Livestock Shipments Up During February

Austin.—The modern Texas cattle trail—the railroads—took 3,801 cars of livestock to markets at Fort Worth and in other states during February, the University of Texas Bureau of Business Research reports. These shipments—3.8 per cent larger than in February a year ago—included 2,110 cars of cattle, 691 cars of calves, 728 cars of hogs and 218 cars of sheep. The cattle movement showed a 3.4 per cent increase over February, 1940, calves 9.9 per cent, hogs 32.1 per cent. Sheep shipments showed the only decline—from 400 to only 218 cars.

Shrubs Doing Well At Brooke's Home

Barnyard manure had been put on all the shrubs at the E. F. Brookes' home in Progressive just before the rains came. Three lines of Redcedars make the north windbreak. These were

planted in 1917. After the ice storms, some broken branches were removed, but there is still a good windbreak. Fifteen Jasminum nudiflorum, Winter Jasmine plants, in the garden have flowered in March. Cuttings of this plant root readily and tips can be layered.

Summerfield

MRS. JIM CLARK Did someone mention smiles in connection with the recent rains? We have heard big hearty laughs in this community even while pulling, tugging and even digging to get a car or cars through some particularly muddy stretch of road. Newly graded roads in most of this section made travel by car very difficult Tuesday and Wednesday. School buses were unable to make the routes all week. There was no school at Summerfield Tuesday. Jim Clark got his bus to the pavement at Summerfield Wednesday morning where the High School students met him and were driven by bus on to Hereford the last three days of the week. Both buses made the regular routes Monday for the first time since the rains.

Marvin Ware, ten year old son of Mr. and Mrs. Claud Ware of this community is suffering from a broken knee-cap and a fractured leg. Injuries were received early Monday morning when the youngest jumped from one of the swings at the school while it was in the air. He landed on a concrete walk. When the pupils rushed to him he assured them he wasn't hurt and showed no signs of injury other than a stiff knee. Consequently the extent of his injuries were not learned until after Mrs. L. B. Lookingbill had taken him home at the noon hour and his parents took him to a doctor in Hereford. The Marvin is doing as well as can be expected with a leg fractured in three places and an injured knee-cap, it is feared that the nerves of his leg have also been injured. Another student, J. R. BULL

By Jimmie Gillentine

It looks like writing this Bull Column will really be a snap this week. I have three letters with which to start—and letters sure do save a lot of work.

To start with is one from H. J. Eberle, M. D., of Madisonville, Texas. Howard is the son of Mr. and Mrs. F. J. Eberle of this city and graduated from Hereford High school. He is a doctor at Madisonville, and writes the following:

Mr. Jimmie Gillentine Editor Hereford Bull Hereford Hereford, Texas. Dear Mr. Gillentine: Enclosed find a card which entitles you to membership in the Madisonville Sidewalk Cattlemen's Association whose motto is, "Cowboy Boots for Cattle Owners Only."

Enclosed find a card which entitles you to membership in the Madisonville Sidewalk Cattlemen's Association whose motto is, "Cowboy Boots for Cattle Owners Only."

Sincerely yours, H. J. EBERLE, M. D.

The card was enclosed alright. All in regular order, giving me the right to wear cowboy boots, provided I meet the following regulations:

- BOOT WEARING REGULATIONS
1. Owner of at least two head of cattle—entitled to wear boots.
2. Owner of three head—can stuff the right pants leg in.
3. Owner of four head—can stuff both pants legs in.
4. Owner of six head—can wear spurs.
5. Yippee!!
PENALTIES FOR VIOLATIONS
1. Buy drinks for everybody within yelling distance, then take boots off.
2. Buy drinks for everybody in sight, remove stuffed-in pants leg.
3. Suspension from wearing boots for two weeks, remove stuffed pants leg.
4. Suspension from wearing boots for three weeks, remove spurs.

Some stuff. It all sounds good, but I think the boys have the cart before the horse. Down around Madisonville these regulations may be fine, but out here in the cattle country it's different.

The second correspondence comes from John F. Beall, who we'll have you know is a First Lieutenant. He's a little peeved, and says:

The Hereford Brand, Hereford, Texas Gentlemen: Some time ago you ran an item in your paper, announcing my marriage to Emily Minter, in which you referred to my rank as "corporal."

We apologize, Lt. Beall. Maybe it was because we didn't know how to spell lieutenant—and corporal was so much easier. Anyway, we are sorry.

It is with regret that we announce the departure of Fred B. Harrell, who for the past 18 months has served as news editor of The Brand. We know that he has made many friends over the community and although we hate to see him leave, we are glad to see him advance.

Here's the other letter. It's from Judge A. J. Schroeter, and it sounds like horse sense to me. It looks like the only way to get something done about our County Park—and the way the park is now going down is next to criminal.

PARKS Deaf Smith County in 1934 and 1935 purchased about 540 acres of land for park purposes. Since that time, very little development has been made to ward improving the land, equipping it for amusement, and maintaining it. The people of the County, to whom the park belongs, have been paying to the State of Texas about 77c every time the County collects in taxes the sum of 65c.

For instance, if it takes \$1200 per year to maintain the park, the County collects approximately \$2700.00 in taxes—of which \$1500 goes to the State. This is true because park expense is now being paid out of general fund of the county for the lack of a park tax.

Since the statutory limit for general purposes of the County 25c, the Commissioners' Court cannot, because of financial reasons, spend the amount of money annually that is needed on the park to develop it for its citizens. Counties over Texas have had hard times in trying to pay the general operating expense out of a 25c fund for the past 10 years, because of the fact that so many different agencies have entered into and have become a part of the County government.

Ten years ago the relief situation was not so acute, there were no W. P. A. projects, few counties had Home Demonstration agents, few counties had public libraries, few counties had to furnish office space for various governmental agencies for the convenience of its citizens. All these conditions have contributed to overloading the general fund.

Therefore, it seems that the citizens of Deaf Smith County should vote a park tax of not to exceed the statutory limit of 5c per \$100 assessed valuation, which would enable the citizens of the County to spend the entire \$2700 collected on the development of its park and the maintenance thereof, rather than to collect and remit to the State of Texas \$1500.00 of the \$2700.00 collected.

That portion of the park lying east of the main street bridge, consisting of approximately 400 acres is of ample size to accommodate the citizens of the County. There is sufficient space for playground equipment, tennis courts, a swimming pool and golf course. All these things could be realized by the people of the county with no more taxes than they are paying now if only a park tax were voted. The only difference would be that the money would remain within the county instead of being sent to the State.

According to the above information we would pay NO MORE TAXES, but would merely keep \$1,500.00 which now goes into the State coffers. Think it over, Folks; it is worthy of some real consideration. Any opinion on this matter will be welcomed.

In Virginia

Fred McMurray and Madeline Carroll are shown in a scene from "Virginia," which comes to the Star Theatre Sunday and Monday. The story is full of those elements of romance and chivalry, strong men and beautiful women which are a tradition of that state.

Well, you know Noah. Right off he wanted to know about the labor business and Wiley said that's what he would have had to pay anyone else—and that it was a legitimate charge. They are still arguing.

You know Noah—and you know Wiley. Here's a clipping from the Sudan News: Hitler might have said this but Napoleon thought of it first: "If Italy is your enemy you must send one or two divisions to hold her; if she is neutral, you must send three divisions to watch her; if she is your ally, you must send ten divisions to rescue her."

Bethel Items

MRS. E. R. ROTHWELL Hereford visitors from Bethel Monday were Mr. and Mrs. Ivor Bagwell and children, George Bagwell, their brother, Mrs. J. A. Bagwell Sr., Mrs. John T. Smith, Mrs. Bryan Sinclair and Mrs. E. R. Rothwell. Joe Jimmy Colin of Los Angeles, Calif., and Earl Hill of Turkey spent Friday night in the Harry Rothwell home. Joe Jimmy will be remembered by many as he attended school at Bethel and Dimmitt several years ago. Reverend E. F. Cook, pastor of the Glenwood Baptist Church in Amarillo, will conduct a singing class at the school house beginning Monday and will continue two weeks.

Most all the young people with their sponsor, Mrs. Vern Lust, attended the District League meet at Dimmitt Saturday night and Sunday. N. M. Cruse and family attending church services at Friona Sunday.

The Reverend Williams and family were here Sunday morning and evening. They visited in the Earl Lust home. Mr. and Mrs. Earl Lust visited with his sister, Mrs. Glen

Styles in the Big Square community Thursday afternoon. We would not fail to mention the lovely rain we had from 3 to 3 1-2 inches in this community. Farmers are not able to say yet just how this wind and sand blown wheat will react to it.

Mrs. John Smith, Mrs. Ivor Bagwell and Lillie Sparkman are on the sick list this week. Harry Rothwell, Joe Jimmy Colin and Earl Hill turned over in Harry's new pickup Saturday as they tried to turn out of muddy ruts. Fortunately they were not driving fast and none of the occupants were hurt. The pickup had only mashed fenders.

WOMEN'S SOCIETY

MRS. JOHN McLEAN, Society Editor Phone 181

Club Women Will Sponsor Statewide Defense Projects

Defense projects will form a large part of women's club activities in the near future according to General Federation officials who are outlining programs and plans along defense lines for the 1941-42 club year. In our own state a statewide unit plan will be launched by Mrs. J. W. Walker, president of the Texas Federation of Women's Clubs, who has chosen as the theme of her administration, "Education for Democracy's Defense."

Mrs. Walker has also announced the four aims of the administration. They are (1) To give increased and improved types of service to member clubs; (2) to launch a statewide project with every club taking part, for the purpose of strengthening the national defense program; (3) to improve the financial structure of the federation (without raising dues) and (4) to strengthen the mechanical structure of the state organization.

A statewide nutrition campaign will be launched soon in which every club in the state will be asked to have a part. The need for such a campaign is made clear by the fact that many men called for selective service have been rejected because of bad health. Malnutrition was one cause of these rejections.

Mrs. Eleanor Roosevelt has stated that a national defense program for women will be given to the public soon. She was quoted recently as saying that the biggest way a housewife could aid in defense is to do that job to the best of her ability but that there are many women who do not have home duties and children or who can aid in a part-time project for defense.

Mrs. Urlin Streu, president of the Deaf Smith County Federation of Women's Clubs, is urging all federated clubs to elect delegates to the Seventh District, Texas Federation of Women's Clubs which will be held in Amarillo April 29-30 and May 1. All club reports should be made out in full and all reports on field service should be sent to the proper district or state chairman, so that the Seventh District reports will be complete at state headquarters.

Many clubs have already elected delegates and alternates and other arrangements will be announced during April.

Due to national interests the annual spring convention promises to draw a large attendance and arrangements for sending busses from other towns in the district are being made.

Dinner Party Given At Hedrick Home

Among the many Pre-Easter parties was the attractive bridge dinner party given by Mr. and Mrs. E. B. Hedrick at their home Tuesday night.

Pansies and other flowers were artistically arranged throughout the rooms. After the dinner prizes in contract were awarded to Mrs. R. R. Wills and J. A. Pitman.

Musical Playlet Is Presented For Band Mothers

"Thirty Minutes With Stephen C. Foster," a musical playlet, was presented by fifth grade pupils of Miss Thelma McMinn, head of the Music Department of Hereford Schools, at the meeting of Junior Band Mothers at Central School Tuesday afternoon. Other mothers and teachers were also present.

Jeanne Singletery gave a brief introduction to the playlet in a talk about Stephen C. Foster's rank as a composer and Roger Corbett introduced the cast. Those taking parts were Lanell Lindsey, Bonnie Jean Andrews, Barbara Ann Burney, Duane Foster and Ouida Hudson. A chorus of singers supported the cast.

The scene of the play was laid in the Foster home about the year 1850. Costumes in keeping with the time lent color and authenticity.

After the program a short business session was held when details were completed for transporting the band pupils to Amarillo for the Music Festival this week.

Mrs. R. G. Blue appointed a nominating committee consisting of Mrs. Urlin Streu, Roy Jowell and Louie LeGrand.

Music Study Club Arranges Programs For Music Week

Plans for National Music Week are already being arranged by members of the Music Study Club. During the business meeting of the club's regular session held Monday afternoon at the home of Mrs. J. C. McCracken, members voted to extend an invitation to the Amarillo Junior College Choir to present a concert during Music Week which begins May 4.

The program for the afternoon was built around "Texas Composers" with Mrs. H. L. Broadwell leading. She discussed "State Musical News" and told of various important Texas personalities in the music world. Among those mentioned were Clyde Whitlock of the New York Opera and Julian Paul Blitz of Lubbock, a music critic and a distinguished cellist. Among the singers mentioned were: Leonora Corona, soprano, who took principal roles in opera, Yvonne De Treville, world famous prima donna and May Peterson Thompson who was at one time with the Metropolitan Opera Company in New York. Distinguished pianists included Olga Samaroff, Bomar Cramer and Esther Johnson. "Probably the most distinguished native son was Frank Vander Stucken, a noted composer and conductor and among the living composers are David Guion, Oscar J. Fox, and Carl Venh." Mrs. Broadwell said.

The musical program included "Texas May I Never Wander" (Guion) sung by Mesdames Troys Carmichael, Jeff Gilbreath, T. W. Roberson, C. R. Smith, H. H. Hawkins and Miss Eloyse Pitman. Miss Pitman played "Southern Nights" (Guion) and Mrs. H. K. Fox sang "October." Mrs. Fox also sang "Lamp of Love" (Salter) a postponed number. Junior Pioneer Club Hears Three Topics Discussed

Mrs. Wayne Evans was hostess for an enjoyable meeting of the Junior Pioneer Club Tuesday night at her home on Twenty Five Mile Avenue.

Three discussions on "Home and Personality" were presented by Mesdames Frank Huckert, Lynn Kester and Willis Edelman.

Mrs. Huckert talked on "All in the Day's Work" and "I Do My Dailly Dozen Doing Housework" outlining a schedule for a modern housewife. She advocated a planned time for grooming, since all housework is hard on the looks, and a planned system for exercising as the daily housework is being done.

Mrs. Kester talked on "Organizing Yourself." She began her discussion by saying that "Good management without orderly arrangement is impossible." She said that by organizing oneself more work could be done in less time and that worry, hurry and fatigue could be eliminated. She listed four steps to follow. Name: (1) survey, (2) analyze, (3) rank and (4) group. This to include the assembling of all facts, evaluation and arrangement in chronological order.

Mrs. Edelman said that every one has something to sell and told something of a recent article in a current magazine in which the author declared that husbands and wives should practice selling themselves to each other. A business session was directed by the president, Mrs. Elmer Patterson, when Mrs. J. B. Whit-

low was chosen as delegate to the Seventh District, Federation of Women's Clubs Convention to be held in Amarillo April 29-30 and May 1.

The course of study for the 1941-42 club year will be built around the theme "Houses and Homes". The year book committee includes Mrs. Wayne Evans, chairman, Mrs. R. R. Wills and Mrs. G. R. Lunsford.

Members present included Mesdames G. R. Lunsford, Alton Miller, Elmer Patterson, Troy Moore, Libburn Ray, Elvin Riddling, Ralph Roden, R. S. Scott, Urlin Streu, J. B. Whitlow, Willis Edelman, Homer Brumley, Buford Crosthwait, O. H. Gulpepper, Meade Haile, Ralph Hastings, Frank Huckert, Lynn Kester, Miss Edna Daughettee and the hostess.

Class Has Social Meet

The regular monthly business and social meeting of the Home Makers Class of the Baptist Church was held at the home of Mrs. Joe Kendall Thursday afternoon.

Mrs. Viola Williams opened the meeting with a devotional and Mrs. C. E. Hood gave the prayer.

Mrs. Jim Lipscomb reviewed the book "Concerning The Christian Life" and Pollyanna gifts were distributed by Mrs. Viola Williams.

During the business session plans were discussed for the annual Mother's Day luncheon, given annually in May by members of the class.

Refreshments were served to Mesdames Earl Lance, Viola Williams, O. T. Bailey, T. W. Roberson, Roy Thompson, C. P. Hussey, Jim Lipscomb, George Martin, Dudley Green, Ralph McCullough, C. E. Hood, Walter Easter, Edgar Moseley and the hostess.

Fifteen "Billies" In Hereford High

"What's in a name?" Apparently there isn't much, or else there's quite a lot. Maybe it all depends on the name. There are some names which are very heavily represented in Hereford High School, while others have only one representative.

The most popular name seems to be "Billy" (ie). There are fifteen people in school who use this caption. "Mary" runs a close second, with twelve people who have this appellation. Some of the others are: Jean-7; Harold, Robert, Bettye-6; Louise and James-5 each; Donald, Katherine, Margaret, Lee, Lois, Evelyn-4 each; Dorothy, Mildred, Jack, Evelyn, Jane, Christine, John-3 each; Helen, Richard, Eleanor, and Leonard-2 each.

These are just some of the names of Hereford High that seem to be popular. Here are some that are not heard of so often--Felix, Radford, Madeline, Ivaline, Leland, Marcia, Rena Rae, Georgianne, Marcella, Loy, Mathilda, Seletta, Madonna, Corenne, Juanice, Ewell, and Hicks.

If your names has some strange or definite meaning, why don't you turn it in to the staff? It would be interesting to know the history of some of your names.

Central Chatter

Thank you Boy Scouts, namely Clyde Brock, Edward Roberson, Myers Hudson, and Lloyd Manjoet, for patrolling the streets for the pupils to play in when the play grounds were too muddy.

Billy Ray Smith entered the 4th grade from Medicine.

Buddle Haynes withdrew from the 6th grade to enroll in the Borger school.

The three fifth grade rooms entertained the Junior Band mothers, Tuesday, April 1, with a play called "Stephen Collins Foster."

Miss Ethel Womble says that she is no artist, that all she can draw is flies and attention.

CORRECTION

Inadvertently, the name of G. P. Owen was omitted from the freshman honor roll. A mistake in recording the grades was the cause of the error. The staff regrets this mistake.

Senior Play Cast Has Supper Wednesday

Population In H. H. S. To Decrease Thursday, Friday And Saturday

If there are no people of high school age left, in Hereford Thursday, Friday or Saturday, there will be a reason why. Many will attend the music festival in Amarillo; others will participate in the Interscholastic League District meet in Canyon.

The orchestra and the glee club will be in Amarillo Thursday. The band will play Saturday.

Our school will be well represented in the interscholastic meet in Canyon Friday, for there are entries in typing, shorthand, extemporaneous speech, senior declamations, Spanish and tennis.

F. H. T. Girls Complete Scrapbook For Rally

The F. H. T. scrapbook which will be entered in the state Rally in San Antonio has been completed. The book contains something about every activity of the club. The wooden cover is attractively decorated with brands and coils of string forming the words.

A picture of each Hereford F. H. T. girl is shown in the book with her brand and hobby. Troyce Stambaugh and Mona Jean Luttrell headed the committee which made the volume.

Council Discusses Better Recreational Facilities For Youth

The council discusses the possibility of organizing a youth council in Hereford. The purpose of this group would be to acquire better recreation facilities for the youth. The main thing in mind was the building of a swimming pool. Do you want the Hereford youth to have a swimming pool? The citizens of Hereford should consider the possibilities of such a movement.

The Hereford High School has received their charter for membership in the National Honor Society. The society is to be organized in Hereford soon. When a student becomes a member of this society, it does not mean that he remains a member for an indefinite period. If his grade averages fall down, he may lose his membership and his pin.

In Other Camps

"The Lone Wolf," the annual of Dalhart High School, is taking form, and the first pictures have been sent in to the engravers. Most of the mounting of class pictures and club pictures has been completed, and will soon be sent in. The annuals will be bound in pressed leather covers and will carry the school colors.

Teachers from Levelland attended a district meeting at the Big Spring last week. The theme of the district meeting was "Education for National Security."

New features to be inaugurated by the 1941 annual of Tulla High will be a Who's Who section. The high school faculty will select the two most outstanding students from each high school class. In order to be considered for this honor, a student must excel in scholarship, achievement, morals, behavior, and school loyalty.

Playing to a packed house, the cast of "Don't Take My Penny" gave a super-deluxe performance. Each member of the cast was well chosen and portrayed his part skillfully.

An estimate Monday revealed that the proceeds from the play amounted to over \$125 dollars. The money will be spent for senior diplomas and stage scenery.

April Is Cancer Control Month

With our country organizing and integrating its productive forces and its manpower, each one of us must play some part in the great work of national defense.

On behalf of an Army, not the United States Army, but a volunteer army of health, we are fighting a disease that carries on its ruthless, destructive work, whether we are at peace or at war. The Women's Field Army of the Society for the Control of Cancer was launched in 1938 under the slogan "Early Cancer Is Curable, Fight It With Knowledge."

During April, as well as conducting an educational program, the Army enlists at one dollar each man and woman who wishes to join this movement. These soldiers of the Army to save life receive literature and valuable information, and in enrolling in the Army they are expected to do more than contribute a dollar to the all-important task of financing this movement—these men and women are expected to tell their friends and their neighbors the reasons for and the program of the Women's Field Army.

Two keys to cancer control

must be in the hands of every adult in the country:

The first is the fact that physicians and medical experts throughout the country are agreed that one of the best ways of finding early and curable cancer and of uncovering conditions that might lead to the disease is the comprehensive physical examination. Every man and woman over forty should have an examination at least once, better twice a year.

The second essential key is a list of symptoms, usually painless, that may point to cancer and should always mean a prompt visit to a physician. These symptoms, called the cancer signals, are:

1. Any persistent lump or thickening, especially in the breast;
2. Any irregular bleeding or discharge from any body opening;
3. Any persistent and unexplained indigestion;
4. Any sore that does not heal normally, especially about the tongue, mouth, or lips;
5. Any sudden change in the form or rate of growth of a mole or wart.

Remember that these symptoms are usually painless and at first seem very minor indeed. But if they appear, do not delay; go to a physician at once. That is the story behind our cancer control campaign. Now,

you may well be wondering whether this particular problem is important enough to warrant your attention during all the exciting preparations for national defense. We think it is.

Cancer is a disease that strikes men and women of mature years. It is not an immediate problem for the soldier of this war, it is a very real problem for the mothers and fathers of the boys who are now in training. It is also of great significance to older workers and farmers, those men and women behind the soldiers who are supplying him with food and arms and clothes.

It is our sincere feeling that an essential part of national defense is national health. Cancer is second only to heart trouble as a threat to life. Cancer Control will mean saving the lives and skills of the mature men and women—the older leaders who must plan all our program of national defense and who can be spared least of all at this time. Cancer control will save the fathers and mothers of the soldiers of our nation.

The Women's Field Army will carry on—will you help? Enlist now with Mrs. Dorothy Ross at the court house, local treasurer for the army, or see the lieutenant in your club or organization.

CHANCE FOR MISCONCEPTION

Medina Lake, near San Antonio, which nearly went dry last summer, but which has made a great comeback, probably will have better fishing in it in a season or two than it has for a decade, the chief aquatic biologist of the Texas Game Department said recently. However, he also pointed out there is an excellent chance that sportsmen who frequent the lake will get the wrong idea as to why the fishing will be better.

The Game Department seined most of the gars out of the lake

and many anglers probably will credit that with the large increase in fish. That will be a contributing factor, but the biggest reason, according to the chief biologist, is that there will be much more food in the lake than usual. Tests show that the lake, which has steep, rocky banks, produces very little plankton, which is food for microscopic animals and certain types of fish. However, this year, while the water was down, areas of the lake generally too deep under water to produce plankton, has thrown out a huge bloom. That's food for fish and food for fish means better sport.

Two west Texas couples recently had the experience of seeing a huge hawk carry off an extremely big snake. The couples, Mr. and Mrs. V. E. Smith and Mr. and Mrs. Barry Scobee, were riding near Fort Davis when a hawk suddenly took flight from the roadside and carried in one talon was a snake believed to be a bull snake which was probably five feet long and as thick as a large man's wrist.

The hawk was carrying the snake in one talon, and apparently needed the other to take off with.

Recreational fishing as a sports industry tops all sports including golf, baseball, tennis, football, skiing, polo, basketball, hockey, ice skating, hunting, swimming and roller skating.

as possible to so do, before any of those having higher numbered order numbers are sent questionnaires or called for selection for military service.

The Local Board is now beginning a recheck of all the prior classifications, and any change of status of the registrant should be reported promptly to the Board.

Several of those who have heretofore been placed in Class III by the Local Board, may be subject to being placed in other classes, according to actual facts of dependency and physical examinations.

Volunteers have heretofore filled all calls for men under the Selective Service for this County, and five are now awaiting an opportunity to go. This condition has allowed ample time for those having the lower order numbers to arrange for the discharge of their obligation, leastwise to have all well arranged therefor and completed by the time their order number is reached.

Another group contends that the surplus in the Lateral Road fund should be used for the payment of interest and principal on bonds voted on Stage Highways, thereby giving the Highway Department from \$10,000,000 to \$20,000,000, depending on the maturity of the bonds, with which to build highways during this critical period when all efforts is being exerted in behalf of National defense, it being logical that money must be obtained from some source with which to meet all new expenses incurred for national defense.

Around Town

(Continued from Page 1)

He has had some squirrels there for some time.

The Urlln Streus hope to move back into their home on East 11th next week. Extensive remodeling includes two additional rooms built on, built-in fixtures, china closets and other items.

This news is a little bit late, but better late than never. Anyway, Henry Ford has been working for some time as doorman at the Star Theatre.

The city maps The Brand has been giving its readers have proved popular, not only here, but as far away as Dallas. A. Collins said he heard the item read over the radio station there and sent a card requesting a map. Mr. Collins is the man whose original home was Hereford, England. He has been unusually interested in Hereford, Texas for that reason. A map was mailed him promptly.

Tom Sanders this morning said that a government man will be here April 21 to buy horses. He said horses should be from 4 to 8 years old and that a few good mares might be placed.

Lama Beavers says he wishes Joe Bishop would move to another place. It seems that Joe gets to talking about fishing and Lama can't keep his mind on his work.

Mr. and Mrs. Jim Robinson this week completed purchase of H. D. Reed home just north of Mothers Park. They will not move for several weeks, however.

Clarence Wright, who was last week listed in this column as Herschel Wright, says he wishes we could change his last name too; especially around bill collecting time.

Reflecting the vent of Spring is a general coat of paint and remodeled offices of the Hereford Creamery.
