Five Teachers Hired By Board

Five new teachers have been hired for the coming school year by the Hereford Rural High School District.

The five, recommended by Supt. George Graham, and unanimously approved by the Board, fill all but one vacancy on the local staff.

Fried Chicken and Ice Cream Are Favorite of Mike the Parakeet

By BILL KNOX A lot of parakeets talk, and a lot of parakeets are smart; but seldom will you find one which possesses both in such great quantities as does the one owned by Mrs. James A. Shaffer...

Mike was acquired from Mrs. A. J. Ralston when he was just a few months old. He is now almost two years in age and far more advanced intellectually.

Mrs. Shaffer stated that she taught the parakeet to talk by constantly repeating words to him which she wanted him to say.

Day Center To Close Two Weeks

Closing of the Labor Camp Day Center for two weeks was announced Saturday by the Day Center Executive Board.

Re-opening of the Center is planned for Sept. 1. Miss Shirley Root, who has served as instructor at the Center this summer, reported a "very successful" program this year.

Thornton Draws Five Years In Pen For Theft Of Auto

Glen Scott Thornton, who pulled the notorious ambulance-caper in Shamrock—getting the driver to take him from Shamrock to Wichita Falls—was given a five year penitentiary sentence in District Court here last week on a charge of obtaining things of over \$50 in value with a worthless check.

Thornton, the talk of the Panhandle after his daring tricks in this area, entered a plea of guilty.

Don't dare mention it, but today is the thirty-first fireless day in a row in Hereford.

New Livestock Auction Barn To Open Next Month

A new \$25,000 livestock auction barn is slated to open sometime in September according to the owner, Otis Cansler.

Cansler has encountered some trouble in building the barn, but work is now going good. High winds caused undisclosed damage to the building July 15.

When the barn is completed it will be a big improvement for Hereford. I have adequate facilities to handle almost anything," stated Cansler.

Piano Teachers Attend Course

Hereford piano teachers attending the Piano Workshop - Master Class Seminar and private Master Teacher lessons held recently at the Musical Arts Conservatory in Amarillo were: Mrs. Ellis Coombes, Mrs. Glenn Snyder and Mrs. J. H. Hinds.

Mrs. Coombes, attended the Edward J. McGinley 16 class sessions which included the psychology and business of custom playing, teaching plans, special music reading, harmony for analysis and understanding, and chord construction at the key board.

McGinley is a musician of superior note whose success in Amarillo last summer brought requests for this summer's classes. He has conducted recent workshops in New York City, and for the Music Educators National Conference and for the Fred Waring piano workshop.

No One Hurt In Car-Train Crash

A collision between a car and a train which occurred Friday night at 10:20 o'clock caused an estimated \$25 in damages to the automobile.

The accident, which involved a 1949 Dodge and a railroad box car, occurred at South Main and the railroad tracks. The driver of the car was Oscar Kinn and the man in charge of the box car, B. J. Melton.

The accident occurred when the car, heading north was crossing the tracks and was hit by the box car which was being backed eastward. The train struck the right front of the car pushing it off the tracks.

NEARING COMPLETION

The new livestock auction barn being built by Otis Cansler is partially shown in this picture of Cansler and his son. The barn, due to open sometime in September, is valued at around \$25,000.

of using anything but a machine to gather the crop and it will have to be a good one if it gets the job then.

What about the follow up crop for next year? Well there are numerous possibilities of course—such as potatoes, corn or sugar beet unless the Bulls should want to plant maniam.

There were no charges made.

Mr. and Mrs. L. C. Thomas plan to leave today for a week's vacation trip to Los Angeles, Calif. They will return by Dallas where they will visit her mother, Mrs. Ruth Reeves, who is ill in a Dallas hospital.

County Agent Recommends Wheat Varieties To Plant

Five varieties of wheat have been recommended for planting in Deaf Smith County by County Agriculture Agent Hugh Clearman.

Clearman said that Ten Mark, Comanche, Concho, West Star, and Standard Black Hull were all considered superior varieties.

Blackmarked by Clearman as not recommended for planting were Early Black Hull, Chief Can, Red Chief and Blue Jacket.

poor quality wheat. Clearman said that he had been swamped for information by wheat growers as to what to plant.

An Agriculture Department spokesman recently told Congressman Walter Rogers that the ruling would apply only to the very poorest of "those few varieties that are of a 'B' milling."

Certificates Needed By Students

Birth certificates will be required of all first grade students when they register for school Friday, Sept. 2. Superintendent George Graham said Saturday.

Graham urged parents to cooperate by making sure their child has a certificate by that time. He also said that health cards should also be turned in at that time.

The Department of Agriculture has still not made any announcement as to what they consider

Most people are under the impression that parakeets can't fly very far—but a false assumption that is. Sometimes Mike gets to flying around the house and builds up a tremendous speed. When he

Don't Leave Your Children In Hot Car To Suffocate

By Dorothy Whipple, M. D.
Sam was in charge of his 2-year-old daughter.

He left her in the car and went in to apply for a job. He carefully closed the car windows and locked the car so that no one would molest his sleeping baby.

The only place to park was the large unshaded parking lot near the factory. The day was bright, sunny and hot.

Sam was gone somewhat longer than he had expected. It took him three hours but he got the job. He went back to the car jubilant. The baby usually slept all morning so he hadn't worried about her.

When Sam opened the car it was stiflingly hot inside, but the baby was quiet. He opened the windows before he got in, then drove home.

Sam picked up his baby to take her into the house. She was limp and clammy cold, and didn't arouse when he picked her up.

Sam was scared. He got back into his car and drove as fast as he could to the hospital. The doctors put her in an oxygen tent and gave her medicine, but it was too late. She did not rally. She just stopped breathing.

A closed-up parked car on a hot day in the sun is like an oven. The temperature was probably up to 150 degrees in Sam's car. Margie had waked up soon after her father left her because she was hot and uncomfortable. She cried and thrashed around and thus got herself hotter than ever. Finally she stopped from sheer exhaustion and collapsed with heat prostration.

Small babies are very susceptible to the dangers of excessive heat. A baby loses a lot of water from his skin through perspiration when the temperature is high. She becomes damp and uncomfortable so she cries. What she wants is a drink of water. If no one comes she cries louder and flings her arms and legs about.

The crying really makes matters worse because more water is lost through mouth and lungs and the need for that drink gets greater and greater. If still no one comes the baby soon loses so much water and

Beauty At Home

By LYNN CARTER

Q. How can I exercise to help slim down rather heavy ankles?

A. Lie on back, one leg raised straight up. Holding leg stiff, circle the foot outward 20 times, then circle it inward 20 times, being sure to keep leg stiff. Repeat with other leg.

Q. What do you consider the minimum amount of time a girl should spend on her beauty ritual every night?

A. About 35 minutes. This should consist of 15 minutes for brushing the hair, 15 minutes for exercise, and at least 10 minutes for washing and creaming the face. Massage lubricating cream into neck and face with firm, uplifting strokes, and this avoids fallen contours later.

Q. How can I treat an occasional pimple on my face?

A. Often beneficial is a handful

becomes so exhausted that she collapses.

of starch in the morning bath, and a thick paste of starch spread on at night before retiring.

Q. How can I remove lipstick stain from a non-washable fabric?

A. Sponge with carbon tetrachloride. If they need darkening, use a professional cleaner.

Q. How can I add attractiveness to my eyelashes?

A. Train the outer lashes on your lids to grow outward instead of upward—pointing toward your ear—by using a darkener—but only slightly darker—shade of foundation on the whole nose than on the rest of your face.

gloss. Never bead your lashes with color—in fact, no one should be able to tell that you tint them!

Q. How can I make a large nose appear smaller with my makeup?

A. By using a darker—but only slightly darker—shade of foundation on the whole nose than on the rest of your face.

Mrs. Snyder attended the Purves Smith Master Class Seminar four day session. His work dealt with basic analysis and psychological

problems of technical development, methods of securing facility and control through the most direct practice methods, and fundamentals of correct interpretation with the coordination of technic requirements.

Mrs. Hinds attended the private Master lessons with Purvis Smith. Her work dealt with specific material, preparation of lateral position, elementary laws of musical interpretation, pedalling, phrasing relationship, memorization rules and sense perception, lateral shift and thought position and basic pianoforte technic.

Smith, a graduate of the Royal College of Music in London, is a New York concert artist. He directed the Institute of Fine Arts in Peking, China and has recently served as director of the Pasadena Conservatory in California. He was engaged there as a courtesy exchange educator for both faculty members and professionals.

Mrs. James Coombs, Snyder and Hinds will open their studios here on September 6.

Brand Winner Of Two Trophies In WTPA Contests

The Brand was winner of two first place trophies in the annual West Texas Press Association contests held Friday in Colorado City.

Winning first in general excellence and editorials, Hereford's newspaper also was second place winner in two other contests: local pictures and advertising composition. Two large trophies were accepted for the paper by Jimmie Gilentine, publisher. Taking second place in the same division The Brand competed in—cities over 3000 population—was the Post paper.

Farwell was general excellency winner in the under 3000 division and Jerry Stoltz, former Brand news editor, who is now editor of The Brownfield News, won first place with his "News and Views" column.

There will be regular church services followed with a basket dinner to be spread in the old auditorium. Further plans will be announced later.

Everyone keep this date in mind and come and enjoy a good time with us.

'Taking It Easy' Is Tough Job For Lyndon Johnson

WASHINGTON—Friends of Lyndon Johnson know the Democratic senate leader now is tackling, for him, a hard assignment—taking it easy.

The "do nothing" chore of recuperation from his heart attack will likely not sit well with the 46-year-old Johnson who has maintained a driving pace ever since he came to Washington as a freshman congressman in 1937.

In recent years, of course, the pressure and demand increased tremendously when he took over the senate reins—regarded by many as the physically toughest job in the capital.

Despite the grind, however, Johnson maintained youth and vigor. Because of this, his doctors say, he may resume his full duties when the new session convenes next January. But, they warn he shouldn't drive himself so hard in the future.

That is the view of Johnson's personal friend, Dr. James C. Cain, formerly of Groesbeck and now on the Mayo clinic staff in Rochester, Minn. He emphasizes no one should drive himself like Johnson has done.

Nearly always under pressure, Johnson surrounded himself with able and young staff members who keep going at the same pace—or else they fall by the wayside and take other jobs. He'll undoubtedly rely on them more than ever when he returns.

Johnson's top staff members are Walter Jenkins, Arthur Perry, George Reedy and Booth Mooney. Jenkins, originally from Wichita Falls, has been with Johnson since he was in the House and usually knows immediately how the senator would decide on any issue that arises. Perry, originally from Austin, was with former Sen. Tom Connally for years. This gives him the necessary background to handle Texas problems before various federal agencies.

ELECTRONIC CHECK
RICHMOND, Va. (AP)—An electronic weighing device is being tested by the Virginia Highway Department and Bureau of Public Roads. It will make it unnecessary for trucks with legal limits to pull off the highway for weighing. But when an overloaded truck crosses the device a red light is flashed at the weighing station and the offending truck will be weighed on regular highway scales.

Westway News

By MRS. J. TOWNSEND

Rev. R. D. Evans filled his regular appointment August 7, Sunday morning at the Westway Church. Sunday morning visitors were Mr. and Mrs. Kenneth Ladd and children of Amarillo and R. M. Gunn of Hereford.

The regular first Sunday singing was held Sunday afternoon.

Mrs. Roy Lee Wilson was guest speaker for the young people's training union program Sunday night. Her subject was "Courtesy." The date for Youth Day was set for Sept. 4. The entire day will be made up of youth activities beginning with a "sunrise breakfast" at the church.

Rev. and Mrs. R. D. Evans of Amarillo were Sunday dinner guests of the Johnnie Townsends.

Mr. and Mrs. Elmer Combs, and Bill, spent the past week

and in Plainview visiting Elmer's parents, the W. E. Combs and other relatives.

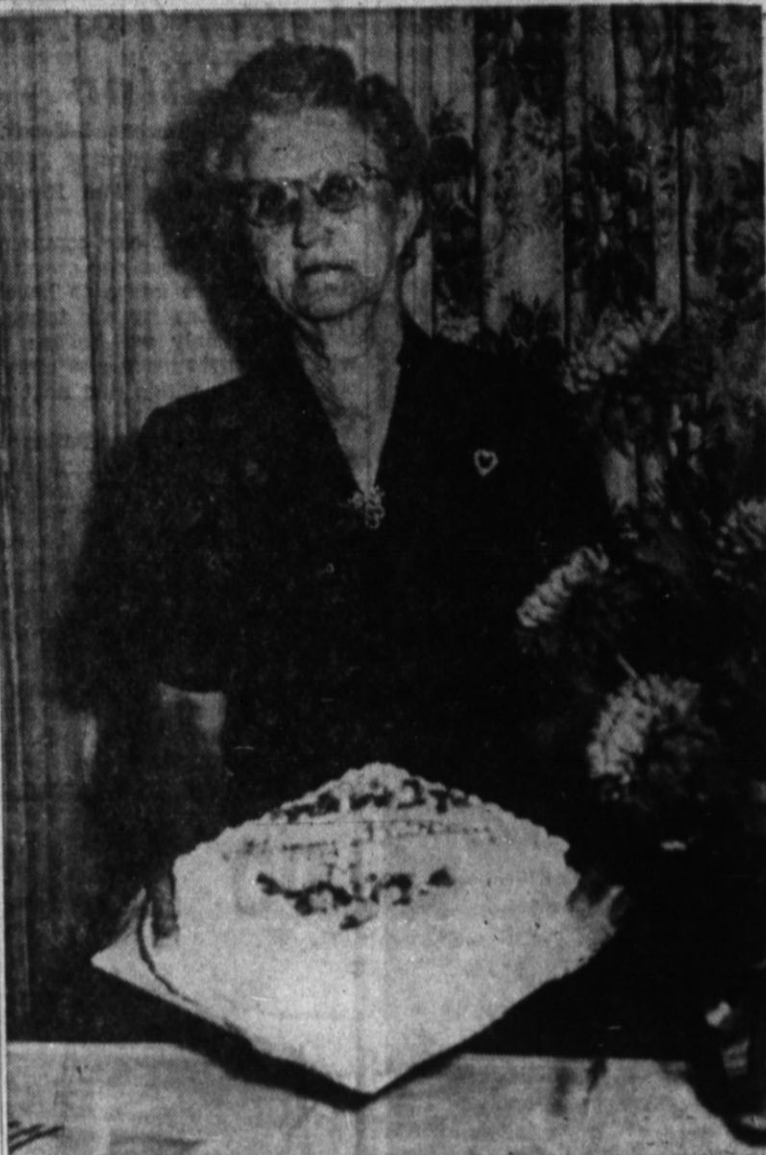

Dora Ruth Inman recently underwent an appendectomy in the Deaf Smith County Hospital.

Mr. and Mrs. James O. Harris, Elizabeth and Jimmy and Florence McIntosh of Morton, spent Saturday night in the home of Mr. and Mrs. Everett McIntosh. Lovonia Harris, who had been visiting with her grandparents, returned home with her parents.

Freda, Alice and Margaret Inman were among the band members who attended band camp at Canyon for the past two weeks.

Mrs. A. C. Pierce of Hereford visited in the home of her son, Marlin Pierce, Monday. Deborah Pierce returned home with her grandmother for a visit.

The question of the week around Westway is "How much rain did you get?" Some farms received a great deal more than others. For instance, the old Rae place, two and one half miles west of the store received six inches; the gauge at the store measured three inches; the Clarence Sauley farm one and one-half miles north west of the store, two and one-half in-

A BIRTHDAY PARTY honoring 61 year old Mrs. Ella Burdine was held Friday at her home at 300 West 6th Street. Following the dinner, the following ladies played canasta: Mesdames Dick Ellis and daughter, H. N. Reeves, Luther Ellis, Bill Ellis, Lucy Wilkins, Fannie Hammoch, Myrtle Nickell, W. H. Russell, Nona Jewell, Glenn Boardman, Tom Clay, Otto Olson, Murt Cawthon, Addie Miller, Wildie Daniel, Miss Ann Reeves and the honoree. (Staff Photo)

Letter To The Editor

Dear Editor:

We believe the big question in the minds of our citizens today is "Do we need the proposed Airport?" Certainly if we need this facility we will be getting a bargain, that may never come again. If we do not need the airport, then it is not a bargain at any price.

I have heard the remark that we do not need this facility due to the fact that there are so few of our citizens that fly. By this same reasoning, we would like to ask the question—"Just how many of our citizens actually use the railroad? I would venture to say that we have any number of folks in the area who are grown that have never caught a train, or come in on one in Hereford. None of these folks would, however say that the railroad is not an absolute necessity to the community. Wouldn't we then be safe in reasoning that even though we personally may never use the airport, it would be a good investment to have one in this modern era, that would give us up-to-date transpor-

tation facilities.

It is my understanding that the leadership of the community is making every effort to bring industry to the area that will be engaged in the processing of our agricultural products. We all know that our whole economy is built around agriculture, and what is good for the farmer is also good for the citizen that lives in town. Now, if we are successful in doing something in an industrial way along these lines, certainly it is going to open up new markets for our products that are raised in the area. We are not going to get very far with this program so long as we have to tell industrial men that we have no airport facilities, in Deaf Smith County. Most of these men are too busy to use the train or their automobile, and today fly in their executive type airplane.

I believe it is entirely possible that, after the airport is built, we will see a large portion of our vegetable crops moving out of the community by air. With this facility and being able to get these products from the field to the consumer, we will be able to demand a better price and get these vegetables to the larger cit-

les fast when the market price is at its highest.

Can we afford not to support the airport issue, when we are getting it for less than 50 cents on the dollar to our county tax-payers. Very truly yours, E. B. Hedrick

Ray Halton, son of Mr. and Mrs. Ray Halton of Dimmitt, is staying in the home of his grandparents, the Roy Lee Wilsons, while his mother is recovering after major surgery in Deaf Smith County Hospital.

Mr. and Mrs. Joe Wagoner, Gayle, Ann and Joe Bob, returned home Thursday from South Dakota where they visited with the Hughes Millards at Faith and the Grady Cilsons at Sturgis.

Mr. and Mrs. Joe Paetzold of Hereford visited recently in the home of their daughter and family, the George Turrentines.

Mrs. George Turrentine and daughter have been ill the past week with a virus that seems to be on a rampage.

The Paul Rudds received word from their son Harold last week that their daughter Marie was home from the Albuquerque, N. M., hospital and getting along fine. Marie has been ill for several days

and was first thought that she might have polio. The Harold Rudds live at Estancia, N. M.

Clarence Sauley's injured knee is somewhat improved. He injured his knee when he slipped and fell on a concrete irrigation ditch last week.

Mrs. W. A. Simms and Ronny of Odessa are visiting with their daughter and sister, Mrs. Kenneth Rudd and family.

Supper guests in the Johnnie Townsend home Wednesday night were Mr. and Mrs. Lewis Neal and Clayton and Mrs. Minnie Shull of Hereford.

Mr. and Mrs. Charley Kroff of Hereford visited recently in the home of Mr. and Mrs. Clarence Sauley.

Mrs. Jimmy Odell, Larry and Mona of Amarillo, visited Tuesday in the home of her mother, Mrs. Clarence Sauley. Larry and Mona remained at the Sauleys while Mrs. Odell made a trip to Big Spring, house hunting. The Odells plan to move to Big Spring soon.

Ladies attending the Fifth Annual Dress Revue and reports on State meeting last Thursday were Mesdames Clarence Sauley, Paul Rudd, Merlin Kaul, Buck Green, Buren Sowell and Johnnie Townsend.

Congratulations to Nancy Green who won first place on a school dress she modeled at the dress revue. Nancy is the daughter of Mr. and Mrs. Buck Green. She represented the Sadie Lee Oliver 4-H Club.

Mr. and Mrs. E. E. Bishop of Hereford were recent supper guests of the Clarence Sauleys.

Congratulations to the Sylvester Loerwalds on the birth of a daughter, born August 9 in Deaf Smith County Hospital.

Word has also been received that Mrs. Martha Kershen, formerly of this community, is improving. Mrs. Kershen was stricken with polio recently, and is in an Albuquerque hospital.

America's gone Ford!

HERE ARE A FEW DOWN-TO-EARTH REASONS WHY FORD SALES HAVE SKYROCKETED 25% IN JUST ONE YEAR!

Last year, Ford won 284,173 new friends... more new friends than all other cars combined! When one maker sells a whopping 284,173 more cars... in a year when competitive makes barely held their own or sold fewer cars... that make must be worth more. And Ford's 1955 model, introduced last November, stepped up the sales pace to an even higher tempo!

Only Ford drew its styling from the years-ahead Thunderbird

Unlike other 1955 cars, Ford turned to the totally new, years-ahead Thunderbird for its styling inspiration. The 1955 Ford is styled to stay in style.

Only Ford in its field has an advanced Y-block V-8! Ford's V-8 has an extra-deep block for smoother going and longer engine life. You can be sure of its Trigger-Torque power... of its gas savings... of its extra worth!

Only Ford in its field keeps its value so well! For several years, no other low-priced car has returned so much of its original cost at resale as Ford.

Take your Test Drive now! Prove Ford's extra worth to yourself. Try Trigger-Torque power. Check Ford's Thunderbird styling close up. Feel Ford's Angle-Poised Ride cushion out the bumps.

WHEN SNOW MELTED

RALEIGH, N. C. (AP)—No doubt Frank Snow will be more careful the next time he thumbs a ride.

Snow, a short-term prisoner, escaped from a Halifax county prison camp road gang. A short time later he flagged down a car. The motorist happened to be a deputy sheriff, who gave him a ride back to camp.

Engagement Of Betty Hamilton Is Announced

Mr. and Mrs. Homer Hamilton are announcing the engagement and approaching marriage of their daughter Betty, to Bill Rose, son of Mr. and Mrs. W. C. Rose. The wedding will take place on Sept. 3, in the First Methodist Church. Miss Hamilton is a graduate of Hereford High School and attended Hardin-Simmons University for one year. She is presently employed in the Agriculture Stabilization and Conservation offices here. Mr. Rose is also a graduate of Hereford High School and attended Hardin-Simmons University and West Texas College. He is employed by the Southwestern Investment Company in Odessa where the couple will make their home.

Shower Honors Recent Bride

Mrs. Paul Schroeter, the former Miss Gloria Walsler, was named honoree at a large miscellaneous shower given in the home of Mrs. Jess Carter Friday afternoon. Hostesses for the post-nuptial affair included Mesames Catherine Jenkins, J. M. Wright, Earl Lance, Guy Walsler, Charley Noland, Bob Noland, J. O. Clark, Mary Jane White and Mrs. Carter.

Colors chosen by the bride for her wedding were used in decorative appointments throughout the house. The refreshment table was laid in a white cutwork cloth over pink and held an arrangement of pink gladioli, miniature mums and white stock placed at the base of a rainbow which led to the traditional pot of gold, signifying happiness. Pyramiding pencil tapers backed the rainbow and a miniature bride and groom traveled a winding path to happiness.

Mrs. Troys Carmichael and Mrs. Charley Noland presided at the punch bowl and cakes were served by Mrs. Pat Newell, and Sandra Fields. Mrs. Melvin Rainey and Miss Gayle Potter kept the guest register. Mrs. Wallace Cox also assisted in the house party.

In the receiving line were Mrs. A. J. Schroeter, the honoree, Mrs. D. C. Walsler, mother of the bride, Mrs. A. O. Thompson and Mrs. R. A. Fullwood.

Approximately 100 guests signed names in the bride's book during the afternoon calling hours. Out of town guests attending were Harriette Carter of Amarillo

and Mrs. Blanche Wymore of Ardmore, Okla.

Letter To The Editor

Hereford, Texas,
August 10, 1955

To The Editor of The Hereford Brand:

I believe that if our community grows and prospers, we are within the near future going to have to furnish facilities for air transportation. Certainly we believe this will be brought more and more to our attention within the next few years.

We are told that our nation will see more development within the next 10 years than we have seen in the past 50 years. Do we want Hereford to be among the communities that keep stride with progress or do we want our town to be among those who did not have the foresight to do the things necessary for this great era of development. We believe a community does not stand still, it either goes forward or backwards. For there is no middle ground.

I believe we have a golden opportunity to take a step in the right direction by supporting the bond election that has been called on a county-wide basis, September 20, to build a Deaf Smith County Airport. We will receive matching federal funds, which is our money and will be used by other communities if not used by us. We are therefore getting a modern airport for half the money that it will cost us in the future, if we do not take advantage of our opportunity now to use these funds. Certainly this should appeal to our citizens, and not wait until the time comes when we have lost such a golden opportunity and

have to foot the bill entirely. Very truly yours,
Tom W. Alderson

Hotel Upset As Farmers Hold To Lead

By BILL KNOX

The Summerfield Farmers prevented Rutherford from taking over fourth place and Jim Hill from taking second by dropping Hotel 11-10 Thursday night. Rutherford mangled Popular Store 21-1 in the other fracas.

A Hotel victory over Summerfield coupled with a Rutherford victory over Popular would have thrown Jim Hill into a tie for second with the KC's, Rutherford to fourth, and Summerfield in fifth. Now the KC's lead by one full game, Summerfield still holding a half-game edge over Rutherford in their fight for fourth.

The Summerfield-Jim Hill game was uncertain all the way. The lead changed hands until Summerfield cut loose with a big rally in the fifth inning. Jim Hill fought back in the seventh but failed in their comeback attempt.

Blue Turpin and Bobby Clark were the starting pitchers. Turpin's slow-balling tactics didn't puzzle the Farmers, while Hotel didn't find Bobby Clark's offerings too hard to connect with. Hotel banged out 14 hits compared to 10 for Summerfield.

Summerfield scored in every inning except one, while Jim Hill went down without a tally in three innings. Jim Hill's handicap of playing with the services of only eight men may have been the basis of their defeat.

Jim Hill scored one in the first to take the lead but didn't hold it. Then they countered with five in

the third, three in the fourth, and one in the seventh. Summerfield's scoring was more consistent. They racked up three in the first, one in the second, one in the third, one in the fourth, and five in the fifth. No home runs dotted the score sheet as the teams concentrated mainly on punching out safe base hits, and not going for the distance.

Summerfield killed Rutherford's

chances of taking over fourth place with their surprising victory. Rutherford soundly trounced Popular Store 21-1. This, coupled with Summerfield's predicted loss, would have skidded Summerfield to fifth and put Rutherford in fourth.

In Monday night games the cellar berth is at stake. Coopers and Popular Store meeting in the first game. Rutherford get another

chance at unseating Summerfield when they meet in the second game.

Pigs Open Up On Knights After Shakey Beginning

By BILL KNOX

Piggly Wiggly came near defeat before rallying to flatten the

Knights of Columbus 8-4 Friday night, while Jim Hill had an unexpected hard time before stopping

the Popular Store 24-14 in a brief five inning fracas.

The Pigs almost slipped from the heights of victory, as the KC's continued to hold a lead until the fifth when a sudden uprising by the Pigs caused the roof to fall in on the KC's heads. From then on it was nothing but Piggly Wiggly.

But the KC's were in complete command until that time. Ken Walterscheid had handcuffed them very effectively, giving up no runs and only three hits until the fifth.

Twice Walterscheid pitched himself out of self created predicaments. In the second Corbett walked to lead off, but Walterscheid got Wilson to pop up before Slagle singled to send Corbett to third. Slagle was out trying to steal second and Morgan drew a free pass. McNeese grounded out to end the inning.

Then again in the third the first two men blasted out base hits, putting runners on first and second with nobody out. But Broek fanned, Lueb popped out, and Corbett grounded to first to get Walterscheid out of the situation.

The KC's only threatened once without scoring. In the sixth inning with only one out two runners reached second and third before Morgan got Koelzer to hit back to him and Urbanczyk to ground out to Broek.

Both pitchers turned in credible performances. But both were at

different times. Morgan settled down to pitch fine ball during the latter innings, while Walterscheid looked best in the early innings.

Morgan struck out three, walking two and hitting one batter. Walterscheid fanned eight and walked nine men. His wildness kept him in trouble almost constantly.

The KC's started off early by taking the lead with a lorer in the first without the aid of a hit. Peters and Kershen walked to lead off, both moving up a base on Stengel's groundout. Peters loped in on Duane Albracht's sacrifice fly to Bud Pickens. Fangman grounded out to end the inning.

Then they widened their lead with three more in the fourth. All of these runs came across before a man was retired, and three errors were wholly responsible. Stengel doubled as a lead-off man and Duane Albracht scored him with a single. Fangman singled behind him with Albracht scoring on McNeese's throwing error and Fangman also denting home when Lueb's throw was fumbled by Raymond Dement. The next three men were retired in easy fashion.

After the KC's were finished with their scoring, the Pigs decided that

Shut-In Hereford GI Makes Toys For Kids

A Hereford GI has done a lot to make a lot of Phoenixville children happy while he himself is a shut-in.

The story of how Pvt. Don R. Glenn, son of Mr. and Mrs. A. B. Glenn of Route 3 Hereford brought joy to the hearts of bedridden children in the Philadelphia General Hospital was told recently in a Philadelphia newspaper.

Here's the story:
"A whole menagerie of cuddly, brightly colored toy animals, the kind to bring joy to the heart of any youngster, will be delivered to Philadelphia General Hospital today to entertain the children among its patients.
"The toys, more than 50 of them, are a tangible demonstration of the belief of another group of shut-ins that needs of others are still greater than theirs. The stuffed animals of vari-colored felt are the work of patients in the tuberculosis wards at Valley Forge Army Hospital, Phoenixville.
"Included in the collection, expected to arrive at PGH about 2 p.m., are pink elephants, blue poodles, green monkeys and yellow dachshunds, to name a few of the gaudier examples.
"They came into being last Ju-

Pvt. DON R. GLENN . . . makes others happy

ly 6, when Pvt. Don R. Glenn of Hereford, Tex., found time hanging on his hands and thought of a way to fill the empty hours while bringing pleasure to others. He talked his idea over with Sgt. Mike Gurka of Phoenixville and Lt. Miriam Ginsbert of Washington, D.C.
"Spurred by an article in the tuberculosis section's newspaper, 'The Strep Star,' enthusiasm for the project snowballed, and soon nearly 50 patients were busy stuffing and sewing the paste animals. Materials and advice came from Lt. Rose M. Orimo, of the hospital's occupational therapy section; Maj. Helen Schnader, an instructor in the TB service, and Miss Elizabeth Geary, of the Red Cross staff at the hospital.
"The finished animals, thoroughly sterilized, will be brought to the hospital here by Pvt. Glenn, Lt. Ginsberg, Maj. Schnader and Miss Geary."

Sunday dinner guests of Lucille Park and her father, J. L. Park, were Mrs. J. E. Henry, Mr. and Mrs. Robert Henry of Coolidge, Ariz., Mr. and Mrs. Paul Cavender of Amarillo, Mrs. Gilbert Donovan, Charles and Wanda of Tulsa, and Mr. and Mrs. J. W. Dear and children of Springlake.

Mr. and Mrs. Clyde Russell, Robert, Doris and Bruce Baker were visiting Sunday with Mr. and Mrs. Edgar Russell and Betty Kay in Levelland. Linda, who had spent the week with Betty Kay, returned home with her parents.

Mr. and Mrs. Lewis Harvey of Canyon and Mr. and Mrs. Homer Harvey visited Mr. and Mrs. Clyde Russell and family Friday. Homer has recently received his discharge from the Air Force.

Mr. and Mrs. Roy Coker of Sumnerfield, Mr. and Mrs. C. V. Burges and Melvin spent Monday in Amarillo as guests of Mr. and Mrs. Al Virgin and Mr. and Mrs. L. A. Reed.

Misses Lucille Park and Lucille Huges were in Dumas Tuesday on business.

Mr. and Mrs. Ira Ricketts made a business trip to Amarillo Monday.

Mr. and Mrs. Clint Lundry spent Wednesday evening with Mr. and Mrs. C. V. Burges and Melvin.

Mr. and Mrs. H. L. Hershey and mother, Mrs. S. L. Dennis, returned and Dorothy of Huntington.

Mr. and Mrs. Harte Rae, Larry, West Virginia, were supper guests of Mr. and Mrs. Jay Fortenberry Friday evening. Mr. Rae and Mrs. Fortenberry are brother and sister.

Mrs. V. E. Dodson and Bob Barnhart were visiting relatives and friends in Amarillo, Thursday.

Mr. and Mrs. H. L. Hershey, accompanied by Mrs. S. L. Dennis, went to Abilene Saturday where their daughter-in-law, Mrs. Joe Hershey, will graduate from nursing school Saturday evening.

Mrs. A. R. Warren of Lockney spent Tuesday with her mother, Mrs. C. C. Billingslea and other relatives.

Mr. and Mrs. Ira Ricketts attended the Golden Wedding celebration of Mr. and Mrs. Rex Tynes.

Miss Lucille Park visited Saturday evening with Mr. and Mrs. L. C. Montgomery of Dallas, in the home of Miss Lucille Hughes.

ATTEND FUNERAL

A group of Hereford people attended funeral services held Thursday in Tucumcari, N. M., for Jim E. Price, concessionaire at Conchas Lake, who died Monday in a Tucumcari hospital after a boat accident at the lake Sunday.

The group included Mr. and Mrs. Jim Lipscomb, Mr. and Mrs. Roy Calvert, Sanford Smith, George A. Springer, Emil Dettman, Mr. and Mrs. Tom Robinson and Mrs. Cecil Gunter.

Nearly every member of the Chalkmas tribe of southeastern East akistan smokes tobacco. The native leaf is used by children as young as four years.

Shirley Yvonne McCullough Is Bride Of Harold W. Brothers

At 3 o'clock in the afternoon, Sunday August 7, in an impressive candlelight service, Miss Shirley Yvonne McCullough, daughter of Mr. and Mrs. Ray McCullough, became the bride of Harold W. Brothers, son of C. P. Brothers of Pecos. Minister Bob Wear of the Canyon Church of Christ read the dou-

ble ring ceremony in the Church of Christ of this city. The date held special significance of also marking the birthday of the bride's father.

Vows were spoken before the altar arranged with background of greenery entwined with fern and centered with a sunburst of white

gladioli and chrysanthemums. On either side of the arch were baskets of white glads and carnations flanked by tall seven-branched candelabra bearing lighted white tapers.

Proceeding the ceremony, Eugene Campbell sang "One Alone," "Because," and "I Love Thee" and a mixed chorus of voices sang the Bridal Chorus from Wagner's Lohengrin as the processional, and Mendelssohn's wedding march as the recessional.

First to enter were bridesmaids, Jo Kathryn Sumerford of Gatesville, Mrs. James Killian of Amarillo, Barbara McGee and Betty Hamilton. They wore identically fashioned gowns of white embroidered nylon organdy over pink taffeta made with bouffant skirts, boat necklines and self ties on the sleeves. Their half-hats were of the same material and they carried bouquets of pink Delight roses tufted with aqua net and satin ribbon.

Miss Mary Lou McCullough, sister of the bride, attended as maid of honor. Her gown was of the same material as the bridesmaids over aqua taffeta and she carried a colonial bouquet of pink Delight roses tufted with pink net and pink satin ribbon.

Cynthia Ann Knox as flower girl wore a dress identical to the honor maid's and she carried a petal filled basket with handles of pink rosebuds. Lowell Wiggins carried the rings on a satin pillow.

The bridegroom's father, C. P. Brothers of Pecos served as best man and ushers were Fred Fox, Pat McCullough, Kenneth West and Royce Acuff of Lamesa.

Bride's Gown of Tulle

Entering on the arm of her father who gave her in marriage, the bride was lovely in a chapel length gown of white silk embroidered tulle over taffeta. The fitted bodice featured an oval neckline edged in scallops and scalloped short sleeves, with a billowy tiered skirt attached to the low waistline. Her finger-tip veil of silk illusion draped from a scalloped lace pill box encrusted with seed pearl trim. Matching lace gauntlets completed the costume and she carried a white Testament topped with a white orchid showered with stephanotis and white satin streamers.

For her daughter's wedding, Mrs. McCullough wore pink lace over taffeta with patent accessories. Her corsage was of pink roses and stephanotis.

Reception in Bride's Home

Immediately following the wedding a reception was held at the home of the bride's parents, 148 Texas Ave. The bride's table was done in white centered with candelabra holding white tapers rising from white chrysanthemums and gladioli in a silver bowl. Tall white tapers and the decorated tiered wedding confection completed the decorations. Jo Sumerford served the cake and Betty Hamilton poured punch. Nancy Burrows registered the guests. Others in the house

party were Mrs. James Killian, Barbara McGee, and Mesdames Don McCullough of Amarillo, Jack McCullough of Clovis, N. M., Otis Burrows of San Bernardino, Calif., Ralph McCullough, Floyd West and Elmer Patterson.

For the wedding trip to Tennessee and points south, the bride chose an original Michel suit of imported brown Italian silk with accessories in avocado green. She also wore the orchid detached from the wedding bouquet.

Mr. and Mrs. Crosthwait Observe 50th Anniversary

Friends and relatives called between 3 and 6 p.m. Sunday at the home of Mr. and Mrs. Buford Crosthwait to share in open house festivities and congratulate his parents, Mr. and Mrs. I. O. Crosthwait, on their golden wedding anniversary.

Hosts for the anniversary open house were the couple's children Mr. and Mrs. Buford Crosthwait, Mr. and Mrs. Frank Daniel and Mrs. Hewitt Hansen of Dallas.

Gold colored flowers were arranged in bouquets about the house and the refreshment table, laid with a white linen cloth, was centered with an arrangement of golden gladioli in a crystal bowl. The couple's two granddaughters, Carla Sue Crosthwait, and Dorothy Faye Daniel presided at the punch bowl and guest register alternately. Mrs. Leland Terrell and Mrs. Floyd Seaman of Plainview, nieces of Mr. Crosthwait, presided over the lovely array of gifts. Mrs. Bruce Wooddell of Dimmitt and Mrs. Dale Tinnin assisted in the house party.

Wed in Oklahoma

Only relatives and a few close

friends were present for that long ago ceremony uniting Miss Hattie Bostick and I. O. Crosthwait in Pauls Valley, Okla., Aug. 7, 1905.

Following the simple home wedding the young couple left by train for Avoca, Tex., and a farm where they made their home. Although they lived on the farm two years, Mrs. Crosthwait never really overcame her fear of being left alone with neighbors so far away. At harvest time she would drive the wagon and help harvest the crop so she wouldn't be left alone all day.

After the second year on the farm they moved into town and built a new home. There Mr. Crosthwait carried the mail on a rural postal route. Three of their four children were born in Avoca.

Then they moved to Norman, Okla., where he went into the grocery and market business for himself. Their youngest daughter, now Mrs. Hewitt Hansen, was born there.

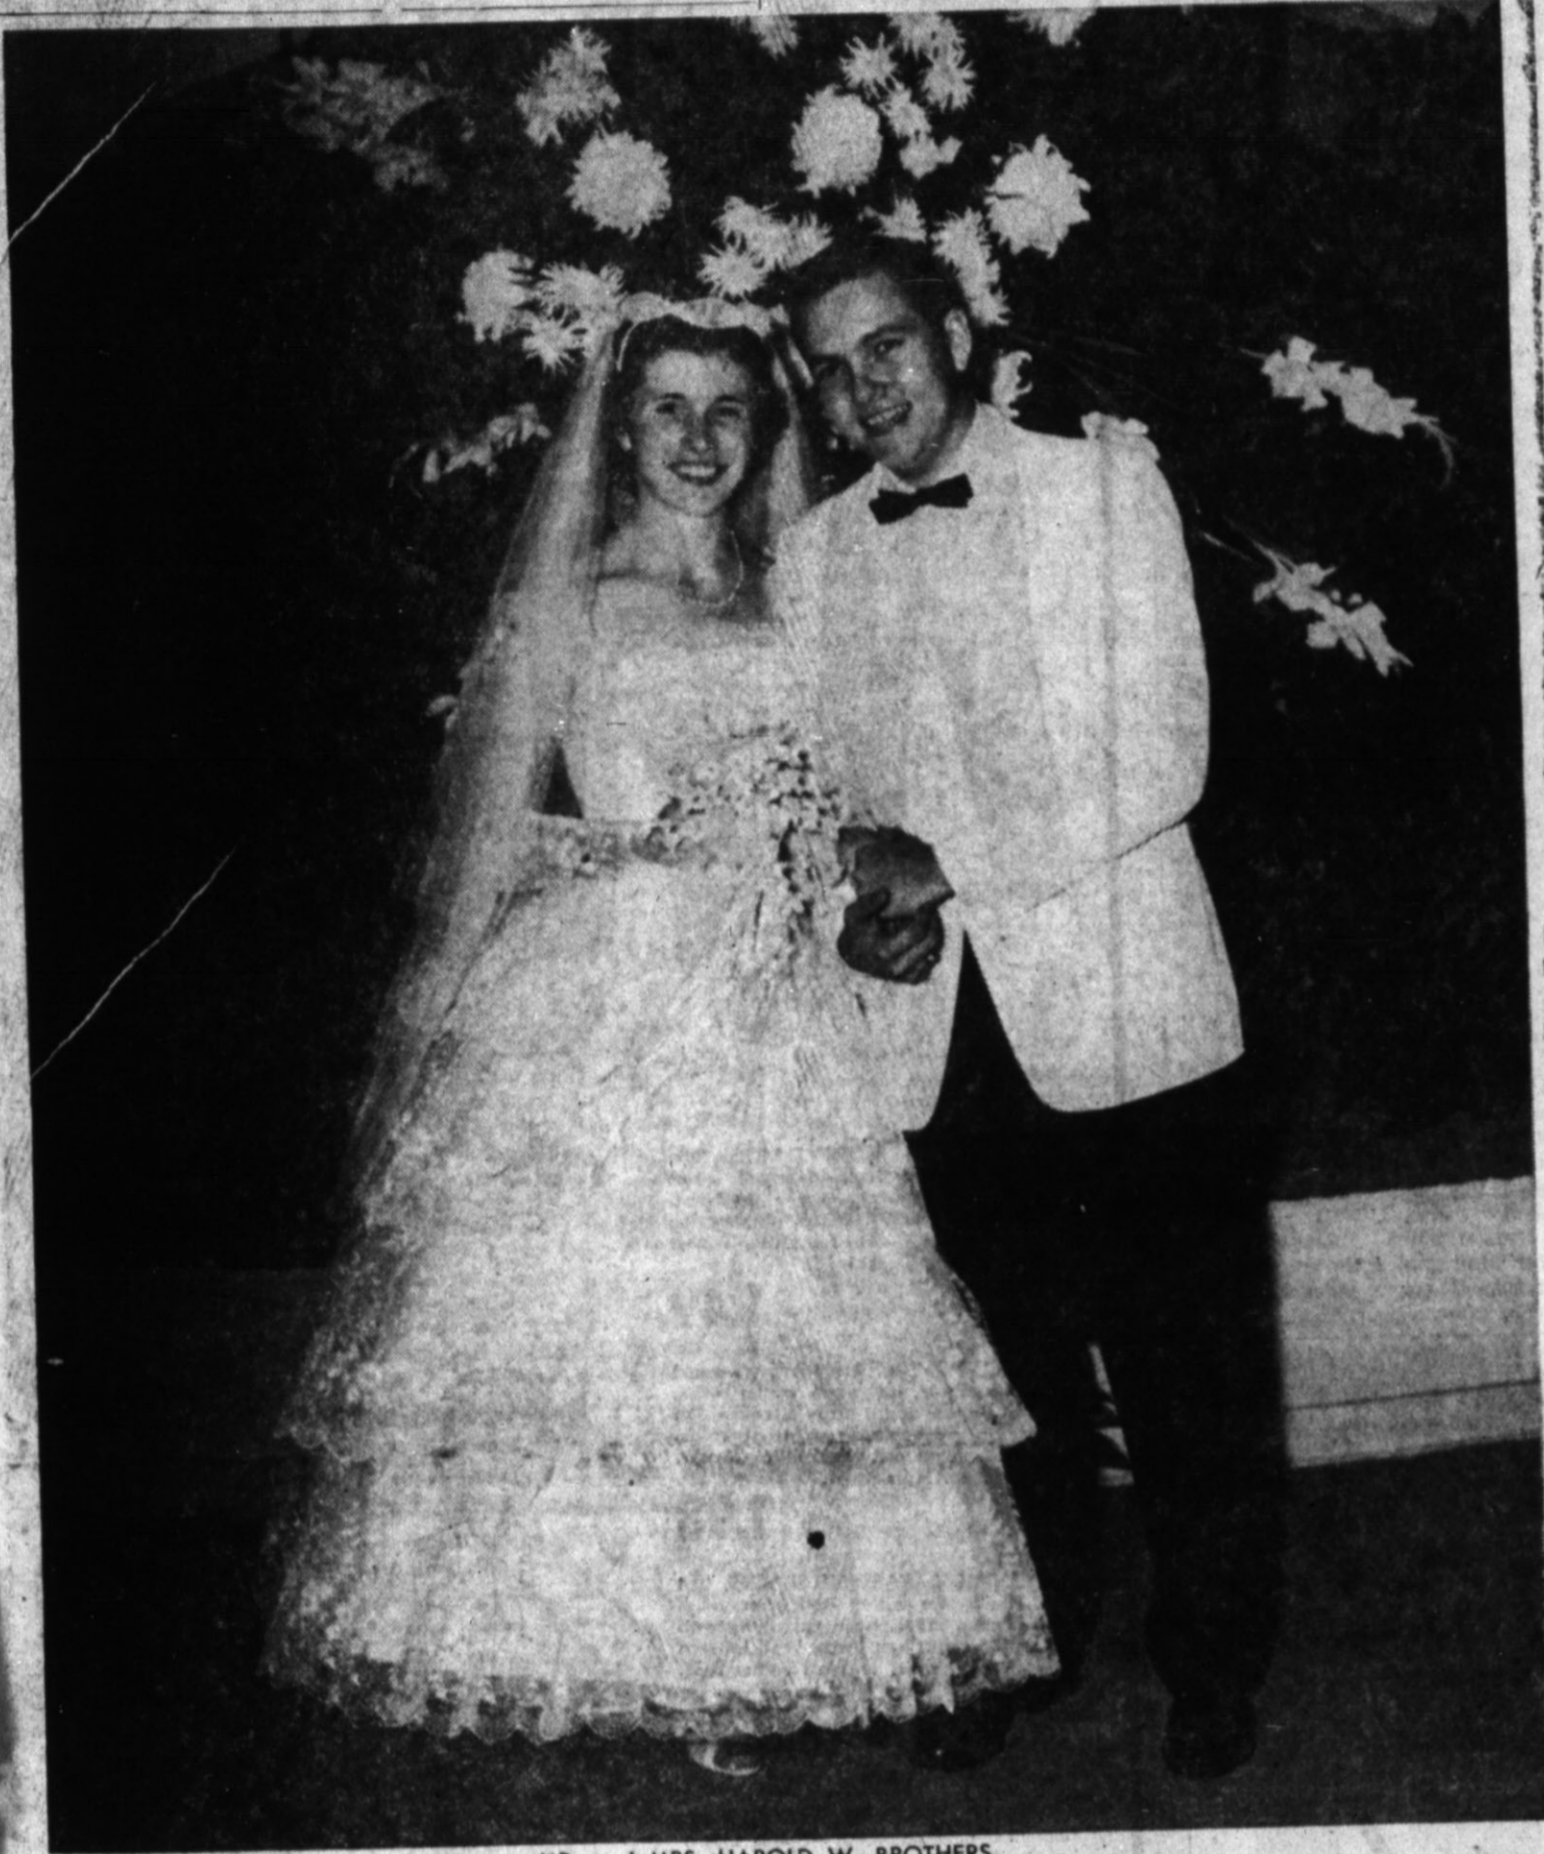

Deciding they liked Texas best, they moved to Plainview and then to Hereford in 1926. He established a meat market in the Purcell Gro-

cery Store here and later went into the restaurant business which he has continued except for a brief period of a few years.

Both are members of the Presbyterian Church and take part in local church activities. They share the same hobby of gardening. She takes to the vegetables and he likes to work with the flowers. Their chief interest centers around their three grandchildren who live in Hereford and visit their grandparents often.

Out of town guests included Mr. and Mrs. Jim Crosthwait, Mr. and Mrs. Floyd Seaman and children, and Mr. and Mrs. Leland Terrell of Plainview. Mr. and Mrs. E. M. Harrow and Mrs. Sue Brown of Lubbock, Mr. and Mrs. Bruce Wooddell of Dimmitt, Mr. and Mrs. Kolly Harrison and daughter Carol Ann and son A. D. Harrison of Plainview and the daughter Mrs. Hewitt Hansen of Dallas.

"We have had a happy half-century together and I doubt that we would change much of it if we could," Mrs. Crosthwait remarked as she recalled the events of the years.

Dee Dodson To Quit Walter Rogers' Staff

Dee Dodson, top secretary to Rep. Walter Rogers of the Panhandle district, says Washington is an interesting place to live and work—for a while, that is. He's going back to Texas with his wife and three children.

He's not sure at this point just what he will do, but presumes he was with the 31st state judicial district court in Pampa before coming to Washington with Rogers when the latter took his seat in Congress Jan. 3, 1951.

Dodson plans to leave Rogers' staff after getting the summer congressional office opened at Amarillo after adjournment.

**AN ELECTRIC FREEZER IS A
Flavor Saver!**

Two Styles... Time Saving... Economical...
There's room in the smallest kitchen for a food freezer — so take your choice — upright or chest type.
Go to the store when you want to — that makes shopping a pleasure — and keeps you in command of your time and budget.
Spur-of-the-moment meals, without a freezer, have a way of being expensive. You're ready, though, with a freezer, for economical last-minute meal planning.

Freezing "locks in" the goodness that Nature gave the fruits and vegetables you enjoy so much. Keeps all the vitamins and nutrition in the foods, too.

A home freezer will pay for itself in economical purchases when quality is high and price low.

You can bank on a food freezer for money and flavor dividends — all year long.

Tynes Mark Golden Wedding Anniversary

Mr. and Mrs. R. A. Tynes were honored by their children: Mrs. Gerald Ramsey of Dallas, and Rex Tynes of Albuquerque, N. M., at an open house held here in the Tynes' home Sunday evening in celebration of their golden wedding anniversary. Approximately 70 of their close friends and relatives attended the affair.

The numerals "50" in gold and gold colored flowers were prominent in decorative appointments. The refreshment table was laid with a floor length cloth of white nylon and satin, and centered with an arrangement of gold roses, spi-

der chrysanthemums and gilded fern on an old fashioned gilded cake stand. Gold flecked tapers in tiered candelabra flanked the arrangement and gold lace streamers extended across the table. Cake squares led in white bore the numerals: "05-55" and the names "Rex and Caroline" in gold lettering.

Assisting in the house party were Mesdames F. M. Kester, J.B. Elliston, J. M. Gilliland, Arthur Thompson and Mrs. Rex Tynes of Albuquerque, N. M. The couple's granddaughter, Virginia Tynes, secured names for the guest register.

Native Texans
The Tynes are proud that they are native Texans. They were born in Franklin and lived there until the time of their marriage. They met at a party when he was home from college for the Christmas holidays and after he received his degree in pharmacy from the University of Texas, they were married in the home of his parents in an early morning ceremony.

Both Mr. and Mrs. Tynes have interesting hobbies. His main hobby is chess and at one time he held the chess playing state championship for two years.

She has done quite a bit of china painting and likes to experiment with growing flowers, but her delight in cooking prompted her to collect recipes through the years. When they lived in Lubbock several years ago she turned this hobby into a remunerative business, operating a tea room there for a few years. When they returned to Hereford she opened the Tynes' Party House and put many of her treasured recipes to good use.

She is a member of the First Christian Church and has been active in church affairs until a recent illness. He is a member of the First Methodist Church but attends her church when in Hereford. He is presently employed as a pharmacist in Groom.

Besides the two children, the

couple has five grandchildren, all of whom attended the wedding anniversary observance.

WCS Circles Hold Sessions

Alesia Circle of the Woman's Society of Christian Service of the First Methodist Church met in regular session in the home of Mrs. Bob Lindsey Wednesday afternoon. Mrs. L. J. Jones gave a report of the School of Missions held recently in Lubbock.

The theme for the afternoon's program was "Brotherhood" with Mrs. Bill Stanford giving the devotional lesson based on that theme. Mrs. Craig Johnson presented the program.

At the conclusion of the session, Mrs. Wayne Newsom, who is moving soon to Dumas, was presented with a gift from the group.

Lutite Fox Circle held the regular meeting in Ward Hall Wednesday afternoon at 3 p.m. The program on "The History and Philosophy of Settlement Houses" was presented by Mrs. J. F. Ward and Mrs. Dean Bishop.

The next meeting of the group will be held on August 24 in Ward Hall and will be in the form of a "get acquainted" party.

Mr. and Mrs. Ray Johnson and Mr. and Mrs. Lloyd Lookingbill of Summerfield are spending this weekend with friends at Tres Ritos, N. M.

Dr. and Mrs. Wm. P. Phillips of Hillsboro were guests of Mr. and Mrs. A. O. Thompson Wednesday. They were en route to the Goriotta Baptist Encampment. At one time Dr. Phillips was state Baptist S. S. secretary and also served on the Baptist Board of Missions at Nashville, Tenn.

Lajeon Latham Honored At Shower Tuesday Afternoon

Miss Lajeon Latham, bride elect of Joe Henry of Happy, was favored at a shower courtesy given in the home of Mrs. Dale Tinnin on Tuesday afternoon. Co-hostesses with Mrs. Tinnin were Mesdames S. L. Thornton of Friona, Bruce Woodell of Dimmitt, B. Y. Crosthwait, W. J. Reeves, Sam Patterson, Alton Nikleson and John Kelly.

Those making up the receiving line were the bride-elect's mother, Mrs. M. R. Latham, and the honoree, Mrs. E. W. Dodson of Midland, grandmother of the future bride, Mrs. Nina Latham of Lubbock, also a grandmother of the honoree, Mrs. O. O. Henry of Happy, the prospective bridegroom's mother, and his aunt, Miss Maude Dowdy of Canyon.

The refreshment table was laid with a cutwork linen cloth with

underlay in burgundy and centered with an arrangement of snapdragons and asters in burgundy and white, and Bells of Ireland. Streamers extending from the arrangement were in burgundy satin and bore the gold lettering "Lajeon and Joe-Sept. 5."

Mrs. A. R. Latham and Mrs. Leonard Latham, aunts of the bride-elect, presided and Miss Sue Barnard and Miss Donna Woodell presided at the bride's book of names.

Informal piano music was provided during the calling hours by Gayle Gault, Carla Sue Crosthwait and Karen Sue McGee.

Out of town guests attending the shower courtesy were Mrs. A. M. Armstrong, Mrs. Pete Petiet, Mrs. Darrell Fishback, Mrs. D. M. Tipps, and Mrs. Sam Whitner, all of Ropesville, Mrs. E. W. Dodson of Midland, Mrs. Nina Latham of Lubbock, Miss Maude Dowdy of Canyon and Mrs. O. O. Henry of Happy.

Lenderman Helps Plan C-C Course

ABILENE (Spl.)—W. M. Lenderman, manager of the Deaf Smith Chamber of Commerce, has been appointed a member of the West Texas Chamber of Commerce subcommittee which will plan the curricula for this year's Chamber of Commerce Managers' Short Course.

A. C. Bishop, manager of the Sweetwater Board of City Development, chairman of the WTCC Community Services Committee, made the appointment. The group met at 1:30 p.m., August 10, in the office of the Lubbock Chamber of Commerce.

WTCC President Ray Grisham of Abilene, Ralph Duncan, manager of the Community Services Department, and Fred H. Husbands, executive vice president and general manager also attended the meeting.

Purpose of the annual one-day short course is to review fundamentals of good operational practices for modern chambers of commerce. In addition to managers, a number of presidents and office secretaries attend the course

each year.
Daleine Tinnin is expected to return home today after a week's visit with an aunt, Mrs. Emmitt Lynch and family at Ralls.
Mr. and Mrs. Wm. D. Hawkins and children of Tulla were in

Hereford Monday visiting with their parents, Mr. and Mrs. C. M. Hicks and Mrs. D. W. Hawkins.
Mrs. Elizabeth Calet of Indianapolis, Ind., is a house guest in the home of her sister, Mrs. Earl Phillips. She is also visiting her brothers Paul and Roger Corbett.

Irrigation Picture Looks Bright In View Of Recent District Water Tests

Recent releases of figures showing high plains water district estimates concerning the drop in underground water tables in Deaf Smith County has created considerable discussion during the past week.

As to accuracy of the figures we cannot say. We do feel, however, that they have reason to be fairly accurate. What is more, the figures indicated a much better condition than most people had deep down in their hearts expected.

A drop of 8.7 percent in 17 years, on the surface, indicates that the underground water should continue for another 150 or 200 years. However, 70 percent of the amount, according to the records, has been used within the past five years—which would cut the lifespan of the water down to something like 100 more years. There are other factors, too, such as the increasing number of wells, improved pumping methods and more intensive cropping.

It is felt that the present drought over the past five years has been one of the most severe in the history of this country, and that in years of normal rainfall the consumption of underground water will decline, perhaps even to the point of allowing additional recharge of the reservoirs.

acreage controls. Guaranteed price supports have contributed heavily to expansion of irrigation wells, chiefly because they removed the greatest gambling factor in farming. Coupled with this was the acreage control methods used to curb production. Farmers with irrigation wells naturally turned to produce everything possible on every acre -- and still remain within compliance regulations. Looking at this situation closely, it definitely appears that Hereford's future irrigation usage is closely connected with the future farm programs of the nation. This factor has perhaps had more effect upon the situation than has even the extensive drought.

All in all, the tapping of underground water is comparable to the mining of ore, or other valuable assets. The time to use them is when they are most needed--and when they will return the greatest material benefits. Important strides have been made in the growth of food in the world's oceans. It is more probable than most of us realize that within the next 100 years most of the world food supply will come from this source. To say the least, very few people are going to spend extra money irrigating crops if nature will supply ample moisture, without costs, in the form of rainfall.

Taking even the most dim view, on the other hand, it is satisfying to realize that at least two more generation of Americans will enjoy the benefits of irrigation in this area. Meanwhile, we can add even a few years to that figure by exercising care and caution in the use of irrigation water economically and to the best of our interests.

A Word Of Thanks To Wayne Edwards

Resignation of Wayne Edwards this week as a member of the Hereford City Commission brings to a close almost four years of service on the part of an unselfish Hereford citizen who, along with others now hold and have similar positions.

Few people fully realize the responsibility, the effort and the time required to hold a community office. In addition, most of us are quick to criticize and slow to praise our public officials. This is true of both city and school officers, who also operate without adequate pay -- as well as thanks.

Most officials we have known, especially on city, school and county levels, have done their best to do a good job in office. Some officials slide through without hectic problems such as widening highways, building new schools or other major programs. When these circumstances do arise, however, the average holder of such office is literally "in for it" in a big way. Regardless of the route he takes, he is bound to be censured, blamed and accused. All he can do is figure out the best policy in the interest of the people -- and plow through his task.

This is the procedure which Wayne Edwards and other members of the City Commission have, in our opinion, followed. We are sure that they have made mistakes along the way but, always, their hearts have been in the right place.

Running the City of Hereford is a big job and The Brand takes this opportunity of saying, "Thank you", to Commissioner Edwards, for a job well done.

QUESTION OF THE WEEK

Everyone Asked Agrees Vacations Are Beneficial

Everyone looks forward to vacation time, but many return from their trips more worn out than they were when they left. Do you consider the vacation beneficial?

Mrs. W. F. Gillis:
I think it is beneficial and restful because of the changes in scenery, climate and food and meeting new people.

Mrs. Henry Murrell:
I think everyone should try to take a vacation because just being away for a while rests a person and when they come back are much more satisfied and will do their work better.

Vondell Edwards:
Even though we come back tired physically, I think it does us all good to get away from things. It probably wouldn't be so tiresome if we didn't try to crowd so much into it.

Mrs. Frank Cogdell:
I think a vacation is beneficial because it's fun to get away from the same routine. Though I may not be rested, I do get a new prospective of things.

Mrs. Roger Corbett:
I think vacations are beneficial because a change of scenery does anyone good.

R. W. Sparks:
Even though you may be tired when you get back it is a different kind of tiredness than what you have when you're home. For me, it's a chance to get my work and problems off of my mind for a few days.

Mrs. L. C. Thomas:
It is beneficial because it gives you a different activity than what you are used to even though it does make you physically tired.

Mrs. W. A. Waters:
On my trip I had a wonderful time and would have been willing to turn around and go back again, although, it was good to get home.

Dick Walker:
I think a vacation rests you from what you've been doing all the time; although, I'll admit that it can be very tiresome.

'Tater Peelin's' by Roberta Campbell

Here we are reminiscing again. The 4-H Girls Dress Revue yesterday reminded us all of the welcome signs we saw in Wyoming and Montana that had been put up by the 4-H clubs. Now we are wondering why we don't have more of them at county and state lines in this section of the country. Maybe the youngsters have too many other projects to get into sign painting, but it is a nice gesture and one that definitely puts emphasis on 4-H club work. However, we feel about the road signs like we do all others, that if the marker isn't neat and well balanced, the people putting it up have defeated their purpose. A poor grade of advertising always make a customer feel that the product is also poor.

But the dresses worn in the show on Thursday were certainly a compliment to the girls, their leaders, and the Home Demonstration agents.

We are amazed at the ability of even the smallest club members when it comes to putting a garment together.

Have you seen the Lions Club's latest project. The littlest kiddies seem to be getting a lot of pleasure out of all the playground equipment that has been set up for their special amusement. We hadn't been down Park Avenue since it was installed until last week and we were pretty surprised to see all that had been done lately.

We don't know when we have been happier over a rain than the one which came last week. All the extreme heat and hurricanes elsewhere over the country make a good general rain, without wind damage or hail, seem like all a farmer could ask for.

Community Builders

By MARGARET ALSTON

You can go a long way before you would find such a school system as we have here in Hereford; and much of the credit can go to George Graham, superintendent of the Hereford Schools, who has seen our school system and attendance nearly triple in the past 11 years.

When Graham came to Hereford, it was practically a two school system. Compare that to what we have now and you will see the progress that has been brought about by a lot of hard work and cooperation. The result is that we now have a four school system, two of them being beautiful new schools and another school on the way, with still another District school at Westway.

George Graham is not only known throughout this area as a man who has worked hard among public school systems, but is also nationally known for his work. He was listed in the 1953-54 edition of Who's Who in American Education.

Born in Rust Springs, Okla., March 22, 1911, he received his BS and Master of Education degrees at West Texas State College in Canyon.

Graham has always been a teacher. His first job was in Floyd County as a teacher in a rural school. Since then he has taught in many other places and gained much recognition and experience.

On Aug. 23, 1933, he was married to Mildred King in Plainview. The Grahams have two children, Ray Logan and Peggy June.

A member of the First Baptist Church, Graham has always been active in church work. He now serves as a deacon.

Graham is also a member of the Lions Club and is a Scottish Rite Mason.

In 1946 the Grahams moved from Dalhart to Hereford when he became superintendent of our schools. Since coming here, he has served as past president of the Texas Panhandle School Leaders Association, and is now vice-president of the District 9 of Texas State Teachers Association.

George Graham, like other business and professional men in town, believes that it is a necessity for Hereford to have an airport if they are to have some kind of industry.

"Hereford is a very clean and progressive town and a wonderful place to rear a family, and has a great deal of potential," says Mr. Graham.

"Since we are to get a new school, the problem of classroom shortages will be temporarily alleviated, but not for long if Hereford keeps growing as it has in the last few years."

"Building and maintaining a school system is a trying job and sometimes differences occur. I've been most fortunate in having an excellent faculty and co-workers who have coped with many difficult situations and conditions. I express my appreciation to them."

Graham's hobby is fishing but he said with a smile, "but not catching them."

HUMOR FROM OTHER Columnists

"Hot weather here reminds me of a story about a fellow registering in a hotel who asked the clerk if he could run cold water through his radiator to cool his room. The startled clerk replied that was impossible. Don't see why, the fellow said, you did it last winter." Ed Watson reports in his "This 'N That'" column in The Conroe Courier.

Bill Perkins, writing in his column "Plain Talk" in The McLean News says, "A man owes it to himself to become successful. Once successful, he owes it to the Bureau of Internal Revenue."

And Paul Crume of The Dallas News tells about the bachelor of many years' Dallas experience who is now working out over the state who went into a Bryan store the other day to buy a handkerchief merely because he had forgotten to bring one that day. He suddenly found himself gazing rather shell-shocked at one of those low, square-cut necklines on the gal behind the counter. When he finally escaped the store, he found he had bought a shirt, a pair of pants, some socks, some shorts and an undershirt -- no handkerchief.

"Uncle Zeb" in his "Plowing Out the Corners" column in The Donley County Leader, quotes Rep. Walter Rogers as telling about the preacher who said, "The cry of a baby in church is much sweeter music than the song of a saint."

HIGHWAY TO BE WIDENED IN FRIONA

Widening of Highway 60 through Friona along the present route seemed eminent this week, with all but two landowners along the route having signed easements. Blueprints call for a four-lane, divided route through Friona, with paving being 80 feet from curb to curb, flanked by 10 foot areas on each side to allow room for parallel parking or for sidewalks. This alteration of the Friona section of highway was proposed by the State Highway Department after a road count indicated over 2300 vehicles per day using the route. Widening and dividing of the present route was proposed as alternative to re-routing of the highway around town.

HOCKLEY COUNTY TO GET IRON LUNG

The Exchange Club sponsored drive for an iron lung for Hockley County has gone over the top with contributions collected in less than two weeks totaling \$2,611.40. A committee has been appointed to purchase the iron lung and accompanying exhaier, inhaler, and additional gaskets, needed in case of emergencies. The over total of all equipment, plus freight expenses has not been figured, Gil Patschke, club president, said, although the iron lung itself will cost \$2400.

The BOOTLEG Philosopher

(Editor's Note: The Bootleg Philosopher on his Johnson grass farm thinks he has found a man who thinks like he does, his letter this week reveals.)

Dear editor:
When a man has his own opinions confirmed, it makes him feel good.

I read in a newspaper last night about a big industrialist who has turned his resort home over to a bunch of big brains for two weeks of meditation and loafing, and right now they're up at his place, taking things easy and thinking.

The newspapers seemed too thick this was unusual and news worthy, but I'd like to point out it's the system I've been using for years out here on my Johnson grass farm.

As I understand the deal, this industrialist invites a bunch of scientists, business men, professors, etc. to come out to his place and just loaf. He doesn't assign them anything to think about, just lets it develop. His contention is that if you turn some good minds loose and let them pursue their own course with all the leisure they want, something is bound to result.

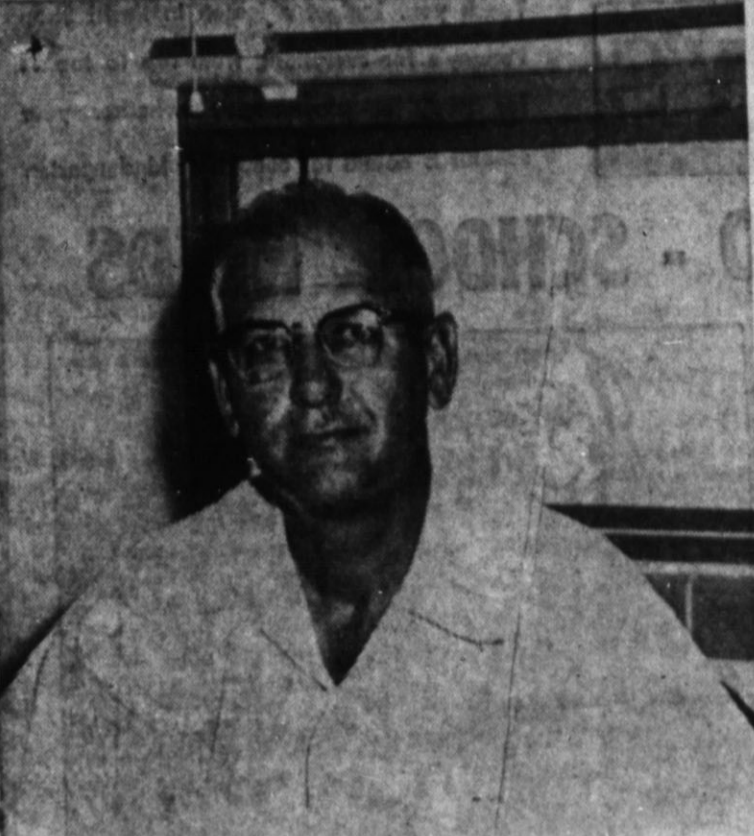

I believe he is absolutely right, and I have clipped the article out of the paper and have pasted it on the wall, to explain my absence during plowing weather to my wife.

However there is one flaw in his system. He invites the brains to come out and think for a couple of weeks. It's not long enough.

It takes a lifetime. Thinking is not something a man can decide he will do between 10 and 10:30 each morning, or for two weeks in the summer, its something he has to stay with pretty close, day and night, week after week, right through one crop season and into another. A man who lets his work get in the way of his thinking, ain't thinking hard enough.

But the industrialist has the right idea, he doesn't expect anything definite and positive to come from the thinking session. That's the way it ought to be. Lots of times I've spent the whole day thinking and when my wife asks, well, what came of it, what conclusions have you arrived at, I have no answer. There are some thoughts so profound they can't be expressed, and they're the safest kind to deal in.

Yours faithfully
J. A.

At The Movies

Rory Calhoun portrays a former GI who is now working as a mountain guide in the Rockies and is suddenly reunited with an old army buddy, played by Ray Danton, in the season's most suspenseful outdoor drama, "The Looters."

When Calhoun and Danton discover that a commercial airplane has crashed in the area they scale the rugged mountainside to learn that only four persons have survived the crash, and that one survivor has uncovered a strong box carrying \$250,000 in cash in the plane wreckage.

"Land of Fury," showing Sunday and Monday at the Tower Drive In, stars the ever-popular Jack Hawkins, as a cashiered seaman seeking a new life in that uncharted island, and lovely Glynis Johns, as the bride who shares his exile. Laya Raki plays an uninhibited Maori beauty who dances and bedevils Hawkins into violating the island tabus and bringing the wrath of the head-hunting tribesmen down on the tiny British settlement.

John McCracken To Get Degree At Texas Tech

John Martin McCracken of Hereford will be among the more than 320 Texas Tech students to receive degrees at summer commencement exercises Friday, August 25.

McCracken will receive a bachelor's degree in animal husbandry.

This year's exercises will be held on the Administration Building green, beginning at 7:15 p.m.

Commencement speaker will be the Honorable Waggoner Carr, Lubbock member of the Texas House of Representatives and a member of the Texas Tech class of 1940.

Rev. Paul F. Heberger, pastor of St. Paul's Church of the Plains in Lubbock, will deliver the invocation with Father Edward Lyons, St. Elizabeth's Catholic Church, pronouncing benediction.

Commencement music will be provided by a Tech vocal quartet consisting of Mrs. Robert Gaston, soprano, Mrs. T. J. Lovett, contralto, Ira Schantz, tenor, and Eudell Spitzer, bass. The quartet will sing Rossini's "Hear Us, Lord" from Stabat Mater. Mrs. S. H. Lee, organist for St. John's Methodist Church in Lubbock, will play the processional and recessional music for the service.

Jim Combs Taking Driver Education Course At O. U.

NORMAN, Okla., (Spl.) — Jim T. Combs, 615 Blevins St., Hereford, is attending the University of Oklahoma's annual driver education course which runs through August 19.

The session is offered each summer by the University for high school teachers who want to qualify as instructors in driver educa-

tion. Those attending are studying driver qualifications, psychological and written tests, various recommended methods of driving instruction, and are doing practice teaching.

A road test in traffic, consisting of over 100 items, will be given and scored by each member of the class. Administrative problems under consideration are how to fit the course into the daily high school program, equipment, liability, and costs.

The institute staff is headed by

Lennie Gilliland, director of safety education for the Oklahoma City public schools, who received his Doctor of Education degree from OU earlier this month.

Others on the staff are Standler Keas and Henry Vaughan of the State Department of Education; Dr. Frank Balyeat, OU professor of education; Lt. O. B. Patterson of the State Department of Public Safety; Bob Eastman, manager of the Oklahoma Safety Council; Dan Hollingsworth, manager of the Oklahoma City Safety Coun-
