A luncheon, from 11:30 a. m. the Hereford Lodge Hall for patients and their parents. Transportation to and from the clinic will be furnished. The meal will be prepared and served by wives of Shrine Club members. General physicals will start at 9:30 a, m., with special examinations to begin at 10 a, m. and continue until 5 p. m.

Started in 1956, the clinic examined 105 children the first year, 131 in 1957 and 128 in 1958. "If you know anyone who

diet would help my dry-skin

A. Food does have much to do with this condition. Most of us are not used to eating oily foods, such as is the Italian custom, but we can get the same results by eating more salad dressings, butter, and rich milk. Of course, this may take a little increase in exercise to offset any bodily weight gain-but the good results on your skin will soon be notice-

Q. How can I exercise help develop my bustline?

A. Stand tall, arms uplifted, so that the upper arms are right angles to the body, palms toward each other. Clench the fists hard and pull the elbows in and down a few inches. Relax, and repeat. You should feel the beneficial pull on your chest muscles.

Q. What can I use, instead of water, for a quick pin-up job on my hair?

A. Try using some cologne, which dries in a wink and smells heavenly, too. Be sure, however, not to overdo this treatment, since cologne is drying to the scalp!

Rookie Bob Allison of the Washington Senators hit 29 of his 30 home runs against righthanded pitchers.

## Rotary Ladies Night Hears Ali Ghetto On Communism

A very real threat to the United States from the Communists was explained to a Hereford Rotary Club Ladies Night crowd Monday night by Madame Ali Ghetto of Amarillo.

The former German actress stressed the importance of faceto-face contacts and a change in American attitudes which must be made to forestall the Red tide.

More than 100 Rotarians, their wives and guests attended the affair in the First Christian Church fellowship hall, celebrating the 55th anniversary of Rotary International and the 15th of the Here-

Entertainment was provided y a group from Canyon, A hale quartet, including Bob Alford, Dr. Dudley Moore, Bill Davis and Bill Knight, sang six numbers accompanied by Jenny Lynn Alford,

Master of ceremonies was the Rev. Gilbert Davis. Ben Childers announced that four charter members of the Hereford Rotary Club were changing their classification to "Senior Active"after 15 years of membership. They are Henry Benson, John Patton, Leo Forrest and James W. Witherspoon.

"There will not be a unification of East and West Germany," Madame Ghetto declared, "The East German masses will not revolt again against Communism.

"All the intelligent leaders have left, or are leaving, East Germany. She said that the university

at Jena has lost 48 technical leaders and Dresden has lost more than 60. "There is only escape or the

bitter fruit," she said. She stated that the Red leaders were allowing many to escape to eliminate any possible revolution, while the masses are getting what they want: their work, their bread and their uniform.

Foreign aid programs, as operated by the communists, are brilliant in execution with intelligent- underground operators working in all economic and social circles in borderline coun-

#### NEW BILLING METHOD

In another step to increase our operating efficiency and keep down costs of furnishing you telephone service here in Hereford we have adopted a faster, more economical method of billing.

Beginning with your next telephone bill a punched card will be included in your bill. This punched card replaces the stub portion of your old bill, so please be sure to return the punched card with your payment.

Please remember these two points:

(1) If you pay your bill by MAIL, enclose only the punched card with your payment.

(2) If you pay your bill IN PERSON, bring both the

punched card and your bill with you. You will continue to receive the other part of the bill as you have in the past. Only the stub is being replaced by the

punched card. Also, it is very important that the punched card is not folded, torn, or marked in any way.

We will appreciate your cooperation in making this change here in Hereford. We look forward to a continuing search for better ways to serve you and your communication needs.

#### PLAYING CUPID

It's such a natural thing — sometimes it's almost automatic -- for your phone to come to mind when you think of someone you love who's out of town. Yes, I suppose not a day goes by that somebody in Hereford doesn't use the

phone to remember a loved one. So it's easy to see why an Air Force sergeant stationed in Iceland thought of telephone service when he wanted to send flowers to his wife back home for her birthday. This fellow wanted folks at the telephone company to have the flowers delivered and then charged to his telephone

Now, even though it wasn't possible to bill the flowers to his telephone account, the girls in Miss Clara Balzen's service order group decided to help anyway. They wrote they were sorry that the telephone company was unable to charge a florist bill to his phone, but they added this personal note: "However, we feel such thoughfulness deserves a special attention".

Then they picked out a birthday card and a dozen roses and had them delivered to the sergeant's wife.

. The upshot of it was that the lives of two people - miles apart — were brightened by the thoughfullness of a group of telephone girls who cared enough to find a way to help.

#### WHAT ELSE IS SO DEPENDABLE -

Most folks don't realize it, but everytime you make or receive a telephone call, your phone sets a new record for dependability.

And because it does you needn't worry about wear and ear, replacement parts, or repair bills. When repairs are ded, there is no charge to you. I doubt whether there are many other things you have that are so free of trouble as your phone.

Call by number. It's twice as fast.

Since a boundary line is fixed on land and water, extends downward to the center of the earth and upward to the heavens, it would probably be in order to call attention to the fact that Russia, by her own admission, violated the territorial sovereignty of this country when she placed Sputnik in orbit. She openly claimed that this object passed immediately over the United States.

So far as I know, there has ot been any separation of outer space insofar as territorial oundaries are concerned. # Why Gates new low profile design increases tire mileage 25%

Conventional tire running on the road bulges, flattens, scuffs the tread, generates heat in tire body to shorten life. Note distortion of this tire at high speed on test machine,

Low Profile Air-Float Deluxe is built in revolutionary new shape - actually, the running shape of a tire! Reduces flexing distortion that causes heat build-up and tread scuffing. A major reason you get fully 25% more mileage!

# Yes, 25% more miles at low, low price for 1st quality NYLON

Yes, your tire dollars go much, much farther because Gates all-new low profile tire delivers thousands more miles at an astonishingly low price.

Actually, for every 10,000 miles you drive you can count on your Gates low profile tires to deliver an additional 2,500 miles! And those miles will be safe, silent and sops in traction.

Deep cold rubber tread has more than 8,000 gripping edges; new design increases area of contact with road. This combination reduces slippage-gives you superb, silent traction. Saves on gas!

Guaranteed against blowouts, rimcuts, bruises

in fact ANY failure... for full tread life, with no time or mileage limit. Should tire fail for any reason, you get a new tire, with credit for unused mileage, based on Gates standard adjustment schedule.

for your wonderful response to the Oasis Shrine Club's Barrel Painting Project. Of course, most of you know, that the proceeds from this project will go to finance the annual Crippled Childrens Clinic which is sponsored by the Shriners.

In the event that your barrel was missed, it will be painted sometime this week . . . and, if you were not at home while the Shriners were making the collections for the project, we would appreciate it very much if you would mail your contribution to Box 565 or leave at either of the Hereford Banks.

Again, may we say Thanks. The project was a tremendous success, and we know that the many area children who are helped annually by the Free Children's Clinic, also are grateful for your aid.

If we made Gladiola Flour for Sharpeye, O...

we wouldn't have to work so hard

Just Texas and a little bit morethat's Gladiola Land. Here live the best home bakers in Americaknown far and wide for their biscuits, cakes and pies.

Naturally, when it comes to flour, these ladies are hard to please. We have to make Gladiola Flour their way-or else. It keeps us on our toes, but it's worth it. Every day, every year, Gladiola . outsells every other brand.

Folks in Sharpeye, O., have to be satisfied with something less, but you don't. Gladiola quality is your best bargain in flour. Remember-snowwhite Gladiola costs, the average family, only about 1/2 t a day more than the cheapest flour at your store.
