## MORE CANDIDATES IN PIE BALL GAME

**Pop U. Larity Coaches Yannigans**  
—Says They'll "Clean" Polly Tick's Regulars in July

**R. W. Baird For Sheriff and Tax Collector.**

I wish to announce to the voters of Deaf Smith county that I am again a candidate for the office of Sheriff and Tax Collector. In doing so I wish to invite your attention to my record while in office, and after you have given my past and present handling of the office a fair consideration it will then be my pleasure to abide by your decision and should that decision be in favor of my renomination I would greatly appreciate your support in the coming primary and assure you of a continued endeavor to still further better the conditions of the office.

(adv.) R. W. BAIRD.

**H. L. Morel For Treasurer.**

I wish to place my name before the qualified voters of Deaf Smith county as a candidate for County Treasurer. If elected I am sure I can discharge the duties of said office in a business as well as satisfactory manner. I have spent most of my years since leaving the teens, in serving the public, which kept me well up in book work. So I would thank my friends and any others who may not know me, for any all assistance rendered in my behalf. I wish to assure you that every vote cast for me in the July primary will be highly appreciated, and I promise if elected, that I will do my best to fill the office to the satisfaction of all concerned.

Yours very truly,  
(adv.) H. L. MOREL.

**J. S. Wyche For Assessor.**

I hereby announce myself as candidate for the office of Assessor, subject to the action of the Democratic party. If elected, I will do my best to perform the duties of the office as they should be attended to. Your support and vote solicited.

(adv.) J. S. WYCHE.

**Mitchell For Tax Assessor.**

To the Voters of Deaf Smith county: I take this method of announcing my candidacy for the office of tax assessor of our county subject to the action of the Democratic primaries. I believe that I am qualified to fill the office to your entire satisfaction and will do my best to merit your support. Of one thing I am sure, that if I am elected to the office, I will clean up the list of unknown lodgers of taxes that are due the people of this county amounting to several thousand dollars.

I have been a resident of our town and county for seven years and am making this race on the record I have made as a citizen of our community. I want it distinctly understood that I am not asking for this favor at the hands of the people as a matter of charity on account of my affliction; for I will do as I have always done—make my own living—and in this race I am asking you to employ me as your servant and will, elected, earn every dollar that you pay me for good and efficient service in attending to your business.

I will very much appreciate your giving me a careful consideration before casting your vote and if you

believe I am the man for the place then I will highly appreciate your vote. I want the office because I believe I can perform the duties of the office to the best interest of all the people and at the same time make a living for myself in a way that will better enable me to care for my health.

I am yours most sincerely,  
(adv.) H. F. MITCHELL.

**J. O. Jenkins For County Treasurer.**

In announcing for the office of County Treasurer of Deaf Smith county, I do so, knowing that I am almost a stranger to some of the voters, and would, therefore, ask each voter to investigate for himself as to my honesty, my ability and my fitness for the office.

I wish to state in this connection that I am a native Texan, and I feel like my long residence in the state should entitle me to, at least, one office in a lifetime. If elected, I promise to faithfully discharge the duties of the office, but would not think of asking for more than two terms. Your vote and influence will be appreciated. Thanking you in advance for any consideration shown me in this race,

I am yours to serve,  
(adv.) J. O. JENKINS.

### A Hay Ride.

On Thursday evening, January 15th, a merry crowd of young people gathered themselves into a large hay wagon and proceeded to take a joy ride. The weather permitting and all things inviting, the ride was continued until Sulphur Park was reached. Here the merriment ran high as the young people gathered 'round a roaring camp fire and engaged in a "wienie" roast and marshmallow toast. The ride home was made by moonlight and as the "good mornings" were said each one declared a most hearty appreciation of this treat to Miss Grace Lucas, hostess, and Messrs. Guy and Calvin Lucas, hosts. In the party were: Misses Lillian Bennett, Roberta Nance, Harriette Shirley, Ruth Ricketts, Bertha Dameron, Frances Dameron, Madeline Barnett, Grace Lucas, Messrs. Earl Wilson, L. Carlisle, Elmer Dameron, Claude Ricketts, J. C. Burkhalter, C. Estes, Calvin Lucas, Guy Lucas.

### May Erect Building.

Rumor has it that the Hon. J. Ray will erect a modern, 2-story brick building on the vacant lots next to Bill Ray's jewelry store. J. A. Fox, price merchant of Friona will open an up-to-date stock of dry goods in the new place.

### Killed in Mine.

D. R. Edwards, who left here a few weeks ago to work in a mine in Idaho, was killed accidentally last Saturday while at work. His remains will arrive in Hereford today or tomorrow. He leaves a wife and 4 small children to mourn his death. The community sympathizes with the sorrowing wife.

Edgar Betts made a hurried trip to Plainview last Saturday on account of the serious illness of Prof. Couch, his brother-in-law. H. F. Mitchell made the run in three hours. At this writing Mr. Couch is on the way to recovery.

### THE FOLLY OF OUR PRESENT ARRANGEMENT.

Dallas News.—Mr. R. B. Humphrey of Throckmorton county has been a member of the last three Legislatures, in which he distinguished himself for energy, breadth of outlook and understanding of the State's needs. He typifies the kind of legislative service Texas ought to have, and the kind it must have, if its affairs are to be well ordered. But Mr. Humphrey is going to quit. He finds that serving the State as a lawmaker and making a living are not compatible tasks. "A poor man cannot afford to serve in the Texas Legislature," is the way he puts it.

But that is not precisely the proper way to put it. There are men so poor, in point of wealth and in point of earning power, that they can well afford to serve in the Legislature. For such as they, legislative service is profitable; and, being profitable, it is attractive, so attractive that we usually gather at Austin a power for blundering that the State cannot well withstand. Mr. Humphrey ought to have said that legislative service is an honor that only the very rich, the very poor and men having a private interest to serve can afford to indulge, and that those who, like himself, have the need and the ability to make private pursuits profitable and no private interests to serve are precluded from engaging in legislative service.

The retirement of Mr. Humphrey illustrates and emphasizes the folly of our present arrangement. Either we ought to pay legislators nothing, and thus stimulate the patriotism of those who serve, or we should pay them enough to bring into the service men of affairs who, nevertheless, are not financially able to make the sacrifice which legislative service now entails. Probably the desideratum would be to reduce the membership of the Legislature by half at least, and then make the pay of every member \$1,000 a year at least. This step would probably lead, within ten years, to a further change which would substitute a lawmaking commission for the Legislature. That, however, must be preceded by a reform that will disincumber the Legislature of many tasks and functions that logically devolve on county and municipal authorities.

### First National Bank Elects Officers.

At a meeting of the stockholders of the First National Bank Tuesday, Jan. 13, the following were chosen as directors: W. H. Fuqua of Amarillo, R. J. Kibbe, R. N. Mounts, J. H. Weems, D. F. Ashbrook, W. S. Higgins, E. B. Posey. On the same day, the directorate met and elected W. S. Higgins as president and E. B. Posey as cashier. Mr. Higgins states that the directors passed the required resolution to indicate their intention to take stock in the regional bank, the application to be filed before Feb. 22, as the law requires.

### Another Big Land Deal.

E. Renfro sold his irrigated farm of 320 acres this week to a Mr. Souers of Colorado, who takes charge at once. The consideration was \$22,680.

## 30,000 VOICES!

And Many Are the Voices  
Of Hereford People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Hereford people are in this chorus. Here's a Hereford case.

J. D. Burkett, 300 E. Second St.,

Hereford, Texas, says: "I suffered acutely from sharp twinges through the small of my back, especially when I stooped or attempted to lift. I was caused much annoyance by a too frequent desire to pass the kidney secretions and these troubles all showed that I had kidney complaint. Since I used Doan's Kidney Pills, procured at Woodburn & Son's Drug Store, I have been quite free from these ailments. I have often suggested a trial of Doan's Kidney Pills to other persons afflicted in a similar way."

**Dangers of a Cold.**  
Do you know that of all the minor ailments colds are by far the most dangerous? It is not the colds themselves that you need to fear, but the serious diseases that they so often lead to. For that reason every cold should be gotten rid of with the least possible delay. To accomplish this you will find Chamberlain's Cough Remedy of great help to you. It loosens a cold, relieves the lungs, aids expectoration and enables the system to throw off the cold. For sale by all dealers.—Advertisement.

#### Did You Ever Stop To Think?

If you read this article through thoughtfully you will, and if you are young you will think twice.

Did you ever stop to think that you do four things, just four and no more? You think; you remember; you imagine; you act. When you learn to think better, remember better, imagine better or act better, you are increasing your efficiency, and, therefore, your income. You may feel that you are very successful now. Suppose you are; it isn't a question of what you know, but of how beneficial a practical business education will be to you in addition to what you already know. You will agree with us that to violate a part of the laws of business means partial failure, and to violate all the laws means complete failure. You are also aware that to observe part of the laws of business means partial success, and to observe all the laws means complete success. Our aim is to help you observe a higher per cent of the laws of success, and, therefore, enable you to be nearer the maximum success. The late Prof. James of Harvard declares that the average man only uses ten per cent of his brain power. Suppose you are twice as capable as the average man? Even that would mean you are only twenty per cent of your maximum possibilities. The purpose of our course is to produce a maximum of proficiency with a minimum effort. Did you ever stop to think that eighty-five per cent of the men of this country are only earning \$15 a week or less? That ninety-two per cent fail in business between the ages of 40 and 50? That ninety-five per cent have no money at the age of 60? We have been very successful in getting men out of the eighty-five, the ninety-two and the ninety-five per cent class. Why not let up help you? We have been marvelously successful in raising salaries, as is conclusively proven by the letters in our catalog from former students. The business world wants thinkers and doers. There's a famine of high priced men today; there are thousand of

They will have a chance to try on Woman's Day, February 20th, at the Sixth National Corn Exposition, Dallas, Texas, where Michigan will have on display a dozen loaves of bread made from different types of wheat. The demonstrator in charge will tell why we have bread flour, pastry flour, red dog, Graham and a lot of other kinds of flour from the same samples of wheat.

Colonel Joe Allison will show the Southern Sunshine Cotton Seed Flour, from which the most delicious bread, rolls, pancakes, biscuits, cakes and puddings can be made.

Of special interest will be the state and government new methods and new food demonstrations of milo-maize and kaffir corn grains ground up to make nutritious breakfast foods, as well as fairly good bread.

Home canning to reduce the high cost of living will be demonstrated at the Domestic Science exhibits of the various colleges, along with other home economics and conveniences. Here the housewife can learn how to detect adulterated foods and whether the milk she buys for the family is handled in a cleanly or a filthy manner.

The women of the state who want to do individual or club work that counts for something, should attend the Exposition on Public Health Day, February 13th, and also Country Life and Rural Welfare Day, February 18th, when all problems that affect the country home and housewife will be discussed.

The opening day of the Exposition, February 10th, will be Children's Day, and there will be plenty of things on the grounds to interest and amuse the little folks.

Mrs. Edgar L. Flippen, Dallas, Texas, chairman of Committee on Woman's Welfare, has charge of the program for Woman's Day, February 20th. Dr. Anna Shaw, noted suffrage leader and lecturer of New York City; Mrs. Percy V. Pennybacker, of Austin, Texas, president of the National Federation of Woman's Clubs, and Mrs. Julia C. Lathrop, head of the Children's Bureau at Washington, D. C., will speak on Woman's Day.

### Silos to Be Demonstrated at Corn Exposition.

"When you say silo in Texas now, you do not have to stop and explain what it means," says Prof. J. L. Thomas, Dairy Division, U. S. Department of Agriculture, and Texas A. and M. College. Two or three years ago you had to explain what you were talking about.

"The silo furnishes the best feed for the Southern dairyman winter and summer. It is needed more in Texas in summer than in winter. Ensilage (silage) is valuable for fattening cattle, but it is more especially necessary for the dairyman who wants to make a profit off his milk cows. I think dairymen of Texas are beginning to realize this, as there were 2500 silos sold in Texas last year; these were scattered widely over the state. The demonstration of silos at the Sixth National Corn Exposition, Dallas, Tex., February 10-24, 1914, will enable farmers and dairymen to learn still more of their uses and value which will result in much good to the dairying interests in Texas."

### MODEL DAIRY DISPLAY.

Demonstrations of Best Methods of Feeding and Milking Cows Will Be Given at Corn Exposition.

Mr. C. O. Moser, president Texas Dairyman's association, in charge of the dairy department of the sixth National Corn Exposition, Dallas, Tex., Feb. 10-24, 1914, states that dairymen will meet at the exposition on Feb. 11, which is also Silo Day, Beef Cattle and Livestock Day.

"The dairying department of the exposition," says Mr. Moser, "will conduct a school of dairying on the best methods of feeding dairy cows for profit, the most sanitary manner of handling milk and conduct of a butter contest with entries from every state in the Union."

"Liberal prizes will be offered for five pounds of butter in one-pound prints."

Texas exports of butter are less today than Texas imports, and special attention will be given to the making of good butter in the hope of stimulating this industry in Texas. Seventy-five per cent of the butter made in sold to the country merchant for 12 or 18 cents when, if sold to the creamery, it would bring 25 or 30 cents.

"The average cow produces less than 100 pounds of butter a year at a cost of \$36 for keep, a few cows have produced more than 500 pounds of butter per year at a cost of between \$60 and \$70."

Mr. Moser wants the farmers of Texas to come to the exposition on Feb. 11 and learn how to make the milk cows on the farm bring in better results for the feed given them.

All trunks and suit cases sold at 25 per cent discount by E. B. Black Co. It

W. F. Orr and wife of Summerfield were in Hereford Wednesday closing up some business matters. They have traded a part of their land for a Wheeler county farm and will move to that county in a short time.

### Biliousness and Constipation Cured.

If you are ever troubled with biliousness or constipation you will be interested in the statement of R. F. Erwin, Peru, Ind. "A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets highly recommended, I bought a bottle of them and they helped me right away." For sale by all dealers.—Advertisement.

### INTEREST OF WOMEN.

Women's Welfare Department Will Make Splendid Exhibit at National Corn Exposition.

Mrs. J. Boog-Scott considers the question of helping the boy to become more efficient, one that vitally concerns the home, and should enlist the interest and help of the wives, mothers, as well as the teachers of the state.

"As individuals and through our club work, we can take active part in making this sixth National Corn Exposition of great value to the homes of the state and to our boys and girls," she says.

"First of all, we can help by talking up the exposition, and what it will do for the country through spreading higher ideals of simpler and happier ways of living. Then we can help the most by attending it. The Woman's Welfare Work Department which will demonstrate, through educational college exhibits and domestic science exhibits, how to make farm life more attractive to women and children, place more conveniences in the home and lessen the cost of living and should enlist our sympathies and our best efforts."

"All women who want to see the human race advance to higher ideals as it must always through the mother and child, will certainly be interested in the better babies contest to be put on by the Mothers' Council of Dallas, and in the rural welfare and domestic science exhibits put on by the Texas University and the College of Industrial Arts."

"Social centers and co-operative work along all lines of endeavor will receive a large share of attention at the exposition and certainly deserve the attention of the thoughtful women of the Lone Star State who stand for progress in all lines."

Ben Tate has moved his household goods into the house he is to occupy while he and wife are stopping for the present with her father, Mr. Noble, who is very sick.

Lester Galley, who has been in Iowa the past three years, has returned and is making his parents a visit.

Mr. Laird has taken a bunch of his cattle from here over to Big Square to feed.

Mr. Aucksburgh from Tulla was over to the Summitt to take home his 80 h. p. engine, which he had brought over to drill the Davis irrigation well.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

**The Confederate Note**

Representing nothing on God's green earth now,  
And naught in the waters below it;  
As a pledge of a nation that passed away,  
Keep it, dear friend, and show it.  
Show it to those that will lend an ear  
To the tale this trifle will tell  
Of liberty born of a patriot's dream  
Of a storm-cradled nation that fell.  
Too poor to possess the precious ores,  
And too much of a stranger to borrow,  
We issued today, our promise to pay,  
And hoped to redeem on the morrow.  
The days rolled on and the weeks became years,  
But our coffers were empty still,  
Coin was so scarce, the treasury quaked,  
If a dollar should drop in the till.  
But the faith that was in us was strong indeed,  
Though our poverty well we discerned,  
And this little check represents the pay  
That our suffering veterans earned.  
Then, it hardly had a value in gold,  
Yet as gold our soldiers received it.  
It gazed in our eyes with a promise to pay,  
And every true soldier believed it.  
But our boys thought little of price or pay,  
Or of bills that were overdue,  
We knew if it brought our bread today,  
'Twas the best our poor country could do,  
Keep it, it tells our history over,  
From the birth of our dream to its last;  
Modest and born of the Angel of Hope,  
Like our hope of success—it passed.  
—Major S. A. Jonas.

**Society**

On Wednesday evening, Jan. 21, 1914, the charming home of Mrs. A. L. Gibson was the scene of a six o'clock dinner given to a few friends of Miss Percy Gallaher. The center of the table was a mass of carnations and ferns. The place cards were beautifully hand decorated. After a very much enjoyed five course dinner the evening was spent in music and games. The guests were Misses Wyche, Russell, Woodburn and Gallaher. Messrs. Cockrell, Woodburn, Collins and Walker.

On Monday evening, Jan. 19, 1914, Mrs. B. S. Arnold gave an informal chafing dish party for Miss Percy Gallaher. When the guests arrived they were given slips of paper telling them what they were to prepare and requiring the young men to give the recipe. These were voted on and Mr. Pruitt of Itasca, Texas, was given a box of fruit cake and dates for the best and Forrest Walker won the "booby" on account of not being able to write a good recipe, he was given a "cook," a crochet dressed doll. These recipes were collected in hand painted covers under the name of "The Percy Cook Book" and presented to the honoree. The most interesting part of the evening then came when the guests repaired to the dining room where they were required to cook according to the recipe they had written. The following were present, Misses Russell, Lay, Meda and Belle Woodburn, Head, Wyche, Gallaher, Messrs. Woodburn, Pruitt, Patton, Collins, Mercer, Cockrell, Walker.

On arriving they were told they were to cook their own dinner and each couple was given a slip of paper informing them the part they were to prepare. In a very short time the following menu was ready: cherry cocktail, fried chicken, gravy, biscuits, cream potatoes, celery, olives, cream peas, stuffed apples, pickles, fruit salad, pineapple frappe, coffee, mints. The evening was pleasantly spent in playing games. The cooking party consisted of Misses Woodburn, Shirley, Gallaher and Messrs. Collins, Cockrell, Walker and Mr. and Mrs. John McLean.

AMUSEMENTS ARE  
EXTRA ATTRACTIVE

For Sixth National Corn Exposition at Dallas!  
TO BE UNUSUALLY GOOD

Alber's Eight Polar Bears to Be Seen in the Circus Royal—Greatest Amusement Feature Ever Shown in the Southwest (Will Thrill and Entertain).

Program already arranged gives promise of unusual attractions. The special feature different from those ever given before in Dallas is the Circus Royal, comprising the biggest and grandest circus acts secured from all of the large circuses. A partial list of the features are as follows: Alber's Eight Polar Bears, which proves to be the biggest and most talked of sensational novelty ever seen in the South. Alber's eight full grown Polar bears are monsters that will be seen in astounding performances. These wonderful animals while they may seem to the public ungainly and awkward, and while it is generally conceived that Polar bears are as ferocious and dangerous, nevertheless, they perform with a dexterity in skill the most difficult tricks, forming pyramids, throwing and balancing brands and balls of fire, doing acrobatic stunts, roller skating and comedy tricks that are almost human. Under the direction of Professor Alber they are, without doubt, the most remarkable trained animals in the world. Coming direct to Dallas from the great Hagenbeck & Wallace Animal Show, The Riding Crandalls, America's premier equestrians, perform somersaults on galloping horses, vaulting from the ground to the backs of their beautiful thoroughbreds. The men riders performing marvelous acts. They are aided by Marsella, who introduces his high-class circus clowning as ring master.

The famous Aerial Lameys are stars of the circus arena, performing incredulous feats of athletic and aerial achievements, filling the air with flying forms and flashing like meteors through space they present a bewildering spectacle.

Simletta Brothers and Mora, the famous triple comedy bar experts, present a wonderful panoramic exposition of madcap fun and frolic intermingled with comedy and wonderful dexterity of flying from bar to bar, makes this feature startling as well as extremely funny. Burns & Kohl, dog, pony and monkey circus is in a class all by itself. These wonderful animals do everything but talk. Numerous tricks performed by these intelligent creatures are almost human and will prove to be a real treat to both old and young.

The Four Lamys are acrobatic marvels, and execute difficult and high lofty sensational tumbling, with triple and double backward and forward somersaults to and from the ground to shoulders. They are a startling acrobatic novelty, unusually attractive as a circus stunt.

Murray, Ward and Marsel, the three famous circus clowns, will be seen every day during the entire circus burlesquing each and every act, and will show the people of the Southwest brand new frolic and comedy that will be one of the very entertaining features of the Circus Royal. Madamoiselle Crandell, known as one of the youngest and prettiest bareback riders, will appear daily as one of the features of the Circus Royal. Madamoiselle Crandell is known and recognized for her fearlessness as a bareback performer, as no other woman has heretofore attempted the feats performed by her.

## MARKETING AS IMPORTANT AS PRODUCING COTTON

The agricultural papers, for several years, have been full of interesting and instructive articles telling the farmer how to increase his crop yield per acre, the best seed to plant, how and when to plant, how to prepare the soil, the mixture and quantity of fertilizer to use. Full descriptions have appeared covering the breeding and raising of stock, how to treat their various diseases, what feed to use in the different seasons.

The United States Department of Agriculture has printed cardlets, bulletins and other literature regarding crop making and stock raising. Representatives of the Government in every state examine the soil, tell what it will produce, determine what irrigation or fertilization is necessary. We have, without doubt, the best equipped Agricultural Department of any nation on earth, in so far as farm production is concerned.

Our agricultural schools are everywhere. We have seen new theories taught and actually put into successful use. We have seen the "scientific farmer," once scoffed at and ridiculed,—we have seen him prove to be the practical farmer; we have seen him double his production per acre, improve his products, plant and harvest new and unheard of crops with success. Much attention has been given to the farmer and his crops and rightfully so, for on his success or failure depends, in its last analysis, the prosperity of our commonwealth. A great work has been and is being accomplished, and the results speak for themselves. Truly the farmer is being taught amply in the science of production.

But where in the pages of the Farm Press, or in the Government bulletins or literature, will you find any words about profitable selling or marketing methods? Where will the farmer find information about how to get the best price or where to ship his products?

If the average farmer could sell his crops as successfully as he can produce, he would soon be independent. The cotton grower seems to be the weakest of all as a seller of his crop. He makes a fine crop of cotton by his skill and energy. He produces well, but his method in cashing his crop is pitiful. He takes his cotton to market at the time when prices are always lowest, and he sells his cotton for whatever he can get regardless of his cost of production. Why should he be anything but poor and in debt?

The Government has finally awakened to the fact that marketing is as important as producing. A "Bureau of Markets" has been established and investigations into present conditions are being made. A survey of cotton marketing in Oklahoma was made this fall by the chief of the Bureau of Markets. His findings have just been published in Bulletin No. 36, United States Department of Agriculture; subject, "STUDIES OF PRIMARY MARKET CONDITIONS IN OKLAHOMA." Every cotton grower should read this Bulletin. Mr. Brand and his expert classifiers visited every part of Oklahoma's cotton section. His report of market conditions reveals facts about cotton selling that every farmer should know.

For instance, on Page 6, Mr. Brand shows different prices paid for middling cotton in the same town, on the same day. In Mountain Park, Oklahoma, November 13th, one farmer received \$50.25 for a 500 pound bale of cotton, middling. On the same date, in the same town, another farmer received \$56.25 for a 500 pound bale of middling cotton. The second bale was of identical grade as the first

bale and the two bales were of equal value. Why then the difference of \$6.00 per bale? The Galveston price that day was \$69.00 per bale, middling. On November 13th, in Terrell, Oklahoma, there was a variation of \$12.50 per bale, comparing the price on the same grade paid one farmer as against the price paid another.

A copy of this Bulletin may be secured by writing to the Government Printing Office, Washington, D. C. Ask for Bulletin No. 36, Department of Agriculture.

When will the cotton farmer wake up? When will he cease to glut the market in the fall when the price is lowest? Why will he stick to a selling system that has made him poor? Has the cotton farmer no hope of prosperity?

The cotton farmer faces the same situation that the Rice Growers, Fruit Growers, and Wheat Farmers faced. They saved themselves by establishing marketing systems. Now they sell their products on a business basis. They have facilities for holding their products till they are needed. They no longer dump their crops on the market, saying, "Here is our crop; give us what you will for it." They demand and get a profitable price.

Cotton is a safe commodity for holding. In a suitable warehouse, cotton may be held indefinitely without decreasing its quality. Cotton must be held and sold as the world needs it in order to bring a fair price. Overloading the market always brings the same results, low prices. How can the supply of cotton be delivered to the world, so as to meet the demand, but not exceed it? Co-operation by the growers through a business like marketing system, will put cotton on a stable basis. The farmer must cooperate, get a living price for his cotton through sensible marketing, else they must plant their cotton fields to other crops.

Statistics from a Texas plantation, 6,000 acres in cotton, show that the cost in 1913 was 11 1/2 to 12c per pound. This great plantation has improved farm machinery, is in charge of a very capable manager, employs Mexican labor at \$1.00 per day instead of negroes at \$1.50; their land is probably the richest in the state. If their cotton costs them 11 1/2c, what does your cotton cost?

If cotton before ginning cost 12c and more, it is worth at least 15 CENTS. Co-operate with your neighbors. Get a profit on your year's work. Get 15 CENTS for your cotton. Hold your cotton. The world must have every pound of this crop and your cotton will soon bring 15 cents. New York has put the price down in the effort to make you sell. Hang on. Sell your cotton when they sell theirs. Their price will soon be 15c.

## NEW YORK SAYS THE SOUTH IS BUTTING IN

Wall Street says Southern Cotton is being held in the hands of speculators who have forced the price down to 15c.

A Texas bulletin says who was in New York City last week reported that Wall Street is now buying the South in holding cotton. The Exchange claims it is their business to control the cotton crop and fix the price.

In their efforts to force the South to give up its cotton, they have driven the price down by manipulation of contracts, by which probably no cotton will ever change hands. They have circulated big crop reports, but the government estimate nailed those lies. They predicted labor troubles in this country and in England, among cotton mill workers, but the mills run tranquilly on. Worst of all, for the speculator, Southern Exchanges and markets have refused to follow New York quotations. At some places spot cotton is quoted in the South as much as 50 points above the New York price.

This is the time to hold your cotton. Don't be disturbed by the juggling of prices on the New York Exchange. Their little game does not represent sales of actual cotton bales and the price they quote does not fix the value of cotton. The cotton exchange, as at present operated, has had its day. Ignore it, forget it. The spinners are the men who consume your cotton. Watch them, forget Wall Street. One of the largest legitimate brokers in New York predicts 15c cotton. In their bulletin they state that the world used 14,900,000 bales of American cotton last year. That consumed our last year's crop and all the surplus stock. In November, 1913, there were 900,000 more active cotton spindles in the mills than in November, 1912. Did the mills increase their number of spindles because they expect to spin LESS cotton. The speculator says so. Common horse-sense tells anyone that the mills don't increase their capacity for the sake of additional expenses. They increase to spin MORE COTTON, so as to meet the world's needs, which are greater this year than ever before.

We have a crop of 13,677,000 bales, more than 1,200,000 BALES LESS than the mills required last year. Our crop is low grade. Its spinnable value reduces its availability 500,000 bales. Anyone who can read knows at this date that our cotton crop this year will not supply the mills' needs. Anyone knows that a short crop means a high price. The market, in the early fall weeks, stood at 13c to 14c, short crop prices. But as the farmers still held a good part of the crop, the Wall Street crowd put the price down. They want to scare the farmer into selling, so they may get possession of the whole crop, put the price up and sell it. These men have worked this scheme year after year. Some farmers tumbled to the game this time and are selling their cotton. But the majority are holding. Keep on holding. In a few weeks you can sell for 15 cents.

Things are looking good for the Southern farmer. The recent currency bill will provide several regional banks for the South. They will supply our money instead of Wall Street. The new tariff schedules will soon begin to be felt in lower prices on many necessities. We have a President and a Congress who are active in the farmer's interests. Also they are looking into the Wall Street business and it may well tremble.

As it is, the New York Exchange has done far less business this year than for several years past.

Clear up. Hold your cotton for 12 months. Get a good start in 1914 and make it a prosperous year.

## RUN-DOWN WOMEN

### Find Health in a Simple Tonic

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down, thin, nervous, tired and derelictized. Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. Walter Price, Biloxi, Miss., says: "I was in a run-down condition for months, I had taken several medicines but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I began to improve until I am strong and well as ever."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. P. S.—For pimples and blotches try our Saxo Salve. We guarantee it.

**Old Policy Better.**  
The custom or habit of sending papers out to non-subscribers and those who fail to pay is poor business policy. After a person receives a paper for a year or more without paying for it, he will often become sorely offended if dunned for the back dues, saying that he never subscribed or did not want the paper "no how!" In order to not thus offend any one, the Brand will return to its old and better policy of "stopping the paper when the time is out." Really this has been the policy all the while, but during the indifferent times of last year, a few subscribers have been carried over. These should come forward and pay up and let us start in the New Year with a clear record. So hereafter, watch your date label. If your "Time is Out" during January or any month back, your name will be drop from the list on February first unless arrangements, are made for the year.

### In Memory of H. C. Begeman.

As the month of December was passing away, a life was drifting to a close, and December 31st came bringing with it the angel of death and the gentle spirit of Henry Begeman was wafted home. He leaves a wife and two children to mourn his untimely demise. Loving hands did all they could to keep him with us; but God's will, not ours, be done, and some sweet day, we know not when, we will understand. Our loss is his gain. There is a consolation vouchsafed us in the realization of the fact that our loved one is in heaven, the poor worn frame will never more be racked with the agonies of pain and death. Suffering is at an end. He has heard the words from the Father's lips, "Well done, thou good and faithful servant, enter thou into the joys of thy Lord." It is some comfort to us all to know that it will not be long until we will all cross the dark river. The time is not far distant until we will all deposit in the same crement our sorrows and suffering bodies, and ascend in holy rapture to meet our blessed Savior and join our loved ones whom we have loved and lost, and whom we still love and will never lose again. We will join them on the "Bright Celestial Shore." His life was an exemplary one, his faith never failing, his patience enduring to the end. God grant that your life and mine, dear reader, may be like his, so that our death may be as glorious, for we believe that he was "ready."

Earth has lost its look of gladness; Heaven seems to us more bright, Since the spirit of our dear one Took its happy home-ward flight. And we long to cross that river— Long to rest upon that shore, There to see and know and love them And be with the Savior evermore. Henry C. Begeman died at his home in Hereford, Dec. 31, 1913. He had been ill only a short time. He was born near Truxton, Mo., Aug. 30, 1853, and was married to Mary Crew, June 13, 1879. To this union were born three children, one son preceded him to the great beyond several years ago. He was a member of the Methodist church at this place. Short services were conducted at the home by Rev. Henson and Baker preparatory to shipping of the remains to Truxton, Mo., for burial, Truxton being the former home of the family.
