"Absolutely not true," says Cecil Guseman to the charge that he is pushing the building of a hotel in Hereford just so he can have a lobby to loaf in. He also indignantly denies the charge that he has established any priority for the job of bell-boy.

The announcement that "It's a boy," cost Bill Smith \$30 but the pride in the first grandson more than offset the financial loss. Bill had a bet with his daughter-in-law, Mrs. Billy Smith, who would have had to pay off if the baby had been a girl. But Bill paid cheerfully upon the arrival of Gary Arnold Smith last Friday.

Folks who saw the Olton game last Friday night report that just about the happiest kids there were Roger and Buddy Corbett, when they got into the contest and ran onto the field at the same time.

A soldier and his girl who conducted an informal "Gallup Poll" on the streets of Hereford Sunday afternoon are not sure whether the results were achieved scientifically; but the couples they interviewed all stated flatly that they married for love—though maybe they should have married for money. The interviewers ended up with the cynical idea that they might have received different answers if they had interviewed husbands and wives separately instead of together.

Mrs. Louie Olson went to work this week at Homer-Henslee Hardware, where she takes the place of Mary Ellen Henslee, who has returned to school at Canyon.

Vital Statistics Report Made For Financiers

Vital statistics on the causes of death in Deaf Smith County are being prepared this week in a tabulation of death certificates on file in the County Clerks office. Mrs. Richard Petersen is doing the work for the Hereford Chamber of Commerce, which is preparing the report for the use of Chicago financial interests which may back the establishment of health and nutritional projects here.

Death certificates dating back to 1903 are being listed and will be tabulated to show the average length of life and the causes of death; and the eventual aim is to compare the various figures with statistics for the nation as a whole and work out significant ratios of comparison. In making the report, comparisons between longevity and causes of death between natives and long-time residents and transients and persons recently moved to the community will be made.

The request for these vital statistics is the fourth such request received by the Chamber of Commerce in recent months according to E. B. Posey.

Range Conservation Measures Financed On Budget Plan

Water conservation and range improvement programs have been put into effect by many Deaf Smith County farmers and ranchmen, it was revealed (Continued on Page 12)

After getting off to a promising start in the race for football honors by a 25 to 0 victory over Olton last week, Hereford's Whitefaces will come up against stiffer competition Friday night when they tangle with the hard-hitting Panthers from Panhandle.

The Panthers beat Morton last Friday in their season opener and are reported to have a fast, smooth team, with a good backlog of experienced players. The Whitefaces, who displayed some ragged blocking and offensive weaknesses in their first game, are polishing plays for the contest with Panhandle. Jim Worrell, flashy fullback who accounted for two touchdowns against Olton, may not be in the lineup Friday because of an ankle injury received in last week's game. Jimmie Whitaker, who showed promise in the Olton game, may start against Panhandle.

Otherwise, according to Coach H. V. Stanton, all the regulars are expected to be ready to go; and in addition some of the new boys who worked out against Olton may get some more practice.

Game time is 8 o'clock and a record crowd is expected to be on hand for the first home game of the season. Season tickets have had a brisk sale this week and car reservations are being made, according to (Continued on Page 12)

Burial Rites For Pioneer Rancher Held

Burial rites were conducted here Friday afternoon for Clarence E. Wheeler, 78, pioneer resident of the Panhandle, who died Thursday morning at St. Anthony's Hospital in Amarillo. Mr. Wheeler, born in Benton County, Missouri, in 1867, began ranching in Deaf Smith County in the early '90's. He was married in 1895 to Miss Myrtle Martin, who was then teaching a rural school near his ranch. After operating a ranch at Dawn for a number of years, the family later moved to Hereford, where they lived until about 1925. Mrs. Wheeler died in 1938.

Six children were with him at the time of his death. They include Perry M. Wheeler of Amarillo, Clarence Wayne Wheeler of Borger, Commodore M. Wheeler and Mrs. Isabel Peterson, both of Long Beach, Calif., Frank Wheeler of Norwalk, Calif., and Mrs. Myrtle M. Molyneux of Compton, Calif. Eight grandchildren also survive.

Funeral services were conducted by Rev. Roy C. Snodgrass at the Blackburn-Shaw Funeral Home in Amarillo and burial was in the family plot at West Park Cemetery, under the direction of the E. B. Black Funeral Home of Hereford.

Roberson Wins Bronze Star Medal

Hicks Roberson, son of Mr. and Mrs. Wiley Roberson, has received the award of the Bronze Star Medal for heroic achievement. The order reads, "Wiley H. Roberson, Field Artillery, 793rd Field Artillery Battalion, is awarded the Bronze Star Medal for heroic achievement in connection with military operations against the enemy in France."

Hicks entered military service in September 1942 and went overseas in April, 1944.

Apply for Beef Subsidy Payments Within 60 Days of Date of Sale

Producers desiring to make application for the government beef subsidy payment are requested to do so within 60 days of the date of sale, it was announced this week at the Deaf Smith County AAA office.

These applications should be made promptly in order to keep payments current, it was stated.

J. O. Lytle, Jr., inducted on June 4, 1945, was discharged on Sept. 12, 1945 at Camp Chaffee, Ark.

Mrs. Manjeot Takes Job As USO Hostess

The appointment of Mrs. A. L. Manjeot as hostess-secretary of the Hereford USO was announced this week by the USO Council. Mrs. Manjeot will take the place of Mrs. John Olson, who has been secretary of the USO since its founding and who plans to move to Waco in the near future.

Regarding her resignation, Mrs. Olson stated this week: "I want to express my appreciation to all the people who have so generously given of their time and talent to help make the USO a success. The USO does not depend on one person but on the united efforts of the whole community. I have enjoyed working with the people of Hereford in this project and with the men in the service. I give it up with regret and you may rest assured that I will still be at the USO in Hereford in spirit even though living in Waco."

"Mrs. Manjeot will be a very capable hostess and the USO will continue to be a 'Home Away From Home' for the men if you give her the whole-hearted support which you have given me."

C. of C. Starts Membership Drive This Week

Echoing last week's plea for action on community problems, the Hereford Chamber of Commerce today urged the support of every citizen of the community in a stepped-up program of civic and business activity.

In announcing the membership drive which will get under way next week, the Chamber of Commerce issued the following statement:

"Over one year ago the Hereford Chamber of Commerce in its report of Post-War Planning called attention to the many things which Hereford and Deaf Smith County needed to do to avoid some of the trouble and problems which confront the town and community today. This message originally appeared as a two page ad in the Hereford Brand. Reprints of this communication were made, and the business and residential districts were thoroughly circulated."

LET'S HAVE ACTION. It is high time the community as a whole should realize its responsibilities and act. This slogan should be adopted or a similar one—UNITY AND COOPERATION—UNITED IN A COMMON CAUSE—COMMUNITY PROGRESS. THE WAR is over—we cannot use the WAR as a legitimate ALIBI any longer—so let's get busy and come together in a spirit of UNITY AND COOPERATION and go forward in the building of a COMMUNITY OF PROGRESS.

"Your Hereford Chamber of Commerce the past few years has accomplished a great deal in the development of Hereford and Deaf Smith County on a SHOESTRING INCOME—we are proud of our record—we have no apologies to make to anyone (Continued on Page 10)

Preparation Of Food for Overseas Boxes

Reporting that requests for information on canning food for shipment to servicemen overseas are received in her office every day, Miss Sadie Lee Oliver this week issued instructions on the proper preparation of some of the most popular food items.

Fried Chicken
Fried chicken, says Miss Oliver, is frequently requested by servicemen overseas; and it may be shipped; though the finished product will not be exactly like the southern fried chicken the soldier enjoyed at home.

Committee Aims at Building Of Modern Six-Story Hotel

72 Years at the Organ

Mary Sullivan, 83, who has played the organ at the Church of the Annunciation in Chicago for 72 years, plays while Rev. P. J. Molloy follows the music. She missed only one week in the long record—in 1939, due to illness.

Indications that a movement toward construction of a modern, six-story hotel in Hereford will meet with success were expressed by members of the finance committee today. The drive was inaugurated when a group of businessmen, cattlemen and farmers met Monday night in the county courtroom to form preliminary plans.

Cost of the proposed hotel was roughly estimated at \$275,000 of which \$75,000 is to be raised locally with the balance financed through a loan. Since no specifications were available, all discussions were in terms of generalities. Including 60 rooms and 20 modern apartments, original ideas for the hotel included a coffee shop on the ground floor and a roof garden on the top story. A hotel contractor has been contacted and will be in Hereford Tuesday, Sept. 25, at which time a second meeting has been called for 8 o'clock that evening.

The meeting last Monday was attended by 30 interested citizens and was presided over by Wayne Evans, Chamber of Commerce president. E. B. Hedrick related how he accidentally met the contractor who mentioned the hotel in connection with a previous visit here when E. B. Black was president of the Hereford Chamber of Commerce. Cecil Guseman reported on investigations which he had made in connection with hotel construction and a committee was selected by vote to make a canvass and determine if finances could be secured.

The committee included Cecil Guseman, J. A. Pitman, Jeff Gilbreath, Joe Evans and Geo. Brumley. A total of \$31,250 was pledged by the group attending the meeting. Since that time the amount has been increased—and a systematic canvass remains to be made. Committee members said that they felt the \$75,000 fund could be raised in view of present pledges. Immediate plans include the formation of a corporation of (Continued on Page 12)

Anthony Listed As Killed After Cruiser Sinking

Harold Robert Anthony, Ph M 3-c, son of Mr. and Mrs. W. B. Anthony of Hereford, was killed in action on July 30, according to a message received this week by his parents.

A member of the crew of the cruiser Indianapolis, he was previously listed as missing in action but according to the Navy Department message received this week there is no further reason to hope for his safety and he is presumed to have lost his life as the result of enemy action.

According to unofficial reports by members of the crew, Anthony died while ministering to other members of the crew, having given up an opportunity to escape from the danger zone after his ship was torpedoed.

Raised in Hereford and a member of a prominent pioneer family, Robert Anthony graduated from Hereford High School in 1925 and prior to entering the Navy two years ago, was a partner, with his brother-in-law, in the operation of the Fox (Continued on Page 12)

Bybee Opens Law Office in Hereford

O. L. Bybee of Childress this week opened his law office in the Buckner Building on Main Street.

Mr. Bybee, who was admitted to the Texas Bar in 1933, has engaged in private practice and has also been employed as legal counsel in government work.

His wife and three sons, now in Childress, will join him here as soon as he can find suitable housing for the family.

Governor Expresses Thanks to Youngsters

Governor Coke Stevenson this week expressed sincere appreciation to the people of Hereford and Deaf Smith County who took part in various civilian defense activities during the war. In a letter to County Judge Fred W. Baird the governor stated that the response of Texans to home front demands during the war has been one in which the state may take pride.

"It is our hope," writes the governor, "that the training and practice received by the people of Texas in connection with the civilian defense program may prove beneficial to every volunteer in peacetime. We prepared for the eventuality that did not come. We shall be forever grateful that we were not called on to use the training these patriotic volunteers received."

Latest Check Shows Water OK

Results from a new test of the city water show the water to be safe, it was reported Saturday morning by Dr. Howard Sigler.

Dr. Sigler states that tests will continue to be run periodically and reports issued on the condition of the city water. In the meantime, he states, it is no longer necessary to boil drinking water.

Refrigerator Box Used for Food Shipment to Seattle

What is described as "the coming method of food transportation" was brought into use in Hereford Tuesday when a Church Refrigerator, an insulated box of 30 pound capacity, was shipped by the Hereford Locker and Cold Storage Company to Mrs. Edmond Stafford of Bainbridge Island, Wash.

The box, which has an inside measurement of 22 by 46 inches, was packed with ice in one end; and meat and dairy products made up the food shipment. Sank Ramey, local agent of the Railway Express Agency, was unable to get dry ice for the shipment but stated that dry ice would be put into the box at some intermediate point on the way to Seattle.

Mrs. Stafford has been receiving shipments of water and such Hereford food products as were available since September, 1942; but the use of the refrigerator box makes it possible to send larger shipments and with greater safety.

The refrigerated boxes have been in use by the Railway Express Agency for some time, according to Ramey, but for the past two years they have been reserved exclusively for the shipment of blood plasma.

Loan Wheat May Be Sold To PMA at Parity

A wheat purchase program similar to the one in effect last year was announced today at the county AAA office with a statement that farmers putting their wheat into a CCC loan will have the option of selling the wheat next spring to the Production and Marketing Administration at 15 cents a bushel above the applicable loan value, less charges.

The 1945 loan rate averages \$1.38 a bushel, or 90 per cent of parity figured at the July rate of \$1.35 a bushel, and the 15 cent payment will bring the rate up to parity level.

The purchase program is applicable to both farm and warehouse stored wheat; and as was the case last year, no storage payment will be made by the government.

The date for sale of unredeemed wheat has been set at Apr. 1, 1946, according to the announcement.

Luncheoners Have Mission Festival

A Mission Festival will be held by the local Lutheran Church at their regular services Sunday afternoon at the court house, Rev. Herbert H. Ries, pastor, announced today, stating that all services will be built around the mission theme and offerings will go to the mission fund.

Rev. Karl W. Keller of Lubbock will be the guest speaker at the worship service to be held at four o'clock.

Sunday School and the Adult Bible Class will meet at 3:15. To conclude the program for the day, ladies of the church will serve supper at the Club House Sunday evening after the worship service.

Dairy Subsidy Rates Announced

The rate of dairy subsidy payments for the quarter ending Sept. 30 was announced this week at the Deaf Smith County AAA Office as 13 cents a pound for cream and 55 cents a hundred on milk.

The rate for the following two quarters is announced as 17 cents for cream and 70 cents for milk.

Dairy farmers may take these subsidy rates into consideration when considering the matter of winter feed costs and probable margin of profit on dairying operations.

Do You Remember?

SEPTEMBER 22, 1905

H. Terry, who has ranch interests a few miles east of town, returned on Wednesday of this week from Washington, D. C., where he had been for several weeks in the interest of a water ballast pump which he has been quietly working on for the past 25 years. In fact, so quietly has he worked that no living man save he and his son knew anything of his intentions till

he went to Washington to apply for a patent to his invention.

Officers of the Faris Literary Society at Hereford College are Earl Gough, president; Herbert Coulson, vice-president; Miss Byrdie Williams, secretary-treasurer; Tom Shafer and Ezra Norton, critics, and Orval McKinley, marshal.

Geo. W. Dale this week had the entire interior of his already neat barber shop repainted and touched up after the latest designs, which adds wonderfully to the appearance of that popular tonsorial resort and reflects credit upon the genial proprietor for that commendable enterprise which

prompts him to keep well to the front in our city's progress.

SEPTEMBER 24, 1925

The Deaf Smith County Fair closed Saturday night after a two-days exposition of local resources that was literally an eye opener to every one concerned.

Winners in the Home Beautiful contest as announced this week are as follows:

Homes entered by owners, of five rooms and over: A. W. Gregg, first; Mrs. J. H. Pitman second; Mrs. M. L. Steele, third.

Homes of four rooms or under, entered by owners: Mrs. S. P. Rosson, first; Mrs. C. M. Hicks, second; Mrs. J. A. Wear, third.

Rented homes: Mrs. W. E. Dameron, Mrs. J. E. Beyer, Mrs. Frank Marrs.

The essay contest during the fair, offered by the Golden Rule Hatchery Co. for the best paper on How to Raise Baby Chicks created lots of interest among young folks and brought a lot of answers. Little Ruth Marie Mountz won first prize and received 50 baby chicks. Ruth Wolfe was second and Leona Frye third.

JOEL NEWS: Mrs. B. B. Easter went to her home in Dimmitt Thursday. She took her little grandson, Walter London, home with her to stay awhile.

Mr. and Mrs. E. D. Fox returned Friday from a trip to Dallas markets.

Pioneer Club Opens Season At Luncheon

Marking the beginning of a new club year members of the Pioneer Club held a meeting last week in the home of Mrs. H. D. Reed of Amarillo, a former member of the club.

A covered dish luncheon was held at one long decorated table and a program followed the luncheon. Mrs. Ray Johnson, chairman of the year book committee, presented new year books and gave a preview of the coming year's work. Mrs. N. E. Gass gave a discussion of "Minority Groups."

Members making the trip to Amarillo included Mesdames P. H. Gilliland, president of the club; Burl France, A. L. Manjeot, Wirt Phillips, B. E. Robertson, Ray Johnson, O. G. Hill, E. S. Ireland, Al Werner, Bob Higgins, N. E. Gass, George Benson and Frank Terrell.

Open House Marks Golden Wedding Date for Mr. and Mrs. B. A. Atchley

Photo by Elmer Patterson

Mr. and Mrs. B. A. Atchley, pioneer residents of Deaf Smith County, looked back over 50 years of married life Sunday as they celebrated their golden wedding anniversary, a day few couples are privileged to share. Open house was held at their home in Summerfield from 3 to 7 o'clock with their eight daughters acting as hostesses. Guests were greeted by Mrs. C. B. Thomas, oldest daughter of the couple. Mrs. R. D. Lance, Jr., presided at the gold and white guest book and the house party was made up of the daughters and granddaughters of the couple. The refreshment table resplendent in the golden anniversary colors, held a three-tiered anniversary cake topped with miniature bridal couple. A bright sheen of flowers formed the centerpiece with crystal and silver appointments completing the arrangements. Out-of-town guests attending the celebration were Mr. and Mrs. C. E. Wright, Leah Wright and Mrs. Delbert Crosthwait, all of Olney, Mr. and Mrs. Paul J. Marceau and Mr. and Mrs. Bill Knox and children of San

Antonio; Mr. and Mrs. W. E. Hawkins and boys of Lamesa and Ernest Rea, S 2-c, of Norman, Okla.

The couple was married on Sept. 17, 1895 in Sevierville, Tenn. They moved to Texas in 1896 but only remained a year. They moved back to Texas in 1906 to locate at Cleburne and later at Olney. He established a farm there, raising both cotton and wheat; but the older children preferred wheat farming so the family moved to Deaf Smith County, settling at Summerfield. Before the time of power farm equipment he was known as the "Wheat King" and he owned the first combine in the county.

Both Mr. and Mrs. Atchley are 71 years old and both are extremely active for their years. They love to tell about their elopement and wedding and the children and grandchildren never fail to get a thrill out of the story. Like most men Mr. Atchley would rather leave out any display of sentimentality but he had a big time cutting the anniversary cake with Mrs.

Hopson-Engman Marriage Takes Place in California

Mr. and Mrs. Lee Hopson have announced the marriage of their daughter, Lee Etta, to Harry Engman, Jr., son of Mr. and Mrs. Harry Engman of this city.

The marriage was solemnized at the home of the bride's uncle and aunt, Mr. and Mrs. O. E. Sherman, Jr., in Compton, Calif., on Aug. 31. Rev. William Harvey Beard, pastor of the Westside Church of Christ performed the ceremony.

The bride was attired in a black and lime print dress with fringe trim and carried an arm bouquet of roses. Her attendant, Miss Marguerite Engman, sister of the bridegroom; wore a black suit with corsage of roses and gardenias. Douglas Beene of Hereford was best man.

Mrs. Engman, a graduate of Hereford High School, attended W. T. S. C. at Canyon and has been employed here for the past several months. Mr. Engman attended Hereford and Amarillo High Schools and has served in the U. S. Navy for the past two years. The couple plan to spend his leave in Hereford.

Those from Hereford attending the wedding included Mrs. Harry Engman, Billy Don Engman, Miss Idell Gould, Mrs. Lee Hopson, the bride's mother, and Mr. Engman of Klamath Falls, Ore.

GIFT PARTY HONORS MRS. CARAWAY

Mrs. Johnie B. Caraway, a recent bride, was honored at a gift party given at the home of Mrs. H. H. Miller in Dawn Friday afternoon with Mrs. W. J. Stewart and Mrs. H. V. McCabe as cohostesses.

Entertaining rooms were decorated throughout with autumn flowers in gay and bright colors and a program of music and readings was presented. Those taking part on the program included; Ann McCabe, Marjorie Oglesby, Wilma Jean Miller, Sally Womble, Arless Oglesby, and Wypell Fain. Mrs. McCabe presided at the guest book and presented the honoree, mothers of the bride and groom; and those on the program with corsages of red roses and white gladioli.

After gifts were presented refreshments were served to Mesdames A. T. Frye, A. H. Frye, Floyd Walton, Alfred May, Ernest May, Melvin May, Wm. Wimberley, Carl Luke, C. C. Stewart, R. S. Frye, Johnnie Womble, Baker Womble, J. R. Oglesby, Iverson Leake, W. P. Caraway, Jeb Stewart, Fred Fain, all of Dawn. Mesdames Harold Stewart, Floyd Tomlinson and daughter of Canyon. Mesdames James G. Gandy, E. Ramey, Ernest Selner, C. A. Reitman and J. B. France of Hereford. Mrs. H. H. Caraway and Mrs. W. P. Caraway, Wyche Community and Misses Joy Miller, Leona and Mildred Luke and Bertha Frye of Dawn.

DENICE BARNARD CELEBRATES 5TH BIRTHDAY AT PARTY

Mrs. Dennis Barnard entertained Monday afternoon with a party to celebrate the fifth birthday of her daughter, Denice. Pink and white decorations and birthday candles on the cake set the color scheme for the party. Games were played and refreshments were served to the little guests who, for the most part, were five-year-olds.

Those attending were Carol Ann and Marilyn Newell, Gene Plank, Sue Kirby, George Heard, John Gilliland, Joan Brown, Linda Lee West, Glenna Gault, Carolyn Knox, David Brumley, Jeff Minton, Stevie Slagle, Mike Gist, Elaine Wagoner, Kay Ruth Barnard and the honoree.

MRS. CLYDE CAVE IS CLUB HOSTESS

Mrs. Clyde Cave was hostess for the LaPlata Club at her home Tuesday evening. A short business session preceded the program when Mrs. Weldon Poff, Mrs. N. E. Milburn and Mrs. Elmer Patterson were named to serve on the welfare committee.

Mrs. D. D. Bivins was in charge of the program "Beauty and Beauty." She gave a history of fashions beginning with the time of Eve when her daughters-in-law fashioned garments of fig leaves, telling of the extreme fashions worn by the women of the Roman Empire, touching on the modern trends including a forecast of new fall fashions. She listed ten keys to beauty for modern American women.

Members attending the meeting were Mesdames James Aiken, D. D. Bivins, Bill Blood, Meade Halle, N. E. Milburn, Troy Moore, Gaylord Newell, Weldon Poff, Clyde Cave, Wayne Evans, Jack Gilliland, Debbs Knox, Elmer Patterson, A. J. Schroeter, Urlin Streu, Liston Wilson, W. J. Wilson and Miss Pauline Hancock.

Released from Jap Prison Camp Mr. and Mrs. Dennis Barnard received word Wednesday morning that a cousin of his, Major C. C. Hines of Norman, Okla., has been released from a Jap prison camp. Major Hines has been a prisoner since the fall of Corregidor.

talked on ways of controlling the lighting effect of a given room. Mrs. R. L. Campbell told of the activities and achievements of the Gray County home demonstration clubs for the past six months. Refreshments were served to Mesdames Oscar Hunt, E. W. Womble, Gilbert Wynn, R. L. Campbell, C. R. Hughes, Dan Higgins, C. L. McBroom, E. Shugart, W. R. Moore, L. J. Smith, Olle Grabbe, Miss Oliver and the hostess.

L. A. E. CLUB WOMEN HEAR PEACE TALK

Members of L. A. E. Club heard a talk on "Peace" Tuesday afternoon when Rev. R. H. Cagle, pastor of the First Baptist Church, addressed the group at a meeting held at the home of Mrs. T. W. Roberson.

"Permanent Peace is possible," said the speaker, "if we realize our responsibilities to that peace. We must learn to build for peace at the foundation and teach the message of peace and good will toward all men, to the individuals in our homes." He gave a short review

of the book, "The Winning of the Peace." Roll call was answered with quotations from the Bible with reference to "Peace." Special guests present for the peace program were Mesdames J. M. French, Ira Foster, R. H. Cagle, O. G. Hill, J. R. Allison, Jim Higgins and Nelson McRight.

Members present were Mesdames George Benson, C. D. Carnahan, O. L. Chick, Lake Dishman, Altus Higgins, Bob Higgins, Bill Hutson, Phil Radovich, George Suggs, Robert Vei-gel, Hugh Bookout, Bill Jones and the hostess.

Mrs. Gilliland Visits Here

Mrs. James C. Gilliland (1st Lieutenant Helen Van Deusen of the Army Nurse Corps) has arrived for an extended visit here with her late husband's parents, Mr. and Mrs. Carl Gilliland. She is on an extended emergency leave and will visit relatives in Chicago before reporting for further duty. All Out, But

"Pistol Packin' Mama"

My little protest against the "Juke Box" finally paid off—from early morning (oh, well; when I open up, anyway) to closing time that baby has never stopped; maybe it was honest and maybe it was a "frame-up" but right now she is on her last legs, I think. She jumps like a Model T on a quick start and rattles like a loose tire on a Peter Schuttler Wagon; the bearings sound like a crippled fat man coming down stairs on a pair of crutches, and brother, that "ain't" all, those records are worn down to a "nubbin'." They sound like last Sunday's wind blowing through a screen door when they start off and brother, that still "ain't" all. That "Strawberry Roan" sounds just like "Bury Me Not on the Lone Prairie" and that sounds just like "San Antone Rose," and that sounds just like "Saddle Old Paint" and "Lead Old Baldy" and that sounds just like "Tomorrow Never Comes" and the whole darned smear sounds like "Old Rover" with a can tied to his tail, "Headed for the Last Round-Up."

Hope this is the last of it, 'cause me and Pat spent the money we were going to buy this Juke Box with and bought a few more records for you Pat reads.

Reconversion keeps Long Distance busier than ever

Long distance lines, which rushed through messages for the army, navy, and war industries, now are loaded with calls important to the nation's reconversion.

Businessmen—as they switch from war to peacetime production—are making more calls than ever before. Individuals, too, are using long distance more often as they locate new jobs and new homes in other cities.

These important calls have added to the load on crowded telephone circuits, a load—believe it or not—unequaled even in the busiest days of the war.

And servicemen—even though the war is over—still need to make hundreds of long distance calls every day from army camps, debarkation points, separation centers, and hospitals. Their calls home are just as important as ever.

So if the operator says, "The circuits are busy," and your long distance call is delayed, we hope you'll understand.

Thanks for your patience.

Garden Club Meets In O. G. Hill Home

A program on "Horticulture" was featured at the Garden Club meeting held Friday afternoon at the home of Mrs. O. G. Hill. Mrs. A. L. Manjeot was co-hostess.

Mrs. Homer Brumley led the program, discussing "Horticulture Fact Finding" telling that horticulture a club project may offer unlimited possibilities for the advancement of horticulture on the community, state and national levels. She pointed out that the work ties in with the club members' victory gardening, because the information derived from the 1944 Victory Gardens will be useful in the 1945 garden programs.

Five minute talks were given by Mrs. A. L. Manjeot, Mrs. Liston Wilson and Mrs. N. E. Gass. Mrs. Manjeot talked on the need for and the proper method of trenching, also giving methods in treating the soil.

Mrs. Wilson told something of the reasons for pinching back and disbudding plants and flowers and Mrs. N. E. Gass talked on rules for preserving cut flowers.

Past-President's Music Club Holds Annual Luncheon

Traditionally the most appropriate way to mark the beginning of a new club year for past-presidents of the Music Study Club is to attend a luncheon honoring the incoming president of the Music Study Club; and that's what members of the local organization did Monday.

The occasion was a beautifully appointed affair given at the home of Mrs. M. L. Broadwell with Mrs. J. R. Allison as the honoree.

Floor baskets filled with purple and maroon giant dahlias and large bowls of deep red zinnias decorated the home throughout. The luncheon table was centered with an arrangement of Old English chrysanthemums in white, cream gladioli and full bloom baby's breath in orchid. Lovely corsages marked each guest's place and numbers were matched to find places. The new president was welcomed by Mrs. A. O. Thompson.

Those seated were Mesdames J. R. Allison, C. C. Ferguson, J. C. Mcracken, T. W. Roberson, R. P. Conaway, W. E. Dameron, H. L. Broadwell, H. K. Fox, C. H. Dyar, C. J. Mountz, A. O. Thompson and G. A. F. Parker. The local group which holds a charter with the National Past President's Organization of the Federated Music Clubs of America, cooperates with all interests of that organization. Members of the group have a part in the annual honor scholarships which are sponsored by the National Organization.

Mrs. G. A. F. Parker, first president of the Music Study Club in 1916, is president of the Past-President's Organization, Mrs. H. L. Broadwell, vice-president, and Mrs. A. O. Thompson, secretary-treasurer.

Sophs Elect Class Officers

Officers elected this week by the sophomore class of Hereford High School will head class activities for the coming year.

The new officers are Dick Oakes, president; Gulletta Gunstenson, vice-president; Betty K. Hodges, secretary-treasurer; Patsy Slagle, reporter; Barbara Boyd and Eugene Roberson, student council representatives; Mary Jo Mathies and Keith Hutson, class cheer leaders.

Sophomore sponsors are H. V. Stanton and Mrs. Sam Hoch.

Herd Trims Olton by 25 To 0 Score

Starting the 1945 season with a bang, the Whitefaces trounced a raw crew of Olton Mustangs Friday night to the tune of 25 to 0. And despite some ragged edges to the Whiteface game, fans came back from the Olton game convinced of good possibilities for the Hereford Herd in district competition.

Receiving Olton's kickoff, the Whitefaces returned the ball to the 40 yard line, fumbled; then recovered an Olton fumble to make their first score with Fred Close totting the ball. Davis kicked the extra point and the Whitefaces proceeded on a scoring spree, making their second tally on the completion of a 30 yard pass from Bishop to Davis, who ran 15 yards to complete the score.

Missing the conversion on the second touchdown, the Hereford Herd went on to make two more scores on running plays with Worrell carrying the ball.

Twenty-three boys got into the Hereford line-up during the game, according to Coach H. V. Stanton, who said that some promising material was revealed in the season-opener.

Starters for Hereford were Lueb, LE; Oakes, LT; Orr, LG; Dyer, C; Easley, RG; Hagar, RT; Sowell, RE; Bishop, Q; Davis, LH; Close, RH, and Worrell, F. Others who played were Roger Corbett, Buddy Corbett, Rogers and Kimbrough, guards; Higgins and Whitaker, backs; Carnahan and Lyons, ends; Millard, center; Williams, Simmons and Brady, tackles.

To Palo Duro Canyon Making a trip to Palo Duro Canyon with a stop at Buffalo Lake enroute home were Mr. and Mrs. P. H. Gilliland and their daughter-in-law, Mrs. Bob S. Gilliland; Miss Estelle Gilliland of San Francisco, Calif., Ellen Posey, Mr. and Mrs. A. L. Manjeot and Mrs. Reber Howton.

Chamber of Commerce Plans Drive for New Members

(Continued from Page 1)

one—however—we have reached the end of the SHOESTRING INCOME and it must be replaced with a rawhide string of moral and financial cooperation if we are to maintain the lead and pace we have set for the entire Panhandle of Texas in intensified development. Maybe you didn't know it—our neighbors have been watching the work of the Hereford Chamber of Commerce and have been doing a few things in their respective communities since we set the pace in this community and NOW are run-

ning a close second—they have banded themselves together in a spirit of "COMMUNITY PROGRESS" to make the GOALS for which we set the pace. Shall we let our neighbors CAPITALIZE on our indifference to the extent of taking the CREAM and leave us the WHEY? That's just what this community is facing today unless we take up and do something about it. A few short years ago the Hereford Chamber of Commerce adopted and put into effect a program which has brought into our community many substantial people—we have seen our land

and city values increase in value beyond our wildest dreams—many millions of dollars in new wealth has come to our community—the like of which we've never seen—not even during the BOOM period of years ago; and right now—today—we have the golden opportunity to increase this new wealth many fold if we will only wake up and go into ACTION. All of the Nation—the whole WORLD—has an eye on Hereford, "The Town Without a Toothache," Deaf Smith County—and yet we continue to SLUMBER AWAY—and say—OH WELL!—it just happened—what is there to be alarmed, about—Citizens of Hereford and Deaf Smith County—we are here to tell you—that it DIDN'T just happen—there is a reason—and there are those who are responsible for this new era of prosperity which Hereford and Deaf Smith County has accepted and are enjoying to the fullest extent seemingly with an indifferent attitude as to any particular reason why we have been favored with a full measure. Hereford and Deaf Smith County are a household word in every hamlet, town and city throughout the nation—WHY? There is an explanation. Your Hereford Chamber of Commerce is the answer. Have you Mr. average Citizen—Mr. Business man—Mr. Professional man—Mr. Officeman—Mr. Farmer, had a part in the over-all program of the Hereford Chamber of Commerce the past few years. If not—WHY? The Hereford Chamber of Commerce is a business run and conducted on a business basis for the welfare of the town and community—monies paid into the Chamber through membership or otherwise represent not a donation or contribution but an investment in the future of your town and community. Do you believe in the future of Hereford and Deaf Smith County? If so—then if you have been riding a "GRAVY TRAIN"—get off—push and lend a helping hand—invest some of your time and money in your local Chamber of Commerce program of work. Monies paid into your local Chamber of Commerce are a legitimate expenditure and an allowable deduction when making your Income Tax returns—so why not keep some of this money at home to assist your local organization in the development of this community. WE MUST HAVE A MEMBERSHIP REVIVAL. Our present members will be asked to substantially increase their financial support of this organization. We should have at least 50 additional members. This is not an exclusive organization. We need, as members, the farmer, cattleman, professional man, all business firms, potato grower, potato industrial plants, mechanic, truck driver, preacher, teacher, and the average citizen of the town and com-

munity. Every family should be represented in our membership. We are asking YOU to invest something in your town and community, your home town and county, where you raise your children, have your friends, make your living, in fact spend your lives. Yes, it costs something to maintain and operate an efficient business—like the Chamber of Commerce. We need and must have at the earliest date possible—ample office space and quarters, office equipment, assistant, transportation, and a broader publicity program.

"Recent economic surveys show the Panhandle of Texas to be one of the most favored spots in the Nation for widespread economic development in the immediate postwar period and the aim and purpose of the Hereford Chamber of Commerce will be to get for Hereford some of the advantages of this industrial growth. In fact major industrial interests are now checking and marking a survey of the Hereford area with a view in mind for the establishment of industry at Hereford to make our water and foods available to the consumer throughout the Nation. This will mean employment for our people, payrolls for the town and community, offering a substantial and satisfactory market for our raw products. Make up your mind Mr. Business Man—Mr. Average Citizen, what you are going to do with your local Chamber of Commerce; for you will be asked to join and support it? If it's worthy of existence, then it is worthy of your liberal financial support.

"The Chamber of Commerce is the PEOPLE OF THIS COMMUNITY, and they cannot go forward unless YOU the people are really sold on your HOME TOWN AND COMMUNITY and will devote some of your time and invest some of your money in an aggressive program to keep Hereford and Deaf Smith County before the Nation and the World. Our official membership committee will be calling on you shortly."

Stay at Home... See Him Sooner Is Navy Advice

The quickest way to see your son or husband being returned from overseas, to be discharged from the Navy, is to remain at home.

That was the advice offered today by the Navy Department to relatives who are anxious to welcome their "boys" coming back to the States for release. In the first place, if relatives travel to debarkation ports it is highly improbable that they will even see their sailors because

the Navy demobilization plan calls for returning men to separation centers in their own Naval Districts. In consequence, men will not be free to visit their families at coastal ports, but will move without delay to their own districts.

Second, travel by dependents will only crowd the already over-loaded transportation system and hamper the orderly operation of discharge.

And last, living accommodations in coastal ports are not and will not be available.

The Texas State Guard is organized for the purpose of handling civil disturbances, mob and riot control, and disaster relief.

Mrs. Wilson's Father Buried in Stratford

Mrs. Paul Wilson's father, E. J. Massey, was buried in Stratford Monday afternoon following funeral services held at 4 o'clock.

Mr. Massey passed away Saturday afternoon at the family residence following a long illness.

Surviving him are his wife, one son, E. J. Massey, Jr., recently discharged from the United States Army, and one daughter, Mrs. Paul Wilson of the Wyche Community. One grandson also survives him. He is John Marvin Wilson of Hereford.

Streu's Diary

DEAR DIARY:

Here's good news for hunters—WPB Direction 2 to Order L-286 permits the sale of shot shells, 22's and center fire cartridges to hunters and farmers—however, the purchaser must sign for his ammunition and the quantities are limited by both the order and the supplies on hand. This set-up will go into effect Friday the 21st. Fortunately, we have a fair supply of most ammunition at this time and anticipate early arrival of more.

Well, we had a pre-war or post-war window for a few minutes Tuesday—had a showing of Fiesta ware (there's still some left)—a pressure cooker, and an electric mixer—didn't last long, tho—someone came along and bought the cooker—then the mixer!!! Then to top off the excitement, Bill unpacked some white enamel dish pans, a few gross of spring clothes pins, a couple of hedge trimmers, a carpet sweeper, some cold pack canners, 5 lengths of garden hose, two fruit juicers and a set of pipe dies—all hard-to-get items. Most of them are gone now, but it is sure encouraging to see some of these things showing up.

Went to Amarillo last week to look for merchandise—found some. The consensus of opinion seems to be that appliances will not show up till after the first of the year, however, we would take orders for radios—subject to delivery and subject to prices at that time—that's what the suppliers tell us.

We have plenty of tin cans for canning now—been out for a few days—also lots of fruit jars and jar lids. Will soon have a big shipment of Case butcher knives, slicers, sheath knives and other kitchen knives—no pocket knives.

With a couple of northers to our credit already, it would be a smart thing for a lot of people to investigate fuel saving insulation for their homes. This here insulation will save up to 30% of fuel costs—it is easy to install, is fire-proof, clean and inexpensive. Come in for an estimate.

Hereford's so-called parks are beautiful—they have the finest weeds they have had all summer.

STREU.

"**RUN ALONG, WOLF — YOU'RE WASTING YOUR TIME!**"

Oh, I admit it, there was a time when you could send cold shivers down my back... a few times when I literally didn't eat!

But you can't scare me now, wolfy! And here's why...

Ever since I started buying War Bonds—and holding them.

Furthermore, as soon as my husband went overseas, I started putting his allotment into War Bonds, too! He doesn't know it yet, but he's not going to be afraid of you, either!

Oh sure, the gals make fun of me at times.

Call me a tightwad when I won't loosen up for expensive clothes, or trinkets, or parties. But I don't care.

I like that "I've-got-money-back-of-me" feeling!

Don't steal my wolfy, and sniff at somebody else's door, 'cause we've got one of the very best nest eggs a family can have—War Bonds.

Yes indeed, buying and holding series "E" Victory Bonds is the easiest and safest way there is to turn every \$3 into \$4 in 10 years!

local persons; the corporation will have a capital stock of \$75,000 and would borrow an additional \$200,000 to complete the structure. The corporation would maintain officers and directors along the same order of a bank; these officials would control the policy and operation of the proposed hotel. Leaders indicated a hope for leasing the hotel to a hotel

chain, but such action would naturally be up to directors and officers of the corporation. Present plans were to start construction of the hotel in the near future, provided the finance committee meets with success. Several locations were discussed for the hotel, but no definite steps have been taken in securing a location; decision in this matter will likely be made by corporation officers in case such an organization is formed. All interested persons were urged to attend the meeting in the courthouse next Tuesday evening when detailed plans will be formulated and the finance committee will make its report.

from the filling station business after selling his Texaco Station to Deward Roberson, is bragging about his new status of playboy this week. But the leisure will not last long, as he has accepted a position with a lumber yard in Waco and will be leaving for his new job soon.

"Postwar window" or "Prewar Window," Streu's display of an electric mixer, a pressure cooker and a set of Fiesta ware was drawing lots of attention this week. Lookers were remembering the good old days and doubtless making plans to buy some of that merchandise just as soon as it is available in quantity.

Joe Evans says these Idaho boys are OK. Every one on his list has signed up for hotel stock.

Cakes May Be Canned

Cakes occupy a high place on the list of foods to send and fruit cakes are one of the most satisfactory varieties.

To can fruit cake, grease or line plain tin cans. Use waxed paper or butter paper which has been oiled for lining. Fill cans to within one inch of the top with batter. Tie heavy brown wrapping paper which has been greased on top of the cans to keep water out during steaming. Place cans in the pressure canner which has about three inches of boiling water in it. Fasten the lid, but leave the petcock open. Steam No. 1 cans 60 minutes and No. 2 cans 75. Take paper covers off cans, seal, and put back in the canner. Process at 10 pounds pressure for 30 minutes.

Such cakes as devil's food, spice cake, applesauce cakes and plain butter cakes may also be canned. However, it is important to remember to leave plenty of space in the can (from 1-2 to 1-3) for rising. Line the cans with waxed paper.

There are two methods of preparing these cakes. One is to bake the cake in the can, allow to cool, then seal it without further processing. The other is to use the same procedure as for steaming and processing a fruit cake. A blending of these two methods would be to bake the cake in the can, seal while hot and process it at five pounds pressure for ten minutes. This would prevent mold and would probably allow the cake to have a nicer texture and crust than if it were steamed and processed as long as fruit cake.

Range Conserva

today in a report by F. G. Collier of the Deaf Smith County AAA office.

Under the present conservation program, the county is allotted a budget for such work, Collier said. The allotment of \$11,839 for the construction of dams, tanks and terraces and the drilling of wells has already been spent, and applications for an equal amount of construction are now on hand.

Reason for the increase in conservation practices, Collier points out, is the availability of more dirt-moving and well-drilling equipment. And while there is no definite assurance of an increase in the budget for such improvements this year, there is a possibility that more money will be allotted; and it is certain that the budget will be increased in 1946.

The drilling of wells took up the greater part of the appropriation, according to the report.

Fire Destroys Home of Former Hereford People

Mr. and Mrs. Bill Hutson and Mr. and Mrs. O. L. Cilek went to Littlefield Sunday to visit Mr. Hutson's brother, Sam Hutson, sheriff, whose home had recently burned. The sheriff and his wife who had just returned from a vacation spent in California, lost everything in the fire with the exception of two suits of clothes which he had taken to the cleaner that morning.

Getting in late the night before Mr. Hutson had picked up the two suits and gone to town for breakfast. Later a neighbor called to Mrs. Hutson to have breakfast with her.

No cause for the fire was determined but just before leaving she turned on the air conditioner and it was thought that that might have had some connection with the fire.

Baby Killed In Accident

Mr. and Mrs. T. W. Roberson were called to Lamesa last week by the death of 19-months-old Carolyn Ann Cauffman, daughter of Lt. and Mrs. Carl Cauffman. Mrs. Cauffman is Mrs. Roberson's niece.

The baby was killed in a car accident on Monday, Sept. 10, when an uncle from California, visiting in Lamesa, backed out of the garage. The child was struck but thrown clear of the car and at first it was thought she was not badly hurt. She died a few hours later and relatives were unable to get in touch with her father who is thought to be on his way home from the South Pacific. He has never seen the baby.

Funeral services were conducted Friday at the Lamesa Baptist Church.
