Formal opening of the new children's wing of Deaf Smith County Hospital, originally scheduled for Sunday, has been postponed until May 12.

Little League tryouts, which were scheduled to start Tuesday afternoon, have been delayed two days by wet grounds.

The new Frio Baptist Church will be dedicated Sunday. The Rev. Herman Coe, original pastor of the church, will preach the dedicatory sermon at 11 a.m.

The distinction of making the first landing on the new Hereford airport was gained Tuesday by Benny Womble.

Recent Rains Up Moisture Total to 5 Inch Mark

Deaf Smith County received showers Sunday, Monday and Tuesday to up the year's total to almost five inches in the immediate Hereford area.

A total of .92 of an inch of moisture was gauged in Hereford during the three days with .15 falling Sunday, .15 Monday and .67 Tuesday.

Rain was reported to have fallen over most of the county with up to 1.75 being measured near Bippus and 50 near Boole.

Weather observer Clay Angelo pointed out that the low temperature of 45 was the same Sunday, Monday, Tuesday and Wednesday.

Drouth Range Aid Program Expected

Acting Secretary of Agriculture True D. Morse has announced that the Agricultural Conservation Program Service will administer a new deferred grazing program as a part of the Agricultural Conservation Program.

Faust Collier, ASC office manager here, said that the county committee has received no information regarding the program other than a notice that it can be expected within the next 30 days.

State and county Agricultural Stabilization and Conservation committees, composed of farmers, will carry out provisions of the program in the same way the ASC committees now carry out provisions of the Agricultural Conservation Program, Morse said.

The new law authorizes assistance to farmers and ranchers to reduce livestock grazing enough to permit conservation and re-establishment of native grass damaged by drouth.

County Commissioners Call Bond Election Propose To Build 42-Prisoner Jail

Health Board Man Aids County Group

A \$175,000 bond election has been called for May 18 by the Deaf Smith County commissioners.

Following a consultation with architects Kerr & Kerr of Amarillo, the commissioners agreed in a special meeting Monday to locate the proposed two-story building on the grounds where the jail is now located.

County Judge Homer Henslee said that he believes county revenue from taxes under the current structure will be adequate to meet payments of interest and principal on the bonds.

Columbian Securities Corp. of Texas received a contract to act as fiscal agent for the county in calling the election and issuing bonds.

KERR & KERR, the architect selected for the jail, was awarded a contract at 5 per cent of the building cost during Monday's session.

Bank Plans Okayed; 9 Directors Named

A target date for completion of the new First National Bank building, and the appointment of nine new directors was announced here Monday following a bank stockholders meeting.

The bank will continue to function in its present location until the new structure is completed, Hennen said.

New directors named are Dr. R. R. Wills, physician and surgeon; D. C. Kinsey, auto dealer; Owen Seamonds, who has interests in farming, cattle and grain businesses; Taft McGee, farmer and cotton ginner; Palmer Norton, investments and farming; John Douglas Pittman, grain dealer; Earnest Langley, attorney; Mark Woodall, vice president and manager.

Autos collide. Cars driven by Tony Esquivel, 21, and Helen Markham Higgins, 23, collided in the 200 block of Main Sunday afternoon.

Paden Construction Co. of Cleburn, whose only business now is construction of Church of Christ buildings, was awarded the building contract after a meeting Monday night between representatives of the contractor and elders of the church.

Other interior features will be a study for the minister, a study for the church education director, a library, kitchen, and a nursery room over the auditorium foyer.

The auditorium is expected to be the second largest in the city, exceeded only by that at the high school.

Lots of Meat --No Potatoes

A steady diet of chicken meat on someone's menu after two cases of chickens were stolen from a Piggly Wiggly pickup near Umbarger Saturday.

According to manager Gaylord Newell, the local store ran a special on the birds Saturday and sold out early.

On the way back the pickup developed mechanical troubles and finally pooped out near Umbarger. The driver hitched a ride into Hereford and when he got back with a tow truck 48 chickens were gone.

They noted no state funds are available for fighting any emergency condition that might develop in the region.

Work at the site is expected to begin within two to three weeks. The construction is expected to be financed in part by five per cent bonds.

The auditorium will face east on Knight St. The maximum overall dimensions of the structure will be 245 feet, north and south, and 182 feet east and west.

Other interior features will be a study for the minister, a study for the church education director, a library, kitchen, and a nursery room over the auditorium foyer.

A mosquito control educational campaign was outlined here Tuesday during a meeting of the health committee of the county planning committee.

Power said that 262 cases of encephalitis (sleeping sickness) in the irrigated High Plains area were reported to the state board during 1956.

HE LABELED the culex variety of mosquitoes as the only known transmitter of the disease in this area.

Two other mosquito control specialists, V. T. Hancock of the state health department, and E. Cline, superintendent of insect control work for the City of Lubbock, accompanied Power here.

They noted no state funds are available for fighting any emergency condition that might develop in the region.

Two Hereford men were sentenced to two years adult probation for child desertion Monday by 69th District Judge Harry Schultz.

Both Ruben Moreno and Allen E. Beckham pleaded guilty to the charges and waived jury trial.

Rest Assured, a three-act comedy, will be presented May 16 and 17 by the Dimmitt High School Junior class in the Dimmitt High auditorium.

Plans for the building provide for future addition of a chapel and eight more classrooms.

119 Children Are Given Pre-School Medical Checkup

A TOTAL of 119 pre-school children were examined Friday and Saturday by local doctors with the assistance of the school health service, parent-teacher associations and high school girls.

Doctors R. R. Wills, L. B. Barnett, M. W. Nobles, A. T. Mims, W. D. Lawrence and H. A. Cavness and their nurses made the examinations in the high school auditorium.

The checkups showed some children need further medical care in some areas. One needs an eye examination; 10 have ear difficulties; nine have systolic heart murmurs; 21 have hypertrophic tonsils; one needs a tuberculin test; two have enlarged cervical glands; one needs circumcision; two have small umbilical hernias; one has nasal obstructions and 32 will require pre-school dental work.

Mrs. Ernest Langley was chairman of the committee sponsoring the examinations.

Members of the Aikman P-TA assisting in the examinations were Mesdames Owen Bybee, Calvin Goodin, Glen Allred, Bernard Seay, B. W. Wiltshire, Mark Woodall and John Jacobsen Jr.

From Central P-TA were Mesdames Robert E. Thompson, J. R. Johnson, Carl Williams, Wilber Gibson, Millard Nobles and Worth Covington.

High school girls helping with the examinations were Matilda Padillo, Erlinda Lucero, Royce Lee Pruitt, Joanna Lee Blocker, Lanell Short, Sue Minor, Sheryl Patterson, Mildred Wester, Martha Watson and Betty Paetzold.

Itinerant Vendors Arrested; Trial Set for May 14

Five men were arrested Tuesday night and charged with violating City Ordinance 274, which requires itinerant vendors to pay a license fee and post a bond before they can sell in Hereford.

Arrested were F. M. Coker, Phil Atkinson, Ralph Bliss, Fred Brinch and C. I. Pharis of the Frederick Portrait Studio of Kansas City.

Each posted a \$200 cash appearance bond and are to appear before corporation court May 14.

Chief of Police Henry Aycock said the five men were arrested and warned of the ordinance at noon Tuesday and they said they would cease alleged house-to-house solicitations for their firm.

Paul M. Koger, administrator of the ACP service, met in Washington last week with men from four states in areas expected to be affected, to assist in developing program recommendations.

They are Ohmer Cook, chairman of the South Dakota State ASC committee; Ace Roundy, farmer-fieldman of the Utah ASC state office; Lester Branson, Kan.; and Lester Young, Texas, both ACP specialists of their ASC state offices.

New Jail...

(Continued From Page 1)

The firm would charge only for time and labor involved in drawing preliminary plans for the jail, according to Lawrence Kerr, senior member of the architects' firm. First plans for the jail, which called for its location on the east side of the courthouse, have been revised following discussions with members of the county board, the county judge and Sheriff Lowell Sharp. The revisions, presented for consideration by the group on Monday drew expressions of approval from the county officials.

The new plans would provide the county with a brick and stone structure to house 42 prisoners in regular cells, plus one padded cell, plus a "tank" or holdover cell. All cells except the tank — generally used for drunks — would be on the second floor. Additional space for a prisoner-operated kitchen and a number of other cells would be available for completion in the future, if needed.

THE FIRST floor would also provide office space for the sheriff's department and state patrolmen, and living quarters for a deputy sheriff-jailer. The living quarters would occupy less than one third of the first floor.

Overall dimensions of the main building would be 77 by 44 feet. A two car garage, laundry and storage rooms would be built on the north side of the building, which is designed to face south at Fourth and Schley.

The present jail would be utilized for prisoners until the new structure could be completed, according to plans submitted by Kerr & Kerr. Their new proposal would make it necessary to tear-down the lean-to-type garage on the west side of the old jail before construction could start on the new.

The present jail, which has been criticized by grand juries and county officials in the past as inadequate for the housing of prisoners, was built in 1904-1905 at a cost of \$6,200. It was designed for 17 prisoners.

IN AN OCTOBER, 1904 edition, The Hereford Brand reported that Snyder & Lacey, who prepared the plans for the structure, had put in the low bid for its construction on the northeast corner of the courtyard (the courthouse then was located at Fourth and Sampson). "This will be an elegant (sic) structure when completed — one that will be ample for a home for Deaf Smith's prisoners for many years to come," according to The Brand's reporter.

At the present time, however, county officials find it desirable to house women and juvenile prisoners in the jails of adjoining counties, and they feel that the jail is not "ample" for adult male prisoners. Commissioner Otto Massie cites a big crack in the walls of the structure as evidence that it just might fall down in the foreseeable future.

Other disadvantages of the 1904 design, as modified in the last 53 years: The heating arrangement; prisoners poke coat hangers through the bars to regulate open gas jet fires, and several years ago prisoners discovered a ventilator in the jail afforded an opportunity — cancelled by later modifications — to crawl in and out of the building at will.

While the county officials have been making plans for a new jail, they have also observed that the city's jail has also recently been judged inadequate — a fact readily acknowledged by city officials. No plan has been advanced, however, for joint usage of the proposed new county jail for both county and city prisoners.

Neither of the present jails is much improved over the condition of the county's jail in 1904, however.

In September, 1904, this newspaper declared: "We believe this news (an announcement of plans to build a new jail) will be cheerfully received by all our citizens, for it is a recognized fact that our present building is entirely inadequate for the purposes for which it is being used. The county is not only likely to have a damage suit on her hands by confining prisoners in the cold, comfortless hut, but there is no assurance, when the prison doors are locked at night, that the prisoner will be there the next morning."

U. S. FORCES, Germany (AHT-NC) — Pfc. Terry W. Petrey, whose wife, Shirley, lives at 4037 Rio Grande, Amarillo, Tex., is a member of the 8th Infantry Division in Germany.

An automatic rifleman in Headquarters and Service Company of the division's 41st Tank-Battalion, Petrey entered the Army in January 1956 and arrived in Europe, last November.

Health...

(Continued From Page 1)

Hicks and Charlie Sowell also attended the meeting. Power said efforts to secure state funds for large scale efforts to prevent or control insects during epidemics have been futile.

Federal funds were made available last year, he said, to permit spraying of towns in five South Plains counties where the incidence of sleeping sickness was particularly high.

The health department men recommended all mosquito breeding places in the county be treated at regular intervals from "now through fall" with chemicals or by other methods to prevent mosquito breeding. Air conditioners, irrigation ditches partially filled with vegetation, shallow ponds, roadside ditches, old tires, tin cans — any place where water can stand for at least one week — were cited as potential breeding places for the culex mosquitoes.

DEEP LAKES and clean irrigation ditches are not suitable for the hatching of mosquito eggs, Power said. Still water where there is a minimum of wave action is apt to produce them in large numbers, he added.

Chicken houses should be treated at least every two weeks with a chemical spray, he noted. Mosquitoes prefer chicken blood to any other, and because of this fact are often found in houses occupied by domestic fowls.

It was noted that the sleeping sickness carrying insects seldom range more than 2 1/2 miles from their breeding place. "You can do an excellent job of controlling the culex mosquitoes, but still have some of the 12 or more "pest" type mosquitoes common to the region fly in from eight or 10 miles away and eat you up," Power said.

Detailed information for controlling the insects is to be distributed throughout the county by members of the health committee working in cooperation with the county agents. The Sunday Brand will carry recommendations for mosquito control on the farm and for the various chemicals that have proven effective.

Dudley Bayne, city manager, said the city's turbine duster will be available for use at farmsteads in the vicinity of Hereford during the coming months. He recommended interested farmers contact their neighbors to arrange for scheduling use of the machine. The city's own mosquito and insect control program was scheduled to begin yesterday with the dusting of Tierra Blanca Creek and two lakes near the city — a total of 120 acres — by American Duster Co. planes. The duster pilots have agreed to do the work without pay. The city will provide the chemicals (BHC) for the work.

Mrs. Norman Moore To Head Hereford Garden Club Group

New officers for the 1957-58 Garden Club season were elected at a meeting of the Hereford Garden Club held Friday afternoon in the home of Mrs. Norman Moore. Mrs. Jeff Roberson served as assistant hostess.

New officers include Mrs. Norman Moore, president; Mrs. S. S. Williams, first vice president; Mrs. A. L. Manjeot, second vice president; Mrs. Ralph McCullough, third vice president; Mrs. E. T. Hale, recording secretary; Mrs. F. R. Curtis, corresponding secretary; Mrs. Roy Lee Wilson, treasurer; Mrs. E. Ramey, reporter; Mrs. O. H. Herring, parliamentarian and Mrs. E. W. Young, federation councilor.

Officers will be installed at the final meeting of the year to be held in May.

The program for the afternoon was built around the theme "Gardens are for People." Mrs. F. R. Curtis told how gardens are made to function as outdoor living rooms and Mrs. Norman Moore showed films of gardens and flowers in Florida to illustrate her talk on "Gardens As I Like Them."

Members attending the meeting were Mesdames R. L. Criswell, F. R. Curtis, C. C. Ferguson, John Hacker, O. H. Herring, O. G. Hill, John Jacobsen Jr., E. Ramey, M. T. Rutter, S. S. Williams, Roy Lee Wilson, E. W. Young, A. O. Thomp-

Community Night Held in School

By DELLA RUTH DOW

Community Night was held in the school house Friday night. For entertainment they sang and played games. Attending were Mr. and Mrs. Marion Russel and Elizabeth, Mr. and Mrs. Zed Stewart, Mr. and Mrs. Carl Wimberley, Mr. and Mrs. H. D. Fowler, Jim, and Bill, Mrs. Lawton Hill, Mrs. Orval Galley, Mr. and Mrs. Bill Alger, Shirley, and Brenda, Mr. and Mrs. Joe Vinton, Mr. and Mrs. Henry Dow and Della, Mr. and Mrs. H. V. McCabe and Lloyd Airhart.

The Zed Stewarts, the Ray Stewarts, the Reece Stewarts, and the Marion Russells were in Canyon Thursday night to celebrate W. J. Stewart and Mrs. Zed Stewart's birthday. The Robert Oglebys of Pampa were also present.

Mr. and Mrs. H. C. Dow and Della and Mr. and Mrs. Clyde Toney and girls of Clayton, N.M., went to Portales, N. M., Easter Sunday to visit the Harold Dow family.

Feelings after Shirking a Job IT'S: HER POINT OF VIEW

By BETTY BABIONE

You've heard about the woman who, upon being told by her doctor that she was to become a mother for the umptydumth time within a large span of years, was thrown into an uncontrollable fit of hysterics and weeping. The dismayed doctor tried in every way possible to console his patient, but the woman replied "There's nothing you can do to help matters, doctor. It's not that I mind having another baby; it's just that I can't bear another 12 years in P-TA!"

MAYBE this story was in the back of my mind when I refused to take on a P-TA responsibility the other day. I felt like a shirker and a traitor to the cause; I felt that I had fallen from the esteem of the person who submitted my name and everybody else present. I felt guilty and remorseful — mustering up the nerve to say "no" (for once in my life) had not left me with the great feeling of relief and inner calm that I had always imagined it would.

I talked to hubby about it. He could not believe that I had said "no" . . . asked me if I were sick or something. Then I rattled on about my reasons; it was my very first P-TA meeting; I am the greenest of greenhorns in the organization; I'd rather feel my way a while, instead of jumping in with all four feet; I'm stupid and unworthy; there are so many members who are capable and experienced; and lastly, I have 16 or more years ahead of me in P-TA and I'll be lucky if I don't have to be active in more than two schools at a time.

"Ah!" says hubby. "We get down to the gist of things with your last reason. Also, I can't relish the thought of hearing you say, 'Honey, you'll have to tell the boys you can't go. I need you to baby-sit tonight — it's P-TA!' for the next 16 years."

"Well," I says, "Baby-sit nothing! It's parent - teacher, not mother-teacher, your dues are paid too, you know! They are your children too, you know! etc., etc." Exit hubby mumbling something about being surprised I hadn't finagled a big P-TA job for him already.

Anyway, there were women like Mrs. J. C. Allred, Mrs. Ernest McGee, Mrs. Dudley Bayne, Mrs. George Olson, Mrs. Pete Guinn, Mrs. Harold Beauchamp and Mrs. Herbert Haseloff who had the gumption (and whatever else it takes) to take the reins of responsibility; and Alkman School P-TA has been duly launched without much ado.

HEREFORD was fairly well represented down at El Paso for the Masonic Conclave last week. The W. S. Fluitts, the J. P. Joneses, the

Joe Deavenports, the V. O. Hennens, the Ross Lathams, the L. H. Lookingbills Jr., and the Jim Blacks all returned slightly exhausted but enthusiastic over the experience.

The ladies all waxed ecstatic over teas, banquets, tours and so forth — the only complaint I heard was that walking all over town (or so it seemed) in high heels was so hard on the gals' feet. They have this word of advice to those who may be making the trip at another time: take a pair of comfortable walking shoes!

Mrs. W. S. Fluitt pulled a funny that brought some attention to the Hereford group. During the big fashion show the master of ceremonies asked for roll call of all the towns represented. When the spokesmen for the smaller towns were recognized, they would always say something like "Plainview — it's near Lubbock" or "Canyon — it's near Amarillo." It came our local delegation's turn

and Mrs. Fluitt spoke out, "Hereford — it's between Bovina and Umbarger." And she scored a hit with her wit; the audience really guffawed.

IT LOOKS as if Hubby may condescend to letting me tag along for the Lions' convention in Lubbock this weekend, so we may have a guest Pardy Liner at the keyboard of the typewriter along about Sunday.

Thought for the day (thanks to Norman Jaffray): Although you'll find our house a mess,

Come in — sit down — converse. It doesn't always look like this: Some days it's even worse.

TEXANS IN WASHINGTON

Texas Leads States in Road Building

By TEX EASLEY

WASHINGTON — Federal highway construction in Texas topped the list of all states as of April 1, from the standpoint of miles under improvement.

A report issued by the Public Roads Bureau showed projects under way in Texas on that date totaled 1,678 miles, with a total estimated cost of \$153,675,000.

The federal share of this was \$93,411,000.

The way of contrast, at the bottom of the list was Rhode Island with 23 miles of projects under way. The cost per mile was higher, totaling \$28,043,000, with the federal share \$17,879,000.

In addition to projects under way, contracts have been advertised for 272 more miles of highways in Texas at a total cost of \$56,155,000, of which the federal share is \$38,191,000.

A NEWLY ISSUED report of another federal agency shows Texas below the average of all states.

for which Texans may be thankful. It's an FBI report on crime.

The report, based on data sent into the Federal Bureau of Investigation by local police authorities, shows a 13 percent increase in major crimes over the nation during 1956 as compared with 1955. The increase in Texas was 11 percent.

There were 2,863,150 major crimes in 1956 throughout the previous year. The Texas total was 163,425, for the 94 communities sending in reports; the 1955 total was 92,992.

A breakdown of these crimes in Texas last year, with the 1955 figure in parenthesis, follows: murder and non-negligent manslaughter, 383 (360); manslaughter by negligence, 165 (167); rape, 417 (414); robbery, 1,603 (1,536); aggravated assault, 3,984 (4,347); burglary, 25,598 (22,469); larceny-theft, 61,345 (54,658); auto theft, 9,957 (9,041).

The reports for the major Texas cities:

HOUSTON — murder and non-negligent manslaughter, 109 (99); robbery, 320 (367); aggravated assault, 179 (177); burglary, 5,819 (5,339); larceny-theft, 8,290 (8,293); auto theft, 2,557 (2,280).

DALLAS — murder and non-negligent manslaughter, 81 (74); robbery, 257 (298); aggravated assault, 629 (922); burglary, 3,227 (3,556); larceny-theft, 10,036 (9,220); auto theft, 1,536 (1,426).

SAN ANTONIO — murder and non-negligent manslaughter, 39 (44); robbery, 224 (179); aggravated assault, 594 (795); burglary, 2,926 (2,797); larceny - theft, 6,745 (6,532); auto theft, 1,422 (1,491).

YOUNG MODERNS

Proper Gown Is a Must for Wedding

By VIVIAN BROWN AP Newsfeatures Writer

The wedding outfit is the most important one a girl will ever select. It's a good idea to make sure that it's becoming and in good taste even though you may be carried away by an unusual style. So many young girls marry these days during the figure-fault period that care must be exercised in choosing the dress. Tall girls may look gawky rather than willowy when the truck arrived.

These figure problems may be helped with the right wedding dress, however, says Kathleen Blackburn, designer of wedding veils, offering this advice:

"Tall girls may wear ruffles and very full skirts. Height gives her the right to wear many kinds of fabrics — imported swiss organdy, silk orgazine, tulle, lace, taffeta, satin, silk peau doe sou, silk shantung."

Chubby girls, she advises, may choose from a number of fabrics such as youthful swiss organdy that may help minimize her size. Lace, tulle and taffeta are June Fille fabrics that are usually a success on chubby types. Satin is not always flattering, but no matter what fabric is selected, final choice depends on the style. Miss Blackburn explains:

"Style is important if there is a figure problem. Heavy girls ought to look for long lines such as a princess style or one with a long panel down the front to give a long line. Ballerina length dresses are good for informal weddings, floor length for formal weddings, long formal gowns with trains for formal weddings. The dress may be white, off-white, ivory; blush, ice-blue."

The veil, she says, should be in keeping with the dress. Choose a shoulder length and elbow length for the short dress, a finger tip or longer length veil with a more formal dress. The headpiece could be a crown, cap or of imported orange blossoms. If real lace is available, it is very beautiful with a plain silk dress. Headpieces may be made of the same material as the dress.

A single strand of pearls with small pearl button earrings are the most popular accessories for bridal wear. Rhinestones, gold, silver or other types of jewelry ought not to be worn.

SOVIETS FIND IRON ORE

MOSCOW — Soviet geologists claim to have charted in the Kursk-Belgorod basin 350 miles south of Moscow enough iron ore to keep the world's iron and steel production going at its present level for two centuries.

A mining combine with headquarters in Gubkin has opened both deep and opencast mines in the basin. Because a layer of wtery clay many feet thick covers the ore deposits Soviet scientists have resorted to artificial freezing methods to mine the iron. Main mine shafts are sunk through a column of frozen earth nearly 200 yards deep, then reinforced with iron tubings.

Government scientists here predicted large-scale mining would start this spring in the great basin, from which iron ore will be readily available to the Moscow industrial area.

MEMORIES

NORMAN, Okla. — Norman got four new fire trucks and the memories of the fire laddies went back when they got their 1930 Southern trucks now being retired.

A boy with a bicycle was hanging around the station when a fire alarm came in.

The boy jumped on his bicycle and was waiting at the scene when the truck arrived.

HUNTER'S TRICK

LA CROSSE, Wis. — Clyde Rains, 39, Onalaska, Wis., has been fined \$50 because he fished for pheasants with a hook and line baited with kernels of corn.

Conservation warden Dave Hammes testified he discovered eight baited fish hooks, each anchored by a thin copper wire, and arrested Rains when he inspected the trap line.

Rains was charged with attempting to take pheasants out of season.

NINE LIVES?

ZION, Ill. — Time ran out for Jiggers, a big yellow Angora cat that grew up on a diet of squab and fresh milk.

Mrs. Carrie Main says she raised Jiggers from kittenhood and that a cat nearly 20 years old is not found every day.

REALISTIC TOY

PEORIA, Ill. — Tommy Jones' mother suspected that the cops and robbers pistol he was playing with was real.

Mrs. John Jones looked it over and found her suspicions were well founded. It was a loaded .32 caliber automatic. He told Patrolmen Jack Beecher and John Roake that he found it in a rose bush in his back yard.

READY FOR SHOW—Delores Andrews, left, Glenna Bellar and Shirley Shulte, all Hereford High homemaking students, are shown in dresses they made and will model in the annual FHA spring style show tonight.

FHA Style Show Set for Tonight

"FLOATIN' Down to Cotton Town" will be the theme for the annual spring style show to be given by Hereford High School homemaking students at the high school auditorium today at 8 p.m.

Mrs. Deward Roberson is serving as general chairman, with Mrs. Ben Childers and Mrs. Bert Boomer assisting. Seventy girls who have been studying sewing this semester will model garments they have made. Installation of new officers for both FHA chapters will follow the show.

The music department is providing special background music, under the direction of Charles Bell. Taylor Sims and Monta Kay Gragg will be soloists, and Sue Springer and Jane Newsom will sing a duet. Mary Kathrine Huckert will present a specialty act.

SUE SPRINGER is serving as narrator, and chairmen for each of the classes participating are Pat Gandy, Sandra Roberson, Betty Paetzold, Gayle Wagoner, and A-zalee Browne.

Mary Lou McCullough has charge of staging and is directing the painting of a special background for the show. She is

Livestock Team Goes to State Judging Contest

By winning sixth place in Area I competition, the livestock judging team from the high school FFA chapter earned the right to enter the state meet at Texas A&M this weekend.

Members of the team are Lynn Boomer, Jerry Rowland, and Robert Diller. At the area meeting at Texas Tech on Saturday they were in competition with approximately 100 other teams. The first 10 teams in that division qualified for the state contest.

The meats judging team took sixth also, but only the first four teams in that category go to state. The grass judging team placed tenth. Five other local teams were entered but did not place.

Members of the meats team were Bill Johnson, Larry Walter-scheid, and Eugene Vasek. On the grass team were Jimmy Jones, Leland Dugan, and Ray Skelton. The livestock team is scheduled to leave at noon today and to arrive in College Station tomorrow. The judging will take place on Saturday. The boys were to be accompanied by Jess Robinson, agriculture teacher.

Browns Leave To Look at Wheat Crops

By MRS. S. N. THWEATT

N. A., Floyd and Eldred Brown left Wednesday afternoon for points south to check the wheat harvest prospects. They'll visit relatives at Electra and Harrold.

Earl Brown, son of Mr. and Mrs. Floyd Brown was released from the hospital Wednesday morning. His injured arm is showing improvement but he will go back to the hospital for a checkup Saturday.

Mr. and Mrs. Bruce Coleman made a business trip to Amarillo Monday. They stayed overnight in the home of Coleman's sister, Mrs. D. E. Coleiron.

Frank Ford visited in the S. N. Thweatt home Wednesday night. He told of heavy rains in the Lubbock and Springlake areas.

Barbara Brown spent Wednesday night in the home of her grandson, Tommie Brown.

Mrs. Floyd Brown, Earl and Roger spent Thursday night in the home of Mrs. C. W. King of Rosedale, N. M. Mrs. King is Mrs. Brown's mother. Also visiting Mrs. King were Mrs. Al Liedtke of Chambers, Neb., Mrs. Minnie Cullender of Arizona and Miss Theresa Miller of Lewiston, Ill.

Mr. and Mrs. S. N. Thweatt, Mr. and Mrs. Elmer Northcutt, Mr. and Mrs. Jack Buse, and son, Frank Ford, Earl and Rodger Brown, and Mesdames N. A. Brown, Floyd Brown, Eldred Brown, W. D. Howard and J. E. Rouse all attending the annual meeting of the Deaf Smith County Electric Cooperative held in Hereford.

Mrs. Ernest Brown will give the sewing demonstration to her group Monday afternoon in her home. (Continued On Page 8)

Drouth, Flood Relief Same?

By ARGENT DRAPER

Some folks are wondering if the same declaration that designates an area for drouth relief designates it for flood relief. People who do not know Texas weather would wonder. Corrine Neely says her father always said this country is one of extremes.

We still have three cute kittens that are looking for a home. First thought about advertising to trade for something of equal value but was afraid that is what we would get. Anyway, there are two pretty grey kittens and a little yellow one.

Have read a report of professional survey people on glass jars for canning. This states that a quart jar gives service for over 10 years. The average cost of using jar and cap is 2 1/2 cents per year and the cost of fuel used in canning one jar is 1/2 cent.

SATURDAY, Mr. and Mrs. C.R. McGhee came by for a visit. They are former residents who now work in the Vernon State Home which is a branch of the Wichita Falls State Hospital. Sunday was open house at both places. The McGhees really like their jobs and are enthusiastic about the treatment the patients are receiving. The conditions are very crowd-

ed and if a person is dismissed it is almost impossible to get him back into the hospital.

It is interesting to know that most all patients respond to some form of music therapy. Too there is a sewing room and dress shop; four seamstresses are employed and are assisted by volunteer patients. Mrs. McGhee's job is recreational therapy; she plans and conducts parties for patients in the mornings and afternoons Monday through Friday.

The Auxiliary of the Veterans of Foreign Wars of Vernon sponsor a birthday party once a month for the patients whose birthday occurs during that month. They bring a gift to each honoree and a huge birthday cake for the party refreshments. They have sponsored these birthday parties since September, 1951. This is quite an undertaking and there is no way to gauge the happiness it brings to people who are often forgotten by the folks back home.

Gray Ladies assist with the occupational therapy department. During March they spent 106 hours with the patients teaching all sorts of crafts; some of these crafts are sold in a sales room; the money

LET IT RAIN—While parts of the state were suffering from floods due to April rains, Hereford failed to come up to the average (indicated by M in the chart above). The total of 1.33 inches received here during the month was, however, the greatest total received in any April since 1952, and the year's total now stands at 4.87 inches, well above the 3.49 average and makes this the wettest first four months of any year since 1949 when a record of 5.23 inches fell from January through April.

Bob Geigel Returns to Local Ring

Bob Geigel will return to the Hereford wrestling ring Saturday night at the Bull Barn when he meets Tiny Mills in the first of a double main event.

Geigel has been touring his home state of Iowa and also in Minnesota. He won the state championship of Iowa.

His match with Tiny Mills is scheduled for two out of three falls with an hour time limit.

In the other main event Al Mills will tangle with Don Curtis. The bout also is scheduled for two out of three falls or one hour.

The Mills brothers lost both individual matches last week but rallied to win the tag team fight. Rip Rogers defeated Tiny and Curtis took Al.

Boys Ranch To Hold Open House

Sunday, from 2 to 4 p.m. America's First Boys Ranch at Tascosa will hold a special open house. This is the first time Boys Ranch has had an official open house and it's being held so that everyone can see the full Ranch program in action.

The 231 boys are preparing now to be ready to show their guests. "Boys Ranch in action," just as it would be during an average week day. It will give everyone a chance to see the regular program that Sunday visitors miss.

The boys mainly will show their Vocational Trades Program and let the visitors see the heavy equipment working on the beginning of the new dining hall, the work on the new housing unit the boys are building themselves and their fine new school building.

Visitors coming from the North or South can use the all-paved highway 51. Those coming from Amarillo and the East may use the Gem Lake Road (Old Tascosa Road) which is all paved except the last six miles, and that is in excellent condition.

Pictures Subject For H. D. Programs

Two area home demonstration clubs discussed pictures and their arrangements at meetings held recently. The North Hereford club entertained the Messenger Club on Friday.

Detailed reports of their activities follow:

West Hereford
Pictures were discussed when the West Hereford H. D. Club met at the home of Mrs. John Jacobson Sr., April 23.

Mrs. Jacobsen introduced Mrs. Dorothy Provell who conducted the program. Mrs. Carlos Vaughn gave a report on the county home demonstration council meeting.

Mrs. J. B. Shirley was welcomed as a new member. Mrs. L. M. Campbell was a guest.

Members attending were Mesdames Mary Waters, W. H. Autrey Sr., N. B. Hood, Hugh Witherspoon, John Jacobson Sr., A. E. Douglas, Carlos Vaughn, Edna Bowe, N. W. Livesay, Vern Witherspoon, Roy Boyd and Mrs. Evelyn Bell.

Mrs. Edna Bowe received the hostess gift. Refreshments of cake and punch were served. Mrs. Bowe, 411-B W. 4th, will entertain the club May 14.

Westway
County agent Mrs. Argen Draper gave the program on pictures and their arrangement to the Westway H. D. Club when it met April 25 at the home of Mrs. Waldron Melton.

Mrs. Morris Easley resigned as secretary - treasurer and Mrs. R. L. Wilson was elected to fill the vacancy.

Mrs. Bobby Jones became a member of the club. Members present for the meeting were Mesdames Leo Ohlig, Dick Godwin, Paul Rudd, Roy Neaves, Jesse Odom, Harold Rudd.

T. B. Thomas, G. C. Merritt, B. B. Northcutt, P. B. Sowell, R. L. Wilson, George Turrentine, Morris Easley and Waldron Melton.

North Hereford
The North Hereford H. D. Club entertained the Messenger Club with a picnic Friday at the Fullwood Apartments. The Messenger Club furnished the entertainment.

Attending from the Messenger Club were Mesdames Floyd Brown, S. M. Thweatt, Ernest Brown, J. E. Rouse, E. M. Jack, N. A. Brown, W. D. Howard, Elmer Northcutt, Bob Howard and Bruce Coleman.

Present from the North Hereford group were Mesdames O. C. Williams, Otto Massie, Mary Bodkin, Frank Brinkman, O. L. Williams, R. E. Barrett, A. E. Hodges, C. L. Whitehead, W. H. Russell, W. N. Reiger, Paul Hoff, R. A. Fullwood, Otto Olson and Miss Roberta Campbell.

Household Scrapbook

Glass Stoppers
A glass stopper can be loosened by mixing 2 drams alcohol, 1 dram glycerine, 1 dram sodium chloride. Pour some of this into the space above the stopper and allow it to stand for about two hours. A slight tap will loosen the stopper.

Flower Pots
The flower pots can be made waterproof by dipping the bottoms in melted paraffin. This closes the pores and prevents moisture from staining the surface of the table or other furniture.

Removing Varnish
Varnish can be removed from furniture by using ammonia and water in equal quantities.

Paint Brushes
If the paint brush has become hard and dry, heat some vinegar to the boiling point and soak the brush in it for about 25 minutes. Then boil it gently in strong soap-suds for a few minutes. The bristles will be as soft as new.

Chicken Creole
Chicken creole is made by using the left-overs of chicken and gravy. Cook rice, pick the chicken off the bones, mix with the gravy and use small bits of pimiento. Heat in the double boiler, or the oven.

Rusted Locks
If the key works jerkily in the lock of the door, dip it in machine oil and then place in the lock and turn the key back and forth several times. It will soon work very smoothly.

Sewing on Buttons
When buttons are to be sewed on heavy fabrics, put a match across the top of the button and sew over the match and through the button. Then remove the match and wind the thread around the threads under the button before fastening.

Detachable Collars
When one has a separate white collar on a dress, the trouble of sewing it on after each laundering will be eliminated if snap fasteners are placed on the inside of the collar and at the neck edge.

Stains
To remove the stains of castor oil from washable fabrics, try dipping the goods in alcohol before laundering.

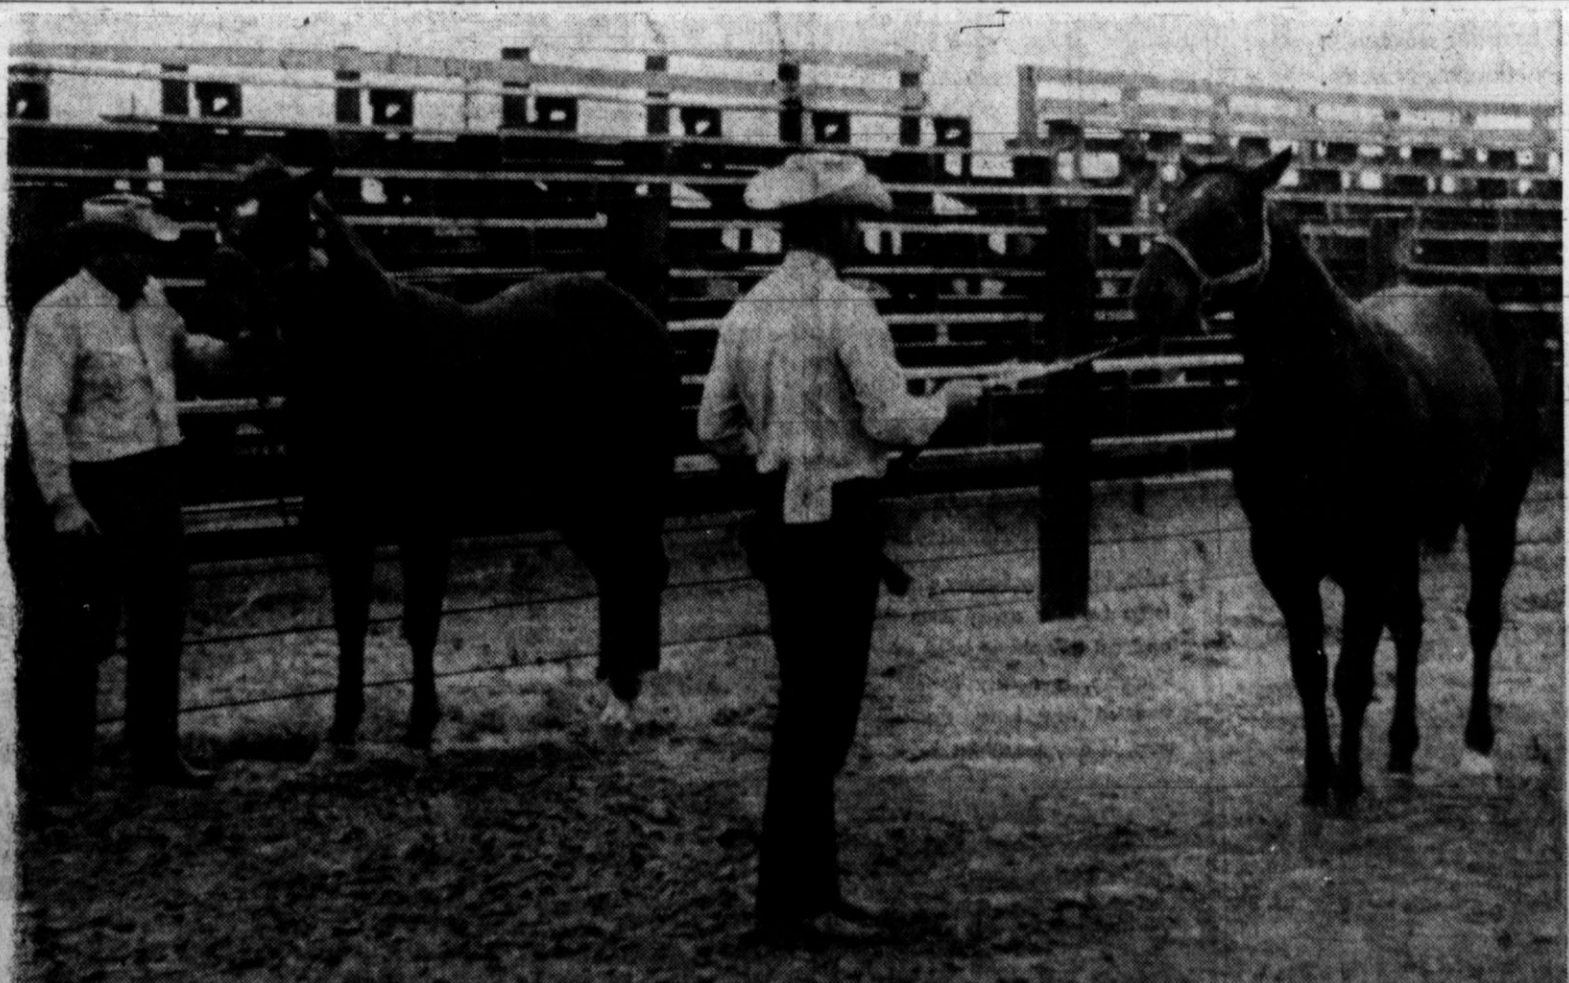

ANNUAL CATTLE FEEDERS DAY SLATED AT TEXAS TECH MAY 7

The Annual Cattle Feeders Day program has been scheduled at Texas Technological College, Lubbock, on May 7, according to an announcement from Dr. W. L. Stangel, Dean of Agriculture.

The livestock event will feature results of a feeding experiment conducted to provide information which will decrease the costs of cattle feeding, enabling cattlemen to solve the squeeze between rising costs and lower sales prices. Dean Stangel said this experimental work gives practical application to recent developments in the field of scientific cattle nutrition studies. Factors investigated in the experiment, include stilbestrol, aureomycin, combination of stilbestrol and aureomycin, ground cottonseed hulls, and pelleted cottonseed hulls. This study has been supported by the Texas Cottonseed Crushers Assn. Research on wintering rations for breeding beef

cows will also be reported. In addition to observing experimental work conducted at Texas Technological College, cattlemen will be given reports of important recent cattle research at the Spur Experiment Station by Mr. Paul T. Marion, Dr. L. S. Pope, widely known cattle nutrition authority at Oklahoma A&M College, will discuss cattle research which has been conducted at that experiment station. Information on beef consumption trends and outlook will be covered in an address by Mr. R. B. Elling, Director of Industrial Relations for the National Livestock and Meat Board.

The meeting will begin at 9:30 a.m. at the Agriculture Building on the Tech Campus. In addition to the formal program, the event will include a tour of the experimental feedlot and a barbecue lunch at the Livestock Pavilion.

ALL IN THE FAMILY—Standouts among the 96 horses here Saturday for the Hereford Riders, Inc. Quarter Horse Show were Alibi Hill, left, grand champion stallion, and his sire,

Showdown, who was reserve champion. Owners of the horses are Hereford residents, Bill Kendall, left, and O. G. Hill Jr. (Staff Photo)

A lot of prizes were given away at the annual meeting of the REA and I drew the best one. Juanita and Horace Hershey brought me a huge jar of yellow pop corn. It is delicious and pops perfectly. Why don't they seal this in jars or cans and sell it? Looks like such good quality corn would sell well.

I have been studying Lovejoy's College Guide in the County Library. It is quite interesting and should be used by seniors who are planning college careers. I was surprised to find 108 different colleges rated in Texas. Lovejoy prints a Vocational School Guide, too.

It's a dear bargain if you have to sit down and write long letters of explanation to an insurance company and then wait around for answers that may involve more long letters.

We have a hunch you'd rather BUY FROM AN AGENT who, like your family doctor, is no further away than the nearest telephone, and who, besides, is ready to serve you at any hour, on any day, in any weather.

That's how this Agency conducts its business.

Beauty At Home

Q. The skin on my face is showing signs of dryness, and there are some fine lines beginning to appear around my eyes, mouth, and on my forehead. What should I do?
 A. Your skin needs some nourishment. Buy some lanolin-rich dry-skin cream, and apply this very carefully every night, and leave on at least 20 minutes. A thin film of this cream, left on underneath your makeup foundation, is also beneficial.
 Q. Should the size of one's nose govern one's application of rouge?
 A. Yes, it most certainly should. If the nose is large, avoid bringing the rouge too close to it. And if the nose is very small in comparison with the rest of the features, bring the rouge fairly close to it.
 Q. I have a naturally olive complexion, but it seems to have taken on a rather sallow appearance lately. What can I do about this?
 A. You can counteract this by wearing a foundation makeup near your own skin tone, but with a slight touch of flattering pink added to it.
 Q. What is a simple facial mask which will help to tone my skin?
 A. A very simple, but good, mask is effected just by painting the white of an egg over face and throat, allowing to remain for 10 minutes, then removing with warm water.
 Q. I have long, and rather thin legs, and the inner, upper parts of my legs do not meet. Is there an exercise which will help to develop the inner line of my legs?
 A. Very good for this condition are deep-knee bends. And also the following: Lie on floor and back with legs straight and arms on floor. Raise legs halfway up, holding them in this position as you swing them apart and together again.
 Q. How can I remove a scorch stain from one of my linen dresses?
 A. If the scorch is not too deeply ingrained, this might work: Cut a raw onion in halves, and rub the flat side of it on the discolored area. Then soak the linen in cold water for several hours.
 Q. Will you please suggest a good after-shampoo rinse which will help bring out the highlights in my naturally red hair?
 A. One good rinse is made by boiling a handful of clean, chopped parsley in two quarts of water for about six minutes.
 Q. What can I do to remove perspiration odor from one of my garments?

A. Rub over the affected area with a solution consisting of one part of ammonia to eight parts of water.
 Q. How can I make my eyelashes darker without actually coloring them?
 A. Regular clipping of the ends of the lashes — carefully and very slightly — every two months or so has a tendency to strengthen them and to stimulate them, thus darkening them. Applications of plain petroleum jelly are also good for eyelashes and eyebrows.
 Q. How can I cleanse my skin

thoroughly without using soap and water?
 A. After wetting a piece of cotton in cold water and squeezing dry, moisten it with a tonic-made of witch hazel diluted with a little toilet water, dip into cold cream, and apply this to the skin, rubbing upwards.
SEEKS TO SOLVE RIDDLE
 HONOLULU — A Honolulu Doctor believes he may have solved the riddle of where the Polynesian peoples came from. He based his conclusions on his work in

tracing the spread of the disease filariasis — peculiar to Polynesians.
 Dr. David D. Bonnet says first surveys of his evidence indicate the Polynesians were once native to the area around Borneo, and then migrated eastward as far as Hawaii.
 Bonnet's conclusions are based on blood samples from 1,900 natives from west of Borneo to Hawaii.
 Scientists have advanced various theories on the origin of the Poly-

nesians. The raft Kon-Tiki made its famous voyage in an effort to establish migration route.

... how quickly tomorrow becomes today and today fades into yesterday. *Yesterday this old stern wheeler was a part of today.*
 Like our plans and ambitions for tomorrow it drifted into yesterday. Brother, yesterday is too late... we only have today. *The gang planks will soon be raised, the lines cut and off we go into yesterday... into eternity.* Today you will say 'so-long' to souls you will not see tomorrow... suddenly *it's too late.*
 Now, even today is almost gone. How about stopping in at church next Sunday. *Last Sunday is now too late.* Jesus said "NOW is the accepted time."
 "Don't let your todays and tomorrows turn into yesterdays. Unless the Lord gives you tomorrow you have none."

**YOU IN THE CHURCH
 THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCHGOER and a daily BIBLE READER.

 Let's We Forget: "God preserves us by providing us with all things that we need for our life and body. He does so richly and daily. Therefore trust your rich and merciful Father. God wants us to work diligently and earn our daily bread; He also wants us to be thrifty, saving, with what He has given us. But with all our working and saving we could never provide the necessary food and clothing without His blessing. He alone provides for us. Trust in God! He will defend us against all danger and guard and protect us from all evil. He sends us His Holy angels so that no evil may harm us."
 A most cordial welcome to you.

Legal Notice

NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS
 THE STATE OF TEXAS
 COUNTY OF DEAF SMITH
 TO THE RESIDENT QUALIFIED ELECTORS OF DEAF SMITH COUNTY TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 18th day of May, 1957, within Deaf Smith County, Texas, to determine if said County shall issue Jail Building Bonds, and if a tax shall be levied on all taxable property within said County sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, in pursuance of an ELECTION ORDER made and entered by the Commissioners' Court of Deaf Smith County, Texas, on the 29th day of April, 1957, and which order is in words and figures as follows:

ORDER FOR JAIL BUILDING BOND ELECTION
 THE STATE OF TEXAS
 COUNTY OF DEAF SMITH
 ON THIS, the 29th day of April, 1957, the Commissioners' Court of Deaf Smith County, Texas, convened in special session, at the regular meeting place thereof in the Courthouse at Hereford, Texas, there being present and in attendance the following members, to-wit:

H. E. HENSLEE, COUNTY JUDGE, PRESIDING; and CHARLES R. SOWELL, COMMISSIONER, Precinct No. 1; OTTO L. MASSIE, COMMISSIONER, Precinct No. 2; J. T. GUINN, COMMISSIONER, Precinct No. 3; DONALD R. HICKS, COMMISSIONER, Precinct No. 4; and among other proceedings were the following:

COMMISSIONER, Sowell introduced the following election order: WHEREAS the Commissioners' Court of Deaf Smith County, Texas, deems it advisable to submit to the resident qualified taxing voters of said County, who own taxable property in said County, and who have duly rendered the same for taxation, a proposition for the issuance of bonds of said County for the purpose hereinafter stated; therefore

BE IT ORDERED BY THE COMMISSIONERS' COURT OF DEAF SMITH COUNTY, TEXAS, that the following proposition be submitted to the qualified voters of said County at a special election to be held on the 18th day of May, 1957, at 8 p. m. The Sunday morning Baptist Hour is broadcast at 8 a. m. over Radio Station KPAN.

COMMISSIONERS' COURT OF DEAF SMITH COUNTY, TEXAS: That an election be held in said County on the 18th day of May, 1957, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified taxing electors who own taxable property in said County, and who have duly rendered the same for taxation, for their action thereupon:

"SHALL the Commissioners' Court of Deaf Smith County, Texas, be authorized to issue the bonds of said County in the total principal sum of ONE HUNDRED SEVENTY FIVE THOUSAND DOLLARS (\$175,000), to mature serially at such time as may be deemed most expedient by the Commissioners' Court, but not later than twelve (12) years from the date thereof, and to bear interest at a rate not to exceed THREE AND ONE-HALF PER CENTUM (3½%) per annum, and to levy ad valorem taxes sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, for permanent improvement purposes, to-wit: the construction and erection of the county jail building in the City of Hereford, The County Seat of Deaf Smith County, Texas, pursuant to authority conferred by the Constitution and laws of the State of Texas?"

ALL VOTERS who are legally qualified voters of said Deaf Smith County, Texas, and who are resident property taxpayers of said County, and who have duly rendered their property for taxation, shall be entitled to vote at said election; and said election shall be held under the provisions of Chapters 1 and 2, Title 22, Revised Civil Statutes of 1925, and the Constitution and laws of the State of Texas.

IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following:

"FOR THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"
 "AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"

AS TO the foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the propo-

sition; or, in the alternative, each voter may vote on the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

The POLLING PLACES and officers of said election shall be respectively as follows:

Precinct Number 1, Commissioners' Court Room Courthouse, Hereford, Texas, Presiding Judge, Frank Beizer.

Precinct Number 2, County Court Room Courthouse, Hereford, Texas, Presiding Judge, Walter Seed.

Precinct Number 3, R. W. Mitchell Residence, Presiding Judge, Herschel Burrus.

Precinct Number 10, J. F. Matthews' Residence, Daniels Community, Presiding Judge, C. L. McBroom.

Precinct Number 11, Central Schoolhouse, Hereford, Texas, Presiding Judge, J. J. Clark.

SPECIAL CANVASSING BOARD:
 Wayne Thomas, Jim Bob Allison, Carol Turner.

THE MANNER of holding said election shall be governed by the General Laws of the State of Texas regulating General Elections.

A COPY of this order, signed by the County Judge of said County, and certified to by the County Clerk, shall serve as proper notice of said election.

NOTICE of said election shall be given by posting and publication of a copy of this order, at the top of which shall appear the words "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS" Said Notices shall be posted in each of the election precincts of the County of Deaf Smith, and at the door of the County Courthouse, not less than fourteen (14) days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation published in Deaf Smith County, the first publication to be not less than fourteen (14) days prior to the date set for said election.

The above and foregoing order, having been read in full, it was moved by Commissioner Sowell and seconded by Commissioner Guinn that the same do pass. Thereupon, the question being called for the following members of the Court voted "AYE": Commissioners Sowell, Massie, Guinn and Hicks; and none voted "NO".

PASSED AND APPROVED, this the 29th day of April, 1957.

Facts You Need To Know About AGRICULTURAL AMMONIA

NITROGEN 82%

AGRICULTURAL ANHYDROUS AMMONIA

The anhydrous part of the name means without water. Ammonia—at normal temperatures and pressures—is a colorless gas consisting of 82 per cent nitrogen and 18 per cent hydrogen. This is the most concentrated form of Nitrogen fertilizer known.

WHAT AMMONIA DOES FOR CROPS

Ammonia combined with the clay is insoluble in water and resists leaching. Plants in the early stages of growth absorb and use nitrogen in this ammonia form directly.

At soil temperatures above 50 degrees, with proper moisture, soil micro-organisms change the ammonia nitrogen into nitrate nitrogen. Since many plants prefer the ammonia form in their early stages of growth and the nitrate form later, this conversion process of NH3 closely parallels the plants' needs.

THIS ANHYDROUS AMMONIA Fertilizer makes it possible for your crops to have adequate supplies of nitrogen throughout their growth—and at low cost.

WHY YOUR LAND NEEDS NITROGEN

- ★ For greater growth, yields, profits
- ★ For higher protein in food and feed crops
- ★ For quality crops of healthy, dark green color
- ★ To speed decomposition of crop residues

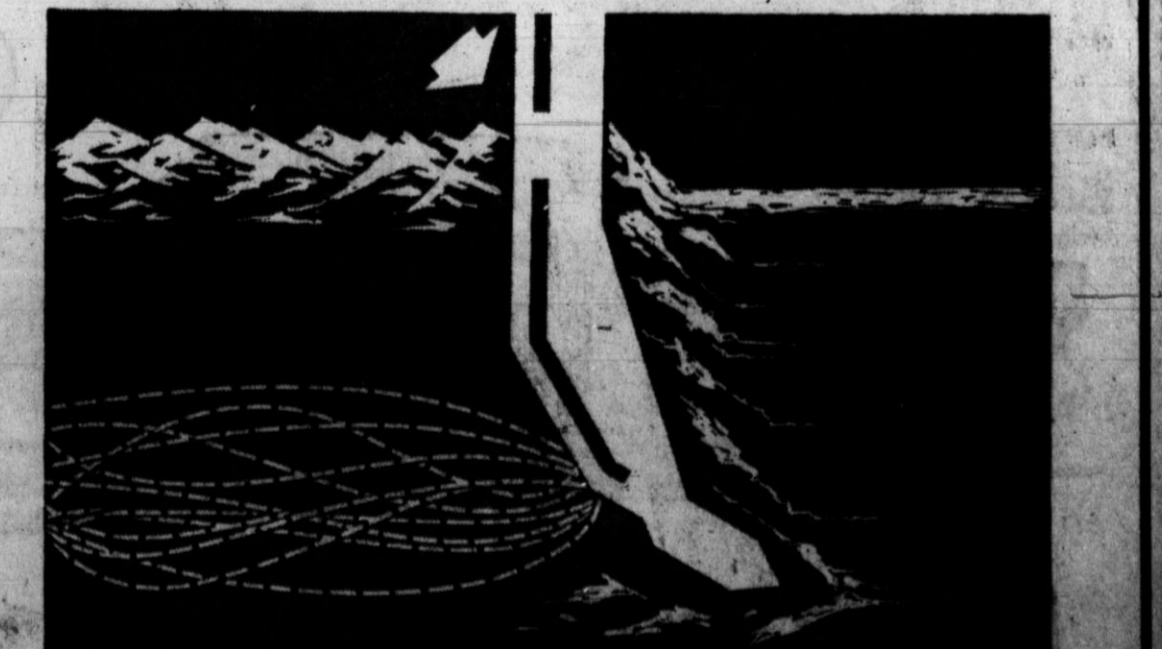

YOUR INDIVIDUAL SOIL NEEDS

It's impossible to provide an exact fertilizing program suited to all farms. Climate, soils and management of soils vary greatly from state to state, county to county and farm to farm.

So, consult Hereford Butane, Inc. Have your soil tested. A soil test is the best way to find out just what your individual field needs. Check your previous cropping history. Then you can be sure that you are applying the right balance of plant food for efficient, economical crop use—higher yields.

PHILLIPS 66 AGRICULTURAL AMMONIA (82% NITROGEN) properly used will return many times your original investment in increased crop yields.

ADRIAN NEWS

1 1/2 Inches of Rain Recorded

Beneficial rains have fallen over the entire area over the weekend. Adrian reported 1 1/2 inches Friday night, varying amounts fell Saturday night with hail. The rain will probably call for some field work, but there won't be many farmers complaining over the moisture which has been on order for some time.

The seniors report a good turnout to their play Friday night. They hope everyone enjoyed the play and wish to thank them for making it a success for them.

The senior class was honored with a dinner by Mr. and Mrs. John Proctor Thursday. A center piece of spring flowers, and candles standing to the sides of the flowers served as a very pretty table to hold the meal of fried chicken, gravy, green beans, corn,

Long Time Ago

25 Years Ago

A soaking rain, ranging from 1.25 to 1.50 inches, fell during a cloudy Wednesday, but much of the wheat had already been reported irrevocably lost to drought.

The Westway school was reported to have won the athletic events in the all-day meeting of the rural school of Deaf Smith County held at Ford school. Other schools ranked as follows in the keen competition: Progressive, Ford, Messenger, Dawn, Daniel, Ward, Fairview, Summerfield and Bippus Dean, Walcott and Higgins.

Outcome of a golf match between 20 members of the local club and Tulsa players was described as "too bad."

45 Years Ago

A quick called meeting was held last Saturday at Pitman & Wear's office when plans were laid to give the Amarillo bunch of boosters a civil reception when they arrive at Hereford May 6 at 10 a.m. It is planned to have all the autos in town load up with the men and women of the community on Main St. about 45 minutes before the scheduled arrival and go out and meet the incoming crowd at Dawn.

Then, proceed cautiously into town, but turn aside to visit the Baskin-Hester well: make a run through the northeast part of town, starting from the corner of the nursery and come down street to Christian Church; turn north and go out 25 Mile Ave. to McDonald's two wells; turn down the avenue as far as C. W. Warren's residence; thence by the high school building — it has been suggested that the superintendent permit the children to take a recess at that time and give the excursion a sheering reception; thence to Main St., to the courthouse where the bunch will alight for dinner.

After dinner, which will occupy week.

Visiting with Mr. and Mrs. Cal Jackson and Mary Jean from Thursday until Sunday were Mrs. Jackson's parents, Mr. and Mrs. John Carter, and her sister, Debra Miller and family of Tulsa, Okla.

Mr. and Mrs. Manuel Loveless attended a butane meeting at Mineral Wells this past week. They returned home by way of McAllister, Okla., where they visited with relatives. In their absence, Mrs. Singleton of Vega kept the Loveless children.

The WSCS met Wednesday afternoon in the Fellowship Hall. The society has started a series of lessons on "Paul's Letter to the Churches." They plan to meet each Wednesday for four weeks to conclude the lessons.

Mrs. Johnnie Williams is to teach the course. Those attending Wednesday were Mrs. Anna Wilt, Mrs. Earl Kromer, Mrs. John Skaggs, Mrs. Bessie Shipp, Mrs. Joe Cullender, Mrs. Vic Lemke, Mrs. Leland Burns, Mrs. Edgar Jacobson, Mrs. Norman Jacobson, Mrs. Nellye Davis, Mrs. Homer Ehresman, and Mrs. Johnnie Williams.

The Methodist Men held their meeting Monday morning. Because of the rain, some were unable to attend. There were 14 present for the breakfast prepared for them by Vic Lemke, John Skaggs, Earl Croff, and the Rev. Johnnie Williams.

Many from the community attended the Amarillo High School Rodeo held at the Will Rogers Arena this weekend. Those entering the rodeo were Allen Ehresman, who brought home a second place belt buckle for calf roping, Gene Shelton, and Gayle Brown. Because of the weather Gene and Gayle did not return for the last performance Sunday afternoon.

25 minutes, all afloat and proceeded to the Renfro well where they will be giving a shouting farewell.

Let everybody get into the spirit of the occasion and make these 100 boosters remember Hereford as long as they live.

How Can I?

Q. How can I soften stiff leather shoes?

A. A little petroleum jelly applied to the shoes will make them soft and pliable. The jelly should be rubbed into the leather with a piece of flannel.

Q. How can I make bacon a golden brown?

A. The fat of bacon should be drained frequently so that the bottom of the pan is only well greased. Remove from the pan when the bacon is light golden brown and evenly crisped.

Q. How can I keep washable leather gloves in good condition?

A. By adding a teaspoonful of glycerine to the water in which they are washed.

Q. How can I preserve soft rubber goods?

A. Suspend the article several inches above a dish or pan in which is a small quantity of kerosene. The vapor arising will prevent cracking without injuring the goods.

Q. How can I clean soiled velvet?

A. Scrape a small quantity of French chalk over the soiled spots and then brush with a stiff brush. All dirt will be removed with the chalk.

Q. How can I remove the scorched taste from food when it starts to burn?

A. By placing it immediately in a pan of cold water.

Q. How can I make a substitute for linoleum?

A. A substitute is to stretch a worn brussels carpet wrong side up and apply two coats of floor paint, 24 hours apart. After this, use one or two coats of waterproof varnish.

Q. How can I keep light-colored decorative candles from soiling so quickly?

A. By giving them a coat of clear shellac before using them. Wipe them with a clean damp cloth when they do get soiled.

Q. How can I freshen stale cake?

A. By dipping in cold milk, then rebaking in the oven.

Q. What is a substitute for baking powder?

A. In an emergency 2 tablespoonfuls of cream of tartar and 1 scant teaspoon of baking soda are equal to 3 teaspoonfuls of baking powder.

Q. How can I keep eggs from cracking when boiling them?

A. If an egg is pricked with a pin before placing in the water it will not crack.

CINCINNATI (AP) — Police had little trouble tracing a car stolen here recently after owner George Wenzel said it could easily be identified by the two bathroom faucets he had fixed to its hood as ornaments.

GOOD DEED

MANGUM, Okla. (AP) — When Mrs. P. J. Boyle found out her neighbor, Mrs. John Swoboda was in the hospital, she went over to her house to help out. For the five days she washed the dishes, made the beds and kept the house straightened. It was an extra act of neighborliness — Mrs. Boyle is 90 years of age.

BEFORE HIS TIME ROCKFORD, Ill. (AP) — Someday Richard A. Peavy will be old enough to wear a U. S. Army sergeant's uniform, but right now Rockford police don't think he is at only 16. Officers had a hunch when they saw him wearing it that he wasn't so they checked and discovered the young Peavy was wearing his soldier brother's uniform, who, at the moment, was in the guardhouse at Fort Sheridan.
