No. 26

Almost Every Day Prominent Men Arrive to Investigate Irrigation Possibilities

EXPERT FARMER INSPECTS LAND

Wyoming Supervision Visits Hereford and Pronounces Our Farming Opportunities Ideal.

Dr. Cook, in company with W. M. Bainer, Santa Fe Farmer, paid Hereford a short visit Monday, but while inspected our soil and water and pronounced both excellent, the special object of his visit was to examine a large tract of land west of town which belongs to some London parties. They wished to know if the soil was suitable for cultivation either under the dry farming process or irrigation. Dr. Cook found the conditions much more favorable than had been represented to him.

In speaking of his work in Wyoming, this gentleman says that in his state, where the normal rainfall is only 13 1/2 inches, that they have succeeded in raising good average wheat and other crops. He thinks with the water resource surrounding Hereford that the community should become widely famous. To raise wheat under irrigation would be highly profitable and that 60 bushels per acre should be raised. Mr. Bainer reports that the feed crops along the Santa Fe lines in the Panhandle are very promising and that the farmers are feeling good.

Both of these gentlemen have just returned from College Station where they attended the Texas Farmers' Congress, one of the most important meetings of the kind ever held in Texas. Dr. Cook was especially commendatory in his remarks about the progressive spirit of the Texas farmer.

The result of Dr. Cook's visit to Hereford may be the opening of a large farm upon the most approved methods. This farm will be of untold value to the community from an experimental standpoint as Dr. Cook is likely to have charge of the farm and he is perhaps one of the most successful western farmers in the United States.

Firm Changes Hands.

O'Brien & Arnold, who only recently bought the J. F. Collup Grain & Coal business, and installed A. P. Murchison as manager, have now sold the business to James Hughes, and hereafter the style of the firm will be the Hughes Grain Co. Mr. Hughes is well and favorably known to Hereford citizens. For several years past he has been connected with the J. G. Callens Dry Goods Store. The affairs of the firm will be under the personal management of Mr. Hughes.

Gardening tools at Garrison Bros. 26tf

C. E. Oliver of Winfield, Kans., was in the Brand office Saturday and asked that his paper be changed to Friona where he will make his home for some time. Mr. Oliver owns 5,000 acres of land eleven miles southeast of Friona. He says that if the lakes fill up with water will possibly plant a good acreage to wheat.

200 good yearling steers for sale at \$20 per head. Chas. W. Tudor, Pecos, Texas. 2tp.

Legislative News Letter.

Austin, Texas, Aug. —They're off at Austin with a wet track and fair weather. The re-districting bill will give the jockeys a chance to show their talent and when the event is over many a promising roadster will be left at the post. Likewise the appropriation bill will give the colts an opportunity of playing to the grandstand, as well as tax the wisdom of the judges in apportioning the prizes, but the Governor has placed a handicap upon the field, which renders it absolutely free from danger.

The people have spoken on the Prohibition question and the issue is settled. The State is still surfeiting from the overflow of thought and words as raw as uncooked beef are passing between the contending factions, but these nerve racking after-pains of state always attend trying ordeals of this character. They are the natural symptoms of recovery.

The Legislature, like the harem skirt, is divided but will not fall; the people are united but badly hobbled, but we are rapidly approaching the day when Texas will lay aside her freakish customs and put on the robes of progress.

The development of the magnificent resources of Texas should now occupy the thought of those who desire to serve the public. In years gone by, many a patriotic Texan has lived in hopes that such a day would come, but they all died fasting. It is the misfortune of Texas that many of her distinguished citizens, who are "foremost in a brawl and in all else the least of the Greeks," usually cast the political policies of state, but the time has come when politicians, who do not care to become wrapped in the merciless shroud of oblivion and then cast into the bin of forgetfulness, must move the star of civilization Texasward. God will forgive a politician everything except stupidity.

Congress will, in all probability, designate at the present session the number of Congressmen Texas is entitled to during the next decade and the work of forming Congressional districts will fall to the lot of the present session of the Legislature. The Legislature will also fix the number of state representatives and define the boundary line of each representative district. The state senatorial districts, while remaining the same in number, will undoubtedly undergo serious changes in their territory, and when the work is completed, we will have a new constellation in the political firmament.

Many a candidate, who is afraid of silence as a child is of darkness, will appear before the Legislature and harp until he busts his harp in producing unanswerable arguments and submitting proof as good as Dr. Cook's, showing why certain changes in districts should or should not be made. Political sub-divisions are always made by politicians for politicians, but the atmosphere in Texas is charged with development and he who dares to explore political caverns must carry with him the torch of progress.

Read our weekly news letter and watch the currents and cross-currents as they play upon the political arena at Austin.

Fruit jars of all sizes, also jar rubber caps. Ceiling wax. Warren Hardware Co. 22tf

Pumping Plants.

Hereford has 10 real irrigation plants and a large number of small ones. These include the three big wells of McDonald & Co., each of which will pump from 800 to 1100 gallons per minute, the big creek pump of Warren & Barcus' which throws a stream of 2,000 gallons per minute. Then there are the two unitor plants of J. F. Collup. Of the smaller plants pumping from 125 to 800 gallons per minute—A. O. Thompson, L. Gough, H. G. Stanley and E. E. Ramsey. Of the large number of windmill plants that of L. Weaver and G. W. Smith will count for most.

That irrigation has really come to Hereford is a settled fact, the only thing remaining is for about 20 more land owners to get busy and make contracts for big wells. A little outfit will not give satisfaction nor will it be very profitable. It is known that three well known men of Hereford have said that they are ready to go down for three big wells.

More Rain in County.

A heavy cloud in the west poured out a gully washer along the upper Tierra Blanco Friday night, causing the creek to rise. On the Wither- spoon alfalfa field, west of town, a lot of new cut hay was floated away, but he gathered a load of bass instead, securing one 6 pounder and several smaller fry. The fish were left in the overflowed field.

Tuesday evening again, two heavy clouds northwest and northeast came up and heavy rains fell, but none at Hereford. At Umbarger a destructive hail fell and did considerable damage to the crops. It is not known to what extent, but the hail covered a wide strip of territory.

Tubular Cream Separators at Garrison Bros. 26tf

Anent Cantaloupes.

Plainview will ship one hundred cars of cantaloupes this season. The cars have been ordered.

This will be news to a lot of folks. Up to this very minute there are people over these Plains, who will argue that a red yearlin' is the only available agricultural asset in the Panhandle. These same 100 cars of Rocky Fords will put more of the long green into the pockets of the farmers of Hale county than a big bunch, yes, a mighty big bunch of whitefaces. This is no argument against stockraising, but we want to emphasize the fact that there are some other things that will pay. We don't know what 100 cars of "mushmillions" will be worth on the market but if the price you pay at the cafes are an index, the boys around Plainview will be able to start a bank—just any old kind of bank, too.—Silverton Herald.

For the benefit of the Herald and others, the News will state that cantaloupes bring from \$360 to \$450 a car, f. o. b. here, hence, the Plainview shipments of over 100 cars this year will net the farmers between \$36,000.00 and \$50,000.00—quite a tidy sum.—Plainview News.

E. T. Woodburn, T. B. Rector and C. R. Moreman, went up to Amarillo Wednesday morning to attend the Confederate camp celebration which was given there this week.

Gardening tools at Garrison Bros. 26tf

New Farmer Lines.

Three new farmer telephone lines having twenty subscribers has just been connected with the Hereford exchange of the Southwestern Telegraph and Telephone Co. The lines extend about eighteen miles out 25-Mile ave. and furnishes service to the following well known people: A. G. Bell, C. I. Powelson, G. T. Higgins, W. R. Higgins, R. G. Guffy, Sherman Williams, E. Wood, J. D. Thompson, Leslie Moreman, John Burch, Al McIntosh, H. G. Conkright, Chas. Hodges, I. E. Hopkins, W. C. Russell, Ben Hodges, Mrs. W. M. Coccauagher, D. L. McDonald and D. P. Vaughn.

The subscribers on these lines are now in constant use, telephone communication with each other and through the Southwestern exchange with telephone users in Hereford.

The construction of these lines and its connection with the telephone exchange here is another step in the progress of telephone development which is being made by the residents in the rural sections of Deaf Smith county. Under the plans of the Southwestern Company farmers and other rural dwellers are enabled to secure telephone service on an economical basis. As a result, farmers in all sections of the state are installing telephones in their homes.

Now is the time to plant clover blue grass. Hughes Grain Co. has the seed and they are clean. 26-2t

Truck Growers Meet.

Twenty or more truck and fruit growers met at the county court room last Saturday and began an organization of an association for their mutual benefit. L. P. Landrum was chosen as temporary chairman, J. E. Gyles as secretary. C. N. Hill, of the Express Company, and Gates, agent for the Santa Fe, were present and made talks about truck shipping and selling. Their remarks were both interesting and instructive. Several others made short talks.

The business attended to was the appointment of a committee on permanent organization and on marketing. The first committee is composed of W. H. Rayzor, Gates and C. N. Hill. The second committee is composed of C. N. Hill, Gates and A. C. Elliott. These committees have been at work this week, and one or two shipments of vegetables and fruits have been made to Ft. Worth.

The object of the association is to create a market for Hereford products and to make Hereford a regular shipping point. Those who will enter the association must agree to sell only through the association and at such places as may best serve the ends sought.

The next meeting will be held tomorrow, Saturday, at 4 o'clock, when a permanent organization will be perfected. If you are interested be on hand.

Fruit jar rubbers and caps at Garrison Bros. 26tf

Dr. Townsend and J. A. Thrasher of Garden City were here Wednesday looking over the beet crop on the McDonald Farm north of town. Dr. Townsend is consulting agriculturalist and Mr. Thrasher field superintendent for the United States Sugar Company.

I'll meet you at the Corner Store.

NEWSPAPER MAN'S WIND ENGINE

Young Editor Turas Invents and Surprises Engineers of the West —Will Aid Irrigation.

It should not be a thing of surprise for a newspaper man to turn inventor, especially when his fertile brain should turn out a wind engine; yes, a real wind-engine. Not a hot air producer and compressor, but an engine that is run by the wind just as some engines are operated by steam or gasoline. This is no joke either.

W. A. Williams, of Olivet, South Dakota, is the genius whose name is mentioned in the patent papers as inventor.

The Olivet Leader has this to say: "W. A. Williams, of Olivet, So. Dakota, has just been informed by Munn & Co., of the Scientific American, that his application for a patent for a wind turbine, or motor, has been allowed by the U. S. patent office at Washington, D. C."

"This mechanism is a new departure from the old style of windmills in that it can have one or any multiple of power wheels and can be constructed with from ten to five hundred horsepower or more. The power wheels are placed within a building, safe from storms, and as wind concentrators or sails are used extending out from corners of the building and high up into the air, great power can be brought to bear upon the power wheels from a light wind.

"The length of the building containing power wheels depends on the number of wheel and the amount of power desired. The question may be asked: "How can you work with an east or west wind if your building stands north and south?" Simply by a manipulation of the sails.

"We cannot go into complete details of this invention, but Mr. Williams, the inventor, one of the oldest editors and newspaper men of the state, has evidently supplied a want that will revolutionize the motive power of the world, with its auxiliary aids of electricity and compressed air. It is cheaper even than water power and more available, as millions and billions of horsepower of wind are going to waste all over the land. This power is not confined to a few localities and is something monied corporations can not ner."

This engine should be used by irrigators in the Panhandle. With the power of the Panhandle wind ing to waste, something should be done to utilize it. If this which costs nothing could be put into use by pumping water.

Every part of the Panhandle description of this invention will be made. Write

Nyal's Wind Engine! Material usually carried in connection. Let us get it. No matter how small your interest.

Texas Industrial Notes.

Greenville has voted an \$85,000 bond issue for the improvement of the city water works.

Clay county will vote on a \$200,000 bond issue for good roads on August 5th.

The Franklin Furniture & Hardware Company of Franklin, Texas, has been incorporated with a capital stock of \$15,000.

Charters representing over \$7,000,000 worth of newly organized Texas capital were filed with the secretary of state one day this week at Austin.

\$91,000 worth of new buildings are under construction at Pecos.

Sweetwater will soon lay eleven blocks of asphalt paving in the heart of the business section.

The Denton Traction Company is extending its lines for a distance of a mile and a half which will be completed within the next three months.

The total number of cases of mineral water shipped out from Mineral Wells for one month to various places were 12,330 or 153,996 bottles.

Thompson Bros. Lumber Company of Houston, has filed an amendment with the Secretary of State increasing its capital stock from \$800,000 to \$1,300,000.

A \$50,000 Federal building is to be erected at Sulphur Springs.

The citizens of Fairview held an election for the purpose of voting bonds to build a new school house which carried.

Sherman is erecting another cotton gin which will be ready for the fall crop.

The Amarillo Mill & Elevator Company has been incorporated with a capital stock of \$50,000.

The Macashon Grain Company of Houston has been incorporated with a capital stock of \$10,000.

The Corsicana Cotton Mills has organized with a capital stock of \$100,000 and will manufacture flat cotton duck.

For Sale.

A five room residence, good barn, windmill and one acre of land in five blocks of school house. Price \$1,000.00. Terms \$20.00 per month 8 per cent interest. If you want a home for the rental see me. G. W. Barcus. 26-4t

It is said that Hereford's cotton crop will rank high-up in the state this fall. Yes, it will be 3810 feet high-up. The government has recently determined the altitude.

U. D. C. Program for Reunion Week.

The following program has been outlined by Amarillo Chapter United Daughters of the Confederacy, for the entertainment of the United Confederate Veterans August 3 in the afternoon:

2 p. m.—Invocation, Rev. E. E. Robinson.

2:15 p. m.—Music (harp and violin.) Misses Mary and Louise Clark.

2:40 p. m.—Address, Mrs. Moore-Murdock of Dallas.

3 p. m.—Song, "Homespun Dress," Miss Louise Hopkins, with chorus of little girls.

3:30 p. m.—Recitation, "Dark Brown Diplomat," Miss Woodburn of Hereford.

3:50 p. m.—Song, "Bonnie Blue Flag," chorus of young ladies led by Miss Louise Hopkins.

4:15 p. m.—Music (harp and violin.) Misses Mary and Louise Clark.

4:30 p. m.—Recitation, "Our Nation's Hymn," Miss Louise Irwin.

4:50 p. m.—Song, "Gooberpeas," children's chorus, Miss Hopkins leader.

5 p. m.—Recitation, "Confederate Veterans," by Miss Witherspoon.

5:15 p. m.—Reading, "Memories of the Confederacy," Mrs. Parks.

5:30 p. m.—Song, "Tenting on the Old Camp Ground," young ladies and children's chorus.

Happiest Girl in Lincoln. A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and get better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

Unctuous.

It was the celebration of Willie's fifth birthday, and he and his little guests sat around the festive table eager to begin the feast, when the host's sister, a comely spinster, marched in bearing aloft a frosted cake, out of which flared five colored candles.

Murmurs of admiration and awe followed from all sides of the table, and as sister placed the cake squarely on the cloth and drew back, Willie turned his blinking eyes from the five candles and said, enthusiastically:

"Sister, if this was your birthday the whole room'd be ablaze, wouldn't it?"—Harper's Monthly.

Mutual Fire Insurance Company.

The citizens of Nazareth have recently organized a mutual fire insurance company with its office at Nazareth. All the leading householders of that community are interested.

A friend recommended Foley's Kidney Pills and I used two bottles of them and they have done me a world of good."

BETTS-CLARK, Druggists

The Spirit of the South

By the *Amarillo Daily News*

Grand and glorious as was the army of the South amid the swirling battle smoke of the Civil War, grander yet and more glorious still has been the peaceful Southern march of the survivors of that gallant army.

At the close of the great struggle the South at once and unreservedly accepted the new conditions and—as fearlessly as they had fought when death was sovereign and slaughter was supreme—the Southern soldiers faced both personal and public impoverishment. Blent in one red burial was the Lost Cause and comrade fallen. Destroyed were their homes and devastated was their country. But the spirit of the South—unconquered and unconquerable—was still there.

With all of the magnificent morale of the Southern army and all of the elan of a victorious battle charge, these soldiers, arming themselves with the weapons of peace—beating the sword into a plowshare and forging the bayonet into the sickle—took up the mighty task of resurrecting a country and breathing virile life into another and greater South. How wondrous has been their work—how splendid has been their success—let the superb New South of today gratefully and proudly testify.

Failing to preserve the old, the soldiers of the South have gloriously triumphed in the creation of the new.

During the struggles of a victorious peace many have fallen forever from the ranks and been reverently borne to final and honored resting places in the bosom of the fair land they loved so well.

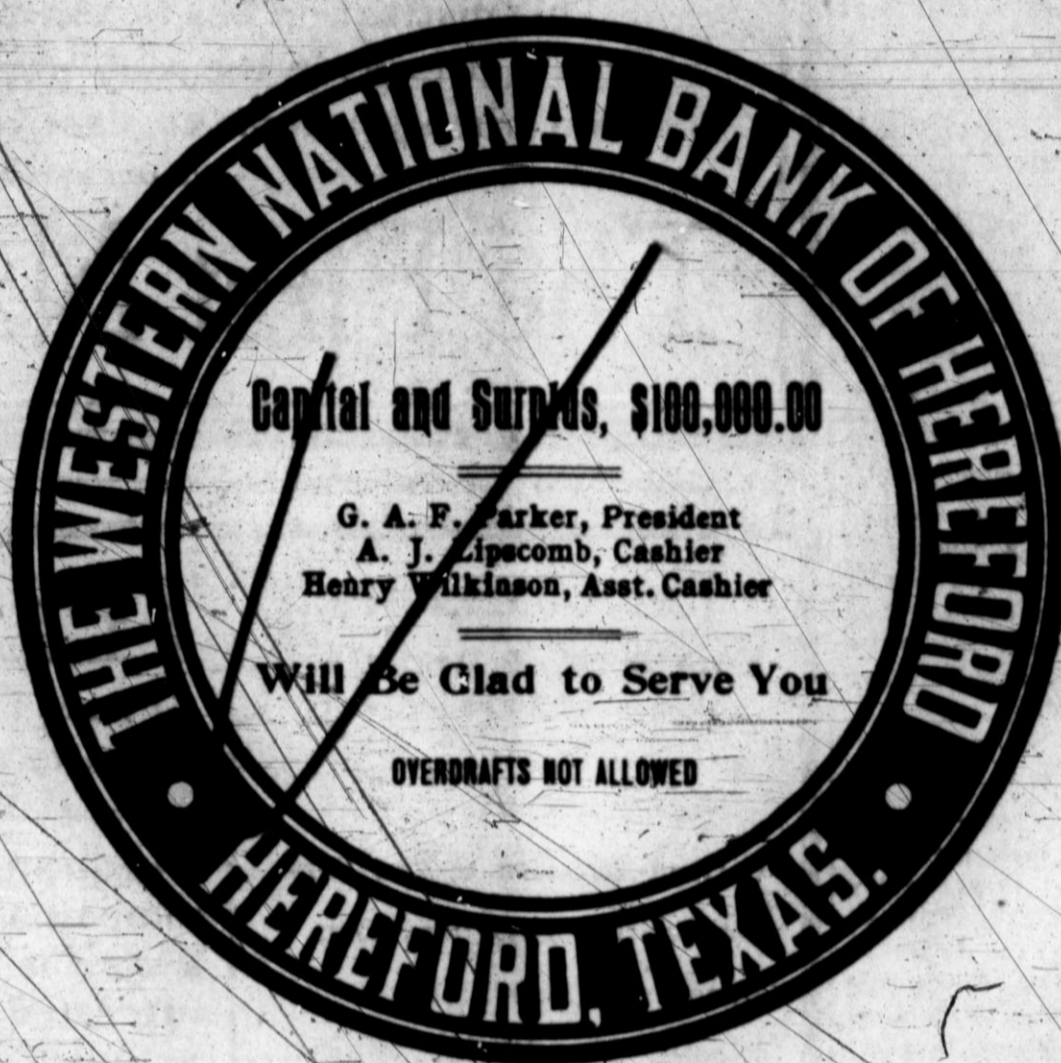

Above their graves blend the laurel and immortelle alike of war and of peace—of the valor of battle and the heroism of home—and, transmitted to their children and children's children—still burns bright the spirit of the South—indomitable, indefatigable, heroic—fighting ever to the last gasp, whether in the battle trench or the furrow of the fields of peace.

And now comes to Amarillo—one of the cities builded by the progress and prosperity of the New South—a reunion of Confederate veterans. Halting is the hand and powerless is the pen in expressing the sublimity of a coming like this:

Upon the one hand are rejoicing thousands exultant in their prosperity.

Upon the other hand are the superb soldiers who have made this

Beautiful Line New Fall Sing-hams and Madras for Waists and Skirts Just Arrived. Get the Children's Dresses Ready Before School.
J. G. CALLENS, The Spot Cash Store.

prosperity possible. There is the milder musketry and the cannon's carnage.

Here are churches and children and the white-winged dove of peace. There is the battle's front where heroes dared and martyrs died.

Here are sweethearts and wives, husbands and homes, happiness and harvests.

If the universe were unrolled as a scroll and all of its people myriads—alive or dead—focussed beneath the eye, there could be no grander vision or more gracious picture than a reunion of Confederate veterans on Southern soil.

Soldiers of the Lost and of the New Cause Amarillo bids you welcome with tears that are the language of mournful memories and smiles

that are the speech of gratitude and joy.

The University of Texas.

Co-Educational. Tuition Free. Annual Expenses, \$180 and Upward.

Session opens Wednesday, September 27, 1911.

College of Arts.—Courses for degrees of Bachelor and Master of Arts and Doctor of Philosophy.

Department of Education.—Teachers' professional courses for elementary and permanent certificates.

Engineering Department.—Degree courses in civil, electrical, and mining engineering.

Law Department.—A three-year course for degree of Bachelor of Laws, with State license; course for degree of Master of Laws.

Summer School.—University and normal courses; seven weeks every summer.

Department of Extension.—I. Correspondence Division. Offers courses in various subjects. Students may enroll at any time. II. Public Discussion and Information Division. Furnishes bibliographies and traveling libraries on current problems. III. Lecture Division. Offers popular lectures by members of the University Faculty.

For catalogue of any department, address

WILSON WILLIAMS, Registrar, University Station, Austin.

MEDICAL DEPARTMENT.

Session, eight months, opening September 27. Four-year course in medicine; two-year course in pharmacy; three-year course in nursing. Thorough laboratory training. Exceptional clinical facilities in John Sealy Hospital, University Hall, a dormitory for women students of medicine.

For catalogue, address DEAN W. S. CARTER, 26-2t Medical College, Galveston.

Right in your busiest season when you have the least time to spare you are most likely to take diarrhoea and lose several days' time unless you have Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand and take a dose on the first appearance of the disease. For sale by all dealers.

Child Burned With Lye.

The 8-months old baby of Rev. and Mrs. G. T. Bailey was badly burned with a piece of concentrated lye last Friday. The child crawling on the floor picked up a bit of crystal and placed the piece in its mouth. The screams of the child attracted the attention of the mother who removed the crystal. The child's tongue and lips were severely burned and has suffered much pain since the accident, so much so that she can hardly take nourishment. Rev. Bailey was called from Claude where he was attending the Association.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the car or steamships. For sale by all dealers.

Summerfield Items.

The month of July proved a wet month around Summerfield. Mrs. Osborne reports a total precipitation of 8.75 inches for the month at her place.

Last Sunday evening we were treated to a shower of hail and wind which lasted for some little time, but fortunately but very little damage was done by the hail.

C. H. Yost returned from his trip to Amarillo today.

Mrs. Geo. Cornish and children left today for their old home in Iowa.

E. C. Millet, who used to live near Summerfield and was one of the early settlers of this vicinity, came in from his home in Arkansas last week. Mr. Millet is here on business connected with the sale of farms. He reports fruit only a fair crop in his part of Arkansas, the corn good on bottom land.

Mr. Rice from Oklahoma came in last Sunday on the noon train. He expects to visit his ranch he recently purchased in New Mexico going down by auto.

Frank Mangold of near Dubuque, Ia., is expected down soon to look after his farming interests.

Mrs. Cox and children of Temple, Texas, are visiting their old friend, Mrs. B. C. Roberson, this week.

Mr. and Mrs. Lawrence Johnson made a trip to Dimmitt last Monday and on their way home called at the home of Mr. and Mrs. Lindsey. They went by the auto route.

The people of Summerfield enjoyed a fishing trip last Monday. The old people fried the fish, the young people enjoyed themselves swinging, etc. All had a good time.

If you have anything that you wish to dispose of advertise it in the **Brand Liners** and sell it.

Revival at Canyon.

Sunday night two thousand people gathered at the tabernacle of Evang. Robt. E. Johnson. This was supposed to be the closing meeting, but the committee announced that the evangelist had been induced to remain a fifth week with his party. There is a deep interest throughout the city and surrounding country, and it is believed by all that this week will be the greatest in the religious history of the community.

This will be the last week of Mr. Johnson's season. He will return to his home in Minneapolis after closing here.

THOSE LARGE TRACTS

That large tract of land you want to sell has been a burden to you. I delight in them. Large tracts are my specialty. Write me about it today—whether you want to buy or whether you want to sell.

Panhandle Lands

are the best lands in the world and doubtless I have just the bargain you want. Lands in the shallow water belt and lands out. Whatever your need may be, write me about it.

Any erroneous statement affecting the character or reputation of any individual or firm which may appear in The Brand, will be gladly corrected upon being brought to the attention of the publishers.

YOUR WEEDS.

Why complain about the way your neighbor keeps his front yard and side walk, when the weeds are about to take your place? Hereford needs to declare a holiday and name it "Weedocide," meaning the slaughter of weeds. There was never such a fine crop. It is time for every one to harvest their own crop.

THAT the breweries are badly scared is certain when they offer big money to help prosecute the lawlessness of their own business, but the state has very promptly refused their aid.

WHEN a town makes a reputation for producing something good that the people want and must have pro-

perity opens the lid of wealth and pours in the coin. Hereford will become known all over the country as a mid-season fruit and vegetable shipper. Keep your eye on the truck grower.

THE Brand is the only country weekly, so far known, to have printed from its own type the complete election returns, giving besides the pro and anti vote on the state-wide issue, but the submission vote and the number of poll tax receipts for each county. This ordinarily would be a "stunt" worthy of notice, but even our local readers did not think it unusual for the Brand. This is of course, self-praise which is thought to be half-scandal. If true, the Brand has done a scandalous thing.

The Texas Negro

The Texas negro is primarily a farmer and the race has made little progress in commerce, mechanics, science and art. Freedom has carried with it responsibilities which have weighed heavily upon the colored race and after a lapse of half a century of freedom they are still the "drawers of water and the hewers of stone." The young are dependent upon the white man for their education and the aged and infirm are his wards.

The Slave Negro:

In 1860 there were 153,595 slaves in Texas, rendered for assessment at \$106,688,930, giving an average value per slave all ages of \$695.71. The assessed value of all land in Texas at that time was \$123,294,764. The slaves were almost equal in value to all farm property, constituting 36 per cent of the taxable wealth of the state. The state and county revenues derived from taxing slaves annually was approximately \$1,000,000.

Taking into consideration the per cent of true value of property rendered for assessment in 1860, and the rate of interest prevailing at that time, we find the negroes of all ages producing a net revenue of \$100 each per annum. Since the war the colored race in Texas has been able to accumulate approximately \$75,000,000, which is equivalent to \$2 each per annum while masters of their own destinies against a net production of \$100 per annum when under the direct supervision of the white man.

The Free Negro:

In 1900 the census shows 620,779 negroes in Texas. They owned 45,536 farms, valued at \$56,239,210. Their farms averaged fifty-nine acres each, although fifty-five negroes owned 1,000 acres and over. Over 86 per cent of our negro farmers raise cotton and 18 1/2 per cent of all the farmers in Texas are negroes.

There are 184,475 negro children of scholastic age in Texas who receive from our state school fund \$6 per annum per scholar. We have 2,471 schoolhouses and the education of the negro costs \$1,000,000 per annum. The average salary of the teacher in colored schools is \$45.88. The school tax paid on property owned by the negro is approximately \$60,000 per annum, leaving a net amount of \$940,000 per annum given to the negro annually for educational purposes.

The educational and industrial advantages of the negro in Texas exceed those of any other state.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

A Clean Scalp and Healthy Hair
Many of your friends have found that luxuriant growth of hair—soft and glossy—and a scalp free from dandruff will result from the use of
Nyal's Hirsutone
This is the procedure—
Wash the hair with warm water and a pure soap—rinse thoroughly—rub the scalp with a stiff brush—apply Hirsutone—rub it in well and dry the hair before combing.
Please understand that Hirsutone is not merely a hair wash—it is a tonic—a food.
While it thoroughly cleanses, it also prevents bacterial action—nourishes and stimulates the roots of the hair—removes all dandruff—prevents its return—and preserves the natural beauty and color of the hair.
Nyal's Hirsutone should be on your dressing table.
It sells at 50 cents and \$1.00 the bottle.
Whatever a good drug store ought to have—and many things that other drug stores don't keep—you'll find here. Come to us first and you'll get you want!
E. T. WOODBURN & SON

SURPRISED ON HIS BIRTHDAY.

Friday evening, in the face of threatening clouds, a number of friends of E. E. Ramsey, at the secret invitation of Mrs. Ramsey, gave him a real surprise when they stormed his house and proceeded to have a good time. Mrs. Ramsey had arranged the entertainment, which kept everyone interestedly busy, until a halt was called by Bro. Nance, who in the name of Mr. Ramsey's Sunday school class, presented him with a beautiful oxford Bible. After this the guests were served with home ice cream and cake. Only the threatening clouds drove the party to their homes.

COMPLIMENT TO FRIENDS.

Miss Bertha Witherspoon gave a delightful little party last Tuesday from 4 to 6 p. m. complimentary to Misses Cowan and Jenkins of Louisville, Texas, and Miss Stoker of El Paso, when her girl friends were called to the beautiful Witherspoon home on 3rd street. The decorations of sweet peas and foliage in banks and bowls gave a cheerful air to the rooms. On the dining table Miss Bertha had arranged with the use of a large mirror, grasses and flowers, a miniature Sulphur Park scene, which was much admired by the guests. A number of games interspersed with pleasing music, passed the hours only too rapidly away. Brick cream and cake were served. There were exactly two dozen jolly young ladies in the party.

FOR MRS. PORTER.

Mrs. Walker Hubbard entertained Monday with a dinner in honor of her sister, Mrs. Claude Porter, of San Benito, Texas, who has been here for the past week on a visit. The dining room was beautifully decorated with sweet peas for the occasion, and Miss Evalyn Phillips furnished entrancing music for the ear, while the delicious viands served by Mrs. Hubbard were of the variety to please the palate of the most exacting epicure. Those present were: Mrs. Claude Porter of San Benito, Texas, Miss Evalyn Phillips of St. Joe, Texas, Mr. and Mrs. Joe Collins and Mr. and Mrs. Ben Hubbard of Hereford.

WITH MRS. CARDWELL.

Thursday afternoon Mrs. James H. Cardwell entertained a number of her friends at her home on East 3rd street in honor of a few visiting guests in the city. One hundred invitations were sent out. The hostess received the guests as they arrived, when Mrs. S. B. Edwards introduced them to those in the receiving line as follows: Mrs. Holman, Mrs. Martin, Mrs. Gamble, Miss Stoker, Miss Mortor, Miss Milam and Miss Gamble.

After passing the receiving line the guests were served with punch by Mrs. W. H. Russell, assisted by Mrs. A. L. Gibson. Piano numbers were given during the receiving hours by Miss Head and Mrs. Artis Daniel. A vocal solo by Mrs. Ezra Norton and readings by Mrs. Kelly and Miss Bessie Snyder added pleasure to the happy occasion.

The receiving rooms were beautifully arranged with pot plants, cut flowers and ferns, the prevailing colors being lavender and white, the scheme being carried by the artistic use of verbena, sweet peas and phlox. The dining table was especially attractive. Brick cream in colors of lavender and white with snow white cake were gradually served to the guests by Mrs. Leslie Moreman and Mrs. Norton. The occasion was a happy closing of a round of parties

and social events of the week and one that will be long remembered by the many friends of the hostess.

FOR MRS. TUCKER.

A number of the younger set were entertained at "42" last Thursday evening at the home of Mr. and Mrs. W. T. Stanberry on Main street as a "good-bye" party to Mrs. Estelle Tucker, who was to leave this week for her new home in Oklahoma, and also that friends could meet Miss Stoker of El Paso, a sister of Mrs. Stanberry. A number of progressive games were played with much interest, the hand-painted score cards, done by the clever hostess, being used as favors for all the guests. Light refreshments of cakes and frozen fruits were served at the close of the games. Though the weather was rather inclement, the inside cheer was doubly enjoyed by all present.

20TH ANNIVERSARY.

Mr. and Mrs. E. B. Black celebrated the 20th anniversary of their marriage last Monday evening from 8 until the departure of the guests when twenty couples, friends of the family, gathered at their beautiful home on W. 3rd street. Upon arrival the guests found the reception rooms and dining room decorated with pot plants and cut flowers. The first part of the evening was devoted to congratulations and conversation. At an appointed time the dining room was thrown open and the party was served with brick cream and cake, after which a number of appropriate toasts were offered. G. A. F. Parker was toastmaster. Rev. J. M. Sherman lead off with a most interesting toast, followed by another from Geo. W. Barcus. Mrs. Enna Mercer gave a reminiscence of the early days in Texas, while the toast master closed that part of the evening's pleasure with an original poem. A short program consisting of a reading by Miss Bertha Witherspoon and piano numbers by Mesdames G. A. F. Parker and M. E. Bullock and Miss Nellie Black. The presents were a number of pieces of hand-painted china. Mr. and Mrs. Black have been married just 20 years, 10 of which were spent in Cleburne and 10 in Hereford. They have a model family of 2 boys and 2 girls. This anniversary was a most felicitous affair, all who were present joining heartily into the event and many were the expressions of friendship and congratulations that the host and hostess should enjoy many more such occasions.

Lutes-Garrison.

Married on July 26th at the residence of Capt. John H. Boyd in Clovis. Mr. J. P. Lutes to Miss Maggie Garrison, Rev. S. B. Caloway officiating.

Mr. Lutes, who was for many years a prominent citizen of Lutesville, Mo., has been a resident of Curry county for the past two years.

Miss Garrison is from Cleburne, Texas, where she has a host of friends. She is a sister to J. E. and C. S. Garrison of Hereford, Texas.

The marriage was a quiet affair, no one being present except members of the immediate families and a few relatives and intimate friends among whom were Mrs. J. N. English of Cleburne, Texas, and Miss Ollie Cochran of Belton, Texas.

Notwithstanding the quietness of the affair, quite a number of handsome presents filled a table in the spacious drawing room of Capt. Boyd's residence.—Clovis News.

Miss Grace Parmer, who has been visiting in the home of her relatives, Mr. and Mrs. Parmer, for the past several days, left Friday for Corsicana to visit friends.

After The Grippe

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.
 "Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.
 "At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."

Take CARDUI

The Woman's Tonic

For the after-effects of any serious illness, like the Grip, Cardui is the best tonic you can use. It builds strength, steadies the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.
 Cardui is your best friend, if you only knew it. Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you? Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for they are not for sale in any drug store except in the Cardui bottle. Try Cardui.

The Marlin Model 20 REPEATING RIFLE

You can buy no better gun for target work and all small game up to 200 yards.

Without change of mechanism it handles .22 short, long or long-rifle cartridges perfectly. The deep Ballard rifling develops maximum power and accuracy and adds years to the life of rifles.

The solid top is protection from defective cartridges—prevents powder and gas from being blown back. The side ejection never lets ejected shells touch your hand and allows quick, accurate repeat shots. With simple take-down construction, removable action parts, best parts of any .22—its the lightest and easiest to clean. A great vacation rifle. Ask any gun dealer.

The 136 new Marlin catalog will help you decide what rifle best suits your individual desires. Send 3 stamps for it today.

Important Postoffice Ruling.

The Postoffice Department has issued the following very important order, which, if observed, will save endless trouble:

"No adhesive stamps, or imitations of stamps, of any form or design whatever, other than lawful postage stamps, shall be affixed to the address side of domestic mail matter, but such adhesive stamps, provided they do not in form and design resemble lawful postage stamps, and do not bear numerals, may be affixed to the reverse side of domestic mail matter.

"All domestic mail matter bearing, on the address side, adhesive stamps, or imitations of stamps, other than lawful postage stamps, will be returned to the sender, if known, otherwise they will be forwarded to the Division of dead letters."

CAN'T BE SEPARATED

Some Hereford People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them. And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

J. D. Burkett, 300 E. Second St., Hereford, Texas, says: "I can strongly recommend Doan's Kidney Pills which I got from Woodburn & Son's Drug Store. I suffered acutely from sharp twinges through the small of my back, especially when I stooped or attempted to lift. I was caused much annoyance by a frequent desire to pass the kidney secretions and these troubles all showed that I had kidney complaint. Since I used Doan's Kidney Pills, I have been quite free from these difficulties. I have often suggested a trial of this preparation to other persons afflicted in a similar way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Notice by Publication of Final Account.

THE STATE OF TEXAS,)
 County of Deaf Smith) SS

To all Persons Interested in the Estate of Will H. Hines deceased, Mrs. Caryl Hines, Executrix of the Estate of said Will H. Hines deceased, have filed in the county Court of Deaf Smith county, her final account of the condition of said estate, together with an application to be discharged as executrix thereof, which will be heard by our said court on the 1st, Monday in August A. D. 1911, same being the 7th, day of August, A. D. 1911, at the court house of said Deaf Smith county in the town of Hereford at which time and place all persons interested in said estate are required to appear and contest said final account and application, if they see proper.

WITNESS: J. S. Jones, Clerk of the county Court of Deaf Smith county.

Given under my hand and the seal of said court at my office in Hereford on this the 13th, day of July A. D. 1911.

J. S. Jones, Clerk County Court of Deaf Smith County, Texas; By R. T. Moses, Deputy.

Follow this advice.

Quaker Scotch Oats is the best of all foods; it is also the cheapest. When such men as Prof. Fisher of Yale University and Sir James Crichton Browne, LL.D., F.R.S., of London spend the best parts of their lives in studying the great question of the nourishing and strengthening qualities of different foods, it is certain that their advice is absolutely safe to follow.

Professor Fisher found in his experiments for testing the strength and endurance of athletes that the meat eaters were exhausted long before the men who were fed on such food as Quaker Scotch Oats. The powers of endurance of the non-meat eaters were about eight times those of the meat eaters.

Sir James Crichton Browne says—eat more oatmeal, eat plenty of it and eat it frequently.

Buy it in the regular package, or in hermetically sealed tins for hot climates.

J. L. Beach Dead.
 J. L. Beach, father of W. B. Beach, died at his home in Burkburnett, Texas, on Sunday, July 30, after a short illness of a week. While he had not been in the best of health for some time no fears were expressed of immediate danger. Mr. Beach was 80 years old and has lead an active life. He was a native of Georgia, but was living in Louisiana at the time of the Great War in which he served as a Confederate soldier for four years. He with his family, came to Texas and lived for a number of years in Grayson county, where his remains were laid to rest in the old burial grounds at Sadler, Texas. He was a member of the Baptist church and was one of the charter members of the Sadler church, there being now only one surviving member. He was also a master mason. Six sons and one daughter and his second wife survive him: T. D. Beach of Oklahoma and

W. B. Beach of Hereford, J. S. Beach of Grayson county, T. H. Beach of Castro county, Homer Beach of Wichita county, Early Beach and Mrs. N. E. West of Oklahoma are the children who were present at the funeral services.
 Mr. Beach made his home in Castro county for a short time and lived at Hereford four or five years, and his many friends regret to hear of his death.

Confederates at Amarillo.
 Yesterday, at Amarillo, the second day of the third annual reunion of the Panhandle Associational Regiment United Confederate Veterans at Glenwood Park, proved if possible an even greater success than the opening day. In the forenoon the one feature was the mounted parade of the Veterans. This event it has been feared, was rather to much for the aged weavers of the Confederate grey, but each of them, even to

Col. M. W. Buster, who is now in his eighty-ninth year, stood the parade well and was in excellent trim for the program of the afternoon.—Amarillo News.

Reapportionment Passes Senate.
 Bearing an initiative and referendum feature to safeguard against gerrymandering in a number of states, the Congressional reapportionment bill passed the Senate Thursday.

It fixes the future House membership at 433, with two more when Arizona and New Mexico attain statehood, instead of the present 391.

The increased expense to the country will be about \$400,000 annually.

Returns to Hereford.
 After about 8 months stay in California and enjoying the far-famed climate of the coast country, two prominent families and former citi-

zens returned last Saturday. The party consisted of Mr. and Mrs. S. J. Williams and their two sons, Brack and John, and Mrs. William's mother, Mrs. Nicholson, and Mr. and Mrs. Henry Wilkinson and child. Their friends were all glad to extend to them a hearty return welcome. They have not quit California because they did not like it, but because they liked Hereford better.

Shipping of Wool.
 The wool growers of Hereford have arranged to ship their clip of some 400,000 pounds to Hallowell, Jones & Donald at Boston, Mass. Henry Burns, their Texas representative, is here, and also A. S. Baker of Boston, both of whom have assisted in getting the shipments out. This wool has been shipped on consignment and it is not known what price will be received.

Theater Party.
 A large number enjoyed the "Mutt and Jeff" films at the Star Theater

Tuesday night. The quadruple party was composed of Mr. and Mrs. J. W. Barnett and children, Mr. and Mrs. C. E. Smith, Mr. and Mrs. C. L. Sullivan, Mr. and Mrs. W. T. Stanberry, Miss Stoker, sister of Mrs. Stanberry, Mr. Curtis Stanberry, brother of Mr. Stanberry, and Mr. and Mrs. A. C. Elliott and son, Davis.

Makes 17 Bushels.
 F. H. Oberthier received a phone message from his old ranch in Castro county today that his beet field of 20 acres made a yield of 17 bushels per acre. He had other fields that turned out equally as well and some that did not come up to the average.

Will Build.
 Mr. and Mrs. Reese Hough will erect a new house near the College. They have until recently been living in Amarillo, but return to Hereford to make their permanent home.
