LOCAL VOTERS TO POLLS SATURDAY

Republicans Hold First Primary Here

For the first time in the history of Deaf Smith County, the Republican Party is to hold its own County Primary election. Three polls will be available for voting, according to county chairman Ken Rudd.

Rudd is the only candidate to have filed for election, but, he said, those wishing to elect someone for a post can do so by the write-in method.

Polls for the Republican Primary have been designated as:

Precinct 1, City Hall, in the hallway.

Precinct 2, Mrs. Wilson Gyles, 215 East 5th.

Precinct 11, Methodist Church Education Building, in hallway. Conventions for each of the Precincts will be held at the same locations as the polls, starting at 3 p.m.

Rudd urged all Republicans of the county to vote in their own primary, rather than in the Democratic Primary.

COUNTY CONVENTION for the election of delegates to the Sept. 29 State Convention will be held in the county court room Aug. 2, at 3 p.m., Rudd also announced.

Brand Will Post Election Returns

Election returns — county and district — will be posted Saturday night in front of The Brand office, as in years past, and will be carried in The Sunday Brand, according to present plans.

Cooperation in keeping Brand telephone lines open is asked, however, in view of the fact that the lines are needed for long-distance calls to secure district returns in the race for State Senate, which runs from Muleshoe west to Childress on the east. Arrangements have been made with collection centers to collect the returns as rapidly as possible after the poll close at 7 p.m. No papers will be sold on either streets or stands until final results are reported for print.

Around Town

Members of the odd Fellows yesterday evening held their first meeting in the recently-acquired building formerly housing the Church of Christ, 205 East Main. An invitation has been issued to all branches of the Order to visit the new building by Noble Ralph Smith.

VOTE SATURDAY

Community committees will be selected July 30 by the County Election Board, composed of county agent, county supervisor, Farmers Home Administration; Chairman, Tierra Blanca Soil Conservation District and Presidents of the Bureau and Farmers Union. The community committees in turn, select names to appear on ballots for County Committeemen, according to Faust Collier, manager.

Week Tuesday Injures Woman

An elderly woman was injured in an accident at the intersection of Park Ave. and Highway 51 at 4:20 p.m. Tuesday. The accident involved cars driven by Antonio Jackson, 31, of Hereford, and Mrs. McConnell, 45, of 710 S. Ave.

Mrs. McConnell's mother, Ruth Kitchens, 68, a passer, was taken to Hereford after the accident, but she was believed to be recovering.

Antonio Jackson was issued tickets for driving too close, improper observation and no driver's license. Damage to each car was estimated.

Water Rates Raised: Paving, Discussed

A public hearing on paving and a sewer rate hike highlighted the City Commission meeting Monday evening.

Thirteen people owning property on proposed paving located attended the hearing and expressed pros and cons on the project. The hearing was held to determine how property owners would react to the project and to determine which specific streets should be paved.

The voluntary paving program would allow four years for payments with four yearly installments, the payment due within 20 days after completion of the project.

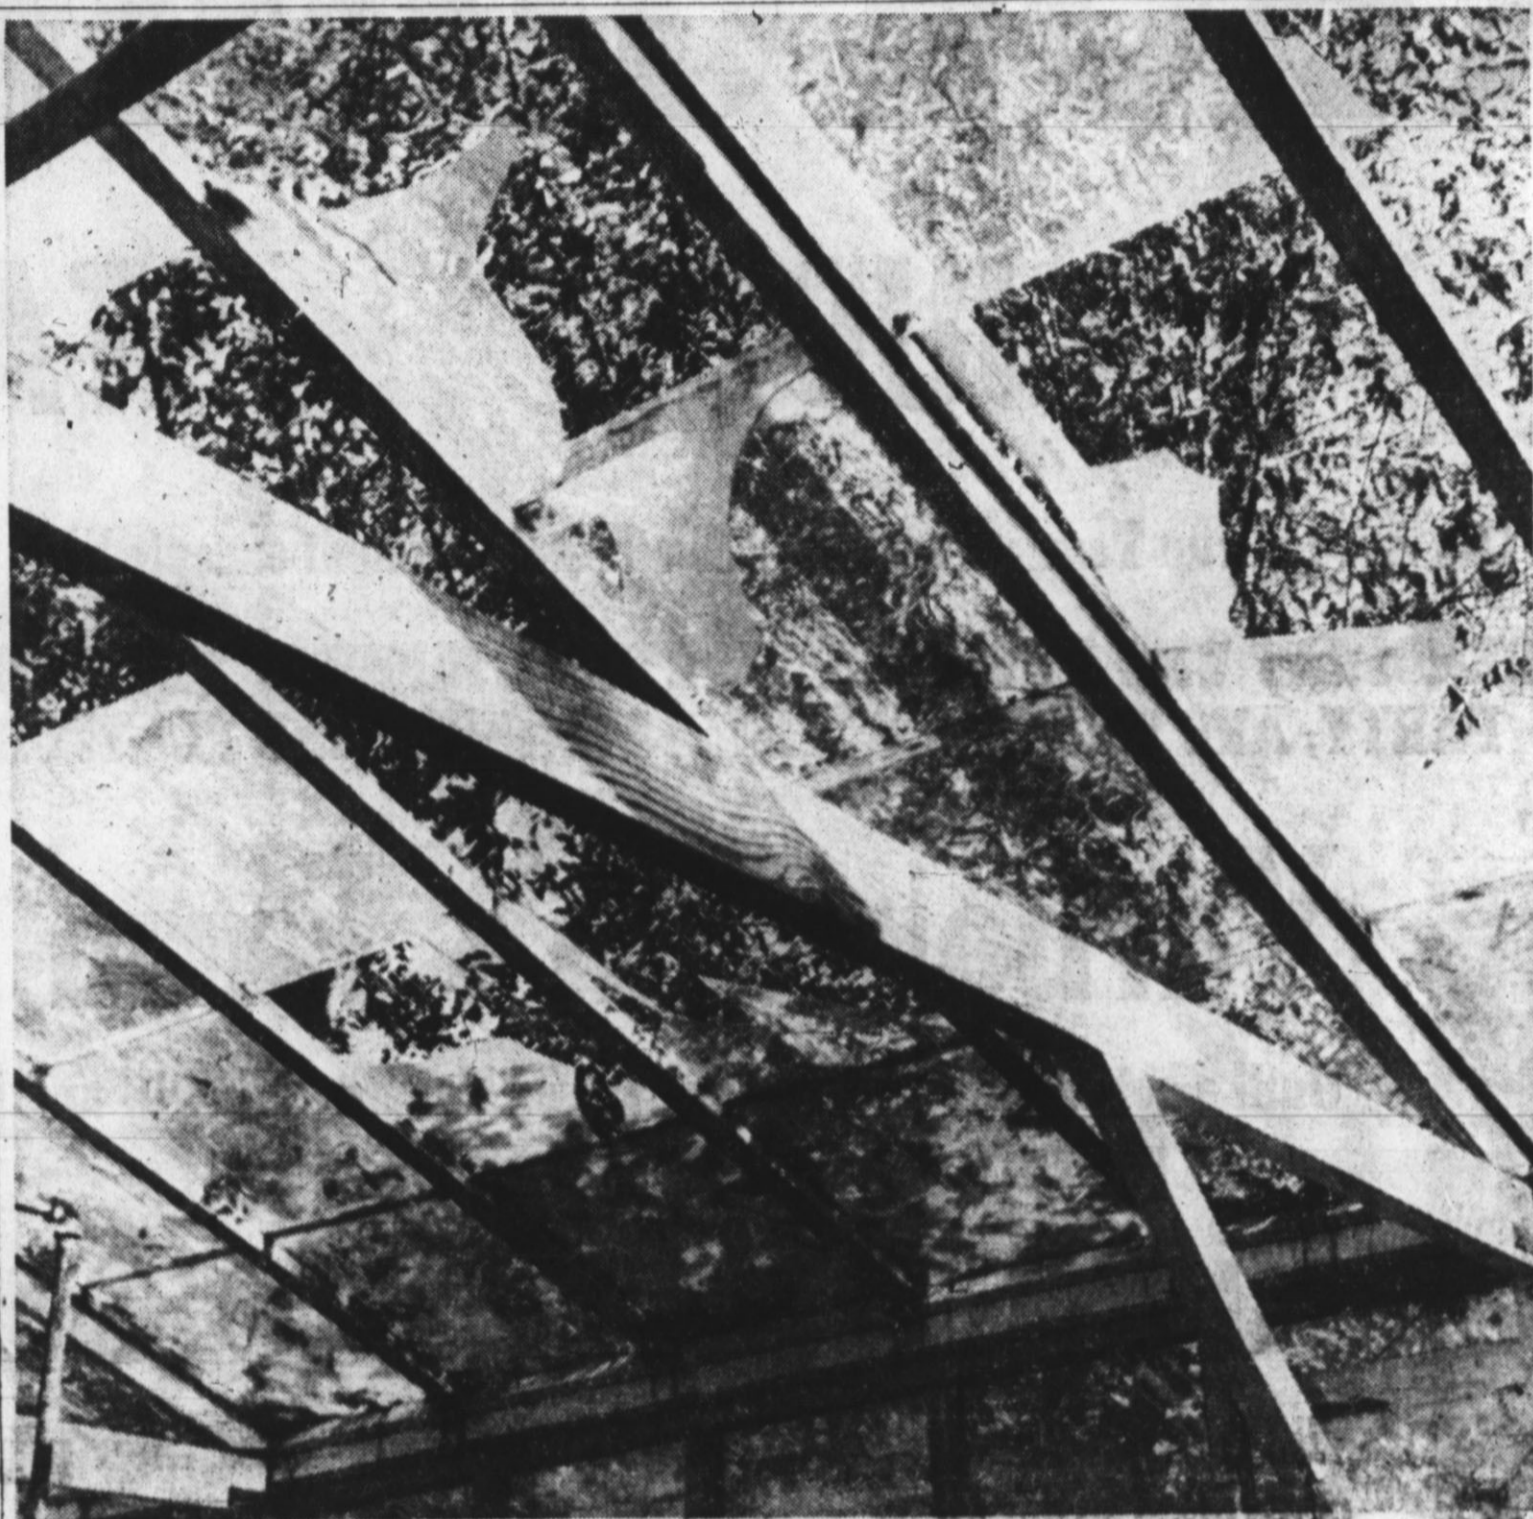

City attorney Earnest Langreminded property owners that the city would not assess paving costs on homesteads, other assessments could be levied on non-homestead property.

The paving hearing was repeated, and another meeting will be held soon. Before this meeting, the city engineer and attorney will work out resolutions of the protests at the hearing and present them to the commission.

It is proposed paving on Main St. from Main St. east to Lawton, the commissioners decided by the city policy of repaving if curb and gutter are omitted.

Frank Giles, an owner of property at the proposed paving project, agreed to paving, but requested no curb and gutter on Sampson St.

HAIL IN THE GREENHOUSE—Approximately \$750 in damages occurred to the Hereford Floral Shop, 213 Higgins, Tuesday afternoon during the county's third major hail storm of the summer. A protective covering of chicken wire failed to keep about 75 per cent of the glass panes from being shattered. The shop is owned and operated by J. R. Daniel. (Staff Photo)

Humble Well Has Favorable Show

A favorable show of gas was the result of a test at the Humble Oil and Refining Co. well Tuesday evening.

Drilling was at 5600 feet and in dolomite, shale and anhydrite formations, according to Joe Reinauer. The well, located 35 miles west of Hereford near the New Mexico state line, is on the Reinauer Bros. property.

Reinauer said several circulation tests are still being run, and formations are running higher than expected.

Drilling is averaging about 300 feet a day, and formations are being tested every two feet.

VISIT CHILDREN

Mr. and Mrs. E. Ramey and Mr. and Mrs. W. P. Caraway were in Stratford Saturday to visit their daughter and son and family, Mr. and Mrs. H. H. Caraway. When they arrived in Stratford they learned that the H. H. Caraways had gone to Hereford to visit them. They returned home for their visit with their children.

Baseball - Size Hail Rips Through County

Hail, accompanied by heavy rains, covered a strip about 10 miles wide from approximately four miles north of Hereford and continuing as far south as Easter Community Tuesday afternoon shortly before sundown.

Size of hail stones ranged from "pea" to "softball", according to reports over the area, and rain measurements varied from .20 to more than an inch.

CROP DAMAGES reported by farmers over the area apparently were not as extensive as first believed. Heaviest damages reported were south of the city to cotton and milo. Vegetables were not extensively damaged, but some spotted reports said some slight damage was done to onions and carrots. Potatoes were not effected.

This was the third major hail storm in less than two months.

A survey of insurance offices in the city indicate the heaviest falling of hail stones were between Main Street and extending through the entire west side. Most of the damage occurred to roofs and automobiles.

Approximately 75 per cent of the panes in the Hereford Floral Shop greenhouse, 213 Higgins, were broken out, despite the fact that chicken wire was stretched over the top for protection.

No serious injuries to humans occurred from the huge stones which fell in town were reported, although a few have complained of bruises. Six men, Dr. John Channer, Wendell Burdine, David Miles, Joe Kerr, Charles Seed and Bob Hamilton, were trapped underneath some trees on the golf course throughout the storm. They reported seeing hail stones as large as softballs, most of which burst when striking the ground.

Municipal Golf Course pro Bud Posey stated after the storm two weeks would be required to repair the greens. Joe Green, a resident of Deaf Smith for more than 50 years, said the hail stones were larger than any he had seen.

Representatives from 15 counties have been invited to attend the meeting and discuss the need for such a program, Thomas said. In addition to production, yields and varieties, the station would also provide information concerning insect control and disease control.

Representing the Texas Extension Service will be C. E. Fisher, superintendent of the Spur Experiment Station, who will discuss the proposed program; Joe Cole, horticulturist, will also discuss the proposal, centering his summary on the past and future of research in the High Plains vegetable program. The Extension Service called the meeting at request of Texas Hi-Plains Vegetable Council, and pointed out that vegetable production has expanded from fewer than 6,000 acres in 1949 to more than 53,000 acres in 1958. The service also predicted continued interest and growth in vegetable production in the area, citing that vegetables account for 6.4 per cent of the total crop income of the area and that it is produced on 12 per cent of the irrigated land in the area.

Democrats Have 10 Election Polls

Ten polls will open at 8 a.m. and close at 7 p.m. over the county for the Democratic Primary election Saturday, according to Louis Woodford, county Democratic chairman. At each poll, Democratic party precinct conventions will be held in accordance with the terms and provisions of Article

Sample Ballot Study Suggested

Election officials have asked that all persons study the sample ballot, found on Page 3, Section 3 of this edition, before going to the polls to vote so time will be saved by all.

Ralph Smith, county clerk, said this week no ballots will be handed out while a booth is in use. He explained this method is the only way of insuring secret voting by the people.

S. O. Wilson Has Nephew in Iraq

S. O. Wilson, 110 Kibbe St. in Hereford, is hoping for a break-through in news from strife-torn Iraq so he can get word from Maj. Robert E. Knowles, his nephew, who is a military attache to the U. S. embassy in Baghdad.

Parents of Knowles, Mr. and Mrs. Ben E. Knowles of Oklahoma City, have tried to contact him by phone and wire, but were told that no communications were permitted in or out of the embassy.

Knowles has been stationed in Baghdad two years as of Monday, and was scheduled to return to the United States Tuesday, Wilson said.

The only encouragement relatives have had, he said, was an official state department announcement that all Americans in Iraq are safe.

13.34 of the state election code. All precinct conventions will be held at 3 p.m., with the exception of Precinct 1, which begins at 2 p.m.

Polls, convention sites and times will be at:

- Precinct 1; District court room, county court house, 2 p.m.
- Precinct 2; District court room, county court house, 3 p.m.
- Precinct 3; R. W. Mitchell residence, 3 p.m.
- Precinct 4; Sims Community House, 3 p.m.
- Precinct 5; Daniels School House, 3 p.m.
- Precinct 6; Ford Community House, 3 p.m.
- Precinct 7; Dawn School House, 3 p.m.
- Precinct 8; Garcia Community House, 3 p.m.
- Precinct 9; Bippus Community House, 3 p.m.
- Precinct 11; Central School building, 3 p.m.

Ten voting booths will be available at Precinct 1 poll, 15 at Precinct 2 and 10 at Precinct 11. Voting in Precinct 1 will take place in the county attorney's office, second floor of the court house. Precinct 2 poll will be in the commissioner's court room, also on the second floor.

ONLY FIVE offices in the county are being contested in this election. D. H. Alexander, incumbent, opposes Ben Conklyn for the office of County Tax Assessor-Collector; C. B. Miles, incumbent, is running against F. J. Grady for Justice of the Peace Precinct 9; Guy Nowell, J. C. Morrison, and Lee Conklyn oppose incumbent Otto Masile for County Commissioner, Precinct 2; Incumbent Jay Boston faces R. L. Pool for Precinct Chairman, Precinct 2; and Charles Hill is challenging incumbent Louis Woodford for the County Democratic Chairman position.

Others running for county offices, but who are unopposed, are: Charles Skelton, County

Postal Rate Hike Effectine Aug. 1

NEW POSTAL RATES will go into effect Aug. 1, according to Mrs. Curtis Trawick, Hereford postmaster.

First class matter, which is presently three cents an ounce, will be hiked to four cents an ounce. Air mail, not exceeding eight ounces, will be raised to seven cents an ounce. The present rate is six cents.

"Penny" postal cards, which have been two cents each, will cost three cents each when the new rates go into effect. Air postal cards, now four cents each, will cost five cents each Aug. 1. Transient second class matter rates will also be raised. Presently two cents for the first two ounces and one cent for each additional two ounces, the hike will make the rate two cents for the first two ounces and one cent for each additional ounce; at a two-cent minimum.

Third class matter, circulars, printed matter, and small merchandise, will include all matter up to 15 ounces when the new rates go into effect. The former maximum rate was eight ounces.

THE PRESENT RATE on third class matter is two cents

General Delivery Increased 40%

Use of general delivery service at the local Post Office has increased between 30 and 40 per cent over any previous year, according to workers there this week.

Noland Grady, one of the workers, said the general delivery department was handling between 8,000 and 10,000 pieces of mail each week during vegetable harvest.

Pampa Stops Local Pony All-Stars In Opening Game

Lanky Johnny Wilson of Pampa pitched a brilliant one-hitter Monday night for a 5-1 victory over the Hereford Pony League All-Stars and placed his team into a tie for the tournament lead with Littlefield, who topped Pampa in the game played earlier.

Snatched Wilson yielded the only hit to Hereford first sacker Randy Dowell, a double with two men out in the fifth inning. The tall Berger batter struck

out 17 of the 25 men he faced. Jim Haney, the fast throwing Hereford moundman pitched a fine game also. He gave up five hits and three earned runs in going the distance for Hereford.

Berger scored one in the third, two in the fourth and two in the fifth, while Hereford's only run came in the fifth. With two men out, Dowell racked his two-bagger and then took third when one of Wilson pitches got

by the Berger backstop. Bill Steele, Hereford center fielder, hit one that the Berger first baseman, Curt Rogers, bobbled, allowing Dowell to score from third.

WILSON, who had an assortment of pitches and a dazzling motion, was too much for the Hereford nine. He showed perfect control, walking only three men the entire night. He was

(No more a true Texan than 9,127,000 others--opponent excepted!)

A LOYAL DEMOCRAT WHO EMBRACES THE PHILOSOPHY OF THE DEMOCRATIC PARTY, AND WHO SUPPORTS ITS NOMINEES AND PLATFORM.

Texas Farmer and Friend

The man on the left builds and plows the soil of a family-size Texas farm to provide food and fiber with which to feed and clothe the people of this nation and the world. To do this, he must fight the weather, flood and drought, erosion and insects, high prices for what he buys and low prices for what he sells. To live and farm and provide for his family and the nation, he must also fight an antagonistic administration in Washington, which wants to drive him off the farm to the city—where the same administration has provided an army of unemployed for him to join. The man on the right cannot do anything about the weather; but he helps his friend fight that antagonistic administration in Washington—as hard and as effective as any living man. The farmer's friend is Ralph Yarborough, United States Senator from Texas.

Yarborough's Farm Policy:

Until a better farm program is devised Yarborough will and has supported

MAJORITY RULE

is a cardinal principal of Democracy and becomes demagoguery only when claimed as the private property of any individual.

Senator Ralph Yarborough is regarded as one of the most able Senators in Washington by his colleagues in the Senate. Senator Herman Talmadge of Georgia said of Senator Yarborough, "I know of no member of the Senate who has a more intense interest in solving our farm problems and in seeing that those who till the soil receive a fair share of the national income."

Senator Yarborough is regarded as one of

the most able Senators in Washington by his fellow members of the Senate. Senator Frank Church of Idaho said of Senator Yarborough, "I have often had the experience when listening to the junior Senator from Texas of feeling my heart pound a little harder and my pulse beat a little faster. I can only say to him that the greatness of Texas is not in its size but in its men, and one of the greatest Texans of our times is the Junior Senator

from Texas, Ralph Yarborough."

Senator Ralph Yarborough is regarded as one of the most able Senators in Washington. The Jacksonville (Texas) Daily Progress said editorially: "Yarborough has been one of the most able freshman senators ever to appear in Washington. He knows Texas as no other Texan, he knows the heartbeat of the working man, the old age pensioner, the oil operator, the small businessman. None deny his ability, his worth to Texas, his cour-

age or integrity."

Senator Yarborough has received high praise from Texas business leaders. Ben Belt, President of the Houston Chamber of Commerce, introduced Senator Yarborough before a large audience of businessmen with these words, "Ralph Yarborough deserves all our thanks. He's trying to learn what our problems are so he can represent us well in Washington. He'll make you the best leader you ever had."

THANKS!

Thank you, Hereford, Friona and Dimmitt, for your wonderful re- sponse and attendance at our open meeting Tuesday!

Dozens of people braved rain and hail to see and observe the merits of Dale Carnegie training. For those who were un- able to attend, another free demonstration will be held. It will be a completely different type of program. Everyone is invited to attend to see what Dale Carnegie training is, and how it is conducted. Plan to attend.

THE CHAMP

When All the VOTES Are Cast,

Purina Will emerge the

VICTOR!

Wherever farmers congregate, at the polls, in the stores, at the coffee shops . . . the conversation always turns to better farm- ing and better feeding practices.

Farmers who know, always cast their ballots for PURINA CHOWS! Purina Chows are more popular because they are bet- ter.

Purina Chows are mixed according to a strict scientific for- mula . . . tested and proved in Purina's laboratories and feed lots.

(Continued From Page 1) never in trouble. Haney was at his best but didn't have the needed support from his hitters. He struck out seven, walked three and gave up only one extra base hit; a double to Borger center fielder Jackie Gray. In the earlier game Littlefield stopped Pampa, 8-5 and are now tied for tournament lead with Borger. Tom Lewis, Littlefield hurler, pitched five-hit ball to beat Littlefield. The games Tuesday night were rained out and play was scheduled to resume Wednesday evening with Hereford and Pampa going in the first game at 6:15, and Borger and Littlefield in the 8:15 tilt. Hereford will have to beat Pampa in order to stay in the tournament. Whoever wins the Hereford-Pampa game will play the loser of the Borger-Littlefield game Thursday night. By then one team will be undefeated and one team will have one loss. These two will then play the number two game Thursday. A playoff will be held Friday night only if the two-game winner is beaten.

as Duncan scored from second. Charles Moreno flied out to retire the side. LEADING 4-8, going into the first of the fourth, Hereford's Danny Cates weakened completely, walking the first batter and giving up a single to the second. Manager Joe Smith then brought in Dave McNelly from the bullpen in hopes of protecting his lead. But McNelly ran into trouble as the Canyon stars placed four runs on the score board before he could get them out. Going into the last of the fourth, Canyon led, 7-4. After the fourth inning, the frame that proved to be the fall of Hereford, McNelly held the Canyon boys scoreless. He yielded

PRIZE PLAYS PLANNED NEW YORK (AP) — Dramas by 12 Nobel prize playwrights are to be staged during the next two theatrical seasons by New York's leading experimental thespic enterprise, the Phoenix Theater. Co-producers T. Edward Hambleton and Norris Houghton said the project would be the basis for a permanent repertory company to replace the current Phoenix formula of miscellaneous productions. Plays will be selected from the works of Bjornstjerne Bjornson, Jacinto Benavente y Martinez, T. S. Eliot, Maurice Maeterlinck, John Galsworthy, Luigi Pirandello, William Butler Yeats, Gerhart Hauptmann, Romain Rolland, George Bernard Shaw, Albert Camus, and this country's only Nobel playwright, Eugene O'Neill.

AT LEAST HE FLIES DENVER (AP) — C. A. Myhre, president of Frontier Airlines, received a plaque for flying more than 400,000 miles — on United Air Lines planes. Myhre rolled up the mileage in frequent trips to Washington and elsewhere to boost his own line's expansion plans.

The foundation of modern geology was a book, "The Theory of the Earth," written by James Hutton about 1765.

ed only three hits while on the mound. Hereford was unable to get back into the ball game, but they made an all out attempt in the last frame. With one out, Charles Moreno hit his second double of the evening. Mike Ferguson batting for Frank Cain singled to right, scoring Moreno for Hereford's fifth run. McNelly flied deep to center for the second out. Then Gabbart popped up and out to the Canyon second sacker to end the game.

Raymond White Gets Assignment

NEWARK, CALIF. (AHTN C) — Army Pvt. Raymond D. White, 21, son of Mr. and Mrs. Edward S. White of Friona, recently was assigned to Battery D of the 740th Anti-aircraft Artillery Missile Battalion in Newark, Calif.

White, a launcher crewman, was previously a student at the San Francisco Army Air Defense School, Presidio of San Francisco, Calif.

He entered the Army in December, 1957, and completed basic combat training at Fort Carson, Colo. White attended Friona High School and was a truck driver with Herbert Day of Friona.

CARD OF THANKS

We wish to thank the many friends and neighbors, especially the Rev. Fields and the Rev. Hamilton, and the singers, and ladies who provided food and all who called with words of comfort in the loss of our loved one. Members of the Buchanan family.

RETURNS HOME

Mrs. J. E. Lester has returned to her home in Topeka, Kan., after a week's stay here with relatives. She is the former Miss Margie Dameron.

ACTRESS WRITES NOVEL

NEW YORK (AP) — Actress Bea Barrett has completed writing a novel between chores in "The Threepenny Opera," New York's longest-running hit show. The literary effort resulted from a bet made by Miss Barrett and five other members of the company when the musical had completed 500 performances, that each could complete a novel, play or non-fiction opus by the 1,000th performance.

Miss Barrett's "The Rib and the Apple" was the first to be completed. "The Threepenny Opera" hit the 1,000 mark Feb. 6.

HOPE GOES LEGIT

NEW YORK (AP) — Comedian Bob Hope has signed for his first appearance on the legit stage in many years with the St. Louis Municipal opera during June.

Hope will appear in the musical comedy "Roberta" in the role he originated on Broadway in 1933.

City Attorney Speaks To Group

City attorney Earnest Langley spoke on the "Human Side of Human Beings" at the Optimist Club meeting Tuesday noon in the ballroom of Hotel Jim Hill.

A new member, Weldon W. Powell, was introduced to the group at the meeting.

Bill Phipps and Sam Long of the local club, visited the Pam-pa Optimist Club last week.

OVER SCREEN

NEW YORK (AP) — Broadway is where the excitement is, says Leland Hayward, a producer who splits his time between stage and screen.

After a three-year stint of film-making, he has turned his attention to production of a theater farce, "Who Was That Lady I Saw You With?"

"The worst thing about making films," Hayward finds, "is that it takes so long from idea to screen."

"By the time you open you forget all the emotions that were involved in producing it. On the stage that can't happen, even if you tried."

Nine Called for Draft Physicals

Johnny Horace McIver and Joseph Vincent Friemel, both local men, were instructed to report today for induction examinations in Amarillo by the local selective service board. Both men have volunteered for induction.

Others, not volunteers and from the four-county area, who are also to report today for physicals are Homer Dale Hinds, Francis M. Woolbright Jr., Richard L. Clark, Perry Otis Vaught, Jimmy Dean Bradley, Willis J. Hopingardner and Ray E. House.

BRIDGE FOR A BRIDGE CEDAR RAPIDS, Iowa (AP) — When the late Grant Wood was struggling to get a start as an artist, he went to the office of Dr. E. H. McKeeby, a dentist. He explained he needed some dental work but had no cash

available. He offered in payment a painting of a bridge he had made in Paris. The dentist said he guessed that would do. "Okay," said Wood, "It's a deal, a bridge for a bridge." Dr. McKeeby later became a model for the farmer in Grant's painting, American Gothic.

Hereford Livestock AUCTION

SALE EVERY SATURDAY, 11:00 A.M.

Located Southeast of Veterans Park

This is the first sale after the harvest shutdown. A good run of cattle is expected and we want to send out a special invitation to all our old customers and potential new ones to attend this sale.

If you need to buy or sell some cattle, trade at home, save on hauling and feed bills. Past performances prove that our market compares to Amarillo and Clovis.

We are proud to have Don Demari, Auctioneer, associated with us. He starts and auctions cattle here the same as he does in Amarillo and Clovis. He starts them as he sees them.

NOTICE TO SHEEP BUYERS:

Over 100 good bred ewes are in the yard. Look these over if you need some.

Pigs are sold in your truck or trailer before each sale.

Sheriff Asks Aid To Identify Man

A suspect being held in con-
 nection with an attempted bur-
 glary, which resulted in the death
 of a young Latin-American in
 Plainview early Saturday morn-
 ing, says he was given a ride
 by a local farmer from Plain-
 view to Hereford while hitch-
 hiking Friday night.

In cooperation with Plainview
 police, Sheriff Charles Skelton
 has asked that he be notified
 if anybody in this area Friday
 night gave a ride to a hitch-
 hiker fitting this description:
 "Latin-American, 24, 5' 8"
 tall, 165 pounds, dark complex-
 ioned, slightly stooped, a tattoo
 on both arms, and was sup-
 posed to have been wearing a
 black shirt and brown trousers
 Friday night."

The burglary attempt, which
 was made in Plainview at about
 12:25 a.m. Saturday, was halt-
 ed by a Plainview police officer,
 who shot and killed a Latin-
 American youth as he and a
 companion fled from a Plain-
 view drug store, the scene of
 the attempt.

A pickup order was later dis-
 patched to police agencies
 throughout West Texas to be on
 the alert for the dead youth's
 companion. Plainview police later
 picked up a suspect.

O'NEILL ABROAD
 NEW YORK (AP) — The Eu-
 gene O'Neill prize play "Long
 Day's Journey Into Night" is
 going to take another overseas
 trip from Broadway.

The production, starring Fre-
 deric March and Florence Eld-
 ridge, went to Paris last sum-
 mer as the U. S. exhibit in the
 French International Theater
 Festival.

Now it has been invited to
 participate in the Edinburgh,
 Scotland, Festival, for a week
 next September. The New York
 company will perform at New-
 castle, England, before that en-
 gagement, and then appear for
 a limited stay in London.

With its New York windup
 March 29 the drama will have
 played 389 performances, the
 longest Broadway run of any
 O'Neill play.

Why Be Controlled by the LABOR UNION BOSSES

BILL BLAKLEY,

A Good Democrat

When Bill Blakley went into office, it was his vote
 AS A DEMOCRAT
 which decided the "Balance of Power"—and
 established

A DEMOCRATIC MAJORITY IN THE U. S. SENATE

that has continued to this day with Lyndon
 Johnson as Majority Leader!

Bill Blakley, a self-taught, self-made Texan earnestly believes
 that EVERY man and woman in Texas, deserve a voice in their
 government. Bill Blakley believes in government close to the
 people. Bill Blakley believes that the U. S. Constitution is the
 greatest guarantee of liberty ever conceived. He'll work to pre-
 serve it, for you and your family and their families.

Documentary Records in Washington, D. C., from the Clerk
 of the House of Representatives, (Open to the public) show
 the following contributors to the campaign of Ralph Yarbor-
 ough:

- "Emil Mazey, UAW-CIO, \$5,000.
- "James L. McDevitt, AFL-CIO Committee on Political Education, \$10,000.
- "Frank Rosenblum, Amalgamated Political Education Committee, \$1,000.
- "John Chupka, Textile Workers Union, \$1,000.
- "L. W. Abel, United Steel Workers, \$5,000.
- "C. T. Anderson, Railway Labor Political League, \$2,000.

Are these the Good Old Texas Names Ralph Yarborough is always talking about?

Maybe this answers a question many Deaf Smith County farmers are asking:

"Why is Ralph Yarborough silent on the Bracero Labor Question?"

Do We Want to Turn Over Our Local Schools to the Washington Bureaucrats?

The Texas majority does not believe in nor want federal control of local public schools, Blakley continued," yet on the record of the junior Senator from Texas there is bill after bill to bring the federal government directly into control of the education of our children.

Remember This:

Ralph Yarborough has never won a Majority Vote in any statewide elec-
 tion. He is now in office as the result of 38% of the vote (a minority
 group) in the "sudden death" election following resignation of Price Dan-
 iel from the U. S. Senate.

Bill Blakley for U. S. Senator

Vote for Bill Blakley for United States Senator and you'll be proud of this vote the longest day you live.

—OUR CORNER—

As a paymaster my friend's observation is that people are as sharp as an adding machine in figuring out what is coming to them. And he wonders how is it, then, that their arithmetic is so faulty when making out their tax returns.

The revenue collector said that in 1955 his department checked 95% of Form 1040 returns for arithmetic and found errors averaging \$89 a mistake in almost a million cases. Strangely, most of the error favored the taxpayer.

Lions Carnival Huge Success

Hereford's annual Lions Club Carnival has been a popular place since last Saturday evening, and, apparently, will continue to be through this Saturday night. Youngsters by the score, and a few grown-ups, too, have been taking in the yearly event with all the fun and expressions one can expect to find anywhere. Lions Club members are handling all concession stands and selling tickets, while workers of Lone Star Amusement operate the rides, which consist of everything from boat and train rides to a giant ferris wheel. Federal Aid Increased For Local School Lunches

HEREFORD SCHOOLS will receive an increase in federal school lunch aid, though the actual amount will be slight to detect.

The increase will be part of a \$10 million increase apportionment by the U. S. Dept. of Agriculture to states, territories and possessions. Announcement was made recently that the National School Lunch Program for the 1958-59 school year will total \$93.6 million.

In addition, school participating in the National School Lunch Program will receive foods purchased and distributed especially for their use. A total of \$14,650,000 of regular school lunch appropriated funds will be available for purchase and distribution of foods which help meet nutritional requirements of school children. The remaining \$1,750,000 of the \$110 million total appropriated for operation of the school lunch program will be used for administering the program.

Hereford Rural High School District for the school year of 1956-57 received \$13,722.52, and though the final payment

Eight Accidents Fatal This Year

Highway Patrolmen investigated a total of 242 accidents during the first six months of 1958 in the Hereford substation area, comprised of Castro, Dallam, Deaf Smith, Hartley, Oldham, Parmer, Randall, Sherman, and Swisher counties, Ser. Dan Duggan announced today.

Of the above total, eight were fatal accidents, 72 personal injury accidents, and 162 property damage.

Ser. Duggan reported a total property damage of \$157,942.00 with 115 persons injured and nine killed. This is a decrease of 14 accidents and decrease of

one death for the same period last year.

Duggan said the patrolmen in this area contacted 4,384 drivers during this period for the following violations: D. W. I. 26, speeding 2,659, improper passing 46, wrong side of road 86, defective equipment 992, disregarding stop or warning sign 248, and other violations 327.

"During the vacation months, thousands of motorists are on the highways, and too many of them are intent on cramming as much activity as they can into one brief vacation," Ser. Duggan said. "The result is of-ten tragedy."

He cautioned vacationers to be on their guard against speeders, drinking drivers and drivers who disregard traffic laws. Duggan also urged all motor-

ists to check the expiration date on their driver's license to see that it has not expired. Patrolmen in this area will increase their activity in regard to drivers' license checks, he said.

Jack Cox In Labrador

Lt. Col. Jack Cox of the U. S. Air Force visited his mother, Mrs. Alice Cox, 118 N. Jackson, last week and left for Goose Bay in Labrador Saturday, where he has been transferred.

Formerly of the Air Force base in Montgomery, Ala., he was promoted to lieutenant col-

onel two months ago. He has been in the service since 1942, and was a bombardier during World War II with the rank of lieutenant.

Cox received his wings in 1944. Now 35 years old, he attended Hereford High School before entering the service.

Visiting his mother's home with him were his wife and six

children, who range in age from five to 12 years.

The Texas Extension Service has finally recognized the fact that vegetables are being produced on the Plains, and they

are thinking about an experiment station for this territory. The move comes 20 years after its most urgent need, but it can still be an important factor in area economy. While we have already achieved, through hit and miss methods, some well adapted varieties of potatoes, lettuce and carrots, it is entirely possible that the varieties can still be improved. There is also the possibility that other allied crops might be more productive and more profitable.

Tremendous strides made in improved grain sorghum varieties in recent years is a good example of how experimental farming can result in tremendous boasts of yields and qualities.

Meanwhile, the Extension Service released some figures this week which are interesting. For instance, they say that vegetable production of the South Plains has jumped from less than 6,000 acres in 1949 to more than 53,000 acres in 1958. Estimated income from the 1958 vegetable crop, based on normal prices and yields, will be approximately \$36 million; this represents 6.4 per cent of the total crop income from only 1.2 per cent of the irrigated land in the area. They also predict that a much larger acreage of irrigated land will be devoted to vegetable production in the future, due to realization of greater economic returns from vege-

Lefty Thomas says a meeting has been set for Tuesday, July 29, in Dimmitt when some of the department brass will be on hand to meet with growers and discuss a research program. Dimmitt, in all probability, will be considered as a logical location for the proposed station.

Texas who are a bit perturbed over Alaska as the 49th State — and the fact that it dwarfs Texas — might be interested in a sign recently reprinted in Paul Crume's column in the Dallas News. The sign is located in a Dallas tavern and reads:

"Heck with all that ice, if Alaska ever hit a Texas summer, it wouldn't be half the size of Texas."

Many residents, especially in the north part of town are screaming about the helicopter invasion of the past week-end. The noise, it seems, irritates some people; still others think the whirlybirds fly too low over town. One fellow called in to protest that they turned around over his house and interrupted in Sunday siesta no less than a dozen times.

Maurice Tannahill is a little bit worried over the ethics of people in general. "They just go out into the field and dig potatoes when the urge strikes them," protests Tannahill. "I wonder how many of the same people would go into the grocery store, fill their sacks and leave without paying. I can't see much difference."

The thing that would surprise Mr. Tannahill most is probably the answer: "A lot of people would do it!" According to all records, food stores lose many times the amount lost by farmers through theft of various food items. Seldom are the items as bulky as potatoes; but food theft totals are alarming — even in Hereford. If the grocery stores left their doors open and unattended as the farmers do their fields, they sure wouldn't last long. In the old days, folks used to say:

"Every lock is a tribute to the dishonesty of mankind."

SATURDAY IS THE day to vote, and the political pot has finally started to bubble. Most interest this year seems to focus on the race for U. S. Senate with Yarborough and Blakely in the center-ring. The race for State Senate is next in interest. Deaf Smith voters will, in this election, use voting booths for the first time. All in all, it should be quite a deal.

Post office employees are handling around 8,000 general delivery pieces here each week. They attribute the situation to banning of bracero labor, which has been replaced by independent Latin American workers. The braceros had their mail delivered to their employer, who distributed it, but the independents mostly get their mail through general delivery. However, I notice where the post office department is buying a slug of motor scooters for town deliveries. This should be welcome news to the city carriers.

and they are the boys who get my sympathy.

Highway Commissioner Marshall Formby was in town this week. He was just a little bit awed at the growth of Hereford during the brief few years he has been away in the road building business. Marshall figures that Hereford is still on the march — and that it will continue to grow, perhaps even more in the 10 years than in the past 10. Everyone wanted to know if Marshall really intends to run for governor in 1960 — and he did a lot of grinning, but never once denied that he would be a candidate four years from now. Provided no unusual circumstances arise, it's a safe bet that he will be in the race for governor. Looks if he might also have a fair to good chance for election, which is more than we have ever been able to say about any previous West Texas candidate.

If you are going out to the Lions Carnival, why not plan to eat supper. The FHA gals are selling charcoal broiled burgers and homemade pie; both are drawing lots of compliments. Proceeds will be used to pay expenses for a second foreign student to attend Hereford High this year, if they get enough money; next year, if they don't make the grade this year.

The other day I got invited to join an "old folks" swimming class at the city pool at 6 a.m. each morning. I passed up the opportunity, but am still trying to figure out the deal. Do they meet at 6 o'clock so no one will be able to inspect their figures, or do you have to be on up in years before you have little enough intelligence to get up that early to go swimming? One time Harold Close, Cliff Acker and Francis Hardwick talked me into playing golf at 5:30 a.m. — and I never have cared for the game since. I don't mind getting up early when it is required, but no one — so far at least — has been able to convince me that it is fun. I guess I just don't have enough imagination.

Time was when you heard a lot of mother-in-law jokes. These days, however, the mother-in-law seems to rate in high esteem. Have these old gals changed so much in such a short time? On the other hand, maybe it's the youngsters who have altered. Anyway, I never hear any more unkind remarks about mothers-in-law and, quite often, I hear praiseworthy comment on behalf of today's middle-aged moms. It sure is a switch.

Enough is what would satisfy most of us if our neighbors didn't get more. This is true about everything except hail.

Many Hereford people are labeling the Tuesday hail storm as the worst they have ever seen. A lot of old timers won't go that far, however. I asked Ezra Norton about it being the worst he ever saw, but all he would say was: "It was pretty bad. It sure was." Seems it must have hit our part of town in full force. I looked out the window toward Ike Crosthwait's house next door, and hail hitting the roof in sheets. Reminded me of popcorn blowing in a 60-mile gale. Some of the larger stones went on up to the size of softballs. Wednesday morning I went out to check our peach tree and, believe it or not, 75 per cent of the peaches were still intact and on the tree. I don't see how in the world they weathered the storm.

DAWN NEWS

Rain, Winds Hit Area

By MRS. CARL WIMBERLEY

Some rain fell here Sunday night and was accompanied by strong winds. Dirt blew before the rain came. About a quarter of an inch fell at Dawn, with .40 of an inch in the northwest area. Some of the milo planted early is completely headed out.

Mr. Simmons of San Antonio, who was passing through, was a visitor in Sunday School and the morning worship service.

Mr. and Mrs. A. W. Tooley of Kress visited in the home of his son, Mr. and Mrs. L. W. Tooley, Saturday.

Mrs. Bill Tucker returned home from the hospital in Canyon Saturday. She is reported to be getting along very well.

The local 4-H Club girls

from this area came through the dress review in Hereford this week with flying colors.

Those who won blue ribbons were Beverly Lemons, Linda Tooley, Sharon Hoffman and Beverly Betzen, who won two blue ribbons and a purple champion ribbon in division F. Phyllis Husmann, Ann Gentry and Judy Husmann received red ribbons and Jean Burrell won a white ribbon.

Sylvia Betzen modeled a skirt made by Beverly Betzen. Mothers who attended the 4-H program were Mesdames Leo Hoffman, L. W. Tooley, Clarence Betzen, W. H. Gentry, Arnold Husmann, Edgar Lemons and A. W. Tooley of Kress.

Brenda Edwards and Della Ruth Dow of Hereford visited over the weekend with Lucy Beth and Gail Miller.

Ralph Atchley was in Alamo, Colo., over the weekend to attend the wedding of Lee Drake. The bride was an Alamo girl. Ralph was best man in the ceremony.

The young people of the Dawn Church attended a treasure hunt Friday evening in Dawn. They had refreshments later in the home of Mr. and Mrs. Carl Wimberley. Those present were Brenda Edwards, Gail Miller, Dorothea Stewart, Phyllis Ann Wimberley, Lucy Beth Miller, Manuel Beavers, Billy Wimberley, Billy Miller, Ted Wimberley and H. S. Fuller Jr.

Mr. and Mrs. Tony Benson of Roswell, N. M., visited Saturday night and Sunday with Mr. and Mrs. Alfred Smith. Mr. and Mrs. Bobby Jones and sons of Amarillo were visiting there Sunday.

Mr. and Mrs. Hartland Caraway and daughter, Mary Frances, of Stratford visited Mr. and Mrs. J. B. Caraway and family

Saturday.

A family dinner was held in the home of Mr. and Mrs. W. H. Caraway in Hereford Sunday. Those present were Mr. and Mrs. J. B. Caraway, Mr. and Mrs. Hartland Caraway, Mr. and Mrs. Obed Caraway of Hereford and their families and Mrs. Iverson Leake of Canyon.

Mr. and Mrs. Gayle Neal and children attended the wedding and reception of Bonnie Lewis and Bob Bradley in Hereford Sunday evening.

Mr. and Mrs. Leslie Neal of Amarillo visited the Gayle Neal family Saturday.

Mrs. Reece Stewart is attending the last six weeks summer school session at West Texas State College in Canyon. Mrs. Stewart has been teaching Spanish children to speak English at Shirley School in Hereford, and is taking courses which will help in this phase of teaching.

Mr. and Mrs. L. A. Smith visited Mr. and Mrs. H. D. Wester in Borger Sunday and also visited in the home of Mr. and Mrs. J. C. Poe in Amarillo.

Mr. and Mrs. J. A. Johnson of Muleshoe visited with Mr. and Mrs. R. L. Johnson Saturday. Roy and Ronaie Johnson returned home with their grandparents and stayed until Sunday.

Mrs. L. M. Harris of Amarillo is visiting with Mr. and Mrs. C. C. Stewart and family.

Mr. and Mrs. Rea Cox and children visited her grandmother, Mrs. F. P. Donthan in Amarillo Sunday. Mrs. Donthan, who has been ill a long time, was reported to be in a coma and is not expected to live very long.

Clarence Betzen left by plane Friday for Austin, where he attended a state meeting of the Knights of Columbus. He is district deputy. He returned home Sunday.

The 4-H girls in this community belong to two different clubs, the Argen Draper Club and Happy Homes. Mrs. L. W. Tooley is the leader of the Argen Draper, the members living in the vicinity of Dawn. Mrs. Earl Plank is the leader for the Happy Homes Club and the girls in the northwest part of the community belong to this group.

The club members are selling assortments of light bulbs as a money-making project and these may be obtained from either members or leaders. An assortment costs \$2.

Carol Ann Bavousett, daughter of Mr. and Mrs. Steve Bavousett of Friona, visited her grandparents, Mr. and Mrs. A. T. Frye, last week.

Linda McAtee, daughter of Mr. and Mrs. Leo McAtee of Dallas, underwent a tonsilectomy at the hospital in Canyon Friday. Mrs. McAtee and children are here visiting Mr. and Mrs. L. L. Airhart.

Charles Brownlow, Jimmie Bell and Sandra Vaught of Hereford were guests in the Tooley home Sunday.

The boy's 4-H Club met Thursday night at the school house. Mr. Thomas of Hereford showed two films, "Safety in Tractor Driving" and "America the Beautiful." The members and families are planning a trip to the Bushland Experiment Station Monday, July 28. They will leave Dawn at 9 a.m.

Mr. and Mrs. L. G. Airhart and family of Happy and Mr. and Mrs. James Airhart and children of Canyon visited Sunday afternoon in the Airhart home.

Mr. and Mrs. H. C. Dow went to Dalhart and Clayton, N. M., over the weekend to visit Mr. and Mrs. C. H. Dow and Mr. and Mrs. Clyde Toney and children.

BORGER VISITOR

Mrs. Bill McCabe of Borger is visiting in the home of her parents, Mr. and Mrs. H. E. Wester.

the fundamentals of the facts of life - with drawings and all!

There's a civilian, Harry Bannerman, who hates the Army because he thinks it broke up his marriage; Guido's commanding officer, Walker Hoxie, who hates all civilians because he thinks they're stupid; and Corporal Opie Dalrymple, a replica of Elvis Presley singing from the "hort", who doesn't hate anybody.

Toward the end of the book, all these unsuited characters, plus Guido, become fast good friends with a half dozen bottles of bourbon between them. They find a nice, quiet, "dork" place to further their friendship in the lowered platforms where the Nikes are stored, heedless of the fact that a multi-starred general is conducting a group of prominent civilians on a guided tour of the base.

Harry wants to see the Nike better, so Walker raises the platform in the light of the moon. Harry doesn't like the numerous red tags on the Nike, so he takes them off. In the moonlight, Harry thinks - the Nike is beautiful and lovingly cuddles to its cold surface.

In the control room, the general, smiling and very contented with himself, explains to the already dubious citizens that the Nike cannot be fired without quite a few preliminary precautions - such as raising the platform and removing a few red tags. To prove his point, he presses a little button on the panel. The people in town, seated on grandstands observing the July 4 fireworks, gasp in appreciation at the patriotic display of the army.

This is just one of the little incidents scattered throughout Rally Round The Flag, Boys! The Fancher Train, by Amelia Bean, a seven-day book in the public library, is classed as a historical novel. It is the story of the Fancher wagon train to California which was massacred by the Mormons.

The well-written book holds the reader's interest from beginning to end, and it related every tiny incident which led to the massacre.

The Mormons, thirsty for revenge of their own persecution, greedy for the prime stock in the train and bungling on orders, incite the Indians to attack.

When the Mormons realize that word must never reach California of their implication in the attack, they call off the Indians in a sham show of friendship.

The trusting Gentiles disarm themselves in accordance to the Mormon's demands to pacify the "jumpy" Indians and march in a column toward the Mormon city. When they are clear of the wagons, the Mormons turn

on them, and as a result, about 150 adults and older children were slaughtered.

Decent burial did not take place until nearly two years later, when the group was buried in a common grave. A rough cross was placed near the site which reads, "Vengeance is mine and I will repay saith the Lord."

Long Time Ago

45 Years Ago

If Hereford hopes to win or even be in the race in Holland's Clean Town Contest, somebody must "gather their weeds," before the "doctor comes." After all that has been done and said by the City Commission and by the people, and after as many home owners have cleaned up their premises, there are still many, many good folks who persistently refuse to budge, and are allowing the weeds to run riot over their places. The Brand cannot believe that it is a case of stubbornness or snubbing, but a virulent case of indifference both as to the looks of their own premises or that of the general appearance of the town. It certainly does not "bad" to have visitors come to Hereford and to drive along some beautiful street, all the front and back yards being neat and clean, except possibly one; and that one mars the whole landscape.

25 Years Ago

Four young people of Hereford were endangered Sunday afternoon with one of the swift rises in Ceta Canyon following heavy rainfall.

Miss Betty Bruce Jones, Miss Elizabeth Ireland, Wilbur Womble and Gaylord Newell were returning from the Ceta Canyon when their car was almost overturned by a rushing wall of water between the canyon walls. The boys dragged the girls to high ground.

Several people attending the encampment were shocked by lightning strokes during the storm, the young people reported. The creek was at overflow stage for more than three hours. M. D. Womble, father of Wilbur, went to Ceta Canyon Monday to recover the car.

Groups Change Meeting Place

The Oddfellow and Rebekah organizations moved to their new location at 203 E. Sixth St. Monday evening.

The former meeting place had been at 212 North Main since Oct. 3, 1907. J. M. Gilliland, who was initiated in that year, is still a member of the Oddfellows.

New officers for the Oddfellows are Ralph Smith, noble grand, Clarence Sauley, vice-grand, Otto Gilliland, recording secretary, Clyde Strange, financial secretary, J. C. Morrison, treasurer, Bruce Smith, ward-ward, Wendell Morton, conductor.

Pat Patterson, inside guardian, A. Nathan Hopson, outside guardian, Elmer Combs, right supporting noble grand, A. N. Hopson, left supporting noble grand, Bill Gentry, chaplain, Ralph Sears, color bearer, and Wallace Shelton, reporter.

STIN HIGHLIGHTS

John Q. Poll-Taxpayer Is Important Man This Week

By VERN SANFORD

STIN Focus of interest in this week is not on the Capitol.

all over Texas, in a school ng or a fire station or a house — wherever a stands in a little paste- booth with a piece of pad a blunt pencil.

the booth is a man who is like an average, un- portant sort of guy. Chan- ce he's not very rich, not interested in politics, as le. But John Q. Poll-Tax- er is the most important in Texas this week. With ew strokes of his pencil rday, he'll decide who'll who in Texas for the next wo or more.

in John Q. glances down alot, he may see a num- names he's never heard e'll pause, scratch his wonder which name is best," finally shrug.

make a mark and go on.

Such a possibility gives office- seekers the cold shakes. For fear their names may yet be unknown to some, they'll try to be everywhere at once this week.

In addition, a lot of people will be pleading with John Q. to come back to the polling place Saturday evening for his Democratic precinct conven- tion. Gov. Price Daniel, sup- ported by moderate-conserva- tive party officials, is asking him to come and vote for "ma- jority rule." Opposing the gov- ernor are the liberal Democrats of Texas who want John to join their drive to assure that "only real Democrats shall partici- pate in Democratic party af- fairs."

Nobody can positively predict what John will do. Past records show that some years he feels liberal; some years, conserva- tive. And some years, both ways at the same time.

Texas oil allowable for Aug- ust will be 328,185 barrels a day more than for July — a hopeful sign for an industry that's been "in the dumps" for more than a year.

Railroad Commission set next month's allowable at 2,978, 088 barrels daily. Number of producing days will be increas- ed from nine to 11. Last month's production rose from its all time low of eight days.

Reason for the increase was not so much the disturbance in the oil-producing Middle East, said one commissioner, as the fact that Texas had finally re- duced its excess oil stocks to correct levels.

State Insurance Board fin- ally scored a technical knock- out in its prolonged bout with an Austin district judge.

Texas Supreme Court ruled that Judge Charles O. Betts did not have authority to name V. F. Taylor receiver for insur-

ance cases in his court. High court says the receiver must be the state liquidator appointed by the Insurance Board.

Board had appointed C. H. Langdeau as state liquidator. Judge Betts said he did not re- gard Langdeau as acceptable. He named Taylor receiver for cases in his court.

Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court.

Division of authority between the courts and insurance de- partment over insurance com- pany liquidation has been a source of dissension for years.

State Highway Department will reimburse cities and counties half the court costs of securing land for state and U. S. highway building.

Up until last year, costs of obtaining right-of-way were borne solely by local govern- ments. Last Legislature passed a law authorizing the state to share the cost 50-50 with cities and counties.

At first, this was construed to mean the state would pay half the cost of purchasing the land. Now it has been expanded to include half of court costs and appraisers' fees.

An increase of 10.88 per cent has been ordered in the Texas Prison System's cotton acreage allotment.

Officials of the Texas system had been actively dissatisfied, contending the prison farms had been dealt a bigger-than-aver- age cut. Less production means less money for operating the prisons, they pointed out, and hence greater cost to Texas taxpayers.

On their behalf, the Texas At- torney General's Department appealed to the Agricultural Sta- bilization Committee, and, finally, to federal court.

The City Junior Golf Tourna- ment will be held Aug. 14-15- 16. All golfers 16 years of age or under will be eligible to participate. There will be boys' Junior and girls' Junior flights. Girls 18 years of age or under will be eligible to play. Entrance fee will be \$1 and trophies will be presented in each flight.

On Sunday, Aug. 3, pro- amateur type matches will be held at the local course, com- mencing at 1 p.m. Play will be on a low-ball basis, with five golfers to each team. An "A" player, 72 to 28, who will be the team captain, a "B" player, 79 to 85, a "C" player, 86 to 92, a "D" player, 93 and up and a lady player, will compose each group. Each fivesome will receive full handicaps with only the low ball in each group counting. More details will be announce- ed next week.

Bob Lindsey, playing in the Plainview Invitational Tourna- ment, was defeated in the sec- ond flight Saturday.

John Ethridge won the third flight in the same tournament, defeating John Renner in the semi-finals, 3 and 2.

The Amarillo Partnership Match Play Invitational Golf Tournament will be held this week at the Ross Rogers Municipal Golf Course in Amarillo. Festivities got under way Wed- nesday with the West Texas amateur matches. Qualifying is today, with match play Friday through Sunday.

Wayne Phillips and Bill Dav- is, John Renner and Lloyd Min- us, and Charles Seed and Jeff Minton are planning to enter. Jeff is a former local boy, now living in Amarillo. Other teams will possibly enter from there also.

Golf Tips:

The popular misconception of shoulders sliding forward on the downswing causes many errors. A full, free swing is a must for powerful tee shots. Golfers who do not get the distance and direction they desire off the tee are usually guilty of restricting their swing by blocking their arm motion at impact.

Too many golfers have the (Continued On Page 2)

Dress Revue Successful; Light Bulbs Sell Well

By ARGENT DRAPER

The 4-H Dress Revue was very successful. Sixty-nine gar- ments and record books were brought to be judged. Mrs. Ernest Flood did a good job as commentator. The stage decora- tions were copied from the front of the program. Mrs. J. E. Dyer did the decorating. Nancy Parsons and Jackie Nun- ley furnished music during the Dress Revue. Our thanks to ev- eryone who made the Dress Re- vue successful.

The light bulb program has gone better than even we ex- pected. We are sorry if you were disappointed in not getting bulbs, as the 4-H girls did give you a bargain in the package. G. W. Duncan bought bulbs from the Jolly Girls 4-H at the Henry Browning farm sale.

When G. W. went in home ear- rying this package of bulbs, we heard by grapevine that Mrs. Duncan and Becky gave him a lot of trouble as they knew Bee- ky would be selling bulbs too. Phyllis Warrick was the first 4-H girl to turn money in for light bulbs. She has sold 15 packages. Becky Duncan, at an early date, sold 10 packages. We understand that Marlene Williams and Paula Creitz called on everyone in Adrian. I believe they sold 25 packages.

Thanks, folks, for lighting the 4-H way by buying bulbs.

A call from Ed Moore, Gen- eral Manager of KFDD-TV. He says Channel 10 is conducting a giant talent search to give tal- ent in this area the chance they deserve. The talent will be used on a live monthly hour-long variety show from the studios, KFDD-TV in Amarillo.

They are interested in sing- ers, musicians, dancers, actors and actresses, and novelty acts. The only type of music they are discouraging is hillbilly. If any of you are interested or know of someone who deserves recognition, suggest that they call or write the producer, Dick Curd, at 509 Harrison St. in Am- arillo, or phone him at DR 3- 3774.

ty. They represented more than 560,000 teachers who are members of the NEA Department of Classroom Teachers.

"Quality Teaching: Keystone to Progress" was the theme that keynoteed discussions at the general sessions and informal workshops that the teachers attended.

NEA president Lyman V. Ginger addressed the opening session of the conference. Mrs. Sarah Caldwell, a former NEA president and the classroom teacher member on the Educational Policies Commission, spoke on professional education organizations, and said that they are the groups which play a vital part in sparking interest in improving the schools.

"Teachers and Their Welfare Problems," was the subject of a discussion presented Thursday, July 10, by Hilda Maehling, NEA Assistant Executive Secretary for Professional Development and Welfare, and members of her staff.

The Ohio Education Association directed a program Friday, July 11, on new trends in school personnel policies.

Each day of the two-week conference, teachers also attended workshops on such subjects as "Present Day Trends in the High School Curriculum."

- 1 med. large onion chopped
- 1 t. thyme
- ¼ lb. butter
- salt and pepper
- 2 tomatoes chopped or 1 can tomatoes
- 1 cup rice

Flour chicken seasoned with thyme, salt and pepper. Fry chicken slowly in butter until golden done. Remove and place in oven proof dish and keep warm. Add rice and onions to butter and cook until light brown (about 5 to 10 minutes) stirring constantly. Add the remainder of ingredients.

Pour over chicken, cover and cook 1½ hours in moderate oven.

If you want to rush it, brown the rice and onions in butter in skillet. Add a pinch of thyme, salt and pepper. Then pour into bouillon water and cook on top of stove with the tomatoes and walnuts. While this is cooking you can fry your chicken and then mix and bake 30 to 40 minutes so the flavors can blend. Also if you prefer this may be served separate.

This will yield about 6 large servings.

HOBBS VISITORS
Mr. and Mrs. Doug Bartlett and Micheal Douglas of Hobbs, N. M., visited over the weekend in the home of his parents, Mr. and Mrs. N. D. Bartlett. Mrs. Doug Bartlett participated in the wedding of her sister, Bonnie Lewis, to Bob Bradley.

mean 384 more acres of prison cotton can be harvested. It'll save \$100,000 in tax money, prison officials estimate.

City officials are laying plans to ask the next legislature to extend and adjust city taxing powers.

Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to:

1. Allow cities to broaden their tax base and lighten the burden on property owners.
2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars.

A rough-and-tumble time can be expected next year when lawmakers consider just how permanent the permanent school fund should be.

Rep. Louis Dugas of Orange has announced he will introduce a bill which would allow the state to use part of the revenue from school lands for current expenses instead of putting it all into the permanent fund.

Dugas was author of a bill last session to divert one per cent of the permanent fund each year to the available fund.

State School Board and numerous other school officials have come out strongly against all moves to tap the schools' multi-million-dollar endowment. They compare it to "eating the seed corn."

Texas Employment Commission's report for the first half of this year showed that 185,000 Texans received jobless benefits.

Payments totaled \$38,164,378 for this period.

Average claimant was eligible for 19.8 weeks of assistance, but drew for only 12.7 weeks. "This proves that unemployment compensation serves as a rainy day tideover between jobs," commented TEC Chairman Maurice Acers, "and not as a prolonged dole."

Unemployment picture was still "rainy" in TEC's latest weekly report. Total of 74,734 persons, more than twice as many as a year ago, were receiving benefits.

Attorney Is Reappointed

Bruce L. Miller, Hereford attorney, recently was reappointed to the Texas State Bar's grievance committee for the 18th Congressional District.

The appointment, for a three-year term, was by Leo Brewster, president, of Fort Worth.

The committee works with the district grievance prosecuting group, and its functions are to investigate and prosecute cases of alleged professional misconduct of lawyers.

Ben H. Stone Jr., of Amarillo State Bar board member, representing lawyers of the 18th District, was named ex-officio member of both committees.

mistaken notion that the shoulders must move into the ball at impact. They believe that the shoulders are moving forward at that time.

In order for the arms to swing freely, it is necessary that the first movement of the shoulders on the downswing be a lateral one away from the target. Then, as the clubhead rockets back into the ball, the shoulders move down and "under" the shot.

The best way to get the weight shifted is to let the left hip lead the way into the ball from the top of the downswing. Feel that as your left hip taxes your weight, your shoulders and arms are being pulled down.

P. WALTER ROGERS WRITES:

Mideast Situation Has Unified This Country

The political explosion in the Mideast swept everything from the front pages and the most spots on television and radio broadcasts. It included the much-publicized Adams-Goldfine hearing which will probably be held for awhile until legislative business can be in care of before adjournment. However, it can be expected that the Adams-Goldfine hearings will continue as soon as permits are given. People of this country are expected to know the full story as that has or has not happened in relation to the conduct of the administrative agencies of this government. These agencies occupy a quasi-judicial position in our economy, and in instances their powers extend to those of the courts. Under circumstances, side door en-

tries and influence peddling cannot be tolerated in the slightest. The Mideast situation has unified this country as it should. The developments in that part of the world were probably anticipated but not expected.

It was generally felt in Washington that anything could happen, but apparently few people expected it to happen when it did and where it did. This has caused deep concern in many parts of the Nation's Capital, and these questions are being asked repeatedly "Where was our Intelligence?" "Was there a lack of knowledge or a lack of cooperation?"

Apparently, it was one or the other. The intelligence agency of this government is under the jurisdiction of the executive branch, and has been headed for several years by Mr. Allan Dulles, the brother of Secretary of State John Foster Dulles.

Within the past few months, two incidents have occurred about which the government, of this country, if not all of the people, should have had ample advance warning. The first of these was the occurrence in the Latin American countries when the Vice-President of this country was spat upon by angry and demonstrating mobs, who obviously were spurred into action by a long, smoldering feeling of hatred and ill-will as to some of the policies of this government.

At that time, I wrote a newsletter in which I posed the question as to whether or not the intelligence agency of this government was at fault. Subsequently, I was told in private that the intelligence agency knew of the ill feeling and unrest in those countries and had warned the Vice-President; further, that the intelligence agency of this country was second to none in the world.

Yet, only a few short months later the leaders of the American Congress are called to the white House unexpectedly on an emergency basis and advised that developments have occurred in a Mideast country which could

destroy the peace of the world.

The country in which these occurrences took place was a country which has received much of the foreign aid money of this country; a country which we had counted on as being friendly and a military ally, and a country which has as its capital the city that furnished the name for the Baghdad Pact.

These and many other smaller incidents connected with the over-all development are causing many people in Washington, including myself, to wonder just what has happened to our intelligence. The revolt in Iraq was not developed in a few minutes. It is undoubtedly the result of extended and detailed planning. Certainly if our intelligence departments did not know what was happening in this instance, how much more is going on that is not known.

If the intelligence departments did know what was going on, then the question arises as to why the executive branch of this government did not keep in close touch and liaison with the legislative branch of the government — the branch that is most closely associated with the people, who, after all, are the government.

Our country will unite as it always has against any common foe, but in my opinion, it is high time that the White House took a long look at the intelligence agencies of this government and made some corrections. Otherwise, it can expect the Congress to do the job.

Miss Silvana Felizia, who has made her home with Mr. and Mrs. George Paetzold of Rt. 3, Hereford, and Mr. Roberto Ruffino, who lived with Dr. and Mrs. Edward McKay at 3410 Hayden St. in Amarillo, were in my office following their senior year in High School in Texas. They are returning to Turino, Italy, with a mixed feeling of reluctance to leave Hereford and Amarillo, and anxiety to see their families.

The American Field Service International Student Scholarship Program is the largest private student exchange program in the country and is two-way

— that is, a like number of American students go abroad for a summer stay. It is financed and carried out by volunteer contributions and workers in local communities, and is a most worthwhile adventure.

We were delighted to observe the broad understanding of these two fine young people, which was accomplished during their tenure in our Panhandle, and I feel sure the communities and homes where they

resided derived like benefit. **WALTER ROGERS** Member of Congress 18th District of Texas **COST OF HAYRIDING RISES** LIVINGSTON, N. J. (AP) — The

old-fashioned hayride is slowly dwindling off into history hereabouts. Both the hay and the ride are too expensive. Mr. and Mrs. Albert Rousch, one of the last to offer rides, are dismantling their wagons, said Mrs. Rousch.

cutting such costs as \$25 to shoe a horse and \$45 for a ton of hay. They sold their four horses "because it was costing us more to feed them than to feed us," said Mrs. Rousch.

REAPING

"And they took the fruit of the land in their hands and brought it down to us." Deut. 1:25. *Isn't that just like God's children...* always ready to lend a helping hand, or to give an extra portion — all if necessary. When the crop is ripe, the reaping done and the bounties stored away, *do you ever stop to thank God?* Maybe your inventory still shows all you ever possessed. Better realize it all came from God and give back a portion. How is it right now with you and yours? It is reaping time but what will your harvest be? Do you support His cause, His church, or, are you one of the would-be self-sufficient? Why not begin right now to use your harvest to help bring in the Kingdom?

The Lumber used in the Construction of an Average Home

represents less than 10% of its Total Cost!

This framing lumber must give the house its support... its shape... and its strength. On its quality depends the very life of the home itself.

For his own protection, the home owner should pay particular attention to this framing lumber. Since the entire structure depends on it — can any owner or builder afford therefore to use any lumber less than the Best!

How Can I?

By Anne Ashley

Q. How can I transplant a maple tree properly?
A. The best time to transplant a maple tree is the early spring, before any buds have appeared. Choose a rainy spell when the ground is soft, and preserve as much of the roots as possible. This refers to trees not more than six or eight feet high. Then trim down the crown of the tree.

Q. How can I make a good cement for mending broken china?
A. Mix plaster of Paris with the white of an egg until the consistency of cream. Apply and allow to harden before using.

Q. How can I make a cork fit the bottle when the cork is just a trifle too small?
A. Soak the cork for a few minutes in boiling water and it will fit.

Q. How can I clean shellac brushes?
A. Clean shellac brushes with denatured alcohol only. If brushes are not carefully cleaned, curling and hardening takes place, a condition that is hard to remedy.

Q. How can I change the air in an invalid's room?
A. Pour a small quantity of eau de cologne into a pan and set fire to it. It will impart a delightful odor.

Q. How can I overcome the difficulty of threading the sewing machine needle?
A. Slip a piece of white paper or cloth behind the needle, and see how much easier it is.

Q. How can I make an effective liquid glue?
A. A good liquid glue can be made by putting naphtha into a bottle and dissolving shellac in it to the consistency desired.

Q. How can I relieve the bite or sting of an insect?
A. Try dipping a small piece of absorbent cotton in peroxide and binding it to the affected part.

Q. How can I keep the mattress clean and fresh?
A. By using the vacuum cleaner on it regularly, just as often as on the rugs and upholstered furniture.

Q. How can I renovate a hat band?
A. By brushing with a sponge, or small brush, with a solution made by dissolving 1/2

Local Jehovah Witnesses Plan To Attend Convention

About 10 of Jehovah's Witnesses from the Hereford congregation will attend an international convention in New York City July 27 through Aug. 3.

L. G. Reddoch, presiding minister of the local congregation, in announcing the plans of the local delegates, said that it has been necessary to cancel all local meetings from July 19 to Aug. 10, due to many being away for the Christian assembly.

Reddoch said the local delegates attending the international convention will benefit greatly, not only from the rich spiritual provisions, but also from Christian association with Witnesses from foreign lands.

The convention, he said, will further the understanding and good will among the various races and nationalities of Jehovah's Witnesses, and will demonstrate to the world how the Bible message and Christian living can unite people from all walks of life, regardless of race or other backgrounds that tend to divide the world.

"Only common interest in the pure worship of the Creator, Jehovah God, can do this," he said.

When questioned about the expected attendance, Watchtower

The COUNTRY EDITOR

By H. M. BAGGARLY
Publisher, The Tullia Herald

ONE OF THE most vital races in Saturday's Democratic primary is that of State Senator. There is much more involved than mere personality. Since the issues have been clouded by gossip, slander, false rumors and even defamations of character, the voter has tremendous personal responsibility to sift truth from fiction, prejudice from objective appraisal, and fact from fancy.

WE ARE NOT supporting Senator Andy Rogers, the incumbent, because we think he is perfect, because he has pleased us all the time, because we think he is the only resident of the 30th Senatorial district capable of serving with ability and integrity. We are supporting him because he towers head and shoulders above the two men who now seek his place in the Senate. So completely objectionable are the other two men, in our opinion, that we would have to scratch both names if the name of Senator Rogers did not appear on the ballot.

HERE ARE SOME of our reasons for having to support Rogers. He is the incumbent, having served only one complete term in the Senate, and it is our belief that an incumbent deserves re-election unless there is a good reason why he should not be re-elected. In the case of a Senator, seniority is of utmost importance. It would be extremely unwise for a district to throw its seniority in the Senate to the wind. Senator Rogers already has the job. We owe nothing to a person, even a friend, who covets the job of his neighbor.

Secondly, anyone who studies Rogers' record carefully will soon find that he thinks like the typical resident of the 30th district. We have not always seen eye to eye with Rogers on every issue that has come up, in fact, on occasion we have attacked some of his decisions editorially — but we have approved his actions in a huge majority of cases. In voting, our choice is not to select the perfect candidate, according to our own specifications — our choice is to vote for the man who most nearly reaches perfection.

While Senator Rogers' batting average in the Senate is high, in our opinion, the voting records of his opponents are completely unpalatable in too many instances.

ONE OF ROGERS' opponents has represented big business interests, including the utilities monopoly, much more effectively than he has represented the farmers and smalltown-businessmen of the 30th district.

The other man in the race, when he was in the Legislature, voted for exempting utility companies from the license fee (required of other appliance dealers) for the privilege of selling gas and electric appliances, parts and repairs in towns of \$3,000 or less. He voted for a two per cent gross receipts tax on soft drink bottlers which Gov. Shivers offered. It was adopted 15-14, so his was the key vote. Later, the Senate reversed itself and killed this tax. He also voted to table Alkin's effort to reduce this bottle's tax to one per cent. Then Alkin tried to exempt milk from the bottle's tax and this candidate voted not to exempt milk.

THIS CANDIDATE introduced a bill to give the state a first lien on any property owned by old-age assistance recipients and to require that it be foreclosed on their deaths and the state welfare department would get back all they had been paid. This idea has been pushed by anti-pension folks ever since. He also introduced a bill regulating sale, distribution or possession of oleomargarine which hurts every cotton farmer. And most objectionable of all, he supported a two per cent state income tax proposal!

This is to say that Senator Rogers, the incumbent, is much better qualified to serve an agricultural district than either of his opponents. Ask any informed farmer who is familiar with REA and other major farm problems. Ask informed leaders of any farm organization who have had occasion to make trips to Austin in the interest of farm problems.

IN THE THIRD place, we would have to vote for Andy Rogers because the special interests groups, the gas pipeline group, the utilities monopoly, the anti-farm group, those who would like to have federal and state control of underground water, those who consistently try to keep the lid on Austin scandals, those who do not want practitioners of the healing arts controlled or licensed by the state, those who have proved themselves enemies of the Farm to Market road program, those who abhor inde-

pendent thinking, those who try to tell legislators to get on their team or else they will have to smear them, all have combined to try to move heaven and earth to defeat Senator Rogers. Rogers has been threatened by these interests which warned him not to run. He was told to be a good boy, to go back to Childress and settle down, and he wouldn't be hurt by the character assassins and gangsters who have a great deal of influence in Austin.

Perhaps Rogers would have retired to go back to Childress and make a living for his family had he not been threatened as he was. But there is something in a red-blooded American that causes him not to yield to gangster tactics. So Rogers defied the warnings.

We need more men like Rogers in Austin, men who will put principle above politics, men who will not sacrifice honor for expediency. Men like Rogers are and will be in a minority for some time, but at least they will speak out against corruption so we can hear. To fail to reelect Rogers would not be a step in the right direction.

AND FINALLY, even if we did not have the reasons mentioned above for supporting Rogers, even if we did not believe him to be the best man intellectually, morally and spiritually, we would have to support him because of the campaign techniques used by his opponents or supporters of his opponents.

This race, from the time it started with the mailing of anonymous smear literature, has been one of the filthiest races in the history of Texas politics. We have had "Pork Arthur" types stories in circulation almost weekly since early spring. Some of the false stories planted here and there have been petty. Others have been outright libelous. They include, for example, the testimony of a former medical doctor who lost his license, who has served numerous terms in penitentiaries in several states including Florida, Maryland and Oklahoma, who is at present under indictment for performing an abortion in a Dallas tourist court, who perjured himself when under oath he voluntarily made statements a week apart in direct conflict, who was convicted three times for being a confidence man.

Yet there are those having an interest in getting Rogers out of the Senate who produce a completely false statement signed by this character in trouble up to his neck which they expect people to believe in preference to the word of Senator Rogers, other members of the Legislature, official records in Austin, and even newspapers and public officials who have not been particularly friendly to Senator Rogers. And, strangely enough, one of the merit attempts to unseat Senator Rogers served on the House investigating committee and would have had access to the official records which had they contained information adverse affecting the senator, would have made a perfect rope with which to hang Rogers. Yet, instead of bringing about the prosecution of Senator Rogers, had there been any basis for doing so, he does nothing about it. Either this man is guilty of negligence of duty or the whispered charges against Senator Rogers are complete fabrications.

ALL OF THESE false stories, planted and distributed, appeal only to "the moron vote" because of their utter absurdity. As a Tullia pastor told us when we showed him some of the smear literature now in circulation against Senator Rogers, "When I see something like that, it spurs me on to vote for the man who has been slandered and wronged."

ARE WE TO assume that Rogers' opposition has so little to offer the voters of this district that they must base their campaigns on such things as the testimony of an ex-con, and a several-times loser, and also other stories of equal veracity? Andy Rogers' life is an open book. If there exists adverse information concerning his character not available to the public, certainly it has been available to those trying so hard to discredit him. They have proved during this campaign that they have keys to many doors in Austin.

The issue in this race is Andy Rogers and his record. A cesspool full of slanderous accusations. Let all honest men and women of the district turn a deaf ear to vile gossip brought out during the closing hours of a political campaign. Don't fall for literature and whispered reports published for morons.

WATER PROBLEM

PORTSMOUTH, Ohio — One of the biggest problems for firemen at the Gallia Street station here is, ironically, water. It's in the station's goldfish pond and it creates a problem because of what goes into it. Firemen say the most frequent visitors are (1) high school students pushed in by companions, (2) cats trying to get the goldfish, and (3) larger — and hungry — fish put in by pranksters.

Decorated War Veteran Is Now City Patrolman

By DAVID STOKER

"Once a guy gets into this business, it becomes so interesting that he can't get out," says Roy Beavers, patrolman of the Hereford Police Department.

Beavers, who works the night shift, has been with the department since May 15, 1958. He came here from the Amarillo Police Department where he served as a traffic investigator. Beavers wasn't a stranger to Hereford by any means, since he had lived here earlier in his life.

April 25, 1921 marked the beginning of life for Roy Beavers. He was born on that date to Mr. and Mrs. J. C. Beavers in Memphis, Tex. His father was a farmer and a deputy sheriff of Hall County.

BEAVERS GREW UP in Hall County and received his high school diploma from Lakeview High School in 1937. Following high school he decided to take up farming there in Hall County. He farmed until 1940 and then moved to Hereford.

At Hereford for the first time Beavers worked at various jobs, including a trucking line. After two years here he was called into the Army in October of 1942. Immediately he was sent overseas where he saw a great amount of action during World War II. From November of 1943 until he was discharged Christmas of 1955, he served overseas.

For his service in the second World War, Beavers, who was a master sergeant in charge of communications for his field artillery battalion, was awarded seven battle ribbons, three unit citations and one presidential citation, a very outstanding record to bring home.

After his discharge from the Army, Beavers went to Hedley, Tex., and took up farming. He farmed until he moved to Hereford again and started farming near the community of Summerfield. In 1955 he dropped his farming, moved to Amarillo and went to work for the Amarillo Police Department. Here he was taught the finer points of law enforcement at three months of police and traffic school.

When asked why he chose to enter police work, he simply replied, "I had to make a living somehow."

From the police force in Amarillo he moved to Hereford once again and began working for the department here on May 15, of this year. He and his wife, Louise, make their home at 1006 14th St. They were married in Clarendon, Sept. 8, 1946. The Beavers have seven children, three girls and four boys. They are Mary Lou,

11; Lonnie Ray, 9; Susan Kay, 8; Johnny, 6; Tommy, 4; Teddy Ray, 2; and Debora, four months.

Beavers and his wife attend the Church of Christ and he is a post commander of the American Legion, post 287 in Hed-

ley. He is also a charter member of a new post in Pleasant Valley, originated in 1955.

He says he likes Hereford very much. "That's why we moved here mainly," he says with a laugh.

PICKLE PACKERS' PROCLAMATION

PHOENIX, Ariz. — Pickle packers presume the public prefers pickles on picnics. What's more, the National Pickle Packers Assn. convinced Gov. Ernest McFarland.

He proclaimed a 10-day National Pickle Week in Arizona urging Arizonans to picnic with pickles and to pick up litter at picnics.

WRAP YOUR SANDWICH? — NORFOLK, Va. — The Norfolk Virginian-Pilot used 240,000 feet — almost 44 miles — of waxed paper in printing a bakery's advertisement on the same type waxed paper in which the bread is wrapped. The paper alone cost \$3,326.40.
