

AROUND A Town Sights and Faces Seen

Mrs. Sadie Lee Oliver says that government reports indicate that peaches are going to be plentiful and fairly cheap this summer...

Practically everybody in the block heaved a sigh of relief when Elizabeth Womble got her car bumper repaired. She was literally forced into the job after Abe Martin, Lige Cawthon, Emmett Milburn and several others had banged their shins on the offending bumper...

The nurses at the Deaf Smith County hospital are getting a tennis court, and the building groves that wartime shortages have at least developed some imaginative use of materials. There were no tennis nets (maybe they're being used to trap Japs or something) so chicken wire was substituted and seems to work very well.

Something Fishy About That Clam

To coin a bad pun, Fred Moreman thinks that there was something decidedly "fishy" about that irrigation well and clam story printed in The Brand a couple of weeks ago...

But honestly, what would YOU think if you saw a live clam in an irrigation ditch? Either it must have been pumped out of the well or maybe it got picked up out of the ocean by a freak wind and deposited in West Texas in a cloud of dust.

Nightmare Trip in Box Car Highlights Hartman's Experiences as Prisoner

The German transportation system was really "shot up"—and no one is more fully aware of the fact than American prisoners of war who were shuttled around Germany in an effort to keep them out of the hands of the various allied armies.

John McLean was elected district chairman of the Llano Estacado Council, Boy Scouts of America, at a meeting held last Thursday night at the home of T. E. Selgier, Jr., whose unexpired term as chairman will be filled by McLean.

Wheat Harvest Exceeds Early Expectations

With more acres being cut, and higher yields than were at first anticipated, wheat harvest in the Hereford territory continued at rapid speed this week, hot, dry winds helping to mature the late wheat and some farmers stating that the harvest will be in the wind-up stage by next week.

Rotary Club Elects Officers For 1945-1946

The Hereford Rotary Club Friday elected officers for the 1945-46 term to supersede the provisional set of officials installed when the club was organized in May.

Aim Should Have Been Better—or Worse—Says Collier After Accident

Faust Collier wishes his aim had been either better or worse. For in either case he could have saved himself a lot of kidding, which has turned out to be just about as rigorous as the flesh wound he inflicted on his left foot Saturday afternoon when the 22 rifle he was holding (carefully pointed downward) accidentally discharged and shot through the fleshy part of his foot, luckily missing any bones.

Roy Smith Has Point Discharge from Army

Back in Hereford this week after receiving his discharge on the point system is Roy V. Smith, son of Mr. and Mrs. C. R. Smith.

Do You Remember?

June 30, 1905

The friends of Judge Jno. E. Ferguson will be grieved to learn that he has tendered his resignation to the board of directors of the Hereford National Bank, as its president. His successor, Jno. L. Fuqua of Amarillo, is a man of broad experience in the banking business having been associated with the First National Bank of Amarillo for several years.

Two more souls were made happy on Saturday night of last week when Rev. C. N. Ferguson, pastor of the Methodist Church at Amarillo, uttered the solemn words which joined the hearts and lives of J. A. Garvin and Miss Lillian Harvey, both of this city.

Dr. W. N. Barnett of Arkansas spent last week in Hereford closing a deal for one of J. E. Nix's improved sections situated a few miles south of town, the price being \$5 per acre.

ITEMS FROM DIMMITT — The sheep shearing crew are now on their last flock for this season, it being the flock of B. T. Bell. The crew has sheared 6,000 sheep this season and are now in fine condition—some are almost experts.

G. W. Brumley, probably the biggest hog buyer in the Panhandle, has just purchased the wholesale and retail oil business, including the ABO Filling Station and the property where the business is located and has contracted for the property of the Thompson Garage, where he will erect a modern drive-in filling station within the near future.

The Defense Day, July 4, program, under the direction of Dr. W. F. Gabbert, will consist of two short speeches by Carl Gilliland and Dr. John W. Overton and possibly a musical program. The ball games will bring together the Dimmitt and Vega mines first and Amarillo vs. Hereford in the last contest.

The old Mormon ranch in Deaf Smith County, 16 miles west of Hereford, which has played an important part in the development of the cattle industry in this section for nearly half a century, has been broken up into 160-acre tracts and will be sold to homeseekers.

Faster Loan Service To Small War Plants Promised by SWPC

Small plants of the Southwest will be aided in reconversion by a stepped-up loan service now available as the result of liberalization of the national lending policies of the Smaller War Plants Corporation, according to an announcement this week by Wm. G. Coleman, district manager of the SWPC whose office is located at 324 Key Bldg., Oklahoma City.

Loans for "essential civilian production" up to \$50,000 may now be made by the regional loan agent without awaiting Washington approval when banks participate to a minimum of ten per cent of the loan. Formerly, regional offices could approve loans only up to \$25,000.

Coleman said that banks have participated in 52.6 per cent of all loans in Region 8, representing 74.4 per cent of the total dollar value of the loans in the region. Of the 291 loans made, 153 have had bank participation. SWPC has made loans totaling \$33,677,000 in Texas, Oklahoma and Louisiana, and banks have participated to the extent of 14.2 per cent in \$25,042,000 of the total loans made.

Philippines Not Really So Bad—They're Worse, Says Pvt. Hutson

Many descriptions have come out of the war about places and scenes on the battle fronts, but it remains for one Hereford GI to spend enough time in a hospital to break down the facts into cold figures. Pvt. Billy Hutson, son of Mr. and Mrs. Bill Hutson, gives a fairly accurate description of the Philippines in a recent letter home.

He writes "Perhaps you would like to know something of the Philippine Islands—Well, you can just ask me, because I've covered just about every foot of this island. Here is a general idea of the place; take the plains of Texas, add 3-4 of the Rocky Mountains and 1-4 of the rolling hills of Kentucky. Shake well. Add three billion mosquitos, one thousand different kinds of bugs, half a hundred species of reptiles, one hundred trillion trees (any variety) and sift and stir the mixture slowly until tangled altogether. Then take more water than you ever saw in your life and pour into above mixture. Bake in the hottest place in the world with 3-4 of the heat of Hades added, and then pour in the nearest garbage can and hope and pray you can find someone to carry it far, far away where you will never see it again.

"Don't let me fool you The Island isn't that bad—it's worse. The best way to visit the Philippines is . . . DON'T! If you feel that you must, don't try to see it all like I did. I really think I overdid the job a little."

IS YOUR CAR NEXT?

This Kind of "Graveyard" Ought To Give You The Shivers!

EVERY CAR that goes off the road hits America where it hurts!

But that can't happen to your car? Mister, do you realize that 5,000 cars a day are being hauled off to the junk-yard!

That's why your Uncle Sam has never stopped urging you to *Care For Your Car For Your Country!*

As a patriotic American who wants to get every bit of use possible out of his car, you'll want to do your bit—and your Phillips 66 Service Man will gladly meet you more than half way!

Take your car in to him regularly—once a week if possible. He'll help make those precious tires of yours last longer by checking air pressure... spotting cuts, bruises, nail holes... warning you when it's time for a recap. Also, he'll check your

battery, air filter, and cooling system.

Most important of all, make sure your car gets regular, point-by-point lubrication with the type of lubricants specified by the maker of your car. And when your Phillips 66 Service Man reminds you that a seasonal oil change is due—*heed his words*. They're mighty important to you right now!

The Phillips 66 Service Man—your neighbor—has a big stake in the future of America's cars. He knows, better than most folks, just how close many cars are to becoming useless—and how many of them can be saved.

So avail *yourself* of the Phillips Car-Saving and Tire-Saving Service at your nearest Phillips 66 Shield... the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

 R. A. Babcock of Sydney, Nebr. has been in Hereford this week attending to business interests. Mr. Babcock is president of the First State Bank of Hereford.

Streu's Diary

Dear Diary:

We sure have gotten in a lot of stuff this week—for the ladies' side of the store—a big shipment of that famous Chadwick China. Boy, it is pretty—and a few plain white plates, cups and saucers. Then we received a bunch of gift goods in that new plastic stuff—Lucite—surely does make nice picture frames and cigarette boxes. Nearly forgot to mention that case of toilet tissue—think we'll sell it 4 rolls to the customer—it's packed that way.

Guess people think we're liars 'cause we are still waiting for that 2500 feet of garden hose that was shipped from Louisville, Ky. the 1st of the month, but we've written the shipper to trace it down. May get it before fall. Did get a dozen lawn sprinkler, yesterday—not enough to do much good—lots of people needing them.

Got a promise of a shipment of four whole dozen pocket knives some time in July—bet we don't get them 'til September, tho'. We still have plenty of good flax water bags—haven't been able to buy a single water keg this season—shortage of coopers. Been sell-

ing lots of gear and wheel pullers—very handy little gadgets for the combine man. Have another shipment of those little fire extinguishers enroute—mighty cheap insurance for truck, tractor or combine—only \$1.25.

Been doing a bit of post-war planning lately—kinda mending fences—managed to get dealership for Clarion Radios—Simplex Ironers—of course we still have our Kelvinator franchise—and those Florence ranges are coming in soon—speaking of ranges, we have two of those special Grand Ranges—they still require certificates.

Got to close now, diary, on account the warehouse is full of glass and china from James and a great big shipment of toys and games for next Xmas—silly, isn't it?—buying toys in the middle of the summer—but it's buy now or do without. The folks better do their Xmas shopping early this year—everything is going to be scarce again—more so than last year. This reconversion thing is going to take some time.

That's all till next week.

Sunday Morning Ceremony Unites Miss Matilda Williams, Ens. Miller

Decorations of white, green and red provided an appropriate setting for the marriage service read Sunday morning uniting Miss Matilda Williams and Ensign W. E. Miller. The double-ring ceremony took place at the First Christian Church, at 8 o'clock with the Rev. L. W. Bridges officiating.

Mrs. J. R. Geffken lighted the tapers and Mrs. C. J. Mounitz sang "At Dawning," accompanied by Miss Thelma McMinn who also played the traditional wedding marches.

The wedding party stood before the altar, which was banked with greenery, and pedestals on which were arranged clusters of red and white canations with flanking candelabra holding white tapers.

Mrs. Clyde Whitaker was matron of honor, Miss Dorothy Banner was maid of honor and Miss Dorothy Nell Patterson of Clovis, N. M., was bridesmaid. All wore pastel shaded lace dresses with Dutch lace caps and wore pink carnation corsages. Junior Ward, home on leave from service with the U. S. Coast Guard, served as best man.

The bride who was given in marriage by W. J. Wilson, wore white lace with matching cartwheel hat and carried a white Bible topped with American Beauty rosebuds tied with white satin ribbon streamers.

Immediately after the wedding an informal reception was held at the home of Mr. and Mrs. Gilbert Hooper. The refreshment table was centered with the three-tiered wedding cake topped with a miniature Navy bridegroom and bride. Pink carnations formed a wreath around the base of the cake. Table appointments were in silver and lace. Mrs. W. A. Medlin presided at the silver coffee service and Mrs. Roy Thompson served the wedding cake.

Mrs. Miller who is a graduate of Hereford High School, received her degree in nursing at St. Anthony's School of Nursing in Amarillo this month. She is the daughter of Mrs. Viola Williams of Amarillo and a niece of Mr. and Mrs. W. F. Gilles of Hereford.

Ensign Miller is the son of Mrs. John Miller and is also a Hereford High School graduate. He has been in the U. S. Navy for the past two years and has spent the past year overseas.

Immediately after the reception the couple left for San Diego, where he is stationed with the Naval Air Corps.

BTU PARTY GIVEN ON RAMEY LAWN

Business and Professional Group of the Baptist BTU was entertained with a lawn party in the attractive back yard at the home of Mr. and Mrs. Sank Ramey Tuesday night.

Those attending the party were Mr. and Mrs. S. B. McLallen and children, Mr. and Mrs. Owen Stagner and children, Mr. and Mrs. Jack Kirksey, Mrs. R. H. Cagle and children, Mr. and Mrs. Travis Caraway, Mr. and Mrs. Jimmie Allred, Finis Owen, Miss Gracie Knowlton, Mrs. Ed Moreland, Mr. and Mrs. Frank Watson, Mr. and Mrs. D. C. Kinsey and son, Louise Young, P. W. Hamilton of Smithville and the hosts.

SUB-DEBS ENJOY SLUMBERLESS PARTY

Sub-Deb Club enjoyed a "slumberless" party at the R. P. Conaway home Tuesday night with Barbara Burney as hostess.

Games and music furnished entertainment in the evening and Wednesday morning a sunrise breakfast was the order of the hour.

Those in the party were Rosemary Phillips, Ann Bateman, Helen Ann Pitman, Beverley Fraser, Cherry Anne Forrest, Peggy Bernard, Helen Acker, Cecilia Guseman, Barbara Burney and Virginia Lyons.

Matilda Ramey is visiting relatives in Plover and Paris. She is the daughter of Mr. and Mrs. Sank Ramey.

Mrs. Geo. Garrison left yesterday after spending a few days in Hereford with old friends. She is a former Hereford resident and now lives in Corpus Christi.

Wheat Harvest

(Continued from Page 1)

or better; and yields reported all the way from four to 20 bushels an acre on dry land wheat.

At Westway the wheat was better than anticipated and at Dawn the yields were varying from five to 20 bushels per acre with much in the ten bushel class. In the Wyche community,

the production was from four to 15 bushels and at Messenger most fields were producing about ten bushels to the acre with the greater part of the harvest expected to be underway by next week.

Despite the fact that the wheat crop is better than expected, no such serious storage problem exists as was faced last year and local elevators are well-equipped to handle the crop, most of which is being sold and very little put into government loans as yet, as the market price has been running consistently higher than the loan rate of \$1.38 a bushel.

Messenger

MRS. J. N. MESSENGER

Most of the wheat in this community is averaging 60 pounds to the bushel. Average on bushels to the acre is 10, but not many have started harvesting as yet.

Mrs. Coleman's brother and wife from Elk City, Okla., are visiting this week in the Coleman home. Also visiting the

Colemans this week are Sgt. and Mrs. Dallas Coldiron. They are all hoping to be here when James Ray Coleman arrives from overseas. As yet, no word has been received from James Ray.

Otto Treider of Lazbuddi, south of Friona was killed when thrown from a tractor last Saturday. The broken tractor seat threw him from the tractor under the plow.

Commencement Service For Vacation Bible School Set for Friday Night

The Vacation Bible School which has been held at the Assembly of God Church for the past two weeks will close Friday night and the commencement program will be held Friday night. It was announced today by Rev. S. E. Eldridge, pastor of the local church. Hour for the commencement service is nine o'clock and the public is invited.

Interest and attendance at the school have been good, Rev. Eldridge said, and exhibits of all phases of the work will be on display Friday night.

Council Plans Federation Program for July

Plans for the County Federation meeting on July 27 at the Presbyterian Church, where federated home demonstration clubs will be in charge of the program, highlighted discussions at the H. D. Council meeting Saturday. Federated H. D. clubs are Wyche, North Hereford, Ford, Frio, South Hereford

and Westway and members of these clubs will receive their federation program assignments from the chairman of the council.

In response to inquiries concerning quick-maturing varieties of tomatoes, Miss Oliver listed Victor, Bison, Bounty, Firesteel, Break-O-Day, Earliana, June Pink and Bonnie Best as varieties which will mature in 90 days or less and can therefore safely be planted until well into July.

Reports emphasized the need for continued salvage of paper, fat and tin; and an outline of the local fat salvage picture showed that lack of containers and defects in the pick-up service have caused fat salvage to be below expectations for this

TWO VISITORS ARE HONORED

An enjoyable morning bridge party complimented two Hereford visitors Thursday morning when Mrs. D. C. Laird, Jr., entertained for Mrs. Burl Alexander of Ft. Worth, who has been visiting Mr. Alexander's parents, Mr. and Mrs. D. H. Alexander, and Mrs. Newt Gilliland of Kilgore who has been a guest of her parents, Mr. and Mrs. Henry Hastings, and other relatives here.

Red roses and larkspur were combined in decorations for the party, with Mrs. Gilliland making high score for the award. Mrs. Alexander received a guest prize.

Those attending were the two honorees, Mrs. J. T. Gillbreath Jr., Mrs. Ralph Hastings, Mrs. Louis Woodford, Mrs. Kellar Muse, Mrs. N. E. Milburn and the hostess.

ADRIAN 4-H CLUB HAS ALL-DAY MEETING

At an all-day meeting held June 15 at the J. G. Fortenberry home in the Bippus Community, members of the Adrian Girls 4-H Club enjoyed a covered dish luncheon.

Mrs. Roy Neaves was in charge of sponsor's duties for the day. Members present were Ivalene Kemp, Maudene Kemp, Norrie Jacobson, Chloe Dell, Anna Kate and Christine Fortenberry, Sarah Neaves, Dorothy and Joyce June Wagner and Betty Thuett.

The council voted to pay for any 4-H club pins won by girls in Deaf Smith County this year; and it was announced that yearbook plans should be in the hands of the yearbook committee by Sept. 1.

Council members present were Mesdames Earl DeHart, Joe Wagoner, V. P. Walker, C. F. Rickels, J. T. Richardson, Frank Wilde, Horace Hershey, W. A. Springer, Frank Watson, Tom Shields, George Heard, Steve Williams and J. G. Fortenberry.

WHY CHIROPRACTIC?

A large number of aged persons have discovered that the Chiropractor can be of valuable service in relieving diseased conditions. Ill health, due to spinal nerve interference, more often than not, yields to Chiropractic Care. It should be remembered that so long as life is sustained, there is VITAL NERVE FORCE capable of rebuilding and rejuvenating. The spinal column should no more be neglected by those along in years, than it should in childhood and youth. Elderly persons as well as young respond to spinal therapy.

Mr. and Mrs. Bob Standifer are visiting relatives in Ada, Okla. They were accompanied by her father, Mr. Nixon.

Guest in the home of Mr. and Mrs. W. A. Hunter recently was their son, Seaman 2-c Ullman Hunter who has spent the past three months in a Navy Hospital in the Hawaiian Islands. Also Warrant Officer Paul Williams who spent 18 months in the Aleutian Islands and served with Seaman Hunter in the South Pacific. With Paul were his mother, Mrs. Ruby Williams and her granddaughter, Diana Miles of Indianapolis, Ind.

Seaman Hunter has reported to an Oceanside, Cal., base for hospital treatment.

Phyllis Hunter of Slaton is spending several weeks in Hereford with her grandparents, Mr. and Mrs. W. A. Hunter.

Mrs. Clemie Dendy of Beloit, Kans., is visiting her father, S. J. Sanders, and other relatives. Jack Sanders and family of Clovis, arrived this week for a visit with his sister, Mrs. Dendy, and other members of the family.

Mrs. Nona Dalton, Mrs. Charlie Burdis and son and Miss

Nancye Millard of Amarillo visited in Hereford over the weekend.

Mrs. Tonie Edens and children, Mrs. Nona Dalton and Mrs. Charlie Burdis and son were visitors in Tulla and Plainview Saturday.

Kathleen Miller, who lives in Beaumont, is visiting her aunt and uncle, Mr. and Mrs. Wirt Phillips, and other relatives. She plans to spend most of the summer here.

Gladys, Homer, and Ava Gene Gore and Roy Flowers visited Mrs. L. O. Gore in Oklahoma City last week end. Mrs. Gore is receiving treatment at the McBride Hospital for a broken arm and hip. She was injured here about five weeks ago when she fell. Mrs. Jack Flowers and Mr. Gore are staying in Oklahoma City with Mrs. Gore.

Mrs. Hedrick Visits Nephew, Returned POW

Mrs. E. B. Hedrick is in Palestine where she is visiting relatives and will attend a family reunion in honor of her nephew, Lt. Chik Reeder, U. S. fighter pilot who is back in the States after his liberation from a German P. O. W. Camp. Lieutenant Reeder saw action in the North African, Sicilian and Italian campaigns.

THIS WEEK . . . AT THE USO

Thank you, GSO girls, for your service to the USO this past month. You have been an inspiration to the sponsors and the USO officials. The men have appreciated having you around the USO more too. Excluding the attendance at parties 19 girls have spent 53 hours at the USO this week.

Mrs. Whitver started the craze by making a butterfly out of shells. Then Troyce Stambaugh made a smaller one which gave Texie and Lee Etta the idea for earrings. Now we have butterflies all over the place.

It pays to advertise—last week we wrote that we needed iced tea glasses and a lamp shade. Now we have them, thanks to Mrs. E. J. Hudson and Mary Broadwell. Now what we need most is a janitor—or custodian for two weeks, until our present one gets back from furlough. It takes only two hours each morning so anyone wanting a little extra cash—please apply.

Our flowers were brought in last week by Mrs. D. H. Alexander and Mrs. Alec Thompson. We understand that the latter brought hers to Sgt. Jim. Now it wasn't because Jim was sick but we did hear that the

Texas sun had done terrible things to his back, and anyone hitting him on his back would probably be minus any stripes that he happened to have received from Uncle Sam.

We sometimes wonder how the authorities decide on who will be the M. P. We have had a number of M. P.'s but the last change that was made was a surprise. We thought you had to be fat and over 35 when along comes Jimmy Stewart who is anything but fat.

The wives are still meeting on Tuesdays and we would be glad to have any newcomers join us. Last week Mrs. Edelschick made our cake and this week Mrs. O'Neal made it.

Sgt. Allen was sent to Ft. Sam Houston for several weeks so we won't be having any orchestra dances for awhile. We only hope Mrs. Allen doesn't decide to follow him.

We are missing Hilda Woodward. She left for Lubbock and Ft. Worth on Friday morning. And the Meachams left on furlough that morning too. We are missing them. The Birches and Nehamkins were due to leave yesterday. It seems as though someone leaves every day, but the good thing about it is that they all come back. Paul Collier and Cybeck came back this week. So did Lefty Halsted and Pvt. Ross. We don't know how they managed it but they went on furlough without their wives, something almost un-

heard of. Judging from what we hear, the wives look forward to the furloughs even more than the men do, so Halsted and Ross will probably be offered high sums of money if they will disclose how they managed to get away without the wives.

We tried a different kind of entertainment this week. Instead of holding our dance at the Clubhouse—we held it at the USO. Each girl made an apron with a bow tie to match for her dancing partner. There were some very pretty aprons—proving that femininity hasn't gone completely out of style. The floor was well filled most of the evening and everyone reported a good time.

The program for July looks very inviting. Clip it out and save it for future reference:

July 2—Picnic—G S O girls in charge—each girl bring sack lunch for two. Leave USO at 7:30.

July 9—Dance and games at Clubhouse—8:30.

July 16—Picnic, Buffalo Lake—Chicken fry—Leave USO at 7:00.

July 23—Dance—Club house, 8:30.

July 30—Swimming Party—Gem Lake, Amarillo. Leave USO 7:30. Mrs. Fluit and Mrs. Paetzold have agreed to act on the entertainment committee as well as on the sponsor committee. We appreciate their interest and cooperation.

Harvest is in full swing in this vicinity this week with most of the wheat making a much better yield than was anticipated. Combines and trucks are scarce but several farmers have completed or will complete their cutting this week. Hot, dry winds have hastened the ripening of the later wheat.

Rev. Marvin Boyd was unable to fill his appointment here Sunday. There were 36 present at Sunday School. Glen Wilson gave his birthday offering. Visitors were Wanda Joyce, Mamie and Dayton Gail Fulkerson of Roswell, N. M.

Mrs. Grace Little was hostess at a supper Saturday night at her home honoring M-Sgt. Erman Campbell who is home from England. Those present besides the honor guest were Lt. and Mrs. Wayne B. Little of Pyote, Pvt. Leland McMurray of Brownwood, Mrs. McMurray and Leland, Jr., Miss Jewel Clark of Summerfield, Mrs. Ralph Johnson and Jackie Lynn, E. H. Little, Jr., and Mrs. Little.

Mr. and Mrs. Moody Stephan and family attended a family dinner at Summerfield Sunday.

Mr. and Mrs. Emery Burks and boys were guests Wednesday in the Clarence Morrison home. They are here from Gravatt, Ark., to do their harvesting.

Ed Carpenter and friend of Hereford were guests Thursday night in the Clarence Morrison home.

Mrs. J. E. Morrison and Marvin of Hereford were dinner guests Monday of Mr. and Mrs. Clarence Morrison and family.

Mr. and Mrs. B. P. Fulkerson and family of Roswell, N. M., were visitors over the week end of Mr. and Mrs. Robert Boyd and family.

Mrs. Ruby Sowell and Mrs. Madge Grimm and children of Hereford were callers in the home of Mrs. J. C. Morrison Thursday afternoon.

Mr. and Mrs. Clinton Jackson and children were dinner guests Sunday in the Robert Jackson home in Hereford.

Buddy Lawrence of Pampa was a guest over the week end of Mr. and Mrs. Nathan Lee Thomas at the John Kaika home.

Mrs. Guy Lawrence and daughters and John Ross of Hereford spent a couple of days last week in the R. M. Gunn home helping paper.

Miss Pat Scott is spending several days with Mrs. Don Combs while her parents, Mr. and Mrs. Earl Scott are on vacation.

A house warming which included a shower was held last Wednesday for Mrs. Davis, who lives on the John Cavin place. The Davis family saved practically nothing when their home burned several weeks ago. They have just moved into the new house which has been built.

Miss Evelyn Luke returned home this week from Austin where she has been attending Texas University.

Mrs. Pauline Albracht and Mrs. Parker attended a bridal shower at Hereford Wednesday for Mrs. James Wilde.

Johnnie B. Caraway was a visitor at Littlefield Wednesday.

Miss Marcella Olsen of Canyon visited Saturday night and Sunday in the home of Mr. and Mrs. H. H. Miller.

Mr. and Mrs. Todd's baby has been in the hospital in Hereford this week.

A farewell party was held at the school house Monday night for Rev. and Mrs. R. M. Parsley who moved Monday to Abilene where he plans to attend Hardin-Simmons University.

The Baptist Associational Worker's conference was held here Thursday.

Visitors in the home of Mr. and Mrs. W. C. Neill over the week end included George W. Neill of Amarillo Airfield, Mrs. John Graham, Mrs. George Neill and Mr. and Mrs. William Neill of Lubbock.

Members of the young people's Sunday School class enjoyed a party at the school house Friday evening. Among those present were Mary Frye, Ann McCabe, Wilma Jean Miller, Carrie Belle Smith, Dorothy Airhart, Sallie Womble, Neta Jo Moore, Tommie Airhart and Ted Fain.

Sixty-two persons were present at Sunday School this week. Rev. Baucum of Atlanta, Tex., filled the pulpit for both worship services.

Rev. Baucum was a guest Saturday night in the home of Mr. and Mrs. Johnnie Womble.

Mrs. Hollis Welborn has received word from her husband that his ship has arrived safely at port overseas. He is in the Navy.

After the gifts were opened, refreshments were served to Mesdames Don Combs, Elmer Combs, Manuel Hawks, M. S. Roe, Hughes Millard, Paul Rudd, Muri Parker, Clinton Jackson, Grady Wilson, Clarence Morrison, Talbert Rice, Miss Pat Scott and Mrs. Davis.

Norman Bartlett celebrated his ninth birthday with a party Sunday afternoon at the home of his parents, Mr. and Mrs. N. D. Bartlett. After the games, Norman lit the candles on the cake and made the customary wish. Punch was served with the cake after which the gifts were opened.

Norman's guests included Bobby Schroeder, Larry and Walter Lynn Kaul, Franklin, Sue and Twila Springer of Hereford, and Patsy, Bobby, Don and Becky Jackson. Mr. and Mrs. Earl Springer of Hereford, Mr. and Mrs. Clinton Jackson, and Mrs. Merlin Kaul were also present.

Sgt. Hooker in China

AN ADVANCED AIR BASE, China—Tech. Sgt. Kenneth F. Hooker, 23, of Hereford, has arrived in the China Theater from the U. S. and been assigned to the 14th Air Forces Chinese-American composite wing.

Sgt. Hooker, an airplane mechanic, will serve with the "Gambay" medium bombardment group, which is made up of both Chinese and American personnel.

A former resident of Sapulpa, Okla., Sgt. Hooker is a graduate of Sapulpa High School and was

a farmer and truck driver at Hereford prior to entering service on Oct. 11, 1939. His wife, Mrs. Mildred L. Hooker, lives in Hereford.

Navy Veteran Visits Here

Chief Ph M and Mrs. O. J. Rosenbaum visited in the home of his sister, Mrs. Jno H. Burnett and family last week and from here left for Altus and Duke, Okla., where he will visit other relatives prior to reporting back for duty.

Rosenbaum arrived in the States on June 8 after spending 22 months in the Pacific aboard an evacuation ship. His ship was hit by a Jap suicide plane on April 28 and came back to the States for repairs.

Rosenbaum wears the American Theatre of Operations ribbon, the South Pacific ribbon with one bronze star and the Philippine ribbon with one sil-

ver star.

Whitaker in Truck Co. Cited for Performance.

WITH U. S. FORCES IN GERMANY—T-5 Woodrow W. Whitaker of Hereford is a member of the Yellow Diamond Truck Company which has handled more supplies after VE-Day than at any time during the war in Europe. The Yellow Diamond Highway, motor transport route running from Nancy, France, to a point on the Italian border, handled an average of 10,000 tons a day in the period following Germany's surrender.

The increase in tonnage is explained by the fact that the company has been supplying idle combat units and hauling displaced personnel and prisoners to rear areas and American units to out-going ports.

Before VE-Day, the truck drivers in Whitaker's outfit rushed gasoline and ammunition to the front 24 hours a day in spite of strafing and some werewolf activity. They averaged better than 40 trucks dispatched a day.

Receives Combat Badge

WITH THE 103RD DIVISION OF THE 7TH ARMY—T-6 Reuben C. McGilvary, Jr., of Hereford has been awarded the Combat Infantry Badge for outstanding performance of duty with the 103rd Infantry Division in ground combat against the enemy. He is serving with the 410th Regiment of the Cactus Division.

Wilson's Carrier Sets Record

ABOARD THE AIRCRAFT CARRIER, U. S. S. HANCOCK in the Western Pacific—Grady W. Wilson, Jr., S2-c, shares this carrier's unequalled one-day record of 71 enemy aircraft shot down, 19 probably downed, eight destroyed and 12 damaged on the ground during a raid over the Tokyo area on Feb. 15, 1945.

Before this performance, the Hancock had gained fame by bombarding Okinawa for eight straight days, during which the record of 600 individual plane strikes was set. Result was ten ships sunk, including three attack transports, a sub tender and a large tanker, with 22 Jap aircraft and industrial and chemical plants destroyed.

Each crewman has eight solid pages of battle actions and commendations entered in his service record.

Receives Good Conduct Medal

STROTHER FIELD, KAN.—Pfc. Olaf G. Bohannon, son of Mr. and Mrs. T. E. Bohannon of Van Nuys, Calif., and formerly of Hereford, has been awarded the Good Conduct Medal at this 72nd Fighter Wing Base of the 2nd Air Force.

Boyd and Wilkins

Meet on Aircraft Carrier
A surprise visit aboard a U. S. Aircraft Carrier somewhere in the Pacific was enjoyed recently by Charles A. Boyd, AOM 1-c, and Lt. Bud Wilkins of the Marine Air Wing, according to a letter written by Boyd to his mother, Mrs. C. R. Boyd of Dahlart.

"Mom, just think of it," Boyd writes, "meeting someone from home way out here on the Pacific—and someone I had gone to Hereford High and played football with... maybe you don't think the Navy and the Marines didn't get their heads together."

Keeler on Furlough

After spending many months in the Pacific with the U. S. Marines, Cpl. Reece Keeler is at home enjoying a 30-day furlough with his parents, Mr. and Mrs. J. O. Keeler of Hereford. Serving as a mechanic in the Third Amphibious Tractor Battalion, Keeler has been based on New Zealand and has taken an active part in the operations on Guadalcanal, Rendova, Bougainville, Guam and Iwo Jima.

Susan's bath is the last of four

The water's hot... and there's gallons more!

AH!... WHAT FUN it will be to live in a house where even the faucets are touched with magic! Where a faithful automatic gas water-heating system keeps all the hot water you need constantly on tap!

Ample Hot Water Is Essential Need
In Modern Homes

Modern living standards in America demand a supply of hot water at uniformly correct temperatures between 130 and 140 degrees Fahrenheit available at any time of the day or night. At these temperatures, hot water provides the greatest usefulness for the upkeep of the home and the health and physical well-being as well as comfort of the family.

An automatic gas water heater provides the practical means for this standard of hot water service, and is the most popular equipment for the purpose because of its reliability and economy.

The economy of a gas water heater results from an easily controlled and dependable automatic device which turns on the gas as required by the household needs for hot water, thus using precisely the amount of fuel necessary, no more, no less.

Weston A. Price, world-famed dental scientist and anthropologist.

Describing the town itself, the brochure gives a complete picture of all commercial and civic advantages, the current transportation arrangements and the possibilities for post-war development in this field, including the routing of air lines through Hereford.

The brochure gives complete discussion of the varied types of farming carried on in this area, pointing to the advantages which would be contributed by Deaf Smith County agriculture to a Shrine Hospital located here; and in conclusion, the brochure emphasizes the cooperation which may be expected from the people of this community in such a project.

Around Town

(Continued from Page 1)

Maybe we ought to rename this column and call it "Employment Notes." At least, it looks as though the high school kids have just about taken over the business life of Hereford and here are some more who are working: Erma Cross at the News Stand; Pat Corbett taking brother Roger's place at Fox Man's Shop; Helen Acker at Pitman Grain, and LaNelle Oaks at the Star Theatre.

Jasper Cockrell can't draw blueprints; in fact he admits he can't even read 'em. But give him a picture, without any plans whatsoever, and he will proceed to make a model. For instance, he has built a very serviceable, folding lawn chair with no other plans or model than a small magazine pic-

ture.

Menard Koelzer, son of Mr. and Mrs. M. H. Koelzer, has sent his parents a nine by 16 foot Nazi flag, for which they have not yet thought out a suitable use; but anyway it's an impressive souvenir.

Ralph Fullwood has decided that bad luck is on his trail. Last week he was ready to take his solo flight test and lost his billfold containing birth certificate and other papers, identification pictures, etc.—and there is a certain amount of paper work, even in flying, so the test was held up until new papers could be secured. Ralph would still like to have that billfold back.

Wheat Roots

(Continued from Page 1)

structure, which Erickson is convinced holds the secret of the good teeth and general good health of local residents, has been analyzed for calcium carbonate equivalent to a depth of eight feet; and the story, says Erickson, thoroughly confirms geologist's theories of the formation of local soil.

Soil Analyzed
In the black top layer of soil the calcium content is low—1.58 per cent at one foot depth, 8.08 at two; but thereafter the heavy limestone-caliche base is hit and the calcium content jumps to 44.53 per cent at three feet and a maximum of 49.95 at four feet, the calcium content thereafter decreasing to 33.20 at five feet, 11.45 at six feet, 23.18 at seven feet and 23.08 at eight feet.

"But there is the story," says Erickson, "your wheat roots—and we now know your potato roots—go deep enough to derive the benefit from this high calcium content soil; consequently foods produced here are rich in minerals."

Winds Responsible
As to why the mineral-rich soil is here, Erickson says it is the result of the location of the Deaf Smith plateau. Winds coming up from lower altitudes hit the caprock wall to form a continual eddy over the Deaf Smith County area, depositing the lime-rich soils from the rough cap-rock country. Rains soak these deposits through the topsoil, the prevailing depth of moisture being reflected by the heaviest deposits at three and four feet. Calcium content decreases thereafter because only once in several years is there sufficient moisture to soak down to the lower soils. Judging from past excavations, Erickson was pretty sure

of the results when he started his wheat root excavation here; but he admits that the potato root penetration was surprising. The root system, branching off into thousands of hair-like strands, actually goes through the heavy calcium deposit. And this penetration has been made in a little over two months, the potatoes having been planted Apr. 9.

Make Potatoes "Heal"
This brings definite facts to bear up the contention that potatoes produced here are unusually high in mineral content. It also points to a clue as to why potatoes, bruised and cut in digging, actually heal over—a condition which potato farmers say is unique in this area.

Erickson's excavation of the wheat root system was carried out for the Fraser Milling Company of Hereford, which cooperated with the Hereford Chamber of Commerce in sponsoring the potato root excavation.

Nightmare Trip

(Continued from Page 1)

was," Hartman says, "But a lot of the boys were in the same boat."

Trip was Nightmare
So far as Hartman is concerned the real stand-out experience of his life in Germany is the nightmare of moves to new camps, starting with a trip from Jeraldstein to Stalag IV-D—a distance of about 150 miles, which Hartman's group made in ten days, riding in a box car (about half the size of the American variety).

"We were packed 60 to a car," he says, "And we took it time about, 30 men standing and 30 men sitting."
"This car had evidently been used to haul livestock," he adds, "And there was just one small, foot-square vent—like we have in wheat cars over here; but this one smelled like no wheat car on earth."

Train Bombed and Strafed
The hazards of this nightmare trip were increased when the train was bombed on Dec. 23 by American or British planes—"probably American," Hartman said; then on the 25th, they were strafed by P-38's. Later on, Hartman and fellow prisoners were put to work at the railroad yards at Halle, Germany and lived in barracks in the yards. "All during March we were bombed continuously," he says.

Liberated by 69th Inf.
On April 1, the prisoners were moved out of Halle in an effort to prevent their liberation

by the Russians and the Western Allies and on Apr. 24 they almost ran into the Russians. But according to Hartman the German fear of the Red Army is not exaggerated, and the German guards got out of the Russian vicinity just as fast as possible, marching their prisoners practically into the American lines.

Near Werzen, Germany occurred what Hartman calls "the happiest day of my life." For it was there that he was turned over to units of the 69th Infantry Division and an American captain and lieutenant in a jeep flying the Stars and Stripes arrived to end offi-

cially, four months of captivity.

Gained 50 Pounds
From Naumburg, Germany, Hartman was moved to Camp Lucky Strike near La Havre, France, and there he spent his time gaining back the 50 pounds which the rigors of prison life had cost him. At La Havre too, he enjoyed the first clean clothes he had worn since December. (Red Cross clothes packages had been distributed at one camp, Hartman said, but he gave his allotment to some other boys who "needed it worse.")
"Mostly I've just been spending my time sleeping and eat-

ing," says Hartman, "I haven't turned a hand since I was liberated and I figure it will take the rest of my furlough just to 'catch up' on some of that food and rest I missed."

Hartman arrived in Hereford last week for a visit with his sister, Mrs. Gordon Wither-spoon, and other relatives; and from here left this week for Colorado, where he will visit his father, G. C. Hartman.
