CHRISTMAS DECORATIONS and lighting began going into place on downtown Hereford streets last Sunday, with the Jaycees doing the work once more. Jaycee-Ettes also got into the work, and continued helping the men as they worked at night by preparing hot coffee and sandwiches. Merchants contribute to defray the cost of the decorations and

other expenses of the pre-Christmas program which is put on by the Jaycees. Shown working Sunday are Harold Loerwald, on top of the bank, Ruth Loerwald and Pauline Howard on the ground, Don Fudge on top of the platform on the truck, and at right, Kenneth Brock and Dick Axe, who had a brief respite from their part of the work. ## Maize Crop Pouring Into County Elevators

### Wheat Pasture Is Extra Good

Crop diversification is paying off again in Deaf Smith County, as maize pours into elevators and on-the-farm storage, and wheat pasture gives promise of providing feed for thousands of cattle for weeks to come.

From about 90,000 acres of irrigated grain sorghum land in the county some 225 million pounds of maize will be harvested, and from two-thirds to three-quarters of the crop has already been combined, according to estimates made by grain elevator men Wednesday.

**Piled On Ground**  
Just what percentage of that will be shipped in the near future is still an unknown factor. At least one elevator—Pitman's—reported all of their storage facilities as being full, and grain is being piled outside on the ground. Hereford Grain Corporation, which is co-operatively owned, reported that they are shipping some grain to Amarillo, and some has been piled outside because they did not want to fill all their storage facilities yet.

Figuring at the Wednesday price support of \$2.27 per 100 pounds, the maize crop in the county is worth more than \$5 million.

**Wheat Pasture**  
Wheat pasture in the areas where good rains were received are expected to support large numbers of cattle, and some men are buying cautiously if they did not have stocker cattle or foundation herds already.

A few cattle are being shipped in, but most of them are cattle which were already in the county. During the period when drought relief feed was available, 208 applications for feed were received, and these covered about 24,000 head of cattle, which probably covered nearly all of the cattle in the

county, which gives an estimate of the number of cattle here now. Jack Renfro is reported to be grazing a number of cattle, and Lawrence Strafass, who lives 15 miles north of Hereford, has leased his wheat pasture to New Mexico cattlemen.

**Planning To Stock**  
About 45 miles northwest of Hereford, Elmo Pinnell has a large amount of wheat pasture but he is

planning to stock that himself rather than lease it for grazing purposes.

Several other men have bought some stocker cattle, but mostly the demand is not too strong in the county, though the demand for stockers has been reflected on major markets.

The wheat pasture is reported to be rank enough in some places that it is lying down against the ground,

which is considered an excellent sign of heavy growth. If moisture holds out and the wheat is not covered by snow, pasture should be available on the wheat lands until the last of February, giving some of the cattlemen a badly needed boost.

Grain sorghum fields which were combined will also be available for pasture in some places, further helping the situation.

## Elderly Brothers Get Together For One Of Infrequent Visits

THORNTON AND JERRY WILLIAMSON

Two brothers who have lived, between them, more than 180 years, got together in Hereford Sunday for one of their rare visits. Jerry and Thornton Williamson, who were born in 1858 and 1880, respectively, were visiting in the H. V. Williamson home, 301 Ave. B. H. V. Williamson is Thornton's only child, while Jerry raised nine sons and one daughter.

Looking back over the years, the earlier days are the ones that they recall most easily, but they are likely to get into a brotherly argument over the date of certain events.

### Born In Missouri

Both of them were born in Missouri, and came to Texas when the family moved out here in 1861. Thornton has lived in Deaf Smith County since 1922, and in Hereford since 1930. Jerry stayed with farming as long as he could, then worked a garden each year until his sight became a bit too dim. Age has not dimmed the minds of either of the men, though.

Thornton Williamson now lives with his son, but he still shows his independence of others by getting up each morning and making his own bed, and he "always sleeps in pajamas."

### Many Descendants

A resident of Wise County, Jerry made the trip to Hereford while visiting with other relatives in Lubbock. When Jerry starts talking about his children and grandchildren, he has a hard time figuring out just how many there are. When he did get the grandchildren accounted for, with a bit of help, he added, "And a large number of great-grandchildren." There are also several great-great-grandchildren.

Jerry also likes to talk a bit about the coffee mill he has which he got in 1883, and it still grinds coffee. Just now it has been taken away for some repair work on the wooden drawer which catches the

## Around Town

### Santa Claus Coming December 2

## Stores To Unveil Christmas Decoration Friday Night

Hereford merchants will unveil their Christmas windows at 7 o'clock Friday night, and most of them will remain open until 8:30 o'clock after the unveiling to give people an early chance to look over Christmas merchandise.

Special "open house" features are also planned by some of the merchants, to make the evening one of combined visiting and business for their customers.

Members of the Hereford Junior Chamber of Commerce have been working hard since Sunday afternoon to get all the Christmas decorations up in downtown Hereford to have it all ready by Friday night. Decorations have been strung across Main Street from Highway 60 to Fifth street, and on Highway 60 from the west end of town to the east end.

A large Christmas tree—at least 25 feet high—has also been ordered by the Jaycees for erection in the intersection of Fifth and Main as soon as possible.

At Third and Main Streets, the Jaycees will have a booth where those who come downtown to see the windows can cast a vote, if they wish to, as to the best win-

low decorations. Plans are also being made by the Jaycees and the Chamber of Commerce, which are co-operating on the Christmas program, for the Santa Claus parade at 2:30 o'clock on December 2.

Superintendent of Schools George Graham has said that he will let all of the children out of school in time to march in the parade that day, to give the people an idea of the rapidly expanding school population, and the number of stockings that Santa Claus will fill here this year.

There will be candy for the children to be handed out by Santa and his helpers. Both the school bands and the band from Canyon will be in the parade, and the Riders Club and other local organizations have been invited to take part.

Lighting and other decorations at Hereford residences will be judged by a special committee on December 21, and prizes will be awarded for the top placings in the lighting contest.

Plans for the December 2 parade are being handled by Carroll Goss.

### Wanted Men Taken Off Bus In Hereford

During the early days, a man who got into trouble forked his horse and headed for Texas, knowing that he had a fairly good chance of starting over here, in one way or another. But times have changed.

Monday afternoon the Hereford Police Department received a call from Portales, N. M., that two men wanted for assaulting another at Melrose were probably arriving in Hereford by bus within a few minutes. Chief of Police Leo Box and Sheriff Lowell Sharp met the bus, located the two men, both of whom were in their 50's, sitting together, and they readily admitted their identity.

The two men—Robert Meadors and Jack Alsop—were taken before County Judge Horace L. Schloss for an extradition hearing, and both waived the issuance and service of the warrant of extradition. That night officers from Roosevelt County, N. M., came for them, and returned them to Portales to face charges of assault with intent to kill.

### Special Notice

Because of Thanksgiving, we will have a deadline of noon Tuesday next week on all classified advertising for The Hereford Brand. The same problem of preparing the Thanksgiving edition may prevent our contacting everyone who would like to put a special ad in the Thanksgiving edition.

For this reason, we ask that those wishing to run special Thanksgiving ads please call us or bring the ads to the Brand office as soon as possible.

## Problems Of Juvenile Delinquency Discussed At Men's Fellowship

Voicing his opinions emphatically concerning the problem of juvenile delinquency, County Judge Gene Jordan of Amarillo spoke to some 73 men last Friday at the Church of Christ Men's Fellowship dinner.

He was introduced by Bob Wear, minister.

Using as his subject "There is a Prevention For Juvenile Delinquency," Judge Jordan, who has been Potter County Judge for ma-

ny years, spoke at length on the problems confronting every community in connection with juvenile delinquency.

**Basic Causes**  
The jurist told his audience that the millenium has not arrived, as far as the care of juvenile problems is concerned. As some of the basic causes contributing to juvenile delinquency, he referred to broken homes, where one parent

## City Problems Discussed For Commissioner

A number of problems facing the City Commission of Hereford were brought up and discussed briefly at the commission meeting Monday night, though there was little action taken.

Most of the discussion took place for the benefit of new commissioner Raylan Evans, to give him a better idea of the present and future problems of the city, and the reasons for some of the problems.

**Drainage Problem**  
Sam Nunnally appeared before the commission to ask if something could be done about the drainage situation in the 300 block on Park Avenue, across from Dameron Park. It is Nunnally's contention that the land on the north side of the Park in that block has settled, since it is a fill, since the original drainage pattern was worked out, and trash and water now collect in the gutter along that side because it cannot drain properly.

Since Park Avenue is part of the highway system through Hereford, City Manager Cecil Massey was instructed to take the matter up with the Highway Engineer.

**Parking Change**

## Covered Dish Supper Held By Road Knights Monday

Members of the Road Knights, their parents and other guests held a covered dish supper upstairs in City Hall Monday night. There were 45 members and guests present.

Included on the program were a talk and the showing of safety film by Cecil McNeil, member of the Texas Highway Patrol. His talk, also centered around traffic safety, told of the needless deaths which result from careless and reckless driving.

**Special Guests**  
Sheriff Lowell Sharp and another Highway Patrolman were special guests at the meeting.

The Road Knights now have 21 members in their organization, and are inviting anyone with a driver's license to make application for membership. The organization also has a shop, where members can work on their own cars.

**Mechanic Helps**  
James O. Lee, a mechanic and member of the Knights, helps other members with mechanical problems they may encounter while working in the well-equipped shop.

Next meeting of the Knights will be at 8 p.m. next Monday in City Hall. Visitors are welcome.

## Man Wounded In Labor Camp Fight Saturday

A Latin-American was wounded, though not seriously, as a result of some sort of a disagreement just before a dance started at the Labor Camp Saturday night.

Manuel Lopez of Dimmitt was shot through the muscle of the upper part of his left leg with a small caliber revolver, and Tom Games has been charged in the case with "assault with a prohibited weapon."

**Waived Examining Trial**  
Games was put in jail Saturday night by Deputy Sheriff Fred Gonzales. He waived an examining trial, and had his bond set at \$800, pending his appearance before a grand jury.

County Attorney J. Edward Line, who has questioned a number of witnesses and other persons from the Labor Camp about the incident and the background behind it, said that there was apparently some bad feeling between the two men. Games claims that he fired the shot in self defense, the county attorney said.

DR. A. CLYDE ROLLER, (in front of group), director of the Amarillo Symphony Orchestra, was in Hereford Sunday to direct a rehearsal of "The Messiah," which will be presented in the First Baptist Church at 8 o'clock the night of December 6. There were 55 persons present at the rehearsal, including 18 new members. The next rehearsal will be held at 2:45 o-

clock Sunday afternoon in Ward Hall of the First Methodist Church. Dr. Roller will direct the final presentation. One of the vocalists scheduled for the presentation is Mrs. Clyde Gregg, vocal instructor at Frank Phillips College in Borger. (Staff Photo)

has been lost by death or divorce, and economic deficiency, where family income is not adequate to meet the needs of the family.

"On the preventive side, there is the right type of home life, where there are good adult examples," Judge Jordan continues. "Other needs are proper discipline, the training of a child in the way that he should go; school, as an adjunct to the home; the emphasizing of good citizenship, by upholding moral principles and teaching respect for all rightful authority; good community atmosphere, including the proper administration of youth organizations, such as Boy Scouts and Girl Scouts; and religious training, which is basic, in the home, the community, the government and all other phases of our life."

#### Not Behind Bars

Judge Jordan brought out strongly that "When juveniles have violated some law they should not be placed behind bars, because many of them will be hindered by the stigma of having been behind bars. They should and must be detained, but this must be accomplished in ways that will encourage them to try to become worthwhile persons, not in ways that will drive them to lower levels of human behavior."

"There will be some hopeless cases and they must be dealt with as such. But, for most offenses the approach must be made with the idea of encouraging the boys and girls to try for better behavior patterns," the judge concluded.

Subscription Rates: \$2.50 per year, Zone 1; \$3.50 per year outside Zone 1. With The Sunday Brand, \$4.95 per year, Zone 1; \$6.15 per year outside Zone 1.

All subscriptions strictly cash in advance. Entered as second-class matter at the Post Office in Hereford, Texas, under the act of March 30, 1879. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice of same being given to the editor personally at the office.

My deepest sympathies. However, to other prospective members, I would say: "Joining this club is a lot like having a new baby. The wife gets all of the sympathetic understanding and credit. The old man, regardless of how much he walks the floor, is just incidental to the occasion."

Buryl Elliston is pretty sore, but he will cool off. Besides, I have a good man on my side. Jim Lipscomb says he came to Deaf Smith County in 1896—and he recalls several things. He says it was so long ago that there was no moon, the sun was about the size of a half-dollar, and Alley Oop was still a little boy. He also says that he was a mere shaver at the time, but he well remembers that Buryl was a grown man and busily engaged in digging Tierra Blanca Creek. He says Buryl finished the job in short order, too, because he had already had so much experience in digging Palo Duro Canyon. Buryl says this is all a pack of lies. Anyway, you can take your choice. You have the word of two fine, honest, upright citizens. I wouldn't question either one of them. There may be a misunderstanding or a mistake somewhere, but that's all.

Meanwhile, we have developed a budding musician. None other than Lynn Kester of jewelry fame. Lynn has written the music and words for two songs which were recently released on Rocker Records, Portland, Oregon. The songs appear one on each side of the same platter. They are entitled, "Tell Me When" and "I'd Rather Dream". The Five Men of Swing handle the music and Jack Scott is featured on the voice. The records have Lynn's name right under the title.

Now, who in the world would have picked Lynn for a song writer? Not me, but it looks as if I am the exception. I did a little research and discovered that he is a musician of considerable note. Back in the days when he was just out of school (Buryl probably remembers when), Lynn used to play in an orchestra. He even taught music for considerable time and was quite a boy on the clarinet and saxophone. Everyone else around here seems to figure it is perfectly logical for Lynn Kester to emerge as a song writer, but it was quite a shock to me.

Doc Kirby called up to protest the increase in parcel post rates. He figures the post office is pricing itself out of business—and the people are going to have to pay off a bigger deficit than ever before. A few months back, in an effort to overcome its deficit, the post office instituted limitations on package sizes and weights, then followed with increased rates. It finally wound up, according to Doc where they are cutting their own throats. Doc says he had a 37-pound package to a Texas point. It cost \$2.73 to send it by parcel post, as compared with \$1.65 by truck. Doc shipped by truck. However, he figures they will show an even bigger post office deficit—and again raise the rates. He figures they are going at the problem all wrong.

Doc is maybe right, too. People can price themselves out of the field. It happens often. The only difference in this instance is that instead of the post office going broke, the people will be called upon to subsidize the mails with additional taxes. In the next two years we are going to hear a lot about post office operations. There will be quite a few changes. Maybe better, maybe worse. All congressmen walk on egg shells when it comes to the 3-cent first class letter rate. However, this is probably where the big falacy lies. We have the same 3-cent rate we had before the war. Everything else has gone up and up and up. There is also a lot of argument about third class rates (news-papers). We made a recent audit and out of around 2,775 Brands only 761 were going through the mails. This is by far the cheapest delivery we have. Other methods

pretty well eat up the subscription price in handling and distribution. Newspaperwise, the post office is well in line on costs. Lack of service, however, has forced many, many newspapers out of the mails. Sunday deliveries, for instance. Vans and trucks have replaced the mail delivery on practically all of the larger papers. We are only one of the few smaller ones. Naturally, this has cut the potential volume for the post office. It is just another example of private enterprise stepping in and doing a job where governmental systems quit. If a business man were undersold by the margin Doc points out, he would start worrying but plenty. Being the post office, they will say, all the way from Washington on down the line: "So what? Let the guy ship by truck."

Looks like the nickel bottle Coke is a thing of the past. They have advanced the wholesale price to 96 cents per case of 24. When the seller furnishes ice or electricity for cooling, makes up bottle losses and figures a handling charge, rent etc., he just can't break even on one cent per bottle. Fountain Cokes are possibly in the same boat. Many Coke machines are already 10 cents. However, some can be set on 6 cents.

Sunshine Park in Florida is scheduled for a 51-day racing meeting in 1954. The dates are Jan. 15 to March 15.

The grandstand and clubhouse sections of the Atlantic City race track have a seating capacity of 25,000.

Joe Stydahar, coach of the Chicago Cardinals in the NFL, was a member of the 1936 college all-star squad.

The guy who said, "Misery Loves Company" knew what he was talking about. Back in June of 1951, I went to a press meeting in Houston and the family carried me to Amarillo to catch the plane. Well, Sir, I unlocked the trunk of the car, put the keys in my pocket—and left the little woman and the kids stranded at the airport without the car keys.

Since that date, I have been the only known member in Deaf Smith County of this rather exclusive club. Dr. L. B. Barnett is now a full-fledged member, however. Last week Mrs. Barnett and the children took him to the Amarillo airport to catch one of those 5:30 a.m. flights. Lewis made the flight OK—and took along the keys. Mrs. Barnett, without money or keys, found herself in quite a spot. She finally called back collect and told

**By Mrs. R. C. Childers**  
 Mr. and Mrs. Billy Phillips left Sunday to visit in the home of his parents, Rev. and Mrs. Phillips in Clarendon before being inducted into the Armed Forces Friday. Mrs. Phillips will return to this community and continue with her work in Hereford until she is able to join her husband. She is employed by Dr. S. Barnett and Seigle.

Mr. and Mrs. Louie Olson left Wednesday morning for Hot Springs, N. M., where they plan to spend a week or so resting and taking the baths.

Mrs. Leona Packard spent Tuesday visiting her son, R. A. Packard and family, in their farm home near Happy.

**Home For Thanksgiving**  
 Raymond Childers Jr., writes his parents, Mr. and Mrs. R. C. Childers, that they will get out on Tuesday for Thanksgiving, and will be home sometime Tuesday night. He and Leaton Clark are riding home with a boy who lives in Amarillo. They are attending school at Texas University, at Austin.

Four girls from the Workers 4-H Club received reading awards at the annual 4-H Achievement night at the Shirley School Thursday night. They were Stella and Marie Hunter, Phyllis Sumner and Paula Beth Corbett. To receive a reading certificate each girl has to read more than four books which are on the 4-H reading list.

C. S. Barclay made a business trip to Amarillo Monday.

**Father and Son Ill**  
 Paul Corbett and his son, Ronald, have been in the local hospital. Ronald was released Friday and Mr. Corbett was released Monday morning.

Bonnie Lewis has been ill and missed several days of school last week.

Mr. and Mrs. R. C. Childers spent Sunday in the home of their daughter, Mrs. C. S. Barclay and family.

# Long Time Ago

**45 YEARS AGO**  
 The real first cold wave for the winter came across the Plains last week reaching the crest last Friday night when the mercury column went down to eight degrees above zero, just 24 degrees below the freezing point.

Exposed water pipes were "busted" and the plumbers have been busily engaged since that time repairing damages. The wind during the week did not attain a high rate, but still weather prevailed.

Three carloads of crushed rock, two of cement, two of brick and two of lumber was the record of one day's arrival this week of material for the Santa Fe new depot for Hereford. Contractor Harvey Stivers of Kansas City, came in Monday morning to lay out the work. He returned to Amarillo Tuesday to await the arrival of Mr. Turner who would drive the first stake locating the building.

**25 YEARS AGO**  
 The weather man put his soul into the job when he decided about 3:30 o'clock Friday morning to switch the beautiful fall weather which had prevailed here for weeks to a brand more in keeping with the time of year.

First, it was rain, steady and wet—it descended all forenoon and

all day, changing late in the afternoon to mixed rain, sleet, hail and snow and Saturday morning there was a gorgeous covering of the "beautiful" over everything.

The Methodist church is being re-decorated and re-painted from top to bottom. The wood work is being painted and the pews refinished. The basement has been remodeled into Sunday school class rooms.

**Personals**  
 Mr. and Mrs. George Graham were in Lubbock to visit with his parents, Mr. and Mrs. W. H. Graham.

Miss Chris Cogswell of Amarillo is spending this week here with her parents, Mr. and Mrs. H. M. Cogswell.

Mr. and Mrs. Jeff Roberson, Mrs. Velma Hodges and Mrs. Bobby Owen were in Wichita Falls Saturday to attend a meeting of the Southwestern District, Society for the Preservation of Bagber Shop Quartet Singing in America (SPBSQA). Two programs were presented Saturday afternoon and Saturday night. Eugene Roberson, son of Mr. and Mrs. Jeff Roberson, a student at the Army Radar school at Fort Bliss, El Paso, sang in the Sun Liners Quartet from El Paso and in the El Paso thirty-seven man chorus which won first place.

Mr. and Mrs. Robert Bell and children and Mr. and Mrs. L. B. Russell and children made a visit to Boys Ranch Sunday.

Mrs. Homer Brumley joined a group in Amarillo leaving by char-

**Safe Fever Treatment**  
 KANSAS CITY, Mo. (AP) — It's safer to sponge a child with cold water rather than rubbing alcohol to knock down fever, Dr. Roy F. Garrison writes in the Journal of the American Medical Association. He tells of a child made ill by breathing in fumes from too much alcohol used in a small room. Fever can be reduced within an hour by putting wet towels on the child, re-wetting the towels every few minutes, he said.

Mr. and Mrs. Claude Morris of Vega were guests of her sister, Mrs. Jeff Gilbreath, and family Sunday.

**Titles Make Headline**  
 NEW LONDON, Conn. (AP) — Titles of two of Eugene O'Neill's plays inspired a copyreader on the New London Day, where O'Neill once worked, in composing a headline for a story about a desolate piece of property on Cape Cod where O'Neill did much of his early writing. Provincetown, Mass., was about to foreclose on the property, owned by O'Neill, when a friend paid a back tax bill, halt-

## Women Wrestlers Will Headline Events At Bull Barn Saturday

Wrestling with "color" comes to Hereford Saturday night.

Two of the most outstanding Negro women wrestlers of the country share double main event honors with a Japanese and a Texan. And there will be a curtain raiser featuring a couple of well known American wrestlers.

Babs Wingo, a very attractive colored girl from New Orleans, who has come to be recognized as the No. 1 wrestler of her race and sex, accepts a challenge by Kathleen Wimbley, a husky and good-looking girl from Columbus, Ohio, in one of the main events.

**Durable Japanese**  
In the other, Jesse James, handsome Houston wrestler and former world's light-heavyweight champ, meets Mr. Sakata, the durable Japanese athlete who figured in Olympic games before he turned professional. Sakata comes from Tokyo and Honolulu, and in his short tenure in these parts has come to be known as one of the most vicious professional wrestlers in his weight class.

Jesse James, however, who has wrestled in all parts of the world and who is familiar with the Japanese style, probably will prove capable of holding his own against the barefooted, grinning Oriental.

The card starts with a one fall or 20-minute match between Buck Lipscomb, rowdy boy from Eugene Oregon, and Bill Weidner, veteran strong man from Amarillo. Lipscomb has the best speed, but he'll have to do some fast moving to elude the steady, muscular attack of Weidner.

### Feature Attraction

Feature attraction, of course, is the match between the colored girls. Athletes from early youth, Babs Wingo and Kathy Wimbley have starred on basketball teams, in track, and other sports. They don't look it, but Wingo weighs 150 pounds, and Wimbley weighs nearly 155. They are streamlined and strong, and they never let up. Speed, plus wrestling know-how and strength, also plus considerable rough stuff, has brought them near the top in feminine wrestling.

find his eyes are causing a bit of trouble at times.

"Flight Nurse" will be playing Friday and Saturday at the Star Theatre.

Once in a while the movie-makers go back through their files and dig out the best movie scripts from former years, retouch them a little, use a different cast, and come up with another sparkling production, as they have done with "Let's Do It Again", which will play Sunday, Monday and Tuesday at the Star Theatre.

Jane Wyman again proves her versatility by taking the lead in this light-hearted comedy, which is based on Arthur Richman's "The Awful Truth", which was an Irene Dunn comedy hit in 1937.

The same zany story line is employed, but in Technicolor with several songs and a torrid dance number added, any who might have seen and remembered it will find that there have been some strong changes made. Jane Wyman wears a succession of stunning gowns which should cause the ladies to gasp with envy and delight. Members of the male audience should enjoy that, too.

Ray Milland is said to do well with the romantic comedy role, and Aldo Ray gives another portrayal of a good-natured, two-fisted illiterate. Others in the cast include Valerie Bettis, Leon Ames, Karin Booth, Tom Helmore and Mary Treen.

Bob Rigall is a halfback on the Notre Dame football squad. His father won a Notre Dame football letter back in 1925.

## At The Movies

What is a woman to do when life with one man seems to call her in one direction, while service to wounded men who have served their country well is calling her the other way?

In "Flight Nurse", Joan Leslie has the problem to face, and plays the role fully, without letting the part become overly sentimental. While not a great picture, the film is down to earth, and moviegoers will be able to feel the emotional pull that she undergoes from two directions.

Forrest Tucker plays the part of the pilot who loves her and loves to protect her, while the other man, who loves to nurse but is resigned to losing her, is well portrayed by Arthur Franz.

The story is well-knit and believable, and there is good action to tie the story together. It isn't a tear-jerking movie, in the way most people think of the term, but more than one person is likely to

# Different Pumpkin Pie Unusual Pumpkin Cake

If your family refuses to go along with the traditional pumpkin pie for Thanksgiving then why not surprise them with Mrs. J. E. Dyer's pumpkin chiffon cake which is just the dessert to follow up a turkey dinner—light and delicate in color.

Mrs. Dyer, who lives about 30 miles north of Hereford in the Ford Community, works with the Ford Home Demonstration club, and is also 4-H leader for the Jolly Girls 4-H club which has been outstanding in achievement.

Mr. Dyer and their only daughter, Ann, who is a junior in high school, are the other members of her family at home. They also have a son living in Lubbock.

Mrs. Dyer gets a great deal of pleasure out of sewing for her daughter, her little granddaughter and her daughter-in-law and she especially enjoys creating novelties.

The recipe is basically a chiffon cake but Mrs. Dyer has added to and taken from some of the ingredients with most satisfying results.

**Golden Spice Cake**  
 2 cups sifted flour  
 1 1/2 cups sugar  
 2 teaspoons baking powder  
 1 teaspoon salt  
 1 teaspoon cinnamon  
 1/4 teaspoon cloves  
 1 teaspoon nutmeg  
 7 large eggs to be separated  
 1/2 cup canned pumpkin  
 1/2 cup salad oil  
 1/2 cup water  
 1/2 teaspoon lemon extract  
 1 teaspoon cream of tartar  
 1 cup chopped pecans.

Sift dry ingredients into mixing bowl. Separate eggs, set whites aside and combine yolks with pumpkin, lemon extract, salad oil and water. Make a well in center of the dry ingredients and add liquid all at once, blend until smooth and add nuts.

Add cream of tartar to egg whites and beat until stiff. Fold into pumpkin batter. Turn into ungreased 10 inch tube pan which has been rinsed in cold water. Bake in 325 degree oven 55 minutes then raise temperature to 350 degrees and bake for 15 minutes more. Invert and let cool before removing from the pan.

Mrs. Dyer suggests a lemon butter icing although they prefer the cake uniced.

MRS. J. E. DYER, who lives in the Ford Community, is cutting a slice of her Pumpkin Chiffon Cake. The recipe, worked out by Mrs. Dyer, adds a new flavor to the many variations of the chiffon basic recipe. She uses either canned or home cooked pumpkin or squash which has been well drained. ### No Trespassing, Please

By Roberta Campbell  
 So you don't like for people to trespass on your property? Neither do we! In fact we practically run a temperature every time some thoughtless, overly-enthusiastic hunter shoots a rifle or shot gun from the road in front of the house where our youngster is playing.

We realize, of course, that landowners' complaints are entirely justified and something should be

done about it, but why not include trespassing on public property too? May we ask a question? Smelly subject, isn't it, but where do you leave the dead hens and pigs you carry away from your place?—Down the road a piece where the neighbor's dog will carry them home to leave a pile of feathers or part of a rotten carcass in the front yard and enough germs scattered around to give every chicken and hog on the farm the cholera.

And those empty pints and fifths and beer cans you help pay a highway employee to pick up from

### Romaine Lettuce Is Grown Experimentally By Hoover Matulich

What Hoover Matulich, lettuce grower, jokingly refers to as resembling a field of Christmas trees, is actually a patch of Romaine lettuce.

The lettuce, located northwest of town about a half mile off of Highway 51, is an experimental variety grown for the first time in this locality, according to several growers.

Matulich planted the lettuce in July along with other varieties which are now being cut, but adverse weather conditions caused the lettuce to mature too fast and the crop will not be harvested. Under normal conditions, it would have been ready to cut about three weeks ago says Mr. Matulich.

### Pointers On Cake Mixing Stressed

Whipping the egg whites to form very stiff peaks, folding gently until blended, using an oil, and having the correct oven temperature were the main points stressed by Mrs. Grady Parsons when she gave a demonstration on baking a chiffon cake to the Messenger Home Demonstration club when it met Friday in the home of Mrs. Don Kennedy.

Mrs. N. A. Brown gave the Council Report.

Mrs. Ruth Coleman won the recreation prize and Mrs. S. N. Thweatt won the floating prize.

### Repainting Long Fence To Take Seven Gallons

If you have any painting to do, don't mention it to Mrs. A. R. Hughes, who is renewing the white paint on the front yard fence at her home just outside the city limits southeast of Hereford.

When the job is finished she will have spread seven gallons of paint on both sides of the panel fence which is made up of 1x4 boards 40 inches long and two inches apart. The fence measures 370 feet.

How did she make the estimate? She painted this same fence eight years ago and just now has to do the job over.

# HD Clubs Demonstrating Fruit Cake Preparation

 Mrs. Ida May Vaughn, food demonstrator, baked a cake for the members of West Hereford club when they met with Miss Evelyn Bell Tuesday, November 10.

Mrs. Foy Huff had charge of the recreation.

Mrs. Carlos Vaughn presided at the business meeting. Committee reports were given and the club voted to have their Thanksgiving supper, Monday, November 23, in the home of Mrs. Vaughn.

The next meeting on November 24 will be with Mrs. N. D. Hoot, when the members will make a tour of homes.

Members attending were: Mesdames Ulys Pierce, R. H. Hale, John Jacobsen, Sr., Carlos Vaughn, Vern Witherspoon, P. H. Lucke, Foy Huff, Ida May Vaughn, Roy Boyd and E. M. Cox.

Mrs. Dee Carlton, a former member, was a guest.

**Cultural**  
 Mrs. Edgar Telchik was hostess to her club on Thursday afternoon for the fruit cake demonstration given by food demonstrator, Mrs. Ira Scott.

Mrs. Scott used new simple directions for mixing which took minutes instead of the hours formerly believed necessary to put a fruit cake together.

The program on Boiled Frosting, postponed because of bad weather, will be held at the home of Mrs. C. S. Barclay Thursday, November 19, at 2:30 o'clock.

## Large Tonnage Of Cabbage Produced By Small Group Of Growers In County

Whether it is slaw or corned beef and cabbage you are interested in, it shouldn't be any task to get the ingredients from the forty-acre patch of cabbage grown by Joe Ballinger on his farm south of town — if you have the beef, that is.

That goes for such places as Kansas City, San Antonio and Fort Worth, and points in California where cabbage is going to market from approximately 150 acres grown in the area, according to Ballinger.

Other growers are Hoover Matulich, Keyo Okamoto and Charles Obert.

No definite profit figures are available as the crop may be cut

**Series Of Evangelistic Services Planned By Immanuel Lutheran**

Beginning on Sunday evening, November 22 and continuing through Friday, November 27, Immanuel Lutheran Church, located at Park Avenue and B street, will conduct a series of evangelistic services.  
Services will be held each evening at 7:30 o'clock except on Thursday, November 26 (Thanksgiving Day), when the service will be held at 10:30 o'clock in the morning.  
Rev. Harold Kaestner, pastor of the church, said, "This is the first time our local Lutheran church has presented such a program and we hope that many of our friends will attend our services."  
Sermon topics are as follows: Sunday—The Bible and the Bible Only; Tuesday—What Must I Do To Be Saved; Wednesday—The Lord's Supper, A Means of Grace; Thursday morning—Cast Thy Bread Upon The Waters; Friday—The Life In Christ.

**Ensilage Continues In Popularity With Livestock Raisers**

Ensilage continues to grow in popularity with livestock raisers and feeders in this area.  
Corn, which is usually cut while the most of the leaves are still green and the kernels have just passed the milk stage, has been the main silage used to fill the pits.  
A mixture of corn and sorghum forage also makes a high quality feed.

from five to seven times, depending on the weather and the demand. Returns and labor will determine the final figure. Prices which started out at \$40 per ton have declined to \$15 but the crop can still be marketed at a profit as the growers expect an average yield of about 15 tons per acre.  
Three varieties grown here are round dutch, early glory, and a red cabbage. Early glory is the most popular one of the three.  
Of the three varieties being processed for shipment, a part of it moves to market in bulk and the remainder is sacked in 50 pound mesh bags for easier handling by the buyers who do not have facilities for sacking.

# Bird Feeding Stations Suggested For Gardens

Do you know how to make a bird feeding station? If you do, try making one, or a bird house that may be used for one, for your yard or garden. This was recommended to members of the Hereford Garden Club Friday afternoon at a meeting held in the home of Mrs. O. H. Herring. It was Mrs. Herring who recommended the bird feeders as she opened the program on "Conservation", and she concluded, "Bird houses or feeders are not expensive and will give you more pleasure for less effort than any other addition you can make to the garden. Birds should not be forgotten in the wintertime and they would be happy to have bird seed, suet or crumbs made available during cold weather."

Mrs. Glenn Boardman spoke on "Humming Bird Ways" telling of observations she had made of humming birds in her own yard. Stating that there are several humming birds in this vicinity, Mrs. Boardman told of their odd ways of living and feeding.

## A Salute to Hereford's Churches

### FIRST METHODIST CHURCH

When the First Methodist Church was organized in 1899, it had less than 15 members, with Rev. T. F. Robeson as pastor. At present time, there is over 1000 members in the First Methodist Church of Hereford. The present building was completed in 1950, and plans are made to build a new Education Department for Children's division soon. Rev. S. M. (Hap) Dunham is pastor now, coming to Hereford from Perryton, Texas. Rev. Dunham studies at Southwestern University at Georgetown.

THE FIRST NATIONAL BANK is proud of its part in assisting in the development of the fine Churches of Hereford.

They are, from left: Buddy Campbell, who received an award for Tractor Maintenance; Jimmy Northcutt, recreation and rural arts; and Charles Springer, meat animal. (Staff Photo.)

### Value Of Birds

Mrs. C. C. Ferguson discussed "Value of Birds in Dollars and Cents," pointing out that birds will catch enough insects to save the home owner a great deal of money as well as effort in getting rid of the insects, year after year.

Arrangements for the day, which featured a Thanksgiving theme, were made by Mrs. M. T. Rutter, Mrs. R. L. Wilson and Mrs. O. G. Hill.

### Cornucopia Wins First

Mrs. O. G. Hill won first place with a cornucopia filled with fruit and flowers. Mrs. Rutter placed second with an arrangement of chrysanthemums in a pumpkin container. Mrs. Wilson's arrangement was of white chrysanthemums in a brown pottery container.

Judges were Mesdames Ralph McCullough, A. L. Manjeot and John Jacobson Jr.

During a short business session presided over by the president, Mrs. M. T. Rutter, Mrs. John Hacker was welcomed as a new member.

Those present were Mesdames Glenn Boardman, C. C. Ferguson, O. G. Hill, John Jacobson Jr., Ralph McCullough, E. Ramey, Jack Roberson, M. T. Rutter, S. S. Williams, R. L. Wilson, E. E. Fridley, Frank Brinkman, Jeff Gilbreath, C. D. Kelton and the hostesses.

### Personals

Mr. and Mrs. J. S. Tucker of Albuquerque, N. M., spent the weekend in Hereford with the laughter and son-in-law, Mr. and Mrs. S. S. Dodson. They were enroute to Dodge City, Kansas to visit another daughter and plan to return in time to spend the Thanksgiving Holidays here.

Mr. and Mrs. Cliff Estes left Saturday for Lawton, Oklahoma where they are spending this week with their son, Capt. Clifford Estes and family.

Mrs. Cecil Colwell and Miss Lillian Fisher visited with Mrs. Elmer Northcutt Saturday morning.

### Father Visits

Mrs. Elmer Northcutt's father, Charlie Kemp of Gatesville, is visiting this week with the Northcutt family.

Mrs. Johnny Northcutt visited with Mrs. S. N. Thweatt this week. Workers on the Cecil Guseman ranches are hauling cattle to wheat pasture this week.

Mrs. Opal Potts, Gayle and Betty visited Mrs. N. A. Brown last week.

### Carves Personal Pipes

LIVINGSTON, Mont. (AP) — M. J. (Blackie) Felsten, a Navy veteran whose ships have touched almost every port in the world, carves personalized pipes — to resemble the faces of famous people.

He sells a few pipes at Christmas time, but the remainder of his 250 to 300 a year output is given away to friends, or to the famous people they resemble.

"I watch for pictures of celebrities who smoke pipes," he explains.

He sends the completed pipe to the celebrity, and asks only one of the person's old pipes in return. No one has yet declined the exchange. Felsten pipes are owned by such well known pipe smokers as J. Edgar Hoover, Bing Crosby, Gov. Dan Thornton, of Colorado, Art Baker, Bennett Cerf and Glen McCarthy.

Youth Plans Conservation  
CHICAGO (AP) — A "Young Outdoor Americans" conference designed to stimulate interest in conservation work will be held here next spring.

The Izaak Walton League of America, celebrating the 30th year of the publication of Walton's "Complete Angler," will play host. Boy Scouts, Girl Scouts, Future Farmers of America, 4-H Clubs and Camp Fire Girls will have representatives from 48 states. Governors' committees will select

the youths who attend on the basis of their interest in the subject.

The league's executive director, William Voigt Jr., says, "Ideas developed at the conference, March 10, 11 and 12, 1954, will be filtered back to state conservation groups for study and application."

Marty Marion, manager of the St. Louis Browns, played in four World Series and five All-Star games as a member of the St. Louis Cardinals.

Thoughtful Drivers Insured  
HARTFORD, Conn. (AP) —

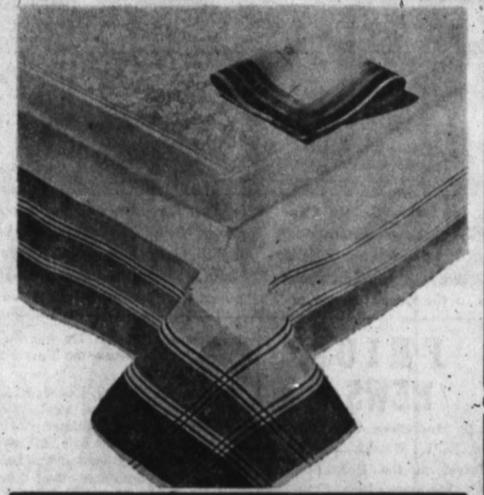

There's a reason, says state motor vehicles commissioner Charles F. Kelley, why uninsured motorists are involved in 18 per cent of the accidents in Connecticut although they number only 10 per cent of the registered drivers.

"The person who is thoughtful enough to carry liability insurance to protect other people is more likely to be careful and thoughtful all the way through," says Kelley.

Argen Draper  
If you didn't attend the 4-H's achievement program, you missed a good opportunity to show appreciation to some young people who are doing constructive things.

The 4-H program is so dependent on adult leaders and interested adults. Thursday night there were people there who had driven 50 miles to attend. A number who live 30 to 40 miles from town. I wonder how early the Don Gusemans and the Roy Pruitts started their chores to be some of the first at the Auditorium.

The merchants are very co-operative in presenting the awards given by their companies. Sam McLallen has come to the awards Recognition program ever since our first one at Shirley School when Miss Mahaffey was here. He gets a big bang out of young people and you know how he promotes home sewing.

The merchants are given the record books which have won county awards. They are always amazed at the amount of work these folks have done and the fine record they have kept. Learning to keep records in order to evaluate the work done is a good part of our work. In cooking the girls keep a form on which they list the dishes prepared, how it turned out, and how it can be improved.

We enjoyed visiting with Betty McGaughey from Amarillo College. She is taking home economics and is working in the library. Many of you are proud of Betty as you have helped in making her a good 4-H'er.

Friday afternoon Mrs. Grady Parsons gave the Messenger Home Demonstration Club a demonstration on making a Chiffon Cake. She gave such a good demonstration and made a perfect cake. Also, she had a perfect cake with her for us to judge. The Don Kennedys have moved to Clovis; I sure hate to see people like these leave the farm, but Bernice tells me they are still farmers at heart.

On the same afternoon Mrs. Earl DeHart gave a demonstration at the REA Kitchen on Chiffon Cakes. From some of the REA employees I learn those were perfect cakes, too.

My hat is off to the outstanding leaders in Deaf Smith County.

EVELETH, Minn. (AP) — President Eisenhower, Prime Minister Churchill and Premier Malenkov have been invited to meet in Minnesota's North Country to settle world problems.

President G. W. Shaw of the Eveleth Junior Chamber of Commerce sent letters to the three leaders. The Eisenhower letter said in part:

"The murmuring pipes, the sky blue waters of our 10,000 lakes, the perfect harmony of man and nature in this grand country is so conducive to amiable discussion that the success of a Big Three Conference here would be a foregone conclusion."

### FRIO NEWS

By Mrs. Owen Andrews

Rev. D. W. Ward is conducting a revival at the Dawn Baptist church this week. Rev. Paul McClung, pastor of the Dawn church, preached the morning and evening services here Sunday.

Mr. and Mrs. Bill Starry, of Oklahoma City, Okla., arrived here Friday morning to be with her father, W. H. Thompson, as he has been critically ill since his car accident last Wednesday. He seems to be improved this week however. Bill Starry returned home Monday but Mrs. Starry remained to help sit with Mr. Thompson.

Mr. and Mrs. Ewald Schmidt of Clinton, Okla., arrived Saturday to visit their brothers, Leonard and Herb and a sister, Mrs. Ernest Harder. Leonard will be here this week and part of next on his Army leave.

George Parker Improving  
Olin Parris and Walker went to Dallas over the weekend and brought back Mrs. Parris, who spent last week at the hospital with her brother, George Parker. George underwent his third operation last Wednesday for removal of

abscesses on his brain. He was improving Sunday when the Parris's left for home.

Mrs. H. M. Mobley, Don and La Nelle Mobley, Mr. and Mrs. Raymond Mobley and children, Mr. and Mrs. Floyd Cole and children and Darwin Miller visited the Lee Johnsons at Seminole over the weekend. Mrs. Mobley's brother, J. W. Taylor and his family of Lamesa, also met them at the Johnsons for a family visit.

Stevie Robbins is among those from this community who has been ill.

Mr. and Mrs. E. H. Little and children were guests in the home of Mr. and Mrs. Weldon Stephens at Hereford Sunday.

Visitors From Fresno  
Visiting the Bill Boyd's Sunday were his sister, Mrs. Roscoe Bills of Fresno, Calif., Mrs. Bill's daughters, Mrs. Malcomb Bebee and sons and Mrs. Mona Laney and son, all of Levelland; her son, Austin and his daughter of Lubbock. Afternoon visitors in the Boyd's home were J. E. Andrews, W. H. Andrews, Mr. and Mrs. Roscoe Burris and the T. L. Sparkman family.

Mr. and Mrs. Roscoe Burris of Texico were Sunday dinner guests in the home of J. E. Andrews. Other visitors were Mr. and Mrs. T. L. Sparkman. The Herb Schmidts, the Ewald Schmidts and the Leonard Schmidts were all dinner guests in the home of Mr. and Mrs. Ernest Harder Sunday. They were celebrating the birthdays of Paul-ette, daughter of Mr. and Mrs. Ewald Schmidt, and Norman Dene, son of Mr. and Mrs. Ernest Harder.

Mr. and Mrs. Carlton Dobbins visited with relatives at Berger Sunday.

Mr. and Mrs. John Franklin and children of Panhandle visited in the home of his sister, Mrs. Spicer Gripp last weekend.

Gripps' Visit  
Mr. and Mrs. Gripp of Conway were here visiting their sons, Spicer and Glenn and their families Thursday. Their grandson, Monte, son of Mr. and Mrs. Glenn Gripp went home with them for a few days' visit.

Mr. and Mrs. H. F. Benson left Thursday for a trip to Mississippi, where they plan to visit her relatives. Their daughter, Genelle, has been visiting Doris Turner in Hereford since her parents are away. Mr. and Mrs. Joe Hacker of Portales and Miss Sherry Benson of West Texas State College in Canyon spent the weekend at home with Genelle.

Harvest Resumed  
Cotton pulling is getting underway this week. C. N. McClure started pulling last Wednesday and as the late frosts are drying the cotton out, quite a few farmers are finding patches dry enough. Combining has also been resumed since the ground has about dried up enough to get the machine over it.

The young people enjoyed a Western Party at the W. H. Andrews' home Friday night. Western clothes were worn and after playing games in the barn, refreshments of beans and cornbread were served.

Those attending were: Nora and Dan McLallen; Frances, Veradelle, Alma and Delores Andrews; Virginia Brock; Velma and Winnie Joe Irwin; Frank and Eva Jean Woolbright; Bob Brown, Doyl Johnson, Marie and Norma Rhodes Clark and Glenn Andrews, Dallas

Here it is the Sabbath, a mere day after some momentous picking. I thought, by me, and what to I get from the scoffing sweat-ers, nothing but running lip, per-flage and skepticism, all of poor quality, at that. . . So, being of an un-forgiving nature, same being influenced by an injured mien, I live at this weeks selections in form only-no guarantees, no returns, no refunds and no recog-nition of any loose lip. Season-wise you come up with a bunch of hard-ly selections, and some not so startling, so you emerge and ex-pectantly wait for pie u d i t s . What do you get? Half the wisem-ensers you encounter, blandly state they thought the same and live you no credence, even though you were stupid enough to put it in black and white. . . SMU over Baylor-The Cotton and Sud-er Bowls are empty but still in mess. . . Georgia Tech over Duke-That's confusin' to you? Think how those bowl committees must be stewing, about now. . . Hardin-Simmons over North Texas -The two holiday tilts must be led by reps from the SWC and the Southeastern conference, now at South Carolina has undilated the West Virginia bubble. . . Holy ross over Fordham-Could be lice and Texas in a deadlock for the SWC, with Rice the Cotton owl noddee, since they painted the Steers purple in their hand-to-encounter. . . Texas Tech over Houston-However it may ad in a three way deadlock, Bay-er and SMU will handle one elimi-nation when they meet Saturday. Texas is in, with only the Key-ets to hurdle. . . Purdue over diana-SMU or Rice ought to im-inate Baylor and TCU could ill eliminate Rice or SMU, they ve a penchant for upending mebody each lap. . . **Coyotes Protected**  
TOPANAS, Colo. (AP) - Coyotes are now finding a friend in western ranchers who once shot them on sight. The ranchers are posting "Coyotes Protected," signs says Audubon Magazine. The change of attitude results from the discovery that coyotes help keep down mice, gophers, moles and rabbits. The rodents have destroyed as much as one-third of the hay crops and have cut the livestock carrying capacity of the ranges by as much as one-half. Harvey Harman has coached the Rutgers football team since 1938. His teams have won 66 games, lost 27 and tied two.

### Deer, Turkey Have Rallied From Drouth

AUSTIN - Texas deer and tur-KEY have rallied somewhat from the severe drought period and prospects are for a fair season, ac-cording to the Executive Secretary of the Game and Fish Commission. The annual big game hunt under the General State Law opens No- vember 16 and continues through December 31. There are special seasons for larger areas like West of the Pecos, Panhandle and Pos-sum Kingdom, as well as several special dates on the county level. Bag limits and shooting hours like-

embrace the lower coastal plain. In the Hill Country, game ward-ens reported a definite pickup in deer prospects and said wild tur-KEY were slowly rallying from three bad hatching seasons. The Executive Secretary advised hunters to study their Game Law Digests on hunting regulations and to look up the local game wardens for any additional information needed. Even in Deep South Texas the deer have rallied, although there was some die-off in the heat of the summer. Game Warden Super-visor Herbert Ward of Catarina and Supervisor John E. Hearn of Cotulla agreed that deer were on the upturn although some ranch-ers in their area will restrict the harvest. Game Warden Supervisor G. M. Stricklin of Beeville said deer are coming back in his area which

**Forecaster Passes Buck**  
SAN DIEGO, Calif. (AP) - In an appearance before the city council, A. W. Anderson, United States weather bureau head here, declined to evaluate artificial rain-making methods. "But," he added, "they benefit us one way. When we miss our forecast of rain, I can always blame the cloud seeders."

**Installation Theft Reported**  
HANNIBAL, Mo. (AP) - With luck, some thief may have a re-built automobile at the expense of George Black. Fellow keeps coming and taking another item of equipment off Black's car. So far he's got sex-eral hubcaps and a battery. The time he took the battery he left a dead battery in its place.  
**Dog Goes Down The Drain**  
ROANOKE, Va. (AP) - Some 200 persons including a Boy Scout troop were on hand when people of the neighborhood finally res-cued "Puddles," a four-year-old cocker spaniel. The small dog crawled into an eight-inch underground drainpipe and crawled some 225 feet before he was dug out.

# Book Week Emphasized With Latest Releases

This is National Book Week and the Deaf Smith County Library has a list of new books the readers will enjoy.

"A Passage in the Night", by Sholom Asch is the first modern novel by this author since "East River". It is a story of atonement, of man in conflict with his conscience.

"The Mustard Seed", by Vicki Baum is a story of a young man who has the faith as a grain of mustard seed of which the Bible speaks.

A new novel by Shellabarger, "Lord Vanity", will interest those who have liked his other historical books "Prince of Foxes", "Captain from Castile", "King's Cavalier" and others.

Elizabeth Coker, author of "Daughter of Strangers", has a new novel about the south "India Allen". She is the spoiled daughter of a wealthy Charleston family who finally meets her match in a handsome young planter from up-country South Carolina.

"Return in August", by Phil Stong is a sequel to "State Fair" by the same author. All the well-remembered characters and scenes, all the enchantment and romance is here in this novel of a return in August to a better and happier time.

"Leaving Home", by Elizabeth Janeway is a searching story of the dissolution of a family as the three Bishop children leave their many-gabled home in Brooklyn, one by one, to lead separate lives. A completely fascinating novel of what happens to every family as the children grow up.

Other new novels are "The Knight" by Tom Wicker, "Intruder from the Sea", a spy story by Gordon McDonell, John Gould, author of "Farmer Takes a Wife", has a new one, "The Fastest Hound Dog in the State of Maine", an amusing story for man or woman, boy or girl and those who have ever owned a dog will never forget it.

"Love from Sandy", by Edw...

Walk Is Exciting  
MC COOL, Neb. (AP) — Just walking to high school can be pretty exciting. Shirley Borden stepped on a rattlesnake, which promptly coiled around her leg. The snake, apparently sluggish from chilly weather, did not attempt to bite.

The girl kicked the reptile off and a McCool man finished it off.

### CONGRESSMAN WALTER ROGERS SAYS

## Administration Probably Won't Recognize Present China Regime

**BEHIND THE SCENES:** Furrowed brows and whispered appraisals of doubt have not been unusual in official circles since the November 9th news conference at which Secretary of State Dulles was quoted as saying that the Eisenhower administration has never said it would be forever opposed to recognizing a Communist government in China.

Some of the news services immediately construed this statement to mean that consideration was being given by the administration to the recognition of the Communist regime in China, some stories indicating that the Communist regime may be recognized. Some, apparently assuming that Secretary Dulles meant that recognition of Red China was being considered, are prophesying a definite split in the administration over this particular issue. In other words, they anticipate that the real repercussions are yet to come. It seems that the construction placed on the language of the Secretary is the cause for the furrowed brows, rather than the words that

were actually spoken.

### In Fairness

In all fairness to Mr. Dulles, I think it should be pointed out that the Secretary certainly did not intend to convey the idea or thought that the administration was considering the recognition of the Communist regime in Red China. His remarks very clearly reflected that the present anti-Western and aggressive policies and attitude of that regime would preclude consideration of recognition of such regime as the government of China. Mr. Dulles fully appreciates the many facets of this problem and in speaking on the matter would, no doubt, have in his mind three major items.

First, he fully understands and properly evaluates the bloc in the Congress that is completely pro-Nationalist China. Several of the outstanding leaders of this bloc are members of the House and Senate from the West Coast areas. Secondly, the Secretary knows full well that a Communist regime would have no inhibitions against Western and anti-aggression policies in order to secure recognition by Western powers as well as admittance to the United Nations. He also knows that, once such result was accomplished, that same regime would not hesitate to return to their godless, dictatorial, anti-Western, aggressive and enslavement policies. Thirdly, the Secretary also knows that the House of Representatives has, by vote on a resolution, openly condemned and opposed the admittance of Red China to the UN.

### Not Getting Soft

We all know that one of the basic principles of Communism seems to be the theory that the end sought justifies the means employed. Certainly, the Secretary of State knows this and he is not getting soft toward Red China. I think the proper construction of his remarks would have been that the administration had never taken the position that the Nationalist government of China was the only government that would ever be recognized.

**CUTTING EXPENDITURES:** One of the local columnists has pointed out that one of the biggest departments of government has hired a private firm to make a survey of the department and to recommend changes that will

bring about more efficient management and effect economies. I do not yet know the terms of the agreement between the department referred to and the private firm, but certainly intend to find out. These surveys are very costly to the taxpayers and, so far as I can determine, have produced very little in the way of results. One such survey cost the taxpayers approximately \$600,000.00, yet the overall cost of the department involved has not been measurably decreased. It's good business if you can get it. I don't recall any of the reports containing a recommendation that the departments stop spending the taxpayers' money to hire these survey firms.

**THE NATION'S HEALTH:** I noticed the other day that many of the present day diseases and ailments are caused by synthetic foods and certain food processing methods. It kinda scared me and I went by the store on the way home and bought some frozen tur-

nip greens (these are not near as good as the fresh) and a sack of corn meal. I don't know of any ailments that I have except a bald head, but the way these turnip greens and cornbread tasted, I believe I cured everything except the bald head. The youngsters did not seem to be too enthusiastic about the turnip greens, so Jean and I had to eat most of them. I'll let you in on a little secret. Frank Helvey, over at Amarillo, has a fellow working for him who grows turnip greens fresh. He delivers them out to Mrs. Helvey and her mother, who really know how to cook them. They also know how to make homemade pepper sauce to go on them. Frank knows how to eat them. I know, because I helped him one afternoon.

# Thrill Maker *from start to stop*

(That's T.T. Dynaflow!)

SOMETIME soon—like this week—you ought to try a Buick with Twin-Turbine Dynaflow.\* You ought to try it just to be familiar with the great advance in this fully automatic transmission that Buick engineers have accomplished. You ought to try it just for the fun of bossing a drive where you don't do a blessed thing but steer and press the gas or the brake pedal as you go. But, pure and simple, you ought to try it for thrills. We mean the thrill of instant getaway response—with two

turbines doing the job that one did before. We mean the thrill of whisper-quiet acceleration—where you barely hear the sound of power build-up, or of flowing oil at work. And, most emphatically, we mean the thrill of perfect and sublime smoothness from start to stop—the thrill of moving from standstill to and through all travel ranges in one, progressive, infinitely smooth forward "carry" without a gear ever shifting or a clutch-pedal pushed—the thrill, rarely found elsewhere, of silky smoothness in deceleration, too.

Will you be our guest at a sampling of a Buick with TT Dynaflow? Will you try the sweetest, the smoothest and the simplest-to-operate automatic transmission yet devised—and powered by the highest-compression engines in Buick history, including the world's newest V8 in SUPER and ROADMASTER models? Drop in on us this week and we'll be happy to accommodate you.
