Whiteface Tilt With Bobcats Friday Night

A. R. Bateman is asking that any persons who have raised something which they consider outstanding in the fruit or vegetable line bring a sample to his office.

"As far as we are concerned, Dimmitt is an unknown quantity," says Coach Logan Ware in announcing the Whiteface tussle with the Dimmitt Bobcats in a conference game Friday night.

But, though Ware refuses to make predictions, he states that his team is shaping up rapidly and that many rough edges of play have been smoothed off in practice sessions this week.

Mr. and Mrs. H. A. Burk returned Wednesday from a two-week vacation trip to Wyoming, Oregon and California.

Just to show the kind of intelligence that Hereford is soon to lose to the likes in this case T. S. C. W. Maggie Miller has a cat named "Fragrance."

Fishermen who had proof for all the well-known stories, were E. H. Reynolds, Bill Gentry and S. B. Walker, who went last week to Elephant Butte Dam in New Mexico.

Concerning fruit again: Mrs. T. B. Cox, who lives 12 1-2 miles northwest of Hereford, brought four pears to the Brand office Monday.

County Agent Urges Farmers To Save Feed

With prospects bright for a record feed crop here this fall, the advice of County Agent A. R. Bateman to farmers is "can it."

Mr. Bateman goes on to point out that what is good management and good business for housewives--the canning of fruit and vegetables when such produce is plentiful--is equally good advice to farmers who have a chance now to put by a nest egg for the dry years which are sure to come.

Silos, either trench or some other variety, are a good investment for the farmer, who, while he probably needs the cash from the sale of his feed crops now, could realize much more from them if they were stored for a year or two.

Feed has been stored for as long as 16 years, says the county agent, and has continued to be good as long as the air is excluded from the ensilage.

Roosevelt County Boosters To Be Here Wednesday

A delegation from Roosevelt County, New Mexico, will arrive in Hereford at 10:35 Wednesday morning, September 17, according to announcements today.

The delegation will present a brief program and will outline advantages of the community.

CCC Enrollment Now Open In This County

Young men between the ages of 17 and 23, inclusive, who are unemployed and who wish to get work experience and educational opportunities, are asked to see Mrs. Dyalitha Bradley, county welfare administrator, who is now taking applications for C. C. C. enrollment.

Mrs. Bradley requests that applicants see her not later than Monday, September 15, as she plans to take enrollees to the C. C. C. Camp at Littlefield on Tuesday, September 16.

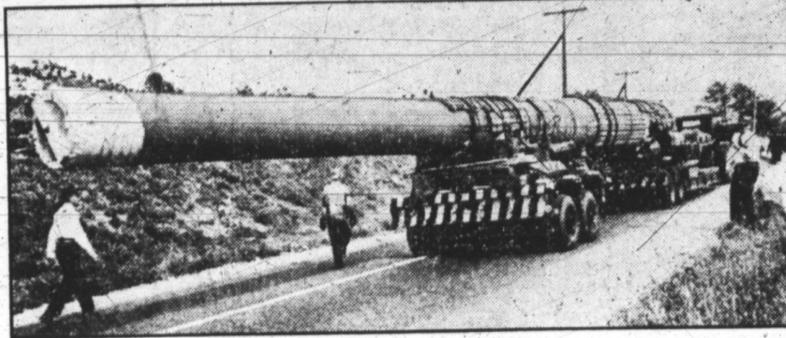

C. C. C. enrollment is no longer restricted to boys whose families are on relief rolls and any boy within the prescribed age limits is eligible.

Defense Design

Created for the working woman in defense industries, this suit can be dressed up with accessories. It's made of olive-drab wool, with dyed cotton stockings to match. "Irene" is the designer.

Warning---Stay Away From Our Shores

On the way to Compton, R. I., this huge coast defense gun, 68 feet long and weighing 145 tons, made a speed of two miles an hour. A tractor with double trailers, equipped with 38 huge pneumatic truck tires, hauled the gun from Tiverton, R. I.

New Model Dodge Is Now On Display Here

Despite the outstanding part that Chrysler Corporation is taking in the defense program, new model cars in the Chrysler line will be better than ever before, says Woodrow Ireland of Ireland Motor Company, where the 1942 Dodge is now on display and the new model Plymouth will arrive soon.

Dodge, this year as always, is stressing economical transportation, and Ireland points out that horsepower is up 15 per cent from last year, the new cars give even greater mileage per gallon with "regular" gasoline.

The new cars, says the Hereford dealer, will also have greater efficiency of power performance. The new "Power Flow" engine means a steadier, smoother, more generous flow of power over a far wider speed range--more power at lower speeds--at ordinary driving speeds--and at the highest driving speeds.

In appearance the new models feature longer, lower bodies.

Posey To Defend Title In Dalhart Open Tournament

Clyde Posey of Hereford will defend his championship in the two-day annual Dalhart Country Club Open Golf Tournament which will tee off Sunday morning, September 14, according to Tournament Chairman Elmer Elliott of Dalhart, who confidently predicts more than 100 entries from Kansas, Oklahoma, New Mexico and the Texas Panhandle.

Prizes will be offered for medalist, in the long-driving contest Sunday afternoon and for the winner, runner-up and consolation winner in each flight. Competition will be 18 holes of match play, except in the finals of the championship flight when it will be 27 holes of medal play. Players can qualify on the Dalhart course any time up to 8 o'clock Sunday morning; they can send their scores to Elliott or bring them.

The entire course, Elliott said, has recently been improved and is in A-1 condition.

28-Year-Olds Go Into New Draft Classification

The Deaf Smith County Selective Service Board this week received definite instructions from national selective service headquarters that men on the draft rolls who reached the age of 28 before July 1, 1941 will be placed in a different classification from the one to which they were originally assigned.

This change in classification does not affect draftees who were 27 at the time of induction and who were inducted prior to July 1, 1941. These men are not eligible for release even though they have become 28 before July 1, 1941.

Also, instructions from the national headquarters add, a registrant who was 27 years old on July 1, 1941, can be inducted at any time prior to July 1, 1942, regardless of whether his age at the time of induction is 27 or 28.

Hereford Scouts Make N. Mex. Trip

Nine scouts, together with Scoutmaster Urlin Streu returned September 1 from Rio Hondo, N. M., where they had spent more than a week on their annual camping trip.

Leaving Hereford on August 22, the group included David Neal Beavers, Billy Dameron, Karl Shidley, Urlin Streu, Quentin Williams, Thurman Williamson and Tom Wilson of Troop 1; Robby Tout of Troop 2, and Bob Hatt and Bob Jones of Amarillo. Supplies and equipment were carried in the scout-built trailer, and a pickup and another car made up the caravan.

Besides sight-seeing in the region around Rio Hondo, where the group visited Taos and Rancho de Taos, where they saw one of the oldest missions in New Mexico, the boys devoted their time to mountain climbing and to work on various camping skills. Progress was made on the art of open-fire cooking and the boys also built rafts as part of their merit badge requirements. Dave Beavers, Thurman Williamson, Tom Wilson and Billy Dameron built a dam across the Rio Hondo a short distance above the Scout Camp.

On the way home, the campers stopped at Santa Fe where the colorful Fiesta was in progress. Near Santa Fe they saw the Puye cliff dwellings and at Espanola they visited the Chimayo Trading Post.

Besides the Indian ritual dances the scouts saw the Visperas procession at the cathedral and the candlelight procession to the cross of the martyrs.

Leaving Santa Fe at 5:30 Monday morning, the Hereford scouts reached home at about 5 o'clock that afternoon.

Local Gardeners Say Buffalo Grass Is Best For Territory

Buffalo grass, sometimes erroneously called curly mesquite grass, makes excellent sod for lawns where a moderate supply of water is available.

That is the conclusion of many Deaf Smith County gardeners, who after experimenting with other types of grass, have come back to the use of the Buffalo grass, which is so well adapted to this country.

Persons who are starting Buffalo grass lawns are definite in pointing out that the Buffalo is not what is usually called native grass. It is of a much finer texture and has a more pleasing soft green color.

Citizens Vote To Send Exhibit To Dallas Fair

Voting to send the Hereford Exhibit to the Dallas Fair, a group of business men and farmers met in the courthouse Wednesday evening and agreed to assist the Chamber of Commerce directors 100 per cent in sponsoring the drive.

Committees were named to collect funds to help defray expenses to the fair and the drive is scheduled to close within the next few days, since an immediate report has to be made to fair officials. The exhibit this year is reported to be three times as large as last year and will include a full-length moving picture, which features scenes from Palo Duro Canyon and Umbarger Lake as well as from the irrigated acres and diversified farms of this immediate section.

Dove Bag Limit Is 12; Licenses Contain Error

Austin.-- Because of an unavoidable error, the bag and possession limits on mourning and white-winged doves is given as 15 in the printed matter on the reverse of State hunting licenses, but the actual limits are 12 per day and 12 in possession, the executive secretary of the Game, Fish and Oyster Commission cautioned today.

The error was made, the executive secretary explained, because the State hunting licenses already were printed earlier in the year before the present State dove laws had been passed, and at that time the State dove bag and possession limit was fifteen instead of twelve.

The executive secretary urged all sportsmen to "pass the word around" that the limits announced on the licenses had been countermanded by later law, and he urged that this especially be done in the northern counties of Texas, where mourning dove hunting already is under way.

The season in that portion of the state, which comprises the North Zone, opened September 1 and will continue through October 12, according to state law and federal regulations. Shooting hours are from 7 a. m. until sunset, as contrasted with last year's regulations, which allowed (Continued on page 12)

Firemen and Oilers Even Up Series Championship To Be Decided Tonight

By HOMER FOX

Monday night with the games one and one in the City League play off, the Firemen and Oilers jammied heads in a ball game that would make the oldest old-timer pull his hair. With a northeast wind whipping the dust, thick across the playing field that the players couldn't tell which hand their glove was on (these Firemen at least have to see before they can tell). The spark hunters were first at bat in the first frame and couldn't even see Pearl Singletery's smoke ball.

OILERS SCORE IN 2nd

The Oilers started the fireworks in their half when Climer singled, G. Loerwald was safe on F. C. Fuller popped out to catcher. Roger Baumann came up and slammed one at least fifty feet over Alvia Carroll's head in center field for a home run; Singletery doubled, but that was all for that inning and the Oilers were leading by two runs.

Two runs ain't nothing in the lives of these hard fighting smoke smotherer's lives. Harold Close in his usual Lions form, was out third to first; Cogdell walked, Hartman singled; Barrett popped out to pitcher, Knox walked, Bill Palmer, the hard hitting pitcher of the Firemen stumbled to the plate and cracked out a double bringing in two runs and knotting the score. Jimmie Aiken watched the third strike go by for the second time with his bat on his shoulder, and his face was puffy red, but no

4-H Boys Will Have Pig Show On Sept. 23

The seven Deaf Smith County boys who won Berkshire pigs as prizes in a contest in June will exhibit their pigs in Hereford on Tuesday, September 23.

County Agent A. R. Bateman, in announcing the exhibit, stated that a definite place for the show had not yet been decided upon but that he hoped to have the use of a lot in or near the down town district.

Boys who will enter pigs in the contest are Morris Earl Ferguson, Jack Redder, Clyde Neel, Kenneth Rudd, Wilbur Chapman, Earl Hussey and Glenn Ricketts, all of whom are 4H Club members and were county winners in a contest sponsored by the Sears-Roebuck Company which gave the prize pigs to writers of the best essays on the "Cow, Hog, Hen Plan of Farming."

The winner of the local contest will receive a dairy calf, and will have his pig entered at the Tri-State Fair in Amarillo. Other boys will receive baby chicks as a prize.

Farmers Warned Of Penalty For Excess Acreage

J. D. Eiland who Monday attended an A. A. A. meeting in Amarillo to get further information on the 1942 farm program, again today urged farmers not to overplant their wheat allotment.

As Mr. Eiland has stated before, even a slight overplanting of acreage this year will disqualify the farmer from receiving parity payments. Penalty per acre overseeded, says Eiland, will be approximately ten times the regular parity payment, making the penalty in this county amount to about \$8 per acre.

Further information received at the Amarillo meeting indicated that there will be an allotment system in effect on potatoes in 1942, but no details have as yet been divulged.

The AAA still needs compliance reporters and persons interested in the job are asked to see Dick Coffee at the AAA office in the courthouse.

one really expected him to see Singletery's blinding speed ball that he gave Jimmie on those third strikes; any way, the sun was out again for the Firemen.

BAUMANN SCORES AGAIN

The Oilers came back with one run in the third on an error by center and a single by this same Baumann. Looks like the best way to pitch to this guy is walk him or throw 'em and duck.

The Spark hunter took the lead again in the fourth after one out. H. Loerwald let Close fly ball hit him on the head; F. Cogdell started to change ends with his bat just as Singletery let one go and hit his bat for a nice single. Close scored when Knox singled.

No soap for the Oilers in the fourth or fifth, but the Firemen made another eye in the sixth on three errors and a F. C. and took the lead 5 to 3.

Hartman made the catch of the evening in the sixth when this Baumann, first man up for the Oilers, hit one so hard into right field that it bent his bat. Jiggs was almost out of sight out there and we found out later that he was looking for a pair of brass knucks that he played football with in '33. Anyway he looked up and made a beautiful catch that the first National Bank should pay him well for cause that ball was headed for the bank when Jiggs grabbed it.

Then came the fateful seventh and last frame. Bill Palmer was safe on an error and kept going around and scored some way.

### Plenty Of Food For 12 Months

Washington—An agriculture department inventory of the nation's food supplies—both on hand and now being grown or processed—indicated today that with a few possible exceptions there should be plenty for the next 12 months.

Present stocks of most food stuffs were said to be larger than a year ago and crop conditions were described as favorable for the production of supplies sufficient to last well into 1942.

Farm officials were concerned, however, over an adequate supply for the remainder of this year and next year for some particular food stuffs for which there is an increased demand both in this country and by Great Britain.

These products include, the department said, some types of dairy and poultry products, pork and lard, some classes of canned vegetables and some foods of lesser importance imported from far off areas.

Special price-supporting programs have been inaugurated by the department in an effort to secure larger production of dairy poultry and meat products and vegetables. The programs are not expected to reach their peak before next year.

The department acknowledged that prices of many foods have risen sharply this year, despite the favorable supply outlook. It said the advances could be attributed largely to increased consumer buying resulting from defense re-employment and a larger export demand for many commodities not normally shipped abroad in large quantities.

The price rise has been consistent for all foods, except cereals, which are somewhat lower than a year ago. The greatest increases have occurred for eggs, fat and oils, dairy products, sugar and meats.

THE AVAILABILITY AND QUALITY OF DODGE Job-Rated TRUCKS

THE FIRST obligation of Dodge today is to contribute to national defense. Our contribution, at present, is two-fold: In our extensive plants, Dodge is producing important national defense units, including thousands of Army trucks. Also, Dodge is building trucks for the transportation of vital commodities — the movement of which is the essence of complete national defense!

On the broad shoulders of America's great trucking industry lies the responsibility of moving largely increased quantities of materials . . . efficiently, dependably, safely and at lowest cost. The trucking industry's willingness and ability to do this job are beyond question. They become a matter of the availability and the quality of trucks. The need is for trucks that are built for the job . . . to stay on the job . . . Job-Rated trucks!

Today, we are building more trucks than ever before in our history: trucks for the Army; trucks for

industrial defense hauling! They're good trucks . . . the best we've ever built! Best design, best materials, best workmanship, best quality throughout.

Now, we also announce more powerful trucks . . . much more powerful than ever before. We're building these higher-powered trucks today . . . shipping them to our dealers. And, we'll continue to do our utmost to get trucks to you . . . quickly . . . as you need them.

Defense needs the trucking industry. The trucking industry needs trucks. Dodge is providing the best trucks that men, materials and machines can create, Job-Rated trucks of the same high standard of excellence that has won for Dodge its traditional reputation for Dependability.

**Experiments Result Good Cotton Hose**

Beautiful hose, the kind women are proud to wear, will be result of the present host-situation. That's a prediction of Dora R. Barnes, clothing specialist for the A. and M. College Extension Service. Just how it will take to develop that of cotton hose, she won't say. Somehow I can't get excited over the present shortage of hose for something good come out of the situation," Barnes explains. Other fibrous materials such as nylon probably will be used more and more. Already manufacturers are combining cotton and nylon in hose, making them tops and toes and the remainder of the stocking nylon. In addition, rayon will be used in hose, since the United States ranks third in the production of that material. It can be put into hose that will wear and are attractive. Most women use little silk hose these days, the specialist points out since so many other beautiful synthetic fibers are available and the cost of pure silk is high. In many small stores it is impossible to buy pure silk because of the current interest in the hose situation and new cotton hose which are being developed. Mrs. Barnes broadcast on the Texas Farm Home Program from Stations KAP, KPCR, and WOAI on September 16 at 6:15 a. m. Her topic will be "The Cotton Hose Situation."

**Cotton Stockings To Be Beautiful**

Cotton stockings aren't what they used to be, judging by the samples being looked over here by David H. Young, hosiery designer for the U. S. Department of Agriculture's Bureau of Home Economics. These stockings represent but a few of the 150 designs for better-looking, better-fitting, better-wearing cotton hose released by the Bureau of Home Economics to manufacturers in the past two years. Dora R. Barnes, Extension Service clothing specialist for the Texas A & M College Extension Service, says beautiful cotton hose, the kind women will be proud to wear, will be one result of the present shortage of silk hosiery.

### Proclamation by the Governor of Texas FORCLAMATION BY THE GOVERNOR OF TEXAS

TO ALL TO WHOM THESE PRESENTS SHALL COME:

WHEREAS, Progress has been made in Texas during the past few years in bettering conditions for children within its boundaries, but what has been accomplished is just a start toward completion of a program that will adequately care for all children and give them a chance to become good citizens and take responsible places in their respective communities; and

WHEREAS, in our present day of turmoil and world unrest, our attention is particularly called to those less fortunate than we, although it is not possible for us to aid those children across the sea except through prayer, it is fitting that we lend a "helping hand" wherever possible in our own State and Nation; and

WHEREAS, public interest should be directed to the need of children, and to other duties of the citizens of Texas to assist them in every way possible to lead normal, healthy lives;

NOW, THEREFORE, I, Coke R. Stevenson, Governor of the State of Texas, do hereby proclaim the week of September 7th-13th, 1941, as

#### TEXAS CHILDREN'S WEEK

and in compliance with suggestions contained in the final report of January, 1940, of the White House Conference on "Children in a Democracy," urge that all citizens observe this week.

"That a free people by conscious effort and thoughtful planning can make certain that the needs of all their children will be met

"That they can rear them so that their capacities will be developed for cooperative action in exercising the responsibilities of citizenship in a Democracy

"That they can bring up children who in turn will maintain and cherish their freedom."

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of State to be affixed, this the 11th day of August, A. D. 1941.

Coke R. Stevenson (Signed)  
Governor of Texas

### CHDA NOTES

By Sadie Lee Oliver

Since the demonstration clubs have started studying the canning of chicken, the agent has had three requests for information on smoked turkey. Since only four clubs have had meetings, this is a high percentage of interest.

There will be a training school on clothing on Saturday afternoon, September 20. Delegates will study bound and stitched button holes, set-in pockets, various types of fasteners, including buttons, snaps, hooks and eyes and zippers.

Mrs. Alec Thompson has iris which is blooming now. There are three growing tips on the plant and will probably be as many as fifty flowers.

The 4-H Club Council will meet on Saturday, September 13; The presidents, vice-presidents and secretaries of the clubs are asked to attend the meeting. Wyche, Simms and Walcott now have 4-H Clubs, and there is interest in organizing a group at Ford.

Mrs. J. T. Guinn's orchard has choice quality in peaches, plums, grapes and strawberries. Her tomatoes are also yielding well in both quality and quantity.

Mrs. Listen Wilson reports that two rows of strawberries planted in her garden this year have produced an abundance of fruit for canning, for use as a fresh fruit and for freezing at the locker. Mrs. Wilson also has good tomatoes and has sold nearly 15 dollars worth, in addition to having plenty for use of her own family.

Ray J. Coleman of Messenger is another farmer who would urge everyone to plant strawberries.

On Saturday, September 6, a meeting was held at the home of the CHDA. Purpose of the meeting was to study the best methods of canning poultry, and for the demonstration, Mrs. Elmer Jones of Frio furnished four chickens.

Resulting canned products were two pints of white meat, two pints dark meat, two pints ground meat, two of giblets, rice and broth, and two pints of chicken soup.

Most important instruction for canning chicken is to have the meat cooked tender over a low flame.

Present were Mrs. Elmer Jones, Mrs. T. L. Sparkman, Jr., Mrs. Albert Springer, Mrs. Earl Springer, Mrs. Listen Wilson and Mrs. S. O. Wilson.

### Plainview Friday

Mrs. G. A. Shwen and Georgia of the Northedge community visited friends at Bethel Sunday.

Billie Brooks Sinclair was taken to the local hospital Sunday night for an appendicitis operation. He is getting along as well as can be expected.

Mr. E. R. Rothwell, Billy Jo and Marlene visited Mr. and Mrs. Virgie Nowell in Maple, Sunday.

Miss Delithia Sparkman returned home Saturday from Oklahoma, where she has been visiting relatives.

Mr. and Mrs. Harry Rothwell and Billy Jo visited his uncle, Cleo Rothwell, in Childress last Sunday.

Mrs. Dunn, mother of Mrs. Ivor Bagwell, returned to her home in Hereford Friday after being at the bedside of her daughter for several days.

Rev. and Mrs. Williams and children and Rev. Ollie Apple were Sunday dinner guests of Mr. and Mrs. Earl Lust.

Mr. and Mrs. Ray S. McIntire and Mrs. Jim Bagwell, J. A. Roberts, and Latrell visited relatives in Petersburg, Sunday.

### A BAD ONE DOES TURN UP ONCE IN A WHILE!

Good weather and a bumper crop! Even then one finds a poor stalk once in a while.

The retailing of beer is something like that. Most beer retailers operate respectable law-abiding establishments. Occasionally one finds an exception—a man who tries to beat the law or who permits anti-social conditions.

The beer industry wants this type of undesirable retailer stamped out. Your cooperation will help us in our clean-up efforts.

The beer industry brings important

benefits to the community. Here in Texas, beer provides employment for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

Texas, too, has an important stake in the beer industry's purchases—for materials, equipment, and services—from over 100 other industries.

You can help us protect these benefits in two ways. First—patronize only the reputable places where beer is sold. Second—report to the proper authorities any law violation you may observe.

BEER...a beverage of moderation

# Spindletop STARTED IT!

Forty years ago an oil gusher roared in on a low hill south of Beaumont to open a new industrial era for Texas.

That discovery at Spindletop started our modern Texas petroleum industry and made Texas the nation's leading oil state.

In the forty years since Spindletop blew in, nearly 200,000 wells have been drilled throughout Texas. Over 500 separate fields are now producing in all parts of the State. Today Texas supplies over one-third of the Nation's oil and has over half of its petroleum reserves.

Our industry, by refining almost all of this oil in Texas, has created our largest manufacturing enterprise. By furnishing cheap fuel it has laid the foundation for many other Texas industries.

From a handful of Texans forty years ago, this industry has grown until now, it employs more than one million of our people. Its expenditures reach into every section of the State and benefit every Texan.

The discovery of America's first gusher oil field at Spindletop has turned out to be one of the most important events in the history of our state.

Today all of Texas salutes Spindletop!

On October 9, 10 and 11, during its annual convention at Beaumont, the Texas-Mid-Continent Oil & Gas Association will dedicate a monument to Spindletop.

Inscribed in ageless Texas granite will be the story of oil.

This is more than a monument to petroleum. It is a tribute to Texas enterprise and initiative which in forty years have built a great industry in our State—an industry in which you and every other Texan share.

Letter Carriers Are Entertained

Rural Letter Carriers Association and the Ladies Auxiliary entertained the Palo Duro Association at the home of Mr. and Mrs. O. J. Stagner Saturday night.

Mrs. J. H. Williamson of Silvertown, state treasurer, was guest speaker. She told of the national

be a ball game cause neither team can lose and stay in there. One thing about these meat heads, no matter how many boneheads they pull, how many errors they make, every blamed one of them want to win and are trying their best to do it.

# Music Club Host To 7th District

## Convention To Be Held Here In Oct.

Mrs. Thompson will preside at the dinner and the convention sessions.

Social affairs planned include luncheons, a tea and a fine arts program on Friday night. Saturday will be Junior Day. All meetings except the board dinner are open to the public and musical features of interest to the general public will be included at every session. Emphasis will also be on a patriotic theme.

Hostess clubs for the convention are The Music Study Club, Civic Chorus and the Voco Club.

Definite plans concerning time and place of meetings will be announced later. No effort will be spared to entertain the visiting musicians and to make the convention an outstanding event.

### Family Reunion Held In Lubbock

A. A. Keeler of Hereford enjoyed a reunion with his family at Lubbock recently.

Those attending the family get-together included: Mr. and Mrs. C. G. Wheeler and children of Amarillo, Miss Helen Keeler and Joe Rose of Amarillo, Mr. and Mrs. Carus D.

Strickland and small daughter of Roswell, N. M., and Mr. and Mrs. Earle Strickland and two children of Abilene.

The family also visited in the home of Mrs. J. E. Gray, who is the former Miss Beatrice Biggs of Hereford.

Features of the entertainment included kodaking, picnicking and the showing of moving pictures taken in Mexico and Colorado.

Mrs. Keeler, who is now living in Arizona, was unable to attend.

### Dawn Study Club Has Season's First Meet

First meeting of the Dawn Study Club for the 1941-42 season was in the form of a luncheon given at the Blackstone Hotel in Amarillo last week with Mrs. Iverson Leake as hostess.

In keeping with the theme of study for the coming year, which deals with Mexico and Latin America, bright pottery bowls held garden flowers of many colors as table decorations. Place cards featured scenes from Mexico and South America.

After the luncheon a preview of the coming year's work was given by Mrs. C. A. Wimberley and Mrs. Jim White who discussed "Who Are the Latin Americans." A paper on "The Racial Make-up of Latin American Peoples" was read by Mrs. Baker Womble.

The next meeting will be held at the home of Mrs. L. H. Bentley.

Those present included Mesdames August Frye, Walter Galley, Ernest May, H. E. Miller, Jim White, C. A. Wimberley, Baker Womble, Carl Wimberley, W. A. May, Lester Galley, William Wimberley, Iverson Leake, W. P. Caraway, Cecil Walker, C. P. Galley and L. H. Bentley.

### B & P W Club Opens Year Monday Night

The opening of the 1941-42 season of the Business and Professional Women's Club took place Monday evening at the home of the new president, Mrs. Lois Moore, with a watermelon

party.

A business session was held with plans for the coming year's work predominating the discussions. Tentative schedules were discussed as the year's activities were previewed in preparation for the season's work.

Those attending were Mesdames Cecil Williams, Belle Hromas, Ursalee Jacobsen, Dyalithia Bradley, Barbara Roles, Mattie K. Robinson, Ethel Robinson, Rebecca Singletery, Evelyn Stelzer, Misses Erma Faye Robinson, Clara Wedel, Inez Clark, Virginia Bowsher, Virginia Bowman and the hostess.

### Mrs. Springer Is Hostess For H. D. Club

Miss Sadie Lee Oliver, CHDA, demonstrated the art of dressing a chicken to the Frio Home Demonstration Club last week when the club met at the home of Mrs. W. A. Springer.

Miss Oliver prepared the chicken for roasting and then carved another fowl which had been roasted before.

She suggested in cooking the fowl that a cloth saturated with bacon drippings be used to cover the chicken to prevent dryness. No lid is needed.

Those attending were Mesdames Elmer Jones, T. L. Sparkman, Jr., T. L. Sparkman, Sr., Aldon Hawks, Ruby Ellis, Haskell Benson, Henry Dobbs, J. E. Springer, Lowery Dixon, G. A. Springer, and Misses Alma Andrews, Mary Lois Springer, Sadie Lee Oliver and the hostess.

### Mrs. Holman Entertains For Out-Of-Town Guests

Mrs. Seth B. Holman entertained for out-of-town guests with a bridge-luncheon given at her home Friday to compliment Mrs. Walter Browne of Memphis, Tenn., who is visiting her sister, Mrs. Ted Neely, 2212 Hughes Street, Amarillo.

Roses in attractive containers were everywhere about the house and predominated in table decorations. Garden flowers in varied colors were the accessory blossoms.

After the luncheon bridge games were enjoyed when a guest prize was presented to Mrs. Brown, a high score award was presented to Mrs. R. C. Neely and the traveling prize went to Mrs. Don Bowie.

Those attending besides the honoree, are Mrs. E. W. Harbin, Mrs. R. C. Neely, Mrs. S. F. Newbold, Mrs. Stanley Marsh, Mrs. Don Bowie, Mrs. Bea Dennis, Mrs. Henry Gooch and Mrs. Rona Townsend, all of Amarillo, and Mrs. E. B. Hedrick.

### O. E. S. To Honor State Officer Tonight At 6:30

Plans to honor Mrs. Robbie Dyer of Amarillo, worthy grand matron of Texas of the Order of Eastern Star, were made at the regular O. E. S. meeting held at the Masonic Hall Tuesday night.

The honor program will begin with a dinner at the Methodist Church at 6:30 o'clock tonight and will be followed by a session at the hall.

Mrs. Florence Guinn, worthy matron, will preside and the arrangements are in the hands of Mrs. Bruce Rose, Mrs. L. H. Shore and Mrs. Guinn.

Members of the Canyon, Vega, Bovina and Hereford chapters are expected to attend.

### The American Home Will Be Subject For Junior Pioneer Club

Different aspects of the American Home in the world today, ranging from art and public welfare to current affairs, religion and family finance, will form program subjects for the Junior Pioneer Club's 1941-41 season.

The first meeting of the season was a social affair honoring husbands and friends at the home of Mrs. Homer Brumley Tuesday night. Hostesses were Mrs. O. H. Culpepper, Mrs. R. S. Scott and Mrs. Brumley.

A chicken barbecue in the lighted backyard at the Brumley home in South Hereford was the event and informality marked the evening's entertainment.

New year books were distributed by the committee which included Mrs. Wayne Evans, Mrs. G. R. Lunsford and Mrs. R. R. Willis. Officers of the club are Mrs. Elmer Patterson, president; Mrs. J. B. Whitlow, vice-presi-

dent; Mrs. R. S. Scott, recording secretary; Mrs. Homer Brumley, corresponding secretary; Mrs. Lilburn Ray, treasurer; Mrs. Elvin Ridling, parliamentarian, and Miss Edna Daughetee, reporter.

Those attending the party were Messrs. and Mesdames Troy Carmichael, Frank Hucker, Troy Moore, Elmer Patterson, Lilburn Ray, Elvin Ridling, R. S. Scott, Urlin Streu, J. B. Whitlow and Liston Wilson and Mesdames Buford Crosswait, O. H. Culpepper, Ralph Roden, A. J. Schroeter, R. R. Willis, Miss Edna Daughetee and Mr. and Mrs. Brumley.

### Bride-Elect Honored With Party Shower

A group of hostesses entertained with an informal gift party at the home of Miss Thornton Shirley Friday afternoon, complimenting Miss Audrey Cockrell whose marriage to Mr. Vernon Chambliss of Matador, took place Sunday afternoon at the home of the bride's parents, Mr. and Mrs. J. E. Cockrell.

Hostesses included Mesdames Jack Roberson, Lee Lambert, B. C. Roberson, Otto Massie, G. P. Owen, Y. W. A. Girls and Miss Shirley.

The house was decorated throughout with garden flowers and refreshments were served from an attractively arranged table in the dining room. Musical games and contests were featured and a "Tour of the Bride's House" introduced the shower of gifts.

Those present were Mesdames H. D. Reed, Jeff Glibreath, Darrell Staggers, J. C. Ricketts, T. C. Mathies, Robert Stroble, W. E. Barnes, Dexter Schofield, Mike Cassels, J. E. Cockrell, Billie Roberson, W. J. Walker, Cliff Estes, Misses Imogene Cotton, Lucy Reed, Kitty Kloe Harlin, Eunice Caldwell, Glennis Cockrell, the honoree and the hostesses.

Those sending gifts were Mrs. Ruth Hays, Mrs. G. R. Lunsford, Mrs. W. G. Heard and Miss Imogene Roberson.

### Wyche H. D. Club Is Entertained

An interesting program, with demonstrations of meat canning and cooking, was held at the home of Mrs. H. H. Caraway Thursday afternoon at the meeting held by the Wyche Home Demonstration Club. Roll call was answered by members asking questions regarding the demonstration. Tea was served to Mesdames Paul Wilson, Lee Coanougher, Louie Olson, James Gandy, Woodrow Harris, Gus Thiele, George Robertson, Gene Williams, Liston Wilson and the hostess.

The next meeting will be held at the home of Mrs. Liston Wilson.

### Family Reunion

A family reunion of the W. G. Harris family was enjoyed in Summerfield last week when his sister, Mrs. O. M. Gentle, and daughter and son-in-law of Sanford visited him. The group went to Clovis for a visit with an-

other sister, Mrs. C. D. Sorrows; and she accompanied them to Albuquerque, N. M., to see a brother there. Various points of interest in New Mexico were visited by the entire group before returning to their homes.

### Methodist Women Begin Study Of New Book

Members of the Woman's Society For Christian Service of the Methodist Church began the study of a new book at meetings held by the four circles yesterday afternoon.

Mrs. Knox Kinard will direct the study of the book, "A Christian Imperative" by Barnes. She met with Circle 3, at the home of Mrs. Jack Wright Wednesday, outlining the first chapter of the book and giving a general background for further study.

All circles will meet at the church next Wednesday afternoon, when Mrs. Kinard will direct the study of the second and third chapters.

## Let's Cook Something

More substantial food and more generous servings—these are the demands of early autumn days. Here is a recipe to meet those demands and one you will want to put where you can find it for there will be dozens of occasions it will just fit.

Mr. W. M. Emmons gives it to you. She got it from one of Mrs. Roosevelt's columns, in which Mrs. Roosevelt stated that it is her family's favorite potato recipe, and that she always serves it when the children come home.

### Sweet Potatoes In Orange Cups

Boil sweet potatoes in their jackets until tender. "Skin and mash and season with a small amount of salt, a generous amount of butter, a little milk or cream and orange juice, (mixture should not be too thin). Place in orange halves, from which the pulp has been removed, and top with pecan halves. Bake in moderate oven until potatoes are firm and pecans are toasted.

If you are in a hurry and do not want to take time to cook the potatoes here is a recipe that calls for the canned product. It is one of Mrs. Ralph McCullough's favorite and it is as good as it sounds.

### Sweet Potato Puffs

1 can sweet potatoes (fresh ones may be used)  
1 egg  
salt and pepper

Mash potatoes thoroughly; add the well beaten egg, salt and pepper to taste and blend well. Crumble shredded wheat biscuits on a sheet of waxed paper and place a tablespoon of potato mixture on shredded wheat. Place marshmallow in the center and fold mixture in a ball, and roll in the shredded wheat to form an outside crust. Drop in hot fat and fry until brown.

It only takes a minute or two for the puffs to brown but like all deep fried foods, they should be eaten while hot.

## Miss Audrey Cockrell Marries Sunday In Home Ceremony

In a simple home ceremony read by the Rev. W. E. Barnes, Miss Audrey Cockrell, daughter of Mr. and Mrs. J. E. Cockrell, became the bride of Mr. Vernon Chambliss of Matador Sunday afternoon.

Pre-nuptial music was furnished by Mrs. Billie Roberson with her violin accompanied by Mrs. LaVerne Longbottom. Mr. Stroble sang "I Love You Truly" with Mrs. Roberson accompanying him. Mrs. Roberson also played the "Lohengrin" wedding march.

There were no attendants and the couple descended the stairway together to stand at the foot of the steps which were flanked by tall baskets of pink and blue asters. Flowers used in decorating the living room were in pink, blue and white.

The bride wore a navy blue ensemble trimmed in white with navy accessories. Her shoulder bouquet was of blue and white asters.

After the wedding and informal reception was held for the wedding guests, who included relatives and a few close friends. The only out-of-town guest was

### Club Is Entertained

Mrs. Logan Ware, new member of the Trump and Chatter Club, was hostess for members at the home of Mrs. Elvin Ridling Thursday afternoon.

Mrs. Troy Moore was winner of the high score award and Mrs. Knox Kinard was a special guest.

Others present were Mesdames Ridling, John T. Simms, Wayne Evans, J. E. Kirby, Lilburn Ray, and the hostess.

the bridegroom's sister, Miss A-line Chambliss, of Matador.

The couple left immediately for a short wedding trip and will later go to Abilene, where both will attend Hardin-Simmons University.

Mrs. Chambliss attended high school in Plainview and attended Wayland College for one year.

Mr. Chambliss is a graduate of Wayland College and will be a ministerial student at Hardin-Simmons this year.

## Bridge Club Resumes Parties After Vacation

After a vacation during the summer months the London Bridge Club has resumed regular meetings for the winter. Members were entertained at the home of Mrs. Frank Cogdell Thursday afternoon.

Mrs. Meade Halle played high for score award and Mrs. Sherman Morgan played second high.

Those present were Mesdames R. R. Willis, Ralph Roden, N. E. Milburn, Ernest Medkief, J. T. Gilbreath, Jr., J. M. Posey, Meade Halle, Sherman Morgan and the hostess.

## Games Party Is Given By Betty Dunlap

Betty Ann Dunlap was hostess to a group of classmates with a lawn party at the home of her parents, Mr. and Mrs. W. E. Dunlap, Friday night.

Outdoor games including ping pong, pool and other table games provided the entertainment on the lighted lawn. Contests were featured with a beauty contest climaxing the stunts when Nona Dean Rose won the title, "Miss Stake" and J. W. Merrill was named "Mr. Meaner."

Favors were vari-colored balloons. Refreshments were served to Margaret Barrett, Margaret Olson, Nona Dean Rose, Geraldine Kendall, Evelyn Walker, Billy Louise Cawthon, Louise Lance, Phyllis Jean Radovich, Nona Mills, Georgianne Miller, Robert Teeter, John Douglas Pitman, J. W. Merrill, Billy Dameron, David Neal Beavers, Thurman Williamson, George LeGrand, Bruce Beene and the hostess.

## Mrs. Wayland Is Shower Honoree

One of the prettiest of weekend parties was that given on Saturday afternoon at which Mrs. Alton Fraser was hostess to honor Mrs. Jack Wayland, Hereford resident who is moving away.

Shades of rose and purple predominated in flower decorations with asters and deep purple pansies providing the color accent. Prize wrappings and other accessories for the bridge games repeated those colors. A personal gift shower was a feature of the entertainment.

Mrs. John Sims was awarded the high score prize and the traveling prize went to Mrs. Oscar Easley.

Enjoying the party were Mesdames J. C. McCracken, C. C. Acker, H. K. Fox, W. M. Emmons, J. H. Pitman, C. C. Rockwell, J. A. Pitman, Jimmie Gilentine, Oscar Easley, S. P. Rosson, W. L. Davis, J. C. McCracken, Jimmie Gilentine, C. C. Rockwell, H. K. Fox, John T. Simms, Colby Conkright, Oscar Easley, W. M. Emmons, the honor guest and the hostess.

Beverly Fraser, who spent the summer here with her parents, Mr. and Mrs. Alton Fraser, returned from Dallas Sunday night and has enrolled in Hereford High School for the school term.

## Series Of Parties Are Given To Compliment Mrs. Wayland

Continuing the series of social affairs being given to compliment Mrs. Jack Wayland who is leaving soon to make her home in Odessa, Mrs. H. A. Close entertained with a bridge luncheon Friday at her home on "B" Street.

Centering the lace laid table, from which the luncheon was served, was a large bowl of pink roses. Small tables for four were laid in white and appointed in crystal and silver. Late summer flowers provided colorful decorations throughout the house.

After the luncheon, contract games were played with high score award and the traveling prize going to Mrs. J. C. McCracken. A guest prize was presented to the honoree.

Attending the luncheon were Mesdames Knox Kinard, A. R. Bateman, J. A. Pitman, S. P. Rosson, C. C. Acker, Alton Fraser, W. L. Davis, J. C. McCracken, Jimmie Gilentine, C. C. Rockwell, H. K. Fox, John T. Simms, Colby Conkright, Oscar Easley, W. M. Emmons, the honor guest and the hostess.

Other parties and informal affairs are being planned for Mrs. Wayland who, with her small son, will join Mr. Wayland in Odessa soon.

**UNUSUAL VISITOR**

He dropped into my office with a grin upon his face; He talked about the weather and the college football race; He asked about the family and he told the latest joke. But he never mentioned anyone who'd suddenly gone broke.

He talked of books and pictures and the play he's been to see; A clever quip his boy had made he passed along to me. He praised the suit of clothes I wore and asked me what it cost. But he never said a word about the money he had lost.

He was with me twenty minutes, chuckling gaily while he stayed O're the memory of some silly little blunder he had made; He reminded me that tulips must be planted in the fall, But calamity and tragedy he mentioned not at all.

I thought it rather curious when he had come and gone, He must have had some tales of woe, but he didn't pass them on. For now-a-days it seems to me that every man I meet Has something new in misery and moaning to repeat.

And so I write these lines for him who had his share of woe, But still could talk of things, and let his troubles go; I was happier for his visit, in this world that's sick with doubt. 'Twas good to meet a man who wasn't spreading gloom about.

*It Helped Save their lives*

Martha and Marie, twin daughters of Mr. and Mrs. Gore, were born prematurely at six months. They weighed only two pounds each! When taken from the hospital incubator... the doctor said they would die unless temperature of their room were kept at exact level prescribed. No drafts, no sudden blasts of heat... air must circulate evenly and be kept clean, fresh and healthful.

So a Ward Floor Furnace became automatic "nursemaid" in the Gore nursery. Its built-in Thermo-Control automatically regulated temperature. Its Cradle Circulator automatically circulated the air gently. Room air was kept clean, fresh and healthful, "just as the doctor ordered."

You can tell how well the Ward performed. When the twins were nine months old they weighed twenty pounds each!

Mr. and Mrs. Gore are enthusiastic for Wards. They are just one family out of thousands of satisfied users of Ward Furnaces who are enjoying the warmth and economy of Ward's "Controlled Winter Comfort."

## Five Hostesses Compliment Recent Bride With Miscellaneous Shower

Five hostesses complimented Mrs. Vondyl Houser, who was Miss Ruth Harding before her recent marriage. Thursday evening when they entertained with a miscellaneous shower at the home of Mrs. Elmer Patterson. Hostesses included Mrs. J. B. Noland, Mrs. Wayne Featherston of Clovis, N. M., Miss Bernadette Albracht, Miss Eva Greason and Mrs. Patterson.

Pink and white flowers carried out the bride's colors in decorations, and the refreshment table was centered with a mound of pink and white blossoms lighted with pink tapers in crystal. Mrs. Featherston presided at the punch bowl and Miss Greason was in charge of the white satin-covered guest book.

An informal program furnished entertainment with Mrs. H. H. Caraway presenting readings and Mrs. C. J. Mountz singing two numbers accompanied by Mrs. C. H. Dyer. Others entertaining with musical selections were Naomi Brumley and Bonnie Lou Cooper. Gifts were displayed attractively about the rooms.

Those present included Mesdames C. L. Whitehead, B. E. Brumley, R. R. Wills, Meade Halle, A. J. Schroeter, A. O. Thompson, J. H. Olson, W. C. Hromas, S. B. Walker, L. H. Lookingbill, C. H. Dyer, C. Harding, Jr., of Plainview, Misses Marjorie Alderson, Mary Lookingbill, Naomi Brumley, Bonnie Lou Cooper, Dorothy Jo Harding of Plainview, Edna Daughette, the honoree and the hostesses.

Many sent gifts who were unable to come.

## 4-H Girls Begin Fall Activities

The first fall meeting of the Simms 4-H Club was held at the school building last week. Norma Lee Hetzler, president, discussed the 4-H Club scrapbook and money-making projects were given consideration.

Projects for the coming year beginning in November were voted upon.

Members present included Norma Lee Hetzler, Frances Lemke, Alpha Phillips, Imogene McIntosh, Betty Jo Thuet, Billy Jo Maynard, Anna Kate Fortenberry, Patsy Hammond, Norien Jacobsen, and two new members, Maxine Sloan and Ella Jo Slaton. The next meeting will be held at the school building September 16.

## Pioneer Study Club Opens 1941-42 Year With Luncheon

The opening program for the Pioneer Study Club was held at a luncheon given Tuesday at the Herring Hotel in Amarillo.

In keeping with the club's colors, purple and white, the flowers used to decorate the tables accented those colors. Place cards were small purple and white booklets with a picture of "Boys Ranch" on the outside. The program was built around "Boys Ranch" in Amarillo, and the guest speaker was Alton

Weeks, manager. He told the story of the ranch, its organization, management and objectives. The club's course of study this year deals with "The American Home" and the speaker discussed the "Boys Ranch" from that angle, pointing out that the ranch gave boys with no homes a next-best substitute. Gifts for the ranch were presented to Mr. Weeks by the club members.

Group singing of "Texas, Our Texas" opened the program and the concluding song was "Home on the Range," led by Mrs. O. G. Hill.

Mrs. Noah Ewton, president, presided at the luncheon, and Mrs. Marvin Norwood introduced the speaker.

Those attending were Mesdames A. G. Bell, J. E. Beyer, H. A. Close, Noah Ewton, Carl Fry, N. E. Gass, J. M. Gilliland, John Hickman, O. G. Hill, Sam Hunter, F. M. Kester, Marvin Norwood, Wirt Phillips, H. D. Reed, F. L. Terrell, Al Werner and Jim White. Mrs. Murrel Hughey of Amarillo was a guest.

## Twelve Year Old Girl Presents Music Students

Twelve year old Bonnie Lou Cooper presented five little pupils in a music recital at the home of her parents, Minister and Mrs. H. P. Cooper, Friday evening.

Bonnie Lou herself a music student, has been teaching the children the first steps in music during the summer months and the recital culminated the three months study. It was not only Bonnie Lou's first program but was the first appearance for her pupils.

Pupils included Alma Gray Knox, Geraldine Patterson, H. P. Cooper, Reuben Knox and Edna Marie Harris.

Guests were parents and relatives and friends of the youngsters.

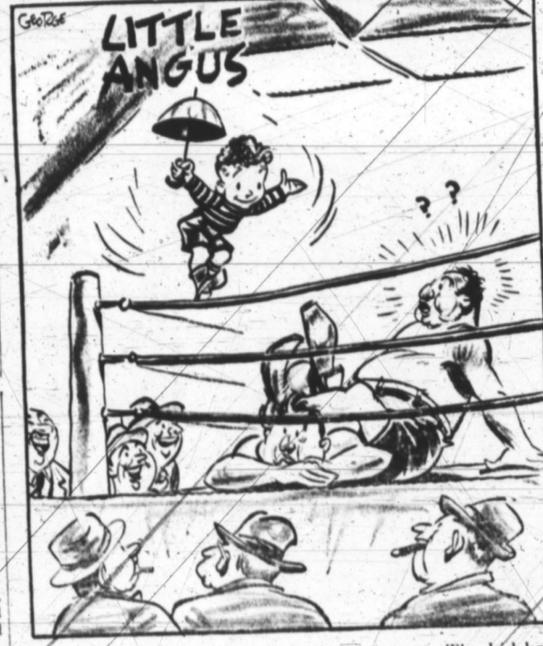

## Program Opens Lone Star Study Club Activities

A program on "Latin America" at the home of Mrs. R. G. Blue Tuesday afternoon opened the 1941-42 year for the Lone Star Study Club. Mrs. Leo Forrest was co-hostess.

Having parts on the program were Mrs. Owen Stagner and Mrs. Ellis Coombes. Mrs. Stagner gave a preview of the coming year's study of Latin America as outlined in year books. She answered the question "Why do we study about Latin America?" and gave interesting comments on the scheduled programs for the year.

Mrs. Coombes played "Spanish Intermezzo" by John Francis Cook and "La Paloma." New year books were distributed and the next meeting was announced for Sept. 23 at the home of Mrs. Joe Kendall. Members present were Mesdames Ellis Coombes, Roger Corbett, O. L. Click, Leo Forrest, Jack Grady, H. E. Henslee, Louise LeGrand, Nelson McRight, Jerry Morrow, G. W. BY MRS. MERLIN KAUL

Over a hundred persons were present at the chicken and steak fry which was held at the school house last Tuesday night. Orville Houser was "official" chef and revealed his skill at cookery, over two large pots where he fried the meats. Served with the chicken and steak were bread, pickles, tomatoes, potato chips, pie, coffee and iced tea. Everyone enjoyed the evening immensely and several have hinted that it should be an annual event.

## Students Sentenced To Nine Months' Term

## Advice Always Helps; Take Advantage Of It

High School student: What suggestions can you give me in order that I may better prepare myself in high school for college?

College student: First I would say, be sure that you appreciate your teachers. They are one of the most important factors in your training for they try, at least, to make you ready for college life. A proper understanding of your teachers here will help you to understand better your teachers in college.

If you choose a large school, then the fact that you can get along with your high school teachers will help to bring about a closer relationship with your teachers in college, even though there may be many of them.

You will certainly miss your many friends after you are out of high school, and even though you intend to make new ones, those friends of grammar and high school days will never forget, since those friendships were made during the more formative years of your life. They are the ones more likely to be loyal longest, so choose carefully your friends, and then be a good friend yourself.

A well-worn statement, but still true, is this: "Utilize your time to the best advantage." Although you may not believe it, you will find that in college you seem to have even less time than you did in high school. The days just aren't long enough to do all the things you want to. Begin now using your time wisely—that is, whenever you have a minute to spare, find something that should and can be done in that period which you might otherwise waste. In this way, you can do many more things than you would have thought possible.

The last suggestion I can give you is on studying. In college, you will find much harder assignments and much more work to be done. Therefore, work out a program of study now which you can follow so as to get your lessons up in the best manner and the quickest time. Above all, do not put off preparing a lesson which can be done right away. Do not wait until the last minute to write that term theme. I believe that is the worst habit you could possibly fall in-

How could it have happened? It just slipped up on us, and it was as sneaky, snaky as usual about it, too. It's been hiding behind bushes and around corners for three months, and then all of a sudden—it just popped right out at us.

I was having the most fun just loafing around the other day, when I chanced to look up and saw it staring men in the face. It was just leering at me. I'm talking about "Old Man September" and his granddaughter, "School."

We get up on the first day, jump out of bed, and pull on one shoe while we are trying to figure out why we are getting up so early. We suddenly remember! "I knew something was wrong!" So we crawl back into bed until someone pulls us out again and sends us up the street toward the detention hall to start serving our nine months' term. Our heads say we ought to go, but our feet are reluctant to carry us there. On getting just inside the door as the 8:40 bell rings, we rush to our lockers and grab something. (We hope it is the right thing, but in English class, we discover that it is our geometry book.)

The first thing right off the bat, we get called to assembly. There we get a little pep-talk and some instructions. (I think they were about the stairs or something.) Then we go to English class where we get another speech (or was it the same one?) and some more instructions.

Next, the science, shorthand, history, Home Ec. teachers, etc. take a shot at us. By the time the morning classes are over, we have resolved to win the Senior Scholarship, to be valedictorian, to get our name on the honor plaque in the office, and to graduate with honors.

We rush home at noon to tell our mothers about our resolutions. When we get back to school, we take every book out of our lockers and go to the study hall. There we open our books, take our fountain pens, settle ourselves comfortably, and look around at the other students nodding over their books just before we drop off to sleep.

to. Try to do all things well, and I am sure that you will have a successful college career.

Important factors in the storage of many vegetables are control of light, temperature, ventilation and moisture.

## Presenting New H. H. S. Teachers

We are very happy to welcome to our faculty, three new members. They are Mr. C. T. Reeve, Mr. W. W. Anderson and Coach Logan Ware.

**MR. W. W. ANDERSON**  
William Welton Anderson, that is the name of the new teacher of the advanced history and civics classes. His home address is Nocona, Texas, and he has formerly taught at Prairie Valley. Mr. Anderson obtained his schooling from North Texas State Teachers College at Denton. He is working on his M. A. degree.

One notices that his eyes are blue and he has brown hair. His hobbies are photography and chemistry. Oh, yes, there is a Mrs. Anderson; her name is Thurma. Mr. Anderson says that he likes friendly people. Probably his most profound dislike is silly picture shows, and his pet peeve is lazy students. (You students take notice of that.) History is his favorite subject.

When asked how he liked Hereford, Mr. Anderson replied, "Fine, and I like the people much better."

**MR. C. T. REEVE**  
Another new teacher in high school is Mr. Reeve, who came from Tulla last year and taught in Central School here. He was engaged in teaching science at Tulla and also teaches it here. Mr. Reeve said that he felt more at home in high school since he had always taught in high school until last year. He thinks high school students learn faster and move along faster than grade school students.

His hobby is photography, or would be if he could ever get enough money ahead. When asked what he thought of Hereford students and what he thought was the most outstanding thing about them, he replied, "The school is much better organized than I expected and every thing runs very smoothly. There need not be any discipline problems in class because the students seem to know what is expected of them and do it. They also respect each other's rights as much as their own."

Mr. Reeve received his degree from West Texas State Teachers College. When asked what his pet likes and dislikes are, he said, "I like pumpkin pie with whipped cream on it, and I don't like kiddoes that talk back to people who have more authority than themselves." Mr. Reeve has just been elected as sophomore sponsor.

**MR. LOGAN WARE**  
Coach and one of our new teachers is Logan Ware. Mr. Ware attended Bartlett High School, Bartlett, Texas, where there were 150 enrolled. After finishing high school, he went to college at Texas Christian University. While in college he played football for three years; during his freshman year he played baseball and basketball. He lettered all three years he played in college and was elected co-captain his senior year. On January 1, 1939 he played on a team in the Sugar Bowl which is in New Orleans.

When asked how he likes our school, he said, "I like it fine. I admire the spirit of the school. The boys this year are smaller than the ones last year but they seem to have more hustle and fire."

His favorite subjects are biology and history. Coach's hobby is football and any other outdoor sport like hunting and fishing. His favorite food is chicken and his favorite colors are, he says, "Right now they're maroon and white."

## Classes Really Get Down To Business

Wednesday, September 3, 1941, found the classes gathering for their first meeting this year. The first item to be taken care of was the choosing of class sponsors. The freshmen, with Mr. Hudson presiding, chose Miss McCaslin and Mr. Stanton. The sophomores, with much regret, lost one of their sponsors from last year, Mr. Best. They were lucky, however, in replacing him with Mr. Reeves. Miss Pratt will resume her position of last year. The Junior Class also lost one of its sponsors, Mr. Willoughby; he is to be replaced by Mr. Ware. Miss Foster will continue as co-sponsor. The seniors were indeed fortunate in keeping their sponsors, Miss Ramey and Mr. Emmons.

The item of business was the election of candidates for football queens. Rachel Ireland was nominated by the Seniors. The sophomores, after much discussion, chose a favorite among them all, Mary Ruth Russell. The Juniors selected, from their many pretty girls, Lee Etta Hopson. The freshmen showed their intelligence and good taste when they elected pretty little Marcella Blue for their football queen. The class who sells the most football tickets will proudly say that their queen is the "Football Queen of 1941." So may the best class win!

## ALMA MATER

There are some teachers and students (old and new) who are not acquainted with our school song. We have many occasions for using it; but in some instances, we sing it as if it were entirely foreign to us. Let's learn our song and really enjoy singing it.

"Hail, Hereford High School,  
Hats off to you;  
Ever you'll find us  
Loyal and true.  
Firm and undaunted  
Always we'll be.  
Hail to the school we love,  
Here's a toast to thee!"

## Pep Club Girls Consider New Uniforms

How do you like the present Pep Club uniforms?

The club is considering changing the uniforms of maroon slacks and white satin blouses to slacks and white sweaters. The sweaters would be warmer, easier to care for and look much more appropriate at a football game. Plans have not yet been completed for purchase of these sweaters, but so far all plans have met with the whole-hearted approval of the club.

The Pep Squad has started football stunt rehearsals for this year and the members are meeting on Monday, Wednesday and Friday to practice with the band. Only members who attend Pep Club practices are eligible to attend the banquet.

Several new members are in the club this year. The annual initiation will take place soon and further information on this event will be given later.

Naomi—My idea of a good husband is a man who can raise the dough in the hour of knead.

George L.—I'm a near neighbor of yours, Miss. I live just across the river.  
Nona Dean—I hope you drop in sometime.

## GIRLS TO ASSIST IN OFFICES

Girl students assist the superintendent and the principal in their offices during the day. In Mr. King's office are Evelyn Walker, Mary Ann Acker, Mary Ellen Henslee, and Rena Rae Renfro. Hobina Culppepper, Juanita Morris, Margaret Olson, and Mary Ellen Henslee assist Mr. Hudson.

## Tri-Hi-Y Club Sponsors Courtesy Contest

The Tri-Hi-Y Club will again sponsor a Courtesy Contest which will close at the end of the second semester. Honorable mention will be given to the most outstanding courteous students each six weeks. All high school students are automatically contestants. At the close of the contest, a prize will be given the most courteous boy and girl. Judges will be chosen from the faculty and student body.

For their first meeting, the Tri-Hi-Y had a devotional. Inspirational talks were given by Rena Rae Renfro and Miss Crawford.

This year's officers are: Lilye London, president; Arline Millard, vice-president; Betty Kendall, recording secretary; Rachel Ireland, corresponding secretary; Lois Agnes Glibreath, reporter; Mary Ellen Henslee, treasurer; Nona Dean Rose, historian; Rena Rae Renfro, program chairman; and Nadyne Newell, song leader.

The old members present were: Katherine Acker, Dorothy Banner, Margaret Barrett, Polly Dixon, Betty Dunlap, Lois Agnes Glibreath, Ruth Temple Hastings, Mary Ellen Henslee, Rachel Ireland, Betty Jo Kendall, Geraldine Kendall, Louise Lance, Mattie Lawhon, Lilye London, Mary Lookingbill, Arline Millard, Georgianne Miller, Nadyne Newell, Margaret Olson, Helen Plummer, Rena Rae Renfro, and Nona Dean Rose. The new members present were Helen Acker, Carlie Rae Frye, Norma Ruth Harman, Rosemary Phillips, Marian Plummer, Phyllis Radovich, Seletta Robinson, Mary Ruth Russell, Christine Smith, and Juanita Wiseman.

## F. H. T. Entertains "Little Sisters"

"Once upon a time I was a freshman in Hereford High School and I was frightened and bewildered just like the freshmen of 1941-1942 are. How I longed for someone to ease my feeling and make me feel at home."

The freshman girls this year had a chance to get acquainted, for the F. H. T. had a "Little Sisters" reception Wednesday night at seven o'clock in the high school. The purpose of the meeting was to help the new girls feel at home and also to interest them in the work of the F. H. T.

The officers of the F. H. T. this year are: president, Billie

## Debate Club Holds First Meeting of Year

The Debate Club started out with enthusiasm last Wednesday afternoon at its first meeting of the year which was held in room 23 and was presided over by last year's president, F. L. Lucas.

The first business attended to was that of electing the following officers: president—Richard Petersen, vice-president—Leo Rudd, secretary-treasurer—Margaret Olson, and reporter—Mondelgen Miles.

Two new members have joined the club this year. They are Eljor Biggs and Leo Rudd. This makes a total of three boys and three girls. We hope that they will find the work profitable and enjoyable throughout the year. The club needs more new members, and it will welcome any student wishing to join.

The question for this year is: "The question for this year is: Should the Polley of Equalizing Educational Opportunity Throughout the Nation by Means of Annual Grants to the Several States for Public Elementary and Secondary Education."

After a general discussion of plans for the year and talks by Miss Crawford and F. L. Lucas, the club was adjourned to meet again next Wednesday afternoon in the same place.

## Selective Service

Caught in the draft? It looks like a Draft Board needs to be created in order to choose who will be drum major of the band this year. There are several students who are trying out for drum major and twirling, also. Mr. Smith says he will select them in about three or four weeks after they have all had a turn in leading the band. He is to choose the drum major according to smoothness in leading the band and giving signals.

Those trying for drum major are: Barbara Ann LeGrande, Norma Harmon, Ruth Temple are: Barbara Ann LeGrand, Hastings, Jeane Williams and Mona Jean Luttrell. Those trying for twirlers are: Fern Pittman, Louise Lance, and Mona Jean Luttrell.

Present ceiling prices of 43 cents a pound have been placed on cotton print cloth by the Office of Price Administration and Civilian supply.

## Heard In The Halls

During the first week of school, many students have been heard to say:

Fern Pittman—"I just can't get my history."

Betty Sue Morton—"I wish this was the end instead of the beginning of school."

Mattie Lawhon—"I surely miss last year's seniors hanging around the building."

Sammy Lisembe—"High School is fine so far as I'm concerned." Virginia Curtsinger—"I've been walking to school so much that my feet hurt; I may have to come barefooted."

Betty Jane Robinson—"School isn't any fun yet because we haven't got used to high school."

Dora Mae Hagans—"Since school began, I have missed about 6 (?) meals a day."

Betty Ann Dunlap—"Oh, I take my daily nap in the 6th period study hall."

Clifford Vaughn—"Ruth Temple is a doll, anyway."

Wanda Lee Lloyd—"I'm very fond of Miss Pratt."

Geraldine Kendall—"I'm already tired of school."

Nadyne Newell—"I'm going to ask Miss Ramey how to make those little curves in shorthand."

Barbara Higgins—"Punk!"  
Robina Culppepper—"No, I'm going to study."

Barbara Robertson—"I'm so happy, oh!"  
Everybody—"Aren't the freshmen little this year?"

## How Do Bank Checks Provide Safety?

Checks provide safety in at least two ways: (1) They eliminate the need of carrying cash, and (2) they furnish valid receipts in the form of cancelled vouchers which prove that payment has been made to the designated person. Both of these features are entirely automatic, yet the amount of money they have saved for people with checking accounts, if possible to calculate, would be enormous.

## BULL

By Jimmie Gillentine

C. A. Wimberley is one of those fellows you are always reading about in the papers. He has in 50 acres of soy beans, which look like they will make a bumper yield, and the price of Soy Beans is jumping like a kangaroo.

Bob Wilson was out looking over the crop last Sunday and he says it's really something. Mr. Wimberley counted the beans on two stalks; one turned out 208 and the other 238 to the stalk. Wednesday the price of soy beans was \$1.95 a bushel and they may even go higher. The crop is 10 miles south of town on the Dimmitt highway. He guesses he will thresh in around 30 days, but says he doesn't know too much about soy beans. He is just hoping at the present time. With the wide-spread use of plastics as a substitute for metals, it is plausible that soy bean prices may be very, very good for the next few years. Rumor has it that they are even planning on making automobile bodies out of soy beans.

Wiley Roberson is reported with one of the most unusual corn crops ever seen in this section. They say his corn is 12 feet high.

Sometimes when you get to thinking about the younger generation, you wonder what things are coming to. People have done this down through the years—yet every generation has seen progress, improvement and added conveniences. That's people. Varian J. Fuller had a good secure job at Odessa with a big lumber company. He knew the business, but a few weeks ago he wrote Grant that he was leaving for California. He did too, going to California without any prospects. Today he is a junior clerk in the Lockheed Airplane factory and will be transferred into the drafting department in a few weeks. He knew what he wanted, so he went after it—and got it. That's American Youth in our land of opportunity.

Speaking of opportunity, here's a good chance to plug for the Brand want ads. M. M. Beavers is a super-satisfied customer. Twice in the past year he has been in the office to list his apartment for rent. Each time he has had amazing results. He not only rented the apartment, but both times it has been rented before the paper went to press. He says it's super colossal.

Dave Alexander tells a story about jury service and since a lot of folks have been doing jury work, it might be appropriate.

A certain fellow Dave knew got on a jury, and they could not agree. The 12 men were on duty for three days and three nights and never did reach a decision. Finally the judge decided it was impossible and dismissed the case.

As soon as the jury was turned loose 11 of the men stalked off and left Dave's friend standing there by the judge.

The fellow turned to the judge and said, "Your Honor, there goes the 11 contrary men in the United States."

Studies made at a state University reveal that only 37 percent of pre-school children in many rural areas of the country have ever had a health examination.

Beans of the rattle-bush, a leguminous shrub which grows in some parts of Texas, may have value for repelling rodents, according to scientists.

The quantity of wool shorn and to be shorn in the United States in 1941 is estimated at the all-time high of 339,941,000 pounds, or three per cent larger than the previous high of 1940.

Farm employment on August 1 was lowest for that month since the U. S. Department of Agriculture began making estimates in 1935.

The seasonal decline in milk production between July and August was about 10 per cent, the smallest percentage decline ever reported at that season, says the Agricultural Marketing Service.

for more than 50 per cent of fruit stored and that English peas are about 40 per cent of the vegetables frozen. Strawberries are now in season here and English peas will be plentiful in fall gardens in the county, says Miss Oliver, who adds that quick freezing is becoming more and more popular as a method of food preservation.

Other fruits and vegetables which are recommended for frozen storage are apricots, cherries, berries, peaches, pineapple, plums, asparagus, lima beans, snap beans, yellow sweet corn, sweet peppers and all sorts of greens.

Lee Hopson, manager of the Hereford Locker and Cold Storage asks interested persons to come in and learn the advantages of quick freezing for food storage.

firmly good size and are excellent for preserving. Mrs. Cox reports.

New attendant at Emmett Milburn's service station is Junior Woolery.

The strenuous life is all-right in its place, but the place should be far removed, according to Johnny Sims, who claims that weed chopping, soft ball and dancing are entirely too much for one day.

Onias Carroll (of the Firemen) and Roger Baumann (Sincclair) have an argument as to whether a certain dance will be a funeral or a victory celebration.

nearly every type of grass ever recommended for this territory and she is now setting out Buffalo sod, which she reports is far superior to other varieties. The Carl Wimberleys at Dawn have an excellent stand of Buffalo on their lawn; and among many others who are using the grass are the G. E. Thieles and Ira Otts at Wyche, Mrs. Al Wer-

Main advantage of Buffalo grass is its ability to withstand prolonged dry spells better than bermuda, St. Augustine or other lawn grasses; the ease with which it is controlled by cultivation when it spreads to gardens and fields; and the fact it grows closer to the ground than other grasses and thus requires less mowing.

Buffalo grass can be started from seed, but that is expensive and slow, and experts suggest that the better method is to plant pieces of the sod about three inches square with a depth of about five inches. It is necessary to cover the roots but avoid smothering it by covering the leaves and stems with soil. Placed two or three feet apart, these plantings will make a complete sod in one good growing season.
