City Dads Talk Little League, Taps Engineering Fees

The City Commission in a special meeting Tuesday night heard an appeal for \$1000 by leaders of the Little League, who pointed to approximately 125 boys who will overflow the league ranks within the next few weeks.

The commission discussed the situation with the delegation, but failed to take definite action until a "feasible, workable program" might be presented to cover all children, rather than a particular group.

Peace, Harmony Reign At Democrat Convention

Opposition Withdraws Protest, Conceding 'In Behalf Of Unity'

These Resolutions Passed By Convention Delegates

- It is the recommendation of the Resolutions Committee duly appointed by the Deaf Smith County Democratic Convention... 1. That the delegates to the State Democratic Convention to be held in Dallas, Texas, on May 22nd, 1956, be bound by the unit rule.

Peace and harmony reigned at the County Democratic convention in the courthouse here Tuesday afternoon, when 48 delegates from the 10 county precincts unanimously endorsed Lyndon Johnson as head of Texas' Democratic party and "favorite son" in the presidential nominations.

Delegates named were: Clinton Jackson, R. M. Drever, J. T. Gilbreath Jr., Emmett Sherman, Harry Brock, Dell Sherman, N. L. Wesson, Gerald McEachern, F. J. Knabe, Mrs. O. G. Hill Sr., Charlie Burk, Alex O. Thompson, N. D. Bartlett Jr., R. G. Peeler, L. H. Woodford, J. D. Pitman, Ray Cowser, Jo Brock and J. E. McEachern.

Delegates in addition to voting unanimous approval for Senator Lyndon B. Johnson, passed three other resolutions Tuesday in which they expressed a desire for States Rights, unanimously vetoed socialized medicine and federal aid to education, and asked for legislation supporting feed grains directly in proportion to the feed value of corn.

These resolutions were passed and will be presented at the State convention in Dallas, May 22.

J. D. 'Jim' Neill In Sheriff's Race

J. D. "Jim" Neill this week authorized The Brand to announce his candidacy for the office of Sheriff of Deaf Smith County, subject to action of the Democratic primary.

J.F. Boeckman Electrocuted On Construction Work

A 19 year old construction worker was electrocuted about 10:50 a.m. Tuesday while helping two other men guide a steel girder into place.

Postal Receipts Up From Last Month

Postal receipts for the first four months of 1956 have reached \$20,433.49, and average about \$168.87 per day for the year.

The meeting was opened by Henry Sears, County Democratic chairman, immediately following which J. D. Pitman was named as permanent chairman by acclamation. Mrs. O. G. Hill was named as secretary, also by acclamation.

Appointed to the credentials committee were O. L. Bybee, R. G. Peeler and Leo Forrest. A resolutions committee, composed of H.H. Miller, O. L. Bybee, Townsend Douglas, W. L. Davis Jr., A. O. Thompson and N. D. Bartlett Jr., was also appointed by Pitman.

Before the meeting actually got down to business, it possibly even went a step further than harmony when James W. Witherspoon and Dr. R. R. Willis appeared before the convention to announce that they were withdrawing their protest delegation, filed with the county clerk in behalf of Gov. Shivers. The two men both spoke before the group and, along with Ray Cowser, made a plea for harmony among all Democrats.

"We are willing to concede in behalf of unity," said Witherspoon. "Our interests are the same, because we are all interested in the community and the county in which we live." He likewise stressed the importance of being able to retain different beliefs, yet still be good friends and neighbors.

Furniture Store Has Open House

Buy-Rite Furniture Company will celebrate its first anniversary with open house in its new building on Thursday, Friday and Saturday of this week.

The building, located right at the end of Main Street on Park Avenue, is 60 and 120 feet square. The entire 7200 feet comprise one gigantic showroom. Construction is of Haydite concrete blocks with a brick veneer front and plate glass windows.

Around Town

Ground Observer Corps members will man their posts Saturday from 1 until 5 p.m. for a strip drill according to Clay Angelo, airman of the local corps.

Two New Coaches

John Paul Jones, a former Texas Tech student and football player, was approved as assistant coach. Jones has held the same position at Plainview during the past two years.

Same Number of Teachers

"Approximately the same number of teachers will be required in the 1956-57 terms as during the past year," Supt. Fred Cunningham told the board.

Furniture Purchased

Furniture in the new school will also be shifted from other points wherever possible. The board is continuing on page 2.

line carried 12,470 volts. Force of the current knocked the other two workers, John Eubanks of Denison and Luis Griego, off the girder. Eubanks fell about 10 feet. His watch was stopped at 10:50 a.m. Men at the scene of the accident said the dust was blowing so badly they could hardly see one another.

Eubanks noticed Boeckman lying on the ground and ran over to him. When he touched him, the entire back of his finger was burned. About this time the crane moved off the wire, Jacobs said.

Workers started giving artificial respiration to the victim while Jacobs came to the nearest phone for help. The ambulance arrived in about 10 minutes, and soon the members of the fire department, law officers and the doctor arrived.

Mr. Boeckman died about 11:10 a.m. REA officials theorized he must have had a firmer grip on the beam since he was nearest the end, and pointed out that the ground had been the least bit wet it would probably have killed the others. Only powder dry ground saved their lives.

Boeckman, who had worked in this area, helping construct elevators in Dimmitt, is survived by his parents, Mr. and Mrs. Fred John Boeckman of O'Keene, Okla., by six brothers, Louis and Albert, O'Keene; Joseph L. of Milligan, Nebr.; Sylvester of Fort Carson, Colo.; Glen F. and Harold E. Peters both of Enid, by three sisters, Mrs. Glynn Bingham, Geary, Okla.; Mrs. Rose Marie Strader, Enid, and Mrs. Mary Catherine Wynd, Moore, Okla., and by his wife's parents.

policy on local affairs. Dr. Wills said that he felt that the Precinct 2 convention last Saturday was "just what Malinkoff wants us to do in the United States." He further said that he was sorry that it happened. He, like Witherspoon, made a strong appeal for unity and asked the convention to oppose government meddling in education, especially medicine.

He urged endorsement of the Jenkins-Keough bill, which provides for 10 percent of the income of self-employed persons to be placed tax free in a trust fund, for retirement at age 65, or in case of total disability.

"We Want Same Thing" Jay Boston, Precinct 2 chairman, said that he, too, believed in states rights. "We both wanted the same thing," said Boston; "one just strove to get it one way, and one another."

Leo Forrest commended the conceding group and their leaders on being good sports and interested citizens, then added his endorsement to their statement about opposing federal aid to education.

H. H. Miller introduced the resolution supporting Lyndon Johnson, which was passed unanimously. This was followed by discussion of other endorsements, including one regarding grain sorghums. The group took votes on the Jenkins-Keough bill, federal aid to education, socialized medicine and states rights. They also approved resolutions to be drawn by the committee.

Delegates and Alternates Delegates and alternates approved by the County Credentials Committee were:

Precinct one, Harvey Brock, Leo Forrest, H. L. Benefield, J. D. Gilbert Jr., Virgil Walker, C. C. Ellis, C. R. Dameron, Sylvester Slagle, Richard Ireland, W. H. Andrews, Don Martin, Adolph Knabe, R. A. Daniel, W. H. Gentry, Margaret Johnson, Al Smith, John Hickman, O. L. Bybee, Earl Holt, N. L. Wesson, W. P. Aye and Charles Peterson.

Precinct two, Ray Cusvert, F. A. Margott, Hugh Bookout, Raymond A. Higginbotham, E. R. Royal, Earl Cole, Harold K. Shegner, Frank Cogdell, Earl Stagner, W. L. Davis, Jr., J. O. Justice, Billie O. spected and purchased the following list: 54 tables and chairs, second grade; 27 tables and chairs, fourth grade; 118 round reading tables and 126 chairs. The purchase was made after principals and teachers designated "first and second choice" from samples displayed. The board next opened the sealed bids and, in this instance, the first choice and low price coin-

cided on the bid of Joe Toorhis and Co., represented by George Graham, former Hereford superintendent.

All custodians were approved for another year, along with the employment of one additional custodian as follows: Arthur Brock, Buck Hale and Emmett West, high school; Roy E. Monroe and Mrs. Monroe, Shirley; Arnold Hershey and Mrs. Hershey, Central; Dick Hagar and Frank Byrd, Aikman; Walter Easter and J. J. Conner, Stanton Junior High.

Camp Fire Girls Learn To Cook, Prepare To Entertain Mothers

Sixth grade Camp Fire Girls are in the fifth week of a cooking school which will terminate with tea for their Mothers May 18. The project, which is held each day afternoon in the offices of southwestern Public Service Company, is a six-week long school, conducted by Mrs. Betty Brown, marillo, the home service advisor. This is the second group of Camp Fire Girls who have enrolled in the school, and tentative plans call for it to be made available next year to all sixth grade groups. The last meeting is a tea honoring their mothers, and at this social affair the girls serve cookies which they made at the second meeting of the class, then put in

plastic bags and froze, cookies with such interesting names as Peanut Butter, Thumbprint, Redy Hotpoint and Brownies. At the first lesson the budding chiefs received cookbooks written especially for them which illustrate

FFA Father-Son Steak Fry Tonight

The FFA held their regular monthly meeting at the Ag building when plans were announced for the annual Father and Son steak fry, which will be held tonight, May 10, at 7:30 at the Jaycee Park. Cotton John Smith, farm editor for the Amarillo Globe News, will be the guest speaker. New officers for the coming year were elected as follows: Lynn Boomer, president; Jerry Rowland, vice president; Robert Dillard, secretary; Larry Walterscheid, treasurer; David Brumley, reporter; and Don Walser, sentinel. It was announced that George Wilhelm was district winner of Farm Mechanics. About 40 members attended.

Out-Of-Town Consultants For Conference Named

Out of town consultants who will assist with the community conference on education have been named by Fred J. Cunningham, superintendent of schools.

The conference, first such meeting to be held in Hereford, will begin at 4:30 p.m. today in the High School Auditorium, directed by Dr. Emmett Smith of the Education Department of West Texas State College in Canyon, with more than 100 local citizens, teachers, administrators, students and visiting consultants participating.

Following an introductory session in the auditorium, the participants will divide into 10 different groups to discuss five problems relating to local schools and their accomplishments and needs.

Out-of-town consultants who will confer with local groups are Bill Mann, elementary principal from Crosbyton; Joe Gibson, superintendent of Canyon Public Schools; Dr. Ruth Lowes, West Texas State College; Dr. J. L. Russell, dean of the graduate division, WTSC; Dr. A. L. Little, superintendent of Borger Schools; Frank Austin, Amarillo Public Schools; and Mrs. Normand Madore of WTSC. Hereford community and school leaders serving as consultants are Cecil Massey, city manager and Mr. Cunningham.

Moderators for the various sections are: Bill Stanford, Kenneth Coker, V. C. Overall, Dan Trev, Dub Reeves, Fred Baird, Bill Lenderman, Leo Forrest, Wylie Quattlebaum and D. C. Martin. Ten high school students have

Cotton Growers Invited to Talk

Cotton growers in this area are invited to attend a meeting tonight in Friona when a representative of the National Cotton Council will speak, discussing plans for enabling growers to raise and to market more acres and more bales of cotton.

Under the auspices of the Parmer County Farm Bureau and the National Cotton Council, the meeting will be held at 8:30 p.m. in the high school auditorium, according to George Heard, president of the Deaf Smith County Farm Bureau. John T. Gregg will be the speaker.

been asked to participate, with one being assigned to each group. They are Lynn Boomer, Sue Kirby, Bill Woodford, Sammy McLallen, Tommy Weemes, Bill Albracht, Bobby Veigel, Dorothy Daniel, Sylvia Cox and Linda Reese.

Junior High School students participating are Jimmy Conkwrights, Margaret Boomer, Jane Poole, Gary Tannahill, Jackie Mudroch, Sandra Brumley, Doris Willoughby, Sandra Roberson, Ann Smith and Ann Wingert.

Teachers from all the schools will be assigned two to the study group. Cooperating are Robert Thompson, Mrs. Minibel Collier, Mrs. Bob Wilson, Mrs. Jay Fortenberry, Mrs. Dalton Criswell, Pete Ashby, Mrs. Faye Holt, Mrs. Inez Welch, Bill Phillips, Dalton Criswell, Charles Duvall, Mrs. Sophie Snare, L. C. Thomas, Mrs. Jim Wiman, Mrs. W. W. Buck, Mrs. Mary Carter, Della Stagner, Mrs. Ormel Carter, Vida Hicks and Bob Naylor.

Estes to Join Vegetable Broker's Firm in Dallas

Mr. and Mrs. John Estes will be leaving soon for Dallas where Mr. Estes will be associated with Mills Brokerage Firm, a vegetable brokerage company.

Mr. Estes will be associated with Mr. Mills in the potato division of the company which has national coverage and which represents growers from all over the country. He will report for work July 1.

The young couple are both long-time Hereford residents. John was born here, graduated from Here-

ford High School and Texas A&M College. For the past five years he has been a field representative for Howard Gault Company. His parents are Mr. and Mrs. Cliff Estes.

Mrs. Estes is the former Janice Boston, daughter of Mr. and Mrs. Jay Boston. The couple have one son, 18 month old John Jay. Both have been active in civic affairs in Hereford.

The Hallmark of Circulation Value

In the same way that STERLING on silver signifies a standard of known value, so is the A.B.C. emblem a symbol of integrity for the circulation of newspapers and periodicals. It means that circulation so identified is measured according to the rules and standards of the AUDIT BUREAU OF CIRCULATIONS.

The A.B.C. is a cooperative and non-profit association of 3,450 publishers, advertisers and advertising agencies. Organized in 1914, these buyers and sellers of advertising brought order out of advertising chaos by setting up standards for paid circulation and establishing rules and methods for measuring, auditing and reporting circulations.

Therefore, the work of the A.B.C., of which this newspaper is proud to

be a member, provides you with a direct and valuable service. You can buy advertising as you would make any other sound business investment — on the basis of well known standards, known values.

At regular intervals one of the Bureau's large staff of experienced circulation auditors makes a thorough audit of our circulation records. The results of this exacting audit show: How much circulation we have; where our circulation goes; how it was obtained; and many other FACTS that

you need in order to know just what you get for your advertising dollars. This audited information is published by the Bureau in easy-to-read A.B.C. reports which are available to our advertisers on request. Ask for a copy of our latest A.B.C. report.

Beauty At Home

Q. How can I camouflage a type of chin that juts out?
A. By using a darker shade of foundation on it than on the rest of the face.

Q. Can you suggest a good treatment for dried or bleached hair?
A. Before the regular soap shampoo, apply some warm olive oil to the scalp, massage well in, and tie up the hair overnight, or at least for a couple of hours, before washing the hair.

Q. What can I do about my hair, which seems always to acquire a greasy appearance only three or four days after shampooing?
A. There's nothing wrong with shampooing this type of hair every three or four days. However, in between shampoos, you can use a brush covered with cheesecloth on the hair. The oil and grime will come off on the cheesecloth and help to keep the hair soft and attractive.

Q. Which of these colors are more slenderizing: (a) Black or powder blue; (b) gray or red?
A. (a) Black; dark colors are always more slenderizing. (b) Gray; next to dark colors, neutrals are most slimming.

Q. How can I exercise for a firmer bustline?
A. Lie on stomach on floor. Bend elbows so that palms are flat on floor just above shoulders. Push body up with hands, knees straight. Return to stomach; repeat.

Q. How can I help to prevent wrinkles around my eyes?
A. A little mineral oil, massaged around the closed eyes nightly, will help. Control your facial expressions - avoid squinting. Be sure you don't need glasses.

Q. What is a quick and easy treatment for dry hair?
A. Try adding a few drops of olive oil to your regular liquid soap shampoo.

Q. How can acne-pitted skin be camouflaged?
A. Fill in the pits with a cream base that is lighter than skin-tone. The cream base can be pressed in and set by using a puff lightly dusted with talcum powder. For the makeup, use a liquid foundation cream of a skin-matching tone, smoothed on evenly and carefully, so as not to disturb the first cream base. Then the rouge, and the powder.

Q. What can I do about the traces of flakiness that my skin seems to be acquiring?
A. Try mixing a little ordinary kitchen salt with your cleansing cream once or twice a week.

No Injuries As Vehicles Overtake

Two vehicles were overturned this week but the resulting accidents caused only minor injuries to the drivers, both of whom were alone in their vehicles.

About 8:40 a.m. Tuesday W. L. Suttle, driving a water tank truck, ran over a culvert and his truck eased over on its side. He was traveling slowly and was uninjured except for his left hand which was caught under the door and severely bruised. He was taken to Deaf Smith County Hospital for emergency treatment but his physician reported he had no broken bones and he was released immediately.

On Monday morning W. T. Elder turned his car over about twice while he was driving on a country road in the northern part of the county. Another man working near him pulled him out. He was shaken up, but was not taken to the hospital.

Minor damages resulted in a car-pickup collision here Tuesday at approximately 10 a.m. at 100 feet north of Highway 60 on Main Street.

A Chevrolet pickup, driven by Claude Dobbs, and a 1950 Buick, driven by Mrs. Imogene Marion Sporing, collided, police said.

Dobbs backed into Mrs. Sporing's car, who was in the proper lane of traffic. He hit the right front fender of Mrs. Sporing's car with the right rear fender of his pickup.

Approximately \$35 damage was done to Mrs. Sporing's car. Dobbs was charged with negligent collision and no drivers license.

CITIES GO PERSONAL
SPRINGFIELD, Ohio (AP)—Today's cities are not as impersonal, anonymous and cynical as they're supposed to be, says a Wittenberg College sociologist, Dr. Karl H. Hertz. In a Springfield survey, he found the average person knew at least 75 percent of the other people in his block. A kind of "impersonal neighborhood" is emerging in today's city, Hertz says. "It lacks the close personal relationships we associate with rural communities but it's there."

"Impersonal neighborhood" just means exchanging favors and possessions without taking an active interest in the other fellow's personal or social life, he explains.

EXPENSIVE VOTE LOSS
SEATTLE, Wash. (AP)—Mayor Ward Thomas of the little King County town of Algonia concedes that he didn't know when he was well off.

He demanded a recount after losing the election to Durrell Mcabee by two votes. When the recount was completed he trailed by three votes. He also was cut \$10 in costs.

McLellan Nips Smith Twice At State Meet

By BILL KNOX

Mike McLellan, a Stamford junior with the speed of a greyhound, dealt Hereford's Wayne Smith two very close defeats at the Texas Interscholastic League state track meet in Austin Saturday.

As was the case in the past, however, Smith bettered McLellan in the preliminaries but failed to stop the Bulldog with a lightning finish in the finals.

Hereford's 440-yard sprint relay team, which wasn't doped to finish, did all right for itself by finishing a respectable fifth. But the Herd foursome wasn't expected to cope with teams such as El Campo who won the event in a splendid 42.8. The Whitefaces ran under 44 seconds. Refugio finished second, Colorado City third, and Andrews nipped the Whitefaces for fourth.

G. C. Merritt, surprise winner of the 180-yard low hurdles at the Red Raider Relays, failed to qualify in either hurdle event, but his times were better than some of those who did qualify.

The first two men in each heat qualified, and Merritt finished fourth in the high and third in the low. Despite his failure to qualify, his low hurdle time was fourth best. However, Merritt soundly trounced Canyons' Charles Neblett who also failed to qualify in either event.

Smith qualified in the century with a 10.0 and McLellan a 10.1. But McLellan won in the finals with a poor 10.1 despite only a four mile-per-hour wind. He nipped Smith, by about six inches. The 220-yard dash saw McLellan qualify with a 22.15 and Smith a 22.2.

In the furlong Smith had a good lead until the last 10 or 15 yards when he was forced to break stride. McLellan, winning only by about a foot, recorded a fine 21.5, which is higher than Smith's best time of 21.3.

In the Red Raider Relays, held the week before the state meet,

Smith had established a new century record by qualifying with a splendid 9.7. He also set a record of 21.9 in the 220. But McLellan's finish was too much in the finals. Stinnett's highly touted Freddie Thompson was also dealt a defeat in the finals of the Class B 440-yard dash. Thompson had the best time of 49.5 in the preliminaries but lost with a 49.7 in the finals. Billy Walker of Amarillo was third in the Class AA quarter-mile. Stinnett's mile relay team was also defeated.

FEATURES DEFENSIVE SHOW

Teams End Spring Drills With Duel

Hereford Whiteface gridsters ended spring football workouts on Tuesday with an intra-squad game which ended in a 14-14 tie.

The "Maroons," quarterbacked by John Bryant, and the "Whites," under the direction of Bill Callaway, put on a defensive show to climax the workouts which are the first such held in about three years.

The Maroons opened scoring early in the first quarter when John Bryant heaved a 30-yard pass to end Bill Dufur for the score. The half ended with the score 7-0 after the two teams had exchanged the ball several times.

The Whites knotted the count midway in the third quarter when Bill Callaway faded to pass, then threaded his way down the sidelines for a 70-yard touch down jaunt.

A bitter defensive struggle ensued and the score didn't change until the latter stages of the final quarter. The Maroons had threatened previously after a long pass completion from John Bryant to Danny Elliston and another completion by the same combination near the goal line. However, their scoring attempts were thwarted until Bryant again hit Elliston with a 30-yard pass, then took the ball to the 15 where he circled right end for the score.

But Callaway, who scored all the Whites' points, got his team back into the thick of things with a thrilling touchdown weave of 75 yards.

Before the game ended the Whites had two touchdowns called back. One was another long run by Callaway and the other was a sideline sprint by C. D. Fitzgerald. In the waning moments of the contest the Maroons drove close to the White goal line only to lose the pigskin on a fumble.

Head coach and athletic director, L. B. Russell, didn't have much to say about how he thought his next year's team looked. But he went so far as to express satisfaction over "some good young boys." "It's hard to say right now what next year's team will look like."

ular Hawaii Honolulu champion has achieved a reputation for being one of the roughest grapplers in the area. He will wrestle a popular wrestler comparatively new to this region.

Mitsu is a burly Japanese wrestler who a lot of the time forges he is not wrestling by Japanese rules and lets fly with some illegal but lethal blows.

Smith Will Participate In Greenbelt

Hereford speed demon Wayne Smith has received an invitation to play in the Greenbelt Football Game pitting the best football stars in the big state of Texas.

Smith will report for workouts August 12 and the game will be played August 17. The West team, of which he will be a member, will be adeptly coached by Paul "Bear" Bryant of Texas A&M.

the Whiteface mentor said. However, he also added, "We could use a little more weight in the line."

A few of the young bright spots were 160-pound lineman Pete Plank and C. D. Fitzgerald, a back. Fitzgerald had one long touchdown run called back, and Plank put in yeoman service in the line on both offense and defense.

Hereford will be competing with Levelland, Dumas, Phillips and Littlefield in the newly formed District 1-AAA next year. Levelland and Dumas will be tabbed to fight it out for the championship with Phillips' Blackhawks given a powerful darkhorse rating.

KNOX'S KNOTHINGS

By BILL KNOX

Everybody seems to be speculating on Texas Tech's chances of not getting into the Southwest Conference instead of their chances of getting in.

When out of the clear blue sky, Southern Methodist changed their mind and decided to vote for Tech, the deal seemed on ice. But now as time draws near, Tech boosters seem to be uneasy. Their fears are apparently groundless, however.

The basis of the fears is that Baylor will submit Houston this time. Tech backers fear the issue will be clouded by this fact. However, Baylor has offered Houston before. This didn't hurt them any. Last summer when Houston was offered the Red Raiders got their highest vote—five. Houston wasn't even seconded.

The situation as it is, Baylor would like to have both schools in the conference. So there appears to be little chance that bringing up Houston at the same time as Tech will hurt Tech's chances any.

Everything says that Tech will make it this time. Five schools have said yes to the Raiders. Five schools have already scheduled them on a permanent basis in football and another—Arkansas—is holding open Thanksgiving week for a game with Tech when and if the big West Texas college is voted into the conference. Rice officials have said that they will vote against Tech but if they are voted in will put the Raiders on its schedule as soon as possible.

Best indications are that the vote will be 5 to 2 next week when the faculty committee of the conference brings Tech up for membership consideration. Arkansas hasn't said which way it will vote and the general experience with conference schools is that when they won't say, then they are going to vote against something. The vote may come out of the committee room as unanimous, however. There would be no point in Rice and Arkansas opposing Tech when it already has made the grade.

Houston would be a good member of the conference but there is small prospect that it will get enough backing to even bring it up for vote. Houston is a different situation from Tech. It is the same city as a member of the conference—Rice. Tech isn't even close to one.

Another thing that will work against Houston is the round-robin football schedule which Baylor has ascertained will be continued by the conference. Six of the seven members have said publicly they will want to continue this system whereby each member plays every other member. Bringing in Houston would make eight conference games per school and that's too many, cutting out some very lucrative inter-sectional games.

It appears here that one of the soundest bets a man could make is that Texas Tech will become a member of the Southwest Conference May 12.

For a long time we've noticed Hereford's weakness in boxing. A team from here has never gone to the Golden Gloves. It would be a fine thing for the school and this thriving little me-

ropolis just might come up with a few winners. Just offhand we can think of several good prospects. It would be good publicity for the town as well as some good clean sportsmanlike fun for several athletes. Think about it.

Plans Completed For Ceramic Show

Plans have been completed for the sixth annual Ceramic Show which will be conducted Saturday afternoon in the Southwestern Public Service Show room.

Members of the Hereford Ceramic Club will display their oils, china painting, ceramic dolls, figurines and other pieces of handicraft, many of which will be offered for sale, according to Mrs. Phil Radovich, chairman of the show.

The public is invited and there is no admission charge. A gift will be presented to whoever guesses nearest to the number of articles displayed by the 15 club members, all of whom are showing work which they have com-

pleted this year. Club members will act as hostesses during the afternoon. They include Mesdames Don Root, F. W. Kester, O. H. Culpepper, M. H. Denton, Robert Hickman, Lucille Smith, Carl Gilliland, W. H. Awrey Sr., Glenn Boardman, Alice Cox, W. S. Fluit, John Robinson and Carlos Vaughn.

VISIT IN ALBUQUERQUE

Mr. and Mrs. Oliver Rudd of Hereford, and Mrs. Glenn Godfrey and daughters of Dimmitt have been in Albuquerque, N. M., visiting Mrs. V. A. Simpson and children who are to leave soon for Guam where they will join Mr. Simpson, stationed there with the U. S. Army. Mrs. Simpson and Mrs. Godfrey are twin sisters and are the nieces of Mrs. Oliver Rudd. They have visited in Hereford on several occasions.

IT'S A WEATHER BALLOON—This massive smear of white is a grounded weather balloon sent aloft from San Angelo Air Force Base and finally coming to rest on the west side of the Tandy Legg place north of Hereford on Highway 51. Boxes for weather data which were sent up with the balloon are missing, and anyone who finds them is requested to call Jack Messer or bring them to the Brand office. The boxes, one of which resembles a radio are perfectly harmless, according to Messer who contacted San Angelo that the balloon had landed.

DROWNING ACCENTS NEED Water Sports Enthusiasts Warned Of Essential Safety Precautions

Deaf Smith County's boating, water skiing, and fishing enthusiasts were warned this week of the mounting number of water tragedies, particularly involving surface craft, as the advent of summer and the season for water sports approaches.

Optimist Club members Tuesday held their regular dinner meeting at the Western Wheel Inn and heard Dr. Bill Lawrence explain his career, telling why he decided to become a physician and highlights of his medical school days. During the business session members voted to pay the pledge of \$175 to the Children's Wing of the hospital.

Rotary Club members met on Monday with Fred J. Cunningham as guest speaker. Introduced by Kenneth Coker, he spoke on the community education conference held this afternoon.

Lions Club members Wednesday named Walter Hodges Jr., as the winner of the Year, basing their selection on the following qualifications: he must live on the farm, practice soil and water conservation, keep livestock, control Johnson grass and bindweed, maintain his premises, get good yields from his crops and participate in community programs.

The spring revival gets underway soon at the Summerfield Baptist Church, when services begin Sunday morning. The Rev. Marvel Upton, former Hereford resident, will conduct the preaching services according to Don Larkin, pastor, and Melvin Williams will be song leader. Services will be held at 10 a. m. and church at 11 a. m. Sunday, and during the week-day services will be held at 7 a. m. and 8 p. m. each day.

The young people's group of the Assembly of God Church is sponsoring a box supper at 8 p. m. Saturday at the Jaycee Hut. Proceeds from the affair will be used to put tiling on the C. A. Hall floor and the group extends a cordial invitation to all young people between the ages of 15 and 35 to attend.

League Directors Wail 'What to Do With 200 Boys?'

Little League directors are still faced with the problem of handling the huge number of boys, numbering well over 200, as workouts continue this week.

The boys have been working out this week and will continue workouts until the end of next week when the four league managers will pick teams at the player's auction.

Eleven and 12 year olds have been working on the diamond at Central School and 10 year olds and under have been practicing on the field north of Junior High.

About 250 boys, featuring almost all ages up to 12, first turned out for the workouts to make Hereford's first Little League a tentative success. However, league officials have expressed some concern over just what they are going to do with the large number of hopefuls.

Only eight teams will function in the league, four major league teams and four minor league teams. The major league roster limit is 15, while the minor league roster is unlimited.

Work on the new \$250 Little League Baseball Park was pending after the grass had been planted. The park will have a fenced-in outfield with grassed infield and outfield.

Youth Emphasis Week Observed

Youth Emphasis Week was observed by the MYF of the First Methodist Church. The activities began with an all day trip to Palo Duro Canyon, April 29. Worship services were conducted by Rev. S. M. Durman. After lunch, recreation and fellowship was enjoyed by those present.

Monday evening the activities included a covered-dish supper and a game period. Mrs. Dean Bishop, who is resigning as Senior Superintendent, was honor guest of the evening.

Tuesday evening, the youth observed a fasting period which was broken by a meal of rice and tea. Following this meal, Rev. Hugh Blaylock of Friona showed slides and gave a talk about life in China.

Youth Emphasis Week closed on Wednesday with a program presented by Connie Brown, Montie Kay Gragg and Agatha Malone. The new officers elected for the coming year by the Senior MYF of the First Methodist Church are as follows: John David Bryant, president; Montie Kay Gragg, vice president; Clara Beth Holt, MYF secretary; Maribea Bookout, song leader; Joan Brown, pianist; and Patsy Cowart, reporter.

Those in charge of commissions are Agatha Malone, Christian Citizenship; Jane Newsum, Christian Fellowship; David Westenberger, Christian outreach; and Donnie Fellers, Faith and witness. The Senior MYF leader is Cecil Billingslea.

POLIO VICTIM DISCHARGED

GONZALES, April 27 — Wanda Gale Holt, 10-year-old Deaf Smith County girl, was discharged April 27 from the Gonzales Warm Springs Foundation where she has undergone treatment since Nov. 7, 1955.

Wanda Gale, the daughter of Mr. D. R. Holt of Hereford, contracted polio in August of last year.

Victims of all types of crippling accidents as well as diseases, are treated in the comprehensive rehabilitation program at Warm Springs.

1956 Junior-Senior Fete To Be Friday

Commencement activities will be highlighted this week by the annual Junior-Senior banquet, that will be held at 8 p. m. Friday in the Shirley School cafeteria. Featured entertainers will be the Hi-Fi Quartet from West Texas State College, Canyon.

Lynn Boomer, president of the Junior Class, will serve as master of ceremonies and will give the welcome to the seniors and other guests. The response will be given by Bill Albracht, president of the Senior Class. V. C. Overall, high school principal, will give the invocation.

Supt. Fred J. Cunningham will give a short inspirational address, and toasts to the seniors will be given by Bill Woodford and Alvena Ritcha.

Twenty-four girls and four boys from the Sophomore Class will serve at the banquet under the direction of Mrs. Frank Huckert and Mrs. Andrew Kershen, junior mothers. The food is being prepared by the Walter Jetton Catering Service of Fort Worth. Mary Lou McCullough is serving as general chairman.

Building Permits Total \$271,120

Eight building permits issued for the month of April were reported at \$49,455, bringing the total for the year to \$271,120.

There were 11 permits issued in the month before totaling \$66,140, \$17,000 more than the April permits. Also, the April permits of 1955, which totaled \$172,325 with 22 permits, were \$122,870 more than the permits issued this year in April.

The erection of two service stations accounted for more than one-half of the cost of the building permits issued this month.

Permits issued were as follows: Jimmy Bownds, erect residence, \$13,500, 4-2; Jimmy Allred Oil Co., erect addition to service station, \$3500, 4-16; Continental Oil Co., erect warehouse, \$1205, 4-19; R. L. Pool, erect service station, \$15,000, 4-23; Tremarco Corp., erect service station, \$15,000, 4-23; Ismas Gamiz, move and repair residence, \$400, 4-27; W. A. Hodge, erect addition to house, \$750, 4-30; and Lucille Dorsey, move in residence, \$100, 4-30.

Harris Receives Minor Injuries

Garland Harris suffered minor injuries about 8:30 a. m. Monday when a brick wall he was working on toppled over on him.

He was taken immediately to the Deaf Smith County Hospital where he was given emergency care for abrasions suffered. The attending physician said he hit his head and bruised his chest in the accident and was kept 24 hours for observation.

Sunburned Seniors Have Fond Memories Of Trip To Ruidoso

By CAROL INMAN

Members and sponsors of the senior class returned from Ruidoso late Sunday afternoon—wary, sunburned, and dusty for the most part, but happy. The annual senior trip was over, but many pleasant memories have been tucked away for future remembrance by the 95 seniors who took the trip.

The trip cost the senior class approximately \$1000, according to L. L. Chisum, class sponsor. This averaged about \$11 for each student for two nights lodging and five meals. Each individual took his own spending money for the trip.

Now, let's go back into time a few days ago. Laughter and sighs are heard as seniors remember their activities last weekend.

Let's Take Off

It's seven in the morning on May 4, and 95 slightly sleepy and very excited seniors of HHS are at high school. The three school buses are loaded and it's nearly time to leave. They load on buses, carrying portable radios, a few last-minute remembered articles, and cameras. During the morning, spirits are high, and in the cool weather, everyone excitedly talks and plans the 1000 and one things they hope to do in Ruidoso.

It's mid-morning now, and the buses pull in at Portales, N. M., for a 20 minute rest stop. The students leave the buses and stretch their legs, but in a matter of minutes are back on and eager to travel again.

Next stop... Roswell, N. M., for a packed lunch in the city park. Buses stop to refuel, and Cokes are bought. After the lunch is disposed of quickly by the hungry students, there is the prospect of playing on slides, merry-go-rounds and swings. Many students also visit the attractive floating garden in the park.

Come A Running

After an hour and a half, Mr. Chisum's whistle is heard and seniors straggle in from every direction. They know that sound means "come a running or you'll get left." By the time the second whistle is heard the second time, everyone is once again on the buses and the next stop is Ruidoso.

On the last lap of the fun-filled trip to Ruidoso, 95 travel-weary seniors begin to gasp with amazement at the mountain scenery on every side of them. The remaining miles to the destined spot pass quickly, and then... here we are! The buses stop at the Navajo Lodge and the girls secure rooms, while the boys go across the creek a few hundred yards to Vaughnland, where they have cabins.

For Horseback Riding

After a quick shower and change of jeans and shirts, the students meet in front of the lodge, and plans are made for that afternoon's activities. The large majority of them choose to go horseback riding — much to their regret — and others go to the bowling alley to play pool and bowl.

Mrs. W. W. Buck accompanies one group horseback riding, since a sponsor is required for each group. Sixteen of the students stop at one stable, while others go on to another stable.

A guide takes the seniors on a tour through the mountains for an hour and a half, then lets them go on a dirt road so they can gallop their horses if they wish. Amusing comments are heard on the horseback ride. Sara Jo Smith tries to get her horse to move when he crosses the creek, but THAT horse just has to have a drink of water, everytime he comes to a stream.

There's Mrs. Buck. Let's listen to her while she coaxes Little Buck, her horse. "Come on baby, Nice horse. That's a boy! Come on, let's go. Whoa boy. Stop! Hold

on horsey. Whoa! Nice boy." Many groans and many more sighs of relief are heard as they dismount an hour and a half later to go back to the lodge and cabin.

Anyone for Dinner?

It's 6 p. m. and time for dinner. All the seniors go into the ballroom of the Navajo Lodge, and are served buffet style. "I like this, you can go back for seconds, and even thirds, if you want," exclaims Joe Landers, "but I sure wish I'd have brought a pillow after that horseback ride." Many agreeing comments are heard in all directions.

Dinner is over, and the students have their choice of going skating, bowling, dancing, or to a movie. A busload of students go to each place of entertainment with a sponsor.

Mr. Stanford accompanies Gary Slaughter, Carroll Sparks, Raymond Wells, Mildred Kelley, Dorra Ruth Inman, Tommy Tucker, and Nelson Rutter to the movies. Since they're the first people in the movie, they describe their time as "having a party!" During one peaceful interlude, they are sitting quietly, when Bill Stanford suddenly jumps up and points at the coming attractions on the screen. "THAT'S GOING TO BE A GOOD ONE! YEAH, A GOOD ONE. THAT'S THE ONE TO SEE!" yells Bill, while startled students sit and stare at him. After the excitement dies down, all the students enjoy a show reminding them of the Panhandle — dust everywhere!

Midnight Hike

Most of the students are back in their rooms now, but what's that noise we hear? Oh, it's the group of seniors leaving for the three-mile midnight hike, the last event of the day.

Bright and early Saturday morning, telephones begin to ring in all rooms, to wake the students. But breakfast is at 7:30, so most of the seniors wait until 7:14 to drag their sore bones out of the bed.

Load onto the buses and let's go to the reservation grounds. The Lions' Club is cooking breakfast outdoors, chuck-wagon style, for the seniors. Eggs, bacon, coffee, and honey, top off the marvelous tasting squaw — bread which is made by two Indian women from the Mesclero reservation. After breakfast in the open, the seniors are given the morning to shop for curios, go bowling, or horseback riding. They are free to do as they please until 11:30, which is lunch-time.

After lunch, groups leave to go horseback riding and bowling once again. They are required to stay there until later that afternoon, when they return to the motel and cabins to rest for a few minutes before dinner.

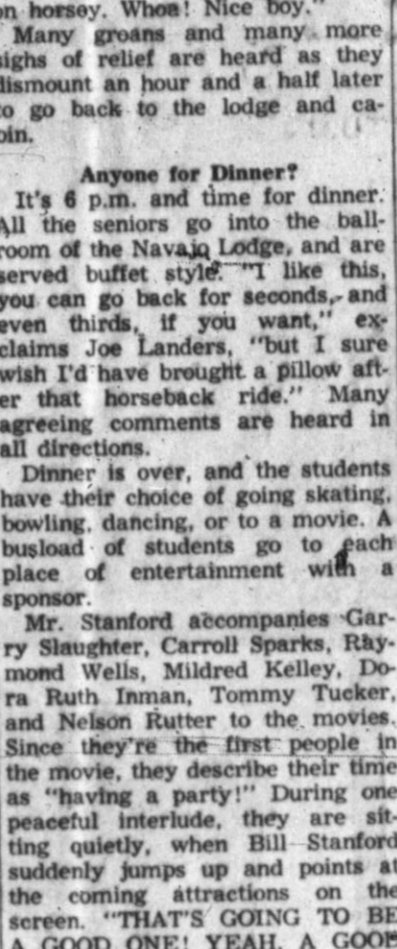

Bowling or Skating

That night a preview of the entertainment offered the night before is given. All the students choose to bowl or skate, and the buses leave. V. C. Overall, high school principal, and Wiley Quattlebaum, Stanton Junior High principal, arrive at Ruidoso to visit with the seniors.

Tonight is the most strenuous one of the whole trip. The seniors go from the skating rink, to the bowling alley, from the alley, to another midnight hike. The average time they return to their rooms is 12:30 that night.

Now it's Sunday morning and blissful peace — breakfast isn't until 8. Everyone struggles sleepily down to their last meal in Ruidoso, and quickly devour a very filling breakfast.

Everyone on the buses once again! The destination is home and the Seniors of 1956 will always remember their trip to Ruidoso. Sponsors making the trip were

ASC Terminates Wind Erosion Chiseling May 15

Applications for cost sharing on chiseling for wind erosion will be terminated after May 15, according to the Agriculture Stabilization Committee which met Thursday afternoon in regular session at the ASC office.

Pointing out that the action was being taken because the committee believed that the worst of the blow season was over, they announced that 150,000 acres had already been chiseled in the program which cost \$107,000 of the year's budget.

Faust Collier, ASC manager, explained "The committee realizes the benefit of the practice and knows that any chiseling done has enormous potential value in conservation of moisture, but since

HOW TO BE A BETTER COOK
... and save money too!

BY *Mary Blake* Home Service Director
Carnation Company

★ Season your cooked vegetables with spice! Cinnamon for squash; allspice for tomatoes; chili powder for tomatoes; nutmeg for succotash.

★ Diced, sliced, or whole—steam your carrots in 1 cup Carnation Evaporated Milk diluted with 1 cup water, 2 tablespoons honey, 4 tablespoons butter. Serve with chopped parsley. Good for green peas, Brussels sprouts, and broccoli, too!

★ Brown dry bread crumbs or crushed dry cereal in a bit of hot fat. Sprinkle over hot asparagus.

★ When you use Carnation Evaporated Milk in mashed potatoes, it means extra nourishment and a delicious flavor! Combine 4 to 6 medium cooked potatoes with ½ cup heated undiluted Carnation. Beat until creamy.

★ Green beans, baked potatoes, asparagus become something special with cheese sauce. For the easiest sauce ever, heat 1 ½ cups (large can) undiluted Carnation Evaporated Milk with ½ teaspoon salt until small bubbles appear around edge of pan. Add 1 cup cubed or grated process-type American cheese, and stir until thickened and smooth.

Outdoor Improvements Are HD Program Topic

This is the season when the homemaker's interest turns from the interior of the house to outside improvements and gardening. Program topics for recent meetings of the home demonstration club include "Outside Lighting and Furniture," and "Fertilizing and Watering the Yard."

FORD
Mrs. Hardy Benson and Mrs. Dwayne Walker gave the program on Homestead Improvement for members of the Ford H. D. Club who met with Mrs. S. T. Wise on May 2.

Mrs. Benson's subject was on "Lighting the Yard." She introduced the program by stating that outdoor lighting is essential to good home living and outdoor entertaining promotes good relationships among family and friends.

Mrs. Walker discussed "Outdoor Furniture." Mrs. LeRoy Williamson gave the council report and told the group that a nominee should be elected from the club for the election for state delegates at the next council meeting.

Members voted not to federate next year and also elected Mrs. A. Bunch to fill out the term as vice president following the resignation of Mrs. R. H. Hale.

Mrs. Bob Simmons was a visitor. Members attending were Mesdames J. E. Dyer, C. D. Corley, Edwin Godwin, W. A. Bunch, Harriet Benson, Dwayne Walker, LeRoy Williamson, L. J. Straffuss, J. L. Hale and the hostess.

WYCHE
Mrs. J. R. Baird was hostess for members of the Wyche H.D. Club who met May 3 for a program on "Homestead Improvement."

Mrs. W. P. Axe, landscape demonstrator, discussed "Fertilizing and Watering the Yard."

The speaker told the group that plants are much like human beings—they need air to breathe, water to drink and food to help them grow and reproduce. Take these away, and the plant will die.

She continued by stating that any nutrients or food elements required for the normal development of plants, if any of these elements are lacking in the soil, the plant will grow poorly or not at all.

Mrs. Axe listed the major elements plants get from the soil as nitrogen, phosphorus and potassium. Secondary elements are calcium, magnesium and sulphur.

"A good rule when fertilizing," she said "is to have a soil analysis and then add what is lacking." Barnyard manure in quantities of 200 to 300 pounds to the acre is a commercial fertilizer with a ratio of 5-10-5 or 6-12-6 is best for lawns, according to Mrs. Axe.

She concluded the program with instructions for watering the lawn and told the women the grounds should be wet to a depth of 12 inches for grass and 18 inches for

rose bushes. Shrubs and trees too should be soaked about twice a month.

"Early morning," she said "is the best time for watering."

Mrs. C. C. Ellis gave the council report and told of a special meeting held in the home of Mrs. G. W. Newsom May 2 for making hats.

Present were Mesdames Jewel Miller, a guest, George L. Olson, E. R. Robinson, Charles Packard, O. B. Sumner, Ira Ott, H. L. Ward, W. P. Axe, John D. Zahn, C. C. Ellis and the hostess.

PROGRESSIVE
"Fertilizing and Watering the Yard" was the program given by Mrs. T. J. Parsons for members of the Progressive H. D. Club who met with Mrs. Harold Beauchamp May 1.

"When watering the yard, a rule to keep in mind," Mrs. Parsons pointed out, "is that an inch of water will wet the soil to a depth of four inches."

She compared the value of commercial and barnyard fertilizer and emphasized the importance of a soil analysis to determine the amount and kind of fertilizer needed.

Refreshments were served to Mesdames Taft McGee, T. J. Parsons, C. C. Billingslea, Fred Saltzman, Frank Walterscheid, C. V. Burges, Pete Carmichael, H. L. Hershey, Lester English and the hostess.

WEST HEREFORD
"Carpeting is beautiful and decorative and gives an old house a smart and new look," Argen Draper, CHDA, told members of the West Hereford H. D. Club at the April 24 meeting in the home of Mrs. Leon Denton.

Mrs. Draper also told the women that wool carpeting is still a favorite with homemakers but nylon and other miracle blends have good wearing qualities and resistance to moths.

She pointed out that carpeting not only gives you more beauty but adds comfort to your home and act as a buffer for noises of appliances and pets in the house.

Council report was given by Mrs. Carlos Vaughn and she was elected by the group to take the special instructions on making lamp shades to be given soon.

Mrs. Wilma Bryan and Mrs. Dorothea Prowell were visitors. Members present were Mesdames W. H. Awtrey, Roy Boyd, Edna Bove, R. L. Calhoun, Alice Cox, A. E. Douglas, John Hastings, John Jacobsen Sr., Mary King, P. H. Luck, Ida Mae Vaughn, Carlos Vaughn, Gracie Witherspoon, Vern Witherspoon, Mary Williams, Tom Draper, Duncan, Evelyn Bell and the hostess.

NORTH HEREFORD
A luncheon meeting was held in the home of Mrs. A. E. Hodges May 3 by members of the North Hereford H. D. Club.

Following the meal, two make-up programs were given. Mrs. E. E. Bishop listed causes and care

"SOME FLEECE!" exclaims Jessie Ramon as he attempts to lift it into the wool sack in the rack behind him. The fleece is from a Columbia ram owned by Harry Schulz (raised on a bottle by the author and sold to Schulz as a yearling). (Staff Photo)

MICKEY SIMPSON surveys the situation as Clinton and Don Jackson bring one of the ewes from the trailer to the shearing machine set up at the home of Roberta Campbell. Mickey came along with his mother, Mrs. Bill Simpson, of the Jumbo community, to bring a half dozen head to be defleeced while his father was busy with irrigation at home. (Staff Photo)

CLINTON JACKSON (with his back to the camera), and his son, Don, hold the gunny sack which Harry Schulz is cramming the big fleece into. Don, brand new in sheep business, brought a half dozen ewes for shearing. (Staff Photo)

Neighbors Like Convenience Of A 'Sheep Shearing Bee'

By ROBERTA CAMPBELL
Ever hear of a "Sheep Shearing Bee"?

It's not as much fun as a corn husking bee (no kisses for whoever finds a red ear in this game) and it requires a different kind of agility than a spelling bee (but it's probably just as difficult), and furthermore, it's going on in Deaf Smith County right now.

Back in the pioneer days, people soon learned that the best way to get the job done quickly and effectively was to work together regardless of whether they had to raise a barn, quilt a quilt, dip the candles or shear the sheep.

Then modernization came to the farm and machines took over a great deal of the hand work that neighbors used to accomplish. Yet, there's one field where it's still proving most beneficial and that involves the stockman who is just now venturing into sheep raising.

He's probably starting out with only a few animals. He may have

been talked into it by some sheep fancier who pointed out that sheep relish weeds, and it takes very little feed to make them a paying proposition, and sheep mature earlier than cattle do, and the owner can cash in on them twice a year with a wool and a lamb crop in addition to his income from sale of the animals.

But the man just introduced to the business (with a dozen animals or less) may have forgotten to find out what to do about shearing a handful of sheep.

Because sheep shearers, being an independent crew, refuse to stop for a mere handful of animals.

Ordinarily sheep shearing is done by Latin Americans, who travel from flock to flock, and once the sheep man is familiar with the work involved in unloading the machine and setting it up for shearing he is sympathetic with the crew who refused to stop

and unload for fewer than 20 or 30 animals.

For that reason new owners are willing to load their animals into a trailer and go where the operation is in full swing with a larger flock somewhere in the locality.

If the owner is in a hurry the shearers will take the wool from his little flock and tramp it into a wool sack after each fleece has been properly tied so he may get along home.

The owner of the machine is the only one that will be inconvenienced by the interruption because the men who do the work keep tab with tokens and are paid accordingly at the end of the job regardless of how many people may have brought sheep to the shearing.

The boss collects from each owner, the customary rate per head for shearing (currently 50 cents), and any extra due for paper ties and the wool sacks which hold around 300 pounds when tromped tight.

If the owner only has a fleece or two he may bring along gunny sacks to hold the wool until it can be sold or sent to a mill for making into blankets.

As always, when people get together, there is a great deal of visiting among the owners of the pickups and trailers holding sheep waiting their turn at the clippers.

And when stockmen meet for long there is also bound to be some trading done.

For example the author had finally accumulated enough sheep to induce the shearers to stop at her place and, Harry Schulz was among the neighbors bringing in others for shearing.

His trailer was loaded with a couple when he came but he pulled out empty and out of the sheep business.

H D Chatter

By Argen Draper

I give up. The clothing meeting that the Home Demonstration Women of Randall County sponsored was announced for May 5. Ten club women from Deaf Smith County went to Canyon to the Branding Iron Theater as scheduled and no meeting. They waited and tried to get in touch with some of the Council officers or the agent, but no response.

Later it was discovered that the meeting was to be May 15. So I take full responsibility for it. To try to make up for it and if the women aren't too disgusted I'll either take them with me on the 15th or give the program to them when I come back. Those who went were Mesdames N. A. Brown, R. J. Coleman and S. N. Thweatt from the Messenger Club;

of heart disease and stressed the importance of watching weight and avoiding needless worry and fatigue in house work.

Mrs. O. L. Williams discussed "Snakes and Snake Bites" and told the group that farm and ranch grounds can be protected by fencing with a quarter-inch mesh wire buried in the ground to a depth of six inches.

Since many victims of snake bites are children bitten in yards at home such a precaution is wise and may save the life of a member of the family.

Mrs. Paul Hoff gave the council report. Following her report action was taken on several items and Mrs. E. E. Bishop was elected as the club's nominee for the National and State THDA delegate. The three delegates will be selected from club nominees at the next regular meeting of Council.

Those attending were Mesdames R. E. Barrett, R. A. Fullwood, Otto Olson, E. E. Bishop, O. L. Williams, O. C. Williams, Tony Hoffman, Ludwig Kovacs, Fred Barrett, A. A. Hare, George Parker, Paul Hoff, Roberta Campbell and the hostess.

Mesdames J. Richardson and Earl DeHart from Cultural; Mrs. Jim McCabe from Dawn and Mrs. Dorothea Prowell.

Since I've been working in the office I've just forgotten our club meeting; that was West Hereford. I worked at the office during the club meeting and it never occurred to me that I had forgotten the club until Alice Cox called me the next morning.

A nice note from Bill Albracht, President of the Senior Class. Bill, the time I spend at the schools of Hereford is far more inspiration to me than the students can realize.

A graduation announcement from Edward Epting. Edward is graduating from Patton Springs High School. You remember the Eptings used to live in the Ford Community in the rock house. They were in the community when the Jolly Girls 4-H Club was organized.

Doris Mahaffey Starkey came by on Monday. She had her two cute and well-behaved children with her. Jill is 7 months old and Brett two and a half years.

Sure did hate to see Earlyne and Raymond Childers leave Monday. They will be missed in the community. We wish them the best of luck in their new home. Their address is Box 652 in Coleman but don't remember the name of the Motel they bought but when we go that way we should visit them.

When the door-bell rings now we will know it is a person. Wednesday Morning, the cat, passed on to his reward this week. No, I can't forget him as every time I look at the furniture he tore up or the linings of the draperies he riddled. I'll think of him and too he wasn't intending to tear things to pieces. There's Brother Black that resides here but he isn't such a character and doesn't have the Drapers trained quite as well as Wednesday.

I swear off. No more pets for me.

Chinese Motif Features Garden Beautiful Luncheon

One of the prettiest parties of the year for the Garden Beautiful Club was held Friday in the home of Mrs. Joe Reinauer.

To mark the closing of the club season, a Chinese luncheon was the order of the day with appointments and decorations emphasizing the Chinese influence. The social committee, who served as hostesses, wore Chinese costumes and floral arrangements throughout the house bore the Chinese influence. Fine oriental china and oriental food completed the setting.

New officers of the club were installed by the retiring president, Mrs. Robert Veigel, Mrs. Ansel

McDowell was named president and those who will assist her include Mesdames D. C. Kinsey, N. D. Bartlett Jr., and Ray Cowser, first second and third vice presidents respectively; Mrs. Townsend Douglas, recording secretary; Mrs. Lloyd Pool, corresponding secretary; Mrs. Lisle Woodford, treasurer; Mrs. Virgil Hennen, parliamentarian; Mrs. Roy Smith, federation council delegate, and Mrs. Charles Hood, reporter.

Members voted to contribute \$300 to the Deaf Smith County Hospital building fund and plans were made to hold a morning coffee once each month during the

summer months.

Mrs. George Graham of Canyon, a former member of the club, was a special guest and members attending were Mesdames Lloyd Pool, N. D. Bartlett Jr., Tom Carter, Ray Cowser, Townsend Douglas, J. B. Harlin, E. W. Harrison, Charles Hood, Virgil Hennen, D. C. Kinsey, F. P. Lyons, Dick Miller, G. P. Owen, B. E. Roberson, Roy Smith, W. J. Stanford, Robert Veigel, Gerald Wilson, Lisle Woodford, G. W. Edwards, E. W. Hobson and Lowell Sharp.

Members of the social committee who arranged the affair included Mesdames F. P. Lyons, B. E. Roberson, Joe Reinauer, Lloyd Pool, G. W. Edwards, W. J. Stanford, and Robert Veigel.

Bud To Blossom Club Program Is Tour Of Gardens

Bud To Blossom Club held its annual Garden Pilgrimage Friday afternoon following a business session of the club held in the home of Mrs. Delmo Williams. Plans were made for the closing luncheon and installation scheduled for May 18. A plant exchange was featured with each member bringing a plant to the meeting for exchange.

Pilgrimage
The group went in a body to view gardens at four Hereford homes beginning at the D. H. Alexander's home where the landscaping design was studied. At the Wallace Cox home they viewed the

beautiful garden display of blooming tulips, iris and spirea. The rock garden and cacti beds were objects of interest at the home of Mrs. Jeff Roberson and the patio and back yard were viewed at the Norman Moore home, where the members commented on wrought iron furniture on the grass-carpeted lawn which presented a pretty picture against background edging of flowering shrubs and bulbs.

Members attending the meeting and making the pilgrimage were Mesdames W. B. Goatz, R. A. Daniel Jr., Preston Hagans, C. R. Higgins, Sam Long, Don Martin, J. F. Martin, W. H. Patton, Pat Robinson, Lloyd Sharp, Delmo Williams, W. Glenn Williams and R. N. Yarbro.

STATISTICS SHOW THAT

Drivers, Age 26; Should Stay Off Rural Roads on October Saturdays

There were four people killed in 73 rural traffic accidents in Deaf Smith County during 1955, according to statistics released this week by the Texas Department of Public Safety.

Worst day of the week is Saturday when 349 of the 1592 accidents occurred.

Worst month is October, which accounts for almost 10 percent of all wrecks, followed closely by December.

2547 People Killed Although there were 2547 persons who died in traffic mishaps in Texas last year, the highest number of fatalities, in rural and urban accidents ever recorded, Texas death rate per mile was less than it has been, according to the TDPS.

Texans drove 39 1/2 billion vehicle miles last year, and racked up a death rate of 6.4 which means that 6.4 persons were killed for each 100 million motor vehicle miles traveled.

Intersections Most Dangerous According to statistics, the intersection of highways and local streets is the worst spot for rural traffic accidents, and collisions at such corners account for nearly 10 percent of all rural accidents.

Interestingly enough, almost one-third of all fatal accidents last year involved cars that were one year old or less. They accounted for 32 percent of all wrecks, with cars two years old jumping down to 12 percent of the total, and from then on, there was a steadily decreasing percentage except that cars 10 years old or older accounted for six percent of all accidents.

Early Twenties, Most Accidents Statistics showed also that the most dangerous age to be a driver was 23, because more 23 year olds were involved in accidents than drivers of any other age.

But more 26 year olds were involved in fatal accidents, accounting for 79 deaths in rural accidents alone. In fact, the age group from 18 through 26 accounted for 27 percent of all accidents and for more than 28 percent of all fatal accidents.

The worst time of day to travel rural roads is between 7 and 8 p.m., for eight percent of all fatal accidents occur during that period of the day. In fact, 34 percent of all accidents occur between 5 and 10

SOCIAL STUDIES—Among the students from Mrs. Carroll Whiteside's classroom who recently made a tour of Hereford business firms were (reading clockwise, beginning at the rear) Gary Don Roberson, Jerry Mudroch, Anthony Mays, Judy Crume, Nancy Martin, Camelia Anderson and Sandra Martin.

ON THE TOWN
Third Grade Students Visit Local Firms

"On the Town," was the third grade shibboleth for students of Mrs. Carroll Whiteside who toured Hereford businesses Wednesday afternoon.

The pupils participating in this event got a first hand look at how bread is made, what makes retail grocery stores function, how telephone service is maintained, all in conjunction with a series of social studies which have been conducted in the classroom.

Students learned about Hereford, its resources and its progress, and the trip was planned to give the children an opportunity to understand some of the economic and civic aspects of their community.

Children visited the Hereford Bakery, Piggly Wiggly, Southwestern Bell Telephone, The Hereford Ice Plant, The Deaf Smith County Library and the Hereford Creamery.

Hereford Man's Cousin Is Subject Of New Book

By Garth Jones
Associated Press Staff Writer

The old family doctor is almost a vanishing American, but among Texas' medical men, there are many, 70, 80 and even 90 years old who started their practice in the horse and buggy days and sat at many a kitchen table mixing their own prescription powders and adding a pinch of horse sense along with the medicine.

The experiences of just such a man have been recorded in a new book, "The Last Stitch," a biography of Dr. William L. Crosthwait, who is a first cousin to B.Y. "Ike" Crosthwait of Hereford.

The two men, sons of brothers, have visited often through the years, and Dr. Crosthwait has frequently been the attending physician for his cousin. Ike says he last saw him in October in Waco, and points out that he is truly a remarkable man, as evidenced by his years of service as a Texas country doctor. Understandably Ike speaks with some pride!

Still Practicing
At 83, Dr. Crosthwait is still a practicing physician and surgeon in Waco — not quite ready to take that "last stitch."

"It is said 'Youth must be served.' Why? Isn't there enough to go around?"

That's Doc Crosthwait's attitude toward six decades of doctoring that took him from kitchen-table surgery in remote Central Texas communities to high-powered international medical conferences.

"When I hear people talk about the 'good old days' I wonder just what they mean. I'll take today," says Doc, who at 68 tried to volunteer for combat service in World War II. "In my own case, I consider my most fruitful years from age 68 to 78."

His Collaborator
Helping Dr. Crosthwait tell this story of a remarkable medical career is a skilled handler of words himself—Ernest G. Fischer, Associated Press Staff writer in New Orleans and former European correspondent.

"The Last Stitch" is the result of a life-long collaboration — literally. Dr. Crosthwait was the obstetrician when Fischer arrived "a-screaming and a-kickin'."

"I was born on the second day of May, 1873, at 6 o'clock in the morning. Then and there I acquired the habit of waking up at precisely that hour," said Dr. Crosthwait.

Published on Birthday
And to please Dr. Crosthwait, the publishers of his book, J. B. Lippincott Co., officially released the volume for sale on his birthday, May 2—at 6 a.m.

Of his entire career, Dr. Crosthwait says he remembers most vividly a tumor operation he performed at a Texas ranch house soon after beginning practice at Holland, Tex., in 1898. Outside most of the community gathered under a big cottonwood tree.

"One of the toughies, I noticed, had a lariat and was twirling it around rather playfully. I heard him say 'if anything happens to Aunt Bess, Doc done took his last stitch!'"

It turned out that the operation was a success and as payment for the surgery Dr. Crosthwait took a buggy horse and the lariat the cowboy had been twirling.

When Hurricane Hit
Periodically Dr. Crosthwait would leave his practice in Hol-

land to get more medical education. In September, 1900, he was in Chicago for a summer course. He heard there had been a hurricane in the Gulf of Mexico and went to the Chicago American to inquire.

"The first person I came in contact with happened to be an aide—a secretary or something—to William Randolph Hearst. While we were talking, Mr. Hearst himself came along. He inquired whether I could get doctors and nurses as a relief crew. I told him I would try."

And Dr. Crosthwait was placed in charge of a relief train to Galveston. Vividly the physician describes the wreckage, the looting, the burial crews, and most of all the lack of organization. Later he compares the Galveston hurricane in 1900 with the Waco tonado in 1953.

Progress Saves Lives
"In the Galveston hurricane I am sure that many persons trapped under debris died many hours later without hope of rescue. Rescue was rare, and relief was slow in reaching the island and the facilities for taking care of the injured were limited. In Waco the hospitals very easily absorbed all those who needed hospital care. Modern drugs and technique saved many lives."

Throughout the book Dr. Crosthwait recounts a full life. His son, Robert Wilson Crosthwait, completed medical school and joined him in medical practice in Waco. A grandson, Robert Crosthwait, is now a freshman medical student at Baylor University.

The Thunderbird's own record-setting 312 cubic inch engine can now be yours in most Ford models.

Ford goes First...with the 225-h.p. V-8

Now you can have a 225-h.p. engine with **Fordomatic Drive** for less than the top engine in any other low-priced car with ordinary standard transmission!

Until you slip behind the wheel and sample the sizzle of a 225-h.p. Ford V-8 for yourself, the best thrills in motoring are still ahead of you. For this mighty engine delivers performance that will set your spine atingle... performance that will recapture again the fun of driving... performance that keeps Ford the world's largest-selling V-8!

Truly Ford goes first with this 312 cubic inch engine—largest ever offered in a low-priced car. Yet, even teamed with Fordomatic, it costs less than top engines in other low-priced cars with just standard transmission!

Ford goes first with Lifeguard Design, too. For example, there's the deep-center structure of the steering wheel that helps to protect your chest in case of accident... double-grip door latches to reduce chance of doors opening under impact.

As for looks, every '56 Ford took its styling inspiration from the Thunderbird. They're the most glamorous cars in Ford's field.

In economy, too, Ford goes first. In the 1956 Mobilgas Economy Run, a Ford V-8 beat everything in its class—including Sixes as well as Eights. Come in now for a thrilling Test Drive. When you return you'll understand why Ford is the V-8 with the biggest following.

In Performance... Safety... Economy

THE STATE OF TEXAS TO ANY SHERIFF OR ANY CONSTABLE WITHIN THE STATE OF TEXAS—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Deaf Smith County, Texas, the accompanying citation, of which the hereinbelow following is a true copy.

CITATION BY PUBLICATION THE STATE OF TEXAS.

TO: The unknown stockholders of the Hereford National Bank, a corporation, and the unknown heirs and legal representatives of such unknown stockholders, if deceased, and to all persons claiming any title or interest in land under heretofore given to John E. Ferguson, President of the Hereford National Bank, and his successors, in trust for the stockholders in said bank, of Deaf Smith County, Texas, as grantee, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court, 69th Judicial District, of Deaf Smith County, Texas, at the Courthouse thereof, in the city of Hereford, by filing a written answer at or before 10:00 a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of May, 1956, to Plaintiff's petition filed in said court, on the 13th day of April, 1956, in this cause, numbered 3873 on the docket of said Court and styled WAYNE WALLACE, Plaintiff, vs. THE UNKNOWN STOCKHOLDERS OF THE HEREFORD NATIONAL BANK, A CORPORATION, and the unknown heirs and legal representatives of such unknown stockholders, if deceased, and all persons claiming any title or interest in land under deed heretofore given to John E. Ferguson, President of the Hereford National Bank, and his successors, in trust for the stockholders in said bank, of Deaf Smith County, Texas, as grantee.

A brief statement of the nature of this suit is as follows, to-wit: A trespass to try title suit in which plaintiff, for cause of action, alleges that on or about the 1st day of April, 1956, he was lawfully seized and possessed of the following described land and premises situated in Deaf Smith County, Texas, holding and claiming the same in fee simple, to-wit, the West 80 feet of Lot No. 2 in Block No. 18 of the Original Town of Hereford, Deaf Smith County, Texas, being the same land described in a deed from the Western Union Land Company to John E. Ferguson, President of the Hereford National Bank and his successors, in trust for the stockholders in said bank, dated Dec. 20, 1900, and recorded in Volume 6 at Page 342 employed on this project.

of the Deed Records of Deaf Smith County, Texas, and also being the same property Union Land Company to F. L. Vanderburgh, dated March 17, 1902, and recorded in Volume 8 at Page 151 of the Deed Records of said Deaf Smith County, Texas. That Defendants unlawfully entered upon said premises and ejected Plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage in the sum of \$1000.00. Plaintiff prays for judgment for title and possession of said land, claiming title by virtue of the Statutes of Limitation of five, ten, and twenty-five years, and other and further relief to which he is entitled, as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served with in 90 days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law and the mandates thereof and hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Hereford, Texas, this 13th day of April, 1956.

Credit Unions, Crew Cuts Are News for Teens

Any day now you might be having lunch a few hundred miles away from home, what with new planes like the F-104A to carry your parachute. It's a good idea to keep up to date on what's happening around. Here are some cues.

MUSKEGON, Mich. . . If teen-agers at Catholic Central High School here get short of ready cash, they can dip into credit union funds. The organization, that members believe is the first of its kind in the nation, has a charter from the state to operate as the Holy Family Assn. Credit Union. It will emphasize savings but loans are available also. If you borrow \$5 it costs you only 5 cents to finance it for a month.

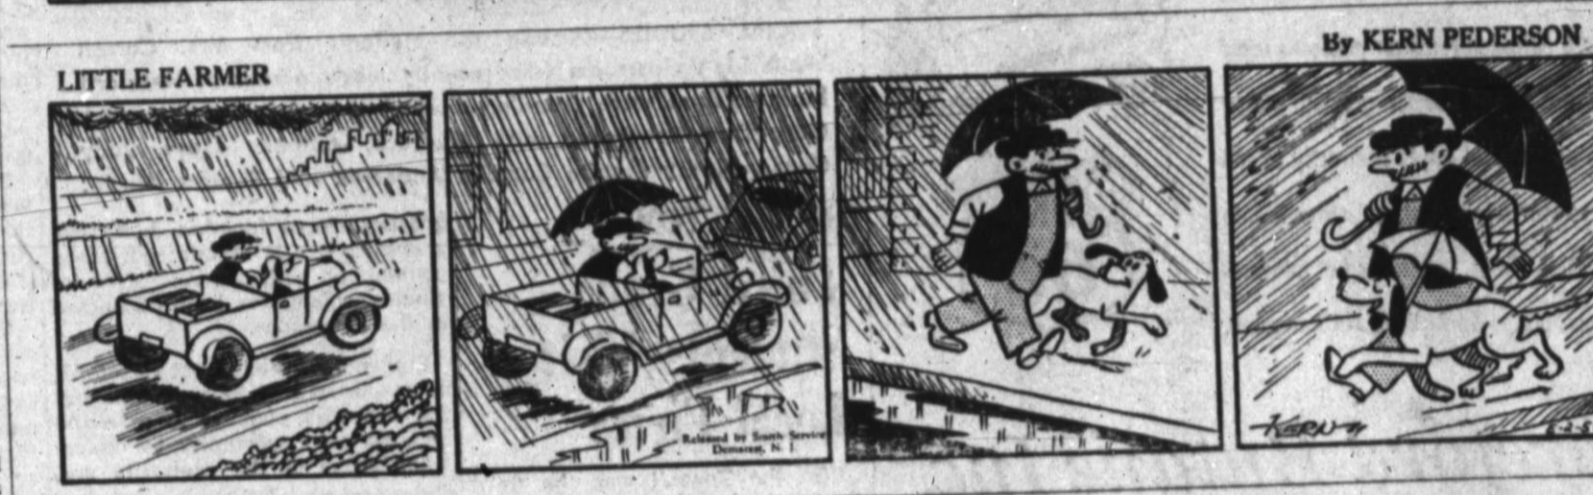

KNOXVILLE, Tenn. . . It now costs another two bits to be a square. Most barbershops here have raised the price of flat-top haircuts to \$1.25. The flat-tops are supposed to give a square-head look; the current rage among the youngsters. Other style cuts are still \$1.

WORCESTER, Mass. . . Diane Plante 17, of Sterling and Roger Salmonsens 17, of Worcester date by carrier pigeon. This system was devised because Diane doesn't have a telephone but she does have some homing pigeons. The birds carry dating messages between the couple several times a week. Roger's father, assistant postmaster in a nearby town, hopes the fad doesn't catch on.

OKLAHOMA CITY. . . Central High School's O Club usually picks the prettiest girl for its queen. This year it pulled a switch. Doris Taylor, an English teacher who has been an instructor for 26 years as a "sweetheart to end all sweethearts" is going to be queen. Just Why? Because she hasn't missed a major athletic contest in the years she's been at Central.

YELLOW GRASS, Sask. . . 27 high school students received certificates as baby sitters after completing a course here. Boys as well as girls took instruction from a public health nurse.

POUNDRIDGE, N. Y. . . Judy Lewis returned from a Florida vacation with an endless variety of jargon, including the newest "See you later, alligator." To which one answers — "After a while, crocodile." The boys, all inspired by space ships, are likely to say "Blast-off" instead of "drop dead" these days, she says.

When It's Rodeo Time, Sally's There

Petite Sally Skelton, who looks like an extremely feminine little blonde probably addicted to Dresden china and collecting antiques, instead, 110 pounds of courage who does some death-defying tricks each time she performs.

For Sally is a rodeo trick rider, and furthermore, she's the only girl this side of Fort Worth who specializes in such hair-curling exhibitions as the "Flying Fender," the "Hippodrome Stand" and the "Death Drag."

THE DEATH DRAG . . . Sally Skelton and Skoki

Performed at McLean
Last weekend she was star performer at the McLean Rodeo on Friday and Saturday. Astride her well trained horse, Skoki, she led the parade down Main Street to the Main Square where she did an exhibition of trick roping.

During the rodeo (sponsored by the VFW in McLean) she entertained spectators with her lone trick riding specialties and her roping tricks.

Sally has ridden for years. Since she was old enough to get on horse, she has been at home in the saddle. As she grew up she used to perform with the girls Bar Race, etc., in rodeos and later in Hollywood as a stunt rider.

Started Two Years Ago
Married to Charles Skelton in 1950, the couple lived in Arizona and along the Mexican Border before returning to Hereford in 1954. About two years ago Sally revived her interest in trick riding, got a horse and began the daily practice and that is an essential part of a polished performance.

Last summer she decided to add

trick roping to her specialties. Now rope tricks, with such fancy names as "Merry Go Round," "Wedding Ring," "Hand Shaking," "Tapping in and Out" and twirling a 40 foot rope are a part of her repertoire.

Top-O-Texas Too
She already has signed contracts to appear in Dalhart, Aug. 3, and 4, and in Pampa Aug. 8, 9, 10 and 11, this season. Last year she appeared in Littlefield, Dimmitt, Earth, Morton and Shamrock, mostly in rodeos sponsored by local fiders club. She usually contracts through one rodeo producer.

Her costumes, basically Western in design, are elaborate creations in bright colors. One for example is Shamrock green trimmed in silver; another is sunset orange with gold sequins, a third is in dusty rose. Many of them she designs and makes herself.

The Roberts cat made the mistake of picking the hen's nest to bear her litter of five kittens and then the hen took over. She hovered over the kittens like a mother hen and chased the mother cat when she came close.

Sally's fortunate. Beautifully trained Skoki performed last year in Madison Square Garden and has also performed throughout the Middle West and in Canada.

To say that Sally's performance is death-defying is no exaggeration. The Death Drag is a particularly perilous stunt and is done with Skoki going full speed.

But when she's not riding, or roping or doing hair-raising tricks, she's doing the thousand and one chores homemakers get involved in, or taking care of Melody or perhaps is busy with some other hobby—because she also likes to knit—and to collect antiques.

COMPETITIVE MOTHERHOOD
WETUMKA, Okla. — Nelson Roberts has a young hen with a strong motherhood instinct although she never had any chicks of her own.

The Roberts cat made the mistake of picking the hen's nest to bear her litter of five kittens and then the hen took over. She hovered over the kittens like a mother hen and chased the mother cat when she came close.

CHILDREN WARNED
DENVER — The Safety Education Unit of the Denver Police Department has distributed more than 70,000 illustrated pamphlets to elementary school children warning them and their parents of the techniques of sex molesters.

Photographs are used to caution the children against accepting any rides from strangers, taking candy, money or treats from strangers, going with strangers who ask directions or allowing strangers to talk with them.

Oh bliss! If this is a crazy mixed up conglomeration, please just bear with me. You are only a senior once and never more so than when it's senior trip time. Remember?

I could write a complete column about what goes on in English IV, but I won't, I'll just brief you a little. Merle was trying to cool Ronnie off a little last Thursday, and you know how! "Main Street Special."

I mean things got hectic last Thursday! Don Z. how do you know?? Besides you shouldn't talk that way to Dora Ruth. It sounded like Sarah Jo swallowed a couple of doughnut holes for a minute there, didn't it? And that's how it goes on the day before the S.T.

I heard it straight from the horses' mouth that Bozer invited everyone down to the park today for a tremendous, super - duper, bar nothing water fight. Well, what's the matter with Main Street?? Bill A. and all the rest of you, I'll bet you didn't know that Swede is my pal, so there. And the next time you tell him that we have water balloons. . . pow-right in the kisser. . . again! The same goes for you water happy guys with the fire extinguishers and just plain old buckets!

Sylvia and Joan have really been making plans this last week for the gonest sun tan you ever heard of. Wow! They're going well prepared.

What do you think about guys who read other people's love letters? I know what Norma thinks. . . so does Bob, I betcha. By the way, speaking of Norma, if you saw a suit-case with legs running around Friday early-bright, I hope you weren't too alarmed. It was only Norma, who faced the sad misfortune of being a junior, trying to board Coach Kitchen's bus. That's O.K. Norma, we think he's cute too.

Do you know what Martin Ried says to Clydene when he meets her at 3:30? No, I didn't think you did. Well, he says, "Who are you? I don't remember seeing you be-

The Texas-New Mexico boundary surveying party, led by Hon. F. M. Cockrell, United States commissioner, and Sam R. Scott, commissioner for Texas, reached this place, this afternoon and pitched camp one mile west of here. The line that is being run between Farwell and Texico fully proves out the line as heretofore established, under the recent claims as the Clark survey indicated. It is believed that the original state line will be maintained as the result of the present expedition.

The firm of Sumrall and Bennett, tanners and plumbers, composed of Hall Sumrall and Chas. Bennett, has had a change. Mr. Sumrall selling his interest to W. W. Bennett, father of Chas. Bennett. The father and son will enlarge and continue the business under the firm name of Bennett Plumbing Co. They will still occupy the same place and solicit a share of the tanning and plumbing business.

Did I tell you last week that Leroy is engaged? Well he is, and she's a living doll—a Dimmitt gal. Last Sunday afternoon we were across the street from his house trying to escape a half crazed water gun maniac and they were outside taking snap-shots. Uh. . . yeah. . . and that's not all. When we saw "that," like any other red-blooded American girl we couldn't resist letting out with a few yelps. We really embarrassed her, but we didn't mean to, and you know Leroy! Nothing embarrasses him. I can't get over it. They really should be in motion pictures.

Well, that's it! Now I have to run and do some more packing. Ruidoso — look out!

has appointed a public health nurse to work for a period of eight months in four West Texas counties, one of which is Farmer County. This program is sponsored by the government in connection with the drought relief work and the eligible counties were by May 1 to receive nurses, sanitary inspectors and medical supplies to help serve the people of the stricken districts under the control of the state health department.

The drought relief loan office of the chamber of commerce closed last Wednesday as all applications for food, feed, seed and general rehabilitation of the farms had to be in the Fort Worth office not later than April 30. Up to Saturday \$15,000 had been received by the earlier applicants, which represented about half of those resorting to government relief, made available by act of the national law-making body. R. O. Dunkle estimates that the county will receive a total of \$30,000 when all checks have been received here.

The United States has had 7000 place names transferred from Ireland, says the National Geographic Society.

Rains Salvage Wheat Crop In Eastern Half Panhandle

Much needed moisture poured down over the eastern half of the Panhandle this week and it might help to recoup a deteriorating wheat crop, but just how much effect it will have has not been ascertained as yet.

However, according to the Wheat

Harvest Control Office of the Texas Employment Commission, the general condition of the Texas wheat crop continued to deteriorate during the last two weeks as a result of continued drought and the high winds. It is already too late for moisture to be of benefit over much of the Panhandle area.

Hereford Fares Better

In the Hereford, Farwell, Dimmitt, Muleshoe and Littlefield area further abandonment of dry land acreage has occurred during the last two weeks, and it is now estimated that from 80 to 90 percent of this dry land acreage is making steady growth, but insects are causing severe damage to some areas.

But even so Deaf Smith County fared far better than most of its neighbors in the Panhandle.

In the Dalhart, Dumas, Stratford and Channing regions, all dry land wheat has been abandoned due to drought and wind and irrigated acreage is below average for this time of year, due to wind erosion. In Borger and Perryton only about 25 percent of the seeded acreage remains, and of the area there is some that still looks good, but part of it has been blown out by high winds.

Some Already Abandoned

Around Plainview and Lockney, it is estimated that from 10 to 30 percent of seeded acreage has been abandoned and whereas current rains may prevent further abandonment, around Pampa and Canadian an estimated 50 percent of seeded acreage remains with some chance of harvest but a be-

low average yield is expected from this acreage.

No abandonment has been noted yet in wheat of the Amarillo, Vega, Canyon, Panhandle and Claude territories and rain at this stage may prevent any abandon-

ment. However, unless adequate moisture is received a large acreage will go.

At this time, it can be safely stated that there will be no demand for out-of-state equipment to harvest the 1956 Texas wheat crop. Therefore, custom combine operators are advised not to move equipment into Texas unless prior contracts or commitments have been made with individual growers—no out of state trucks or workers will be needed as the local supply will be ample to meet this year's need.

County Products Worth \$17 Million

According to a survey of the Bureau of the Census, the total value of farm products grown in Deaf Smith County in 1954 was more than 17 and a half million dollars.

Largest income was from field crops (accounting for 70 percent of the total), while the smallest income was a meager \$31 listed for fruits and nuts.

The value of products sold in 1954 by operators of 674 farms in Deaf Smith County was \$17,602,639, according to a preliminary report of the 1954 Census of Agriculture published by the Bureau of the Census, U. S. Department of Commerce.

This value represents the harvest of 1954 regardless of when it was sold.

This value represents the harvest of 1954 and included \$12,359,243 for field crops, \$575,823 for vegetables, \$31 for fruits and nuts, and \$901 for horticultural specialties.

The value of all livestock and livestock products sold was \$4,675,656 and included \$129,894 for dairy products, \$97,701 for poultry and poultry products, and \$4,457,061 for livestock and livestock products.

Information on the value of farm products sold is presented for each county in a preliminary State report, copies of which may be purchased from the Bureau of the Census, Washington 25, D. C., at 10 cents each.

VD—WANTED AND UNWANTED

ROCKY MOUNT, N. C.—To a lot of folks, the letters "VD" have come to mean venereal disease.

Several motorists put up howls when they purchased 1956 automobile license plates bearing the "VD" prefix in front of the numerals. The State Motor Vehicles Department offered to exchange them for plates bearing other letters. All of the VD plates—999—had been assigned to the Rocky Mount area.

The VD plates suddenly became popular. Folks wrote in and asked to be issued the plates that had been turned in by motorists. No soap, said the department. Turned-in plates can't be re-issued.

It's A Busy Week For Visiting Hither And Yon

By CAROL INMAN

Seems that a few more Hereford folks also caught THE "fever" mentioned in last week's column. Out for a few days of fishing and fun at Possum Kingdom were Mr. and Mrs. Neil Cooper and Mr. and Mrs. Cecil Massey. They left with bright hopes and sunny dispositions Wednesday and then returned, probably with water-logged ears and sunburned backs. . . . they were also going to try some waterskiing.

Mr. and Mrs. W. B. Ewing of Sunray spent most of Tuesday afternoon visiting with Mrs. Clint Lundry and Mrs. M. J. Kelsner. They went to Dimmitt, to visit Ewing's mother, who is ill.

From College

Home from Texas Tech recently were . . . Terry McRight, . . . son of Mr. and Mrs. A. N. McRight. . . Mrs. Keith Hutson, . . . daughter-in-law of Mr. and Mrs. Bill Hutson. Her husband, Keith, also a Tech student, went to New Braunfels and Sequim, to visit the Textile Mills there.

Mr. and Mrs. Ted Eaton and sons returned last Saturday from

Stafford, Kans. While there, they attended the funeral of Mrs. Eaton's brother.

Mrs. Carroll Whiteside and her father, E. L. Smith, of Amarillo were in Monte Vista, Colo., last weekend to visit Carroll Leland and Carroll Whiteside who moved to Colorado about a month ago. Family will join them there this summer.

Also seems to be the time of year for a visit to Amarillo relatives and friends. . . Mr. and Mrs. Bill Hutson were houseguests recently in the home of Mr. and Mrs. D. O. Williams of Amarillo. Mrs. Williams is Bill's sister. . . Mr. and Mrs. Arthur Thompson Sr., also visited in Amarillo with their son and wife, Mr. and Mrs. Arthur Thompson Jr.

From Lubbock

W. B. Little of Lubbock was in Hereford recently looking over the store and visiting Mesdames J. E. Moad, Arthur Thompson, and E. J. Reynolds.

Mr. and Mrs. R. R. Stewart visited in the home of Mr. and Mrs. Harley Anderson of Roswell, N.M. over last weekend. Anderson is the

brother of Mrs. Stewart.

Visiting in the home of Mr. and Mrs. J. E. Moad last week. . . Mr. and Mrs. J. C. Simmons of Amarillo.

And On to Colorado

And off to enjoy some refreshing breezes and pretty scenery. . . Mr. and Mrs. Obed Caraway and two daughters, Mrs. Caraway and her parents, are planning to visit Mrs. Reynolds, for several days before leaving for Colorado, where they will live.

Two weeks old and going places already! Kimmie Kirkland, the new daughter of Mr. and Mrs. Walter Kirkland. They are visiting with her parents, Mr. and Mrs. E. J. Reynolds, for several days before leaving for Colorado, where they will live.

This is also the night for the boat to be given away at the Star.

THE RETURN OF JACK SLADE

John Ericson ably carries on a secret mission behind Union line in Indian territory, executive producer Leonard Goldstein dispatched a troupe to Utah and Colorado. There, in outdoor settings unchanged for centuries, the picture was filmed.

In Durango a 19th century railroad train was used for scenes depicting Union cavalrymen en route west. Five hundred horses were assembled for these and the battle sequences, which highlight the film.

QUENTIN DURWARD

An eye-filling panoramic sweep, splendor of color and breath-taking pastoral beauty have been captured by the CinemaScope cameras as a back-drop for the pageantry and surging action of "Quentin Durward," starring Robert Taylor, Kay Kendall and Robert Morley, Friday only at the Star.

Set in Europe's 15th century, an age in which chivalry was being replaced by treachery and the lance was giving way to gunpowder, "Quentin Durward" emblazons its deeds of heroism and villainy against the pomp and magnificence of the great castles and fortresses of France, amid the sinister intrigues and machinations of traitors and brigands and the loud clash of combat as two unscrupulous brothers, King Louis XI and the Duke of Burgundy, become locked in a mortal struggle for power.

Mr. and Mrs. J. E. Ferguson of Wenatche, Wash., are visiting her mother, Mrs. J. P. Slaton. They arrived last week.

Mr. and Mrs. Joe Curtsinger and daughter, Virginia, returned Sunday from San Diego where they visited their daughter and sister, Mrs. Ruth Wiggins and sons, and her mother, Mrs. Jim Ashlock, of Concord, Calif. They also visited Mrs. Curtsinger's sister, and four brothers.

Three year old Deborah Gholson, daughter of Mr. and Mrs. Dick Gholson, served as flower girl in the wedding of her cousin, Nell Gholson and Roger Pool which was held in Muleshoe, last week. Accompanying Mr. and Mrs. Gholson to Muleshoe, were their other daughters, Barbara and Gipper and Mr. Gholson's mother, Mrs. Rena Gholson of Quanah and his sister, and family, Sgt. and Mrs. Alex A. Rodriguez and daughter, stationed at the Altus, Okla., Air Force Base. The out of town visitors spent the weekend here in Hereford with the Dick Gholsons.

Mr. and Mrs. Owen Neel of Dumas visited in the home of her brother and his wife, Mr. and Mrs. Offus Vick Thursday evening. They also visited with the O. R. Neels and Mrs. J. W. Vick and Harlin, while in Hereford.

murderous band of bank and train robbers who break tradition by having a group of tough young women working as accomplices. Miss Blanchard is cast as one of those women.

Brand, in his role as the most vicious member of the outlaws, turns in a memorable characterization. He is a man who is cruel without reason for being cruel, a man who kills without reason for killing, and his final meeting with young Slade is one of the tensest climaxes of the picture.

SIEGE AT RED RIVER

All the grandeur of frontier America in the 1860's, with its sweeping western landscapes, Indians and hard-fighting soldiers is captured in Technicolor for this spectacular adventure drama, "The Siege at Red River," starring Van Johnson and Joanne Dru, which will show Saturday at the Tower Drive In.

To film screenwriter Sydney Boehm's story of a young Confederate officer's adventures while on a secret mission behind Union line in Indian territory, executive producer Leonard Goldstein dispatched a troupe to Utah and Colorado. There, in outdoor settings unchanged for centuries, the picture was filmed.

In Durango a 19th century railroad train was used for scenes depicting Union cavalrymen en route west. Five hundred horses were assembled for these and the battle sequences, which highlight the film.

The only operating ten-barrel

Gatling gun in existence is shown in key scenes in the picture. A museum piece and the grand-daddy of today's machine gun, it fires 38 bullets from a single gravity-fed clip. Prop men molded special cartridges for it so it could be operated for the Indian battles.

Importance of Keeping Records On Gasoline for Refund Emphasized

"Every farmer that uses gasoline for fuel, and is interested in getting his tax refund, will find the job easier if he keeps a complete set of records," pointed out Hugh Clearman, agriculture agent. Farmers are now eligible to ask for a refund covering the two cent per gallon Federal Excise tax, he said.

To get a refund, a farmer must file after June 30 and before Oct. 1, a claim with the District Director of Internal Revenue covering the gasoline used during the first six months of the year. After 1936 refunds will be made for a one-year period from July 1 to June 30.

Refunds, explains Clearman, will be made only on gasoline used on a farm for farming purposes. They will not include gasoline used in cars or trucks used on the highways even though on farm business. The recently enacted law

also applies to diesel and other motor fuels.

The claims must be filed on the Form 2240 which will be available after June 1 from the county agent's office, banks, post offices and Internal Revenue offices.

Clearman reports that the Commissioner of Internal Revenue has said that regulations relating to the new law will be issued as soon as possible. In the meantime, he advises farmers to keep a good set of records on all gasoline or other fuels, included under the legislation and used on the farm.

When claim filing time rolls around, these records can mean money. If they are studied, they may be the source of information that can save additional money from gasoline or fuel not fully utilized by the tractor and in maintenance costs, says Clearman.

Rev. Howard Scott To Attend Spring Board of Trustees Meet at Wayland

PLAINVIEW, (Sp.) — Rev. Howard Scott, Hereford, will be in Plainview for the annual spring meeting of the Wayland College Board of Trustees at 3 p.m., May 21, at the college when the 1936-37 budget will be presented for adoption, according to W. A. Mays, Amarillo, chairman. This meeting is traditionally held at the Commencement season so that the trustees may participate in the Commencement exercises.

Wayland College Commencement begins with the baccalaureate sermon preached by George

L. Shearin, Dallas, endowment secretary of the Baptist General Convention of Texas, at 11 a.m., May 20, at First Baptist Church. That evening at 7:30 p.m., Rev. Harlan Harris, pastor of First Baptist Church, Plainview, will preach the international missionary sermon and Wayland's students from missionary fields will assist with the program, especially the five seniors, Mr. and Mrs. J. A. Ojo, Nigeria, Miss Hiroko Maeda, Hawaii, Stephen Liu, Formosa, and Miss Maida Esmirian, Greece, who are May candidates for degrees.

The Association of Former Students take over chapel at 10 a.m. Monday and feature musicians, Curtis Lee, Borger, tenor, a 1932 graduate of Wayland, Miss Beth Dobson, Plainview, a 1936 graduate, and David Appleby, associate professor of music who will join the faculty of Golden Gate Seminary in California in the fall. The business meeting will be held after chapel with the annual Round-Up Luncheon at 1:30 in Slaughter Memorial Center to which all trustees and former students are invited.

Mrs. H. G. Stinnett Jr., Austin, will deliver the Commencement address at 7:30 and she, Mr. Shearin and Rev. Harris will be awarded honorary degrees, following the conferring of degrees on the 42 candidates for Bachelor's degrees.

THERE'S A POWERFUL DIFFERENCE

... between an Oldsmobile 88 and the other lower-price cars!

You know you're in a big car . . . from its looks . . . from the way it rides and handles! With your first touch on the accelerator—that 230 h.p. Rocket Engine—answers with all its winging getaway and go!

And what flashing performance in the middle ranges! The Rocket is designed to give you full benefit of high torque—340 pound-feet at normal engine speeds. That means there's always plenty of reserve power—when you want it, when you need it for safety's sake.

This rugged Oldsmobile "88" is built to take all that power, too! For instance, there's an extra-rigid, five-cross-membered frame to give you ideal, shock-absorbing balance.

Economy? Well, Oldsmobile's "88" (and the Ninety-Eight, too) took top honors in the recent Mobilgas Economy Run!

There's a powerful difference, all right! Both in the car, and in one quality-minded way of doing business. So come on in now. Take the wheel of an Oldsmobile. Rocket away . . . today!
