

18 in pageant for Miss Hereford

Eighteen young women will be competing for the 1987 Miss Hereford Scholarship Pageant title at 7 p.m. Saturday in the Hereford High School auditorium. Tickets are priced at \$2 per person and may be purchased at the door.

Those vying for the coveted crown include Monica Arsola, Delight Thames, Karen McCuistian, Katie Ramey, Marsha Ward, Renee Blaylock, Deanna Hobbs, Michelle Kwilinski, Jenifer Bankston, Stephanie Jones, Kimberly Hooser, Tracy Garrett, Michele Hamilton, Heather Willoughby, Whitney Whitaker, Roni Kay Love, Irene Lopez and Sheronda Redus.

The Deaf Smith County Chamber of Commerce Women's Division sponsors the annual event. Approximately \$4,500 in prizes and scholarships will be awarded to pageant contestants.

Local merchants who have donated their services and prizes include Touch of Class Beauty Salon, Diana Dick Modeling Agency, Pants Cage, Gaston's, The Vogue, Anthony's, Etcetera, J.C. Penney's, Little's and Betty's Shoes.

Scholarships, ranging from tuition and fees, to room and board, will be awarded by area colleges.

Dallas Ann Phillips, the reigning Miss Hereford, will relinquish her title and crown to the winner Saturday night. This year's pageant theme is "Miami Vice", according to pageant director Donna West.

Local Roundup

Local case upheld

Chief Justice Charles L. Reynolds of the Seventh Judicial District Court of Appeals this week denied the appeal of Thomas Warren Abbot.

Abbot had been convicted on Aug. 27, 1985, in the District Court of Deaf Smith County, for the Jan. 1, 1985, aggravated robbery of a local convenience store.

Abbot utilized seven grounds of error in his appeal. The grounds he listed included insufficient evidence to support an aggravating element in the indictment, the admission of prejudicial evidence and denial of effective trial counsel.

All seven grounds were overruled and the court affirmed the jury sentencing of Abbot to 13 years of confinement in the Texas Department of Corrections.

Police report

Two thefts and two burglaries reported Thursday are being investigated by Hereford police.

A violin valued at over \$2,000 was reported stolen. The complainant did not know where the theft occurred. In the 2000 block of Norton a \$246 handgun was reported stolen.

Burglaries were of motor vehicles. A jack and a spare tire were taken from a vehicle parked in front of Deaf Smith General Hospital, and in the 800 block of East First a stereo and a starter were taken from a vehicle.

Criminal mischief was reported from Holiday Motel, where \$300 damage was done to vehicle windows.

Other reports were of harassing phone calls, a possible juvenile runaway, and disorderly conduct.

Police issued three citations and checked one accident which resulted in minor injuries.

Sheriff's report

Wild dogs are again killing domestic animals, according to Deaf Smith Sheriff's Department reports. About \$40 worth of poultry is the most recent loss reported to the department.

Deputies also received a report on obscene phone calls.

Ten pounds hidden in dog food

Marijuana sale busted

By DEBE GRAVES
Staff Writer

Ten pounds of marijuana with a street value of \$192,000 were confiscated in a drug bust in the parking lot on the corner of Park and U.S. 60 at 6:50 p.m. Thursday. Five men were arrested at the scene and three cars were confiscated along with \$8,500 cash.

Sergeant Larry Garrett with the Panhandle Regional Organized Crime Unit commented, "We received information of a possible dope deal from an informant. Acting on that information and assisted with

manpower from five Deaf Smith County Sheriff's Department Deputies and a Department of Public Safety trooper we successfully completed the drug bust in Hereford."

The marijuana was found packed in sealed plastic bags stuffed in a large dog food bag. Garrett stated, "The marijuana had been processed through a trash compactor so it

would pack tighter."

Law enforcement officers watching the purchase of marijuana from a nearby location arrested both the dealers and the purchasers of the illegal substance. Arrested were Willie Dale Bridgeman, 42, of Lubbock; Jim Lomax, 35, of Amarillo; Fred Smith, 53, of Amarillo; Jesus Leal Soliz, 49, of Bovina; and Larry

Thomas, 39, of Amarillo.

The men were charged with delivery of over four pounds of marijuana, a felony offense which could draw five to 99 years imprisonment. Lomax and Thomas were transported to Amarillo Thursday night on other warrants. Arraignment was set for the other three men for this morning in Justice of the Peace Johnnie Turrentine's court.

Dogie Bags

Sgt. Shirley Wheeler and Deputy Herman Lopez inventory the contents of a bag of dog food with a surprise inside...10 pounds of marijuana. The marijuana was con-

fiscated in a drug sale bust Thursday evening in the parking lot of a Hereford convenience store.

Consumer prices rose considerably in February

WASHINGTON (AP) — Consumer prices, reflecting increases for energy and a wide range of other goods, rose a hefty 0.4 percent in February, the government said today.

The rise in the Labor Department's Consumer Price Index followed a 0.7 percent surge in January. So far this year, consumer prices have increased at an annual rate of 6.7 percent — compared to the 1.1 percent rise for all of 1986.

Economists said the February increase was, in part, a direct reflection of higher import prices stemming from declines in the value of the dollar against foreign currencies.

Higher energy prices were also a factor in the February increase, but not to the extent that they had been the month before.

Gasoline prices were 4.2 percent higher at the pump in February than they were the month before, after rising 6.6 percent from December to January. Heating oil prices were up 4.4 percent, following a 9.8 percent rise in January.

The gains in gasoline and fuel oil prices accounted for roughly one-third of the overall February rise. Excluding energy, consumer prices increased 0.3 percent in February after a 0.5 percent rise in January.

Constitution change may be dangerous

AUSTIN (AP) — The rights guaranteed in the nation's Constitution may end up in the trash can if a drive to call a constitutional convention is successful, a lawmaker says.

Thirty-two states, including Texas, have passed resolutions calling for a convention to add a balanced budget amendment to the U.S. Constitution. Support from two more states would force Congress to convene a convention.

But Rep. Clint Hackney, D-Houston, said Thursday he wants

(See CHANGE, Page 2)

Food prices, meanwhile, increased 0.3 percent after a 0.4 percent gain the month before. Grocery prices were up 0.4 percent while restaurant meal prices rose 0.2 percent.

Housing costs, up a sharp 0.5 percent in January, advanced 0.4 percent in February.

Meanwhile, in one of the few decreases recorded last month, new automobile prices fell 1.1 percent, a decline largely reflecting renewed manufacturers' incentive programs. Car prices had risen 0.4 percent in January.

Automobile financing charges were also down, by 2.5 percent.

If continued for 12 consecutive months, the 0.4 percent overall increase in February would translate to an annual rate of inflation of 5.2 percent.

February's rise left the Consumer Price Index at 334.4, which means that a "market basket" of goods that cost \$10 during the 1967 base period would have cost \$33.44 last month. That's 69 cents more than the same items would have cost in February 1986, when the CPI stood at 327.5.

The overall index is not adjusted to remove the effects of predictable and recurring seasonal factors; the other monthly figures in the report are.

Task forces seek halt of DOE funds

Nuclear waste repository opponents have told Texas congressional delegates that they want no more funding for the Department of Energy's siting activities for a nuclear waste dump.

In a press conference Thursday, the Nuclear Waste Task Force said it endorsed the proposals in a letter by the National Nuclear Waste Task Force that calls for a halt to all money for DOE plans on a repository or a Monitored Retrievable Storage, but to increase funding for developing waste management technology at reactor sites where the waste is produced.

Delbert Devin, president of the NWTTF, said, "The entire site selection process is in total disarray, and with DOE's credibility being questioned in many congressional hearings, a deletion of funds for siting activities at first, second and MRS location is a responsible approach."

Devin said that since appropriation and budget bills must move, the proposal may be the only legislation concerning nuclear waste to move.

Dempsey Alexander, newly elected president of POWER of

Hereford, said the repository are the same and stated that his group is fighting to stop characterization.

According to the letter of the National NWTTF, DOE is seeking \$525 million for first repository investigation in fiscal year 1988, either \$24 million or \$74 million for second repository research (depending on whether site-specific activities resume), and \$58 million for the MRS.

The letter says that the DOE "mismanagement and misguided emphasis on fast-tracking a solution" has resulted in political precedence over scientific, selection of unfit sites, inadequate consultation with states and Indian tribes, and development of the MRS to make up for expected delays in the repository schedule.

Fourteen states have groups which are part of the National NWTTF.

At the news conference, a nuke dump opposition resolution passed by the Panhandle and the West Texas Association of County Judges was released. The resolutions cite the threat of contamination to prime farmland in the area.

News Roundup

State Texas' population growing slowly

COLLEGE STATION, Texas (AP) — The state's population continues to grow, but only about half as fast as it did during the boom years of 1980-82, according to a report charting Texas' growth.

Most of the increase has been natural, or simply more births than deaths, said demographer Steve Murdock, professor and head of the Rural Sociology Department at Texas A&M University.

The study, released Thursday, was conducted by the Texas Agricultural Experiment Station for the Texas State Data Center. Preliminary figures for 1986 suggest population growth may be stabilizing, the report said.

"The state's population is still growing. It grew from 14.2 million people in 1980 to 16.4 million in 1985, but the rate of growth has slowed substantially," Murdock said.

"In 1980-81 and 1981-82, a period of very rapid growth in Texas, the annual rate of increase was about 3.6 percent per year. But for 1984-85, the growth rate was about 1.8 percent, or about half of what it was in the boom years of 1980-82."

The study shows that 17 of the state's 26 metropolitan statistical areas experienced net out-migration between 1984 and 1985. Six of the metro areas experienced population declines because natural increase was not enough to offset exits between 1984 and 1985.

The population trends in Texas's 254 counties show that 146 counties had population decreases during the 1980s. By contrast, during the 1970s, only 44 had declines in population and in 1980-82 only 41 counties lost population.

1 million may apply for amnesty

SAN BENITO, Texas (AP) — As many as 1 million illegal aliens may apply for amnesty in Texas, one fourth the national total expected to seek citizenship when an immigration reform bill goes into effect May 5, a federal official says.

Stephen H. Martin, a regional commissioner for the Immigration and Naturalization Service, said Thursday that the INS will be ready to begin processing the applications in early May.

The paperwork will be available in about 20 days, he said. Martin, in San Benito to attend a border conference sponsored by area mayors, said 400 people will be hired to process the applications in Texas.

Aliens who have lived continuously in the United States since 1982 are eligible for amnesty and later citizenship under the act, which President Reagan signed into law Nov. 6.

Martin, in charge of the INS in part of the Caribbean and 13 states from Florida to North Carolina to New Mexico, said as many as 800,000 to 1 million aliens could seek citizenship in Texas alone.

National Retaliation against Japan advised

WASHINGTON (AP) — President Reagan is being urged by his top advisers to take retaliatory action against Japanese computer chip makers in an effort to force compliance with an 8-month-old trade agreement, according to administration and congressional officials.

That course was unanimously agreed to on Thursday at a meeting of the president's Economic Policy Council, which is made up of a majority of Reagan's Cabinet, said the officials, who spoke only on condition of anonymity.

The retaliation, if Reagan goes along with the recommendations, will take the form of penalty duties on various Japanese electronics products, the sources said.

Sources said that telecommunications equipment was high on the list of targeted items.

One trade official familiar with the semiconductor dispute said that items which are widely available from non-Japanese sources — such as inexpensive hand-held telephones — are likely to be hit by the proposed sanctions.

Administration officials declined to discuss the recommendation in any detail, claiming that the Cabinet wanted to leave the president flexibility to select other options. However, they said a formal announcement on the proposed sanctions was expected in a matter of days.

Designer drugs linked to deaths

CHICAGO (AP) — A report of five deaths linked to the designer drugs known as "Ecstasy" and "Eve" shouldn't cause panic, but the drugs may have fatal effects in people with underlying heart problems, researchers say.

The two drugs — chemical cousins of a stimulant called MDA — are rarely linked with death, but five people died after taking them during a nine-month period in a single Texas county, a new report disclosed.

"There's no reason to panic," however, said lead author Dr. Graeme P. Dowling, formerly of the Pathology Department at the University of Texas Health Science Center in Dallas and now deputy chief medical examiner in Alberta, Canada.

But he said scientists know little about the drugs, even though some psychiatrists argue that one of them — "Ecstasy," known chemically as MDMA — has earned a legitimate place in psychotherapy.

Designer drugs — synthesized to simulate the effects of illegal narcotics without themselves being specifically outlawed — concern medical authorities because of their growing popularity on the recreational drug scene, especially among college students.

Though they are not commercially sold, drugs like MDMA have simple enough chemical formulas that they can be produced relatively easily in a laboratory, Dowling said in telephone interview Thursday.

Psychiatrists wanting their patients to use designer drugs could simply hire a lab to make them, he said.

Researchers at the University of Chicago have said even limited use of MDMA — used by some psychiatrists as a part of prescribed therapy in the early 1970s — could cause brain deterioration, and the federal government banned the drug on July 1, 1985.

\$16 million spent improperly

WASHINGTON (AP) — The \$16 million spent by the government for President Reagan's 1985 inauguration was an "improper use of taxpayer funds," according to Capitol Hill auditors who warn it will happen again unless Congress steps in.

Some federal agencies, such as the Department of Defense, which spent \$10 million and assigned 8,500 people to the inauguration, have only limited authority from Congress for such activity, the General Accounting Office said.

For lack of legislative guidance, agencies adopted a variety of practices for getting reimbursed by the Presidential Inaugural Committee, a private enterprise, the report said.

It said that at the Defense Department "virtually all inaugural support was without reimbursement."

Of the \$16,189,781 spent by seven federal agencies, only \$877,422 was reimbursed, the GAO said.

There were nine balls and 10 other inaugural events in a four-day period around the inauguration Jan. 21, 1985, "largely planned, staffed, and executed by federal employees at the taxpayers' expense," the report said.

Opportunity Calling

YMCA board member Steve Nieman practices his speech on the line while board president Roger Eades looks on. Board members and volunteers will conduct a Telethon telephone membership drive at the Plains Insurance building this Saturday morning from 9 until noon. The membership drive kicks off a month of vigorous activities celebrating the second anniversary of the YMCA facility located on 15th Street. Other activities will include a T-shirt campaign in which existing members may earn shirts by signing up new members and an open house introducing the new Fitness Director Jack Johnson.

Parental rights bill would guarantee job

AUSTIN (AP) — State employees should be given time off when children are born or are gravely ill — and should get their old jobs back later — if the state really wants to promote family values, a trio of lawmakers says.

Legislation to provide such job guarantees to some 170,000 state government and university employees has been introduced in both the House and Senate.

"A parent should be secure about her job during one of the happiest moments of life, when she is giving birth to a child," one of three sponsors of the bill, Rep. Juan Hinojosa, D-McAllen, said Thursday.

"If we wish to strengthen family values and unity, we must protect the security of child-bearing parents," he added.

Also sponsoring the measure are Sen. Hugh Parmer, D-Fort Worth, and Rep. Lena Guerrero, D-Austin.

Texas currently has no policy for parental leave by its employees, the lawmakers said.

The bill would apply equally to men or women, and it is similar to a California law recently upheld by the U.S. Supreme Court, Parmer said.

It would give state employees the option of taking up to six months of unpaid leave, and it guarantees that upon returning to work they would get back either their old job or a similar position.

The lawmakers said such a measure would allow new parents to spend time with their children during the crucial early months of development, or to care for children who become catastrophically ill. While

staying home, they wouldn't have to worry about their economic security, the legislators said.

"The first months of a child's life are critically important to future physical, emotional and intellectual health. Medical research has shown that the parent's role is crucial to healthy growth," Parmer said.

"In these times of economic hardship, a new parent is faced with an even greater financial burden. The parental leave bill protects jobs and provides security for the entire family," Ms. Guerrero added.

GABRIEL CHAVEZ JR.

March 26, 1987

Gabriel Chavez Jr., 22, of Portales, N.M., was killed early Thursday morning on U.S. Highway 60 about five miles west of Hereford. He died at Deaf Smith General Hospital at 3 a.m. from injuries. He is survived by a brother Anthony of Hereford.

Mass will be said at 1:30 p.m. Saturday in St. Helen Catholic Church with the Rev. Juan Montoya officiating. Burial will be in Portales Cemetery by Wheeler Mortuary.

Mr. Chavez was born at Friona and at a very young age moved with his family to Barstow, Calif. He returned to Belen, N.M., at age nine with his family and moved to Portales in 1981.

He was a graduate of Portales High School. He worked for Borden Peanut Co. and was a member of the National Guard at Portales.

Survivors include his parents, Mr. and Mrs. Gabriel Chavez, of Portales; two brothers, Anthony of Hereford and Steve of Portales; three sisters, Betty Ann Gullegos, Mary Jane Chavez and Teresa Chavez, all of Portales; and two grandmothers, Eulemia Armijo of Belen and Romona Chavez of Barstow.

Tuition free school to be provided

The Hereford Independent School District will be providing a tuition free summer school program for students in the district in grades K-12 who are deficient in basic skills areas.

The secondary grade summer school will run from June 8 through July 17. Classes in English, math, social studies, and science will be held from 8:30 a.m. to 10:10 a.m. and 10:20 a.m. to noon Monday through Friday.

Elementary summer school will run from July 6 through August 14. Classes in reading, english, and math will be held from 8:30 a.m. to noon, Monday through Friday.

Students at both summer schools will be expected to attend all sessions and follow school policies to remain eligible to attend classes. No transportation will be provided. Eligibility will be restricted to insure small classes and individual attention for students.

Parents wanting to have their child attend the summer school should contact their child's teacher concerning registration. Registration forms must be returned to the schools by May 15th, in order for a student to attend. No registrations will be accepted after this date.

For further information, contact a building principal or Marc Williamson at the central office.

Letters to the editor

Dear editor:

Mrs. DeBord's first grade class at Aikman Elementary School would like to thank all persons responsible for the opportunity to participate in the "Book It" program.

It was a joy to see so much motivation and participation to reach each month's reading goal. It meant a lot to have the privilege to join others in the national reading program.

We thank the Pizza Hut for the benefit of a pizza reward for good reading. This love of reading coupled with the love of pizza added lots of assets. We thank the Hereford School Board for supporting the program in the schools. We also wish to thank Mr. Poindexter for support and encouragement of this program. A special thank you is given to all those parents who supported and participated with their student in this program also.

Thank you again,
Mrs. DeBord's Class

Women's Volleyball Champions

The Ladies Choice team won the women's volleyball league championship Thursday night at the Hereford and Vicinity YMCA. Members of the championship team, which defeated Oglesby, 15-11, 15-10, in the title match, are: front row from left, Kelley Richardson, Pam Mason, and Kimi Hodges; back row from left, Cathy Miller, Regina Brorman, and Pat Green.

Portland's strategy against Rockets backfires, 119-104

HOUSTON (AP) — The Portland Trail Blazers' strategy of concentrating their defense on stopping Houston's Akeem Olajuwon backfired.

"The strategy was to make the other four guys do it. That's logical when Akeem is carrying the team on his shoulders," Houston guard Robert Reid said Thursday night after scoring a season-high 30 points to lead the Rockets to a 119-104 win over Portland.

Olajuwon, the Rockets' leading scorer with a 24-point average per game, was held to 14 points by a collapsing Portland defense.

Houston's bench responded with 45 points as the Rockets defeated Portland for the first time this season in four meetings.

"We did a good job on Olajuwon. The other people killed us," Portland Coach Mike Schuler said.

"They're going to be nights when Akeem gets shut out, and because he gets shut out we'll win by 10 or 15," Houston Coach Bill Fitch said. "I tell our guards they should get 50 points the way Olajuwon was defended."

"That's the biggest compliment they could give him, covering him with that many people. If they keep playing him like that, he'll be among the league leaders in assists," Fitch added.

Rookie Dave Feitl led the Houston bench with a season-high 17 points.

"It's real exciting for me to go out and know the coach has enough confidence in me to leave me in down the stretch," Feitl said.

Houston's All-Star center Ralph Sampson was in uniform for the first time since undergoing arthroscopic surgery to remove a torn lateral cartilage in his left knee Feb. 5.

Sampson did not play, but Fitch expects him back soon.

"Ralph is going to get worked hard (today). He's anxious to go. Once he says 'Yeah, give me a shot,' I'll give him one," Fitch said. "He might play sooner than April."

Portland was led by Kiki Vandeweghe with 23 points.

Houston led 89-84 entering the fourth quarter, but Feitl scored six points in the first 4½ minutes of the period to boost the Rockets to a 101-89 lead.

Neither team led by more than three points early until Houston scored the final seven points in the first quarter to take a 28-21 lead.

The Rockets made it 43-30 at 8:34 of the second quarter and led 49-34 until Portland went on a 17-4 run to cut the margin to 53-51 at the half.

The Rockets are trying to sign former NBA scoring leader George Gervin for the rest of the regular season and for the playoffs, General Manager Ray Patterson says.

Gervin, who spent most of his NBA career at San Antonio, currently is playing for Banco Di Roma in the Italian League.

If Gervin's team loses its playoff game Sunday, its season will be over, leaving Gervin free to play in the United States.

"It's a unique case where we could help him and he could help us over the short haul," Patterson said. "Here's a guy who can roll out of bed and score 20 points. He would give us a tremendous lift at the big guard spot."

Patterson said that because of the team's salary cap, the Rockets are only interested in signing Gervin for the rest of the regular season and for the playoffs.

Gervin, contacted by the San Antonio Express-News in Rome, said he was happy playing in Italy but left room for negotiation.

Both teams are getting ready for playoffs

Hawks beat Mavericks, 120-112

By MARC RICE
Associated Press Writer
ATLANTA (AP) — With the NBA playoffs beckoning, games between top teams such as Atlanta and Dallas are sure to be intense affairs, says Hawks guard Randy Wittman.

Atlanta's 120-112 victory over Dallas Thursday night was a prime example, Wittman said.

"It's getting time for playoff time, and the two games we've had with Dallas now within a span of two weeks, we've really been going at it," he said.

"And that's what it's all about."

Ladies Choice team wins women's volleyball title

The Ladies Choice team won the Hereford and Vicinity YMCA women's volleyball league championship Thursday.

Ladies Choice beat Oglesby in the championship match, 15-11, 15-10. In a semifinal match, Ladies Choice scored a victory by the same scores, 15-11, 15-10, over Young Blood.

In other matches, Young Blood

defeated Short Clover, 17-15, 15-13, in a first-round match, and Oglesby beat Brown Drilling in the semifinals, 15-12, 15-13.

Members of the league champion Ladies Choice team are: Pat Green, Kimi Hodges, Kelley Richardson, Cathy Miller, Pam Mason, and Regina Brorman.

When playoff time comes around, the intensity picks up," Wittman said. The Hawks, Central Division leaders, and the Mavericks, who are atop the Midwest Division, played close in the first half Thursday night. The lead changed hands nine times in the first half, and Dallas led 58-57 at intermission.

But the Hawks came out roaring at the start of the second half, scoring eight unanswered points to gain a lead that was never relinquished. Dominique Wilkins and Jon Koncak each had four points during the 2:11 spurt.

Atlanta eventually built its lead to 14 points, taking a 109-95 lead with 5:13 left in the game on a Wittman jumper.

"We were lethargic in the first half," Wittman said. "Our emotional level wasn't up. ... We said we had to get that together and we came out at the start of the second half and really busted on top."

"I think that was really the turning point of the game," said Wittman, who finished with 24 points.

The victory was Atlanta's 15th in its 16 games. The loss snapped a six-game winning streak for Dallas.

"We couldn't play any better than we did in the first half," Dallas Coach Dick Motta said. "But we lost our synch. We couldn't stay with them on the boards."

"They were quicker up and down the floor than we were. They hit every big shot they had to hit," he added.

Mark Aguirre, who led Dallas with 31 points, said, "The fourth quarter was probably the biggest headache for us. They totally took the game over."

Hawks Coach Mike Fratello said he is still looking for improvement from his team, which extended its

lead over Detroit in the Central Division race to 2½ games.

Wilkins led Atlanta with 35 points and 12 rebounds. Spud Webb and Koncak each added 12 points, and Doc Rivers had 11.

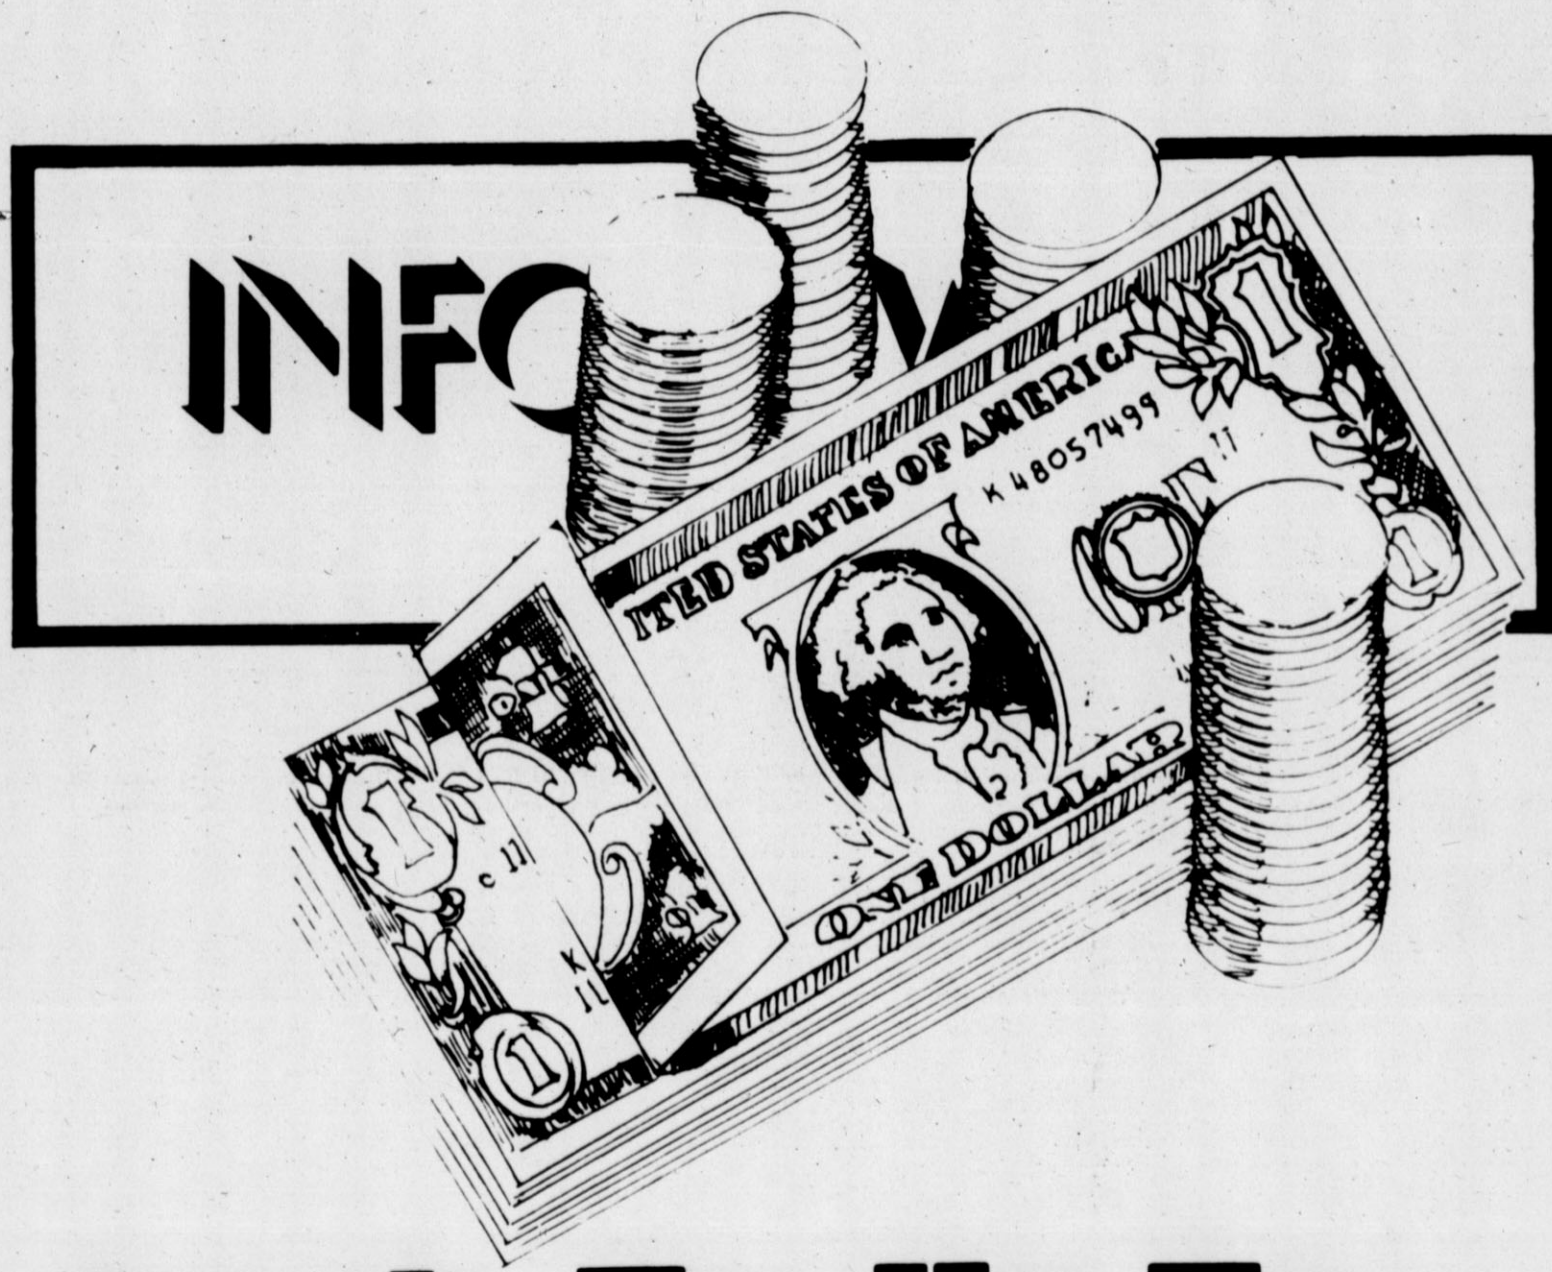

Derek Harper scored 20 for Dallas, Rolando Harper added 19, Roy Tarpley 16 and Sam Perkins 15.

Admission to be charged at HHS baseball games

Admission will be charged at Hereford High School baseball games, beginning with Saturday afternoon's game against Canyon, scheduled for 1 p.m.

Don Cumpton, Hereford Independent School District athletic director, made the announcement this week. Admission will be \$1 for adults and 50 cents for students.

Cumpton said fans can still drive their vehicles through the north and east entrances. There will be a gatekeeper at each entrance.

Final Four rated tossup

By JOHN NELSON
AP Sports Writer

NEW ORLEANS (AP) — Coaches from across the country rate this Final Four a toss-up.

"It's a strange Final Four," said George Raveling, who has made the coaching circuit from Washington State to Iowa and now to Southern Cal. "Any of the four teams have a real good shot to win. Logic says go with Las Vegas, but Bob can be real tough with a week to prepare."

The Final Four begins Saturday with the semifinals at the Louisiana Superdome. No. 10 Syracuse, 30-6, faces unranked Providence, 25-8, in an all-Big East semifinal at 3:42 p.m. EST. Top-ranked Nevada-Las Vegas, 37-1, meets No. 3 Indiana, 28-4, in the second semifinal 30 minutes after the conclusion of the first game.

The championship game will be played Monday beginning at 8:12 p.m.

"Sometimes you can see a little advantage to one team or the other," Raveling said, "but not this time."

Nevada-Las Vegas has won 22 straight since losing to Oklahoma 89-88 at Norman. Like Providence, the Runnin' Rebels have built much of their success on the 3-point field

goal.

Nevada-Las Vegas, led by Freddie Banks, made the most 3-point field goals of any NCAA team this season, hitting 296, while Providence, led by Billy Donovan, made the most per game, with an average of 8.1. Banks hit 142-of-339 3-point attempts for UNLV, while Donovan shot 96-of-234 from the 19-foot, 9-inch range for Providence.

"The 3-point field goal helped two teams for sure," said Pitt Coach Paul Evans, whose team beat both Providence and Syracuse twice during the Big East season.

Syracuse is led by 6-foot-10 junior center Rony Seikaly, who averaged 15 points and 8.1 rebounds per game despite being slowed in early season during his recovery from a broken foot. Seikaly scored 104 points and had 37 rebounds in four tournament games and was named Most Valuable Player of the East Regional after the Orangemen beat second-ranked North Carolina 79-75 behind his 26 points and 11 rebounds.

Indiana's prime offensive weapon is Steve Alford, who averaged 21.7 points per game and broke the Hoosier's all-time scoring mark this season. While both UNLV and Providence have several 3-point shooters, Alford made 98 of Indiana's 121 long-range shots during the season.

"I think probably Syracuse's inside game will take its toll on Providence, and I think when Bobby has a week to prepare, he can beat anybody," Evans said in picking the Orangemen and Hoosiers in the semifinals.

In the final, Evans said, "I would hope for Syracuse, but probably Indiana."

Michigan Coach Bill Frieder, whose team lost twice to Indiana during the Big Ten season, said it was "an interesting Final Four — a wide open tournament. It's a tough call."

"Seikaly's play made Syracuse what it is now," Frieder said. "Indiana is in every game it plays, and Las Vegas has probably the best athletes, the best talent. Providence,

the 3-point play has really benefited them."

While Frieder called Indiana's Dean Garrett, at 6-10 and 220 pounds, the only "true center in the conference," he said Alford could be the key to the tournament. "If he gets on a roll," Frieder said, "a lot will depend on how Vegas does at containing him."

Bandito Bombers win league title

The championship game of the Hereford and Vicinity YMCA high school basketball league went into overtime Thursday night, with the Bandito Bombers team defeating Scum Inc., 36-33.

The score was tied 16-16 at halftime, and also 31-31 at the end of

regulation time. Derrell Page hit a field goal attempt early in the overtime to give the Bandito Bombers a 33-31 lead.

After their opponents had scored a free throw to make the score 33-32, the Bandito Bombers went into a stall.

With 20 seconds left in the overtime period, Edward Martinez of the Bandito Bombers was fouled. He missed the first free throw in a one-and-one, but teammate Page rebounded the ball and scored a basket to make the lead 35-32.

Marc Bullard of Scum Inc. made

one of two free throws with 10 seconds left, making it a two-point game, 35-33.

The other point of the overtime for the Bandito Bombers was a free throw by Bill Ruckman with one second left.

In addition to Page, Ruckman, and Edward Martinez, other members of the Bandito Bombers team are Johnny Beltran, James Hernandez, Robby Collier, Tim Long, Dennis Davison, and Tom Ramirez.

Page was high scorer for the league winners with 15 points. Collier scored 10 points, and Long had six points.

The Scum Inc. team was led by Lee Young with 10 points, Marc Bullard with nine points, and Chris Bullard with eight points.

BANDITO BOMBERS: Derrell Page, 15 points; Robby Collier, 10 points; Tim Long, 6 points; Johnny Beltran and Edward Martinez, 2 points each; Bill Ruckman, 1 point. Total: 36 points.
SCUM INC.: Lee Young, 10 points; Marc Bullard, 9 points; Chris Bullard, 8 points; Gideon Yavornik, 6 points. Total: 33 points.
Halftime score: Bandito Bombers 16, Scum Inc. 16; regulation score: Bandito Bombers 31, Scum Inc. 31; final score: Bandito Bombers 36, Scum Inc. 33.

Or will it be made longer?

Will 3-point goal stay same?

By HAL BOCK
AP Sports Writer

NEW ORLEANS (AP) — The question was tucked neatly amid 20 others, asked almost casually of the constituency, with no indication that it was any more or less pressing than the others.

"Approve the concept of the 3-point field goal?" it was stated innocently.

Ed Steitz's annual questionnaire, distributed to coaches, referees, administrators and media delivered an 83 percent approval rating for the home run shot and the secretary-editor of the NCAA rules committee proudly displayed the results. Most impressive, perhaps, was the 705-165 approval edge the rule gained among NCAA coaches.

"Yes," Steitz said, "without equivocation, we will retain the 3-point goal."

Then there was some equivocation.

Retention of the rule is up to the 13-man committee which meets next week. Certainly, Steitz's numbers will carry weight with the ruleswriters. But, as C.M. Newton, coach at Vanderbilt and former chairman of Steitz's committee, said, "At this point, it ain't a lock."

"This was the first major rule change that was not mandated by the coaches," Newton said. "That concerned me at the time."

In fact, the 3-point rule was introduced despite opposition from the coaches. And certainly Steitz confirmed Newton's parliamentary reminder. But the bevy of statistics that the father of the 3-point shot will carry into the rules meeting is persuasive ammunition.

"The change has done what we wanted it to do," Steitz said. "It has halted the decline in scoring, opened the lane, minimized congestion and put the outside shot back in the game. Five years from now, people will say 'What was the furor all about?'"

And if somebody asks about the 19-foot-9-inch distance, Steitz

answers with more questionnaire statistics.

Given the option of adding nine inches to match the Olympic 3-point distance, Steitz's respondents were lukewarm to the proposal. "When I see 35 percent want to retain it just the way it is, and 39 percent want to make a slight modification, I don't see it changing," Steitz said.

This, of course, did not stop Steitz's committee before, when, as Newton is quick to remind, it plunged ahead with the 3-point shot despite having no particular mandate from those most affected by the change — the coaches.

That community, by the way, is beginning to feel slighted on other fronts as well. Eddie Sutton of Kentucky, incoming president of the coaches association, said his group is particularly irked over legislation adopted at the last NCAA convention in January.

With little input from coaches

caught in the middle of their season, the NCAA reduced basketball scholarships from 15 to 13, proposed a reduction in the traditional season and eliminated part-time coaches from Division I programs.

"We are proposing that the date of the convention be moved to a time more conducive to the participation of basketball," Sutton said. "Right now we don't have much voice in legislation passed or proposed. The basketball tournament produces the greatest part of the NCAA's budget. We feel like we should have a greater voice."

Spring meeting of music club held

The annual spring board meeting of the First District Texas Federation of Music Clubs was held recently in Amarillo.

Mrs. Alfred Smith of Hereford was present at the meeting.

Presiding over the meeting was Mrs. John R. Yows of Borger, recording secretary of the district.

The purpose of the meeting was an overall review of the work done by the district federation, including that of the 50 chairmanships.

It was tentatively decided to make the following changes on a trial basis:

-Have one district convention the second year of each two-year administration instead of annually.

-Each club will plan one activity and have a joint program the first year with another club called "Special Guest Day", for the purpose of exchanging information.

-Pair the chairmanships down to 18 through merging or elimination. Three chairmanships will be assigned to each of six clubs; Hereford, Amarillo, Borger, Gruver, Dawn, and Stratford.

In streamlining the district convention, it was decided that the district board meeting would begin at 10 a.m. with the convention beginning at 10:30 a.m. Opening

ceremonies will be eliminated, district reports presented before the noon luncheon with the performing arts program immediately following. Guests at the noon luncheon will be performing Juniors.

Requirements for the Mae Von Darden Gold Cup Attendance Trophy were updated.

It was decided to delay any revision of the district by-laws until the trial period ends. District board meetings will be called by the district president as she deems necessary.

Officers who will serve for 1987-89 are: president, Jewel Keith of Borger; vice-president, Fay Gillespie of Gruver; recording secretary, Mandy Berrington of Gruver; treasurer, Helen Caraway of Dawn; historian, Daisy Allison of Amarillo; parliamentarian, MariHoward Englebrecht of Stratford; and auditor, Marlene Morris of Borger.

Others present at the Amarillo meeting were Mrs. Ray B. Copeland and Mrs. Forrest Campbell, both of Borger; Mrs. Dale Schooler, Mrs. Ivan Frederksen, Mrs. Willie Mae Bruckner, and Mrs. Fran Doleator, all of Amarillo; and Mrs. Carl Wamberley of Dawn.

CLASSIFIED ADS
 Classified advertising rates are based on 14 cents a word for first insertion (\$2.80 minimum), and 10 cents for second publication and thereafter. Rates below are based on consecutive issues, no copy change, straight word ads.
TIMES RATE MIN.
 1 day per word .14 2.80
 2 days per word .24 4.80
 3 days per word .34 6.80
 4 days per word .44 8.80
 5th day FREE
 Ten days (2 free) is \$15.80 minimum; 15 days (3 free) is \$23.80 minimum; one month is \$31.80 minimum.

CLASSIFIED DISPLAY
 Classified display rates apply to all other ads not set in solid-word lines—those with captions, bold or larger type, special paragraphing, all capital letters. Rates are \$3.95 per column inch; \$3.25 an inch for additional insertions.

LEGALIS
 Ad rates for legal notices are 14 cents per word first insertion, 10 cents per word for additional insertions.
ERRORS
 Every effort is made to avoid errors in word ads and legal notices. Advertisers should call attention to any errors immediately after the first insertion. We will not be responsible for more than one incorrect insertion. In case of errors by the publishers, an additional insertion will be published.
