Easter Community Hatches Out New Postal Substation

Easter Community hatched out its newest addition Wednesday morning, a postal substation. The community, which is located about 12 miles south of Hereford in Castro County, will have a small post office, under the supervision of the Hereford Post Office.

Letters flocked in from stamp collectors in Texas and 12 other states for the first day cancellations. Such a cancellation is a feather in the cap of any serious stamp collector.

And the cancellation, which says "Easter, Texas" is the only such Easter postal designation in the United States, according to Hereford postmaster, Florence Traweck.

Herman Paetzold, who serves as postal clerk at Easter, said there were about 75 such letters on hand Wednesday morning.

The substation is located in the Easter Community Store, which is operated by Paetzold and Bill Massie.

Request for the substation was made by Paetzold and Bill Waldrep. Approval was granted about a month ago by the United States Postal Department.

Hershel Young, Hereford's rural carrier for Route 2, will carry the mail to and from Easter each day.

The substation will serve six community businesses and an estimated permanent population.

Sandra Roberson Places In Test

Sandra Ann Roberson, a Hereford High School student, was one of eight senior girls receiving honorable mention in the recent Texas Betty Crocker Homemaker of Tomorrow contest.

The test in the sixth annual homemaking program was designed and judged by the Science Research Associates of Chicago.

Earlier in the year, Miss Roberson was named as Hereford's entry in the state contest. Francis Ann Caffey of Hawkins High School, Hawkins, was state winner.

Rigid Control Sugar Act Holds Key To Beet Plant

By H. A. TUCK BRAND NEWS EDITOR (Editor's Note: This is the fourth and final article in a series designed to acquaint the public with the economic impact, background and history of sugar beets and the effect that location of a sugar refinery in the county would have.)

Key to the whole battle being waged by local agriculture and business leaders to get a sugar refinery located here is the United States Sugar Act, often termed one of the most effective pieces of farm legislation ever enacted.

Basically, local leaders want to amend the Sugar Act in two ways.

Easements For Farm Road Top County Session

Needed easements along proposed Farm - to Market Road 2597 were discussed during the County Commissioners meeting Monday. The road, which will run west from Ford, has been approved for paving by the Texas Highway Department.

Commissioner Donald Hicks, in whose precinct the road is to be located, said he felt all easements would be granted in the near future.

Commissioners also conferred at length with architect John P. Work and contractor Bascom Timmons, both of Amarillo, in regard to progress of the new jail and courthouse renovation.

County Judge H. E. Henslee recessed the court until 10 a.m. Thursday, March 17, when additional business is to be taken up.

supply by means of a marketing quota system. The basic elements of the Sugar Act includes: 1. A determination by the Secretary of Agriculture of the quantity of sugar that will be needed to supply the nation's annual sugar requirements at prices reasonable to consumers and fair to producers. 2. A system of marketing quotas, in a pattern established by the law, which allocate the United States sugar market among the domestic producing areas and the foreign supplying countries. The total of the quotas equals the Secretary's estimate of our sugar needs. 3. Marketing allotments which

may be used for allocating each domestic area's quota among the various sugar companies in that area. 4. Acreage controls designed to adjust production in each domestic area to fit the current quota for that area. 5. The final instrument is a tax - and - payment system used as a device for enforcing various restrictions imposed on farmers by the Sugar Act. The tax, which amounts to 5 3/4 cents per hundred pounds of refined sugar, is collected from the various processors and refiners. Under terms of the participating contracts which govern sugar

Expect 150 For D. E. Banquet

About 150 are expected to attend the annual Employer - Employee Banquet, sponsored by the Distributive Education class of Hereford High School, in the high school cafeteria Friday night.

State Sen. Andy Rogers will be keynote speaker for the affair. A total of 35 firms will be represented by employers and students.

The banquet was originally scheduled for Feb. 19, but a District playoff basketball game in Canyon on the same night postponed the affair. It was re - scheduled for Friday, March 18.

Buddy Godwin will be master of ceremonies, and student employees will introduce their employers.

Ronnie Byers will give the welcome before the dinner, which will be served by home economics girls at the high school. The high school Girls' Sextet will give a program of vocal selections.

Sen. Rogers will be introduced by Bill Stanford, principal at Hereford High. Lynn Thompson will play dinner music at the piano.

Barbara Jacobs will give the invocation and John N. Messenger will give the benediction.

DE Club officers include Ronnie Byers, president; Glenna Bellar, vice - president; Sandy Blythe, secretary - treasurer; Betty Walsler, reporter; Zell Crump, sweetheart; and Audrie Self, parliamentarian.

Kenneth E. Hart is coordinator of the class. The advisory (Continued on Page 2)

Six Supply Blood For Claytonite

Six Hereford residents supplied an emergency need for Type A, RH Negative blood for a Clayton, N. M., woman suffering internal bleeding Saturday night.

As the supply of that type blood had been exhausted in the area around Clayton and in Amarillo, the request was forwarded to the local Walking Blood Bank, sponsored by Deaf Smith County Hospital and the local Red Cross Chapter.

Six local donors, Bill and Ted Hardwick, Betty Jewell, Bill Dameron, Jim Roberts and Henry Williamson, supplied the blood. (Continued on Page 2)

Tunisian Dairymen Look At Operations In County

By DAN MUDD BRAND STAFF REPORTER Two dairymen from Tunisia, a small republic at the northern tip of French West Africa, visited Hereford and Deaf Smith County Monday and Tuesday this week to study phases of dairy husbandry.

They were Mohamed Sahraoui, 31, of La Rabta (Tunis), Tunisia; and M'Hamed Ali Bouzaiane, 33, of Tunis, Tunisia. Their tour of the local area was conducted by County Agent J. W. "Lefty" Thomas.

Purpose of their visit to Texas and other parts of the United States is to increase the production of milk in their country by the adaptation and implementation of improved management practices and techniques.

"We are very impressed with your county's dairy production and herd management," said Sahraoui.

Bouzaiane added that "we have gathered many ideas to take back to our country."

Both are graduates of the National School of Agriculture in Tunisia. They made studies for four months at Purdue University, Lafayette, Ind., and the University of Columbia, Columbia, Mo.

They arrived at College Station Feb. 28 to begin their tour

of Texas dairy areas and are scheduled to go to Washington, D. C., Saturday before returning to Tunisia.

Since 1952, Sahraoui has been employed as instructor at the Agricultural Services Center in Tunisia, where he teaches, does extension work and analyzes feed and milk in the laboratory.

Bouzaiane has been employed as instructor at the Breeding Section of Secretariat of Agriculture, Tunisia, where he does extension work in animal breeding and research in sanitation and disease control, including milk inspection.

Besides holding a diploma from the Tunisian National School of Agriculture, Bouzaiane completed a two-months school for Artificial Insemination at Rambouillet, France, in 1947.

Sahraoui attended the National School of Agriculture from 1947 to 1950.

Hereford Places Four On I-AAA All-District Lists

Hereford, Dumas and Levelland each placed two and Phillips got one on the District I-AAA all - conference basketball team.

Named from Hereford were Carl Miller and Thomas Coffman, both juniors. Unanimous choices for the first team were Royce Heller, Phillips senior; Doug Cannon, Levelland senior; and John Mooneyham, Dumas senior.

Also on the first team were Roy Sage, Levelland junior, and Quinton Eppinette, Dumas senior.

Dumas, Hereford and Phillips each placed two on the second team, along with a single representative from Littlefield. Named to the second team were Richard Lundy, Dumas senior; Charlie Thomas, Hereford junior; Ronnie Botkin, Hereford junior; Dale Moore, Phillips senior; and Jerry Koller, Littlefield junior.

Heller, Sage and Cannon all were named to the district second team last year, while Mooneyham had been an honorable mention choice.

Choices of the conference cage coaches, who were not allowed to vote for their own players included three - way tie for the

fifth spot on the first team and another three - way tie for the fifth spot on the second team.

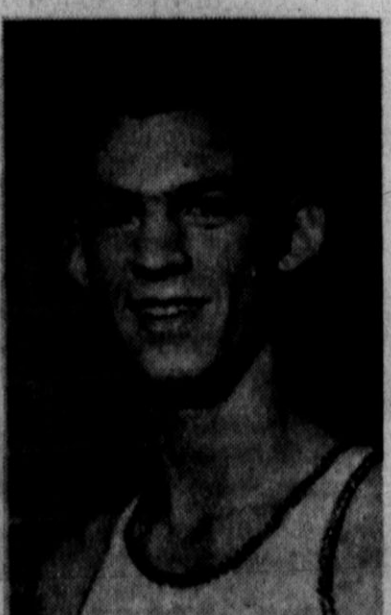

Coaches picked five for the first team and five for the second. Balloting was counted on a basis of five points for first team nomination and three points for second team nomination.

Voting totals included:

- First Team: Heller, Phillips . . . 20; Cannon, Levelland . . . 20; Mooneyham, Dumas . . . 20; Sage, Levelland . . . 18; Eppinette, Dumas . . . 16; Miller, Hereford . . . 16; Coffman, Hereford . . . 16. Second Team: Lundy, Dumas . . . 14. (Continued on Page 2)

It's true! Despite a court fight that is winding its way through a maze of legal technicalities, there is another beverage store going in on the Dimmitt highway. This one, which looks like its almost completed, will be located north of the present store . . . probably in an effort to stop some of the traffic flow from the north. But after, the way things are going last week end, the owners might be wise to install airplane landing strips and not worry so much about vehicle traffic.

Gaming Charge Bonds Forfeited

Two men, Leroy Basil Shields and Odrey Harvey Mann, Wednesday forfeited bonds after being charged with drunk and gaming.

Arrests were made by Hereford officers Metcalf, Robinson and Bartlett after an anonymous telephone call at 3:24 p. m. The officers made the arrests Tuesday afternoon at a West Highway 60 service station.

Shortly after the arrests were made, Elbert C. Pugh filed a simple assault charge against Shields.

The men were released Tuesday afternoon, Shields on a \$75 bond and Mann on a \$50 cash bond.

Hereford High's had a rough time with its baseball games this year. It had the first game with Borger cancelled, played two games at Portales in a cold wind and had its game Tuesday with Tascosa postponed. Friday the team will be in Plainview for what should be a sort of test, since Levelland opened up with a 12-4 victory over Plainview last week. Monday, the Whitefaces will be in Amarillo to play Tascosa the game that was postponed and Tascosa will be here Tuesday for the first home game of the season.

Latest revision of the Sugar Act was approved by President Eisenhower in 1956. Basically, the 1956 amendments again gave domestic sugar producers the right to participate in annual market increases in the United States - a right which had been temporarily waived in 1948 to assist Cuba in effecting a gradual rather than sudden reduction of her sugar production to peacetime levels following the production peaks occasioned by World War II. "In Tunisia," Bouzaiane said, "there are a few 30-40 cow dairies, but most dairies are under 15 cows. The majority of the small dairy farmers milk only during the period when there is pasture or about five to seven months when pasture is normally best."

He explained that year-around feeding is needed to supplement dry pastures in summer and washy pastures during winter and spring to better round out production.

Texas A&M Dairy Department heads chose Deaf Smith County for the Tunisians' itinerary because both are interested in observing dairy operation in the drier areas of West Texas.

While in the area, the two men made personal visits to local dairies and talked with owners and operators.

The shortage of trained personnel in the field of animal husbandry and its related fields is one of the greatest problems in Tunisia, the men explained.

Over-all objectives of their visit include improved milk handling, processing, sanitation and inspection with emphasis on methods adaptable to the situation in Tunisia.

The also are seeking improvement in pasture management, forage production and feeding programs that will increase milk production, with emphasis on maintaining year-around high level production.

Their studies here have included fundamentals of breeding programs.

# Program Given Here By Composer - Pianist

In observance of Texas Composers Day, the Hereford Music Study Club presented Mrs. Charlotte Ingham Word, composer - pianist, in a program of her own compositions on Monday afternoon, March 14 at 3 o'clock in the auditorium of the First Baptist Church.

(Staff Photo)

Mrs. Word, who is well-known through music circles in the state and especially in the Panhandle area, has written numerous compositions for piano, voice, organ and violin. She has had eight musical numbers published, including some choral works, and has won several musical awards. She received her training at Oberlin Conservatory of Music.

Inspiration for her compositions has come from times of joy, such as music for her daughter's wedding, her beautiful sacred numbers from the depths of despair, or from necessity. When she could not find the right number for a piano pupil, she would write one.

Besides the busy life as wife of the S. J. Ranch foreman, Millard Word, and mother of three children, she has always been active in her church. For several years she has taken a great part in promoting the World Day of Prayer, and has written some of the programs used in that observance.

She was assisted on the program by her daughter-in-law, Mrs. Millard Word Jr., vocalist, and by Mrs. Howard Scott, organist.

# Programs Being Held On Clothing Care, Economics

**BY MRS. ARGEN DRAPER** Dyalthia Benson,  
At the present time we are working on Clothing Care and Family Economics. The sub-committee on these two subjects are putting out an enormous amount of effort to work up programs which will be of interest and of value to the families in this area.  
The Family Economics Committee of the county Program Building Committee reorganized recently. The new chairman is

The committee appreciates Dyalthia's interest in families and her untiring effort in helping families help themselves. The other members of the committee are Mrs. M.C. King, Mrs. H. L. Hershey, Mrs. Paul Corbett, Jack Kassahn, Mrs. Bruce Carter and Bill Decker. Walter Johnson and Mrs. T. J. Parsons attend as ex-officio members. Mrs. Parsons is chairman and

Walter is vice-chairman of the County Program Building Committee.  
The group is very interested in getting Lloyd Sharp to work on the committee. The committee feels that Lloyd has had excellent experience and would be a valuable member on this committee as he is associated with Lone Star Insurance Agency. He feels that the committee might be taking too much time.  
You will be hearing about the excellent plans the committee has made on "money management."

The Clothing sub-committee met on March 1 and welcomed a new member, Gwynne Owens. He has been a good deal of help on Clothing Care. Gwynne is president of the local Dry Cleaners Association, Mrs. A. J. Beznar and Mrs. J. W. Stengel are the 4-H representatives on this sub-committee. The members who have served for several years are Mrs. H. L. Ward, Mrs. George Turrentine and Mrs. R. L. Wilson. They have made some interesting plans for the next 12 months.  
A suggestion that Gwynne Owens made on Clothing Care is to leave spots in clothing to be dry-cleaned, label the spot, and leave the rest to the dry cleaners. He is of the opinion that home-removing spots often sets the stain.  
The families in this area will profit by attending to the programs planned by these two sub-committees.

Dick Plank  
... wins speech contest

## Optimist Speech Award To Plank

Dick Plank, a Stanton Junior High School freshman, won Hereford Optimist Club's annual Oratorical Contest Tuesday noon in the I. O. O. F. Hall.  
As local winner, Plank will go to Lubbock on March 26 to compete in the Zone C, District 7, Optimist Club contest.  
Others giving speeches in the local contest were Billy Hill, Randy Carver, Jackie Walser and John Folkes, all eighth-graders at Stanton.  
Plank spoke of the "Voice of Optimism" to take speaking honors. He will be presented a golden trophy and is scheduled to make speeches before other Hereford groups before going to Lubbock.

Judges were Dr. Milton Adams, president of Hereford Toastmasters, the Rev. Hershel L. Thurston, pastor of the First Methodist Church, and Jimmie Gillentine, editor of the Hereford Brand.  
The speakers were under the sponsorship of Mrs. Earl Holt and Mrs. Fred Mercer, teachers at Stanton Jr. High.  
Billy Hill won second place and will receive a silver trophy, and Randy Carver took third place for a bronze trophy.  
Marvin Coffey, an Optimist and chairman of the Boys Work Committee, had charge of the oratorical contest. Timekeepers were Les Combs and John Patton of Hereford.

**PIZZA PRONTO**  
1 package active dry yeast  
3/4 cup warm, not hot, water  
2 1/2 cups prepared biscuit mix  
Dissolve yeast in warm, not hot, water. Stir in packaged biscuit mix and beat vigorously. Turn dough onto surface well dusted with biscuit mix. Knead until smooth, about 20 times. Divide dough into 4 pieces. Roll each piece into an 8-inch circle. Place rolled pieces of dough on ungreased baking sheets or in shallow pie pans. Press circles with fingers to make rims slightly thick.

**Filling**  
3/4 cup chopped onion  
1 chopped clove of garlic  
2 cups tomato sauce  
1 cup sliced, cooked Italian sausage or chopped salami  
Salt to taste  
Pepper to taste  
2 1/2 cups grated Mazzarella cheese or  
2 packages (6 ounces) sliced Mazzarella Cheese.  
1 teaspoon Oregano.  
Mix together the onions, garlic, tomato sauce, sausage or salami, salt and pepper to taste. Spread mixture on circles. Sprinkle with grated cheese or top with strips of cheese. Then sprinkle with Oregano. Bake in 425 degrees F. (hot) oven 15 to 20 minutes, until crust is brown and filling hot and bubbly. Serve at once. Makes four 8-inch or three 10 to 12-inch pizzas.

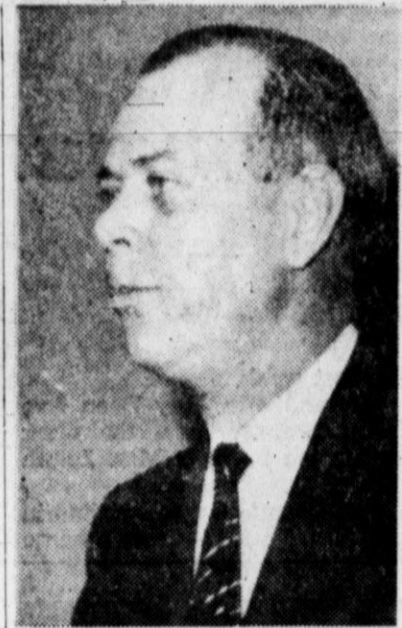

**HELPFUL HINTS:**  
Let Pizza dough "rest" a few minutes after kneading for easier handling.  
If a thicker, more tender crust is desired, cover shaped dough and let rise in warm place about 35 minutes while preparing filling.

## Aikman P-TA Holds Meeting

Aikman Parent-Teachers Association met Thursday at Aikman School. During the business meeting, those attending voted to send a delegate to the district P-TA convention to be held April 21 in Amarillo.  
D. C. Martin presented a report on officers for the next year. Officers are as follows: president, Mrs. Bill Dameron; first vice-president, Mrs. Dale Young; second vice-president, Mrs. Bill Decker; third vice-president, Mrs. Gaylen Neal; secretary, Mrs. H. A. Cavness; treasurer, Mrs. Calvin Edwards; historian, Mrs. Art McQueary; parliamentarian, Mrs. C. E. Leasure; reporter, Mrs. H. A. Tuck.  
A report was made that 523 parents visited Aikman School during Public Schools Week, Feb. 28 through March 4.  
The announcement was also made that a teacher's appreciation dinner will be held April 21. It will be in the form of a covered-dish supper. After the meeting parents visited in the schoolrooms.

Dr. W. A. Welsh

## Rotarians Hear Dr. W. A. Welsh

The Rev. W. A. Welsh, minister of the East Dallas Christian Church, was guest speaker at the noon meeting of Hereford Rotary Club Monday in the ballroom of the Jim Hill Hotel.  
"We are entering a new decade," Dr. Welsh said, "the golden, soaring, significant 'sixties.'"

He predicted that the United States would see more changes in the next ten years than it has seen in the past five decades.  
Six major issues will need to be faced, he said, including: the East-West cold war; survival of democracy; economics; war and peace; security versus freedom; and material versus spiritual values.

"We will live in an age of crisis, a time of danger or opportunity," he said.  
Dr. Welsh currently is speaking at services of the First Christian Church of Hereford, which began Sunday and will continue through Friday.

The Rev. Joe Kennedy, pastor of the First Christian Church of Panhandle, is leading singing during services. He was a guest at the Rotary Club meeting.  
The Rev. Welsh has been minister of the Dallas church since 1949. A native of Fort Worth, he is a graduate of Texas Christian University and Brite College of the Bible and holds an honorary Doctor of Divinity degree from the former institution. He has done graduate study at Columbia University

and Union Theological Seminary in New York City.  
He has taught Biblical subjects at several seminaries and has held a number of pastorates in Christian (Disciples of Christ) Churches in Texas. He contributes articles to several religious journals and has spoken on college campuses and at church conventions in numerous states.

chairman of its Committee on World Mission. He has traveled in the Caribbean, Europe and the Holy Land.  
East Dallas Christian Church,

of which Dr. Welsh is minister, has more than 4,000 members. It has the largest membership of any Christian Church (Disciples of Christ) in Texas.

4-H Members Give Program

Members of Deaf Smith County 4-H clubs gave brief talks at the meeting of Hereford Kiwanis Club Thursday noon in the I. O. O. F. Hall. Speakers were Jo Ann Carlson, Becky Duncan, Jim Shearhart and Dick Plank. Mrs. J. W. Thomas and Mrs. Louie Olson accompanied the members. They appeared on the program in observance of National 4-H Club Week. Guests at the meeting were Bob Graves of Amarillo, Bill Hunter of Dalhart, Wayne Oak-

ley and Harvey Brock. Charlie Stone was program chairman. Marvin Madison was inducted into the local Kiwanis Club during the meeting.

TROUBLES PILE UP

MOBERLY, Mo. — It was a bad week all around for Cotton Fitzsimmons, Moberly Junior College basketball coach. His wife fell ill with the flu. He damaged his new car in a collision. His son broke out with the measles. And his team was defeated 54-40 by the University of Missouri freshmen.

Track Squad In West-Tex Relays

A young squad of trackmen from Hereford High will enter the mammoth West Texas Relays at Odessa Friday and Saturday.

Coach Buster Hodges had his charges entered in competition for the first time last Saturday, when six boys entered a triangular meet at Tucumcari with Dalhart. They placed third behind Dalhart and Tucumcari.

There will be meets on the next four week ends. After Odessa, the Whitefaces will enter the Panhandle Relays at Panhandle on March 25 and 26) the Sandie Relays in Amarillo on April 1 and 2; and will conclude with the District 1-AAA track meet at Amarillo on April 8 and 9.

Competing in Tucumcari last week were: Mac Cansler, sophomore, 100, 220, sprint relay and broad jump; Curtis Ritchie, junior, 100, 220, sprint relay and broad jump; Clyde Whitaker, junior, 880 relay and sprint relay; Craig Griffith, junior, 880 relay and mile relay; Jim Uselton, senior, high and low hurdles; and Thomas Coffman, sprint relay, open quarter-mile, high jump and shot put.

Uselton won second in the high hurdles with a time of 18.3. Cansler placed second in the 100-yard dash with a 10.3 timing; and Cansler took second in the 220-yard dash with a time of 24.2.

Ritchie placed fourth in the 100 with a 10.5 timing; and the 880-relay team of Coffman, Ritchie, Whitaker and Cansler won third, with a time of 1:45.6. Coffman also took fourth in the shot put with 38 feet, 3 inches.

Hodges also named the following boys as top prospects in track and field events this year: Dennis Hodges, sophomore, pole vault and broad jump; Johnny Welty, junior, 440; Roy Mac Rogers, sophomore, and Wendell Wilson, junior, shot put; Cecil Smith, junior, sprints; and David Highers, discus.

DEADLY WEAPONS

TULSA, Okla. — Dr. E. Malcolm Stokes said he was driving his daughter to school when a group of boys threw snow balls at his little foreign car. Suddenly, the auto's engine sputtered out. A snowball had splashed on the engine and drowned it out.

TELEPHONE TALK by Al Leach, Manager

I attended the Hereford Rotary Club recently and had the opportunity of hearing Mr. George Warner an agronomist give a very lightening taly on the seed business and its effect on the community. Seems like this area has the proper altitude, soil, climate, and other factors which make it possible to successfully grow certain native grass seeds as a row crop. It had been attempted to grow these seeds in other areas as regular crops without success. This is just another instance of successful diversified farming in this area which certainly contributes to the overall economy of Hereford.

PICK-A-PHONE "Sure be nice when the spring flowers start blooming," a fellow down the block said the other day. "Just looking at their colors make me feel good."

"Say," I said, "since you like color so much I have a suggestion."

"What's that?" he asked. "A color phone. You have a wide choice, red, white, green — nine altogether." Almost as an afterthought I added, "You can pick your phone from ... a garden of colors!"

That did it. "Now you're talking my language," said my garden-loving friend. He chuckled. "Colors of the garden in my house with color phones. Think I'll get one — maybe even two."

Why don't you do as he did? Treat yourself to color phones.

IT'S SMART TO LOOK UP THE NUMBER

"The best way to learn and remember something is to look it up ..." That's what a teacher told me years ago when I asked how to spell a word.

It was good advice then. It's good advice now. When you want to know a number, for instance, the best thing to do is look it up in the directory.

Incidentally, if you'd like a free blue book for keeping frequently-called numbers, just phone the telephone business office.

Get in wet fields earlier ... top dress with John Deere

VITREA 45% NITROGEN

As soon as you can get any standard equipment in the field, you can top dress with Vitrea. The season is late — time is short ... so it's important that you get your nitrogen on early ... without having to worry about heavy equipment which might bog down. Vitrea is the most concentrated form of nitrogen fertilizer in a bag ... 45% nitrogen ... 900 pounds of actual nitrogen in every ton. This means fewer bags to handle ... fewer stops in the field ... so important when time is short.

Feeds the crops NOW ... and through the season. Because Vitrea resists leaching, it not only gives the crop an initial boost, but it continues to release nitrogen to the plant during the season. And Vitrea is non-corrosive, won't rust your hopper. Applied easily, too ... free-flowing, coated prills of Vitrea resist caking. Join the thousands of progressive farmers who are switching to Vitrea for their nitrogen.

If we made Gladiola Flour for Kissimmee, Fla...

we could get by with lower quality

...but we make it for you

We make just enough Gladiola Flour for our near neighbors—in Texas and a little bit beyond. These ladies are the best home bakers in the U.S.A.—and the sharpest judges of flour quality.

That works out fine for us. We know precisely what our customers want, and precisely how to make it. That's why snow-white Gladiola Flour outsells every other brand, every day, every year.

The women-folk in Kissimmee, Fla., just can't bake biscuits, cakes and pies like yours. They don't have Gladiola Flour. Only you and your neighbors can buy it. And, for the average family, it costs only about 1/2¢ a day more than the cheapest flour made.

When things are going wrong everyone gets upset, and when they run along smooth they get monotonous. Consequently, it is hard to keep people happy. Frankly, I have had more complaints about the weather this week than in a long, long time. Even the carpenters and concrete men are beginning to grumble.

didn't have a smile, although I am sure he must have troubles like the rest of us from time to time.

A little pretty weather and quite a few housing starts are slated for the community. At least, that's what lumber dealers, contractors, electricians and other building workers predict. There seems to be a lot of interest and a lot of figuring at the present time.

My calendar lists March 20 as the "first day of Spring", but this seems a little early for our part of the country. Anyway, I am keeping my overcoat handy until mid-April -- and I don't expect to drain the anti-freeze in my car until May.

Guess the Lions Club boys will have it rough tonight. I hear that they have sold more than 2,000 tickets -- and that's a lot of people to feed. I wouldn't be surprised if Joel Hodges doesn't top 400 in sales. He should get a real nice prize. Maybe a case or two of pancake mix.

Dudley Bayne was by and is no little excited over formal opening of the Community Center next Sunday. This should be a nice deal and will likely draw a large crowd. Certainly, there seems to be nothing else like it in this part of the country. They are still surprised at the use of the center is getting, and this includes all areas from ordinary meetings to scheduled teenage activities each day. A few disciplinary problems have appeared from time to time, but nothing too difficult or serious. All in all the center is turning out better than anyone seems to have anticipated.

**Offer Openings In U. S. Army**

Sfc. Bill Britton, U. S. Army Counselor for this area, has been informed that a critical shortage exists in the maintenance and construction fields in the Army. At the present time, he said, there are a number of openings for automobile, truck and tractor mechanics, vehicle drivers, construction personnel and telephone linemen. "Young men with or without prior military service are eligible to enlist for a period of three years in one of these fields," he explained. For additional information, contact Sfc. Britton at 213 W. Seventh Ave. in Amarillo, or collect, DR3-4214.

**Golf Lesson Series Is Scheduled Here**

A series of seven golf lessons is being planned by Hereford gold pro Bud Posey, beginning March 22 through May 5, if enough people show interest. The first golf lesson will be at the clubhouse at the Pro Shop. Five persons had signed up for lessons last week, and several other inquiries were made, Posey said.

There will be night time classes each week, on Tuesday and Thursday, at 8 p. m. Each lesson will last one hour and Posey says that he can handle 25 persons to each group. All persons interested in the lessons should contact Posey at EM4-2782 (daytime) or EM-4-2850 (at night) or contact him at the John Pittman Golf Course Pro Shop for arrangements before March 15.

The lesson series will cover the following stages: grip, stance, back swing, down swing, wood shots, iron shots, approach and putting and rules and etiquette of golf.

If more than 50 persons are interested a third night and class will be added. Tentative Tuesday classes would be held on March 22 and 29; April 5, 12, 19 and 26; and on May 3. Thursday classes would be held March 24 and 31; April 7, 14, 21 and 28; and on May 5.

Sestroriesk has been a center of Russian armament works since the rule of Peter I in 1721. It is now chief supplier to the Soviets of precision instruments.

I hear considerable chatter concerning the proposed home for Golden Age citizens. The forthcoming conference with Methodist leaders is most encouraging. Anyone can build a home, but it takes a lot of planning, ability, money and "know how" to keep it operating efficiently and economically. Many churches operate hospitals, missions and other public service centers. The Methodists are already operating many of these Golden Age homes, and it is truly wonderful that they are showing an interest in the local proposal. As I understand it, they would expect to have a \$1 million installation here within a few years.

Public parking is still a problem which our community must someday face. Things will probably become more acute when the courthouse is finished and the regular gang gets back to the old location. The courthouse at the same time necessarily draws a certain amount of parking by people who have business in the building.

Meanwhile, I guess school teachers must be a broad minded group of people. We had an editorial about one-way teacher contracts the other day, and I figured at least some of them would be outraged. So far, not one single letter or telephone call. Most people believe in "freedom of speech" until it pinches them personally, then it's for the birds. I am sure that all of the teachers did not agree, but they didn't seem to get outraged because someone took issue -- and I honestly believe this is an achievement of which all teachers can be proud. I doubt if there is another group in town with such a democratic or tolerant outlook.

His wife may not agree, but Frank Watson is probably the most cheerful man I know. I don't believe I ever saw or talked with Frank when he

DISCUSSING CATTLE FEEDING operations after a special meeting Friday were about 100 local persons and three representatives from the American Stores packing house in Pueblo, Colo. REP. WALTER ROGERS WRITES:

# 'Civil Rights Bill' Is Discussed

To the people of the 18th District:

The House of Representatives last week commenced the debate on a bill generally called "the Civil Rights Bill". Actually, the "popular name" adopted for this measure was not intended to set forth in a brief statement the purposes of the bill.

The major purpose on choosing that title was to use something which would be appealing to the innate sense of fairness in the American people; something which would be inviting to the extent that the people generally would not take too much interest in the "small print" so often referred to.

This approach is not different from the approach which has been used by the advocates of centralized government for the past several years. These proponents were not making sufficient headway in approaching the problem by trying to sell the merits of centralized government in the United States and world government on an international basis, to the people of this country.

Hence, they hit upon the idea of progress by the use of catchy phrases and instead of talking about the encroachment of the Federal government on the rights which had so long been exercised by the several States, or talking about replacing the dual sovereignty form of

government with a single all-powerful force in Washington, D. C., or talking about subjecting the people of this country to the government of a court or legislative body made up of people from many foreign countries, they started talking about civil rights, world law, world peace and order, Commission on Human Rights, protection of the weak, economic development, Federal aid in all facets of the economy, under various pleasing titles.

They realized that they were not going to be able to put over the world government theory on the American people or to usurp the rights of the States, all in one fell swoop. So, in conjunction with their new sugar-coated approach, they also conceived the idea of proceeding with their program on an item-by-item basis. In short, they are adopting the same plan in policies which has proven so successful in military operation. That is, the "divide and conquer" theory.

The program works this way: If a group of people in one geographical area of the United States are opposed to the complete package of centralized government because of their traditional belief in States' rights, they have been approached on a conciliatory basis of

giving to these people in the first instance those segments of the overall program such as Federal aid in several economic areas, and foregoing any of the distasteful portions of the overall program.

But what the people in these geographical areas fail to realize is that the world order advocates are only foregoing these distasteful parts of the program temporarily. Next year they will be back with more demands and will expect to make a settlement by giving up some of their demands and gaining perhaps only a few.

The danger is that each year there is a gain; whether it's large or small, they plan on the gain. By this method they can keep up a constant pressure and thereby wear down the opposition.

That is exactly the plan which has been utilized in this so-called civil rights bill. No one, to my knowledge, denies or wants to deny any loyal American citizen the right to vote and I daresay that a bill guaranteeing this right and confining the measure to that particular principle would pass the Congress by unanimous consent, if such legislation were necessary.

In fact, if the so-called civil rights bills had been limited to the voting right question, there would have been no filibuster in the Senate and no long delay in the committees in the House.

Now to another subject and some statistics which may not

be particularly helpful, but they are indicative and informative.

The White House Conference on Children and Youth has just released a report reflecting the following statistics. Families are larger—58 per cent of the children are now in families of three or more children. Seven States now have 44 per cent of the children under eighteen.

Incidentally, Texas is listed as one of the seven States having the greatest child population. More children are going to school longer. On the other side of the ledger, we find that juvenile delinquency is still rising, that gaps in programs for delinquents are wide, that city

## Supporters On Stadium Drive

Texas Tech supporters have rallied to meet the crisis in expanding Jones Stadium by paying in more than \$67,000 in the past 11 days, Tech officials reported Saturday (March 12).

Tech's Acting President R. C. Goodwin has announced that the project to expand the stadium to 40,000 seats will run out of funds next month unless final pledges on seat options purchased in 1957-58 are paid.

Final payments on those options are due April 1.

Tech is committed to complete the expansion by next fall, when the Red Raiders start competing for the Southwest Conference football championship. The project is on a pay-as-you-go basis.

## Morris Named Top Salesman

Thomas J. Morris of Charlie Seeds Motor Company, Hereford, has been selected as one of the nation's leading Ford dealership salesmen and will receive Ford Motor Company's Top Hatter Award at a banquet in Oklahoma City on March 18.

The Top Hatter citation is awarded to only one per cent—or 300—of the nation's Ford dealership salesmen and represents the highest sales honor accorded by Ford Division.

A. F. Love, Oklahoma City District Sales manager, pointed out that the efforts of winning salesmen are of particular significance because they resulted in Ford leading all other makes in sales last year.

## 'Deaf' Smith Says

Sam, raising cattle is still a mighty important part of the economy of our state, and particularly in that county they named after me.

I scouted a meeting that the commercial livestock committee of my Chamber of Commerce held Friday night and found nearly one hundred farmers and ranchers gathered to hear how they might realize more income from cattle. There were three right neighbors fellows there from Colorado representing the Acme grocery store chain.

Summing it all up, Sam, they advised my folks to raise heifers, feeding them out on a 140 day schedule to top off at 900 to 1,000 pounds. They pointed out that we had the grain and the cattle and were shipping them out separately for someone else to put together.

They said that if my people would put the grain and cattle together that Acme and other buyers would provide the market.

Monday morning, Sam, I scouted a meeting of what they call the "Civic Affairs" committee. Mrs. Elmer Patterson showed her committee there was still work to be done in six different areas of activity: Clean up - Paint up - Fix up Week, Fire Prevention, Beautification, Recreation, Public Safety, and Public Health.

Mr. Al Yeager spoke up for the Clean up - Paint up - Fix up drive and promptly got appointed chairman of that project.

## Clifford D. Hill Gets Promotion

Clifford D. Hill, son of Mr. and Mrs. Roy Hill, Route 3, Hereford, recently was promoted to private first class in Germany, where he is a member of the 4th Armored Division.

Hill, a wireman in Company "A" of the division's 144th Signal Battalion in Goppingen, entered the Army in May, 1959, and completed basic combat training at Fort Leonard Wood, Mo.

The 19-year-old soldier attended Hereford High School.

## High-Plains To Test Safflower

Safflower will be tested at the High Plains Research Foundation this year in cooperation with the U. S. Department of Agriculture as a part of the Foundation's program to develop new crops for the area. It has been announced.

Five varieties were used in the 1959 tests at Halfway. Heavy hail on June 22, 1959, damaged the crop so severely that the tests had to be abandoned.

There is still a possibility that a variety can be found that will be adapted to the area. Dr. Earl Collister, Chief Agronomist, said in announcing the acceptance of the request of the U. S. D. A. and farmers in the area for further research on the crop.

The Foundation has been selected by the U. S. D. A. to conduct the regional test. This will be the only safflower test of its kind to be made in the area. The varieties to be tested are being supplied by Dr. Lester N. Leininger, Research Agronomist, of the Agricultural Research Service at Utah State University.

The eight varieties to be included in the test are U. S. 10, N-6, N-10, N-4054, N-4055, Gila, and A-5731. Three of these varieties were included in the 1959 test program at Halfway.

## Slagle-McCauley Vows Repeated

Mr. and Mrs. Harry McCauley, who were married Saturday, March 5, have gone to Phoenix, Ariz., on a wedding trip.

Mrs. Billie Slagle and Harry McCauley were married in the home of her sister, Mrs. E. B. Bridges Jr., in San Angelo, with Mr. and Mrs. Bridges serving as attendants.

Dr. Ennis B. Hill, pastor of the First Methodist Church performed the ceremony. For her wedding, the former Mrs. Slagle wore a beige silk ensemble and matching accessories. Ruffled lace trim accented the neckline of the sheath bodice. Her corsage was a white orchid.

Out-of-town guests attending the wedding included Mrs. McCauley's son and daughter-in-law, Mr. and Mrs. Stanley Slagle of Hereford; another son, Steve Slagle, student at West Texas State Teachers College; her daughter and son-in-law, Mr. and Mrs. Richard Ireland of Morarity, N. M.; and Mrs. Bridges' son and daughter-in-law, Mr. and Mrs. Bill Evans of Dallas.

The well-known Hereford couple will reside here after the wedding trip.

## Sunday School Class Holds Meet

The Ruth Sunday School Class held its regular monthly class meeting Thursday afternoon in the home of Mrs. Clinton Jackson.

The meeting was opened with a prayer by Mrs. Orville Reid, after which roll call was answered with "My Favorite Scripture."

The program was turned over to Mrs. Charles Higgins who gave a devotional on "What Influence does Your Shadow Have on Others?" Mrs. Higgins said in part, "The thought, even though you may not be conscious of who is watching your shadow, is affecting the lives of many. God, being your strength, leader and guiding star, your shadow can influence the lives of those who are watching you."

Refreshments were served to the following members: Mesdames Joe Story, Orville Reid, Ed Wilson, Louise Ferguson, O. F. Feagan, Charles Higgins, Herman Drake and the hostess, Mr. Clinton Jackson.

## AUSTIN HIGHLIGHTS

# Weather Slowing Campaigns

By VERN SANFORD

AUSTIN — Texas politicians have been finding it hard to make hay with no sun shining.

A number of statewide candidates are stumping the state, and legislative contenders are getting invitations to speak at rallies and before special groups.

But bad weather and the unaccustomed earliness of this year's election schedule have made it harder for most to get campaigns rolling.

Legislative candidates report they are most often quizzed on whether they favor (1) a teacher pay raise and (2) a general sales tax. "Yes" to the first and

"no" to the second are generally regarded as safest answers. But many old hands have misgivings, feeling that the two commitments together may put them in a hard situation come the next session.

In the hoopla of a presidential campaign year, amendments to the Texas constitution probably will get only secondary attention, though they are of vital importance to all Texans.

Four are to be voted on by the people at the general election Nov. 8. Their order on the ballot, as determined by a drawing conducted by Secretary of State Zollie Steakley, will be:

1. An amendment authorizing the Legislature to create a hospital district in Lamar and Hidalgo Counties and part of Comanche County.

2. An amendment authorizing the Veterans Land Board to issue bonds at 3½ per cent interest instead of the present 3 per cent maximum.

3. An amendment giving members of the Legislature annual salaries of \$4,800 a year and \$12 per day allowances for a 120-day session. Sessions could go 90 longer than 140 days.

4. An amendment authorizing the Legislature to license and regulate lenders and fix maximum rates of interest.

A baby boom in the fifties means soaring school bills in the sixties, as indicated by the State Board of Education's 1960-61 estimate. Board reported that cost of Texas public school program for next year will be \$365,000,000 over the previous year.

Reason for the rise is more children—requiring more teachers, more books, more desks, etc. Total enrollment for next year is expected to be 2,254,574, an increase of more than a half million since the 1954-55 year.

Counties will have to pay \$73,080,000, or 20 per cent of the \$365,000,000 total cost.

Twenty-one small Texas towns mushroomed into cities during the fifties.

Texas Municipal League reported on towns that had grown 150 per cent or more—some as much as 1,617 per cent.

Twelve of the 21 big growers are towns near to one of Texas' three largest cities—Dallas, Houston and Fort Worth. Topping the list with runaway expansion were three Dallas County towns—Irving, up 1,617 per cent; Mesquite, up 1,323 per cent and Farmers Branch, up 1,211 per cent.

Industrialization was the key to the spectacular growth of most of the 21. In a number of cases, the coming of a single large plant started the boom rolling.

Texas' teachers retirement fund has increased more than 35 per cent in the past decade, according to State Auditor C. H. Cavness.

Cavness reported that at the end of the last fiscal year the fund stood at \$389,341,289. This is \$140,000,000 more than 10 years ago.

Teachers pay 6 per cent of

## Jimmy Feltman Starts Training

The Federal Aviation Agency (FAA) announced this week the appointment of Jimmy D. Feltman to begin training as an air route traffic controller. Feltman, formerly of Hereford, was assigned to the New Orleans, La., Air Route Traffic Control Center.

Describing Feltman's duties, C. Otto Reasoner, Chief of the New Orleans Center, said: "As an air route traffic controller, Feltman will undergo extensive training with the experienced FAA controllers at the New Orleans Center. These controllers, working with the many electronic marvels that surround them, direct for their control zone, all civil and military aircraft flying on instruments throughout the United States. "Safety in the air will be Feltman's main concern. Controllers constantly advise all pilots in their area of the position of other airplanes, with the goal of constantly maintaining a safe separation of aircraft."

Upon completion of his training as an air route traffic controller, Feltman will become one of the many highly-trained FAA employees in the United States. This team of career specialists, along with electronic air aids, makes up the more than 158,000 miles of safe air highways that are used by both civil and military aircraft.

In announcing the new appointment, FAA Region Two Administrator L. C. Elliot said at his headquarters in Fort Worth: "Feltman has joined the new agency created by Congress in 1958. The authoritative Federal Aviation Agency, in addition to encouraging and fostering the development of both civil and military aviation, has the task of modernizing the federal airways, directing air traffic control, allocating the diminishing airspace, and both issuing and enforcing air safety rules."

Before joining the FAA, Feltman served in the United States Navy as an Air Controller,

## Attend District Zone Meeting

Members of the American Legion and the Auxiliary attended the District 18 Zone meet held in Friona last week. Following the supper affair, Ira Ott, Zone 18 Commander, presided.

Featured on the program was a panel discussion of the new pension law which will go into effect July 1, 1960. Those conducting the panel were Roy Smith, Reno Rhineland, Roy Beard and Mr. Lester, all connected with the Veteran's Administration in Amarillo.

Announcement was made of the District 18 Convention which will be held in Tullia on April 23-24.

Those attending from Hereford were Messrs. and Mesdames Ira Ott, Frank Smith, Cecil Wilkins, Bill Smith, Walter Frost, and Clarence Sauley. Mesdames Hazel Sparks, Evalene Potter, Alice Cox, Ralph Smith and Mabel Wagner.

Others attending were H. A. Swiggart, Clyde Cave, Jack Miles, Arch Dobbins, C. R. McGee and Harry Schulz.

The local organization celebrated their 41st Anniversary at a supper party at the American Legion Hall Tuesday evening March 15 at 7:30 p. m.

## SCS Says Conditions Ideal For Seeding Of Range Grasses Here

It is now time to begin seeding range grasses, according to Don Newman, local Soil Conservation Service technician. The excellent winter moisture has been ideal to condition land for grass seeding, he said.

The Tierra Blanca Soil Conservation District has two grass seed drills available to be used for seeding depleted rangeland or Soil Bank land," said Newman. "They may be rented by contacting the Vocational Agriculture teacher at the Hereford High School."

"A new method of seeding range grasses on abandoned fields and on rangeland, where the native grass has died, will be tried this year," according to Newman. "This method is to use a 'flex planter' which has sweeps in front of the seeding attachment to destroy weed and undesirable grass competition.

"The sweeps and seeding attachments are mounted on a double tool bar and the whole operation is carried out at the

same time. Federal cost sharing for seeding abandoned cropland and depleted rangeland is available through the Great Plains Conservation Program.

"One of the major problems in seeding good desirable native grasses on land invaded by undesirable weeds and grasses is that they afford too much competition for the seeded grasses to survive.

"By using the sweeps in front of the seeders to clean out rows, the seeded grasses will have a much better chance to get established. The grass is seeded in 20" rows using this type of planter.

"A. C. Hays, Jr., W. F. Ponder, and Ralph Mitchell are planning to use this method of seeding this spring," he said.

Farmers and ranchers who are interested in seeding range grasses this year may contact the Soil Conservation Service, Fulwood Building, for further information.

## Typical March Weather Prevails In Community

DAWN NEWS

Typical March weather—winds and blowing dust—has prevailed in the community most of last week with temperatures ranging up to eighty degrees on Tuesday.

Some local blowing in the fields has necessitated plowing in spots but no serious wind erosion has occurred. Wheat is beginning to grow and conditions look favorable for an abundant yield. The ground is still too wet for spring cultivation.

Two and one-half inches of moisture has been received so far this year.

Mrs. Jack Ward Jr. had an appendectomy Wednesday in the Deaf Smith County Hospital in Hereford. Her condition is reported as "good."

Walter Lemons had emergency surgery Wednesday afternoon in Nebitt Hospital in Canyon. He will be there for at least a week.

Linda Peggy Jean and Sandra Lemons are staying with their aunt in Hereford while their father is in the hospital.

Bret Beavers, son of Mr. and Mrs. Manuel Beavers, has been ill with a throat infection this week but did not require hospitalization.

The Dawn Music Club met Tuesday afternoon in the home of Mrs. Ray Polan. Mrs. William Wimberley and Miss Bertha Frye were guests. Mrs. Robert Strain was elected delegate to the State Convention of the Texas Federation of Music Clubs to be held in Lubbock April 6-9.

Mrs. Strain is the incoming president for 1960-62. Mrs. J.B. Caraway was elected alternate delegate and Mrs. H. V. McCabe, second alternate delegate.

The Red Cross First Aid course started Tuesday evening at the Dawn School Mrs. Mary Hickman of Hereford is teaching the course. She was assisted Tuesday night by Miss Della Stagner of Hereford. On Thursday night Mrs. Virgil Dodson of Hereford assisted Mrs. Hickman. All are accredited workers.

Those enrolled so far in the course are Mr. and Mrs. R. A.

is invited to attend.

Pat Miller returned home Wednesday from a trip to California where he visited friends and relatives and went sight-seeing around the vicinity of Los Angeles. He made a trip to Tijuana and saw other things of interest. He reported that the weather was pleasant. It was foggy one day and rained two days.

Luanna Olson, who has been working there came back with Miller to make an extended visit with relatives in Amarillo. She visited Mr. and Mrs. H. H. Miller Wednesday afternoon.

Clarence Betzen made a business trip to Plainview Wednesday afternoon.

Mrs. A. T. Frye and Mrs. R. A. Frye attended the assembly at WT in Canyon Thursday morning. They heard Jesse Stuart, writer, speak.

Mrs. Melvin May attended a bridal shower Tuesday afternoon at the home of Mrs. Baker Womble in Hereford. The honoree was Mrs. David Brumley.

Ricki May visited Wednesday and Wednesday night with his grandparents, Mr. and Mrs. Alfred May in Hereford.

BIG CATCH was made by Mr. and Mrs. B. G. Cotton of the Frio Community last week. In one day they strung up 179 fish, mostly crappie, in a fine day of angling at Lake Brownwood. (Personal Photo)

# Herd Splits Doubleheader With Portales In Opener

Showing a strong potential, the Hereford Whitefaces split a doubleheader with the Portales Rams Saturday afternoon. The Herd won its first game of the season 4-0 and lost the second 2-1.

Coach Joe Smith was seeing his young charges in action for the first time, as the initial game was postponed. He used two complete teams in order that all his players could get playing experience.

The only senior on the squad, Donnie Marcontell twirled a neat two-hitter in blanking the Rams during the first game. He struck out 15 in the seven-inning game while allowing just two walks.

Only one error was committed by the Herd as it kept the Rams from getting beyond second base in the contest. It was a close game until the third inning, when Hereford got its first run across. Marcontell singled and was forced at second as Greg Combs got on first by fielders choice. Ronnie Botkin sacrificed, Jimmy Collier singled, Wakey Northcutt walked and Dan McDowell flied deep as Combs scooted across.

Another run came across in the fifth. With two out, Botkin singled and came in on charity passes to Collier, Northcutt and McDowell. In the sixth, Edwin Thomas doubled, pinch-hitter Charlie Thomas walked, Wesly Poarch walked and Marcontell sacrificed.

In the seventh, Collier got on by error, Northcutt sacrificed, and McDowell singled him in. During the five-inning second game, Coach Smith used another team, which performed almost as well. Weems scored in the first inning for Portales, singling and stealing second. He went to third when Storey was safe on an error. Walks to Hill and Propes pushed him in.

Hereford tied it up in the second as Fred Mulkey scored on a walk, a single by Charlie Burrus and a sacrifice fly by John Buck.

Portales got the winning run in the fourth. Hooper and Storey walked, Bruce singled and Hill walked.

Winning pitcher was Rea, who allowed four hits. On the mound for Hereford were Collier and Northcutt, who allowed just two hits but walked nine during the four innings.

## Census Is Subject Of HD Club Meet

The Westway Home Demonstration Club met Thursday in the Westway Community House. Program subject was the 1960 census of population. Mrs. J. C. Morrison was presiding officer and Mrs. Allice Rudd was program chairman.

"The Nation's Five-Foot Shelf" was the program given by Mrs. Rudd. Mrs. Jesse Odom was hostess for the meeting. Mrs. Jim Thomas opened the meeting by reading an article on Lent and suggested giving up bad habits, such as making remarks about others and other habits that might bring unhappiness to someone else, for the period of forty days.

Roll call was answered with "Why Take Census," "Name One Type Of Census," and How Can Women Help with the Census?"

It was pointed out that the first census was taken in 1799 and there were 4,000,000 people in the United States.

Determination of questions are as follows: 1. Making of maps of districts, 2. printing of millions of forms and questionnaires, 3. Training of supervisors and census takers.

According to Mrs. Rudd, college students may be counted in their home county if they prefer instead of in the school where they are attending. Women first started helping take the census in 1880.

Attending the meeting were Mesdames J. C. Morrison, Bess Werner, H. E. Owens, C. A. Sauley, Jim Thomas, R. L. Wilson, Charles Owen, B. B. Northcutt, Harold Rudd, Paul Rudd, Kenneth Rudd, Homer Rudd, Joe Wagoner, George Turrentine, Ralph Mitchell, A. C. Stengele and the hostess Jesse Odom.

The Los Angeles Dodgers paced the National League in stolen bases in 1959 with 85. San Francisco was next with 77.

(Continued from Page 1) tainers of low-grade radioactive waste materials in the Gulf of Mexico.

State Health Department, said the governor, keeps a continuous check on the state's surface waters for atomic pollution from fallout.

Need for the next Legislature to raise between \$150,000,000 and \$200,000,000 in new tax revenue has been predicted by the director of the Texas Research League.

Alvin A. Burger, head of the private organization which studies state government, said state spending will require \$1,000,000,000 a year in the 1961-63 biennium.

Burger urged careful analysis of the highway, education and welfare programs which take 85 per cent of the state budget.

As a money saver, he recommended taking the cost of maintaining farm-to-market roads out of the farm road funds. At present, this money can be used only for new construction, and farm road repair has to be paid out of other highway funds.

He suggested school consolidation as another avenue for economy. County governments, he said, need reorganization to eliminate duplication and problems in the efficient handling of money.

Drivers without a green Texas-shaped sticker on their car windshields are advised to stop by an inspection station the first pretty day.

Department of Public Safety estimates that only about half of the 4,300,000 vehicles in Texas have had their 1960 inspection. Deadline is April 15. Col. Homer Garrison Jr., DPS director, suggests that the trip be made soon, before the lines get long.

### Miss Johnson On Honor Roll

Wanda Lee Johnson, Oklahoma Baptist University senior from Hereford, is among 168 students listed on the Dean's honor roll for the 1959 semester announced recently by Dr. L. E. Solomon, dean and registrar.

Miss Johnson is the daughter of Mr. and Mrs. Roy Phillips, 115 Fuller.

To qualify for the honor, a student must receive a "B" average in at least 12 hours of his course work, with no grade below "C".

In addition to those listed on the Dean's honor roll, 82 qualified for the President's honor roll, with an "A" average in at least fifty per cent of his course work.

Stressing a well-rounded liberal arts education, OBU offers courses covering a wide field of interests. Graduates hold positions of importance in business, science, medicine, and the ministry. Several are presidents and vice-presidents of seminaries and colleges, others college professors. Enrollment last semester was 1260.

### Public Speaking Training Urged

"Company executives are wasting millions of dollars annually because they don't know how to communicate or express their ideas concisely," Dr. Milton Adams, president of the Hereford Toastmasters Club, said this week. "Most businessmen," said Adams, "could stand some training in public speaking and the fundamentals of conducting a meeting. Verbosity," he added, "is their common failing."

Adams said businessmen are not the only ones who fall short in the field of communication. "Because of our complex society, few men escape involvement in situations which require some form of public speaking. The man who can express himself effectively," he said, "commands both respect and attention."

Since its organization 35 years ago, Toastmasters International has provided training in public speaking for more than a half-million men. The Hereford Toastmasters Club, Adams said, welcomes men who are interested in learning how to conduct meetings and how to speak in public. The club meets for dinner at the Hotel Jim Hill, 7 p. m., Tuesday.

### Ronald Malone Receives Honor

Ronald Edward Malone, University of Texas student from Hereford, is a candidate for School of Architecture representative in the student assembly in the March 16 campus election.

Malone, son of Mr. and Mrs. Cecil Malone, Rt. 3 of Hereford, is a junior majoring in architecture. He is a member of the cast for the 1960 Round - up revue.

# Honor Mrs. Buel Monroe With Shower Thursday

By MRS. T. L. COLLINS  
Mrs. Buel Monroe was honored with a baby shower in the home of Mrs. Don Guseman on Thursday afternoon. Those present were Mesdames Glen Burrus, Jim Perrin, N. A. Brown, Eldred Brown, Ernest Brown, Floyd Brown, Herschel Burrus, Darrell Fulcher, Melvin Henderson and Jim Monroe.

Sending gifts were Mesdames Cecil Guseman of Hereford, G. V. Hall, S. N. Thweatt, Truman Ivie, Harold Bass and Fred Collett.

Dianne Jack missed three days school because of a sinus infection.

Walcott School held an assembly on Wednesday morning. Mrs. Glenn Burrus was present. The 4-H girls presented a play, "Baby Show", which they gave in the Aikman auditorium in Hereford during 4-H "Share the fun night."

Thomas L. Collins read Matthew 25: 1 - 30.

Report cards were handed out Wednesday afternoon in Walcott School. Those who made "A" report cards were Debra Wyly, first grade; Tom

Timberlake, Margaret Minks, Barbara Brown, Galen Jack, Charlene Weaver, Wileta Wyly, second grade; Kathy Monroe, Nancy Minks, third grade; Gay Wyly and Marsha Burns, sixth grade.

Fred Stroud of Austin ate lunch in Walcott cafeteria recently. He and the principal, T. L. Collins, discussed business.

Mary Alice Burrus was eight years old on Wednesday. Her mother, Mrs. Herschel Burrus, and Frances Irene came to school in the afternoon with cake, cup - cakes and cold drinks and various favors for each child. Games were enjoyed during the birthday party.

Charles Bass was nine years old on Friday and his mother, Mrs. Harold Bass, gave a classroom party for him on Wednesday afternoon. The group played games and were served cupcakes with candles, soda pops, candy and bubble gum.

Mrs. T. L. White and Mrs. Jack Weaver visited school on Wednesday afternoon.

Janell Weaver had a birthday on Tuesday. She was seventeen. Cecilia Burrus and Jackie Nun-

ley of Hereford spent that night in her home.

The Ladies Art Class met on Thursday afternoon in Walcott School auditorium.

Mr. and Mrs. Thomas L. Collins and Mr. and Mrs. G. W. Downing attended the annual convention of Texas State Teachers Association, District IX in Amarillo on Friday, March 11. The theme was "Education, the Gateway to Tomorrow's World." Two guest speakers, Mrs. Sarah C. Caldwell of Akron, Ohio, and Jesse Stuart of Greenup, Ky., were heard.

Mrs. Glenn Burrus, Kathryn and Elizabeth made a business trip to Amarillo on Friday.

Margaret Burrus, who is attending West Texas State College in Canyon rode Walcott School bus on Thursday afternoon to come home.

Bruce N. Collins had his last final of the Winter Quarter at Colorado State University at Fort Collins, Colo. on Friday. He drove home with Gary Sherrieb of Friona, arriving on Saturday morning. They will return on Thursday to enroll for the Spring Quarter at CSU on Friday.

Mr. and Mrs. Roy Pruitt, Royce Lee and Merry Kay of Hereford were Sunday dinner guests in the home of Mr. and Mrs. Thomas L. Collins and Bruce. While the group was visiting, Raymond L. Collins and wife of Corpus Christi called home. The Collins' found out that Raymond had covered a track and field meet at Alice, Texas on Saturday and were unable to come to Hereford as they had planned.

Junior Festival National Federation of Music Clubs Seventh District of Texas held its annual contests at Hereford in the educational building of the First Baptist Church on Saturday, March 12.

Miss Dianne Jack played two

piano selections, "Waltz No. 7", by Schubert and "Whirligig" by Stevens, in Elementary IV class. Dianne received superior rating on the numbers.

She was accompanied by her mother, Mrs. Bertram Jack to the meeting.

Larry Payne of Hereford spent Thursday night and Saturday with his grandparents, the Joe Raders.

Clyde Wyly went to Friona on Friday where he visited with his grandmother, Mrs. Alta Wyly and cousin, Brian Evans.

Mr. and Mrs. Joe Rader went to Littlefield on Saturday morning and stayed through Sunday with her mother, Mrs. J. M. Thomas, who is having to stay in bed most of the time.

Her sister, Mrs. Earnie Geortz, of Littlefield visited her there. On Sunday, a daughter, Mrs. M. C. Davis Jr., Pat and Mary of Cotton Center, visited also.

Mr. and Mrs. LeRoy Cupell and children went to Amarillo on Thursday night to visit Mr. and Mrs. Mac O'Neil. Roger Barnett stayed with his cousin Mac for a week end visit.

as you would

...continuing with the Golden Rule. And it is doubtful if any words of Jesus have been quoted more and with approval. *It strikes our conscience and our reason.* Therefore, "As You Would." That puts the Rule on a very personal basis... better take a look at yourself before you look at your neighbor. Do you know your mind? What do you want for yourself... health, wealth, honor, knowledge, favor and forgiveness of God? *If you had three wishes that would be granted, how would you select them from the myriad claims upon your devotion?* Paul lists the ends for which he strove... "love, joy, peace, patience, goodness, faithfulness, gentleness and self control." Was he wise? Would you put material values above these personal virtues? What goods are necessary and which of them could you do without? Perhaps it would help to reflect on your record. Actually, it will be decided exactly... "AS YOU WOULD."

More on the Golden Rule next week.

# Debut of the Comet

Today, at your Mercury-Comet dealer's, first compact car with fine-car styling —priced with or below other compacts.

You're looking at the exciting new value-packed compact—Comet. **NOTE ITS BEAUTIFUL STYLING.** No sawed-off, cut-down look, here. The Comet is proportioned like a fine car—long flowing lines, outstanding good looks. **LOOK CLOSELY AT THE EXTRA FEATURES.** You pay nothing more for dual headlights, front and rear arm rests, door-operated dome light, foam padded front seat. And the trunk holds enough for the whole family on a long trip. **YOU'LL MARVEL AT THE ECONOMY.** Comet's new simplified "six" engine delivers up to 28 miles per gallon of regular gas. **YOU'LL REVEL IN THE RIDE.** No choppy steering, no bumpy traveling in Comet. The longer wheelbase (114" instead of 107" in average compacts) gives Comet a smoother ride, yet it turns on a dime. **NOW, CHECK THE PRICE.** Comet is priced with or below other compacts like Rambler, Corvair, Lark, Valiant and Falcon. **COMPARE ALL THE COMPACT CARS** —and you'll come away with a Comet. It's now at your Mercury-Comet dealer's.

**FINEST COMPACT WAGONS ON THE MARKET.** The new Comet wagons go far beyond what you might expect in a compact station wagon of this size. There is over 76 cubic feet for storage—as much room as in some wagons costing hundreds of dollars more; a retractable rear window takes the place of the old-fashioned lift-gate. And, there is ample room for six adults with plenty of space left over for baggage. Along with the Comet two- and four-door sedans, there are two- and four-door wagons as well.

# OFF THE Shelf

By H. A. TUCK  
For an exciting evening or two, try **The Last Blue Mountain** by Ralph Barker. It's the true story of a small climbing expedition to the Himalayas in 1957.

Oxford University student Bernard Jillott was the 23-year-old organizer and deputy leader. Big mountaineering name was Tony Streater, regular officer in the British Army, a calm 34-year-old leader.

Barker writes sparsely and candidly of the early days of getting ready and getting into position to climb Haramosh, an unclimbed peak near K2 and Nanga Parbat, both formidable mountains.

The party manages to establish five camps up the side of the 24,270-foot mountain during the summer. Bad weather forces them to give up the idea of an assault on the main peak, but they decide to try Haramosh II, not so high and easier to approach.

With Hamilton left at a Camp IV, the other four strike out for the lower peak on the last day of climbing. But tragedy strikes!

Jillott and Emery are caught in an avalanche and tossed into a snow basin. Neither is injured although they lose most of their equipment. After dashing back to camp for supplies, Streater and Culbert shift down after them, finally reaching them the next day.

After several discouraging falls from the face of the mountain, the group spends the night and starts out again. Nearing the end, the rescuers suddenly fall into the basin. Weak, with no equipment, Jillott and Emery climb out and start for camp in the darkness.

Forging ahead, Jillott falls over a cliff and is killed. Emery staggers into the deserted camp, suffering from frostbite and exhaustion. But the rugged Streater climbs out and joins him.

Painfully the two start down, met by Hamilton. They continue down, numb with the knowledge that Culbert and Jillott have been left behind, a sacrifice to the killer mountains to which they were attracted.

The **Last Blue Mountain**, as other books have done, tries to explain to the reader why men fling themselves against the rock and snow peaks of the world. But it comes no closer than the answer given by the famous climber, who said he climbed mountains "because they are there."

### SIX-PASSENGER CAR OR STATION SEDAN ...CORVAIR IS BOTH!

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk.  
Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one... soon.
