Head-on Crash Kills One and Injures Seven

Highway Patrolman Joe O'Rear said Wednesday charges of negligent homicide will be filed today against Roy J. Norman, 44, of Clovis, N. M., truck driver in a car-truck accident which killed one man and injured seven others Tuesday morning.

Johnnie Noyes, 37, of Tulsa, Okla., died at 1 p.m. Tuesday in Parmer County Hospital at Friona, three hours after the head-on collision. He died from shock and loss of blood.

NOYES' four children, his wife, her mother and Norman all were injured in the crash which occurred 4.6 miles west of Summerfield in Parmer County. All the injured are receiving treatment in Deaf Smith County Hospital here.

The injured and their condition: Mrs. Ruby Noyes, 34, serious condition, shattered pelvis, both hips dislocated, both arms broken.

Duane, 6, critical condition, compound skull fracture, extensive brain injury.

Johnnie Steven, 12, serious condition, broken left thigh, broken right arm, hemorrhage in eyes.

Brenda, 3, serious condition, broken face bones, left thigh fractured.

Harold Dwight, 10, fair condition, possible neck and skull fracture.

Mrs. Anna Williams, about 60, mother of Mrs. Noyes, serious condition, multiple fractures of face and jaw.

Roy J. Norman, good condition, broken shoulder and possible internal injuries.

All the injured have multiple abrasions and contusions, attending (Continued On Page 7)

RODEO, EYEING SKY, OPENS HERE TONIGHT

WITH A WARY eye on the weather, the Hereford Riders Club will stage the first performance of its delayed rodeo at 8 p.m. today in the Riders Club area east of town.

Two more performances are scheduled, one Friday night and the final events Saturday night. Admission is \$1.50 for adults and 75 cents for children.

The rodeo originally was scheduled for May 30, 31 and June 1 during the Pioneer Day celebration. It was rained out every night and postponed until today.

The Riders Club was saved from complete financial loss during the rainouts by an unusual insurance policy. The Firemen's Fund Group Co. insured two of the performances against rainouts, if it rained more than 10 of an inch prior to each performance.

With heavy rains falling each day, the club collected \$2,000 from the insurance firm.

The club has taken similar insurance on this week's rodeo.

THE CLUB declared Western Week beginning Monday and it rained Monday afternoon. The club asked Hereford residents to wear Western garb all this week in conjunction with the rodeo.

Harold Beauchamp, president of the Riders Club, said a grand entry will be staged each night before the events begin. He said the Frith mounted square dance group will perform each night at the rodeo.

The Dalhart XII Riding Club will be here Saturday night as will the Plainview Riding Club. Crates

Snyder, president of the American Assn. of Sheriff's Poses and Riding Clubs, will be here Saturday night for the finals.

EVENTS included are calf roping, double mugging, bareback riding, saddle bronc riding, bull riding and girls barrel race.

The top individual rider and roper will each receive a saddle donated by each of the local banks. Winners of the different events will receive buckle sets.

Beauchamp said noon today is the final deadline for contestants to enter the rodeo.

SATURDAY at 4 p.m. \$1,000 in merchandise will be given away by Hereford merchants in a drawing to be held in the First National Bank's parking lot between Main and Sampson on 3rd.

The drawing was scheduled originally for June 1, the last day of the rodeo, but it too was rained out.

The Riders Club is sponsoring a dance each night in the ballroom of the Hotel Jim Hill. Tommy Hancock and his band of Lubbock will furnish the music.

Trautmann Bros. on Tuesday began the season's first harvest of vegetables in the Hereford area. Three loads of cabbage were moved toward markets on Tuesday, with an Oklahoma City buyer commenting on the quality as "The finest I've seen in years," reported Al Trautmann. Three more loads were scheduled to be harvested yesterday. Prices up sharply from those of last year, were being quoted at \$1.50 per bag or \$50 per ton, compared to the \$30 per ton of 1956. "It looks good, with prospects at this time even better," Trautmann said.

The first grain to be cut this season may prove to be that of J. M. Davis, who moved a combine into his barley field yesterday. Davis, whose field is just across the tracks from the Hereford Grain Co. at the eastern city limits, brought in a sample that tested 47 pounds per bushel with the moisture content around 15 per cent.

Hereford Grain manager Curt Roach expected the first load to arrive about mid-afternoon.

The hot winds that whipped over the Plains last weekend brought wheat harvest a lot closer than was expected. Most fields began to "turn" quickly as they were buffeted by 50 mile per hour winds with the thermometer in the 90's.

L. L. STARTS PLAY ANEW

Champion Yankees Play Giants Today

With the Yankees as first half champions, the Hereford Little League swings into the second half of its schedule tonight with the Yankees and Giants meeting in Little League Park.

The Yanks wound up the first half Tuesday night by blanking the Dodgers 9-0 and ran their season mark to eight wins and no losses. The Giants-Dodgers game was rained out Monday night.

Finishing second with three wins and three losses were the Cardinals. The Giants were third with a 2-4 mark and the Dodgers fourth with 1-6.

In the minor league it is a different story, with the Giants holding a 5-1 record for the first half and the Yankees a 6-2 mark. The teams were supposed to play nine

games but some of the contests were rained out and may be played in order to determine the final standings.

League officials are studying the prospects of playing the rained-out contests. Their decision will be published in The Sunday Brand.

At the end of the second half schedule, the two winners will meet in a three-gam play off to determine the league championship. If the Yankees win, again, no playoff will be necessary.

An all-star team from all four teams in the league will be selected by the four managers to represent Hereford in the district play-off July 29. Site of the district tourney has not been selected as

School Principal Resigns Post Here

V. C. (Buck) Overall, Hereford High School principal, is leaving June 30 to accept a position as agent for the Southern Engraving Co. His resignation, tendered as a complete surprise, was accepted "with regret" Tuesday night by the board of trustees.

Three factors governed his decision to leave the teaching profession for private business, Overall told the board members. They were the greater financial rewards and stability of employment offered by private employment, and for family considerations.

The 35-year-old school administrator came to the Hereford school system as principal in January 1956, from Cisco. He had recently signed a new contract which would have brought him \$8,100 in salary during the coming year.

HE NOW will make his home in San Marcos and travel for the school supplies company in the south-central Texas area.

In announcing his resignation, Overall said that "I've never spent a more pleasant year and a half than this last one. This is the finest town, group of citizens, school system and student body I have known. I would look here first in the future I should decide to return to the teaching profession."

Fred Cunningham, school superintendent, commended Overall for the "outstanding qualities of leadership" displayed, and told board members that finding a qualified replacement will prove difficult.

Yesterday, Overall told a Brand reporter, "I'd like to say to our students, 'I leave with the deepest regrets and can truthfully say that I do not believe there is a finer group of youngsters in any school in the State of Texas. I appreciate the wonderful cooperation that I have received from the student body.'"

HE ALSO expressed appreciation and thanks for the cooperation he has received from the high

Trustees Ponder Design Plans for School Addition

In two special sessions during the past six days, trustees of the Hereford Rural High School district have studied preliminary design plans for a proposed expansion of the high school plant. They have called another special session to study the problem further on Tuesday evening.

B. R. Cantrell of Pampa, representing Cantrell & Co., the district's architects during recent years, presented two alternate plans to board members Saturday evening. Each provided for a new 11-classroom wing, a girls gymnasium, and a cafeteria.

Calling for an increase of 30,000 square feet of floor space - the present building covers 64,400 square feet - either of the designs would cost about \$475,000, Cantrell estimated. Construction would match that of the present plant.

Willburn Axe, the board member who jumped the highest when the price estimate was given, later lamented that "everything we've done during the past 10 years has proven too small."

Bert Boomer, vice president, suggested that costs be figured on the use of concrete block construction as compared to concrete blocks with brick facing

City Okays Anti-Nuisance Law

HEREFORD'S city commission Monday night approved drafting an anti-nuisance ordinance and approved the engineer's property owner rolls to mark another step toward paving about three miles of summer months.

The action on the anti-nuisance ordinance came after a discussion of a run-down apartment house in the 700 block of N. Miles Ave. The property, formerly owned by Mrs. Edna Jett, but now carried on the city tax rolls as the property of Clifford McMurry of Amarillo, was never completed after construction began several years ago.

Bill McMorries of Amarillo engineer on the paving project, said that costs of paving will average around \$3.90 per front foot for property owners on the streets to be affected. Depending on the number of intersections, alleys and other special paving problems involved, the costs will range from a minimum of \$3.35 on Short St. to \$4.40 per front foot on a small section of 2nd St.

COST TO property owners along Ave. K, where 8,800 feet of pavement is to be replaced with a 47 foot street and curb and gutter to serve the rapidly expanding area as an arterial street, will be \$4.10.

A detailed list of streets and costs involved in the project is included in a legal notice to be found inside today's Brand.

The city's share of the \$151,000 paving project will be about \$26,000 McMorries said. The major part of the cost borne by the local government will come from the Ave. K project, where the city will assume a larger share of the pavement. Most of the paving in the other sections will be the standard 37 foot width.

While discussing paving work, the commissioners turned to the Highway 51 project now underway.

FARMERS VOTE TODAY

Approval Foreseen for Wheat Quotas

Today, June 20, farmers in the 36 commercial wheat states will vote on marketing quotas on the 1958 wheat crop. If approved, all farmers in commercial wheat states with more than 15 acres of wheat will be subjected to quotas.

If disapproved, there would be no quotas or quota penalties, but acreage allotments would remain in effect with price support available at 50 per cent of parity for producers who comply with their wheat allotments.

This would be an estimated \$1.18 per bushel support price. Farmers in Deaf Smith County are expected to give quotas about the same margin of approval as last year when 275 votes were cast for quotas, 11 against.

AGRICULTURE Department officials are reported to have predicted the quotas will be approved for the fifth straight year, but that the approval will be very close to the two-thirds majority mark required for approval. Last year, when they were predicting a very close passage, an 84.7 per cent favorable vote was cast. Less than a third of the eligible farmers - anyone in the prescribed areas with at least .35 acres seeded to wheat or in the wheat acreage reserve, and their wives - are expected to vote on the basis of (Continued On Page 2)

First Woman M. D. To Join Staff at Hereford Clinic

Nina M. Sisley, M. D., on Monday will become the first woman doctor to be associated with the Hereford Clinic, according to Dr. L. B. Barnett. She will replace Dr. Bill Lawrence who leaves today after five years in Hereford to join a doctors group in Phoenix, Ariz.

Dr. Sisley, a native of San Antonio, has been practicing medicine - obstetrics and general practice - in Galveston for the past three years. She is a 1950 graduate of the University of Texas.

Also slated to join the Hereford Clinic staff, but not until July 1958, is Dr. Bruce Beene, a former resident of Hereford, who is now completing his internship at a Dallas hospital.

CROP DAMAGE LIGHT AFTER RAIN, HAIL

No reports of widespread damage from Monday's thunderstorm have been received from over the Hereford area. Some individual fields suffered crop damage from hail, but the big cloud that brought moisture to the southeastern section of the county had apparently done most of its damage as it passed through central and eastern Castro county.

It brought .33 inch of moisture to Hereford, .20 to 10 miles northwest, 1 inch at Ira Ott's farm in the southeastern corner of the county, and a touch of the Castro farm east of Summerfield, while the major part of the county remained dry.

Hail was reported to have damaged 30 acres of onions on Bill Kendall's place 5 miles west, and to have hit a 50-acre cotton (Continued On Page 2)

New Service Rate Asked by Electric Power Company

Southwestern Public Service Co. officials filed a proposal for a new general service rate for commercial customers in Hereford during Monday night's city commission meeting. Residential electrical service will not be affected by the change, said Cleo Meharg, manager.

Meharg said the purpose of the new rate is to consolidate and simplify charges for electrical power furnished to commercial and industrial users. It would eliminate a variety of different rates that have been in effect since the company consolidated with other companies in past years.

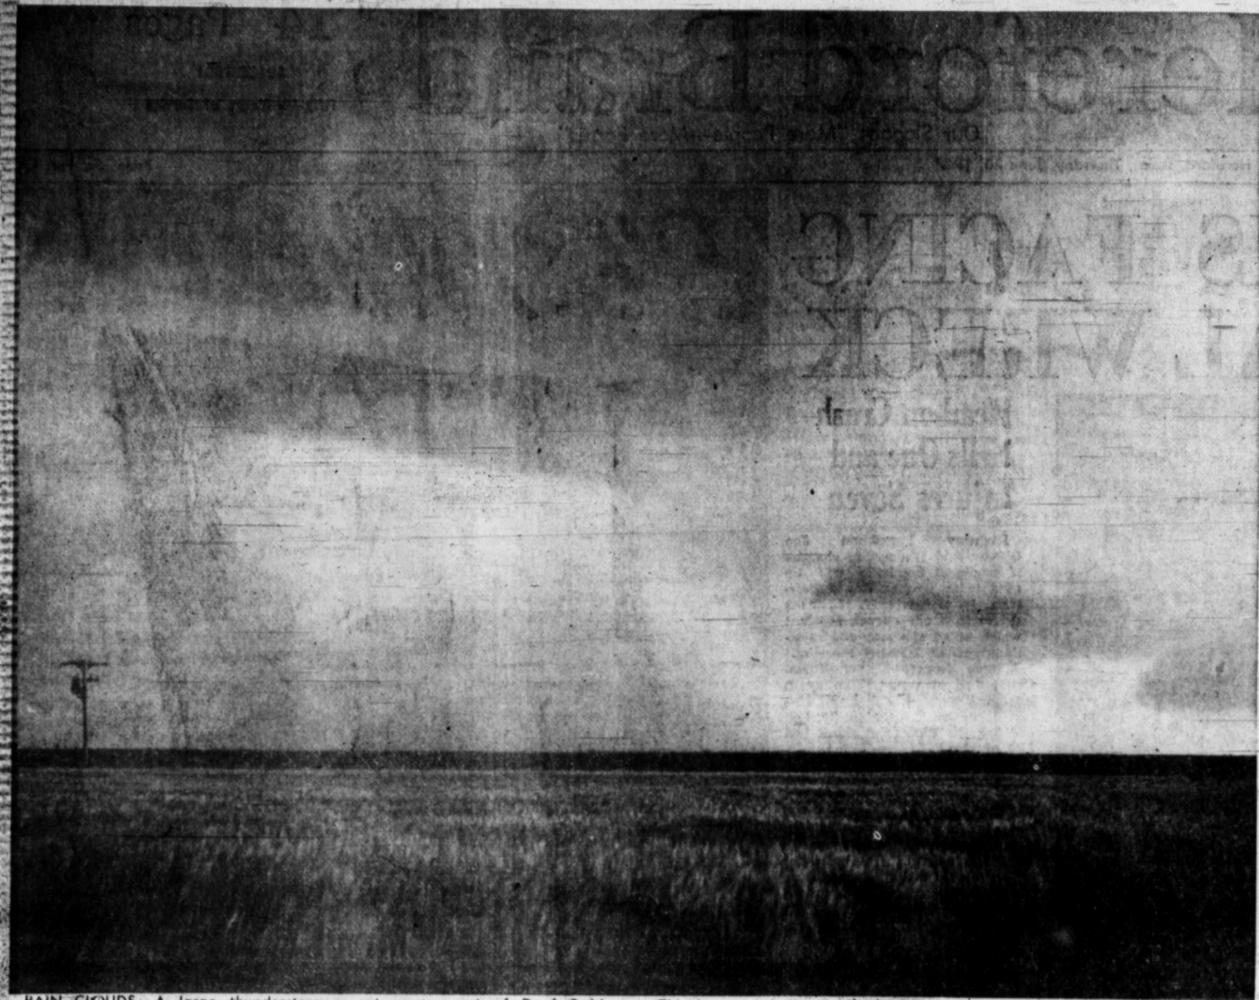

Some changes in cost of service are anticipated, but the overall revenue of the company will remain the same, Meharg replied to a commissioner's question.

A major improvement in service and lower costs for new installations would result from one phase of the proposal, division power engineer Jack W. Kilcrease said. Dual circuits, one for light and one for power, will be eliminated, with all charges to be determined (Continued On Page 2)

Mayor Godwin commended residents of the street, "They have been very patient and have certainly not been treated right by the contractor," he said.

City Manager Dudley Bayne said while the work has been "dragging," talks with highway district engineer Chill Smith and with Marshall Formby, new head of the highway commission, have brought only the assurance that "there is nothing we can do."

INDIVIDUAL members of the commission were sharply critical of contractor Ivan Dement and of the highway commission that a (Continued On Page 2)

Dress Revue Is Well Attended

By **ARGEN DRAPER**
 The dress revue Monday was well attended. It was estimated that 100 persons were there. Some of the women who took the course have not finished their garments; however, at least one from each club did model. I got so interested in the dresses and how nice they looked that I forgot to see who had the most present; however, I believe that the Dawn group had seven in attendance and eight children who wore garments made by their mothers.
 Mrs. Harold Rudd and Mrs. Ralph Packard modeled dresses. Both of these ladies have three pretty little girls who modeled Easter dresses. They were dressed with white gloves and some of them wore their Easter bonnets. Mrs. Bobby Jones and two of her three little girls modeled dresses. Darlene drove from Groom to get here for the style show. Every woman put out a lot of effort to attend this meeting. I hear by grape vine that a lot of the Daddys' helped too. Mrs. Merl Little narrated for the Dawn group. Her little boy wore a complete suit which she had made including a cap.
 Lee and Ross Wilson had black and white checked shirts made of the material of their mothers' dresses.
 Mrs. Buren Sowell and Mrs. R. L. Wilson put up an exhibit of sewing tools. This exhibit got a lot of comments. It is true in sewing as in any other skilled work that good tools are necessary for good workmanship.
 A letter from Mrs. Ted Sumner, who along with Mrs. J. T. Richardson taught their club the dress making course. Mrs. Sumner is with her family at Me-gargal. They are doing custom combining. She says that the weather is hot and it rains practically every day. There are a lot of flies and mosquitoes and they watch constantly for tornadoes.
 The 4-H Clothing Workshops are going along well and Mrs. Dorothy Prowell reports good attendance as well as high interest in the classes. One of the best reports is from Vinita Pitts, age 10, who is a member of the Merry Maidens 4-H Club. After the workshop Vinita informed one of her older sisters that she wanted to make the sister a skirt. Of course, Wanda was suspicious, and as Vinita is the little sister, she thought that she might not be able to do it. However, on VINITA'S insistence, Wanda did get some material and the skirt is well under way. We are anxious for Wanda to wear it to the office so we can see the good job that Vinita has done. Too, we will try to get Wanda to model this in the 4-H girls style show. It might be a good idea to have a division in the style show for garments made by 4-H girls other than for themselves.

Mrs. Fred Inman has called the office saying that they have a lot of volunteer Bison tomato plants. You may have these by going for them. The Bison tomato is a recommended variety which produces well here.
 Thursday Reagan Brown will be at the Community House at Westway for a meeting with community members on the Rural Neighborhood Progress Contest. This is a very busy time of the year, but it is the only time we could get Reagan and feel that families in the Westway community should put out a special effort to attend.
 The 4-H girls of Randall County are having their Bake Show Friday. One of the agents will judge for them.
 Remember the regular council meeting Monday. This is the last meeting for the summer and we would like to have every club represented.

MOTHER'S LITTLE HELPER
 McALESER, OKLA. - Three-year-old Chris Long, clad only in her nightgown and barefooted, dashed through a rainstorm into a shop and asked for aid.
 "I've locked my mother in a closet and can't get her out," she cried.
 Mrs. Herbert Aston, a clerk, rushed to the house. Sure enough, Mrs. Shirley Long was trapped in the closet.

Whitaker Paces Red Sox Victory

The Pony League Red Sox moved into second place Tuesday night by outslugging the Tigers 17-13 at Veterans Park baseball field.

Monday night's tilt between the White Sox and Indians was rained out.

Clyde Whitaker, playing catcher, led the 15-hit Red Sox assault, getting a homer, a triple, a double and a single in four trips. Whitaker also scored four runs.

The Red Sox displaced the Tigers in second place, pushing them into third. The Red Sox now have two wins against one loss and the Tigers are 1-2.

Joe Mack Hale got four hits in four times at bat for the Tigers, one of them an inside-the-park home run.

The Tigers stage a big 10-run inning in the fifth but couldn't catch the Red Sox, who already had 15 tallies.

Outside Entrance Is Desirable for Home Basements

Experts say that a home handy man can finish the walls of an average sized basement in one week end using large panels of plywood, gypsum or other types of wallboard. Panels are available in sizes up to four feet wide and 12 feet long.

The use of the larger sheets poses a problem in some homes, however. Unless there is a direct outside entrance to the basement, large panels cannot easily be carried to the scene of the job. Many times they must be squeezed through narrow halls and stairways.

If this is your problem, then experts suggest cutting a door opening in the foundation wall. They note that, without one, the home owner will encounter the same difficulty when he tries to cart large sofas, easy chairs, ping pong tables, ect., downstairs. The direct entrance, they say, can double the storage value of the basement.

Providing such an entrance, especially in a concrete or cinder block wall, is not expensive and is simple enough for a handy man with even average skills, experts say. The job includes installing a door in a wall, with steps leading up to the grade and a steel hatchway for weather protection.

The advantages of a basement entrance, according to experts, are several. It can be a reliable emergency safety exit. Youngsters can use it without disturbing the rest of the family if their playroom is downstairs. Lawn chairs and tables and other out-door furniture can be moved inside speedily and without difficulty.

EASTER NEWS

Club Honors Ex-Members

By MRS. CLIFFORD JOHNSON

Joyce Ann Johnson recently returned from a trip to Winters. She made the trip with the Pat Neills and their daughter, Kay, of Hereford.

Mr. and Mrs. William Moss and sons visited with the Dewey Meltons of Plainview Sunday.

A. C. Johnson has just returned from a two-week visit with his grandparents, Mr. and Mrs. E. S. Johnson, and Mr. and Mrs. O. B. Cox, all of Anson.

The Easter-Club met Thursday, June 13, with the club members honoring former members with a reunion party. Former members attending were Mrs. P. O. Goodwin and Mrs. H. O. Markley, both of Dimmitt, and Mrs. H. H. Frye, Mrs. E. M. Green and Mrs. Ernest Flood, all of Hereford.

Club members attending were Mesdames L. B. Worthan, W. A. Epperson, William Moss, Ray Johnson, Steve Glepa, Fred Walton, Henry Flood, R. C. Bailey, John Key and Clifford Johnson.

The members have recently remodelled the interior of the club building, painting and installing new cabinets and sink. The next club meeting will be June 27 in the home of Mrs. Bill Carthel. The Carthels have moved into a new home in the Black Community.

Household Scrapbook

Wall Paper Stains
Grease and other stains on wall paper can often be removed by French chalk. Let this dry for at least 30 minutes, then wipe off with a dry cloth.

Platinum Rings
Here's a cleaning hint for platinum rings only. Put some diluted laundry bleach into a glass and drop the ring into it for about a half hour. It will be clean when you take it out.

Pudding Molds
When it is difficult to remove pudding from the molds, dip a

cloth in hot water, wring it out, wrap the cloth around the mold, turn it upside down, and see how easily the contents come out.

Gold Borders
Gold borders on plates can usually be cleaned by scrubbing with a dry toothbrush which has been dipped into bicarbonate of soda. Or, dip a moist toothbrush into powdered alum and scrub with that. Allow the alum to stay on for a couple of hours before washing the plate.

The Shoelace
When the metal tip comes off the shoelace, a quick and easy repair can be effected by dipping the end of the lace into some colorless nail polish, giving it a twist, and letting dry. It'll be stiff enough for future use.

Tile Fireplaces
Tile fireplaces can be cleaned by sprinkling salt on the tiles and then rubbing with half of a raw lemon. Follow this with a good scrubbing.

The Ice Trays
The ice trays in the freezing compartment of your refrigerator can be prevented from sticking by rubbing oil or grease on the bottoms of them. Or, take a double thickness of waxed paper the same size as the tray and keep this under it in the compartment.

Baby's Cod Liver Oil
Don't deprive your baby of the cod liver oil that sticks to the spoon. Before pouring the oil into the spoon, put a few drops of water in. The oil will rest on top of the water and baby gets it all.

Silk Hose
Rub the heel of the silk hose with paraffin, when troubled with wearing holes in the heels, and the annoyance will be overcome.

Deep Frying
To test correct temperature of fat for deep frying, and for cooked mixtures, an inch cube of bread dropped into it should become a golden brown in sixty seconds.

TRAFFIC JAM
TERRE HAUTE, Ind. (P) - Police needed a wash cloth instead of a first aid kit for this one.

An excited truck driver telephoned he saw a small boy beside U. S. 40 west of Terre Haute with his face covered with blood. Police found it was plum jam - not blood.

MAYBE NEXT TIME
MAYSVILLE, Ky. (P) - Mrs. James Williams, a mother - to - be, couldn't attend a shower in her honor.

An hour before the party, she was rushed to the hospital where she became a mother - as - of - now.

NEAT COMEBACK
SAN DIEGO, Calif. (P) - When Postmaster Bill Krenning protested the increased cost of his laundry

and remarked that mail postage was the same as in 1933, the laundryman replied:

"Yes, but you're losing money."

school faculty and lauded the "community as a whole as exceptional." Overall said, "I'll always be a one-man chamber of commerce for the Hereford area."

The Overall family, his wife Charlotte, and three sons, Bill, 12, Don, 10, and John 3 1/2, will remain here until the Little League baseball season is over. Bill and Don are on the roster of the league leading Yankees.

The Overalls have attended the First Christian Church here. Overall was active in Boy Scout work and is a member of the Lions Club.

physicians said.

PATROLMAN O'Rear said he is going to Friona this morning and will file the negligent homicide charge with Parmer County Attorney Bill Sheehan. O'Rear said other charges may be filed, pending his talk with Sheehan.

O'Rear said Norman's heavily loaded El Rancho Feeds truck was over the center stripe and in Noyes' lane when the wreck occurred.

Walter C. Robbins Jr. of Alexandria, Va., one of the first persons to reach the scene, said Norman told him dust stirred by a State Highway Department maintainer was obscuring the highway and he couldn't see the Noyes car coming.

There were no tire skid marks on the pavement.

IMPACT of the collision ripped the motor from the Noyes car and slung it 10 yards from the auto. The front wheels were driven almost back to the dashboard.

Both the front and back wheels of the big feed truck were knocked off. The bumper and grill of the truck were crumpled. The truck traveled 71 feet from the point of impact.

The Noyes family was going east on Highway 60, returning from a vacation in California. They had left Tulsa June 8 and were expected home Tuesday or Wednesday, according to relatives, who arrived in Hereford late Wednesday night.

Norman had just loaded his truck with maize at Summerfield and was returning to Clovis, headquarters of the El Rancho Feeds Co. His loaded truck weighed 65,000 pounds.

After the accident, an ambulance from Claborn Funeral Home in Friona took Noyes and one son, Harold Dwight, to the Friona hospital. The boy was transferred to the hospital here Wednesday morning.

Three ambulances from Gilliland Funeral Home brought the other six to Deaf Smith County Hospital.

ROBBINS and Verl Sigman, a Marine on his way to El Toro, Calif., removed the injured from both vehicles and directed traffic around the accident until officers arrived.

Officers from the Highway Patrol, city police and sheriff's office all helped at the scene. The wreck attracted a large number of curious onlookers.

Norman's crumpled truck blocked traffic on the highway for about an hour before it was towed away.

Noyes' body was returned to Tulsa Wednesday afternoon. Funeral services are pending there.

More than 100,000 automobiles are now being ferried across the English channel by British railway steamers annually, three times the traffic before World War II.

WALTER ROGERS WRITES:

Alaskan Statehood Controversial Again

(EDITOR'S NOTE: Rep. Walter Rogers of the 18th Congressional District writes in this newsletter about two controversial issues: statehood for Alaska and the federal budget.)

By REP. WALTER ROGERS
The bill for Alaskan statehood was reported favorably by the Committee on Interior and Insular Affairs. The vote was 24 to 6. My vote was included among the 6 opposed to statehood.

This will undoubtedly prove to be a highly controversial issue again this year as it has been each year in the past. One of the amendments that barely escaped adoption in the Committee because of a tie vote will probably be the subject of more debate in the House than any other portion of the bill. The amendment was offered in

Committee by Mr. Pillion, of New York. Its purpose is to provide for an election to be held in Alaska on the question of "statehood" or "no statehood", as a condition precedent to Alaska becoming a state when, as, and if the present bill is passed. One of the best arguments in favor of such an election is the fact that in a recent poll taken in Alaska, the vote was more than 2 to 1 against statehood. It has always been my position that under any and all circumstances, the people of Alaska should have the opportunity to approve or disapprove the issue.

THE BUDGET continues to be a number one conversation item in Washington, and among the top subjects in the mail. To date, the House has considered and acted on 22 separate measures concerning the appropriation of funds for this

government and its departments and agencies. It has not acted on the Public Works bill, which is sometimes referred to as the "pork barrel" bill, nor the Mutual Security (Foreign Aid) bill.

As of June 3, 1957, the Senate had acted on 14 of these measures. Four had been signed into law by the President, while six were awaiting the President's signature. Four of the measures were subject to the action of a Conference Committee between the House and the Senate. The four that have already been written into law are appropriations for the Treasury Department, Post Office Department, U. S. Tax Court and the Second 1957 Urgent Deficiency bill. The Presidential request was for approximately \$87 million more than these four appropriation matters. The other measures, now on the President's desk for his signature, authorize expenditures of approximately \$100 million less than the President asked. These cuts were very carefully weighed and it was the intention of the Congress to cut only those things that appeared to be in the nature of waste or budgetary fat. There are more cuts to come on the other appropriations. These cuts will be weighed in the same careful manner.

The mail is bringing in many letters both for and against the President's budget. These are running about 50 per cent for and 50 per cent against. Many concern the Mutual Security (Foreign Aid) program. This is one of the bills we have not yet considered. It will be one of the most controversial measures because of the very nature of the program. Many feel that projects in this country which should be developed are being delayed because of the high cost of the foreign aid program.

VISITORS from home this week included Dr. and Mrs. William E. Everheart and family, Mr. and Mrs. C. A. Cash and Elaine, Mr. and Mrs. Howard Saunders, Lynn and Howard, Mr. and Mrs. E. G. Powell, and Miss Jet Downing, all of Amarillo; Mr. and Mrs. Townsend Douglas of Hereford; Sheriff and Mrs. Ray Phagan of Perryton; and Mr. W. L. Edelman of Friona.

Toy Banks Help Kids To Save

THOSE PENNIES, nickels and dimes your youngsters like to collect offer a fine opportunity for you to increase their interest in savings and to develop their own natural skills.

Children love to draw, and to build, and to see things come to life. So, as a starter, you might give your youngster a hand in building an easy-to-make, cardboard "bank." It needn't be anything more than a crayon-decorated box with dolls, trains, horses or whatever represents the personal dream for which your small fry is saving. The bank should be given a name of course, and a "teller's window" or a "sidewalk teller" can be made as a slot for the coins.

For a very simple home-made "bank" there's nothing better than a plain glass jar with colorful cut-outs pasted on it. The advantage of such a bank is that when children can watch their pile of

coins grow, their interest in savings grows with it. As the savings grow and the coins collect, the best and safest place for them is, of course, a real bank. Banks pay interest on the deposits of children just as they do those of grown-ups, and they warmly welcome these young customers.

THERE ARE rich rewards for the effort of teaching children to save, and your local bank will consider it a privilege to help you accomplish your own and your children's objectives.

To attract juvenile savings accounts, some banks offer special passbooks, either pink or blue, for the new baby, and a gift for each new baby depositor, as well as lollipops to each older child visiting the bank. They also make it possible, through school savings accounts, for older children to cultivate the thrift habit by making regular deposits each week.

Youths Arrive For Work at Labor Camp

By MARSHA COCKRELL

The two youths who are working at the Labor Camp this summer arrived by train at noon Friday. They are Kay Caillet of Dallas and Amado Musi of Sabinas, Coahuila, Mexico.

Kay is majoring in elementary education at Phillips University

in Enid, Okla. She is returning for her second summer here. Amado, a mining engineer major, attends Texas Western College in El Paso.

The young people will supervise a recreation center for the children at the Labor Camp, and plan to work with the teenagers and adults also.

Mrs. Joel Hodges, homemaking teacher, and Ada Beth Sanders, apprentice teacher, also will be at the Labor Camp one day each week to meet with the women.

Lt. and Mrs. Loyd Leasure and small daughter are spending 10 days with his parents, Mr. and Mrs. C. E. Leasure. Lt. Leasure is on leave after completing 11 months on advanced electronics at Hughes Aircraft School in Los Angeles, Calif. He is now an instructor at Lowry Air Force Base in Denver, Colo.

Charlie Martin joined the staff at Edwards Pharmacy since Saturday. He was graduated this spring from Southwestern State University in Weatherford, Okla. His home is in Cheyenne, Okla.

Correction for an error in the Sunday column: Mrs. Vivian Major, Mrs. Hall Beavers, Mrs. LeRoy Aven and Lloyd Parsons will take a three-week tour of Southeastern Florida and Cuba with a group from West Texas State College. The trip plus other work offer six hour of credit in geography.

Another correction: The Frank Lookingbills, who were back visiting in Hereford recently, live in Loco, Okla.

Mr. and Mrs. Bert Boomer and Margaret went to Moriarity, N. M., last weekend to be with Lynn, who is farming there.

Margaret leaves the last of this month to work at Camp Truchas in the Tres Ritos Valley near Valito, N. M. The first three weeks of the camp is for girls, and the

Mrs. Dwight Rouse of Farmington, N. M., is here managing the Hereford Shoe Store while Mr. Homer is on his vacation. Mrs. Rouse is the daughter - in-law of Mrs. J. E. Rouse.

Mrs. Floyd Brown returned home at 4 a. m. Sunday from a vacation in different points in California.

Michael and Wendell Rouse of Farmington, N. M., are spending the summer with their grandmother, Mrs. J. E. Rouse.

Attending the wheat growers meeting Tuesday night were Mr. and Mrs. S. N. Thweatt, Hoyt Smith, Lewis Smith and sons, David and Dale.
Mrs. S. N. Thweatt's brother,

Carl Hagan, is visiting in the home of the Thweatts.

Mrs. N. A. Brown visited her father, W. L. Potts, Saturday and took him a Father's Day gift.

Mr. and Mrs. S. N. Thweatt visited Mrs. Phillip Miller Sunday afternoon. It was 104 degrees in the sun at 4:30 p.m., at the Millers' windmill just north of the house.

SLIPUP

MILWAUKEE (AP) — Herman Kubiak, Milwaukee County Clerk, issued the annual county directory of public officials and discovered to his embarrassment, that his own

title had been changed. On Page 17 of the booklet the list of officials and their titles included this one: "HERMAN KUBIAK, COUNTY KUBIAK." A printer's error was blamed.

DALLAS • FORT WORTH • LUBBOCK.

These
Forty Years!

Forty years ago, in June of 1917, the Humble Company received its charter from the State of Texas.

The Company was formed through a merger of the properties of a number of independent oil operators. Its founding brought together a remarkable group of men who occupy an important place in the annals of the oil industry:

R. S. Sterling and his brother, F. P. Sterling, the principal organizers of Humble Oil Company from which the present company acquired its name; W. S. Farish and R. L. Blaffer composing Blaffer and Farish; H. C. Wiess with assets from Paraffine and Reliance Oil Companies; Walter W. Fondren and C. B. Goddard, producers; and L. A. Carlton and E. E. Townes as lawyers.

All of these men contributed greatly in adopting the principles, in shaping the policies, and in laying out procedures that have guided the Company's

progress through these forty years. Their influence will survive as long as the Company continues.

They possessed courage and business judgment. They established high standards of performance. They built a strong organization of competent men and women.

The Company, as it stands today, is a tribute to the leadership, the vision, and the work of its founders.

But it is doubtful that these men, with all their foresight, visualized the changes that have occurred in the oil industry since 1917, or the size and complexity of Humble's present operations, or the extent of the Company's contributions through the years to the progress of our society.

To all who have made those contributions possible—employees, customers, shareholders and the people of the states in which the Company operates—Humble extends its thanks.

ACCOMPANIST FIRED
MIAMI BEACH, Fla. (AP) — Violinist Isaac Stern suddenly interrupted his playing of a Brahms concerto to announce he couldn't compete with a cricket.
A five-minute search located the sound in a potted palm. Cricket and palm were carted out. Stern and the orchestra returned and the concert was concluded.
CATCHING UP
VANCOUVER (AP) — A nearly starved stowaway bird known as a tufted puffin was found trapped

in air pipes of the German Steamship Hammon II here. Now in the city museum, the bird is "eating furiously," says zoo Curator Alan Best.
LAW UNTO HIMSELF
MALVERN, Ark. (AP) — Municipal Judge Wendell Epperson was looking over his court docket when he saw a familiar name - Wendell Epperson.
The charge was failure to heed an over time parking ticket. He pleaded guilty and fined himself a dollar.

HAPPY BIRTHDAY
KANSAS CITY, Mo. (AP) — Observers in Municipal Judge Eugene R. Brouse's court here thought he was being a little more lenient than usual with traffic violators. After the judge had processed some 60 cases, an associate asked him about the rash of small fines. The judge replied: "It's my birthday. I feel happy and I want others to feel happy too."

ROW CROPS NEED NITROGEN!

APPLY PHILLIPS 66 AMMONIUM NITRATE NOW

Corn and other row crops need plenty of nitrogen to return bigger yields and profits at lower unit production costs. Phillips 66 Ammonium Nitrate contains a guaranteed 33.5% nitrogen. Half is quick-acting nitrate nitrogen for fast, healthy growth right from the start and half is ammonia nitrogen to provide long-lasting continued plant feeding.

This high quality fertilizer promotes stronger deeper root systems which make better use of available sub-soil moisture to help you beat the drought. And it helps increase the protein content of grain and feed crops which put more money in your pocket.

12: 44-50.

Lest we forget: "We have been
bought with a price. Our Lord has
purchased us, not with treasures
of this world, but with His own pre-
cious blood, with His innocent suf-
fering and death. In our stead He
fulfilled all the command-
ments of God. In our stead He
suffered and died for our sins. With
His stripes we are healed. Now we
are redeemed and free from all
sins, from death, and from the
power of the devil. In Christ we
have forgiveness of all our sins."

TRACKS

Here they are... our tracks. And there he is following in them. Daddy, every step you take leaves its mark. And eager young minds see them so clearly, and follow them so well. Why not take some steps toward church! Your son and your daughter will follow. His first impulse is to do just what you do... to walk in daddy's tracks. Notice how many farmers' boys farm, how many bankers' boys go into banking and how many preachers' sons enter the ministry. They are following you, daddy, even to the tone of your voice. If you want them to help build a good society, to know God... then take them to church and sit with them in the place of worship.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCHGOER and a daily BIBLE READER.

HOLLYWOOD, June 13 — Today was the first of a six-day tour sponsored by the National Editorial Association — and we have decided that this is the best possible way to travel if you want to go places and see things. It was a full day, however, and everyone of the 150 editors and publishers are a bit tired. We got up just before 7 a.m. in order to grab a bite of breakfast and get in the full day.

RELIGION TAKES top billing, even in Hollywood. Most of our delegation was a bit skeptical when they learned that our morning would be concentrated on Forest Lawn, one of the world's foremost undertaking establishments and cemeteries. It turned out, however, to be the highlight of the day. For-

fore barely got a glimpse of the fabulous retail stalls and shops, which include imports from all over the world.

MOVIELAND was next — and we jumped in feet first, when the NEA buses pulled up before the famous Beverly Hilton Hotel, where we had lunch as guests of 20th Century Fox studios. Each II visitors were seated at a table with a movie star as host or hostess — and Pat O'Brien emceed the luncheon. Our table drew Miss Albertson as hostess, and she proved to be a most gracious hostess and charming conversationalist. Miss Albertson plays those mature, or "motherly" roles and has just finished a picture called "The Female Animal", in which she co-stars. She also appears in "The Whiting Girls", which replaces "I Love Lucy" this summer. She is now under contract to Desilu Productions and, when it terminates, is planning a local TV series "Glamorous After Fifty", which the sponsors hope will go on a national hook-up.

est Lawn represents realization of a dream of Dr. Hubert Eaton, who said: "I believe in a happy eternal life. . . I therefore prayerfully resolve on this New Year's Day, 1917, that I shall endeavor to build Forest Lawn as different, as unlike other cemeteries as sunshine is unlike darkness, as eternal life is unlike death."

As a result, Forest Lawn to features art works surpassed or equalled only in Italy.

"The Last Supper" window is a re-creation in imperishable stained glass, of Leonardo Da Vinci's immortal masterpiece — a re-creation made directly from Leonardo's original sketches for the work, rather than from the oft-repaired painting as it exists today. By controlled lighting through the stained glass windows, they are able to duplicate different hours of the day — resulting in a most unusual effect. Certainly, the original painting could be no more striking than the Forest Lawn adaptation. Narration of the scene is done on electronic tape, and the episode covers something like 45 minutes.

As we left the auditorium, person after person was heard to mumble in awed tones: "This alone was worth the entire trip." Needless to say, we had the same feeling.

Many of the visitors decided, a few minutes later, that the "Last Supper Window" had been equalled however, with a presentation of Jan Styka's great masterpiece, "The Crucifixion." The painting is 45 feet high and 190 feet long, and is housed in a special building constructed specifically to display the picture. To describe it would be impossible; but it does picture Christ before he is placed on the cross — primarily to avoid any agonized expression. This presentation was, likewise, transcribed for expert narration and carried a background of soft music.

Announcements stated that when Forest Lawn adds its "Resurrection" scene, the three-part presentation will be complete. Like all other visitors, we wholeheartedly agreed that this portion of the tour was, without question, the most outstanding. Any trip to California without a visit to Forest Lawn Memorial - Park would be a mistake. Of all the things we have seen, this is a "must".

OUT NEXT STOP was Farmer's Market, which appeared to be 17 acres of the most interesting sales mart you can imagine. They said you could buy "anything from a cup of coffee to a Cadillac" — so we settled for a cup of coffee. We only had 30 minutes here, there-

and was most happy to find someone from Texas. Carolyn said that she has been through Hereford several times, having been a former resident of Amarillo. Her parents now live in Dallas. She recently completed "Bachelor Party" and co-starred with Ethyl Barrymore in "Johnny Trouble."

Some of the other stars included lovely Virginia Bruce, although we did not talk with her, Otto Kreuger and the movie star's movie star, Francis X. Bushman, who was introduced with a great flourish.

Buz did get an autograph from Chill Wills, though, who called everyone "Cousin". Chill Wills, likewise, recalled Amarillo and, after digging in all of his pockets, found a picture which he presented to Buz, "Just 'cause you're from Hereford, Texas, Cousin."

IN ALL, it was quite a deal for a gang of Texans. Some of the other autographs collected by our ambitious offspring included: Erin O'Brien, (yum yum), Taina Elg, and Grant Williams. Some of the other stars present were Robert Stack, Zsa Zsa Gabor, Marilyn Maxwell, Robert Dix, and a lot of others I cannot recall.

The Californians have a hard time understanding how our youngsters got out of school — since most California classes continued on through June 16. The schools out here start the latter part of September, it seems, and always run into mid-June. We have also commented at the quality of the buildings. Californians do not make a production of their school buildings like we do in Texas. At least, that is how it appears from the outside looking in. The buildings seem generally inferior in appearance to other public and private

housing. From what we gather, the salary scale is much higher than in Texas, however, and the schools are rated "Second in the U. S. A."

Coming back we saw something like 50 homes of movie stars, including Groucho Marx and Jack Benny. I asked the driver if he remembered all of the places — or just made them up as he went along. He appeared shocked at the mere thought, and replied: "I remember them! If we gave out false information, our company would get sued — and plenty by the stars."

Incidentally, it is illegal to stop your car or loiter in front of the houses unless you have business or permission. They said that it was a special Beverly Hills regulation, and we judged that it is sometimes embarrassing to the stars and to their families. At least twice, children playing on the well-kept lawns, stuck out their tongues and made faces at us — much the same as would kids in Hereford.

FLOWERS and beautiful lawns are found on every hand. We have visited with a few natives and most of them seem to have deals with Japanese gardeners who take over their lawns and keep them in tip-top shape. The going price on the average small home is \$20 per month, and up. However, you have to do your own planting. Even Audrey Thompson would have a hard time "keeping up with the Joneses" when it comes to beautiful-yards, however.

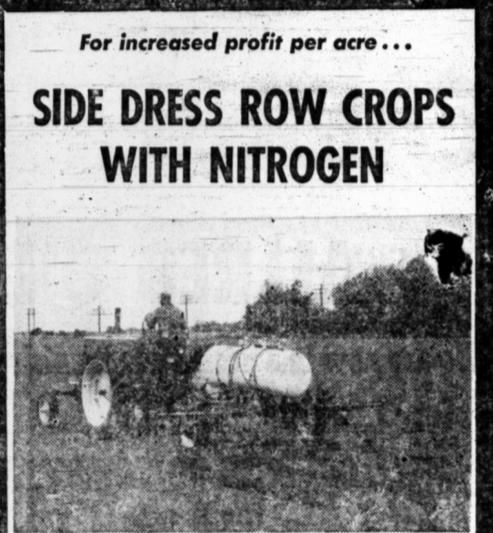

FLAG SHORTAGE
 NORFOLK, Va., (AP) — The Navy, usually ready fustest with the most, found itself seriously short of presidential flags here when President Eisenhower decided to go to Bermuda on the cruiser Canberra.

The United States Flag and Signal Company here, which had never made a presidential flag, hurriedly finished four of them. But Navy planes flying them to Bermuda twice were turned back by mechanical trouble. The third attempt was successful.

FAMILY AFFAIR
 WELCH, Okla. (AP) — School officials selected Larry Swango as valedictorian of the high school graduating class here and Lora Mae Durham as salutatorian. Then they learned it was a fam-

ily affair. The two 17-year-old seniors were married secretly last August, but it wasn't disclosed until the bride's mother found the marriage license in her daughter's room.

BIG GAME
 ST JOHN'S, Nfld. (AP) — Latest figures showed 3,667 moose and 180 caribou bagged by hunters in the 1956 season in Newfoundland, and the reports did not include returns from all the 6,000 hunters. Others were urged to file a return, whether they made kills or not.

For increased profit per acre . . .
SIDE DRESS ROW CROPS WITH NITROGEN
 Corn needs extra nitrogen during the critical growth period from the time plants are knee high through the grain forming stage. For example, an acre of corn uses nitrogen at the rate of 4 pounds a day during the peak growth period. So, side dress your corn and other-row crops now; to be sure they get the nitrogen needed for higher yields and increased profit per acre. See us today about Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer that row crops need.

All known records were smashed last Monday night when the temperature dropped to 40 above. It stood at 47 at sunset and during the night went down to the low figure. A cold mist, but no rain, accompanied the cold wave from the northeast.

A Farmers' Institute will be held Monday at Hereford, under direction of the State Department of Agriculture. J. W. Neill, director of Farmers' Institutes, will discuss

dry farming, conservation of moisture, selection and improvement of home-grown seed, forage crops and the construction and advantages of silos.

Assisting Mr. Neill will be Major W. J. Duffel of Claude, who will discuss sheep and hog raising. It is urged that farmers bring their families and devote a day to careful study and discussion of the agricultural questions which lie

Rains Force Replanting

By MRS. W. R. MOORE

The farmers had to plant most of their row crops over after the rains several days ago.

The wheat has been ripening fast the past week, and some of it will be ready to combine in about 10 days.

The hot winds and sand the past three days have damaged the flowers, gardens and small plants to a great extent.

Noian Jones from Hereford spent several days in the W. R. Moore home last week helping with the farm work.

Mr. and Mrs. R. L. Campbell called in the W. R. Moore home Sunday evening.

Mr. and Mrs. Boyd Knox were visitors in the home of Mrs. Mamie Cogdell Tuesday night.

Mr. and Mrs. Paul Myers from Midland spent the weekend in the home of Mrs. Myers' parents, Mr. and Mrs. W. R. Moore.

Mrs. Mamie Cogdell and her son, Joe Russell Ballard, visited in the home of Mr. and Mrs. Roy Jones of Vega and also attended

W. T. (Will) Womble, Hereford rancher and farmer, was struck by lightning at his home about 20 miles northeast of Hereford during a violent storm that swept the region Saturday afternoon.

Mr. Womble was in a building used for housing his pure-bred Herefords when a bolt passed through the structure and hit him. He is in critical condition at the Deaf Smith County Hospital. His hands and feet are reported to be badly injured.

church there Sunday.

Mrs. Zelma Axe visited in the home of Mrs. Lenn Axe south of Hereford Friday.

Mrs. J. B. Thompson had a slight accident last week when she fell off the doorstep and injured her ankle. The injury is reported as not serious.

Mr. and Mrs. H. D. Moore and children visited with friends in Amarillo Saturday night.

Mr. and Mrs. L. D. Irwin and daughters, Connie and Ronnie were visitors in the home of Mr. and Mrs. J. B. Thompson last Thursday. Other visitors were Billy and Walter Starry from Yukon, Okla.

Mr. and Mrs. Elroy Artho visited in the home of Mr. and Mrs. J. L. Irlbeck of Canyon Sunday.

Mr. and Mrs. J. B. Thompson and children visited in the home of Mr. and Mrs. Roy Godman and Mrs. W. J. Thomas in Amarillo Sunday.

Tommy Irlbeck from Canyon spent Friday and Saturday in the home of his sister, Mrs. Elroy Artho, last week.

Mr. and Mrs. T. P. Orr and daughter Mary from El Paso visited in the home of Mr. and Mrs. J. B. Thompson last week.

Mr. and Mrs. Elroy Artho and children visited in the home of Mr. and Mrs. Harvey Artho near Bushland Monday.

Beauty At Home

Q. What do you recommend as a "liquid control" for one's hairdress?

A. Brilliantine. If the hair is fine, the brilliantine used should be of a thinner consistency. It should never be applied directly to the hair. Place a small amount in the palm of one hand, rub the palms together briskly, then pass them over the hair. If the hair is heavier and coarser, then a heavier brilliantine cream or pomade should be used.

Q. How can I make up to subdue the freckles on my face?

A. A darker shade of face powder, blended with the freckles, helps "fade" them out.

Q. What can I do for my peeling fingernails?

A. After shaping the nails, buff all the edges - which will bind the layers together, thus ending the peeling condition. If you have paper-thin nails, form a habit of tapping them against a hard surface now and then - this encouraging a denser structure.

Q. How can I remove some mascara stains from one of my unwashable frocks?

A. Sponge with carbon tetrachloride, or work in an absorbent (Fuller's earth, cornstarch or talcum), let stand, then brush out.

Q. Should dry hair be dried after the shampoo under an electric dryer?

A. No; this tends to make it even drier. Hand drying is much better. Rough - towel dry the hair and brush it vigorously. This stimulates the scalp and activates normal oil secretion.

Q. What is an effective and "easy - to - do" facial beauty mask?

A. Just paint the white of an egg over face and throat, allow to remain for ten minutes, then remove with warm water.

Q. I have very unruly eyebrows, with the hair growing in several directions. What can I do to bring my brows under control?

A. Frequent brushing will help lots. Use some transparent mus-tache wax or weave-st control. Brush it into the brow hair, then brush the brow into shape.

Q. How can I remove some perspiration odor from one of my frocks?

A. By rubbing over the affected area with a solution of one part of ammonia to eight parts of water.

Q. What type of hairdress will help to counteract the appearance of a nose that is too wide in proportion to the rest of one's features?

A. Keep the hair close to the head and bring it forward just a little below the temples. Straight bangs are not for this face - type, because they make the face appear wider. There should be some pretty feminine touch near the face, like a dainty lingerie collar, or an interesting pin of some sort.

Q. After having made up the face, what is a good way to "set" it?

A. Dip a face towel or cotton square into cold water, wring out, and press gently all over the face, being sure to spread apart the eye - creases and laugh - lines. This eliminates the tense or tight feeling on the skin due to powdering.

Total cost of all accidents in the U. S. in 1956 would build a new merchant fleet with 200 ships the size of the Queen Mary.
