Sights and Faces Seen

H. V. Hennen is nursing a very sore left arm as the result of an accident that occurred Monday when he was working on the remodeling of his home, just west of town. A large board fell on Mr. Hennen's arm and though no bones were broken, he is reported to have a very colorful black, blue and green injury.

Which just goes to show what the insurance companies are always pointing out—that most accidents occur in that nice, safe spot, the American home; and sports like flying, which used to be considered strictly for professionals, are maybe not so dangerous as a quiet day at home. At least, Lyle Blanton, who soloed Sunday afternoon, figures that flying is pretty exhilarating—and there's just "nothing to it, once you know how."

Hereford banks will be closed Saturday for election day.

Another political note: County Clerk Bob Thompson announces that the final statement of campaign expenses must be filed by all candidates not later than ten days after the election. The statement should include all expenses incurred, donations received, etc.; and must be filed in the clerk's office.

Bank Ramey thinks there would be a big future in a water crystal business in Hereford as already shipments of water are being made from here to such widely scattered points as New York, Seattle, Philadelphia, and California, and Coleman and Mexia in Texas. This week Bank sent some Hereford water to J. Paul Getty, president of the Spartan Aircraft Company of Santa Monica, Calif. Looks as though the rest of the country may be "sold" on the health value of Hereford products.

Republicans To Hold County Convention

E. L. Donner, chairman of the county committee, announces a Republican County Convention to be held in Hereford at the County Courthouse on Saturday afternoon July 29, at 4 o'clock and members of the party are urged to attend the meeting.

The purpose, Mr. Donner says, is to elect delegates to the State and District Conventions and to take care of any other necessary election year business.

The official notices of the committee meeting are signed by Mr. Donner and by E. C. Eubanks, secretary.

Plow Fall Garden Early for Easier Cultivation Job

Right now is the time to start preparing for a fall garden. Miss Sadie Lee Oliver, C. H. D. A., advised this week, pointing out that some really "early" fall gardeners—Mrs. G. P. Owen and Mrs. J. E. Young—already have fall beans up in their gardens.

Especially Miss Oliver urges that the soil be prepared now, as plowing will prevent weed growth and the scattering of seed to come up next spring. Also, she points out, weeds growing through the summer will take moisture out of the soil and if August turns out to be a dry month every bit of the moisture now in the soil should be conserved. When the soil is very dry, tillage is difficult and much irrigation is required to prepare the seed bed.

Garden beds that are prepared now can be harvested from time to time and when planting time comes, all that is necessary is to add fertilizer and sow the seed.

Murder Charge Filed Against J. W. Fox in Jones Slaying

A charge of murder with malice and forethought was filed here this morning against J. W. Fox, 51-year-old day laborer, in connection with the fatal shooting of C. F. Jones, 46, of Silverton, Oklahoma.

Complaint was made by J. O. Newell, Sheriff, and was taken by County Attorney Carl Gilliland, and reads:

"J. W. Fox voluntarily and with malice and aforethought killed, C. F. Jones by shooting him with a pistol."

An examining trial will be held in the county court at a date to be set by County Judge Fred Baird. The complaint followed several days of examination of witnesses by peace officers and Judge Gilliland, who said that several statements have been secured and will be turned over to the district court following (Continued on Page 12)

Palomino Sale Draws Bidders From Southwest

A horse sale which brought a \$200 average for 30 head of Palomino and Quarterhorse stock from the N. G. Elliston herd and an average almost as high for the more than 200 head sold, was held at the Sales Pavilion in Hereford last Friday when R. W. and N. G. Elliston sold some of their finest stock. Buyers were present from Illinois, Tennessee, Oklahoma, Nebraska, Colorado, Kansas and many sections of Texas.

Rascal, registered Quarter and registered Palomino, drew top price, \$1,500, among the stallions entered in the show; and the mare, Hazel M. (mother of the famous stallion Cowboy Mike) topped the show for mares with a \$630 bid. The mare was sold to Karl Kaufman of Mason, Tex. Both animals belonged to N. G. Elliston.

The next highest stallion, Nugget, belonging to R. W. Elliston, brought \$1,200; Silver Fox brought \$740 and King Cole was sold for \$600 to bring top prices for the R. W. Elliston listings.

The sale, perhaps the largest of real Palomino stock ever held, was attended by stockmen from the entire Southwest. Included among the list of quarter and Palomino raisers who attended were J. Frank Norfleet and son Bob of Hale Center; "Buck" Buchanan of Dallas, who raised and trained Roy Rogers' famous horse Silver, and has regular exhibits of his White Arabian show horses at Madison Square Garden; Jim Minnick of Ford City, Tex.; Bill Taylor of Lubbock; W. S. Starnes of Stinnett and John Whitley of Groom.

Registered Stock Featured at Al Smith Auction Sale

Sale of 113 head of registered Whiteface cattle and additional quality livestock will be held Thursday afternoon, July 27, beginning at 1 o'clock, it was announced this week by Al Smith, owner of the stock.

Mr. Smith's stock farm, known as the old Robinson place, is located two miles east of Hereford on Highway 60, then one and one-half miles southeast toward the Tierra Blanca Creek.

Offerings include 60 head of registered Whiteface Cows, all of Anxiety 4th breeding, and 53 head of Whiteface calves, all out of Beau Diamond bull. There are, in addition one straight line bred Beau Diamond bull and other quality Whiteface stock. A complete list of sale offerings may be found on page 8 of The Brand.

Mr. Smith invites interested persons to inspect the stock prior to the sale and states that he will give a 10 per cent discount on all purchases by 4-H Club Boys who buy stock for the purpose of raising club calves. Brumley and Otten are auctioneers and E. C. Eubanks will clerk the sale.

County Races Hold Interest

Interest in the sheriff's race and in two contested county commissioner posts holds the spotlight in a comparatively quiet election scheduled to come up Saturday when Democratic party nominees for county and state posts will be chosen.

As with county elections, the interest in state elections appears to be slight, and most Texas political observers seem to feel that it will be a case of "the ins have it" in state government. But regardless of the generally quiet campaign, 1944 may turn out a record vote in Deaf Smith County, as the total of 1938 paid poll taxes and 31 exemptions brings the county's voting strength to an all-time high and absentee balloting has been comparatively heavy.

County Democratic Chairman C. C. Acker states that election arrangements, choice of place, judges etc., has been left entirely up to the precinct chairmen, who include Vern Witherspoon, W. E. Dunlap, J. A. Roe, C. L. Bogle, V. T. Glenn, R. L. Campbell, Ernest May, E. W. Womble, C. F. Rickels and J. T. Guinn.

Sgt. Dixon Completes 51 Combat Missions

Staff Sgt. Wilbur O. Dixon, son of Mr. and Mrs. E. O. Dixon, who live southeast of Hereford, has been awarded the Air Medal with five Oak Leaf Clusters, according to an announcement received this week from headquarters of the 16th AAF in Italy.

Sgt. Dixon, a ball turret gunner on a B-17 Flying Fortress, has completed 51 combat missions.

He attended Dimmitt High School and prior to enlisting in the Army Air Forces on Feb. 11, 1943 was employed as a salesman for Hub Clothiers in Amarillo.

Many Errors Found in Sugar Applications

All applications for canning sugar during the second summer period are being handled by mail, and clerks at the Deaf Smith County ration office today entered a plea with the public to read instructions carefully—including the small mimeographed sheet of paper mailed with each application.

Approximately half of the applications received thus far have been filled out incorrectly and are having to be mailed back to the applicant, ration clerks state. Common errors include failure to sign the application or signing on the wrong line, inclusion of sugar stamp 37 instead of the correct SPARE stamp 37 from Book IV and failure to list serial numbers of Book IV for each person for whom application is made.

Shortage of help at the ration office makes it absolutely impossible for clerks to help households fill out these applications, but the situation can be handled if applicants will read and follow instructions.

Bennett's Hand Is Amputated In Car-Truck Accident

Hilly Bennett's left hand was cut off and W. I. Valentine suffered severe bruises last Thursday night about 10 o'clock when Valentine's car, in which the two Hereford men were riding, had a sideswipe collision with the back end of a large, trailer type oil truck on Highway 60 about three miles east of Hereford.

Bennett and Valentine had been to Happy to get a binder chain and on the way back had stopped at Buffalo Lake for a few hours fishing before returning home. The combined effect of dust and lights from the approaching truck blinded Mr. Valentine and he brought his car far back into the road before the truck cab had passed, knocking out the back axle of the truck and crumpling the left side of his own car. Bennett's arm was on the back of the driver's seat and his hand was sticking out of the window when the collision occurred; the men do not know whether his hand was cut on a metal part of the truck or on metal or flying glass from the car. Driver of the truck was not injured.

A passing driver took Bennett into town and Mr. Valentine, was brought in a few minutes later. Valentine's injuries were more serious than they were at first thought to be, and his leg and foot may have to be put into a cast.

FDA Again To Buy Potatoes In This Area

The Food Distribution Agency of the War Food Administration in the Hereford territory, it was announced today by County Agent A. R. Bateman, who says that, as in the past, the Agency will probably buy principally "distressed" potatoes—that is spuds below No. 1 Grade.

Regular buyers, Mr. Bateman says, are usually interested only in No. 1 potatoes and in the past dangerous surpluses of the lower grades have accumulated until the FDA took them off the hands of growers, processors and distributors.

The FDA will buy only from growers, cooperatives or dealers who have paid the equivalent of the support price, less agreed processing costs, which cannot be more than 50 cents a sack.

A Deaf Smith County Potato Growers Committee, made up of N. E. Gass, Howard Gault, Fred Barrett, Walter N. Hodges and A. R. Bateman, will make necessary arrangements with the Federal agency and will certify to the fact that processors are complying with the processing cost ceiling.

Support prices which will be paid by FDA are:

\$2.30 per sack for U. S. No. 1; \$2.05 for U. S. Commercial containing at least 85 per cent No. 1's; \$1.90 for U. S. Commercial's; \$1.15 for U. S. No. 1, Size B; and \$1.15 for U. S. No. 2's.

Plant Field Peas To Renew Soil Fertility

A crop which will both enrich the soil and provide good stock feed was recommended this week by County Agent A. R. Bateman, who suggests that farmers plant black eyed peas or some other type of field pea on wheat land.

Blackeyed peas will mature in from 45 to 60 days, Mr. Bateman says; and even if the plants make nothing but vine, the vines can be turned under for humus. "We must think of our land in terms of a long-time investment," Bateman says in urging the replacing of soil elements removed by continuous one-crop farming and by intensive cultivation. Blackeyed peas and other field peas may be planted on both irrigated and dry land, the county agent states.

Death Claims Mrs. W. A. Knox Here Monday

Funeral services were held yesterday afternoon at 4 o'clock at the Church of Christ for Mrs. W. A. Knox, 67 years old, who died early Monday afternoon at her home here. Mrs. Knox, a resident of Hereford since 1917, had been bedfast for several months.

Born in Georgia, Lillie Ethel Cameron came to Texas in 1884 and was married to W. A. Knox in 1895. The family moved here from Floyd County in 1917.

Survivors, besides the husband, include four sons Leonard A. Knox, Amarillo; William H. Knox, Hereford; Staff Sgt. Marvin A. Knox, Garden City, Kans., and Pfc. Stanford C. Knox, Arlington, Calif.; two daughters—Mrs. Bonnie Brumley, Hereford and Mrs. Richard Fly, Otis, Kans., and ten grandchildren.

Mrs. Knox was a member of the Church of Christ and Minister L. H. Andrews of the local church was in charge of the funeral service. Burial was in West Park Cemetery.

Brother Dies In California

Mrs. Wm. McGehee received word last week that her brother, L. R. Nichols, of Ontario, Calif., had passed away after a long illness. Death came from a heart ailment after Mr. Nichols had been confined to his bed only a few days. He was 73 years old.

Both Mr. Nichols and Mrs. Nichols, who is Mr. McGehee's sister, have visited in Hereford on many occasions. Besides his wife he leaves one daughter who also resides in Ontario.

Presbyterians Aim At \$15,000 Building Fund Goal in Drive

Having cleared the church of debt last year, officers of the Presbyterian Church of Hereford this week announced plans for starting a building fund with which to complete the church plant.

Goal for this drive has been announced as \$15,000 and the plan is to raise \$35,000 within the next three years for completion of a Sanctuary and Educational Building.

Names have been named and will begin immediately to conforming to D. H. Alexander, contact members of the church, according to D. H. Alexander, chairman of the building committee.

Midsummer Flower Show, July 28th

Plans have been completed for the Hereford Garden Club's midsummer flower show and the date has been set for Friday July 28, according to announcements made by committee members in charge of the event, here this week.

The show will be held at the Cogdell Motor Company building, 317 N. Main Street, and all entries must be in by noon on that date. Judging will begin at 12 o'clock noon. Schedule of classes and arrangements for the show was printed in the June 15 issue of the Hereford Brand and this listing will not be repeated. All flower gardeners are urged to enter the show and to help make a success of the enterprise. Special emphasis will be placed on the gladioli and the date for the show has been moved up from time to time until such time when the gladioli blossoms were at their best; however other flowers are listed for showing and all interested may find the complete listing in the June 15, Hereford Brand.

Because of the late spring and postponement of the show, the following flowers are now in bloom and have been added to the above mentioned schedule: Section Three—Specimen Tall Annuals, Class I Dahlias; 2—Formal Decorative, any variety; 2—Informal Decorative, any variety; 3—Cactus, any variety; 4—Pompon, any variety; 5—Any kind not mentioned above.

The Hereford territory again faced prospects of a million dollar potato crop as early shipments started trickling out to military camps, brokers and wholesalers over the nation.

While some few growers foresaw a slight reduction in yields, the average among growers and processors anticipated a yield equal to that of 1943. Quality of early yields was considerably higher than last year and improved quality result in No. 1 yields was expected to offset any general quantity yields per acre. Cobblers and Bliss Triumph were being dug by the early growers. The season got underway this week when Lee Renfro brought in the first 1944 spuds; his cobbler ran 90 per cent No. 1, but no figures were available on his general average.

Several other growers brought in potatoes Wednesday and Thursday with an indication that processing houses will be jammed until August as digging gets underway and hits a peak next week. Among those who started, or will start, digging this week were: Wayne Evans, Howard Gault, J. E. Andrews, W. C. Lowry, W. N. Hodges, J. N. Burgen, Herman Neff, Fred Jeff, Joe Evans, J. J. Paetzold, J. E. Baker, John Gallagher, Grady Hall, J. M. Richardson, Otto Olson. Fifty acres of potatoes for Wood Farms, Springlake were also handled through Hereford.

Potato prices this year will again be controlled by government ceilings and floors. These prices are on potatoes which have been processed and loaded (Continued on Page 12)

Grand Jurors To Meet July 31st

Grand jurors have been called for Monday morning, July 31, it was announced this week by County Clerk Robert L. Thompson, who says that a light docket faces the coming court term.

There are 13 divorce cases pending, Mr. Thompson said, and there will probably be two civil cases which may require the use of a petit jury. During the coming court term, petit jurors will not be called, until their services are needed.

The criminal docket also is light, but with the filing of charges against J. W. Fox in the Jones slaying, major interest is focused on the criminal docket.

Included on the Grand Jury panel are the names of Fred E. Barrett, Frank Beizer, Glenn Boardman, O. L. Click, N. G. Elliston, J. J. Paetzold, C. R. Galloway, Ben E. Wesley, Mont E. Baker, Joe Ballinger, D. C. Barnard, C. D. Carnahan, A. T. Case, L. L. Grand, A. L. Manjeet and J. Wallace Robinson.

CONSERVATION PRO — IN Conservation Program Continues in County

The conservation value of small draws in parts of Deaf Smith County where water wells are insufficient for adequate stock water is demonstrated on Mrs. Eva Brown's 2600 acre ranch in the Messenger community.

With the assistance of the Soil Conservation Service technicians and Deaf Smith County Wind Erosion District equipment, Mrs. Brown constructed a dam across a small draw on her ranch which impounds approximately two acre feet of water.

The recent rains filled this dam to capacity. This additional water supply eliminated the burdensome and expensive job of water hauling during the summer season when water supply is critical. It will result in better grazing distribution and grass utilization for the ranch herd.

Conservation work is nearing completion on the Badger tract of land consisting of 1922 acres which has been added to W. E. Dameron's ranch in the west part of the county. It was necessary to level approximately four miles of fence row drifts before building a good four wire fence around this tract of land.

Other Improvements Mr. Dameron Plans to Make are the Construction of Cross Fences and Installation of Two Windmills.

You have recently noticed that Mr. and Mrs. Charlie Burk, who live in the Kelso community, are able to get to town during wet weather.

Mr. Burk, with the assistance of technicians of the Soil Conservation Service and the Deaf Smith County Wind Erosion District equipment, constructed one and one-half miles of farm road leading from his modern ranch home to the county road. The new road makes it possible for the Burks to get to town in all kinds of weather.

The services of the S. C. S. technicians, with offices located on the third floor of the Deaf Smith County Courthouse, are available to farmers and ranchers who are interested in any conservation work.

Is Transferred

Miss Inavey Burdine who has been employed here for the past two and a half years with the Southwestern Bell Telephone Company, has been transferred to a position with the same company at Lubbock. Miss Burdine left Sunday accompanied by her mother. She will make her home with a brother, L. B. Burdine, and family. Another brother Ervin, who is in service, is stationed at Lubbock.

B. S. Arnold, old-time resident of Hereford, of Marshall, Mo., was in Hereford Friday looking up old friends and attending to business.

Miss Mary Ann Acker and her grandfather, W. O. Fox, left Tuesday for Brownfield where they are visiting relatives this week.

Ripen Tomatoes Indoors To Avoid Blistering

Pointing out that tomatoes which are allowed to stay on the vine to ripen at this season of the year often become sun-blistered, Miss Sadie Lee Oliver, county home demonstration agent, this week advised that the crop be harvested when there is a small area of pink showing on the blossom end. The fruit, if then placed in a cool, shady location for two to four days will ripen to a deep pink or red color, ready for use fresh, for canning or for juice. Fruit so handled seems to ripen better indoors than if left on the plant to mature, Miss Oliver says.

Summerfield

MRS. GUY WALSER

Sunday School and church were well attended by 67 Sunday morning. Visitors are always welcome to attend all services.

Mr. and Mrs. W. B. Boston were business visitors in Amarillo one day last week.

Mr. and Mrs. Paul Marceau returned to their home in San Antonio last Thursday after visiting in the home of her parents, Mr. and Mrs. B. A. Atchley.

Mrs. L. F. Carter had her tonsils removed last Saturday at Hereford.

Ross Royce, who is working in Borger, spent the week-end with his wife and family.

Mrs. J. A. Noland who has

been at Mrs. Godwin's sanitarium for the past four weeks came home this week. Everybody is glad to see her up and about again.

Wayne DeLozier had the misfortune of breaking his right arm Saturday while cranking a combine.

Mrs. Walter Hawkins has returned to her home in Lamesa after spending the week with her parents, Mr. and Mrs. B. A. Atchley.

What is still being cut in our community. The rain stopped most of the cutting last week. The row crops are looking good, and some of the maize is heading out.

Mr. and Mrs. Green of Plainview arrived by plane Sunday to visit her brother, M. D. Rexrode and family. Several of the local people rode in the plane. Among those were Mrs. M. D. Rexrode, Mrs. B. E. Roberson, Wendell Roberson and Jimmie Lee Lookingbill.

Mr. and Mrs. Tandy Legg and family returned home last week from Kansas where Mr. Legg helped in the harvest.

Miss Mary Estelle LeGrand of Hereford spent the week end with Miss Billie Ray Johnson.

Local Court Reporter Serves At Army Court Martial Case

Horace Schloss, court reporter of the 69th Judicial District, has recently completed two week's work making a 96,000 word record of Army General Court Martial proceedings at the Dalhart Army Air Base in the case of the government against an enlisted man charged with criminal assault against Mrs. Mildred Peoples, wife of the mayor of Dalhart.

The record transcribed by Mr. Schloss is now before the Army Reviewing Authority in Washington, D. C.

The transcription of proceedings at Army Courts Martial requires the services of a trained court reporter, and Mr. Schloss has been requested to serve at other court martial cases in this area. He plans to take other such jobs, providing they do not interfere with his regular work as court reporter of the 69th District.

Mrs. W. B. Robinson and two sons, Bobby and Johnny, of Los Angeles, Calif., are visiting in the home of Mr. and Mrs. James R. Robinson and family and with other relatives and friends here.

SONS In the Service

At Electrician's School

Ernest Harrold Clark, F 1-c, son of Mr. and Mrs. Brit Clark of Summerfield, recently graduated from Aviation Electrician's Mate school at the U. S. Naval Air Station at Jacksonville, Fla. Entering the Navy on Sept. 7, 1943, Clark received his boot training at San Diego before being transferred to Jacksonville. He is now qualified as an Aviation Electrician's Mate and will probably see service in a Naval Air Unit.

Three Sons in Service

Three sons of Mr. and Mrs. G. H. Whitaker are in service in the Army.

Woodrow Whitaker, now in England, reports that he is doing fine but would like to come home. He writes that with his Army cooking experience he will be prepared to give his wife a few pointers.

Clyde H. Whitaker left last week after spending a ten-day furlough here. After taking his 16 weeks basic training at North Camp Hood, Clyde won a certificate as an excellent soldier; he was the only one taken from his company transferred to Ft. George Meade, Md., where he will serve in the Tank Destroyer Corps.

G. H. Whitaker, Jr., came through "D" day safely and is now on duty in Normandy, where conditions have convinced him that "it will be a long war." The almost continuous rains, G. H. writes, make progress difficult, but the Yanks have the situation under control.

Graduates at Norman

Henry E. Perry of Hereford has recently been graduated, from the Naval Air Technical Training Center at Norman, Okla., with the rating of seaman, first class.

Perry attended Hereford High School and enlisted in the Navy last Dec. 22. He will now be transferred to a naval unit afloat or to another shore station for further instruction and work.

With M. P. Overseas Unit

Pfc. Woodrow W. Foster brother of Miss Wilma N. Foster of Hereford is a member of an M. P. company on duty somewhere in the Mediterranean war theatre.

According to an Army public relations story, M. P. work in the Mediterranean has taken on a few added quirks, such as the problem posed in one North African city in controlling traffic of jeeps, cars and motorcycles over streets that were constructed, not for modern vehicles of war, but for donkey and horse drawn carts.

Other jobs done by Pfc. Foster's co-workers include service ammunition trucks, messengers as air raid wardens, escorts for and guards for such visiting notables as King George VI and President Roosevelt.

Thinks Home Front Is Sabotaging Overseas G. I.'s

J. M. Lee, son of Perry A. Lee of Hereford, is a paratrooper stationed in Italy and he and some of his buddies evidently think that some of the folks at home are trying to "stick a pin in the G. I.'s balloon." Anyway, this is what Lee writes: "There are just a few com-

ments I would like to make about the way the voters of America are railroading the soldiers.

"The boys over here have been thinking about getting the war over with in a hurry so they can come home for a rest up and a little fun. While the folks at home are trying to rack them behind the eight ball.

"We will have all of the Army we want by the time the war is over and we feel like we're entitled to a swell welcome at the end of a quick return home."

Signed by "a bunch of G. I.'s in Italy."

Concerning Green's Escape

More facts were available this week on the escape of Pvt. Robert Green from a German prison camp somewhere in Italy last fall.

Pvt. Green, who was captured by the Germans at Oran on Dec. 6, 1942, was moved from North Africa to a German prison camp in Italy and according to a letter received by Green's father (whose home is in Corona, Calif.) Robert was reported by another prisoner to have been one of a group who escaped from the prison camp in September, 1943, about the time of the Allied landings at Salerno. He found shelter with peasants somewhere in Italy and had not been heard from until he was reported on July 21 to have been checked back into his company by Harold Harlin, another Hereford boy. According to Robert's grandmother, Mrs. W. B. Green, no direct word has yet been received from him by relatives here.

Wounded in France

Cpl. Frank Brashear, brother of Mrs. W. S. Rice of Hereford, is now in an army hospital somewhere in England recovering from a shrapnel wound in his leg.

Cpl. Brashear took part in the invasion in Normandy.

Returns to San Diego

Eugene Sparks has returned to the U. S. Naval Training Station at San Diego, Calif., after spending a leave here in the home of his mother, Mrs. Hazel Sparks.

LEGAL NOTICE

THE STATE OF TEXAS, COUNTY OF DEAF SMITH:

Dawn

By HELEN OGLESBY

Jinks Bellar of Muleshoe called in the J. R. Oglesby home Sunday.

T-Sgt. Glenn Greer of the Island of Trinidad has been visiting his father here in Dawn.

Mr. and Mrs. Irving Welch and daughter have returned to Mineola after spending several days in wheat harvest.

Mr. and Mrs. Carl Wimberley and family went to Sweetwater last Tuesday and returned Saturday. Mrs. Minnie Smith and Dean Corbin returned with them.

Mrs. L. M. Harris visited in the Cecil Benton home in Plainview last week.

Mr. and Mrs. J. L. Oglesby and family attended the W. T. S. C. Baccalaureate services in Canyon Sunday. Mrs. Hazel Atchley and Miss Berthamæ Thomas of Clarendon returned and took lunch in their home.

Raymond Stewart and Marvin May reported for induction into the service Monday morn-

ing in Hereford.

Ernest May spent Wednesday until Saturday with his parents in Hereford. His father is Mr. Miss Elizabeth Besner of Amarillo visited Mrs. I. A. Leake last week.

Mr. and Mrs. Stub Jones of Dimmitt were in the T. L. Welch home Friday. Mrs. Cecil Vandiver and Jerry returned here with them.

Dawn has had scattered rains lately and they have retarded harvest to some extent.

WHAT TO WRITE TO Servicemen

The Office of War Information offers these pointers for home-folks writing to soldiers, sailors and marines — based on suggestions gathered in a survey among servicemen at home and overseas, in co-operation with the Special Service Division of the Army Service Forces:

Tell Him...

1. How the family is doing everything possible to help in the war.
2. How anxious the family is for the boy's return.
3. How well and busy the family is. Give details.
4. How the family is getting along financially.
5. What's doing in the community: news about girls (single) he knows, doings of friends, who's marrying whom, exploits of the home team and other sports events, social doings, effects of the war on the home town. Reminiscence a little about past events and places the boy used to visit.

Mr. and Mrs. Bill Towns and children went to Lamesa, on Wednesday night on business and to visit relatives.

Dovie Jane Jones had her tonsils out Thursday at Dr. Willis clinic. She is doing fine.

Shirley Roach underwent an appendectomy on Monday of last week at the Deaf Smith County Hospital. She came home Monday and is improving nicely.

Frances Andrews has a broken arm, as the result of a fall at her home recently. The arm is healing rapidly.

Club met Wednesday, July 5, with Mrs. H. B. Honea. Only six members, a visitor and Miss Oliver were present because of the harvest rush. Miss Oliver discussed pickles, bread and kraut. Present were Mesdames W. A. Springer, Fred Axe, W. J. Dickson, Bill McReynolds, Adams, Owen Andrews and the hostess. The next meeting place will be announced later.

Mr. and Mrs. W. C. Lowry were happy upon receipt of two letters recently from their son, Earl, who is with invasion forces in France. They had not heard from him since April. He was well at the time the letters were written.

Raymond Mobley passed his physical examination at Lubbock last Thursday and expects to go into the army within a few weeks.

Mr. Hoffman from Lamesa visited his daughter, Mrs. Towns and family on Sunday.

Miss Lillian Simpson, of Plainview accompanied Miss Marguerite Mobley home for the week-end. Both girls are in college at Canyon.

Mr. and Mrs. Price of Floydada spent Sunday with their sister, Mrs. Mobley and family.

Mr. and Mrs. J. M. Dixon were in Amarillo, Wednesday, on Wednesday night they were visited by Mr. and Mrs. Dick Dixon, of Hereford.

Jack Johnson has been visiting his sister, Mrs. H. F. Benson and family.

Those taking dinner in the T. L. Sparkman, Sr. home on Sunday were Mr. and Mrs. Elbert Summers, Hart, and Mrs. W. A. Springer and Charles Ralph, Mr. and Mrs. A. T. Jones and Dovie Jane and Mr. and Mrs. Geo. A. Springer.

Mrs. W. A. Springer and Chas. Ralph visited in the D. H. Allmon home at Hereford on Friday afternoon.

Rev. Jimmie Duckworth took Sunday dinner in the Henry Dobbs home. He preached at Frio on Sunday morning and evening but will not return here as he is planning to attend college. Sunday school and Sunday night Singing will continue.

Hodges Family Holds Reunion

A reunion of brothers and sisters was held at the Chas. Hodges home Tuesday. Mr. Hodges has made his home in the Panhandle for almost half a century, having moved here about forty seven years ago. Most of that time he has operated a cattle ranch near Hereford. Several of the relatives here for the get-together had made their home here at one time. Mrs. Silna Ross, a sister, who came from Trenton, Mo., to attend the reunion, attended Hereford schools and taught here in 1906-07. Her daughter Miss Ressie Mae Ross of Haybro, Colo. accompanied her here.

Others attending were Mrs. Maggie Baines, a sister, of Little-rock, Ark., and her daughter, Mrs. Thelma Baker of Bunkie, La., Jim Hodges, a brother, of San Fernando, Calif., and another brother, Sam Hodges of Durant, Okla., a nephew, Frank Ball and Mrs. Ball of Tucumcari, N. M., and their daughter Mrs. Bill Ball and little son, also of Tucumcari. Mrs. Velma Hodges, a daughter-in-law, and family and the hosts.

During the years many family get-togethers have been held and last year the relatives gathered at the Sam Hodges home in Oklahoma.

Miss Estelle Gilliland of San Francisco, Calif., is here for a two week's visit with her parents, Mr. and Mrs. J. M. Gilliland.

NEWS ABOUT FOOD

from local W. F. A. Committee

IN THE PLENTIFUL PEACH

The luscious peach which promises abundance this year will be ripe for canning in one or another of the country now until October. Take advantage of the good supply, and specialists of the U. S. Department of Agriculture urge an amount of peaches canned not depend on the sugar in the cupboard—peaches may be canned satisfactorily with little or no sugar.

Choose fresh, firm, ripe fruit, pink bluish on many varieties of peaches tells little about ripeness, but the background color is important. If the background is green, the peach is not ripe for canning, and when peaches ripen will likely have a yellow or whitish-yellow ground color. Never use one with a decayed spot. Even when cut, bacteria may be left on peach to spoil the rest.

When canning any food, play and have full up-to-date information, based on scientific research. A free copy of the U. S. Department of Agriculture's "Home Canning of Fruits and Vegetables" may be had by writing a post card to "Home Canning," Washington, 25, D. C.

Here are the steps: Wash and peel the peaches. Handle fruit gently not to bruise, but wash peaches no more than a canning lid at one time. For easy peeling, place in a wire basket, dip in boiling water about a minute or so, then quickly in cold water, and cut peaches in half and desired, slice peaches for canning.

Canning of peaches is one step in peach canning. To them from spotting while prepared, drop them as skinned and sliced into a gallon of water, 2 teaspoons salt, 2 tablespoons lemon juice. Drain when ready to can.

Peaches are not juicy, extra juice may be needed in canning and packing the peaches for this, set aside sound peaches too soft for canning, and heat to boiling, then

step is to precook the peaches when canning without cook fruit in its own juice heated throughout but if fruit is not juicy, add enough water to keep it from sticking to pan.

Canning with sugar. In one of two ways: (1) If juicy, add sugar—1-2 cups per quart of uncooked peaches and heat to boiling. (2) If not juicy, make a sirup of water or juice ex-

tracted from extra peaches: boil together five minutes. A thin, moderately thin, or medium sirup may be made, depending on the sugar supply and family tastes. To make a thin sirup, use 1 cup sugar to 3 cups juice or water; for a moderately thin sirup, use 1 cup sugar to 2 of liquid; and for a medium sirup use a cup each of sugar and liquid. Then precook fruit in sirup until it is heated through-out but not soft.

While peaches are precooking, heat clean jars and jar tops. But do not heat metal lids with sealing compound; instead dip them in boiling water just before putting on jar.

Pack hot peaches evenly into hot jars, leaving 1-2 inch headspace. Cover with boiling liquid, still leaving 1-2 inch at top. This usually takes 3-4 to 1 cup liquid to each jar. Taking care to have a good proportion of solid food and liquid, and leaving right head space help to keep the peaches from losing liquid during canning. They won't be left high and dry, to turn dark.

Work out air bubbles by running a knife blade down the jar side, and if necessary add more liquid. Wipe jar rim with a clean, damp cloth. One sticky bit can keep jar from sealing airtight. Put on jar top and adjust according to kind.

Next step is to process the jars of fruit in boiling-water-bath canner. Have water boiling in canner and put each jar in as soon as filled and ready. When jars are all in canner, add more hot water if needed. It must cover jar tops by an inch or two. When the water boils hard, put canner lid on and begin counting time. Process peaches 20 minutes at sea level. At higher altitudes, add 1 minute to the 20 for each 1,000 feet above sea level. Keep heat even under canner; if temperature drops, jars may have liquid drawn out. Add more boiling water if needed, to keep jar tops well covered.

When time's up, take out jars. Finish sealing if type of jar requires. Set out jars to cool, right side up, and away from drafts.

Mr. and Mrs. Oscar Easley and son Joe spent a few days this week looking after business interests in Childress.

SHOWER HELD AT NOLAND HOME IN SUMMERFIELD

A miscellaneous shower-tea honoring Mrs. Cleo Wade, the former Miss Gertrude Atchley of Summerfield, was given at the home of Mr. and Mrs. J. B. Noland last Monday afternoon. Hostesses included Mesdames B. E. Roberson, Ky Lawrence, O. B. Sumner, L. B. Lookingbill, M. D. Rexrode, Lee Kendall and Mrs. Noland.

Garden flowers in pastel shades were arranged in bouquet fashion in the living room and a pink and white theme was carried out in appointments and decorations for the refreshment table. In the center at one side of the lace laid table was a mound of baby's breath studded with pink sweet peas. Individual white cakes topped with pink icing were served. Mrs. B. E. Roberson presided at the punch bowl and gifts were shown by Mrs. Ky Lawrence and Mrs. Ross Roy. Mrs. M. D. Rexrode was in charge of the guest book.

An informal program was presented in the form of a radio broadcast with Mrs. O. B. Sumner as the announcer. She announced the program over station L-O-V-E, the bride-honoring station of Summerfield. Mrs. Jim Clark read "The Ups and Downs of Married Life," and "When You Marry Him" was read by Mrs. Glenn Roberson. Jimmy Dorsey's "My First Love" was given by recording. Concluding the program the announcer revealed that Mrs. Cleo Wade held station L-O-V-E's lucky wedding date and her reward was now being displayed.

Those attending were Mesdames Roy Euler, O. B. Roberson, Glenn Roberson, Geo. Sumner, L. H. Lookingbill, Earl Lance, C. R. Walsler, Jim Clark, Walter

WE ARE THANKFUL

During the rush of the wheat harvest we were too busy to write advertisements, but now that the big rush is about over, we want to express to the farmers of Dawn and Black territories our profound thanks for a very liberal patronage at our elevators. The crop was wonderful in quality and the prices good. Everybody entered this harvest with confidence and fears that we would not have labor sufficient to do the job, but we did it and we haven't heard of a bushel of wheat that is lost on account of the weather in Deaf Smith County. Therefore, let's all be thankful to the higher powers.

We have recently bought the General Mills elevator at Dawn and will enlarge it as soon as we are permitted to do so, in order to better serve that fine community.

Thanks to everybody.

We will be glad to talk to you about advances that you may need for harvest expenses. Make our office your headquarters.

Do You Remember?

JULY 22, 1904
 The annual association of the Baptists of the Panhandle and the convention of the Panhandle B. Y. P. U. which are in session in Hereford this week is a feather in our cap. Such a body of representative Christian workers brings a wholesome breeze into our moral atmosphere and much good will come from the association of these good people.

Some of the leading papers who are dissatisfied with the Parker-Davis ticket and the platform recently adopted at St. Louis are drawing Bryan over the coals for agreeing to support the ticket. If all would stop and think for a minute that the Democratic Party is now united on what all conceive to be the leading issues and that the concessions made by either faction are, in the main, of minor importance, they would doubtless realize that they are following up the adage "Strain at a goat and swallow a camel."

E. R. Rice, formerly one of Hereford's business men, but now a ranchman, was in Hereford Tuesday with produce to sell and transacting other business. Mr. Rice does not come to town very often now, as he lives 32 miles away and it is no small

job to make the round trip.

Mr. and Mrs. W. B. Phillips of the North Draw visited for several days in Hereford this week and Mr. Phillips and son Coy were welcome visitors at this office.

The great increase in immigration to the southwest has caused the Atchison, Topeka and Santa Fe Railroad to plan the construction of a new line of road from Canyon City to Plainview.

JULY 17, 1924

Supt. C. H. Dillehay of the Hereford Public Schools announced this week that vocational agriculture will succeed manual training in the high school. . . . Mr. C. W. Humble of Albuquerque, N. M., has been employed for the important post of vocational agriculture teacher.

Probably the largest wheat field in the Panhandle of Texas is located in Deaf Smith County at the John F. Heselman place 30 miles northwest of Hereford. Mr. Heselman has 1620 acres of wheat or the best part of three adjoining sections in a solid body of wheat, thick as the hair on a dog's back, averaging 28 bushels to the acre. . . . waving in the wind like so many greenbacks.

All Hereford was shocked Tuesday night when, about 7 o'clock, the news spread that little Wesley Eugene Harrison, son of Mr. and Mrs. E. W. Harrison, had been smothered to death in the wheat dump of his father's elevator.

The first letter bearing an airplane stamp to be received in Hereford came to Mrs. R. G. Sisk from her son, Carl M. Sisk of Reading, Pa. The trip was made in three days, seven hours and 40 minutes. The special airplane stamp cost the sender 16 cents.

After five years of service here, Rev. J. R. Sharp, pastor of the First Presbyterian Church of Hereford, Wednesday night asked the officers of the church to release him from his contract. Mr. Sharp stated that he had received a call from the church at Dalhart and had decided to accept it.

It sure is funny what ideas some of these GI boys think up. I just had a letter from Pvt. Marvin Boyd, who used to be the mess hall manager here. Marvin says he keeps on reading and hearing that "food will win the war." He says he agrees thoroughly, but what he wants to know is how they are going to make all of the Germans and Japs eat in the mess hall down at Camp Wolters, where he is stationed.

Also comes a letter from Marjorie, Calif. Mrs. Phylene (Archer) Presley says she can help Mrs. Carl Frye in solving the riddle of when the Hereford High school colors were changed from black and gold to maroon and white, although she cannot argue with the folks who received their diplomas in the early days. She writes:

"This is just a reason-based guess and not an authentic one. I say it was in 1933. I associate the change with the new basketball suits of maroon and white that we received in time to proudly display at a tournament. Yet, it seems to me that the colors were changed the year before. I do recall that we were 12 very happy girls eager to wear that old black and gold for the last time. Though it were 1937, 1936 or 1944, I am sure all of us graduates are justly proud that it was from such a grand school that we received our diplomas, whether or not we still possess them."

Practically all of the boys overseas sooner or later develop a craving for eggs. Mostly, they want powdered eggs, which they are about as satisfactory as gazing your girl's picture.

Sgt. Ralph Jennings, who was recently home on furlough, said that he ate very few eggs here and that he expected to eat them three times a day after he got back to the states. He said they always got all of the fresh eggs they could eat just before they went out on a mission, but they missed them between times. Ralph said that on several occasions he wanted eggs so bad that he got up at 3 o'clock and went to the mess room with some other crew which was going out on a mission, ate six or eight and then went back to bed. He also tells an interesting story about the time he flew

in the ball turret. It seems that he had always had a yen to fly the ball turret, but due to the fact that he was radio operator, he could never get loose. However, one night another radio man flew with his outfit—and he begged permission to fly in the ball turret.

In the first place, he had a hard time squeezing into the small space, but finally made it. After being out around an hour, he began to cramp all over and told the pilot he was coming out to change places with the regular ball turret man.

"Like, hell," answered the pilot. "You asked for it and you are going to make the trip. Ralph says he never hopes to again go through the misery he stood in that ball turret. 'However', he adds, 'it was beautiful. Flak was bursting everywhere like a million rockets when we got over our target. I wouldn't take a thousand dollars for that ride and it would take almost that much to get me to make another one.' He said it got to be a standing joke and that he never made another mission without the pilot asking, 'Well, Jennings, do you want to ride the ball turret this trip?'"

Homer Fox sure took care of the labor situation last week. However, despite all of those playboys he mentioned, I figure that the women and children and R. C. McGilvary have really done most of the work.

No kidding, plenty of credit for gathering the present harvest goes to the women this year. Everyone here knows what the women are doing, but there are a lot of boys on the shores of Normandy and dotted about on islands in the Pacific who would really be proud to see the way these women are backing the attack. A good 40 per cent of the trucks and pick-ups are being driven by women—and girls; they can also be found on numerous tractors over the country. All of this is in addition to the hundreds who have replaced men in other types of jobs. Furthermore, these women are doing a good job and they are buying bonds. I talked with one girl who is driving a truck and who said that practically all of her money was going into bonds for a college education in a few years.

Those politicians, who keep on shouting that the people in this country don't know there is a war, are just plain nuts.

There is just one more thing that every single man and woman in the county needs to do this week. That is to exercise the good old American privilege of voting. Who you vote for is your business. Your forefathers fought and died that you might exercise the franchise of voting, and this is one of the big rea-

A supper at the Al Werner home Saturday night honored Ens. Daniel Turrentine who is home on leave; Miss Mary Turrentine and Gene Roach, whose wedding will occur soon; Sgt. Marlin Pierce of Great Falls, Mont., Miss Neelle Reed of Clovis, N. M., and Mrs. Orville Houser of San Diego, Calif.

The Home Demonstration Club met Wednesday at the home of Mrs. Roger Brumley with Mrs. Muri Parker as co-hostess. Mrs. B. R. Jennings was a guest. There will be no more regular meetings until September. A picnic for club members and their families is scheduled for Friday night, Aug. 11, at the State Park at Hereford.

Invitations have been mailed for the wedding of Miss Mary Turrentine and Gene Roach of Tatum, N. M., on Sunday morning, July 23. Mary is being honored this week with several pre-nuptial parties.

Mr. and Mrs. Vernon Wilson announce the birth of a son on Monday, July 10, at the hospital at Hereford. He has been named Joe Wayne.

Mr. and Mrs. Dave Aldridge of sons the United States today has more than 11 million men and women scattered—all over the world. America is one of the few countries left which affords its citizens the right to vote as they please. Remember Sat., July 22.

Horsepower sure is getting expensive around here. At the Elliston sale last Friday one of the horses sold for \$1,500, another for \$1,200 and several above the \$500 mark.

Prague, Okla., Bert Gunn and Mrs. Ott Robinson and children Don A., Mona Lee, and Belva Lou of Wewoka, Okla., were guests in the R. M. Gunn and Joe Landers homes from Thursday until Monday. Mrs. Guy Lawrence and daughters of Hereford were guests in the Joe Landers home Saturday and in the Gunn home Sunday.

Nelda Guy Lawrence of Hereford was a guest several days last week in the R. M. Gunn home. Sgt. Marlin Pierce arrived home Thursday on furlough to visit his parents, Mr. and Mrs. A. C. Pierce and other relatives and friends.

Mrs. Jim Bookout and children were visitors in the Merlin Kaul home Monday afternoon.

Mr. and Mrs. Grady Wilson, Mrs. Junior Wilson and Mr. and Mrs. Hughes Millard and children made a business trip to Amarillo Wednesday.

Gordon Ridgeway spent several days this week in Amarillo having dental work done.

Helen Jo and Glen Wilson attended a picnic at Palo Duro Canyon Sunday.

Miss Neelle Reed of Clovis, N. M., is a guest in the A. C. Pierce home this week.

Mr. and Mrs. Paul Rudd, Homer and Harold spent the weekend in La Junta, Colo., with their son and brother, Kenneth, who is stationed at the air base there.

Mr. and Mrs. Al Werner, Ens. Daniel Turrentine, Mary Turrentine and Gene Roach were Amarillo visitors Thursday.

Clarence Morrison is helping his brother Edwin Morrison of Bippus with harvest this week.

Spotted showers Sunday and Monday evenings delayed harvest again in a number of places. J. A. Roe reports some hail Monday evening and some damage.

Mrs. Vina Edmonson expects to leave the last of the week for Memphis, Tenn., where she will visit her son James Nolan, who

recently underwent an operation and is in a hospital in Memphis. James is in the navy.

Mr. and Mrs. Alvin Nichols of Floydada were guests Tuesday night in the T. B. Cox home.

Mr. and Mrs. T. B. Cox and Elaine spent Wednesday in Canyon.

Mr. and Mrs. Ray Pierce and son Randall of Cyrene, Mo., arrived Sunday for a visit with his parents, Mr. and Mrs. A. C. Pierce and other relatives and friends.

What about travel conditions?

Travel conditions are different than they were in pre-war days. Let's look at the facts:

Throughout the land, tens of thousands of men and women of our armed forces are now traveling across the country by rail.

The families of our fighting troops are taking "trips to see the boys" before they shove off for overseas.

Executives and war workers of essential industries are traveling between various plants on important missions.

It all adds up to this: More passengers than ever before are crowding the Santa Fe trains.

We are required to handle this unprecedented volume of passenger traffic with practically the same equipment we had in 1941.

Building new passenger equipment has not been permitted since Pearl Harbor.

Our government has issued instructions to the railroads under Interstate Commerce Commission Service Order No. 213, effective 12:01 am June 27, to displace or remove any passenger in any accommodation upon any train in order to provide necessary space for sick or wounded service personnel, and their attendants, transported pursuant to a medical certificate. We hope there will be little of this.

We of the Santa Fe will do our best to carry all the passengers we can, as quickly and comfortably as we can, but we ask this before you plan a trip this summer:

Unless your trip is essential, can't you put it off until we have a little better opportunity to carry you in the traditional Santa Fe manner?

NAZI PASSIONS UNLEASHED — a scene from "Women in Bondage," with Gail Patrick, Nancy Kelly, Bill Henry and Tala Birell. A smashing expose of the degraded condition of women in Nazi Germany, the picture describes such Nazi practices as Pagan baptisms, "mercy" killings, sterilization, government-encouraged vice and the cruelties of the Gestapo. It is the Sunday, Monday and Tuesday picture at the Texas.

THIS WEEK... AT THE USO

We just aren't in favor of this shifting of army personnel. It breaks up our little USO family and we will never be the same again. Some of the men who are leaving have been here more than a year. We have enjoyed knowing them and are more than sorry to see them leave. But it is "chin up and bon voyage" to you all. Let us hear from you and you can rest assured we will be thinking of you.

A welcome to the men who arrived in Hereford on Sunday night. We hope they will enjoy their stay here. Monday afternoon we decided that most of them were married. There was such a scramble for rooms and apartments for the wives who were coming. Cpl. and Mrs. Robert Grant beat them all by arriving Sat. afternoon. A number of the men have children and they report a difficult time finding anyone in Hereford who will take children. Please let us know if you have a room or apt. and if you will take children.

Born July 17 at 2:20 p.m. Sharon Ann Solomon. Weight 7 lbs. 6 oz. Eddie says she is cute but we imagine that he is prejudiced. We published congratulations two weeks ago and it still goes for us.

Thanks to the L. A. E. Club. They have given us another year's subscription to the Reader's Digest. We appreciate it.

Mrs. Joe Doerfler came in last Friday to tell us that Pvt. Enos Fields was spending his furlough on their ranch and they wanted every one to know that he was making them a "mighty good hand."

Mrs. D. W. Hawkins has given us one of her own paintings to hang in the USO. It is a scene

which she painted when she lived in the central part of the state and we are happy to have it.

Sgt. Pleyer's wife and daughter, Dorothy Lee, arrived in Hereford last week. Welcome to Hereford.

There was a dance at the Clubhouse Monday night. The new company mixed with the older ones, more of the girls came and the orchestra was extra good. In fact it was the best dance that has been held since the Coronation dance.

Calling all cards! The cards now being used at the USO are all old and dirty. If you have any that you aren't using won't you please bring them in to us. And if you have a pinocchio deck that isn't being used bring it too. New cards boost morale.

A Switch in Time saved Mine...

Now I'm over 33,000 mi.

I used to trade cars around 25,000. But if you'd offer me a new one today — unless it was free — I'd think twice. This '39 model gives me quite some pride, still running as sweet as it does. I know of people trying a dozen different oils and nearly everything else, to make their cars last. Some things worked; plenty didn't. In my case I played the hunch of OIL-PLATING my engine by switching to Conoco Nth motor oil, so as not to let engine acids get an upper hand. That worked! And why not? I knew that deadly corrosive acids are a regular part of

every engine explosion. I had my faith in Conoco Nth oil's modern synthetic that attaches OIL-PLATING to working parts — like a close-fitting shield. There's the stuff that puts up a real battle against corrosive acids. You're giving your car its chance to live, as soon as you change to an OIL-PLATED engine. Get Conoco Nth oil, that's all.

Bins Available For Sale or Rent

Grain bins, moved into Hereford two years ago to meet wheat storage shortages, are still available for sale or rent, it was announced this week by F. G. Collier of the Deaf Smith County AAA Office, who says that 89 of the unerected bins, 1610 bush capacity, and 81 double and 90 single bins (all erected) are now in the county. Regular prices, \$150 and \$160 for the unerected 1610 bush bins and \$190 for erected bins, have been set; and rental charges are announced as three cents a bushel, rated capacity, for the crop year.

The bins may be bought or rented, and left on the bin site, south of the railroad tracks in east Hereford, for the remainder of the crop year.

According to Mr. Collier, the Commodity Credit Corporation, owners of the wheat granaries, estimates that they will have paid for themselves after this year; and though the state office reports that demands for grain storage is fairly heavy in other parts of the state and possibilities are that most of the unerected bins may be moved out, there will remain in Deaf Smith County 81 granaries with approximately 400,000 bushel storage capacity. At present approximately 36,000 bushels of small bin storage is in use at Dawn.

"Though this is not the most desirable type of grain storage," Mr. Collier points out, "still it provides something better than stacking wheat on the ground."

Dudley Carnival To Open July 24th

The D. S. Dudley shows will open in Hereford on July 24, it was announced this week by advance men for the carnival, which will be located on a vacant lot on Highway 51 at the Highway 60 intersection.

In addition to a variety of rides, the carnival will feature side shows and other attractions. The Dudley Shows are exhibiting here under the auspices of the Hereford Lions Club.

son cars or trucks for delivery: No. 1's, ceiling \$2.70 and \$2.80 for size A, No. 1; the low on No. 1's will be \$2.30 as compared with \$2.25 last year. The No. 1 prices will remain in effect until Sept. 1, when a drop of 20 cents per hundred will be enforced. No. 2's and B grade No. 1's have been set at \$1.15, a figure 20 cents under the 1943 price. Present sales are brisk and the demand is tremendous with repeat orders from most of the firms which handled potatoes from this area last season.

It was impossible to establish any average yield other than by sheer guesswork this early in the season, but potato men are

generally estimating 125 to 150 sacks per acre over this territory. Approximately 3,500 acres of potatoes were harvested last year and the average in 1944 was estimated around the same mark.

One of the best crops this year is said to be on the Dr. G. W. Heard place, grown by Cliff Carpenter and Fred Severance. Some growers figure a yield of 200 sacks to the acre on this 160 acres. The potatoes were grown with a "side dressing" fertilizer method; 150 to 200 pounds of fertilizer was placed on the land and dressed into the sides of the rows as the crop demanded additional fertilizer. Frank Brinkman on the Wimberly place at Dawn and A. A. Brinkman on the Joe Hoffman place are also reported with possibilities of outstanding crops.

Joe Ballinger, the "Daddy of Hereford Potatoes" has 150 acres of late potatoes on his place south of town. Ballinger's potatoes are "in the pink" and indications point to a good yield for him. Wayne and Joe Evans said that they expected slightly smaller yields than last year. Howard Gault, who made unusual yields in 1943, also anticipated slightly fewer sacks per acre on his 200 acres, although he expected a better quality and more 1's than last year.

Labor for gathering the crop seemed to be in fairly good condition. Herman Ford, in charge of the Extension Service Farm Labor Office, said that 125 Mexicans are already in Hereford and that the number will increase to around 250 by this time next week. Most of the Mexicans are experienced vegetable handlers, coming here from the Rio Grande Valley and other vegetable producing points.

Processing, which slowed the deal to a great extent in 1943, also seemed in better shape with two new processing houses already up and ready to go. The Hereford Potato Growers have purchased the Howard and Roots house, just off Highway 51, and will operate it in connection with their old plant. Howard Gault has installed some new machinery in his plant across the tracks an started rolling Wednesday afternoon.

Phil Barclay, has a complete new plant south of the tracks and has already processed several loads. Cliff Carpenter indicated that he will again set up his tent to handle processing. Indications were that the old Carpenter cellar, operated at the close of the season by John Moseley, might not process—but no definite announcement was made by Mr. Moseley.

The new \$26,000 plant installed by Herman and Fred Neff, Joe and Wayne Evans with Harry Young as broker, was also in operation this week.

Glenn Beardman today also announced that a new office will be opened here by the Washington of New York with Louis S. Witte as manager.

Murder Charge

the examining trial. Allen Johnston and C. F. Fox, son of J. W. Fox, were released early this week. No charges have been filed on either of these men, but both have been notified to be available as witnesses.

The shooting occurred last Wednesday night around 11 o'clock in front of the Jones shack, south of the City Water works, after J. W. Fox, accompanied by his son and Johnston, went to the home of Jones and called him out.

No details regarding the shooting were released by local officers, who said that these details will be brought out in the trial.

Jones, who is survived by his wife and three children, was carried to Oklahoma, where he was buried this week. They had lived here around 30 days, during which time Jones had been employed in harvest work.

A son-in-law, H. B. Roberts, who witnessed the killing and later took Jones to the hospital, along with Mrs. Jones and the older children, will be called here for the examining trial.

Old timers said that this is the third murder charge to ever be filed in the history of Deaf Smith County.

Following the examining trial, all statements and information will be turned over to the grand jury.

Horticulturist Visits Orchards, Gardens in County

C. R. Heaton, assistant horticulturist of the State Extension Service, was in Hereford Saturday to inspect orchard plantings and to study plant growing conditions in this territory. Mr. Heaton, accompanied by Zack Jagers, assistant county agent; Miss Sadie Lee Oliver; Miss Lou Etta Patterson, demonstration agent of Randall County, and Miss Doris Leggett, district agent from College Station, visited many orchard plantings and gardens in the county.

Gardens and orchards were visited at the G. P. Owen place on South Main, at the J. P. Harlin's, at the G. E. Thiele and N. G. Elliston farms at Wyche and at the home of Mrs. Clyde Cavanaugh. Mr. Heaton also visited the garden at the Prisoner of War Camp.

FOLKS in Uniform

"You two should get along fine. . . . You have so much in common."

Most prevalent disease of both gardens, fruit trees and shrubs was the yellowing of plants—a condition attributed to soil conditions and which can be stopped by the application of the following mixture:

- Two pounds sulphur
- One pound copperas
- 10 pounds barnyard manure.

This mixture may be applied about 15 pounds to a 75 or 100 ft. row in areas where yellowing of vegetation has been noted.

One-half pound of iron sulfate in five gallons of water provides a mixture which may be used for yellowed spots on the lawn or around smaller plants. Iron sulfate may also be placed

Mrs. Zona Hayes of Dallas is visiting this week with Mrs. Nona Jowell.

Mrs. Nona Jowell, accompanied by Mr. and Mrs. Jerry Jowell and Mrs. Bob Gentry of Clovis visited her son, Chas. A. (Sandy) Jowell at Camp Carson last week. The group returned here and spent Sunday with Mrs. Jowell. Jerry reported Monday for induction at Lubbock.

Mrs. John Kelly and son Billy Joe of Chicago arrived last week to spend a month in the home of her parents, Mr. and Mrs. W. I. Valentine.

Visitors here over the past weekend were Mr. and Mrs. Frank Ball, Mr. and Mrs. J. H. McIntosh and Mrs. Bill Ball and son Billy, all of Tucuman. They were guests of Mrs. Ball's sisters, Mrs. Wirt Phillips and Mrs. Phil Radovich, and attended the Chas. Hodges family reunion.
