HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, JAN. 24, 1922

22nd YEAR, NO. 1.

HAPPY MOOD SHOWN OVER THE RESULTS

BUSINESS MEN CHECK UP HOG AND POULTRY MEETINGS

THE FOLLOW UP

Opinion General That Good Accomplished Must be Made Permanent

A capacity crowd again gathered at the City Cafe Monday to fight the war over again so far as the hog and poultry shows of the past week are concerned, and to plan more "doings" for the future. Those weekly luncheons are getting to be more and more popular and full of pep and practical ideas.

Reports were heard from the hog and poultry committees, finances were checked up, and a decision arrived at to hold a One Day Short Course and Oyster Supper at some date in the immediate future, as reported in another column. W. E. Dameron asked the cooperation of the business men in making the big Jones & Dameron Sale on Wednesday, January 25, a success. The question of a special train from Amarillo for the event was talked over and a committee appointed to settle the matter. The Secretary was instructed to write every prominent man on the recent Swine program, a letter, thanking him for coming to Hereford and expressing the pleasure of the town at his presence here on that occasion. The Secretary was also instructed to compose a joint resolution of thanks to the Star Theatre management for the use of the building, to the Christian Ladies for the excellent banquet, and to others who aided in making the affair a success. G. A. F. Parker called attention to the forthcoming numbers on the school Lyceum course and urged more interest and support for this worthy venture of the board.

Next Monday the meeting will be at the Stockmen's Cafe and a special program is being prepared and will be mailed to each member. Any man with a good character and "four bits" is always welcome at these luncheons.

Cattle Buyers to Come Here After Carload Cattle

A new idea in the way of marketing Hereford cattle is likely to be tried out in Hereford in the near future. The idea is that instead of each owner shipping the cattle to market as heretofore, he drive them to Hereford, join with other cattlemen, and sell direct to the buyers here.

The Southern Livestock and Land System, of Comiskey, Kansas, is behind the movement here. Geo. W. Berry, their sales manager, is actively listing cattle, as well as some mules, for a sale to be held early in February. He states that he already has several hundred head in sight. His plan is to advertise the event in all the livestock and daily papers between Hereford and Kansas City, Denver, etc., and bring the buyers here direct. He states that the plan has worked successfully in Kansas during the past few months and is rapidly growing in popular favor. Mr. Berry has not yet announced the exact date of the Hereford sale.

AMARILLO-CLOVIS AUTO LINE VERY CONVENIENT NOW

A through automobile line between Amarillo and Clovis is now maintained daily, the two cars meeting each other at Hereford around five or six o'clock and taking supper here. The new line was started several weeks ago and is maintaining a regular daily schedule. The local headquarters is maintained at the Stockmen's Cafe. Traveling men and residents with emergency trips ahead of them find the line a very accommodating feature.

COLLEGE PUPS ON ANOTHER HUNT BY HEREFORD GUNMEN

A hunting party consisting of A. Herbst, J. J. Clark and Dr. W. F. Gahbert left for Higgins, Texas, Tuesday morning. The party took along the two college pups belonging to Messrs. Clark and Gahbert. The listed pup, property of Homer Fox, is now at Higgins. While on the trip the three dogs have been field practice under the supervision of Dr. W. F. Gahbert. They will return to Hereford on Wednesday.

TRAFFIC OFFICER No. 1922

He Promulgates Some Rules for the New Year

STOP

STOP riding last year's Trouble Bus.
STOP feeling sad and blue;
STOP knocking Nineteen-twenty-one,
STOP doubting Twenty-two,
STOP walling of mistakes you've made,
STOP saying gloom endures;
STOP envying your rival's luck,
STOP now lamenting yours,
STOP springing ancient alibis,
STOP thinking them at all;
STOP crying to each friend you meet,
STOP backing toward the wall,
STOP eating only of the husks,
STOP throwing up your guard;
STOP wearing undertaker looks,
STOP saying times are hard,
STOP worrying about your tires,
STOP driving 'round in low;
STOP saying on the Peppy Gas,
STOP all that stuff—and GO!

GO

GET yourself a Grinmobile,
GO get equipped for speed;
GO after everything in sight,
GO get the joys you need,
GO smiling to your daily task,
GO after business, too;
GO where it never was before,
GO where it waits for you,
GO where the jokers congregate,
GO tell a few, and then
GO home and tell them to your wife,
GO pass them 'round again,
GO where you think the blues abide,
GO where the gloomers sit;
GO hear their pessimistic plaint,
GO talk them out of it!
GO make them all stand up and shout:
"GO Twenty-one! Adieu!"
GO flood the world with but one song:
"GO big in Twenty-two!"
—William Herschell in the Indianapolis News.

Swell Orchestra Is Next Number Lyceum Course

There's going to be a cracker-jack good musical number on the Lyceum program for Hereford February 3, according to all advance dope. It's an orchestra, composed of six pieces, known as the Lieurence Symphony Company.

And the attraction has been switched from the Central school building to the Methodist church, as some patrons objected to climbing so many stairs.

Nearly everyone likes an orchestra, especially a good one, and this number promises some real classy music designed to satisfy both the classical and popular conception of what music really is. More details of this feature will be given just before the date set for its appearance.

Matador Company Orders 5 Wells Of Local System

Hereford's unified irrigation system, which has stood up where many others fell down, is beginning to be recognized more and more. The latest recruit is as hard-headed and calculating a business concern as there is to be found anywhere on the globe: The Matador Land & Cattle Co., of Scotland, who own two huge ranches, one north of Hereford on the Canadian river and the other south around Matador, Texas.

This big concern, after having the D. L. McDonald crew drill several test wells for them, have just awarded Mr. McDonald a contract for drilling five additional wells on their north place, fully equipped with Bessemer engines and Layne pumps, as well as the equipping of three wells already drilled, the contract reaching some handsome figures.

Orders for the equipment have already been placed and as soon as it arrives the crew will be sent back to the ranch and active work started again.

Much trouble has been experienced in other irrigation fields with different kinds of engines and pumps and the Hereford system, which was founded and developed by Mr. McDonald, has stood up under test perhaps better than any other tried out in this country.

MUSICAL CONTEST BETWEEN PUPILS RESULTS IN TIE

The pupils of Mrs. Fred H. Oberthier, Jr., gave a musical contest in the high school music room last Thursday afternoon with Mrs. C. H. Dyer and Miss Ina Gregg as judges. Misses Jewell Porter and Mozelle Hill tied for the first prize, with Miss Margaret Gilliland a close second.

Here Is Remedy Offered Smut In Your Wheat

(By A. K. Short, Agronomist, Extension Service, A. & M. College of Texas)

There are two distinct types of smut in grain sorghum, one that attacks the entire head, and the other the grain. The head smut may be recognized by the entire head being reduced to a black powdery mass. If only the kernels are injured, it is called kernel smut.

There is no remedy for head smut. The most efficient way to control this disease is by rotation of crops and burning all heads that are affected. For the seed smut, the ordinary method of small grain treatment for smut may be employed. The best method for this treatment is the ordinary method employed in treating small grain for smut.

A solution of thirty gallons of water to one pint of formalin should be put in a barrel. The seed should be sacked and held in this solution until the solution soaks entirely through. This will ordinarily require from three to five minutes. When it is certain that all seed are wet with the solution, they should be poured on a tight floor and covered with a wagon sheet or sacks for from three hours up to over-night, then stirred until sufficiently dry to pass through planter. The seed may be placed on a tight floor and sprinkled or sprayed with solution, stirring at the time, until all seeds are damp. They should then be covered several hours before planting. Under ordinary circumstances, one pint of formalin is sufficient to treat from 40 to 50 bushels. The solution must be used fresh.

Oyster Supper To Top School Hogs-Poultry

Do farmers love oysters? Question! At any rate the farmers round and about Hereford will be tested out on that question in the very near future, if plans laid at the business men's luncheon Monday pan out.

There seemed to be a unanimous sentiment that the feeling of good fellowship established at the banquet last week should be followed up and not allowed to die out. The discussion of ways and means brought out the fact that the hog men wanted some more practical instructions in feeding, etc., and that the poultry men wanted some more practical work in culling, feeding, etc. Therefore, it was decided that as soon as the details can be worked out, a One Day Short Course for hogs and poultry be held here, topped off at night by an oyster supper to all farmers who take advantage of the Short Course!

A committee consisting of Homer Wilkman; E. W. Harrison and C. A. Skelton was named to work out the details and report results quickly. The idea is to secure hog and poultry specialists for the day, holding a poultry school in the forenoon and a hog school in the afternoon. The committee is now on the job.

Unified Charity Aim of Churches In Conferences

Indications are strong for real concerted action in the matter of handling charity by the local church organizations. All the churches maintain charity committees and all do splendid work, year in and year out, but without a general understanding among them, duplication of work is occasionally indulged in and much effort is wasted that could otherwise be conserved for more territory.

Monday afternoon, at the call of Mrs. C. O. Lee of the Presbyterian church, a preliminary meeting for unifying the work was held at the courthouse. Mrs. Lee and Mrs. Henry Hastings represent the Presbyterians and Messrs. J. Frank Potts and W. S. Williams, the Methodist church. Sheriff Purcell of the Charity Committee, and the Secretary of the Chamber of Commerce were also present.

After discussion it was determined to ask each church in town to select one delegate to represent them on a central committee, to meet regularly, prorogate the work and supplies, and put some business in the charity work. The Charity Committee of the Chamber of Commerce will aid in investigation work where required.

HEREFORD H'AS EDGE ON FARWELL IN 28 TO 3 GAME

The Hereford High school basketball five defeated the Farwell five on the local grounds last Friday afternoon by the top-sided score of 28 to 3. The features were the splendid team work of the victors and their impregnable defense. The same teams will play next Friday at Farwell. The lineup: Forwards, J. M. Posey and Paul Smith; center, Ollie Dixon; guards, Ollie McMin and Irvin Taylor. Substitute, Harold Jackson.

ONE REAL THRILLER

ARISTOCRATS OF HEREFORD DOMAIN, TOO

JONES & DAMERON PUT UP 50 HEAD FINE BLUE BLOODS

PROSPECTS GOOD

Sale Bids Fair to Equal or Surpass Record of 1921 Which was Great

Fifty head of "up town" Hereford blue bloods, with "Anxiety 4th" engraved on their escutcheons, property of Jones & Dameron of Hereford, were rolling about the big Sale Pavilion Tuesday, knee deep in bright hay, while a lot of prominent local cattlemen played valets to them, polished off their horns, scrubbed their feet and curled their hair to the limit.

Some class to this bunch of descendants of a long line of aristocrats. Some one will buy fifty head of awfully fine stuff at Wednesday's sale, an annual event for this firm of enterprising young breeders.

A. M. Jones, who is temporarily sojourning at Ranger, arrived Monday to help with the work of the sale. W. E. Dameron was swamped with details incident to pulling off the sale without a hitch. The barn was being put in apple pie order. Everything that could possibly be anticipated was thought out and attended to.

Auctioneer Reppert, Clerk Ewinger, and Fred Mann and Ralph Lawson, without whom no Hereford sale is complete, are expected to arrive Wednesday morning, along with the crowd of out of town buyers and cattlemen interested in the disposal of fifty head of the finest Hereford in the southwest.

If the Weather Man is in a good humor and all advance dope lived up to this sale will equal, if not eclipse, that of last year, which set new high water marks for other breeders to shoot at for some time to come.

2 Hog Sales are To Feature The Ranger's Blood

Advertisements of two big hog sales by prominent breeders, following up the annual meeting of the Panhandle Swine breeders here last week, are carried in this issue of The Brand. Both sales feature the blood of the great Poland China boar The Ranger. One sale is put on by local breeders, Grover Sanders and Posie Cunningham, while the other is held at Childress by S. E. Lewis, where The Ranger himself is at home.

Mr. Lewis' sale comes on Monday, January 30, and will dispose of fifty head of high grade hogs. Messrs. Sanders and Cunningham's sale occurs Saturday, February 4, in the Sale Pavilion at Hereford. Details of both sales are given in the advertisements in this issue. It will pay every hog man and those interested in high grade hogs to study the offerings in these two sales.

No Special Train For Sales Owing To High Tariffs

The idea of the Santa Fe railway running special trains from Amarillo to Hereford and back for the Jones & Dameron Sale on January 25 and the Hereford Breeders' Sale in February died a-borning. Too much red tape and tariff requirements in the way.

Monday the matter was talked over with the Santa Fe people at Amarillo and they said they would have been delighted to run the trains and take chances on patronage, but under the law they were required to charge so much minimum per mile, etc., which amounted to just \$210 per train. Amarillo to Hereford and back. They would be glad to run the train for this guarantee, but otherwise they would not be allowed to do so.

Hence it has been decided to trust to luck and that funny Weather Man to dish out some good weather Wednesday so that the visitors may be taken back to Amarillo in automobiles.

Educational Column

"Dear little child, with the wide, round eyes,
Careless of lessons, rebellious to rule,
How can you ever be happy and wise?
Only by going to school!
Only by learning what grown-ups have found

About the great earth, with its flowers and brooks,
And forests and people, and printed and bound
In wonderful, wonderful books!"

The Hereford boys feel proud of their basket-ball game with Farwell on last Friday evening. The score stood 27 to 3 in favor of Hereford.

A letter written by George Washington in 1786 was sold recently for \$215. Mr. William Hearst was the purchaser. The question is often asked, could George Washington have thrown the dollar across the Potomac River in front of his home, as legend asserts. Hardly, for the Potomac River is a mile wide at Mount Vernon.

Miss Swisher was unable to meet her classes a day or two last week, because of illness caused by a severe cold.

The pupils of the High School were dismissed an hour early on last Tuesday evening, in order that they might have an opportunity to see the fine display of fowls in the poultry show, and also the hogs on exhibition.

How many boys and girls who read the Educational Column can answer this question: The penny is legal tender for how large a debt? The nickel and ten cent piece? The quarter, half-dollar and the dollar?

On account of the extreme cold weather on Thursday morning causing the Auditorium to be very uncomfortable, no chapel exercises were held.

Both the city and county teachers are beginning to think and plan for our County Educational Fair, that will be held early in the spring. It will be remembered that our fair at the Court-house last spring was a great success.

Bred Sow Sale, Monday, Jan. 30
Childress, Texas

Entire offering will be sired by The Ranger; his full brother Orange Gladiator; and Chief Price 2nd, said by many competent hog men to be the greatest Poland China boar ever used in Texas.

Twenty sows will be bred to THE RANGER.

Twenty head to TRANSMISSION, the thousand pound boar without a wrinkle.

Ten head to THE TEXAN, the boar that is siring a wonderful lot of outstanding pigs.

Every animal offered will be a Lewis production, carrying the blood of the Glantess family either in the sow or the litter.

Ernest and Earl Lewis and a few of their friends who knew have believed in THE RANGER from the start. To many the Glantess family was an experiment, and they wondered. Now there is no question. Ernest Lewis is using THE RANGER in a constructive manner. He is breeding gilts sired by The Ranger to The Texan, a Buster-Timm boar that has proven to be the right cross on sows of the Glantess family. Stirring around among the fall pigs on the Lewis farm sired by this boar will convince anyone who believes in the modern type big-boned Poland Chinas. Transmission, sired by Long Orange, is a real thousand-pound boar, wonderfully smooth. This boar, crossed on The Ranger will give pigs of scale and smoothness that is dear to the heart of those who want quality and size.—H. S. HILBURN.

SHERIFF'S SALE
STATE OF TEXAS,
County of Deaf Smith.
By virtue of an Order of Sale issued out of the Honorable District Court of Deaf Smith County, on the 11th day of January, 1922, by the Clerk thereof, in the case of Lewis Hanson versus W. F. Lupton et al, No. 1328, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the **FIRST TUESDAY** in February, A. D. 1922, it being the 7th day of said month, before the Court House door of said Deaf Smith County, in the town of Hereford, the following described property, to-wit:

All of Section No. 35 in Block K-7, in Deaf Smith County, Texas, containing 635 acres. Said land is situated about 18 miles N. W. of Hereford and is known as the Burks land.
Said judgment forecloses a vendor's lien against the defendants, T. F. Burks, W. F. Lupton, E. A. Johnson, The First State Bank and Trust Company of Hereford, The First National Bank of Amarillo, and W. L. McCleskey.
Levied on as the property of T. F. Burks on the 13th day of January, 1922 to satisfy a Judgment amounting to \$3,871.52 in favor of Lewis Hanson and cost of suit.
Given under my hand, this 16th day of January, 1922.

BIG TYPE POLAND CHINAS

That Famous Boar—THE RANGER'S

blood is strongly represented in many of the offerings in this sale, including four gilts sired by him out of Revelation dams. The largest portion of these sows and gilts are bred to two sons of Ranger that are outstanding boars of the breed, one being out of a Liberator dam, the other out of a Chief Price 2nd dam. Also part of them will be bred to a son of the old Liberator.

In order to make an offering large enough to warrant the breeders who want good seed stock to come to our sale and give better selection of real good ones, we have combined our sale drafts and will sell jointly

PANHANDLE GIANT A good son of LIBERATOR
(By The Ranger and out of a Chief Price 2nd dam)

LIBERATOR RANGER **GIANT BOB**
(Sired by The Ranger and out of dam by Liberator) (Sired by Silver Crest Bob and out of Giantess sow)

The offering includes two good sows by Chief Price 2nd, four gilts by The Ranger, several gilts sired by such boars as Silver Crest Bob, Denny's Long Orange, Orange Giant 1st, Long Orange and Mc's Big Chief.

This will be the wind-up sale of the West Texas Poland China circuit, and transportation will be furnished from Adams Bros. sale at Tulsa, for those who wish to drive by automobile.

Posie Cunningham and Grover Sanders have good herds of Poland Chinas, and they are selling in a territory where the public auction sale of hogs is somewhat of an innovation. Never before has such a good offering of Big Type Poland Chinas been sold in Hereford. They have boars and sows of good breeding, and the stuff bought at this sale will be in condition to go out and make good with the care that the average buyer can afford to give it. It is an opportunity for those in the vicinity of Hereford to stock their farm with real Poland Chinas.—H. S. HILBURN.

C. I. SLATON OUT FOR ASSESSOR

To the Voters of Deaf Smith Co.:
I take this method of asking your support in the coming election, the 22nd of July, 1922, for Tax Assessor of Deaf Smith Co., and if elected, will faithfully do my duty to the best of my ability.
C. I. Slaton.

Texas, with her oldest sister, with whom she made her home.

On January 17, 1873, she was united in marriage to Thomas B. Rector. To them only one child was born, Mrs. Katie B. Enycart, of Winslow, Ariz., who was at her bedside when she departed this life.

In 1887 the family moved to the plains of western Texas. They took up their residence in Hereford in 1902 in the house which has been their residence every since.

At the age of seventeen she was converted and joined the Baptist church, of which church she has been a devout member every since.

Her life was a testimony of a great faith and a blessed assurance. In this faith and assurance she quietly fell asleep Jan. 18, 1922, and her body was laid to rest in the Hereford Cemetery on the afternoon of January 19, 1922, there to await the Resurrection morn.

Funeral services were held at the home at 2 p. m. in charge of Rev. Sharp, assisted by Rev. Beavers.

or seem to care about doing their own voting, but most American citizens are jealous of that peculiarly American prerogative, and it is believed the roll will be full by January 31.

But lots of folks forget—this is merely a reminder.

HAVE YOU SECURED PERMIT FOR VOTE 1922 ELECTIONS?

County tax collector Purcell says that if the voters, both sexes, don't want to be disfranchised this year and surrender all their rights to vote and have a voice in their government they had better wake up to the fact that January 31 is absolutely the last day on which a poll tax can be paid under the law.

Payments started off briskly, but have fallen by the wayside, and less than five hundred voters for 1922 are now on the rolls, with an election year ahead of them.

FIRST KNOWN COFFEE AD

The first known advertisement of coffee in the press was published in No. 1 of the Public Advertiser, England, for the week of May 26, 1657, and reads quaintly and comprehensively: "In Bartholomew Lane, on the back side of the old exchange, the drink called coffee, which is a very wholesome and physical drink, having many excellent virtues, closes the orifice of the stomach, fortifies the heat within, helpeth digestion, quickeneth the spirits, making the heart light-some, is good against eye sores, coughs or cold rhumes, consumption, headache, dropsy, gout, scurvy, kings evil and many others, is to be sold in the morning and at 3 o'clock in the afternoons."—(The Fourth Estate).

We think the newest and most effective way to advertise, is to show the actual merits by a public demonstration. "The proof of the Pudding is in the eating." We were proud, indeed, that our "Special Blend" Coffee was selected for the Poultry Show Banquet. We are told that the coffee, absolutely, did its part toward making the occasion a success. "Ask some one who was there."
