

AROUND A Town Sights and Faces Seen

The lively interest in the barefooted manikin in the window at the Little Fashion Shop suggests that one sure way to be a sensation in the Easter Parade would be to turn up without shoes.

Anyway, the new manikins have attracted plenty of attention. They are downright pretty and add to the attractiveness of the window display.

However, it looks as though the majority of the ladies are not going to give up stockings without a fight. Witness the long shopping lines at Penney's Tuesday morning when some 51-gauge rayons went on sale.

But while the females of the species take their shopping seriously, men can devote their time to more serious matters. For instance fishing—and Joe Bishop can truthfully say that while other anglers haunt the creek banks and work hard at the job, he really brings in the big ones. Joe landed a four and one-half pound bass on Sunday and has set up the first record of the season.

The weather has been getting plenty of comment—not much of it favorable—for the past week; and Mrs. F. L. Terrell, who predicted a rain for last Friday, when we were treated to an old-time dust storm, is officially out of the weather predicting business.

Mrs. Fred L. Smith is a new employee in the bookkeeping and cashier department at Penney's. She is a daughter of C. (Continued on Page 12)

Request Aid of Citizens in Completing Local School Census

Stating that despite the best efforts of the census takers some names have undoubtedly been missed, Supt. Knox Kinard this week requested the aid of local citizens in making the school census as accurate as possible.

"If you have children of school age, and no census taker has yet called on you, we are asking that you call No. 379 and we will see that a census taker comes to your house," Mr. Kinard states.

This year the census is being taken by Mrs. Edith Hughes and by members of the high school honor society. The students are working under the direction of Mr. Kinard and Miss Jean Cox.

"It is important that this count be accurate," Mr. Kinard says, pointing out that the census figures are used in the allocation of state school funds.

Crippled Children's Clinic on April 7th

There will be a crippled children's clinic at St. Anthony's Hospital in Amarillo on Saturday, Apr. 7, when examinations will be made and treatment recommended.

This will be the first clinic held in several months, and parents desiring to take their children to the clinic are asked to make arrangements with Mrs. Dyalitha Brady at the County Welfare Office in order that the clinic staff may know in advance the number of patients to expect.

Funeral Services Held For Sister of Local Men

Funeral services were held in Happy Sunday afternoon for Mrs. Elmer Bauer, sister of W. H. and Ernest Goetsch of Hereford.

Mrs. Bauer died in an Amarillo hospital following a short illness. She is survived by her husband, five daughters, one son, her mother, two sisters, four brothers and six grandchildren.

Youngest Contributor

Little Kathleen Adler of Omaha, Neb., became the nation's youngest Junior Red Cross member when she contributed \$5 to the Douglas County War Fund 36 hours after birth—to help keep the Red Cross with her uncle, a soldier in the South Pacific. Nurse Madeline Batenhorst is holding her.

Bogle Funeral Rites Monday

Funeral services for F. L. Bogle, 78-year-old Deaf Smith County resident who died here Saturday, were held Monday afternoon at the Black Funeral Home with Rev. R. H. Cagle, pastor of the Baptist Church, officiating.

Mr. Bogle, who came to this county from Oklahoma in 1930, had been in bad health for some time.

Survivors include four sons, C. L. and R. H. Bogle of Hereford, U. B. Bogle of Clinton, Okla., and E. C. Bogle of Whittier, Calif., eight grandchildren and three great grandchildren. Mrs. Bogle had preceded her husband in death in August, 1944.

Fruit Only Slightly Damaged by Freezing Temperatures Monday

Though some of the fruit was damaged by the freeze Monday night, it's "just a matter of thinning" where damage occurred and much fruit was entirely uninjured by the sub-freezing temperatures.

Miss Sadie Lee Oliver, county home demonstration agent, states these conclusions after talking to a number of fruit growers in Hereford.

Such fruits as sour cherries and hybrid cherry plums and some of the seedling peaches, none of which have bloomed, were not injured at all. Miss Oliver says, pointing out that such varieties, which are really adapted to the Panhandle climate, will make fruit practically every year.

Many pears also, Miss Oliver says, were not yet in bloom and therefore escaped freeze damage.

Funeral Rites for Blanton's Mother At Canyon Today

Funeral services for Mrs. Katie Lou Blanton, 75, mother of Lyle Blanton of Hereford will be held this afternoon at two o'clock at the Methodist Church in Canyon.

Mrs. Blanton died Tuesday at the home of her daughter, Mrs. Otto Samuelson, in Canyon.

Rev. T. Marvin McBrayer of Earth will be in charge of the funeral rites; assisted by Rev. Robert W. Jones, pastor of the Presbyterian Church of Canyon. Burial will be in the family plot at the cemetery in Panhandle with Rev. J. E. Boyd conducting graveside services.

Surviving are three sons, F. A. and Guy C. Blanton of Amarillo and Lyle D. Blanton of Hereford. (Continued on Page 12)

Dry Goods Retailers Must Submit Price Lists to Ration Board

A new price regulation covering apparel, dry goods and house furnishings was announced by the Office of Price Administration on Tuesday of this week. E. H. Norton, chairman of the local War Price and Rationing Board, stated today that the principal provision of the regulation is that each retailer must prepare a pricing chart showing the costs and selling prices of the goods he offered for sale on March 19, 1945. The job of calculating ceiling prices for apparel, dry goods, and house furnishings will be greatly simplified by these pricing charts, he said.

Copies of the regulation which explain how to prepare these charts have been sent to all local retailers of clothing and house furnishings. Additional copies are available at the local board for all merchants who desire them, Norton stated.

"The new regulation is a follow-up on the OPA-WPB clothing program announced in January, Norton explained, "and should mean that more of the clothing appearing in stores this summer will be in the low and medium-price ranges."

Practical Food Planning Tips Given By Staff Specialists

Highly practical instructions for increasing food production were presented to 22 Deaf Smith County home demonstration club members at the food production clinic presented by staff members of the A & M College Extension Service Monday at the Methodist Church.

Mrs. Steve Williams and Mrs. Cawthon Bryant were in charge of arrangements for the clinic; and Extension Staff members present were Miss Doris Leggett, district agent; Miss Jennie Camp, specialist in food production; and Miss Edith Lawrence, specialist in food preparation. Miss Camp prepared a series of exhibits on garden planning and Miss Lawrence gave practical demonstrations on the preparation of daily meals. Mrs. Earl DeHart furnished the home canned vegetables for the food preparation.

As part of the poultry demonstration, a staff specialist showed how to cull hens and Mrs. W. H. Welch, Mrs. Ira Ott and Mrs. Merlin Kaul took a lesson in culling. Poultry for the demonstration was furnished by Jack Wright of the West Texas Feed and Seed Co. In addition to Miss Sadie Lee Oliver, Deaf Smith county home demonstration agent, Miss Lou Ella Patterson, agent from Randall County, and Miss Pauline (Continued on Page 12)

Mystery Farce Selected by Senior Class

"Seven Keys to Baldpate," a mystery farce—drama by George M. Cohan, will be the 1945 senior play; and practice is already going forward on the production which will be presented Friday night, April 13, at 8:30 o'clock at the high school auditorium.

Mrs. O. M. Stewart, director of the play, announced the cast of characters last week; and it's a "man's play" with senior boys having a decided edge in the number of parts in the cast.

Included are Magee, a writer of melodrama, played by Billy London; John Bland, played by Charles Skelton, complicates matters somewhat; Mary Norton, a newspaper reporter, is played by Naomi Brumley; Ell-jah Quimby, played by Eugene Matthews, and Mrs. Quimby, played by Lonidene Martin Edmondson, see to Magee's comfort at Baldpate where he has come for inspiration for a novel. Mrs. Rhodes, a charming widow played by Helen Acker, adds excitement when Peters, played by C. W. Reeves, appears.

The tempo of this melodramatic farce is quickened when Myra Thornhill, played by Beverly Fraser, arrives at the inn. Lou Max, played by Delmo Williams; Jim Cargan, played (Continued on Page 12)

Interest Shown In Red Cross Home Nursing

With two afternoon classes and two night classes already scheduled progress is being made in the organization of the Red Cross home nursing course to be presented in Deaf Smith County in April. However, more students are needed, according to Mrs. Bob Wilson, home nursing chairman, who asks that persons desiring to take the six-lesson course call her at No. 461 or the Red Cross Office, No. 335, and leave their names, together with the time which they would prefer for classes.

Mrs. Marie Carroll, registered nurse, is in Albuquerque this week to attend a special course for teachers of the new home nursing course. The course, it is explained, is designed to give the most possible information in the shortest time and will consist of six consecutive two-hour classes. Ten members may be enrolled in each class, and the chairman states that club groups may sign up as organizations.

Considerable interest has been shown by high school members of the Junior Red Cross and if a suitable time can be found, one or two classes may be organized for the teen-age group. Morning classes will also be presented, Mrs. Wilson said, if there is sufficient demand for classes at that time.

It is hoped that at least two (Continued on Page 12)

Hereford Gunner Gets Air Medal

AN EIGHTH AIR FORCE BOMBER STATION, England—Sgt. Lewis H. Curry, 21, son of Mr. and Mrs. David E. Curry of Hereford, has been awarded the Air Medal for "meritorious achievement" while participating in bombing attacks on vital German industrial targets, Nazi airfields, supply dumps and gun emplacements in conjunction with advances by the Allied ground forces on the continent. Curry is engineer and gunner on a B-17 Flying Fortress of the 95th Bombardment Group. His group, as member of the distinguished Third Air Division, has earned the presidential citation given the division for its shuttle-run from England to Africa and the bombing of a fighter plane plant at Regensburg, Germany in August, 1943.

Calvin Ford Receives Serious Battle Wounds

Pfc. Calvin Ford, son of Mrs. Myrtle Ford of Hereford, was seriously wounded in action in Germany on March 3. The war department notice received by Mrs. Ford stated that her son had been evacuated and a later notice from an army hospital in England stated that he was making a normal recovery from his injury described as a wound in the thigh.

Pvt. Ford had been overseas only about a month.

Another son of Mrs. Ford, Pvt. Henry Ford, suffered minor injuries in fighting on the western front several months ago, but is now back in action with the First Army.

Going on record as favoring the creation of a youth center for Hereford and accepting the offer of the Hereford firemen for the use of their hall one night a week as a recreation center for boys and girls, a group of Deaf Smith County people last night took further steps toward the organization of a temporary committee to continue with the recreation program.

Heading the temporary committee will be Robert L. Thompson, with Mrs. Dyalitha Brady as secretary and Miss Virginia Eberle, Mrs. Ray Barber, A. R. Bateman, Jim W. Robinson, Debbs Knox and Leo Forrest as other members of the committee.

Formation of the committee followed a talk by Charles Juliana of the Federal Security Agency who outlined briefly some of the functions of a recreation center and pointed out the community factors which would underlie the success of such a movement. "Youth centers work," the speaker declared, "but not without the 100 percent cooperation of the adults in the community."

An adult committee, the speaker suggested, should work (Continued on Page 12)

CCC Ships Wheat From Terminal Storage Elevators

In an effort to clean out the wheat in terminal and sub-terminal elevators in order that country elevators may be cleared to make room for the 1945 crop, the Commodity Credit Corporation has called in much wheat on which it held loans, it was announced this week at the county AAA office.

Loan agreements and treasury warrants are being issued to producers who had negotiated loans, the treasury warrants representing the net payment due the producer under the wheat parity purchase program. The warrants have been determined by deducting from the 15 cents per bushel payment, the warehouse charges and interest, with warehouse charges figured to include storage from the date of the warehouse receipt to May 31, 1945.

The deductions of warehouse charges and interest as of May 31, it is pointed out, was one of the provisions of the CCC offer to purchase 1944 loan wheat at 15 cents over the original loan rate.

The delivery of wheat has been speeded up because of the urgent need to supply government agencies with wheat to meet overseas shipment demands. The Texas-Oklahoma wheat producing section was chosen because of the proximity of terminal elevators to Gulf ports.

Theatre March of Dimes Funds Returned To County Paralysis Chapter

Charley Hardwick, manager of the Star and Texas theatres and chairman for the motion picture industry's "March of Dimes" campaign in Deaf Smith County, today announced that he had received a check for \$261.27 from the state headquarters in Dallas. The check represented 50 per cent of the total "March of Dimes" collections in local theatres and will be used by the county chapter of the National Foundation for Infantile Paralysis.

The other half of the collection has been forwarded to the National Foundation for education and research and to carry on the fight against Polio on a national basis. Mr. Hardwick expressed appreciation for the generous response of movie patrons in their contributions to this worthy cause.

Announcing a bond election for Tuesday, Apr. 10, at the City Hall, members of the Hereford City Commission this week stated that Hereford property owners will be asked to O. K. the issuing of \$40,000 in bonds to finance improvements to the city water system.

The proposed bonds, to mature in not more than 40 years, would bear a maximum interest of three per cent, the interest to be paid semi-annually. Should the bonds be approved by local citizens, the city commission proposes to levy a tax sufficient to pay interest on the bonds and create a sinking fund to redeem them at maturity. All qualified voters who are property tax payers in Hereford will have the right to vote.

Concerning the need for the improvements which the bonds would pay for, Mayor E. S. Ireland and Commissioners N. E. Gass and J. C. McCracken state that the problem of low water pressure has become increasingly serious in Hereford during the irrigation season the past few summers and that the low pressure is caused by the fact that the water mains are not large enough to keep up a uniform pressure all over town during periods of heavy demand. Though new and larger mains might be laid from the old city water plant and the town could continue to depend on the present well to supply all our future needs, the city officials are of the opinion that the installation of a new well and new pumping equipment at some other point in the north part of town would be the preferable solution to the problem.

"The first plan would cost less money," the commissioners state, "but the difference would soon be made up in operation costs. Drawing all our water from one point increases the draw-down in the water level, thus increasing the consumption of electric power for pumping; and as this increased use of electricity would continue every day in the year, it seems to us (Continued on Page 12)

Miss Davis is Bride of Cpl. Williams

Mr. and Mrs. W. A. Davis, 500 Ross Avenue, have announced the marriage of their daughter, Miss Kathryn Davis, to Cpl. Frank H. Williams of Hereford and Chicago. He is the son of Mr. and Mrs. A. R. Williams of Chicago. The wedding took place Sunday afternoon at 3 o'clock at the Davis home.

Photo by A. O. Thompson

Keynoted by war-time simplicity, the wedding ceremony held special significance for Mr. and Mrs. Davis as the date marked the 25th anniversary of their own wedding.

Vows were exchanged as the couple and their attendants stood before the fireplace, which was banked with greenery and wine-red roses, in the presence of close friends and relatives. Rev. James Alken, pastor of the Presbyterian Church, officiated.

Mrs. D. D. Bivins gave the traditional wedding music and the bride was attended by Miss Ruth Nulick of Wichita, Kans., who wore a dress of watermelon wool Jersey and a white carnation corsage. Bob Davis, brother of the bride, served as best man.

The bride was attractive in a powder blue crepe dress made with draped effect. Her flowers were American Beauty roses.

After the ceremony, refreshments were served from a table arranged with pastel sweet peas and crystal. Mrs. Gerald Wilson presided.

Mrs. Williams is a graduate of Wichita, Kans., High School where she was treasurer of the Rainbow Assembly. She also attended Hereford High School.

Cpl. Williams was employed in Chicago before enlisting in the armed service. He is now stationed at the Hereford P. O. W. Camp and after a short wedding trip the couple will make their home here for the duration.

Out-of-town guests included Mrs. L. P. Nulick and daughter Ruth of Wichita, Kans.

Shower Honors Mrs. Moore, Recent Bride

A miscellaneous shower honoring Mrs. A. E. Moore, the former Miss Mary Lee Hood, was given recently at the home of Mrs. G. W. Brumley.

Guests were received by Mrs. Brumley, Mrs. Moore, Mrs. Chas. Hood, mother of the bride, Miss Ann Cockrell and Mrs. T. J. Carter. Seletta Robinson presided at the bride's book, and the many friends were shown the gifts by Mrs. Clyde Whitaker.

Attractively arranged refreshment plates were served from a lace covered table decorated with pink and blue, the bride's chosen colors. Punch was poured by Mrs. H. E. Pettyjohn from a punch bowl surrounded by pink sweet peas and greenery. Pink and blue candles furnished the light. Pink sweet peas forming "Lee" were floating in a water filled crystal plate and were reflected by a blue mirror.

Mrs. G. W. Duncan read to the bride a poem describing a husband as a little girl sees him. Miss Mattie Mae Swisher sang several selections chosen especially for Mrs. Moore.

Hostesses were Mesdames G. W. Brumley, T. J. Carter, B. E. Brumley, Louie Olson, Otto Olson, George Robertson, Clyde Whitaker, G. W. Duncan, H. F. Pettyjohn, and Misses Ann Cockrell, Seletta Robinson and Naomi Brumley.

SERVICEMEN ARE HONORED

Mr. and Mrs. Jack Fortenberry were hosts Saturday evening when friends and neighbors honored four service-men who were home on furloughs. The honor guests were Glenn Fortenberry who is stationed at Great Lakes, Ill., Jake Fortenberry of Camp Chaffee, Ark., Olaf Bohannon, stationed at Arkansas City, Kans., and Buck Jackson who is stationed in Florida.

The honor affair was in the form of a buffet supper and games were played during the evening.

Those present were Messrs. and Mesdames Cord Hammock, E. Thomas, Richard Evans, E. K. Pinnell, Hugh Fortenberry, Albert Seay and family of Duran, N. M., D. C. Banks, Frank Fortenberry, Edwin Morrison and family, Mrs. Stella Thuet and Betty Jo and Bobby, Mrs. Lorraine Proctor, Mrs. Florence Barnett and Square Jackson of Adrian, Mrs. Olaf Bohannon and the hosts and honor guests.

Mrs. Bradley Is Honored

Mrs. L. R. Bradley was honored Thursday night when members of her family surprised her with a birthday buffet-supper. The celebration was by way of complimenting the honoree on her 72nd birthday.

MOTHER-DAUGHTER LUNCHEON GIVEN

Carrying out a lovely spring theme with flowers and appointments, a mother-daughter party was given Thursday at Dawn when Mrs. W. P. Caraway entertained with an Easter Luncheon.

Festive Easter decorations were used and places were marked by bunny nests with guests name on Easter eggs.

The luncheon was served buffet style and conversation and needwork provided afternoon entertainment.

Those attending were Mesdames Cal Walker and August Frye, Byrd and H. V. McCabe, Ernest Seigler and Aodph Frye, E. Ramey and H. H. Caraway, the hostess and Mrs. Iverson Leake.

Mrs. T. W. Roberson returned Friday from Lamesa where she was called last week by the illness of her sister, Mrs. Rena Berry. The sister, who was seriously ill with pneumonia, is reported to be recovering satisfactorily.

The service men are unanimous in saying that you can't tell what kind of weather to expect in Hereford. Snow, heat, dust, all within 24 hours keeps them guessing. And according to them it is always worse on guard than it is in town.

The Meeham girls are announcing the arrival of a little sister, Margaret Ann, this week. When anyone asks them if a brother wouldn't be better they accentuate the negative.

We are losing friends every day, it seems. Friday Mrs. Charles Garnett told us goodbye. Sunday Tommy Mott and his mother left. Then Monday Sgt. and Mrs. Lewin left. On Tuesday a group entrained for points unknown. We are glad they all came and were here for awhile and we want them to know that we are missing them.

Some of the men who were transferred to Amarillo last week came back to Hereford the first chance they had. We didn't expect them so soon but were glad that they wanted to come

Ninth Army Chief

A new photo of Lt.-Gen. William H. Simpson, whose Ninth Army is in battle along the Rhine north of Cologne.

We found out Sunday that it was Pfc. Stone who worked on our door. It still didn't work to suit him so he went borrowing. Every time he needed a tool he would disappear for a few minutes and then come in with it saying, "Sure are nice people in this town." Now, thanks to him we can get in the door without tearing it down. All tools were returned.

There were a number of promotions last week. Too many Pfc. ratings were given out to be listed. However, the following higher ratings were given, T-4 Reuss, Daub, Auld, Mitchell, Stepero; T-5 Schrodt, Farris, Cpl. Whitehead, Sgt. Meeks and Willis. Congratulations to all of you!

T-4 Reus is having the pleasure of a visit with his wife. She came for a two week stay from Long Island. We wish she could stay longer. Another GSO girl has become a bride. Kathryn Davis and T-5 Frank Williams were married on Sunday afternoon. Congratulations and best wishes.

The entertainment committee announces a dance at the clubhouse on the 26th and a USO show at Camp on April 2. We will follow the same plan as last time except that Captain Adams has promised transportation. We will leave the USO at 7 p. m.

We would like to know if the Service men would like an East-

Housey, and Konesky. Letters have been received from Phyllis Tangle and Grace Rigby.

We were glad to see Don Kauffman out on Sunday. He

has been in the hospital a long time. His shoulder is still in a cast and he has lost several pounds trying to get a recuperation furlough.

Buy Early and avoid those last minute
Waiting Lines

And for the convenience of car owners—to remind you of some of the things you can do to avoid waiting or making a second trip for your car license, we make the following suggestions:

- 1. Bring Certificate of Title**
The Law provides that you MUST have a Certificate of Title and you MUST PRESENT IT at this office when you buy your license. So, if there is any doubt about your car papers, come by early; we will be glad to check them for you.
- 2. Bring 1944 Registration Receipt**
- 3. Be Ready to Pay in Cash**
This is not a matter of OUR choice. State laws strictly prohibit our accepting checks for license payment — We don't want to embarrass you, but we must comply with the law.
- 4. Register Trucks and Pickups Early**
If you have farm trucks, pickups or any type commercial car, please make a special effort to come in early. According to our instructions, we have to get much more complete information on commercial vehicles this year, and if you come in early you will save time, both for us and yourself.
- 5. Sorry, We Can't Issue Special Numbers**
State laws forbid our issuing special numbers — and again we point out that we didn't make the law; but we must comply with it.

Rural Clubs Map Health Studies

COLLEGE STATION.—The A. & M. College Extension Service is giving its experience and wide educational facilities freely to the maintenance of rural good health. Difficulties in functioning public health services, which have been heightened by wartime limitations, make concentrated effort in this field more necessary than ever, says Mrs. Eloise Trigg Johnson, Extension specialist in family life education. The subject of health has a prominent part in the programs of Deaf Smith County H. D. Clubs this year.

To give direction and emphasis to the Extension Service's cooperation in rural health work, Mrs. Johnson heads up a four-point general educational program. Its objectives are to encourage (1) a critical study and evaluation of all available health service facilities in the community, county and state; (2) periodic examinations for the determination of the health status of each family member; (3) the use of positive preventive measures in control of contagious and infectious diseases; (4) planning for the solution of family life problems as a positive factor and the maintenance of good mental health.

Reports from county home demonstration agents indicate that much constructive work is being done. In Lamar County, each home demonstration club will meet with one of the two county health nurses this month for the purpose of an "open" immunization clinic for pre-school

children. These meetings will be held at the schools, and interest is indicated by calls upon the county home demonstration agent regarding dates for similar meetings in communities not immediately scheduled.

Tuberculosis prevention work also is being done in many communities.

Members of the home demonstration club recently sponsored a "well baby" conference in the Progress community of Hidalgo County, Mrs. Johnson says. Two hundred babies were examined and remedial recommendations made. Mothers also were given help in child care and feeding. Other progressive work in the field of rural health includes a mental health training meeting at Amarillo for 18 county home demonstration agents in the techniques of problem solving.

As a background to the current rural health program, 23,546 families in 1944 were assisted in the prevention of colds and other common diseases; 9,430 were aided in home care of the sick, and 8,855 in child-feeding problems.

Pvt. Miles, son of Mr. and Mrs. E. B. Miles of Hereford, has recently received a citation for his service as a member of the Signal Corps in helping construct and operate a communications system in the Burmese jungle.

Sgt. Higgins is a son of Mr. and Mrs. Jim Higgins of Hereford.

7th District Convention Called Off

Mrs. W. S. Ezard, president Seventh District, Texas Federation of Women's Clubs, has announced that the district convention held annually in the spring, will not be held this year. In cooperation with the wartime request to conserve gasoline and tires, an open board meeting will be held in place of the convention. The meeting will be held on May 1 in Amarillo and will be devoted entirely to business and the election of officers for the coming two-year term. Sessions will open at 9:30 in the morning and close promptly at 5 o'clock in the afternoon.

Clubs in the district are asked to submit names of candidates for district offices to the nominating committee, Mrs. J. M. Crain of Amarillo, chairman. Candidates must be endorsed by their clubs and the names submitted to the nominating committee before the board meeting, in order for said candidates to be eligible for election to a district office.

Mrs. C. R. Morgan returned to her home in Wichita Falls after spending the week end here in the home of her parents, Mr. and Mrs. Fred Millard.

Fewer "Hands" Make Heavier Work!

BUY WAR BONDS

SPRING brings a new lamb crop to the western ranges—and a new crop of wartime problems. For instance, experienced lambing crews are increasingly hard to find. But in spite of fewer hands and other difficulties, millions of lambs are being dropped and raised to provide the nation's wool and meat.

Beyond the "romance" of sheep ranching lies a great deal of hard work. When early lambs arrive in wintry weather, there's no time to be lost in moving them from the "drop corrals" to the lambing shed. Chilled lambs often must be revived in heated incubators. It's not unusual for a good "night man" to "lamb out" 125 ewes in a night—and that is work. There's the feeding and, later on, trimming, docking, bunch herding, shearing, and finally the trailing of the bands to the summer ranges in the high mountain country. And always herders must be on the alert to

protect their hands from coyotes and other predatory animals. Yanks are the best-fed, best-clothed fighting force in the world. They know the comfort of warm wool uniforms. And nutritious lamb has helped prevent meat shortages at home. Sheep ranchers, like other livestock producers of the nation, deserve the thanks of a grateful America.

'5 FOR YOUR GOOD IDEAS!

Ideas, special tools or gadgets which have helped you in your farm or ranch work can help others. We will pay you \$5 for each one you send us which we publish on this page. Address Agricultural Good Idea Editor, Swift & Company, Chicago 9, Illinois. We cannot return unused items—sorry.

What do you know!

1. Which is the "best-fed, best-clothed" fighting force in the world?
 2. What share of the average Swift sales dollar did producers get in '44?
 3. How are chilled lambs revived on a modern sheep ranch?
- Answers to these questions may be found in articles on this page.

Utah Sergeant Wins Silver Star

Sgt. W. L. Stander, rancher from Promontory Point, Utah, admires the helmet that saved his life. He was wounded on the ill-fated USS Chicago by a strafing Jap plane. Stander was not escaping to his gun without thought of personal safety.

WHAT'S HAPPENING TO THE MEAT SUPPLY

WE are faced with a serious shortage of meat for the civilian population. The current meat situation is not peculiar to any local area. The problem is national in scope.

LARGE DECREASE COMPARED WITH LAST YEAR
Government figures indicate a decrease of 38% of civilian meat supplies is expected during this quarter (January to March, inclusive), as compared with a year ago. The decrease will vary on the different types of meats.

It is also estimated that during the second quarter of this year (April to June, inclusive) a decrease of 35% is expected.

GOVERNMENT REQUIREMENTS

Few people realize how much beef, pork, lamb and veal must be set aside by meat packers operating under federal inspection to be purchased by the Government for the Armed Forces and for Lend-Lease. As of February 20, 1945, we are required to set aside:

- BEEF: 60% of choice, good, and commercial steers and heifers, except extremely light weights. 70% of all utility steers, heifers and cows. 80% of all cutters and canners.
- PORK: 50%, approximately, of dressed weight.
- LAMB: 75%, approximately, of production in accordance with recent order.
- The Government is also taking a large proportion of Swift & Company's lamb and veal production:
- LAMB: 40 to 50% of choice and good lambs.
- VEAL: 50%, approximately, of choice, good and commercial veal produced within specifications.

Whether these percentages will continue at the same level throughout the year cannot be forecast. The above percentages are as of February 20, 1945.

Consumer misunderstanding and dissatisfaction also arises from

HOW THE DOLLAR IS DIVIDED

There's an old proverb, "One picture is worth a thousand words." So I decided to draw this month's column instead of writing it. The picture is below, and it tells this story... 75 cents (on the average) out of every Swift sales dollar goes to agricultural producers for their cattle, lambs, hogs, etc. And 11c out of every dollar goes to the people who work in Swift plants, preparing those farm and ranch products for market. Transporting meat, etc., an average of 1,100 miles from producer to consumer takes another 2c. But, after all, the picture tells the story better than words of mine. Few businesses operate on such a narrow margin—few return such a large slice of their sales dollar to the suppliers of raw materials.

F. M. Simpson,
Agricultural Research Dept.

HERE'S WHERE THE DOLLAR WENT

- Livestock & Raw Materials... 75.1c
- Employees... 11.0c
- Supplies... 4.5c
- Taxes... 3.5c
- Transportation... 2.0c
- Other Expenses... 2.0c
- Remaining as Profit... 1.9c

another important factor that does not show up in these figures. The civilian population has more money now than in 1939 and fewer goods on which to spend it. Also, more people are working longer hours and need more food... particularly meat. The demand for meat has, therefore, increased tremendously. The Government in a recent statement said that the average American, at present income levels, would consume 170 pounds of meat this year, if it were available. In contrast, the Government estimates that there will be available during 1945 only about 127 pounds per capita.

NON-FEDERALLY INSPECTED SUPPLIES

The Government takes only federally-inspected meats. Therefore, the shortage of meat available for civilians is not so acute in the case of local packers who do not operate under federal inspection. Non-federally inspected processing plants have been able to supply a larger percentage of the product they produce during normal times as compared with federally inspected plants.

CECIL MALONE

Local Bluejacket Is Survivor of USS Hovey

John D. Jameson, Machinist's Mate Second Class, of Hereford, is a survivor of the USS HOVEY, destroyer-minesweeper sunk by a Japanese aerial attack just before the invasion of Lingayen Gulf.

The HOVEY, with one of the most impressive minesweeping records of the Pacific war, had entered Lingayen Gulf two days before S-Day to help clear the waters of enemy mines. She, and her sister sweeps had already undergone constant air attacks in the long voyage from Leyte up the west coast of Luzon, and entering invasion waters offered no respite.

It was night and the HOVEY had completed one sweep when Jap planes attacked and sank another sweeper in the group, the USS LONG. The HOVEY immediately scoured the area and picked up a number of LONG survivors as well as some personnel from another ship that had been hit. Then, shortly after 4:00 A. M., the enemy came back again.

This time, the HOVEY took a direct, fatal hit from an aerial torpedo. Before the abandonment order was given, the crew members had the satisfaction of seeing their attacker go down in flames from the fire of a sister minesweeper. But the HOVEY was sinking fast, went down, in fact, three minutes after the order to abandon had been issued by Lieutenant Ben N. Cole, U. S. N. R., of Charlotte, North Carolina, skipper of the ship.

The survivors were all picked up within two hours and later were transferred to two of the battleships then entering the area for the invasion bombardment. A total of 46 men, some of them LONG survivors, are listed as missing in action.

The HOVEY, a converted destroyer, received its baptism of fire on December 7, 1941, when the Japanese attacked Pearl Harbor. Since then, the speedy vessel had returned the compliment to the enemy at Guadalcanal, Russell Islands, New Georgia, Empress Augusta Bay, Palau and Leyte. According to Lieutenant Cole, she was the first American ship to enter Japanese waters at Guadalcanal—and the first American vessel to return to Philippine waters when she started sweeping operations off Leyte three days before the invasion. Five enemy planes have been credited officially to the HOVEY's gunners, and a claim has been entered for three more kills during the Luzon operation. Her reputation includes the claim of having swept more mines than any other ship in the Pacific.

Machinist's Mate Jameson is now in this country on leave, before being assigned to a new billet.

a good job and I am well satisfied with
the service they are giving.
Ollifield Bus Line, E. O. Mahaffay, Owner.

GREAT BEND, KANSAS

I am an oil well driller, working all
directions out of Great Bend, Kansas.
On September 27, 1943, I put on my

has given over 18,000 miles and looks
like a lot more. I have just bought two
more Gates because of this.
Yours truly,
G. O. Nobles.

JACKSONVILLE, FLORIDA

The first Gates all-synthetic tires used on our cabs
have gone better than 20,000 miles in day and night
taxi cab service. We are buying 3 more complete sets.
Yours very truly,
J. M. Brown.

VICKSBURG, MISS.

The four Gates synthetic tires I put on a
year ago have now gone 20,000 miles and look
good for several thousand more. I am a gen-
eral contractor and keep on the go all the
time on all kinds of roads.
Yours very truly,
P. M. Abies.

PITTSBURGH, PA.

I am Building Supervisor for the Board of Public Education of
Pittsburgh, and drive over all kinds of roads and streets. My
Gates synthetic rubber tires are really "tops." They have been
driven 10,000 miles and I am sure that I will receive at least
25,000 miles of service.
Wm. Peterson.

HARDIN, MISSOURI

I am driving Gates Synthetic tires on a Kansas City Star paper
route averaging about 150 miles each day, 135 miles gravel and
dirt, 15 miles paved roads. My Gates tires give me better than
20,000 miles under this extreme hard service.
Gerald Kist.

BARTLEY, W. VA.

My Gates Synthetic tires have now been driven 10,000 miles
and have at least another 15,000 miles remaining for a total of
25,000 miles I know I'll get. I am a coal mine foreman and drive
over very rough roads to get to work.
Richard Kirk.

I have now driven Gates Synthetic Tires on my taxi here in

Former Hereford Man Elected Head Kans. Livestock Ass'n.

Wichita, Kans.—Dr. L. L. Jones of Garden City, and formerly of Hereford, Tex., was elected president of the Kansas Livestock Association at the annual meeting of the board of directors here recently at the Lassen hotel.

Dr. Jones has been a member of the Kansas Livestock Association for 25 years. He has been a member of the board of directors several years and was vice president during the past year.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

The election of Dr. Jones is the first time in the history of the Association that a graduate veterinarian has been chosen head of the Livestock Association. Dr. Jones was reared near Girard, Kan., and attended the Kansas City Veterinary College from which he was graduated in 1906. He spent two years in general practice, and 10 years in field work in Kansas and Texas for the U. S. Bureau of Animal Industry. In 1918 he resigned from the B. A. I. and moved from Hereford, Texas, to Garden City, Kan., where he has since operated extensively in the cattle business. He and his son, Taylor Jones, have a large herd of registered Herefords and handle a substantial number of commercial cattle on their ranch west of Garden City, near Holcomb.

Dr. Jones was elected president at an executive meeting of the board of directors. The annual meeting for members of the entire Association was cancelled this year in order to comply with O. D. T. travel restrictions.

Mrs. S. E. Brown has accompanied her daughter, Mrs. Vern McKinley, to Temple, where she will remain for an indefinite visit in her daughter's home.

30 Music Students Get Superior Rate

Out of the fifty-one entries in the Junior Competitive Festival of the Seventh District, Texas Federation of Music Clubs held here Saturday, 30 received superior ratings, 18 excellent, one very good, one good and one fair. Judges were Dr. F. D. Jackson and Russell Curtis, both of the music department of Amarillo College in Amarillo.

There were 22 entries from Hereford with 13 rating superior. They included Phyllis Simon, Louise Simpson, Eva Gail Biggers, Virginia Owen, Alphaes Wells, Doris Goldston, Richard Thomas, Billie Rae Johnson, Betty Jean Wade, Diane Jowell, Reba Dones, Barbara Burney

and Jim Worrell.

A board meeting of the Seventh District senior clubs and a junior convention were held in connection with the festival. Towns represented in the three meetings were Quanah, Brownfield, Dimmitt, Friona, Bovina, Amarillo, Gruver and Hereford.

Bond Election

that a new well site should be selected.

Concerning financing, the mayor and commissioners continue: "Most people seem to favor doing something about this matter, but all must realize that it will cost money. Some are opposed to increasing the city's indebtedness and suggest that we 'pay as we go.' That would be a wonderful thing to do and it could be done if all kinds of property were rendered for taxes at 75 per cent of their present value—the basis that we are supposed to use. But how

many citizens of Hereford would be willing to do that?"

Outlining the construction job planned, the city officials state that in addition to a new well, booster pumps, and equipment and the necessary extension of water mains, some extension of the sewer system is absolutely necessary for the protection of the health of the community. "The proposed bond issue is meant to cover both these needs," the commissioners declare, "and it cannot and will not be used for any other purpose."

In stating their official position on the bond issue, the Hereford City officials point out that "while winning the war should be our first consideration, yet we must not lose sight of the fact that necessary things should not be neglected. Our city finances are in good shape, but the surplus on hand should not be disturbed. Conditions will not always be as good as they are now, and when a bad year comes, a surplus will come in handy to tide us over."

with a council of youth in carrying out the program; and definitely an adult responsibility are such matters as financing, hiring a director, and the formation of guiding rules for the center. The youth themselves, the speaker stated, may aid in planning the program, policing the center and planning special entertainments.

Youth and adults, working together, can make of the center a place where varied types of wholesome, supervised recreation are available for all the young people of the community. Suggesting the early approval of a tentative budget, the speaker emphasized that provision must be made for continued maintenance costs and that for most successful operation, a paid supervisor should be hired. Further details will be worked out next week by the temporary committee, which will meet Tuesday night. A public meeting on Apr. 10 will continue the Youth Center plans.
