Petition Asks For Elementary School

PETITION, asking construction of an elementary school in thwest Hereford, is now in circation and will be presented to school board of trustees at its eting March 18.

rs. J. P. Jones and Mrs. O. G. Jr. initiated the petition, saythey are trying to find out many persons agree with on the need for a school in the northwest part of town.

Mrs. Hill said approximately 400 signatures had been obtained by Wednesday morning. She said they are seeking 480 signers.

The petition says:

"We, the undersigned, each being taxpayers within the said district, have and do hereby respectively petition the Hereford Rural High School District to have constructed an elementary school to be located in the northwestern portion of the City of Hereford in an appropriate location north of Harrison Highway and West of Highway No. 51."

Eight copies of the petition are being circulated.

"We don't have a school in the northwest part of town and we need one," Mrs. Jones said. 'Some children living on Harrison and 51 ride school buses to Aikman and Shirley and that could be eliminated. Some go to Central School, which we consider inadequate."

"In that bond issue which was turned down last month, the board wanted to add on to Aikman, and we think the whole community could be served better by having a school in the northwest part of Hereford," Mrs. Hill added.

Around Town

National Education Week and ational 4-H Club Week will be elebrated here in Hereford next eek. National Education Week scheduled for Mar. 3-7, and ational 4-H Week Mar. 1-8. Sevral meetings have been schedul for both groups locally.

ity Manager Dudley Bayne is Dallas this week undergoing sical examinations and treatnt for stomach ailments.

ity commissioners have asked new bids on a rubber tired ie-yard-capacity loader with -wheel drive. They previously asked for bids on two-wheel e vehicles only, but decided in Monday evening meeting to intigate the possibility of purchasa four-wheel loader.

he Aikman Elementary School rus, under the direction of Mrs. rlin Holmesly, will present the rtainment tonight for the Aikn P-TA meeting.

eddell and Suggs Drilling Co. Hereford has been awarded the tract for drilling three water ls in Dreamland Cemetery near ryon. The Randall County Comsion let the contract Monday. ddell and Suggs was low bidder.

City Attorney Earnest Langy was guest speaker at the regar weekly Rotary Club meetg Monday. Langley spoke on Competitor Relations," tracing e history of competition and cussing governmental regulans on competition.

rs. Earnest Langley has been rded a new watch by Cowan elry for being the 20,000th ch repair customer. Mrs. Langalso got her old watch repairree of charge.

Little League Meet Slated for Tonight

Organizational meeting for the 1958 Little League baseball season will be held at 7:30 p.m. today in the Hotel Jim Hill ballroom.

"This will be a community-wide meeting and everyone interested in Little League ball is urged to attend," said league president Joel Hodges.

New officers will be elected at the meeting. Last year Little League sponsored a major and a minor league with four teams in each league.

The Hereford Little League All-Stars won the Area I and Region I championships before being beaten by Big Spring in the Section I play-offs at Abilene in August.

Hospital Hires New Technician

Gordon Russell, 30, of Crane, Tex., has been named to replace O. Z. Golden as laboratory technician at Deaf Smith County Hospital.

Golden has resigned to become lab technician for the Deaf Smith County Research Foundation and Oasis Shrine Club research laboratory. The research lab will start a four-point program about April 1 when the lab building is completed.

Russell has been a laboratory and x-ray technician at Crane for the past 3½ years. He is married and has two children.

Golden has been with the hospital since 1950.

CURB-COP COLLECTOR—City Patrolman Rex Cowart opens one of the city's new Curb-Cops in the 100 block of E. Fourth. The Curb-Cops are for payment of overparking tickets. Violators just drop their ticket and money into the box. Cowart said the first collection from the Curb-Cops Tuesday netted about $20 and one laundry ticket. (Staff Photo)

County Races Off To a Slow Start

Competition, thus far indicated, will be very light in the July 26 Democratic primary, according to filings in the county clerk's office. Only two positions have more than one person in a race, and one position doesn't even have a candidate.

Of the 10 county offices which will be voted on, incumbents have filed for all but one, county judge. Judge Homer Henslee has said he would not run for re-election, and no one else has filed for the position.

The two offices in which any races has developed are for Commissioner of Precinct Two, and Tax Assessor-Collector.

Incumbent Commissioner Otto Massey has running against him J. C. Morrison and Guy W. Newsom. Dave Alexander, Tax Assessor-Collector, has as his competitor Ben Conklin.

Three have placed their names in the City Commissioners race, Dr. R. R. Wills is unchalanged so far for place four, but incumbent Troy Moore and Dr. H. A. Cavness have both filed for place three.

For the school board, Tom Robinson and Wilburn Axe, both incumbents, are unchallenged.

Others who have filed for county offices are: County Treasurer, Velma Hodges; District Clerk, Lucille Posey; County Clerk, Ralph Smith; Commissioner Precinct four, Donald Hicks; County Surveyor, A. J. Schroeter Sr.; Sheriff, Charles Skelton; Justice of the Peace, C. B. Miles.

Commissioners Give Opinion On Road Law

'Too Much Cost, Can't Service,' Say 3 Leaders

By BOB HAMILTON

Deaf Smith's County Commissioners condemned the idea of hiring a county engineer under the Optional County Road Law of 1947 during their regular meeting Monday by stating the program would cost the tax payers more than they are now paying, and the service would not be available by one man.

Petitions are presently in circulation asking for an election to determine if the people want a county engineer or not. Only 274 votes, one-tenth of the total votes of the last governor election in the county, must be secured before the petition can be presented to the commission.

If the required petition signatures are obtained, and a majority vote is for the optional county road law, a countyroad engineer "shall be appointed by the commissioners' court," according to the law.

The commissioners went through their regular past business and most of the new business before taking up the subject of an engineer and the petition.

However, when the subject was brought up, each requested that they be put on record as being against the hiring of an engineer under the provisions of the Optional County Road Law of 1947.

The three commissioners present, J. T. Guinn, Donald Hicks and Charles Sowell, proceded in a round table discussion.

Commissioner Guinn: "You take a farmer 53 miles out of town would spend all day trying to find the engineer to get something done."

Commissioner Sowell: "Cost the county $20,000 or more than it does now. The taxpayers are asking to raise their own taxes."

Commissioner Hicks: "It would take an engineer two years to learn all those roads out there in Precinct four. Those living in my area have to call in to Vega to get to Hereford — calling long distance. This is too big a county for one man."

Commissioner Guinn: "How could one man buy machinery any chaper than five of us can now. They can't save money that way."

Commissioner Hicks: "We'd been in bad shape two years ago when we had that snow storm."

Commissioner Guinn: "If people here in town want to get friction started between town people and rural people, this is the way to start it. They don't realize what they're getting into."

Commissioner Sowell: "If I

County Commissioners Get New Fire Cost Contract From City

A JOINT METING of the city and county governments Monday evening in the County Commissioners' courtroom resulted in a complete change of annual payment by the county to the city for fire protection.

A contract signed by the county leaders a little more than a year ago called for a flat rate of $4,000 a year, which was based on the previous year's cost to the fire department for covering rural fires.

The new contract, which will be drawn up soon for either a five or 10 year term, will call for a percentage-type payment. The number of county fires will be figured against the total fires the department answers through the year. At the end of the year, the per cent will be established and the amount paid in a lump sum.

BOTH FACTIONS appeared stumped for an answer to the problem after the county commissioners had voiced an opinion the flat rate was "too high," according to the rural fires of 1957, but they admitted having no new solution.

After several minutes of deliberation, City Commissioner Don Little suggested the percentage payment plan, which was quickly accepted.

The new plan will be retroactive as of signing the original contract, and the county will start off the year with approximately $630 to its credit.

County cost will be figured on a percentage of fire department expense of fire fighting, plus an annual depreciation of $300 on the new fire truck (purchased mainly because of its facilities for fighting rural fires), which cost about $20,000.

MAINTAINENCE of 13th Street was brought up in the meeting. Several complaints apparently had been registered by residents of the

(Continued On Page 2)

Two Traffic Mishaps Here

City police investigated two traffic accidents in Hereford this week and issued tickets in each case.

Monday at 9:40 a.m. cars driven by Mrs. Stella G. Parker, 43, 520 Ave. K, and Myrtle R. Latimer, 51, no street address, collided at the intersection of Sixth and Main. Mrs. Parker was cited for failure to grant right-of-way. Damages were estimated at $405.

Tuesday at 8:43 a.m. on Ave. I, 200 feet south of 15th St., cars driven by Robert E. Thompson, 46, 106 Beach, and Mattie W. Whitten, 60, Rt. 5, collided with an estimated $55 in damages. Mrs. Whitten was given a ticket for failure to grant right-of-way.

This Is Weather?

Hereford was treated to a wide variety of weather Wednesday morning. The sand blew, it rained, it snowed and finally the sun shone. All this within the space of four hours.

At 7 a.m. a hard wind was shoving dirt around the sky. By 8 a.m. it was sprinkling. At 8:30 heavy, wet flakes of snow were falling. By 10:30 the snow turned back to drizzle. At 11:15, the sun had broken through and the clouds were scattering.

Net results: .17 of an inch of moisture and some mixed-up citizens.

Announces To Run For Surveyor Job

A. J. "Major" Schroeter announced this week his candidacy for the office of County Surveyor, a position he has held since court appointment to fulfill the term of the late Alex O. Thompson who died in May, 1956.

Schroeter held the surveyors office from 1932 to 1939, before being elected county judge. He went into private business in 1942 after his term of judge had ended and was in the tourist court business until 1956.

Services Friday For Local Woman

Funeral services for Mrs. Josie Funderburg, 79, will be held in the First Methodist Church at 2 p.m. Friday with the Rev. Alby Cockrell, pastor, officiating.

He will be assisted by the Revs. Howard Scott and E. L. Naugle.

Mrs. Funderburg died at 3 a.m. Wednesday at Deaf Smith County Hospital. She had been ill for more than a year. Her home was at 205 Ross.

She was born Jan. 20, 1879, at Bentonville, Ark., and was married to John Funderburg on Aug. 30, 1910, at Cordell, Okla. They came to Hereford from Cordell in 1917. He died in 1944.

Mrs. Funderburg was a member of the First Methodist Church.

Surviving are eight daughters, Mrs. Jack Miles, Mrs. Travis Caraway and Mrs. Jim Mercer, all of Hereford; Mrs. Jess Funderburg of Saratoga, Calif., Mrs. Bob Nabors of Fresno, Calif., Mrs. Rufus Nabors of Eric, Okla., Mrs. Arthur

(Continued On Page 2)

Services Yesterday For Jesse West, 87

Funeral services for Jesse T. West, 87, of Hereford, were held Wednesday afternoon in Rule, Tex. Mr. West died Monday morning in Deaf Smith County Hospital.

Services were held in the Pinkerton Baptist Church with the Rev. Claude Stovall, pastor of the First Baptist Church of Abernathy, officiating.

Mr. West came to Hereford in 1949 from Dodson County. He was a retired farmer and a member of the Avenue Baptist Church here. He was born Sept. 26, 1870, in Tuscaloosa, Ala. He was married to Miss Sara Catherine Phillips in Alabama 60 years ago. She died in 1929.

Survivors include one daughter, Mrs. Dan Deaver of Hereford; two sisters, Mrs. Rhoda Spencer of Lamesa and Mrs. Fannie Powers of Electra; five brothers, C. W. and Monore, both of Altus, Okla., Willis of Glenorse, John L. of Floydada and Otis of Tuscaloosa; one grandchild and three great-grandchildren.

Herd In Region Tourney

Gunning for a spot in the Region I basketball tournament finals, the Hereford Whitefaces of District 1-AAA collide with the Snyder Tigers, District 3-AAA champs, at 8:30 p.m. Friday in the Texas Tech coliseum.

Should the Whitefaces win, they will play the winner of Friday's 7 p.m. Kermit-Graham clash in the finals at 4 p.m. Saturday. If Hereford loses, the Herd will play the Kermit-Graham loser at 2:30 p.m. Saturday. Radio Station KPAN will broadcast the Saturday game direct.

At least 190 Hereford High School students are expected to accompany the team to Lubbock. School will turn out at 2:30 p.m. and school buses will leave Hereford at 4 p.m. Students are being charged 50 cents each for the ride.

Team Pictures

. . . Page 1, Section II

THE WHITEFACES sharpened their attack here last Saturday night by outshooting the Dimmitt Bobcats, 90-80, in a battle of champions. Dimmitt won District 1-AA this season. The Bobcats were eliminated in bi-district play at Plainview Tuesday by Tahoka, 63-50.

The Whitefaces now have won 17 and lost 7.

Graham, with 25 wins and only five losses, is ranked as the Region I favorite. The tall Steers whipped Seminole, 69-51, in a practice game at Snyder Tuesday night. Seminole, District 5-AA champion, took an early season win over Hereford, 65-55.

GRAHAM WON the District 4-AAA title without losing a conference game. Against Seminole Tuesday, Sonny Gibbs, 6-6 center, tallied 20 points. Three other Graham players also hit in double figures with Jerry Don Logan notching 16, Bobby Benard, 14, and Mike Rice, 10.

Hereford coach Cuby Kitchens scouted the Graham-Seminole game and labeled the Steers, "mighty potent."

A complete story on Snyder, Friday night's foe, appears elsewhere on this page.

KERMIT, the District 2-AAA winner, has a 13-11 record for the season and had an 8-2 mark in conference play, losing to Brownfield and Andrews.

In 24 games the Yellowjackets scored 1,269 points for an 52.8 average while limiting their opponents to 1,177 points, an average of 49 per game.

Leading scoring for Kermit is 6-2 senior center Gene Williams with 352 points. Probable starters are Williams, Jackie Probst, 6-2, senior center; Dwayne Wright, 6-4, senior forward; Cecil Bryant, 6, junior guard, and Marvin Kettle, 5-10, junior guard.

Kermit had two practice games slated before the tournament, one with Carlsbad, N. M., and Eunice,

Snyder Defied Odds To Win Its District

By BUCK FRANCIS
Sports Editor, Snyder Daily News

SNYDER, Feb. 26, — Snyder's Tigers defied the odds to capture the District 3-AAA basketball title for the 1957-58 season.

Coach J. P. Ward, in his fourth year as the Tiger coach, lost all five of his regulars from the 1956-57 district champs and his No. 1 reserve.

MOST OF THE experts, in preseason polls, picked the Tigers to finish no better than third and many rated them lower than that.

The season started as if the "experts" had the Tigers tabbed correctly as the Snyder quint won only five of the first 15 games.

But the Tigers picked up much-needed experience in those first 15 games and since that time the Bengals have found a winning combination.

The Tigers have won 10 of their last 12 games and will carry a 15-12 record into the Regional 1-AAA tournament Friday where they'll meet the Hereford Whitefaces in the first round of the tourney.

Snyder won seven of eight District 3-AAA games, losing only a 46-45 decision to Lamesa at Lamesa. Snyder finished two games

BEGIN CONSTRUCTION—Jesus Calen, a worker for Parker Bros. of Hereford, shovels dirt from a tunnel which will be beneath the Deaf Smith County Research Foundation and Oasis Shrine Club laboratory. The lab is being constructed west of the Hereford Clinic at Fourth and Miles and is expected to be completed within 60 days. A four-point medical research program sponsored by the Foundation and Southwestern Medical School of the University of Texas will begin as soon as the lab is ready. (Staff Photo)

Road Law...

(Continued From Page 1)

thought it would be a saving to the county I'd go along with it. They just couldn't save the money nor get the service they're getting today. It would just be a tax money waste."

Commissioner Hicks: "In a small county like Dallas or others it would be another thing. One man could handle it. But we have approximately 500 miles in Precinct four, 300 in three, 300 in one and 300 in two. That makes 1,400 miles one man would have to take care of — and he just couldn't do it."

Commissioner Guinn: "We know every bad part of roads in the four precincts, the places where drainage of water flow would be damaging to the roads. We know the kind of care those places have to have, and it's taken us a long time to learn them."

County Judge Homer Henslee: "People have signed the petitions without very much thought on the subject."

Commissioner Hicks: "I've been told the people are being informed the commission is back of the petition. We're Not!"

Commissioner Guinn: "As for our machines — we cooperate now in shifting it around where and when it is needed the most. We've always done that."

Commissioner Sowell: "In a county of this size, an engineer would have to have an assistant, and each of them would have to have a pickup and other such overhead. I'd whole lot rather take that $15,000 to $20,000 it would cost and use it for building a new county jail or something like that."

Commissioner Guinn: "What engineering work we need done now the state has been very cooperative with helping us out, surveying and everything. There is one living right here in town right now."

Commissioner Hicks: "It's 55 miles to some points in the county from town. One man just couldn't possibly cover those far off places like all four of us do. Another thing, there is a good possibility of having a lot of trouble with prejudice. One community might think another was getting more attention and then there will be some real trouble."

Petitions calling for the election have been in circulation for more than 10 days around the county, primarily in the rural districts. It is expected, according to those handling them, the petitions will be handed to the commission between 30 and 60 days before the Democratic Primary in July. An election must be called between those maximum and minimum days, and it is felt the primary election would "be a good time."

In other business before the commission, Judge Henslee presented a pamplet showing portable voting booths which had been discussed by the county government during its past two meetings.

THE BOOTHS, containing metal frames, canvas sides and a metal writing shelf, were voted to be purchased. In sections of five booths, two will be purchased for voting Precincts one and 11, and three for voting precinct two — where the heaviest voting takes place.

The commissioners also voted to transfer the Deaf Smith County Wind Erosion duties from the county clerk and treasurer offices to the Deaf Smith Soil Conservation District, at the latter's request.

The change brought about the necessity for a $300 annual salary increase for both the county clerk and treasurer, meeting the annual salaries they were receiving prior to the transfer of the wind erosion duties. The raises were approved.

A group of three representing the Hereford Riders Club asked the commission for permission to use approximately six acres of county property south of the Bull Barn which connects the north of some 18 acres they have procured from the veteran's organization.

The land is to be used for a new rodeo grounds and club house site. Movement of the facilities is expected to take place, the representatives said, the latter part of this summer.

The commission tabled the proposal for further study and to await a formal request by the riding organization.

A GROUP of 10 women representing Home Demonstration Clubs in Precinct Two made a report to the commissioner's court on their organizations' work and progress.

Some 20 members of a Blue Birds organization spent a few minutes in the court room while touring the court house.

A request to place a milk and orange drink vending machine on the bottom floor of the court house. The commissioners said they felt if the machine were put in, it would invite others and ". . .would have the whole basement full of them before long."

ahead of second place Sweetwater in the 3-AAA race, the Mustangs finishing with a 5-3 mark.

SNYDER HAS been hindered by lack of height with no member of the squad standing over 6-3. The Tigers have three 6-3 boys in the starting line-up, Leon Reed and John Ward at the forwards, and Bill Phillips at center.

At the guards are 5-10 Gary Vice and 5-9 Israel Hinojos. All of the starters lettered last season with exception of Reed who is up from the B team.

Vice leads the Tigers in scoring with 323 points in 27 games for an 11.9 average. All other regulars have topped the 200 mark for the season. Phillips is the second top scorer with 242 points, followed by Hinojos with 226, Reed with 222 and Ward with 206.

In the 27 game schedule, the Tigers scored 1,355 points for a 50.1 average against 1,339 and a 49.6 average for the opposition.

Coach Ward is deeply concerned at the moment on how to stop Hereford's tall men who have carried the Whitefaces to the second best season record among the Region 1-AAA tourney teams. Graham owns the best mark with 23-5. Kermit, Graham's first round foe, has a 13-11 showing for the season.

HEREFORD BOLSTERED its scoring record in the battle with Dimmitt Saturday. The Whitefaces have now totaled 1,531 points in 24 games for an average of 63.8 per game. Their opponents tallied 1,315 points for a 54.8 average.

Jim Curtsinger, the 6-4 senior forward, dunked in 23 points against the Bobcats to run his season total to 453 points, and 18.8 game average. Fred Lookingbill, senior guard, also scored 23 to give him 275 points for the season. His average is 11.4.

Four other Whitefaces have topped the 100-point mark this season. Senior center Terry Higgins has 207 points for an 8.6 average; Steve Slagle, junior center, 168 for a 7 point average; junior guard Boby Shelton, 152 for 6.3 average and junior forward Ken Clearman, 120 for a five point average.

Curtsinger was chosen to the all-opponent team of the Plainview Bulldogs this week. Johnny Cleveland of Dumas also made the Plainview all-opponent team.

Coach Kitchens has listed Curtsinger, Higgins, Shelton, Lookingbill and Slagle as the probable starters Friday night.

Originally, school officials planned to charter as many buses as needed from a commercial bus line but the demand was insufficient. It was decided to use school buses instead, allowing students only to ride. Buses will run to Lubbock again Saturday if enough students want to go.

street to both the city and county offices because of lack of road grading and water drainage.

Residents' complaints were that the graders had not been working the road, and road maintainers reported they couldn't because of pipes being laid too close to the surface of the ground in the ditches.

City manager Bayne told commissioners drainage was most impossible because of flatness of the surface, and pa was, apparently the only solu He said he would have an engi investigate the situation to what possible solution could found to the problem.

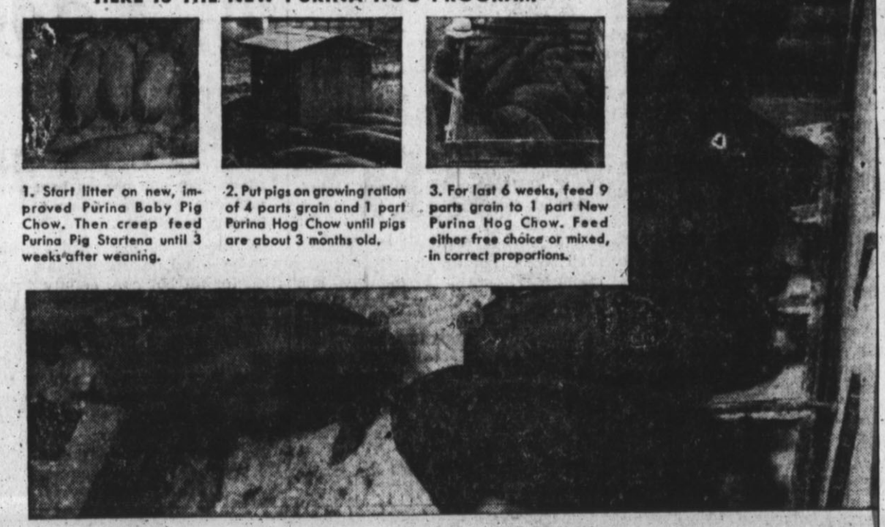
HERE IS THE NEW PURINA HOG PROGRAM



1. Start litter on new, improved Purina Baby Pig Chow. Then creep feed Purina Pig Startena until 3 weeks after weaning.

2. Put pigs on growing ration of 4 parts grain and 1 part Purina Hog Chow until pigs are about 3 months old.

3. For last 6 weeks, feed 9 parts grain to 1 part New Purina Hog Chow. Feed either free choice or mixed, in correct proportions.

Now...market hogs in 4⅔ months

New Purina feeding program weans pigs at six weeks.... grows pigs to 190 lbs. in 4⅔ months... cuts feed costs 4%... 1 lb. of pork for every 3.26 lbs. of feed, from weaning to market... conditions sows faster for next farrowing.

Every year more proof piles up that hogs should be fed according to age and weight requirements. Young pigs use feed differently than do older hogs. They need more protein... more vitamins... more of the expensive parts of the ration. But, as pigs grow, they become more efficient users of carbohydrates—the less costly part of rations. The proportion of cheaper carbohydrates can be rapidly increased.

Tests at the Purina Research Farm showed that this new program cut feed costs an average of 4% below any previous Purina Program . . . produced each pound of pork on only 3.26 lbs. of feed from weaning to market. It also gave sows the chance to recover faster from farrowing and nursing. Sows were ready to breed again in less time than when pigs were weaned at 9 weeks.

Improved Purina Hog Chows Make Program Click

Purina Baby Pig Chow and Pig Startena, the famous Fast-Start Twins, have been further improved to take advantage of the newest research findings. Purina Hog Chow has been improved to the point where you may now use 33% more grain during the last six weeks than on previous Purina Hog Programs. Be sure to feed right... follow the recommended steps closely. The fast gains, early weaning, and increased efficiency of this new Purina Hog Program can be yours when you feed these high-quality Chows in the way research has proved they should be fed for top results.

Adrian Advances Into Regional Cage Tournament

The Adrian Matadors trounced the Kress Kangaroos, 64-41, in a Class B basketball bi-district clash at Canyon Tuesday night to advance into the Region I tournament at Canyon Saturday.

Adrian, which has won 32 while losing only three, led Kress all the way. Ed Pinnell and Davis Brown each had 16 points to lead the Adrian attack.

The Matadors won the District 3-B championship to go into the play-offs.

TOP JAYCEE BRASS—State Junior Chamber of Commerce president W. E. "Pete" Snelson of Midland was guest of the local Jaycee organization Friday evening at the local club's Ladies' Night. Showing the VIP some of the awards won by the Hereford civic clu Gerald Hale, state vice-president, and H ford president Don Fudge. Thirty nine pe were present for the night's celebration. (Photo)

SURVEY SHOWS:

Familiarity Is Importan In Developing Food Like

ITHACA N. Y. (AP) — If Junior grows up loathing liver and little Alice just can't stand Brussels sprouts, chances are that Mother rarely serves them.

In food, apparently, familiarity breeds gusto.

A recent Cornell University study of food dislikes confirmed that the most unpopular ones were rarely on the menu — and many of them were actually foods the study subjects had never even tasted. But the study also indicated that, at least among adolescent girls, food dislikes seldom have as bad an effect on proper nutrition as do misinformed and uninformed "dieting" or sheer indifference to food needs.

Human guinea pigs in the Cornell study were 81 freshman coeds living the university's residential halls. The random sample was chosen in this group because previous studies have shown the adolescent girl to be the least well-fed member of the population: because women — particularly adolescent girls — have more food dislikes than men, and because girls living in dormitories are subject to a "controlled feeding situation with relatively small choice of menu items."

The coeds kept a record for one week of everything they swallowed except water. On the basis of the records, they were later interviewed by specialists in the nutrition field.

None of the girls disliked what nutritionists called such "important" foods as beef, lamb, veal, chicken, potatoes, white bread and rolls, oranges, cherries, peaches, pears, pineapple, grapes, apples, bananas, corn, peas, lettuce, raw carrots and ice cream.

Their reaction to eggs was of great interest: none disliked them but most had strong preferences on the way they were cooked. In general, scrambled, fried and hard-cooked eggs were popular.

"If eggs were available in preferred form, they were eaten," reported Dr. Charlotte M. Young, professor of Medical Nutrition in the university Graduate School of Nutrition. "If they weren't, they were rejected. . .It was strictly a matter of personal perference which seemed to be concerned largely with the state of congealment of the yolk of the egg."

At the top of the "most ed" list were buttermilk, o turnips, green and ripe heart, mushrooms, canned pumpkin, cooked celery, so ed or poached eggs, tongue snips and pimiento. Only s more popular were liver, c cheese, oatmeal and a num vegetables with strong fl winter and summer squash, sels sprouts, broccoli, caul and sweet potatoes. Also unpopular side were other of cheeses, seafood and sh and foods prepared by "crea and "breading." Eggplant w boo except fried, and many girls would eat raw vege like turnip, they disliked cooked.

More important than th ings about what foods the gi liked, was the fact that abo third had faulty diets — we receiving enough nutrients. ages were mostly in calcium and thiamine — elements fo milk, eggs, bread and c These foods were available girls and none of them w the lists of disliked.

"We were not dealing wit dislikes there," concluded Young, "but rather with fo difference or misinforma

Significantly, 27 of the 8 were "dieting" — in spite fact that only seven seemed weight. But as a result, m them were skipping po bread, sweets and milk.

"Obviously more guidance regard to weight reduction is ed," she said.

How can mothers avoid food-fussy children?

"It's simply a matter of ing to eat many foods," she "Many children, for instance up eating only three of four tables. I think mothers ca by learning about proper die ing to provide them. Then they should serve the mea without doing much talking it, indicate that the childre eat it — or go without. No ling or threats."

Household Scrapbook

Smoked Bricks
Stains of smoke on the bricks in front of the fireplace can be removed by the following method: Mix 2 ounces of soda, 1 ounce pumice stone, 1 ounce salt, with sufficient water to make a cream. Rub the bricks thoroughly with this solution, allow it to stand for a few minutes, then brush off with a stiff brush.

Furs
Fur coats or scarves can be freshened by rubbing with a cloth that has been dipped in soapy water and wrung out thoroughly. However, a more thorough method is to moisten corn meal with cleaning fluid, rub it well into the fur and then brush out.

Scissors
If the pair of scissors is dull and needs sharpening try using them to cut a piece of sandpaper into small pieces.

Vacuum Cleaner
The dust can be kept down when emptying the bag of the vacuum cleaner by inserting the mouth of the bag in a large paper bag, squeezing the two together and then shaking the dirt into the paper bag.

Prunes
It isn't necessary to use extra gas to cook prunes. Merely place the pot with prunes and water over the pilot light before retiring for the night. By morning they will be completely stewed.

Shoes
It is possible to dye brown shoes black temporarily by just polishing them twice with a good grade of black shoe polish.

Quilt Frame
A quilt frame can be made, in an emergency, by using three clothes line props (cutting one of the props in halves for the two ends), drilling holes in the ends of all pieces and fastening together with bolts.

Hosiery
Longer wear can be had from rayon, silk or nylon hosiery if the toes and heels are rubbed with candle wax or paraffin after each washing before putting them on.

Sweet Potatoes
When sweet potatoes are peeled raw they often change color. To prevent this keep them in ice water until ready to cook them.

Jar Tops
If the top of the fruit jar sticks and will not turn, set the jar upside down in hot water for a few minutes and the top will come off without difficulty.

USELESS THEFT
RICHMOND, Va. (AP) — It's a pretty good bet that the person who stole a package from a parked car here won't wear the contents. The car belonged to Patrolman T. C. Van Zile and the package contained a spare police uniform.

Hereford Student Is on Honor Roll

CANYON (Special) — One student from Hereford was listed among 101 students to be recorded on the Fall semester honor roll at West Texas State College by Dean Walter H. Juniper. The list is composed of the upper five per cent of the undergraduate student body.

The Hereford junior is Marion Caple. She is an elementery education major and is in the Kappa Tau Phi sorority, the Mary E. Hudspeth honor society, and is a member of the Student Education Assn. She is the daughter of Mr. and Mrs. R. D. Caple.

John Rowland in Army Maneuver

SEVENTH ARMY, Germany (AHTNC) — Specialist Third Class John H. Rowland, 22, son of Mr. and Mrs. H. H. Rowland, Route 5, Hereford, recently participated in "Sabre Hawk," a Seventh Army maneuver which involved more than 100,000 troops in Germany.

A message center chief in the 11th Armored Cavalry Regiment's Headquarters Company, Specialist Rowland entered the Army in August 1956, completed basic training at Fort Hood, Tex., and arrived in Europe last March.

Rowland is a 1953 graduate of Anson High School.

Diana Clearman spent Saturday night with Bonnie Sparkman.

Curtis Richie spent Saturday night with Tommy Sparkman.

Mrs. Carlton Dobbins and Mrs. Joe Scott attended the dedication service of the Central Church of Christ in Hereford Sunday before last.

STEWART STEW

CHARLESTON, W. Va. (AP) — If there's a mite of confusion over names in West Virginia's system of higher education now and then, it's understandable.

Dr. Virgil H. Stewart is president of Concord College, Dr. Stewart H. Smith is president of Marshall, and Dr. Irvin Stewart is president of West Virginia University.

Long Time Ago

45 Years Ago

The Brand calls attention to the presence of two new advertisers in the columns of the paper this week. The First National Bank and the Hereford Electric Light and Power Company, both having been "absent from school" for some time; but they are excused and are welcomed to the ranks of "progressive business firms" of Hereford. By this step they become a part of the new spirit that will place Hereford country "on the map," and will be ready, with all the rest of us, to enjoy that certain prosperity that is coming; in fact, has already come. It, too, is welcome.

25 Years Ago

An announcement by the City Commission this week forecasts the growing of beautiful lawns, shrubbery and flowers in Hereford this year, made possible by a reduction of ten per cent in water rent during the summer months, beginning in April and extending through September. The reduction is contigent upon the payment for water service before the tenth of each month. The success of the plan was demonstrated last year, and with the added encouragement given by the park board and civic organizations to the growing of ornamental plants this year, it is expected the city will be more beautiful with flowers, lawns and landscape features than at any time in its past history.

REP. WALTER ROGERS WRITES.

Winter Cripples Capital

To the people of the 18th District:

Snow and zero temperatures kept the nation's capital virtually paralyzed all last week. It was the first time I had seen the Potomac River completely frozen over. Mother Nature dumped 12 inches of snow and then pushed the temperature down to zero. The result was utter confusion, insofar as traffic was concerned, until people realized they could not make their cars go. They were left by the roadside, many in the middle of the street, and quite a few in the ditch.

About 3,000 people were stranded at a horse race track about 20 miles over in Maryland. The snow came so suddenly, they were trapped before they realized what had happened. There were a large number of traffic accidents and quite a few deaths and injuries. The stock of automobile tire chains and snow shovels dwindled to nothing the first afternoon. I was a little disturbed about not being able to get tire chains, but didn't worry too much about a snow shovel. I had been reading many reports about people having heart attacks from shoveling snow, so this was a good excuse not to do to much work on the sidewalks and driveway.

Word went out over the radio and television that, in view of the condition of the streets and the weather, only essential government employes would be required to report for duty. One columnist, who has a rather sharp pen, investigated to find out who came to work. He discovered that the President was not in the White House and several Cabinet Officers were missing. However, the Secretary of State flew back in from some foreign country and was on duty. After checking in several of the government buildings, he finally concluded that about the only ones who considered themselves essential were the elevator operators and the janitors.

I am proud to say that our office was fully staffed and operating during the entire time. It just goes to show that a little snow never bothered anyone from the Panhandle of Texas.

This was also proven by the fact that right in the midst of the snow storm quite a contingent of Panhandlites descended on the nation's capital. Mr. and Mrs. Carl Hill Sr., and their daughter and son-in-law, Mr. and Mrs. F. C. Durkin, got in just before the storm hit. We then had a visit from Bruce Campbell of Pampa and William B. Fomby of Amarillo. Lt. J. W. Orr, son of Robert W. Orr of Pampa, was also in the office just prior to the snow storm. They were followed by the mayor of Amarillo, John Armstrong; a former mayor of Amarillo, Gene Klein, and another former mayor of Amarillo, Bud Curtis. Then came Alvin Hill of the Hill Truck Lines and Jay Taylor of Amarillo. While we were visiting with the latter group, the telephone rang and it was Dick Hughes from Pampa. Then the following day, in came R. G. Peeler from over at Hereford and Earl Cole from the same city. Mayor Armstrong brought along Mrs. Armstrong; Jay Taylor brought along Mrs. Taylor, and Mrs. Peeler accompanied Mr. Peeler.

Clayton Heare called from the airport, but we didn't get a chance to see him as he had to catch a plane. Rev. Eugene Slater, Pastor of the First Methodist Church of Amarillo, was also in town attending a conclave.

PROPOSED CONSTITUTIONAL AMENDMENT

One item that keeps cropping up in the news around Washington is the continuing attempt to create a means by which a living President could be succeeded by a vice president because of disability. The Attorney General recently testified in behalf of a Constitutional amendment which would authorize a President to declare in writing his disability to discharge the duties of his office and thereby permit the vice president to take over as Acting President.

If the President would not declare himself unable to serve, then the vice president, with the consent of a majority of the Cabinet, could declare the President disabled and take over as Acting President. This is known as the Administration Plan, and it also provides for the President to take back the powers of his office whenever he declares in writing he is able.

Provision is also made to cover a situation where the President and Vice President disagree on the President's ability to perform his duties. It is provided that in such a situation, the question would be turned over to the Congress for decision under procedures followed in impeachment proceedings.

This proposal is in keeping with the philosophy expounded by a former Attorney General. The same Attorney General who took the position that a vice president now has the Constitutional authority to decide when the President is disabled and to step in temporarily as Acting President. A recent news story identified the present Attorney General as following this same philosophy. In my opinion, it is a very dangerous philosophy and one that could constitute the most serious threat to our form of government since it was founded.

These proposals have appeared to me to be the creatures of the minds of a small but willful group of men bent on gaining power. The subtle manner in which they have been presented to the people in the past few weeks indicates to me that it will not be long before a propaganda campaign will be loosed in an effort to sell this bill of goods to the American people. It is my hope and prayer that the people will not be misled by such advertising campaign, but will weigh the matter with great care and eventually strike down any attempt to alter the Constitution regarding this subject matter.

Our country has grown strong under a form of government that has allowed man to make the greatest advances in civilization in the shortest period of time in the history of the world. Our experiences of the past have not required such drastic action concerning the highest office in this land as is proposed in this Constitutional amendment.

Should the time ever come that the physical condition of a President should require some affirmative action to replace him, the power to exercise such action should remain with the people through their duly elected Representatives and should not be handed over to a small group of men appointed by the President. It should also be remembered that Congress has the authority at the present time to act in whatever emergency might arise. If this proposed succession amendment should be adopted as a part of the Constitution, it would be almost impossible to repeal. Once a group took over the reins of this government under the cloak of authority created by such a Constitutional amendment, it would be a long time before they could be divested of such power.

WALTER ROGERS, M. C.

At The Movies

STAR THEATER

Bombers B-52: Sgt. Chuck Brennan's commanding officer, Col. Jim Herlihy, a long and bitter acquaintance, makes a play for Brennan's daughter Lois. Brennan puts in for discharge. Herlihy tries to dissuade Brennan from leaving the service and orders him on a secret flight to Africa to test the new Bomber B-52. On the return flight, after Herlihy saves Chuck's life, Brennan realizes he had misjudged the Colonel. He promises to remain in the service to work on the problems of the B-52. Jim and Lois are reunited.

Attractions which will be showing soon at your local theater: Flood Tide, George Nadar, Michel Ray and Cornell Borchers; Deerslayer, Lex Barker and Rita Moreno; Enemy Below, Robert Mitchum and Curt Jurgens; Operation Mad Ball, Jack Lemmon and Kathryn Grant.

H. D. CHATTER

Spiced Punch Recipe Given

By ARGEN DRAPER

Dorothy Clearman has asked for a spiced punch recipe. Here it is:

1-46 oz. can pineapple juice
1 qt. apple cider
1 cup strong tea
Juice 1 lemon
½ cup brown or white sugar
1 teaspoon citric acid
¼ teaspoon cloves and cinnamon
¼ teaspoon nutmeg
Simmer 10 minutes. Serve piping hot.

The Houston meeting was over Saturday noon, so I got to visit with Phyllis and Pat Deaton and their cute four-month-old Chris. Chris is about the cutest baby we've ever seen. Pat and Phyllis are good parents, too. They've bought a house and are really getting along well. Pat has a new job with the Shell Oil Co. They showed me the University of Houston, Rice University, Shamrock Hotel and the Medical Buildings.

The people in Houston were so excited about the weater. First snow in over 10 years. I like to hear people apologize for the weather as so many people are critical of Panhandle weather.

Will Caraway is about the most optomistic person we've seen. He says good crops follow wet, foggy winters.

The Westway Community Club reports good attendance and good programs at their last two meetings. The next big job is the filling out of report forms. Every member family has done lots of improvement and should try to report everything.

Congratulations to the Rev. and Mrs. E. L. Naugle. I thought the story of the Bippus H. D. Clubs nomination of the Rev. Naugle as "Rural Minister of the Year," was so interesting. Bessie Patterson did an extra special job on this, I think. Did you know Bessie was a charter member of North Hereford Home Demonstration Club?

LOST: My reading glasses, if I have left them at your house, please call me and I'll come for them.

The agents who did the upholstering here were so impressed with Hereford hospitality, and the facilities at the Bull Barn. Mrs. M. C. King took some coffee cakes to the Bull Barn about coffee time and she sure made a hit. She's a person who does a lot of thoughtful things anyway.

o

Ford H. D. Club Studies Parties

Mrs. Bill Gilleland presented a program on "Club Party Preparations" to the Ford Home Demonstration Club when it met in her home recently.

During the meeting, council recommendations were voted on. Club nominee for County THDA Chairman, Mrs. L. J. Strafuss, and club nominee for Delegate to District Convention, Mrs. Gilleland, were elected.

Present were Mesdames Ethel Loehmann, J. L. Fite, J. E. Dyer, Hardy Benson, S. T. Wiseman, Bill Gilleland and visitors, Mesdames W. I. Conn and Effie Charlton.

The next meeting will be March 5 in the home of Mrs. J. L. Fite.

TIN HIGHLIGHTS

State of Business Is Main Topic Now

By VERN SANFORD
Texas Press Association

TIN, — "How's business?" never two men stop to talk, uestion is almost sure to pop ith state and nationwide in- focused on the slackening of onomy, there's much search- r signs. It means trying to er the economic analysts' about "downward plateaus" rolling adjustments." It also watching whether the neigh- are buying new clothes or ng the old ones.

the state level, the spot- is on the Texas Employ- Commission. Its weekly ations on the number of peo- making unemployment ns was for years regarded he most routine of routine rts.

y TEC's reports are looked ost breathlessly, for the first f betterment. The most re- rought no encouragement. It d that 75,746 persons covered employment benefits were work. It was an increase 6 over the previous tabula- nd 32,816 more than at the time a year ago.

ruary reports are of particu- terest. Even in good years, inter weather pushes employ- down by keeping such job- g activities as farming, con- on and retail trade at least ly "socked in." February's eek usually is the beginning recovery period.

year, as at no time in the decade, TEC's end-of-winter are being looked to as a r vane.

BUSINESS BEGUN — with the gloomy, TEC has ews — 62 new businesses in Texas last month. They from a cafe in Austin to a t factory in Denton. Dallas lion's share — 15 new firms. ediate effect: 910 new jobs xans.

CALLED "MODEL T" — had better streamline its ial accident system before Washington steps in, warns H. C. Pittman.

"It's a Model-T operatin in a jet age," says Pittman, who is chairman of the Industrial Accident Board. Result is that Texas employers pay more and Texas employes get less than in almost any other state.

"I'm ashamed of it," said the board's chairman. He blamed the creaky operation on out-of-date laws (system was set up in 1913) and public indifference.

IAB is the state agency that processes, supervises and keeps records on payment of claims arising from industrial accidents. Its work has increased substantially in recent years.

Pittman spoke at the annual safety clinic of the Texas Highway-Heavy Branch, Associated General Contractors. Clinic is climax of year-long effort to reduce accidents in construction.

Gov. Price Daniel presented awards to companies with the best safety records for the past year.

MASS SIGN UP BEGINS — Most state departments now have registration forms for those who come in asking for something for someone else.

Forms were put out as the new "representation before state agencies" law, passed in the first special session last fall, went into effect. Law was designed to keep a check on those paid to seek help or favor from state officials.

There are numerous exceptions —telephone calls, visits for a public hearing, visits for information only and contacts at some place other than the state office.

But businessmen are being advised, "when in doubt, register." Penalties are up to six months in jail, $500 fine.

NATUROPATHS' ILLS MOUNT — Texas Supreme Court pushed naturopathy outside the realm of legal practice and slammed shut the door.

High court upheld a lower court injunction which barred a naturopath in Midland from doing business. Naturopaths had contested the prohibition on grounds it deprived them of constitutional rights by allowing medical doctors, dentists, chiropractors, etc., to practice, but not naturopaths.

Court's ruling pointed out that law permits these other groups to practice only after meeting certain qualifications and obtaining licenses. Naturopaths' licensing law was delcared invalid some time ago, and no new one has been passed.

Effect of the ruling is to require a naturopath to qualify as a full-fledged medical doctor.

COEDS AT AGGIELAND? — One of the touchier iessues confronting the Commission on Higher Education is whether to recommend that Texas A&M admit women students.

It is known to be under considerable pressure from both directions.

Created by the Legislature in 1955, the Commission has responsibility to study and make recommendations for development and improvement of the programs in all Texas state-supported colleges and universities. To date, most time has been spent in study, but recommendation phase is coming up.

Dr. Ralph T. Green, executive director, is to report to the 15-member Commission on the A&M issue at a meeting April 14. Commission will then decide what course to suggest to the college officials.

However, the Commission cannot force the college to accept its decision. Chances are the question will be argued in the courts and the Legislature for some time to come.

A suit already has been filed in Brazos County in behalf of would-be women Aggies.

CLIMB IN CRIME — Newly-organized Law Enforcement Commission is beginning its work with a depressing array of statistics outlining its task.

John H. Crooker Sr., Houston lawyer, is chairman of the nine-member panel. Group is to study ways to combat crime and report ten months hence to the 56th Legislature.

Defining the problem are these facts that were dumped in the Commission's lap:

1. Major crimes in Texas are increasing faster than the national average — 9.2 per cent here as compared to 7.2 per cent nationally.

2. Of some 154,000 major crimes committed in Texas last year, an estimated 50 per cent were by juveniles. Governor Daniel has asked the Commission to give top priority to study of juvenile crime.

3. State correctional schools for youths are not equipped to handle the swelling tide of offenders, according to the Texas Youth Council. Gatesville school, with capacity of 650, has population of 898.

Dawn H. D. Club Has Program on Mass Disaster

Mrs. Henry Neely spoke to the Dawn Home Demonstration club on "Mass care in times of Disaster" at a meeting in the home of Mrs. J. B. Caraway Friday afternoon.

"Tornadoes are our most common and most likely disaster," said Mrs. Neely. "In times of disaster one should plan first for oneself and family, next plan for community, then for neighboring communities. Pre-planning will eliminate hysteria and wasted motion. One should have a plan to shut off the gas and electricity and open all doors and windows to prevent explosion from the pressure of tornado winds."

She suggested it would be wise to stock our shelter and our automobile with a food kit, water, first aid kit and some sort of flash light or battery powered light and when possible a battery powered radio.

Mrs. Neely emphasized the need of having each member of a family's blood typed and this on file with the local hospitals. There are some with very rare blood types and in case of any emergency this could mean a matter of life or death if one were able to go to the blood type file and find a local donar of the same type.

After a brief business meeting and a report by the 4-H leader, Mrs. LaNoy Tooley, refreshments were served to Mesdames H. S. Fuller, R. T. Stewart, Murl Little, Marion Russell, L. W. Tooley, Zed Stewart, Leo Hoffman, George Nelson, L. L. Airhart, H. H. Miller, Henry Neely and Miss Lulu Botsford.

Wyche H.D. Club Studies Disaster

"In making plans for mass care in case of disaster, plan first for your own family's safety, then community safety, then city," said Mrs. Corrine Neely during her talk on "Mass Care in Disaster" to the members of the Wyche Home Demonstration Club in the home of Mrs. G. W. Newsom Thursday afternoon.

She also stated three things that would be set up immediately by the American Red Cross. First a feeding center, a shelter and a clothing center.

During the business meeting the club constitution and by laws were studied and revised. Plans were made for members to attend the District meeting in Stratford on April 10. At present five members are making plans to attend.

Home demonstration members attending were Mesdames W. P. Axe, Elsie Cocanougher, Ruby Damron, R. W. Elliston, A. J. Jones, C. F. Newsom, G. W. Newsom, Charles Packard, J. V. Pickens, Ira Ott, H. L. Ward and George Howard.

DEAD DOCUMENTS

MONTREAL (AP) — The Municipal Law Department has been authorized to burn 514,000 dossiers dealing with traffic infractions, as late as 1954, to make room in the new courthouse for new files.

Music Department Participates in All-State Choir

Mr. Charles Bell, band director, and Mr. Don Moore, choir director accompanied by Sharon Slaughter, Linda Kay Noland, Pat Caywood, Leon Roberts, Gwin Morris, Carrol Willoughby and Mrs. Owens left on Tuesday, Feb. 18, for Galveston where they will become members of the All State Choir. They are going in a new Ford station wagon furnished by Charlie Seeds Motor Company.

The group will stay at the Buccaneer Hotel in Galveston. Most of the convention will be held there and at the Galvez. They will be under the direction of Robert Wagner of Hollywood, Calif. Over 300 students from Texas will participate. There will be thirteen numbers that the choir will sing. There will be six Hindemith's, a negro spiritual, several classical numbers and the last song will be the song of Democracy.

The group will return Monday afternoon.

Football Boys Receive Jackets

There was many a smiling face Tuesday, Feb. 11 as 25 football boys filed upon the stage to receive this year's football letter jackets.

Bill Drake was the only boy to receive his third year letter.

The boys who received their second year letter were: Robert Brown, Fred Lookingbill, Jim Curtsinger, C. D. Fitzgerald, Glen Reeves, Pete Plank, Charles Self, and Leslie Sharp. Robert Brown, Charles Self, and Leslie Sharp were captains this year.

Bobby Burrus, Steve Slagle, Butch Connaly, John Beasley, Dick Feller, Danny Martin, Nathan Wilson, Don Bomar, David Brumley, Gary Roland, Terry Hodges, Ron Cook, Billy Dirks, Donnie Renfro, James Teeas, Durwood Jacobs received their first year letters.

The managers were Mickey Smith and Robert Kubacak.

Coaches, Jack Harris, Joe Silverii, Ken McCullough, Cuby Kitchens, Rookie Rodgers, and J. E. Moad also received jackets.

Jackets were not given to the B team this year. Coach Harris wants to put more meaning to the word award.

YOUNG MODERNS

John Saxon Says Youth NeedsTravel

By VIVIAN BROWN
AP Newsfeatures

Should the cultural exchange of students begin at home? Should students in the West come East to see how the other half lives? Should North visit South? And vice versa. How many Brooklyn boys have really seen a tree?

"I've read a lot about what goes on in Brooklyn these days, gangs and whoat now," said Hollywood's John Saxon who left that borough four years ago to try his luck on the screen, "and there may be nothing wrong with some of those boys that a change of scenery might not cure."

JOHN SAXON—Hollywood movie star who was born in Brooklyn, says boys "need more than the old bromides of hope." Give them a change of scenery, he suggests.

The trouble is, said the 21-year-old John, "that those boys have nothing to compare their lives to. So why should they want to change. There will always be gangs because boys who need strength stick together."

"A young fellow needs to bust out, to get away from it all," he said. "The greatest kick of my own youth was visiting my aunt in Long Island. It seemed a million miles away, but it was only 50, maybe. The things I craved were there — the great spacious outdoors, cows, trees, grass, the things with which a boy from Brooklyn seldom comes in contact. It made me want to see more."

John is doing just that. He is on his way to Paris to play in "The Reluctant Debutante" with Kay Kendall and Rex Harrison.

"We must give our young people faith in themsleves," he said.

John, a handsome dark-eyed, black-haired youth who was born Carmine Orrico, said he played "disturbed types" in his recent movies. An introspective lad, he is tall and intelligent. His mother and two sisters still live in Brooklyn.

QUESTION OF THE WEEK

What Would You Take With You to the Moon?

MR. DWYER—My wife and a toothbrush.

CARROL WILLOUGHBY—My red, silk dinner jacket and all my Glenn Miller records. I'd probably take my all-state records, too.

MR. MOORE—I'd take Linda Kay.

LINDA KAY NOLAND—I'd take Mr. Moore.

JUDY PATTERSON—Jimmy and a jeep.

MRS. HICKEY—"Pogo."

MR. CUNNINGHAM—A speech book on how to speak Russian.

CHARLOTTE MOORE—Betty Lou.

SANDRA ROBERSON—A book, a radio, and Beth.

NELDA BARNETT—My dog.

MRS. DURHAM—My second period Homemaking II class.

MARGARET BURRUS—The cutest boy I could find.

ANETTE GOULD—Charles Brown and his Ford.

JENNY McCATHERN—Dwayne—Naturally!!!!!!!

NANCY PARSONS—Betty, Kay, and Mary.

MRS. HARRIS——Mrs. Muse's first period Plane Geometry class.

MR. HALE—I'd just stay at home.

SILVANA FELIZIA—I don't guess I'd take anything.

MAXINE WARE—An oil well rig.

MR. SILVERII—Enough to eat.

JOE REINAUER—I'd take my chemistry notes.

JEANNE BROWN—My new ankle chain and my English Grammar book.

KENNETH CLEARMAN—The rest of the basketball team.

MR. McDOUGAL—Jar of peanut butter and Carolyn Lee.

Coming Events

Hereford schools will be dismissed at 2:30 p.m. Friday, Feb. 28th, to allow ample time for students and fans to attend the regional basketball tournament in Lubbock. Chartered buses will run from Hereford. Admission prices will be 50c for students and $1.00 for adults. Hereford won the right to play in this tournament by defeating Dumas in the District. Graham andd Kermit will open the tournament after which Hereford will play Snyder. In behalf of Hereford High School and the Journalism class—Good Luck—Boys!!!!!!

LIBRARY NEWS

Mrs. Leggitt, Jane Pool, Ann Wingert, Melba Lawrence, Peggy Bumpass, and Janell Weaver will leave early in the morning (Fri. 21) for Dallas where they will attend Teen-Age Librarians Convention held in the Adolphus Hotel. The group will stay at the Statler Hilton Friday night. They will return late Saturday.

Mrs. Neill has donated several adult books to the High School Library. Among these books are: Lovely Rebel, Smith; This is the Hour, McNeilly; Flames of Empire, Bourne; Another Pamela, Sinclari; World so Wide, Lewis; Close to the Wind, Harris; and several copies of Reader's Digest Condensed Books as well as two copies of Coubleday's Best-in-Books.

The Library has recently acquired some outstanding books by purchase, and they are now ready for circulation. There are some fine biographies, including Genghis Kahn, Lamb; 40 Acres and no Mule, Giles; The Year of my Rebirth, Stuart; Michael Faraday, Sootin; Death Be not Proud, Gunther; Young Geoffrey Chaucer, Kelly; My Lord, What A Morning, Anderson; The Lyndon Johnson Story, Mooney; Ben Johnson of Westminster, Chute; Will Rogers, Immortal Cowboy, Garst; I Married A Korean, Kim; Lady With A Spear, Clark; Gertrude Lawrence As Mrs., A. Aldrich; Miracle In The Mountains, Kane (The story of the founder of the Berry School); Marcus and Narcissa Whitman, Daugherty; The Boy Shelley, Benet; Enter David Garrick, Stewart; Introducing Charles Dickens, Becker; Sir Walter Raleigh, Baker; James Bowie And His Famous Knife, Garst; and General Dean's Story, as told to W. L. Worden.

Other recent books are The Long Ride Home, MacMillion (all football fans should read this); Cue For Treason, Trease (story of Elizabethan England); The Comancheros, Wellman (much of this story takes place in the Palo Duro); There Is A Season, Colver; The Searchers, Le May; Is This My Love, Finney; The Chisholm Trail, Gard; and Stock Car Racer, Jackson (hot rodders will like this).

We are sorry that everybody has not been able to see the outstanding bulletine boards prepared by the girls during the year. Peggy Bumpass and Ann Reeves have done some wonderful work in making colorful and eye-catching displays. They have been assisted by Kay Woolery.

The library assistants have all been faithful, day in and day out. We wonder if the students ever realize what fine service these assistants are giving to the student body.

The following students served as assistants for the year 1957-58; Melba Lawrence, Polly Cornett, Carroll Willoughby, first period; Pat Dawson, Patsy Green, and Linda Smith, second period; Carolyn Lee and Martha Watson, third period; Ann Reeves, Janell Weaver, Peggy Bumpass, fourth period; Dee Buck and Margaret Burrus, fifth period, and Jo Martin and Tina Beth Hazlewood, sixth period.

Future Teachers Name Delegates

The regular meeting of the Future Teachers of America was held Monday in the High School auditorium. Gladys Lee called the meeting to order. She introduced Mr. Cunningham who spoke about how to apply for a teaching position. He gave some good pointers on how to get the job you want.

After the prgram Gladys Lee announced that two delegates from the Hereford FTA have been invited to the TSTA convention to be held in Amarillo March 14. The delegates to the state TSTA meeting in Denton March 7-8 were also named.

The delegates to the state convention are Eugenia Alexander, Dee Buck, Emily Ann Pavlicek, David Larson, Milner Duval, Betty Ferguson and Richard Leggett.

LYNDA PHILLIPS

Lynda Elected Basketball Queen

Miss Lynda Phillips, 18 year old daughter of Mr. and Mrs. C. O. Phillips, was crowned queen of the H. H. S. basketball team. She was crowned at half time during the Hereford - Levelland basketball game by co-captains Jim Curtsinger and Terry Higgins.

Lynda is a senior in H. H. S. and she plans to attend North Texas State after graduation. Playing the organ is her favorite pastime. She belongs to Tri-Hi-Y and is a member of the First Baptist Church.

BITS OF NEWS

Peggy Bumpass opened the regular meeting of the F. H. A. chapters in the high school auditorium, Feb. 17.

Sandra Childers lead the group in the F. H. A. prayer song.

Royce Lee and Kay Pruitt presented a program on civil defence.

Chapter I voted on the F. H. A. Sweetheart, nominated were Bonnie Wagner, Susie Loerwald, Lee Blocker, Dorotha Stewart, Sheryl Patterson, and Peggy Bumpass.

Bonnie Wagner from Chapter I was elected for the voting delgate for the area meeting in Canyon on March 1. Betty Paetzold is the voting delgate from Royal Rose.

Peggy Bumpass dismissed the meeting with the F. H. A. creed.

Mr. Bill Stanford and Mr. Wylie Quattlebaum left Friday, Feb. 14, by train to attend the National Assn. of Secondary School Principals. They plan to return Monday, Feb. 24.

At a recent meeting the student council discussed parents-back-to-school-night. The date will be announced later.

The F. F. A. boys attended the Livestock Judging Contest in Olton last week and came home with top honors. The boys going from Hereford were Jody Bezner, Joe Reinauer, and Pete Plank. Pete Plank was the high individual.

The Dairy Cattle Judging team also had top honors when they went to Floyd, N. M. last week. Gary Kreighauser, Don Walser, and David Brumley, were the ones going from Hereford. Gary Krieghauser was the high individual.

Mr. Garner attended a funeral in Silverton last week.

A group of 12 students accompained by Mr. Hickey left for Lubbock on Sat. Feb. 22 for a warm-up tournament.

The people and their events are as follows: David Larsen, extemperaneous speaking; Durward Jacobs, boys declamation; Steve Slagle, Durward Jacobs, David Larsen, boys poetry reading; Mildred Wester, girls extemperaneous speaking; Lee Blocker, Sheryl Patterson, girls declamation; Martha Bookout, Mildred Wester, Judith Haseloaff, June Ingalls, Jr. declamation.

Joan Brown, president, called the regular Tri-Hi-Y meeting to order Thursday morning, Feb. 20. Old and new business was discussed and Gale Blythe gave the opening prayer.

A party is being planned for March 11.

Lynda Phillips and Jo Ann Fowlkes gave the program and devotional.

Sandra Story, song leader lead the club in a few songs.

Outlook

Forget each kindness that you do
As soon as you have done it.
Forget the praise that falls to you
The moment you have won it.
Forget the slander that you hear
Before you can repeat it.
Forget each slight, each spite, each sneer
Wherever you may meet it.

Remember every kindness done
To you, what'er its measure.
Remember praise by others won
And pass it on with pleasure.
Remember every promise made
And keep it to the letter.
Remember those who lend you aid
And be a grateful debtor.

Remember all the happiness
That comes your way in living.
Forget each worry and distress;
Be hopeful and forgiving.
Remember good, remember truth.
Remember Heaven's above you,
And you will find, through age and youth,
True joys and hearts to love you.

Small Boy (running into store) — "Quick, help me. My father's being chased by a bull."

Clerk — "What can I do?"

Small Boy — "Put a film in my camera."

Dear Dad:

Gue$$ what I need mo$t of. That'$ right. $end it along. Be$t wihe.

Your $on,
Ru$$

Dear Russ:

NOthing ever happens here. We kNOw you like your school. Write us aNOther letter. Jim was asking about you at NOon. NOw we must say good-by.

As ever,
Dad.

Dick F. to Deanie J. — "Do you mind if I turn down the light? I freckle easily."

Druggist — "Yes, Miss, you'll find that most ladies like this lipstick."

Bette N. — "You couldn't tell me the kind the men like, could you?"

If at first you don't succeed, you're running about average.

He (With hands over her eyes) — "If you can't guess who it is in three guesses, I'm going to kiss you."

She — "Jack Frost, Davy Jones, Santa Claus."

Politician — "Congradulate me. I won the nomination."

Wife — "Honestly?"

Politician — "Why bring up that subject again?"

Librarian — An educated bookie.

Fishing — A jerk at one end of the line waiting for another at the opposite end.

Don't like the teacher, the subject is deep, I'd drop the class but I need the sleep.

"Why is it Bob," asked George of a very stout friend, "that you fat fellows are always good natured?"

"We have to be," answered Bob. "You see, we can't either fight or run."

"Can you operate a typewriter?"

"Yes, sir, I use the Biblical system."

"Seek and ye shall find."

It's funny a woman who can spot a blonde hair on your coat at ten paces and can't see a pair of garage doors.

Karen S. — "Where were you on your vacation?"

Oma R. — (listlessly) — "No man's land."

She — "Oh good! You've asked Father."

He — "No, dear. I've just been in a motor smash."

Miss Heart-throb

Dear Miss Heart-throb,

I am a Senior of 18 years of age. I have been looking for a girl all of my life, but I can't seem to find one that suits me. What should I do?

Searching

Dear Searching,

There are lots of pretty girls in H. H. S. Maybe you are too particular!

Dear Miss Heart-throb,

I used to be engaged, but now I'm not! How can I let the boys know that I'm back in circulation?

Lonesome

Dear Lonesome,

Go around flashing your left hand and be friendly. Flash a smile because it will really go a long way.

Dear Miss Heart-throb,

One of my friends is very cool to me since I have been riding around with her ex-boyfriend. They broke up and he asked me for dates. Do you think it is okay for me to go?

Undecided

Dear Undecided,

I certainly think you should go if he asks you because your cool friend doesn't have any strings attached to him.

Dear Miss Heart-throb,

What can you do when you turn down a date with a boy that you've had a crush on for a long time? He finally asked me for a date but I turned him down and I don't know why. What can I do to let him know that I'd go if he would only ask me again?

Hopeful

Dear Hopeful,

I think you need to have your head examined! Of course, the only thing to do is be friendly and show him that you would go if he asked you again.

Future Nurses Hosts for Convention

The Future Nurses Club of ford sponsored a Future N convention, Feb. 22, in the School study hall. Future N from Friona, Amarillo School, Palo Duro High Schoo Borger attended.

Birds of paradise are native to New Guinea and northern Australia.

By JIMMIE GILLENTINE

When Mrs. A. O. Thompson arrived at the C-C merchant's meeting at the hotel the other morning, she was no little confused about a lot of things. As she stepped out of her dress shop a couple of well-dressed ladies were having an argument over the quality and ability of certain wrestlers portrayed on a placard in her store window. Nearby, two men were none too quietly discussing the merits and demerits of the new "sack" styles as recommended for women.

When the men start talking about styles and the women start arguing about wrestling, declared Mrs. Thompson, everybody's all mixed up.

ALTON FRASER is style conscious these days. He says it costs less to be in style than not to be. Alton bought one of those narrow, felt finish fedoras back in 1933 and, next year, they went out of style. The hat was pitched back in a closet until he ran across it a few days ago — and suddenly realized that it was the very latest thing for 1958. Alton is now firmly convinced that all styles repeat themselves, if you will only have patience and give them plenty of time.

A hike in Social Security rates is almost inevitable within the coming months. Some Democrats figure that upping the pay to old folks will help more than a cut in taxes — and no candidate dares say a word against helping the old folks. Politically speaking, it is the very next thing to being "for sin."

An enterprising country editor, Guy T. Ludi, of Wahoo, Neb., delved into taxes a while back and got some unusual answers. By calculating withholding and social security payments from the newspaper plant in a town of about this size, he found that he had three invisible men on his payroll, each of the three earning around $6,000 each year. Wahoo is a community with 150 business and professional firms.

The amount of federal government taxes taken out of his plant last year was equal to:

. . .9c out of every dollar taken in (whether or not a profit was made), or $260 in cash every week.

The taxes took enough money out of his plant to pay for any one of the following items:

. . .heat for 22 years.
. . .postage for 9 years.
. . .electric lights for 32 years.
. . .water for 103 years.
. . .electric power for 9 years.
. . .telephone for 21 years.
. . .frieght cost for 12 years.
. . .insurance for 15 years.

Mr. Ludi also pointed out that no city, county, state or school taxes were included. Just federal taxes, which he estimated cost him $52 each morning he opened his doors — or $6.53 for every hour his plant was in operation during the entire year. He also says no effort was made to tabulate the cost of keeping the records for the government "take" from week to week.

Mr. Ludi further pointed out that his firm was small in comparison with the other 149 business and professional firms in Wahoo. . .and just "peanuts in the over-all tax picture."

I never had pictured taxes from this standpoint, but I imagine quite a few Hereford business men would arrive at much the same results if they took the time to make the extensions. Anyway, it is something to think about — and it is one of the reasons for today's "high cost of living." Furthermore, it looks as if it will get worse a long time before it gets any better.

ON THE OTHER side of the fence, the city employees have run across a situation which has them puzzled. Officer Rex Cowart Tuesday morning removed parking meter fine payments from the new-fangled Curb Cop boxes and in the very first one got $20 in cash, plus a laundry slip.

The city office forse can't decide whether the man means for them to go over and claim his shirt — or if he just made a mistake.

Next time you run into a character who thinks that people are going to the dogs, send him around to get Mary Newman's story about Joe Elliston. At 4 a.m. Monday morning, Mary, a long-time employee at Furr Food, got an emergency call and found it necessary to catch a bus for Eldorado, Ark. She hadn't cashed her check, and soon discovered that it is quite a chore to raise $100 so early in the morning. When she contacted Jeff's all night service station, Joe Elliston happened to be in the place and, while the station attendant didn't have so much cash, Joe did. He had never heard of Mary Newman, but he did recognize an emergency when he saw one, so he cashed the check — and sent the grateful lady on her way.

Quite a few people are talking about the improvement in food served to local service clubs at the hotel these days. The Rotary Club was threatening to follow the Kiwanis and move out but, after two weeks of the new fare, voted 31-5 to stay in the hotel.

By now you will probably have been deluged with pancake supper tickets by Lions Club members. They have 146 members — and each member will be held accountable for 10 tickets, a total of 1,460. The annual supper will be 50-cents a plate and will be held in the hotel from 6 to 8 p.m. Friday, March 7.

J. T. CARROLL and Myron Morgan spent several minutes carefully viewing and surveying the grounds of the new bank building Monday afternoon. Ezra Norton and Jake Boydston, chief sidewalk superintendents, calculated that the boys must be deciding where they will put their desks.

A big city reporter stopped in a small town weekly office and, during the conversation, asked the aged editor, "How do you manage to keep up your circulation in a town where people already know what everyone else is doing?"

The country editor grinned a little and replied, "The only reason they read the paper is to see who's been caught at it."

WASPS VS FLIES

TRENTON, N. J. (AP) — The State Department of Agriculture has released one million wasps in the Southern New Jersey pine forests in hopes they will wipe out an outbreak of sawflies. The wasps attack sawfly cocoons.

Bud To Blossom Club Elects New Officers

New officers were elected at the Bud to Blossom meeting held Friday afternoon in the home of Mrs. Don Martin.

Those who will assume duties of office at the end of the club season in May include Mrs. Lloyd Sharp, president; Mrs. Delmo Williams, first vice - president; Mrs. Glyn Bilbrey, second vice - president; Mrs. Clinton West, third vice - president; Mrs. Sam Long, recording secretary; Mrs. Glenn Williams, coresponding secretary; Mrs. Ray Godwin, treasurer; Mrs. Don Steele, reporter; Mrs. R. N. Yarbro, federation director, and Mrs. Don Martin, parliamentarian.

Mrs. Ray Godwin presented a program on Patio Landscaping, stressing the importance of considering the size and location of the patio in planning the landscaping. She said the patio may be considered as a second house and should be treated as such, either formally or informally. She called the selection of suitable and comfortable furniture, a must for the patio or lawn.

Mrs. Irving Alexander pointed out the importance of indoor plants to most women in making a home, in her discussion of "Indoor Plantings." She mentioned several plants that blend well and thrive indoors, including ivy, African Violet, Philodendron, rubber plants, cactus and others.

Those attending the meeting were Mesdames Irving Alexander, Glyn Bilbrey, R. A. Daniel Jr., Ray Godwin, Preston Hagans, C. R. Higgins, J. F. Martin, W. H. Patton, Pat Robinson, Herbert Haseloff, Ira Scott, Delmo Williams, R. N. Yarbro, and the hostess, Mrs. Joe Story was welcomed as a new member.

Mrs. Manjeot Presents Lesson At Garden Beautiful Meeting

Garden Beautiful Club entertained in the home of Mrs. J. L. Woodford Friday morning with a coffee with Mrs. R. B. Miller and Mrs. J. B. Pool serving as assistant hostesses.

After cherry tarts and coffee were served Mrs. A. L. Manjeot presented the first of two lecture-demonstrations on "Flower Arranging."

In conducting the lesson named five points to be considered in arranging flowers using varied arrangements to illustrate how to go about it. She asked the question, "Why Garden Clubs?" and outlined the value of garden clubs to the community as well as to the individual. She suggested the cultivation of an interest in flowers and their arrangement. She discussed the various types of arrangements and where and how to place them and in summarization pointed to the unity of the whole room as background setting.

During a short business session Mrs. Townsend Douglas, president, announced that interest is growing in a planned tour of Southern gardens this summer and noted that those interested should call her or any member of the club.

Special guests were Mrs. Norman Moore, president of the Hereford Garden Club, and Mrs. Ray Suit.

Members present were Mesdames N. D. Bartlett Jr., Ray Cowser, Townsend Douglas, S. L. Earley, J. B. Harlin, E. W. Harrison, Charles Hood, L. H. Lockington, Luther Lesly, F. P. Lyons, Ansel McDowell, R. B. Miller, G. P. Owen, J. B. Pool, B. E. Roberson, Deward Roberson, Mary Seigler, Lowell Sharp, E. W. Young, Owen Stanger, Helen Pipkin and the hostess.

ON THE HOOF

ALVA, Okla. (AP) — The collection plate wasn't big enough for the offering of Mr. and Mrs. H. W. Turner at Sunday services in the First Baptist Church.

They brought a Shetland pony to church. It will be sold, with the money going to the church.

POLICE ESCORT

COLUMBUS, Ohio (AP) — Elizabeth Jeanne Newell, 2½, may not remember her first motorcycle ride, but her parents will.

Elizabeth arranged the ride by swallowing about 30 aspirin tablets. Patrolman Frank A. Peterly of the Columbus Police Department rushed her to Children's Hospital on his cycle.

Safely pumped out, Elizabeth was released to her parents, Mr. and Mrs. Horace Newell of Columbus.

SWINGIN' VISIT

HARRISBURG, Pa. (AP) — John D. Yoon, a Korean telephone engineer studying U. S. methods, recently visited Gov. George M. Leader of Pennsylvania.

"Why did you come to Pennsylvania to make your observations?" the Governor asked.

"I heard the song 'Pennsylvania 6-5000' so much in Seoul that I wanted to see what Pennsylvania actually was like," Yoon answered.

About Our Schools

Aikman Principal Gives His Report

(EDITOR'S NOTE: This is the [illegible] recommendations by administrators in the Hereford Public Schools.)

By D. C. M[illegible]

AIKMAN SCHOOL PRINCIPAL

ON SEPT. 3, 1957, we began our school work with a staff of seventeen classroom teachers, one full time custodian and one half time custodian, four cafeteria workers and myself, making a total of twenty four permanently assigned to the Aikman building.

In addition to the above personnel, we have on part time basis our public school music program, directed by Mrs. Holmesly and our speech correction program, being done by Mrs. Aven. Mrs. Aven and Mrs. Holmesly are doing a good adequate job, considering the limited amount of time they have. We are in great need of more help in the field of public school music. We are also handicapped for a place to have some of our music work.

I would like to commend the fine job our school nurse is doing in conjunction with our classroom teachers in our health program.

Mr. Duval and Mrs. Bryant have correlated their boys and girls physical education classes with health and with our school nurse and are doing an excellent job with their groups.

I would also like to commend Mr. Duvall for his efficient [illegible] in the office and otherwis[illegible]

We continue to be deeply indebted to Miss Stagner, our coordinator who is continuing to do assigned work and more.

We have one new staff member this year, Mrs. Vivian Clark, who is doing a fine job.

Our cafeteria has performed even better than last year so far as working together and becoming aware of the fact that a school cafeteria exists for the students.

Our custodians, Mr. Hagar and Mr. Reese, are doing a fine job. They are appreciated by all for their willingness and cooperation toward the teachers and the overall success of our program.

I would like to recommend, if at all possible, a truant officer be employed. I believe the increase in A. D. A. would more than pay for one. It is, of course, a must if the child and teacher are to accomplish their aim.

We reached our peak enrollment in October with a high of 432 in 16 classrooms for an average enrollment of 27 per room. Our enrollment at the present time is 427, only five below our high of 432 reached in October.

THIS HAS BEEN a very good year thus far. We are grateful for such an adequate building and a fine corp of teachers. I have been well pleased with parent-teacher relations, and feel that our newly organized Parent-Teacher organization has helped in this respect.

We have a great deal of trouble with our heating system performing as it should. It is believed that the difficulty has been located and steps are being taken to correct this trouble.

I am pleased to commend the teachers for their good work this year. The personal qualities of the teachers are from good to excellent. Nine of the eighteen teachers have their Masters Degrees and the other nine are doing, or have done, some graduate work.

The work we have done this year in the way of self evaluation and conferences has pointed out areas of weakness that we individually and collectively are trying to improve.

We have [illegible] things in our [illegible]

We are finishing a supplemental reading program begun last year. We are beginning a study concerning the gifted child which will all us in doing more for [illegible]

We have made good [illegible] supplementing our regular classroom work with films and film strips. We think we have improved our physical education program and have concentrated on our science program, especially in the intermediate grades.

We are utilizing our accumulative record system that was begun last year.

We have also changed our reporting system in the first grades after a study with parents.

It is my honest opinion that we are well above the average in faculty and school. We have our weaknesses, and have pledged ourselves to the improvement of them.

Twin Main Event Is Slated Here Saturday Night

A double main event has been booked for Hereford wrestling fans in the Bull Barn Saturday night.

Dory Funk will meet Dirty Don Evans in two out of three falls with an hour time limit. The second match will pitch Lhow Ravends against Al Lovelock. (The Great Bolo), also for two out of three falls or an hour.

Last week Funk and Rip Rogers took a tag team victory over Iron Mike DiBiase and Bobo Brazzo. gained the first fall with an atomic [illegible] hold in 10 [illegible] and Bolo won the second fall in 11 minutes but Funk and Rogers won the final fall and the match.

In the two preliminaries Funk was awarded a win over DiBiase when Iron Mike was disqualified for hitting the referee and Rogers and Bolo wrestled to a draw.

First match this Saturday begins at 8:30 p.m.

DAWN NEWS

Community Night At School Friday

By MRS. CARL WIMBERLEY

[illegible] be the community night meeting at the Dawn School. The business will concern the community rural progress program.

A local talent TV program will be presented at the community night meeting. It will be sponsored by the Dawn Mission.

The members of the Woman's Missionary Society entertained the [illegible] with a luncheon meeting Tuesday morning in the Dawn Baptist Auditorium. Mrs. A. O. Thompson of Hereford was the guest speaker and she told of the mission work with the Spanish speaking people of this area. Mrs. [illegible] was in charge of the [illegible] Mrs. Thompson.

Others on the program included James Alston, toastmaster; Ray Stewart, invocation; Mrs. H. S. Fuller Sr., welcome; Leonard Schmidt, response; Mrs. Ray Stewart, Mrs. Carl Wimberley and Mrs. James Alston, entertainment, and H. S. Fuller Sr., benediction.

Free baby sitting was provided for the night by Wadine Reeves, Gail Miller, Ted Wimberley, H. S. Fuller Jr. and Glen Fuller.

Among those attending the banquet were Mr. and Mrs. Ted Robinson, Mr. and Mrs. Zed Stewart, Mr. and Mrs. W. F. Bice, Mr. and Mrs. Marion Russell, Mr. and Mrs. Ray Polen, Mr. and Mrs. Neal Little, Alvin Potter, Mr. Mrs. Conrad Schmidt, Mrs. Paul McClung and Mrs. W. H. Gentry.

The Dawn Home Demonstration Club met Friday in the home of Mrs. J. P. Cason with Mrs. Henry Nealy as guest speaker with the topic "Moss Cost a Cent" and "Disaster." Mrs. H. H. Neal and Mrs. Lloyd Airhart were co-hostesses.

THOSE FROM [illegible] First Baptist Church in Hereford. Glenn Tweed of Canyon is working [illegible] with Wimberley. He is staying in the home of his brother, Mr. and Mrs. Norman Tweed.

Mrs. Cecil Benton of Edmonson [illegible] the illness of her sister, Mrs. C. C. Stewart.

Mr. and Mrs. J. R. Oglesby of Muleshoe spent the weekend with Mr. and Mrs. Reece Stewart.

Mrs. N. R. MILLER, Mrs. L. A. Smith, [illegible] P. L. Johnson visited Wednesday with Mrs. H. D. Wooten in Borger. On the way home they visited with Mrs. J. C. Poe in Amarillo.

The N. R. Miller family attended [illegible] Canyon Friday evening.

[illegible] on "Cat Creek." Friday evening in Canyon. Bobby Miller, freshman at West Texas, was one of the cast.

Mr. and Mrs. Rea Cox and children were guests at a birthday dinner in his honor Sunday at the home of his parents, Mr. and Mrs. T. B. Cox in Plainview. Other guests included Mrs. Charles Creighton, Jan Rea and Raymond Fuqua of Plainview, and Mr. and Mrs. Alvin Nichols of Lockney.

The Women's Missionary Society will meet at the church Friday afternoon at 2:30 p.m. for a Home Missionary course. Mrs. R. T. Stewart will direct the program.

Regular Checks On Stored Grain Are Recommended

COLLEGE STATION — Stored grain should be checked frequently to make sure that proper temperature and moisture levels are being maintained to prevent unnecessary spoilage and deterioration, advises C. F. Garner, extension entomologist.

The outer portion of stored grain is cooler than the center, so warm moist air rises up the middle, points out the entomologist. Moisture will then accumulate to the top layer.

The moisture content of this upper layer of grain may be as much as five or six per cent higher than the general moisture level when the grain was stored, he adds. Insects prefer the warmer temperature so they will migrate to the center. This will then speed up moisture accumulation there.

This high moisture content of the grain may be reduced by making proper use of an aeration system, Garner says. Even moisture and temperature levels can be maintained throughout the grain. For farmers who have no aeration facilities, he adds that they can stir it by elevating it from one bin to another. This will help reduce spoilage.

Grain spoilage and deterioration can be quite costly unless steps are taken to prevent it, warns the entomologist. Aeration is just one of the steps that can and should be taken to prevent loss.

o

CRASH PROGRAM

ZANESVILLE, Ohio (AP) — It was a minor fire, but you should see the fire trucks.

The painter was hit by a skidding car as it pulled out of Central Fire Station onto an icy Zanesville street. The aerial truck was rammed by another car as firemen backed it into the garage after the fire.

And a police cruiser, hurrying to the fire, was hit by a third car.

Local Students Win Honors at Lubbock

Among the first and second place winners who were awarded certificates of merit at the district high school speech meet held Saturday at Texas Tech were three Hereford students.

First place ratings in the girls' division of poetry reading were awarded to Martha Bookout and Peggy Bumpass. Dave Larson was awarded second place rating in the boys' poetry reading.

Bushland, Tex., Man Reports—

"Good Years, and Bad, My Maize Averages 4,000-lb.-per-acre Grain."

Bill D. Wood, Bushland, Tex., says: "Some years any farmer can get good yields on certain crops—well, I use Phillips 66 Agricultural Ammonia to *maintain* high yield levels. I've used Phillips ammonia for six years on irrigated maize, and come good and bad years I've averaged out better than 4,000 pounds of grain per acre.

"Why, on wheat alone, I paid for seed and fertilizer and made $15 net an acre grazing it, when I used Phillips 66 ammonia. Then after that, I cut a 40 bushel wheat crop. I'm sold on Phillips 66 ammonia for my cash crops."

Other Southwestern farmers have discovered that, by using the 82% nitrogen in Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin . . . yields of grain sorghum grain and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through better forage and higher grain yields.

See your Phillips 66 distributor about Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.
