AROUND TOWN SIGHTS, FACES SEEN

Store windows are carrying out the fall theme in attractive displays of merchandise along with fall trimmings of blue frosted grapes, big yellow chrysanthemums, multi colored leaves and fall colors, of red, gold, yellow and brown for backgrounds.

October's bright blue weather ran to a high of 82 degrees on Tuesday at 3 p. m. with a low of 55 degrees at 6 a. m. Sunday morning for contrast. Sunday registered a high of 80 degrees at 1 p. m. Monday had a high of 72 degrees at 3 p. m. and Wednesday at noon the chart at West Texas Gas office showed 80 degrees.

Mr. and Mrs. Don Nichols are new comers to Hereford and are at home on 25 Mile Avenue at 706. He has just graduated from Iowa school in advertising and is employed at The Hereford Brand.

Girls on-duty at the City Drug Store fountain have a customer whom they have not been able to figure out until he was recently explained to them he was only following an old western custom. He picks up his glass, spoon and other dishes carried them up to the front and deposits them on the counter for washing. Westerners and old timers recall days when it was the custom of cowboys to carry dishes over to the cook if they were in cow camp or round-up, or if at the ranch they carried their dishes to the cook's dish pan after (Continued on Page 3)

High School Favorites Are Chosen

High school favorites for the 1948-49 year have been chosen by the four classes and photographs of the couples were made for the Whiteface Round-Up, high school annual.

The candidates were elected by popular vote on the basis of personality, friendliness and school spirit. Annually the elections are held to name the favorite two student leaders from each class to represent the class in the yearbook.

A Mr. and Miss Hereford High is also chosen, a coveted honor to which anyone in the school is eligible, but identity of this pair is not revealed until the annuals are distributed in the spring.

Senior class favorites selected this year were Betty Smith, blonde haired daughter of Mr. and Mrs. E. F. Smith, and Bradley Lookingbill, son of Mr. and Mrs. L. B. Lookingbill.

Ruth London and Alex Schroeder are the Junior class choices. Ruth is the daughter of Mr. and Mrs. Walter London and Alex's parents are Mr. and Mrs. A. J. Schroeder.

Named by the Sophomore class favorites were Joyce Potter, daughter of Mr. and Mrs. Cliff Potter, and Ted Houston, son of Mrs. Frances Houston. Freshmen Clara Jayne West and Harold Morton were named in their class election. Clara Jayne is the daughter of Mr. and Mrs. T. F. West and Harold is the son of Mr. and Mrs. J. G. Morton.

Wimple Says Highway Panel To Make Effort In Harrison Paving

Fred S. Wimple, State Highway Commissioner from Midland was in Hereford last week with District Engineer James G. Lott of Amarillo to inspect Harrison Highway, proposed farm to market road, under pavement consideration by the Texas Highway Department.

He could make no definite commitments, but indicated the commission would make an effort to pave it. At present the highway is being graded and improved, under auspices of the county commissioners' court to aid travel conditions for the large amount of traffic which the road carries daily.

For Some West Texan's Sweet Tooth

Photo By W. H. Patton

This beet will soon provide sugar for some West Texan's sweet tooth. Typical of the beets now being harvested is this 15 pounder dug on Ernest Kendall's plot seven miles south of town. Many Hereford beets reach 25 or 30 pounds but this one of the late planted ones, seeded May 20. Size comparison is obvious when the beet is compared to the Number 1 potato pictured alongside and to Kendall's hand atop the beet.

Methodists Raise \$800 Quota For Church Owned Colleges

The First Methodist Church of Hereford, was one of the first to meet its quota of \$800 set at a meeting of state church conferences to support Methodist-owned colleges and universities for Texas announced Rev. Don Davidson Wednesday.

"The Wesley Foundation Program is back of this plan for state college aid by the church, for religious education in the colleges," Rev. Davidson said.

Churches in Texas, Southwest Texas, North Texas, Central Texas and Rio Grande Conferences will observe October 17 as Texas Methodist College Day.

Members of churches in the Northwest Texas Conference will hold their College Day observance on November 14.

Bishop A. Frank Smith of Houston listed a three-fold purpose of the observance: to unite Texas Methodist in support of all Methodist higher educational institutions in the state; to inform Methodist of the importance of (Continued on Page 3)

Radio Broadcast To Originate In Brand Office Fri.

The Hereford Brand goes on the air Sunday at 1:30 p. m. over Radio Station KAMQ, Amarillo when George Young, emcee on the Hometown Editor program transcribes the Friday afternoon recording of the Hereford Brand in action.

This 30 minute program will be recorded from the newspaper office Friday at 3 p. m. It is scheduled to feature newspaper chatter, agriculture and community interests. There will probably be some lettuce and carrot growers on hand to talk their new crops and perhaps some sugar beet men to discuss the "harvest now underway. Hometown Editor is a weekly feature on this radio station devoted to interviewing head men from community papers in the area. This will be the first time the program has been recorded from any newspaper office. It is being done in recognition of Hereford's new Sunday Brand issue.

Young will be accompanied by his engineer and perhaps other KAMQ officers or staff members.

Country To Buy Motor Grader For Precinct One

Authorization for the purchase of a motor grader in Precinct 1 was granted Monday in the bi-monthly session of the county commissioners' court. The court will accept sealed bids on the grader until Monday, Nov. 8, when award will be made. The machine is to be paid from money allotted to the commissioner, Troy Moore.

School Consolidation Election Set

A county election to determine whether Rance School District in the south part of Prio district shall be consolidated with the Hereford Rural School district was set Monday by the county commissioners court for Oct. 30.

Polls will be located at the courthouse and under the supervision of Election Judge R. G. Lewis will be held from 8 a. m. to 7 p. m. All qualified voters are eligible to cast ballots.

The Rance School District has not maintained a school building in several years. Students living in the area attend school either at D. M. Witt or Hereford. Decision to hold the election followed presentation to the commissioners court of a petition containing the names of 24 Hereford voters circulated by A. J. (Major) Schroeter. A similar petition containing names of qualified voters in the Rance district was filed with E. C. Ivey, Castro county judge.

19-Year-Olds Must Now Request Draft Deferments

A new ruling issued by Selective Service Boards now reads any 19 year old boy who is a student in either high school or college must request his deferment to finish his year of education. E. O. Wilson, head of Selective Service Board 18, has announced.

The order was received last week from Major General K. L. Berry, state director of the draft system. Formerly students received automatic deferments. Now they must write a letter to their local board and request the time extension.

Mrs. Ennice Peterson clerk at the board, says many boys are not completing their questionnaires.

"Their principal failures are not answering questions regarding their court records and not signing questionnaires. Although we may assume they have no court records, we must have that space filled in with an answer. Questionnaires not signed must be returned for signatures."

Since the close of the initial registration period, Sept. 18, 15 boys have signed up on reaching their 18th birthday.

200 Attend Assembly Of God Convention

For the third consecutive year the Sectional Convention of the Assembly of God churches in this district was held in Hereford Wednesday night and Thursday.

Some 200 delegates from churches in Amarillo, Canyon, Plainview, Colorado City, Wellington, Sunray, Borger and Dumas were at the meeting. Rev. E. Eldridge, pastor, said.

Main speaker for Thursday's meeting was Rev. H. M. Sheets, district superintendent from the Lubbock headquarters. Business and fellowship meetings were held during the rest of the session.

The ladies of the church served a buffet dinner in the church basement Thursday noon.

To Precede Canyon-Hereford Game

Coronation Of Gayle Marie Foster As Football Queen Set Friday Nite

Coronation of Miss Gayle Foster as football queen will be made Friday night at the Whiteface Football Field immediately preceding the Canyon-Hereford game.

Miss Foster, the Junior candidate, was named queen when her class sold the most season tickets in the pre-season contest at High School.

Arrangements for the coronation have been made by the Whiteface Band and Pep squad with the football team participating. With the band in a heart shaped formation, the Pep Squad will form the arrow pointing the heart, traditional to the coronation.

The queen, her escorts and attendants will be announced with fanfare by three buglers. Patricia Williams, soloist, Lloyd Russell and Wayne Lady.

Entering the field in a convertible, the queen and her court will circle the field and stop in the center facing the Hereford stands. Attendants are Pat Frye, freshman; Jeannie Holman, sophomore; and Geraldine Knabbe, queen nominee from the other classes. Gayle Marie will be crowned by Capt. L. T. Hawks with the people on the field kneeling in tribute. Accepted crown is the football helmet.

After the coronation, the band will play "Let Me Call You Sweetheart" accompanying the Pep Squad and football boys as they sing.

New Grid Scoreboard Now Ready

If The Calf Only Knew What Was In Store For Him

Photo By W. H. Patton

The Rider's Club sold the pictured calf Saturday amid cheers and fanfare from club members who decked out in Western garb and parade the animal over town. Shown left to right are Mrs. Pat Lawton, handing over money to Woody Wilson, while Virgie Lee Sparks chalks up a ticket. Forest Minton and Ky Lawrence oversee proceedings while the calf, in the center, takes the whole thing nonchalantly.

Both Teams About Evenly Matched Fri.

The new football scoreboard being presented to Whiteface Football Stadium by the Jaces will be ready to go for Friday night's game, Jaycee President, Dub Reeves has announced.

Installed at the north end of the field, the board is the hotel bond record billboard converted for sport's use. It has been set up in a cement foundation and was repainted by Sam Nunnally.

This adds another attraction to the growing list for tomorrow night's game. The first home game in three weeks, it will serve to introduce the 1948 football queen, exhibit the Pep Club's new uniforms, and display the new scoreboard, all as a back-round to the Whiteface-Eagle tussel, annually one of the most hotly contested games of the season.

Both teams are about evenly matched in weight and playing ability, although Canyon managed a 6-0 win over Panhandle while the Whitefaces ran up a 12-6 score over the same team. Herd Coach H. V. Stanton said (Continued on Page 3)

Flower Show Opens Here Friday

Doors for the Annual Fall Flower Show will open Friday afternoon at the First Baptist Church at 2:30 p. m. in what promises to be the largest and most spectacular flower event so far held in Hereford. A larger show than those of past years has been made possible by the participation of all amateur gardeners. Mrs. A. L. Manjot, general chairman of the show, said.

The show, sponsored by the

Hereford Garden Club Council, will benefit the fund for the District 1, Texas Federation of Garden Clubs spring convention, to be held in Hereford. A larger show than those of past years has been made possible by the participation of all amateur gardeners. Mrs. A. L. Manjot, general chairman of the show, said. Business firms have also been

asked to make displays.

The Council is made up of Hereford's three garden clubs which include The Hereford Garden Club with Mrs. C. G. Hill as president; The Garden Beautiful Club with Mrs. M. D. Bartlett as president; and The Bud T. Clagson Club with Mrs. H. H. Caraway as president.

The entire show will be built (Continued on Page 3)

Lions Members To Become Movie Managers 3 Days

Lions Club members turn movie managers for three days during the period of time the Star Theatre will be closed for remodeling. Wayne Evans, president, announced as the explanation their club-sponsored moving pictures would be presented Oct. 23, 24, and 25 in the High School Auditorium.

A popular priced western is on the Saturday show bill and the Monday and Tuesday shows, scheduled to begin at 7 p. m. will be a double feature. Tentatively scheduled for the double bill are "Mutiny on the Bounty" and "The Adventures of Tom Sawyer."

Francis Hardwick, Star Theatre manager, has announced they will close the Star beginning Monday, Oct. 18 and reopen for Saturday, Oct. 23. During that time all except the Friday and Saturday shows slated on October's calendar for the Star will be shown at the Texas Theater. Shows scheduled for the Texas will be omitted this month. Shows will begin at 3 p. m. with matinee performances.

The Monday-Tuesday show tickets at High School will go at a dollar for adults and forty cents for children. Boy Scouts are to help with ticket sales and at the showing since the revenue from these movies will go to the Lion's Club fund for Camp Don Harrison.

This camp is being set up on a land grant from Harrington, of Amarillo, and camp equipment is being furnished by civic groups in the area to furnish it as a summer camp for Scouts in the area.

Most Of Them Are Junior Sized Capitalists, Too

Wear And Tear Of Other People's Shoe Leather Provides Living For Enterprising Businessmen

By PHYLLIS RADOVICH

Shine, Mister? Main street has for years been dotted with enterprising young businessmen making their liv- off the wear and tear on other people's shoe leather.

Although most of the shoe shine men are junior size capitalists plying the trade for school supplies, "coke" money and a basic knowledge of the law of economics, some of them have

been men, grown out of the teen-age title and supporting families on their shine dime.

At present the five barber shops in town provide paste, polish and shelter for six foot-leather artists. Speedy Kelley at Hills Barber Shop, Grady Poff at Brook's Barber Shop, Steve Goldston at City Barber Shop, Devon and LeVeral Thompson at London's Barber Shop and R.

W. Griswold at Reed Williams. Proof that these young men are in a substantial, reliable business is found in the rostrum of the local shoe shine hall of fame. Old timers will recall when Albert Ferris, Tom Carroll, Cliff Sowell, Marcus Houser, Jiggs Hartman and Arthur Denning, used to be on the other side of the polish rag.

Finances College Education. Proof that it can lead to better things is the fact that both Pack London and Bill Knox polished boots in barber shops before they learned to lather and trim.

Bill London, senior at Texas A and M this year, started financing his college education with dimes from the shine business at his dad's shop. Luther Pevely, who shined shoes around Hereford in 1917, said he would just as soon do that as any kind of work.

The boys don't have a bad financial set up. Their barber furnishes them business quarters and many of their supplies. In return the boy can keep all he makes and does the clean up work around the shop. Each boy averages using up a can of brown ard a can of ox blood polish every week, he black. "A good shoe shine boy can (Continued on Page 3)

Sports Goal Is Character Building, Not A Desire To Win, Says Scribe

The goal of sports is not to instill a desire to win, but to build character traits acquired along the way, Hank Brown, sports writer of the Amarillo Times, told members of the American Legion at their banquet Monday night in the Lions-Rotary Hall.

Hal Blymire served as toast-

master at the dinner honoring members of the American Legion softball baseball team. Manager Loyd Neill was presented a miniature ball and bat, a trophy in recognition of the team's season, following Brown's talk. In discussing sports in the region, Brown said these district A teams in the area compared favorable or were superior to teams from all over the state. He attributed it in part to the fact that coaching standards emphasized more than just winning the game.

"As a nation, our aim is concentrated on material goods, neglecting real values. That idea opposes real sportsmanship," he said.

Preceding the talk, Raymond Childers young eighth grade pianist played "Saber Dance" and "Glow Worm." Phyllis Radovich read "Casey at the Bat," and a high school trio composed of Pat Longbottom, Alma Fae Knox and Eugene Roberson sang, "When I Grow Too Old To Dream," "You Can't Be True, Dear," and "Goodnight, Sweetheart" accompanied by Miss Thelma McMinn.

Out of town guests from Amarillo, Mr. and Mrs. B. H. Shepherd and Miss Marcella Hare were introduced and Legion and Auxiliary officers Grant Henshaw, adjutant, was in charge of the arrangements.

QUESTION of the WEEK

What is drawing the crowd day after day in the remodeling of Gaston Beer's building, north of the Popular Store?

S. L. Harmon: People stop to talk with Bill Hembree, whose interest in the place is that it is being remodeled to suit his need, as a jeweler.

A. W. Hembree: People stop out of curiosity, the group grows, too, maybe they are seeing if there are any diamonds with dust on them.

Monroe Parker (contractor): I think they stop and look because we are doing something different in the way of store fronts for Hereford.

Gaston Beer: This is the first building in town to be remodeled following plans shown at the recent store front display by the Pittsburg Glass Co. at the Chamber of Commerce luncheon. I got my idea then and an architect in New York drew up the plans. Wino colored structural glass will be used for the front and also the door.

Cattle And Calves Sell Lower As Receipts At Major Terminals Increase - Other Products Firm

Livestock and poultry dropped to lower levels during the past week, but most other southwest farm products sold steady to strong, according to the U. S. Department of Agriculture's Production and Marketing Administration.

Butcher hogs and sows fell \$2.50 to \$3.75 at Texas markets last week and around \$1 or more at other terminals. Stocker pigs dropped as much as \$5 at some places. Greatly lowered offerings in Monday's trade regained 50 cents to \$1 of last week's drop. Top hogs reached \$34.50

to \$25 in Texas and \$25.50 to \$26.75 elsewhere.

Cattle and calves sold sharply lower last week as receipts at major terminals increased. Sharply reduced marketings Monday found Texas markets fully steady to strong, but some classes showed ease at other terminals. Cows and calves figured prominently in receipts. Good calves reached \$24 at San Antonio and Houston. Killing calves sold mainly from \$23 down at Oklahoma City and Kansas City. Good and choice grades brought \$20 to \$24.50 at Fort Worth and \$20 to \$22 at Wichita. Southwest poultrymen received a little better price for eggs during the past week. Fresh eggs found especially good demand, partly because cooler weather improved quality of current receipts. Hens held firm at most southwest markets with receipts unseasonably light. However, hens sold slightly lower in Denver and in the Central West. Spring chickens also weakened, and turkeys showed general ease.

Fruit and vegetable markets showed a better tone for the week. Terminal markets paid higher prices for many products, although a few tended downward. Improved demand and stronger markets prevailed at Colorado points for potatoes, onions, cauliflower, and some other items. A few winter vegetables and citrus fruits began to move from Texas loading stations. Good demand strengthened the sweet potato market in Southern Louisiana.

Monday's weakness eased some of last week's grain advances, but all except barley still showed net gains. Yellow corn retained a rise of 7 to 8 cents a bushel for the week, and milo 6 cents per hundred pounds. Other changes did not exceed

two cents a bushel. No. 2 yellow corn closed at \$1.75 to \$1.80 at Texas common points.

Feed markets showed general weakness under pressure of increased seasonal movement of new crop feed grains. Improved demand strengthened hay markets. Demand for shelled peanuts continued slow, while farmers' stock sold at support prices.

Texans Smoke Themselves Out Of Home

AUSTIN—Texans are smoking themselves out of home. They are also smoking themselves out of life, health, jobs, farm products, raw materials, lumber, and places of education and entertainment, claims Marvin Hall, State Fire Insurance Commissioner.

He says the main cause of fire throughout the nation is careless smoking, not only according to the major number of fires it starts each year, but also in the amount of cash damage done.

"Smokers should use friction lighters or safety matches wherever possible," he suggested, "and matches, cigarettes, cigars and pipe ashes should be thoroughly extinguished and thrown in a metal container. Matches should also be kept in a metal container and in a place where small children cannot reach them. Also a liberal supply of ashtrays should be provided throughout the home."

To diminish the chances of a cigarette fire in your home, Hall says do not smoke in the garage, barn or in the attic, and as you value your life, do not smoke in bed, this being one of the most dangerous practices of smokers.

He stated that smoking should be prohibited in all storage plants and warehouses, basements of all stores and buildings, schools, theaters, and places of amusement where large crowds gather, wholesale and retail gasoline plants and stations, and wherever fire may endanger lives and property.

Other main causes of fire, listed in order of their frequen-

Movie actress, Miss Valen-tie of 1948. She was singled out for the honor by the Men's Tie Foundation and outfitted with this baroque-type costume, easily-quilted with several tie patterns, to reign over the organization's convention in New York.

WHO OWNS SEA BOTTOM

COPENHAGEN, (AP)—Who owns the bottom of the sea? This question has been debated among experts on international law, but has now become more prominent than ever with the Belgian professors Piccard and Max Cosyns planning to descend 12,000 feet down through the ocean. A world known Danish expert on international law, Dr. Juris Georg Cohn of the Danish foreign office, says the problem now needs a solution since the United States, Argentina, Mexico, Chile and this year also Iceland have proclaimed themselves owners of the bottom of the sea from their beaches to where the mainland under the water suddenly slopes down from about 600 feet under sea level to 3,000 feet or more.

They are: warships and other petroleum products, misuse of electricity; stoves and furnaces; chimneys and flues; exposure; sparks on roofs; lightning; hot ashes; and open fires; open fires; spontaneous ignition and rubbish.

Regional C of Cs Endorse State Redistricting, Says Carrington

DALLAS — Equitable representation in the State Legislature for all sections of Texas through regular redistricting has been endorsed by all regional chambers of commerce, Paul Carrington, immediate past-president of the Texas Association of Commerce, has announced.

The East, West and South Texas Chambers of Commerce, which represent the entire state of Texas, have gone on record in support of Amendment Two on the general election ballot November 2," Carrington stated.

"Since the Legislature has failed to redistrict Texas in 27 years, many sections which have had large increases in population are today discriminated against in the matter of representation," Carrington pointed out. "This situation will be corrected through the passage of Amendment Two in the November election."

Amendment Two provides for a board of five to redistrict the state, according to population, after every federal census should the Legislature fail to do so as directed by the state constitution.

John Ben Sheppard, former national president of the United States Junior Chamber of Commerce, is serving as chairman of a state-wide non-political organization, The Texas Committee for Redistricting, which is urging voters to support redistricting in the November 2nd election through passage of Amendment Two.

Headquarters of the committee have been established in the Ho-

Good Demand Stirs Cotton Trading

Good demand stirred up more trading in southwest cotton last week than the basic markets have reported in some time to U. S. Department of Agriculture's Production and Marketing Administration.

Sales at Dallas more than doubled those of the previous week at 26,416 bales. Also, Houston-Galveston sales ran 18 per cent larger. Total sales at the three markets topped 128,000 bales, about 23 per cent larger than the corresponding week last year.

Prices moved within a narrow range last week and averaged somewhat higher than during the corresponding week last year. The basis weakened in the Dallas market but held steady in Houston and Galveston.

Domestic mill demand continued to be fairly active for forward shipments. Also, export demand was good for Low Middling through Strict Middling in staple 7-8 inch through 1-1.32 inch.

Cotton picking and ginning made good progress as dry open weather prevailed in all sections. Cotton ginned in Texas through September 30 averaged the same in grade and staple as last year while that ginned in Oklahoma averaged higher in grade and staple.

Cottonseed prices declined \$2.40 per bushel in Texas last week with foreign demand an average 10 per cent of total. Oklahoma farmers received the same as the previous week, an average of \$66.60 for the state. Grades of cottonseed in both states averaged higher last week than the week before.

More cotton pickers were needed in West Texas.

NEW FACE FOR CLOCK
MONTREUX, Switzerland, (AP)—The old clock on the tower of the famed Castle of Chillon, which has been ticking away for centuries, is about to get a new face. The clock was installed by the master clockmaker, Andre de Morges, in 1543 and is the oldest clock in this part of the country. With a little tinkering now and then, it has been kept going ever since. It has been decided that its appearance could be improved by restoring the face.

Pleas in Vain

Mrs. Walter Cornhauser, kneeling, pleads with her dead husband to "wake up" after a Chicago Fire Department inhalator squad worked unsuccessfully for 30 minutes to revive him. The 42-year-old man suffered a heart attack in an elevator while taking his dog for a walk.

Mr. and Mrs. J. E. Beyer returned Thursday from California where they have been visiting relatives for the past six weeks. They visited with her sister, Mrs. Clara Moore in El Monte, and with his relatives in Hollywood and Pasadena.

Civic Chorus To Be Reorganized

Miss Mattie Mae Swisher, director of the Hereford Civic Chorus, announced a reorganization meeting of the chorus, called for Sunday at 3 p. m. at the First Methodist Church.

"We are planning to reorganize for rehearsal and presentation of the Messiah to be given sometime in early December. The chorus here in co-operation with other singers from other communities," she said.

The group will also elect delegates and plan musical selections for the program of the Seventh District of the Texas Federation of Music Convention to be held in Quanah, Oct. 22-23.

"Last year we had a membership of 75 in the chorus," Miss Swisher said, "but with all the new people in town, and the new musical talent in Hereford, we feel we will be able to enlarge the chorus this year. Anyone interested in working with the Messiah in its Christmas presentation is invited to attend the Sunday meeting."

First rehearsal of Handel's great oratorio is tentatively scheduled for Monday, Oct. 25 in the Methodist Church auditorium.

Visiting in the home of their parents, Mr. and Mrs. E. S. Ireland, this week are his daughter, Mrs. Donald Henslee and her son, Donnie, a son, Ed Ireland, both of Sweetwater. The Henslees returned with her mother, Richard, after he had visited in Sweetwater, Saturday and Ed arrived Sunday.

Mr. and Mrs. Tom Howard and family accompanied by Bill Howard and Pauline Loerwald visited in Clovis Sunday.

Wild, Wild West—Madison Square Garden Style

Sideliners and contestants scramble to climb the corral fence as a frisky bronco acts up a little too close for comfort. The horse, Riodine, throws Harry Fricke during the saddle bronco riding at the annual rodeo in New York's Madison Square Garden. Fricke was injured by the fall.

No Marketing Quotas Are To Be On 1949-50 Cotton

Establishment of minimum acreage quotas on cotton this year would actually have encouraged the production of nearly four million more acres of cotton in 1948.

Faust Collier local Agriculture Conservation head, explained this situation as revealed in an announcement by Secretary of Agriculture Charles F. Brannan that no marketing quotas would be placed on cotton for the 1949-50 year.

"The total supply of American cotton, as defined by the controlling legislation, is less than the amount which would make quotas mandatory," Brannan had said.

The year's total cotton acreage is only about 23,300,000 actually planted, but under current laws with their many minimum provisions, total acreage goals would have to be set at not less than 27 million acres.

This announcement of no quotas for cotton in the 1949-50 marketing year will not change the support level to producers for the 1949 crop, settled at 90 per cent of the July 15, 1949 parity.

Red Cross Style

Wanda Carroll, of Alexandria, Va., models the new outdoor Red Cross uniform which is now standard for all women workers, paid and volunteer. The new suit, of teal gray whipcord, features a matching, visored cap with heart-shaped crown.

Mr. and Mrs. M. S. Roe and boys spent Sunday in the J. A. Roe home in Hereford and visited with-out-of-town guests, Mr. and Mrs. Loyd Roe of Panhandle.

Mr. and Mrs. H. H. Hawkins and Mr. and Mrs. Frank Satterfield of Amarillo spent the past weekend here with Mrs. D. W. Hawkins. They were accompanied by Mrs. Hallie Satterfield of Dallas, a former schoolmate of Mrs. D. W. Hawkins.

There are 50 species of kangaroos.

Tornadoes may travel as a unit, at speeds up to 60 miles an hour.

A cubic mile of warm or hot air may hold as much as 40,000 tons of potential rain, snow or hail.

Fog is a cloud at ground level. Dew is condensed water vapor, and there is always some vapor in the atmosphere.

Remington Rand DE LUXE MODEL 5 Portable

For those who type a lot!

Businessmen, students, reporters, technicians and thousands of other business and professional workers swear by this machine. Made to stand up under hard use. Easy! Speedy! Accurate! And equipped with features that make it turn out office machine results!

Hereford Brand

News from Bippus

By CHRISTINE FORTENBERRY Mr. and Mrs. Richard Evans attended the circus in Amarillo last Thursday evening.

Mr. and Mrs. Elmo Pinnell were Hereford shoppers Friday.

Doris Jean Gardner, niece of Mrs. Richard Evans is seriously ill in the Northwest Hospital in Amarillo.

A shower was given for Mrs. Gamble of Adrian Thursday afternoon with Mrs. Hardy Harris as the hostess.

Mr. and Mrs. Jake Fortenberry and children were visitors in Vega, Sunday.

Robert Caldwell of Adrian, Rev. Henry Eason and Mrs. Dunn of Amarillo visited in the J. G. Fortenberry home Sunday.

Visitors from Lockney Saturday were Mr. and Mrs. Carl Lemmons who visited with Mrs. Lemmons' brothers Hugh and Jake Fortenberry and returned home Sunday.

Mr. and Mrs. Glenn Hetzer attended Sunday school and church at Bippus Sunday for both morning and evening services.

Shopping in Hereford Tuesday were Mr. and Mrs. C. F. Homfield and children and Max Mosier from this community.

Rev. James R. McFrittridge of Plainview preached at the Bippus Community house Sunday for the morning and evening services. He preaches here again Sunday October 17.

Mr. and Mrs. Robert Barlow of Perryton visited with her mother, Mrs. J. F. Conner and

ister, Mrs. J. G. Fortenberry and family Sunday.

Mr. and Mrs. Richard Evans are at their farm near Hereford sowing wheat this week.

Other visitors attending the Bippus church Sunday evening were Mr. and Mrs. Claude Bogle.

Mrs. Richard Evans was a caller in the J. G. Fortenberry home Friday afternoon.

Attending the rodeo in Adrian Sunday afternoon were Mr. and Mrs. D. C. Banks and family, Mrs. Stella Thuet, and Mr. and Mrs. Clinton Homfield and family.

Mrs. Edgar Jacobsen of Adrian visited in the Mrs. E. K. Pinnell home Friday morning. Mrs. D. C. Banks was also a caller their Friday.

There will be a box supper in the Bippus community house October 15 and the public is invited. Funds derived from the box supper will go toward needs of the community house. Bring your own box.

A gift shower was given Mrs. Herbert Hoover Wednesday evening in the home of Mrs. C. F. Rickels with Mrs. Roy, Mrs. Deer Eanks and Edwin Morrison as co-hostesses. Those attending were Mesdames Noble Brown, Elbert Brown, Burrus, Don Guseman, Clinton Homfield, Stella Thuet, Johnny Lewis, Charlie Hoover, Mrs. Betta, C. F. Rickels, J. G. Fortenberry and the hostess.

Mrs. J. A. Pitman is in Dallas where she was called by the illness of a nephew, Bobby Mounts.

Local Presbyterians Attend Amarillo Meet

Several persons representing the Hereford Presbyterian Church are in Amarillo this week to attend the Texas and Louisiana annual Synod and Synodical meeting of the Presbyterian Church being held at the First Presbyterian Church.

Among them are Rev. Russell Wingert, Mrs. Paul Mathers, president of the local Woman's Auxiliary, Mrs. Henry Hastings, Mrs. D. H. Alexander, Mrs. Harold Close, Mrs. Mary Draper, and others. Former Hereford residents who have been visiting in Hereford and who are also attending the meeting are; Rev. and Mrs. James Aiken of Fort Worth and Mr. and Mrs. John Olson of Waco.

Moderator for the Synod is layman John B. Graham of Waxshachis. Outstanding speakers for the women's program include Miss Ethel Baker and Miss Lena Boyd, missionaires from Guatemala and India.

Sewing Club Meets

Jolly Workers Sewing Club was entertained in the home of Mrs. John Schneider Thursday afternoon. Members answered roll call with time tested time-savers in housework. The penny gift was received by Mrs. Ray Suit and the afternoon's diversion was, embroidering and sewing for the hostess. The next meeting will be with Mrs. J. W. Terry.

Refreshments were served to Mesdames Roy Boyd, Barney Bobock, Ray Suit, Jimmie Mercer, M. H. Wiseman, A. J. Schneider and the hostess.

S. W. Public Service To Conduct C of C Program

The Southwestern Public Service will conduct the program at the monthly meeting of the Chamber of Commerce in the Lions Rotary Hall in the City Hall at noon today.

Topic of the program will be a Lighting Clinic. Feature highlight schedules a film on lighting which will be accompanied by a lecture by Cliff Millner of the Amarillo office of Southwestern Public Service.

Pete Cowart, secretary has requested all Chamber of Commerce members to attend.

Golfers Group Plan To Form Corporation

Members of Hereford golfer's group voted Tuesday night to form a corporation of the golfers association and issue both voting and non-voting stock. The meeting was held at 8 p. m. in the county court room with the Jaycees and directors of the Chamber of Commerce also in attendance.

Raylan Evans, association member, said voting stock would go at \$200 per share and non-voting stock for \$50 per share. Under present plans if a member wishes to buy non voting stock and add to it at a later date, four shares of non-voting stock may at any time be exchanged for a share of voting stock.

Jim Terry, who has been engaged as a professional golf instructor for Hereford's course, was at the meeting accompanied by Walter Sykes, also of Amarillo, who manages the Sunset golf course there.

Formerly assistant pro at the Will Rogers Gold Course in Amarillo, Terry will move to Hereford sometime next week if housing is available.

The association is already on their stock selling campaign and plan to get the nine-hole rejuvenation program underway as soon as possible taking the first steps this fall and getting it

Personal

Mrs. Lee Benefield accompanied by Mrs. H. M. Benefield left for Fort Worth this week to attend a birthday and family reunion held each year for Mrs. H. M. Benefield's mother who is celebrating her 98th birthday this year.

Mr. and Mrs. E. H. Fullwood and daughter, Frances, accompanied by Mrs. Virginia Anderson, all of Kerrville, visited with relatives Mr. and Mrs. Bob Fullwood, Mr. and Mrs. Charles Noland and Mr. and Mrs. D. C. Walser and families, also friends here last week before returning to their home Monday.

Mr. and Mrs. R. L. Sharp of Dallas visited his sister, Mrs. F. S. Smith last week. While here Mrs. Smith accompanied them to High Rolls, N. M. where they visited a brother, F. J. Sharp and family. Enroute home they visited the White Sands and at Alamogordo. The Dallas visitors returned to their home Friday. Also a guest in the Smith home last week was a daughter, Miss Billy Jane Smith of Pauls Valley, Okla.

Mrs. Florence Lingenfelter has returned to her home in Altoona, Iowa, after spending the past three weeks here with her son, Dr. Robert Lingenfelter and family.

Rev. Ford Presides At Borger District Meet

Rev. Roy Ford pastor of the First Christian Church, of Hereford served as president of the one day convention of District I for the Disciples of Christ in Borger Monday.

Addresses and lectures followed the theme of Activity in the Crusade for a Christian World.

Those attending from Herebesides Rev. and Mrs. Roy Ford, were Mrs. Robert Viegel, Mrs. C. H. Dyar, Mr. and Mrs. H. M. Thomas, Mrs. Charles Vaughn, Mrs. Mina Jones, Miss Frances Dameron and Travis Dameron.

ready for spring golfing. The first project will be laying the pipe.

Bobbie and the Giant

Little Bobbie Grayson, 13 months, stands beside the giant, 5 1/2-pound squash grown by Mr. and Mrs. Thomas Hammond, Sr. in Grand Rapids, Mich. It grew from a chance seed buried with the garbage on a 47-foot vine which also bore two football-sized squashes.

Mrs. Frye Is To Preside At Rally Of Lutheran Women Missionary League

A group of 150 women from the various Lutheran churches in the Panhandle will meet at Immanuel Lutheran Church all day Thursday for the Zone I rally of the Lutheran Women's Missionary League. The Ladies Aid Society of Immanuel Church will serve as host group to the gathering.

Missionary organization of the Lutheran Church—Missouri Synod. Through its quarterly box orders this group obtains support, such as prayer books, work in Europe, funds for a chapel in Monterrey, Mexico for mission work in Texas and many others.

"Ye Are the Light of the World" has been chosen as the rally theme. The program for the day begins at 9 a. m. with a devotional period. The Rev. Ernest Beck, pastor of Christ Ev. Luth. Church in Tulsa, will deliver the inspirational address. Following this the Rev. Roy Keller of Lubbock will lecture on "Lessons from Jesus' Parables for the Lutheran Women's Missionary League."

CAR MAY HAVE AN ACID TUMOR, SAYS SCIENTIST

NEW YORK (AP)—Ninety per cent of engine wear in your automobile may be due to the action of acids and not friction, says an oil research scientist.

In short trips about town—like going to the bank, and stopping—the average motorist runs his engine for brief periods. When the engine is run intermittently on and off, it is "acid" with the result that engine wear may be incomplete and partially burned fuel coats and moisture attack the smoothly polished metal surfaces chemically. It is this type of acid action that accounts for up to 90 per cent of engine wear. Research is seeking means of preventing the acid action, and thus add years to the life of the engine.

Horizon Club Elects Officers

Young Men's Horizon Club met with Gerry Patterson Thursday afternoon to elect officers for the group. Those named were Patricia Walton, president; Neddy Guy Lawrence, vice-president; Jeannette Scott, secretary-treasurer; Mary Katherine Boyd, reporter and Sandra Bateman, historian.

Gerry Patterson gave the re-

port on the Horizon Club Conference recently held in Oklahoma City.

Others present besides the officers were Lois Verna Flitts, Maxie McCathern, Gayle Robertson, Myrtle Smith, Donna Airthart, and Mrs. Elmer Patterson, sponsor.

Flitts Owen left Sunday night for a two week vacation in Tennessee where he will visit relatives and friends.

Basket Dinner Honors Mr. & Mrs. A. G. Pierce

WESTWAY—A basket dinner was held Sunday at the A. G. Pierce home which honored the birthdays of Mr. and Mrs. Pierce. After dinner, Mr. and Mrs. Pierce opened the many birthday gifts which, according to Mrs. Pierce was "as nice as Christmas."

Those present included Mr. and Mrs. R. M. Gunn, Mr. and Mrs. Marlin Pierce and daughter, Mr. and Mrs. O. Wilder, Mrs. Grace Little of Hereford; Mr. and Mrs. Grady Wilson, and Norma Sue of Hereford; Mr. and Mrs. Joe Landers and son, Ross Joe, Mr. and Mrs. Merlin Kaul, Mrs. Paul Rudd, Mrs. Kenneth Rudd, Mr. and Mrs. Moody Stephenson, Mr. and Mrs. J. C. Morrison, and Raymond, Ralph, Mary Lynn, Mr. and Mrs. R. L. Wilson and Nathan, Mr. and Mrs. Jimmy Thomas, Diedra and Danny, and the honorees.

Hereford Club To Send Blankets To Boys Ranch

Mrs. George Parker was hostess to the North Hereford Home Demonstration Club Thursday afternoon. After roll call a parliamentary drill was conducted by Mrs. Paul Hoff.

During the business session members voted to send a blanket to Boys Ranch and the council report was given by Mrs. George Parker. Mrs. Harold Pettyjohn demonstrated the correct way to set a table.

The next meeting will be held with Mrs. Frank Wilde on Oct. 21.

Refreshments were served to Mesdames Mary Bodkin, Fred Saltman, O. L. Massie, R. A. Fullwood, Paul Hoff, Jerry Albracht, Will Kahle, Fred Barrett, Otto Olson, Harold Pettyjohn, Oscar Vaughn, S. S. Williams and the hostess.

Uncle Sam's Selective Service

1. Q.—Can a man inducted into the armed forces vote while in the service?
A.—Yes, if he is entitled under the laws of his state to vote.

2. Q.—Does he vote in person or by absentee ballot?
A.—He can vote within or outside his state at the time of such election. He cannot be granted a leave or furlough for more than one day to permit him to vote in person.

3. Q.—Just what kinds of elections will he be allowed to vote in?
A.—In any general, special, or primary election of the state in which he is a resident.

4. Q.—Will he have to pay the poll tax in a poll tax state?
A.—He will not be required to pay any poll tax or state tax or payment to any state or political subdivision as a condition for voting in any election for President, Vice-President, Senator, or member of the House of Representatives.

Blockaded Berliners Make Coal

With coal on the scarce item list in blockaded Berlin, the Germans in the American sector have put on their thinking caps and come up with an "ersatz" coal which supplies six times as much heat as real coal. It is a combination of coal dust, sawdust and a tar substance and sells in brick form. Here, a housewife uses some of the new coal in her kitchen stove, since electricity and gas have been rationed.

Personals

Robert Campbell and son, Buddy Bob had as their guests last week, her mother, Mrs. R. L. Campbell and an aunt, Mrs. M. P. Slope, both of Silverton.

Miss Bobbie Boyd, student nurse at Southwest Texas Hospital at Amarillo spent the weekend with her family at Westway this week. She was hospitalized last week with the flu.

The J. C. Morrisons have made frequent trips to the Deal Smith County Hospital this week to visit with Mrs. J. E. Morrison who underwent an operation for appendicitis Monday night.

Jack Geffen of Lubbock where he attends Lubbock Tech spent the weekend in the home of the W. H. Russels.

Hugh Clearman, county agent, returned Tuesday from Dallas where he attended the State Fair.

Robert Teeter son of Mr. and Mrs. W. A. Teeter who has been attending college in Oklahoma was called home this week by the illness of his father.

Mrs. Rosa Spear left this week for a three month visit with her daughter and husband, Mr. and Mrs. Warner W. White in Jefferson City, Mo. and with her sisters and brothers in Trenton, Mo.

Las Vegas Livestock Judging Team Here

Mr. and Mrs. William Dean Hawkins of Las Vegas, New Mexico were in Hereford Tuesday enroute to Kansas City American Royal Stock Show which begins Friday. They were accompanied by three students of the Las Vegas High School, of which Hawkins is agricultural instructor.

The three boys made up a team which had placed first in livestock judging in the state of New Mexico and were to enter the National Livestock Judging Teams to be held in Kansas City during the Royal.

The Hawkins stopped here with her parents, Mr. and Mrs. C. M. Hicks, who will keep their two small children while they are at the show. Mrs. D. W. Hawkins of Hereford, is the mother of William D. Hawkins.

Some of the largest kangaroos are seven to eight feet high and weigh 200 pounds.

Milwaukee Midget Misfit

Smallest calf ever delivered to the Milwaukee, Wis., stockyards is this Black Angus bull, which workers have tied to a fire hydrant. It is two or more years old, weighs 155 pounds and is only 26 inches high. The average calf of similar weight would be from three to four weeks old.

Flower Show...

(Continued from page 1)
 around the theme "The Wonderful World" and the two divisions, the artistic and cultural divisions, will picture by arrangements, and by specimen exhibits, the story of the creation as told in all the glory of beautiful flowers. Under the direction of Mrs. William Hull and Mrs. Roy Crutchfield, staging and properties chairman, the floral center will portray a miniature world in flowers and by special assignment members of the three clubs will make arrangements picturing the needs of the world. These will include: Peace, Gospel, Hope, Work, Unity, Good, Love, Courage, and Loyalty. This arrangement class will denote the entire show.

A timely feature will be the arrangement class in which the nations of the world will be depicted in floral material and accessories. Special emphasis will be placed on the sections or Junior Exhibits, with all children ages 3-12 eligible to make entries. Sponsors of youth groups are urged to attend by membership groups when a special admittance price will be given. Mrs. Norman Gray and Mrs. N. D. Bartlett Jr. are consultants for the Junior Exhibits. Mesdames Tom Carter, James Black, Will S. Kerr, A. O. Thompson, Homer Brunity and O. G. Hill will handle the entries.

Ribbon awards will be given in each class with Mrs. E. E. Fridley and Mrs. J. M. French in charge of awards. Tri-color awards will be given in the two divisions and the highest graded blue-ribbon entry will be recognized by a special ribbon.

By popular request, tulip bulbs will be sold on both days. 4500 bulbs in five named varieties have arrived and will be placed on sale with the opening of the show. The varieties include: Albright (red), Yellow Giant, Phillip Snowden (pink), Zwanenburg (white) and Bishop (violet blue).

Bought in bulk, the bulbs can be sold at 8 cents each and purchasers are requested to bring sacks or containers for them.

Price of admission to the show is 50 cents for adults and 15 for students.

The general flower show committee is composed of Mrs. A. L. Manjock, chairman, Mrs. R. A. Daniel Jr. and Mrs. Forrest Minton. The general public is invited to attend the show and have a part in making it one of the biggest and best ever staged in Hereford.

New Mexican Indians W. n. Right to Vote

Deputy clerk Julia Sedillos, left, registers a group of Navajo Indians from Tohatchi as voters in Gallup, N. M. Two recent Federal Court rulings in Santa Fe gave the right to all New Mexican Indians to register and vote if they meet other residence requirements. The State Constitution had previously denied them the right to vote because they paid no property tax while living on reservation lands.

Grid Scoreboard...

(Continued from page 1)
 illness which has plagued his team for the last two games is over and regular starters will be back in the lineup Friday night. Neely Kimbrough, right tackle, and mainstay of the locals, was somewhat "under the weather" Tuesday, but is expected to be sufficiently recovered by game time.

Stanton admits the game will be a close one. "They are about as big as we are," he said stung up the visitors.

Probable starting lineups will be:

- Hereford**
 Left End—Bob Hamilton.
 Left Tackle—Bob Owen.
 Left Guard—Jack Reynolds.
 Center—Claude Melugen.
 Right End—L. T. Hawks.
 Right Tackle—Neely Kimbrough.
 Quarterback—Jack Stanton.
 Left Halfback—Bill Engman.

- Right Halfback—Don Davison.**
Fullback—Dwane Walker or Luane Christian.
Canyon
 Right Halfback—Wayne Pritchard.
 Left Halfback—Richard Walter.
 Quarterback—Joe Abbott.
 Fullback—Tony Rusk.
 Right End—Jerry Innman.
 Right Tackle—Golden Currie.
 Right Guard—Wayne Griffin.
 Center—Bill Cleavinger.
 Left Guard—Bobby King.
 Left Tackle—Jimmy Lindsey.
 Left End—Mickey King.

Mr. and Mrs. A. Petersen and Mr. and Mrs. E. Ramey attended a meeting of the Palo Duro post-organization in the home of Mrs. Roscoe Davidson in Canyon Saturday night.

Mrs. Maud Montfort of Branson, Mo. is spending the week in the home of her daughter, Mrs. Homer Brumley. Mrs. Brumley spent the first part of the week in the hospital and her mother cared for the children.

Make Your Vote

Mean Something

Vote for a man who will be seated—Who is sincere and sensible—Who will represent YOU, and not special interests or groups—Who will have the Tidelanders for the school children of Texas—Who will rid our government of the communists in our midst—Who will oppose any and every Civil Rights program devised to disenfranchise the South.

Vote for the ALL-TEXAS CANDIDATE **JACK PORTER** for U. S. SENATE

Around Town...

(Continued from page 1)
 scraping them first. This is also a good old Army custom, as any ex-GI can testify.

The truth will out; when any Hereford man strikes up a personal acquaintance with a Barnum and Bailey circus clown that's new! Being a clown is a part time vacation job for Les Forrest's friend, Joe E. Ward, who spends three or five weeks each year touring Texas with the Ringling Brother's organization, because he's never gotten over his circus-fever. The rest of the time he leads a prosaic life as an electrical engineer in Wichita Falls. Forrest has an autographed picture of the chalk-faced Ward to prove his claim to fame is just.

And still the house numbering goes on. Instead of the big brass and from Brazil, its the big brass numbers from the Jaycees people are talking about as, footore and weary, the B and W members and Jaycees continue marking off the town and calling off the house addresses. It could only happen in Here-

ford. Bea Barrett parked her car and went into the grocery store one day last week. When she returned she discovered someone had run into the car and dented a fender. Inside, pinned carefully to the seat covers was a note giving the license number of the automobile that had rammed into hers.

Road grading, preparatory to actual paving of county property about the courthouse, jail, hospital and county barn got underway this week by Contractor C. Hunter Strain and his crew of San Angelo. Hunter presented bond \$5,605.48, amount of the contract, at the commissioners court meeting Monday after attempting to post same at a previous meeting. At that time he had forgotten to sign the bond and commissioners returned the instrument to him.

If you're of the younger generation and have never attended a box supper, then you don't know how much fun you have missed. If you're of the elder generation you know what to expect. Anyway, the time of your lives is promised by Bippus community residents. They're having a box super Friday night at 7:30 at the Community House and you are invited to come join in the festivities, enjoy yourself and don't forget to bring your box.

Mr. and Mrs. Lyle Blanton left where they will visit relatives in San Diego and other west coast cities. The Blantons plan to be gone for a three week visit.

Mr. and Mrs. Herbert Boardman and Elizabeth Bonesto attended a Trinity Alumni Banquet in Amarillo Tuesday night.

Wear and Tear...

(Continued from page 1)

bring business into the place," Brooks said.

50 Shines Per Boy Average
 Most of the boys have regular customers who come in once a week. LaVerl Thompson said a few of his steadies come in three times a week but those immaculate men are certainly exceptions.

LaVerl and his brother both work on Saturdays, but they rotate during the week. All the boys work from 8 a. m. to about 9 p. m. on Saturdays and from 4 p. m. to 8 p. m. on weekdays. On their long day, they make between seven and fifteen dollars, but at a ten dollar average apiece and twenty cents a shine, that means fifty shines per boy or 300 for the town's total.

The worst business hazard, according to Speed Kelley, is the professional loafers who lounge all over the chairs, shooting the breeze and holding up the turnover rate.

"Most people don't realize," Speed advertised, "how much a good polish job can do for their shoes, new or old. Besides, it's a conservation practice because it saves leather."

Puff Holds Seniority Rating
 Grady Puff, who has been in business over at Brook's for six years, holds the current seniority rating in Hereford. He says boots are the easiest footwear to polish because you don't have to worry about socks.

"Women's shoes are the hardest to do," he vows, "for you just polish them in spots and there's so awfully much space where there isn't any shoe."

All the boys agree one prime difficulty is polishing shoes "with no feet in them." They are handled by means of a wall bracket that holds the shoe firm while it is shined, but it takes nearly twice as long to do these.

R. W. Griswold summed up the situation for them all. He started in the business because he was broke and needed some spending money. He stays at it because it pays pretty well and the boys are practically their own boss.

Town Growth Nikes Income
 Business is better today than it was ten years ago but not so good as it was five years ago in their trade. The town growth of the last decade accounts for increased income and the slump since 1943 may be due either to the fact that the soldiers from the camp kept business up then, or it may be that the inflation-effected price, has cut business.

Not doubled price or not, the town's shine boys are still rubbing away.

6,000 Fish Stocked In Veterans Park

May Be Ready For Anglers By Next Year

Tierra Blanca creek in Veterans Memorial Park, east of Hereford, last week was stocked with 6,000 fish to provide a happy fishing ground for Panhandle anglers next year, with luck.

The fish, stocked by Haskell White, superintendent of the hatchery at Dundee, includes 1,000 brook, 1,000 crappie, 2,000 bass and 2,000 channel cat. All are of good sized stocking fish, measuring from four to six inches in length.

Ralph Smith, chairman of the Joint American Legion-Veterans of Foreign Wars board of directors of the park, said the place is now posted. He requested the public not to fish in the creek as although they are big enough to be caught on a hook, it is desirable they get a good start for the future.

When water gets too low, Smith explained, and there is no rain, the city of Hereford has to pump water into the creek to help tide it over until sufficient moisture is regained by nature again. The city has been required to furnish water twice already last year.

The fish were part of more than 4,000,000 produced at the Dundee hatchery this year. They were brought here in a transport truck as a project of the Panhandle Outdoor Sportsmen's Club.

The Game, Fish & Oyster Commission has already set a new record this year by stocking more

Oklahoma Gains Over Texas

Oklahoma's Jack Mitchell (20), goes through right tackle for a 12-yard win in the second quarter of the Oklahoma-Texas game in Dallas, while Texas tackle Gene Vykpal (70) (right) and end Lou Holder (85) go to stop him. On the ground is OU's end Bobby Goad. Oklahoma won 20-14.—(AP Wirephoto).

Perryton Rangers Smash Canadian 39-0

CANADIAN—The Perryton Rangers Friday steamrolled to a 39-0 victory over the Canadian Wildcats with fullback Raymond Powell running wild to score three touchdowns and an extra point.

Two of Powell's scores were of the long variety, one a 65-yard run-back of a punt in the opening quarter and a 67-yard sprint on a pass play in the fourth period. His other scoring

Every World Series Has A Goat

By FRANK ECK

AP Newsfeatures Sports Editor BOSTON, (AP)—It's an open season on goats. That means only one thing each October. It affords the sports writers another chance to pin on some unsuspecting ballplayer the horns they all detest.

In no other sport is the goat so horrendous. It happens to the best of ballplayers and there's little they can do to avoid it. It's just one of those things that make baseball the national past-

time and the World Series the top sports event year in and year out.

The goat sometimes is an ordinary performer. That is to say he is neither a 300 hitter or a great fielder. Or the goat can be the flop such as was Ted Williams, one of baseball's really great hitters.

The slender Ted, on whom the Cardinals shifted their infield and outfield to the right side in the 1946 series, was a distinct bust in his only World

Band, Squad Form Bow And Arrow At Game

The Hereford Whiteface Band recalled shades of the Panhandle's Indian trail days at their half time stunt during the Dumas-Hereford game Friday night. With their bow and arrow formation on the Demon's football field.

The 58 marching band members formed a bow and the Pep Squad formed an arrow which was "shot" through the enemy goal post. Musical accompaniment from the band was "Indian Trail" an intermetzo.

Drum Major Bobby Nell Pittman and twillers, Betty Henry, Jeannette Scott and Audrey Hood, helped form the taut lines of the bow. Bandmaster C. E. Williams and Pep Squad sponsor, Mrs. Don Little, are responsible for the formations and stunts during half time performances.

Hereford's band also participated in the Homecoming parade at Dumas, held at 8 p. m. preceding the game. Led by the

GETS AROUND

SOUTH BEND, Ind., (AP)—Marty Wendell, Chicago senior who handles the right guard assignment for Notre Dame, is a handy man to have around a football team. His experience on the gridiron includes play at fullback, quarterback, fullback, center and guard. He cavorted at half and quarter in high school and he has already won three letters at Notre Dame—at full-

Off For USC Touchdown

Back Don Doll scoots off right end on a 8-yard touchdown run for Southern California, the only score in the Trojans' conquest of Rice Institute in Los Angeles for a score of 7-0. Rice players shown include Bill Taylor (83) and guard S. J. Roberts (62).—(AP Wirephoto).

There's No Place Like Home For A Fan With Video

By JIM BECKER

AP Newsfeatures Sports Writer NEW YORK, (AP)—It's a typical October Saturday, and 40,000 jittering fans are grimly watching Tech slaughter State 27-0 at the half. The crowd, gathered in anticipation of a stirring contest, now faces only the prospect of a cold second half which will feature State tossing desperation passes. Along about the end of the third quarter the fans will begin moving to the exits, with a long drive home ahead.

On that same Saturday at my house I sit in my favorite chair, feet propped up, refreshment in hand. The television set has brought the news that State hasn't a chance. I've switched to a tight ball game between the U. and the visiting Terriers that isn't settled until the final minute of play. Between halves I got a line on the titanic grid struggle being waged in Philadelphia, and during time outs a game in Boston comes in. The contest in Washington was dull, so I've skipped it since the first quarter.

After the game a man reads me the scores of the other matches around the country. And as I sit here I wonder if the time isn't very far away when the 40,000 fans aren't parked in THEIR seats, warm and comfort-

able as they watch some 300 die-hard alumni cheering on the teams.

In addition to the comfort and excitement that there will be in the added inducement of television that there are nothing but good seats in your living room. If the ball's on the 50-yard line, you're on the 50-yard line. If the play is on the line, you're there too.

There are now 38 television stations operating in 22 cities and a lot more building. And these stations drag their equipment out to every type of sports event in the vicinity.

I've seen polo, tennis, baseball, football, hockey, boxing, basketball, golf, horse and harness racing on my television set, and I've attended only a few of these sports in person since I got the set—then only because I had to interview one of the contestants, or the event wasn't to be televised. In the case of every one of them except baseball, I can see the action better at home than I can in the press box. And even where the diamond sports is concerned there are certain advantages—cheaper, intimate glimpses into dugouts, facial expressions—that are not available to the fan who pays his way in. It just makes me wonder if something pretty radical isn't happening to sports. Could it be

that someday the games will be played before only relatives while the rest of us catch 'em from the easy chair?

FINE BEGINNING

AUSTIN, (AP)—By downing Louisiana State here in the 1948 gridiron opener, the University of Texas Longhorns maintained their record of never losing a home opener. In 56 years of football history, Texas has lost only one opening game, that by an extra point at Kansas in 1938. The entire record reads 52 wins, two ties and one loss. Highest opening game margin ever scored by the Longhorns was 74-0 over SMU in 1916. Most points ever scored against them in an opener was the 19 notched by Kansas in the lone loss. The period from 1913 to 1933 scored against only once in 21 opening games.

NEW MODEL WHEELBARROW BUENOS AIRES, (AP)—It took hundreds of years, but somebody finally improved the wheelbarrow. Engineer Arnold Schauer showed city officials his new model. Instead of having the wheel in front, it has it under the body. Schauer said this means the wheelbarrow chaffeur carries less load and the wheel itself carries more.

STAR
FRIDAY — SATURDAY

SPECIAL ANNOUNCEMENT

The carpenters are moving in! Monday morning the Star Theater will shut its doors temporarily so that the construction workers can speed the remodeling job now in progress—a remodeling and enlargement program that will give you a NEW STAR THEATER by October 29, if humanly possible.

ALL PICTURES ORIGINALLY ADVERTISED FOR SHOWING AT THE STAR THEATRE MONDAY, OCT. 18, THROUGH THURSDAY, OCTOBER 28, WILL BE SHOWN AT THE TEXAS THEATRE IN PLACE OF THE ORIGINAL TEXAS SCHEDULE AND WE ANTICIPATE YOUR PATRONAGE THERE DURING OUR RENOVATION PROGRAM.

CORONER CREEK, that action-packed thriller originally scheduled for Sunday, Monday, and Tuesday at the Star will be shown Sunday Only at the Star, and will be shown Monday and Tuesday at the Texas; consequently T-MEN will show Sunday Only at the Texas. This arrangement has been scheduled so that all may have opportunity to see these two top-rate pictures.

TEXAS
FRIDAY — SATURDAY

Texans in Washington

By **TEX KASLEY**
AF Special Washington Service

WASHINGTON, (AP)—A lot of Easterners this winter are going to use Texas "BTU's" for the first time to keep warm.

The BTU stands for British Thermal Unit, a measure of heat. Webster says it is an amount needed to raise the temperature of one pound of water one degree Fahrenheit.

Texas natural gas is being piped east in increasingly greater quantities. One by one cities in this part of the country are doing what Washington did a few months ago, converting over to natural from artificial gas. It takes months to do it, for workmen have to go into every home and building gas and bore the burner holes in cooking and hot water heaters a trifle larger.

Before a single cubic foot can move out of Texas the Federal Power Commission has to okay sale and delivery.

Hearings Being Held

On the top floor of a 12 story building at 18th and Pennsylvania avenue, two blocks from the White House, a series of hearings are going on on an application of various companies wanting to build and operate new natural gas pipe lines.

There, a commission examines, site throughout the day listening to testimony, of gas company officials, industrial leaders, geologist engineers and others. After hearing all sides, the examiner makes a recommendation as to whether, an application should be approved. The full commission then weighs this recommendation with the

official transcript that has been made of the hearing.

Lawyers and geologists bandy figures about such as one hears in no other place in Washington—not even around the treasury. They talk in terms of trillions of cubic feet of gas.

Some Objections Heard
There are some objections to nearly every application.

Whenever a proposal is up for the construction of a new line from Texas or Louisiana to the East there is almost certain opposition from coal groups. Mine operators don't like it when natural gas supplants hard fuel in industrial plants, nor even in home heating for that matter. Miners don't like it because it eventually may lead to loss of some of their jobs.

Whenever the application is for construction of smaller distributing lines through the eastern states, there sometimes arises opposition from city officials in towns which already have natural gas. They want to be sure the new areas to be served don't diminish their own supplies.

The Federal Power Commission functions under authority of laws passed by Congress.

Solon Studies Report

Rep. Lindley Beekworth of Gladewater serves on the House Interstate Commerce Committee, which carefully studies all legislation of this kind. He has just received from the FPC a report on the gas lines it has authorized to move the fuel from the Southwest to the East.

On Sept. 24, 1943, the commission authorized Tennessee Gas Trans-Mission Company to build and operate a new pipeline from the Gulf Coast area of Texas and Louisiana to a terminus in West Virginia, Ohio, Pennsylvania, New York and Kentucky.

When a present enlargement program for the Tennessee Company's system is completed, by the end of this year, it will have a capacity of 600,000 mcf (million cubic feet) per day. The company has on file with the Commission another application to increase this capacity further and extend its system through Ohio, and Pennsylvania to a new terminus near Buffalo, N. Y.

Acquires Big Inch Line

On Oct. 11, 1947, the Texas Eastern Transmission Corporation was authorized to acquire and operate the big inch and little inch pipelines which had been built during the war to transport oil.

These two lines now are used for transporting natural gas from the Texas Gulf Coast area and East Texas for sale in Indiana, Ohio and Pennsylvania. The farthest point east on which sales now are proposed is Philadelphia. The terminus of the lines is Linden, N. J.

The company estimated that on completion of the conversion of the pipelines to natural gas operation, the initial sales capacity would be approximately 423,000 mcf per day. An application is pending proposing in-

Free Care For Crippled Children

AUSTIN—In an effort to familiarize every person in Texas with the services offered by the Crippled Children's Division of the State Health Department, Dr. George W. Cox, state health officer, has released the following statement:

Every crippled child in Texas, under 21 years of age, and of normal mentality whose parents are unable to pay for needed care, is entitled to assistance from this division. Crippling conditions which may be treated are infantile paralysis, osteomyelitis, club feet, harelip and cleft palate, burns, curvature of the spine, arthritis, bow legs, rickets, tuberculosis of the bone, flat feet, congenitally dislocated hip, muscular dystrophy, supernumerary fingers and toes, wry neck, elephantiasis, spina bifida, brachial palsy, Pott's Disease, congenital anomalies, spondylitis, amputation, webbed fingers, epiphitis, and sarcoma.

Assistance may be obtained by applying to the Crippled Children's Division, Texas State Department of Health, Austin, or by placing an application through an established city or county health unit. Full information about local groups and organizations throughout the state who are anxious to assist crippled children to establish their eligibility and receive proper care, may be had by writing for a pamphlet, "Handbook on Agencies." Address Crippled Children's Division, State Department of Health, Austin 2, Texas.

GOOD AND BAD

EAST LANSING, Mich. (AP)—The most lopsided victory ever scored by a Michigan State College football team was the 104 to 0 conquest of Hillsdale college in 1904. The worst beating the Spartans ever took was 119 to 0 by Michigan in 1902.

creasing this amount by 75,000 mcf.

Line Extends To New York

On May 29 the Commission authorized Trans-Continental Gas Pipe Line Company, Inc., to construct and operate a pipeline extending from the Gulf Coast area of Texas and Louisiana to New York City. Estimates initial sales capacity of the line is approximately 240,000 mcf per day. On Sept. 27 the Commission opened hearing on applications of Texas Gas Transmission Corporation and Texas Eastern Transmission Corporation for the construction of pipelines by which the two companies expect to deliver approximately 322,000 mcf daily from Texas and Louisiana fields to distribution Gas Companies in Tennessee, Kentucky, Indiana, Ohio, and Pennsylvania.

BURIED CITY FOUND

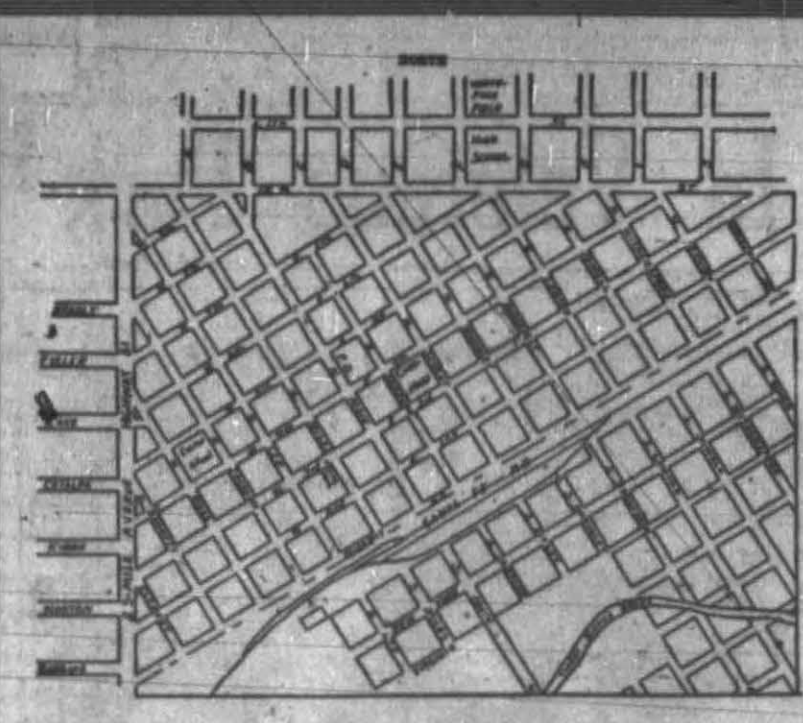

COPENHAGEN, (AP)—A few days before news of his death in Kabul reached Copenhagen, Henning Haslund-Christensen, the Danish explorer, revealed in a report that he had discovered

the biggest town of ruins ever found in central Asia. Haslund-Christensen, leader of a Danish expedition with present headquarters at Kabul, Afghanistan, said the town's name is Lashgari Sarai, and several hundred years ago it was inhabited by at least 10,000. In the middle of the town there is a huge palace. The palace and hundreds of houses are now filled with and covered by yellow desert dust, but it is easy to see that there had once been a flourishing life.

Everybody in favor say— "Lubri-tection!"*

That's the word that brings you
one of America's greatest motor oils—
Phillips 66 Premium Motor Oil

What does "Lubri-tection" mean? Brother, it means just exactly what it says! It means lubrication plus protection.

Yes, with Phillips 66 Premium Motor Oil in your crankcase your engine gets both lubrication and protection. Here's how. Phillips 66 Premium Motor Oil is expertly refined from high quality crude to give you fine basic lubrication. But that's not all it does! Certain additives and inhibitors in this oil go to work in your engine to help fight against sludge, varnish, and other harmful deposits. Next time you need oil, ask for "Lubri-tection"... at the sign of the famous orange and black Phillips 66 shield!

**PHILLIPS 66
PREMIUM
MOTOR OIL**

*"Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergent and oxidation inhibiting ingredients.

Hereford Photographers Win Prizes

Three Hereford photographers had some of their prize pictures shown at the camera club exhibits at the Amarillo Tri-State Fair last week.

Henry Stahl's detail-perfect close up of an ear of corn, made last autumn and shown in their exhibit last year, was mounted for the show sharing honors with Dr. Will F. Graham's shadows and lighting interest shot of the Alamo Archway.

Martin L. Simpson, only Hereford photographer to have two pictures in the show, featured animals and people as his topics. His dog picture of Jigg's Hartman's two beady-eyed Toy Manchester, Furlough and Ration, was on exhibition with the Pioneer Day shot of Bill Harri perched on the Court House steps and moodily reminiscing of the past.

These four pictures were chosen by the club from the collection to display at the fair. They were sent in recognition of the invitation from one Amarillo Photographic Society, sponsors of the exhibit in conjunction with the Tri State Fair Association.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 1.246 miles of Grading, Flexible Base & Asphalt Surface from St. Hwy. 51 in Hereford, east to Jct. US Hwy. 69 on Highway No. Spur, covered by C 164-4-1, in Deaf Smith County, will be received at the Highway Department, Austin, until 9:00 A. M. Oct. 27, 1948, and then publicly opened and read.

This is a "Public Works" project, as defined in House Bill No. 4 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of James G. Lot, District Engineer Amarillo, Texas, and Texas Highway Department, Austin. Usual rights reserved.

6,000 Visitors Expected at Texas Tech Homecoming

LUBBOCK—With a record 6,000 visitors expected, Texas Technological college this week was preparing for the largest annual Homecoming of its 23-year history.

The Oct. 30 Homecoming program will include a giant parade, a luncheon, an afternoon football game between Tech's Red Raiders and Rice Institute Owls, and a dance.

Ordinarily only two sections of Tech's stadium are required at Homecoming to handle ex-students, but officials said three sections were reserved this year and these are sold out.

Only about 2,000 general admission seats remain to be sold, and indications are that nearly 25,000 persons, the largest crowd in Tech history, will witness the game. Rice will be making its first visit to Lubbock, the five previous meetings between the Raiders and the Owls having taken place in Houston.

All clubs on the Tech campus have been asked to enter floats in the 10 a. m. parade. Judges will award prizes to the most beautiful, most comical and most descriptive float.

Tech exes have been invited to attend the buffet luncheon in the college gymnasium, an annual event sponsored by the Lubbock Bus Company and the Texas, New Mexico and Oklahoma Coaches.

FOLIO EPIDEMIC SWEEPS
AUCKLAND, New Zealand. (AP)—An infantile paralysis epidemic has hit most parts of the north island of New Zealand in the past year. Most seriously affected recently has been Wellington since November 1947, total 181. In Auckland there have been 230 cases in the same period.

Fun In Cooking

By CECILY BROWNSTONE
If you've splurged on meat or fish over the week-end, try this economical main dish that uses vegetables, cornmeal and cheese. It will make an excellent supper along with soup, salad and dessert.

Stuffed Peppers, Chili-Style
Ingredients: 2 cups cooked or canned tomatoes, 1/2 cup cornmeal, 1-1/2 teaspoons salt, 2 teaspoons chili powder, 1/4 cup chopped onion, 1 tablespoon salad oil, 1/2 cup ripe olives, 1 cup cooked or canned whole-grain corn, 1 cup grated yellow cheese, 6 green sweet peppers.

Method: Heat tomatoes; add cornmeal, salt and chili powder, and cook slowly 5 to 10 minutes, stirring frequently. Cook onion slowly in salad oil until tender; add tomato mixture. Cut olives from pits in large pieces and add with corn and 1/4 cup of the cheese; mix well. Cut tops off peppers, remove seeds and membrane, and parboil peppers 5 to 10 minutes. Drain, fill with cornmeal mixture, and top with remaining 1/4 cup cheese. Fill a baking pan with about 1/2-inch hot water and set peppers in it. Bake in a moderate (350F) oven about 1 hour. Makes 8 servings.

Breakfast For A Fall Morning
A simple and delicious breakfast for a cool fall morning is one of fruit juice, fried eggs and bacon, bran muffins with peach or apricot preserves, and a hot beverage. Do you know the trick of frying the eggs in butter or margarine over low heat and covering the skillet tightly until they are firm enough to suit your family's taste? And here's a recipe for the bran muffins.

Bran Muffins
Ingredients: 1-1/4 cups whole-bran cereal, 1 cup milk, 3/4 cup sifted all-purpose flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1/4 cup sugar, 3 tablespoons fat, 1 egg.

Method: Put bran in a mixing bowl and add milk so that the bran will soak up most of the liquid. Sift flour, baking powder, salt and sugar into a mixing bowl; add fat and cut in until mixture resembles cornmeal. Beat egg well and add to bran and milk along with other dry ingredients; mix enough to moisten flour but do not beat. Spoon into 16 two-inch muffin pans (measured across the top) and bake in a moderately hot (400F) oven for about 25 minutes.

Use Abundant Pecans
Government food and marketing experts suggest that we use pecans for family meals since we have an abundant crop of them. They're delicious - with apples and cheese for a dessert that's easy on the cook; delectable, too, in the following cookie to serve along with a fruit compote or tuck in a lunch basket. Note the one-bowl, quick-mix method for making these cookies.

Pecan Crispies
Ingredients: 2 1/2 cups sifted enriched flour, 2 teaspoons baking powder, 3/4 teaspoon salt, 3/4 cup granulated sugar, 1/2 cup shortening (must be at room temperature), 1/2 cup brown sugar, 3 eggs, 1 teaspoon vanilla, 1/2 cup chopped pecan nut meats.
Method: Sift together 1 cup of the flour, baking powder, salt and granulated sugar into mixing bowl. Add shortening (at room temperature), brown sugar, eggs and vanilla. Beat until smooth, about 3 minutes. Add remaining flour and pecans and mix well. Turn out onto waxed paper, shape into rolls and chill. Slice thin and bake on ungreased baking sheet in moderate (375 F) oven for 10 to 12 minutes. Makes 4 dozen cookies.

Sheriff and Police Chief Attend Peace Officers Meeting At Perryton

Sheriff J. C. Reese and Police Chief F. S. Buckalew were in Perryton Thursday to attend the annual meeting of Peace Officers Association and to hear state authorities discuss law enforcing problems and influences of the day.

Over a hundred officers attended with 50 from Kansas, 40 from Oklahoma, 6 from New Mexico and 60 from Texas in attendance. Guymon is docketed for next year's meet.

Robert Massengale of the Texas Department of Public Safety talked about Peace Officers and Civil Rights, hitting on the marked influence of Communism in America and warning

against its significance. Lou Richeter, superintendent of the Kansas Bureau of Investigation emphasized the importance of co-ordination of law enforcing agencies insisting the job was big enough for all groups, too big for any individual group and that all work was more effective through their co-operation.

New officers are Patrolman Pat Walsh, Guymon, president; Sheriff Pete Garnett, Tucumcari, vice-president; Perry Keller, Guymon, secretary-treasurer.

Cehiltee County Sheriff Bill Lance was host to the officers and the Perryton Rotary Club served a buffalo barbecue at noon.

Speeding Blamed As Cause Of 2 Of Every 5 Traffic Fatalities

Speed kills—take it easy!

This is the warning issued by Colonel Homer Garrison Jr., director of the Texas Department of Public Safety. The Department is cooperating in a program against speeding which is part of a year-round traffic safety educational program. The continuing campaign, which emphasizes a timely phase of traffic safety each month, is sponsored nationally by the National Safety Council.

Speed is a contributing factor in two out of every five fatal traffic accidents, according to Chief W. J. Elliott of the Texas Highway Patrol. This means that 13,000 persons were victims of accidents involving excessive speed in 1947 alone, as revealed by nation-wide accident reports.

"If each driver would take it just a little easier, and not only obey the speed limits set by law but a speed limit set by common sense, we would have fewer deaths and injuries from traffic accidents," Captain Polk Ivy of the Amarillo Office of the Texas Highway Patrol said.

"The legal speed limits posted in business and residential districts and on the open highway are for average driving conditions—dry pavement, good visibility, no unusual traffic conditions for that locality. When conditions are less than ideal, speed should be adjusted accordingly. So whenever you drive, wherever you drive, take it easy—and live longer."

- Seven tips on speed are:
1. Obey legal and common sense speed limits.
 2. Keep your car under control at all times, so you can stop if you have to.
 3. Slow down before you get to an intersection or traffic signal.
 4. Keep a safe, clear stopping distance between you and the car ahead.
 5. Watch following traffic in

your rear-view mirror, signal for turns and avoid abrupt stops.

6. Slow down at sundown—held nighttime speed below the maximum at which you can stop within the range of your lights.

7. Remember, speed kills. Take it easy—and live longer.

PERSONALS

Mr. and Mrs. Richard Petersen and son, Gary of Lubbock, spent the weekend here with his parents, Mr. and Mrs. A. Petersen and other relatives.

Mrs. Mollie Bailey of Amarillo left for her home Tuesday after visiting here with her daughter, Mrs. Abe Martin and family, as well as other relatives. Mrs. Bailey is a former resident of Hereford.

Mr. and Mrs. Lloyd Roe of Panhandle spent the weekend with Mr. and Mrs. J. A. Roe and relatives.

Mr. and Mrs. J. A. Loerwald returned Monday from Dallas, where Mr. Loerwald had been for some weeks in a hospital. They accompanied Mr. and Mrs. Tom Robinson home, who have been in Dallas with their little daughter, Tommie Kay, who is still hospitalized there following a polio attack.

Leaving for a two week fishing and hunting trip Tuesday were Earl Springer, Cecil Gunter, Linton Wilson and Jim Clark. They will fish near Creed, Colo. until hunting season opens.

Mr. and Mrs. Gene Loerwald, Mr. and Mrs. S. T. Loerwald, George and Ruth Loerwald were among those attending the Sandies and Odessa game Saturday in Amarillo, to see the Sandies win 33 to 6.

West Third Hereford

LEGAL NOTICE
 STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, ETC. REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1937, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946.
 Of the Hereford Brand published weekly at Hereford, Texas for October 2, 1948.
 STATE OF TEXAS
 COUNTY OF DEAP SMITH
 Beings me, a Notary Public in and for the State and county aforesaid, personally appeared Jimmie Gillentine, who, having been duly sworn according to

law, deposes and says that he is the senior partner of the Hereford Brand, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily, weekly, semi-weekly or tri-weekly newspaper, the circulation) of the aforesaid publication as of the date shown in the above caption, required by the act of August 24, 1937, as amended by the acts of March 3, 1933, and July 2, 1946 (section 537, Postal Laws and Regulations), printed in the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Holman & Gillentine, Box 673, Hereford, Texas; Editor, Jimmie Gillentine, Box 673, Hereford, Texas; Managing Editor, Pat Perry, Box 673, Hereford, Texas; Business Manager, Bert Neelley, Box 773, Hereford, Texas.
2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)
 Mrs. Seth B. Holman, Box 673, Hereford, Texas; Jimmie Gillentine, Box 673, Hereford, Texas.
3. That the known bondholders, mortgagees, and other security holders owning or holding one percent or more of total amount of bonds, mortgages, or other securities are: None.
4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockhold-

ers and security holders as they appear upon the books of the Hereford Brand, but also, in cases where the name of a stockholder or security holder does not appear upon the books of the Hereford Brand, the name of the person or corporation for whom such trustee is acting is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the Hereford Brand, hold stock and securities in a capacity other than that of a bona fide owner; and that affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 2,241. (This information is required from daily, weekly, semi-weekly, and tri-weekly newspapers only.)
 Jimmie Gillentine
 Sworn to and subscribed before me this 2nd day of October, 1948.

ATHA McIVER
 (SEAL) (My commission expires 6-1-49.)

NOTICE TO BIDDERS
 Sealed proposals addressed to W. E. Dameron, Mayor, City of Hereford, Hereford, Texas, will be received at the City Hall, Hereford, Texas until 2:00 P. M. October 29, 1948, for furnishing one solution feed vacuum type chlorinator equipped for automatic start-stop operation and one manually operated solution feed vacuum type chlorinator together with chemical solution piping, accessories and spare parts, in accordance with specifications prepared by Parkhill and Cooper, Consulting Engineers, Lubbock, Texas.

Proposals shall state the number of weeks required for delivery of the equipment after receipt of order.
 The City reserves the right to reject any or all bids, to waive formalities and to accept the bid which seems most advantageous to the interest of the City.
 CITY OF HEREFORD, TEXAS.

Churchwomen Adopt Pack A Towel For Teenager Drive

"Pack a Towel for a Teenager" is the campaign adopted by the United Council of Churchwomen for their 1948 World Community Day. Mrs. Robert Veige, president of the local Federated Council of Churchwomen, has announced.

These towel packs, containing garments and small packable personal items are to be accepted by the group at their November 5 meeting at the First Methodist Church. Anyone is eligible to participate either individually or by groups.

Annually this national organization sponsors a drive to aid underprivileged people overseas. In past years they have collected lavettes, kiddie kits to supply children up to five years of age, boxes for six to twelve year olds, and now they are packing necessities for the "teen age group."

"No group in Asia or Europe has suffered more—physically and spiritually—than the young people. Stabilizing influences of home, community, church and school have been denied them. Yet in their hearts is the same zest for living, the same love of fun and gaiety, the same dreams for tomorrow, that we know in our own youth. So we propose to send a gift to pep up their spirits and let them know we appreciate their problems," said Mrs. Veige.

Instructions for the packs were given by Mrs. Lee Conklin. Start with a pretty bath towel 22 inches wide. On one end of the towel fold new or good-as-new

garments—as complete an outfit as you can.
 Include in it bedroom slippers, but no hard-soled shoes, new material for a dress, a sewing kit soap, comb, tooth brush, hair pins, hankies, socks, stockings, neckties, scarfs, packed into pocketbooks, pouches or wash-cloths, but nothing breakable or spillable. Finally add a friend by note with sender's name and address.

Flap other end of the towel over the pile, pin edges together with a dozen assorted safety pins and pin firmly to it a piece of cloth marked with crayon letter indicating whether it is meant for a boy, or a girl, and size.

The bundles will be collected in the Methodist church basement and may be turned in before November 5.

PARABLE OF TALENTS
 BRISBANE, Australia. (AP)—A Brisbane Methodist minister almost wiped off his church debt by using a modern version of the Parable of the Talents (Matt. 25). The Rev. Lewis A. Born was worried by the increasing church debt. In August he gave \$1.60 to each of 60 parishioners. He told them "wisely to invest the money" and return him \$4.80 in seven weeks. At the end of the seven weeks he had his target of \$288—the collected \$285.00, only \$22.40 less church debt. Some women sold cakes and jam they made with ingredients bought with the \$1.60. Others bought wool and knitted baby clothes.

Wayland College Has Record Of 541 Enrollment

Wayland Baptist College, Plainview, has well started its second academic year operating as a senior college with a record breaking enrollment of 541 students which surpassed by thirty the number enrolled this time last year, reported President J. W. (Bill) Marshall.

Among the students already attending classes this fall are 25 foreign students representing eight different countries. In addition to these there are Chinese twin girls already enroute. Their arrival will increase the total number of Chinese students to seven.

Dr. Floyd S. Wise, veteran educator on leave from Union University in Jackson, Tennessee, is

acting dean of the 51 members of faculty and staff.
 Since the founding of the school in 1906 by a prominent Plainview doctor, J. H. Wayland, the Plains college has grown from a tiny academy-junior college to one of senior college status approved by the Texas State Board of Colleges and Universities. The administration building, which Dr. Wayland himself helped in constructing, today houses the administrative offices, many classrooms, and a number of students living on the third floor.

BACKACHE
 For quick relieving help for Backache, Rheumatic Pains, Getting Up Mornings, Stiff joints, Irritating Pancreas, Leg Pains, Headaches, Migraine, and various other ailments, use the only medicine that is non-organic and non-systemic. It does not irritate the stomach, does not cause drowsiness, and does not cause constipation or other bad effects. Ask your druggist for Cyston tablets.

YOU CAN HAVE PLENTY OF BUTANE ALL WINTER IF YOU HAVE ADEQUATE STORAGE

Will you be sure of having all the LP-Gas you will need this winter? Will you be at the mercy of bad roads, bad weather and possible gas shortages? There is only one way in which your Butane-Propane dealer can promise you all the gas you'll need and that is for you to have adequate storage now!

If you want to enjoy all the advantages of gas next winter — without any empty-tank worries — let your dealer explain how you can be guaranteed of having dependable, year-round gas service. Write, phone or see him today.

HOW BIG A TANK DO YOU NEED?

You'll have adequate storage when you have a tank big enough to hold a supply of gas that will carry you through the four winter months. A tank that size will enable you to have it filled now while plenty of gas is available. Then, this fall, you can have it refilled and start off the winter with enough gas to see you through.

Friends tell friends...get the Gas Refrigerator

STAYS SILENT LASTS LONGER

because it freezes with no moving parts

ALL over the country, folks who've experienced all kinds of refrigerators will tell you, "Pick the Servel G. It stays silent, lasts longer."

The reason? Servel has an amazingly different, simpler freezing system—with no moving parts. No machinery that can wear or get noisy. Just a tiny gas flame does the work. So you'll never hear a whisper from the Servel Gas Refrigerator. No hum of stopping and starting.

Come see the new Servels today. You'll be delighted with their new conveniences. Plenty of space for fresh foods. Moist cold and dry cold for fresh vegetables, meats, all perishables. Come see America's top refrigerator investment, the Silent Servel Gas Refrigerator—today.

CHECK FOR YOURSELF

- ✓ Big frozen food compartment
- ✓ Plenty of ice cubes in trigger-release trays
- ✓ Moist cold and dry cold for fresh foods
- ✓ Convenient Servel meat storage tray
- ✓ Down-action vegetable freshener
- ✓ Handy egg tray
- ✓ Flexible interior arrangement, with sliding shelves adjustable to eleven different positions
- ✓ Plastic Coating on shelves—keeps them rust-free, scratch-free, easy-to-clean

FROZEN FOODS-ICE CUBES

 HUGH BOOKOUT
 HEREFORD, TEXAS

LITTLE SKYSCRAPER SINGAPORE, (AP)—Singapore soon will have its first completely air-conditioned large office building—the new nine-story branch of the Hongkong and Shanghai Bank. The building will boast the fastest elevators in Malaysia, its builders say. Sheep may die from a disease akin to pneumonia if exposed to cloudy or rainy weather for several days after being shorn.

What It Means:

Teaching More American History

By ROBERT E. GEIGER WASHINGTON, (AP)—Mrs. Elizabeth T. Bentley, American-born citizen who testified to a Congressional committee she had been a Communist and Russian agent, said she never had been taught American history at school. This touched off a new discussion among educators and others attempting to determine whether the American educational system fairly presents American democracy to young Americans. They argue that it is essential young Americans be taught American history and the U. S. constitution. Otherwise, they say, some may be swayed by emotionalism rather than by knowledge, away from Americanism toward other political philosophies like Communism.

The U. S. Office of Education has just completed a survey of state laws regarding the teaching of history and the U. S. constitution. Not Taught in Two States Dr. Ward W. Keesecker, specialist in school legislation, and Howard Cummings, specialist in political science, of the Office of Education, say all states but two now require public elementary or high schools to teach American history. Three-fourths of the states established this requirement by law. In others it is required by a ruling of the state board of education. The survey says that the two that do not have either a legal or a regulatory provision for American history are Colorado and Michigan—although in Michigan the teaching of civics, which presumably includes some American history, is required. In addition, the survey showed that all of the states except four have laws requiring elementary school instruction concerning the U. S. constitution. The four lacking requirement are Kentucky, Maryland, Texas and Vermont.

State Board Rule But all the states except Kentucky, Maryland and Mississippi require the teaching of the constitution in high schools. And even in Kentucky and Maryland, where the laws are lacking, there is a state board rule that the constitution shall be taught. The situation changes at the college level. Only seven states have laws requiring college courses in history and 23 require the teaching of the constitution. Fourteen states require that private schools teach U. S. history in elementary and high school grades, and 26 require private schools to provide classes in the constitution. Dr. Keesecker says many of the state laws and regulations requiring and teaching of American history were placed in effect between 1923 and 1929. Patriotic and other organizations campaigned for them. Therefore Americans older than Mrs. Bentley, who is 36, and has a college education, easily might have been required to study the two subjects. But most younger people undoubtedly have been given the outline and fundamentals.

No Federal Laws There are no federal laws on the subject, because under the 10th amendment to the constitution education is one of the fields clearly left to the states. The Office of Education has established no policy on history teaching because of this constitutional provision. But the Office of Education Freedom, says every American should know the facts of history and especially "that our federal and state governments have doubtless provided more human rights, to more people, and over a longer period of time, than has any other system of government yet established."

A GOOD TRAVELER LEXINGTON, S. C. (AP)—The Lexington Confederate Monument apparently is none the worse for wear despite two moves since 1886. In the most recent move the tall stone shaft was broken into 11 pieces and moved to the grounds of a new county court house. It quotes George Washington: "We ought to deprecate the hazard attending ardent and susceptible minds from being too strongly and too early prepossessed in favor of other political systems before they are capable of appreciating their own."

SPARE THAT TREE CHARLESTON, S. C. (AP)—Woodman, spare that tree. Charlestonians are pleading. It was their cry 10 years ago when the county grand jury wanted to chop down a 300-year-old oak in the center of a principal avenue. The plea worked and the tree was spared. Now the 1948 grand jury is at it again, arguing that the tree is potentially "a serious hazard to person and property."

William Hollabaugh, who is employed in the office of Bell Telephone Co. in Amarillo spent the weekend here with his parents, Mr. and Mrs. Clarence Hollabaugh also his wife and daughter who have been visiting here.

Mrs. Bruce Rose spent last week in Colorado Springs with relatives, Mr. and Mrs. M. D. Womble, where Mr. Womble is seriously ill.

Teaching Your CHILD

By DAVID TAYLOR MARKE AF Newsfeatures/Writer So you are a proud papa? Of course you are! And to prove it you've probably got a whole wallet-full of pictures. But are you a successful papa? asks Jean Schick Grossman, Director of Parent Education of the Play Schools Association, instructor in sociology at Mills School, Adelphi College, author and radio lecturer on family life and parent education. Mrs. Grossman, who has written a highly interesting book, "Life With Family," a perspective on parenthood, tells me that too many American fathers have the attitude that bringing up junior is the wife's department. That isn't so at all, she asserts, explaining:

"In addition to taking an active part in junior's upbringing, sharing responsibility jointly with mother and working from the earliest years toward mutual love and understanding, fathers have a unique contribution to make. It is fortunate indeed, says Mrs. Grossman, that we are now getting a lot of young fathers who take it for granted that they should pitch in and help mama with junior. Many fathers are taking courses and sitting up with baby while mother goes out, sharing experiences that build up relationship with junior almost from the cradle. Bathe and feed and even diaper the baby occasionally, is her advice. She adds: "A little later, during the preschool years, a father can accomplish wonders by sharing his day-to-day routine with his youngster, such as shaving, picking out a necktie and eating breakfast. "Humor and play are wonderful approaches to junior," she says. "Let junior get down to father's office and see where he works and what he does. These will make him see him as a person."

The years from five to twelve are the ones when all children but especially boys, most need their fathers, she says. Such youngsters want someone who has done a good job of growing up but who can still be sympathetic and helpful to a small boy struggling through the process. By the time junior reaches his teens, says Mrs. Grossman, a father will find that everything he has ever done to build mutual warmth and understanding begins to pay off.

Vessels To Scatter Flowers At Sea In Memory Of Navy, Marine Dead

The traditional memorial flower service for Navy and Marine Corps war dead who were buried at sea will be held Sunday, October 24, as a part of the observance of the week of Navy Day, October 23-29.

Flowers received from relatives and friends of the war dead will be placed aboard Naval vessels at various bases in the United States and overseas that day after appropriate dockside ceremonies. The vessels will then proceed to sea where the flowers will be scattered upon the water in memory of the dead. Twenty-six ports in the United States and overseas have been designated to receive the memorial flowers from relatives and friends of the war dead and from veterans and patriotic organizations.

Individuals are requested to send only one flower each, which should be forwarded to the Public Information Officer of the appropriate port before midnight Saturday, October 23. Organizations may provide sprays or wreaths. Ports designated to receive the memorial flowers are: Great Lakes (Chicago), Boston, New London, Conn., New York, Philadelphia, Baltimore, Norfolk, Wilmington and Cherry Point, North Carolina, Charleston, South Carolina, Miami, Fla., Jacksonville, Fla., Pensacola, Fla., New Orleans, Corpus Christi, Tex., San Diego and San Francisco, Terminal Island, California (Los Angeles area), Portland, Ore., Kodiak, Alaska, Honolulu and Pearl Harbor, San Juan, Puerto Rico; Yokosuka, Japan, Guadalupe, Canal Zone.

LLOYD GEORGE COLLEGE LLANYSTUMDWY, Wales. (AP)—A college named for Earl David Lloyd George, Britain's World War I prime minister, is to be built near his grave in this village where he died at 82 in 1945.

Raleigh Hollabaugh, who is attending the University of California, writes his parents that there are twenty thousand students enrolled there.

Auction Sale! This Rich, Irrigated West Texas FARM LAND At Your Own Price! Oct. 21, 22, 23 SALE WILL BE HELD ON THE SITE OF THE LAND IN SWISHER AND CASTRO COUNTIES IN THE TEXAS PANHANDLE 4,000 Acres in Two Tracts I. C. LITTLE FARMS Land Divided into 160-Acre Units

TRACT NO. 1 3200 acres located 15 miles west of Kaffir, Texas. Kaffir is on Highway 87 midway between Happy and Tullis. The tract includes 1690 acres of excellent wheat; 1167 acres subdivided land ready to plant; 50 acres of alfalfa; 353 acres of good pasture; 4 irrigation wells and a large reservoir; 3-room modern house with 3 barns, sheds, tool-house, bunk house, silo, windmill, etc. and a 6-room modern house with barn, granary, cellar, orchard, windmill, etc.

This is level land, ideal for irrigation. It is rich and easily farmed. Last season it produced 40-bushel wheat, and 50 to 60-bushel sorghum, on the average. The irrigation wells average 120 ft. in depth and produce 1200 gallons of water per minute indefinitely without falling off. This season much of the crops have not needed irrigation.

ALL FARM MACHINERY AND EQUIPMENT TO BE SOLD AT AUCTION

8 Tractors, combines, ditcher, floats, feed chopper, plows, 4 trucks, binders, drills, engines, hay baler, mowers, rakes and various other items of farm machinery and equipment.

ORDER OF SELLING

Sale will begin at 2 PM on October 21 and continue daily at 2 PM through October 23, or until everything is sold. All sales will be held at headquarters on Tract No. 1. Come early! October 21, inspect the land and machinery—be ready to bid when the sale starts.

HOW TO GET THERE:

Tract No. 1: Drive from Happy south 8 miles, or Tullis north 7 miles, to Kaffir elevator. Turn west on Farm Road No. 214 and drive 10 miles, then north 1 mile and then west 4 miles. Tract No. 2: Drive from Happy south 7 miles, or Tullis north 8 miles, and turn east 5 miles then south 1/2 mile.

FOR THOSE WHO WANT TO FLY: There is a level turf landing field with a wind sock adjacent to headquarters on tract No. 1.

World Series...

(Continued from Page 1)

Series. In the seven games that fall he hit .200, collecting only five hits in seven games. And not one blow went for extra bases. That was not the Williams everybody knew. And there was Johnny Pesky at shortstop, holding a relay from the outfield for just a fraction of a second while Enos Slaughter of the Cards raced around the bases with the winning run.

In 1907 World Series between the Tigers and Cubs indicated that season batting averages can mean little in a short series. The great Ty Cobb led the American League hitters with a .350 mark. Yet when the Series rolled around he hit only .200 and Johnny Evers, Chicago's great second baseman but a weak hitter, blasted the apple for 350 as the Cubs swept the Series after a 12-inning 3-3 tie in the opener.

Even the great Babe Ruth had his batting eye in a World Series. In 1922 against the Giants the Babe made only two hits in 17 trips to the plate. One blow was a double, the other a single. His mark was .188 with one run batted in.

One of the most dramatic moments in a World Series happened in 1926. It was the final game of the Cardinal-Yankee Series. The bases were loaded, or

"drunk" as Satchel Paige likes to say. Old Grover Cleveland Alexander, who had pitched a winning game the previous day, was asleep in the bullpen, as the story goes.

Manager Rogers Hornsby summoned old Alex, told him the situation and that Tony Lazzeri was the batter.

"Guess there's only one thing to do then, hey Rajah?" Alex is supposed to have muttered. Alex did it. He fanned Lazzeri and the Cards won the series, four games to three. Alex was the hero and Lazzeri the goat.

The following year in the Pirate-Yankee Series a pitcher was the goat. John Miljus of the Pirates wild-pitched the winning run over the plate in the ninth inning and the Yankees got their first of five World Series sweeps.

In fielding the horns belong to Roger Peckinpaugh, brilliant Washington shortstop. He made eight errors in the 1925 Series against the Pirates. He was such a fine fielder over the years that veteran baseball men still find it hard to believe Peck was guilty of so many misplays in the space of seven games.

The goat in a Series can be almost anybody who wears a glove or a spiked shoe. Last year the rival managers, Bucky Harris of the Yankees and Burt Shotton of the Dodgers, left themselves open to the second

guess by their odd maneuvers. Maybe this time an umpire will wear the horns. After all didn't Larry Goetz dust off home plate after last year's fourth game was over?

Mr. and Mrs. Don Martin left Sunday for Waco to attend the annual meeting of high school principals. They will return by Stratford where they will visit his parents.

'I Can't Help It If It Follows Me'

Cultural Club Holds Meeting

Cultural Home Demonstration Club met for a program in the home of Mrs. E. P. Duckworth Friday afternoon. Roll call featured preferences in china, crystal and flatware. Mrs. J. I. Findley gave a demonstration in table setting, using an attractive floral centerpiece of dahlias for decorations.

Making shell costume jewelry provided entertainment for the afternoon and Mrs. Grady Parsons gave the Council report.

Members present were Mesdames J. I. Findley, R. C. Childers, J. T. Richardson, C. S. Barclay, A. F. Hargett, R. M. Cook and three guests; Mrs. Martin, Mrs. of the Westway Community, Mrs. Earl Johnson of Pampa and Mrs. Harold Baize of Hereford.

The next meeting will be held with Mrs. Earl DeHart on October 22.

Perryton Rangers Band...

(Continued from page 1)

came in the second quarter on a three-yard smash.

Earl Cimstead, Ranger half-back, marked up two counters in the final period and Jerry Key scored the other in the initial quarter on a 19-yard sprint through left tackle.

The remaining two extra points for Perryton were kicked by Louis Flowers.

Dumas Band...

(Continued from page 1)

Dumas band, the parade way featured 18 floats from high school classes and organizations, decorated bicycles, etc.

Anne Gray, Homecoming queen, was crowned during the half time ceremony to highlight the activities of the first official Homecoming for Dumas High School.

OF INTEREST TO WOMEN

By FEGGY GLEASON

One of my readers recently sent me a letter which I'd like to quote because it deals with an important clothes problem.

"Mrs. Gleason," she wrote, "When will dress manufacturers give us clothes that fit? I'm tired of spending money I can ill-afford for alterations. You see, I'm well over 21 and 3've long since grown out of my original size range, but when I try on a dress in the next larger size, I find that the proportions are all wrong—bodies too loose or sleeves too long, and so on. Goes ever since. It has been decided against buying a dress in the misses department that needs alterations, there is nothing else I can do but go into the women's department and believe me, the clothes there are so dowdy!"

I decided to investigate the situation as thoroughly as possible. I seem to have bitten off a

good deal more than I can chew, for what I discovered about clothes for the woman of mature lines will supply me with material for at least two columns!

In the first place, I learned that there are nearly 16 million women in the United States whose dimensions are appreciably larger than most dress manufacturers realize. These women, incidentally, form almost a quarter of our total adult female population.

Advancing years have changed their figures; their forearms have taken on more flesh; hips and busts are fuller; their waist-

lines have been foreshortened, etc. No wonder their clothes fit so badly!

In Sunday's column, I'll tell you of what one understanding and intelligent dress manufacturer is doing in recognition of this problem.

6,000 Fish...

(Continued from page 1)

than 30,000,000 fish in Texas waters. Cost of producing the fish was 41 cents a hundred. State hatcheries filled applications for 30,017,945 fish and the U. S. Fish and Wildlife Service furnished 1,679,653 for Texas lakes and streams.
