Do You Remember?

OCTOBER 20, 1905

One of the most exciting scenes in the late history of the Panhandle was viewed here on last Thursday evening by a crowd of Missourians as well as local residents, the principal and only feature of the hour being a genuine "Texas Badger Fight," given for the benefit of Messrs. J. H. Van Hoose and Ben C. Taylor of Webb City, Mo. The badger was imprisoned

at the livery stable of Carter Bros. and it was arranged to match him against the shepherd dog belonging to Joe Carter. . . . Betting run high, the odds being two to one in favor of "Shep." F. L. Miller, the genial livestock commission man, was master of ceremonies while the honor of pulling the badger was conferred upon Mr. Van Hoose. . . . The badger was the victor in the cruel contest, notwithstanding the fact that he was crippled.

Rev. O. W. Dean of Rosebud has accepted the call to the pastorate of the Baptist Church at this place and will arrive with his family next week.

Miss Maggie Eubanks, Miss Ethel Jacques of New Mexico, Ira Cochell of Umbarger, Loyd Garrison of Canyon City, and Jewel Calloway are new students at the college.

EDUCATIONAL COLUMN: Some bright-eyed little searchers of the second grade have found many beautiful autumn leaves even on the Plains, and are making their October decorations with them.

OCTOBER 22, 1925

The first frost of the 1926 season arrived last Monday morning and it was a good, hard, white one at that. Thin ice was noted on the tops of the water vessels Tuesday morning when a lighter frost occurred.

A partial list of individual prizes won at the Dallas Fair by Hereford people is as follows:

Fun--And Real Achievement Reward Of Volunteer Camp Fire Leaders

Goal of the Camp Fire Girls 1945 membership drive is enrollment of enough leaders to permit enlistment of the 50 Hereford girls who are already eager to share Camp Fire fun and fellowship, according to Miss Claire Barricks, field secretary, who was in Hereford last week meeting with Camp Fire groups, holding training courses and assisting in the organization of a council.

In making the announcement Miss Barricks said that she was in agreement with a recent statement by Dr. Bernice Baxter, president of the National Council of Camp Fire Girls.

"We have no difficulty in enrolling girls," Dr. Baxter says, "Our principal problem is to demonstrate to adults that they can have a really good time working with the girls and that they have a responsibility to do so. Too often they fail to realize that adult apathy is the real cause of juvenile delinquency."

"For 33 years Camp Fire Girls have been creating the kind of atmosphere which prevents delinquency by providing opportunity for full spiritual, moral and physical development of American girls," Dr. Baxter states. "In Camp Fire they find companions of their own age under conditions that lead to wholesome, lasting friendships. Under the leadership of the finest people of the community . . . Camp Fire prepares girls to be good citizens of their community, of their country, of the world."

Camp Fire training programs, such as those held here last week, develop the natural leadership abilities of the persons taking the course; and while many persons take leadership positions purely from a

sense of community responsibility, in most instances they soon find themselves having as much fun as the Camp Fire Girls themselves. But the crowning result of acceptance of leadership duties, according to experienced workers in the program, is the sense of satisfaction derived from a part in the important job of helping to build America's future through the training of future homemakers. Camp Fire work builds the skills and attitudes which will contribute to the happiness and well-being of American families in the future.

GET READY FOR WINTER

Better go over your house from roof to basement—and take stock of what has to be done to make it able to face the rigors of cold and wet weather without discomfort to your family—and without deterioration of your structure. Now is the time to see about leaky roof repair, weather stripping, insulation, and fitting of storm windows and doors. Don't delay this important planning for the welfare of your family and the protection of your property. You will be surprised at the difference it will make in your gas bill this winter too.

Of course, you will not overlook making sure your gas heating equipment is in proper working condition. Clean dust and lint from gas heaters, floor furnaces, etc. If repairs are needed, make them at once. Get your equipment in working order so you will be ready for winter when it comes.

Lightning Strike Thrice?

YES NO

Even if it scores a knockout first crack, lightning can still jolt the same spot some more! It often does. Another accurate weather fact is that you'll step up your aging car's chances this Winter by OIL-FLATING the engine's insides. You want Conoco Nth motor oil for this protective OIL-FLATING. Conoco Nth oil's great wear-fighting method is this: it employs the magnet-like action of its added ingredient to make metal and lubricant join up! This creates OIL-FLATED surfaces—no longer all bare to frictional wear and corrosion. Hence there's less cause for carbon—sludge—breakdown. And surfaces kept OIL-FLATED even at a standstill are ready for quick safe Winter starts. Your engine and battery both say, "Conoco Nth for Winter—today!"

Whitefaces Polish Off Dalhart To Top-Heavy Score of 60 to 0

Making it two conference victories in a row, Hereford's Thundering Herd went on a 60 to 0 scoring spree Friday night against an outclassed crew of Dalhart Wolves who fought gamely but were powerless to stem the Whiteface attack or to get into scoring position when they had the ball.

Receiving the ball on the kickoff, the Whitefaces made two first downs, then lost the ball on fourth down to give the visitors a scoring chance. After making a first, Dalhart fumbled, and Hereford's second touchdown try was good with Worrell totting the pigskin and the extra point kicked by Davis.

Receiving the ball deep in their own territory, the Wolves were unable to make a first down against hard tackling by Lueb, Close and Worrell and the Whitefaces methodically punch-

ed the line and circled end to bring the score 14 to 0 with Bishop making the second tally. After the Wolves had lost the ball on downs, the Whitefaces were back in possession as the quarter closed and kicked on the fourth down to put the ball deep in Dalhart territory, where the Wolves were forced to kick after finding no weak spots in the Whiteface line. After two short runs by Davis and Higgins, Bishop scored and the conversion was good.

Stopped cold at the Whiteface line by practically the entire Hereford forward wall, the Wolves again lost the ball and Right Half Bob Davis made the fourth touchdown of the evening after successive first downs by Bishop and Close. The Whiteface punt was low, leaving the score 20 to 0 at the half. Dalhart, stymied on their own two yard line, made a high, short punt to leave the Whitefaces in pay dirt territory, ready for a touchdown, by Bishop, with no extra point on the kick.

After the substitution of a nearly complete new Whiteface eleven, the Herd thundered into scoring position in two plays and a touchdown by Davis, was followed by a precision kick which brought the topheavy score to 40-0.

After Lueb's recovery of a Dalhart fumble, the Herd took to the air in what turned out to be their one unsuccessful exhibit of the game. Passes from Bishop to Lueb and Davis were incomplete and the Maroon and White lost the ball, though a fancy punt by Davis put them back in position ready to score; and again they tried passes, with Bishop and Lueb failing to connect on two attempts and Davis snagging the ball on the third aerial try to go over for the touchdown. Close's kick was wide—which must have made the boy mad, for he proceeded to receive a Dalhart kick-off and make the score 52-0, with the extra point following in due order, and another touchdown by Davis—with a routine conversion point, bringing the score to 60-0 when the final gun sounded.

Southwestern PUBLIC SERVICE Company

THIS WEEK ... AT THE USO

With the opening of National Letter Writing Week, Oct. 14 to 21, USO Council is calling on the public to KEEP letters going to service men still away from home. As long as our servicemen and women are away from home, we can keep our families united in thought through letters, and keep those homes strengthened. Any person in the service will tell you readily, that one of the most important times in their lives is MAIL CALL.

Our own USO records of letter-writing activities show that servicemen stationed in our POW camp here are not forgetting their families. Since Jan. 1,

approximately 4300 pieces of mail have gone out from our letter box. National USO reports that during this same period that 75,000,000 pieces of stationery and envelopes were distributed to clubs throughout the country.

HAVE YOU GIVEN TO THE WAR FUND ? ? ? ? IN giving your share in this great work of keeping the family ties of our nation knitted together. **GIVE NOW.**

This week our USO has been made more charming and cheerful by flowers brought in by the following: Mrs. Homer Brumley, Mrs. Dave Alexander, Horizon Girls, Mrs. Lynn Kester, Mrs. Warren Daniels and Mrs. Ray Johnson. Thanks.

Danny Wainwright, who was sent to Amarillo temporarily, is back with us again. It's nice to have him, and we extend a welcome home to him.

Pete Sejan, has been sent to Childress, but he is rather like a bad penny, he returns often. We are glad to have him come back for visits. It's really hard to tell which he is most interested in, the bank employees or his "good black and white dog" . . . ?

Good Ole Pumpkin Pie, baked to a delicate brown, sprinkled all on top with spice, was the treat for the Servicemen's Wives Luncheon Tuesday. Mrs. O'Neal brought them, and they were really delicious.

One of the most interesting items posted on our bulletin board this week is a letter from Mrs. Olson. She writes that they are getting all settled in their new home, but that she misses everyone at Hereford. Well she is greatly missed around the USO Center too.

Mrs. Sheffy and Mrs. Boren of Dimmitt, called at the USO this week, to visit with the hostess and to see shell craft items. Was nice having them.

We are truly grateful to Mrs. Beulah Mercer for serving as Hostess-Secy. in the absence of Mrs. Manjeot this week. Mrs. Manjeot was confined to her home with "flu" and severe attack of asthma for several days. Was nice having Mrs. Mercer, and we want her to come again.

The following is a copy of a news item, which was published in the USO REPORTER, which is published in New York.

Hereford, Texas — Interest in shell craft has continued with the equipment in use by one or more everyday. A class for Hereford children is being started. One class was held the week in July with seven children attending. A soldier's wife conducts the class.

A large number of our men are leaving this week and next. It will be lonesome without them, but every good wish goes with them, as they return to their homes where they most want to be. Wish we could give all their names but since we do not have a complete list, will not try to give their names.

Mrs. Johnson and Mrs. Kadalac, are certainly going to be missed on our Wives Luncheon Days. Mrs. Johnson always set a splendid example of good behavior and Mrs. Kadalac was always most charmingly attired. Good-bye dear friends and good luck and happiness.

By MRS. MERLIN KAUL

A dinner held at the home of Mr. and Mrs. Joe Landers Sunday celebrated their 25th wedding anniversary. The wedding table was centered with a two tiered cake which was baked and decorated by their daughter Mrs. Ralph Johnson. White candles in crystal holders and pastel colored sweet peas completed the setting. After the honored couple had cut the cake, the dinner was served buffet style. Pictures were taken after dinner of the group present.

Those present included Mr. and Mrs. A. V. Henderson and son Burl of Plainview, Mr. and Mrs. Lewis Patterson and Mr. and Mrs. Cawthon Bryant and John David of Hereford, Mr. and Mrs. R. M. Little Lee McMurray, Jr., gave his first birthday offering at Sunday School.

We are sorry to hear of the serious illness of Mrs. H. C. Matteson of Hereford. Several from here called on her the last of the week.

Daniel Turrentine writes an interesting letter to his mother Mrs. Al Werner. Daniel has been on Guam, but was enroute to Tokyo. He says that Guam time is 15 hours ahead of our time. He recently called on S. J. Cook from this community who is also on Guam. S. J. hauled him and some friends all over the island which is 8 by 11 miles, and covered with dense tropical growth. There has been much rain and so was quite muddy and damp. S. J. showed the boys his fur lined fox hole, built on the edge of the jungle. It had canvas tent top with screen walls. S. J. says it is cool and quiet.

Way T. Ridgeway has returned from the Veterans Hospital at Fort Worth. He is the brother of his sister Mrs. Al Werner. He expects to leave soon to return to his home at Mexico, Mo.

Mrs. Wayne Little left Sunday morning to join her husband in Roswell, N. M.

Mrs. Maurice Tannahill entertained with a party Tuesday

a piece of luggage was lost. This was found by J. A. Loerwald who brought it to the USO Center. Word was sent to the sailor, who was in the POW Camp Hospital, and when he was released he came in and claimed the luggage, and we got to know him, and wish him Godspeed on his trip to Milwaukee.

Watch bulletin boards, at the USO and the Camp for announcements of next weeks activities.

We are in need of some volunteer host and hostesses. If you can serve please call 79 or 282-J. Please.

FIRST DOOR SOUTH OF THE FIRST STATE BANK

WHAT'S IT WORTH ?

You CAN make a cultivated pearl by dropping a grain of sand inside an oyster. The oyster surrounds this irritating grain with a secretion. Slowly, the pearl grows!

Your Bonds work the same way. And they're a lot more convenient than oysters.

If you keep the Bonds you now have till maturity, they'll be worth four dollars for every three you invested. And if you keep on buying more and more Bonds, you'll find you've done an amazing thing—accumulated enough to make many a dream come true!

Keep buying Bonds—and hang on to them! For security. A home of your own. College for your children. Leisure in your older years. For those Bonds are the safest investment on earth!

When it's as big as a seed, you might remove it and sell it. It would be worth something—not much, but something.

But you'd be much wiser to leave it there—month after month, year after year, while it continued to grow. By and by it would be worth much more. And if, at the same time, you went on growing more and more pearls in more and more oysters—you'd be surprised how your fortune would grow!

Garden Club Plans for Flower Show

Tribute to military men is theme for the annual event and special flower arrangements will be featured in their honor. Plans and preparations for the annual flower show which will be held October 26, made up the program for the Garden Club meeting held Friday afternoon at the home of Mrs. Dennis Barnard. Mrs. E. E. Fridley and Mrs. Fred Axe gave the lesson bringing out important points on flower and vegetable grooming for the scheduled show. They discussed in detail what flowers and vegetables to select for the show, the time for gathering and what to do in the way of pruning and trimming for showing. Illustration of the program was an arrangement of chrysanthemums to be used on a living room table. The arrangement was made by Mrs. N. E. Gass and Mrs. C. D. Kelton, who used bronze colored blossoms in a brown pottery bowl. Members of the club attending the meeting were Mesdames C. D. Kelton, D. H. Alexander, Fred Axe, Lyle Blanton, E. T. Brooks, Roy Crutchfield, O. H. Culpepper, C. C. Ferguson, W. S. Fluit, E. E. Fridley, N. E. Gass, E. W. Harrison, O. G. Hill, Lynn Kester, John Jacobsen Jr., Will S. Kern, Jim Lipscomb, F. H. Oberthier, E. Ramey, John Robinson, Harry Seed, John P. Slaton, C. R. Smith, O. G. Calhoun, Miss Sadie Lee Oliver and the hostess.

Ground breaking services were held last week for the Baptist Church building. Rev. Dick Cagle of Hereford had charge of the services. Special visitors included Mr. Neal, Mr. and Mrs. Ricketts and A. O. Thompson of Hereford. J. D. Pruett of the U. S. Navy left Sunday for his base in Virginia after spending a leave here with Mrs. Pruett and sons. The Pruett family visited last week end with relatives at Mangum, Okla. Major and Mrs. Harold Richardson and son of Denver, Colo., arrived last Saturday to visit in the home of her father, H. H. Miller and family. Major Richardson returned early this week to Denver. A recent visitor in the Miller home was Sgt. Burton Olsen, brother of Mrs. Miller, who recently returned from Europe where he served with the First Army. Mr. and Mrs. Edgar Lemons visited Sunday with relatives at Earth.

Mr. and Mrs. Jess McCollum of Sebree, Ky., have returned to their home after a short stay here with Mr. and Mrs. J. A. Pitman. Mrs. McCollum and Mrs. Pitman are sisters. Captain Johnson had spent the past two years in overseas service and they were enroute to Los Angeles, Calif. One of these days some of our little colleges are going to be mighty embarrassed, when more men report for football than are enrolled in school.

Streu's Diary

DEAR DIARY:

You should see those beautiful Lawrence Shag Rugs that came in yesterday—m mmm—six or seven different colors—and all of them washable. More things for the ladies—more of that Chadwick China—a large shipment of all sizes in the new Lucite Picture Frames—clear and colored. Then there are those cute little Slot Birds—you know—the ones that sit on the edge of flower bowls—and a nice selection of Walt Disney figures in china—and an assortment of Jack Frost Glassware—more clothes hampers.

Coming—several Taylor Tot Walkers—yes, we will place your name on the waiting list—first come—first served.

Time to select Xmas gifts in Leather—we have lots of Bill Folds and other men's Leather goods—all prices.

Went to the football game last Friday nite—finally got to feeling sorry for the Dalhart boys

— they were game—would like to see a football game again—instead of a track meet.

Understand the Cub Scout program is being re-organized. Sure hope there are lots of Cub parents and prospective Cub's parents at the meeting at Central School at 8 tonite. It's a swell program for boys from 9 to 12 years of age.

Still no immediate prospects for radios, refrigerators, washing machines, etc. The strikes have delayed production several months—and labor is still striking—it is now anticipated that the strikes will continue well into the next year. The war is over—but we still have the duration to contend with.

The alleys in the Hereford business district surely do need paving—have you tried to negotiate one of them during the last rainy spell? It's fun—if you aren't in a hurry.

STREU.

TELEPHONE EQUIPMENT

for Peace!

Telephone factories are getting into the swing of peacetime production.

Thousands of men and women in these factories have turned from making radar and gun directors to the complex job of making telephone equipment once again.

It's a change that pleases everyone. As more and more telephone equipment comes from the factories, it means that telephone people here can make faster and faster progress in caring for the 246,000 waiting for telephone service.

Such a big job takes time. Equipment is complicated. Making switchboards and dial equipment requires thousands of precision parts, thousands of intricate connections. And thousands more are needed to connect them as working parts of the telephone system.

But the good news is that we're on our way. We are working as hard as we can toward the day when anyone who wants a telephone can get it when he wants it.

Rodens Buy Drug Store in Littlefield

Ralph T. Roden of Hereford and James R. Roden of Friona have purchased the B & B Drug Store in Littlefield from James C. Bryan and have taken possession of the business, according to announcements made in Littlefield last week.

Ralph Roden formerly operated the Corner Drug Store in Hereford, and J. R. Roden was formerly owner of the City Drug in Friona.

The brothers purchased a drug store in Portales several weeks ago and re-sold the business soon thereafter.

They plan to live in Littlefield and will move their families there as soon as housing can be obtained.

way, states D. C. Kinsey, after his return, Tuesday, from Oklahoma City, where he saw a preview of the new 1946 Chevrolets. Kinsey expects to have a demonstrator on the floor by early in November.

Banks are reported to be going into the service charge business in a big way. At least, one middle western bank is alleged to be making the following charges: Entering by the front door, 50 cents; back door, 25 cents; Spitting on the floor (plain) 5 cents (tobacco) 10 cents; Asking for balance (civil manner) 50 cents (quarrelsome manner) \$1 (second time) \$2.50 (third time) \$5; Speaking out of turn to president, \$1—to

cashier, 50 cents—assistant cashier, 25 cents; Leaning on teller's window on elbow, 50 cents, on both elbows, \$1.

(Asked down at the First National Bank if they were thinking of adding any of these charges and was told that there was a small service charge—75 cents—for such questions.)

In case you wondered who was doing the announcing over the public address system at the football game last Friday night, it was Stuart Condron, Jr., Amarillo radio announcer. The announcing service is being installed by the Hereford schools as a service to local fans, and Supt. Strickland says that the new feature seems to be popular and will be continued.

Burl Alexander is convinced that he has a Lucky Star which was in action a couple of weeks ago, when his unit was scheduled to leave a Pacific base for Okinawa and the orders were countermanded at the last minute. The unit which actually made the trip ran into the typhoon, ships were badly damaged, many men injured and a few killed.

A beautiful needlework dresser scarf—proof that the needle skill of Filipino women has not been overrated—was received this week by Mrs. Ira Ricketts from her son, Glenn, who is stationed in Manila.

Rate Reduction

those elsewhere in the territory served by the Company.

Southwestern Public Service Company has operated the electric system in Hereford for only three years, all of which has been during war time, but has operated in other cities, towns and communities in the Texas Panhandle and in New Mexico for more than 20 years and has long followed the policy of voluntary rate reductions as frequently as possible, consistent with the maintenance of adequate and reliable service. The company is now engaged in a broad program of increasing its power plant and line capacities to provide for the increased use of electricity which it feels is bound to come through the industrial and rural expansion of this territory and through the increased use of electric service in homes and business establishments when new electrical appliances and apparatus become available.

While prices in general have risen during the war, and will probably continue to rise, the Southwestern Public Service Company has demonstrated its ability to reduce rates as the result of increased production and efficiency and hopes to be able to continue this program in the future.

coming period of lessons, Mrs. Wilson said, urging that all persons desiring to take the course call her or call the Red Cross office at the court house in order that schedules may be arranged.

Part of the national Red Cross campaign to teach three million women the basis of home nursing techniques, the effort is part of the "Help for Hospitals" drive in cooperation with the American Hospital Association, the U. S. Public Health Service, the Veteran's Administration and allied agencies. By learning simple nursing procedures, the average housewife can learn to take better care of her own family and to be a better assistant to the doctor, Mrs. Wilson said.

Hereford school authorities announce a change in starting time—the game Friday will begin at 7:30 o'clock, as will all other home games during the remainder of the football sea-

son. The change-over from War Time has made an earlier starting time necessary, school officials state.

A large crowd of Littlefield fans is expected for the game; and the turn-out of Hereford fans will likely be the largest of the season.

manager in Hereford for several years and is well known in the community. I plan to turn the shows over to Mr. Snelson, while I will look after other property and interests in the community.

"New projection and sound equipment is already on hand for both theatres and will be installed in the near future. We expect to make other improvements within the next few months and are always happy to have your suggestions," he said.

Mr. Hardwick comes to Hereford from Clovis, where he has been engaged in the cattle and farming business for many years. At present, the Hardwicks expect to continue making their home in Clovis; although Mr. Hardwick says that he will spend much time in Hereford and Mrs. Hardwick expects to visit here frequently. They have four children.

Mr. Hardwick also indicated that some buildings may be constructed on some of his property here as soon as conditions permit. He stated that he is anxious to meet people of this community and that his foremost interest is the advancement of the community.

Mr. and Mrs. Chas. Hardwick, who have been in charge of Hardwick interests here prior to October 1, will return to Clovis to make their home. The Snelsons will occupy the Chas. Hardwick house as soon as the Hardwicks have moved.
