Sights and Faces Seen

"We don't make a practice of taking back merchandise after it has been in use for 43 years," says Matt Gilliland, but adds that he was happy to make an exception to the rule last week when he was looking over some office furniture offered for sale by Judge Jno. P. Slaton and came across a wicker waste basket of old fashioned design. Judge Slaton had records to show that the waste basket was given to him by E. B. Black back in 1902—and he made a gift of the waste basket to Matt, who said that he plans to exhibit it down at the Black Furniture store.

The ways of the Navy are mysterious—not to say a little screwy, according to Darrell Blanton who is back in Hereford after reporting last week to the West Coast an oblong ordered to report to New Orleans on November 2. Anyway, it gave Darre two visits home where he might otherwise have had just one, for he got a brief stop-over here last week while enroute from Jacksonville, Fla., to the West Coast—and now another visit as a result of the latest transfer.

There seems to be some argument as to whether the freeze which came this week was earlier—or later—than the usual date for a killing frost. In fact, there was even some disagreement about the thermometer reading, the city weather office reporting a low of 28 degrees and the West Texas Gas Company (Continued on Back Page)

War Fund Lags As Only Six Days Remain

With just six days remaining in the National War Fund Drive, Deaf Smith County has subscribed only \$1,400 of a \$3,600 quota, Urlin Streu, chairman, announced this week.

Only a small percentage of local citizens have made any contribution to the drive, according to the report, and only a last minute upswing in donations can write a successful conclusion to the drive, money from which goes to support USO and other services for our own armed forces and to finance relief in war-devastated countries.

"The war is not over for hundreds of thousands of servicemen still overseas," Streu points out, "and the failure of this county to reach its quota will dim the fine record we have made in other drives during the war."

"We still have a responsibility to our men in uniform," he continues, "and every effort is being made to reach our War Fund quota; but the job can only be done with the full cooperation of the entire community."

If you have not yet made your War Fund donation, mail or bring in your check today to War Fund headquarters at Streu Hardware.

Welcome Programs Planned; All Civic Groups Urged Send Representatives to Monday Meeting

Tentative plans for two welcome programs for returning servicemen were outlined Monday night when representatives of a number of local clubs met at the court house in response to public demand for some "welcome home" gesture to service personnel from Hereford and surrounding communities.

The representatives present formed an organization and Herman Ford, local insurance man, was selected president with Mrs. A. L. Manjot as secretary and Bob Wilson as treasurer. Present plans call for two

Hereford School To Publish First Annual Since '26

For the first time in 19 years, the Hereford school plans to publish an annual, it was announced today by Supt. Chester O. Strickland, who said that the Senior Class will be the sponsoring group.

Staff members selected include Helen Ann Pitman, editor; Wendal Roberson, business manager; Dorothy Rhodes and Betty Smith, art editors; J. B. Sowell, sports editor, and Don Bookout and Ralph Fullwood, snapshot editors. The faculty sponsor, Mrs. A. V. Isbell, has had experience as editor of her college annual.

Advance indications are that at least 300 students will purchase an annual and in addition some sales will probably be made in the town, Mr. Strickland said, adding that selection of an "annual queen" is at present holding the interest of the student body. A full page picture of the Queen will be a feature of the annual.

The school is urging public support of the project, pointing out that publication of an annual is valuable in the development of the community.

First Chorus Meeting Slated For Monday P. M.

A committee has been appointed to arrange the Pre-Christmas Concert planned as a welcome to Hereford's returning servicemen, Miss Mattie Mae Swisher announced this week, stating that the first rehearsal for the concert will be held Monday night, Oct. 29, at 7:30 o'clock at the Methodist Church.

Miss Swisher urges that all singers attend the meeting Monday night, when a vote will be taken on the future meeting dates for the chorus. She especially invites newcomers, servicemen and their wives to attend the meeting and take part in the chorus program.

The Christmas concert will feature a variety program of sacred music.

Stevie Slagle Gets Hurt Riding Horse

Stevie Slagle, five year old son of Mr. and Mrs. Sylvester Slagle, suffered a painful accident last week when the horse he was riding ran too close to a pick-up and a sharp projection cut a long gash in his right leg. He was taken to the doctor immediately and now he is eyeing those 20 stitches with disdain because Stevie is a pretty good rider, even though he is only five years old, and too many people are asking him if he thinks his mother will ever let him ride again.

Stating that a higher tax rate was made mandatory by increased interest and principal payments on the city's bonded indebtedness as well as by the natural increase of ordinary operating expenses, Mayor E. S. Ireland this week gave a statement on the city's financial condition in response to many questions concerning the higher tax rate imposed by the city.

"We have maturing during the year, \$9,000 of the outstanding bonds—\$2,500 more than the maturities in 1944," Mr. Ireland said, adding, "We must also provide for the payment of \$2,000 principal and \$780 interest on the \$40,000 bond issue voted this year, all of which adds up to an increase of \$5,280 over required payments in 1944. To meet this increase alone would require a levy of 22 cents on the \$100 of our total valuation of \$2,503,390."

The 1944 tax rate of \$1.10 was raised to \$1.30, which the mayor explains is actually not sufficient to cover the increased expenditures, even though the city should make 100 per cent collections, which has never been the case in the past. Increase in total valuations this year amount to \$302,580, an increase brought about in part by new construction, new businesses and a raise in some valuations. But despite a higher tax rate and the increase in valuations it will still be necessary to draw heavily on the surplus which the mayor explains has been accumulated largely through the collection of delinquent taxes during the prosperous war years.

Although the city has been able to operate without raising taxes during the past few years, even though prices in every line have been rising, a raise in taxes was absolutely necessary this year, Mr. Ireland declared. (Continued on Page 12)

Car of Phosphate Arrives in Hereford

A carload of super phosphate has arrived in Hereford, F. G. Collier of the AAA office announced today, urging that farmers who have made application and others who desire part of the shipment come by and make arrangements for delivery.

The fertilizer is for use on legumes and permanent pasture land and is sold as part of a conservation program.

County Federation Meets Tomorrow

Members of the County Federation of Women's Clubs were reminded again this week of the luncheon meeting scheduled to be held tomorrow at the Christian Church.

Hostess clubs are the Pioneer, Lone Star, and Dawn Study clubs, the Farm and Ranch and the Westway Home Demonstration Club.

Mrs. P. H. Gilliland is program chairman and Chester Strickland, superintendent of the Hereford Public Schools, will deliver the main address.

Whitefaces to Meet Dumas in Conference Try

Back in conference play this week, the Whitefaces go to Dumas Friday night for their third game in District 1-A competition and what promises to be a decidedly different game from last week's hard-fought battle with Littlefield.

Dumas, starting the season slow, has picked up speed and last week-end defeated the Dalhart Wolves 27 to 14. The Whitefaces trounced Dalhart 60 to 0, but despite the past record are looking forward to some competition from the Demons.

The local gridsters are in fairly good shape, Coach H. V. Stanton reports; though left tackle Oakes is nursing some bad bruises and Center John Dyer has an injured hand. However, both of these boys may be able to get into the lineup Friday night, and the rest of the team will probably be ready to go.

The Whiteface season from here on out is strictly conference (Continued on Page 12)

Rev. S. E. Eldridge of the Assembly of God Church officiated at the funeral rites.

St. Anthony's Begins Third Year Of Holy Hour

Beginning the third year of its observance of the Weekly Holy Hour, St. Anthony's Church announces a special commemoration sermon by Fr. James for the service tonight.

Each Thursday evening for the past two years, parishioners and other members of the community have participated in the Holy Hour devotions. Prayers during this time have been for victory and for the spiritual and temporal welfare of the men and women in the service. Since Victory, the congregation has and will continue to pray for a just and lasting peace.

Services for the third year of the Holy Hour will continue as in the past with the schedule including public and private prayer before the Blessed Sacrament, followed by meditation, congregational singing, singing by the choir, a sermon by one of the priests, the novena service and the closing of the service with the Benediction of the Most Blessed Sacrament.

The various organizations of St. Anthony's Church—St. Anthony's Guild, the Knights of Columbus, the Sodality of Mary and the Sodality of Christian Mothers—will take part in the special service for tonight.

Wind Erosion Board Reports on Conservation

Soil Conservation work in the Deaf Smith County Wind Erosion Conservation District is progressing nicely, according to Mal Stewart, chairman of the board of supervisors. The majority of the work for the past two months has been connected with helping farmers get contour lines run on land, and in making topographic maps on irrigated farms for the purpose of establishing improved irrigation systems.

There is no charge for this work which is done by technicians of the Soil Conservation Service which cooperates with the District.

"The District has recently secured a new Eversman Land Leveler," said Stewart, "which is available to farmers on a rental basis for use on irrigated lands." Mr. Stewart also states that the Deaf Smith County Wind Erosion District has recently closed a deal to purchase a new RD-7 Caterpillar tractor for use in heavy construction work.

The board of Supervisors of the District, which includes Stewart, Phillip Miller, Bert Kinsey, Wiley Roberson and Ira Ott, met on Monday and transacted routine business. This was the first meeting of the board since the employment of Henry M. Pevehouse, formerly of Amarillo, but recently of Melrose, N. M., as the new work unit conservationist for the Deaf Smith County District. The Board welcomed the new man and expressed satisfaction with the work being done.

'46 Ford on Display At Hereford Motor Co. Starting Friday

The new 1946 Ford will go on display tomorrow, Oct. 26, at the showrooms of the Hereford Motor Company, Dudley Green and Archie Scott, owners, announced this week.

The Ford will be the first new model to make its appearance here and the new cars will feature more streamlined body lines, a new style radiator grill and other improvements in the chassis as well as changes and improvements in the motor.

The public is invited to stop by the Hereford Motor Company show rooms and examine the new Ford.

The Victory Loan drive in Deaf Smith County will get underway Monday, Oct. 29, when the campaign to reach a \$250,000 quota will start. Of the total quota, \$150,000 is in "E" Bonds, according to T. E. Seigler, Jr., Victory Loan chairman, who today announced the appointment of committees who will carry on volunteer work for the bond sale campaign in this county.

With the campaign slogan "They finished their job—let's finish ours," the American people are being asked to buy a total of 11 billion dollar's worth of bonds in the coming drive, which will continue through Dec. 8. And according to advance reports, Treasury officials believe that the people will exercise the same good judgment which they showed during the war and carry out their responsibilities in the drive ahead.

Briefly, the money is needed for five main purposes—(1) To care for the wounded and finance the rehabilitation of veterans, (2) Cancellation and termination of war contracts, (3) To combat inflation at a time when the danger is even greater than it was during the war, (4) To help pay the big expenses of bringing the men home, and (5) To maintain armies of occupation.

Volunteer workers who will handle the drive in this community are:

NON RESIDENT COMMITTEE: Robert Thompson, A. O. Thompson, Fred Baird.

Proceeds from the sale will be used to buy playground equipment and new stores for the Westway School.

Because of an early killing frost which struck Hereford and vicinity Sunday night, plans for the annual Garden Club flower show were shattered in one quick blow; and Mrs. W. S. Flutt, chairman of the show, has announced that, regrettable as it is to the Garden Club, the flower show scheduled for Friday, Oct. 26, has been called off.

Elaborate plans had been made for the show and no end of work has been done by the various committees in preparation for the event which this year carried with it the special purpose of paying a concrete tribute to all service personnel. And while some few flower gardens were protected enough to preserve the flowers, not enough remained for a showing which would uphold the quality heretofore maintained in previous flower shows sponsored by the club.

Plans, however, to honor the service men and women will still be carried out. On Saturday, which is Navy Day, a tea table will be arranged by the flower show committee at the USO. A peace theme will be emphasized in the arrangement of flowers and other decorations for the table.

The committee will also have charge of table decorations at the Deaf Smith County Federation of Women's Clubs luncheon held at the First Christian Church tomorrow.

F. W. post here will be taken. Ollie W. Smith of Levelland, district organizer for the V. F. W., is in Hereford today and states that a local man will be chosen as finance officer to serve until the post is organized, and urges that prospective V. F. W. members attend the meeting and learn more of the program of the veterans group.

Any man who served overseas or on the seas during either World Wars I or II is eligible for membership, Smith states.

Tire Thieves Make Haul Monday Night

Taking one tire each from six different cars, thieves made a good haul in Hereford Monday night, leaving no trace as to their identity.

The cars were taken from locations all over town, Sheriff J. O. Newell reports, adding that they were jacked up and the one wheel and tire removed from each machine.

Wheels have been found in the ditch near the city dump ground, east of Hereford, and near the Joe Stagner place, west of town, Sheriff Newell said, but no trace of the tires has been found.

LaPlata Club Studies Youth Problems

LaPlata Club met for a program at the home of Mrs. Gaylord Newell Tuesday evening October 16.

Mrs. James Aiken was in charge of the lesson on Juvenile Delinquency. She discussed an article taken from the Saturday Evening Post dealing with Juvenile Delinquency in Phoenix, Ariz., in which the author named the parents as responsible. Mrs. Aiken also discussed the juvenile delinquency situation as concerning teen-age girls.

During the business session Mrs. Palmer Norton was welcomed as a new member.

Those present for the meeting were Mesdames James Aiken, Duce Blvins, Clyde Cave, Wayne Evans, Meade Halle, Debs Knox, A. J. Schroeter, W. J. Wilson, Palmer Norton, Weldon Poff, Misses Marjorie Alderson, Genevieve Eberle, Pauline Hancock and the hostess.

"Poets of the People" Form Bay View Lesson

With the program theme "Poets of the People" as a basis for topics for discussions, Robert Tristram Coffin and Robert Frost and their works and achievements were given consideration at the meeting of the Bay View Club held Thursday afternoon at the home of Mrs. Herman Ford.

Mrs. Howard Gault, leader, began consideration of Coffin by describing him as a human-interest poet. The spirit of the common people, the study of man and nature as brought out in the poet's works formed the theme of the discourse. Mrs. Gault described Coffin as a well-balanced man with clear vision and gave excerpts from several of his poems by way of illustration. She also gave the poet's own version of how and why he has written his poetry.

Mrs. Colby Conkright told of Robert Frost and how he won the reputation of a great poet, covering almost every subject during his long life. She said his scientific viewpoint and definite philosophy aimed at the same thing—improvement and advancement of the human race and that his lack of patience with abstractions was shown clearly in his latest book "Mask of Reason."

In reviewing the lengthy poem Mrs. Conkright said the book of Job provided the background for the poem, dealing for the most part with the 43rd chapter of the book, and bringing the dramatic story of Job up to today with its problems and questions which are upsetting the world.

Members attending the meeting were Mesdames Bob Wilson, J. W. Spradley, J. P. Slaton, F. T. Roloson, G. A. F. Parker, C. F. Moore, D. H. Alexander, C. R. Barber, Phillip Barkley, Lee Benefield, Henry Benson, M. L. Boyd, Essie Cardwell, Colby Conkright, H. G. Conkright, T. M. Dameron, Howard Gault, E. W. Harrison, George Heard, A. M. "Bill Smith, come see the NEW QUALITY OF LIVING the Wilsons enjoy!"

Heat-wired—that's what we Smiths were, last summer! So, when Lis Wilson said they were cool and comfortable, because their house had a NEW QUALITY OF LIVING, I simply had to drag Bill over to see...

Cool as a mountain-top—their house was! What a relief! Why, in a few minutes my droopy husband was dancing a rumba! "What's the secret?" we begged. Jim Wilson grinned. "It's our Serval All-Year Gas Air Conditioner," he said.

"In winter, as well as summer, we all sleep better. Our All-Year Gas Air Conditioner heats and humidifies the air just right. The house is always quieter because we needn't open windows, nor let in street noises..."

"It's cleaner, healthier all year! Dust, soot and pollen are filtered out with our All-Year Gas Air Conditioner. This saves Lis cleaning time, and see how clean the furniture stays! No drafts, either. Air is circulated gently."

"This simple unit does it all!" beamed Jim. "It cools, heats, humidifies, dehumidifies, just cleans and circulates! We've a new QUALITY OF LIVING with our Serval All-Year Gas Air Conditioner!"

You, like the Wilsons, can enjoy this NEW QUALITY OF LIVING in your post-war home! Think of it! Sultry summers, blustery winters will never bother you. At a flick of the Selectrol switch, you'll choose your own climate indoors with Serval All-Year Gas Air Conditioner.

And it's smart to plan now. So why not come in and let us tell you more about it? And, meanwhile, keep saving—in War Bonds and Stamps.

in the West Pacific and Ryukyus. He wears the Distinguished Unit Badge, Good Conduct Medal, Asiatic-Pacific Campaign Medal with two Bronze Stars and the Presidential Unit Citation.

Overseas from November, 1942 to September, 1945, Johnson had 83 points at the time of his discharge.

Irvin W. Botsford, a technician fourth grade at the time of his discharge on Oct. 11 at Camp Crowder, Mo., had been in service since Feb. 13, 1942.

An installation repairman, he spent a total of almost three years at Army stations on Newfoundland, and his decorations include the Good Conduct Medal and the American Theater Ribbon.

Albert H. Wolfington, cook in an AAF bombardment squadron, received his discharge on Oct. 12 at Ft. Bliss. He was inducted on Aug. 11, 1942 and was in the ETO from December, 1943, to October, 1945, taking part in the Normandy, Northern France, Ardennes, Rhineland and Central Europe campaigns. "So Well Remembered" Reviewed for Club

Mrs. W. C. Pitman gave the program for the Calliopean Club meeting held at the home of Miss Mary Kate Brotherton Thursday evening. She reviewed "So Well Remembered," by James Hilton, his first book in four years.

The novel reviewed is the story of a plain man of our times. His mistakes, his idealism, his human frailties, his courage, his warm affections and his never falling humor make him one of the most appealing characters Mr. Hilton has drawn. "So Well Remembered" is also the story of a remarkable woman and her sinister influence over three men.

Members of the club present were Mesdames Morgan Cain,

Clyde Cave, Wayne Evans, Alton Fraser, J. T. Gilbreath Jr., Jack Gilliland, J. E. Kirby, Carl Perrin, W. C. Pitman, Elizabeth Womble, Richard Barnard, Louis Barnett, Misses Kathryn Davies, Genevieve Eberle, Eloyse Pitman and the hostess.

Sylvia McCracken is recovering this week from a recent tonsillectomy. She is the daughter of Mr. and Mrs. J. C. McCracken.

Postwar Agriculture Demands

THE RIGHT TRACTOR FOR THE PARTICULAR JOB

THE proverbial Jack-of-all-trades was master of none. The modern world of science and technology passed him by. The same principle applies to farm tractors. The tractor that does a wide variety of jobs unsatisfactorily can't possibly produce the greatest results at the least cost in any job. But that's what the farmer—particularly the small operator—has got to do to meet postwar competition: he's got to produce the most food possible with the least effort and, consequently, at the lowest cost. The farmer with 10 acres in truck crops needs one kind of tractor. The farmer with 100 acres in wheat alone needs another kind—or, as is usually the case, two or more different tractors. The tractor which does a good job on the Great Plains may be useless in the rice territory. And so it goes. Conditions of climate, the lay of the land, and the character of soils in the different parts of this vast country, together with wide variations in the nature of crops and the size of operations, combine to produce wide differences in the requirements for tractors. Harvester's policy is to meet all these requirements. That is why Harvester's postwar line includes a great variety of Farmalls and other specialized tractors and attachments rather than a single tractor with a single system of tools. Every tractor in the line was developed after scientific research and testing under actual operating conditions showed the specifications needed for efficiency and economy. Every Harvester-built tractor is the right machine for its particular job.

INTERNATIONAL HARVESTER

THIS WEEK... AT THE USO

Hobos really took over in certain parts of town last Monday night, when the Servicemen and the GSO girls, with their sponsors, joined in a Hobo Walk. All were provided with long sticks, on which they tied a large red bandana, and were then told to follow the leader. After the walk all returned to the USO center where hot coffee was brewing. Supper consisting of fruit, sandwiches, and cookies,

which had been gotten at back doors, and tied up in the bandanas, was served. Sgt. Phipps proved himself the best hobo, in that he gathered together enough ingredients for a real hobo stew.

Cpl. Clyde Hartman, who was formerly stationed at Hereford POW Camp paid the USO a visit, and talked over old times with former service buddies.

Mrs. J. M. Kidwell, wife of a navy man now stationed in North China waters, furnished a delicious stacked chocolate cake for the Wives Luncheon Tuesday. After the luncheon the cake was shared with the service men, who pronounced it really delicious.

The classes in shell craft are adding new members each week. One of the wives who has recently started in the craft, was heard to remark, that even in the night, she dreamed out various patterns she would like to make.

Lovely flower arrangements were sent by the following this week: Mrs. E. Ramey, Hereford Floral, Mrs. E. E. Fridley and Mrs. Will Daniels. Sincere thanks to each of these.

The hostess secretary and Mr. and Mrs. A. Petersen entertained in their homes this week, service persons enroute from Clovis Air Field to Amarillo Air Field for their discharges. Their car broke down and they were detained here over night, and since the hotels were all filled, the airmen were cared for in the above mentioned homes.

Ping-Pong is leading in recreational games at the USO. Many couples have had some really lively contests. F.O. Bob Gilliland and Mrs. Gilliland came in and played several games. We were happy to have them, and we welcome any and all of our local service men who are at home on leave.

Sunday evening when the first real signs of winter showed itself, fudge making was highly in order, so Mr. and Mrs. Streu, assisted by the men in the USO made fudge. Yum, Yum, but it was good.

days, and with most every day, we say: Good-bye God Speed to some of our service men, who are going to get their discharges, and then on to their homes and loved ones. It isn't easy to say good-bye, but it is with real sincerity, that we say, 'God bless you and keep you and make you happy and useful,' as we come to the parting of the ways.

Then perhaps on these very same days we turn to extend a hand of welcome to the new fellows that are coming to POW Camp. Yes, time marches on, with its many changes and opportunities.

Speaking of opportunities, there is real need of some persons who want to take the time and to grasp the opportunity to be helpful to service men located here. We NEED some volunteer GSO Sponsors NOW. Two of our most faithful ones are of necessity having to quit, and we want some one to take their places. If you will please call 79.

Then too there is a real need for some others to volunteer to serve as host and hostesses. These are busy days, but our USO must be maintained now, even as well or better, than in war times; so come on, Hereford people, let's finish our job and meet our opportunities of service.

October 27th. NAVY DAY... let us pause this day and think of those who wear the navy blue, May all breathe a prayer for our Navy lads, wherever they be; on land, or on the ocean, or in the sky. Many of them are our very own, and have done much to bring victory and peace.

We would like to have the mothers or fathers of our Deaf Smith County Navy Service men, come to the USO for a brief visit Saturday. Perhaps some mother would like to serve cake to the khaki clad men on that day. It would be nice to meet and know the mothers and fathers who have the largest number of boys in the Navy from our county.

Mr. and Mrs. Sam Steele and daughter of Fort Sumner, N. M., spent Thursday and Friday in Hereford with relatives.

Whitefaces Meet First Scoring Opposition; Littlefield Wins 13-6

Defeated 13-6 by the Littlefield Wildcats, the Hereford Whitefaces played a fighting game Friday night to hold off two other Wildcat scoring tries within the ten yard line and to plunge to the Littlefield two yard line in their own last-minute scoring drive.

The Whiteface score came early in the first quarter when Davis got off a long kick to the Wildcats and the Littlefield ball carrier fumbled. A long end run by Worrell went out of bounds on the Wildcat four yard line and Bob Davis went over for the score.

The remainder of the quarter was scoreless, though Littlefield began to get the edge on first downs which continued to pile up till the fourth quarter, and Whiteface attempts to crack the Wildcat line just didn't work out.

In the second quarter the Whiteface line put up the first of their magnificent-goal line defenses, holding the Wildcats to a few inches gain after they got into touchdown territory and forcing the visitors to kick on the fourth down. Despite a stubborn defense by the Hereford Herd, the Wildcats crossed the goal late in the quarter, but the play was called back by a penalty and an end run failed to

gain the lost yardage as the half ended.

Receiving the kickoff, the Whitefaces batted the line and tried two passes but failed to make a first down; and the Wildcats, with the pigskin back in their possession, made yardage through the Whiteface line and came through their own left tackle for the necessary first then made connection on a long pass to get into scoring position, coming over on the next play to tie the score when their attempt to run the ball over for the extra point proved unsuccessful.

Falling to gain yardage on any of their own scoring tries, the Herd nevertheless held the Wildcats scoreless till late in the quarter when Littlefield knocked down all opposition to go down from centerfield in a rapid series of first downs to make their second touchdown and follow the score by kicking the goal.

Dogtired, the Whitefaces came back late in the game to put on a touchdown drive that almost made it. Fred Close went around end for a first; a pass to Lueb was good for another first and a long run by Worrell took the Herd deep into Wildcat territory, where Littlefield held the Whiteface attempts to plunge through the line and the Wildcats were back in possession of the ball as the game ended.

Despite the score, the Littlefield game added to the Whiteface stature; for an early season undefeated record was piled up against slight opposition; and in holding the Wildcats to two touchdowns the Herd proved that their game

holds up in stiffer play. Penalties likely cost both teams a score; and though Littlefield held a big edge on first downs, the stubborn Whiteface goal defense proved that the Herd has the fight and spirit to carry on when going is really rough.

Hereford linemen, outweighed on the average by the Littlefield line, took punishment in some bone-cracking scrimmage plays and came through with a first class exhibition of spirit and fight. Regulars in the line were Lueb and Sowell, ends; Oakes and Hagar, tackles; Orr and Easley, guards, and Dyer, center. There were only three line substitutions during the entire game and Williams and Simmons, tackles; and Rogers, guard, again proved worthy of first string places when they were in the line-up.

There were no substitutions in the backfield. Close, Davis, Worrell and Bishop playing for the entire game.

Suppose YOU hadn't been home for 3 years!

Chances are, the first thing you'd do when you got near a telephone would be to call the folks back home.

That's happening thousands of times every day, as more and more servicemen come back from overseas. Add other thousands of business calls as the country swings back to peacetime production, perhaps even a greater number of personal calls from people going to new jobs and new homes in other cities, and you have a BIG load on long distance lines.

When we've added new circuits and additional equipment, all calls will go through quickly. That will take some time, of course. In the meantime, if your call is delayed, we know you'll understand why.

year for sewer pumps, a new booster pump and a complete new well to replace the old one that had to be abandoned will wipe out a considerable portion of the General Fund surplus; hence it should be apparent that just for normal operation, a higher tax rate is in order to make up for the loss in delinquent tax collections; and on top of that, the increased expenditures that any growing town must have to keep pace with its growth must be taken care of. This is not a very encouraging situation from the taxpayer's standpoint, but it must be faced. We will need a lot of things that cost money, and in order to get them, we might as well make up our minds now that we will have to pay the bill.
