YEAR — NO. 15

City Burglary Case Broken

Three Hereford men were arrested and signed confessions Saturday night, ending 11 days of continuous Sheriff's department investigation in the \$668 Plains Fertilizer Co. burglary which occurred on March 25.

Information of excessive spending and the purchase of an automobile on the trio reached the sheriff's department Saturday evening, which led to the arrests about 9 p.m.

After picking up the suspects for questioning, they were taken to the sheriff's office and there separated into two rooms. All broke down almost at the same time and confessions were taken immediately afterward.

The Grand Jury yesterday morning returned indictments on Guadalupe Guzman, 19, Alfred Reyna, 18, and Uvaldo Vela, 24, and were returned to the county jail in lieu of \$1,500 bond each.

THEFT INCLUDED \$155.06 in case, \$503.22 in checks and about \$10 in coins from a soft-drink machine. None was recovered, as it had already been spent.

Reyna and Vela were placed in jail after confessions were taken and signed, while Guzman accompanied Sheriff Charles Skelton, Deputy Bill McCarver and a Brand reporter to the Willie Roberson farm on Highway 51, directly across the road from where the burglary took place.

About 15 minutes were spent in the darkness before the spot where the empty metal cash box had been partially buried could be located with the aid of flashlights.

GUZMAN SAID the checks had been torn up and burned. The other two had stated the checks had been buried, but the sheriff decided, Guzman was probably telling the truth since no evidence of the checks could be found in the area.

While returning to jail, Guzman commented the car he had purchased in Lubbock with his share of the loot was "no good anyway."

Guzman has been in the county jail previously for stealing a pair of fender skirts. Reyna was sent to a reformatory about a year ago and was just recently released. Vela has been jailed for DWI, drunk, fighting and other offenses.

The trio had entered the building by climbing a surrounding fence, breaking a window in the rear with a hammer and leaving by the front door.

They said they had buried the box in the field on Roberson's place and came back later to split up the cash.

Star Street, Aikman District Street Lighting is Approved

Godwin Promoted, Will Remain Here

"I will continue to make my home in Hereford and, unless the job interferes, will continue as mayor," Ray Godwin told members of the City Commission Monday night, when he told the group of his promotion to the post of general manager in the firm of Crowe-Gulde.

Godwin, who has been manager of the local branch since it opened, will supervise plants in Hereford, Amarillo and Canyon along with portable equipment out of the plants, according to present plans. "At the present time I can see no conflict in holding the office," Mayor Godwin said. "However, in case the new job interferes, I will take immediate steps to correct the situation."

"The practicing M. D.'s of Deaf Smith County are aware of the necessity for a Blood Bank; probably more so than (Continued On Page 2)

Downtown Trash Problem Raked By City Dads

Installation of eight new street lights was approved on Star Street and in the Aikman School District by members of the City Commission in regular meeting Monday night. The group also passed a resolution to steele recently voted \$100,000 street improvement bonds, passed an ordinance to control future alley paving and followed the recommendation of the zoning committee for one change on Park Ave. The commissioners discussed a general lack of cooperation on the part of merchants in handling of downtown trash, considered "an ordinance with teeth," but tabled the matter for further study.

Four of the new street lights will be installed on the 500-block of Star Street; two will be located on K Street in the Aikman School vicinity; one at 14th Street and Blevins and one at 14th Street and Irving. A minimum of 70 per cent or greater occupancy was cited as a requisite for securing additional street lights in the city.

THE REGULATIONS on paving of alleys was discussed and passed in order that the city might provide specifications on elevation, drainage, asphalt and other technical aspects as recommended by the City Engineering department. It was pointed out that no previous installations were under fire, but the commissioners felt that the city should control future surfacing to avoid possible trouble. Sale of the \$100,000 street improvement bonds was ordered by the commission in order that the city can be in a position to move along with improvements on Highway 60 in cooperation with the State Highway Department. City Manager Dudley Bayne reported on a meeting with highway depart-

Amateurs Wrestle Here Tonight

Approximately 15 amateur wrestling matches will be held by members of the Hereford Athletic Club team at the Bull Barn. First match will begin at 7:30 p.m. Wrestling coach Wayne Lawrence said anyone who wants to may enter the matches. Weigh-in time is 6:45 p.m. Lawrence said the grapplers will be paired off according to weights, ranging from pee wees to heavyweights. There will be eight weight brackets, he said. There will be no admission charge.

"Walking Blood Bank" Drive Begins Monday

Hereford's "Walking Blood Bank" will be re-organized and established beginning Monday, when three technicians set up at the Deaf Smith County Hospital to type new registering donors and make-out new cards on those already listed in the old files. The drive will last through the week, according to officials, and will take each individual not more than five minutes to be processed. A "Walking Blood Bank" is a list of blood donors and their blood types for use in emergencies.

No New School Trustee Faces After Election

In the three school district trustee elections held Saturday over the county, all incumbents and unopposed candidates were elected. 210 ballots were cast in the Hereford Rural High School District election, returning Wilburn Axe and Tom Robinson to their posts; Leo Forrest, unopposed, was re-elected as county school trustee at large; Eldred Brown, unopposed, was elected as county school trustee of commissioner's precinct 3; and Jack Weaver, also unopposed, was returned as a trustee to the Walcott Common School district.

The only opposition in any of the three district elections was in the Hereford Rural High School District, where electrical contractor Bill Phipps was running for one of the two open positions. Though Phipps was heavily out-voted at the poll in Hereford, he received one more vote than did Axe and three more than Robinson at Dawn, getting 10 to Axe's nine and Robinson's 7.

AXE RECEIVED the most final votes of the election, 270, 261 were cast for him in Hereford, where Robinson collected 220 and Phipps got 57. Final count for Robinson was 227, and 67 for Phipps.

A number of persons appeared on the scene as write-in candidates when the ballots were counted, all from Hereford. Charley Noland (Continued On Page 2)

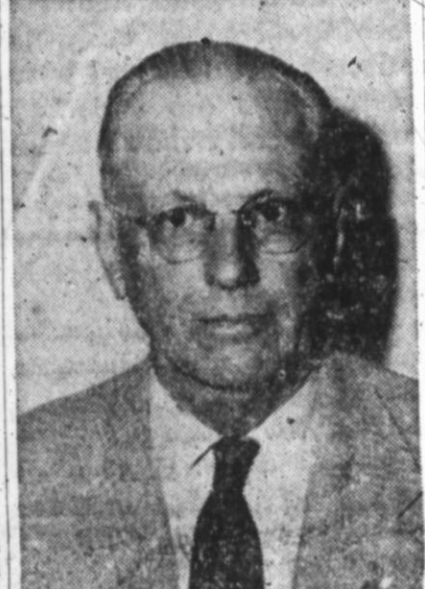

Congressmen Answer CofC

Answers from Ralph Yarborough, Lyndon Johnson and Walter Rogers by Deaf Smith County Chamber of Commerce president Marcus Latham this week, after the latter had telegraphed encouragement and backing to the three Congressmen, urging them to override Presidential Eisenhower's veto of the Congressional bill which would freeze farm price supports at a level not lower than was paid in 1957.

All three Congressmen expressed their appreciation for the interest shown by the local chamber and assured their intentions to do everything in their power to override the President's veto.

"Thank you for your wire," stated Rogers' letter, "concerning the Farm resolution that was vetoed by the President.

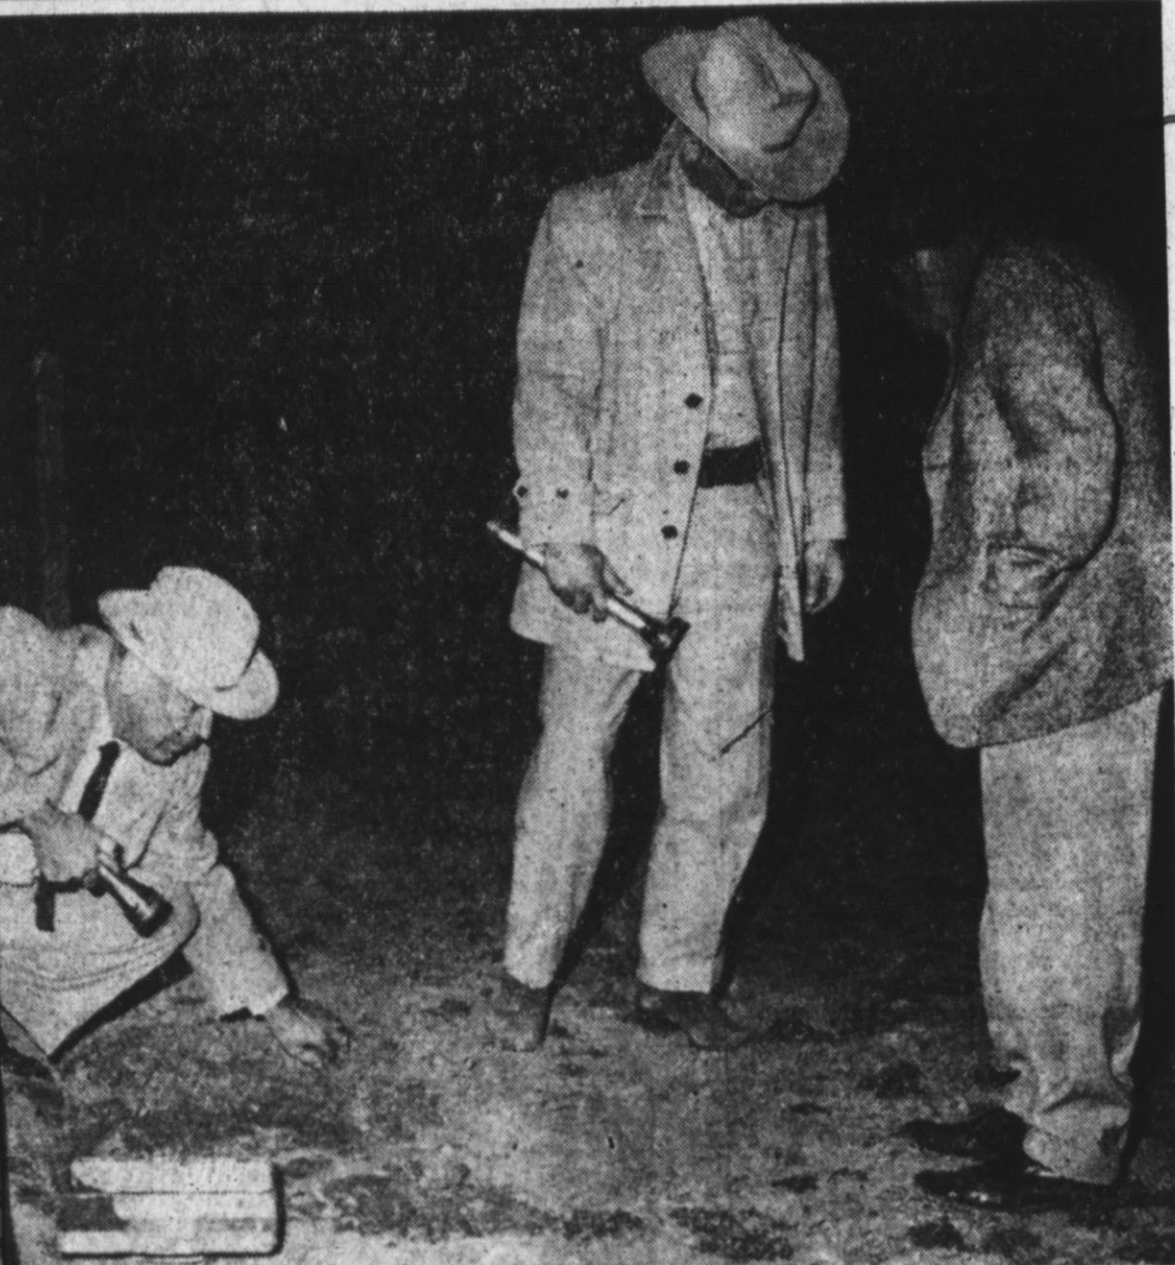

"You may be assured that I will (Continued On Page 2)

TOM ALDERSON

Civic Leader and Business Pioneer Dies Wednesday

Funeral services for Thomas Wallace Alderson, 65, long-time Hereford businessman, will be held at 2:30 p.m. Friday at the First Methodist Church with the Rev. Alby Cockrell, pastor, and the Rev. Eugene Naugle officiating. Mr. Alderson died at 11:25 a.m. Wednesday in Deaf Smith County Hospital. He had entered the hospital Saturday. He had been ill for two years. The Alderson family has requested that no flowers be sent to the funeral and asked friends to make donations to the Cancer Fund instead. Coming to Hereford from Sudan in 1936, he operated Alderson's Variety Store here until 1948 (Continued On Page 2)

CASE SOLVED—Shown uncovering the fully buried cash box stolen from the Plains Fertilizer Co. on North Highway 51 last 25 are Sheriff's deputy Bill McCarver, Sheriff Charles Skelton and Guadalupe Reyna, 19, one of three burglars who broke into the office and took \$668 in cash and checks. Alfred Reyna, 18, and Uvaldo Vela, 24, were the others involved. The case was broken Saturday night when information was found that Guzman had purchased a 1956 automobile in Lubbock. None of the money or checks was recovered. (Staff Photo)

School Board Elects New Officers Monday

BOOMER was elected by the Rural High School board to succeed Tom Robinson for the 1958-59 school year. Boomer was placed in the vacated position left by Boomer and S. Latham was voted to succeed Hair as secretary.

MEMBERS EXPLAINED the school had no team at the time because only one other member of the district, Levelland, had a team. Therefore, the only schools left to play, during the school year, would be Class AAAA, such as Amarillo, and that they would not be available once district competition got underway.

The matter was tabled until a member of the local group met with the board. Immediately after spring football practice, the upper elementary grades, 4th, 5th and 6th, are to begin baseball practice in preparation for the Little League season this summer.

Cost for equipment is estimated by superintendent of schools Fred Cunningham at \$65 per school. Junior and senior high athletic funds were transferred from the principals' offices to the school financial office during the meeting.

DWI Charges Result In Car-Train Wreck

Elmer Smith, 58, of Rt. 2, Hereford, pleaded guilty to charges of Driving while intoxicated and was fined \$100 and costs and sentenced to five days in jail by County Judge Homer Henslee Monday morning.

Next 10 Days to Decide Fate of LaMance Test Well

Fate of the LaMance test well, eight miles southwest of Hereford on Weston Realty Co., Lubbock, leases, will be determined within a week to 10 days, according to spokesmen for LaMance Drilling Co., who said today that the well will either produce or be abandoned following work which started Wednesday.

CURRENT PROPOSALS call for cutting the well back to a level of approximately 7,800 feet, where best showings were made. Lab-7,900 feet of pipe was delivered to the well this week for the procedure. The well will be perforated at this point in an effort to extend (Continued On Page 2)

Little League Meet, 8 P. M.

Hereford Little League officials will meet at 8 p.m. today in the Friendship Room of the Hereford State Bank to complete plans for the 1958 season.

Managers of all teams, both minor and major leagues, will be present. Dr. John Channer, league president, said the meeting will consider dates for starting team tryouts, opening day of the season and the schedule.

Grand Jury Handles 16 Cases Wednesday

Nine indictments and seven no-bills were returned by the Deaf Smith County grand jury in its session here Tuesday. Two cases were passed until the jury's next meeting on June 16. Indicted for burglary of Plains Fertilizer were Lalo Vela, Alfred Reyna and Guadalupe Guzman. All three are in county jail in lieu of \$1,500 bond each.

Others indicted were W. L. Hancock, swindling with worthless check; Celestino Lucero, forgery; A. C. Cates, non-support of children; Troy Shockley, non-support of children, and M. T. Greer, second offense driving while intoxicated. Three other persons were indicted but are not in custody.

Hancock is in custody in Morton, Cates in California, Lucero in Colorado, Shockley in Midland and Greer was in the process of making \$1,000 bond here Wednesday.

Local Youth Fined \$100 After 2-Car Accident Tuesday

HENRY RANSFOT, 16, of Rt. 4, Hereford, was fined \$100 in corporation court Wednesday morning after being charged on two counts by city police after a two-car collision at the intersection of Park Ave. and Star at 9:40 p.m. Tuesday.

Ranspot was prosecuted on State Law 802E which governs traffic violations by juveniles. According to Chief Henry Aycock, Ranspot was being chased down Park Ave. by a police car when his auto rammed into another vehicle being driven by Mrs. Norma Grace Wilson, 21, 201 Star.

Tuesday's Rain Amounts Vary

Moisture measurements from Tuesday night's rain showers varied from .05 to over a quarter of an inch across the county. Hereford, according to Clay Angelo, received .28 of an inch, which brings the year's total to 5.59, and about an inch above the total measurement Dan True is bragging about so much lately.

CARL ALLISON reported .30 of (Continued On Page 2)

CITY SMASHUP—The driver of this car, Mrs. Norma Wilson, suffered facial cuts after colliding with a car driven by Henry Ranspot, 16, Tuesday night at the intersection of Park Ave. and Star. Ranspot was fined \$100 in corporation court Wednesday. (Photo by Bill Brady)

Around Town

HIGH SCHOOL P-TA Association will hold its final meeting of the year in the study hall at 3:45 p.m. today. Mrs. M. C. Kaul will install new officers and Mrs. Joel Hodges will have charge of an evaluation of the year's work.

The Deaf Smith County Hospital board of directors will meet this evening at 8 p.m. in the manager's office.

General meeting of the Hail Association.

Lady-B-Lovely

kan committee will hold its meeting at the High school Tuesday at 7:30 p.m.

Zone meeting of the area School Tax Assessors' Association will be held in Amarillo April 25.

Regular semi-monthly meeting of the Deaf Smith County Precinct commissioners will be held in the Commissioners courtroom Monday, starting at 10 a.m.

Dennis Charles Owen, 9, was released from Deaf Smith County Hospital Saturday after being held overnight for observation after being struck by a car Friday morning. Dennis, the son of Mr. and Mrs. Charles Owen, was riding a bicycle in front of the Owen farm northwest of Hereford when he was hit by a car driven by O. G. Hill Jr. of Hereford.

FITTING BIRTHDAY
VINETA, Okla. (P) — For 35 years before retiring in 1947, Mrs. W. E. Updegraff cooked in the cafe she ran here. She estimated when she retired she had baked more than 375,000 pies.

To celebrate her 75th birthday this year, Mrs. Updegraff's children rented the cafe and hundreds of friends showed up to wish her well. The big conversation was still her mouth-watering pies that no one could forget.

Civic Leader.

(Continued From Page 1)

when he sold his store and went into the real estate business. Mr. Alderson had been active in civic and club work in Hereford. He served as Deaf Smith County Chamber of Commerce in 1954 and was a member of the board of directors in 1953.

He was a member of the Hereford Lions Club, serving on the board of directors at one time. He also was a 32nd degree Mason and a Shriner. He had been a member of the First Methodist Church here and served on the board of trustees.

Mr. Alderson was born Nov. 5, 1892, in Rome, Tex. He was married in 1915 at Decatur. His home in Hereford was at 603 E. Fifth. Survivors include his wife; a brother, W. G. Alderson of Lubbock; a sister, Mrs. J. A. Finney of Plainview, and two grandchildren.

Burial will be in Rest Lawn Cemetery, Gilliland Funeral Home is in charge of arrangements.

Youth...

(Continued From Page 1)

the accident. Police notified Ranspot's parents, Mr. and Mrs. Pat Ranspot, and they brought the boy to City Hall Wednesday morning.

The youth was charged with driving in a manner and at a speed likely to endanger lives and property and with failure to stop and render aid.

Mrs. Wilson was taken to Deaf Smith County Hospital by Gilliland ambulance service. She was treated and released.

Police said Ranspot's 1957 car was a total loss and \$750 in damage was done to the Wilson vehicle.

pedite a flow of oil and, if successful, will go into production. If not successful, the well will be capped and abandoned.

LaMance spokesmen also said that showings were found on other levels, but the best bet was recorded between 7,800 and 7,900 feet.

No confirmation was given concerning other tests in the immediate area, although rumors had previously indicated two more test wells on the Weston leases. Spokesmen said that the perforation was "strictly a gamble," but that it was merited in view of previous expense in drilling the well.

No New...

any one else. For a hospital of our size, and its need for whole blood, a "Walking Blood Bank" is the most practical and efficient type. All of us are behind the drive for a revision of our hospital's "Walking Blood Bank," and we sincerely hope all will participate in its completion.

According to a talk made by Dr. Mims at the Hereford Jaycee organization this week, the county's hospital is not large enough to keep whole blood on hand, due to the fact whole blood will not keep in refrigeration more than two, or possibly three, weeks.

"The demand is not large enough all the time," stated the doctor, "but our hospital will use approximately 100 pints of whole blood in an average year. We would have to keep a lot of blood on hand to meet the different blood type demands, and that would be impractical."

Congressmen

(Continued From Page 1)

use every means within the law to help override the President's ill-advised veto of the Farm resolution. If some of the big business interests would stop and think for one minute, they would realize that this resolution would serve to stabilize the entire economy without throwing substantial additional costs on the government."

Johnson's administrative assistant wrote:

"Senator Johnson is in Texas for a few days. I am therefore acknowledging your telegram of April 2nd to him.

"I will bring your comments about the farm bill to the Senator's attention when he returns to the office. I know he will be pleased that you feel, as we do, that the President's veto of this bill was a disaster of magnitude."

Wiring from Houston, Yay borough wrote, "Have been an active fighter for the law freezing crop price supports at least as high as last year's levels, and will vote, work and speak in an effort to override the President's Republican veto of the crop price support freeze bill.

"I again demand the resignation of Ezra Taft Benson and the appointment of a secretary of agriculture, for agriculture.

"Congratulations to the Deaf Smith Chamber of Commerce for standing up for the farmers and against the Benson Big Business combine."

As an official act of the local chamber, Latham wired the three Congressmen last week.

SECOND LOSS IN 18 YEARS

DETROIT (P) — When the New York Rangers beat the Detroit Red Wings, 3-2, in Detroit's home opener, it marked the second time in 18 years that the Red Wings lost their first game at home. In 1955, Chicago's Black Hawks conquered the Wings, 3-2.

Star St. ...

(Continued From Page 1)

ment officials and Santa Fe officials. He said present plans call for no parking on Highway 60 from Roosevelt Street, west to Highway 51; the proposed four-lane road will carry a center strip of varying width to conform with width of the road, and will include street parking east of Roosevelt on the highway. No starting date was given but Bayne reported that Highway 60 would offer traffic on half of the road while the other half is under construction.

Following recommendations of the Zoning Board, the commission unanimously approved shifting of the Frank Cogdell property from Zone C to Zone D-restricted, allowing Cogdell to remove his office building on South Main to the location adjoining his residence. No protests were recorded at the zone board session last week.

Downtown trash collection — centering chiefly on failure of merchants to collapse cartons and boxes — led to lengthy discussion on part of the commission. Numerous violations were cited and reports said that failure to collapse boxes was more than doubling the cost of handling downtown trash. The group discussed possibility of "an ordinance with teeth," carrying heavy fines, but instructed the City Manager to mail letters to offenders in an effort to secure cooperation without passing the ordinance.

Lease of a police car was considered by the group, but no action was taken after the question arose comparing rental costs with those of purchasing and owning the car. Further detailed information was requested, following which commission members will pursue the subject in future meetings. Also tabled was a request for prices on Highway 60 frontage in conjunction with the new city airport. Commissioners indicated further investigation was necessary on this topic.

The commissioners did advise the city manager to divide city

insurance between Plains Insurance, John McLean Insurance and Robinson-Decker Agency, the three firms which made bids for joint handling of city policies. They approved employment of Bill Curtis to again handle the city audit, and transferred \$25,000 from the Water and Sewer fund to General Funds, pointing out a need for money in the General Fund to handle payment of the recent city hall addition, and purchase of a proposed fire truck.

PAUL CONEWAY appeared before the commission asking for approval of his proposed housing addition in South Hereford. They discussed ownership of one-half of Lee Avenue, now included in the Hereford Golf Course, and claimed by Ray and Paul Coneway as a result of closing of Lee Avenue by Deaf Smith County in 1918. No action was taken on the addition, but the commission instructed City Attorney Earnest Langley to provide an opinion, based on "peaceful possession" of the property for a period of more than 10 years. Several commissioners cited a probable \$5,000 cost in moving a golf course green and box, along with probability of reducing the course from a standard 36-par to a 35-par course.

Attending the meeting were Mayor Ray Godwin and Commissioners Den Little, R. R. Wills, Neil Cooper and Troy Moore; City Manager Dudley Bayne and City Attorney Earnest Langley.

State game rangers refused to enter into the discussion. Eventually, each agreed to take half.

HERE FROM ALBUQUERQUE — Bobby Haven visited Dolores Tucker of Albuquerque this past weekend.

OUR CORNER

RULES TO EMPLOYEES IN 1856

The following rules were posted by Carson, Pirie & Scott, a well-known store in Chicago, back in 1856:

1. Store must be open from 6 a.m. to 9 p.m.
2. Store must be swept, counters and base shelves dusted, lamps trimmed, filled and chimneys cleaned, a pail of water, also a bucket of coal brought in before breakfast, and attend to customers who will call.
3. Store must not be open on the Sabbath Day unless necessary, and then only for a few minutes.
4. The employee, who is in the habit of smoking Spanish cigars, being shaved at the barber shop, going to dances and other places of amusement, will surely give his employer reason to be suspicious of his honesty and integrity.
5. Each employee must not pay less than \$5 per year to the Church, and must attend Sunday School regularly.
6. Men employees are given one evening a week for courting, and two if they go to Prayer Meeting.
7. After fourteen hours of work in the store, the leisure time should be spent mostly in reading."

Herd Appears at Track Meet

Hereford High School's track team scored 5 1/2 meets in the District 1-AAA track meet at Lubbock Friday. Phillips won the meet with 19/20 points and Dumas was second with 45 1/2 points.

The Whiteface points came from Lynn Reeves' 20-foot, three-inch roadjump for third place in that event and two 5-4 high jumps by Steve Slagle and Muner Duvall. Slagle and Duvall were in a five-way tie for third place in their event. Danny Martin placed fourth in the 220-yard dash and Hereford's 60-yard relay team gained fourth place.

Track coach Joe Silverii plans to enter "three or four" men in the Panhandle Relays at Panhandle Friday and Saturday. The Region I track meet will be held at Lubbock April 18-19.

Four Boys Enter Dist. Tennis Meet

Four Hereford High tennis players will enter the District 1-AAA meet at Canyon Saturday. They are Richard Leggett, Carl Zimmerman, Leslie Sharp and James Kroger.

All four will play singles and doubles and Zimmerman will enter doubles competition. Other schools in the meet, which will be held on the West Texas State College courts, are Phillips, Dumas, Levelland and Littlefield.

coach in charge shall be responsible for making the selection of goods or services and to complete a regular requisition. The requisition is checked by the principal and forwarded to the superintendent, where the purchases are completed.

The board voted to accept head coach Bobby Williams' recommendation and request that Dick Mabry be hired as assistant football coach for next year.

A 1956 Midwestern University graduate, Mabry is in his second year at Phillips, and is backfield coach there. He also coaches the eighth grade there. He is married and has no children.

Cunningham told the board Phillips was willing to keep Mabry on as a teacher throughout the rest of the year, and that he could commute in the afternoons this spring for spring football practice, which would last 21 calendar days.

THE BOARD VOTED

to pay Mabry 8 cents a mile for his traveling. One member said the new assistant coach would be traveling between 3,600 and 4,000 miles for the training period.

Mabry was given a one-year contract at \$1,500 above state schedule salary.

Voting was also held to set up funds for traveling expenses to send the high school band to Enid for the Tri-State Music Festival. The members will pay for all other expenses, except housing, which is furnished by the residents of the Oklahoma town.

The choir would also go under normal circumstances, Cunningham told the board, but it did not have enough time for preparation after the recent presentation of "Oklahoma."

Two high school building custodians who have not been doing work prescribed by the principal and superintendent are to be released, the board was told by Cunningham. One will be given 10 days notice and a week vacation before release and the other will be retained until school is let out for the summer season.

"They just are not doing the type of work our building deserves, nor the type we're paying for," Cunningham said. "After numerous conferences with the men, work still is not being produced to our satisfaction."

Members of the board agreed with the superintendent's opinion and told him to handle the situation as he wished.

Coffey New Head Of Optimist Club

New officers and directors were elected Tuesday by the Hereford Optimist Club at its regular meeting.

Marvin Coffey was named president; Bill Bradley, first vice president, and Glenn Watts, second vice president. New directors are Jimmy Bownds, Jack Allmon and Roy Boyer.

Outgoing officers are Sam Long, president; Jeff Davis, first vice president, and Boyer, second vice president. Retiring directors are Bill Angel, Bill Bradley and Dr. Roy Grubbs.

Sale at Lubbock On Angus Cattle

West Texas Angus cattle breeders will hold their annual sale at Texas Tech Beef Barn in Lubbock, again this year. The sale is set for 1 p.m., April 10.

The offering includes bulls, cows with calves, and open and bred heifers. Registration papers and health certificates will be furnished on each individual.

Cattlemen who are hunting replacement cattle should have a good selection to pick from in this offering of pasture fitted cattle.

This year's sale consignors include Clyde Bradford of Happy, Bradley - 3 Ranch of Memphis, Lloyd Gramblert Jr. of Ralls, Half Circle J. D. Ranches of Fort Worth, Bill M. Norman and Son of Daugherty, George Sandrinos of McLean, Herman B. Thornton of Lockney and Joe Lemley of San Angelo.

The West Texas Angus Association headed by Lloyd Gramblert of Ralls is sponsoring the sale under the direction of the state Angus Association.

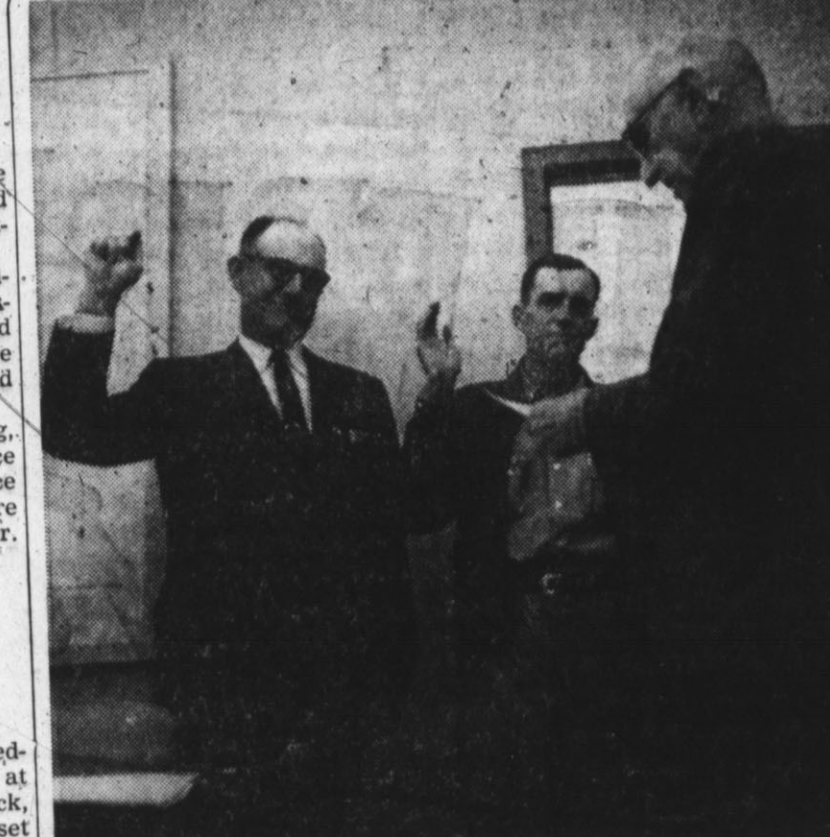

Renfro Has Tech Production Lead

O. C. Renfro, a sophomore at Tech in Lubbock and a graduate of Dimmitt High School, will be playing the role of Macbeth April 10, 11, 12 and 13, when the Department of Drama at Texas Techological College presents William Shakespeare's drama play, "Macbeth." This will mark Renfro's eighth major role while at Tech. He is the son of Mr. and Mrs. Clyde Renfro, Rt 3, Hereford and the grandson of Mrs. Lee Lambert, 706 E 3rd, Hereford.

"Macbeth," one of the greatest works of Shakespeare, will be presented in Elizabethan style as it was in the day of its author. The entire production will be as nearly authentic as possible to the time of Shakespeare, including set properties and lighting. This is the first such production by the Tech Drama Department and will pave the way to future Shakespearean festivals on the campus.

BROTHERS BACK TO SCHOOL
Tom Woodford and Bill Woodford have returned to schools of their choice after spending the weekend with their parents, Mr. and Mrs. J. L. Woodford. Tom Woodford returned to the University of Colorado where he will receive his degree in May. He has also enrolled in the University School of Law for the 1958 fall term. Bill returned to Austin where he is a student at the University of Texas.

MEXICO CITY VISITOR
Mrs. George McLaughlin of Mexico City, Mexico, returned to her home after visiting with her mother, Mrs. H. M. Benefield.

RETURN TO BOARD—Tom Robinson, left, and Wilburn Axe took an oath of office Monday night after being returned to the Hereford Rural High School District board of trustees by voting held Saturday. Fred Baird, school Tax Assessor-Collector, swore them in. The only competition race of the three elections held over the county Saturday, Axe received 270 votes, Robinson 227 and challenger Bill Phipps 67. Six write-in candidates, Charlie Noland, Wayne Thomas, J. B. Noland, Neil Cooper, W. J. Reeves and Bill Messick, also appeared on the ballots. (Staff Photo)

Kitchens Starts Spring Training

Spring basketball training for 21 boys began Tuesday at Hereford High School. The drills will last three weeks.

Coach Cuby Kitchens has six lettermen returning from the squad that went to the state 1-AAA finals this year. They are Steve Slagle, center; Paul Higgins, forward; Ken Clearman, forward; Bobby Shelton, guard, and Milner Duvall, guard. All will be seniors.

Others out for the team are Fred Mulkey, Charlie Burrus, Charlie Thomas, Clyde Whittaker, Ronnie Botkins, Bud Martin, Thomas Coffman, Ronnie Caster, Greg Combs, Wesley Poarch, Hereman Jesko, Wayland Northcutt, H. S. Fuller, Keith Smith and Deanie Hudson.

Services Held for Bybee's Brother

Funeral services for Mark D. Bybee Jr., 47, brother of Hereford attorney Owen Bybee, were held Monday afternoon in Childress.

Mr. Bybee, a smelter worker in Amarillo, died Sunday morning of injuries received in a fight at the Canton Cafe in Amarillo. Two Amarillo men are being held in jail for investigation.

Other survivors include Mr. Bybee's wife, Rachel; his mother Mrs. Myrta Bybee of Childress, and two sisters, Mrs. Raymond Hander of Wichita Falls and Mrs. L. C. Ratliff of Spur.

JOE EASLEYS HERE

Mr. and Mrs. Joe Easley of Denver, Colo., spent Easter holidays visiting with his parents, Mr. and Mrs. O. E. Easley. They are both attending the Denver University.

New Cub Den Is Organized

A new den for Pack 50 was organized in Hereford Monday afternoon, at the home of its den mother, Mrs. W. R. Hair. It will be sponsored by the Hereford Lions Club. Bruce Miller is Cub Master. Charter members are Jimmy Childers, Robin Davis, Rickie Grubbs, Don Bill Hair, Gregory Herring and Ren Lee.

The group worked on the requirements for the Bobcat and Wolf badges, then practiced for the Palava, which is to be held May 3 at the football stadium.

Den Chief is Larry Hair, Second Class Scout from Troop 51.

Civil Defense Is W. Hereford H. D. Meeting Program

The West Hereford Home Demonstration Club met April 8 in the home of Mrs. Hugh Witherspoon for a program on Civil Defense. Mrs. W. A. Awtrey presented the talk to the members.

Mrs. Lucille Olson's 4-H group presented a talk to the group on "Health and Citizenship."

During the business meeting, Mrs. E. B. Moseley was accepted as a new member. Present were Mesdames Edna Bove, John Jacobsen, Alice Cox, Alice Bradley, E. B. Moseley, Wood Vaughn, W. A. Awtrey, P. H. Luck, Vern Witherspoon, Hugh Witherspoon and Miss Evelyn Bell.

The next meeting will be April 22 in the home of Mrs. R. L. Calhoun.

WEEKEND IN ALBUQUERQUE

Mr. and Mrs. Buddy Witherspoon visited in Albuquerque, N. M., with their daughter, Mrs. R. L. Hennington, and son, Neil, over the weekend.

TECH STUDENT VISITS
Stewart C. Jones of Lubbock, son of Mr. and Mrs. H. E. Wester, spent the weekend visiting with his parents. Jones is a Senior chemical engineer major at Texas Tech.

H. E. WESTERS HOST
Mr. and Mrs. Bill McCabe and children of Borger visited Mr. and Mrs. H. E. Wester Sunday night. Mrs. McCabe, daughter of Mr. and Mrs. Wester, is the former Dolores Wester.

Jerry Reese of Abilene, son of Mr. and Mrs. J. C. Reese, visited in the home of his parents over the weekend.

Hereford Kids Go Easter Egg Hunting

AND AWAYYY, WE GO, LIKE A HERD OF HORSES!

Vet's Park Is Scene For Hunt

Several Hundred Hereford, and area, children participated in the second annual Hereford Police Department Easter Egg Hunt in Veteran's Park Sunday afternoon.

Divided into sections, one group was composed of children between two and six years of age, and the other group ranged in years from six to 12.

The younger children were allowed to be accompanied by their parents, though several fathers and mothers wandered into the older group's section.

Four prize eggs were planted among the 1,000 colored and boiled hen eggs. They were purple and marked with crosses.

The eggs were scattered over several acres but distance failed to slow the youngsters in their quest for the annual treasures.

All 1,000 eggs were purchased, dyed and hidden by members of the Police Dept. and their families.

About twenty complaints registered, according to those who were among the children, were that they would have "liked a bunch more eggs to find," and "they would prefer not having to recover the eggs from among cactus plants — because they stick." (Staff Photos)

Shapely Student Engineer Has No Figure Troubles

BRAINY BEAUTY—Nida Balsys, 17 and a high-standing engineering student at Los Angeles State College, looks over a power station model with Prof. Leslie Cromwell.

LOS ANGELES, (AP)—A cooly, 17-year-old Lithuanian girl has shattered tradition at Los Angeles State College. She is enrolled in the department of engineering and doing exceptionally well in a field seldom invaded by women.

Nida Balsys, one of the prettiest girls on the campus, will be a graduate engineer in two years, and what's more, she's going to work at it.

"I'll probably try to get a state job, to start with," she says of her future career. "I expect to encounter some prejudices against my sex in this field of work, but it's the kind of work I like, and I'm staying with it."

Prof. Leslie Cromwell, head of the engineering department at Los Angeles State, agrees that Nida will stay with it and get the job done.

"I just couldn't believe she was serious when she came into my office two years ago and said she was enrolling for engineering," Cromwell says. "She was only 15 and just out of Immaculate Heart High School. I thought she'd probably change to dramatics or some other major after the first semester, especially with the heavy study load that we impose. Furthermore, she seemed too pretty to be much of a student."

But I was wrong. The only favor she asked was permission to increase the number of courses she was taking."

Nida and her parents, Mr. and Mrs. Julius Balsys, came to the United States eight years ago after escaping from their homeland. All their relatives are behind the Iron Curtain.

Nida ranked above 98 per cent of her class in college entrance requirements; although younger than most. Since entering college she has carried an average of 21 hours a semester, four more than the average student, and her grade average is just under "A."

Besides brains, Nida has beauty and form. She's a blonde, 5-foot-2, has blue eyes, and, says Prof. Cromwell:

"I think we're going to persuade her to run for homecoming queen next year. She doesn't want to, says she's too busy. But I know of 450 votes in the engineering department that are hers already."

DANIEL NEWS

Plowing for Row Crops Has Begun

By MRS. W. R. MOORE

Several of the farmers started their row crop plowing this past week and there will be a lot of field work done in the next few weeks if the weather continues to be pretty.

Mr. and Mrs. C. L. McBroom and girls, Verna Kay and Jannie, visited in the home of Mr. and Mrs. J. C. Simpson in Hamlin over the weekend.

Mr. and Mrs. T. C. Jones spent the weekend in the home of their son, Roy Lee Jones, and his wife in Fort Worth.

Darlene Moore from Dumas spent the Easter holidays in the home of her mother Mrs. J. T. McClain.

Mrs. Mamie Cogdell visited in the home of Roy Jones in Vega Saturday night.

Among community residents and the relatives of community residents who are in the hospital are Ira Allred, A. T. Sartor, C. M. Grisham and Mrs. Wilma Watson.

A revival meeting will be held at the Palo Verde Church April 20 through 27. The Rev. Strauss Atkinson, evangelist, will do the preaching. The Rev. Bill Cleaver will be song leader and Mrs. C. L. McBroom will be pianist.

Mrs. Paul Artho is in the Canyon Hospital.

Mr. and Mrs. Edd Peacock called in the home of Mr. and Mrs. J. F. Matthews Sunday.

Mr. and Mrs. Roy Matthews of Abernathy visited in the home of Mr. and Mrs. J. F. Matthews Sunday.

Mr. and Mrs. Floyd Rickman of Hereford moved to the J. T. Gilbreath farm.

Mr. and Mrs. Richard Golden and Mr. and Mrs. Don Golden went to Amarillo Friday to be with their uncle, Guy Carthel, who was seriously injured that day. Carthel died Sunday evening at 8 p.m. in an Amarillo hospital.

Mr. and Mrs. Don Golden are the proud parents of a baby boy.

Mr. and Mrs. Paul Myers of Midland visited in the home of Mr. and Mrs. W. R. Moore.

Mrs. Zelma Axe visited with friends in Amarillo Thursday.

Those present for WMU Thursday were Mesdames C. L. McBroom, J. T. McClain, Buford Sparks, W. R. Moore, Andy Sartor and Ky Higgins.

Miss Margaret Griffith, who is attending college at Denton, spent the Easter holidays in the home of her parents, Mr. and Mrs. Carl Griffith.

Biscuit-Making Studied by Club

The Doris Mahaffey 4-H Club met recently in the home of Beverly Lemons for a demonstration of Biscuit-making. Mrs. Dorothea Prowell presented the demonstration.

Catherine Smith, president, called the meeting to order and Barbara Townsend, secretary, read the minutes.

Present were Catherine Smith, Sandra Townsend, Linda Stephan, Beverly Lemons, Mrs. Dorothea Prowell, Mrs. Harold Shearhart and Mrs. Edgars Lemons.

Hill Opens to Sales Traffic

Bob Hill, operator of the Hereford Municipal Airport, this week opened the Hill Aircraft Sales at the airport two miles east of town.

Hill will sell new Bellanca airplanes. At the airport, he also offers instructions, charter service and air ambulance service.

The City of Hereford hired Hill last fall as manager of Hereford's first municipal airport. Construction of buildings and the runway has not been completed yet.

The land occupied by the church and churchyard of Trinity Church in New York's Wall Street district is valued at 25 million dollars.

BOB HILL

Local Soldier Gets Appreciation Letter

SANDHOFFEN, Germany (AH TNC) — Army Sgt. R. L. Parvin, son of Mr. and Mrs. Harley C. Parvin, 235 Ave. A Hereford, recently received a letter of appreciation while serving with the 13th Infantry in Germany.

He was commended for outstanding performance of his duties as a shop foreman in the infantry's Headquarters Company.

Sergeant Parvin entered the Army in February 1952 and arrived in Europe in September 1956.

The 29-year-old sergeant was employed by Chrysler and Plymouth Corporation before entering the Army.

HERE'S HOW KEGLING GOT ITS NAME

MILWAUKEE (AP)—Ever wonder why bowlers are sometimes called keglers?

A local sports historian reports it has nothing to do with the drainage of barrel shaped containers of malt beverages.

Bowling dates back to ancient Germany when citizens carried a kegel, a sort of cudgel. Shaped somewhat like an Indian club, the kegel was a versatile gadget that could be twirled to keep the wrists supple.

In perusing the "Chronicles of Paderborn," the historian found that the ancient clergy called on the citizen and his kegel to prove that the citizen was leading an honorable life. The kegel was placed at one end of a long runway,

vaguely resembling modern The townsman, equipped with a round stone known as a "kegel" was placed at the other end of the runway. If he knocked over the kegel with the stone his reputation remained unscathed. If he missed he was exposed a rogue.

The practice was abandoned long about the Fifth Century when the clerics began putting the kegels in clusters and, just for fun, tried to see who could topple most.

The game grew in popularity and spread beyond the mountains.

The explosion of the volcano of Krakatoa near Java produced tidal waves felt more than 8,000 miles away.

Girls Get 'A' for Grooming

FAIR LADIES—Actress Madeleine Carroll (center) has just congratulated these students of Washington Irving High School in New York winners of a good grooming contest conducted by their classmates. The four who won "Fair Lady" titles are, from left to right, Patricia Psychogios, Joan Mestrovich, Doris Gallagher, Anne Baranek.

By VIVIAN BROWN
Newsfeatures Beauty Editor

NEW YORK — Keep your face clean, girls, and you may win a prize. Your school may take a leaf from the Washington Irving High School, and elect you "Fair Lady."

That title just went to four girls observing a good-grooming code devised by their schoolmates. The idea originated a couple of months ago when students were encouraged to draw up the code, to improve their appearance, and to choose one girl from each class as fair lady of the group. The theory was that a girl who takes pride in her personal appearance will earn good conduct merits.

The code was divided into three parts: (1) Personal cleanliness — daily bath, clean hair, use of deodorant, and socks washed daily. (2) Neatness — shoes kept polished, heels straight, nails manicured and clothing kept in repair. (3) Attractiveness — good posture, walking with head high, sitting up tall in class, conservative use of cosmetics and perfume.

It turned out there were 67 fair ladies in the student body of 3,500, a job for the judges — 15 girls on the student committee and 6 faculty members. But four were finally chosen, and good grooming

Feed Your Child With Persuasion

GROWN-UP IN MINIATURE—Like grown-ups, she has definite likes and dislikes. But she loves to eat—especially with her own special bowl and spoon.

By CECILY BROWNSTONE
Associated Press Food Editor

Children are funny just like grown-ups. They have definite likes and dislikes, and woe be to any mother who tries to force or who over-urges at mealtime. When you want to feed your child a new food, it's much better to use gentle persuasion than to do battle. Introduce an unfamiliar food a teaspoon at a time if you want your child to enjoy the new acquaintance. You can gradually feed more of the food until a reasonable amount of its welcomed. Remember there are ways of getting around preschoolers' food dislikes. When an egg is rejected "as is," egg-enriched soup, custard or eggnog may be enjoyed. Temperature is important in serving food. Most young children do not like food that is cold or hot; they prefer a midway temperature. When you first introduce solid foods to your baby, have the temperature close to the one he enjoys in liquid foods.

Children also like the familiar when it comes to eating utensils and seating arrangements. A little girl may acquire a real affection

for a bowl, spoon, plate or cup. If she does, don't try to change the accessory of which she's grown fond until she's ready to give it up. When a child is old enough to eat at the family table, he'll usually cling to a particular seating place.

Children differ in their ways of eating. Some of them like portions of food in distinct places on their plate; others welcome a jumble of foods. My nephew, when he was small, adored chopped beats mashed with cream cheese. We never could see the charms of this particular combination, but he and a small girl friend ate it delightfully and endlessly. Many of the new strained baby and junior foods combine meat, vegetables and cereal.

Once upon a time doctors who realized the value of high-protein foods, used to advise mothers to scrape beef and liver to serve to their children. Nowadays ready-prepared meats for babies are widely available. Introduce them when your doctor advises you to do so. New cereals for babies also have high protein content; one of these — derived from oats, wheat, soy beans and yeast — has both valuable protein and pleasant flavor.

And one last tip. Guide your child, when you can, to a quiet play activity just before meals. He'll benefit from this — and so will you!

MARION LADEWIG IS QUEEN OF WOMEN BOWLERS

CHICAGO — Mrs. Marion Ladewig of Grand Rapids, Mich., has again been chosen bowling Queen of the Year by the Bowling Writers' Assn. of America. Anita Cantaline of Detroit was runner-up with Marge Merrick of Detroit, Sylvia Wene of Philadelphia and Stephanie Balogh of Cleveland ranked in that order.

Victor Borge, the Broadway pianist-comedian, recently visited his native Denmark. He bought a chateau, the Freydenlund, which once belonged to Queen Caroline Mathilde of Denmark.

AP Special Washington Service

WASHINGTON — Around the Capital:

The boys at Bolling Air Force here have been hearing some dynamic Texas preaching.

The Rev. Hayden Edwards, Fort Worth Methodist minister, was doing a repeat performance for the Air Force. In 1953 at the Pentagon's invitation he flew to Korea and Japan. The boys liked him so well there he was invited in 1955 to preach to U. S. airmen in England. Last year he went to Greenland and Iceland.

Mrs. Florence Fletcher, who recently retired as a secretary on the staff of Rep. Walter Rogers of the Panhandle district now is touring Europe. The former Amarillo woman, whose husband once was Potter County district

attorney, brought a one-way ticket. She plans to spend several months in Europe but will stay longer if she finds a job with U. S. armed forces or at an American embassy. Her son, Lloyd Fletcher, is a Washington lawyer.

The State Department is getting help from a Dallas linotype operator, Harry Matthews, organizer of World Tape Pals, in its promotion of better international relations.

He makes tape recordings of friendly interviews, folk music and other such programs on an amateur basis and mails them to individuals and organizations scattered about the world.

Starting from scratch about five years ago, he has promoted the idea to such an extent now that private individuals and groups in 60 nations are keeping these sound recordings in circulation.

When Matthews' activities were brought to the attention of Rep. Bruce Alger of Dallas, the congressman told the State Department about them with a suggestion that it might want to encourage more of this type of cultural relationship.

Among other Texans enthusiastic about the making and exchanging of tape recorded "letters" are the Charles D. Wyatts of Kilgore, who keep in touch with Washington friends in this manner.

Rep. Omar Burlison of Abilene and Anson, only Texan on the House Foreign Affairs Committee, said in a recent "news letter" to constituents:

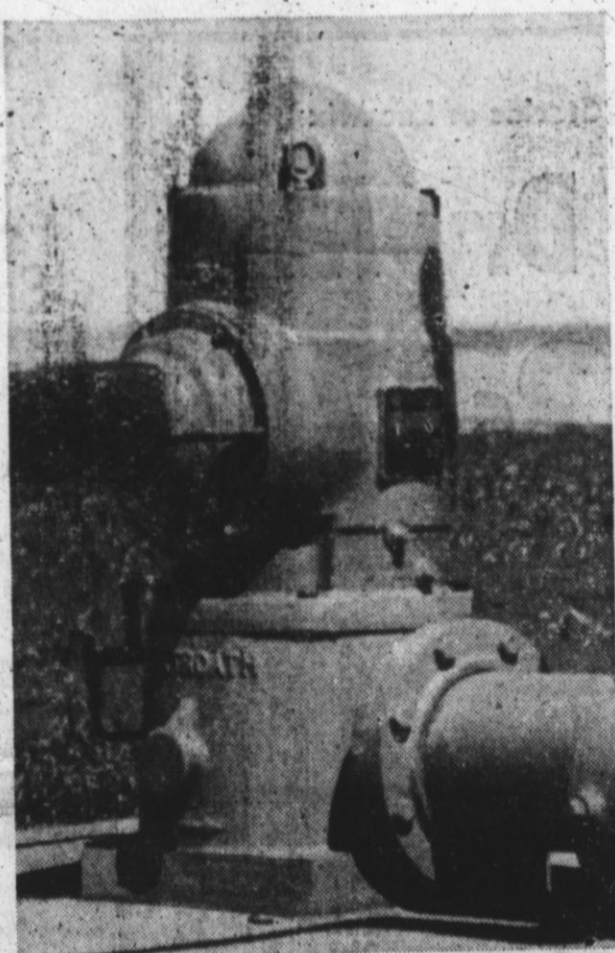

"Latest intelligence reports say that the Soviet home front and satellite troubles, plus military weakness, will keep Russia peaceful for several years. The reports indicate little chance of even a limited warfare involving Russia."

The Reserve Officers Assn. in a letter signed by its executive director, John T. Carlton, recently commended Rep. Paul Hilday of San Antonio for his leading role in House passage of legislation restoring Coast Guard Reserve appropriations.

"In so doing, we think you again have rendered a great patriotic and statesmanlike service of major importance to national security," said Carlton.

Customers in a hamburger stand in Baltimore have their orders served on a model train which runs on a track that circles just inside the dining counter. The train, controlled by an order clerk, stops before each diner with the raw, medium or well done hamburger, as ordered.

"Here's a pump that will make money for you"

Winthroath's dependability and rugged durability that when you turn it on—it's going to work right now. This is like insurance on your yield.

And, your Winthroath costs less to operate. Lower power requirements; higher flow efficiency; trouble-free operation year after year will add up to lower cost per season for irrigation, which means you're making money off your Winthroath.

If you haven't already seen a powerful Winthroath pump at work, why not drop in and inspect one? It's a rugged hard-working unit that's specifically engineered to give you maximum production year after year.

Call us anytime for sales, service or information. Fully qualified factory crews will help you get the most out of your irrigation system. Complete factory service and installation rig.

LAND OF PLENTY NOW—Marion Sansom, manager and part owner of the Sansom Ranch, looks at his fall oat crop planted in October 1957. Two years ago during the seven year drought that hit this area the farmer and ranchers were forced to buy feed for their cattle. During this severe drought President Eisenhower made a tour of the stricken area. Now Sansom has about 550 acres of oats coming to a head. The ranch contains about 10,000 acres and is 11 miles southeast of Point Rock. (AP Photo)

'Plains Cotton Guide' Printed for Farmers

LUBBOCK — The Plains Cotton Growers, Inc. in cooperation with the Texas Agricultural Experiment Station has drafted a "Plains Cotton Guide."

Personnel of the Extension Service, Experiment Station and other organizations have met with the PCG and planned a coordinated cotton educational and promotional program for the High Plains area.

The new guide will be used for the educational program, which is to be aimed at helping high plains farmers grow quality cotton and have it processed and marketed for greater profit.

The guide is divided into three sections, production, processing and marketing. It is to be made available to county agents and others who work with farmers throughout the High Plains. All members of the PCG will be mailed a copy.

The guide analyzes the Plains cotton situation and sets forth steps to help producers in the production of higher quality cotton that has more uniformity and good character and in the marketing of such quality cotton for greater profit.

"For many years the personnel of the Lubbock Experiment Station have worked on problems to give better quality cotton. However, sometimes these farming tips and suggestions are not as widely publicized as they might be and too many farmers do not know of their importance. In our educational program we hope to spread this type of information throughout the area and help our farmers in producing better quality cotton," W. O. Fortenberry, PCG president, explained.

Directors of the PCG approved the educational and promotional program at the last board meeting and appropriated necessary funds to carry out such a program.

By cooperating with the extension service personnel and members of other organizations, we hope to eliminate duplication of effort and help one another in an overall educational program, George W. Pfeifferberger, executive vice president of the PCG, said.

W. H. Jones, district extension service agent, Lubbock, pointed out that production practices in general govern quality and yield. Processing procedures are problems of the farmer in harvesting and of the ginner in ginning cotton.

"The cotton farmer has a greater opportunity to improve his production and harvesting practices than to better the ginning and marketing procedures, but an understanding of how cotton is processed and marketed may enable him to realize more net return from his investment and labor," Jones said.

Earl Hobbs, New Deal, president of the Plains Ginners Assn., sat in on several planning sessions and urged the cooperation of ginners with the farmers in this united effort to raise the quality of Plains cotton.

The new cotton guide was printed by Texas A&M College and 50,000 copies are to be distributed to farmers and others in the area.

Eleven of the top cotton officials in this area and in Texas assisted in drafting the cotton guide and have approved the information it contains.

These include Charles Fisher, Don L. Jones, Dr. J. D. Bilbro, all of the Lubbock Experiment Station; Ernest Thaxton, formerly

with the station here, now project leader at a new experiment station at Peecos; Bill Taylor, Levelland, Hockley County agent; Bill Kimbrough, Littlefield, Lamb County agent; Olive Limer, Hale County agent; Lee McLeroy, Lubbock County agent; John Box and Fred Elliott, both of the Extension Service, College Station; Dr. Tom Richmond, who has charge of cotton research at College Station; Dave Sherrill, district Extension Service, Lubbock; Jones and Pfeifferberger.

The guide was edited by Conrad L. Lohoefer, director of public relations for the PCG, and Tad Moses of the Extension Service information office, College Station.

Copies of the guide will be available from the Plains Cotton Growers, Inc. office, 220 Lubbock National Bldg., Lubbock, or any county agents' office.

National Drop in '58 Feed Acreage

If March 1 planting intentions across the nation are carried out, farmers this year will reduce the total acreage planted to feed grains about four per cent from 1957, according to the April 3 Feed Situation report of the Agricultural Marketing Service.

Although about two per cent more corn acreage is planned, this is more than offset by prospective reductions of eight per cent in oats, three per cent in barley, and 3 per cent in grain sorghum. The combined acreage of these four grains is expected to total about 146 million acres which would be 7 million less than in 1957 and 2 million acres below the 1952-56 average.

The current report also shows that farmers plan to reduce the 1958 hay acreage to 72.5 million acres, down two per cent from 1957 and the lowest since 1948. With 1952-56 average yields, this acreage would produce 106 million tons in 1958, compared with the record crop of 121 million tons produced in 1957.

Ford, Jolly Clubs Hold Joint Meet

The Jolly Girls 4-H Club met Thursday at the Ford Community House in a joint meeting with the Ford Boy's Club. The girls practiced the demonstrations that will be given in county contests on April 19.

Thynona Roberts and Joy Pickens gave a safety demonstration and Peggy Browning and Sharon Beizer gave an electric demonstration.

Attending were Joy Pickens, Sharon Beizer, Thynona Roberts, Nancy and Peggy Browning, Hazel Harrison, LaWauna Morris and the leaders.

Refreshments were served to the group.

WELLS IN 13TH SEASON WITH LSU FIVE

NEW ORLEANS, La. (AP) — Coach Cliff Wells is coaching the Louisiana State basketball team for the 13th season. The only returning starters from last season's team that won 25 and lost 9 are Gary Stoll and Bill Jargstorf. However, reserves who won letters and who are back include Ken Eytel and Bob Risk.

By JIMMIE GILLENTE

Easter presents to friends and loved ones are nice expressions of sentiment, and are often long remembered. Such was the nature of a special present given by Doug Little, age three, to his mother, Mrs. Don Little, Sunday.

Before she thought twice, Mrs. Little stuck out her hand. She shuddered as she felt something wiggle in her palm, then looked down to discover that her hand was filled with big, fat, juicy worms.

Meanwhile, it seems that most of the vacant buildings on Main are filling up again. Most merchants reported a slight upturn in business as the weather cleared during the past few days.

J. W. Clark, 529 West Second, was telling me the other day how much he enjoyed visiting with his friends. Mr. Clark has a game lag, due to a previous accident, and can't get around too well.

If anyone ever sponsors a "Nativity Man" contest, my nomination will be W. B. Wilson. He is always neatly dressed, never a hair out of place — and is always the same old "Woody."

The Hereford police department has once again proved the old adage, "You can't please everyone." The police recognized a need for an annual Easter Egg hunt, so they pitched in and started one.

"No, Little Suzie didn't find any eggs!" declared one unhappy mother. "They had a thousand eggs — and 2,000 kids. How could she find any?"

It wasn't that bad, of course, but perhaps the time has come when everyone should pitch in and help the police department. They have started a worthwhile community event. We are proud of them.

Reports keep rolling in that many people are running their irrigation wells, despite more than five inches of rain in 1958. There seem to be a few in this area, but more down in Parmer County and southeast in Hale County.

I noticed in the Sunday paper that Francis Hardwick was offering to work a day for anyone who failed to laugh at "Operation Mad Ball."

One thing about Francis. He sure stays in there and plugs away. While most of the other theatre men around the country are crying the blues, he and Bill roll up their sleeves and go to work.

I always thought it was the kids who got a real bang out of coming home for holidays. The other morning, however, I ran across

Major Schroeter and Henry Sears comparing notes about their sons, here for Easter. You never saw a couple of old ladies more talkative, or more enthused as they swapped notes about their offspring.

State politics seem to be getting rolled up. Blakely's announcement for the U. S. Senate may be just the thing Ralph Yarborough has been waiting for to come back and announce for governor.

The only bad thing about the deal is that it leaves our boy, Marshall Formby, standing outside looking in through the back window. Marshall almost has to run in 1960 — or not at all — and a second term race against Yarborough or Wilson would be rough indeed.

Wife, reading husband's fortune from a penny scale: "It says you are a leader of men, have a magnetic personality and are of strong character. You are intelligent, witty and attractive to the opposite sex. . . It has your weight wrong, too!"

Horser sense is what keeps horses from betting on people.

One thing about the good old days: When you bought a horse you could feel fairly sure the model wouldn't change next year.

Minestrone--a Splendid Sta

By CECILY BROWNSTONE Associated Press Food Editor FRESH VEGETABLES make a hearty and delicious soup — the Italian Minestrone. Beef goes into this, too, as do red kidney beans and spaghetti.

Top this great concoction with great Parmesan or Romano cheese, add a loaf of crusty Italian bread sprinkled with sesame seeds and you'll have a splendid beginning for a company or family meal.

Ingredients: 2 pounds shin beef with bone, 3 quarts cold water, 2 tablespoons salt, 1 cup diced celery, 1 cup diced carrots, 1 cup cut-up snap beans, 1 cup diced pared potatoes, 1 cup sliced zucchini squash (not pared), 2 cups shredded cabbage, 1 can (1 pound) red kidney beans, 1 can (1 pound) tomatoes, 3 tablespoons instant minced onion, 1/2 teaspoon garlic powder, 2 tablespoons minced fresh or dried parsley flakes, 1/2 teaspoon pepper, 3 tablespoons olive or other salad oil, 1/2 cup spaghetti (broken fine), grated Parmesan or Romano cheese.

Method: Put beef, water and salt in a 5-quart kettle. Cover and simmer until meat falls off the bones. Remove bones and meat; skim stock. Discard bones; cut up all meat into small pieces and return to stock. Add celery, carrots, snap beans, potatoes, squash, cabbage, kidney beans (including liquid in can), tomatoes (including liquid in can), onion, garlic powder, parsley, pepper, oil and spaghetti. Cover and simmer 30 minutes or until vegetables and spaghetti are soft. Serve with grated cheese.

Note: A ham bone may be substituted for the shin beef and bacon fat may be used instead of the olive or other salad oil.

SPRINGTIME VEGETABLES Ever serve crisp and deliciously flavored fennel — available at Italian and other markets? Serve it as finger food with tomato juice, or as a salad (sliced thin) with a dressing of olive, wine vinegar, salt and pepper.

Snap beans make a delightful salad when they are prepared Italian style. Cut ends from the fresh green beans and wash well in cold water. Cook whole, in a small amount of salted water, just until tender; cover during cooking but lift cover a few times to help keep beans green. Drain. Marinate in a mixture of olive oil, white wine vinegar, dry mustard, salt, white pepper — adding a suspicion of sugar and some paper-thin onion rings if you like. Serve on romaine, chicory or escarole. This salad is delicious with leftover cold veal or roast pork.

Minestrone--a Splendid Sta

BIG SOUP FROM ITALY—Minestrone means "big soup" Italian—and it's full of good things.

Look Who's New! Illustration of a baby's face.

Mr. and Mrs. Andy Celaya are the parents of a girl who was born at 11:12 a.m. on April 5 and who weighed 5 pounds and ten ounces.

11 SEASONS IN ONE NET PROVIDENCE, R. I. (AP) — Providence has established American Hockey League with the Providence team, the veteran goaltender's 11th season with Providence. Earl Lorne and Les Cunningham, both of whom have played 11 seasons in the league.

Only about 10 per cent of the citizens own cars and generators. Comparable levels in other states range from 7 per cent, says Harold F. senior research officer of the Oxford University Institute of Statistics.

Pioneer in the Field Maintains Selling Houses Is Woman's Work

By MARY RUTTER KANSAS CITY (AP) — Suppose you are a young housewife anxious to help with family finances, or a widow now the sole support of children, or possibly just a woman who would like to meet new people, make friends and earn a little extra money. What do you do? Mrs. Merl Brewer, who pioneered here as a female real estate agent and who now owns one of the larger realty companies in Kansas City, has one solution: "This is a woman's work," she said of the real estate business. "A woman knows what a home demands and what she demands of a home. Even builders are finding their homes do not sell as well unless they incorporate things women need and want."

MRS. MERL BREWER, first woman real estate salesman in Kansas City, now owns her own realty firm. With time and perseverance, she maintains women can make more money in the real estate field than in any other open to them.

are prime requisites, Mrs. Brewer believes. Diplomacy is another quality. "The most vital thing is not to talk too much. Your approach is service." How about training for the job? Nearly all states now have a license law, Mrs. Brewer explained, and real estate boards operate training schools. "I would advise schooling right along with training in the office," she said. What are the rewards, other than monetary, in real estate selling? "When I came to Kansas City, I didn't know anyone. All of my friends have been made in the years I have been in business. I have met many interesting people," Mrs. Brewer said. Cuba was named for an Indian village, Cubanacan. Emissaries of Columbus visited the village in 1492 while searching for the Kublai Khan in the belief that Cuba was part of Asia.

Hospital Notes

Patients in Hospital Kenneth Hultman, Texico, N. Pvt. Perry Kearns To Be in Exercise

FORT CAMPBELL, Ky. (AHT NC) — Pvt. Perry J. Kearns, son of Mrs. Lillian Kearns, 126 Bennett, Hereford, is scheduled to participate in "Exercise Eagle Wing," a 101st Airborne Division maneuver at Fort Campbell, Ky., April 16-30. The maneuver, which will involve more than 15,000 paratroopers, is designed to test the effectiveness of the division under simulated combat conditions. Kearns, a medical aidman in the 326th Medical Company of the division, entered the Army in August 1957 and received basic training at Fort Carson, Colo. He was last stationed at Fort Bragg, N. C. The 18-year-old soldier attended Hereford High School and was employed by the Hollingsworth Motor Co. in civilian life. Sir Thomas Dilling, formerly senior veterinarian with the Food and Agriculture Organization of the United Nations, recently retired at the age of 65. He is a Scotchman. Celaya, 47; Mrs. Catherine Walker, 45; Mrs. L. R. Cole, 45; Irvin Reeves, 47; Victoria Galvan, 46; Hugo Pena, 45; Dennis Owen, 46; Lurline Cawthon, 46; Richard Roe, 47; Carla West, 46; Mrs. A. L. Tarter, 45; David Moss, 45; Johnny Mabry, 45.

Progressive Hears Bruce Miller Talk

By ARGENT DRAPER
BRUCE MILLER, made a talk to the Progressive Club on "Wills." He called it "You Can't Take It With You." Rather fitting for the subject. The program on Property Laws and Legal Affairs have been popular with club women. The Social Security Club programs have prompted the Progressive and Bipartisan communities to arrange programs for the whole family.

At club last Tuesday at the Billingslea home we were showing slides on selecting furniture. Brent Billingslea ask his mother when we would see the cartoons.

Here's a quick new salsa sauce for ham. Simply combine a 6-ounce can of frozen orange juice concentrate with 1/2 cup sugar, 1/2 cups cold water and 1/2 tablespoon cornstarch. Heat until the sauce thickens. Then add 1/3 cup raisins and salt to taste.

Make a quick and easy tartar sauce for fish suppers. Stir 2 teaspoons instant minced onion into a tablespoon of water. Let stand a few minutes, then add to mayonnaise along with a generous measure of chopped parsley, sweet or sour pickle relish and a squeeze of fresh lime or lemon juice.

are popular again this spring. Extension clothing specialists warn that the slim lines present several problems when it comes to keeping a crisp, unwrinkled look. The dress may lose its shape across the back if the material you choose has a tendency to stretch. Also, wrinkles may develop across the front.

To guard against this, specialists suggest lining the dress. Use a light-weight rayon lining or other material that isn't too heavy, and doesn't cling. Cut the lining about one-eighth inch smaller than your regular dress pattern and bring it eight to ten inches below the hip line.

BEFORE STORING those winter woollens be sure they are clean. Extension clothing specialists remind us that perspiration weakens wool, grit cuts it and spots attract moths.

First examine garments carefully and clean or wash as directed on the label. Before washing, give special treatment to spots and stains. Also measure your knitted garments so they can be pulled back into shape after washing.

LICENSED AND UNSAFE DRIVERS

Department of Public Safety Plans New War on Accidents

An effort to rid Texas highways of unlicensed and unsafe drivers revealed today by Major R. Crowder, Region 5 Commander of the Texas Department of Public Safety.

ed out that sixteen per cent of all rural fatal accidents in Texas during 1956 involved an unlicensed driver.

The Commander stated that the driver's license law in Texas is nearing 22 years, on our statutes and we feel that no driver has a legitimate excuse for not having a valid driver's license.

O. THOMPSON ABSTRACT CO. Complete Tract Index of all land and town lots in Deaf Smith County. Write us for information. and Mrs. A. J. Schroeter, Managers Phone EM 4-1504 Box 73

Officers of the Department will begin conducting driver's license checks in the immediate future on all traveled thoroughfares in Region 5 and throughout the State. All motorists that are stopped will be required to exhibit their licenses to the officers.

Major Crowder is requesting all City Police Departments and County Sheriff Departments to assist in this effort.

Good news from Texas Tech Music Department. It states, "An important premiere of the First National TV performance of Texas Tech Choir on the Ed Sullivan Show." This is Sunday April 13 at 7 p.m. CBS. Be sure and watch as Ann Dyer Potter is in the choir and will make the trip — This is just wonderful for Hereford and for an ex-student from Hereford. High to help with the presentation. Congratulations again to the high school music department and to Ann and Mr. and Mrs. J. E. Dyer.

Any questions concerning driver's licenses, including date of examinations should be directed to the nearest Sheriff's office, Police Department, or Department of Public Safety facilities. Crowder concluded.

TROUT HOOKS PRIZE DENVER (AP) — Fittingly, a man named Trout won a big fish contest. Harland C. Trout of Cheyenne, Wyo., landed a rainbow trout weighing 11 pounds, 11 ounces, that gave him such prizes as an aluminum fishing boat, an outboard motor and a three-day trip to the Glenwood Springs, Colo., fishing area, next summer.

Protection... For Your Family

The Tornado Co., builders of storm & bomb shelters. The only duly authorized, franchised dealer in Amarillo and 75 mile area.

WHAT WOULD YOU DO, WHERE WOULD YOU GO IF A TERRIBLE TORNADO SHOULD STRIKE?

SAFE SURE SECURITY THE TORNADO AND BOMB SHELTER

Painted inside and out

The Shelter has two ventilators 6 inches in diameter. Ventilators are so placed that adequate circulation of air is assured—water and insects cannot enter.

The Tornado Shelter will seat 12 adults comfortably and will accommodate 15. The strong plywood seats are furnished with lots of storage space below. Doors are mounted on a heavy steel frame yet are light enough for a child to operate.

INVESTIGATE BEFORE YOU BUY. The tornado and storm shelter is constructed of steel reinforced concrete with 8-inch circular walls and cone-shaped roof for maximum protection. The floor, walls, roof, and steps are poured in one continuous operation to assure a tight, waterproof shelter with no seams or joints.

Phone EM4-1432 Hereford (Model can be seen at 616 Ave. K)

The Tornado Shelter is trowel finished and painted inside and out in pleasing colors.

TORNADO SHELTER may be installed for nothing down and 36 months to pay.

Quality and workmanship are guaranteed by local franchised dealer.

F.H.A. News

At the regular meeting of the Royal Rose Chapter of the F. H. A. the new officers for the next school year were elected.

Betty Hagar was elected president. Elected vice president was Margaret Boomer. Recording secretary is Sandy Robertson. Doris Willoughby was elected corresponding secretary. Treasurer is Jane Pool. Linda Renfro was elected parliamentarian. Cherry Holt is to be the new reporter. Civil defense chairman is Sandra Brumley. Pianist is Nancy Parsons. Recreational chairman is Twyla Springer. Dorsey Mutter was elected historian. Song leader is to be Jane Auten.

Eugenia Selected

Miss Eugenia Alexander, 17-year old daughter of Mr. and Mrs. F. L. Alexander, has recently been selected as exchange student by the American Field Service. Eugenia is a junior in H. H. S. and is pianist of the Mixed Choir, president of the Speech Club, recording secretary of the Royal Rose Chapter of F. H. A., and is a member of Tri-Mi-Y.

Announcements will be made later where Eugenia will go and also whether she will go on the summer or fall program.

'Whiteface Whims'

By JANICE JACOBS

Definition of an egotist — Someone who is me-deep in conversation.

Sue — (pointing to a forlorn-looking dog) — You call your animal a police dog? He certainly doesn't look like one.

Stan — "Of course not. He's in the secret service."

The freshman girl adores coy falls in love with the sophomore boy completely in bliss. Admiringly looks to the junior miss. The junior miss with rapture and joy.

Has a big crush on the senior boy. While the senior boy who's in a whirl. Secretly loves the freshman girl.

Two explorers were deep in the jungle. "Look! Here's a lion's track," exclaimed the first.

"That's great," replied the second. "You discover where he went and I'll try to find out where he came from."

Guess what the plow said to the tractor — "Pull me closer, John Deere."

YOUNG MODERNS

Never a Dull Moment for Teen Crowd

By VIVIAN BROWN
AP Newsfeatures Writer

LET'S TAKE a rocket ride and see what's perking on teen fronts.

FASHION FAD: One kind of shirt invites autographs. The shirt may be worn tucked in or straight-hanging, comes packaged with a ball-point pen, handy for scrawling phone numbers and pictures.

SNACK TREAT—Make it with non-fat milk soy dieters.

TEEN AIDERS: Youngsters of Staples High School, Westport, Conn., have figured out a gimmick for fund-raising for the benefit of the American Field Service International Scholarship program. The plan will make it possible for a Staples student to study abroad and a foreign student to live in Westport. Here's how it works:

The students have distributed cards to residents of the area offering to work at jobs, including car washing, removing storm windows, washing dogs, ironing, baby sitting, outdoor work, providing \$1 for every hour of their time is contributed to the AFSISP.

DIETERS DELIGHT: Newest gimmick for student dieters is to ask the boy home for an afternoon snack, instead of joining him for treats where one must admit one is on a diet. Make any flavored drink you like with non-fat dry milk, they say. All you do is pour the milk crystals in a glass with ice water, add low-calored lemon sherbet or other flavoring, a teaspoon of lemon juice and you have a low-calored between-meal snack. Add some cherry juice if you'd like a pink flavor.

GIRL BASEBALL: Junior baseball is not limited to males. Girls up to 15 years old are playing lassieball, a form of soft ball. The pattern for the Lassie League was begun in 1953 by a retired industrialist. Last year there were leagues in action in Pennsylvania, California, Virginia and Florida, and the idea is still growing, expected to catch on in New

(Continued On Page 2)

Bits of News

Several students from the Spanish Club attended the Spanish fiesta in Midland.

The students left Hereford, Friday at noon and returned sometime Saturday night.

The fiesta included films and slides. The students also presented selections. The students from Hereford and the selections were: Zulena Moreno, a reading of poetry; Lynn Thompson, a piano solo; Nona Marie Strange; Second Year Vocabulary; Raul Mora and Ann Wingert; Oil Paintings. Mrs. George Paetzold and Mrs. Calvert accompanied the students.

Silvana Felizia was The Queen Elect and was escorted by Larry Edwards.

There are five newly arrived students teachers from West Texas State College at Hereford High.

Two of the students teachers are graduates of Hereford High. Miss Earlene Plank is to teach Homemaking I and Miss Pat Jackson who is to teach Speech.

Mr. Jack Johnson from Hereford is to teach Social Studies. Miss Jeannette Faulenberry of Seagraves is to teach Homemaking.

The teachers are to be here for about six weeks.

The annual Employer-Employee banquet presented by the Distributive Education Club of Hereford High School was held on March 21 at 7:30 p.m. A spring-time theme was carried through with the stage decorated with a garden theme and the tables were sprinkled with flowers. The entertainment was presented by the Girls' Trio who sang several selections. Nancy Godwin, president of the club, served as Mistress of Ceremonies. Niles Gallup gave the invocation and an excellent dinner was enjoyed by all. Carroll Willoughby welcomed the employers and a response was given by Lloyd Widdfield. The students introduced their employers and then Mr. Stanford introduced the guest speaker, Mr. Joe Nisbett, District Court Reporter from Dalhart. Mr. Nisbett spoke on Employer-Employee relationship. Guests attended from Amarillo High and Palo Duro High School. Nearly one-hundred percent of the students and their bosses attended. The banquet was enjoyed by all.

The West Texas State College Choir presented an assembly in the High School auditorium on Mar. 31. The director is Houston Bright. The selections included: Halle-lujah, Amen; Komm, Süsser Tod; Since by Man Came Death; Now Sing We all His Praise; Deo Gracias; Lamb of God; Only Begotten Son; Hospiodi Pomili; The Stars Are with the Voyager; Spirit of the Lord Done Fell.

The girls quartet presented several popular numbers and one novelty number. The Starlighter included: Pear Jeffers of Amarillo; Donnis Plunk of Amarillo; Janice Ruth of Dalhart, and pianist, Mary Ann Becker of Pampa.

The boys quartet, the Hi-Fi's included: Gene Campbell of Hereford; Bennie Gollehon of Dimmitt; Joe Don Leach of Tulsa, and James Restine of Amarillo.

The "Oklahoma" cast gave a preview of their play on Wednesday, March 28. Three short scenes were presented prior to the play on Thursday and Friday, March 27 and 28.

Lynn Thompson played a piano solo, and Zulena Moreno gave a reading of poetry in Spanish in preparation for their attending the Spanish Fiesta in Midland on March 28 and 29.

The F. F. A. had their regular meeting last week in the school gym. The boys discussed their steak fry to be held in May. They received word that the state president of F. F. A. will be the guest speaker, at the steak fry.

The Spanish Club met to elect new officers for next year. Joe Soto was chosen as president. Other officers elected were as follows: Rosa Moreno, first vice sponsor

QUESTION OF THE WEEK

What Is Your Secret Ambition?

- LINDA SMITH—To get married.
- NELDA WEATHERS—To be a good secretary.
- BUTCH SMITH—Join the Navy, I guess.
- COACH GLASS—To keep my 2nd period study hall quiet.
- JIMMY HEAD—To be an electrical engineer and president of the United States.
- JERRY WILLIAMS—I don't know.
- BONNIE IVIE—To become a fashion illustrator.
- AZALEE BROWNE—To receive roses from a boy.
- SHIRLEY CARTEL—To be an airline hostess.
- ELLA MARIE WILLIAMS—To be a rancher.
- EDWIN MORRISON—To get back to Dallas.
- MRS. HICKEY—To help my husband get his Masters degree.
- DOUGLAS WOMBLE—Spend one week-end with Doris Day and one week-end with Eddie Fisher.
- JEANNE BROWN—To be a ballerina.
- COACH KITCHENS—To coach a college basketball team.
- PAM CLAY—To have a million dollars.
- COLLEEN REEVES—To stop Carl from playing tennis.
- SHARON FARMER—For people to quit calling me "Farmer."
- MRS. SHOOK—To move to San Antonio.
- JANICE JACOBS—To be a professional dancer.

Long Time Ago

45 Years Ago

Deaf Smith County, famous throughout Texas for its grain, alfalfa and stock raising, will be visited by a representative body of Dallas business men, jobbers and manufacturers on the thirteenth annual trade excursion of the Dallas Chamber of Commerce, which is scheduled to leave Dallas April 17, and arrive in Hereford April 22, at 1:55 p.m. The businessmen of Dallas are impressed with the wonders of irrigation as evidenced by exhibits of agricultural products at the State Fair of Texas and desire to see for themselves these wonders and acquaint themselves with the commercial and industrial possibilities and advancement of the Panhandle.

25 Years Ago

The Farmers Creamery announces today the rise of two cents a pound for butterfat on the local market, making a price of 16 cents, the highest it has reached for quite a while. Receipts at the creamery are increased daily, the output now being one carload of butter a week. The cash prices paid by the creamery during the moratorium days of March made more friends among the cream producers.

Chemistry Report

Mr. Bert McCarty's chemistry classes are now learning to analyze certain compounds and to find the different types of materials found in them.

Chemistry is not just a course for boys, either. Almost half of the 51 students enrolled in this course are girls, and many of them plan to go into the scientific field.

Mr. McCarty said that if anyone plans to go into the field of science or technology, they must have chemistry.

The course is given to find the elements or compounds of the earth and its atmosphere and their effect on people and products used by people. Various acids and alkalis are used to study these effects. The importance of chemicals in everyday lives is also studied.

Cruel World

There was a man who thought that the whole human race was destroyed by the atomic bomb. He thought since he was the only one left he would just end it all. He got up on the top of a tall building and jumped. As he passed the fourth floor, the telephone rang.

The little girl ran into the house screaming, "Mommie, Mommie, come quick! Daddy's on fire." The mother quite excitedly replied, "Stop wasting time, grab the marshmallows!"

Prisoner — "The judge sent me here for the rest of my life."
Prison Guard — "Got any complaints?"
Prisoner — "Do you call beating rock with a hammer a rest?"

Warden — "I've been in charge of this prison for twenty years and that calls for a celebration. What kind of a party would you boys suggest?"
Prisoners — "Open House!"

He — "She sure gave you a look."
She — "Who?"
He — "Mother Nature."

A little girl was showing her playmate her new home. "This is my daddy's den. Does your daddy have a den?"
Said her chum — "No, he just grows all over the house."

Wife — "I'll be ready in just a minute now, dear."
Husband — "No hurry, darling. I have to shave again."

Karen S. — "Just give me a man with a million or two or that is handsome will happily do. But if the man shortage should get any worse, go back to the very first line and 'just give me a man'."

Miss Heart-throb

By OMA LEE RANSBOT
Dear Readers:
Miss Heart-throb has been sick this week and there will not be any letters. We are looking forward to having her back next week. So till next week this is Miss Heart-throb's stand in saying good-bye till next time.

'Whiteface' Places Third in Contest

At the annual Panhandle High School Press Association in Canyon on Tuesday, March 25, the Whiteface Paper placed third in the Community Page section. Over 300 journalism and yearbook students were on hand to attend this meeting.

First on the agenda was a talent show presented by students who are members of PHSPA. Gwinn Morris was the only student from Hereford participating.

During the morning meetings Miss Margaret Mayer, Austin correspondent for several newspapers in the state, was one of the speakers. Miss Mayer spoke of youth as being the "hottest" news in the world today because of education. She also explained the duties of a Capitol Correspondent, that of searching out, analyzing, and presenting to the folks back home the things going on in their state capital.

A luncheon was held in the West Texas State cafeteria where Mr. Ernest Joiner, editor and publisher of Ralls Banner, spoke to the group. Awards were presented and the meeting closed.

School Children Hunt Easter Eggs

By MRS. CARL WIMBERLEY
The children at school enjoyed Easter egg hunts Thursday afternoon. Mrs. R. T. Stewart directed a hunt for the pre-school group. Hostesses for the first and second grades were Mrs. Bill Ager, Mrs. Martin Serluner and Mrs. Ted Richardson; third and fourth grades were Mrs. H. H. Miller and Mrs. Jack Higgins; fifth and sixth grades, Mrs. J. B. Caraway, Mrs. H. S. Fuller Sr. and Mrs. Gayle Neal.

The meeting of the Dawn Music Club has been postponed until April 15 because of the death of Bill Carthel's uncle at Floydada.

An associational youth rally was held at the church Saturday evening.

Mr. and Mrs. H. C. Dow and Della Ruth have moved from Dumas to the Dawn community where Dow will take over the job as section foreman for the Santa Fe Railroad.

The Dawn Home Demonstration Club met Friday afternoon at Mrs. L. W. Tooley's home. Mrs. Argen Draper was speaker.

Mr. and Mrs. Milton Newman and daughters have gone to Arkansas for the holidays.

Home for Easter were Richard Hagar, Bobby Miller and Ralph Atchley, students at West Texas State College. Bobby was on the a capella choir team the past week.

Mr. and Mrs. A. T. Frye, Mrs. Zelma Axe and Mrs. H. V. McCabe held the trustee election at Dawn Saturday. Fourteen votes were cast.

The girls' 4-H club met Thursday afternoon in the home of Mrs. Leo Hoffman.

Mr. and Mrs. Emmett Saxon and sons of Skeelystown visited Mr. and Mrs. R. L. Johnson Monday evening. Mrs. Johnson and sons visited Mr. and Mrs. J. A. Johnson at Mulshoe Saturday.

Mrs. H. H. Miller, Jon David and Dion visited Vera Crawford in the Canyon hospital Thursday afternoon. Miss Crawford was there for medical treatment.

Billy Hill of Amarillo visited in

the H. H. Miller home Saturday afternoon.

Mrs. Jim McCabe and son, Tom, visited her mother Mrs. Lloyd Shulk at Friona Friday.

Mr. and Mrs. Leonard Schmidt and son, Brent, returned this week from a two weeks visit with friends and relatives in San Diego and Los Angeles, Calif. Relatives visited were Mrs. Schmidt's sisters and a brother and their families, Mr. and Mrs. Victor Talbot, Mr. and Mrs. Frank Goodman and Mr. and Mrs. Joe Brock. The Schmidts reported that it rained all the time they were in California.

The Dawn Musettes will meet Tuesday, April 22, in the home of Mrs. Paul McClung.

Mr. and Mrs. C. C. Stewart and children and Mrs. L. M. Harris of Amarillo attended a family dinner Sunday in the home of Mr. and Mrs. George Olson near Hereford.

A family outing Sunday at Palo Duro Canyon was attended by Mr. and Mrs. H. S. Fuller Sr. and sons. Relatives from Amarillo and Floydada were present.

An Easter egg hunt was enjoyed by the children in the afternoon.

Mr. and Mrs. Steve Baronsett and daughter of Friona were guests Sunday in the home of Mr. and Mrs. A. T. Frye.

The Woman's Missionary Society will meet Friday afternoon at the church at 2:30 p.m.

Guests in the Marion Russell home Sunday included Mr. and Mrs. Cecil Payne and son Billy Dean and daughter, Mrs. Albert Edwards, Mr. and Mrs. Johnny Haney of Hereford and Mr. and Mrs. Zed Stewart.

Mr. and Mrs. L. W. Tooley and children visited relatives at Kress Sunday.

Visiting in the home of Mr. and Mrs. Muri Little over the weekend were his grandparents, Mr. and Mrs. W. W. Little of Lawton, Okla., and an uncle, James Plunkett, of Fort Worth.

Pat Miller, visited friends in Am-

NEVER WALK—FLY!—The Spring season of the year, the age-old urge of Nature, the natural instinct of motherhood . . . none of these can be slowed by petty human works. So this mother sparrow has covered up the traffic admonition "Walk" at a street intersection in Dallas with her nest. The city's policy may well be "Do not make nest of our lights" . . . but this saucy sparrow very evidently has retorted "Do not make light of my nest." (AP Photo)

Young...

(Continued From Page 1)

England. POSTER PASSION. . . A new form of art with young people who can't afford Rembrandt or Corot or other old masters, is poster art. Bullfight posters painted by Ruano Llopiz depicting famous positions and passes of memorable matadors are going on teen age walls. Some young people collect posters — theatre, bullfight, circus, etc.

TEEN TALK. . . You may add to your vocabulary these little tidbits from a freshman at Skidmore College:

If a boy is dressed to a T, he's considered "real shoe."
If he is overdressed, he is "real galosh" (overshoe).
If he is underdressed, he is a "poor sole."

SHUNS ALUMNI AIDS IN ATHLETICS
BOULDER, Colo. (AP)—University of Colorado's Harry Carlson is one athletic director who doesn't want any alumni assistance in athletics.

"The more help you get from the alumni in athletics, the less you possess your own soul," Carlson claims. "Dependence on alumni is responsible for the terrible conditions existing today at many universities."

Carlson says football at Colorado "pays for itself and a little more" and that "scholarships are based on scholastic attainment, individual need and character."

Five points — three of them missed conversions and two of them a safety — were all that separated the 1957 Colorado football team from having an unbeaten season. The Buffs won six, lost three and tied one.

Porpoise milk has 12 times as much butter fat as cow's milk.

arillo Sunday and attended Easter Services there.

Mr. and Mrs. Bill McCabe and children of Borger, Mr. and Mrs. H. V. McCabe and Mr. and Mrs. Jim McCabe and son had a picnic at Palo Duro Canyon Sunday.

Dinner guests in the home of Mr. and Mrs. N. R. Miller Sunday were Mr. and Mrs. L. A. Smith, Mr. and Mrs. Johnson and sons and Mr. and Mrs. J. C. Poe and children of Amarillo.

Out-of-town visitors at the Easter morning services at the Dawn Baptist Church included Mrs. Lena Martin and daughter, Elvaine, of Hereford and Mr. and Mrs. Baronsett and daughter of Friona.

Phyllis Ann Wimberley spent the weekend with Mr. and Mrs. Joe Pruet in Amarillo.

Mr. and Mrs. Reece Stewart, Mr. and Mrs. R. T. Stewart and their families had dinner in the home of Mr. and Mrs. W. J. Stewart in Canyon.

Mr. and Mrs. Bill Dart and Ed Dart of Kerrick visited in the Caraway home Monday.

GEORGIA TECH IS BOWL-LESS
ATLANTA, Ga. (AP)—For the first time since 1950 Georgia Tech had to sit on the sidelines at bowl time. The Yellow Jackets' record of six bowl victories in the last six years has been put in the deep freezer.

The 1957 team finished with a 4-4-2 record. Ten seniors will be listed on next fall's roster. The team will be deep in the tackle and right halfback spots.

Hereford, Tex., Man Reports— 2 Bale Per Acre Cotton Using Phillips 66 Ammonia

J. F. Martin, who farms 1,720 acres near Hereford, Tex., says: "I put down Phillips 66 ammonia pre-plant on my irrigated cotton and made 2 bales to the acre. I also use Phillips 66 Agricultural Ammonia on my wheat and maize land with good results."

Other Southwestern farmers have discovered that 82% nitrogen from top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin . . . yields of sorghum grain and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through better forage and higher yields of grain.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

ARRIVE FOR WRIT HEARING—Some of the 35 Cuban Rebel sympathizers who were arrested in the Gulf of Mexico near Brownsville last week smile and give the "V for Victory" sign as they arrive at federal court in Brownsville for a hearing on their application for a Writ of Habeas Corpus. The application was denied but bond for the men was reduced. (AP Photo)

AUSTIN HIGHLIGHTS

Things Are Dull In Capitol Now

By VERN SANFORD
Texas Press Association

AUSTIN — It's a comparatively dull season at the state capitol now. About the only noticeable "sound and fury" is generated by the workmen putting air conditioning in the legislative chambers and building new state structures nearby.

Last year at this time the Capitol was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close votes kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are being decided — elsewhere. Next year's legislators are out "talking with the people to see how they feel."

They're at the church suppers, PTA carnivals, civic club luncheons, lodge nights and cemetery "workings." They're feeling out support, asking questions, making commitments — in your town.

Answers they get and commitments they make now will, in large measure, determine how the close votes go this time next year.

SMALL TURNOVER POSSIBLE — Prospect now is mostly for familiar faces at the legislative desks next January.

Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 per cent of senators will be old hands.

Latest statewide survey by the Texas Legislative Service shows only three senators — Otis Lock, Searcy Bracewell and Carlos Ashley — bowing out of politics. There'll be a scramble by House members for those seats.

Of the other 12 senators up for re-election only one, at last count, had an opponent. Remaining 16 in the upper house are having a "breather," since only half of the senate runs each two years.

House of Representatives generally has a large-scale assault on incumbents every election, and about a 30 per cent turnover.

Less upheaval seems likely this year. Only about 20 representatives are not seeking re-election, including those running for the senate. Of those running for the house again, or still undecided, only about 30 have announced opponents.

A question mark enters into

race decisions this year. Whether or not legislators will have annual sessions and annual salaries will not be decided until the constitutional amendment is voted on next November — after the primaries. For some the prospect of \$7,500 yearly is a lure. Others don't like the idea of having to be away from home and businesses a good part of every year.

AT LAST — Spring has finally sprung in Texas employment, bringing the long-awaited seasonal pick-up in jobs.

Texas Employment Commission's latest report, for the first time since Dec. 20, showed a significant decline in the number of claims. Drop was from 92,435 to 89,326.

TEC said some 14,974 claimants had exhausted their benefits during January and February. Maximum allowed is \$28 a week for 26 weeks.

GROW WITH US — Some 3,000 major new factories will locate somewhere in the South within the next 10 years.

In reporting this prediction, Gov. Price Daniel urged the state's new Industrial Commission to get in and pitch for a Texas-sized share of the incoming wealth and job-making industries.

Chairman E. B. Germany of Dallas said the commission would accept the challenge. He said the commission would study industry — attracting techniques of other states and prepare a brochure on Texas' advantages.

Chief among these, said Germany, head of Lone Star Steel, is a "healthy attitude" among Texans toward industry.

Commission members serve without salary and without state funds to pay for projects. Several hundred dollars in donations have been received.

If voters next November approve an amendment removing the ban on state-financed advertising, the legislature can appropriate money for this purpose.

"MAKE IT PAINLESS" — Tax talk towers over other topics in the build-up for the 1959 legislative session.

West Texas Chamber of Commerce has added a new idea to the

stacks of proposals and counter-proposals being presented to the State Tax Study Commission. It suggests making available for general use some of the unused balances tied up in the state's more than 100 special funds.

AFL-CIO says stricter application of present property tax laws might solve the problem without enacting new levies. "Proper enforcement," said a labor spokesman, would tax, not only real estate, but bank deposits, boats, bank shares, stocks, etc. AFL-CIO had previously suggested a corporation income tax to meet the state treasury's expected need for more than \$100,000,000 in additional revenue.

Business groups, generally, have opposed the corporation tax, saying it will hamper Texas' industrial development. Some have proposed a general sales tax.

Tax Study Commission already has issued two of a series of 8 to 10 research reports to lawmakers for tax decisions. A third report, on how tax money is used and what future needs will likely be, is due later this month.

Though taxes are a prime campaign issue, legislative candidates are treading delicately around the subject. One said in his announcement that he opposed a general sales tax and a state income tax and that "if additional taxes have

Fertilize According To A Soil Test

College Station — "You are cheating yourself out of possible production when your land needs lime and you don't supply it," says W. F. Bennett, extension soil chemist.

"Even if the correct amount of fertilizer is applied, your soil will not produce the most profitable returns unless sufficient lime is available," points out the chemist. A soil test is the only method for determining just how much fertilizer and lime is needed for a particular field.

There is still time to take samples and send them to the soil testing laboratory at Texas A. & M. College before most 1958 crops will be planted. If the samples are submitted in the very near future, they can be processed and recommendations returned in time for use this spring.

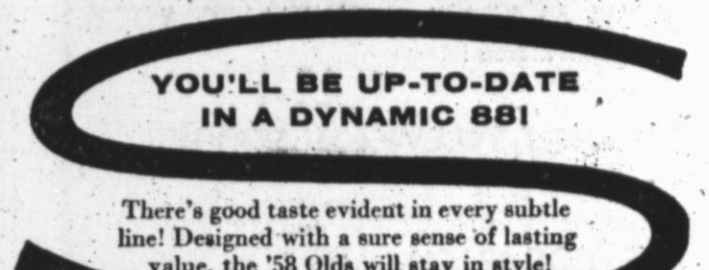

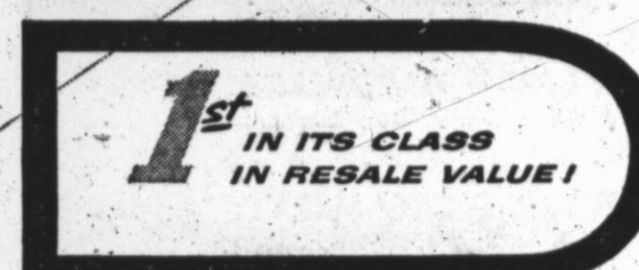

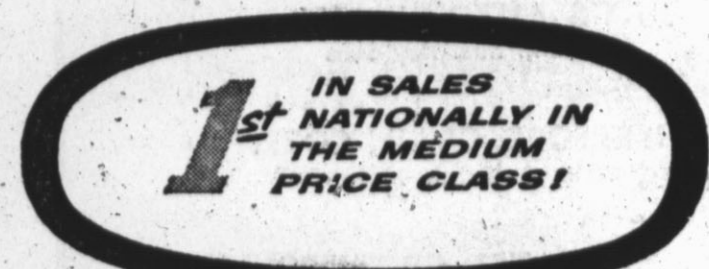

The chemist advises farmers to use the soil test information they receive from the lab not only for applying lime and fertilizer but also as a guide in buying the recommended plant food.

Farmers who depend upon general fertilizer recommendations usually get close to the right amount, but guessing at the need for lime is another story. Only a soil test will give that answer, says Bennett.

"With fewer acres in cultivation, it is more important than ever to make the highest possible production per acre. To make this

production, it will be necessary to use the right kinds and amounts of fertilizer and lime," Bennett says. "Too, if this high production is to be made at the best possible profit, farmers will need a guide in fertilizing the crops grown. Soil tests give this guide," concludes Bennett.

Peru combined three Indian words — Pelu, Beru and Biru — to gain its name. They mean (in proper order) a river, a chieftain and an Indian territory south of Panama.

There's good taste evident in every subtle line! Designed with a sure sense of lasting value, the '58 Olds will stay in style!

YOUR RED CROSS ON THE JOB

"THE WALKING BLOOD BANK"

Corinne J. Neely

Questions and Answers

WHAT IS A WALKING BLOOD BANK?

The Walking Blood bank of this community is people who have signed and given blood for transfusions, without charge. Many of them are on file for call at the hospital but many more are needed.

WHO CAN BE BLOOD TYPED?

Persons from 18 to 60 are blood typed for the files. Anyone older than this may be typed without cost for their own protection.

WHY IS THIS NEEDED NOW?

Many new people have come to the county since 1951 when the last enrollment was made and one being held at this time is to give them an opportunity to be a part of this community service, without cost.

WHO IS SPONSORING THIS BANK?

Your local Red Cross chapter is working with the doctors and the county hospital to increase files to meet growing community needs.

WHO APPROVES THESE BANKS?

Your local doctors, the Medical Society, your Red Cross, both local and national.

WHO BENEFITS FROM THIS SET-UP?

You of the community are the ones who benefit from this blood bank. If you are in need of blood for a transfusion, you or your family check the files for your type and ask a friend or someone you know for a pint of blood needed. Since one person is not supposed to give oftener than 6 weeks, you may need an extra donation from a second donor.

WHAT IF YOU ALREADY HAVE A CARD?

Mr. O. Z. Golden, technician, would like for all card holders get new ones, so that people who are no longer here old cards could be removed from files and this is the best way to handle this. Disregard earlier information that this was not necessary. Everyone should get new cards. But you will not have to be re-typed!

WHY IS ALL THIS SO IMPORTANT?

Besides being a protective measure for you in case of accident and other emergencies, it is a protection for the family and the community. In case of disaster, as was threatened last spring by a near tornado, much blood would be needed. Being typed would make for faster work and more people to call on for donations. Time would not be wasted to do typing which was already done.

WHAT IF YOU ALREADY HAVE A CARD?

Mr. O. Z. Golden, technician, would like for all card holders get new ones, so that people who are no longer here old cards could be removed from files and this is the best way to handle this. Disregard earlier information that this was not necessary. Everyone should get new cards. But you will not have to be re-typed!

WHAT IF YOU HAVE A RARE TYPE?

The people with most common types are lucky as far as easy to find donors when needed. But if you are a rare type, usually the negatives and other combinations it will be harder to find donors. In that case it is nice to know the people in the file

THE SHEPHERD'S STAFF

... and you, too, will need it when you pass through the valley of the shadow. We grope blindly through this world as we trample law and order, and the blessings of an Almighty God. We black-out God and every opportunity to do good. The family, the church, the state will suffer for our sins of omission... our failure to possess the earth. Our goal is not the mark of the high calling which is in Christ Jesus. We know He is the light of the world but we don't care to possess it. It is dark about us and apparently we are glad of it. *It is dark about us because we choose darkness rather than light.* Regular attendance at church could make the dark situation light again.

**YOU IN THE CHURCH
THE CHURCH IN YOU**
Character is a by-product of the church. It is here that young and old alike are showered with benedictions stronger democracy, in the church the ministerial are making religious character. Statesmen today declare that the church alone can furnish leadership to handle with our children should go to the church at our choice on Sunday. "You in the Church and the Church in you" form a combination for good in a regular CHURCH-GOER and a daily BIBLE READER.

IF EVERY MEMBER OF MY CHURCH WERE JUST LIKE ME—WHAT KIND OF CHURCH WOULD MY CHURCH BE?

Assembly of God

Union & Ave. G.
Rev. V. W. Marconiti, Pastor
Sunday School is held at 9:45 a.m. Morning worship service convenes at 11 a.m.
C. A. service begins at 7 p.m.; Junior C.A.'s meet at 7 p.m., and worship service begins at 8 p.m. each Sunday evening.
"Revival Time" is broadcast over Radio Station KPAN each Sunday from 7:30 to 8 a.m.
Prayer meeting and Bible Study will be held Wednesday at 8 p.m., after which choir practice will convene.

Wesley Methodist

416 Irving
Bernard F. Seay, Pastor
Sunday: Church School, 9:45. Vance Crume, Superintendent. Morning worship, 11 a.m. Methodist Youth Fellowship, 6:30. Evening worship, 7:30 p.m.
"See You In Church Sunday."

Park Ave. Church of Christ

On Harrison Highway
Worship services 10:30 a.m. Sunday; mid-week services 8 p.m. Wednesday.

Avenue Baptist

123 N. 25-Mile Avenue
Rev. A. C. Hamilton, Pastor
Sunday School is held at 9:45 a.m. and worship service at 11 a.m.
Training Union is held each Sunday at 6:30 p.m.
Evening worship services are at 7:30 p.m. Sundays.
Mid-week prayer services are on Wednesday at 7:30 p.m. At 8:15 p.m. there will be choir practice.

First Christian

West Park Ave.
Rev. Gilbert Davis Jr.
Sunday School is held at 9:30 a.m. worship service will begin at 10:50 a.m.
Chi-Rho and CYF meets at 6 p.m. Sundays and vesper services are at 7 p.m.
Functional Department's first Wednesday at 8 p.m.
General Church Board, second Wednesday at 8 p.m.
Choir rehearsal meets each Wednesday at 8 p.m.
Groups one and two meet on the a.m. on the second Tuesday.
Young Matrons meet on the second Wednesday at 9:30 a.m.
Friendly visitation on Monday, Tuesday, Wednesday, Thursday, and Friday at 7:30 p.m.

Grace Gospel Church

Thirteenth and Avenue K
Rev. H. V. Fields, Pastor
Sunday School is at 9:45 a.m. and worship services convene at 11 a.m.
Bible Study is held each Sunday at 7 p.m. and preaching service at 8 p.m.
Wednesday prayer meeting is held at 8 p.m.

St. Thomas Episcopal

Harrison Highway
Sunday School, 9:45 p.m. Church service, 11 a.m.
Business women meet at 7:30 third Wednesday at 8:00 a.m.

First Baptist

Fifth and Main
Rev. Howard Scott, Pastor
Sunday School is held at 9:45 a.m. and the worship service is held at 10:55 a.m.
Training Union will be held Sunday at 6:45 p.m. with the evening worship service at 8 p.m.
The Sunday morning Baptist Hour is broadcast at 8 a.m. over Radio Station KPAN.
Worship service is broadcast every first, second, third, and fifth Sundays at 10:55 a.m. over Radio Station KPAN.

Church of Jesus Christ of Latter Day Saints

(Mormon)
Kendon O. Anderson, superintendent.
The Mormon Church meets in the American Legion Hall. Sunday School services are at 10 a.m.

Hereford Brand, Hereford, Texas, Thursday, April 10, 1958
REP. WALTER ROGERS WRITES:

Whenever Internal Troubles Arise, Cool Things Off With Committees

to the people of the 18th District. I have had several inquiries late-concerning flags that have flown over the Nation's Capital. It is possible to obtain these flags at a very reasonable cost. Two sizes are available for the price of \$3.50. The 3' x 5' is available for \$6.50. Each flag is accompanied by a letter from the Architect of the Capitol certifying that it has flown over the Nation's Capital.

There used to be a saying that whenever the president of a club or organization ran into some controversial issue, the best thing to do was to appoint a committee to investigate the matter until it cooled off. From the number of boards, bureaus, commissions and committees in existence and being recommended on the government level, it looks like this same rule is being applied by Uncle Sam. You will recall that last year when, on the recommendation of the President, created the highly controversial Civil Rights Commission.

This Commission was handed 100 thousand dollars out of the President's Emergency Fund on which to operate. As of March 25, 1958, the Commission had spent only \$26,004.92 of this amount. Nevertheless, when the Presidential Appropriation Bill came up on the floor of Congress, an amendment was offered to add an additional 50 thousand dollars for the Civil Rights Commission. Needless to say, this caused quite a battle, but the money was appropriated any-

way. It goes without saying that my vote, along with many others, was cast against it. It probably goes to prove further that the most permanent thing in Washington is a temporary commission or building. This was further proved by a request that is now before the Interior Committee of the House of Representatives.

The Alaskan Railway Commission was created in 1956 to last for two years and was given an appropriation of 75 thousand dollars. The Commission was to investigate the economic feasibility of railway and highway transportation matters between this country and Alaska, as well as in Alaska proper. This is the year that the report on these studies should be filed; however, instead of a report we get a proposed amendment to the original bill which would extend the life of this Commission for another two years and increase the appropriation from 75 thousand dollars to 387 thousand 500 dollars.

In other words - double the life of the Commission and more than quadruple the money to be spent. I thought this was going pretty far afield, but when Congress convened that day we had a message from the President requesting the Congress to create a "National Aeronautics and Space Agency."

The President was prompted to make this request, according to his message, by the fact that his "Science Advisory Committee" had recommended that he do so. In other words, the government is carrying the practice one step further than the clubs and organizations were supposed to carry. The committee that is appointed to look into the matter is now advising the formation of another committee or commission. If this is carried out to its logical conclusion, every man, woman and child in the United States will eventually end up on a committee. I would recommend that any committee recommending the creation of another committee, commission or board would immediately lose its own status. This would certainly put a stop to the matter in short order. We could also adopt the policy that for every new committee, commission, board or bureau that was established, at least two had to be abolished.

Bible Words for Today

MARK 8:34-35 - "If any man would come after me, let him deny himself and take up his cross and follow me. For whosoever would save his life shall lose it; and whosoever shall lose his life for my sake and the gospel's shall save it." (RSV)

From the dawn of history man's greatest problem has been himself and certainly no one was ever more keenly aware of this fact than Jesus was. Our Lord states in this passage an unalterable truth which people still in their own defense deny, Until we have removed our own desire and ambition from the throne of life, God cannot be enthroned. Without God as ruler, life's purpose cannot be fulfilled. Meister Eckhardt wrote: "There are plenty to follow our Lord halfway but not the other half. They will give up possessions, friends and honors, but it touches them too closely to disown themselves."

The problem is ever the same but there is an answer. As man loses himself in the service of the Master, he discovers his true identity as a son of God.

Funk To Meet New Wrestler Saturday

Dory Funk will meet Killer Christy, a newcomer to the local ring, in one of the two main wrestling events scheduled for Saturday night in the Bull Barn.

The other main event will match Angelo Savaldi and Cyclone Adanya, also newcomers. Savaldi holds the junior heavyweight championship. This will not be a title match. Both bouts are scheduled for two out of three falls with one hour time limits.

Last week Funk and Rip Rogers whipped the Great Bolo and Dirty Dons Evans in a tag team match. Funk took the first fall for his team by pinning Bolo. Bolo and Evans were disqualified during the second fall for unnecessary roughness, giving the match to Funk and Rogers.

In the preliminary bouts last

week Bolo was disqualified against Rogers and Funk and Evans fought to a draw.

The Canadian Army has a new all-weather vehicle called the Rat for use in the Arctic. It will travel over land, snow and water.

The French National Assembly recently passed a law which says that no chicken on any menu or market in France may be called "Poulet de Bresse" except those raised within the 1,200-square mile area once ruled by the Duke of Burgundy.

are located; and (4) Signs designed to give information in the specific interest of the traveling public which are erected pursuant to State law and which are consistent with the national policy and standards.

I voted against these measures, because it is my opinion that the use of a man's land should be regulated only in accordance with the police powers of the state and by the state - not by the federal government.

OCCUPATIONAL DISEASE

I took several of the children to the zoo last Sunday, and Washington does have an outstanding zoo. It has recently added a pair of wolverines, and we were looking for the cage that housed them. I asked one of the attendants where

we could find it. He motioned in the direction where the cage was located. One of the children said to me, "you could sure tell that fellow had worked here a long time." I was puzzled at what he meant and said, "how could you tell that?" He replied, "he didn't have any fingers."

VISITORS

Miss Lois McSweeney, attractive Executive Secretary of the Panhandle Homebuilders Association of Amarillo, was in Washington on pleasure and business this past week. We were very happy that she came by the office for a visit.

Atlantic to Pacific and back, across the towering Andes, in 41 hours

CHEVY TAMES THE TOUGHEST TRANSCONTINENTAL HIGHWAY!

Turboglide™ shows its velvet competence in fantastic footholds of Andes. Jolt-free powerflow of triple-turbine transmission was particularly important in keeping traction on hundreds of gravel turns.

Precision of Chevy's famous Ball-Race steering was a lifesaver on cliff-edge curves; its silk-smooth ease sharply reduced driver fatigue. Vital safety factor was full panoramic visibility of windshield.

Full Coil suspension, with a deep coil spring at each wheel, took big rocks and deep chuckholes in stride. Stability of four-link rear suspension held car true and steady on worst sections of road.

'58 Chevrolet station wagon with 250-h.p. Turbo-Thrust® engine swings down to the dock at Buenos Aires, Argentina, ready for record-setting run across South America to Valparaiso, Chile, and back.

Mighty Turbo-Thrust V8 seemed virtually unaware of astonishing grades up to 30 percent. Even at summit, 12,572 feet high, drivers found terrific reserves of torque from its 348-cubic-inch displacement.

Racking hairpin turns on Chilean slope of Andes tested superior torsional strength of Chevy's new Safety-Girder frame, demonstrated the better road-holding permitted by its lower center of gravity.

Turnaround at Valparaiso on Pacific—and car starts return leg of trip called impossible by A.C.A. experts! Engine was never stopped, oil dip-stick still said "full" at end of 1,900-mile test!

Heading for the freezing Andes, with hood sealed shut by officials of Automobile Club of Argentina, Chevy arrows across Mendoza desert in 98-degree heat. Not one drop of oil or water was added during run!

Powdery dust of Argentina's talc mine country proved value of High-Level ventilation, with air intake high above road. Ultra-efficient air cleaner protected V8 from smallest abrasive particles.

Jumbo-Drum brakes got a real workout in emergency stops for roving livestock, loose boulders, stream gullies cut across road. Drivers particularly liked Turboglide's special Grade Retarder on long hills.

You don't have to cross the Andes to discover Chevy's remarkable ease of handling, riding smoothness and performance. Just see your Chevrolet dealer for a test run.

You'll get the best buy on the best seller!

Don't miss your Chevrolet dealer's **APRIL SALES SPECTACULAR!**

Amarillo's St. Anthony's Hospital Expansion Will Aid In Area Service

A giant step has been taken in Amarillo toward an emergency program to meet the pressing need for enlarged hospital facilities for Amarillo and the area.

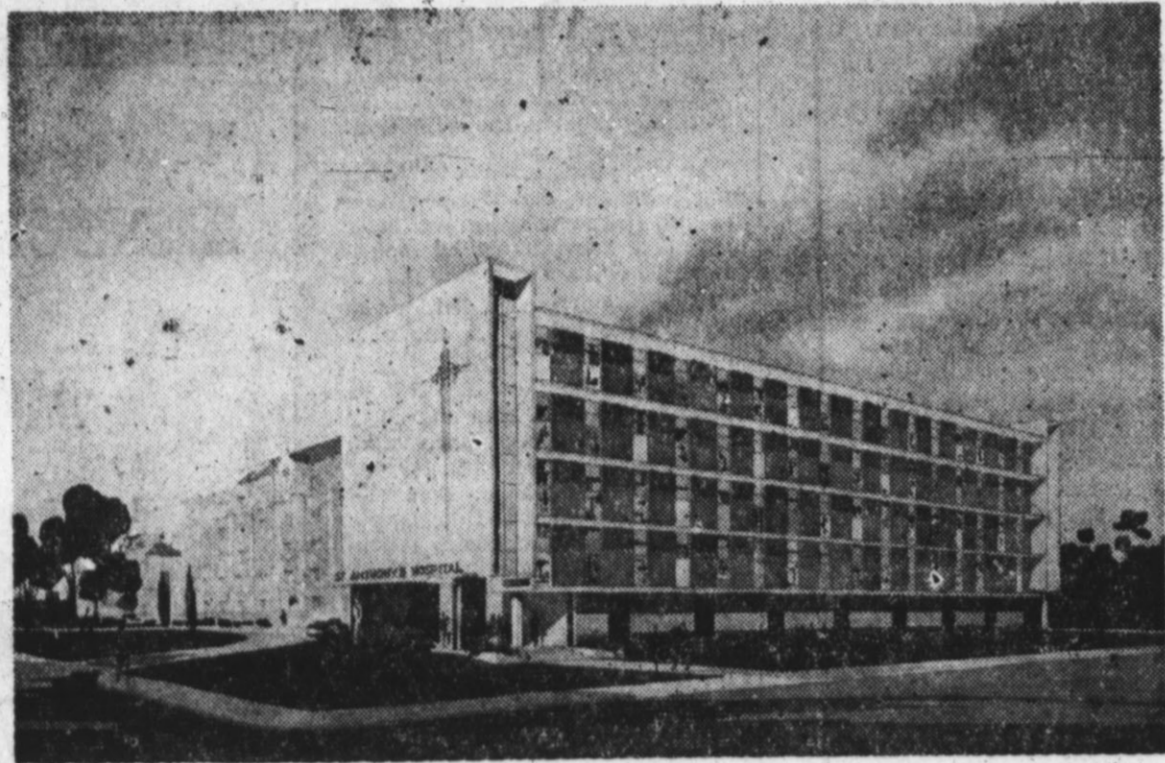

A \$1,000,000 expansion program is now underway to enlarge St. Anthony's Hospital in Amarillo, which will give the hospital a five floor addition, plus a basement, with a minimum of 165 additional beds, and other needed facilities. The \$1,000,000 raised by the campaign will be matched by \$1,000,000 from the Hill-Burton Federal Construction Funds, for which application has already been made.

A. E. Hermann, well-known in the High Plains Area, is serving as Area Chairman of the Plains Hospital Fund campaign, with E. K. Kancher, noted railroad executive, as his co-chairman.

St. Anthony's Hospital, which has served the High Plains and Panhandle area for more than 57 years, is located in Amarillo, a city which is looked upon as a medical center for the area due to the fact that Amarillo hospitals provide specialized services which are not available or economically feasible in smaller communities.

"Many counties depend upon the Amarillo Area hospitals for complete hospitalization and other for partial hospitalization," states Hermann. "For instance, over 22 per cent of the 8,000 patients admitted to St. Anthony's Hospital last year were from outside Amarillo. With the improvement of St. Anthony's facilities, many counties and communities in the area will be saved hundreds of thousands of dollars because that county, or community, will not have to operate an expensive hospital in its own name."

Facilities which will be added to the present St. Anthony's Hospital include a five-story addition, with basement structure, a minimum of 165 beds, two additional operating rooms, two additional, cystoscopic laboratory rooms, improved facilities for outpatient service, new maternity and nursery departments, new storage, supply, pharmacy and central sterile supply rooms. Also St. Anthony's training programs are being increased and accelerated in order to provide additional personnel to staff the enlarged facilities.

Hermann pointed out that no hospital should operate at more than 80 per cent of its bed occupancy because of emergencies, but the present St. Anthony's Hospital is running over 114 per cent capacity, day in and day out.

"There are two to three patients to a room originally intended for one patient," said Hermann. "And beds fill the corridors most of the time. The national recommended number of beds is 4.5 beds per thousand population, but the Amarillo Area has only 2.1 beds per thousand. This \$1,000,000 bed expansion program will give us the necessary number of beds for the Amarillo area, which is 3.3 beds per thousand population. That is why we urge your wholehearted support of the Plains Hospital Fund for the expansion of St. Anthony's Hospital. St. Anthony's isn't solely an Amarillo hospital — it's an area hospital. One out of eight persons will be hospitalized within the year, according to statistics, and so we ask for your support of this vitally important campaign, which could assure you or your loved one of a hospital bed when needed."

WHAT HE WANTED
SUFFOLK, Va. (AP) — A thief who broke into the Imperial Barber Shop here knew what he wanted. He stole six electric clippers and ignored everything else including \$50 in cash.

Lady-B-Lovely

Furniture is Study Topic for Dawn H.D.

"Selection of Furniture" was the topic discussed by Mrs. Argen Draper for the Dawn Home Demonstration Club Friday in the home of Mrs. LaNoy Tooley.

She suggested to the group to shop around and not be afraid to examine the furniture carefully when deciding on furniture for the house.

"Points of good construction include the joints which should be connected by a dowel joint with a shaped brace set in with two screws," Mrs. Draper told the group. "The drawers in chests and dressers should have dovetailed construction and be on runners. The best have a center guide also. When purchasing upholstered furniture one should check the label which says "DO NOT REMOVE." If the tag is white it indicates new material, yellow indicates used. The most preferred filling is horsehair, moss and cotton felt. Choose furniture to fit your figure. The average living room furniture is constructed for a person five feet and eight inches tall."

During the business meeting committees reported on progress made in planning the tea to entertain South Hereford Home Demon-

stration Club. After the close of the business meeting Mrs. Muri Little introduced the idea of organized recreation. Her game for the afternoon associated with the Easter season. Lulu Botsford won a prize for the best portion of the story and Mrs. Leo Hoffman won a prize for mentioning the secret word.

Present were Mesdames H. S. Fuller, LeRoy Johnson, Ray Stewart, Lulu Botsford, J. B. Caraway, Orval Galley, Muri Little, Jim McCabe, Marion Russell, L. W. Tooley, Zed Stewart, Leo Hoffman, Jessie Sisco and the agent, Mrs. Tom Draper.

DIRECTS SYNAGOGUE ADMINISTRATION

NEW YORK (AP) — Myron Schoen of New York has been appointed director of the newly-created office of Synagogue Administration of the Union of American Hebrew Congregations.

The office will help the 542 Reform congregations in the United States and Canada in such matters as temple management, finances, and architecture.

Planning Boosts Production, Reduces Garden Wastes

College station — "Plan before you plant" is a basic rule for successful vegetable gardening. So says B. G. Hancock, extension horticulturist.

For instance, many vegetables grown in the home garden are wasted because too large a quantity of one vegetable matures at the same time. With few exceptions, vegetables remain edible for only a short period after they reach maturity. Top quality is even more transient.

One way to avoid having too large a crop at once, then nothing, is to make succession plantings of the same vegetable, suggests Hancock. Plant only enough seed of crops like sweet corn, radish, and beans to provide the amount that can be used within a short period. Then, after two or three weeks, plant another lot to mature after the first harvest has been exhausted. Or, if the variety used will not do well later in the season, plant other varieties that mature later.

This kind of planning calls for a careful study of seed varieties and must be done well ahead of planting time. It also may require the purchase of more seed, therefore a somewhat larger investment. But these things pay off in greater satisfaction at harvest time.

Another thing to look for in-

ducing the seed varieties is the height to which they will grow. Tall-growing crops should be planted together and low-growing ones together (preferably to the south of the taller ones) to avoid shading the lower plants. Vegetables need about 8 hours of full sunlight to produce well.

Vet Land Program Slated for Boost

AUSTIN — Further speed-ups in the already accelerated Veterans' Land Program are anticipated when money is received from the April 1 sale of \$12½ million worth of Veterans' Land bonds.

So says Bill Allcorn, chairman of the Veterans' Land Board and Texas land commissioner.

The Board had already speeded up its buying program as funds became available on Jan. 16 from \$12½ million worth of bonds sold in December, 1957.

The bonds sold on April 1 went at 2.89 per cent interest, well below the three per cent limit provided in the State constitution.

The Board is now sending out application forms to 300 veterans each week. Allcorn notes that money now available is expected to carry the program through May of 1959.

Soybean Success Essentials Listed

Inoculation and September irrigation are essential to successful Soybean production on the High Plains. This was shown in the tests conducted at the High Plains Station of the Texas Research Foundation in 1957.

Plots of the Lee variety which received September irrigation produced an average of 36 bushels per acre compared to 15 bushels per acre on plots receiving no water after Aug. 25. Beans which were not inoculated produced only 18.5 bushels per acre compared to 36 on inoculated plots.

The application of nitrogen and phosphorus did not increase the yield in 1957. The plots receiving no fertilizer produced as much as did plots where 40, 80 or 120 pounds of P2O5 were applied per acre.

A row spacing test was conducted with one and two rows per bed at seeding rates of 40, 50, 60 and 70 pounds per acre. The results of this test indicate no significant difference in yield between one and two rows per bed or between the seeding rates.

These tests will be repeated in 1958 with the addition of potash in the fertilization test.

Passes have been sent to the following honoring them on the occasion of their Wedding Anniversary April 10-12:

- Mr. & Mrs. W. D. Lloyd
- Mrs. Frank Warren
- Mr. & Mrs. Cal Nichols
- Mr. & Mrs. John Byers
- Mr. & Mrs. John Drager
- Mr. & Mrs. Emil W. Dettman
- Mr. & Mrs. Ernest Mayhew
