Sights and Faces Seen

E. E. Fridley has proof that Douglas Beene of Hereford had some pretty vicious playmates while he was stationed at Camp Hood. Mr. Fridley has brought to The Brand office a copy of the latest issue of Holland's Magazine, which contains a picture of Douglas and Queenie, member of the Army K-9 Corps, whom he helped to train while at Camp Hood.

We've received several telephone calls from housewives who were worried about the 5-pound canning sugar ration recently allowed by OPA. The ladies seemed to think that five pounds would not go far, but they should be reassured by the OPA announcement, received this week that this is not the total allowance for the 1944 canning season. Quoting from the announcement: "At present it is contemplated that the maximum allowance will be 25 pounds . . . with the remaining 20 pounds to be obtained by application at the local War Price and Rationing Board."

The Father of His Country caused some changemaking difficulties in Hereford Tuesday, when a number of business people forgot the bank holiday and turned up short of change. Helen Seed was at the bakery on Tuesday morning getting some change to finish out the day's business and reported that Ona Faye Smith was having to call on the drug stores for help.

Alec Thompson gets the credit—or blame—for the most drastic cold remedy of the season. Alec's remedy: A cold bath every morning. Postscript: He admits that he's not recommending the cure from any personal experience.

Certificates of Title Required Before New Car Tags Can Be Issued

The State Highway Department is tightening up on rulings forbidding the issuance of new license tags without the presentation of a certificate of title, it was announced this week at the county tax collector's office where deputies urged all car owners to check up now and see that their titles are in order. New license tags are now being issued but cannot be put on vehicles before March 1, and there is still plenty of time to get a certificate of title if car owners will take care of the matter immediately.

If the certificate has been lost, the car owner may take application at the tax collector's office for a duplicate and papers will be sent in to the state department.

Not only are the certificates of title absolutely essential in buying license tags, deputies point out; but it is also to the interest of every motorist to have a clear title ready for transfer. Sales are often held up for several weeks because of the lack of a certificate of title.

Production Room Sets Up Astounding Record in Two Years of Operations

A total of 5,000 pieces of sewing have been made by volunteer workers at the Deaf Smith County Red Cross production room, it was announced this week by Mrs. Carl Gilliland, production chairman, who says the total record includes 820 Army and Navy kit bags (filled), 541 Army kit bags (unfilled), 500 knitted garments for Army, Navy and Foreign relief, and the remainder made up of hospital garments and comfort articles and children's clothing for foreign relief.

Members of church groups, rural clubs and city clubs, individually and in groups, have responded enthusiastically to the need for volunteer workers in the Red Cross Production program, Mrs. Gilliland said, pointing

County is Far Over Quota on 4th War Loan

Final report on the outcome of the Fourth War Loan in Deaf Smith County, reveals that the county has exceeded its quota by a total of \$22,244.45, according to a report issued today by the Deaf Smith County War Finance Committee.

"Final figures for the drive show a total of \$382,244.45 in war bonds sold. The final figures also showed E bonds sold in the amount of \$198,913.75, making an excess of \$5,913.75 over the \$193,000 quota on Series E bonds," the committee report states.

To Deaf Smith County citizens, the War Finance Committee says, "We take this opportunity of thanking each and every one who had any part in this drive—whether it was in the capacity of selling a bond to someone or whether it was as a bond buyer. We have always found the people of this county ready and willing to do their duty."

Federal Income Tax Men Here Next Week

Two deputy collectors of the Department of Internal Revenue will be at The First National Bank of Hereford on Tuesday, Feb. 29, and Wednesday, Mar. 1, to help citizens of this locality in filling out income tax returns.

This will be the only visit of Federal Income Tax men to this city prior to the March 15 filing date and any persons needing assistance may see the deputy collectors between the hours of nine and five on either of the two days.

Information which tax payers should bring with them includes: Total 1943 salary or wages, including bonus. Statement of income and victory tax withheld during 1943. Total amount of all other income in 1943. Amount of tax shown on 1942 return.

Amount paid on 1942 income tax.

It is also pointed out that men who were in the armed forces during any part of 1942 or 1943 should furnish a copy of their 1942 income tax return.

Window Display Shows Contents of Prisoner Weekly Food Packages

A display in the J. C. Penney window this week gives an exact idea of what goes into the weekly food packages sent American prisoners of war by the Red Cross—and shows why the Red Cross is the most important agency in caring for the needs of American boys who are war prisoners.

Included in the display are raisins, two packages of Army K-2 Biscuit, cigarettes, cheese, soap, Army emergency ration, coffee, oleomargarine, corned beef, one can of other type meat, salmon, powdered milk and a meat spread for bread. Even if regular rations in the (Continued on Page 12)

Program for Community Sing Is Taking Shape

Plans are rapidly shaping up for the Community Sing to be held Friday night, Mar. 3, at 8:30 o'clock at the high school auditorium under the direction of the USO entertainment committee.

Rev. Lawrence Bridges, pastor of The First Christian Church, will be song leader—and there will be songs which everyone likes and can sing.

Special numbers on the program will be contributed both by Hereford people and by entertainers from among the enlisted personnel at the camp; and a regular old-fashioned vaudeville variety show will be the result, according to program sponsors.

The program is for both soldiers and civilians—and the entire community, as well as soldiers from the camp, have a cordial invitation to plan now to be present.

Hereford Woman Looks For Nephew in Picture in Red Cross Bulletin

Mrs. Essie Cardwell really "keeps up" with the Prisoner of War Bulletins received at the local Red Cross office, as her nephew, Jack Boren of Oakland, Calif., is a prisoner of war in Germany.

Latest P. O. W. bulletin at the local office contains a group picture of American airmen at Stalag Luft 111, large German prison camp. Men are not named, and Mrs. Cardwell was unable to recognize her nephew in the group; however, she knows that he is located at Stalag Luft 111, and is still hoping for more information.

Young Boren is the son of the late Bill Boren, formerly of Hereford.

Close Drug To Have Formal Opening of Prescription Dept.

Close Drug will have the formal opening of their new prescription department and redecorated store this week-end, and the public is invited to come in and see the improvements which have been completed recently.

"We are really proud of this redecoration job," says Harold Close, "and we believe we now have one of the most complete and modern prescription departments in any drug store in the Panhandle. We can now give an improved service which should be valuable to people of this territory."

Boy's Ranch Program Described for Lions

Manager Alton Weeks and a team of 12 boys from the "Boy's Ranch" at old Tascosa, yesterday were in charge of the program at the Lions Club Meeting, when the Lion district governor, Jack Griffith of Panhandle, was also a speaker.

After a brief description of the Boy's Ranch plan and program by Mr. Weeks, the boys sang songs, then demonstrated the ranch's self-government set-up.

Tuesday Deadline For Feed Subsidy Applications

All applications for dairy subsidy payments positively must be made by Feb. 29, it was announced today by F. G. Collier of the Deaf Smith County AAA office, who explains that some applications for previous months have not yet been turned in.

The bill to outlaw the present subsidy program was passed last week by Congress, then vetoed by the President, and the veto upheld by Congress. Though some type of subsidies will evidently continue, no definite information on the new set-up is yet available.

Red Cross Faces Hard, But Vital Job in Reaching Quota

Underground Aircraft Factory

Here is one of the high-arched underground caverns in the rocky hills which rise in back of Naples. Before the Allies came, Neapolitans used them as aircraft factories—400 worked here—and air raid shelters. The Germans, of course, wrecked them before leaving. In the foreground is an unfinished seaplane pontoon. Tail assemblies can be seen farther back.

Visit of Highway Delegation Brings Favorable Results

"Absolutely no road construction until after the war," was the only definite promise made by the State Highway Department to members of a Panhandle Delegation who attended a highway meeting in Austin recently.

This was the report brought back by J. E. Hill and County Judge Fred W. Baird, Deaf Smith County delegates, who state, however, that the State Department seemed to recognize the necessity and desirability of most of the projects submitted, and that present indications point to an early start on most of the jobs as soon as men and materials are again available.

"Completion of Highway 51 to Vega received a good place on the list of post-war projects," Judge Baird reported. "And we believe that the visit of the Panhandle delegation will show some good results in the post-war period."

Fame of Deaf Smith County Spreads to Ketchikan, Alaska

The fame of Deaf Smith County has spread to Alaska—and what is more, there are some people up there who would like Deaf Smith County to "produce" on some of the claims made for this area.

Rev. James Aiken, Jr., this week received a letter from Rev. James Hall, Presbyterian minister at Ketchikan, Alaska, that Dr. Ralph Carr, physician in the office of Indian affairs there, would like to send his wife and three children to spend a couple of months in Deaf Smith County this summer.

The Alaskan pastor reports that the rain water which residents of Ketchikan drink, is low in mineral content and that Dr. Carr would like for his family to have the benefit of widely-publicized Deaf Smith County food and water.

According to the letter, Dr. Carr would expect to pay a "reasonable rate" for housing accommodations—which need not be elaborate. A place to board in the country might be most desirable, and if any Deaf Smith County people are interested in helping the Carrs take a holiday from Alaska, they might see Mr. Aiken or come by The Brand office.

Big Farm Sale Scheduled For February 29th

Featuring the sale of one of the best irrigated farms in the county, the Pat Filbin farm auction will be held Tuesday, Feb. 29, beginning at 12 noon at the Filbin farm six and one-half miles northwest of Hereford; and indications point to a big attendance from the entire Panhandle and South Plains areas.

In addition to the farm—200 acres in-cultivation and 120 in grass, a five room modern house is included in sales listings. The farm is located on REA, mail and school bus routes, and equipment includes first class outbuildings and an irrigation well.

Also on sale will be some A-1 farm machinery, including two tractors and a combine and a good selection of livestock, including milk cows and dairy equipment consigned by Maurice Tannahill.

Otten and Brumley are auctioneers and E. C. Eubanks will clerk the sale.

Lunch will be served by the ladies of St. Anthony's Guild. A copy of the sale bill is printed on page eight of The Brand.

Johnsons Lease Elite Cafe from Mrs. Engman

Jay and Fern Johnson have leased the Elite Cafe from Mrs. H. J. Engman and are now in charge of the business, which they will continue to operate along the same lines as effect in the past.

They invite old and new customers to come in and give their service a try.

Parity, Conservation Checks Continue To Come to County Farmers

Farm checks totaling \$279,207.88 have been received in Deaf Smith County, it was revealed this week in a check-up at the county AAA office.

The payments include \$129,632 in conservation payment checks. The 562 applications received represent less than 50 per cent of the farmers participating in the program.

A total of 967 checks for additional 1942 parity payments have been received, with a value amounting to \$149,575.88.

Volunteer workers with the war in their hearts will start a drive on March 1 to get \$8,300 in Deaf Smith County for the American Red Cross.

It won't be an easy job. It follows by a few days the War Bond crusade in which nearly \$400,000 was raised in the county. It precedes by only a few days the final date for income tax payments.

But it must be done. For, as E. C. Eubanks, chairman of the Deaf Smith County Red Cross puts it, "The Red Cross is fighting a war—and the success or failure of this war fund drive is something that touches directly or indirectly, the life of every family which has a son at war."

With an \$8,300 quota, Mr. Eubanks points out, the old one dollar "memberships" must be a thing of the past. Everyone—business firms and individuals—must double or triple their usual gift to the Red Cross if the quota is to be met.

There are slightly more than 6,000 persons in Deaf Smith County, and J. C. McCracken, roll call chairman, says that volunteers will make an intensive canvass to contact every possible Red Cross donor.

It is pointed out that not only national Red Cross duties, but also the work of the local chapter has increased greatly as a result of the war emergency; and through the office of the executive secretary of the local chapter, Red Cross has rendered services to hundreds of local servicemen and their families within the past few months. Through the production room, many Deaf (Continued on Page 12)

Mrs. Harris Injured In Car Wreck Sunday

Mrs. Norman Harris was reported yesterday to be making a satisfactory recovery from injuries sustained late Sunday afternoon when the car she was driving hit loose sand and turned over on the highway four miles this side of Ft. Sumner, N. M.

Mrs. Harris received no broken bones, and a back sprain was her most serious injury. Other occupants of the car, Mrs. Harris' sister-in-law and the latter's small baby, were uninjured. The car was a total wreck. Mrs. Harris was taking her guests to a point in New Mexico, where the visitors planned to meet relatives with whom they would continue the trip to their home in California.

The injured woman was taken to the Amarillo Osteopathic Hospital, and her recovery was described this week as only a "matter of time."

Do You Remember?

February 19, 1904.
Dr. W. E. Robertson, Hereford's mechanical dentist, has recently installed in his dental parlors in the second story of the G. R. Hay brick building, a fine lot of new dental appliances, consisting of a dental cabinet (which has to be seen to be appreciated), the new crown and bridge system, a dentist's engine, a vulcanizer, a gas administering apparatus and other additions to his equipment too numerous to mention. It is safe to say that Dr. Robertson has the most

home-like and best equipped dental parlors of any dentist in the Panhandle.

A new postoffice has been organized in the southern part of Oldham county to be known by the name of Vega.

The south-bound train yesterday switched off three cars containing eighty prospectors from the north. Local agents Witherspoon and Gough, in conjunction with numbers of our citizens who tendered their services and vehicles, took them in charge and showed them the country adjacent to Hereford.

It is devoutly to be hoped that Panhandle farmers will never go wild over wheat again.

W. H. Howard presents his name this week for the office of tax assessor of Deaf Smith County.

Professor W. B. Parks, teacher of mathematics and the sciences in Add-Ran College, tendered his resignation last week and left Saturday for Waco where he has accepted a similar position in the Texas Christian University.

BULL

Jim Kirby sure is excited. He says this Hereford Bull isn't anything compared to a Jersey bull which J. A. Roe has out on his place. The Jersey bull, it seems, fights barrels. Jim says you can throw a 50-gallon, steel barrel over the fence and the bull will fight it until he gets tired, then will toss the thing back out. He says that it has bounced the old steel barrel around until holes are worn in the sides. I told him I figured we should send the rascal to Congress, since that is the way they seem to be doing the soldier vote bill. Jim said he wasn't joking, however; he says it is a real treat to watch the barrel juggling act. The bull thinks it is a swell game, too. Mr. Roe verified Jim's statement, even adding that the bull had awaked him at 4 o'clock in the morning bouncing this barrel around when it happened to be left in the pen overnight.

Boyd and Mrs. Knox got a picture from their son, Jack, who is in foreign service with the Sea-Bees. If you remember Jack as a little fellow, then forget it. He is now one of those guys Joe Louis wouldn't want to meet on a dark night. You can see the muscles bulging all over him. I can see now why the Marines hold the Seabees in such high regard.

Just had a note from Elizabeth Ann Oliver, niece of Miss Sadie Lee Oliver, who says she would like to see all of her friends out in this country. She visited here several times and is now studying at Baylor Belton. She also sent a long joke clipped from the Belton Journal. The joke really prompted her note, due to the fact that it sounded to her like a typical Bull Column joke:

Did you hear the one about the deaf lady who entered the church with an ear trumpet? You did? Well, she sat down, and as she was settling herself an usher tip-toed over and whispered, "Listen, maram, one too—and out you go."

G. W. Newsom has moved out to the farm. He is the first banker I ever knew who lived on the farm, although I have figured a lot of them ought to—especially when I tried to borrow money and didn't. Anyway, in this land of "town-farmers", it is different to find a fellow who lives on the farm and works in town.

Mrs. Allan Bell came back from Dimmit with the story of an unusual meeting of three Castro County brothers, Ted, Bob and Rex Sheffy. These boys are the sons of Mr. and Mrs. Sydd Sheffy of Flagg—and they

met by pure chance in Pearl Harbor. Ted is on the destroyer "Alwyn" and has been in the navy two years; Bob is on the "McGee" and has been in the navy two years, which Rex has been in only six months and is stationed at Pearl Harbor. Rex knew the ships his brothers were on and upon seeing the "Alwyn," looked up Ted; the two of them then saw the "McGee," so they looked up Bob. It was quite a reunion, since the boys had not been together for more than two years.

Thanks to Bill Bowman and Ralph Jennings, both of these boys were nice enough to send some London newspapers—which were sincerely appreciated.

I also had an interesting letter from Ralph, who says he is still in the battle of "Spam and Brussels sprouts." Here's part of his letter, which shows how widely Hereford is known:

"You might be interested to know that the 'Town Without A Toothache' is in a small way famous in England. I was in a Red Cross club in Liverpool recently and registered in the State book. The lady director noticed the town and state and asked if she was correct by saying Hereford was the place where no one had bad teeth trouble. After informing her she was right, I was swamped with 900 questions by her and another English woman about the water and vegetables. I was forced to show my teeth, of which are a poor example I am afraid, but still better than the average Englishman's teeth. Next morning when I checked out of the club and was waiting for a truck to take me to the airbase, a young lady came up to me and asked if I was the soldier from 'the town where everyone had teeth.' I told her some of the people didn't have teeth, but most of them had and she informed me that I had been invited to visit a doctor, who had read about the research in Hereford. I had to offer my apologies, but promised to return sometime later. The important point is that Hereford is something more than a dot on the map."

It looks as if Hereford's potato processing set-up will be just about doubled this spring, despite general difficulties. I understand that plans are underway for five new processing plants, some of which will be pretty big ones.

Among those who expect to put in processing plants are Walter Hodges, Phil Barclay, Joe Evans and Sons and Neff Bros., Glenn Boardman and Goldwyn Milner, and Fred Barrett and Sons. Plants here last season will continue, but some of them will be under new management. The Association will continue; Taylor Farms has been secured by J. K. Baker; the old Carpenter House was operated last year by Phil Barclay and is now being handled by John Mosely; the Howard plant, installed last year southeast of Sears Grain Co., is now being operated by Owen Finland. Howard Gault will continue in the old Craner and Gault location. There may also be some other operations of which I haven't heard. Anyway, it would appear that this area will be able to handle most of the 1944 potato crop.

C. H. Clark, Wichita Falls oil man and rancher, has also been in this section looking over possibilities. It is also possible that Mr. Clark may be back in this territory before the potato season opens.

Aiken Discusses England in Wartime For Business & Professional Women

Discussing "England in Wartime," Rev. James Aiken, Jr., spoke to members of the B&PW Club Monday night, using as his information source a talk recently given by Dr. Henry Sloane Coffin, moderator of the Presbyterian Church in the U. S. A., who recently visited England and described his experiences to Panhandle churchmen at a meeting in Amarillo a few weeks ago.

Pointing out the absolute lack in England of what Americans would consider bare necessities in the way of food and ordinary home comforts, Mr. Aiken went on to discuss the English attitudes and thought toward the war, toward the enemy and toward America.

Tired and a little bored after five years of war, the English people nevertheless have no thought other than a resolute determination to see the job through to victory; and unlike many American civilians, they seem to feel no hatred toward the enemy. This, Mr. Aiken points out, is possibly because they have a much clearer conception of what war is.

"Knowing what 500 tons of bombs did to London, they know what the people of Berlin experience when 2000 tons of bombs drop on their city," he says, adding that this "understanding of war" is probably also the reason that the British people do not "gripe" about wartime privations.

"Profoundly grateful for what America has done to turn defeat into victory, England looks forward toward closer relationships and better understanding with America," Mr. Aiken points out, adding that Britishers do not believe that the inevitable post-war economic rivalry will result in serious misunderstandings between the two nations.

Mrs. Ethyl Robinson, program chairman, introduced the speaker.

Mrs. Velma Hodges was hostess. Present were Mesdames Bessie Smith, Ethyl Robinson, Dyalia Brady, Ann Holman, Bessie Lee West, Corrine Jennings.

MRS. W. M. EMMONS IS HOSTESS AT BRIDGE-LUNCHEON

Mrs. W. M. Emmons entertained members and guests of the Wednesday Luncheon Club at her home last week. A Mexican theme was carried out in colorful arrangements of glazed fruits and vegetables as a table centerpiece. The luncheon was served buffet style and small tables were covered with gay cloths and the menu repeated the Mexican theme. Tallies and appointments for bridge games which followed the luncheon picked up the same theme and colors. Mexican pot plants and coteaus were used about the house.

Three guests were entertained with members. They included Mrs. Knox Kinnard, Mrs. O. L. Click and Mrs. Seth B. Holman. Mrs. Alton Fraser was high player for score award in the contract games.

Members present were Mesdames W. L. Davis, Oscar Easley, C. C. Acker, Alton Fraser, Jimmie Gillentine and the hostess.

THIS WEEK AT THE U. S. O.

Friday night this week the boys are to have a change from the regular army diet and will fill up with waffles at the USO. We hope to start serving at 7 o'clock. Anyone who wants to donate food or time to this worthy cause please let us know. We could do with a good dishwasher too.

Since we mentioned it before, the Dawn Study Club, the Bay View Study Club, and the Lone Star Club have been hostesses at the Sunday coffee hour. We brought a coffee pot and a sugar and creamer set this week. Any club or person who wants to furnish a pound of coffee and a pint of cream and an hour of their time on Sunday can be hostess at this hour. One person could easily do it with the assistance of the host and hostess on duty. We could use a volunteer dishwasher who would come in about 9 o'clock and wash up the cups.

We are planning to start a weekly one-half hour quiz program on Wednesday, nights from 8:30 to 9:00 in March. We hope that it won't turn out weakly instead of weekly. Hereford citizens are hereby warned to brush up on their knowledge because we will probably schedule a citizen vs. soldier quiz once a month. We hope to give a prize or two each week and any individual or merchant who would like to donate to this worthy cause please call the USO. Cigarettes, vitamins, soaps, food etc. will be acceptable. We will endorse no special brands. We accept anything.

The G. S. O. girls are cooperating nicely with Mary Broadwell our new Junior Hostess recruiter. Some are signing up for the same night each week, saving wear and tear on the telephone operators and on Mary too. Saturday night the girls

made candy. There wasn't even a sample left on Sunday so it must have been good. There evidently weren't any K. P. soldiers around that night because the dishes didn't get washed until the next day.

Mrs. Olson attended a staff conference meeting at the Auditorium USO on Monday of this week. Miss Vena Clark of Borger USO who recently attended a USO Institute at San Antonio and Miss Ruth Campbell, assistant regional supervisor, with headquarters in San Antonio were present and gave some valuable information.

Don't forget the Community Sing next week. Miss Elizabeth Roe of the Clovis USO spent the week end in Hereford. She came to Clovis from Nebraska six weeks ago and stopped in to visit. She decided then that Hereford was a nice little city and she would come here for week end rests from her work. It was good to exchange ideas with her.

4. Heat no more water than necessary.

West Texas Gas Company

The fact about the natural gas shortage is NOT that there is LESS gas than during pre-war days, but that there has developed a greatly increased demand for this vital fuel. EVERYBODY, including businesses and industries, as well as householders, can do a great deal to help relieve this shortage simply by following this slogan: "USE WHAT YOU MUST, BUT SAVE WHAT YOU CAN!"

R.S.V.P....

and Uncle Sam doesn't mean maybe!

If you are a patriotic American, this is an invitation which you must read and heed!

The life of our country may depend on the life of your car. If this sounds exaggerated, remember that official estimates declare that the nation's all-out war effort will be seriously endangered if the number of serviceable cars in the U. S. falls below 20,000,000.

In 1943 the number of cars scrapped was 1,500,000. This year 2,000,000 more will probably go to

the junk heap. Yours must not be among them. Literally, you must coax and cajole every last bit of usefulness from the aging engine, chassis, and tires of your car.

Phillips 66 service men are specially pledged to perform all services which will improve the operating efficiency of your car and lengthen its life. Phillips Tire-Saving Service includes checking air pressures at least once a week... inspecting for nail holes, cuts, and bruises... examination of tire carcasses to warn you when recapping is advisable and still possible.

Phillips Car-Saving Service includes inspection of battery, air filter, and anti-freeze protection... regular lubrication at every point

specified by the maker of your car. So do the right thing. Do the wise thing. Care for your car for your country by enlisting the aid and cooperation of the nearest Phillips 66 service man. Drive in at any Orange and Black 66 Shield... sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

"Know How" is a new expression that describes an old American custom of making experience give all-out aid to every job that is done. . . We are proud of our record of achievement — of our years of experience and of the 114,850 prescriptions we have filled during those years. . . Each was exactly as the physician intended it to be — made with pure, fresh drugs of standard strength — weighed, measured and mixed with painstaking care for absolute accuracy. Our years of Know How represent a great protective force.

BRING YOUR DOCTOR'S PRESCRIPTION TO US!

So many doctors are serving with the armed forces that a heavy burden has been placed on the shoulders of those who remain at home. You can ease this burden while you protect your own health. IN MARSHALLS BATTLE

Pfc. J. W. (Red) Merrill, ace quarterback for the Hereford Whitefaces in 1943, has gone on to bigger and more important battles, according to a letter received last week by his mother, Mrs. Virgil Merrill, who says that Red was in the Marine division which helped relieve the Japs of control of the Marshall Islands.

Red did not receive a scratch, but reports going through a "living Hell" during the first few days of the invasion.

Merrill, 19 years old, enlisted in the Marine Corps on May 24, 1943, took training at San Diego and Oceanside, Calif., before leaving for foreign duty. The action in the Marshalls was his first battle duty.

MEET IN ENGLAND

Cpl. G. H. Whitaker and Pfc. Woodrow Whitaker recently enjoyed their first meeting in two years when G. H., a veteran of Tunisia and Sicily and now stationed in England, got a ten day furlough to visit Woodrow, who has recently arrived in England from the States. After attending a dance at a Red Cross Club, the Hereford boys report English girls as definitely no jitterbugs.

The boys are sons of Mr. and Mrs. G. H. Whitaker of Hereford.

AT BASIC SCHOOL

L. B. Russell, son of Mr. and Mrs. W. H. Russell, has reported to the Army Air Forces Basic Flying school at Courtland, Ala., for the third phase of his pilot training.

L. B., who has been in the service for two years, held the rank of First Lieutenant in the Army ground forces before volunteering for flight training.

IS PETTY OFFICER

Earl Edward Hussey, son of Mr. and Mrs. C. P. Hussey of Hereford, has qualified for the petty officer rate of machinists.

Writes Flight Officer Coleman, "The boys are all plenty eager and are there to deliver the goods when called on. As of this date we have shot down 12 enemy fighters and the boys think they got two or three that they could not get credit for. Of course, we had a rough time on the Jan. 11th raid, and the boys got seven that day." Coleman is a son of Mr. and Mrs. R. J. Coleman of Messenger.

Time-Tested Advice About Chest Colds!

Grandma Was Right
Time Has Proved It

Today, the first choice and family standby for relieving miseries of colds in millions of homes is the same home-remedy grandma used . . . Vicks VapoRub! What better recommendation could a product have! When you rub time-tested VapoRub on the throat, chest and back at bed-

time it starts to work 2 ways at once—and keeps on working for hours to relieve coughing spasms and congestion in the cold-clogged upper breathing passages, to ease muscular soreness or tightness. It invites restful sleep. And often by morning most of the misery of the cold is gone! Try it.

PROCLAMATION

Designating February 27 through March 4 as Texas Week
 WHEREAS, the approach of Texas Independence Day and Alamo Day herald a week of deep significance and profound meaning in the minds and hearts of all Texans, and
 WHEREAS, I am prompted by the patriotic members of the Forty-Second Legislature, as expressed in Senate Concurrent Resolution Number Eight, and by my own feelings of love, loyalty, and patriotism toward my State;
 NOW THEREFORE, I, C. J. Paddock, Mayor of the City of Hereford, Texas, do hereby proclaim the week of February 27 through March 4, 1944 as
TEXAS WEEK

I urge all citizens of this municipality and of Texas to observe Texas Week in an appropriate manner. No one of us will fail to cherish the rich heritage which our founders and forefathers prepared for us of this generation.
 During this week let us make much of the spiritual values of our history and of our traditions. Let us dedicate our lives afresh to ideals of statesmanship, character, leadership, and service. Let us make it possible, as did our forebears, for our own and for future generations to enjoy liberty as of conscience, of speech, of the press, of worship, of public assembly, and all the other liberties which we cherish.
 In this critical hour when democracy, even civilization itself, is at stake, it is more than ever fitting to commemorate the glorious deeds of those who laid the cornerstone of the Texas Empire. Let us prove ourselves not unworthy of the incomparable heritage left to us by pioneers and martyrs.

What they fought for in the past we are determined to hold.
 Remember Goliath. Remember the Alamo. . . REMEMBER PEARL HARBOR.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of my Office to be impressed hereon at Hereford, Texas, this 21st day of February, A. D., 1944.

C. J. PADDOCK,
 Mayor of Hereford, Texas.

B'long New Guinea Job Again, Makum Rubber.

The pompadoured Papuan boys who took to the hills when the Jap struck are back at work on the New Guinea rubber plantations, now that the invader has been driven back—tapping and processing latex in a land where rainfall reaches 140 inches a year. Rubber production began on New Guinea some 30 years ago when pioneer planters imported trees from Malaya, taught the fuzzy-wuzzles how to tap, how to operate the machines that turn liquid latex into sheets. When war came, the labor supply scamped and the planters evacuated to Australia. Now, under Australian army control, rubber is coming out again—to feed the Allied war machine.

CLUB PROGRAM IS HELD IN BENSON HOME

Mrs. George Benson was hostess for the Pioneer Club Tuesday afternoon with Mrs. H. D. Reed as assistant hostess.

Mrs. B. E. Roberson was program director with Mrs. P. H. Gilliland presiding over the business session.

Mrs. Roberson opened the discussions for the afternoon by reviewing an article in "The Woman's Forum" in which the author described the changed thinking that women are doing today. She also quoted Pearl Buck to say, "Indifference of the women of Germany has been a contributing factor for war."

Mrs. E. S. Ireland discussed "Women's Part in Politics" describing a small town in Tennessee in which all city officials are women.

Mrs. H. D. Reed brought the patriotic part of the program when she reviewed an article "Sewing on the Stars" in which is told something of the modern Betsy Ross. She told of Mrs. Bertha McAnally of Philadelphia who made the flag McArthur refused to see lowered, and of Mrs. Mary Hoffman, director of a New Jersey plant. She also told

Bentley, food supply demonstrator; Mrs. H. V. McCabe, Mrs. T. L. Welch and Mrs. Walter Galley, yard improvement demonstrators.

Those present were Mesdames Frank Smith, Cliff Potter; Carl Wimberley, T. L. Welch, L. H. Bentley, Henry T. Hamblin, Jess Dodson, J. D. Pruitt, Adolph Frye, Carl Luke, H. V. McCabe, W. P. Caraway, F. Octogenarian Celebrates Birthday

Childhood memories of A. J. May date back to the time of the Civil War, and many old-time memories were revived at the birthday dinner given at the home of Mr. and Mrs. May last week.

Mr. May was 86 years old Feb. 15. Though having been ill for several months, the octogenarian is now in apparent good health and took keen delight and interest in pictures made of himself and his wife.

Arriving early to spend the week in the May home were

their children, Mrs. J. O. McVay and Chester May, daughter and son, and two friends, Mrs. Irene Van Fleet and Stella Clark, all of Hutchinson, Kans.

Others present at the birthday celebration were Mr. and Mrs. W. A. May and sons Marvin and Melvin, Mr. and Mrs. Ernest May, Mr. and Mrs. Glenn May and son, Mr. and Mrs. Albert May, G. W. Brumley, Mrs. Louie Olson and Mrs. I. H. Spratt. Many gifts and messages of congratulation were received by the honoree during the day.

Mrs. Gililand is Birthday Honoree

A lovely affair was the birthday-dinner party complimenting Mrs. P. H. Gililand Tuesday evening with Mrs. Reed Williams and Mrs. A. L. Manjeet as hostesses at the Williams home.

The birthday theme was carried throughout the house in decorations. Yellow rosebuds and matching jonquils were everywhere emphasizing the spring accent for February's children.

The centerpiece for the table, from which the dinner was served, was the large birthday cake, with "happy birthday" traced in yellow icing across the top, and placed to reflect against a tall mirror. White tapers flanked the center arrangement and burned on the buffet. White linen cut-work and lace cloths were used on all the tables.

Small tables for four were centered with corsages of jonquils and greenery and were later presented to each table's February birthday guest.

After the dinner entertainment features included cowboy songs and instrumental music by Dan McCowan and guests wrote favorite recipes for the honoree. A roll call of remembered "Happy Birthdays" revealed amusing incidents and provided fun for the entire group.

Special friends of the honoree made up the guest list and included Mesdames C. T. Guseman, C. J. Mountz, H. G. Conkwright, John McLean, A. O. Thompson, Wirt Phillips, Marlin Gilliland, J. M. Gilliland, G. P. Owen, Egbert Brady, J. Wallace Robinson, Jim Lipscomb, F. W. Dodson, Dorothy Ross, Bob Wilson, Jack Gilliland, John Olson, J. P. Slaton, F. M. Kester, Bob Higgins, Jack Roberson, J. B. Harlin, Malcolm Casseis, Frank Gyles, Henry Hastings, Ralph Hastings, J. T. Gilbreath, Jr., C. Ora Cockrell, Reber Howton, Miss Sadie Rigler, Miss Sadie Lee Oliver, the honoree and the hostesses.

Girls! Here's Your Chance ... Leap Year! Feb. 29

Prince Hereford

Hi Ya, students! How you all? The same swell kids that attend Hereford High, I guess. Ho! Hum! Another day, more gossip, which Homer jumps around with. And what I've got to tell you is strictly off the press. Dan McCowen, the new junior seems to be doing all right. At least a certain junior girl he took to the dance last Friday night seems to think so. Joan Wilhelm has a smile for everybody. Why, she even smiles at me when she enters the school building each day. Beverly Fraser just loves to wear L. W. Bridges' shoes and L. W. just loves to wear Beverly's. Homer tells me that they traded shoes in band the other morning and were having quite a bit of fun about it. George Loerwald and Pete Davis are only two of the students in chemistry who lead Miss Hancock a life of—well, just ask Miss Hancock about it. A former senior student of Hereford was visiting school the other day. It was none other than Earl Hussey, now a sailor in Uncle Sam's Navy. It really felt like home having him around talking old times over with all the boys. The cornet section in the band is at it again. The correct position to hold a cornet is horizontal with the floor and Mr. Smith is going to remedy the players who don't sit correctly by giving the other players permission to stomp anybody's feet who doesn't hold his cornet correctly. More sore feet! Peggy Barnard is office girl fifth period. She must have a good reason to call so many students out of chemistry class or else she just does it so she can get a glimpse of a certain senior boy every few minutes. The freshmen and the sophomores, last stretch runners for the bond contest really got "stewed" up about things Tuesday morning because of the close racing that was going on. The freshmen came out victorious but not with out the sophomores giving them plenty of steaming competition. Unless Homer gets spring fever and goes off to "mope over" his current heart-throb, I'll be back to let things whistle through your ears next week. L. H. Lookingbill: "I love you. You are the most wonderful girl in the world. You are the object of my dreams, the light of my life, the hope of my hopes. My inspiration and my ambition. I would fight dragons, conquer the world for you. Will you be mine?" Virginia Mae Geren: "Do you really like me, L. H.?" Bobby Carnahan: "May I kiss you?" Naomi Brumley: "Heavens—another amateur."

Miss Vita Min's Advice Column

Some of you have responded very well to Miss Min's All-kinds of Problems Advice. Here are some more questions sent to Miss Min. Dear Vita, Should a child sleep alone or with others? Is it all right to have a child sleep by himself in a bed of his own but in the same room with others? Wonderingly yours, Louise Young. Dear Louise, A child should never sleep with anyone. It is all right, though, for the child to sleep in a room with others just so he is in a bed of his own. Helpfully yours, Vita Min. Dearest Vita, My dog, Cedric, always barks at airplanes. Do you think he has malnutrition? Worriedly yours, Mettie Lee Roots. Dear Mettie Lee, You might try feeding your dog, Cedric, whipped cream enriched with AIR! Most helpfully yours, Vita Min. Dear Miss Vita Min, Since a child should not eat food that adults eat, how may they eat without being tempted by other foods? Hopingly yours, Ramona Gunstensen. Dear Ramona, The child should have a separate table and chair of his own in the other room. It is preferable that the child should have a separate room or nursery of his own. Helpfully yours, Vita Min. Dear Miss Min, Should I let my baby brother eat my piece of pie? Eagerly yours, Jimmy Easley. Dear Jimmy, No, I don't believe so because he might eat it all and then you would find yourself without any pie for yourself! Helpfully yours, Vita Min. Please send your problems to Miss Vita Min for advice. Leave your problems in the Homemaking laboratory. Address them to Miss Vita Min in care of Homemaking Lab. Hereford High School.

H. H. S. Tops Goal In Bond Contest

High School went over the top in war bond sales. Keen rivalry was expressed throughout the contest. For each individual that a bond was sold the class received one vote. The final returns were: Seniors—43, Juniors—50, Sophomores—98, Freshmen—108. The Freshman class will receive a free line party at the theatre. The four individuals who sold the largest amount of bonds in actual value were: Wayne Newsome—\$7,100, Paula Mathers—\$3,550, Cecilia Guseman—\$2,500 and Helen Tucker—\$2,350. The total sales of all the classes was \$31,700.

Sophomores Blush As Idle Talk Is Revealed

In the sophomore class meeting Wednesday, Bessie Caraway did a little bit of idle talk about people. (Some faces surely did turn red.) Any of these names of people similar to the subject is purely coincidental. It seems that Wilson Millard likes a certain little Sophomore, resembling Dorothy Williams, even though she likes expensive food. Men are neither too young nor too old for Helen Ann Pitman. Duane Williams likes girls, but he won't give a toast to them. Helen Tucker likes to grumble about anything. Imonnell Edwards will never grow up. (How can she be anything but the child all the time with her stature?) Jessie Ann said to John L. "We Mustn't Say Goodbye." (I think they meant it.) Charlene Walker hasn't found an "ideal man" yet. Why don't you buy a "Paper Doll," Charlene? Betty Doak is getting tired of sitting under the apple tree without him. Thomas Malm and Alyeene Malm rush home every afternoon. Alyeene's motto is "You'd Be So Nice to Come Home To." Thomas's motto: "How Sweet You Are" (with a twisted smile.) Jackie Wright and Charlene Davis can talk on any subject. (I wonder if they are in love?) Ralph Fullwood knows all the history that's not in books. Forrest Moulton and Jimmy Green are perfect gentlemen in class. (Are they just polite, or do they like to day-dream?) Peggy Barnard and Barbara Smith gaze into space a lot. (Have they got "Love-Fever?") Dorothy Dishman walked up to Elizabeth Benson and said, "Ain't Love Grand?" Elizabeth replied, "Sunday, Monday, and Always."

Racial Problems Are Discussed By Tri-Hi-Y

The main item of business of Tri-Hi-Y as they met Tuesday night, February 15 was the issuing of tickets for the "Talent Hour" which will be held in the Hereford High School auditorium at eight o'clock February 25. The tickets will be sold for \$17 and \$28. The program of the meeting consisted of a very interesting panel discussion based on racial problems. "We've a Story to Tell to the Nations" was the opening song and was followed by a scripture, Psalm 24: 1-5, read by Christine Smith. Marie Moreman was chairman for the discussion. Cecilia Guseman, Madelle Beavers, and Beverly Barkley were the speakers of racial problems. The three races that were discussed were the Jews, the Negroes, and the Japanese. It was brought into the discussion that it is unChristian to hold race prejudices. The club discussed how the race disputes must be handled in order to have a strong democracy and democratic principles. In the times that one now faces it is often hard not to hold grudges against the peoples of other races. The program was concluded by the club's repeating the Tri-Hi-Y benediction.

Senior Personalities

Claudia Mathis, who has green eyes, blonde hair, and is five feet tall, likes anything made of chocolate and she simply detests cottage cheese. Here are some of her favorites: song, "Sky Lark"; saying, "suir"; actress, Bettye Davis; author, Gene S. Porter. Her hobbies are collecting scenic post cards and making scrap books. Claudia has gone to Richland and Snyder, Oklahoma, and to Lakeview and Hereford, Texas, during her high school years. In Richland she was president of her class; in Snyder, she was a member of the Glee Club and the soft ball club, and she is a member of Los Viajeros here in Hereford this her senior year. Claudia was born in Hobart, Oklahoma, December 21, 1926, and she must think a lot of that State, for she plans to go to the University of Oklahoma next fall to become a nurse. Lottie Bell Edwards was born July 13, 1926 at Vernon Texas. She grew up to be 5 feet, 2 inches tall, weighing 108 pounds, with blue eyes, and dark brown hair. Her favorite food is mince meat pie, and her most "un-favorite" one, hominy. Her pet peeve is snobbish people. The expression you will most often hear from her is "gee whiz" and her favorite song is "Sunday, Monday, or Always."

H. I. C. Defeats Whitefaces 31-19

The Hereford High School Whiteface played the H. I. C. in a bang-up game last Tuesday night. The Whitefaces played against their toughest opposition this year in this game. The Camp team was exceptionally good. Incidentally, this team had beaten the other Camp team 46-36 the night before. The high score men for each team are: H. I. C.—Hazelriggs; Whitefaces—Lloyd Manjeot. The camp team was the fastest all around team that has played in the high school gymnasium this year. They were as good on defensive as they were on the offensive as the score tells. The Whitefaces' defense was the best seen all year; their offensive started clicking in the last quarter and was as good as their defensive after they got started. All in all, I would say this was the best game that the Hereford boys have played this year. There was a fair crowd out to see this last home game of the season for the Hereford Cagers. The score was H. I. C. 31; Whitefaces 19.

Hereford Herd Travels To Dumas for Games

The Hereford Quint traveled to Dumas for the closing series of games in the 1944 basketball season. The tournament was on the basis of double elimination. The first game Dalhart, outdid Hereford to the tune of thirty-one to twenty-two. The next game was with Dumas and again luck was against the herd. The outcome was forty-three to twenty-three with Dumas on top. The boys have finished the season in very good shape with an even per centage of wins and losses.

Central Students Help Red Cross, Collecting Puzzles

Each week the cartoons and puzzles will be given to Mrs. Clyde Cave, Deaf Smith County Chairman of American Junior Red Cross, who will have charge of using the material in the preparation of booklets for the soldier boys.

Variety of Entertainment Offered To All Tomorrow Night at H. H. S. Aud.

Hi-Y Members Will Be Dismissed From Club

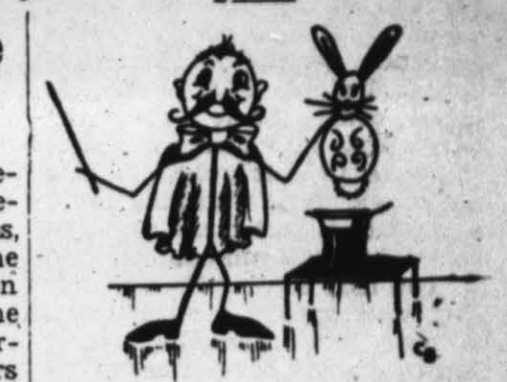

"If the members are not regular in attendance but are present only at special occasions, they deter the progress of the club." So ran the discussion at the regular meeting of the Hereford Hi-Y. After considerable discussion, the members passed the motion that any member who is absent from three consecutive meetings without a reasonable excuse shall be excused from membership. There was no other business transacted. Mr. Ford had charge of the program which consisted of a continuation of the study of the book "So Youth May Know" by Roy E. Dickerson. This study will be continued for at least three more meetings. All members are urged to be present so that they may receive the benefits of this study.

Seniors Are Measured For Caps and Gowns

Last week, there was a lot of chest expansion and tip-toeing among the Seniors at activity period for two days. The reason? Why, they were measured, of course. The measurements were for the graduation caps and gowns, and gleams were to be found on many faces in anticipation of that terrifying but thoroughly happy moment in the lives of all Seniors. Friday, February 18, the Seniors made another momentous decision in their very busy lives. They selected their invitations and cards from representatives of the Star Engraving Company of Houston.

Earl Hussey of U. S. Navy Visits Friends in H. H. S.

Last week visiting in H. H. was one of the old students, Earl Hussey. Earl is now in Uncle Sam's Navy and has been stationed at Wahpeton, North Dakota, where he has just graduated from an advanced mechanical school. He is now a third class machinist mate. After his five-day leave he left for Bremerton, Washington, where he will be on shore duty. :aington,ecin-mfa

Are you all set to spend an enjoyable evening at the high school tomorrow night? The "Talent Hour" which is being sponsored by the Tri-Hi-Y club will begin promptly at 8:00 in the auditorium. Entertainment will be presented by high school and grade school students, by men in service from H. I. C. and by other prominent townspeople. Miss Marie Glaspy is helping the small children; Miss Irene Crawford is directing the high school participants; and Mrs. John Olson has charge of the Camp number. They are all working together to provide a good program which will continue for about one hour and a half. All Tri-Hi-Y girls are selling tickets, but if you should not get one, tickets will be sold at the high school for the same prices—fifteen and twenty-five cents plus federal tax at the entertainment. The proceeds will go to the Tri-Hi-Y to help the girls carry out their different projects one of which is the giving of flowers, cards, etc. to persons who are ill all over the town. Please accept this special invitation to the "Talent Hour" Friday, February 25, at 8:00 P. M. in the high school auditorium.

Good Smells Emanate From the Home Economics Laboratory

"Hummmmm! What is the good smell?" is what has been said lately in the halls of Hereford High. It is the Homemaking I classes and the B. S. P. learning to cook. They are cooking breakfast dishes which consist of different kinds of toast and eggs, biscuits, and muffins. The part (which can be either good or bad) that is a little catchy is that the students have to eat everything they cook—or get a falling grade for that day! But good or bad, they seem to be learning and enjoying it a lot.

St. Valentine's Provides Gala Event For Seniors

Monday night, February 14, was a gala occasion for the Seniors, who celebrated St. Valentine's with a party at the home of Orville Calhoun. A valentine box with "Seniors '44" on it was another attraction. The group was entertained by playing table games of all kinds. Music was supplied by Nettie Hood at the piano, and Orville Calhoun played the French harp (Tunk's favorite seemed to be "Take Me Back to Colorado"). The highlight of the evening was that of distributing valentines. Ellen Posey drew the lucky number and won a box of chocolates. The Seniors gave Miss Davies and Mrs. Beene each a box of candy also (which the kids enjoyed very much). After refreshments were served the party ended with everyone's having a good time. The Seniors would like to express their appreciation to Mrs. Calhoun for the use of her home and to the mothers who gave them such good "eats."

Victory Garden Suggestions Offered by CHDA

About half the Victory gardeners in this country are new at the job. And though gardens have been the rule at most homes in Hereford and Deaf Smith County for the past two years, there will still be plenty of new gardeners on the job here this spring, believes Miss Sadie Lee Oliver, county home demonstration agent, who points out that if you're in this group of new gardeners, there's nothing to be ashamed of—just make sure you do the best job you can.

"You may have difficulty getting your garden plowed," Miss Oliver points out, adding that if you can't get your garden plowed and harrowed carefully, you can still do a good job with a spading fork and rake. Spade it deep, but get the fertilizer well mixed and the soil well pulverized. Tiny seeds often will not sprout through big clods and lumps.

Most Hereford gardeners, however, are still in the planning and seed catalogue stage; and these tips from J. F. Rosborough, horticulturist for the Texas A & M Extension Service, should prove helpful:

If you've got the space in your garden, try to include some vine or bush type fruits. They're a good investment.

Regardless of what else you plant, include plenty of green leafy and yellow vegetables, plus lots of tomatoes.

If your garden space is limited, leave out the potatoes and the sweet corn. A garden space of at least 60 by 100 feet is necessary before you try corn. And don't go too heavy on radishes and onions as most amateurs do.

Make your garden as large as you can care for—enough to supply your needs for fresh vegetables and plenty to can for the non-productive seasons.

Next, be sure to get the weeds early—and when thinning time comes, do that job well, so your vegetables will be well-shaped and they'll grow off quickly. When it comes to bugs, get them early; and make your motto, "Shoot to Kill."

According to the local Red Cross office, American prisoners who are reported as in poor health also receive an invalid package which has added nutrition values for building up health. Rationing Gets Complicated Till Tokens Established

During the three-week period from Feb. 27, when the new ration token plan begins, and Mar. 20, when the last of the green stamps good for buying processed foods runs out, one-point green stamps, along with tokens may be given in change when processed foods are bought, the Office of Price Administration provided this week.

While one-point brown stamps (for meats and fats) have been used for change making in the past, use of one-point green stamps had not, before now, been authorized by the rationing regulations. It is desirable to permit their use during the three-week transition period since it is possible that tokens may not be well distributed in some sections and for a time the one-point green stamps, along with the one-point brown stamps, may be needed in a few localities for change making.

During the three week transition period from the old rationing program to the simplified token plan, two sets of stamps will be used for processed foods and two for meats.
