing some of the work. Other work is being done by Santa Fe crews.

The system will extend for one block along East First street and will be maintained and kept free of weeds. The drainage ditches used previously were too small to carry off the water of heavy rains because the entire drainage system of Hereford runs south into that very spot, Mayor W. E. Dameron said.

Cost of the work is being borne by the Santa Fe railroad, Mayor Dameron said, because the situation prevailing on their right-of-way was affecting the entire drainage set-up of Hereford.

In a special release telling of the increase, Brigadier General Paul L. Wakefield, state director of the selective service system, paid tribute to the more than 500 Texas local board members for their "splendid service to the nation's welfare" as uncompensated personnel of the selective service system.

Six Draftees in August Call Here

The local selective service board has been notified to supply six inductees as its part of the August draft quota, according to information received on Monday by Mrs. A. Peterson, clerk of the local board.

These six men, whose names have not yet been released, will leave for duty on August 16.

No August quota had been required by the local board until the state selective service headquarters was notified on July 14 that its August call for 485 men had been increased to 772.

Man Killed in Fall From Train East of Dawn

The body of Banisacio Olguin, 15-year-old railroad laborer from Belin, N. M., was found one mile east of Dawn along the Santa Fe railroad right-of-way last Saturday at about 1 p. m.

Discovery of the badly-bruised body was made by Santa Fe Section Foreman J. W. Dart, whose crew of men was working along the tracks where Olguin fell off a west bound freight train, apparently sometime Friday night.

Death was ruled as accidental by investigating authorities. Olguin was employed by the railroad at Pampa and was on his way to his parents' home in Belin at the time of his death.

The Mexican rolled for about 117 feet from the place where he first hit the ground, a report of the accident showed. He suffered heavy facial, chest, and back injuries.

The body was brought to Hereford by the Gilliland Funeral home and shipped to Belin. He is survived by his parents, Pedro and Antonia Olguin, Belin.

Youth Flown to Dallas Following Brain Injury

Jerry Don Lance, 10-year-old son of Mr. and Mrs. Earl Lance Sr. of Summerfield, was flown to Baylor hospital at Dallas Wednesday morning for emergency treatment following serious brain injuries suffered when he fell from a tree at the home of his parents Tuesday night.

Lyle Blanton of Hereford left Clover airport this morning

with the injured youth, taking him to Dallas for treatment by brain specialists.

The youth was accompanied there by his parents. He had not regained consciousness when taken to Dallas Wednesday morning.

Jerry Don fell at about 8:30 Tuesday night from a limb 10 feet off the ground. He was found by his little sister. He

had been out of the house only 10 minutes when he was found.

After bringing their son to Hereford for treatment, Mr. and Mrs. Lance discovered the broken limb off the tree.

A fifth grade student, Jerry is the youngest son of the Lances.

Several relatives and friends went to Dallas Wednesday by auto.

Spud Market Drop; Ship Near 800 Cars

With the potato harvest about half over in Deaf Smith county, producers were faced with a 75 cent per sack decline in the market price this week.

Contributing factors to the decline, one potato processor said this week was the shipments from all the other potato-growing regions of the country.

Shipments by rail from Hereford since harvest began on June 26 reached an unofficial total of approximately 800 cars, a Brand survey showed Wednesday.

There are plenty of spuds on the market now and the flood situation in Kansas tying up the shipping didn't help the market any either, one local shipper said.

Shipments by rail out of Hereford have increased about 50% over last year's mark, with an overall season's mark expected to be about 33% over rail shipments in 1950.

Barring weather delay, the bulk of the spud crop should be out of the way by the end of

the month with all operations completed by the first part of August.

With the harvest progressing the labor situation is easing up somewhat.

400,000 Bushel Wheat Crop Here

Harvesting operations will be practically completed this week on what agricultural observers and elevator operators believe is a 350 to 400,000-bushel crop.

Yields have run up to about 35 bushels per acre, with irrigated wheat running as high as 30 and 35 bushels per acre and dry-land wheat at about 10-12 bushels per acre.

An accurate count of the wheat crop is hard to make, because so much of this year's crop stayed on the farm where it was stored for seed.

Faust Collier, county PMA secretary, said that requests for

loans at the \$2.16 rate have reached a total of 93 applications. The entire loan program last year processed only 11 applications.

Loans were processed here on a total of 120,149 bushels, Collier said.

Extend Deadline

The Amarillo Navy Recruiting Station reports that the deadline for men who have had their pre-induction physical examination to enlist in the U.S. Navy has been extended from July 15 to August 1.

Invite Youngsters to Bicycle Parade August 3

A bicycle parade for all boys and girls in Hereford and vicinity will be held Friday, Aug. 3 at 10 a.m.

The event will take the place of the next regular meeting of the Hereford Bicycle Safety club, according to Zeb Wear, president of the Hereford Safety Council, safety club sponsor.

Five prizes, to be donated by local merchants, will be given for the best-decorated bicycles.

Prizes will also be given for the most original, decoration, the youngest rider, and also for the oldest rider.

Deaf Smith County Sheriff J. C. Reese will be parade marshal. He will be assisted by city of-

ficers, highway patrolmen, and members of the Hereford Safety Council.

Announcement of the place to meet before the parade, the route of the parade, and the prizes to be awarded in the parade and decoration contest will be made in later issues of The Brand.

THIS 1928 FORD COUPE, driven by Aubrey Rogers, 14, overturned at the corner of Union and 25-Mile avenue around noon Tuesday. Roy D. Beavers, a passenger in the car, suffered lacerations on the arm. He was given emergency treatment and released from the Deaf Smith county hospital. Investigating officers said Rogers apparently hit the curb while turning the corner. Brakerods were only connected on the left side, they said. —Brand Staff Photo.

STANTON

Tech. Last year's game was won by the west gridders, 14-13. In 1950, the west team was coached by Dick Todd and the east squad by Kl Aldridge.

Pays Fine

John C. Muthel, who was fined in county court recently for driving while intoxicated, Monday, was released from county jail, where he had been held pending payment of his fine.

Speeding Charge

Fred Emery Cautrell was fined \$25 and costs of \$28.30 in county court for driving at an excessive rate of speed on July 14.

NORTHWEST HEREFORD NEWS

Most Rural Women in Community Canning Fruits, Vegetables

By Mrs. R. C. Childers
These hot days finds most rural women doing some sort of canning. Had you dropped by a rural home this past week, you'd have found them canning apricots and plums. By cooperating with Mr. Cox at the fruit market, they were able to purchase apricots at a price, which was a saving, and gave them a good nutritious food as well. Many women put large amounts of fresh apricots in their deep freezers and lockers. This gives them fresh fruits in winter when the supply of fresh fruits are scarce. Vegetable gardens are producing in abundance, and many are canning beans and peas.

There were five families from this vicinity that attended the funeral Tuesday of Bill Kuykendall. They were Mr. and Mrs. J. T. Richardson, Mr. and Mrs. Pat Robinson, Mr. Earl Dehart, Mrs. Harold Littlejohn and Mrs. R. C. Childers. Bill was the son of Fowler Kuykendall who lives in this community. Mr. Kuykendall spent Monday night in the Richardson home. Mrs. Robinson, Mrs. Richardson, Mrs. Littlejohn and Mrs. Childers served on the flower committee. Mr. Richardson and Mr. Robinson were two of the pallbearers. Interment was in the local cemetery.

B. F. Block ate lunch in the R. C. Childers home Friday. Mr. Block is doing some water well work for Mr. Fred Wolfington this week.

Mr. and Mrs. Wayne Johnson were callers in the B. F. Block home this week.

Wanda Block, the teen-age daughter of Mr. and Mrs. B. F. Block, has been visiting her grandmother, Mrs. Frank Block,

in Amarillo. She returned home this week.

Carolyn Cooke came home Wednesday after a week's visit with her aunt, Mrs. Gladys Dixon of Canyon.

Most of the wheat has been cut in this vicinity, except for a late patch or two. Lyle Rickman is cutting his this week.

Patsy Childers visited in the home of her sister, Mrs. C. S. Barclay, on Sunday.

Jan Cooke left Monday at 10 a.m. with a group of young folks for the Baptist encampment. She will be gone five days.

Mrs. R. C. Childers attended the wedding of Mr. and Mrs. Dennis Lomas Sunday at the Methodist church.

Bob Cooke and R. C. Childers spent several hours in Friona Sunday visiting with Mr. London.

Mr. and Mrs. Bill Hargett and family returned last week from a trip through the east and central parts of Arkansas. The Hargetts are planning to move to Arkansas if they can sell their property here.

around

(Continued from page 1)

Earl Phillips and Glenn Witherspoon, chief and assistant chief respectively of the Hereford Fire department, are in College Station this week attending a fireman's school at Texas A & M.

Don Moore, choral teacher in the Hereford schools, will attend a Fred Waring Choral work shop at SMU July 30 through August 5.

One hundred bundles of wheat from the Jack Renfro farm was cut to be used in a Panhandle regional exhibit at the Texas State fair, which will be held October 6 to 21.

Toastmaster's club met Monday night with Bruce Miller as toastmaster for the evening and Dr. M. C. Adams as topic master. Prepared speeches were given by Dr. Adams—Bob Wear, Curtis Traweck, and W. C. Meharh. Plans were completed for presenting the Rotary club program July 20. Bob Wear will be master of ceremonies, and speeches on the U. N. will be given by Robert Thompson, Elmer Patterson, and Dr. M. C. Adams. Ben Childers was welcomed as a new member.

Robert Thompson will leave Hereford Friday afternoon for Sioux City, Iowa, where he will attend the Methodist National Town and Country conference, to be held July 21 through July 24. Thompson left by air for the conference, where he will serve as delegate from the Amarillo district. He plans to return to Hereford Wednesday, July 25.

A regular club meeting for the Sims 4-H club will be held Saturday morning at Sims. County Agent Hugh Clearman said.

Argen Draper and Doris Mahaffey were in Dimmitt Tuesday judging dresses for the County Wide Dress Revue which is to be held Friday afternoon at the Dimmitt high school auditorium. The Deaf Smith county 4-H club women have been invited to attend.

Happy Homes 4-H Club Met Wed.

The Happy Homes 4-H club met Wednesday afternoon with Grace Fotheringham. Doris Mahaffey gave a demonstration on making whole wheat rolls.

Members present were: Sue Springer, Grace Fotheringham, Martha Heard, Twyla Springer, Barbara Dameron, Martha Gogan, Sheron Gled, and leaders Mrs. Ira Ott, Mrs. Dameron, and Doris Mahaffey. Guests present were: Kay Gill and Nancy Story.

EASTER NEWS

Easter Club To Discontinue Meetings During Summer Months

By Mrs. Wendell Markley
The Easter club met Thursday with Mrs. Fred Walton at the schoolhouse. The membership present decided to discontinue the club until October 11, meeting with Mrs. Ruby Stone. Due to the busy season right now, many of the members are unable to be present. Mrs. Walton served lemonade and cook-

ies at Thursday's meeting. Dinner guests in the G. H. LaPlant home Sunday were: Pvt. Virgil LaPlant, Fort Sill, Okla., and Sgt. Fields of West Virginia, who is stationed at Fort Sill also. Other guests were Mr. and Mrs. Wendell Markley and Mr. Glen Bell of Hereford. Afternoon callers were Mr. and Mrs. W. A. Epperson and Mr.

and Mrs. Olin LaPlant. Mr. and Mrs. A. H. Brown and family visited their son-in-law and daughter, Mr. and Mrs. Jimmy Singer, at Dalhart on Sunday.

Mr. and Mrs. Leo Hall took dinner with the Olin LaPlant family Sunday.

Mrs. Harold Markley and her mother, Mrs. Emma Hughes of Erick, Okla., and Mrs. J. A. Noland and Shirley of Summerfield attended church and visited friends at Muleshoe Sunday.

Mrs. Gladys Glenn and Mrs. Frank Ham went shopping in Amarillo Wednesday.

Mrs. Ruby Stone and her sister, Mrs. Ethel Farmer of California, went to Hobbs, N. M. Thursday morning.

Understanding Of Braseros Urged by Consul

A better mutual understanding between Americans and braseros was urged Wednesday by Joel Quinones, Mexican consul at Amarillo, who spoke to the Hereford Lions club at

Hotel Jim Hill. Quinones recounted the Mexican heritage, pointing out that the Mexican government's big job is assuring its nationals that they have a past "as glorious as that of any other country." The main problem of Mexican nationals here is that they have an inferiority complex, he said. He also told of steps being taken by his government in extension courses to fit its citizens for role in the world of today.

Bessie Patterson attended a Writers Roundup at WTSC Tuesday.

Father of E. O. Dixon Dies in Dimmitt July 11

W. S. Dixon of Dimmitt, father of E. O. Dixon of Hereford, died Wednesday morning, July 11, in the Dimmitt hospital.

Funeral services were held Friday, July 13, in the First Baptist church at Dimmitt with Rev. Earl Landtoup and Rev. U. S. Sherrell officiating.

Interment was in the Dimmitt cemetery under the direction of Gilliland Funeral home.

Dixon, who was born in Milliton, Texas September 30, 1866, married Ellen Irene Khe-noutt in 1889. They moved to Castro county in 1901.

Survivors include: E. O. Dixon, Hereford; W. C. Dixon, Friona; W. H. Dixon, Texas City; Elmer Dixon, Dimmitt; and O. H. Dixon, Canyon; 13 grandchildren and 14 great-grandchildren.

W. S. Fluitt has been to his ranch at Quemada supervising some work for a few days.

Tulsa Woman Critically Injured As Car Rolls East of Black

Mrs. Maxine Barnes, Tulsa, Okla., is in critical condition in the Parmer county hospital in Friona with a brain concussion suffered when the car in which she was riding overturned 3/10 mile east of Black Thursday morning at 1:50 a.m.

Less seriously injured was her six-year-old daughter, Helen, and Donald F. Jackson, a member of the U. S. Air Force being transferred to the Amarillo Air base.

The 1942 Plymouth in which the three were riding west on

times just east of Black when Jackson dozed off at the wheel.

Mrs. Barnes and Jackson were thrown free of the car but the little girl was still in the car following the three rolls. Mrs. Barnes was laying in the bar ditch on the south side of the road and Jackson was laying on the south shoulder of the highway.

The car was a total loss, according to Highway Patrolman J. A. Dumas, who investigated. Highway 60 overturned three

Church Notes

The Christian church has the following meetings scheduled for this week: church school, 9:45; morning worship, 10:50; youth groups, 6:30; and evening worship, 7:30.

Each Sunday Morning at eleven o'clock Christian Science services are held in the Star theatre. The public is invited.

Life is eternal without beginning or end is the theme of the Lesson-Sermon titled "Life" to be read in all Christian Science churches on Sunday, July 22. The Golden Text brings out that eternal life is the gift of God in these words: "The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord" (Romans 6:23).

The Church of Christ has the following regular meetings scheduled for this week: Bible school, 10 o'clock; morning worship, 11 o'clock; young peoples, 6:45; evening worship, 7:30; and Wednesday night prayer meeting, 8:30.

You are invited to listen daily at 9:30 a.m. to the Church of Christ broadcast over station KPAN.

Meetings for the Aven'e Baptist church for Sunday are: Sunday school, 9:45; morning worship, 11 o'clock; training union, 7 o'clock; and evening worship, 8 o'clock. Mid week prayer service Wednesday night at 8 o'clock. Men's prayer service - Saturday night at 8 o'clock.

Visitors are always welcome.

Mrs. Haseloff Named Manager Of Wonderland

Mrs. Herbert Haseloff has been named manager of the Wonderland by Mrs. Don Bruhl, owner, who will retain ownership of the business after she joins her husband at Llano later in the summer.

Mrs. Bruhl told The Brand Wednesday she is going to enlarge the store and add more merchandise, making the children's shop larger and creating a separate baby and maternity section in another room of the building.

Mrs. Bruhl, the former Mrs. Leona Blood, and Mrs. Haseloff will leave for Dallas this week to finish their fall buying. Mrs. Bruhl will remain in Hereford until their fall buying. Mrs. Bruhl will remain in Hereford until Mrs. Haseloff becomes familiar with the operation of the Wonderland.

The Haseloffs came to Hereford from Vernon about a year ago. They have two children, Judith Raye, age eight, and Robert, four.

Haseloffs are living on a farm northwest of Hereford.

GOOD WILL - from - AMARILLO, Texas

The New Practice—(Millions of \$-made and saved)

For Example:—take the Hereford, Tex., POTATOE CROP just now being dug. Will you get your share?

"THE NEW MAYER LABORATORY WAY TO FRY POTATOES" COMMENT: High-grade potatoes contain the carbon hydrates, minerals, and vital elements (in the eyes of the spuds) which are so essential to complement the proteins of meats, beans, peas, etc. The minerals are, largely, contained in the skins of the potatoes. A sergeant in the Texas State Guard "don't know nuttin and aint supposed to know nuttin" . . . but when the top-brass gave me the potato-peeling job (naming foreign hauled spuds) I balked. When you peel a potatoe, you throw away about everything but the starches. You throw away, in waste, a lot of the potatoe, . . . and it's most valuable elements.

THE NEW WAY TO FRY POTATOES . . . THE RECEIPT

"Select some good, home-made, fresh sausage, and fry out in a hot-plate griddle, using a large cover for the pan.

"Now wash two or three Hereford Potatoes of any size or shape (No. 1 or No. 2 grade) and place on a cutting board. Slice through the potatoe, . . . making full discs about 1/4th inch thick. Do not slice too thin. The disc will be surrounded, at the edge by the peel. Do not peel the potatoe.

"When done, remove the sausage patties from the pan and place the potatoe discs in the sausage grease. Salt and pepper, and put the cover back on the pan. (Comment: the grease will not penetrate the potatoe discs because a disc 1/4th inch thick contains sufficient steam to prevent it). Fry until brown (for about 5 minutes) and then turn and brown the other side.

"Remove and serve with the sausage, . . . and with eggs. "It is wonderful combination for any meal."

Grown in formations of an older geological age, the Hereford potatoes contain many minerals and vital elements not always contained in other potatoes. If you are lucky, you will get Hereford potatoes and the best home-made sausage.

The Restaurant man can now put something on the plate. Copyright July 14th, 1951 Ed R. Mayer, Sr., Amarillo, Texas

Farm Bureau Officers in Planning Parley Tuesday

A meeting to outline the Deaf Smith County Farm Bureau program for the coming year was held July 17 in County Agent Hugh Clearman's office.

Special guest at the meeting was Mr. Hazle, assistant organization director for the Texas State Farm Bureau.

Plans for next year's membership drive, legislative plans, and organization plans were discussed to great lengths at the meeting, according to President V. E. Dodson.

The possibility of sending a local representative to the Farm Bureau Institute at Texas A. & M. the last of this month was discussed. Also, the sending of a representative to the state meeting in Houston in November was planned.

Some of the accomplishments of the Texas Farm Bureau Federation in the Texas legislature were also discussed.

Local officers attending the meeting were:

Wilburn Axe, director; Ed Dzuik, secretary-treasurer; Frank Ford, membership chairman; and V. E. Dodson, president.

A membership drive will be held soon, but the date of that will be determined following a directors meeting in the near future.

A county-wide meeting featuring entertainment will also be held sometime soon, Dodson said.

FRIO NEWS

Several From Community Attend W. S. Dixon Funeral Services

By Mrs. Owen Andrews
Quite a number of persons attended the funeral for W. S. Dixon on Friday at Dimmitt. The Dixons made their home in this community for about 20 years during the '20s and '30s. They were charter members of the Frio Baptist church and were loyal to every cause for church, community, and school. He earned the love and respect of all who knew him and was always in every sense of the word a "good neighbor." He was

a staunch supporter of his church, often postponing trips until after "preaching Sunday" back in the days of fourth and half time churches. He was the first church clerk of the Frio Baptist church and served for several years. Their home always had the welcome mat out for newcomers and visitors. The Dixons could always be counted on to visit you when you were ill. Truly it would be impossible to find words to evalu-

ate the life of such a person as Mr. Dixon.

The Vacation Bible school closed on Friday and exercises were held Sunday night. Rev. E. L. Shannon served as principal. Mrs. Lee Renfro and Mrs. Owen Andrews had charge of the intermediate girls, Mrs. E. H. Little and Miss Betty Robbins, the Junior boys and girls, Miss Lavada Shannon had charge of the primary children, and Mrs. A. D. Johnson and Arthur Blackburn, the beginners. Oma Ruth Thompson was secretary of the school. Sixty-five were enrolled and there was an average 64 present. About 35 of the children enrolled were from the primary and beginners classes.

Baptismal services for the Frio Baptist church were held at the First Baptist church in Hereford Sunday afternoon. Mrs. J. B. Thompson, Oma Ruth Thompson, and Mr. Hill were those who were baptized. Mr. and Mrs. J. C. Simpson entertained Mrs. Simpson's parents, Mr. and Mrs. Austin of Longview last week. The Simpsons had been to Abilene, the previous week-end for a family reunion for Mrs. Simpson's relatives.

Mrs. Backer, who is the former Miss Estelle Hunt, and who now lives at Fresno, Calif. is visiting her brother, Oscar Hunt. Also visiting the Hunts for several days were their son, and daughter-in-law, Mr. and Mrs. T. D. Hunt, and daughter. They are from Los Angeles. They left on Tuesday to visit in Idaho before returning home.

Lyla Robbins returned from a month long tour of the western states. She and her aunt, Mrs. Nettie Robbins, traveled by bus most of the way. Mrs. Robbins and her son-in-law and daughter, Mr. and Mrs. Bob Brotherton of Canyon, brought Lyla home on Wednesday.

The Berrymans shopped in Amarillo Monday. They also visited relatives. Sue Berryman remained to visit until Thursday when she was brought home by Mrs. G. E. Jones and Linda Sue and Mr. and Mrs. Johnnie Greer and Dickie. The Amarillo people stayed for supper.

Recent dinner guests of the E. H. Littles were Mr. Little's mother, Mrs. Grace Little, Mr. and Mrs. Leland McMurtry and sons, and Mr. and Mrs. Byron Bransford all of Hereford.

The Frio Homemakers club met in the home of Mrs. Olin Parris Wednesday for a program on canning. Mrs. W. A. Springer canned a jar of apricots and discussed pressure canning of vegetables. She emphasized that the recommended way of canning fruit to conserve vitamins and flavor is by the water-bath method rather than the open-kettle or pressure canning methods. She also mentioned that pure salt rather than table salt is better for seasoning canned vegetables as the table salt causes cloudiness in the canned product. Fresh tender vegetables and ripe fruits are necessary for the canned products to be good.

Those attending the meeting were: Mesdames H. E. Lindley, T. L. Snarkman, Henry Dobbs, Henry Grice, Mrs. Andrews, Floyd Cole, Herbert Schmidt, E. F. Voelker, Spicer Grison, W. A. Springer, Joe Davenport, Harold Shearhart, Owen Andrews and Miss Alma Andrews. Visitors were: Mesdames David Vandell, T. L. Snarkman, Jr., Rideaway, Jarrol and Jim Davenport.

Mr. and Mrs. David Vandell and Rose Marie of Tahoka visited in the Parris home last week.

Mrs. Jim Davenport and son John of Midland visited the Joe Davenports the first of the week. On Thursday another brother, Jack Davenport and family of Gorman came to visit.

Mr. and Mrs. C. N. McShure have been entertaining their granddaughter Sharon Mills while her mother was taking a vacation. Mrs. Mills made a two-week tour of Yellowstone park before returning to her parents' home on Sunday night.

Recent visitors in the H. F. Benson home were Mrs. Benson's sister, Mrs. C. L. Goforth of San Jacinto, Calif. Another sister, Mrs. Joe Ing of Duncan, Okla. visited with the Bensons last week. A brother Carl Johnson and family of Pampa visited during the week.

Olin Parris' grandmother, Mrs. J. C. Prindexter and aunt, Mrs. Myrtle Prindexter of Lubbock visited in his home over the week-end. His parents, Mr. and Mrs. H. A. Parris of Tahoka and Mr. and Mrs. O. W. Parris of Big Sandy, Texas visited at the Parris home Sunday. Mrs. Rella and Valene, and Mr. and Mrs. Bivale of Lubbock.

The Hill family is entertaining his sister, Mrs. Stone of California.

Mr. and Mrs. W. H. Andrews and children took Lucretia Varble to her home in Borger Sunday. Delores remained for a visit with Lucretia.

Local "Ham" Member Of Emergency System

Hereford now has a local affiliation with the northwest Texas "Ham" Emergency network—station W5QOV, operated by R. L. Etheridge, vice chief of the Southwestern Bell Telephone company's branch here.

Etheridge, who obtained his Class "A" Amateur phone license on June 1, became a member of the emergency network on Sunday, July 15.

Purpose of the group, which meets by ham radio each Sunday morning, is to handle traffic into or out of disaster areas.

At the present time, the group is working on the Kansas and Oklahoma flood problems, handling calls from the disaster areas.

The local affiliation will be used in the event of a local disaster. The entire unit is working in close cooperation with the American Red Cross.

Membership in the network covers several localities. Among them are: Amarillo, Hereford, Dumas, Las Vegas, Morton, Lubbock, Happy, and Plainview. To become a member of the

Tom Woodford Home From Mountain Camp

Tom Woodford, member of

Mrs. LeRoy Aven, med., 7-18; H. E. Williams, surg., 7-13; Mrs. O. Z. Golden, med., 7-16; Mrs. Floyd Coker, OB, 7-18; Frank Estoda, med., 7-14; Mrs. Leo Hennington, OB, 7-16; Mrs. Thelma May Fields, med., 7-18; W. H. Simpson, med., 7-18; Mrs. R. W. Pitman, OB, 7-18.

Births
To Mr. and Mrs. J. W. Northcutt a son on July 18.

Explorer Post 50, was the local representative at a Boy Scout mountain camp held from July 8 to July 14 by the northern half of the Llano Estacado Boy Scout council near Cimarron, N. M.

Woodford assisted with program work.

Districts participating in the camp were the Moore district and the Dallam, Hartley, and Sherman district.

W. M. Teague, field executive, was in charge of the work.

Patton Reaches Semifinals in Amarillo Meet

John Patton, Hereford veteran of the golf links, entered his 17th annual Amarillo County Club Senior golf last week, being knocked out in the semifinals by John Lawson of Amarillo, 1 up.

Patton, who qualified with a 95, won two matches before being tagged out of the match play. He qualified for the eighth flight in a total of 12.

He won 2 up over M. R. Gentry of Amarillo in his first round of match play and won 1 up on his second round over T. Edgar Johnson of Vernon.

Patton was a fourth flight winner of the Hereford Golf Handicap Tournament here recently.

Magnolia, Dawn Win Ball Games Monday

Summerfield lost its fourth straight Hereford Softball League tilt Monday night dropping still farther into third place in the loop standings, when they bowed to fifth-place Magnolia, 13-9.

Dawn trounced C & R-Jiggs in a 10-7 contest in the night-cap to tighten their hold on the second spot in circuit standings.

Magnolia turned the trick on Summerfield with their 13 runs pushed across by virtue of 10 hits and seven walks. They

took advantage of nine Summerfield bobbles to mark up the victory.

Logan Bars, Magnolia moundsman; gave the losers nine runs on 15 safeties and allowed only a pair of free passes to first. His teammates were guilty of seven miscues.

J. Clark and Conrad Clark shared the mound duties for the Summerfield nine.

Dawn got off to an early lead over C & R-Jiggs in the night-cap and never fell behind as they copied another contest to give them a 6-2 record with a tight hold on second place in the league standings.

May went all the way on the hill for the winners, allowing seven runs on eight hits. He was liberal with his free passes, giving nine to C & R-Jiggs batsmen. His mates committed three errors afield.

Losing hurler Jerry Drennan allowed only nine safeties while issuing only two walks. His mates erred three times afield.

Dawn had two in the first, one in the second, and a big fifth and sixth-inning, with four and three runs respectively.

C & R-Jiggs went ahead in the third with four runs, added one in the fifth, and fell short when they pushed only two across the plate.

Thursday's play at Veterans Memorial park will see Magnolia tangling with the Knights of Columbus in the curtain-raiser and Dawn and Hereford Hardware rounding out the

Mahaffey 4-H Club Meets

The Mahaffey 4-H club met with Doris Mahaffey July 14 at 2:30 when she gave a demonstration on whole wheat rolls.

Those present included: Betty Lou McGaughey, Nancy Parsons, La Nell Short, Sue Minor, Miss Mahaffey, Mrs. Minor, Mrs. Short, and Mrs. Craig, Bonnie Rae and Janice.

The next meeting will be held at the T. J. Parsons home on July 28.

Traffic Accident At Main-U. S. 60 Intersection

Autos driven by W. C. Osborn of Route 1, Hereford, and Audie Arvilla Hall of Gardena, Cal. were involved in a traffic accident on Highway 60 just east of the Main street intersection last week.

No injuries were reported in the accident. Damage to the Osborn vehicle was estimated at about \$40 and the same amount to the Hall vehicle.

Audie Hall tried to pass Osborn on the right as Osborn was giving a signal and preparing for a right turn. Hall failed to see the signal and collided with the Osborn vehicle.

Mr. and Mrs. Otho Fitzgerald and daughter of Amarillo spent Sunday with Mr. and Mrs. Herbert Haseloss.

DIGGIN' DIVOTS By Jim Terry

Another milestone in the progress of the Hereford Golf club will be realized this week. A safe, new steel and wood bridge will be erected this week across the Tierra Blanca creek at hole number seven.

Recent waste water from the surrounding potato sheds has caused such a rise in the creek as to inconvenience those playing.

Also, a concrete spillway will be placed on number three in the near future.

These bridges are being installed through the courtesy of potato sheds funneling water over the golf course. The cooperation of the potato sheds in this matter is very much appreciated by all golfers of this area.

Preach Edelman of Friona is really getting back on his game. He fired a 76 Sunday with a low net score of 68 for first place in the ball sweepstakes.

Oss Lange was second with an 83-14-69.

Third place ball winner was Frank Latimer of Dimmitt with an 83-10-73.

The Scotch foursome was a grand success with 32 entries. Balls were given to the first three place winners.

Winning two-some in the event was Frank Craig and LaVerne Clay, whose combined score was 52. Their combined handicap of 23 gave them a 29 for the nine-hole round.

Second place was won by Bill Howard and Marie Cogdell with a 44-14, net 30.

Jim Kirby and Jo Hardy won third place with a 49-18-31.

Results of the other matches were as follows:

J. M. Posey and Jean Streu, net 32; T. J. Clay and Sally Kirby, net 34; Jim Terry and Lucille Posey, net 35; J. A. Pitman and Evelyn Jacks, net 35; Owen Jacks and Irene Coneway, net 35; Frank Cogdell and Meridith Ireland, net 37; De-

How Dodge trucks are "Job-Rated" to fit your job

A Dodge "Job-Rated" truck is engineered at the factory to provide the best in low-cost transportation. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load.

Every load-CARRYING unit—frame, axles, springs, wheels, and tires—is engineered to provide extra strength and capacity necessary to support the load.

Every load-MOVING unit—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered to move the load under most severe operating conditions. A range of over 350 G.V.W. chassis models enables you to select a truck that meets your conditions.

Plenty of power for your job. Power has been increased up to 20% in eight great engines—94 to 154 hp. You get top economy, too—thanks to high compression ratio, 4-ring pistons with chrome-plated top ring, and many other extra values.

Maximum safety—You get the finest truck brakes in the industry! On many models you get new, molded, tapered, Cyclebond brake lining for smoother, quieter, safer braking. And you'll ride in a welded all-steel cab with an extra-big windshield.

Easy handling—You can turn, park, back up and maneuver with the greatest of ease... because of cross-steering, short wheelbase and wide front tread. Other aids to easy handling are the comfortable new steering wheel position and extra cab visibility.

Bigger payloads—Balanced weight distribution enables you to haul bigger payloads on a Dodge "Job-Rated" truck without danger of overloading. Because the engine has been moved forward and front axle back, the right proportion of the load is carried on each axle.

Extra comfort—Famous "Pilot-House" cab gives you safe, all-around vision with extra-big windshield and rear quarter windows. Roomy, "chair-height" seat is widest of any popular truck. New "Oriflow" Shock Absorbers on 1/2, 3/4, and 1-ton models give smoother ride.

gylol Fluid Drive—Only Dodge offers gylol Fluid Drive. Available on 1/2, 3/4, and 1-ton models. You start with amazing smoothness. Gearshifting is minimized. Wear is reduced on vital parts. And Fluid Drive protects your load by minimizing damaging jolts.

Come in today for a good deal on a DODGE "Job-Rated" TRUCK... low down payment... low monthly payments

July 22-28 Proclaimed As "Farm Safety Week"

COLLEGE STATION — Allan Shivers on July 4 signed a proclamation designating the week of July 22 as "Farm and Ranch Safety Week" in Texas. President Harry S. Truman has also designated this same period as National Farm Safety Week.

Governor Shivers' proclamation pointed out that the continued high rate of avoidable accidents on farms and ranches are causing deaths and injuries among the rural residents. Such accidents, he said, cause an economic burden that is one of the primary social and economic problems in the

state. Governor Shivers urges all members of families to join in a continued drive to reduce hazards, and to adopt practices that will lead to fewer accidents on the farms and ranches as well as in the rural homes of the state. He says, "I am also asking that all organizations and persons interested in farm and ranch life promote the use of safe practices through their educational programs."

The State Farm and Ranch Safety Committee headed by J. Walter Hammond, president, Texas Farm Bureau Federation, is commencing a drive during the week that will continue through the year, aimed at making every rural Texan accident conscious. The committee members believe that safety is the individual responsibility of every citizen and not until all practice safety in their daily living can the accident toll be reduced.

E. C. Martin, state agricultural leader of the Texas Agricultural Extension Service, reports that county extension workers are encouraging both adults and 4-H club members to practice safety in connection with all farm and home operations. He points out that time lost on Texas farms from accidents can mean the difference between success and failure for the family involved. The labor shortage now faced by Texas and U. S. agricultural producers is of tremendous importance to the general well-being of the state and nation and the present situation can be further complicated if the continued high rate of farm accidents continue. Days lost from work not only

puts the family behind in its work but also causes a heavy drain on the family bank or savings account. Martin concludes that unless Texans do their share to cut the accident rate that at least one rural Texan will be buried each day as a result of some type of farm or home accident. The problem is big enough to challenge the action of every Texan and who knows, the life you save may be your own.

Brother of Mary Gallagher Died On July 10

John William Kapral, brother of Mrs. Leo Gallagher of Hereford, died Tuesday night, July 10 at Monahans, Texas.

Requiem high mass was said Friday, July 14 at Monahans and he was buried from Sacred Heart Cathedral in Amarillo on July 14.

Kapral, who was employed as an oil-driller by the Gulf Oil Corporation for 30 years, had lived in Monahans for the past 18 years. He died suddenly at his work. He had had an accident only a few hours prior to his death.

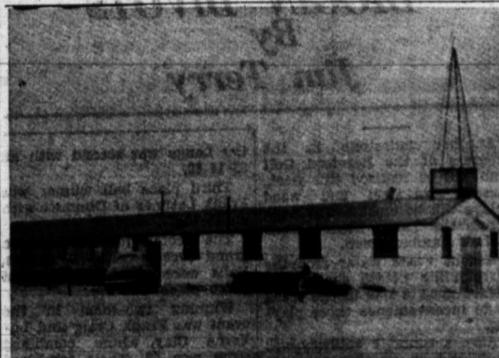

A well-known personality in this area, Kapral dressed tools for his father in Borger and helped to bring in the first oil well in this part of the country. Kapral was born July 7, 1894 in Butler, Pa. He visited this area often and was well-known in the community.

Surviving are: his wife, Anna, and two daughters: Elizabeth, Ann and Barbara Jean. Also surviving are two sisters: Mary Gallagher of Hereford and Minnie Apel of Panhandle and two nieces, Mrs. Herman Kubick of Ft. Worth and Mary Howard Apel of Panhandle. Burial was in Llano cemetery in Amarillo.

Mr. and Mrs. Ralph Hastings and Mr. and Mrs. J. T. Gilbreath Jr. went to Colorado Springs and other points in Colorado for a vacation trip last week.

A SMALLER HAND is needed to make use of the "wild pig-skin" glove shown in the above picture after it has been washed in water. David Goldstein is holding the glove, which he wore as a perfect fit before.—Brand Staff Photo.

ONE OF THE COMMUNITY churches omitted from the recent picture page of Hereford churches is the Catholic mission at the labor camp southwest of town.—Brand Staff Photo.

Draft Changes are Listed by State

AUSTIN, -- The draft law, which expired on July 9, has been extended in amended form to July 1, 1955, Brigadier General Paul L. Wakefield, state draft director, reminded Texas people today.

General Wakefield noted the following important changes in the Selective Service act:

1. Men inducted will serve for 24 months as compared to 21 under the old law. Males must register at the age of 18, as formerly.

2. Men are liable for induction at the age 18½ instead of 19. No man below 19 can be inducted so long as a board has eligible older men.

3. Physical and mental standards for service have been lowered, with the result that men now classified IV-F will be found suitable for I-A.

4. The present strength of the armed forces, approximately 3½ million, can be raised to 5 million men.

5. Except for cases of extreme hardship, a man may not be deferred for dependency on the basis of a wife alone.

6. Men now or hereafter deferred on educational, occupational, farming, or dependency grounds will remain liable for service until age 35. Men not deferred are liable only to 26th birthday.

7. Conscientious objectors to military service shall be ordered by local boards, subject to regulations prescribed by the President, to perform civilian work in the national interest for 24 months.

8. Men entering the service by way of a draft board are obligated to serve six years in the reserves after discharge.

9. High school students will be deferred until graduated, until they attain age 20, or until they fall school work.

10. Some college students may be deferred on the basis of class standing during last completed school year, or on the basis of a government-sponsored test. The local board is not bound to defer on the

basis of this information, but can defer on consideration of it. Some other college students may be deferred on a less competitive basis.

11. No inducted man may be assigned overseas until he has had four months training.

12. All enlistments in the armed forces, reserve and regular, which expire after July 9, may be extended by the President for one year. No person shall have his enlistment extended a second time.

The tallest tree in the world, a eucalyptus in a national park near Sydney, Australia, is 575 feet tall.

Legal Notice

THE STATE OF TEXAS
TO: Thomas W. Milner, and
The Unknown Heirs of Thomas
W. Milner, and
The Unknown legal representa-
tives of Thomas W. Milner

GREETING:
You are commanded to ap-
pear and answer the plaintiff's
petition at or before 10 o'clock
A.M. of the first Monday after
the expiration of 42 days from
the date of issuance of this Ci-
tation, the same being Monday,
the 6th day of August, A.D.,
1951, at or before 10 o'clock

A.M. before the Honorable Dis-
trict Court of Deaf Smith
County, at the Court House in
Hereford, Texas.
Said plaintiff's petition was
filed on the 23rd day of June,
1951.
The file number of said suit
being No. 3383.
The names of the parties in
said suit are:
D. E. Magee as Plaintiff and
Thomas W. Milner, and the
Unknown heirs of Thomas W.
Milner, and unknown legal
representatives of Thomas W.
Milner as Defendants.
The nature of said suit being
substantially as follows, to wit:
Plaintiff alleges that he is
the owner of the following land
and tenements situated in Deaf
Smith County, Texas, and that
he has the fee simple title
thereto, to wit:

All of the Northeast one-
fourth of Section Nine (9) in
Block K-10, containing 160
acres of land, more or less, and
being a part of a Section of
land patented to F. C. Gale, as-
signee of G. C. & S. F. R. R.
Co., on October 19, 1878, by
patent No. 258, Volume 89;
which land is further described
by field notes as follows: Be-
ginning at a stone 6x4x4, mark-
ed X, and 2 pits, the SW
corner of survey 100, Block K-
7; Thence S.O. degrees 32'
50" W. with the West Boundary
line of Survey No. 99, Block
K-7, 955.9 varas to the middle
of the West line of said survey
99, the Southeast corner of this
tract; Thence N. 89 degrees 27'
10" W. 950.4 varas to the SW
corner of this tract; Thence N.
O degrees 32' 50" E. 955.9 varas
to a point in the North line of
this Section, being a point in
the South line of Section 10 in
Block K-10; Thence S. 89 de-
grees 27' 10" E. 950.25 varas
to the place of beginning.
Such action is an ordinary
suit in trespass to try title on
the part of plaintiff against de-

fendants for title and posses-
sion to and of the above de-
scribed land and tenements,
plaintiff alleging title in plain-
tiff through peaceable, contin-
uous and adverse possession
under the 3, 5, 10 and 25 year
statutes of limitation. The ac-
tion brought as well to try title
as for damages in sum of
twelve thousand dollars, and
annual rental value alleged to
be Three Thousand Dollars.
Plaintiff prays that he recov-
er title and possession of above
described land and tenements,
and his damages, rents and
costs of suit, and general
special relief in law and equity
to which he may show himself
entitled.
If this citation is not served
within 90 days after date of
issuance it shall be returned
unserved.
Issued this the 23rd day of
June, 1951.
Given under my hand and
seal of said Court, at office in
Hereford, Texas, this the 23rd
day of June A.D. 1951.
R. L. Thompson, Clerk.
District Court, Deaf Smith
County, Texas. T-26-4-c

New Mexico Farmers Seek Tour of Area

A delegation of 40 or more
New Mexico farmers and busi-
nessmen are planning to come
to the Hereford area in August
on a tour of inspection of the
Hereford irrigation district, ac-
cording to information received
by Hugh Clearman, county
agent.
C. A. Grimes, county agent
at Tucumcari, explained in a
letter to Clearman that the
Tucumcari Kiwanis club is
sponsoring the trip as one of
its projects.
The group is especially inter-
ested in touring the area to
see all major crops grown un-
der irrigation and to talk first
hand with the farmers at each
place visited.
Arrangements will be made
with the Hereford Kiwanis club
when details of the tour have
been approved. Grimes re-
quested participation in the project
by members of the local Ki-
wanis club, Clearman stated.
First mention of a possible
tour of the Hereford area was

made last spring when Clear-
man went to New Mexico and

conferred with agriculture au-
thorities there on the greenbug
situation. Mr. and Mrs. E. J. Duncan
of Pampa visited friends and
relatives in Hereford Sunday.

STATE OF TEXAS COUNTY OF DEAF SMITH, ss:
Sworn to and subscribed before me this 13th day of July, 1951.
DAYTON G. MORRIS
Notary Public

midnight July 22 was released to private flying enthusiasts in this area this week.
An intense study of the air defense system in this area will be made.

The test is being held by the Air Defense Command to determine the volume of air traffic within this defense area at a given time and to check the detection and identification capabilities of air defense radar in the area.

To insure the success of the test, the Air Force has requested that civilian aircraft owners and pilots file flight plans during the four day period while flying within or entering this area regardless of their proposed altitude. The flight plan

should be definite and accurate as to flight route and time over check points so that it will be possible to match the "track" as recorded by radar with the flight plan.

Normally aircraft entering or flying within the Air Defense Identification Zone established within the United States are required to file flight plans only for flights above 4,000 feet in altitude. However, for this test, it is essential that flight plans on aircraft flying below 4,000 feet, as well as above, be filed.

Local training or student flights below 2,000 feet above terrain and within 10 miles of an airport within the ADIZ are exempt from the special request of the Air Force for this period.

The ADIZ's were established to provide identification of flights entering strategic areas or boundaries of the United States.

For the period of this test, special radar scope cameras will be set up to take pictures of existing and special radar screens; thereby permanently recording the number of aircraft detected by radar while flying in the area.

During this period only, flight plans may be filed by "collect" long distance telephone at the expense of the government with CAA station in this area.

FRONT END ALIGNMENT VISUALIZER AND WHEEL BALANCING For All Makes of Cars FRANK CRAIG Studebaker, Massey-Harris

Safe IT'S AN Electric WATER HEATER!

When you have a child in the cuddly, crawling stage, you have the perfect reason for installing an automatic electric water heater — the safest water heater made. Your child can crawl right up to the water heater, pull itself up by holding on to its spotlessly clean sides, wrap its arms around the water heater and be perfectly safe, thanks to the complete insulation and no-flame features of an electric water heater.

These same features make an electric water heater equally safe for you, too. There's no fear of gusty winds blowing out a flame—there's no flame. There's no waste heat, either, because only an electric water heater is completely insulated so that all the heat goes into the job to be done.

Reddy Kilowatt's special water heating rate makes electric water heating economical, too. For plenty of hot water always, safely, economically, see your electric appliance dealer now.

SOUTHWESTERN PUBLIC SERVICE COMPANY
25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Public Urged to Demand Sanitary Eating Places

The Texas State Department of Health cannot maintain daily inspection of all eating places and the public is urged by Dr. Geo. W. Cox, State Health Officer to insist on the proper sanitation of the establishment where they eat. If the public is careless in this respect the incentive to maintain clean food service will be lessened and operators will only maintain the level the public is willing to accept. He urged that the public patronize "eating establishments which measure up to a high standard of cleanliness."

The State Health Department is making every effort to improve sanitation of eating places, Dr. Cox said, and there is "no excuse for cafe owners not taking advantage of the food handlers schools which are being offered all over the state." He added that there are laws, rules and regulations which require the use of approved equipment and methods in such establishments.

"The public should be aware of these sanitary rules and regulations and insist that restaurants observe them. Patrons should realize that tables and counters will be many times cleaner than the kitchen and other places out of sight," he warned.

He urged milk appraisal by the patrons also. Texas law requires that a milk bottle cap state the grade of milk, and whether it is raw or pasteurized. "Insist on have the milk served in its original container, with a covered cap and a legal

KILL ATHLETES FOOT "T-4-L" BEST SELLER SAYS HAILE DRUG CO

in sanitation can be had only by close co-operation between the public and the investigators of the State Health Department.

Mr. and Mrs. Edd Cardinal and son, Lonnie, and Miss Betty Lou Grimes spent Sunday in Roswell visiting Mrs. Cardinal's mother and brother. They also stopped at Portales to see the New Boykin hotel.

The Lazy J Ranch's 1950 Ford F-3 Express with POWER PILOT was one of more than 5,000 Fords in the nationwide 59-million-mile Ford Truck Economy Run.
George Stephens of the Lazy J Ranch says: "The low cost my Ford Truck showed in the Economy Run speaks for itself. I got regular service checkups from my Ford Dealer."
*Address furnished on request

"My ranch 'workhorse' runs for only 2 1/2¢ a mile!"

Ranch owner George Stephens proved for himself, in the big Economy Run, just how little it costs to run his Ford Truck!

"The Lazy J's Ford Express did itself proud in the Ford Truck Economy Run," says Stephens. "Daily records kept during the entire six months show that our Ford Truck ran up a total of 5,109 miles. My out-of-pocket expense for gas, oil, main-

tenance and repairs was exactly \$123.51 ... about a \$20 bill each month ... only 2 1/2 cents a mile!"

The Ford Truck POWER PILOT carburetor-ignition system is one reason why Ford Trucks cost so little to run, in ranch work or any work. The POWER PILOT gives you the most power from the least gas. In the low-price field, only Ford has it!

FORD TRUCKING COSTS LESS

because FORD TRUCKS LAST LONGER!

Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!

IDENTIFICATION OF THE UPPER photo, the mystery farm for July 12, was quite difficult, and there were no readers who made identification. The farm is located right off the Cap Rock, probably in Oldham county or the northwest corner of Deaf Smith county. If any of the readers can identify the place with these additional clues, two free theater tickets will be given for the first correct identification. The lower photo is the new mystery farm for this week. The first city reader as well as the first rural reader who correctly identifies the lower photo will be given two free theater tickets to the Hereford theaters.—Brand Staff Photos.

CONG. ROGERS SAYS

Seeks Views of Constituents on Proposed Federal Sales Taxes

FEDERAL SALES TAX: Proponents of a federal sales tax are now presenting testimony to a senate finance committee in an effort to get this congress to pass a federal sales tax. One organization, The Committee for Economic Development, represented by J. Cameron Thomson, Minneapolis banker, urged a five percent retail sales tax on all items not now taxed by federal excise tax. Food and housing would be exempt. Mr. Thomson suggested that no increase be made in corporation taxes. He said individual income taxes should be hiked by about 800 million dollars more than the \$2,850,000,000 proposed in the House—passed \$7,200,000,000 tax-raising bill; and said that he wanted the impact of that move shifted to the lower income groups. A retail sales tax of 5 percent as urged by Mr. Thomson would certainly put the impact on the smaller income groups. Such a tax would amount to a great deal more than the 12 1/2 percent increase in the individual income taxes for defense purposes. The 12 1/2 percent increase in the House tax bill is 12 1/2 percent of the individual income tax itself and not 12 1/2 percent of an individual's entire income. The 12 1/2 percent increase that was voted amounts to less on the individual than the original plan to increase the income tax by three percentage points; that is, 12 1/2 percent of your income is less than 3 percent of your income. By the same reasoning, if you are required to pay 5 percent retail sales tax on everything you buy, it would amount to an approximate increase in your taxes of 30 percent of your income tax rather than 12 1/2 percent. I have asked for suggestions about a federal sales tax in previous letters and I would like to hear from you folks as to how you feel about a federal sales tax. I don't want a federal sales tax passed as an additional tax. If the people feel that the federal sales tax would be a more equitable tax and a more fair distribution of the tax burden, I would like to know it. In any event I don't want to see a federal sales tax passed unless it

is a substitute for the income tax of some other tax. We are paying more taxes now than we should, and they need to be reduced at the earliest possible moment, which will be when our defense requirements are met.

DISPERSAL OF GOVERNMENT PLANTS: Congressmen Albert Rains of Alabama and Brooks Hays of Arkansas offered an amendment to the Defense Production Act which would require that any government plants erected in the future or any plants erected through government loans hereafter be dispersed over the country and not concentrated in such places as New England and the Middle West where much of our industry is vulnerable to enemy attack. It was amusing to note that a coalition of extreme right-wing Republicans and left-wing Democrats and Republicans developed to defeat this amendment. The amendment's strongest supporters were the Jeffersonian Democrats from the Atlantic Ocean across the Southern States and through Texas. It looks like the folks in the New England and Middle Western states are afraid industry might find out what a great country we have and how well they can do in our section. We are continuing the work to bring industry to the South and Southwest and will finally be successful.

TIDELANDS: The Honorable Ed Gossett, of the Wichita Falls district, appeared before the rules committee this morning to obtain a rule bringing to the house floor the Tidelands Bill. As I told you in previous letters, this bill has been progressing step by step and should be on the house floor for a vote within the next three weeks. The chances for passage are excellent. The entire Texas delegation has worked continuously on this bill and we look forward to success. Mr. Gossett is resigning from Congress effective July 31, and the passage of this bill will certainly be an outstanding final act to close his distinguished and brilliant career as a congressman.

The Congress has been working on the Defense Production Act for the past week and final action on the bill is not yet in sight. Perhaps it will be finished before this letter reaches many of you. Many amendments are being adopted to the bill. Most of these are aimed at a curtailment of bureaucratic control and are for the purpose of keeping the entire control program under the command of Congress where it belongs.

This congress is consistently refusing to delegate its powers to bureaus and boards staffed by appointed individuals. There are very few members of Congress who are opposed to fair, honest and equitable controls in an emergency, but most of them feel that if controls are necessary, there should be no favoritism.

It is not the controls for emergency needs that the members fear, but it is the administration of those controls

Based upon past experiences, this congress feels that the administration of controls should not be turned over to bureaus and boards with no strings attached. There is not a member of Congress who is not vitally interested in stopping inflationary trends, but most of us do not want to deliver the control of this government into the hands of a few appointed individuals with powers to regiment the people of this country by dictatorial orders. Such a procedure could increase the danger of inflation rather than decrease it.

It must be remembered that the creation of more boards and bureaus with regulatory powers requires the employment of many, many people to enforce those powers. Our purpose has been to reduce the number of federal employees. It is only by this method that we can reduce domestic expenditures substantially.

Domestic expenditures must be reduced substantially if we are going to meet the defense requirements without higher taxes and hope to have some reduction in taxes. The house yesterday refused to accept a conference report on an appropriations bill because it did not contain an amendment that would prohibit the filling of over 25 percent of the vacancies occurring in the departments during the next fiscal year. We sent the bill back to the committee with instructions that this amendment reducing federal employees be attached to the bill.

Rev. W. B. Hogg of El Paso, Texas, memorized the Bible.

Cancer Crusade Fund Grants Total \$125,590.90 This Year

HOUSTON—Twenty-six cancer control projects—12 tumor clinics, 11 information centers, and three special projects—have just received appropriations totaling \$125,590.90, from funds raised in the 1951 Texas Cancer Crusade.

Following recommendations of the Committee on Divisional Projects and Activities, the State Executive Committee of the American Cancer Society, Texas Division, on July 11 approved the budgets needed by the 26 projects at its regular

monthly meeting.

The proration of Crusade funds to the Texas projects followed three days of study by various state-wide committees of the American Cancer Society.

"The Society's biggest problem has been to figure out how to make \$469,206 raised so far in the 1951 Texas Cancer Crusade line up with budget needs amounting to \$500,000," Doctor G. V. Brindley of Temple, Executive Committee chairman said. "One-fourth of all Cancer

Society funds goes for research into causes and all possible cures of the disease. Money is constantly needed, too, for various services to cancer patients. In addition, our educational program is continually expanding. All together, our committees have been hard pressed to make the necessary cuts."

Doctor Brindley expressed hope that the State Crusade goal of \$500,000 would be reached before the close of the Society's fiscal year August 31.

The project nearest to Hereford given funds from this year's Cancer Crusade was the Potter County Medical Society Tumor Clinic and Information Center in Amarillo.

Rebekah Lodge Holds Joint Session With Dimmitt Chapter Thursday

A joint meeting of the Hereford Rebekah Lodge was held with the Dimmitt lodge Thursday night in Dimmitt with groups from Muleshoe and Earth also attending.

Miss Myrtle Russell of Electra, state president, was the speaker for the evening, discussing the work of the order. She was presented a gift from the Hereford and Dimmitt chapters. Refreshments were served from a decorated table representing the garden of opportunity, suggestive of the Dimmitt chapter's theme of the year "Opportunity".

SUMMERFIELD NEWS

Birthday Party Given Monday for Eva Jean Woolbright by Mother

By Bobbie Walser
Nan Longbottom, while helping clean a knife attachment on a plow, cut the little finger on the left hand at the first joint.

Mr. and Mrs. Elmer Streun of Oklahoma were visitors in the Jack Streun home Thursday. Elmer Streun is Jack's brother.

Mr. and Mrs. Ted Staats and family were in Oklahoma last week visiting.

Eva Jean Woolbright was given a birthday party by her mother Monday afternoon. Games were enjoyed by all and refreshments were served to the following: Larry Boston, Donald Kenney and Betty Walser, Kay Cole, Claudia Green, Inez Brown of Hereford, Mary Katharine Huckert, Mrs. Guy Walser, Mrs. F. J. Embry of Floydada and the hostess.

Mrs. F. M. Woolbright's mother, Mrs. F. J. Embry, has been visiting her for some time.

Mrs. Sharp is visiting in the home of her daughter, Mrs. K. W. Neil.

Mr. and Mrs. John Black of Amarillo spent Sunday visiting in the home of Mr. and Mrs. Lee Curry. Mrs. Black and Mrs. Curry are sisters.

A bridal shower honoring Mrs. Gene Smith, the former Mary DeLozier, was given in the home of her aunt, Mrs. George DeLozier Thursday.

Mrs. Kate Slay and family have returned to Houston after spending a few weeks with Mrs. Slay's sisters, Mrs. Charles No-land, and Mrs. D. C. Walser. She also visited her parents, Mr. and Mrs. Fullwood in Hereford.

Roy Winkle of Norman, Okla. spent a few days visiting in the home of Mr. and Mrs. J. M. Wright. He also visited with his mother.

Rev. and Mrs. A. A. Simons attended a funeral in Oklahoma Monday.

Mr. and Mrs. F. M. Woolbright and family were recently in Santa Fe, N. M.

New Enlistment Quota Set For Air Force Now

M/Sgt. Hicklin Harrel received word today that Air Force enlistments have been put on a quota basis.

The Amarillo area now has a quota of four men a day. There were no quotas for Air Force voluntary enlistments previously.

This does not apply to air cadet enlistments, which are activated separately.

Mrs. Urlin Streu, Mrs. Lola Owen and Mrs. Leo Hellman attended a hardware market in Amarillo Monday.

Bethany Class Is Entertained

Bethany Class of the First Baptist church was entertained in the home of Mrs. Otto Massie Thursday afternoon. Mrs. John Patton, president of the class, conducted the business meeting.

Mrs. R. E. Caddell gave the prayer followed by the devotional lesson given by Mrs. Phil Radovich. She told of Paul's mistakes in leadership to be followed by greater and better things and pointed out the need for Christian leadership in national affairs.

Members answered roll call by citing interesting events concerning the American flag.

Members and visitors attending were: Mesdames Myrtle Nickell, John Draper, Phil Radovich, Eunice Hunt, R. E. Caddell, John Patton, Edgar Moseley, Wirt Phillips, Otto Massie, Vivian Major, Si Orr, J. T. Richardson, Lorraine Grenard of LaJunta, Colo. and J. H. Burrell.

Mr. and Mrs. M. C. King of Panhandle visited her mother, Mrs. E. J. Williams over the week-end. Returning to Hereford with them were: Patty Williams of Socorro, N. M. and Skeet Collier of Hereford.

STAR 3 DAYS STARTS SUNDAY

Columbia Pictures presents Randolph SCOTT in "Santa Fe" color by Technicolor with Janis Carter

A Scott-Brown Production Produced by Harry Joe Brown • Directed by Irving Pichel

See tough, daring men build an empire with iron rails, steam power and a steady Sharps rifle

It's great entertainment! Take the whole family!

This one says You've Arrived

HERE pictured is an automobile that may well be the fulfillment of any man's dream of a fine motorcar.

For you've a right to expect, when you pay a fine-car price, that your money will buy more distinction, more comfort, more performance than are to be found in vehicles of lesser worth.

No other car on the American scene has a prouder bearing.

No other automobile has more spacious dimensions, more luxurious comfort, or finer appointments.

No other car has a ride more serenely smooth on curve or straightaway, highway or byway.

And no other car, at ROADMASTER's price or above, has Dynaflow, and the supreme command of every traffic condition which it provides.

So you, at the wheel of Buick's biggest and best, have a right to feel distinguished.

But there's a joy of possession which goes deeper than visible things.

There's the feel of a power plant as brilliantly eager as this great car's valve-in-head Fireball Engine — and the satisfying com-

panionship of a brawny traveler instantly responsive to your every wish.

And there's one thing more, which only ROADMASTER can give you in such generous measure. That is the pride of a wise investment, based on the fact that this car stands alone in price per pound, among fine cars similarly equipped.

So why not take that very important first step — and come in and see us soon?

Equipment, accessories, trim and models are subject to change without notice.
