4-H Bake Show Slated Saturday

The annual Girls 4-H Bake Show will be held Saturday, starting at 9 a. m. in the Bull Barn. Fifty-five girls have turned in their 4-H record books and will enter sponge cakes and batter rolls in the bake show competition. They may also enter a loaf of quick bread, but it optional. The group will be divided into three divisions. The nine and ten-year-olds will be in Division I, those 11 and 12 will be in Division II, and those 13 and older will be in Division III. A winner will be chosen from each division. One will be chosen from all divisions to be the Bake Show Queen, who will enter District competition in the fall. The winners will be chosen by the number of points they receive on their products and on their record books. Blue ribbons will be given to the girls scoring 90 to 100 points, red ribbons to those scoring 80 to 90 points, and white ribbons to those scoring under 80 points. The girls will submit their products at 9 a. m. and return at 1 p. m. to receive awards. Glenn Burrus is making arrangements for the show.

Homemakers Set Two Meetings

The Hereford Future Homemakers have two meetings planned for Thursday, June 16. The officers of the Future Homemakers of America will meet at 2 p. m. Thursday in the homemaking department to compile the yearbook. Also on Thursday at 2 p. m. the girls who are going to help with play school will have a planning meeting in the home-

Hereford Little Theatre will meet Thursday, June 16, in the Community Center at 8 p. m. Members of the group have voted to meet the first and third Thursdays of each month. Anyone interested in joining is invited to attend. Previous experience is not necessary.

New president Wayne Lehr has announced the Hereford Junior Chamber of Commerce will start holding noon meetings, effective Tuesday, June 21. They will meet in the JC clubhouse near the golf course headquarters.

Wayland College president, Dr. A. Hope Owen, has announced the school has been given gifts from Mr. and Mrs. J. R. Allison and Mr. and Mrs. H. G. MISS GRIMES IN ROLE
NEW YORK — Tammy Grimes will have the leading role in "The Unsinkable Mrs. Brown," a musical slated for Broadway next fall.

Under the direction of Dore Schary, the Meredith Willson-Richard Morris musical will begin rehearsals in mid-August. Miss Grimes made her first New York theatrical appearance in 1955 in an off-Broadway revue and was last seen in Noel Coward's "Look After Lulu." In the new musical, she will portray Mollie Brown, a beautiful chambermaid who rose to riches and the position of society queen during the Colorado silver strike.

meeting for the 1960 - 61 leagues at 8 p. m. Thursday, June 16. The meeting is scheduled for the Boy Scout room of the Community Center. All persons interested in bowling are asked to attend.

This got omitted last Sunday, but we'd like to express our somewhat belated appreciation to some Hereford people who assisted in rescue work after the two boys drowned in a lake near Friona last week. Sam Lesly, Carl Zimmerman and Charles Fowler went over as divers. Gene Waits also was there as a volunteer worker. Helen Nelson, Bettye Turpen, Gladys Carroll and Betty Jewell, members of the Deaf Smith County Red Cross Motor Corps, served 18 gallons of coffee and nearly 100 sandwiches before exhausting their supplies about 5 a. m. as workers dragged the lake throughout the night.

County Agent Lefty Thomas tells us that it will be another week before the extent of damage from heavy rains will be known. He says the heavy hail losses are confined to small areas. Some cotton was washed out, as was some late-planted milo. He is most concerned about the infestation of thrip in cotton and onions, with worse

conditions expected later. But, on the credit side, he said the rain would be of great value to range land and to over-all summer crop conditions.

Indians were on a rampage again Tuesday night as they scalped the White Sox in five innings. The game was called in the last of the fifth as the Tribe was ahead by 12 runs, 16 - 4. Gayland Otis went all the way to take the victory while Richard Patton was charged with the loss. In Little League play, the Yankees broke a 1-1 leadlock in the last of the fifth with a double and three singles to win 3-2. Danny Lester was the winning pitcher and Doug Watson took the loss. Each gave up seven hits. The Yankees beat the Braves 12-7 in minor league action.

(Continued from page 1) and persons interested in helping with the season's program will be held Saturday, June 18 at 3 p. m. in the Hereford Community Center. Class assignments will be made at this meeting.

Adult classes (beginners, intermediate and swimmers) will be held from 6 to 7 a. m., competitive swimming from 7 to 8:30 a. m. and classes for children (pre-school, beginners, intermediate, and swimmers), from 9 a. m. until noon.

Pre-school age limit is four years, and the child must be tall enough to stand in the shallowest part of the pool with head above water. A person enrolling in the senior lifesaving class, must be 15 years or older and capable of swimming 440 yards continuously.

For junior lifesaving classes, a person must be between the ages of 12 to 15 and capable of swimming 220 yards continuously.

Awards will be mailed to those who defeated the champion. The awards will be in the form of medals with the inscription "I Beat The Champion", according to local pro Bud Posey. Proceeds of the annual nationwide tourney will go toward the National Golf Fund, Inc.

ly. This year a lifeguard will be stationed at each end of the pool during all classes.

Registration for the second session will begin July 5 and continue through July 9 from 9 to 11 a. m. Classes will be held from July 11 through July 23.

If necessary, a third session will be held during the first two weeks of August.

Last summer, 811 adults and children enrolled in classes, and about 500 received certificates.

"THE LONE PRAIRIE was never like this" was probably a thought which entered the mind of a coyote pup who huddled on the running board of his master's pickup truck which was parked on Main Street Monday morning. Apparently, it was his first trip to Hereford, and he didn't seem to like all the attention he received from young children and from that nosy photographer who acted like it was the first time he had ever seen a coyote. Improvised Seam

Shouldn't a lady have a good stocking with a black seam and one the same shade that has no colored seam, she can do something about this situation by running a black crayon up the uncolored seam, so that the stockings match. The process may need repeating after the stockings have been washed.

Stoop Saver

When you are doing indoors painting, try wearing an old sock over one of your shoes. Then, if any of your paint drips

on the floor, you can save yourself much stooping and bending merely by "toeing the mark."

Bluing

Add a little salt to the bluing water and it will prevent streaks in the clothes.

Pie Shells

If your pie shells bubble or shrink during baking, try baking them between two pie tins of the same size. The tins should be of light material, such as tin or aluminum. After 10 minutes in the oven, remove the top tin and continue baking until brown.

Gold and Silver Lace

Brush over the gold or silver lace with alcohol or cleaning fluid. If it is removable, it may be cleaned by boiling in salt water. Use two tablespoons of salt to one pint of water.

Pipe Leak

If a water pipe has a small leak wind adhesive tape around it, then give it a coat of shellac. The repair will last indefinitely.

Corn Cob Shaving

Cutting sweet corn off the cob for canning is made easier by use of a shoehorn, instead of a knife. The wide end of the horn, which is sharpened, conforms to the curvature of the average ear of corn, making it easy to shear off the kernels.

Splinters

If a splinter has caught under a fingernail and it will not come out readily, keep a cold water bandage around the top of the finger. In time it will loosen the splinter and prevent festering.

Lemons

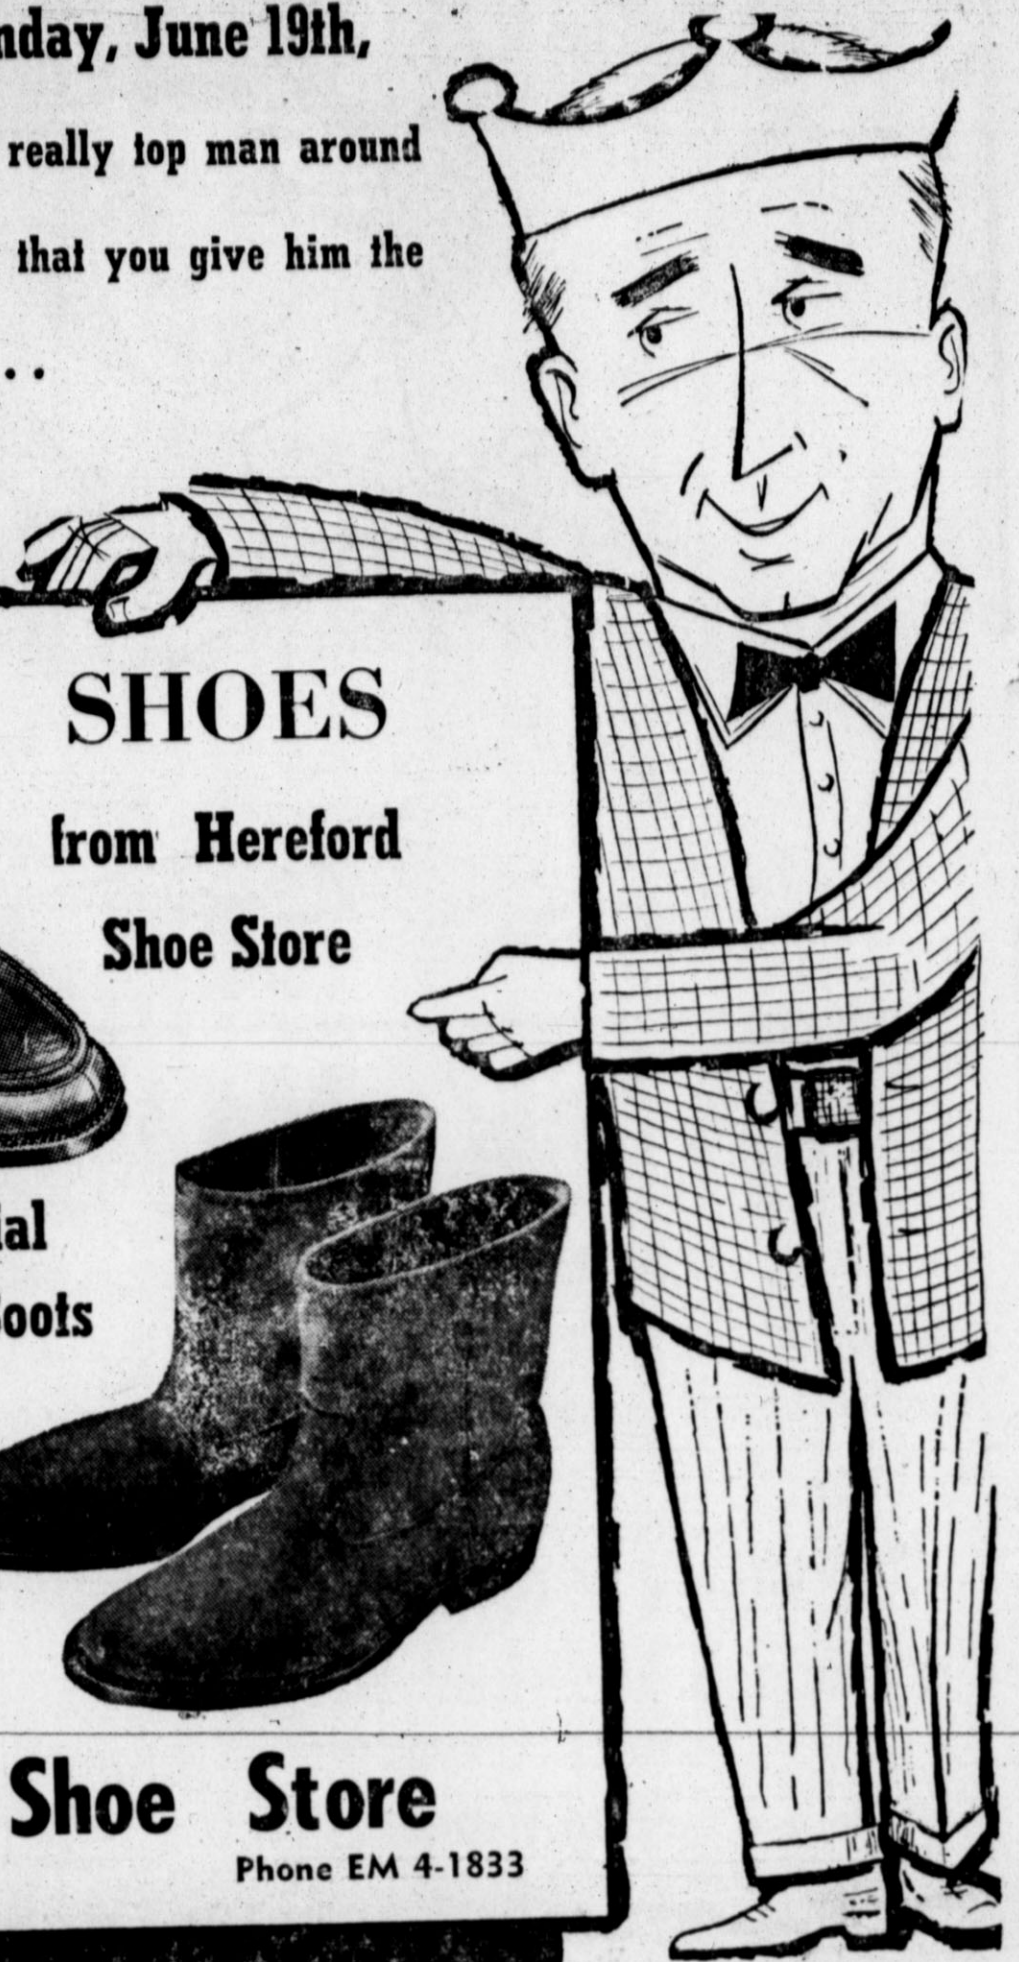

If the lemons are old and have hardened, cover them with boiling water and stand on the back of the stove for a few minutes.

Cleaning Mohair

If the mohair furniture is water-spotted, go over the entire surface with a cloth wrung from cold water. After this has dried, go over it with equal parts of alcohol and ether.

A Guide to the Point of Sale

Our local stores are the display rooms and warehouses for the world's finest products. Efficient banking, insurance, real estate and other business services are also available to the people in our community. The readers of this newspaper find our advertising columns a dependable guide to the point of sale—a useful source for up-to-date news and information about these goods and services.

In order that advertising expenditures may be made with us on the basis of known values, as required for any sound business investment, this newspaper is a member of the Audit Bureau of Circulations.

Every advertiser should know about A.B.C. The Bureau is a cooperative, non-profit association of 3,450 publishers, advertisers and advertising agencies. Working together, these buyers and sellers of advertising establish standards

for paid circulation, rules and methods for auditing and reporting the circulations of newspapers and periodicals.

At regular intervals one of the Bureau's large staff of experienced circulation auditors visits us to make a thorough audit of our circulation records. The FACTS established by his audit are published by the Bureau in A.B.C. reports which are available to you, our advertisers. These reports tell you how much circulation we have, where it goes, how it is sold and other FACTS essential to the profitable use of newspaper advertising. Ask us for a copy of our A.B.C. report.

By JIMMIE GILLETINE
Just before harvest there is always a feeling in the air. People are alert and tense, like a runner who toes the mark as he waits for the starter's gun. The more rain, the more tension. If the weather holds, things will be humming by the end of the week. If more rain and hail fall, it will be much like 1941. Ray Johnson was telling me that we had so much late rain that year that wheat rust became a serious problem -- and rust is not usually an item in our arid climate.

There really is nothing more beautiful than a field of ripe, brown wheat swaying in the breeze on a hot summer day. Cord Hammock always told me that it was much more beautiful if it happened to be yours, instead of belonging to someone else, and I guess he is right. It figures.

The only trouble with big wheat crops is the fact that they go hand in hand with bumper weed crops -- and I invariably wind up with the weeds. This year is no exception. A few people, on the other hand, seem to do pretty well in spite of the rains. Several neighbors have called up to nominate the backyard of the Cawthon Bryants as one of the most beautiful they have ever seen. It is always women who make these nominations. Never the husbands! I figure the ladies are trying to shame the men into more yard work, and probably will, too.

Dudley Bayne is the scoundrel in my block. His front and back yards look like pictures out of "Better Homes and Gardens". Believe it or not, that boy took the vacuum cleaner and went over his lawn. "It not only removes the dust," avows Dudley, "but it gets out weed seed and stems to invigorate the root system."

At first I figured this was pro-

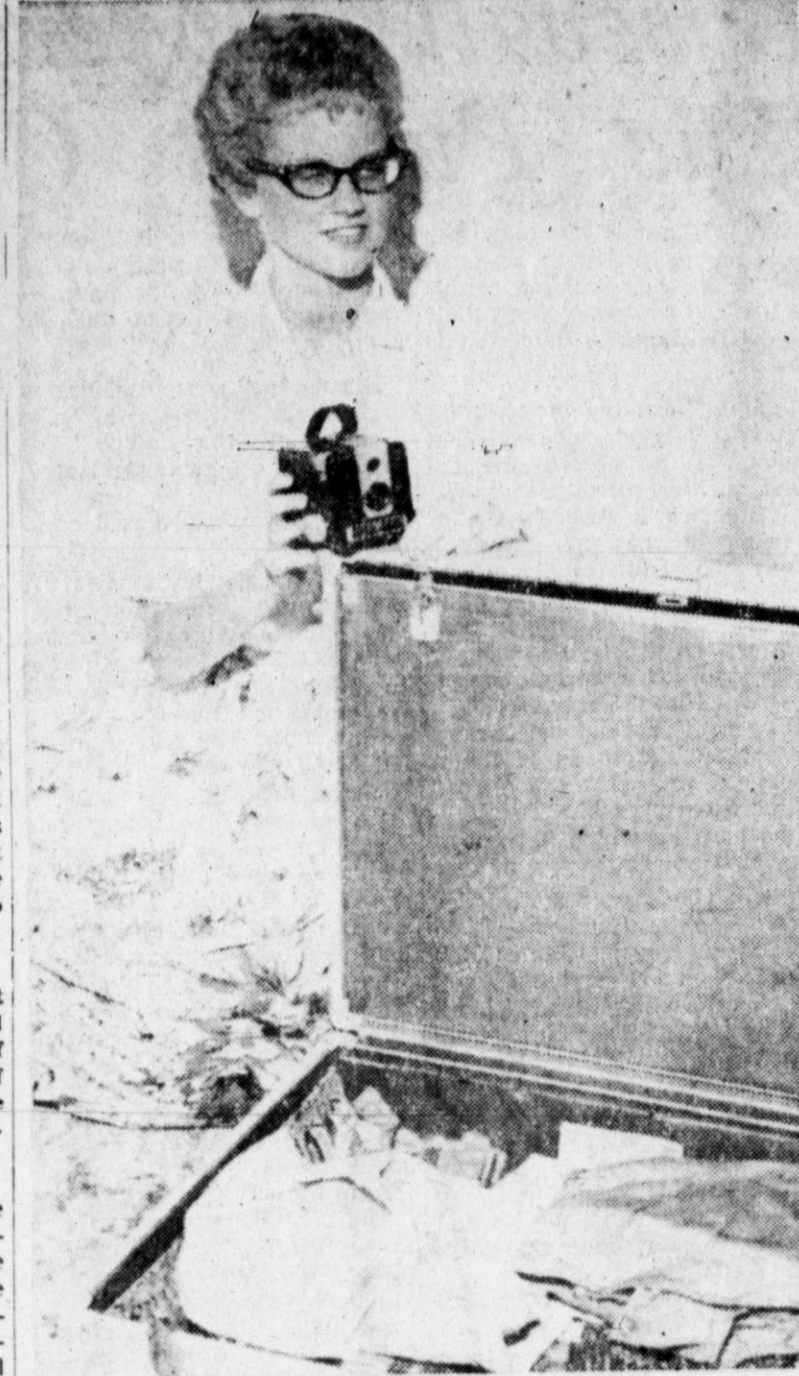

paganda distributed by the folks who sell vacuum cleaners, but not having run across it anywhere else, I guess he dreamed it up by himself. I always thought Joe Beyer and Otto Massie were bad enough to listen about day after day, but they never pulled anything like this. I told my wife that in his capacity as city manager, Dudley is compelled to do this sort of thing as an example, but she keeps bringing up the subject over and over. Lately, she is wanting to know if Earnest Langley, Dennis Lomas and Lyle Blanton are also obligated to produce examples.

Sometimes, you just can't win, but I do wish folks could have taken two or three of those "For Sale -- Because of New Neighbors" signs more seriously when they were erected back in February.

Mrs. Merlin Kaul tells me that she is going to do the Westway News this summer to give Alice Rudd a bit of relief. She tries and tries but, somehow, usually winds up back in the harness on this particular job. All in all, she is the best rural correspondent I have known in almost 30 years of newspapering. Back when her son, Larry (now in college) was born one of the neighbors came walking in with the Westway items and reported, "Leta said she didn't have anything to do, and folks kept dropping in and telling her the news, so she just wrote it up for you."

This didn't sound unusual until, a couple of hours later, I went out to get the hospital news -- and Mrs. Kaul was listed on the roster with a new son, 30 minutes of age.

So, if you don't like her news items, don't tell me. So far as I am concerned, she can write her own ticket handling the Westway News. In addition, she is one of the finest and most capable ladies I have ever known.

BEVERLY BOYER, daughter of Mr. and Mrs. Cecil Boyer, 127 Ave. K., was recently chosen by the Hereford Junior Red Cross chapter to attend a junior training center at Camp Fellowship in Goddard, Kans. The camp will last one week. Thomas Coffman, not shown, son of Mrs. Helen Coffman, will also attend. They will leave Friday afternoon. (Staff Photo)

R. J. Cramer, the guy who said he "lost his eye" has done it again. He won another big silver platter and the title of first place in Group A. Handicap trap shooting for Texas. He missed the state championship by one bird -- and this is the third time he has come that close. If that old boy could see, he would do to take quail hunting. He sure would. He reminds me of Bud Wilkerson, the Oklahoma football coach. During his many years without a

loss, Wilkerson always had 10-000 reasons why he couldn't win before the game but, after the game, his team always came out on top.

Worth Covington is just back from a junket into Arkansas, where he caught bass and goggle-eye perch on a fly rod. Worth says this is real sport with "popper" plugs. Since he has been working in the onion business, he never gets to go trout fishing anymore, and cites his new found

sport as "the next best thing."

One of the nicest things to hit Hereford in a long time is the American Legion flag posting deal. On required occasions, the flags are out and properly displayed. I hope it works out where they make a few bucks. They need the money and deserve it. Most of all, though, it is a real community service.

People are funny, and we Americans are the funniest of all. Our stores are loaded with cameras, tools, and gadgets made in Japan and, in spite of the insults the Japs heap upon our President, we can't wait to buy them. Cuba sells sugar at cut-rate prices to Russia at three cents, but we fork over five and a quarter cents a pound -- and they hoot us down. Looks as if the man was right when he said, "You can't buy friendship" -- but we keep on trying.

I don't know how they ever counted them all, but I read this week that of the human beings who populated this planet, 72,000,000,000 are dead; 2,790,000,000 are living. The dead people, through our laws, houses, customs and ideas wield a much greater impact upon our lives today than do the living.

Another thing that puzzles me is the fact that many people are certain of what they don't like but few are positive about what they do like.

If anyone solves these two little problems I hope they will let me know. They don't amount to a lot, but they do break the monotony of listening to fish stories like Jake Boydston (42 trout last week), Slim Wester (eight-pound channel cat) and Jim Lipscomb (180 two-pound pike) are telling these days.

Eight Attend Four-H Camp

Six youths and two adults recently attended District I 4-H Camp which was held at Camp Don Harrington, located near Canyon.

son, Ford 4-H Club, and Jimmy Higgins, Hereford 4-H Club.

Sharon Bezner and Dick Plank went as District Council delegates. The others were chosen on the basis of the scores on their record books. Loreta Fowler, assistant home demonstration agent and coordinator of girls' 4-H activities in this county, attended the camp and was on the recreation committee, and J. W. "Lefty" Thomas attended and was on the swimming committee.

Larry Cutright, rookie catcher on the Philadelphia Phillies roster, was the battery mate of Baltimore pitcher Milk Pappas at Cooley High School in Detroit.

Church And Bible Schools Occupy Summer

PAINTING IS FUN for a tiny girl. And this youngster was no exception as she took part in a handicraft project in Vacation Bible School. The five-year-old was absorbed in coloring a special present she had made.

MODELLING CLAY and small boys just naturally go together. And the usual hazard of clay and clothes is partially eliminated with close supervision. These six-year-olds look forward to their two hours of study, work and play every morning during the school.

Vacation Bible School Closes Sunday Evening

By MRS. OWEN ANDREWS
Vacation Bible School at Frio Baptist Church closed with Commencement, on Sunday evening. Mrs. Weldon Stephan was principal. Jana Cole was pianist and Mrs. Bob Doughman led the music, directing the Youth Choir. Intermediate teachers were Mrs. Arthur Betts, superintendent; Mrs. Steve Glenn and Miss Alma Andrews.

Junior teachers were Mrs. Harlan Barber, superintendent, and Mrs. Frank Robbins. Primary superintendent was Mrs. Clark Andrews and Mrs. Clark Dobbs and Mrs. Leo Hall taught with her.

Mrs. Floyd Cole was superintendent of the Beginner Department with Mrs. Earl Harkins and Mrs. James Dobbs teaching. Nursery teachers were Mrs. Bill Warrick, superintendent, Mrs. Edgar Vinson, Mrs. B. H. Baldwin and Mrs. Shaden helping. Bonnie Sparkman was secretary and Mrs. Lloyd Shultz and Mrs. Olin Parris were in charge of refreshments. Eighty persons were enrolled.

Frio Home Makers Club met Monday evening in the home of Mrs. Floyd Cole. Guest speaker for the meeting was Mrs. Sybil Stringer, CHDA for Castro County, who spoke on "Canning" with special emphasis on canning uniform products for display at the County Fair.

Present for the meeting were Mrs. E. F. Vogler, Mrs. H. M. Mobley, Mrs. Edgar Vinson, Mrs. Glenn Andrews, Mrs. Carlton Dobbins, Mrs. Earl Harkins, Mrs. Frank Robbins, Mrs. Annie Springer and the hostess. The Frio Jolly Workers Club is taking water samples to be sent to Lubbock, for testing for purity. Anyone wanting this service is invited to see Carol Robbins, Ediana Vinson or Carlene Richardson.

Eating supper with the T. L. Sparkmans Saturday night were Mr. and Mrs. Weldon Stephan and daughters and Mr. and Mrs. D. C. Miller.

Mr. and Mrs. Clark Andrews and children were in Plainview on business Saturday.

Those from here attending the June 3 wedding of Joe Andrews and Miss Judith Raye Haseloff at Abilene, were Mr. and Mrs. Owen Andrews, Veradelle Andrews, Mr. and Mrs. Clark Andrews, Rocky and Kirk, Mr. and Mrs. Glenn Andrews and Hal, Mr. and Mrs. George Zetsch and Ann, Mr. and Mrs. T. L. Sparkman, Bonnie and Darlene, Tommy Sparkman, who served as best man, Eugene Baldwin, Kenneth Frye and Larry Dobbs, who was an usher in the wedding.

The bride is the daughter of Mr. and Mrs. Herbert Haseloff, of Abilene, and Joe is the son of Mr. and Mrs. Owen Andrews. The wedding took place in the chapel of the First Baptist Church at Abilene at 7:30 in the evening with the pastor of the church officiating. The young couple are making their home in this community, where they

are engaged in farming. They plan to attend school at Canyon this fall.

Mr. and Mrs. F. B. Harkins, of Plainview, visited the home of their son Earl and family on Monday and took their grandson Russell home with them for a visit.

Attending a Vogler family reunion at Lubbock Sunday were Mr. and Mrs. E. F. Vogler, Leona, Harry James and Mary Ann.

Mr. and Mrs. Gene Welch and children of Black were guests of the Earl Harkins for supper Friday night.

Visiting the Thurman Mousner home at Hart Monday were Mesdames H. F. Benson, Luther Ellis and Mrs. Gunstensen.

Mr. and Mrs. Owen Andrews and Veradelle Andrews attended the wedding of Miss Shirley Elms to Perry Cates at Silverton Sunday afternoon. Miss Elms and Miss Andrews were roommates at Amarillo while teaching there last year. Cates formerly lived in Hereford but both he and his bride have been residents of Amarillo and plan to make their home there. Mrs. Cates is the daughter of Mr. and Mrs. Arlie Elms, of Vigo Park Community near Silverton.

Mr. and Mrs. Owen Andrews and Veradelle Andrews visited the Thurman Mousners at Hart Sunday afternoon.

Mr. and Mrs. Floyd Cole and family spent Saturday and Sunday visiting his brother, John Cole and family at Spearman.

Mr. and Mrs. S. D. Vinson of Big Spring visited last week in the home of their son Edgar Vinson and family.

Mr. and Mrs. Danny McLallen and Luanne visited Monday afternoon with the Owen Andrews family. They were on their way to Denver, Colo., where they plan to live for the next fifteen months, while Dan works on his Doctorate. Mrs. McLallen plans to teach. They report that Danny's father, S. B. McLallen of Odessa, who was injured in a car wreck recently, is so much improved that he was able to return to his work managing a department store this week.

They had spent the last two weeks visiting their parents at Odessa.

Mrs. H. M. Mobley received news recently of the accidental death in Germany of a nephew Arlis Mobley. He was in the Armed Forces and had lived with his wife and children in Germany for several years. Mobley lived in this community when he was a child. His parents were Mr. and Mrs. Tom Mobley.

Mr. and Mrs. Joe Scott, Mr. and Mrs. Carlton Dobbins and Mr. and Mrs. Ray Martin of Dimmitt were in Lubbock Saturday night and were caught in a sudden downpour of rain. They reported that the water rose so high on a half-mile stretch of the highway that water ran into the car several inches above the floorboard. The couples had been to a gin be-

tween Spade and Abernathy, where the Martins were attending to business. They have bought the gin and are making arrangements for building a home and moving there.

Visiting the Fred Andrews home at Melrose recently were Mr. and Mrs. J. E. Andrews and Miss Alma Andrews, Mrs. Elmer Jones, Mr. and Mrs. W. H. Andrews and family. A daughter and family of the Fred An-

draws, Mr. and Mrs. Lester Reece and daughter from California were visiting there.

Spending a night recently with Tommy Sparkman were Eugene Baldwin, Larry Dobbs and Gerald Harder.

Mr. and Mrs. Gary Mason and children were vacationing in Colorado last week.

Mr. and Mrs. H. D. Robbins are visiting relatives in Tennessee for a few days.

Mr. and Mrs. Glenn Andrews and Hal ate Sunday dinner with the Earl Harkinses.

Mr. and Mrs. David Yandell visited his nephew Haskel Yandell in Methodist Hospital at Lubbock Sunday. He has a ruptured lung and had been in the hospital several days but was able to return to his home at

Seminole the first of the week.

Mr. and Mrs. David Yandell moved his mother, Mrs. A. N. Yandell from Tahoka to Seminole last week, so that she can live near some of her children.

Mr. and Mrs. Leonard Schmidt and family spent Sunday in the home of his sister and family, Mr. and Mrs. Ernest Harder and with his parents, Mr. and Mrs. D. P. Schmidt, who are visiting there. Mrs. Schmidt is improving from her illness.

Mr. and Mrs. Harlan Barber, Jimmy and Virgil were visiting their relatives at Lenora recently. Jimmy remained to visit last week and Mrs. Barber's nephew, Larry Franklin, came home with them. Then last week end the Franklins visited the Barbers and took Larry home

with them, leaving their daughter, Linda, to visit the Barbers this week.

Mr. and Mrs. Clark Dobbs and family were given a house warming at their new home on East Third in Hereford on Friday night. Mrs. Homer West and Mrs. Charles Self were hostesses. Present were Mrs. T. L. Sparkman, Tommy, Bonnie and Darlene, Mr. and Mrs. D. C. Miller, Mr. and Mrs. Frank Robbins and family, Mr. and Mrs. Weldon Stephan and daughters, Mrs. Ernest Harder, Mr. and Mrs. Homer West and Linda, Mr. and Mrs. Glenn Andrews and Hall, Mr. and Mrs. James Dobbs, Mr. and Mrs. George Zetsch and Ann, Mr. and

Giants Beat Dodgers, 8 - 1, Lose To Cardinals By 5-4

In Little League action, the Giants trimmed the Dodgers 8-1 Saturday night in a make-up game, but lost 5-4 to the Cardinals Monday evening.

In the Saturday game, the Giants grabbed three runs on five hits in the first inning. There were consecutive singles by Terry Hulsey, Andy Channer, Robert Wagner and Alex Guerrero before the first out. That was followed by Sidney Shaw's single and a walk by Jim Childers.

The Giants added another three runs in the second. Hulsey was hit by the pitcher, Channer singled, Wagner walked, Guerrero was safe on an error. Shaw singled and Johnny Cheatham was safe on a fielder's choice.

Dodgers managed to get their one run in the fourth on singles by Doug Watson and Roger Owen, a walk by Tim Hoffman, and an error that got Gary Story on base.

In the fifth, the Dodgers finished up their scoring with a pair of runs. Hulsey and Channer singled, Gene Drummond was safe on a fielder's choice and Shaw singled.

Roger Owen was charged with the loss. He was relieved by Doug Danner in the fifth.

Winning pitcher was Terry Hulsey, who gave up two hits and one run. Andy Channer came on to finish, allowing just one hit. The Giants pounded out 14 hits, all singles.

In Monday's game, the Cardinals rode the home run by Ed Mims in the fifth to a 5-4 victory over the Giants. They were down 4-3, when Mims powered one over the fence with one man on base.

The Cards struck quickly for one run in the first inning. With two outs, Jerry Fowlkes was safe on an error and went to second on a passed ball. Ed Mims singled him in.

Two more runs in the fourth gave the Cards a 3-0 margin. Larry Brown singled and stole second. Brant Knox sacrificed him to third. Phillip Cain walked and went to second on a wild pitch that scored Brown. Mark Manning's single scored Cain.

A four-run outburst in the last of the fourth gave the Giants a 4-3 margin. Terry Hulsey, Robert Wagner and Alex Guerrero singled, Gene Drummond was safe on an error, Kenny Justice was safe on a fielder's choice and Sidney Shaw singled.

In the fifth, Jerry Fowlkes opened with a single and Mims homered.

Mims was given credit for the win after he came on in the fifth to relieve starter Lee Robinson. Alex Guerrero went the route in absorbing the loss.

Tigers Chew Up Red Sox 9-6 After 7-Run First Inning

A seven-run outburst in the first inning proved a big margin at the Tigers downed the Red Sox 9-6 Monday in Pony League action.

It was just the third game that had been completed since the season started June 2.

Tony Mays opened up the game with a single for the Tigers. Richie Albracht and Doran Duggan walked and Chuck Calloway singled. Frank Cain and Mike Ferguson walked and that was all for the Red Sox's starting hurler Danny Rodriguez.

Johnny Northcutt came on in relief. Wallace Shelton got on by fielder's choice as Cain was forced at home and Arvell Williams homered to clean the bases.

In the last of the second, the Red Sox got one run as Robert Strange doubled and came in on a fielder's choice that failed to cut off the run.

The Red Sox made it 3-7 in the third with two more runs. Steve Coneway homered over center field. Barry Gabbert singled, stole second and third and came in on a wild pitch.

In the top of the fourth, the Tigers got one run as Mike Ranspot singled, moved to third on two walks and came in on an error.

Coneway finished his perfect night in the fourth after Danny Loerwald singled. With two out, Coneway blasted his

second homer of the night, again over center field. He had a single in the first inning and was given walks his last two times at bat.

With an 8-5 lead, the Tigers held on through the fifth and sixth. They added another run in the seventh. Frank Cain walked but the Red Sox turned in a neat double play as Robert Strange grabbed Ferguson's hard smash to second, tagged Cain on the way to second and threw to Coneway at first for the twin killing.

Shelton walked and Williams and Ranspot singled to drive in the run.

The Red Sox added one run in the seventh, but that wasn't enough. Pettyjohn, Loerwald and Sheppard walked. With two outs, Coneway was given an international pass to push in one run before the side was retired.

Mike Ranspot got credit for the victory after working the first four innings. He gave up six hits, five runs, struck out eight and walked three. Frank Cain handled the relief work for the Tigers. He pitched three innings, allowing one hit, one run, while striking out eight and walking six.

Danny Rodriguez, troubled with control problems, was

charged with the loss. He failed to retire a man. Johnny Northcutt came on and worked six innings, allowing three hits, two runs and was credited with one strike out and walked four. Danny Loerwald pitched the last inning for the Reds, walking three and giving up three hits.

President-Elect Makes Report On RI Convention

Gerald McCaskill, president-elect of the Hereford Rotary Club, made a report Monday on his trip last week to the convention of Rotary International in Miami Beach, Fla.

One of the highlights of the meeting was the dinner honoring J. Edd McLaughlin of Ralls, who will be president of Rotary International for 1960-61. McCaskill reported a large number of delegates from District

573 attended the convention. District 573 includes Hereford and Ralls, as well as the Texas Panhandle and South Plains area.

One of the most enjoyable portions of the convention, McCaskill said, was visiting the House of Friendship and talking with representatives from 67 different countries who were attending the meetings. There were 3800 clubs represented by the more than 12,000 delegates.

Among the outstanding addresses were those given by Secretary of Labor James P. Mitchell and by Eddie Rickenbacker, former flyer and now chairman of the board of Eastern Airlines. Climax of the convention was the mammoth "Florida Fantasy" presented in the Orange

DAWN NEWS

Funnel Cloud Reported Over Community Friday

By MRS. CARL WIMBERLEY
Light rain fell in the Dawn Community Friday afternoon. Saturday morning and Sunday evening. A tornado was reported to have gone over the community Friday but did not touch the ground.

Several lakes are over the roads creating problems of traffic. Two lakes are over High-

way 1062. One is about one-half mile east of the W. H. Gentry farm. The other is about one-half mile west of A. J. Bezner's home.

The lake west of P. L. Carmichael's home is over the road as well as the one on Norton's farm just off Highway 60 on Rock Hill Road. The water is over a portion of the road through the lake between the Tony Burrus and William Wimberley farms.

Nine and one-half inches of rain fell from Sunday, June 5, through Sunday, June 12, in the immediate vicinity of Dawn. The rainfall was less to the northwest. Hail was reported on the J. T. Gillebreath farm on the north edge of the community.

Mrs. Melvin May and son, Ricki, and Mrs. Carl Carthey returned Thursday from Oklahoma. They had taken Mrs. May's mother, Mrs. Viola Cathey, to her home near Durant.

Melvin May returned home Thursday from Las Cruces, N. M. where he and his son Douglas had gone to visit Mr. and Mrs. Melvin May. Douglas stayed at Las Cruces for an extended visit.

Mrs. Alfred Smith recently attended the wedding of Linda Witherspoon and John Hammett which was held in the Avenue Baptist Church in Hereford. Mrs. Smith assisted with the reception.

Guests the past week in the Smith home were Mr. and Mrs. Tony Benson and children, Mr. and Mrs. Don Craig of Lubbock.

Mr. and Mrs. John Hall of Hereford, their daughter - in-law, Mrs. Bill Hall and son Danny of Fort Sill, Okla., were guests Sunday in the home of Mr. and Mrs. Leon Vinton.

Mr. and Mrs. Ted Richardson and children visited Saturday and Sunday in the home of Mrs. Myrtle Richardson in Littlefield. Commencement exercises for the Vacation Bible School at Dawn Baptist Church has been postponed to Sunday, June 19.

Pat Miller combined some barley Monday afternoon. The barley was dry but the combine got stuck because the ground was muddy.

Mr. and Mrs. Edgar Lemons and children visited Thursday in the home of Mr. and Mrs. T. C. Barlow in Amarillo.

Mr. and Mrs. J. B. Caraway and family spent the week end with Mr. and Mrs. J. R. Oglesby at Mobeetie. Robert Caraway remained there this week for a visit.

Vacation Church School Planned

Vacation Church School at the First Christian Church of Hereford will get underway Sunday, June 19, and will continue through Sunday, June 26.

The school will be held from 9-11 a. m. each week day, except Saturday, when the school will not be held.

Mrs. John Aikin is superintendent of the school.

A unique approach will be used at the junior high school level, when the Christian Church will combine forces with Wesley Methodist and St. Thomas Episcopal to hold evening classes. They will be from 7:30 until 9:30 each evening.

Mrs. Aikin announced the following teachers for the Church School:

Betty Henson, Judy Philpott and Dorothy Phillips for the nursery department; Frances Block, Ruth Neal, Allen West and Joyce West for kindergarten; Jean Elliott, Margaret Carnahan, Dorothy Whitaker, Jennie Tuck and Tilly Scott; and Nell Culpepper, Kay Lynn Scott and Frieda Beauchamp for the junior department.

Margaret London and Nicki Dameron will assist in the junior high church school.

Willie Mays of the San Francisco Giants is the only active major league player to have hit more than 50 home runs in a single season. He did it in 1955.

Credit Is Topic Of HD Club Meet

The Dawn Home Demonstration Club met recently in the home of Mrs. R. A. Frye, a former member of the club. Mrs. H. L. Hershey of the Progressive Club, gave the program on Family Economics. Program topic was Consumer Credit.

Business meeting was presided over by the president, Mrs. J. B. Caraway. She asked the expansion - education committee to bring plans to the next meeting for a summer get-together. Mrs. Orval Galley gave the council report.

Mrs. Hershey said in part, during her program, "If used wisely, credit may enable the family to attain more quickly and easily some of its major goals. It may permit the purchase of furnishings and equipment when the family is young and needs are greatest, and allow the family to enjoy the goods as it pays for them."

She also warned that the use of too much credit will lower the level of living. People usually buy more when they do not have to pay cash for it.

Those present toured Mrs. Frye's new home after the meeting was adjourned.

Members present were Mesdames J. B. Caraway, H. S. Fuller, Rea Cox, H. D. Fowler, Orval Galley, Leo Hoffman, J. E. McCabe, H. E. Hooten and Miss Lula Botsford.

recognition and excitement at 70 - plus than she ever had before.

A little Dresden doll lady, pink cheeks, blue-eyed and white-haired, Mrs. Donay is the widow of a prosperous New York real estate man and the mother of three happy and successful daughters: Mrs. Alex Waller, wife of a West Coast doctor; Mrs. Oscar Caswell, wife of a well-known composer; and Miss Natalie Donay, a New York advertising executive.

But does Mrs. Donay live with any of her daughters? No indeed. She has her own apartment in Jackson Heights, Long Island, makes exquisite, historically accurate costumed dolls and works two days a week as a volunteer relief teacher in the New York public schools.

One of the exhibitors in the recent hobby show for older persons in New York, Mrs. Donay says she is so busy that she scarcely has time to make chocolate brownies for her grandchildren, as often as they would like them. Says she:

"It's a shame when older people just sit and wait to die, trying to pass the time by playing cards or working crossword puzzles. There is so much that needs doing, and people are so grateful when you do it."

A former milliner, who had her own Fifth Avenue shop, Mrs. Donay retired from business after her children were born, and devoted her time to the many duties of wife, housekeeper and mother. But after her daughters grew up and after the death of her husband she looked around for something to employ her active mind and vigorous body. Says she:

"I was on a vacation at the shore when I met a woman who collected rare antique dolls. She showed me a particularly valuable one she had just bought. It was in perfect condition, except for the hat, which was tattered. I offered to make a new hat for the doll, in the correct period, and that was the way it all started."

Mrs. Donay discovered there were many antique doll collectors around the country, and started making miniature millinery for them. Then she had to have a doll on which to fit the hats, and bought a stock model. But the doll didn't look right unless she had a costume to match the hat, so she started doing research on period costumes and ended up by dressing the whole doll. She now has a collection of about 50 dolls, each in an authentic period costume, which has been a highlight of the hobby show for several years. Says she:

"If I'm really inspired, I can finish a doll in a month. Otherwise it takes longer."

Oh yes - she's going to work this summer as a camp counselor at Camp Madison Felicia in New York State, on a volunteer basis. Says she:

"They've found that older persons can be a great help to the youngsters at camp. It's a new trend."

AUSTIN HIGHLIGHTS

Speculation Now Centers On Speaker, Assignments

By VERN SANFORD

AUSTIN — In looking forward to the 57th Legislature, speculation now centers on (1) who will be elected Speaker of the House and (2) who will get important Legislative committee assignments. Speaker's race is following the pattern of two years ago. Both Rep. Wade Spillman of McAllen and Rep. James Turman of Gober claim sure victory. Each accuses the other of claiming votes from members that aren't actually pledged to him. It takes votes of the 150 House members to win. Actual election takes place when the Legislature meets in January. Committee assignments will be made at the start of the session by the Lieutenant Governor for the Senate and by the newly-elected Speaker of the House. Make-up of committees is of crucial importance since an unfavorable committee can, by delay or disapproval, bring almost sure death to a piece of legislation. Lawmakers themselves attack much personal significance to their committee assignments, usually regarding chairmanship of key committees as rungs up the political ladder. But this year some members are saying, either jokingly or seriously, that they'd just as soon pass up top committee honors. They note a high casualty rate in the campaigns among last year's key committee members.

Among those who lost out were Sen. William Fly of Victoria, chairman of the powerful Senate finance committee; Sen. Floyd Bradshaw, member of finance and other important committees; Rep. Max Smith, vice-

chairman of the House state affairs committee; Rep. Frates Seelgson, vice chairman of House revenue and taxation committee. Leadership can have a high price tag, one member observed. "Some of those committees, like state affairs or taxation, get nothing but hot potatoes. You make a batch of enemies with every bill."

Attorney General Will Wilson has joined Nueces County officials in getting a court order to stop barricading of beaches on Padre Island by private landowners. Action stems from the open beach bill passed by the Legislature last summer. This law, hotly debated, affirmed public ownership of beaches and guar-

anteed public access to them. Padre Island Land and Development Co., which put up the barricades, claims property rights up to the water's edge as a result of a Spanish land grant. Another suit has been filed at Galveston where a similar situation developed. Final decision on who can go swimming where will hinge on court interpretation of the law.

Jerry Sadler, Democratic nominee for land commissioner, has suggested that careful study should be made to determine what action the next Legislature should take to insure legal and orderly development of Texas tidelands. Sadler suggested the state should chart its course carefully. (Continued on page 2)

Exercise Care When Engaging Contractors For Home Repairs

Homeowners in this area are cautioned by Bill Thompson, manager of the Deaf Smith County Chamber of Commerce, to exercise care in engaging contractors to perform home repair services. He stressed that although there are numerous entirely reputable local contractors, others of unknown reliability solicit in this area and should be investigated before any contract is signed.

Thompson quoted the National Better Business Bureau, with which the local Chamber is affiliated, as reporting that more complaints were received last year in the home improvement field than in any other.

The text of Thompson's warning was:

1. Check carefully the contractor's reputation. Ask your banker, Chamber of Commerce or Better Business Bureau if there is any doubt in your mind.
2. Avoid all gimmicks. You want full dollar value on your improvements only. You cannot get something for nothing.
3. Buy standard merchandise. Avoid the "just as good" brands unknown to you.
4. Compare the price given, if you think it is high, with that of another known contractor.
5. Read your written contract and be sure that you understand it before you sign it.

"6. Never sign any blank papers or notes. Obtain a copy of all papers you sign.

"7. Sign your completion certificate only after you are thoroughly satisfied with the completed property improvement.

"8. Report any complaints of poor workmanship to your lending institution immediately.

"9. Choose your contractor as you would your doctor.

"10. Remember, no one can protect you against yourself."

Gee Family Car Stranded In 'Lake'

By MRS. R. L. PINNELL

They left Adrian at approximately 11 p. m. going by the home of friends in the Simms Community on their way out. Near 12 p. m. they passed two REA trucks almost in the center of the road near the overflowing lake at "Chalk Hill", four miles north of town on Highway 51.

They had slowed their speed considerably but when they were not given signals by the trucks they resumed the trip and went into the water before realizing how deep it was. "The car seemed to leap and immediately began to fill with water", Mrs. Gee said. "We knew we would have to move fast. Hallie tried the door but it would not open. He climbed out the window and I gave him our sons, Russel, nine, and Randy, three, and came out last to find our "resting" place on top of the station wagon. We were thoroughly soaked."

Department. The car was under water to the top of the windows and was completely soaked. An insurance adjuster was expected Monday to estimate damages. Mrs. Gee concluded her story (Continued on page 2)

REP. WALTER ROGERS WRITES:

Bald Eagle Is Known As 'Benevolent Bird'

To the people of the 18th District: The bald eagle, a symbol of the United States older than the Constitution itself, is known throughout the world, as an eternal representative of American democracy. Perhaps best known to Americans as part of the Great Seal which appears on every one dollar bill, the eagle is also found on many government publications and in some of our most hallowed national shrines. The Great Seal has always displayed the eagle in its central position since the Continental Congress first approved a seal for the United States in 1782. Perhaps the founding fathers would be mildly surprised to learn that the symbol they approved many years ago is today reflecting the American position so accurately in many ways. I like to reflect upon at least two recent incidents in which our old eagle has played a part, and I must admire this resolute creature for his profound understanding of our constantly shifting fortunes in a complicated world. The United States, as you may know, is currently constructing a new embassy in London, to be decorated by a huge aluminum eagle with a 35-foot wing spread. Since our country has poured billions of dollars of foreign aid into Great Britain and other countries since the outbreak of World War II, it is perhaps only appropriate that our friend the eagle should be described as looking "benevolent." I can't help but wonder if, in addition to "benevolent", he also looks penitence. Since almost everyone knows that friendship can't be bought, it also seems logical that some of the British would call our feathered representative a "Blatant Monstrosity" and ask the House of Commons to "give it the bird." The British Minister

of Housing and Local Government is "studying" the situation, with plenty of assistance probably from the Chancellor of the Exchequer. Perhaps the entire difficulty could be resolved to England's satisfaction if a horse were built into the eagle which would show dollar bills on waiting Britishers in the street below. If you think that building such a horse into the eagle would be a bit far-fetched, just look at the Russians. They built an entire microphone-transmitter system into an eagle which was to be placed over the desk of our ambassador in Moscow. The eagle, a part of a Great Seal which was hand-carved by the Russians, was planned to be an unwilling accomplice in Soviet spying activities. The Trojans, of course, played this same game with a horse thousands of years ago, except that the Russians used an electronic gadget in the place of armed men. At any rate, our eagle was displayed in the United Nations Security Council recently after the listening device had been discovered and removed. Our eagle told the world something that some nations appear to have forgotten: tyranny and totalitarian principles are forever the enemies of liberty, despite the outward assurances of such leaders as Khrushchev. The Russian boss, in an orgy of unprincipled sham and hypocrisy, says that "we are people of high and lofty moral standards" and that these standards are indeed so high as to place spying outside the wildest dreams of a Russian. Our friend the eagle, with his arrows in one hand and olive branch in the other, again lent its force to the American cause and thereby served its nation well. Perhaps the United States, and its Department of State in particular, might be wise to keep a close eye on the various activities of our great representa-

tive of the national purpose. When he begins looking "benevolent," perhaps it would be time to re-examine our position. And when he looks "bugged" we might adopt more determined efforts to keep ourselves from being overheard - or overruled. In any case, the eagle has again proven himself to be a great and staunch friend. **WALTER ROGERS** Member of Congress 18th District of Texas

Louis Blackburn, formerly of Hereford and now one of 261 boys from all over the nation who are making their home at Cal Farley's nationally famous Boys Ranch near Amarillo, was recently awarded the highest honor that can be conferred upon a Boys Rancher. Louis was appointed a member of the Junior Staff, a small, select group of boys who have been chosen for positions of responsibility and authority because of their leadership ability, achievement, and citizenship. Because of these abilities, Louis is of great value to his dorm parents, who look to him for assistance and to the other boys in his dorm for whom he sets the good examples they must follow as Boys Ranchers. With his dorm parents and 35 other boys, Louis lives in a modern, Colorado-stone dormitory, one of several that have been donated to the Ranch in the past few years to provide suitable living accommodations for the boys. In his home, Louis enjoys a close family-type relationship, and his duties as a member of the Junior Staff including helping the other boys with their problems and serving as a "big brother" to the smaller boys. The former Hereford boy went to the Ranch in January of last year and has been one of the few boys who have been selected for Junior Staff positions in such a short period of time. According to his dorm parents, Louis is one of the happiest boys at the Ranch and one of the most popular. He has been commended by other members of the adult staff for his loyalty and cooperative attitude. "Aside from his popularity, Louis is an outstanding young man who is making the kind of citizen the people of Texas and Hereford can be proud of," said Ranch officials.

Assembly Slated In Fort Worth

Preparations are underway for the coming four-day "Peace Pursuing District Assembly" of Jehovah's Witnesses to be held in the Will Rogers Memorial Coliseum in Fort Worth on June 23 through 26, it was announced recently by Lloyd Reddoch, minister of the local congregation. "The assembly will be Jehovah's Witnesses largest in Texas since their gathering at Houston in 1957. Twelve thousand delegates are expected to attend, Reddoch stated, "Forteen thousand hours must be

spent before June 22, to complete arrangements which will include reserving 5,000 rooms for delegates." Local delegates will write for reservations.

"The Witnesses are widely known as conventioners", Reddoch pointed out, "They have held conventions in all parts of the world, including Rome's glass and marble Palace of Conventions and a several-acre clearing in the Northern Rhodian bush country, the small high school auditoriums and New York City's two largest sports arenas."

The 12,000 delegates will come from some 27 states, Canada and Mexico.

Reddoch said in conclusion, "The program is designed to

improve all men, women and children, mentally and morally by Christian missionary work and by charitable and benevolent instruction of the people on the Bible and incidental scientific, historical and literary subjects. All meetings are free."

How Can I?

By Anne Ashley

Q. How can I estimate the amount of paint I shall need for covering the interior walls and ceilings of my rooms?

A. Figure the area to be covered in square feet, then divide that number by 600 if you're painting over smooth plaster, and by 500 for sand finish. The answer will be the number of gallons you'll need for one coat. For trim, figure that one gallon will cover about 20 openings, one coat.

Q. How can I effect a support for weak stems on some of my house plants?

A. You can do this effectively and decoratively by wedging a colorful plastic fork, handle down, into the soil and then inserting the plant stems between the prongs of the fork.

Q. How can I loosen rusted screws that are holding metal parts together?

A. By holding a red-hot iron of proper size on the screwhead. After cooling, the screw can be turned out easily.

Q. How can I get rid of some annoying insects in my house when I don't wish to use spray?

A. A tank-type vacuum cleaner is an effective instrument for this. Simply aim the flexible hose and nozzle at the pests, turn on the power, and presto—they're gone. Empty the bag, of course, outdoors.

Q. How can I remove the odor of paint from a room?

A. Cut an onion and place it in the room. Or, set a bowl of vinegar in the freshly painted room. Or, fill a thin paper bag with a pound or two of charcoal, and leave it in the room to absorb the odor, closing the doors and windows tightly.

Q. What can I do when my salt shaker persists in clogging up during rainy weather?

A. You can prevent much of the trouble if you'll invert a glass tumbler over the shaker when it is not in use.

Q. How can I reopen a shellac jar after it has been used and resealed?

A. It will be easier to open if you'll turn the jar upside down and apply some grain alcohol along the inside edge of the metal cover. The alcohol will dissolve the shellac so that the top will turn.

Q. How can I avoid any danger of my freshly polished silverware's discoloring?

A. With an application of white shellac. To remove the shellac, wipe the silverware with denatured alcohol, then wash with mild soap and water.

Q. How can I make a good job of cleaning the crevices in glass?

Gee Family Austin.....

(Continued from page 1) by saying, "When we returned to Adrian and someone asked about our belongings, that was the first time I had thought of them. We were so glad the children were okay and we were all together."

On the way home the Gees pointed to a small marker that had been blown down at the water's edge which said, "Water Across Road."

A. The fine brass bristles of an ordinary suede shoe brush, used gently, will help you get into those deep crevices.

Q. How can I prevent sausages from losing their shape when frying?

A. Place the sausages in a pan of cold water and bring to a boil before frying.

Household Scrapbook

Tartar on Teeth

To remove teeth tartar rub vigorously with a piece of absorbent cotton wound on an orange stick, which has been dipped into lemon juice and then in pumice stone.

Furniture Polish

Add a teaspoon of vinegar to each cup of furniture polish to increase its brilliancy. This will prove equally effective with shoe polish.

Floor Polishing

Much time and effort can be saved when painting a basement floor by using a paint roller fastened to a mop handle to eliminate the need for kneeling or bending down to contact the floor. Some manufacturers supply paint rollers with hollow handles that are threaded to receive handles.

Buying Meat

Do not buy meat that is being weighed under an oscillating fan. The weight is changed by the air currents and you may get as much as one ounce less this way.

Acoustical Ceiling

Use the brush attachment on your vacuum cleaner to clean acoustical ceiling and wall materials. Stubborn smudges can be removed with wallpaper cleaner or a cloth slightly moistened with soapy water.

"Low Bridge!"

To avoid bumping your head on a low beam or ceiling on the cellar stairwell landing, nail a one-inch thick bumper of foam rubber to the dangerous section—and you'll avoid some future headaches.

DRAMATIST CRITICISMS

NEW YORK — Oscar Wilde, the Irish dramatist, once said that the theatrical producers on Broadway "know the price of everything and the value of nothing."

Yet Wilde's plays such as "Lady Windermere's Fan," "A Woman Of No Importance," and "The Importance of Being Ernest" have several times been given hit productions by Broadway managers.

to avoid the possibility of any more difficulties in the management of its submerged lands. Recent U. S. Supreme Court ruling that state ownership extends 10½ miles from the shoreline ended a 15 year tidelands battle.

First thing, said Sadler, will be to settle by law where the shoreline is so the tidelands boundary can be established in relation to it. Also, the boundary between Texas and Louisiana coastlines will have to be definitely determined. Court decreed Louisiana owned tidelands for only three miles out.

You can ride horseback to your heart's content in the Davis Mountains State Park, but be sure to close the gate as you come and go.

This is the gist of a State Supreme Court ruling in a case which pitted the State Parks Board against the owners of grazing rights in the Davis Park.

State has a long-term lease on the land for park use with grazing rights reserved by the landowners. Owners declared public horseback riding in the 1,340-acre area interfered with grazing and padlocked the gates. Parks Board contended the riding was a legitimate park use to which the public was entitled.

Supreme Court agreed, but added that some safeguards should be set up so the grazing cattle wouldn't be let loose. High court sent the case back to the local district court for the writing of specific directives.

Employment in Texas hit an all-time high this spring with 3,451,000 jobholders, Texas Employment Commission announced.

High point was hit in April. Part of it was attributed to the usual good-weather pickup in farm and construction activity, part of it to industrial expansion.

A further increase in farm employment is forecast as planting, irrigating and cultivating work gets into full swing.

Non-farm employment rose by 32,000 between March and April, hitting a total of 3,053,100.

An historic Texas date, 1836, will be used on the road signs in San Jacinto State Park, the State Highway Commission announced.

Approximately 6.5 miles of roadway will be marked Park Road 1836. It will run from a junction with State Highway 134 and will include all state-maintained road sections within the limits of San Jacinto State Park near Houston.

SHORT SNORTS — Joe G. Moore Jr. of Austin has been appointed secretary and research director for the State Finance Advisory Commission. Moore was at one time a research assistant for the Texas Legislative Council, helping in a study of state tax laws. Next meeting of the Commission, appointed by the governor to study state finances and make tax recommendations, is set for Friday, June 17. . . . Texas draft quota for July will be 290 men, State Selective Service Headquarters has announced. In addition, local boards have been asked to send up approximately 1,000 men for pre-induction exams. . . . Gov. Price Daniel has announced the promotion of two National Guard officers, John L. Thompson Jr., Houston business man, was named a major general and Everett Selden Simpson, Amarillo attorney, a Brigadier general.

FONDA TO STAR

NEW YORK — "Critic's Choice," a comedy by Ira Levin scheduled for Broadway premiere next December, will probably have Henry Fonda playing the starring role of the critic.

The story concerns a drama critic whose wife writes a new play.

"BRIDE TIME"

If you pick up a Sunday paper and glance at the Society section about the only activity reported at this time of the year are weddings. In a recent issue of the SUNDAY BRAND the front page of the Society section had pictures of five young lovelies all getting married. These are young people a lot of us have seen grow up and we wish them happiness and want to give them a wedding gift that will be useful and appreciated. These wedding gifts create a problem my wife and I solved very easily recently — we paid the installation charge on a colored telephone for a young couple. Something we knew would be used, appreciated, and attractive in the home. If you have a wedding gift problem call our Business Office at EM 4-1000 and we can help you solve it.

ONE MINUTE OF COURTESY

It's been my experience that most folks in Hereford try to answer their phone calls promptly. But in the summertime so many are busy outside — with gardening, yard work or just relaxing in the sun or under the stars — that it takes a little longer to get to the phone.

If you've ever missed a call after running in from outside to answer the phone, you know how disappointing it is. Most folks can get to their phones within a minute, even when they aren't in the house. One minute is about the time it takes for the phone to ring 10 times.

By waiting at least 10 rings before you hang up, you have a much better chance of getting your call through, especially when the person you're calling is not near the phone. In the long run, you'll save yourself the time and trouble of calling again, and your friends will certainly appreciate your courtesy and patience. So please remember to wait 10 rings — it takes just a minute.

VACATION TRAVEL TIPS

If you plan to go out of town on vacation, there are a couple of things you can do to make your trip more enjoyable and carefree.

First, call ahead for reservation. Second, make arrangements with a relative or neighbor to keep an eye on your house while you're away. Give them your vacation address and phone number so they can reach you in an emergency.

Remember, too, Long Distance rates are lower on Sundays and weekdays after 6 p.m. And you save more than one-third when you call station-to-station.

Call by number. It's twice as fast.

FUTURISTIC DISPLAY in the Hereford Garden Club's show Friday was this arrangement of spiraea. It was done by Mrs. M. T. Rutter. (Staff Photo)

A CONTRAST in styles and sewing equipment set the theme for a show by the Hereford Garden Club in the Community Center Friday. The display, which matched styles of 1900 with 1960, was located at the entrance to the show. Three rooms were used in displaying the arrangements and specimens. (Staff Photo)

'Plan Tiger' Is Offered In Navy

Chief R. M. Vann, of the U.S. Navy Recruiting office in Amarillo, has announced the Navy's "Plan Tiger" will be in effect from June through September this year. The plan provides an opportunity for non-rated men on sea duty to attend Class "A" or basic trade school.

Recruits going on active duty during the period will have top priority on all Class "A" schools December.

Upon completion of recruit training, this will give the Navy man a chance to qualify for his choice of one of the 64 schools available.

Further information may be obtained from the Navy recruiting Office in the old Post Office building in Amarillo.

Credit Is Subject Of HD Club Meet

The Progressive Home Demonstration club met recently, with Mrs. P. L. Carmichael presiding over the meeting. Mrs. H. L. Hershey was program chairman.

The program, "Using Consumer Credit," was presented by Mrs. J. B. Caraway of the Dawn HD Club. She pointed out several reasons for using credit: convenience, emergencies, saving, consolidating debts, better service on equipment, easier to return charged purchases, take advantage of bargains and establish a credit rating.

for the afternoon. The demonstration making straw bags will be June 23, from 1 to 5 p. m. in the Community Center.

The next meeting will be in the First National Bank Community room. The Willing Workers 4-H club members will have charge of entertainment and the Progressive Club will give the program on salads.

Members present were Mesdames T. J. Parsons, Dale Hal-lows, Taft McGee, P. L. Carmichael, C. V. Burgess, Tom De-shazo, H. L. Hershey, E. C. Hammett, Leon Coffin, Alvis Jolly, Lester English, and Floyd McGee.

One visitor, Mrs. J. B. Caraway, was also present.

My "Pop"

... a grand guy in any language. A very special fellow at our house. Without him around night brings fright. But for him we couldn't eat as well, nor as much. He may be gruff at times; he may be firm when he disciplines. And we may answer "yessir" in agreement when he commands, but he is the very foundation of everything at our house.

It takes him to silence the doggie... to persuade Jr.... to laud sister's successes and to heap high praise on all the things mother does... that's "My Pop". They possess rare qualities, these fathers. A good one is a source of joy to every child. Then on this Father's Day, let him have it right in the heart. Aim all the good things at him. Give him the treatment he so justly deserves and make him wish for another Father's Day very soon. Play with him but also pray with him. Be a worshiper with him at your church this week.

Close to harvest time, Myron Mommsen looks over part of his 200 acres of potatoes which yielded a bumper crop in 1959.

Myron F. Mommsen, leading Wisconsin potato grower, assures profit-making yields with DITHANE M-22

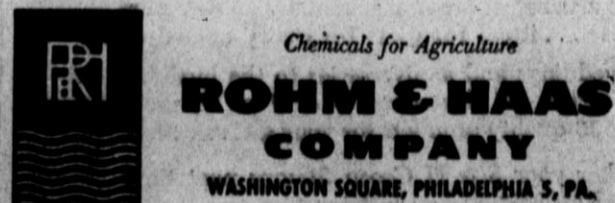

The Lazy A Ranch in Rice Lake, Wisconsin, rings with the happy sounds of nine children growing up. Happy because they lead a good life. And because their father takes time out from being a highly successful potato farmer to play softball, pitch horse-shoes or ride horses with them.

On the 700 acres of flat, rich land along Route 53, Myron Mommsen rotates a 200-acre potato crop with oats and sweet clover. A small orchard keeps the family in apples.

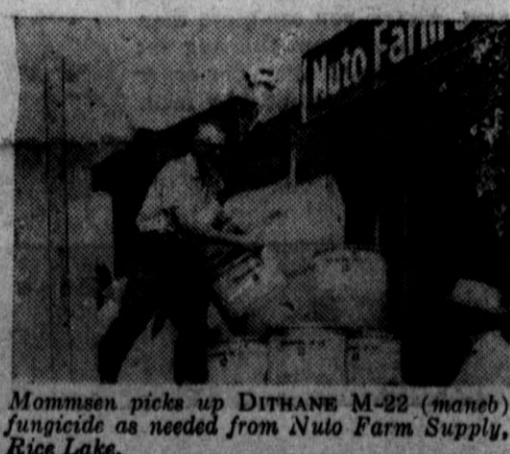

Somehow, even with a normal 10-hour working day, Mommsen finds time for a little hunting and fishing and a steady round of civic activities. He is on the school, church and hospital boards, and active in Boy Scout work.

About DITHANE M-22 (maneb) fungicide, Mommsen says he is convinced it gives him superior blight control under severe conditions . . . and he plans to continue using it.

DITHANE is a trademark, Reg. U.S. Pat. Off. and in principal foreign countries.

The Mommsens sit in front of their large white frame home which has all modern conveniences.

Mommsen picks up DITHANE M-22 (maneb) fungicide as needed from Nuto Farm Supply, Rice Lake.

The New York Couture Group gave Valiant their Design Supremacy Award, said it was the best looking car in America.	Valiant walked off with the first seven places in the Daytona Trials. Corvaire and Falcon? Still mumbly.	Valiant's got room for a well-fed family of six. Plenty of room for legs, hips, heads and hats. And look how the trunks stack up!
VALIANT... 27.29 MPG	VALIANT... nobody's kid brother	VALIANT... 101 HP inclined six	VALIANT... 24.9 cu. ft.
CORVAIR... 27.03 MPG	CORVAIR... imitation foreign bug	CORVAIR... 80 HP pancake six	CORVAIR... 11.3 cu. ft.
FALCON... 25.64 MPG	FALCON... everybody's kid sister	FALCON... 90 HP standard six	FALCON... 23.7 cu. ft.

We're making Valiant awful easy to own these days. Chances are you can own one for not a penny more than you'd pay for Falcon or Corvaire. On top of that you get immediate delivery. All models. All colors. All include our new Certified Car Care to keep it new longer. And remember, we need good used cars, like the one you're driving. Get the picture? Get Valiant, King of the compacts.
