

AT CHILDREN'S CLINIC — Some 155 children were checked Saturday in the 11th Annual Oasis Shrine Club Children's Clinic. Twelve out-of-town specialists were present for the event in which 340 separate examinations were given. In the top photo Dr. Dean Harris of Dallas tests a child for hearing abnormalities. Middle photo shows a radiologist checking an X-ray. Bottom pic shows Shriners giving directions to the patients at the reception desk at the clinic. (Staff Photos by David Butler)

155 CHILDREN EXAMINED

Clinic Aids Youngsters

Some 155 children from three states were examined by 12 out-of-town specialists Saturday in the 11th Annual Oasis Shrine Club Children's Clinic. All of the local doctors as well as physicians from Tullia and Friona also participated in the clinic.

SPECIALISTS gave 340 separate examinations to the 155 children including, 50 separate X-ray series and 48 laboratory examinations.

The children came from all the counties in the Panhandle and South Plains as well as Eastern New Mexico and Oklahoma.

Breakfast was served to the doctors at the Jim Hill Hotel Saturday morning before the beginning of the clinic.

Registration of the children was held at the Community Center. Those who had not been to their family doctors to be examined were checked by one of the local doctors in the Community Center.

THESE EXAMINATIONS determined the child's physical ab-

normality and the doctor recommended a specialist for the children to see.

Children were then taken to the Hereford Medical and Surgical Clinic, where the specialists were set up for the exam-

inations. **SOME OF** the children had been to the Shrine clinic before where treatment had been recommended. Doctors checked these children Saturday to make

Democratic Meet Resolves Support For John Connally

Deaf Smith County Democratic Convention went on record in support of Texas Governor John Connally to head the state's Democratic Party and elected nine delegates to the state convention Saturday.

Some 94 delegates in attendance at the county convention held in the Stanton Junior High School Auditorium passed resolutions supporting Connally, commending Congressman Walter Rogers, and opposing state control of underground water.

NAMED DELEGATES to the state convention in Austin on Sept. 16 were Leo Witkowski, Clint Formby, John Aikin, Charles Bell, Clinton Jackson, Andrew Kershen, Steve Bavousett, Wayne Thomas, and Woody Wilson. Wives of the delegates were elected to serve as alternates.

Leo Witkowski, county Democratic chairman, was elected chairman of the convention delegation, which was bound to the unit rule by voting Saturday.

Credentials committee for the convention was comprised of Louis Woodford, chairman, Clinton Jackson, and Andrew Kershen. Reading clerk was Mrs. O. G. Hill; sgt. at arms, Woody Wilson assisted by Charles Bell; parliamentarian, John Aikin; and secretary, Mrs. Earl Holt.

FOLLOWING are resolutions adopted by the convention:

Be it so resolved, that we are opposed to state control of underground water, and that control be left to local water districts.

Be it resolved that this convention would support the Democratic nominee for the U.S. Senate.

Be it further resolved: That the Democratic Party of Deaf Smith County, of the 18th Congressional District, and the Democratic State Committee com-

NEW BUILDING SOUGHT Board Pushes Trade School

Hereford school board voted in a special session Thursday morning to make application to the Texas Education Agency for approval of plans to weave an area vocational school into previously-approved plans for enlarging curriculum at Hereford High School.

With the goal of receiving additional financial aid from the

state, the board said it would file application for the area school and that it would look into possibilities of financing construction of a 15,000-square-foot addition to the high school to house the new classes.

CURRENT PLANS of the school board call for meeting with interested citizens to "feel the pulse" of the community regarding plans for the school expansion.

This meeting, planned to resemble the town hall discussions of old, would be held sometime in the early summer, board members said.

Board members wish to know how the public feels regarding financing the building, since a small bond election will probably be required to complete the project.

BY QUALIFYING the previously approved vocational course additions to the high school curriculum as an area vocational school, the local district could receive 50 percent reimbursement for construction, instructional materials, and shop equipment required for the four courses approved recently.

GSA Contracts Work On Post Office Here

General Services Administration, Dallas, announced this week the award of a contract in the amount of \$218,132.80 to Everett Mitchell Construction Company, Sherman, for building extension and modernization to the U. S. Post Office in Hereford. The firm's bid was the low of thirteen bids received.

John M. McGee, Regional Administrator, General Services Administration, estimates the work will be completed in May 1967.

Chamber Okays Committee Plans

Deaf Smith County Chamber of Commerce Board of Directors approved several committee recommendations during its regular meeting Friday morning.

Included were plans to publish a brochure describing Deaf Smith County in text and pictures including 12 full-color photos, as recommended by the publications committee.

The board also approved recommendations from the annual banquet committee, the transportation committee, and the retail committee.

THE FULL-COLOR brochure is being ordered to replace a publication used by the cham-

ber for several years to answer queries concerning the county. It should be available in August.

Upon the recommendation of the transportation committee, the chamber board agreed to work in conjunction with other towns along U. S. Hwy. 385 towards establishing a bus route from Dalhart to Brownfield.

FIRST STEP would be obtaining the interest of a carrier to establish such a route, then this would have to be approved by the railroad commission.

The retail committee recommended, and the board approved, a plan to work with the Dumas Chamber of Commerce on an evaluation of Hereford retail and service businesses through a survey by shoppers "trading out" visits in the two towns.

OTHER BUSINESS saw the board okaying a recommendation from the annual banquet committee that the Bull Barn be utilized in the future for the Deaf Smith County Chamber of Commerce Annual Banquet, and that negotiations be made to obtain a local caterer for the event.

Set Election June 11 For 30-Mile Project

By WAIN MILLER
News Editor

Deaf Smith County Commissioners called a \$450,000 bond election for the purpose of constructing some 30 miles of new paved roads in action Friday which climaxed several years of hope for such a move.

The commission set the date of June 11 for citizens to voice their preference on a proposal which — if okayed by voters — would provide new paving in each of the county's four precincts.

Road Routes Proposed In All Precincts

County commissioners continued Friday the discussion of location of paving projects proposed in a \$450,000 bond election set for June 11, agreeing that at least some paving would be constructed in each of the county's four precincts.

ROADS WHICH would be constructed by the county bond issue would be designated as Farm-To-Market roads by the Texas Highway Commission and would be maintained by the Texas Highway Department.

The projects proposed in the bond election would be in addition to a six-mile project approved Monday by the state highway commission, which allocated \$125,000 for the work.

The \$125,000 allotted by the highway commission is for construction of some six miles of FM road north of Hereford, beginning at the intersection of U. S. Hwy. 385 and FM 2587 and going east.

IF THE BOND issue passes, the county would then extend this road five miles further east to intersect with the Dawn-to-Wildorado road.

Also to be paved if the bond issue carries are three other projects.

One would provide a link between two existing FM highways by beginning at the intersection of FM 1062 and 385 at Milo

See ROAD Page 12

THE MOTION to call the election, which passed unanimously, came Friday after the commission reconvened a session which had been recessed Monday in order to look further into details of the proposed bond issue.

On Monday, the commission had instructed financial consultant Bob Davis of Columbian Securities Corp. to determine how large an issue could be handled "without increasing taxes."

Preliminary discussion had mentioned a \$350,000 total, but Davis told commissioners Friday that the county could easily issue bonds for \$450,000 with no effect on the current tax levies for the county.

THIS IS possible because of what Davis termed "a unusually good financial picture for the county."

See related editorial on page six, section two. Although the editorial was written prior to Friday afternoon's action by the county commission, it lists some facts pertinent to the issue.

Commissioners brought the general fund into the black two years ago and have kept it there. This was something of a See COUNTY Page 3

Drivers Flee Police

Hereford law enforcement officers were breathing sighs of relief on three separate occasions Friday following high-speed chases in and around the city.

"It was just a matter of luck that someone wasn't killed," a policeman said following the first of three races through town at speeds of 100 miles per hour as traffic violators attempted to outrun police and highway patrol units.

THE THREE unrelated incidents occurred during a six-hour period beginning at 5 p. m. Friday amid heavy traffic.

Drivers of all three autos face heavy charges after being apprehended, as all three vehicles went out of commission to climax their attempted escapes. Passengers in two autos also face charges.

First of the incidents began shortly before 5 p. m. when a police patrol car attempted to stop an auto occupied by two 14-year-old boys at Third and McKinley.

WHEN POLICE attempted to stop the auto, the driver accelerated, crossing Main Street on Third at an estimated 75 miles per hour. The chase continued, winding out of downtown to See DRIVERS Page 12

Stanton Director Moves To Tullia

Stanton Junior High School band director Clyde Wilson has announced his resignation in order to become director of the Tullia High School Band, beginning this fall.

Wilson, who came to Hereford following his graduation from West Texas State in 1963, has directed the band to two consecutive Sweepstakes awards in University Interscholastic League competition.

CHURCHES OBSERVE DAY

Conservation Banquet Here Honors Awards Recipients

Some 300 persons from throughout the Panhandle are anticipated for a Tuesday night banquet here to pay tribute to leading promoters of soil conservation.

And today, many local churches will observe Soil Stewardship Sunday in conjunction with the annual Soil Stewardship

Week observed nationally and sponsored locally by the Tierra Blanca Soil Conservation District.

THE DISTRICT will host the Forth Worth Press Soil Conservation Awards Banquet for Texas District I at 7:30 p. m. Tuesday in the high school cafeteria.

Persons from throughout the Panhandle are anticipated for the event, which will be highlighted by presentation of awards to those who have been pacesetters in the area in the furtherance of conservation practices.

To day some 5,000 pamphlets will be distributed to local church-goers, and ministers in Hereford were provided with a booklet entitled "Crisis in the Countryside," explaining the need for soil stewardship. Several ministers have indicated they will include in sermons today excerpts from the information obtained both through the material, and during a recent tour of county farms.

TICKETS for the Tuesday night banquet are available from any Tierra Blanca Soil Conservation District director or local SCS office employee.

Texas Governor John Connally proclaimed the special week, saying, "The soil is the Lord's and it is man's responsibility to take care of it."

"When land is lost, or water is wasted, or human life is distorted and spoiled, the sensitive steward must cry out 'Stop! Life is threatened for all!'" said Harold Huff, member of the national soil stewardship advisory committee.

During the special week of activities, the soil conservationists are making a special effort to make people more aware of the grave conservation problems involved in today's world.

IN BULL BARN

300 Bandsmen Appear Monday In Annual Spring Performance

Some 300 junior high and high school bandsmen will appear in concert at the Bull Barn Monday at 7:30 p. m.

Appearing "on stage" simultaneously will be the Hereford High School Band, the Stanton Junior High Band, and the Stanton Seventh Grade Band.

THE BANDS' annual concert will feature music played by award-winning Hereford High School and Stanton Junior High bands in recent contest performances, as well as numerous other numbers.

Highlighting the HHS band's

performance will be excerpts from the musical "Sound of Music."

Both the high school and junior high bands earned "Sweepstakes" honors in recent University-Interscholastic League competition, and the high school band last week was named top AAA band in contest at the Six Flags Over Texas Band Festival.

The concert is being staged in the Bull Barn in order that all three bands may be on stage at the same time.

AT CONVENTION — Delegates to the County Democratic Convention are shown in session Saturday afternoon as they hear county chairman Leo Wilkowski and convention reading clerk, Mrs. O. G. Hill Sr. The convention was held in the Stanton Junior High School Auditorium, with some 94 persons present. See story on page one. (Staff Photo)

Rogers Subcommittee Resumes Water Legislation Discussions

WASHINGTON, (Special) — Congressman Walter Rogers said Saturday attention will focus on three major Western water conservation projects when the House Subcommittee on Irrigation and Reclamation holds sessions Wednesday, Thursday, and Friday. Congressman Rogers is chairman of the Subcommittee, which holds initial House of Representatives jurisdiction over water legislation. **HEARINGS** will continue on the Lower Colorado River Basin Project, Congressman Rogers said. As the hearing resumed last week Congressman Rogers re-announced his position of long standing that he will introduce an amendment to all legislation to include Texas in future planning aimed at meeting water requirements in the West and Southwest, urging also that the Texas Panhandle and High Plains be included in the Texas state water plan.

In addition to the Lower Colorado Project legislation, the Rogers Subcommittee will consider final recommendations to be forwarded to the full Interior and Insular Affairs Committee concerning legislation to further develop Missouri River Basin facilities and to construct the Southern Nevada Project. Also to be reviewed is legislation authorizing investigations into the feasibility of several proposed water projects.

Sessions of the House Committee on Interstate and Foreign Commerce, on which Congressman Rogers serves as ranking majority member, also are scheduled. The full House of Representatives is expected to act upon the Sales Participation Act and proposed minimum wage legislation during the week.

Congressman and Mrs. Rogers also will attend the annual Congressional Dinner of the Texas Association of Electric Cooperatives.

County . . .

(Continued from Page 1) milestone for the county, which prior to that time had seen the general fund in the red as almost a matter of habit for some 15 years.

IF APPROVED by voters, the projects which would be made possible by the bond issue would mark the first major paving program in the county since 1949.

Commissioners learned Tuesday that the Texas Highway Commission has allocated \$125,000 for paving in Deaf Smith County.

A **"YES" VOTE** by the majority of balloters in the June 11 bond election would bring the total amount of funds earmarked for new paving construction in the near future to \$575,000.

Absentee voting for the election will begin May 23 and continue through June 7.

Qualified to vote will be persons who have real or personal property taxed by the county and who have qualified to vote.

IN DISCUSSING the bond election, it was pointed out that total net debt for the county, as of Friday, is \$572,000.

Actually total debt of the county is \$725,000; however, cash on deposit in interest and sinking funds is \$153,000, reducing the net county debt to the \$572,000 figure.

Of the \$725,000 total debt, some \$358,000 is for hospital capital outlays.

THIS LEAVES \$367,000 in debt for county roads, the courthouse renovation, construction of the jail, and other lesser items.

Practically all of the present debt will be retired by 1973, with the exception of the hospital bonds, which will be retired by 1977.

Davis pointed out that the county's ratio of net debt (\$572,000) to assessed county valuation of \$40 million is just 1.43 percent.

"THIS RATIO would be envied by most Texas counties," Davis pointed out. He said that ratios of up to nine percent are acceptable by most standards.

Addition of the \$450,000 proposed would up the ratio to about 2.75, still low as compared to most Texas counties.

It was also pointed out that the last large-scale paving bonds were issued in 1949 for a total of \$500,000. Those will be retired in 1969.

In 1949, the county's assessed valuation was some \$16 million, as compared to \$40 million at the present time.

Thus, the county is actually in much better shape to handle the currently proposed \$450,000 outlay than it was in 1949 when voters approved the \$500,000 expenditure which went to construct FM 1412, which serves a large portion of the western fourth of the county, commissioners pointed out.

IF APPROVED, the \$450,000 bond issue would be repaid over a period of 16 or 17 years.

Since the 1949 issue retires soon, the proposed issue with no tax increase is possible.

Commissioners said they have heard no opposition to the proposal, since no tax increase is involved.

THE ONLY "ISSUE" which has come to light is requests by some constituents for paving in their respective area, commissioners said.

However, the projects proposed are those which have been pinpointed in conjunction with recommendations by the Texas Highway Commission, which must approve routes before it will consider agreeing to maintain roads following completion of construction.

It was pointed out, however, that should the bond issue be defeated, a small decrease in county taxes would be feasible in the next year or two as current debts are retired.

But commissioners say that thus far they have heard nothing but requests for additional paving in the county.

BIGGER LISBON LIBRARY — LISBON — The Portuguese National Library will be transferred by the end of this year from a former Franciscan monastery where it has been since 1836 to a modern \$3.8 million building on the Lisbon University campus.

The new library will be the largest public building in Lisbon after the Santa Maria Hospital. The new installations will have a capacity for four million books compared with the present one million. They include a main reading room with a capacity of 260 persons.

Special cabinets for researchers and microfilm reading facilities will be housed in the building. Other rooms for blind reading, exhibit halls, an auditorium and a restaurant, will call for a staff of about 300 persons.

This will be the third site of Portugal's National Library opened in 1796 by Queen Maria I. Many manuscripts were handed over during the Inquisition following the expulsion of Jesuits. Books from the extinct Royal Academy of History were added later. Another precious flow came with the abolition of religious orders in the country.

Whitefaces Hold District Lead

Split Doubleheader In Dumas For First Loss

By DAVID BUTLER
Sports Editor

Hereford Whiteface baseballers remained on top in the District 1-AAA race Saturday when they split a double header with the Dumas Demons in Dumas.

In the first game the Whitefaces clobbered the Demons 16-4, but were unable to keep up the pace in the second and dropped it to the Dumas nine, 10-8.

Alex Diaz went the full 14 innings for the Whitefaces, due to a pitcher shortage on the Herd team. Ed Mims was taken out of action with an injury to his left eye.

Diaz not only showed top notch pitching in the first game, but he also scored a double and a home run in the game and was credited with two runs batted in on the homer.

The fifth conference victory for the Whitefaces was the fourth conference victory for Diaz.

ROBBY LEMONS also hit a double in the first game and later hit a triple.

Gary Tucker hit the only other multiple base hit in the first when he doubled.

The Whitefaces tallied 17 hits for the 16 runs in the first game. Demon pitcher, Wayne Harkrider was credited with the loss. This was the first loss of the season for the Demon pitcher.

Hereford jumped out to a 3-0 lead in the first two innings, but the Demons came back in the bottom of the second inning with two runs.

THE WHITEFACES scored one more run in the third inning, two in the fourth, five in the fifth and one in both the sixth and seventh innings.

Dumas scored two runs in the sixth inning, but were not able to get back into the ballgame.

Glenn Bonner scored a home run for the Demons and Ronnie Stephenson and Gary Kimbley scored doubles.

Hereford lead the second ball game until the final inning when the Demons rallied for five runs and the lead of the game.

Going into the bottom of the seventh inning the Whitefaces lead the ballgame 8-5, but the Demons scored five runs to put them ahead at the end of the game 10-8.

HEREFORD WAS only one pitch out from winning the game when Bobby McVickers was at bat with two strikes and two men out. McVickers doubled and started the five-run rally.

Robert Wagner scored a home run and a double for the Whitefaces.

Gary Tucker and Robby Lemons both scored doubles in the

second game. Wayne Harkrider was credited with the win for the Demons and Diaz was credited with a loss.

The loss closed a lengthy winning streak for the Whitefaces including five consecutive conference games.

The Whitefaces will go back into action Tuesday when they travel to Canyon for the final game with the Eagles of the season.

CANYON NOW has an 0-4 record for the conference season. Dumas has a 5-2 and Hereford a 5-1.

Coach Don Dorman said he will pitch one of three men who have been working out in the bull pen in practice sessions recently. They are Barry Johnson, Phillip Cain and Gary Tucker.

Thursday the Whitefaces wind up conference play when they clash again with the Dumas Demons.

If the Whitefaces win the game Thursday they will be the district champions. If the Demons win the conference will be tied between the Whitefaces and the Dumas nine and a play-off game will be held to decide the winning team.

Both the Tuesday and Thursday games will begin at 3:30 p.m.

1921 FIGHT MADE HISTORY

NEW YORK (AP) — Boxing buffs who regard closed-circuit television in arenas and motion picture theatres as phenomenal might be interested in knowing that the pattern was set back on July 21, 1921.

That was the day Jack Dempsey knocked out Frenchman Georges Carpentier in four rounds in Jersey City. It was also the day David Sarnoff helped set up the first broadcast of a boxing bout.

Some 200,000 people heard J. Andrew White's blow-by-blow account. Some of the background of the broadcast is told in David Sarnoff's biography by Eugene Lyons Harper & Row, \$8.95.

OPENING DAY ACTIVITIES — Some 1,400 spectators and 50 drivers participated in the opening day activities at the Hereford Speedway which was opened Sunday by the Hereford Racing Association. Sunday May 22 is the next scheduled racing day. Activities will begin at 2 p.m. (Staff Photo)

FEELS 'ENCOURAGED'

Coach Returns From UIL Meet

Hereford High Schools' head football coach Jack Meredith, said he felt "encouraged" after attending a meeting with the University Interscholastic League committee of directors last weekend.

MEREDITH, along with Hereford school superintendent Johnny Clark attended a meeting with the committee in Austin.

The group discussed the manner in which they could get some rule changes passed which would benefit the schools under the jurisdiction of the UIL.

Interpretations of present rules were also discussed by the group.

The meeting was held to establish better communication between the UIL policy, the coaches and school administrators.

ONE OF THE rules which the coaches were specifically wanting to change was the one dealing with spring training.

Coaches not only want boys to go ahead and work on football techniques in the spring, but if a boy wants to work on basketball or any other sport, the coaches feel he should be able to do this in the spring.

Meredith said they would probably not see any results of the meeting until next spring since the final voting session for the UIL is already over.

The coach said that after at-

tending the discussions he could say that it is very likely for a AAAAA classification to be added in the next two years.

HE SAID THERE is a big AAA and AAAA and that gap can be closed with the addition of the new classification.

Some of the schools have only the required 1,000 students for the AAAA classification while others in the same division have 3,300 students or more.

If the new classification is added, all of the schools in Amarillo and Lubbock would qualify for the new classification while Hereford Dumas, Plainview, Borger and Pampa would be in AAAA competition.

FIRST GAME MONDAY

Pony League Set For Season Start

Play for the Pony League in Hereford will get underway Monday evening when Mayor Ray Cowsert will throw out the first ball at the opening game.

THE SEASON will begin at 7 p. m. at the Pony League Field located in Veteran's Park.

Little League Players Finish First Week

Play continued in the Little League this week following an interruption of bad weather earlier this week.

THURSDAY evening the major league Giants downed the Cubs, 7-4; the Dodgers defeated the Cardinals, 14-5 in the major league.

In the minor league Thursday the Giants won out over the Cubs, 8-6 and the Dodgers downed the Cardinals, 8-5.

Friday evening the major league Yankees downed the Colts, 7-5 and the Braves defeated the Angels 12-10.

THE COLTS won out over the Yankees 13-9 in minor league play and the Braves downed the Angels 20-13.

In Pee Wee play Saturday afternoon the Colts defeated the Braves, 4-3 and the Cardinals downed the Giants 29-1.

1,400 Attend Opening At Local Speedway

Approximately 1,400 spectators and 50 drivers participated in opening day activities at the Hereford Speedway track Sunday.

DRIVERS from Clovis, Hereford, Farwell Friona, Amarillo, Canyon, Bushland and Borger all vied for the trophies presented at the opening races.

Bud Gossett of Amarillo won the first trophy dash race and Ron Krahn of Vega took the trophy in the second race.

Trophies were presented to race winners by Diane Springer, a student at Hereford High School.

Miss Springer was driven on the track in a 1966 Dodge Charger which was furnished by Herdric Dodge of Hereford.

THE NEXT scheduled races will be held at 2 p. m. Sunday May 22 with time trials beginning at 12 noon.

Admission to the races is \$1 for adults and youngsters under 12 are admitted free.

The Hereford Racing Association is a non-profit organization and all profit from the races is used in new facilities for the track.

Pony League Mothers Hold First Meeting

Members of the Pony League Mothers Club held their organizational meeting recently and Mrs. Martin Wagner was elected chairman of the group.

MRS. C. E. Rush was elected co-chairman, Mrs. Marvin Coffey was elected secretary-treasurer and Mrs. Eugene Sparks and Mrs. Ed Loerwald were named purchasing agents.

Mothers were selected to represent each team and the concession stand schedule was planned.

J. B. Odom, White Sox; Mrs. Glen Wilson, Indians; Mrs. Bob Albright, Tigers; Mrs. Dennis Sims, Twins; Mrs. R. E. Lance, Orioles and Mrs. Paul Hendon, Red Sox.

THE SCHEDULE for the concession stand is as follows:

May 16-20 — Indians
May 23-28 — White Sox
May 30-June 3 — Red Sox
June 6-10 — Tigers
June 13-17 — Orioles
June 20-24 — Twins

MACHINE TO READ AND STORE FOR TRANSLATION

WALTHAM, Mass. (AP) — The Air Force has awarded a contract to Sylvania Electric Products to develop a computer that will "read" printed material which is broken up by photos, equations and drawings.

The machine is to analyze foreign journals and distinguish text from illustration.

Company spokesman Dr. James E. Storer said. The project will distinguish text from graphics and identify the various textual categories such as footnotes, captions and tables.

With the format of the article determined, the Sylvania reader will identify text characters and transfer them to storage units where they can be retrieved from abstracting, indexing and translation into English. The unit will read a variety of print forms and analyze complex page layouts automatically.

Following is a schedule which designates the teams by numbers. They are Orioles, 1; Tigers, 2; Indians, 3; White Sox, 4; Red Sox, 5, and Twins, 6.

The schedule is as follows:

May 16 1-2
17 3-4 5-6
19 5-4
20 1-3 6-2
23 3-5
24 1-6 2-4
26 1-5
27 2-3 6-4
30 6-3
31 1-4 5-2
June 2 3-4
3 1-2 5-6
6 6-2
7 1-3 5-4
9 2-4
10 1-6 3-5
13 6-4
14 2-3 1-5
16 5-2
17 1-4 6-3
20 1-3
21 2-4 5-6
23 2-3
24 1-4 6-5

RECEIVE FLACQUE — A memorial plaque in memory of the late T. W. (Wiley) Roberson was presented during a performance at last week's Hereford Riders Club AJRA Rodeo to Mrs. T. W. Roberson. Also on hand for the ceremony honoring the longtime Riders Club member were, and Donald Roberson, sons of the man to whom the junior rodeo was dedicated (Staff Photo)

Local Competitor Tops Jr. Rodeo

Hereford's first American Junior Rodeo Association Hereford's first American Junior Rodeo Association approved rodeo held last week drew some 153 contestants from a three state area, and was termed a "Complete success" by the Hereford Riders Club, which sponsored the show.

Cash awards were presented to all-round champions in each age division.

WINNERS of the awards, which totaled 100, \$75, and \$50 respectively, were Jo Poarch of Hereford and Johnny Edmondson of Stephenville (16-19 age group); Dobbie Ferguson of Petersburg and Kyle Ditto of Andrews (13-15 age group); and Marien Sharp of Lamesa and Marty Petska of Carlsbad, N. M. (12 and under age group).

Local participants made top showing during the three nights of the rodeo, with seven Hereford riders placing in the various divisions.

THOSE PLACING were: Larry Noland, fourth place in the second go-round of the tie down roping; James Lee, third place in the second go in pole bending; Tracy Burgess, third place average in pole bending; Candie Poarch, second place average in barrels and fourth place average in pole bending; Jo Poarch, first place average in barrels, first place average in pole bending, and first place average in flags; Lynne Poarch second place average in barrels and

third place average in flags; Deborah Thomas, fourth place in second go of barrels and second in first go of break-away roping.

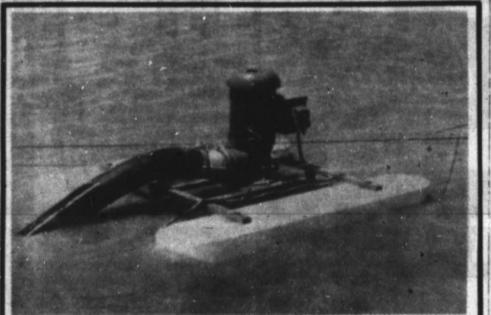

The rodeo was dedicated to the late Wiley Roberson, who was instrumental in promoting the Riders Club in Hereford. A special memorial plaque was presented to his wife, Mrs. T. W. Roberson and her two sons, Hick and Donald Roberson, during Saturday night's rodeo performance.

Members of the St. Anthony's Irrigation League baseball team will travel to Umbarger today for a game at 2:30 p. m.

The team now has a 1-1 record for the season, winning its first game over Silverton and dropping a game last Sunday to Nazareth.

Team members will have one more game away from home before returning to the home territory. Sunday May 22 the Hereford squad travels to Silverton for a rematch and then Sunday May 29 the locals clash with Nazareth here.

American Legion Club Coach, Manager Named

American Legion officials met recently and selected Rex Lee as coach for this year's baseball team.

JOHNNIE HANEY was selected to manage the team and plans for tryouts will be finalized when the high school baseball season ends.

Tryouts will be held a few days following the finish of the 1966 high school baseball season and play will begin soon after that.

Boys 15-18 are eligible to play on the American Legion squad. Schedule plans will be finished soon, according to Lee.

There are 12 teams in the same district with Hereford and the district is divided into two divisions. HEREFORD PLAYERS compete in the southern division.

This division includes, Hereford, Canyon, Groom, Caprock, Tascosa and the Sandies. The last three teams are all Amarillo teams.

The northern division is comprised of Pampa, Borger, Dumas, Perryton, Amarillo Carver and Palo Duro, also of Amarillo.

After the completion of district play there will be a tournament which will include the first and second place teams from each division.

THIS TOURNAMENT will be held during the third week of July and will be a double elimination event.

All home games from Hereford will be played on Saturday or Sunday afternoon, since the local field is not lighted for night games.

BEN FRANKLIN'S

303 N. MAIN

By MELVIN YOUNG

Andrew Kersten, local farmer and member of the High Plains Underground Water Conservation District Board of Directors has just returned from Washington, D.C. where he attended a hearing on the North American Water and Power Alliance (NAWAPA) project.

In case you're not familiar with it, NAWAPA is a master plan concept that proposes taking advantage of the geographical and climatological factors of the North American continent in contrast to the single river basin plan. It would utilize the excess water of Alaska, the Northwest Territories and the Rocky Mountain regions of Canada, and distribute into the water-deficient areas of Canada, the United States and Northern Mexico in sufficient quantities to assure adequate water supplies for generations to come.

Other water plans which have been proposed are for the most part, stopgap, piecemeal plans utilizing only one river basin, transferring this water to a particular area suffering from a critical shortage.

NAWAPA, on the other hand, would be a continent-wide development of natural resources on a long-term basis for the eventual benefit of all.

The Panhandle area however, had been deleted from the initial planning of the NAWAPA project, with the nearest canal coming into West Texas in the Pecos area. At present Congressman Walter Rogers of the 18th Congressional District, and Congressman George Mahon of the 19th Congressional District are working diligently to get the Panhandle area included in the project studies.

Certainly the NAWAPA project is a grandiose plan, and will be many years in the making, but it may be the eventual solution to our water problems and we would certainly want the Panhandle to be included in any study. Thirty-three of the states would directly benefit from NAWAPA. In Canada, direct benefits would accrue to 7 provinces and 1 territory. Three of the largest and most arid states in Mexico would receive water of unfold value. And at today's competitive prices this system could produce income substantially in excess of \$4 billion annually from the sale of power, water at the ditch side, and related direct benefits.

The land which could be irrigated with the conserved water would equal a 35-mile strip 2,500 miles long, or 87,500 square miles. In delivering 20,000,000 acre feet of water to Mexico the plan allows that country alone to develop 8 times as much new irrigated land as the Aswan High Dam will provide Egypt. Forty million acres could be irrigated in the United States.

NAWAPA could provide a navigable waterway from Alberta to Lake Superior. The canal system, plus the development of rivers in north central Canada, would distribute irrigation water across the plains and increase the flow through the Great Lakes-St. Lawrence System to alleviate water pollution and lowering water levels of that area.

Total cost of the NAWAPA system would exceed \$100 billion and would take more than 30 years to complete. Solutions of the political and engineering phases could take as long as 10 years. Twenty years might be necessary to complete construction. However, some increments can be completed and operating in considerably less time.

The plan has some opposition however. Many naturalists who wish to keep the scenic lands of our nation unspoiled are making a fuss in Washington and apparently are going to great lengths to influence their congressmen.

But it boils down to this, simple fact: Which is more important — water for crops to feed a nation — or the conservation of our scenery? Strategically located dams along the many rivers would back-up and store millions of gallons of water, covering thousands of acres of scenic lands in the process. It would however, create many, many recreational areas not now in existence.

THE NAWAPA project — unlike many government projects — is based on sound economics. Income from the sale of water and power would operate and

maintain the system, and eventually return the capital investment. NAWAPA would be a good neighbor policy in substance and fact. It deserves the serious consideration of everyone as a solution to our number one problem — water.

—HB—
In our own area, field men for the Plains Underground Water Conservation District are covering the county in an effort to stop violators of the Vernon Civil Statute clause which states farmers "shall not let water escape property where it is being used."

Of course many farmers in the district have done an excellent job in curtailing and reusing their tailwater. Others have installed lake pumps and are utilizing water from lakes on their farms — much of which has run-off from neighboring farms. Most farmers, we feel, will try to cooperate with their neighbors and with the water district in an effort to get the maximum use out of every gallon of water, since most of them realize that even if the Panhandle area is taken into the NAWAPA system (if and when it is finally approved and constructed) it could be many, many years before we would begin receiving water from this source. We must make our present supply last.

Without water, Deaf Smith County would soon revert to cattle and dry-land farming. And you who have been down that road know that our normally booming economy would no longer be. This is not a good dry-land country. Our average rainfall is far short of that needed — and if you have ever studied the rainfall charts, you will have noticed that the rainfall averages just 100 miles east of here are considerably greater.

We don't mean to alarm anyone — but we would like to encourage everyone to cooperate with the water district in a program of water conservation. As the slogan says: "Water is your future — Conserve it!"

Walcott School Graduation Set For May 24

The largest class ever to graduate from Walcott School, 15 students who are completing the eighth grade, will receive diplomas in a program scheduled for 8 p. m. May 24 in the school auditorium, Principal J. G. Hobson announced.

Honor students are Margaret Minks, daughter of Mr. and Mrs. Norman Minks, valedictorian, and Barbara Brown, daughter of Mr. and Mrs. Ernest Brown, salutatorian. Speaker for the graduation program will be the Rev. James Martin, pastor of Westway Baptist Church. Diplomas will be presented by J. V. Perrin, president of Walcott School Board, and awards by Hobson.

Students in the class will attend Stanton Junior High School in Hereford next year, for ninth grade work, Hobson said.

NEWS

Jon David Miller presented the program for Dawn Boys 4-H Club Monday. He told of his stay in Denmark as an AFS student, and showed slides taken there.

Stephen Hoffman reported on club members' participation at county and district 4-H contests. Tommy Betzen gave highlights of the recent county Leadership Workshop.

County Agent Justin McBride explained subject matter groups planned for the summer. He announced that Neil McAndrews was selected as Citizen of the Month for May.

Also present were Paul Galley, Tommy and Wayne Betzen, Dion Miller, Gerald Witkowski, Mrs. Orval Galley and Mrs. Clarence Betzen.

SEEK NEW BUS — Edward Cantu and Bertha Zepeda, fourth grade students at St. Joseph's Mission School, point towards the slogan "Help It Grow" for a current drive to collect 3,200 books of savings stamps to purchase a new bus for the mission, as Brother Chrys sticks in stamps in one of the more than 150 books of stamps donated thus far towards the goal. (Staff Photo)

HHS Class Sets Up Work Display

Hereford High School Industrial Arts students have set up an exhibit of some of the projects in Sugarland Mall which were made during the school year.

THE EXHIBITION is set up in the Mode O Day building across from Penneys and includes projects from the crafts, drafting, metal, mechanics and woodwork classes.

A special item in the display is the reserve grand champion project which was recently entered in the West Texas State University Industrial Arts Fair. This project is a grandfather clock made by Richard Kuper and is for sale.

Also in the exhibition are two division winners from the West Texas State University Fair.

CARL McCaslin Lumber Company is offering a first place prize of approximately \$30 worth of hand tools and a second place prize of about \$25 worth of tools and a second place prize of about \$25 worth of tools to the students of Woodworking II for the best projects in this class.

Other projects in the exhibition include a table which is

Branding May Change From Hot To Cold

A new method of branding may replace the old type hot iron branding which has been a tradition for hundreds of years on the plains, according to a report received by Deaf Smith County Agent, Justin McBride. THE NEW method is called freeze branding and will control the pigment of the skin and the hair which grows back in the brand is white.

If proved successful this method will help farmers in identifying cattle easier for records. The brand is applied with a cold iron instead of a hot one. The iron is chilled by putting it in an alcohol solution which contains dry ice.

At the present time those experimenting with the new process have observed the brands through two hair cycles and the white hair has stayed permanent.

THE PROCESS using the dry ice technique cost only about five cents or less per brand.

Thus far one draw back to using the new method is that the animal must be clipped where the brand is to be applied. This takes considerable time and many farmers will not want to take this extra time when branding the animals.

McBride said he will be receiving more information on this process during the next few months and will be sharing it with the farmers of this area.

IN THE past the hot brands would get covered with hair and it would be almost impossible for the farmer to see the number for his records.

Ear tags are also impractical, because the animal usually drags them off on a fence or bushes.

Look Who's New

Mr. and Mrs. David J. Carthel are the parents of a son, born May 14. He weighed 8 lbs. 6 ozs.

Mr. and Mrs. Clifford R. Snyder Jr. are the parents of a son, born May 13. He weighed 8 lbs. 8 ozs.

Mr. and Mrs. Jesse Soliz are the parents of a son, born May 13. He weighed 8 lbs. 5 ozs.

Mr. and Mrs. Fernando P. Gamez are the parents of a daughter, Bernice, born May 11. She weighed 5 lbs. 4 ozs.

St. Joseph's - Mission Seeks Stamps For Bus

St. Joseph's Mission at the Labor Camp has started a crusade to obtain a new bus for use by St. Joseph's school and church. Brother Chrys and other officials at the mission are hoping to obtain 3,200 books of stamps to purchase a 66-passenger bus for the mission.

After a week of stamp collecting, the Mission now has more than 150 books towards the goal.

The bus can be obtained through the S&H Green Stamp Corp.

Officials said that several locations have been set up to receive stamp donations for the drive, which got underway with savings stamp contributions from several Latin American families whose children ride the bus to and from the Labor Camp school.

Stamps may be donated for the drive at the First National and Hereford State banks, as well as HI-Plains Savings & Loan.

Any type of trading stamps will be accepted, officials said. Stamps may also be mailed to St. Joseph's Mission, Route 2, Hereford, or arrangements can be made to have contributions picked up by calling the mission at EM 4-068, according to Brother Chrys.

The mission now has two small and "tired" buses. Brother Chrys pointed out. The new bus would be used for all functions at the mission.

Jaycees List Plans For Teen Driving Contest

Hereford Jaycees have announced plans for the annual Teenage Road-E-O Safe Driving Contest to be held here May 28, with the winner of the local contest to compete in statewide competition.

Entry blanks for the contest, open to anyone below 19 years of age as of Aug. 1, 1966 will be available at Hereford High School, beginning Monday.

THE CONTEST will be held at 9 a. m. on May 28 at the parking lot.

Winner of the local event will compete in Pampa for the statewide title and a chance to enter national competition sponsored by the Jaycees and the Lincoln-Mercury Division of Ford Motor Co.

Locally, Stephens-Hudson Motor Co. will furnish autos to be used in the May 28 contest.

Assisting in conducting the contest will be the Texas Department of Public Safety Highway Patrol and the Hereford Police Department.

Notice is hereby given that the Zoning Commission of the City of Hereford, Texas will convene at the City Hall at 7:30 p. m. on the 31st day of May, 1966, to consider rezoning the following property. All of lots 8 thru 11 inclusive in Block 8 Womble Higgins Subdivision to the Town of Hereford, Deaf Smith County, Texas.

The above request has been submitted to the City Zoning Commission requesting that the above property be rezoned from "C" multi-family district to "E" central business district. Those interested in the above request are invited to attend the meeting on the date set forth above. The recommendation of the Zoning Commission of the City of Hereford, Texas on the above described property will then be considered by the City Commission of the City of Hereford, Texas on the 6th day of June, 1966 at 7:30 p. m.

Mary V. Watts City Secretary S-46-1c

Legal Notice

Notice is hereby given that the Zoning Commission of the City of Hereford, Texas will convene at the City Hall at 7:30 p. m. on the 31st day of May, 1966, to consider rezoning the following property. The East 60' of the S.10' of lot 18 and the East 60' of lots 19 and 20 in Block 10 Evants Tur-rentine Subdivision to the Town of Hereford, Deaf Smith County, Texas.

The above request has been submitted to the City Zoning Commission requesting that the above property be rezoned from "C" multi-family district to "D" Restricted local retail district. Those interested in the above request are invited to attend the meeting on the date set forth above. The recommendation of the Zoning Commission of the City of Hereford, Texas on the above described property will then be considered by the City Commission of the City of Hereford, Texas on the 6th day of June, 1966 at 7:30 p. m.

Mary V. Watts City Secretary S-46-1c

Legal Notice

NOTICE OF ZONING HEARING TO ALL PERSONS INTERESTED IN THE FOLLOWING DESCRIBED PROPERTY: Please take notice that on the 31st day of May, 1966 at 7:30 p.m. in the office of the City Commission in the City Hall in the City of Hereford, Texas, the Zoning Commission of the City of Hereford will conduct a public hearing with respect to the proposed Zoning Districts of the

Spring Flowers Will Make Show

Hereford Garden Club has slated its Spring Flower Show for next Friday afternoon in Community Center, but will limit it to club members, Mrs. Ray Johnson, president, has announced. Uncertain weather this spring with consequent delay in bloom is the reason for the restriction.

A workshop preceding the show was held Friday in Community Center, with Mrs. Ray Carille, show chairman as leader. Theme of the show, to be open from 2:30 to 6 p. m., will be A Day in the Garden. With Mrs. Carille directing, a number of committees will work in staging the display. Mmes. Ben Childres, O. G. Hill Sr. and J. H. Craver are on the schedule committee. Mmes. W. C. Hromas, Sam Morgan and J. V. Pickens in charge of staging.

Mrs. Hale is chairman of show publicity. Mrs. S. S. Williams of awards, Mrs. Manjeet of judges, Mrs. J. N. Jacobsen Jr. of educational exhibits, Mrs. A. M. Stoy and Mrs. R. E. Lance Jr.

following described property which is proposed to be annexed to the City of Hereford, with petition on file with the City Commission of said City, and that the Petitioners for annexation have proposed pursuant to the Zoning Ordinance, that such property be annexed as subject to the hereinafter indicated Zoning Districts, to-wit: All of lots 1 thru 12 inclusive in Block 3 Stark Addition to the Town of Hereford, Deaf Smith County, Texas, proposed to be annexed to Zoning District "C". All persons interested in such proposed zoning regulations are invited to appear at said public hearing. Mary V. Watts City Secretary S-46-1c

Schedule changes were discussed in detail by Mrs. Childers at the workshop; Mrs. Hromas outlined staging plans, Mrs. Williams gave instructions for preparing horticulture specimens and Mrs. Ethridge for grooming and hardening material to be used in arrangements. Each member showed a flower arrangement named in the show schedule, and the entire club judged these under leadership of the national judges who are members, Mmes. Hill, Manjeet, Jacobsen and Ethridge.

Mrs. Childers presided for business in Mrs. Johnson's absence. Committee reports were made on recent work by the club on community projects at King's Manor and Hereford High School. Roses in the memorial plot at the school are being replanted, and on the Manor grounds planting are being tended, a bird bath and stepping stones installed. Members at the workshop included Mmes. W. T. Axe, C. D. Kelton and Jeff Robertson and those on show committees.

FOUR INVADING INSECTS

CHAMPAIGN, Ill. (AP) — A University of Illinois entomologist says four crop-eating insects have invaded Illinois and pose varying threats to its crops. W. H. Luckmann, who heads the Illinois Natural History Survey, says the alfalfa weevil, the western corn rootworm, the southwestern corn borer, the cereal leaf beetle are giving farmers headaches.

The alfalfa beetle is labeled as the most destructive insect to enter Illinois in many years. "Without insect treatment, some farmers may lose entire alfalfa stands," he said. The western corn rootworm entered the state in 1964. Last year it was reported in six counties in western Illinois. The southwestern corn borer first appeared in 1963 and last year five other counties had infestations. The cereal leaf beetle is another recent invader and appeared in seven locations along the eastern side of the state.

HEAD NEW ORGANIZATION — Deaf Smith County League of Vocational Nurses was organized this week, with officers elected and installed Thursday evening and the next meeting set for June 23 in the dining room of Deaf Smith County Hospital. Mrs. D. A. Sutter, seated, is the president. Standing from left are Mrs. David Parmer, treasurer; Mrs. Paul Aguirre, vice president, and Mrs. W. N. Rieger, secretary-reporter. They were installed by visitors from Leveland, Mrs. Mildred Conner, past state vice president, and Mrs. Zelda Baker, vice president of the Hockley-Lamb County League. The new group here is planning for representation at a state meeting in McAllen June 14-17.

Visitors from the Dimmitt Lions Club were included at this week's meeting of the Easter Lions Club.

Easter Community Ladies Club met in the home of Mrs. S. L. Garrison Thursday. After a short business session, the her recent trip to the California Coast, Yosemite Park and agricultural sections of California. Members present were Mmes. J. H. Flood, C. L. Hall, John Key, Fred Walton and Trent Downing.

The Ernest Flood family of Westway visited Mr. and Mrs. J. H. Flood Sunday.

Mrs. Artie Cone and Mrs. Fred Jones of Dimmitt visited Saturday with Mrs. J. H. Flood.

Mrs. John Burnett has been in Dalhart several days this week.

Mr. and Mrs. C. L. Hall visited the Shorty Oldham family in Dimmitt Sunday.

Carolyn Scarborough has been ill this week and is now convalescing at home.

Mrs. Fred Walton visited Mrs. E. S. Umberson in Dimmitt this week.

Mrs. Ruby Stone is visiting in Oklahoma several days.

Kiwanians Hear Viet Nam Report

Kiwanis Club members heard Marine 1st Sgt. Butrick, who has recently returned from Viet Nam, explain the position of the Marines who are fighting in that war.

HE EXPLAINED that not only were the Marines there to fight the Viet Cong, but they must also help the Vietnamese people who have under the oppression of the Viet Cong. The Sargeant explained that the problems in Viet Nam are many.

Disease in the small country takes a large number of the population of the country each year.

Two of every six children remain alive six years and the life span among the Vietnamese people is only 33 years of age as compared to 70 in the United States.

The majority of the people in Viet Nam cannot read or write and most of them have never heard of Russia, China or the United States.

MARINE MEDICS treat some 10,000 people a week because there are only 300 doctors in the country which has a population of 15,000,000.

He said it was nothing uncommon for a group of Marine soldiers help an 80-year-old person to take the first bath he has ever had with soap.

"They have a type Malaria over there which is so terrible it even kills the mosquito," the sargeant said with a smile.

"The men fighting this war are young men," he continued, "most of the privates fighting are 19 3/4 years-old, the non commissioned officers' ages average 21, sargeants' ages average 23, Company commanders' average 30 and Majors average 37-39."

MOST OF the fighting is done after dark. Some 87 per cent of the fighting is conducted at night.

The Viet Cong are using tunnel warfare. This is the use of tunnels which may run for miles to a cave or another opening which provides their soldiers an escape as well as a hiding place.

When the United States soldiers find an opening to one of these tunnels, they send a crew into them to trace them and destroy them.

Visiting Shrine Wives Honored

Wives of visiting Shriners and doctors here Saturday for the annual Oasis Shrine Club Children's Clinic were entertained by Hereford Shriners' wives with a tea in the Caison House. Wives of local doctors working in the clinic were included as guests also.

This is the first year for arrangement of entertainment especially for the visiting women. Shriners hosted a dance in Hereford Country Club Saturday evening for all the visitors, doctors, nurses and clinic personnel with their wives or husbands.

For the afternoon party, the refreshment table was centered with a circular arrangement of yellow Dutch iris with eucalyptus leaves.

Miss Jan Story at the organ played while guests conversed during the tea hours. Mrs. Milton Adams and Mrs. H. A. Caviness assisted the hostess group in greeting and introducing the doctor's wives.

House party members were Mmes. Palmer Norton, Jack Straw, Kenny Gearm, C.P. Worthan, Ross Latham, Bill Waldrep and Irving Alexander.

DON CAVINESS

College News About Students From This Area

New Mexico Phi Chapter of Sigma Alpha Epsilon Social Fraternity at New Mexico State University presented its annual "Mr. Sigma Alpha Epsilon" award to Don Caviness, son of Mr. and Mrs. Olen Caviness of 411 Star, during the fraternity's annual Spring Formal at the Sheraton Inn in El Paso Thursday.

Caviness has held every major office of the fraternity, and was president in the spring of 1964. He served this year as director of housing and helped to plan the new fraternity house for Sigma Alpha Epsilon in University Park, Las Cruces.

He will receive his bachelor of business administration degree in June.

During the ceremony, it was pointed out that Caviness is a member of a family which has an extensive background in Sigma Alpha Epsilon, the world's largest social fraternity.

His father was a member of the New Mexico State Chapter when it was known as Phi Chi Psi in 1936-38. His uncle, Pete Caviness, also of Hereford, was vice president of the chapter when it received its Sigma Alpha Epsilon charter in 1941. Terry Caviness, son of Mr. and Mrs. Pete Caviness, is a pledge to the fraternity at Texas Tech.

SCIENCE FAIR WINNER — Frank Nobles, Hereford High School sophomore and winner of a U. S. Atomic Energy Commission Special Award at the 17th International Science Fair in Dallas, is shown explaining his project to an AEC judge, Dr. Elizabeth R. Graves of Los Alamos Scientific Laboratory in New Mexico. [AEC Photo]

WILL GO TO CHICAGO

Hereford Youth Receives AEC Award For Project

A Hereford High School student, Frank Nobles, son of Dr. and Mrs. M. W. Nobles of 111 Sunset Dr., was one of ten high school science students receiving special awards from the Atomic Energy Commission for outstanding nuclear-related exhibits in the 17th International Science Fair at Dallas Friday.

Clinic . . .

sure treatment received had been effective. Dr. A. T. Mims, medical director for the event, said that about one-third of the children were returning for the second or more times. Electrocardiograms were run on many of the children, who were examined for heart problems.

Many of the children were recommended for further treatment, which will be carried out either by their family doctor or a specialist in a near-by town.

IF THE CHILD does need further treatment, and the parents are unable to pay the cost for the treatment, expenses are paid by the Oasis Shrine Club.

In the past 10 years, some \$100,000 has been spent by the local club for treatment for these children.

SOME OF the children will go to Dallas where they will be given an even more thorough examination by another specialist.

Doctors and children were provided with lunch at the high school cafeteria during the examinations.

MEMBERS OF the Pink Angels at Hereford High School, as well as nurses from Hereford and area towns, helped doctors during the examinations.

The Khiva Klowns from Amarillo provided children with entertainment during waiting periods before examinations.

These clowns passed out toys and balloons to the children at the Community Center and the Clinic.

A NUMBER of out-of-town Shriners were on hand to guide the children to the proper places in the clinic for examinations.

The Khiva Greeters were also at the clinic to help out with the children.

At 5 p. m., doctors met at the Jim Hill Hotel for a roundtable discussion and at 8 p. m. a dance was held for the Shriners and doctors at the Country Club.

Palmer Norton was chairman of the day-long event. Specialists from Hereford, Lubbock, Amarillo, Dallas and Houston were present for the event.

brings with it an invitation for each winner and his science teacher to attend an expense-paid "Nuclear Research Orientation Week" in August at the Commission's Argonne National Laboratory near Chicago.

Dr. Paul W. McDaniel, Director of the AEC's Division of Research, presented the certificate.

A 15-year-old sophomore at H.H.S., Nobles had earned the right to compete in the International Science Fair by winning the Amarillo Science Fair, and earlier, the Hereford Science Fair.

AMONG THE 419 finalists at Dallas, 57 were considered for the AEC awards because their science projects either dealt directly with some aspect of nuclear science or employed nuclear research tools such as radioisotopes.

Exhibits were evaluated by 12 judges from the AEC Headquarters and other installations ac-

live in the U. S. atomic energy program. Exhibitors were judged on the scientific excellence of their project and its relationship to nuclear science, effectiveness of the exhibit in imparting information to the general public, and knowledge of nuclear science displayed by exhibitors during interviews with the judges.

THE NUCLEAR Research Orientation Week at Argonne will be held August 13 - 19. It includes tours of all unclassified research facilities, conferences with scientists working in the visitors' special fields of interest, and experimental work in the instructional laboratories of Argonne's Institute of Nuclear Science & Engineering.

The Hereford student's project was entitled "Uptake and Movement of Radioactive Phosphorus in Plants."

His science instructor at Hereford High is Virgil Young.

Drivers . . .

(Continued from Page 1) Grand Avenue, and then east at speeds of up to 100 miles per hour.

Police said the youth ran 12 stop signs during the chase, speeding through two of them at "at least 100 miles per hour."

At one point, the auto raced through the parking lot at Sugarland Mall Shopping center, with police in close pursuit, but was able to avoid being curbed there. It narrowly missed colliding with an auto in the parking lot as well as on two other occasions.

At the intersection of 13th and Avenue J, the vehicle missed hitting a small child by a matter of a yard or so, police said.

ALL UNITS OF the city police, plus units of the Highway Patrol and the sheriff's office, were attempting to stop the vehicle by this time.

Some three miles after the chase began, the car went out of control, careened across a yard, and stopped at 14th and Avenue J.

SEVEN SQUAD cars were on the scene in a matter of seconds, but the passenger of the auto jumped out and was chased down on foot.

The youths are to appear in juvenile court Monday morning and the driver of the auto will face at least 11 traffic citations.

Police said that the driver of the auto possessed a driver's license and that his mother had loaned him the 1964 model auto he was driving.

Then, at 11:30 p. m. Friday, police attempted to stop an auto driven by a 23-year-old Hereford man. When the driver of the 1955 model auto saw that police were in pursuit, he sped west on Park Avenue at up to 80 miles per hour, turned north on B to 13th and right on 13th for about

a block before jumping a curb and coming to rest in a yard. The driver of this auto faces six citations.

Shortly thereafter, a unit of the Texas Highway Patrol attempted to stop a 1965 model auto for driving ten miles per hour above the speed limit, after following the auto along 385 and then onto a dirt road leading into Hereford.

THE AUTO REACHED FM 1259 and dodged through southeast Hereford at a high rate of speed, running with no headlights. At one time, the auto sped out of an alley and narrowly missed colliding with the highway patrol unit.

The chase then turned east on 1259 at speeds in excess of 120 miles per hour, then for some four miles along a dirt road at 110 miles per hour.

The auto came to a stop after losing oil pressure.

OCCUPANTS of the auto — a 16-year-old boy, an 18-year-old youth, and a 20-year-old girl — jumped and ran into a field but returned when summoned by the highway patrolman.

Eight charges were filed against the driver, from a total of 20 possible, the investigating highway patrolman said.

Driver of the vehicle, the younger youth, was fined \$225. The two passengers were fined \$100 each on charges of minor in possession of alcoholic beverage, littering (the latter charge resulting from throwing seven six-packs of beer bottles onto the road in front of the highway patrol unit), and being principles in two traffic charges.

At Moscow University, members of the Voluntary People's Guard for the Preservation of Social Order sometimes search rooms at midnight for illegal residents.

Democratic . . .

(Continued from Page 1)

RESOLUTION

WHEREAS, the Honorable Lyndon B. Johnson as President of the United States has provided our nation with wise, strong and effective leadership in the constant struggle of America throughout the World to obtain, protect and insure the basic rights of human dignity, freedom, and equality for all mankind; and,

WHEREAS, the Honorable John Connally as Governor of Texas has given and provided inspired, dedicated and responsible leadership to a state administration which has achieved unparalleled accomplishments for the progress of the State of Texas and its People; and,

WHEREAS, The Democratic Party of Texas has provided leaders at every level of government who have sought with dedication and ability the solutions to the many problems involved with our everchanging society; and,

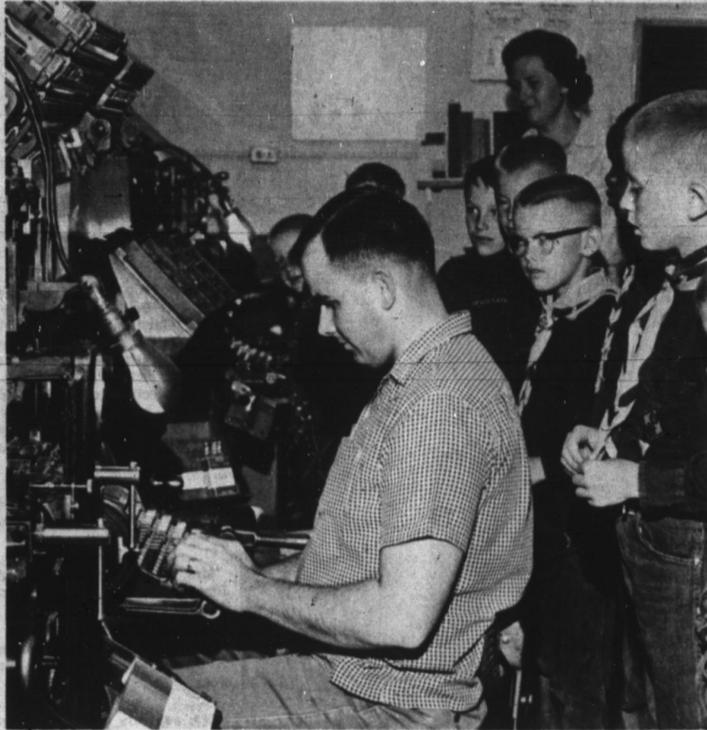

WHEREAS, In this year of 1966, the Democratic Party of Texas again has the responsibility of electing those persons to public office who will support President Johnson and Governor Connally in their efforts to provide for the people of the United States and of the State of Texas maximum opportunities to realize their full potential and abilities as citizens; and,

WHEREAS, It will be the special responsibility and opportunity of the Democratic Party of Texas to elect a Democrat to the United States Senate to replace the incumbent Republican; and,

WHEREAS, the Honorable John Connally, as governor of Texas, is the leader of the Democratic Party in Texas and will be primarily responsible for implementing the platform adopted by the "Governor's" State Democratic Convention in September and the campaign successes in the November General Election;

NOW THEREFORE, BE IT RESOLVED by the Democratic Convention of Deaf Smith County, that this convention does hereby express its confidence in and support of the Honorable Lyndon B. Johnson as President of the United States and as the leader of the Free People of the World, and does further express its confidence in and support of the Honorable John Connally as Governor of Texas, and this Convention does hereby urge all Democrats to support the nominees of the Democratic Party for all public offices, and does further hereby bind its delegates to the 1966 State Convention under the "Unit Rule" to support at such Convention the Honorable John Connally, his leadership, his program, and his recommendations in matters relating to the Democratic Party and his administration of our state Government.

Tongass national Forest in Alaska is the largest wilderness preserve in the United States. The 16-million-acre woodland covers three-fourths of southeast Alaska.

In this photo, Brand employe John Garmon operates a complicated machine which sets type for the paper. Tours of the Brand may be arranged by calling EM 4-2030. (Staff Photo)

Stanton Choirs Present Concert Tuesday Night

Choirs of Stanton Junior High School will present their annual spring concert at 8 p. m. Tuesday in the school's auditorium, with the public invited. No admission charge will be made.

A varied choral program will be directed by Douglas Morris. Songs will range from religious and patriotic selections to folk tunes and popular music.

In addition to the eighth grade mixed choir, groups participating will be two girls' choirs of seventh graders and seventh grade boys' choir.

Board . . .

(Continued from Page 1)

As an area vocational school, the program would accept students from throughout the region, and would possibly offer vocational training to adults of the area.

ALREADY APPROVED by the board as additions to the high school curriculum in the fall are classes in auto mechanics, building trades, cosmetology, and Industrial Cooperative Training.

These courses are not general in nature and are designed to train students sufficiently in a specific trade to enter the

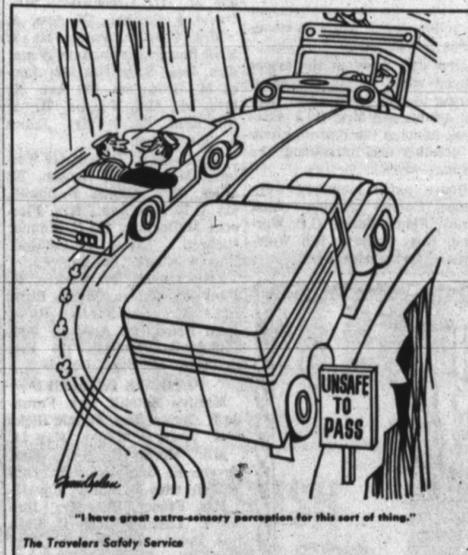

labor market in his chosen field following graduation.

For this reason, cost of setting up the program will be extensive.

BY BEING approved as an area vocational school the district would pay only half the amount required to set up the program.

Preliminary estimate for cost of the building is \$180,000 and for equipping the classes (with such instructional necessities as auto repair tools and "beauty shop" equipment) exceeds \$30,000 for an "ideal" program; however, the board anticipates spending \$12,000 to set up the courses during the initial year.

You Bet Your Life

Passing on curves and hills killed or injured 15,000 persons in 1965.

Road . . .

(Continued from Page 1) Center and going west some six miles, then south to the existing FM 1057.

IN PRECINCT three a road would be constructed north from Harrison Highway at a point 12 miles west, going north for some six miles.

Thursday, the Brand carried a story stating that whether this project would be undertaken was in question; however, commissioners said Friday that the project would be included in the bond issue.

Commissioners said they hope to include projects in each of the county's four precincts, since the bond election is county-wide in nature.

ALSO TO BE completed would be paving of a road in precinct one.

However, exact location of the project has yet to be determined, according to precinct one commissioner Earl Holt.

IDEAL LOCATION for the road would be along a route east from near the old Progressive schools; however, Holt points out, heavy development of the area is making it difficult — if not impossible — to find a clear right-of-way which would meet the state's required 100-foot width.

This is due to the fact that close proximity of irrigation wells underground water systems, utility poles, and even houses have thus far made it impossible to find a clear 100-foot path for such a road.

ALTERNATE location would be south from the east edge of Hereford, where Texas Highway Commission traffic surveys show heavy need for such a highway, which would probably be extended on south in Castro County to U. S. Hwy. 385.

Commissioners also noted Friday that state estimates for the cost of the projects show an apparent sizeable increase in paved road construction costs — from some \$18,000 per mile three years ago to what the Texas Highway Commission expects will be some \$20,000 per mile on the work being considered now. During informal discussion of the matter, commissioners blamed "inflation" as the cause of the increase.

IT WAS EXPLAINED by commissioners that should the cost-per-mile for constructing the four above-mentioned roads run higher than anticipated, adjustments would be made in length of the individual projects rather than in location of the paving.

Goal of the commission, according to recent discussion, is to provide as much paving as is possible through the \$450,000 bond issue, if voters so grant.

In addition, commissioners said they hope to continue smaller paving projects such as those undertaken this year, financing such work with normal operating funds as means are available.

Chamber . . .

(Continued from Page 1) The board also appointed a sub-committee to look into the possibility of establishing a permanent home for the Chamber of Commerce at the expiration of the present lease.

Adventures in ADVERTISING

Advertising doesn't jerk... IT PULLS

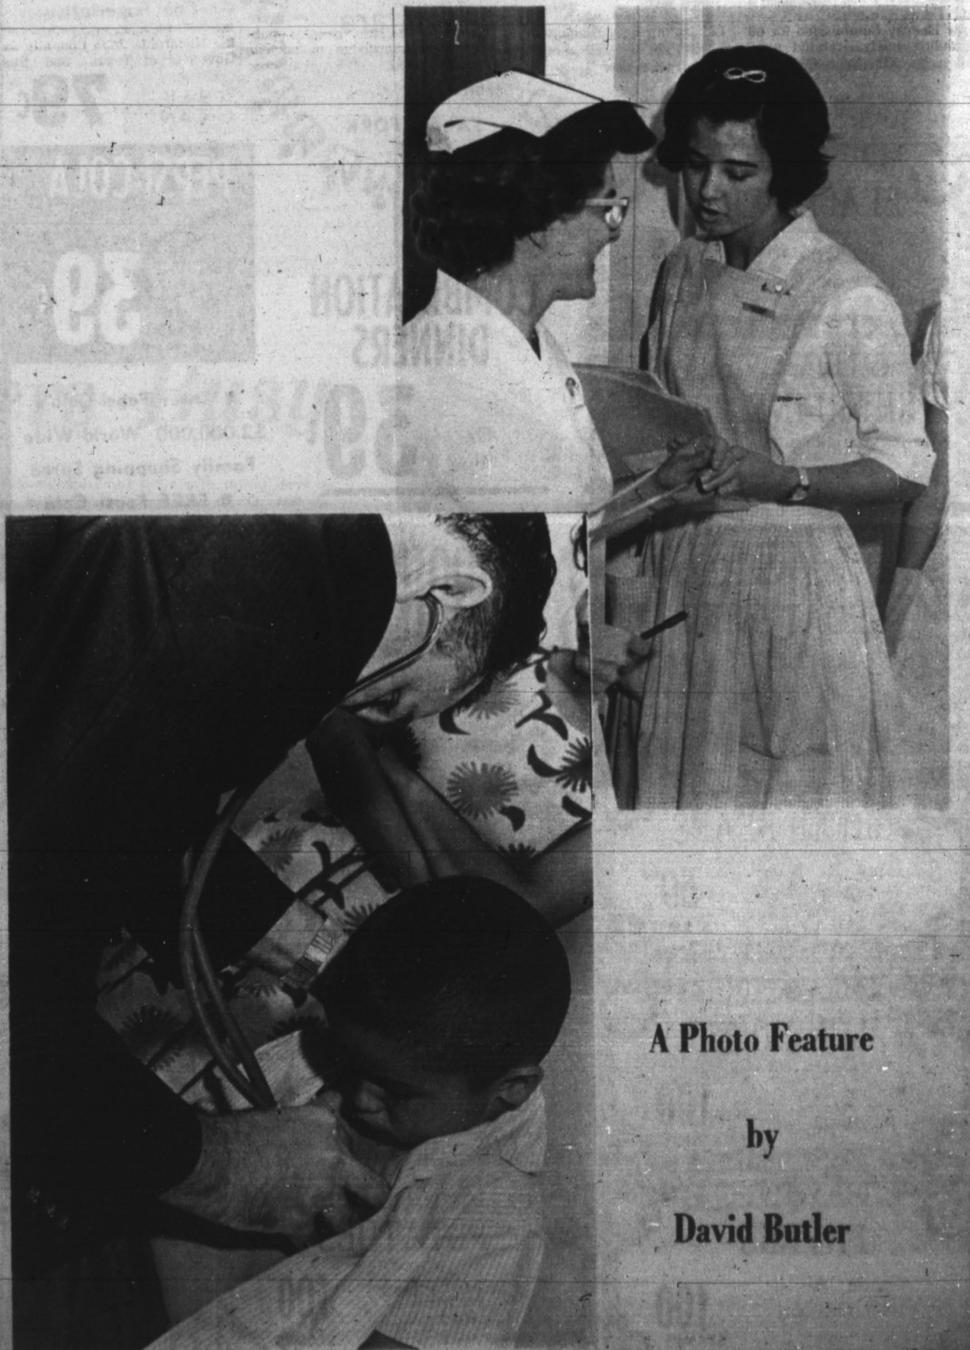

"If there is one enterprise on earth that the quitter should let alone, it is advertising. Advertising does not jerk — it pulls. It begins gently at first, but the pull is steady. It increases day by day, year after year, until it exerts an irresistible power."

John Wanamaker

Jaycee-Ette Post Filled In Election

Hereford Jaycee-Ettes will meet in Community Center at 7:30 p. m. Monday. Mrs. Don Haynes, elected president at a called session this week after the resignation of Mrs. Joan Meador, will preside.

Mrs. Haynes has been serving

as treasurer, and Mrs. Troy Vinson was elected to fill that office. The meeting was in the home of Mrs. Wayne Houlette with Mrs. Kent Turner as hostess.

Members are making garters to be given as favors at the National Jaycee convention in Detroit next month. This is a project of Texas Jaycee-Ettes, and the local group is working on 150 of the decorated garters. Others present at the meeting were Mmes. Jerry Shipman and Dick Kendrick.

To Recite Vows Today

IN BRIDAL ATTIRE, two Hereford misses who are to be married in church ceremonies today are pictured. Miss Caroline Lubbock, and Miss Mary Russell of James Stapleton, El Paso.

A MORNING WEDDING in First Methodist Church is planned at 8:30 for Miss Brumley and her fiance, who are to make a home in Lubbock. (Angel photo)

A CAMPUS CHAPEL at Sul Ross College, Alpine, will be the setting at 5 p.m. for the Russell-Stapleton vows, and a trip into Old Mexico will follow.

HEREFORD, TEXAS 79045, SUNDAY, MAY 15, 1966

Gardeners Busy

SPRING FLOWER SHOW time will be next Friday, when the club will hold its annual displays of horticulture and arrangement, limiting entries this year to members. Mrs. Ray Carlile, standing, is general show chairman and Mrs. W. C. Thomas staging chairman.

BRISK ACTIVITY for Hereford Garden Club members has come with spring days as varied projects are being conducted. Mrs. R. L. Wilson and Mrs. O. G. Hill Sr. stand at the base of a tree planted on Arbor Day on Northwestern Elementary School campus to pair with another tree across the walk, part of a continuing program of grounds beautification.

A MEMORIAL PLOT of roses near the entrance of Hereford High School is being replanted, with assistance from FFA members in the school. Mrs. Ralph McCullough advises Mrs. R. F. Lance Jr. in the placing of a new plant. Originally set entirely with Peace roses as a fitting tribute to HHS ex-students who have died in military service, the plot is having pink Chicago Peace and red Rondelay rose bushes added.

Mrs. Joe Hersley
nee Margaret Frerich

(Bradly Photo)

Margaret Frerich Says Vows With Joe Hersley

Miss Margaret Frerich, daughter of Mr. and Mrs. George A. Frerich, 616 Ave. K, became the bride of Joe Hersley, son of Mr. and Mrs. Harold Hersley, 309 Ave. B, in a late afternoon ceremony Thursday in St. Anthony's Catholic Church.

The Rev. Angelus Delahunt, S. A., officiated for the double ring service in which the bride was given by her father.

Her sister, Mrs. Robert Diller, was matron of honor, Connie Helsing of Dallas and Miss Dorothy Frerich the bridesmaid. Attending the bridegroom were Jim Marnell as best man, Butch Walterscheid and Charles Vasek.

Guests were ushered to their places by Jim and Jon Hersley, Edgar Frerich and William Willis. Sharon Willis was the ring bearer and Hal Hersley ring bearer.

Wedding music was by Kenneth Betzen of Canyon, vocal soloist, and Mrs. Darrell Hersley of Fort Collins, Colo. organist. The processional selection was Bishops' Promenade

(Coke-Jephcott) and the recessional, Postlude (Valenti). Other music included On This Day O Beautiful Mother, Ave Maria, Panis Angelicus, Mother At Your Feet.

The bride's gown of white crepe had a fitted bodice with sleeves ending just below the elbow with edging of re-embroidered Alencon lace, and a skirt straight in front, pleated to circular fullness in the chapel train.

A seed pearl headpiece held her shoulder veil of illusion. Her bouquet was formed of gardenias and stephanotis and her luck pieces included her grandmother's wedding ring and an antique French lavalliere.

Bridal attendants wore dresses of yellow crepe on slim lines, with trains, and carried yellow cymbidium orchids with pom-pom mums. The bride's mother was dressed in a two-piece lace frock in aquamist shade with white accessories and the bridegroom's mother in a mauve knit suit. Each had a gardenia and pom-pom corsage.

For the reception in St. Anthony's school auditorium, the house party included Mmes. Alexander Reinart, Ike Marnell, A. C. Stengel, J. W. Stengel, Joe Peters, Cyril Diller, Jim Pavlicek and E. M. Hoffman.

Misses Juanita Reinart, Linda Stengel, Carla Stengel, Donna Stengel, Loretta Hoffman and Lynn Hale served refreshments.

The couple left afterward for a honeymoon in the New Mexico mountains, Mrs. Hersley wearing a two-piece ensemble of deep pink silk with matching accessories.

They will reside in Philadelphia, where the bridegroom is employed by the federal government. He holds a BS degree from Arlington State University. After graduation from Hereford High School, the bride was trained in radiologic technology at St. Paul's Hospital in Dallas, and has since been employed there.

Out-of-town wedding guests included Mr. and Mrs. Vernon Glossings, Miss Jane Taylor and Tony Sessions, all of Dallas.

College News About Students From This Area

SEGUIN — Among some 100 students at Texas Lutheran College honored last week at the 13th Annual Honors Day Pro-

gram was Audni Miller, daughter of Mr. and Mrs. H. H. Miller of Dawn. She was recognized for being named in the "Who's Who In American Colleges and Universities" and for being a member of Sigma Tau Delta, English honor fraternity.

College News About Students From This Area

James Kent Brink of 211 Sunset, Hereford, was named recipient of first prize in the Freshman Narrative of Fact Contest during Creative Writing Day events at Texas Christian University on May 12.

Announcement of the awards was made at a noon luncheon in the ballroom of Brown-Lupton Student Center. Prize winners, donors and judges were among the guests. Dr. James M. Moudy, TCU chancellor, welcomed those attending.

A special honoree was Dr. Hilda Mary Hulme of London, England, whose research on the language of William Shakespeare has been widely published. Dr. Hulme, a senior lecturer in the Department of English Language and Literature at University College, Gower Street London, was speaker at the Creative Writing Day Convention Writing Day convocation held at 11 a. m. in Ed Landreth Auditorium. "Creativity through Words" was her topic.

Publications of prize-winning entries in 12 creative writing categories were distributed at a reception, hosted by the Bryson Club.

The son of Mr. and Mrs. E. K. Brink, James is a physics major. His winning entry was entitled "A Night of Fear."

Brothers To Sing Solos In Recital

A joint voice recital by two brothers, Jeff and Randy Jorde, sons of Mr. and Mrs. Warren Jorde of 302 Western, will be presented at 2 p. m. Sunday in the home of their teacher, Mrs. D. W. Palmer, 149 Live Oak.

Members of their family and a number of invited guests will hear the program of songs and be entertained at a tea afterward. Folk songs, musical comedy selections and ballads will be included with some classic arias.

Randy's solos will be Just for Today (Seaver), Luigi Dal Caro Bene (Secchi), By the Lakes of Killarney (Case), I Wonder as I Wander (Niles), Without a Song (Youmans), Exodus (Gold) and excerpts from the show, Sound of Music.

Jeff will sing Caro Mio Ben (Giordani), Come Back to Sorrento (Curtis), May Day Carol (Deems Taylor), Homing (Del Riego), Schubert's Serenade, Hop Lee (Manning) and the folk song, Brother Will, Brother John

ONE MINUTE, PLEASE
THE CHURCH I LOVE . . .
CONFESSES THE CHRIST IS GOD'S SON. (32nd. in series).

"If you confess with your lips that Jesus is Lord and believe in your heart that God raised him from the dead, you will be saved. For man believes with his heart and so is justified, and confesses with his lips and so is saved." (Romans 10:9,10).

"By this you know the Spirit of God: every spirit which confesses that Jesus Christ has come in the flesh is of God, and every spirit which does not confess Jesus is not of God." (1 John 4:2,3).

When Jesus asked his disciples, "But who do you say that I am?" Simon Peter replied (confessed), "You are the Christ, the Son of the living God." (Matthew 16:13-16). This "good confession" was made "in the presence of many witnesses" by Timothy. (1 Timothy 6:12).

"So every one who acknowledges (confesses) me before men, I also will acknowledge (confess) before my Father who is in heaven; but whoever denies me before men, I will deny before my Father who is in heaven." (Matthew 10:32,33).

"Therefore God has highly exalted him (Christ) and bestowed on him the name which is above every name. . . every tongue (should) confess that Jesus Christ is Lord, to the glory of God the Father." (Philippians 2:9-11).

"Let us hold fast the confession of our hope without wavering, for he who promised is faithful." (Hebrews 10:23).

Touring Group Of H. D. Women Are Shown City

The second group this month of Home Demonstration Club members from West Texas counties, 20 women from Fairview Club at Claude toured Hereford Wednesday with members of Deaf Smith County clubs as hostesses.

Meeting at the County Bull Barn, the group went to Bravo Smokes plant, King's Manor, to the Caison House for lunch, then to Dolly Textiles plant, and after a drive downtown and over the city, to Sugarland Mall. T. J. Parsons drove the bus, loaned by St. Joseph's School.

Refreshments were served in the home of Mrs. Parsons, who with Mmes. O. L. Williams, Paul Hoff and Earl DeHart, acted as hostesses. Mrs. DeHart was a member of the Armstrong County club when she lived there a number of years ago.

In the touring party were Mmes. C. M. Dryard Jr., Leslie Fithen, Albert Fithen, C. L. Goad, Ruth Stephenson, E. R. Barnett, Mart Crowaover, Theodore Goad, Vance Hughes, Buck Fairchild, Lee Goodin, Lewis Thomas, Lula Crow, Henry Ford Cecil Hubbard, Wayne Jones, Tommy Triplett, Joe Rickey and Glen Robinson.

AUSTIN HIGHLIGHTS

Poll Tax Out, But Battle Continues On Registration

By VERN SANFORD Texas Press Association

AUSTIN — Although the poll tax now is officially dead, as a voting requirement, the fight over registration procedures continues.

U. S. Supreme Court, as expected, agreed with a three-judge federal court here that the 74-year-old levy is unconstitutional. Court already had stated in a Virginia case that a state is prohibited from placing a charge on the right to vote.

Action, however, was necessary to place in full effect the voter registration law passed by the Texas Legislature in special session last February.

TEXAS VOTERS still will cast ballots next November on a proposed state constitutional amendment to "repeal" the poll tax. Same amendment provides that an annual registration system will replace the levy.

Some groups are urging defeat of the November amendment. This so that annual registration will not be built into the state constitution. They will continue their drive for a permanent registration plan, whereby a voter once registered remains eligible simply by voting regularly in elections.

New Election Law Study Committee indicated it will devote much of its effort to improving the system enacted under emergency circumstances. Committee has requested that suggestions in general for amending Texas election laws be submitted to the Texas Legislative Council before June 30.

COURTS SPEAK

Should federal court-ordered principle of equal population for congressional and legislative districts apply to county commissioners precincts as well?

State Supreme Court heard arguments on the question in a suit filed by Midland Mayor H. C. (Hank) Avery to bring the one-man-one-vote theory to precinct level. If court agrees, major changes could result in county government throughout Texas.

Opponents said Texas Constitution provides that precincts will be created "for the conveniences of the people."

High Court also agreed to review a May 25 suit to void Jefferson County contracts for replacement of Pleasure Island Bridge at Port Arthur.

After a 13-week trial, a Travis County District court jury held that more than \$1,000,000 Lumberman's Insurance Corporation of Dallas as the result of a scheme involving bankers and an insurance agency owner.

AG RULES

Texas State Library and Historical Commission may make direct monetary grants to local public library units under federal act, subject to approval of state plan. Atty. Gen. Waggoner Carr held.

In other opinions, the attorney general has ruled that cigarette vending machines operated on a military reservation are subject to the regular permit fees.

Residence in which the Cameron Independent School District superintendent lives is tax

exempt, since it is owned and maintained by the district to encourage qualified personnel, and therefore serves a "public purpose."

ACQUITTAL of the charge of driving while intoxicated, second offense, would bar a subsequent prosecution for driving while intoxicated, first offense.

Registration fees may be paid by state for Veterans Land Board appraisers attending an appraisal school at Texas A&M. Trust agreement for investment of perpetual care funds may be amended to permit investment in corporate stocks and other investments authorized by Texas Trust Act.

DPS NEEDS RECRUITS

Col. Homer Garrison, director for the Department of Public Safety, is looking for application for the next DPS training school for patrolmen. Application deadline is June 6. Garrison said training pay has been increased from \$375 to \$400 a month. Pay will be \$468 to \$484 upon graduation. Men between 21 and 35 are accepted for the 16-week training program. They pick their branch of service and are assigned to posts throughout the state.

FLOOD AID SOUGHT

Gov. John Connally has requested the President to declare 19 northeast Texas counties as part of a major disaster area as a result of heavy rains and floods.

His initial request for federal emergency relief funds for rehabilitation of public facilities total \$1,500,000.

The 19 counties included are Bowie, Camp, Cass, Collin, Fannin, Freestone, Gregg, Harrison, Henderson, Lamar, Marion, Morris, Navarro, Rains, Red River, Rusk, Shelby, Titus and Upshur. Others may be added in a supplemental request when damage estimates are complete. At least 13 other counties suffered flood damage.

Connally pointed out that rains and flooding in the lower Rio Grande and along the Texas coast may require assistance to that area. Allocation of funds is made on the basis of surveys conducted jointly by local, state and federal agencies.

WATER

Texas Water Development Board decided to enter a master agreement with the Sulphur River Municipal Water District, North Texas Municipal Water and the U. S. Corps of Engineers to pay part of the cost of construction of Cooper Dam Reservoir and Texarkana Reservoir.

Board of Engineers for Rivers and Harbors, Army Corps of Engineers, has approved the Aquilla Reservoir on Aquilla Creek.

Board recommended construction of a \$23, 600,000 dam and reservoir for flood control, water supply, recreation and fish and wildlife enhancement between Hillsboro and Waco.

Texas Water Rights Commission announced plans and specifications for Livingston Dam and Reservoir in Polk and San Jacinto Counties. Design calls for construction of an earthen embankment on an over-consolidated, low-strength clay. Project would be major water source for Houston.

TEXTBOOK COMMITTEE

Texas' 15-member State Textbook Committee has been appointed by the State Board of Education. Committee has the job of evaluating more than 225 textbook offerings and deciding which five in each subject should be offered for school board adoption.

Members of the Committee are: H. G. Adams, Marfa; Ms. Hulan Armstrong, Menard; Dr. C. E. Wilson, Killeen; Dr. Morgan E. Evans, Galveston; Dr. Frances Freese, Dallas; Miss Helen L. Fulton, Spring Branch; Gerald Gafford, Snyder; Mrs. Ethel D. Greenwood, Corpus Christi.

Also, Billy H. Guinn, Jacksonville; Mrs. Betty B. Johnson, San Antonio; Dan Lea, Fort Worth; Dr. James F. Malone, Kilgore; Mrs. Emma Lue Mohle, Lockhart; Mack W. Mullins, Corsicana; and Mrs. Alma Perkins, Canyon.

HIGHWAYS DAMAGED

An estimated \$961,000 worth of damage was done to Texas highways in April by the floods which hit many parts of the state.

Dallas, Tyler and Atlanta districts were hurt the most.

State Highway Department estimated flood damage to highways and roads in the Atlanta and Tyler areas at \$250,000 each in April, and Dallas' district (May figures not included), \$200, 000. In other districts, damage was estimated at \$25,000, Paris; \$75,000, Fort Worth; \$37,000, Waco; \$25,000, Houston; \$2,500, Yoac and Beaumont; and \$75000 Del Rio in the 11 months prior to May highway damage from floods had totaled only \$360000 for all 25 districts.

SHORT SNORTS

Attorney General Carr reported a decrease in Texas juvenile crime in 1965 for the first time since statistics were compiled in 1959.

June Hearings are set by Railroad Commission for oil and gas operators to show why they should not stop using earthen pits for disposal of salt water in Callahan, Concho, Runnels, Knox Harris and Jackson Counties.

—Governor Connally has approved new war on poverty grants for Austin, Uvalde, Bowie County, San Saba, Mason, Llano and Mills Counties, Robertson County, Williamson-Burnet Counties, Amarillo and Berger, Laredo and Webb County and Robstown.

Local Purchase Office Reopens, Seeks Employee

The Hereford Seasonal Purchasing Office, Fort Worth Region, Defense Personnel Support Center, will reopen July 1. This office, under the supervision of Jerry P. Aills, will require the services of a qualified Clerk-Typist GS-3 from 1 July 1966 through 28 October 1966. Entrance salary for this position at GS-3 is \$4149 a year. Salary may be adjusted for former federal employees based upon the highest previous rate in federal service.

Applicants must have at least a year of clerk-typist experience or have completed one academic year of full-time study in addition to completion of high school. Satisfactory performance on written and typing tests is required. Applicants who do not have a record of a passing score on clerk-typist performance test should apply to the Board of U. S. Civil Service Examiners, Amarillo AFB, Texas. Applicants who have career or career-conditional status from previous employment are requested to enclose proof with their applications.

Applications should be mailed to DCASR Dallas, Attn: G. H. Muncie, 500 S. Ervay St., Dallas, Texas 75201, on or before 3 June 1966.

All qualified applicants will receive consideration for employment without regard to sex, race, creed, color, or national origin.

108 Piano Students Of Area Play In Annual Guild Auditions

Annual auditions of the National Guild of Piano Teachers, conducted here recently, saw 108 students successfully complete examinations for honors judged by Thomas W. Hunt of

the music department of Southwestern Baptist Seminary, Fort Worth.

Candidates in the auditions are all students of area teachers who are members of the Piano Guild. Auditions are conducted like conservatory tests;

goals are attained through individual merit, not in competitive elimination.

A special honor, the Schumann Award, was won by Joy McCathern this year for playing in the National Guild for six years, presenting 10 selections

each year. She has received a Superior Rating all six years; this year she was given the Critics Circle Rating, reserved for top talents. She is a piano pupil of Mrs. Joe Hacker.

Teachers of participating students also include Mrs. Ellis

Coombes, Mrs. Paul Lyons, Mrs. Frances Parker, Mrs. W. T. Thompson, Mrs. Glenn Snyder, and Mrs. Jack Rogers. Serving as local chairman of the Guild this year is Mrs. Rogers.

Twenty-seven pianists played national programs, 10 to 14 pie-

ces; three played State programs, 7-9 pieces; 47 played District programs, 4-6 pieces; 18 played Local programs, 2 or 3 pieces, and nine played Pledge programs, one piece.

One student presented a Hob-

Music program. All selections are played from memory.

On the gate of the notorious Dachau death camp, the Nazi wrote "Work makes men free."

Proposed F-M Paving Plan Looks Like A Real Winner

Preliminary steps toward a probable \$350,000 bond election in Deaf Smith County were taken this week when members of the Commissioners Court continued studies toward an ultimate goal of some 30 miles of Farm-to-Market paving for the area.

The program under consideration has considerable merit for all residents of the county, and this particular time appears to be appropriate. Of prime consideration is the fact that an additional \$125,000 in Texas Highway Department funds would swell the improvement program to \$475,000, providing more than one-third of the total outlay.

Add to this the fact that Deaf Smith County will, during 1966 and 1967, retire some \$100,000 in outstanding bonds on which payments will no longer be required, and you have a situation highly conducive toward additional paved roads. Another prime factor rests in the fact that Deaf Smith County is one of the few counties of its size which is in excellent shape and absolutely "in the black", and that no financial hardship on the county could possibly result.

Court members indicate that no tax raise would be required as a result of the proposed roads expansion program. This is another highly important factor in con-

sidering the proposal.

Many people who study county government consider Farm-to-Market paving an excellent investment in view of the fact that maintenance of paved roads passes from the county to the State of Texas, thus creating a perpetual future savings for the county. Currently the Deaf Smith County budget reflects \$461,000 per year in the maintenance of roads and, while 30 miles of paving is great in the total of approximately 1100 miles of farm roads in the county, it will mean considerable money saved over a period of the next 25 years.

People who live in rural areas will benefit directly from any additional Farm-to-Market paving. Those who live in Hereford have always been liberal in this phase of progress, because they recognize that paved roads in the farm areas bring Hereford such benefits as retail trade, farm commodities, industrial growth, and school travel improvements. Paved F-M roads also help to create and expand the labor market which serves the town.

The more one studies the proposal, the more attractive it appears. This is emphasized all the more in that it will create no additional immediate cost to the tax payer, and that he can look forward to lowered maintenance costs in future years.

All in all, it seems to us that our Commissioners Court has achieved an outstanding financial record in the operation of our county affairs. If they see fit to call the bond election and recommend its passage, the least we can do is express our appreciation with an overwhelming majority vote for the bonds as a way of saying,

"Thank you, Fellows, for a job well done."

The Phone Is On Other Ear

We hear many comments these days about the fact that Hereford is one of the first towns in the country to offer the new-fangled "touch" or "push button" dialing systems, while Lubbock still does not have direct dialing, and Amarillo direct dialing is the result of converted methods which require extra steps.

Actually, Hereford's present telephone progress is the result of long-suffering years of privation. Time was when "Ma Bell" and the citizens of this community were on terms far from compatible. Hereford was one of the last towns of any size to get dial telephones, which were already enjoyed by neighboring Friona, Canyon, Clovis, Amarillo and Lubbock.

The fact is that Hereford got so very far behind that we went from the antique to the ultra modern. Because our equipment was too completely out of date, Southwestern Bell found it more feasible to junk it than to make any attempt at conversion. A new building was erected to handle the modern equipment, which is among the latest in the Southwest. Once again, we presume, our modern equipment is more applicable to new systems than some of the older types; consequently we get the nod for additional improvements while others still suffer the throes of outmoded machines.

Another thing, Hereford is and always has been one of the strongest per-capita long distance centers in the country. This is due in part to our extensive grain and vegetable distributions; probably also because we just plain like to talk. Anyway, it exists, and this makes Hereford an ideal spot for testing new methods.

So, when you hear residents of the neighboring cities complain, just grin and make the most of it. Today, the shoe is on the other foot — and it sure is nice.

Noise At Home Pays Off Big

Once again the Hereford High School Band has brought recognition and renown to the community. This time, it was in a big way when approximately 100 boys and girls from this area were cited for the "Outstanding Band" award for the AAA class in the Six Flags Over Texas Band Festival.

While there is no championship designation in the state, the Six Flags Festival and a similar award at Corpus Christi, which this year went to Monahans for AAA, are generally accepted as the top honors Texas has to offer.

Of perhaps even greater importance is the fact that those who have been fortunate enough to hear the Hereford band heartily agree that it is outstanding indeed.

Naturally, the achievement speaks well for Director Ben Gollehon who has done a remarkable job in training and developing the group. Our youngsters, in addition to the enjoyment they have acquired from the activity itself, have also learned much in the fields of teamwork and cooperation. Even their parents, who are sometimes prone to protest the noise, are bound to feel that such achievement makes it all worthwhile.

For more than 30 years, Hereford has boasted one of the top school bands in the state, but the record this year is one which no school can surpass. Everyone is proud of the Hereford High School Band, and we do appreciate that "little bit extra" which has brought so much recognition for our youngsters, our school, and our community.

Gracious Rituals

"Recently a man and his wife visited a home which had four children ranging from 10 to 18 years in age. They came to the living room before dinner, shook hands with the guests, joined in polite, intelligent and animated conversation, then sat at the dinner table, bowing their heads while the blessing was said, then remained until the father and mother rose after the meal was finished.

There was no sign of constraint or unhappiness, though the children are energetic and intelligent, much above average. In how many homes would one find such courtesy and these exquisite rituals? Few have a dinner table. Few say a blessing at meal. Few children practice politeness to visitors or their elders. In most homes children snatch food from a refrigerator, eat while watching a television, and the idea of cleaning their hands and faces for a meal rarely occurs to them. The gracious rituals which dignify family life are slipping away.

Federal Research Sees Answer To Old Question

By BERT MILLS
Washington, D. C. — Should a child who is gravely ill and confined to a hospital be told the truth about his or her illness? This is an age-old question to which current Federal

research is pointing toward a new answer. Many people, probably including most parents and some doctors and nurses, think it is cruel and wrong to tell the truth to a child who is seriously ill. Government researchers now feel honesty may be the best policy.

At the National Institutes of Health in Bethesda, Md., just outside Washington, the U. S. Public Health Service operates a Clinical Center. This is a 561-bed research facility for clinical study of disease and health. THE ONLY patients admitted are those referred by private physicians whose cases have been studied and selected after specific requirements of a study being conducted by NIH scientists.

With the cooperation of parents who are leukemia patients at the Clinical Center, social workers have conducted an experiment in truth-telling. As soon as a diagnosis of leukemia is confirmed, a child is told the facts. Age range of the patients in the test group is 9 to 21, two-thirds of them under 12.

STAFF MEMBERS are encouraged to answer all questions from the children frankly and honestly. Even the possibility of death is discussed fully if a patient raises the question, but no child has ever been told he is going to die.

Leukemia, a deadly variety of cancer of the blood, has been regarded in the past as always fatal to children. While no cure has been found, drugs can dispel symptoms for long periods and prolong lives. As recently as 15 years ago, acute leukemia patients almost always died within 16 weeks after diagnosis. Recently there has been dramatic improvement in that record and there is hope now that scientists will discover a combination of drugs which will result in longer and longer periods of remission, and eventually complete control.

At Bethesda, when a child with leukemia asks if he is going to die, he is told there is always hope, that research is continuing, and that he can help in the quest for a cure by cooperating in his own therapy.

Children are told why they are being treated and asked to "consent" to certain medical procedures — even though their parents have already granted the necessary permission. WHEN ANOTHER child dies, a nurse or social worker says frankly: "Johnny died last night, he was very sick." This gives the patient an opening to dis-

See MAIN STREET Page 7

By press time Wednesday, approximately 50 children from a four county region had registered for the first examination clinic for handicapped children to be held in this area, and sponsored by the Oasis Shrine Club.

Election of officers and designation of Brownfield as the next meeting place comprised a major portion of business conducted at the Texas Highway 51 Association meeting in Hotel Jim Hill Monday at noon.

A full time employment office which will handle both farm and non-farm types of labor was opened in the County Court House on Wednesday morning under the auspices of the Texas Employment Commission.

Desegregation took an unusual trend here Tuesday night when a committee of colored people appeared before the Hereford school board to protest the moving of Negro children into the white schools.

The City of Hereford zoning commission met Monday night and denied the appeal of James H. Bradley to rezone the property of the intersection of Avenue I and Park from residential status to business property.

Agreement to continue accepting Walcott High School students on a transfer basis was made between Hereford trustees and Walcott trustees at the board meeting here on Tuesday night.

With a stockpile surplus of 917 million bushels of wheat worth approximately 2 1/2 billion dollars, Secretary of Agriculture Benson this week ordered the continuance of rigid federal production and marketing controls on the 1957 wheat crop, subject to a referendum of growers July 20.

Drouth feed aid has been extended in Deaf Smith County according to a telegram received on Thursday by Walter F. Johnson, county supervisor of the Farmers Home Administration.

Three incoming officers from Hereford's Rotary Club were in Floydada Wednesday to attend the district assembly for 183rd district of Rotary International.

Karen Sue McGee, Lions Club Sweetheart, will be Hereford's candidate in the contest to select a queen of Lions Clubs for District 2-T-1 in Amarillo today.

Approximately 120 Cub Scouts from Hereford joined the throng from Llano Estacado Council in Amarillo Saturday for the annual Palava.

Coffee lovers are going to hate this bit of news. A scientist at Georgia U. reports that in experimenting with coffee, tea and alcohol on onion root tips, a radiationlike action occurs. Such a reaction may constitute a cancer hazard to man. The scientist stressed that there is still no proof that such beverages produce this radiometric action in a man as they do in plants.

If true, what will we do for coffee-breaks? People sometimes complain to me in jest that everything fun in life is either sinful or fattening. If they take coffee away from us I'll almost have to agree. Can't you imagine someone in the future dropping by the office and saying, "Come on. Time for a water-break!"

—Portales News-Tribune

Bill Robinson has figured out the new method of rain prediction which has been so widely used the past two weeks. When a telecaster or radio announcer forecasts a 90 per cent probability of rain, what he is really saying is, "There are 10 of us fellows sitting around here at the station. Nine of us guess it will rain tonight. Consequently, there is a 90 per cent chance of rain."

—The Hamilton Herald-News

A fast-moving squall line, the vanguard of a cold front which swept down on Texas areas Sunday, chased the year's largest number of visitors from Lake Meredith late Sunday afternoon. The storm, though brief, brought tragedy to the lake when Marvin Shapley, a Gruver rancher, was washed overboard from his boat and is presumed drowned.

It was reported that patrol boats had discovered several cold and wet storm survivors who had taken refuge in caves and canyons during the storm and were just beginning to venture out.

The National Park Service weekly report covering weekend activity shows that by actual count, some 21,332 people visited the recreation area Sunday.

—Borger News-Herald

Wives grow more valuable with age . . . an obvious conclusion when you think of the investment you have in them — and the years of intensive training.

—Andrews County News

You don't like the weather? Wait a minute! So say the oldtimers in West Texas and this week proves that statement more truth than fiction.

Sunday's temperatures climbed into the 90's with a cold front moving in Monday to drop temperatures into the high 40's. It climbed back to a high of 82 degrees Tuesday and Terry County was placed under the first Tornado Watch of the season with ominous thunderheads building up and dumping .11 of an inch of rain on Brownfield early Tuesday morning, according to the official weather station at KKUB.

Several citizens reported seeing light snow in Brownfield early Tuesday morning, but no official report from the Lubbock Weather Station or the local weather station confirmed the late snow.

—Brownfield News

A motorcyclist was riding down a country road, and as it was rather cool he had put his raincoat on backwards to cut the chill of the wind. As he approached an open field he looked back at some men working with the crops, thus his motorcycle went off the road into a ditch. He was knocked unconscious.

The laborers rushed over to help him, and soon an officer arrived and investigated.

"Is he hurt bad?" One of the workmen shook his head in wonder, and said, "I don't understand it. He seemed to be coming around all right until we turned his head around the right way."

THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his Bindweed farm reports on the weather more or less in his letter this week.

Dear editor:

According to an article in a rain-soaked newspaper which I dried out on a rope on the back porch a while back and am just now getting around to reading because I was tired of having it hit me in the face, a lot of people are wondering if there has been a permanent change in the world's climate.

The article points out that a drouth in the U. S. Northeast is the worst in several hundred years; that the worst winter storms in history hit the Midwestern plains this year; that sunny California was hit by floods; Texas was swamped by rains; drouths have hit India, Australia and South Africa; a Siberian-type cold wave invaded Northern England this spring; torrential rains and floods have hit Brazil; a water shortage has developed in the Philippines, etc.

As a result, after looking at all these reports, some people are concluding that the world's climate is undergoing a drastic change and are hunting for scientific reasons to explain it.

People who think that way have been listening to too many weather reports and not spending enough time looking out their windows.

As far as I can tell, drastic changes in the weather have been going on all my life.

A year's weather is about like a session of Congress. You know when it'll start and about when it'll end, but you don't know what's going to happen in between, and trying to calculate this year's action by either one or what happened last year and the years before is the best way I know to get wet and taxed simultaneously when you least expect it.

The other day I saw the long-range weather forecasts for the month of May in two different farm magazines, and one said May around here will be dry, the other said it will be wet.

This convinces me that if a man wants to get at least one accurate forecast he'd better read two magazines.

Yours faithfully,
J. A.

NEW CLUB LEADERS — Mrs. Joe Frank Clark, seated left, is president of Veleda Study Club for the 1966-67 term, after being installed with other officers at a dinner this week. Beside her is Mrs. Gid Brown, vice president, and standing from left, Mrs. J. R. Oglesby, retiring president who became parliamentarian; Mrs. Johnny Clark, historian, and Mrs. Armon Lauderback, treasurer. Mrs. Robert Willmot is secretary and Mrs. Melvin Jayroe correspondent.

Officers Are Installed With Orchestra Theme

Using the theme of an orchestra in which the production of many instruments is blended for a pleasing tone, Mrs. J. R. Oglesby, retiring president, installed new officers in Veleda Study Club at a dinner in the Caison House.

Mrs. Joe Frank Clark, taking office as president, was likened to the conductor; Mrs. Gid Brown, vice president, first violinist; Mrs. Robert Willmot, secretary, drummer; Mrs. Melvin Jayroe, corresponding secretary, trumpeter; Mrs. Armon Lauder-

back, treasurer, saxophonist; Mrs. Johnny Clark, historian, accordionist, Mrs. Oglesby will be parliamentarian.

Mrs. Clark announced committee appointments for the new year. Mrs. Brown heads the yearbook committee, with Mrs. Bill Bradley and Mrs. Willmot assisting. Mrs. Lauderback and Mrs. Ron Harpster from the service committee.

Others are: Telephone, Mmes. Dale Barkley, Jayroe and Johnny Clark; membership, Mmes. Hugh Clearman, Dale Scott and Billy Wayne Sisson; finance, Mmes. George Ritter and Glenn Watts.

Summer club activities will include two informal social meetings, and programs will be resumed next September. A coffee was set for the second Tuesday in July with Mmes. Sisson and Ritter as hostesses, a family picnic the second Thursday in August with Mmes. Oglesby and Barkley hostesses.

Table decorations stressed the musical theme, with a flower centerpiece and cutout musical notes scattered over the cloth. Flower-decorated notes marked places for 14 members.

Mary Russell To Wed In Chapel On Campus

With her twin sister as her only attendant, Miss Mary Ann Russell of Hereford will be married to James Charles Stapleton of El Paso at 5 o'clock this afternoon in the chapel of the Sul Ross College Campus at Alpine.

Both the bride and groom are receiving degrees in commencement exercises of Sul Ross College this weekend. After a honeymoon trip to Monterrey, Mexico, they will be at home in Alpine, where Stapleton will continue his studies.

Miss Russell is the daughter of Mr. and Mrs. L. B. Russell, 211 Park Avenue. Parents

of the bridegroom are Mr. and Mrs. James Edward Stapleton of El Paso.

For the double ring ceremony in which the bride's father will give her in marriage, the Rev. Don Johnson of Alpine will officiate.

Miss Martha Russell will be maid of honor and Dan Stapleton of Hobbs, N. M., brother of the bridegroom, best man. Bill Russell, brother of the bride, will serve as an usher. Rene Russell will be the flower girl and Bob Cowles the ring bearer.

A white peau de soie gown, entrain, has been chosen by

the bride. The basque bodice has a bateau neckline, lowered in the back, and elbow-length sleeves bordered with Cluny lace. The same lace edges a tunic over the slim sheath skirt, also the squared train which is held by a double Dior bow centered with a rose of the dress fabric.

The illusion veil falling over her shoulders will be held by a tiny pillbox edged with the Cluny lace.

Her twin will wear a yellow chiffon dress, also floor length and designed on slim lines.

Mrs. Billy Cowell, sister of the bridegroom, will play as organ solos, Always and Because. She will play the marches and accompany Miss Jan Matthews of Pecos in the pre-nuptial song, The Twelfth of Never.

Leaving immediately on the wedding trip, the bride will change to a three-piece suit of blue cotton knit accented with white accessories.

She is a 1962 graduate of Hereford High School. During her college years she has been elected football queen, Student Council secretary and president of Schems' Literary Society at Sul Ross.

Stapleton was a member of the college football squad. He completed his high school work at Van Horn.

refreshment table, which was covered with white net over satin.

Hostesses with Mrs. Roberts were Mmes. Ed Johnson, Garland Solomon, Jimmie Gillentine Joel Lytal, Dudley Bayne, C. E. Leasure, Larry Summers, Ernest N. Flippa, J. C. McCracken and Mrs. Michael Miller of Canyon.

An out-of-city guest was Mrs. William Kelley of Abilene, aunt of the prospective bridegroom.

Judy Wiltshire Feted With Afternoon Shower

A recent shower for a summer bride-elect honored Miss Judy Wiltshire, whose marriage to Mike Watts is planned for June 4. The home of Mrs. Jimmy Roberts was the scene of the afternoon party.

Miss Wiltshire received guests with her mother, Mrs. B. M. Wiltshire; her fiancé's mother, Mrs. Verdon Watts, and Miss Janet Fryar, who is to be her maid of honor.

Misses Beverly Betzen and Barbara Zinser served punch and cakes to guests who had registered at a table where Misses Carmen Betzen and Sylvia Phipps presided.

Pink carnations filled a silver bowl in the center of the

cuss his own fears, and the adult an opportunity to reassure the child.

Staff workers at Bethesda don't enjoy talking about death any more than anybody else, particularly to a 10-year-old. It was a difficult adjustment to learn to handle questions on what used to be a forbidden subject.

But staff members found that the children gave them numerous opportunities, both in the hospital bedroom and in outside activities, including on trips. Such conversations often developed surprising results.

MOST CHILDREN already knew they were seriously ill, and some even knew they had leukemia. In several cases, children became more cooperative when they learned it was permissible to discuss their own condition. Each child seemed relieved to know the truth.

One 11-year-old said: "I was more worried before because I was thinking a mile-a-minute about what I had."

Bethesda researchers believe that truth-telling makes a child more emotionally stable and less subject to mental depression. The truth also aids the important family relationship, necessarily strained by child's presence in an unfamiliar hospital environment.

If a child cannot talk about his illness with his mother and father, the wall of secrecy disrupts communications. A sick child knows something is wrong and if it cannot be discussed, the child is left to his own fears.

The conclusion of social workers at the Clinical Center is that among children, speaking frankly may be the right thing to do. They do not feel the child should be told his disease is fatal or that no cure exists, but that he is being treated so that he can return home. By doing this, it is hoped that despite the child's condition and environment, he will be able to live a nearly normal, happy life.

WOOFED OUT OF DOG SHOW

CHICAGO — An Afghan hound went AWOL during the 28th International Kennel Club Show at the International Amphitheater, but was found unharmed after three days.

Owner Bill Chrisman recovered his 3-year-old Idyl-Dell's Lesley through the Illinois Citizen's Animal Welfare League.

The league reported the Afghan had been turned in to them by the Chicago police.

"I had to pay \$3 in board charges," Chrisman said.

A month before the show, Chrisman was offered \$700 for the dog.

Your dial tone's voice is changing

Beginning Wednesday, May 18, you'll hear a different sound when you pick up your phone to dial a call. The familiar dial tone will have a new voice — a bit lower than the one you're used to.

The new tone will not affect the use of your phone. You'll make your calls just as before.

This change in the dial tone is just one of the many steps necessary to bring you the new Touch-Tone telephone, with push buttons in place of the dial wheel. With this remarkable new telephone, available here May 23, you just tap the buttons to make your call — you "touch and talk."

GO BY SHAPE OF LEGS
CHICAGO — Women who are debating on how short to wear their skirts can take it from Janina, a Chicago fashion designer, that restrictions in fashion are dictated by good looks. "The shape of a woman's legs — not her age — determines the length of her skirt," she said. "A woman over 30 has reached her most exciting peak and can give her personality its fullest expression through her clothes." Janina Lukas has been designing women's fashions in Europe and America for 15 years. Born in Poland, she was educated in Germany and Switzerland and lived in the Allied Zone of Germany after World War II.

Brumley-Rountree Vows To Be Spoken In Church

An early morning wedding ceremony will be read for Miss Lela Caroline Brumley of Hereford and Conrad Alan Rountree of Lubbock today in First Methodist Church sanctuary by the Rev. Herschel Thurston, pastor. Daughter of Homer Brumley, and the late Mrs. Brumley, the bride is a native of Hereford and member of a long-resident family. The bridegroom's parents are Mr. and Mrs. Herman Rountree of Ballinger.

Gladiolas in shades of yellow deepening to gold are arranged with Grecian columns and spiral candelabra at the church altar, where the couple will kneel on a bench covered with pleated white satin.

Before the ceremony the church choir will sing Now Let Every Tongue Adore Thee (Bach) Mrs. Dick Godwin will sing I Love Thee as a solo after candles are lighted by Sheri Parrish of San Angelo and Mike Brumley, then at the close of the ceremony sing With This Ring.

Don Baugous, organist, will play accompaniments and traditional wedding marches. Mr. Brumley will give his daughter in marriage.

Attending the bride will be Miss Leatha Gibbs of Paducah as maid of honor, Miss Randy Dene Hopson of Hereford and Miss Barbara Sperberg of Ralls, bridesmaids. Michael Rountree of Ballinger will act as best man for his brother with David Brumley, the bride's brother, and Jimmy Parrish of San Angelo as groomsmen.

Ushers are Micky Wilson of Friona, Jim Garrett of Lubbock, Joe Burns of Odessa, Bob Allford of Olton and Bud Womack of El Paso. The flower girls are Barbara and Margaret Brumley; rings will be carried by Douglas Rountree of San Angelo.

The bride's gown, in slender silhouette, has a basque bodice of three-dimensional grape Venice lace with squared neckline, and a skirt of silk organza sweeping into a chapel train. The waist-length veil will be held to her dark hair by a peau de soie pillbox covered with self-fabric leaves.

A white Bible belonging to the bridegroom's mother will be

carried with her bouquet of white glamelias with touches of yellow.

Her attendants will all be dressed in yellow silk organza over taffeta with elbow sleeves and floor length skirts shaping to semi-pleated trains. Their petal headpieces have brief circular veils and they will wear white lace gloves, and carry dark yellow glamelias in cascade style.

The wedding reception will be held in the church fellowship hall, with Mrs. David Brumley, Mrs. E. D. Hopson and Mrs. Jimmy Parrish presiding at the refreshment table.

Focus of table decorations is the tiered wedding cake, white-iced with touches of yellow. A silver bowl will hold yellow gladiolas, and silver appointments will be used in serving coffee. The bride's grandmother, will be and spiced gold punch with the cake.

Mrs. G. W. Brumley, the

wearing a lavender jacket dress with white accessories and the bridegroom's mother a peach shantung dress with full-length lace coat in the same shade, as they receive guests with the couple.

For her honeymoon trip to Colorado, the bride will wear a yellow bonded knit suit with whipped-cream floral print blouse, a wide-brim hat of straw and organza and accessories in beige. Her corsage will be taken from the center of her bridal bouquet.

After the trip Mr. and Mrs. Rountree will be at home on Route 6, Box 62A, Lubbock. Both are seniors at Texas Tech. Miss Brumley, an entomology major, is a member of Tau Beta Sigma, honorary band sorority, the Entomology Club and Rodeo Association.

The bridegroom is majoring in agriculture education and is a member of Future Farmers of America.

Engagement Announced

Mr. and Mrs. I. D. Rhodes announce the engagement of their daughter, Barbara Lynn, to James Michael Ranspot, son of Mr. and Mrs. Pat Ranspot.

The wedding on Wednesday, June 8, will follow shortly after the bride's May graduation from Hereford High School. The prospective bridegroom, who was a 1965 graduate of HHS, is a student in Amarillo College this year.

An afternoon marriage ceremony is planned in First Baptist Church, with the Rev. B. L. Davis, pastor, conducting the service. The couple will be at home in Hereford and Ranspot will continue to farm and attend the college in Amarillo.

Miss Barbara Rhodes June bride-elect (Bradley photo)

Small Talk

By SUE COLEMAN
Women's Editor

When that norther blew in Wednesday evening I was browsing through a book of Hal Borland's nature essays, and it occurred to me that a similar book about the Panhandle would be quite different from the Borland observations on the North-east.

BASIC THEME of his fine writing, as in most nature essays, is the rhythm of the seasons, the gradual and inevitable change from winter to spring, spring to summer.

But he never got jolted out of his chair in May by a norther that ended another short summer, or he wouldn't be making those statements about the certainty of March sunshine, April buds and May blossoms.

If you start writing here about the daffodils that bloom in March, you sure would have to add a footnote like: Unless the spring is late, in which case they will bloom in April; or early, in which case they have already bloomed and are quite dead; or as changeable as usual, so that they are bright today and frozen stiff tonight.

ADD COMMENTS about the spring rush: Mrs. Paul Rudd considered briefly a request that she make an appointment last week, then explained, "Already I'm involved in helping give four programs this week so it might be better to postpone this a few days."

And to complicate their schedule, a number of women have been on the jury list the past week. Haven't heard any of them complain about being summoned for this civic duty, but some have had to juggle their

club or party engagements to make the time.

Mrs. Ray Carlile, on her way to the courthouse to report for a jury call Thursday, obligingly stopped at our office to supply some information about the Hereford Garden Club's flower show of next week. She is the general show chairman.

THE J. C. McCrackens left Friday morning for Dallas to visit their daughter, Mrs. Pat McCullough, and her family and also to attend some of the Metropolitan Opera performances of the annual Dallas season.

They planned to see and hear the productions of Lucia Di Lammermoor at the Saturday matinee, and Don Giovanni this afternoon. Mrs. Carl Maurer of Friona accompanied them.

That faint green tint on my countenance is due to sheer envy at the thought of getting to either of those musical treats.

MEANWHILE, THERE are some musical treats on a local scale that we can enjoy for the taking. Such as the high school choir concert Tuesday night, up to its usual high standard and in an entertaining light vein.

Also, this is recital season and many programs by students are open to the public. These are not to be ignored; remember Van Cliburn was a small-town piano pupil only a few years ago! A double recital is announced for this afternoon by pupils of Mrs. Glenn Snyder, in First Methodist Church, 2:30 and 3:30 p. m., everybody invited.

When it comes to burgeoning musical talent in Hereford, consider the National Piano Guild auditions, which have grown to

the point where The Brand can not list the names of all the students who play successfully. In the auditions last week, there were 108 of them who completed their performance for the judge, playing pieces they had memorized. That's a lot of music and musical potential for the future of the city, and we heartily congratulate all 108 of 'em, and their teachers (and their parents who no doubt have reminded them hundreds of times to finish their practice hours!)

Business And Program Slated In B&PW Club

Plans for conducting registration at the annual pioneers' reunion May 30 will be completed in Business and Professional Women's Club at a meeting in Community Center at 7:30 p. m. Monday, Kathleen Baker, president, announces.

A program as well as the business session is scheduled. Further plans will be discussed for representation at the convention of Texas B&PW Clubs in San Antonio next month. Mrs. Baker and Ursalee Jacobsen, president-elect, were named official delegates at a recent meeting.

Avis Northcutt and Marian Davis were hostesses and the program, arranged by Mrs. Baker and Mrs. Jacobsen, was a showing of the film, Go View the Land, which was made during a tour of the Holy Land and Lebanon by a group of West Texans. Della Stagner showed the film.

Annual One-Day Sale Of Vets' Poppies Planned

A one-day sale of 2,500 veteran-made memorial poppies will be held May 25 in Hereford by American Legion Auxiliary members and volunteer helpers.

Final plans for the city-side sale were made by Auxiliary members who met Wednesday evening in Mrs. Hazel Sparks' home. Mrs. Ira Ott, general chairman, mapped out routes to be covered by the volunteer salesmen.

Any residents who will assist in this work are asked to notify either Mrs. Bill Gilleland, local Auxiliary Unit president, or Mrs. Sparks of willingness to volunteer for this community service.

"The public needs to know some facts about this year-round program of the Auxiliary," Mrs. Ott says. "First, all funds derived from the annual sale, held on or near Memorial Day, are used for child welfare and rehabilitation work for war veterans and their families."

"One who wears a veteran-made poppy is helping to educate children of veterans and provide a sense of security for hospitalized veterans and their families. He is showing appreciation for the service given by veterans to their country and its people."

College News About Students From This Area

ALPINE — Mary Ann Russell, daughter of Mr. and Mrs. L. B. Russell of Hereford, is among 130 students who are candidates for bachelors degrees during spring commencement exercises at Sul Ross State College today at 7 p. m.

Commencement speaker will be C. Porter Bristol, vice president in charge of Shell Oil Company's Midland Exploration and Production Area.

Candidate for a Bachelor of Science Degree, Miss Russell is a graduate of Hereford High School.

Mr. and Mrs. Junior Pulliam of Amarillo visited Saturday with Mr. and Mrs. Charlie Pulliam and family.

Mr. and Mrs. Cal Jackson and Kenneth Hicks were sight-seeing around Lake Meredith Sunday.

Mr. and Mrs. Jimmie Bradley and children visited in Hereford with Mrs. Robert Barlow from Perryton.

Mrs. Earl Croff attended a church meeting in Tucumcari Saturday, then went home with Mr. and Mrs. Charlie Brown of Santa Rosa and stayed until Tuesday.

Misses Pauline Parker and Valrie Johnson of Amarillo visited Mrs. Imogene Parker Thursday.

Mr. and Mrs. C. F. Homfeld were honored Sunday with a dinner in the home of Mr. and Mrs. Wayne Sifford and Kevin. Also attending were Mr. and Mrs. Herman Sifford. The celebration was in honor of the hosts' 27th birthday.

Attending graveside services for the infant son of Mr. and Mrs. Claude Hicks in Hereford Friday morning were Mr. and Mrs. Cal Jackson, Mr. and Mrs. R. Lee Petty, Hardy Harris, Don Morgan and Mrs. Geneva Gals. The Rev. B. J. Foster of Adrian officiated.

Mr. and Mrs. Lewis Jobe and son of San Jon were Sunday dinner guests of Mr. and Mrs. Alford Jobe and family.

Derryl Harris of Farmington, N. M. on his way to Enid, Okla. was a Thursday night guest of Mr. and Mrs. Hardy Harris and Donna. Derryl is a nephew of Hardy Harris.

Mr. and Mrs. Tedo Harris and children of Conchas Dam, N. M. were Monday visitors of Mr. and Mrs. Hardy Harris and Donna.

Linda Pinnell was home over Mother Day with her parents, the R. L. Pinnells, from Hardin-Simmons University at Abilene.

A going-away party for Joe (Bubbe) Harris was held at Conchas Dam Sunday at the home of Mr. and Mrs. Tedo Harris and family. Attending were Mr. and Mrs. Hardy Harris and Donna, Mr. and Mrs. Wilbur Harris and boys, Mr. and Mrs. R. Lee Petty and children; Mr. and Mrs. Lewis Kempsey, Mr. and Mrs. James Harris and children, Mr. and Mrs. Jim Wiggins and children of Amarillo; Mrs. Leola Petty of Brownfield; Joe Harris is leaving for Seattle, Wash. where he will work at Boeing Aircraft Company.

Mr. and Mrs. Bob Caldwell visited in Bovina with his mother, Mrs. J. R. Caldwell, Sunday.

Mr. and Mrs. Harry Whaley of Walsh, Colo. visited last weekend with Mr. and Mrs. John Whaley and family and Mr. and Mrs. Joe Tofoya and family.

Mrs. Peggy Rogers of Lubbock had her tonsils removed Wednesday and is doing fine now. She is a former resident of Adrian.

Mr. and Mrs. P. N. Johnson attended the Eastern New Mexico Coon Hunt Sunday at Clovis and brought home five trophies. Mrs. Johnson also got the high point trophy of the month.

Adrian FHA Chapter held its last meeting of 1965-66 May 5, with Marsha Burns presiding. Officers for 1966-67 were elected as follows: President, Gale Gruhke, vice-president, Nancy Amason; secretary, Laura Jobe; treasurer, Gay Brothers; photographers, Joan Lane and Kathy Garrison; parliamentarian, Karen Rose; historians, Martha Gruhke and Roxann Brownlee; reporters, Bonnie Gamble and Louise Royal; songleader, Sharon McGowan, and pianist, Rita Speed.

Mr. and Mrs. Lester Gilliam and Diana of Geary Okla. were home over the weekend. Mrs. Gilliam and Dinana remained for a longer visit.

Mr. and Mrs. O. C. Johnson and children of Smett visited Sunday with friends and took Diana Gilliam home with them for a week's visit.

Mr. and Mrs. Paul Jackson of Amarillo visited over the weekend with Mr. and Mrs. M.H. Zaring Jr. the Sherman McGo-

wn family and Mrs. Lillie Reynolds.

Mothers Day guests of Mrs. Lillie Reynolds were Mr. and Mrs. Alford Reynolds and children of Big Lake, Jack Reynolds of Oklahoma City, Earl Reynolds from Arkansas; E. L. Reynolds, r. and Mrs. Shag McGown and Sharon, Mr. and Mrs. Paul Jackson of Amarillo; Mr. and Mrs. George Schwartz and Billy of Vega, Mr. and Mrs. Finley of Jackson, Mr. and Mrs. L. E. Maloney and Mr. and Mrs. R. E. Maloney of Amarillo.

Mrs. Geneva Glass and children visited Mrs. Mary Glass in Vega Sunday.

Mr. and Mrs. Rex Creitz and daughter of Denver and Mr. and Mrs. Terry Creitz and daughter from Earth visited the Lorin Creitz family over the weekend.

Adrian PTO honored students with an all-awards banquet Friday night in the school gym, which was decorated in blue and white with "A Trip to The Moon" as the theme. Lorin Creitz gave the invocation and Robert Jacobson, PTO president, the welcome address. Rev. Dave Sellars was master of ceremonies and Father Hand of Vega the guest speaker. Emmett Robbins gave the scholastic awards, Ted Hale the girls athlete awards and Robert Honeycutt the boys athlete awards. Following the banquet a sock hop was held.

Many birds like to bathe in fresh water or dust. This activity discourages vermin, but pleasure seems to be the birds' main motivation.

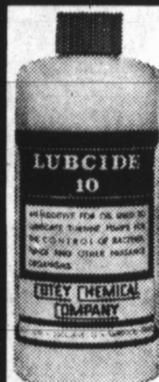

GOOD FORM

CHICAGO — Contrary to what Emily Post might say, it's not bad form to use form letters. And it can be good business.

Form letters today can easily replace repetitious business communications and cut correspondence costs as much as 54 percent, reports A. B. Dick manufacturer of duplicating equipment. The personal touch is maintained by modern equipment that turns out mass-produced letters that defy detection. Even individually typed salutations can be filed in to match the body type perfectly.

The company says that up to 40 percent of items typed in the average office might be reproduced in this way.

SPACE SCIENCE DEMONSTRATION — Don Wesierski and Bruce Reski of the Manned Space Craft Center in Houston were in Hereford this week to demonstrate the principles of flight in outer space to students at high school and

Cotton ID Card Becomes Extinct

There'll be an old familiar friend missing late this summer when cotton farmers start to take their crop to market. That friend to most farmers is the cotton marketing card which the farmer had to carry with him and present to the buyer so a proper record could be made. The white card showed that the cotton was free of marketing quota penalties — grown within the farm acreage allotment, and the red one meant "overplanted cotton."

Frank J. Bezner, Chairman, Conservation County Committee, said today that going away with the cotton marketing cards for 1966 and succeeding crops will save thousands of dollars in administrative costs.

COTTON farmers traditionally have cooperated fully with the acreage-quota program, and "overplanted" farms through the years have been few and far between. Such penalties as had to be applied — on cotton from an average of about one farm per county — were collected without difficulty.

So a simpler method of operating the quota program has been developed, based on the experience of prior years. This calls for discontinuing the use of marketing cards as a means of identifying cotton for marketing quota purposes.

In brief, ASCS County Offices in the future will maintain a list of overplanted farms within the county as well as farms from which the cotton is ineligible for a loan. Notices will be sent to operators and producers on such farms regarding the penalty due and the lien on the crop. Notices listing the names of producers and the farm numbers of overplanted farms will be furnished to surrounding county offices, cotton buyers, ginners, loan clerks, cooperatives and other first handlers of cotton, and to the New Orleans ASCS Commodity Office. Any marketing quota penalties due will be collected at the time cotton is first offered for sale in much the same way that the penalties now are collected.

Where a producer requests the disbursement of a cotton

price-support loan at a county office, other than the office which maintains the program records for the farm on which the cotton was produced, he will be required to present a statement from the county office which has his farm record showing that (1) the producer and his cotton are eligible for a price-support loan, (2) that the producer's name does not appear on the county office record as owing money to the Government, and (3) that the producer does not owe an installment on a farm storage facility or dryer.

The new method will become effective for the 1966 and succeeding crops of both upland and extra long staple cotton.

Hereford High-Jinks
by Randy Hopson

Talent abounds in H. H. S. Gary "Tuck" Tucker has proven his talents go further than the baseball field. "Tuck" made Donna Hill a "ring" out of a bubble-gum wrapper. Donna was naturally very proud of it. "Tuck" told her it is 24K gold. It looks like it might be a little uncomfortable to wear. But its the thought that counts.

SENIORS have filled out forms for Senior Histories and have been turning in their wills. The Juniors have started work on the prophesies. I believe the Senior assembly is scheduled for next Wednesday.

"Biggy" Mims is still recovering from his eye injury. We are hoping that he will be out of the hospital by the first of the week. It's kind of lonesome at H. H. S. without "Biggy." Get well soon, "Big Ed."

Don't forget, Seniors, Sweat-shirt Day will be Wednesday, May 18. What other wearing apparel can you wear to school with a sweat-shirt?

ONLY TWO baseball games left unless we go on to regional, which is a good idea. Barry Johnson and "Petey" Cain are looking good on the mound. Continue to support the team, every little bit helps.

H. H. S. cheerleaders traveled to Lazbuddie last Thursday to judge the cheerleaders for Lazbuddie next year. This was quite an honor and an experience.

CONGRATULATIONS to those students who are in the top ten. They didn't just suddenly find themselves at the top, they had to put in a lot of hard work.

Spring styles are really different this year. Before, it seems, it has always been the girls who have had new styles to

choose from. Suddenly the boys are finding themselves able to branch out and be a little daring. Some of the "Mod" outfits are really wild, but the more conventional styles are even changing.

The very spring and root of honesty and virtue lie in the felicity of lighting on good education. — Plutarch

—Randy

Double Program Presented For Bippus Club

Programs on food preparation and family life were combined for Bippus Home Demonstration Club at a meeting Wednesday in the home of Mrs. Elmo Hall, who presided for business.

Plans were made to attend a salad luncheon of the County H. D. Council May 23 at the Bull Barn, instead of the next scheduled club meeting. Mrs. Jimmie D. Bradley will be hostess June 8. Mrs. Kenneth Cole was welcomed as a new member.

While a meal demonstrating outdoor cookery with foil prepared by Mrs. C. F. Homfeld, was cooking, Mrs. Hall spoke on the topic, The Christian Family and Its Aged Members. She gave statistics on the increasing number of U. S. residents over 65, adding that older people now are healthier and more active than was the rule formerly.

Aged members of a family need to be loved, wanted and given a part in the normal life of family, church and community, she emphasized, urging that members visit homes for the aged to see how they are operated today.

Mrs. Homfeld showed how to cook a complete meal in foil wrap, combining steak, potatoes, tomatoes, carrots, green pepper and onions in one dish, also baked potato and apple separately.

She spoke also of preparing sandwich meals, suggesting various types with meats, sweets, even baby food as fillings.

Mrs. W. D. Shull was a guest. Other members present were Mmes. J. G. Fortenberry, J. V. Perrin and John Hill.

THE OLD MATH

CHICAGO (AP) — Taxpayer's math is giving Internal Revenue men an outsized headache.

More than 3.9 million errors in "tax arithmetic" turned up in the check of 62.9 million individual income tax returns for 1965. Commerce Clearing House says this is 1.3 million more errors than the previous year.

Most of the errors were in favor of the taxpayer.

Verification resulted in the collection of an extra \$194 million in taxes, up more than \$28.5 million from the previous year.

Increases averaging \$98 were asked from more than 1.9 million taxpayers.

ALWAYS AN ANSWER
LOUISVILLE (AP) — Larry Bock was trying to persuade his 4-year-old daughter, Peggy, to go to bed. She objected, explaining she was afraid to go upstairs alone.

Trying the flattery angle, Bock said: "Why, Peggy, everybody says what a pretty girl you are and how smart you are."

"That's right, Daddy," the girls replied, "but I'm not brave."

MERIT AWARD PRESENTED — Observance of the first week in May as National Music Week included presentation of an Award of Merit from the National Federation of Music Clubs to Radio Station KPAN for its contribution to the week in 1965. The station carried a series of musical programs sponsored by Hereford Music Study Club during that week. Don Chaney of KPAN is accepting the award certificate from Charlie Bell, who served as co-chairman of National Music Week this year, with Mrs. A. O. Thompson of the Music Study Club.

Adrian High School Schedules Commencement Events Thursday

Commencement for Adrian School will be at 8 p. m. Thursday, Superintendent L. H. Brotherton has announced. The honor students are George Neal Harwood, valedictorian, and Suzette Sisk, salutatorian.

Graduation for high school seniors and eighth graders will be in the same program in the high school auditorium. Baccalaureate services will be conducted at 11 a. m. today in First Methodist Church with the Rev. B. J. Foster as speaker.

Final day of school will be Tuesday, and report cards will be given to students Thursday at the school office or delivered by bus. Seniors completed tests and attended classes the last time May 12. Other high school and junior high students will have final examinations Monday and Tuesday.

Honor graduates had four-year grade averages of 93 and 92 respectively. Harwood, son of Mr. and Mrs. Fred Harwood, was president of the senior class and of the Student Council, a member of the Matador basketball squad and named Mr. Adrian High of 1966.

He was voted Most Likely to Succeed, Most Intellectual Boy and Most Dependable in the 1966 class, listed on Who's Who in Science and in Social Studies.

GEORGE HARWOOD

SUZETTE SISK

In district scholastic contests he placed first in number sense and second in science. He was selected by the school faculty to receive the annual Reader's Digest award.

Miss Sisk's parents are Mr. and Mrs. R. D. Sisk. She is class favorite, Most Intellectual Girl and a cheerleader, was on the girls' basketball squad and served as yearbook business manager.

She received the Betty Crocker Homemaking award this year and the Junior Homemaking Degree in 1964, was FHA parliamentarian and photographer, listed on Who's Who in Business and in Social Studies.

Postal Savings Account Closing Need Explained

Postmaster Nolan Grady this week urged depositors with postal savings certificates to withdraw their accounts from Post Offices as soon as possible or as soon as the anniversary dates on their certificates are reached.

The Postal Savings System was abolished March 27, 1966, with the signing of Public Law 89-377 by President Lyndon B. Johnson.

Postmaster Grady pointed out that as of April 28, 1966, no deposits can be accepted and no new accounts can be opened. He said that interest will end on the anniversary date of each certificate.

The Postmaster said that for convenience all certificates held by a depositor may be cashed at the same time and interest will be paid for each full month they have been outstanding beyond three months from the interest date.

The Postal Savings System was established Jan. 1, 1911, to get money out of hiding and attract savings of a large number of immigrants who were accustomed to saving at Post Offices in their own country; also, it served as a safe depository for people who had lost confidence in private banks.

TODAY, however, with the growth of banking facilities paying much higher interest rates than the two percent interest Savings, the System has outlived its usefulness for the American people.

The Postmaster noted that as of June 30, 1965 there were 997,029 depositors holding certificates in 3,130 post offices throughout the nation. The number of depositors has been declining, he said, at a rate of about 6,500 per month.

The Postmaster said that unpaid deposits remaining in the Post Office beyond June 30,

1967, would be transferred to the Treasury Department in a trust fund and would be available for payment without time limitation whenever proper claims are received.

BACKED INTO TROUBLE
CARLSBAD, N. M. — Thomas Perschbacher, 68, told police his accelerator jammed as he was backing out of a driveway.

Police reported the car then did the following:
Knocked down a street sign,

knocked out a house porch support, tore off the corner of the house, went through a clothesline, smashed through a fence, pushed over a carport support on another house and went through a wall in the house, ending up in the kitchen. Perschbacher was uninjured and no charges were filed.

2nd Debut for Mother

Since She Had Her Face Lifted at Home Without Surgery

2ND DEBUT with CEF is for women of all ages. It helps nature prevent and eliminate tattle-tale lines and wrinkles. Its marvelous benefits are gradual, subtle and lasting.

CEF, the remarkable biological ingredient in 2ND DEBUT, works beneath the surface of the skin, bringing countless tiny droplets of natural moisture to replace those time and the elements have taken away.

As the moisture accumulates, it pushes lines and wrinkles upward and out. The skin's moisture balance is restored. Signs of aging are smoothed away and the face is "lifted" — naturally and without surgery.

2ND DEBUT is formulated with CEF 600 for normal skin care, and with CEF 1200 "double potency." So, start using 2ND DEBUT today.

2ND DEBUT Liquid Cleanser is for women who are bothered by a ruddy complexion, blackheads, or large pores. All of these problems are due partly to improper cleansing.

REPORT

Two groups of Camp Fire Girls, Elu-Can-Da and Ao-Wa-Ki-Ya, joined for an international party Thursday afternoon in Community Center, climaxing programs of studying foreign countries which each group has carried out to meet national

honor requirements.

Stories, songs and other activities typical of the countries studied were presented on a program. The highlight was an informal talk about India by Mrs. Gene Parsley, who has lived there. She used one of the Elu-Can-Da members as a model to show how a sari, native Indian women's dress, is draped.

That group with Mrs. Earnest Langley as a leader, also has studied Denmark, Lebanon and Austria; the other group, led by Mrs. Frank Short, studied Mexico, Canada and Spain.

A train ride was a special event Saturday for Merry Blue

Birds, who went to Clovis, N. M. by rail, visited the zoo and had a picnic lunch, then returned on the Camp Fire bus. Mrs. James Tucker, Mrs. Tommy Car nahan and the leader, Mrs. Jack Allen, accompanied the girls.

In the party were Laurie Young, Tara Gaye Wesson, Shelly Wells, Gail Tucker, Shyla Thomas, Debbie Stringer, Kim Simpson, Bonnie Shyne, Beverly Scott, Melinda Rhodes, Susie Moreno, Melissa Miller, Gloria Mays, Sharon Dearing, Kelley Daniels, Jeane Carnahan, Cynthia Byers, Carol Bavousett, Quinn Barton and Laurie Allen.

Telephone Tone Change Coming

The tone that lets you know when to begin dialing your telephone will be changed at Hereford on Wednesday, May 18, Vance Smith, manager here for Southwestern Bell Telephone Company, said.

Smith said, "The old dial tone will be changed. It will be replaced by a new, lower-pitched, hum." The reason for the change is the introduction of Touch-Tone calling. Southwestern Bell's new push-button telephone service.

The present dial tone interferred with the musical tones used in the new system, and has to be changed. Since the equipment that generates dial tone service is used on all telephones in Hereford, the change will be apparent to both Touch-Tone and non-Touch-Tone users.

Cleanup Urged For Mailboxes

By Mrs. Argen Draper
Home Demonstration Agent

There are so many exciting things happening now. The Soil Conservation banquet is Tuesday evening with the conservation awards being presented. The Home Demonstration Council committee will help with decorations.

There are still tickets available for the banquet. I understand. Too, we'll meet the new supervisor for the local office.

LET'S CLEAN UP all the mailboxes in the county. It is hoped that some of the organized clubs and communities will take this as a project and get all the boxes painted.

In my opinion, Nolan Grady and other post office personnel are taking so much interest in community beautification, that we should do all we can to cooperate.

IT'S NEWS TO ME: Our county library has a National Zip Code Directory. It is furnished them by the local post office and can be used by anyone to check the zip code for all post offices in the United States. It is changed often to care for new additions to cities and other signs of population growth.

NOW THAT SPRING is here, it's time to store winter clothes. Special attention should be given to your wool and mohair garments, says Miss Fannie B. Eaton, Extension clothing specialist at Texas A&M University. Store only clean garments. Spots and stains will be harder to remove — or they may not come out at all — a year later. Moth larvae are attracted more to soiled clothing. Send the soiled garments to a good

dry cleaner and call his attention to any spots and stains. Besides dry cleaning, brushing and sunning garments will also help rid clothing of moths including their eggs and larvae. Brush thoroughly, especially in seams, folds and pockets.

For added protection, store your clothing with 'Moth balls' paradichlorobenzene crystals, or naphthalene flakes or crystals. Directions on the container suggest the amount to use.

It is a good idea to remove plastic buttons, buckles and other plastic ornaments before storing, says the specialist. Avoid using plastic hangers, which may cause a stain or melt into the fabric. If space is available, store hangable garments in garment bags on rust-proof hangers.

Put sweaters and other knitted garments in bags or boxes. Tightly-wrapped paper packages, air-tight boxes or chests, or garment bags are the best storage places.

Cedar chests are old favorites for winter clothing storage, but all garments must be moth-free before they are put into a cedar chest. Cedar oil vapor does kill small moth larvae, but not older, larger ones.

As a cedar chest gets older, however, there is less cedar oil vapor. Therefore, a cedar chest that is several years old may give no more protection than any other air-tight container.

NELL HODGES has just returned from THDA board meeting. She reports some interesting things that are in the mill for club women. She will give us a report on May 23rd at the Council meeting.

AT WEST TEXAS

Hereford Students Receive Degree

CANYON — Twenty-three Hereford students are among more than 400 candidates who expect to receive degrees at the May 22 convocation at West Texas State University.

Activities for graduating students open May 21 with a reception by President and Mrs. James P. Cornette, and the convocation at 5 p. m. May 22. Final examinations for regular students are May 23 through 26.

Candidates by degrees are Master of Education, Mary Ruth Duvall in education administration, Donald Paris in education administration, Tom Templeton in secondary education, and Mildred Todd in Master of Business Administration. John David Bryant in accounting.

Bachelor of Science, Marvin Armpriester in history, Mary Hale in elementary education, Rhema Harris in elementary education, Donald Jackson in agriculture, Glenn Reeves in industrial education, Don Rice in industrial education, Treacie Si-

des in social studies education, Margret Stephens in elementary education, Martin Villarreal in mathematics, Eugene Waits in speech, Ken Walser in industrial education, Carl Wimberley in mathematics, and Larry Morris in geography.

Bachelor of Arts, Patsy Campbell in English, Medford Griffin in social studies education, Bachelor of Business Administration, Charles Thomas in finance, Bachelor of Music Education, Ken Betzen in music education, and Donna Ivy in music education.

Approximately six tons of candles were burned in 1966 during Easter Week in Jerusalem, Jordan, according to estimates of candlemakers. The most typical Easter candle there is 33 yellow or white tapers half-melted into a cluster.

New Yield Breakthru

DEKALB E-57 Hybrid Sorghum

Here's a fine "world beating" Yield Breakthru Sorghum that really fills the bill. E-57 is one of DeKalb's NEW Bronz colored numbers that has superior yielding, standing and drought resistance power. Recommended for either dryland or irrigation farming and in 8 DeKalb research trials, it outyielded E-56a by an average of 13.3 percent. A top all-around hybrid.

LAE CLUB OFFICERS — Closing a year, Lae Club officers of the Affiliatus Estudio Club installed officers for next term at a luncheon this week. From left they are Mrs. B. F. Markham, advanced from the vice presidency to the president's office; Mrs. Walter Johnson, standing, the new vice president; Mrs. Sam Morgan, reporter, and Mrs. T. W. Roberson, only charter member now in the 35-year-old club, Federation representative.

PROPOSES STOCK SPLIT

Holly Announces Regular Dividend

Russell T. Tutt, chairman of the board, and Dennis O'Rourke, president and chief executive officer of Holly Sugar Corporation, manufacturer of beet sugar, announced Saturday that:

(1) The board of directors proposed a 2-for-1 split-up of the Corporation's common stock subject to stockholder approval on June 29, 1966 at the annual stockholders' meeting in San Mateo, Calif.

The board further voted to request stockholders to approve an increase in authorized shares from 1,500,000 (par value of \$10

per share), to 3,000,000 shares (par value of \$5 per share). There are presently 658,320 shares of common stock outstanding, and 243,561 shares reserved for conversion of the 4-3/8% Convertible Subordinated Debentures.

(2) THE BOARD of directors declared a quarterly dividend of 50 cents a share on the outstanding common stock, payable July 1 to shareholders of record June 10. The dividend is 5 cents a share greater than that paid in the previous quarter. Tutt and O'Rourke stated that, after the proposed 2-for-1 stock split, the quarterly dividend rate of 50 cents a share on the present common stock would be equal to 25 cents a share on the new stock.

The first dividend payable on the new shares to be issued in the proposed stock split would be the dividend for the third quarter which is normally payable about October 1.

(3) For the fiscal year ended March 31, 1966, Holly's net income, excluding investment tax credit, was \$3,459,338, equivalent to \$5.25 per share of common stock. This compares to net income, excluding investment tax credit, for the prior fiscal year of \$3,014,727, or \$4.58 per share of common stock. Following are the audited results for the fiscal year ended March 31, 1966 and for the preceding fiscal year, ending March 31:

Sales and other income: 1966, \$97,163,946; 1965, \$80,123,340.

Net income, excluding investment tax credit: 1966, \$3,459,338; 1965, \$3,014,727.

Per share of Common Stock (658,320 shares outstanding): 1966, \$5.25; 1965, \$4.58.

Investment tax credit for the fiscal year ended March 31, 1966, was equal to \$0.13 per share of common stock and special credits were equal to \$0.49 per share. This compares with investment tax credit in the preceding fiscal year of \$2.06 per share (Texas factory completed) and special credits of \$0.54 per share.

Tutt and O'Rourke stated that the Corporation's regular printed annual report would be distributed to shareholders within the next two weeks.

Holly Sugar has executive offices in Colorado Springs and operates eleven plants located in Colorado, Wyoming, Montana, Texas and California.

SHORT-TERM ESCAPES OPORTO, Portugal (AP) — Investigators in this northern city came up with a detective's dilemma: the fingerprints on a shattered bar window were the same as those of an imprisoned convict.

Two weeks after the investigation began, they had their answer. Each prisoner of Me-sao Frio Jail vaulted the wall once a week for a night of liberty on the town. He returned before sunrise.

But Ulisses Mondim tried to break into a bar while on one of his nocturnal romps, and he was re-arrested the next time he was caught out of the jail. Ulisses explained the prisoners did not attempt a fullscale escape for fear security measures might be increased at the jail — so each prisoner took turns escaping.

STATE PRESIDENT—Mrs. Nellie Haarmeyer of Lovington, formerly of Hereford, was elected state president of the New Mexico Hairdressers and Cosmetologists Association at its recent 20th annual convention in Las Cruces. The daughter of Mrs. C. L. Conklin of Hereford, she grew up here and was graduated from Hereford High School. She has held various offices in local and state groups of the NMM-CA.

Free Workshop In Dressmaking To Begin Soon

A free dressmaking workshop for any age of beginner or experienced seamstresses will begin May 23, sponsored by the homemaking department of Hereford schools. Mrs. Frank Prowell, high school homemaking instructor, will teach the course.

Demonstration and homework assignments on basic dressmaking will be given in seven lessons, at 9:30 a. m. on Tuesday and Thursdays through June. Each class will last from an hour to an hour and a half. Mrs. Prowell announces.

Individual instruction will be a part of the course, to assist either the beginner or the more advanced dressmaker with problems.

Anyone interested in the course is invited to notify Mrs. Prowell, or report to Hereford High School homemaking department at 2 p. m. May 23.

300,000 NON-JEWS IN ISRAEL

TEL AVIV (AP) — The population of Israel at the end of last year was estimated at 2,599,000. Of this figure, 2,299,000 were Jews and 300,000 non-Jews.

PROFITABLE PROJECT PORTALES, N.M. (AP) — Members of the Geology Club at Eastern New Mexico University have parlayed their knowledge of geology and spare time into a profitable project. The 10-member club has produced 200 geology kits, now required material for students enrolled in freshman geology. Each kit contains 20 rock and 20 mineral samples, a 10-power hand lens, a magnet and a porcelain streak plate. The latter is for use in identifying minerals by color.

TAKE CLUB LEADERSHIP — Officers installed in Hereford Study Club at a dinner Thursday evening in a program conducted by a guest, Mrs. Corinne Neely. A dinner in the Calson House closed the club season, ending early so members could go to the high school choir concert afterward.

ly, reporter; standing, Mrs. Noble Howard, historian; Mrs. Baxter London, retiring president who becomes parliamentarian; Mrs. Ballard, president; Mrs. Jesse Odom, secretary; Mrs. S. L. Garrison, correspondent.

Rose Is Symbol In Installation

An American Beauty rose was handed to each new officer of Hereford Study Club as she was installed Thursday evening in a program conducted by a guest, Mrs. Corinne Neely. A dinner in the Calson House closed the club season, ending early so members could go to the high school choir concert afterward.

Mrs. Labry Ballard took office as president succeeding Mrs. Baxter London, who will be parliamentarian next season. Mrs. R. N. Yarbro is vice president; Mrs. Jesse Odom, secretary; Mrs. S. L. Garrison, corresponding secretary; Mrs. Johnny Clark, treasurer; Mrs. Dillie Kelly, reporter; Mrs. Noble Howard, historian.

Committees to serve through the coming term were announced by the new president. To work with Mrs. Yarbro on the yearbook committee are Mmes. N. D. Bartlett, Don Robinson and Kelly; the membership committee comprises Mmes. London and Garland Solomon, the telephone committee Mmes. Art Stoy and Richard Winget.

Mmes. Ed Wilson Jr. and Marvin Knox form the committee on cheer; Mmes. W. H. Gentry and J. W. Witherspoon, welfare; Mmes. T. E. Braddy, Maurice Tannahill, Garrison, Odom and Miss Gladys Setliff, finance. In the year just closed the

Officer Attends Board Meeting Of Texas HDA

Mrs. A. E. Hodges has returned from a plane trip to Corpus Christi to attend a board meeting of Texas Home Demonstration Association in which plants were completed for the annual THDA convention scheduled Sept. 21-22 in the Gulf Coast city. Mrs. Hodges is a board member through her position as director of District I, THDA.

Deaf Smith County Home Demonstration clubs will send three delegates to the convention. Each club will be asked to nominate one, and the three will be selected from nominees by the County H. D. Council.

The choice will be made at the Council session May 23, when reports from the recent District I convention at Dalhart will be given by the delegates who represented the county there. The meeting will be a salad luncheon at the County Bull Barn.

World Trip Is Theme For Recital

Trip Around the World will be the theme of a two-part narrative recital by piano and voice pupils of Mrs. Frances L. Parker in St. Anthony's School auditorium at 2:30 and 4 p. m. Sunday. The public is invited.

Music typical of various countries will make up the programs. Terri Carter, Janette Schlabs and Suzy Henderson will present numbers from the U. S.; Stan Fry, Connie Schwertner and Mona Gale Gibson, England; Joe Priddy and Connie Matthews, Scotland; Holly Young and Carmela Burges, Ireland; Paula Grady, Belgium.

Evelyn Packard and Barbara Huckert will add selections representing Spain; Roxann Schwertner, Holland; Melinda Matthews, Lawrence Burges and Betty Barrett, Germany; Joan Grady and Chris Djuik, Denmark; Evelyn Packard, Norway; Jane Witkowski, Poland.

In the second part of the program Mary Kay Wagner, Holly Young and Sue Shirley will begin with music of Austria; Donna Grady, Switzerland; Wanda Fuhrmann and Barbara Huckert, U. S.; Beverly and Suzanne Hewitt, Italy; Kathy Duncan, Diedra Djuik and Margaret Schlabs, Russia; Caroline Spinherne, Turkey; Rebecca Djuik, China; Kathy Smith, Japan; La Nita Herr, Vance McGee, Pamela Smith, Teresa Rudd and Mike Kemp, U. S.

FOREST CENSUS

COOSA PINES, Ala. — 8 logs and "stix" are an important part of the woodlands program at Kimberly-Clark's newsprint plant here, but the company doesn't make paper from them. Trained foresters, aided by a computer, "log" the proliferation of giant pine trees. The "stix" — statistics — punched onto computer cards in the field help determine the best time for harvest of some 35 million trees. The company plants thousands more trees than are harvested each year.

Along The Frio

Mrs. OWEN ANDREWS Brand's Frio Correspondent

Several ladies from Frio visited Mrs. R. L. Swaffar in her new home at 213 Ave. J. Thursday afternoon. The callers brought "housewarming" presents and spent the time visiting. Attending were Mmes. Sam Ogan, Earnest Harder, Olin Parris, David Yandell, Harlan Barber and Floyd Cole.

Mr. and Mrs. Leon Vogler have bought an interest in the Wade Cafe, Hereford, with Mr. and Mrs. Truman McPherson as the other partners. The Voglers live on his father's farm, and he plans to continue his farming interests with his parents, the E. F. Voglers. The two women plan to manage the cafe. They began with the business Friday.

Mr. and Mrs. D. C. Miller left Friday for San Antonio for Mrs. Miller to attend the State Tax Assessors Convention. On the return trip they spent Wednesday night with Mrs. Miller's sister, Mrs. Dorothy Johnson of Midland.

Mr. and Mrs. Robert Baldwin and Kristi, Amarillo, visited Sun

Painter Exhibit Slated

An exhibit of paintings by Hereford Art Guild members and others will be staged in Sugarland Mall, opening at noon Thursday and continuing through Sunday. Mrs. Bess Werner, Guild president, announces.

Mrs. Jeanne McGee is general chairman of the show, which will hang in the northwest section of the mall. The public is invited to view the paintings during the four days.

Non-members of the Guild are invited to show paintings; the fee will be one dollar a painting. Work to be displayed is to be brought to the mall before noon Thursday.

A section of the exhibit will be devoted to an unusual display, paintings and drawings done by a group of special students in Stanton Junior High, six boys from a special class taught by Mrs. Gonda Smith, who have had some lessons in painting from Mrs. McGee.

Work in a variety of media and styles of painting will be on display by Guild members, with further variety added by the guest exhibitors.

day with their parents, the George DeLozier and Mrs. B. H. Baldwin. They attended church at Frio Sunday morning.

Mothers Day visitors of the Floyd Coles were Mrs. H. M. Mobley, Mr. and Mrs. Earl Cole, Mrs. Dorothy Johnson, of Midland, Mr. and Mrs. Don Mobley and family, Austin Mobley.

Spending Mothers Day with the Henry Dobbs were Mr. and Mrs. Clark Dobbs and children of Lubbock, Mr. and Mrs. James Dobbs and daughters Larry Dobbs and Sherri. Mrs. Larry Dobbs and new daughter, Christa, came home from the hospital Monday.

Mr. and Mrs. James Dobbs and daughters went to Elk City, Okla. Wednesday, to be with her parents, the Walter Jays, when Mr. Jay underwent surgery Thursday. James came home Thursday evening and reported Mr. Jay as doing well, and Mrs. Dobbs and girls remained a few days longer.

Mr. and Mrs. Chesley Johnston and Sheldon moved this week into their new three-bedroom brick home on Western Street, Hereford. They have been living at 409 C.

Mrs. Clark Andrews and Mrs. Frank Robbins took a group of Juniors to Amarillo Saturday to see the movie The Sound of Music. Juniors making the trip were Ronnie Hall, Raymond Warrick, Jerry Robbins, Kenneth Adams, Rocky Andrews, Rhonda Stephan, Jackie Botkin and Patty Robbins.

Mrs. Herbert Bruns entertained Friday afternoon on the second birthday of her son, Harlan. Mrs. George Zetsche made the cake in the form of a miniature train, loaded with candy animals, money and chocolate "coal." Clown decorated cup cakes and punch were served to Cay and Jim Zetsche, Elizabeth and Valerie Andrews, Kevin and Kyle Noack, Kirk and Kevin Sparkman, Robin Baldwin, David and Howard Henderson, Ann Zetsche, Rocky and Kirk Andrews, Lynette Andrews, Jody Hill, Norbert Christ, Sheldon Johnston, Jan Bruns. Mothers present were Mmes. George Zetsche, Joe Andrews, Clark Andrews, Thomas Christ, Tom

my Sparkman, Leon Noack of Friona, J. C. Henderson, Jim Hill and Owen Andrews. Story books and Mexican straw hats were favors given the children.

Mrs. Charles Self is improved after spending Saturday and Sunday in the hospital, suffering with a severe headache. Effects of the illness gradually have worn off during the week.

Mr. and Mrs. Olin Parris flew to Phoenix Sunday, and remained that night visiting the G. W. Parkers, who have been vacationing there for about four weeks. On Monday, Olin flew back home and Mrs. Parris came in the car with the Parkers, driving for them. They arrived home on Wednesday evening.

Arthur Betts of Plainview, Okla. visited Joe and Clark Andrews Monday.

A great-circle track is the shortest distance between any two places on the globe, the National Geographic says. Aircraft leaving the United States for Europe head north to fly the great-circle route.

NOW IN CHILE

Local Coop Man Begins Program

An experienced Texas rural electrification specialist departed for Chile this week to help that country further develop its rural electric cooperatives.

Leo Forrest, manager of Deaf Smith County Electric Cooperative in Hereford, will spend 30 days in Chile assisting 17 cooperatives plan their future expansion needs.

UNDER A UNIQUE 48-month contract with the Chilean government, Forrest will return to Chile for 30 days every six months to measure the progress of the cooperatives and continue assistance. He also will help them develop a stronger national association to provide services to the member cooperatives.

This makes the second time the Texan has traveled to South

America for the development of rural electric cooperatives. In 1962-63, he performed a three-month country-wide survey of Colombia to determine its electrical power needs. As a result, two rural electric co-ops are expected to become operational in the near future.

Forrest will perform his work in Chile over the next four years under a non-profit contract between the Chilean government and the National Rural Electric Cooperative Association (NRECA), of which Deaf Smith County Electric Cooperative is a member. Loan funds for the projects are provided by the Agency for International Development (AID).

THE CONTRACT calls upon the nearly 1,000 rural electric systems in the United States,

through NRECA, to provide technical, organizational and management counsel, and other support in the development of rural electrification in the emerging countries of the free world, as they request it.

To date, more than 60 U. S. rural electrification specialists have been recruited to NRECA to provide assistance in 22 developing countries. Their periods of duty range from a few weeks to two years.

The cooperative concept is advanced through the Alliance for Progress and AID as one of the best self-help measures for the advancing countries.

At present the British pound (\$2.80) can be divided into 8 half-crowns, 10 florins or 20 shillings. Lesser coins are the sixpence, which is half a shilling, the three-penny piece and the penny.

THDA Delegate Nominated By Messenger Club

Nominee for one of the county delegates to Texas Home Demonstration Association in Corpus Christi next fall is Mrs. S. N. Thweatt, chosen from Messenger H. D. Club at its meeting Friday afternoon in Mrs. N. A. Brown's home. Mrs. John Jones and Mrs. Lloyd Sevier were elected to serve as a club scrapbook committee.

Mrs. J. E. Sorrells gave the program on Outdoor Cooking With Foil, preparing Spanish Steak, baked apple and a mixture of corn, green pepper and onions. An informal discussion by Mrs. G. E. Pinkerton of cotton and its use in fabric for

clothing followed the demonstration.

Mrs. Thweatt gave the County H. D. Council report and a finance report. She held the finishing prize and Mrs. Jones won a prize in a mathematical game. The next meeting was announced for May 27 in the home of Mrs. H. D. Buse with Mrs. Elmer Northcutt in charge of the program on Sandwich Meals.

a one set sprinkler that will water the exact shape of your lawn

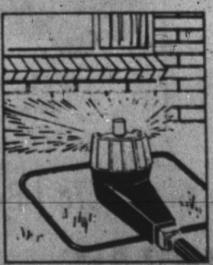

Rain Dial Contour

Low, flat spray is virtually unaffected by wind. Saves water. Saves time. A sprinkler with a "brain" . . . that you can adjust to water a lawn of any shape. Better than a soaking rain because it delivers water only where you want it. Avoids areas you want to keep dry. Simple adjustment enables you to "program" the Contour to fit any size, regardless of shape. Set it once and forget it . . . the Contour remembers the shape of your yard . . . waters exactly the same area every time. Spray radius extends from 5 to 40 feet. Low, flat spray pattern is virtually unaffected by wind. Less evaporation. Less waste. Saves water. Saves time.

CHARGE IT! **19⁹⁵**

There's a fine quality Gates Sprinkler for every lawn at Fedway!

Low, flat spray pattern

Adjust without turning off water

Rain Dial Part Circle

When a full circle any size wedge-shaped portion, 5 to 40 foot radius. Even distribution. Low, flat spray. Can be adjusted or moved without turning off water.

\$12.95

Rain Dial Circle

Full circle coverage adjustable from 12 feet to 70 feet. Low, flat spray pattern. Unaffected by wind. No back spray. Move or adjust without turning off water.

\$7.95

Rain Dial Square

A rotating sprinkler that waters a square shape adjustable from 10 x 10 feet to 50 x 50 feet. Uniform water distribution. Low, flat spray unaffected by wind.

\$7.95

Water Timer

For careful water control. Just dial amount of water wanted. Timer shuts the pump. Turns off sprinkler automatically. Gentle shut-off action. "Wet" position for continuous watering.

\$5.95

FIFTH IN STATE

Total Grain Sorghum Listed

Deaf Smith County ranked fifth in the state of Texas in total grain sorghum production for the 1965 crop, it was announced Thursday by the Grain Sorghum Producers Association.

Total production in the county for the 1965 crop was 11,835,000 bushels, second-highest yield in the history of the county. Only the 12,667,000 bushels produced here in 1959 exceeds the mark.

BUT THE 1965 crop registered a 23 percent climb over the 9,675,000 bushels for 1964. The increase was 2,760,000. Making the announcement of final crop figures was Y. F. Snodgrass, South Plains Representative of

the GSPA. Parmer County again led the state and nation in grain sorghum production with 18,683,500 bushels this past year. The trend for the past several years has been increased grain sorghum production in this county and in Texas.

Texas, the number one grain sorghum producing state had a production of 285,740,000 bushels in 1965 which was 43% of the total grain sorghum produced in the nation. All Panhandle Counties had increased grain sorghum production in 1965.

The 1965 grain sorghum crop was the largest ever in Texas

and the Nation. National production was 666,062,000 bushels, 35 percent above last year and 21 percent above the five-year average.

THE BIGGEST production shift came in the 13-county North Plains of Texas area which produced 81,111,600 bushels of grain sorghum in 1965 which was 12 percent of the national production and 21 percent of the Texas production.

The Coastal Bend area around Corpus Christi also registered increases in grain sorghum production. Nueces County moved up to the 4th place producer in the State with 12,784,000 bush-

els. Even in the heart of the traditional cotton area of the South Plains, grain sorghum showed gains. Lubbock County itself leaped from 4,715,000 bushels in 1964 to 4,104,000 bushels in 1965.

IT IS EXPECTED that the increasing grain sorghum production trend will continue this year, particularly in the North Plains, Coastal Bend and South Plains.

Along with these production increases, utilization of grain sorghum has steadily increased at home and abroad through intensive promotion program by Grain Sorghum Producers As-

sociation. When such programs were started in 1954, livestock use of sorghum was 179 million bushels, now it is 479 million.

Exports in the same period have moved from 22 million bushels to over 200 million in 1965. The other major uses of grain sorghum commercial and industrial, now promises to double with the opening of the new wet milling plant to be built at Dimmitt.

Deaf Smith County Grain Sorghum Production Records are:
 1959 - 12,667,000
 1960 - 11,248,000
 1961 - 8,248,000
 1962 - 8,731,000
 1963 - 11,304,000
 1964 - 9,675,000
 1965 - 11,835,000 bushels.

Complete Stock Office Supplies THE INK SPOT

Club's Program Shows Variety Of Sandwiches

Party tidbits or full meal, sandwiches fill a vital place in everyday menus, Cultural Home Demonstration Club members learned in a program at the home of Mrs. Grady Parsons Friday afternoon. Mrs. Pat Robinson and Mrs. Ira Scott showed how to make different types of sandwiches.

Some were for parties, made of thinly-sliced white or whole-wheat bread. At the other extreme was the hero sandwich of French bread sliced lengthwise, spread with cream cheese, supplemented with lettuce, slices of salami and boiled ham, then topped with decorative bits of

Those present included Mmes. P. M. Houser, Ed Sumner, Art Lewis, J. D. Love, Roy Thompson, Jim Gandy, Louie Olson, Viola Williams and G. W. Parker.

MANDRAKE THE MAGICIAN

BY LEE FALK

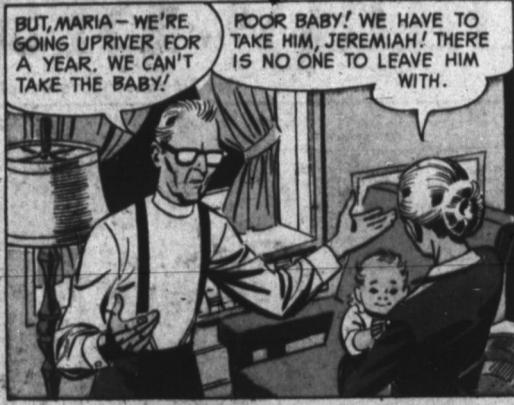

CONTINUED

The PHANTOM

By Lee Falk

A FEW MONTHS AGO--
NIGHT IN A SMALL TOWN
AT THE JUNGLE'S EDGE--

BUT, MARIA-- WE'RE GOING UPRIVER FOR A YEAR. WE CAN'T TAKE THE BABY!
POOR BABY! WE HAVE TO TAKE HIM, JEREMIAH! THERE IS NO ONE TO LEAVE HIM WITH.

LATER-- UPRIVER AT THE MISSION HOUSE--

JEREMIAH, I'M SO HAPPY WE BROUGHT THE BABY WITH US. HE'S SUCH A JOY. WE SHOULD GIVE THE POOR BOY A NAME--

IF HIS REAL FOLKS DON'T SHOW UP SOON, WE WILL.

BY BARRY 5/15

A MONTH LATER--
KEEP THAT NETTING OVER THE BABY-- MOSQUITOES ARE BAD THIS YEAR-- JEREMIAH, I DON'T FEEL SO GOOD--

YOU GOT THE FEVER BAD, MARIA-- ME TOO--

I FEEL JUST TERRIBLE-- I'LL GET UP TO THE TRADING POST-- GET SOME MEDICINE-- GET WORD TO THE DOCTOR--

YOU STAY COVERED UP-- I'LL BE BACK AS SOON AS I CAN-- UH--

WAAA--

CONT'D

BRINGING UP FATHER

by BILL KAVANAGH & FRANK FLETCHER

RAIN OR NO RAIN, I'M GOING OUT FOR SOME CIGARS--

WHERE ARE YOU GOING?

OUT TO GET A CIGAR--

HAVE YOU LOST YOUR MIND? ONLY AN IDIOT WOULD GO OUT IN THAT RAIN!

BUT IT'S ONLY AROUND THE CORNER

FORGET IT! I WOULDN'T LET YOU OUT IN THAT RAIN EXCEPT IN AN EMERGENCY!

OH, DEAR! I'M OUT OF ALMOST EVERYTHING--

DEAR, I WANT YOU TO DO AN ERRAND FOR ME--

BUT YOU SAID I COULD ONLY GO OUT IN THAT RAIN IN AN EMERGENCY--

WELL, THIS IS AN EMERGENCY!

-- COLD CREAM -- TALCUM POWDER -- LIPSTICK -- ROUGE -- EYE SHADOW --

THIMBLE THEATRE starring POPEYE

by BUD SAGENDORF

BLOW ME DOWN!?

A FLYING SAUCER!

AHOY, OLIVE! I JUST SAW A U.F.O.!

GULP! I SEE ONE TOO!

THE MARTIANS ARE COMING!!

I MUST WARN POPEYE OF THE SPACE INVASION!

THEY'RE HORRIBLE! ALL DIFFERENT COLORS!!

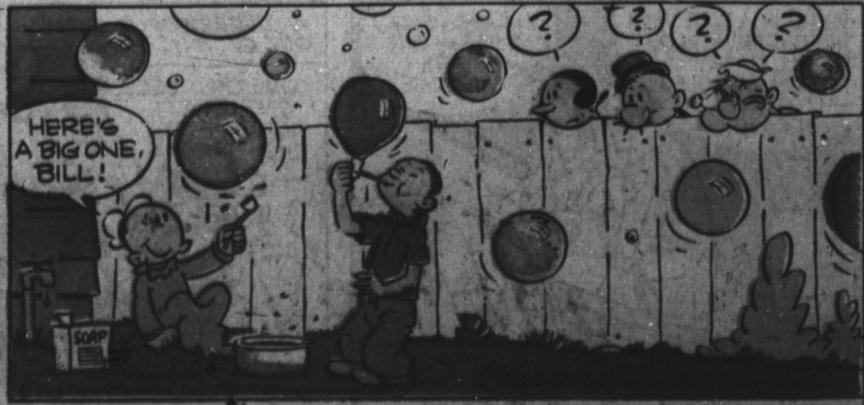

THEY PULSATE! THEY GO A THOUSAND MILES AN HOUR!

WE SHOULD CALL THE AIR FORCE!

THERE GOES ANOTHER ONE!

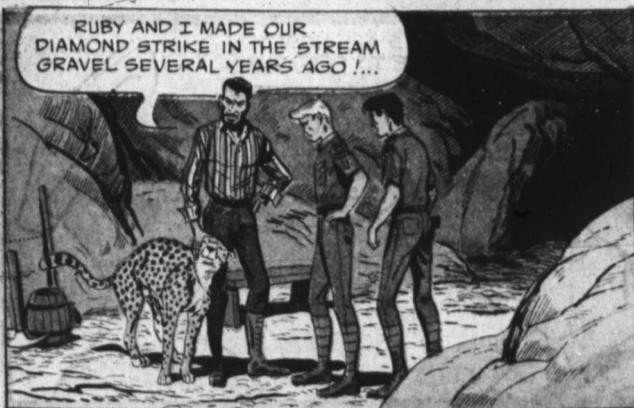

SWEE'PEA! GULP! I HAD TO SAVE HIM!

HERE'S A BIG ONE, BILL!

TIM TYLER'S LUCK

by Lyman Young and Tom Massey

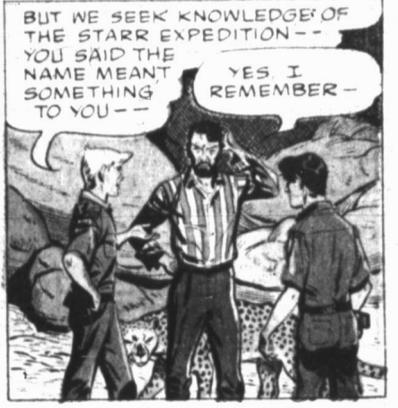

RUBY AND I MADE OUR DIAMOND STRIKE IN THE STREAM GRAVEL SEVERAL YEARS AGO !...

...BUT I ALWAYS DREADED THE TRIP HOME... A LONER LIKE MYSELF COULD NEVER MAKE IT SAFELY WITH SUCH A PRECIOUS CARGO !

ERASE THAT FEAR, BENBOW. YOU'LL HAVE AN ARMED ESCORT NOW !

BUT WE SEEK KNOWLEDGE OF THE STARR EXPEDITION -- YOU SAID THE NAME MEANT SOMETHING TO YOU --

YES I REMEMBER --

WHEN I FIRST ARRIVED A NATIVE BROUGHT ME THIS -- I NEVER KNEW WHY I TRADED FOR IT... UNTIL NOW !

A DIRTY BEAT-UP BRONZE MARKER!

I CAN MAKE OUT THE NAME STARR... AND A DATE !

THE NEXT DAY AT THE OCEAN...

TIM, THE SPIKE HOLES THROUGH THE PLAQUE LINE UP PERFECTLY WITH THOSE IN THE ROCK !

IT PROVES THE STARR EXPEDITION DID LAND ON CANNON BALL BEACH ! AND WE'VE HELPED TO WRITE THAT NEW PAGE IN THE HISTORY BOOK !

TIGER

by BUD BLAKE

YOU HAVE A WAY WITH SQUIRRELS, JULIAN!

IT'S EATING RIGHT OUT OF HIS HAND!

WE'VE MADE AN ANIMAL FRIEND, FUNKINHEAD

LOOK! THERE'S A PIGEON!

IT'S EATING RIGHT OUT OF HIS HAND!

JUST LIKE THE SQUIRREL

WE'VE MADE ANOTHER ANIMAL FRIEND, FUNKINHEAD

LOOK! HUGO'S MADE AN ANIMAL FRIEND, TOO!

HOW DO YOU KNOW?

IT'S EATING RIGHT OUT OF HIS HAND!

GRANDMA

by Chas. Kuhn

A REAL GOOD DOUBLE FEATURE IS SHOWING AT THE MOVIES TODAY!

A WESTERN AND A SCIENCE FICTION PICTURE!

GOSH, IT'S TOO BAD WE'RE BOTH BROKE!

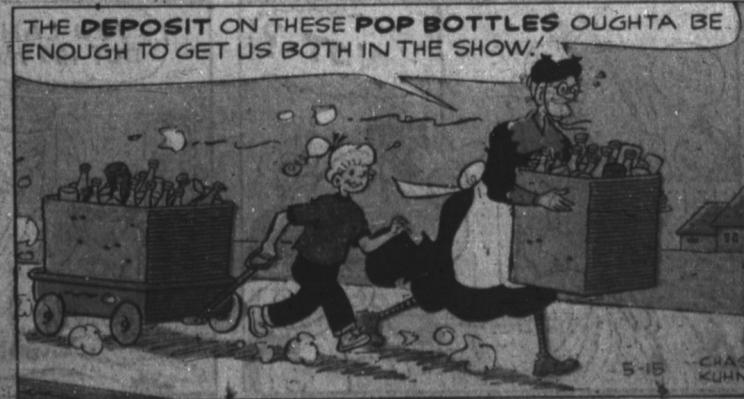

YEAH... AND A SHAME WE DON'T OWN A GOLD MINE!

BUTCH! THAT'S IT!

I PLUMB FORGOT ABOUT MY GOLD MINE IN THE GARAGE!

THE DEPOSIT ON THESE POP BOTTLES OUGHTA BE ENOUGH TO GET US BOTH IN THE SHOW!

5-15 CHAS KUHN

BUZ SAWYER

Featuring His Pal Rosco Sweeney

by ROY CRANE

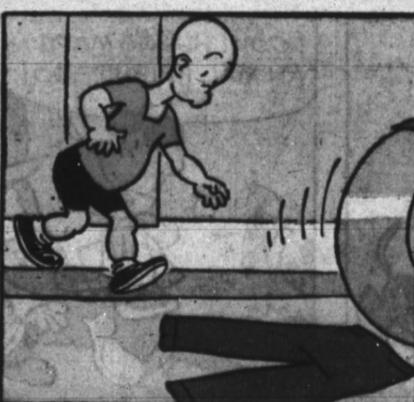

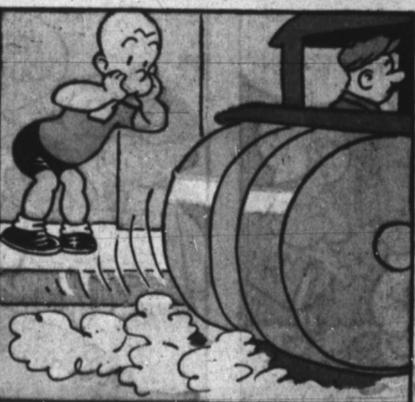

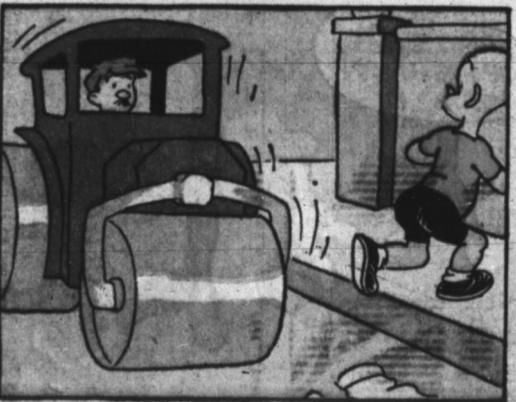

THIS IS RIDICULOUS! IF ANYBODY SEES ME USING A CHAUFFEUR ON MY TRACTOR, I'LL BE THE LAUGHINGSTOCK OF MARTIN COUNTY.
