## First Official Street Numbering In Hereford's History Is Underway

### Hereford Club Women Endorse Chest Survey By Health Dept.

Hereford club women are backing the survey and x-rays to be made by the mobile unit of the State Health Department which will arrive here Saturday and remain for Monday and Tuesday of next week.

Following a talk by Dr. Millard Nobles at a meeting of the Federation of Women's Clubs here last week, members of the clubs voluntarily voted to aid in the publicity and the urging of clubs, schools, families and individuals to take advantage of the free clinic for x-raying of chest, which might disclose tuberculosis or any chest disease.

Dr. Nobles said Monday that interest was high and he expects a good turnout by the people of this county for the x-rays. Nobles is secretary of the Five county medical association which included, Randall, Farmer, Oldham, Castro, and Deaf Smith. The association is backing the state survey which is free but is not charity since the tax payer is paying for it.

"Registration for the x-rays is easy and simple and takes only a few minutes of your time," Dr. Nobles said last week. "There is no robbing, you give your name and that of your doctor and a minute before the x-ray machine and that is all."

Later notification is made through a State Health Nurse to your physician who then calls you if there is any trace of disease.

The mobile unit will be stationed at Southwestern Public Service building from 10 a. m. to 4 p. m. Saturday; 9 a. m. to 6 p. m. Monday and 9 a. m. to 5 p. m. Tuesday.

Rev. R. H. Cagle's new glasses don't work. Just this week he drove into a parking place on Main Street, hopped out, marched over and fed the parking meter—and then discovered he had been putting money in the wrong one.

Beryl Elliston is issuing an SOS call to garden club members, green thumb patrons or just flower growers in general to keep the Tri State Fair Booth supplied with blossoms. "They sure cause lots of comment," he declares, "and besides, people are getting to where they expect Deaf Smith County to do something different." If you can help out, let Beryl know.

Thanks to whomever mailed a copy of the Dallas Handbook to the Hereford Brand staff. This "Bosnian story of Dallas from Backstage to top hat," is full of interesting items from Dallas' history from the time Tennessee bachelor John Neely Bryan settled down in Nov. 1841 through the era of Coal Oil John's place that used to stand at Main and Erway selling fuel to early day motorists to predicting Dallas' 1970 population to run 642,619.

Blue Cross dues are in order. Continued on Page 5

### Bruce Wooddell New Scout Explorer Unit Assistant Advisor

Bruce Wooddell has accepted the position of assistant advisor to a senior boy scout unit known as the Explorer Unit aiding Dave Beavers, present advisor.

Wooddell has been associated with scout work since 1938. His past duties would not permit the time to do as much as he would have liked but he is taking advantage of the opportunity to do more active work with the Scouts, he said.

At present the Explorer Unit has twelve members of 15 and 16 year old boys but plans are being made to double this number, said Wooddell. In the past camping has been stressed and now entertainment and service will be added to the interests of the boys in the group as a part of the plans now underway.

### As Hornets Stung Whitefaces 7-6 At Sudan

Scenes of the Hereford Whitefaces 7-6 defeat at the hands of the Sudan Hornets last week are shown as Bill Engman in the top picture carries the pigskin for a Whiteface touchdown while an unidentified Sudan player attempts to wrestle the ball away. Engman went over from the seven yard line to make this score. No. 66 in the far center background is Jack Stanton, No. 49 running at the right is Don Davison; No. 42 is Beene of Sudan, while at extreme left is Charles Graham (No. 74). The lower photo shows Pietz making the extra points for Sudan while tackled by Duane Christian (No. 73). Sitting on the ground is No. 96, Bob Owens, while Neely Kimbrough (No. 67) is shown coming from the left. Down on his knees in the left background is No. 74, Bill Ingram.

### Brand Observes National Newspaper Week By Review Of Past

### Hereford A Naked Plain When First Organized News Gathering Started Brand In Many Stages

Since its inception as the Hereford Reporter back in the high top shoes era of 1901, Hereford's local newspaper has gone through several stages of metamorphosis to emerge currently as the Hereford Brand with bi weekly issues published Thursday and Sunday.

The newspaper was first published Feb. 23, 1901 by F. L. Vanderburgh. The weekly tabloid cost \$1.50 per year and brought out its first issue heralding Hereford as the most prosperous town on the plains.

Number one story, on the local sanitary and improvement (Continued on page 5)

The riches of the Texas Panhandle were still a half century away from discovery when the first serious effort at organized news gathering was attempted.

Present-day Hereford was a naked plain—on the fringe of America's frontier. The "Town Without a Toothache" was unborn. Indians and buffalo hunters were the only people on the plains.

Ways to irrigate the rich soil of Deaf Smith County were yet to be devised.

The United States and Mexico—destined to become good neighbors and allied in arms against world dictators were at war. The population of the United States, concentrated in the east, was hungry for war news, hungry for news from the Texas country north of the Rio Grande.

That news came in dribbles, uncertain reports that traveled via pony express, rickety railroad or by the sparse new telegraph lines. Real systematic news gathering was to come, but the momentous Mexican War and the aggressiveness of James Gordon Bennett, publisher of the New York Herald, in reporting it played a vital part in its (Continued on page 5)

### Fall Harvest Crops Getting Underway

are getting underway this week with the first truck load of sugar beets and the first bale of cotton already accounted for.

Odean Nixon said Frank Hefner brought in the first load of sugar beets Monday morning. They were delivered to the beet loader here in town and three cars were loaded the first day. This year's crop, which does not actually sell until next year, is at current estimate valuing about \$12.76.

First cotton of the season was picked from the Jesko-Robert Kershner land four miles southeast of town, said Taft McGee. It was brought in last Friday and (Continued on page 5)

### Funeral Rites Conducted For Paul Wilson

Funeral services for Paul Wilson, 44, victim of a traffic accident near Amarillo, Saturday evening, were conducted at the Black Funeral Home at 3 p. m. Monday with Bob Wear, minister of the Church of Christ, officiating.

The accident occurred when the automobile in which he was riding collided with a pick-up five miles north of the Canadian River Bridge about 6 p. m. Saturday. Mr. Wilson did not regain consciousness after the crash and died of concussion although his condition had at first not been thought serious.

Born March 4, 1904 in Randall County, near Amarillo, Mr. Wilson was reared in Hereford and graduated from High school here in 1922. He entered Texas A and M in 1927 and was graduated with the Class of 1931 as captain of his battery. During World War II he served as first lieutenant in the armed forces.

He was married to Miss Marguerite Massey of Stratford in 1936. They have one child, 10-year old John Marvin. Formerly an employee of the (Continued on page 5)

### Hereford Booth At Tri-State Fair To Be Erected On Sat.

Harvest season and fair time are keeping busy Hereford's committee responsible for the Tri-State Fair Exhibit from Deaf Smith County. Saturday the three men, Hugh Clearman, Beryl Elliston and Sank Ramey, will be setting up the products in the Agriculture Building.

Elliston, who is working on his 40th exhibit, outlined the final plans Monday. The background for the 12 by 14 foot booth will be painted by Glenn Boardman and feature a typical farm scene, irrigation well, sugar beets and potatoes growing in the fields.

The floor of the booth, paper covered will spotlight mounds of the county's most famous products, sugar beets in the center, potatoes and lettuce on one side and carrots and onions on the other.

Posters will advertise the health giving qualities of county (Continued on page 5)

### Lots Measured In 50 Foot Lengths In Residential Area

The first official street numbering in Hereford's history got underway yesterday as a crew from the Jaycees and B. and P. W. Club went out to designate the house and business addresses.

Armed with steel measuring tape, maps and metal numerals, Ellen Carter, B. and P. W. Club's chairman of the project, Harold Loerwald, Jaycee's chairman, and Frank Miller, Jaycee's representative, began at the hub of the town, the intersection of First and Main, and worked east on First.

### O. L. Bybee Chosen To Fill Term Of Carl Gilliland

O. L. Bybee, Hereford attorney who was elected as county attorney in the July Democratic primary Monday was chosen by the county commissioners court to fill the unexpired term of the late Carl Gilliland.

Mr. Gilliland, pioneer Deaf Smith lawyer and one of the community builders of Hereford died Sept. 16 following an illness of several months. He was appointed county attorney in 1942 to fill the unexpired term of his son, Capt. Jim Gilliland, who entered active service. The elder Mr. Gilliland successfully retained the position until his death.

Bybee was to have taken oath of office on January 1. Although his election to the post is not official until the November general election, winning of the Democratic primary is tantum to formal election in the south.

In memory of the late county attorney, the court adopted the following resolution, bearing signatures of Troy Moore, commissioner of Precinct 1; Jeff Robertson, commissioner of Precinct 2; J. T. Gunn, commissioner of Precinct 3; John L. Morris, commissioner of Precinct 4; L. H. Foster, county judge and R. L. Thompson, county clerk.

"Whereas, Death has taken from our midst our friend and official associate County Attorney, the Honorable Carl Gilliland;

"And, whereas, his long service in this County as an officer was rendered capably, honestly and conscientiously; and Whereas our association with him as co-officials, in the discharge of our common official duties have been the most pleasant and marked by a complete spirit of cooperation;

"And Whereas, in his death, this County has lost a competent (Continued on back page)

Both organizations hope to keep some crew working continually to finish the job in a week if possible.

The business district has been officially designated as First (Highway 60) from city limits to city limits and the town block bounded by First, McKinley, Fifth and Jackson. In this area all addresses will be numbered thus:

Beginning at the property line, the Jaycees will measure 12 and a half foot lengths, parallel with store fronts or house fronts. If the door falls within that length, the number will be 101 for example. If it does not, another 12 and a half foot length will be measured off and the store given the next number, 103. Should two doors occur in the same measured length they will be designated A and B.

This footage was decided upon by the mayor and city commissioners in response to the requests of businessmen.

In the residential district, lots will be measured off in 50 foot lengths and the same procedure followed.

Jaycees are selling house numbers, at three for a dollar installed, to anyone who wishes to purchase their official number. This is not compulsory. If residents are not at home when the numbering crew arrives, the crew will write their correct house number on a card and tack it to the door. It will be signed by club members.

Both clubs have hoped this method of numbering will clear up the confusion resulting from Hereford's current haphazard (Continued on page 5)

### Joe Bill Wills Becomes Fourth Victim Of Polio

Joe Bill Wills, 12-year-old son of Dr. R. R. Wills, is in Parkland Hospital in Dallas, undergoing treatment for poliomyelitis.

Dr. L. B. Barnett who flew Joe Bill to Dallas Monday said the boy was not suffering from complete paralysis, but had a marked weakness in his right shoulder and left leg below the knee. He was free of temperature and no permanent disability was anticipated.

Hereford's fourth polio victim, Joe Bill became sick Thursday morning here in Hereford. When his case was diagnosed as polio the boy was flown to Dallas where his father, who was attending a clinic in Cleveland, Ohio, at the time, met him.

Tommy Kay Robinson, daughter of Mr. and Mrs. Tom Robinson, is still undergoing treatment at Texas Children's Hospital. She was reported by Dr. Barnett to be doing nicely. Both children will be in Dallas for further treatment for quite some time, he said.

### Red Cross In Action Within An Hour

### If Disaster Should Strike Here Tomorrow, City Will Be Ready

By CORINNE JENNINGS

If disaster should strike Hereford: There are plans to help meet and take care of needs resulting from any type of disaster. A. J. (Major) Schroeter who is Disaster chairman working with the local American Red Cross office here, proved at a meeting Tuesday night.

Tornadoes are the most likely to occur here said Schroeter but other types of catastrophe could occur in the following order, he believed, hail and rain storms, fire or a train wreck.

Plans were discussed and personnel assigned to fit the plans at the meeting in the courthouse with Schroeter in charge, after being introduced by the chapter chairman, E. C. Eubanks.

Disaster plans would be set up and put into action within an hour following the event with Schroeter installed as head man at his office in the courthouse.

If communications were down, Marie Sears, manager for the Southwestern telephone service promises service within 24 hours and in the meantime short wave could be set up in much less time to enable workers to carry on their jobs to rescue and aid to the distressed.

Nannally To Make Surveys Sam Nannally, chairman of field survey has the job of making surveys and lists to report to Schroeter at the central office, who in turn gives them to Mrs. Doyle Rose, who heads registration and information.

Nannally reports relief needed, kind of relief, condition of transportation and communication, lists the injured and dead as well as the homeless and rapidly as the survey and his helpers determine. Later he will make reports on the condition of homes damaged and extent of (Continued on page 5)

### PLATFORM CAMPAIGNING:

Each on a 17-car special train, President Truman and Gov. Thomas E. Dewey crossed the country and returned on hectic election campaign trips. The Democratic standard bearer's 16-day tour took in 6000 miles during which the President stopped at 134 towns and cities. The GOP nominee made over 50 speeches during his two weeks of stumping. Trying to see the most people in the most places, the railway car platform became a political rostrum for the candidates. At left, Dewey gets a rousing send-off from brakeman Harry Curry in Albany, N. Y. At right, during a stopover in Chariton, Ia., the President was presented with ears of Iowa corn by two youngsters, while 11-year-old Jimmy Merrill jumped up on the platform with his camera to snap the chief executive's picture.

### Observation Car Platform Becomes the Symbol Of Nation-Wide Stumping for Dewey, Truman

Each on a 17-car special train, President Truman and Gov. Thomas E. Dewey crossed the country and returned on hectic election campaign trips. The Democratic standard bearer's 16-day tour took in 6000 miles during which the President stopped at 134 towns and cities. The GOP nominee made over 50 speeches during his two weeks of stumping. ### QUESTION of the WEEK

Who do you think will win in the world series baseball and why?

Earl Wood: The American League will win I think because it has the best hitters, however, the National League has good pitchers and that is important too.

Mrs. Onias Carroll: I think Cleveland has a strong chance to be in the play off and since that team is in the American League; I think that will be the winner.

Joe Bishop: It's too early to say, the games have not started yet in the series. Let me do some figuring and call you later.

"Fat" Curtshager: I think the American League will win because they can hit further and they just look more promising.

Mrs. Bill Clutter: I think the league in which the Cardinals are playing will be the winners as I bet on the underdog.

## Champ Melon Eater

King of the watermelon eaters—and appropriately crowned—Dick Niederhron, left, demonstrates his technique to runners-up. The contest was the feature event of an outing for kids at Marillac House Catholic Club in Chicago. The runners-up are, left to right, Jack Johnson, James Martin and Bill Luck!

## Home Demonstration Club Activities

Cultural Home Demonstration Club met Friday afternoon in the home of Mrs. R. C. Cook. Mrs. Tom Draper gave a demonstration on the evaluation of color in planning a wardrobe. Roll call was answered by each member showing button holes, set in zippers and pockets in garments made during September. The next meeting will be held with Mrs. E. F. Duckworth on Friday afternoon at 2 o'clock, October 8.

Members present were Mesdames Louie Olson, J. I. Findley, Grady Parsons, Earl DeHart, R. C. Childers, J. T. Richardson, C. C. Barclay, A. F. Hargett, E. F. Duckworth and the hostess. Guests were Mrs. J. T. Parsons and Mrs. J. E. Mabry of McCloud, Okla.

**Easter H. D. Club**  
Miss Gladys Flood was hostess to the Easter Home Demonstration Club Thursday afternoon in the home of Mrs. Henry Flood. Mrs. Seals, CHDA, gave a demonstration on party refreshments.

Plans were made for a bake sale to be sponsored at the Cashway Grocery Store in Hereford on Saturday, October 2.

Members were urged to attend the next meeting which will be held at the Easter school house on October 14, beginning at one o'clock. New officers will be

electd. Refreshments were served to Mesdames Glenn Godfrey, J. W. Godfrey, Leo Hall, C. L. LaPlant, W. A. Epperson, Fred Walton, Raymond White, John Burnett, Jim Brooks, McBrayer, Ora Flood and Henry Flood.

Arriving Monday to visit in the home of Mr. and Mrs. Bob Lawrence were Rev. and Mrs. S. B. Ogan of Borger. He is the pastor of the Buena Vista Church in Borger.

**SANTA FE INCOME HIGH**  
Santa Fe's net income for August, was \$6,140,913 according to a statement released by President F. G. Gurley today. Net income for the first eight months of 1948 was \$39,837,337 compared with \$29,240,587 in first eight months of 1947.

Mrs. J. A. Loerwald and sons, Larry and George left for Dallas Tuesday to be with A. J. Loerwald who will undergo an operation Thursday.

## Personals

John Harris, son of Mr. and Mrs. G. E. Harris has enrolled in the University of Texas for his second year. He accompanied John Douglas Pitman when he returned this fall to again enter the University.

Mr. and Mrs. Russell Hunter accompanied by her brother, Charles Kropf, will leave Sunday for the west coast where they will visit in Los Angeles and other points of interest for a two weeks period.

Mr. and Mrs. Harold Harlin have returned to their home in St. Paul, Minn. where he is employed as a radio man with the Northwest Airlines, after visiting here a week with his parents, Mr. and Mrs. J. B. Harlin.

Ray Cosert of Lubbock was a business visitor in Hereford Monday and was also visiting friends here. He and his family were former Hereford residents and he practiced law here.

Thursday, Mr. and Mrs. J. B. Harlin, Mr. and Mrs. Harold Harlin, and Mr. and Mrs. G. R. Cameron visited with Rev. J. B. Harlin in Plainview.

Mrs. Floy Silson of Floydada has been visiting her son, Cliff Potter this week and expects to return home Sunday.

Mr. and Mrs. A. Petersen spent the weekend in Amarillo with former residents, Mr. and Mrs. Herman Ford and family.

## Local DeMolays Confer Degree On Plainview Youths

Hereford's DeMolay chapter conferred the DeMolay Degree on a group of Plainview candidates in a meeting at the Masonic Hall in Plainview Sept. 22.

\*Twelve regular Hereford members were assisted by former members now attending Texas Tech at Lubbock in the degree ceremony. Friona-Bovina chapter completed the program with the Initiatory Degree.

Making the trip were: Dwight Wilson, James Hutson, Bob Johnson, Bob Hamilton, Curtis Barclay, Randy Thomas, Gene Walker, Tom Carnahan, Hershall Miller, Carl French, Garland Roberson, and Gene Moore.

Tech students there for the evening were Oliver Streu, Keith Hutson, Don Shipley and Sam Hershey.

Sponsors were Phipps, O. T. Voldell, Clarence Carnahan, and John Patton, chapter advisers.

The Circus Maximus in which Roman games and gladiatorial contests were held is estimated to have seated 250,000 spectators.

## Training Schools Being Conducted For H. D. Clubs

Miss Sadie Hatfield, landscape specialist from Texas A and M College has been in Hereford the past two days conducting training schools for Home Demonstration Club members, said Mrs. Tom Draper, CHDA.

Tuesday the group met at the Luther Leslie farm home from 9 until 4 p. m. and Wednesday they met with Mrs. John P. Slaton to learn principles of elementary landscaping, pruning, diseases of trees and treatment for blight, etc.

Two members from each club were present and home demonstration agents from other counties, all of whom will present similar educational forums and discussions to their own clubs. Miss Hatfield is making her first visit to Hereford since 1943.

**SIAM'S PRICES DOWN**  
BANKOKK, (AP)—Food prices in Bangkok have dropped 30 per cent and other necessities including clothing are down 18 per cent from the levels a year ago, the Siamese Ministry of Commerce reported.

**Friday Fare**  
Tuna-Stuffed Tomatoes\*  
Crisp Potato Sticks  
Bread and Butter Sandwiches  
Pumpkin Pie  
Coffee  
(Recipe for starred dish follows)

**Tuna-Stuffed Tomatoes**  
Ingredients: 4 medium-sized tomatoes, salt, one 6-ounce can grated tuna, 1-4 cup finely diced celery, freshly-ground pepper, 2 tablespoons creamy-type salad dressing, 2 teaspoons lemon juice, 2 teaspoons sweet pickle relish, parsley, shredded lettuce.

Method: Wash tomatoes, drain and cut slice off stem end. With small sharp knife cut a large cone-shaped plug out of each tomato. Sprinkle inside of tomato lightly with salt. Turn contents of tuna can into a bowl; add celery, freshly-ground pepper (to taste), salad dressing, lemon juice and pickle relish. Mix thoroughly. Fill a one-quarter cup measure with the tuna mixture, level off and turn out into large tomato hollow; fill remaining tomatoes the same way. Cut through pointed tip end of each cone-shaped tomato to "plug" in criss-cross fashion so that there are four openings, but do not cut through to bottom; put a small sprig or two of parsley in openings to garnish. Serve tomatoes on bed of shredded lettuce topped with additional salad dressing if desired.

**The Bride Cooks Dinner**  
Individual Meat Loaves Stuffed Acorn Squash\*  
Buttered Green Peas  
Lettuce and Tomato Salad

**Bread and Butter**  
Chocolate Pudding Beverage  
(Recipe for starred dish follows)

**Stuffed Acorn Squash**  
Ingredients: 2 medium-sized acorn squash, 3 tablespoons butter or margarine, 2 tablespoons (about) firmly packed brown sugar, salt and freshly-ground pepper (to taste), 1-2 cup salted cracker crumbs.

Method: Wash squash and wipe dry. Put on rack on a moderate (350 F.) oven until soft, about an hour. Cut carefully in half so as not to tear or jag skin. Scrape out seeds and membrane with a tablespoon and discard. Scoop out fleshy inside of squash carefully so as not to break skin and put in mixing bowl. (Reserve 2 of the shells.) Add 2 tablespoons butter or margarine and brown sugar (to taste) to squash and mash well. Add salt and freshly-ground pepper to taste. Pile back into the 2 reserved shells. Melt remaining tablespoons of butter or margarine in a small skillet, add coat well. Sprinkle top of the squash with the crumbs and reheat in moderate oven or under broiler.

**Saturday Night Supper**  
Cream of Celery Soup\*  
Griddle Cakes with Bacon  
Maple Syrup  
Beverage  
(Recipe for starred dish follows)

**Cream of Celery Soup**  
Ingredients: 1-2 cup finely cut celery (use narrow top stems below leaves), 2 cups water, leaves from 1 bunch celery, 4 tablespoons butter or margarine, 4 tablespoons flour, 2 cups milk, 1-4 teaspoon salt, freshly-ground pepper (to taste).

Method: Put the finely cut celery in the bottom of a medium-sized saucepan and add the water. Now place leaves in saucepan carefully so they will float on top. Bring to a boil and sim-

**Farmers Urged To Report Wheat Acreage and Yield**

Faust Collier, Agriculture Conservation Association head, today issued two announcements to farms regarding wheat acreage and feed potatoes.

"It is extremely important that farmers report their wheat acreage and yield for last year," Collier said. "Past goals and allotments were based on acreage history and it is probable that should goals be established for 1950, they also will be based on the history of production. It is easier to keep them in the open to try to remember them later."

He advised that if anyone had not received their self-addressed cards for reporting this season's wheat crop, they may pick them up at the ACA office. A surplus of potatoes from Colorado fields has resulted in an abundance of them for feeding purposes to be available to farmers here. They are 30 cents per hundred and orders may be placed through the ACA office. Shipment will be made immediately.

mer until celery is cooked, about 10 minutes. Meanwhile melt butter or margarine, add flour and blend well; remove from range and add milk slowly, stirring until smooth after each addition. Skim out celery leaves from saucepan, leaving the finely cut celery slices at bottom; press liquid from leaves back into saucepan with a spoon or fork. Add celery and liquid to white sauce along with salt and pepper and mix well. Return to range and stir constantly over moderate heat until soup thickens and boils. Serve hot. Makes 4 servings.

**THE SELECTION OF A PUMP REPRESENTS A MAJOR INVESTMENT. A FEW CARDINAL POINTS SHOULD BE KEPT IN MIND:**

- FIRST, buy from a responsible manufacturer, one well established and with long experience in designing and manufacturing turbine pumps.
- SECOND, a manufacturer specializing in building turbine pumps only is in a position to offer greater value than one engaged in the manufacture of many different lines.
- THIRD, the pumps should be priced right—on the lowest basis consistent with good design and proper factory practices. Avoid pumps which are cheapened during manufacture to meet competition. They usually cost in repairs and delays many times the amount saved on the purchase price.
- FOURTH, good pump is crop insurance. It must deliver water when required. A breakdown may result in the loss of an entire crop. To select a Layne Pump is to make a sound investment—an investment that pays the greatest dividends in satisfaction and protection.

**Lower Prices At Most Southwestern Markets Heavier Runs Of Cattle, Calves Bring Sharply**

Southwest farm markets recorded many price declines during the past week, U. S. Department of Agriculture's Production and Marketing Administration reports.

Hogs ruled generally lower on greater numbers. Monday's markets paid \$29 for top butchers at Kansas City, Wichita, and Oklahoma City, \$30 at Denver, \$28.50 at Fort Worth, and \$28 at San Antonio. Sows ranged mainly from \$22.50 to \$26.50.

Heavier runs of cattle and calves brought sharply lower prices at most southwest markets. Stockers and feeders made up the majority of offerings, but moved slowly in Monday's trade. San Antonio took medium and good stocker calves from \$23 to \$25.50 while Houston paid \$21.50 to \$24.50. Good and choice stocker steer calves changed hands at \$23 to \$27.50 at Fort Worth and \$25 to \$29.50 at Kansas City. Good grades made \$24 to \$36 at Oklahoma City, Wichita moved medium and good light stocker steers and yearlings at \$30 to \$26. Denver sold common steers at \$18.50 to \$20.

Slow demand and dull to weaker prices ruled southwest fruit and vegetable markets during the week. Some products in short supply sold higher, but the bulk of seasonal offerings moved slowly. This trend applied to shipping points and terminal markets alike. Lettuce, onions, tomatoes, and potatoes showed weak trends almost everywhere, except at New Orleans, where they moved fairly well.

Cooler weather during the past week narrowed the price spread between graded eggs and current receipts, but no significant price changes occurred. Light culling of flocks for winter laying brought very few hens to town, and prices held firm. Young chickens showed slight weakness in major southwest producing areas.

Most foodstuffs continued steady to strong, but soybean meal dropped \$20 a ton under increased new crop offerings. Prairie hay recovered from the recent slump and sold \$2 a ton higher. Farmers' stock peanuts sold mainly at support prices. Cotton showed a net loss of \$1 a bale at all southwest markets last week.

White corn fell about 15 cents a bushel during the week, and most other grains lost 2 to 5 cents. Based on No. 2 grades at Texas common points, white corn closed Monday at \$2.02 to \$2.07, and yellow corn \$1.75 to \$1.80. No. 1 wheat brought \$2.36 1/2. No. 2 milo sold at \$2.43 to \$2.48 per hundred pounds.

Mrs. George LeGrand spent last weekend in Fort Worth visiting relatives, Mr. and Mrs. L. A. Ricketts and family.

**TO RELIEVE MISERY OF COLDS TRY 666**  
LIQUID OR TABLETS - SAME FAST RELIEF

**TEXAS COTTON Sales Reach 57,685 Bales**

More trading in spot cotton at southwest markets last week paralleled the increased activity at all terminals, reports the Production and Marketing Administration, U. S. Department of Agriculture.

Sales at Dallas, Houston and Galveston ran 40 per cent ahead of those of the previous week to reach 57,685 bales. Nation's ten spot markets, including those in Texas, sold 215,800 bales last week, 28 per cent more than the previous week, but less than a year ago.

Domestic mills made more inquiries for southwest cotton and the volume of forward sales increased. Demand for prompt and near month deliveries was fair, but for small amounts. Shippers wanted mostly Strict Low Middling and better ranging in staple length 7-8 inch through 2-1-32 inch.

Farmers in some sections continued to offer cotton more freely as prices remained above

**TEXAS COTTON**

government loan values. During the past week, prices of Middling 15-16 inch cotton hovered around \$1.10 to \$1.20 cents per pound at Dallas, Houston, Galveston and New Orleans. Only Little Rock prices dropped below 31 cents, but held about 20.95 steady between 30.85 and 30.95 cents per pound. Since mid-September prices have declined about a dollar per bale. Spot prices stood around 30.90 cents per pound at this time last year. Cotton ginned in Texas through September 15 was higher in grade but shorter in staple than last year during the same period. In Oklahoma the cotton was lower in grade but longer in staple.

Texas cottonseed prices went up \$3.50 per ton and averaged \$72 at the gin. Oklahoma farmers received an average wagon lot price of \$67.90 per ton.

**FINES FORCE GOLD PRICES**

SHANGHAI (AP)—You get fished in China if you don't state your old inflated national currency price in the new gulan. Government regulations say you've got to take your price of Aug. 19 this year and divide by 3,000,000 whether this leaves the result as good as your pre-war price or worse.

### Fall Harvest...

(Continued from page 1) gined Tuesday. Current price ranges around 30 cents. Sugar beet harvest will start in earnest next Monday, according to Nixon, with the farmers trying out their new harvesters this week and getting things underway. Cotton ginning will gradually pick up from now on, McGee believes.

### Lois Measured...

(continued from page 1) addresses. They have requested people to learn their addresses and clarify their new mailing addresses with their correspondence, business houses and public services who keep files of their customers street numbers.

### Appear At Court House Early For Driver's License

"People planning to take automobile operator's license examinations should be at the County Court Room for their written test by 9:30 or 10 a. m. Tuesdays," Earl Reynolds, state driver's license examiner said this week.

"We usually have all the drivers we can take care of in a day by that time. People who wait until later in the day may be making a two week job of getting their license," he declared.

There are between 25 and 30 persons appearing every week for tests. Many of them never had licenses, and some are retaking the exam after allowing their license to expire, he explained. Giving 20 people examinations is considered a full day.

Reynolds rotates monthly in Hereford with Bill Smith in handling the seven county district of Deaf Smith, Carson, Randall, Swisher, Oldham, Potter and Armstrong.

### Hereford Booth...

(Continued from page 1) products and the high mineral content of the soil.

Individual entries in other contests at the fair, such as Hubbard and acorn squash, peaches and pears may be moved to the Deaf Smith exhibit after the judging, Elliston said, particularly if there are any blue ribbon winners in the lot.

### Around Town...

(Continued from page one) again says Elmer Mathis of Deaf Smith County Hospital. See V. O. Hennen at the First State Bank to take care of them.

The Bootleg Philosopher this week got some fan mail written on a subscription renewal card with a check attached. "I can't afford to lose the Bootleg Philosopher. I am enclosing check," J. W. Fanning, Grady, New Mexico.

Teachers of the public schools are still telling first day school happenings and Mrs. Elizabeth Bonesto told us one, Doug Ford who is in school for the first time this year went home the first day and when asked

Tri-Hi-Y girls will sponsor a Baby Sitting Month in which they will do the baby sitting with the age limit of pre-school age and not too much older ones. Call Ruth Tucker, president or Bobbie Jane Slak, secretary, for this service. Proceeds will be used to buy a piano for their club room.

what his teacher's name was, said it's a hard name to say but it sounds like Pinochio.

Mrs. A. E. Jury has on display at Buryl Elliston's office a bunch of sweet potatoes with 17 large ones on one vine. From her small patch she has already dug seven bushels and believes she will have 25 bushels when they are all dug. She says this is a sweet potato country as well as one for Irish spuds.

The Hereford booth at the Amarillo Fair has been papered and is now being painted. It is the first on the fair grounds to be under construction and put in readiness for an exhibit, said Buryl Elliston, Wednesday.

Due to the remodeling now underway at the Star Theatre the theatre will remain closed until 6:45 p. m. until the program is completed. Manager Francis Hardwick said. The Texas theatre will show the Star's matinee screen program from 2 until 4:30 p. m. Otherwise the Texas screen fare will remain as scheduled.

### Funeral Rites...

(Continued on page 1) U. S. Soil Conservation Service, Mr. Wilson then moved to a farm southeast of Hereford which he operated until the past spring. He was living in Stratford where he operated a grocery store at the time of his death.

Survivors besides his wife and child are his father, John L. Wilson of Vega; three brothers, Earl Wilson of Childress, Homer Wilson and John L. Jr. of Vega; seven sisters, Mrs. J. T. Gilbreath, Sr. Mrs. Cliff Estes and Mrs. Nell Morgan, Hereford; Mrs. B. P. Castell, Atlanta, Ga.; Mrs. C. L. Morris, Vega; Mrs. Sam Stelle, Ft. Sumner, N. M.; and Mrs. Dean Rice, Venezuela, South America.

Burial was in West Park Cemetery here. Out-of-town friends and relatives here to attend the funeral rites included Mr. and Mrs. Will Pullman, Mr. and Mrs. Dick Morris, Mr. and Mrs. John Vanmeter, Mrs. Raymond Thompson, Mr. and Mrs. Stone, all of Vega; C. C. Castle, Mrs. E. J. Massey and son E. J. Massey Jr., Stratford; Mr. and Mrs. O. J. Boone, Priddy; Mr. and Mrs. Donald Morgan, Adrian; Mr. and Mrs. J. C. Gilbreath and W. W. Gilbreath of Dimmitt.

### Tennis Queen

Mrs. Margaret Osborne DuPont, court veteran from Wilmington, Del., holds the winner's trophy after defeating defending champ Louise Brough to capture the Women's National Tennis Championship at Forest Hills, N. Y. She won 4-6, 6-4 and 15-13 in the final round.

### Disaster...

(Continued from Page 1) loss of stock on farms which were in the path of the storm.

Marlin Gilliland, who has charge of warning, evacuation and rescue with his group plans to be on the job with all ambulances carrying the injured to the hospitals including Deaf Smith County Hospital, with Elmer Mathis in charge, Mrs. Godwin's Rest Home with Mrs. Godwin at the head of it, emergency hospital with locations in the courthouse, city hall, and the central school. One hundred homes are listed that will serve to house those slightly injured who have no homes.

Elmer Patterson, vice-chairman of the disaster plan working with Major Schroeter will set as field man working with all committees there and making reports to the central office. Patterson is a key man, since he knows the people, the town and the locations of all vital set-ups for disaster plans worked out by Red Cross.

Mrs. Dyalthis Brady, executive secretary will be the key office woman working with Schroeter in organization and carrying out of plans in and from the office and working with national headquarters in St. Louis.

Other centers to be used for hospitals and first aid stations will be the post office, city hall, and West Texas Gas Office and that of Southwestern Public Service.

Mrs. Argen Draper, CHDA, will carry out plans and hopes to have food available for the hungry and homeless without too much delay. She will have charge of food planning, the issuing of food tickets, keeping a list of the people fed and will work with the health officer with condition and type of food to be used. The cafeteria at the high school will be central feeding center and also the central school.

The need of clothing will grow as time goes on and "Pie" Harmon with his committee will organize a crew of helpers who will take in clothing which is to be brought in. Local stores may not be called on to donate but plans are being made by store owners whose stores have not been too badly injured to aid if called on.

Clothing from the local Red Cross store room of the courthouse will be available under the supervision of county Judge Leonard Foster and will be used first. Donations expected to come in there will be routed to

Harmon and the store houses for distribution.

Any buying of food, clothing, medicines or supplies of any kind will be done by Fred Baird who will be in an office at the courthouse. All buying is to be done in Hereford unless mass buying which the local stores can not handle became necessary.

To Use School Buses Transportation and communications are in the hands of Bob Wilson and his organized crews and they will use buses from the school, county, and city or any equipment which is available at the time. Wilson, working with Marlin Gilliland on rescue, will move all sufferers, sick, injured, and the dead which will be under their jurisdiction.

Mrs. Rose working at the courthouse headquarters will keep records and lists as fast as they are to be had, of the injured, missing and the dead. She will have general and specific information about locations of shelter, food, hospitals, medical stations, lists of refugees, hospitalized, dead and other answers for family and friends trying to locate missing ones. Later this information will be released for out of town calls as soon as will allow.

Physicians To Be On Duty All doctors will be on duty with what ever aid Red Cross nurses and helpers can offer, as well as other volunteers. Offices of Drs. R. R. Willis, L. B. Barnett, M. M. Nobles, R. E. Lingenfelter will be open all hours. They will quarantine if necessary, condemn food if need to and advise the food chairman.

Urin Streu with his scout leaders will work with all available Boy Scouts to carry messages, furnish drivers for transportation units and aiding in other ways.

Onias Carroll will be on the job with his volunteer firemen and equipment by the time calls, come in about fires which have started and the men will be on the lookout for any that might break forth ready to call for out of town help if needed.

Elmer Patterson, vice-chairman of the disaster plan working with Major Schroeter will set as field man working with all committees there and making reports to the central office. Patterson is a key man, since he knows the people, the town and the locations of all vital set-ups for disaster plans worked out by Red Cross.

Mrs. Dyalthis Brady, executive secretary will be the key office woman working with Schroeter in organization and carrying out of plans in and from the office and working with national headquarters in St. Louis.

Other centers to be used for hospitals and first aid stations will be the post office, city hall, and West Texas Gas Office and that of Southwestern Public Service.

### Bid Opening...

(Continued from Page 1) proximately 1521.5 feet of curb and gutter, 22 front feet of widening and repaving and 1301.5 front feet paving.

The bids are to be opened at 2 p. m. and award going to the bid adjudged "most advantageous" to the county's interests. The projects include streets about the courthouse, county jail and county barn.

The Hereford Garden Club, The Garden Beautiful and The Bud to Blossom Club will hold a joint session at the Methodist Church Friday afternoon at 3 o'clock. A guest speaker, L. F. Bennett, horticulturist of Amarillo will be the speaker for the afternoon. His subject will be Plant Family Relationships, dealing mainly with chrysanthemums. The meeting is open to the general public.

Shipments of supplies to and products from the steel industry accounted last year for 12 percent of the country's freight bill.

## Hospital Notes

Patients discharged from the hospital: Mrs. M. J. Koelzer, O. R.; Mrs. S. L. Walser, surg.; Constancia Naranjo, orth.; Mrs. Will Graham, O. B.; Vina Louise Gardner, T & A; Mrs. Luico Blea, O. B.; Mrs. B. C. Cargo, med.; Jackie Lee, med.; Mrs. John Byers, surg.; Mrs. Etheleen-Kelley, med.; Mrs. Doris Witherspoon, med.; Lorraine Oliver, emerg.; Jim Monroe, surg.; Fowler Kuykendall, med.; Jerry Homfeld, ortho.; Mrs. Dan Guseman, med.; Joe Bill Willis, med.; Jack Wright, med.; H. L. Gassaway, med.; Mrs. C. F. Lockhart, med.; Mrs. Joe Marshall, O. B.; Betty Fern Sneed, med.; Mrs. Alton Monroe, med.; Mrs. O. L. Click, med.

Patients in the hospital: Sirlo Estrando, med.; J. S. Fore, surg.; Mrs. J. R. Russell, med.; Richard Aley, ortho.; Baby Omerio Valdez, med.; Warren Daniels, med.; Mrs. Frank Robbins, O. B.; Mrs. Elmer Walker, surg.; Mrs. O. L. Click, med.; Mrs. J. L. Betzen, O. B.; Mrs. H. G. Conkwright, ortho.; Mrs. T. W. Ferrin, surg.; Lawrence Carlson, med.; Mrs. F. M. McAgee, O. B.; M. D. McAfee, med.; L. J. Kuper, med.; W. C. Flack, med.; Mrs. J. E. Mason, O. B.; Raymond Morrison, surg.; Sam Molder, med.; Elizabeth Ann Burrows, med.; Dennis Hodges, T & A; Mrs. Ed Curtalinger, med.

Babies born at the hospital: Cerella Blea, daughter of Mr. and Mrs. Lucio Blea, Sept. 22; Carol Sue Robbins, daughter of Mr. and Mrs. Frank S. Robbins, Sept. 24; Katherine Elizabeth Marnell, daughter of Mr. and Mrs. Joe T. Marnell, Sept. 22; Geraldine Mason, daughter of Mr. and Mrs. J. E. Mason, Sept. 23; Karen Ann Agee, daughter of Mr. and Mrs. F. M. Agee, Sept. 27.

### Illness Plagues...

(Continued from page 1) good this week at half back and will get to play quite a bit Friday night.

Alex Schroeter is showing lots of improvement at end and is going to be pushing somebody for a starting position before long.

The Panhandle Panthers lost a close 6 to 0 game to the Canyon Eagles last Friday night. Joe Knapp, a 180 pound back who plays end on defense stood head and shoulders above any other performer in the Canyon game. He punted, passed and ran all over the field.

Probable Starting Lineups: Hereford ENDS—Owens or Schroeter and Hawks or Hamilton. TACKLES—Janssen and Kimbrough.

GUARDS—Reynolds and Gresham or Doak. CENTER—Melugen or Morton. BACKS—Stanton, Engman, Davison, and Christian or Walker or Kelly.

Panhandle ENDS—Mitchell and Franklin. TACKLES—Woods and Garcia. GUARDS—Adcock and Holman. CENTER—Bickerstaff. BACKS—Knapp, Light, Davis, Howard.

Mrs. James A. Hughes of Lubbock, spent the past weekend in Hereford with a son, Newell Hughes and family, and with other relatives. Mrs. Hughes is a sister of J. O. Newell, and a former resident of Hereford.

House guests this week of Mrs. Louie Olson, Mrs. Otto Olson and Mrs. George Robertson are relatives, Mr. and Mrs. Tillman Olson and daughter, Ruth Ann, of Waynesboro, Penn., and Mrs. Minnie Kviniang of Gilman, Ia. Tillman Olson is a brother of Louie's and Otto's and Mrs. Kviniang is their sister. They expect to visit here for a week or ten days.

Mrs. Ira Foster is spending the week in Childress visiting relatives.

Mrs. O. G. Hill Jr. is visiting relatives in Morton this week. Morton is Mrs. Hill's former home.

Mrs. C. H. Dillehay left Tuesday after a short visit here with Mrs. J. B. Hammer and Oma. Mrs. Dillehay, whose home is now in Vernon, came to Hereford to attend the opening luncheon of the Music Study Club. She was president of the Club while living in Hereford.

DRAFT BOARD IS With S. O. Wilson, chairman and Mrs. Eunice Petersen, clerk, wish to express their appreciation to the Hereford Brand, KPAN, George Graham and teachers of the schools, Legion Auxiliary, especially Mrs. Billie Gephaham, and business men who helped in any way with volunteer registration since the opening of the draft office. (Adv.)

### Mrs. W. Williams, Former Resident Of Hereford, Dies

Funeral services for Mrs. Minnie Lee Williams, 74, mother of Mrs. S. H. Slagle of Hereford, and former resident here, were held Wednesday afternoon at the Pampa Christian Church.

Mrs. Williams died Monday morning in a Pampa hospital following an illness of 18 months. She was the wife of W. E. Williams, retired farmer. Burial was in a Pampa cemetery. Pallbearers included Miles Roberson and Troy Moore of Hereford.

Mrs. Williams was born in Terra Haute, Ind. She and Mr. Williams were married at Van Buren, Ky., on Sept. 12, 1894. They moved to Cleveland County, Okla. in 1898 and to Pampa in 1912. They moved to Panhandle in 1919, to Hereford in 1935 and back to Pampa in 1945.

She was a lifelong member of the Christian Church. Her band and daughter here are survivors besides her husband and four other daughters, Mrs. H. L. Powell and Miss Ruby Williams, both of Pampa, Mrs. E. B. Bridges of Pottsville, Kansas and Mrs. Ada Brain of Borger; two sons, Earl and Lewis Williams, both of Panhandle, 15 grandchildren and eight grandchildren.

Mr. and Mrs. Gwen Owen and Mr. and Mrs. Loyd Crume of Littlefield spent the weekend in Hereford visiting their parents, Mr. and Mrs. O. P. Owen, parents of Gwen; and Mr. and Mrs. Robert Gollehon, who are the parents of Mrs. Crume.

### High School Glee Club Broadcasts Direct From School Auditorium Now

Hereford High School's Glee Club fifteen minute radio programs, presented over station KPAN, at 11:30 a. m. are now being broadcast from the high school auditorium, Glee Club director Thelma McMinn announced Monday.

Until Monday the programs originated at the radio station, but now facilities have been set up at school so they may broadcast directly from the stage.

"This change makes it possible for us to present the entire chorus as well as solo and specialty programs," Miss McMinn said.

The programs have been on the air since school started. Both the high school and junior high chorus has taken advantage of the larger stage to participate in this week's programs.

Tuesday the 100-voice senior chorus initiated itself on the air

ing "Ride, Chariot," "Stout Hearted Men" and "Monastery Garden." A trio composed of Eugene Robertson, Pat Longbottom and Bob Hamilton sang "Molly Darling" and "The Whiffenpoof Song."

Wednesday the new Junior High Chorus, whose 65 members were organized only this semester, was presented singing, "America," "Lena and Hans," and "Old Black Joe." Two specialty numbers were Donita Davison's piano solo, "Edelweiss Glide Waltz," and Jimmy Lawhon's vocal, "Clementine."

Breaking in the new presentation platform, on Monday, the FHA sextet and Junior Girls Sextet, offered old favorites, "Peg O' My Heart," "Let the Rest of the World Go By," "Napoli," "Dutch Lullaby" and "Moonlight and Roses."

### Hereford Player Is To See Action In ENMC Greyhound Tilt With Sol Ross

FOOTBALLERS—Placed with first game injuries, Coach Al Garten this week sadly surveyed his Greyhound team Mexico College Greyhound and began patching the squad for one of the toughest games of the season—Sol Ross at Alpine, Texas, Saturday night.

back, taken from the game Saturday with minor injuries, will be in top shape by Saturday.

Charlie Hoover, Hereford, mentioned on the New Mexico conference all-star teams, and John Adams of the '47 squad, are lettermen at guard posts.

Two injuries resulting during ENMC's 20-0 triumph over Panhandle A & M here Saturday night and illness in the family of another Greyhound have weakened reserve strength, although the 11 starters of last week were not hit by injuries other than a few minor hurts and bruises.

### St. Anthony's Guild Elects New Officers

St. Anthony's Guild met Wednesday afternoon, September 22, at the home of Mrs. Marie Ebers with Mrs. Joe Huckert serving as hostess.

Officers for the coming year were elected. They include Mrs. Sylvester Loerwald, president; Mrs. Frank Brinkman, vice-president; Mrs. William Betzen, secretary-treasurer; and Mrs. Gene Loeryald, reporter.

Building fund gift prizes were won by Mrs. Frank Brinkman and Mrs. Lester Wagner.

Refreshments were served to Mesdames Anton Redder, Leo Hoffman, Jerry Albracht, Frank Brinkman, Lester Wagner, John Albracht, Conrad Urbanczyk, Frank Bezner, Ted Bedorz, Harold Hershey, Sylvester Loerwald, John Henderson, Leon Vinton, Gene Loerwald, A. A. Brinkman, Joe Bedorz, Ed Jesko, William Betzen, G. W. Hund and the hostess.

The three absentees in the Greyhound squad have hurt their depth in reserve strength. All three would be cherished assets to the Greyhounds in the all-important weekend game.

Moe Madison, Big Spring, freshman halfback, suffered a ribcage ankle bone and is continuing a home specialist at his home. He definitely will miss the game.

John Adams, Livingston guard, is another first team candidate. He sustained a strained ankle, necessitating a broken bone suffered this summer. Just how long it will take for the ankle to heal isn't known, but he'll be out this week.

Paul Gena, fullback, was called to his Matamoros, Ill., home where his mother is ill.

Jerry Workman, Clovis guard, Al Whitehead, Roswell center, and Charlie Gant, Melrose half-

**Milk Situation On Texas Tech Campus Promises To Get Worse, Not Better**

**LUBBOCK**—Don't be too hard on your milkman if you don't get all the milk you want. The milk situation promises to get worse on the campus at Texas Technological college, in Lubbock and over the nation generally.

This warning was issued by Dr. J. J. Willingham, professor and acting chairman of dairy manufactures at Texas Technological college, in answer to urgent requests from consumers and bottlers for "more milk."

"The population of Lubbock and Texas Tech has doubled in the past eight years, while the production of milk fluid has decreased alarmingly. Right now the shortage is the worst it has ever been, and we are coming into the regular short season," Dr. Willingham said.

The college dairy and downtown distributors have tried to import additional milk for bottling with slight success. Dr. Willingham said the reserve consumers will have to get market has been exhausted, and along with the present market. Only milk from approved dairies can be bottled but all the producers in the Lubbock area are already approved, so the prospects for new markets are bleak.

The acute shortage has been brought about by the high cost of feed for dairy cattle coupled with the increased price for agricultural products which has made many producers turn from raising dairy cattle to produc-

ing cotton, feed and wheat.

Dr. Willingham estimated 30 to 40 per cent of local requests for milk and cream cannot be filled.

The products industry will suffer as a result of the milk fluid shortage, however, not to the extent the consumer will notice a decrease in available raw milk, Dr. Willingham said. Ice cream and butter fat orders are being filled without difficulty, and condensed milk, heavy cream and other foundation products can be obtained readily from out-of-state markets while milk fluid cannot, he pointed out.

**10,300 Pedestrians Die In Traffic Accidents**

**CHICAGO**—A total of 10,300 pedestrians literally walked themselves to death in America in 1947.

This is shown in the 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council.

Pedestrians killed in traffic accidents last year accounted for almost one-third of the 32,300 total traffic deaths. And the Council estimates that approximately 220,000 more pedestrians suffered non-fatal injuries.

The speed of farm haulage has been increased from seven to 40 miles an hour through use of anti-friction bearings.

**CROP Grain Milled Overseas**

This German girl sacks cereal milled in Bremen from grain given by American farmers through the Christian Rural Overseas program (CROP). Thousands of additional widows, children, aged, and other needy will be fed by grain now being contributed to state food trains in Colorado, North Dakota, Oklahoma, and the Texas Panhandle. These trains are scheduled to be assembled between September 15 and 22. Other state trains will be assembled at Thanksgiving time. The CROP program is sponsored nationally by Catholic Rural Life, Church World Service, and Lutheran World Relief.

**THE ALLIS-CHALMERS MODEL G TRACTOR**

Rear-Engine Design introduces Straight-Ahead Vision

**N**OW you can see it . . . a tractor that leaves your forward vision clear. Here is the first major development in tractor design since rubber tires replaced steel wheels.

It's not just another size tractor, but a new idea in farm power — a new system of motorized farm tools. Plants up to 25 acres of corn, sorghums or soybeans per day with 2-row drill planter; handles one 12-inch, front-mounted moldboard plow and 3-foot mower. Operates on 2 to 3 quarts of fuel per hour. Starter, lights and full size rubber tires are standard equipment.

Come in and look it over.

WEST HI-WAY 60

HEREFORD

**Brand History**

(Continued from page 1)  
 society shared first page honors with an ad for a hardware company, the Hereford meat market and the Hereford saloon.  
 The Reporter office, according to the paper, was situated in the Blankenship Building on Dewey Avenue between Joe Kilgough's store and Bounds drug store. Remember?  
 During its first two years of publication, it reflected the trend in newspapers of that era, for the publishing business, like fashions and new cars changes trends and style. Headlines during the years shouted "More Weather," "Almost a Fire," and "Gone to His Reward."  
**Washes Face, Shoots Self**  
 They once carried a wonderful story about a man who accidentally shot himself while washing his face. His revolver slipped out of his coat pocket and was discharged when it fell. Another time they wrote of Sheriff Inman who threw snow balls in the school house window smacking the teacher and got retaliation from the students who "snowed him under" until he bribed them with 20 pounds of candy. And that pro-

gressive little newspaper carried a story in 1902 advocating planting sugar beets in this Panhandle territory.  
 There's a write up of Lena Daniel's marriage to Allen Bell in which all the wedding gifts and givers were listed starting out with a cow and a calf and including pickle dishes and sofa pillows.  
 Men's suits cost 12 dollars at that time and 3 million acres of XIX land was selling for 3 and 4 dollars per acre.  
 Vanderburgh, whose daughter married C. R. Smith, was out at the Smith ranch one day watching the branding of cattle when he suddenly got his inspiration to rename the paper. He could hardly wait to get back to town and carry it through, so the Reporter was re-christened The Brand.  
**Competition Arrives**  
 Then competition arrived when Dr. C. L. Stocks, a dentist, began publishing the Western Searchlight. The town was not big enough to support two papers so Stocks bought out the Brand, Sept. 12, 1903.  
 Once a newspaper man, always a newspaper man, and Vanderburgh bought the Searchlight again, renamed it the

Hereford Brand and let Dr. Stocks go back to filling teeth.  
 It has been the Brand ever since. A succession of owners and editors has seen it through the days of mustache cups and Stanley Steamers, flappers, the gold fish swallowing craze, and the New Deal.  
 Vanderburgh sold it to A. C. Elliott who was in partnership with Miss Griffith for awhile. Then J. Ray bought it; he sold it to E. F. Guthrie, Seth B. Holman bought it in the fall of 1917 and published it until 1929 when the Nunn-Warren interests bought it. Alger Jones and R. E. Kessie edited it then. In December, 1933, Holman resumed publication.  
 After his death, Mrs. Holman took over in July, 1933, with Landew and Adrian Gdom as editors. In 1937 Jim Gillentine who had been working with Deskri Wells at Wellington came up to edit the Brand. Two years later he bought into a partnership which he and Mrs. Holman still maintain.

UN observers and Israeli officers climb over a roadblock before the Jewish lines after meeting for a discussion of a "truce within a truce" with Egyptians in the no-man's land between the two armies in Southern Palestine. The two sides agreed to permit the free flow of supplies to troops behind each other's lines.

**History Of The Associated Press**

(Continued from page 1)  
**Morse Operates Telegraph**  
 A few years before—while Texas' struggle for independence was reaching its climax—Prof. Samuel F. B. Morse had successfully operated the first telegraph line, between Washington and Baltimore. Another three years saw wires expanded to New York and run eastward to Pittsburg, Cincinnati, Louisville, and St. Louis along the line of the rapidly increasing westward migration.  
 Bennett with characteristic vigor lost no time in taking advantage of this new means of communication to increase the pace of his news gathering activities. Already famous in the newspaper world of the day, he hired "telegraph reporters" along the ever lengthening line of the telegraph. As soon as the situation with Mexico became serious, he established a courier system between New York and New Orleans, center for news coverage for activities along the Rio Grande. This began in 1845 and Bennett's express-beat the United States mails by from one to four days. Soon after the war broke out in the spring of 1846 Bennett lengthened the express service with the aid of the Philadelphia Ledger and the Baltimore Sun. The telegraph line between Philadelphia and New York served to speed the news over its last few miles and saved many hours needed to bring the news by train-messenger.  
 Bennett was the first with the news of the fall of the City of Mexico in 1847 and not only gave the news to the other papers but to the government at Washington as a matter of public service.  
**Associated Press Formed**  
 Not long after that David Hale, publisher of the New York Journal of Commerce, proposed to Bennett that The Herald and The Journal of Commerce join forces in the collection of their news. Bennett agreed.  
 The following year Hale made the proposal that four other New York City papers join The Journal of Commerce and The Herald in the formation of The Associated Press.  
 Bennett's aggressive tactics in pursuit of telegraphed news forced the other New York papers to follow suit or be left in the lurch. It was not long before the scant telegraph lines were jammed with an overload of copy. Costs for each paper soared. Newspaper editors found each paper was paying six or seven times the amount necessary to get the telegraphed story into New York because each paper was paying full rates for each item. Since many of the items were virtually the same, there was considerable waste of money. A practical solution was necessary if these newspapers were to continue in business. Hale proposed the formation of The Associated Press in 1848 to carry out his aim. His plan was accepted and he was named first president.  
 The young association represented the first noteworthy attempt at systematic gathering of news, and newspaper owners throughout the United States turned to this privately owned enterprise as a means of getting their news.  
**Subscribers Increase**  
 As the list of subscribers increased they gathered together in loosely formed geographical groups to make business deals with the New York Associated Press and to collect and transmit news to papers within each group. Among these groups were the Southern Associated Press, the Western Associated Press and the New York State Associated Press.  
 The Civil War came and before it ended disturbing developments were taking place on the news-gathering front that were to change the whole basis of systematic news gathering in the nation.  
 While the Civil War was being

In recent years the development of photography and the perfection of methods by which pictures could be printed made newspaper readers and editors alike picture-conscious.  
 Blast furnaces producing pig iron and ferro-alloys used 200 million tons of air last year.  
 About 4 1/2 tons of air are used in production of a ton of pig iron.  
 The working hours lost annually through accidents in factories are enough to produce two billion pounds of soap, 89 million shirts, and 50 million pairs of shoes.

## Capacity Crowd of 7,000 Expected At West-North Texas Battle

### Canyon Eagles Claw Panhandle Panthers 6-0 In Grid Battle

PANHANDLE—The Canyon Eagles clawed a determined Panhandle Panther team 6-0 here Friday night, although both elevens were handicapped by a strong 25 mile an hour wind blowing straight down the field.

It was this gale that put Panhandle in a hole during the first quarter. The Panthers were forced to punt against the wind twice—and averaged no better than 20 yards on each kick.

Capitalizing on this break, Eagle layers Wane Frichard and Richard Walters alternated in carrying the ball to the Panthers five-yard line. Then on the second period, Walters skirted his right end and scored the lone tally of the game behind effective blocking.

Blocking and tackling of both teams was vicious and Joe Abbott and Billy Cleavinger had to be carried from the Canyon lineup when the wind was knocked from them.

Knapp took to the air for the Panthers in the second quarter and heaved the pigskin to George Franklin from his own 38 which carried all the way to the Eagles' 28. A penalty and two incomplete passes stopped Panhandle's only serious threat and that 24 yards from the goal line.

Defense of the Panthers in the second half threw the Eagles for numerous losses—aggregating a total of 31 yards and stopping a pair of almost sure-fire touchdown parades.

**DELAWARE FROSH FACE 5**  
NEWARK, Del. (AP)—University of Delaware freshmen grid-ders will play five games this season, two of them home tilts. Four of the teams—Lafayette, West Chester Teachers College, Muhlenberg, and Gettysburg—were met last year. Only Muhlenberg tumbled before the '47 Delaware Frosh. The Navy Fleebes will be the fifth opponent and will be met at Annapolis Oct. 23.

### Townsend A Longhorn

Byron (Santone) Townsend, Texas' greatest high school football player of 1947, has enrolled at the University of Texas and is here shown working out with the Loughorn freshmen. Townsend was the most widely sought football player in the state. He delayed for months his decision as to which school he would choose. He was all-state back at Odessa.—(AP Photo).

### Blackhawks Win 31-6 Over Floydada 11

PHILLIPS—The Phillips Blackhawks steam rolled to a 31-6 victory here Friday night over the stubborn Floydada Whirlwinds to retain its unbeaten record.

Twenty-six of the points were scored in the first half as Phillips prevented the Whirlwinds from crossing the 50 yard stripe.

Forty yards were gained by Tommy Moore along with a six-yard touchdown while Melvin Eldridge sprinted 32 yards for another touchdown before the first quarter ended.

Eldridge was hit by a pass by Billy Hughes that went 47 yards. (Continued on Page 8)

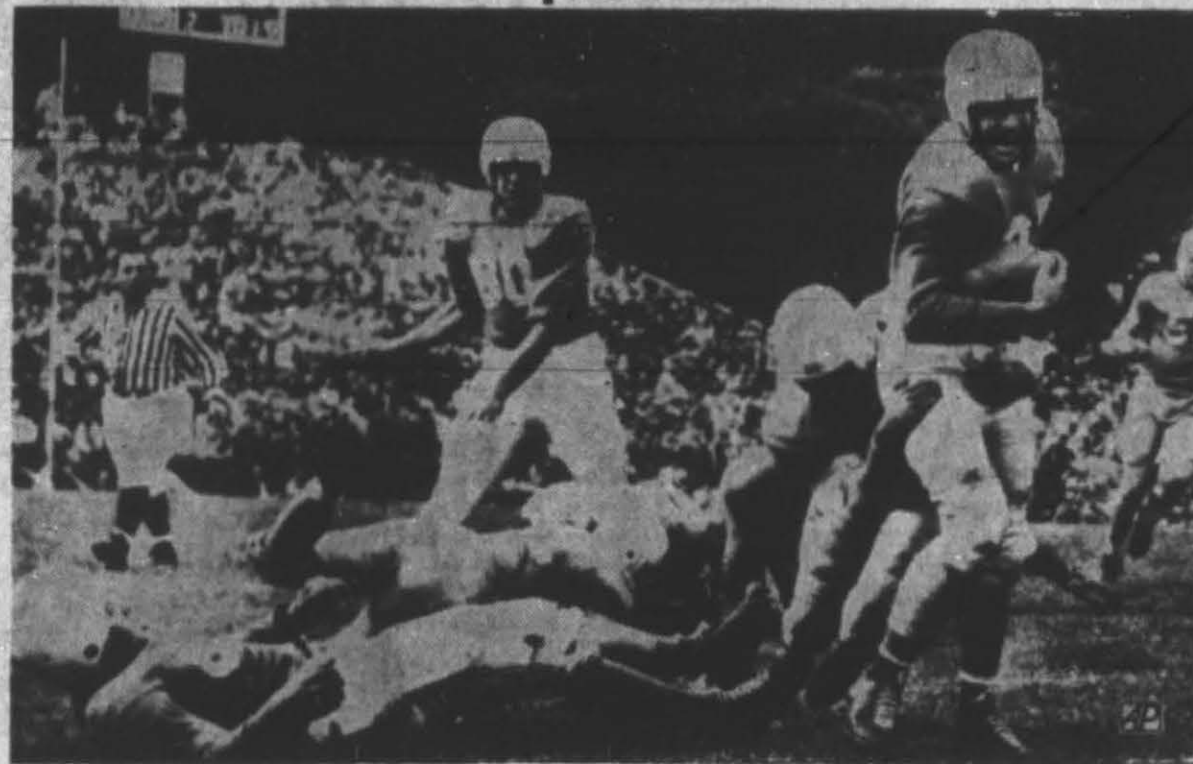

### West Texas State Overpowers ACC

CANYON—West Texas State College overpowered Abilene Christian College, 41-19, here Saturday night in a game replete with long touchdown runs. West Texas' first score came

Among those from Hereford attending the W.T.S.C. and Abilene Christian College football game Saturday in Canyon were. Mr. and Mrs. Wayne Evans. Mr. and Mrs. O. G. Hill, Jr., D. C. Kinsey, Jack Kirksey, and Art Manjeot.

In the initial quarter with Cloyce Box going from the one-yard line. Freeman Melton placed. (Continued on Page 8)

### Tom Landry Gains For Texas

Tom Landry, Texas' fullback is being tackled by North Carolina's back Bobby Weant (33) after making a short gain in the second quarter of the game in Chapel Hill, N. C. Peppy Blount (80) Longhorn end and Len Szfaryn (51) Tar Heel tackle are coming into the play. North Carolina beat Texas 34-7.—(AP Photo).

### Tulia Hornets, White Deer Battle to 20-20 Tie

WHITE DEER—The Tulia Hornets and the White Deer Bucks battled to a 20-20 tie here Friday night, although the Bucks won on first downs, scoring 19 to seven.

Thomas, playing left end for Tulia, recovered a Buck fumble in the opening minutes of the game, deep in White Deer territory. Ramsey went over the line for the first score for the Hornets and also kicked the extra point.

Recovering from this attack,

the Bucks sent Fullback Hoyt Taylor across the goal stripe and Ted Harvey ran over with the extra point, sewing up the tilt, 7-7.

White Deer opened the second quarter by talking the pigskin on its own 15 yard line, making seven first downs before the team again was stopped by a fumble. The Hornets kicked out to the Buck's 20 and the latter made three more first downs before the end of the half.

Third score for the Hornets

was made in opening the second half as Ramsey went over through the right side of the line. His attempted kick for the extra point failed.

Morris intercepted Harry Buchanan's pass on the first play after the next kickoff and Griffith sneaked over on the third down. Ramsey kicked the point to make it 20-7 for the Hornets. Buchanan, Ted Harvey and Hoyt Taylor then coordinated their efforts to give the Bucks (Continued on Page 8)

### O. Mitchell, Former West Texas Star Athlete, Returns As Eagle Coach

CANYON—Odus Mitchell, former star athlete of West Texas State College, will bring his North Texas State College Eagles to Buffalo Stadium Saturday night favored to win one of the Panhandle's most important intercollegiate football games this season.

Mitchell, who won 18 letters in five sports when he starred at West Texas, has a big, fast team which last week romped over the Randolph Field Flyers, 84 to 0.

Coach Frank Kimbrough, former Hardin-Simmons star and now headman of the Buffaloes

reported his West Texas State squad came out of last week's game with Abilene Christian without any new additions to the injured list. The Buffaloes defeated ACC, 41 to 19, and for the first time this season, Harold Dalton, regular starting guard last year, played.

The advance sale of tickets indicates a capacity crowd of around 7,200 will see the North Texans and the West Texans tangle. Tickets may be reserved by contacting Clark Jarnagin, College Bookstore, Canyon, or by telephoning his collect number 37. Reservations range in price from \$1.80 to \$2.40.

Mitchell's coming back to his Alma Mater for the first time as a college coach is occasion to recall some of his exploits while he was at West Texas, in the early and middle 20's.

Mitchell played end in football, center in basketball, first base in baseball, singles and doubles in tennis, and starred in track as a high jumper and pole vaulter. He is considered the greatest all-around athlete in West Texas' history and one of the greatest ever turned out in the Southwest.

His Eagles have won two straight Lone Star Conference championships and last year lost by only one touchdown to the University of Nevada in the (Continued on back page)

### Last Week's Results

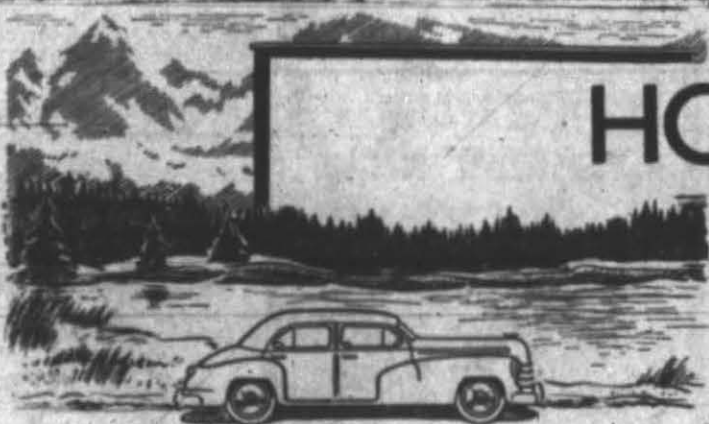

- Sudan 7, Hereford 6
- Floydada 6, Phillips 31
- Canyon 6, Panhandle 0
- Dumas 12, Lockney 25
- Tulia 20, White Deer 20
- McLean 19, Clarendon 0
- Perryton 9, Lefors 0

### Perryton Rangers Nose Out Lefors 9-0

PERRYTON—The Perryton Rangers edged by the Lefors Pirates 9-0 here Friday night.

Raymond Powell's kick out of bounds in the early minutes of the third quarter on the Pirate three yard line established a safety leaving Perryton in the lead, 2-0. Guard Orville Brummet trapped an attempted kick by Friday Todd from behind the goal.

In an eight play move, Powell finally got through the Pirate line in the fourth quarter on a 60-yard drive. His touchdown thrust was two yards. He converted for the extra point. A fumble recovered by Larry Slaughter gave the Rangers their chance.

### More Than 2,000,000 Expected At State Fair; Gov. Jester To Open Event

The thirty million dollar, six-third State Fair of Texas, at Dallas, which Lone Star Staters proudly call "The Show Window of the Southwest," will get under way next week with probably more fanfare than ever attended any previous state fair. Dates are Oct. 9-24. Officials say this is the largest fair, and the most costly to produce, they have ever attempted. It has required more people to put it together. More than 2,000,000 are expected to attend. Last year's attendance was 1,763,921.

Governor Beauford Jester will formally open the Fair and de-

### LEGAL NOTICE

THE STATE OF TEXAS

TO: GEORGIA JONES, Defendant, Greeting.

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of October A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court on the 1st day of September A. D. 1948, in this cause, numbered 3092 on the docket of said court and styled ARVEL JONES Plaintiff, vs. GEORGIA JONES Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce on grounds of abandonment as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 1st day of September A. D. 1948.

Attest:

R. L. THOMPSON, Clerk, District Court, Deaf Smith County, Texas  
By JULY LONDON, Deputy (SEAL) 38-4c

dicating the new \$800,000 Automobile, Aviation and Recreation Building.

Topping the list of opening day attractions will be the Texas-Oklahoma football classic. This will be the "coming out" party for the renovated Cotton Bowl, just rebuilt and enlarged at a cost of \$1,200,000.

Almost as popular with Fair visitors will be the hilarious Jimmy Durante-Harry James show in the Auditorium, the new "Ice Cycles" show, the "Flying L" Rodeo, Million Dollar Midway, and the most colorful array of displays ever seen in the Fair's huge exhibit halls. These will include shows devoted to automobiles, aviation, electrical, industry, petroleum, foods, textiles, culinary and antiques, agriculture, livestock and poultry.

Opening day is traditionally Press and Radio Day in honor of Texas newspaper and radio men. Formal opening of the Fair will be preceded by a mile-long parade through downtown Dallas.

Despite its enormous size, the State Fair of Texas has managed to retain some of the flavor of the old country fairs. Advance interest in the 1948 show of pickles, preserves, jams and jellies, textiles and antiques has amazed even Fair officials.

On Oct. 16 the rural youth of Texas, 60,000 strong, will take over the Fair, breaking all previous records for gatherings of 4-H Club members, Future Farmers and Future Homemakers.

Another outstanding event will be participation on Oct. 24 of twenty school bands and some 2000 young Texas musicians in a Band Festival and massed concert in the Cotton Bowl.

Theme of the 1948 State Fair is "Everybody's Going," and the Fair's new singing commercial tells the world that— "All Texas is rarin' to go— To see the country's biggest Fair. It's everyone's show!

### FANS FOR SPAIN

SAN SEBASTIAN, (AP)—The first national fan exhibition has been staged here as part of a program to revive Spain's fan-making industry. An estimated 400 antique fans and several hundred modern products were

displayed. Prizes totalling \$1600 were awarded. The exhibition was sponsored by the artisans syndicate under which the Spanish fanmakers guild functions. Spain, Japan and France were pre-war leaders in the fan-making industry.

Containers made of stainless steel have a service life of about 14 years.

The halo around the sun, a ring colored like a rainbow, is caused by tiny ice crystals that bend light rays.

**LEGAL NOTICE**

**THE STATE OF TEXAS**

TO: J. W. Broyles and the unknown heirs and legal representatives of J. W. Broyles, deceased, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of November A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 30th day of September A. D. 1948, in this cause, numbered 3096 on the docket of said court and styled Claude J. Millisp Plaintiff, vs. J. W. Broyles and the unknown heirs and legal representatives of J. W. Broyles, deceased, Defendants.

A brief statement of the nature of this suit is as follows, to wit: For the title and possession of all of the following described land located in Deaf Smith County, Texas, to-wit: A part of Block No. 11 of Front Addition to the town of Hereford, Deaf Smith County, Texas, described as:

**BEGINNING** at a point in the West line of said Block No. 11, which point is 446.71 feet South from the Northwest corner of said block; and running **THENCE** East parallel with the south line of said Block 208.71 feet; **THENCE** South parallel with the West line of said block 50 feet; **THENCE** West parallel with the South line of said Block, 208.71 feet to a point in the West line of said Block; **THENCE** North with the West line of said Block 50 feet to the place of beginning, based upon the five year and ten year statutes of limitation of the State of Texas, adverse possession and regular deeds of conveyance; as is more fully shown by Plaintiff's petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 20th day of September A. D. 1948.

Attest:  
R. L. THOMPSON, Clerk,  
District Court, Deaf Smith County, Texas

**BONUS BREAKS HONG KONG**

HONG KONG, (AP)—The government of Hong Kong faces a budget deficit of \$4,825,000 in U. S. money during the current fiscal year, Acting Secretary of Finance A. G. Clarke warned members of the Legislative Council. The Secretary, speaking in defence of a proposed stamp tax, said an estimated surplus of \$375,000 was wiped out by an allocation of \$5,000,000 to cover salary payments to government employees who remained on the job during the Japanese occupation.

The favorite building material of the Moors in Spain was brick, with glazed tiles for decorative effects.

**LEGAL NOTICE**

**THE STATE OF TEXAS**

TO: J. W. Stewart and the unknown heirs and legal representatives of J. W. Stewart, deceased; Martha Sterling and the unknown heirs and legal representatives of Martha Sterling, deceased; D. H. Snoke and the unknown heirs and legal representatives of D. H. Snoke, deceased; Clara E. Snoke and the unknown heirs and legal representatives of Clara E. Snoke, deceased; Ivah M. Crocellus and the unknown heirs and legal representatives of Ivah M. Crocellus, deceased; W. H. Crocellus and the unknown heirs and legal representatives of W. H. Crocellus, deceased; Thelma C. Larson and the unknown heirs and legal representatives of Thelma C. Larson, deceased; Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 25th day of October A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 10 day of August A. D. 1948, in this cause, numbered 308 on the docket of said court and styled J. F. Messer Plaintiff, vs. J. W. Stewart et al Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit for title and possession of the following described land in Deaf Smith County, Texas, to-wit: Beginning at a point in the north line of Block 26 of the City Addition to the town of Hereford, Deaf Smith County, Texas, a distance of 305 feet west of the Northeast corner of said Block 26; **THENCE** West with the North line of said Block 26 a distance of 399 feet 9 1/2 inches parallel with the West line of said block; distance of 553.5 feet to a point; **THENCE** in a northeasterly direction with the North line of state highway No. 33, being also federal highway No. 60 for a distance of 466.5 feet to a point; **THENCE** North parallel with the West line of said block a distance of 309 feet to the place of beginning, based upon the continuous use, occupancy, enjoyment and possession of all of said land continuously for a period of time since July 8, 1933, under claim and assertion of the fee simple title thereto and deeds duly recorded in the Deed Records of Deaf Smith County, Texas, under both the ten and five year statutes of adverse possession and limitation of the state of Texas, having also paid all taxes and assessments against said land each and every year before the same became delinquent, and for all special and general relief, both at law and in equity, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 13th day of Sept. A. D. 1948.

**COUNT WRECKED SCHOOLS**

WARSAW, (AP)—The Germans destroyed 7,821 school buildings during the war, figures released by the ministry of education show. Of these, 6,842 were grammar schools; 263 secondary; 294 professional; 80 teachers' seminaries and 337 nursery schools.

**Texas Has 414 Cases Of Influenza**

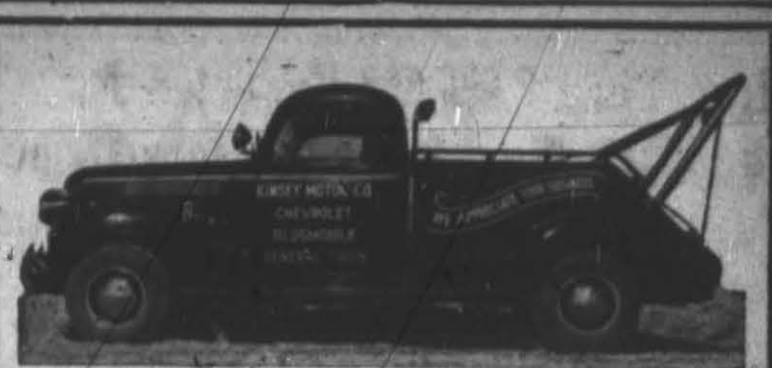

AUSTIN—The 414 cases of influenza reported in Texas last week, bring the incidence of this disease up to forty percent more than the seven year median, as shown from the figures submitted by the 181 counties sending in reports to the State Health Department.

Influenza without complications may be fairly mild ailment, according to Dr. George W. Cox, State Health Officer. But, he pointed out, complications can turn this disease into a dangerous condition very quickly.

"Many cases of influenza are mild," Dr. Cox said. "Often they lend themselves to treatment readily. However, two important factors enter into the treatment of influenza, and they are, calling the family physician as soon as the first symptoms appear, and taking life very easy for a reasonable length of time after the acute stage has subsided."

Dr. Cox declared that influenza is not mass-controllable. He emphasized that maintaining the highest possible health level at all times affords an individual the best protection from contracting this disease.

"Getting plenty of sleep and rest, daily exercise in the open, nourishing foods, and strict personal hygiene are our best known defenses against influenza," Dr. Cox said. "This applies to all respiratory diseases. A person who avoids all habits and practices detrimental to a maximum well-being and thus builds up a strong resistance to disease, is much less likely to contract influenza than is the individual who does not guard his health in this manner."

**Gallup Poll Editor, News Commentator To Address Students**

LUBBOCK—Raymond Graham Swing, radio commentator, is to be one of a trio of outstanding speakers to be presented during the fall semester on the all-college recreation program at Texas Technological college.

Swing will lecture in the campus recreation hall Nov. 19. He will be preceded on Oct. 16 by William A. Lydgate, editor of the Gallup Pole.

William H. Upton, author-commentator, best known for his articles in Saturday Evening Post, Esquire, Collier's and other magazines, will close the entertainment series Jan. 18.

Thus far, 20 different features have been scheduled during the fall semester including lectures, dinners, parties, shows and concerts. These are to be offered students at the nominal cost of 16 and a half cents each, or an over-all cost of \$3.30 for the student for the entire semester.

Army guns put up in cans can be preserved in perfect working order for 80 years, ordnance experts estimate.

## Santa Fe Carloadings Continue Downward

Santa Fe System carloadings for week ending September 25, were 27,346 compared with 28,825 for same week in 1947.

Cars received from connections totaled 12,989 compared with 12,418 for same week in 1947.

Total cars moved were 40,335 compared with 41,243 for same week in 1947.

Santa Fe handled a total of 38,032 cars in preceding week of this year.

## FLARES FOR AIRPORTS

SYDNEY, (AP)—Australia is trying out British-made Schermuly flares as a flying safety measure. Flares, each of 150,000 candle power, are kept at airdromes where normal night-landing facilities do not exist. They can be lit on the ground and give off enough light to enable an aircraft to land. Australia has been unable to provide night-landing facilities on all emergency airdromes. On occasion, all automobiles of a country district have been mobilized to make a flare path for a plane to get down.

Cecil Gunter, Buddy Sowell and Richard Jowell returned Sunday from a weeks fishing trip at Del Rio and Possum Kingdom.

# NATIONAL NEWSPAPER WEEK

—A TIME WHEN WE OF THE HEREFORD BRAND AND THE SUNDAY BRAND DEDICATE OURSELVES ANEW TO THE SERVICE OF OUR COMMUNITY.

JUST WHAT IS A NEWSPAPER

THAT'S THE QUESTION A LOT OF FOLKS ASK. AND THAT'S A QUESTION WITH JUST AS MANY ANSWERS. FOR A NEWSPAPER IS ....

## A PUBLIC SERVICE

It is read by the community of people it serves; for the news it contains, advertising in its columns, opinions, and comments, and the entertainment it provides. It serves as rallying ground for campaigns and programs in the public interest.

## A MANUFACTURING FIRM

Raw material purchases include newsprint, ink, metal, gas and electrical power. Each day these items are turned into a finished product in quality. Newspapers pay taxes, consume material, manufacture a "trade-name" item just as any other plant upon which the economy of a community depends.

## A BUSINESS—Wholesale, Retail, Door-to-Door

Selling individual copies of newspapers is a definite retail function. The Brand is made available to carrier boys, newsboys, newstands, counter sales, and post office mailings. It is sent by the fastest possible means to its every destination.

## A PROMOTIONAL ENTERPRISE

Where else can be found the equal in loyal support for a community? Newspapers constantly tell the world of the advantages of the home town. The Brand mirrors and reflects the desirability of this community as a place in which to live and earn a productive livelihood.

## A SERVICE ESTABLISHMENT

Do you need a bit of information? Do you wish a report on a civic project? Invariably the question can and will be answered around the newspaper office. The ability, wide acquaintanceship, and experience of newspaper personnel is always at the service of the community.

Yes a newspaper is all of these things... and more. The newspaper functions as no other community enterprise can hope to do.

Day after day, our staff goes about its way in serving the general public. It is only on such occasions as the observance of

# National Newspaper Week

that this newspaper and its personnel pause a moment to remind the readers of the function of a free and undominated press in America.

### What It Means: Government Price Support

By ROBERT E. GEIGER  
WASHINGTON, (AP)—How much has the government price support program cost you, or saved you, as a taxpayer and consumer?  
This has become one of the controversial questions of the presidential campaign. Political speechmakers are attempting to relate the program to the price of a can of beans or a sack of spuds.  
Nobody has an accurate answer. Here's why:  
The Commodity Credit Corporation (CCC), which handles the price support program, shows a "profit" of \$135,343,751 since 1933 (excluding "consumer subsidies," of which more later.)  
But the corporation handles other commodities besides those it acquires in price support programs, and until recently accounts weren't separated. Billions of dollars worth of commodities have been handled since 1933, when CCC was set up.  
One top executive says it's his best estimate that if all the transactions that were definite-

articles couldn't be sold at the ceiling price if the producer was to make a reasonable return. So the government held the ceiling price at which goods were sold to the public, but the producer received a higher price than the retail ceiling justified. The government suffered the loss. Government officials say this cannot be considered a farm price support transaction. Subtracting the consumer subsidy losses, the corporation comes out with a \$135,343,751 profit on its other transactions, including price support items.  
CCC officials say it is difficult to set an exact figure of total government price support operations.  
The corporation bought and sold commodities for lend-lease and performed other transactions. But the officials say their breakdown of transactions is as accurate and fair as is possible to make.  
These officials acknowledge they have lost some substantial sums while supporting the prices of some commodities, notably potatoes. On the other hand they have made substantial profits on some articles, notably cotton.  
The government balance sheet showing a profit of \$135,343,751 for the CCC includes all the costs

of administering the program. It also includes a deduction of \$36,458,054 as a reserve to pay losses on inventories on hand June 30, 1948.  
There is another item of \$55,768,386 included in the profit. This is due from the secretary of the treasury on the Economic Cooperation Administration (Marshall Plan) program. Corporation officials say these ECA operations should not be considered as part of the price support program but as a function of ECA.  
It this \$55,768,386 item is written off as price support it still leaves the corporation with a profit of \$79,575,365.

### Wheat Farmers Have Choice Of Many Varieties

COLLEGE STATION—Used to be, Texas farmers had this choice—they could grow wheat that gave high yields, or they could grow wheat that had good baking quality.  
Now they have a different choice. It's a choice between several varieties, all of which have both yields and good baking qualities, E. A. Miller, extension agronomist for the Texas A & M College, has pointed out.  
The new varieties were developed by the Texas Agricultural Experiment Station and private plant breeders.  
Most Texas wheat is used by commercial bakeries, and they demand flour that will make the kind of bread their customers want.  
In past years, Texas had a good reputation for growing fine quality wheat that was in demand because it was nearly all of good baking qualities. Then other states began shipping in low quality wheat, and Texas lost its reputation. As a result,

### Wheat Farmers Have Choice Of Many Varieties

northern mills cornered the market on high quality baking wheat and shipped it into Texas.  
But Texas wheat growers want it the other way around so they can make the money—not the northern mills. And it looks like this is what's going to happen according to a recent wheat survey.  
In the main wheat areas of Texas, Westar and Commanche are recommended for the bakers, and Wichita and Triumph for family trade flour. Tenmarq and Turkey are good baking varieties, but not as high yielders as Westar and Commanche. So they are being replaced by these latter varieties, says Miller.

### Wheat Farmers Have Choice Of Many Varieties

BILLINGS, Mont. (AP)—Fort Peck reservoir is so full of fish authorities may have to dynamite them as anglers can't be persuaded to catch them. The drastic action is planned, fish and game officials said, because the man-made reservoir is overpopulated with trout, pike, bass, sturgeon, catfish, perch, crapple, ling, bullheads, gold-eyes and drum.  
Carbines and rifles for the armed forces are being packed in steel cans to protect them from rust.

### Wheat Farmers Have Choice Of Many Varieties

Mrs. H. G. Conkright is hospitalized after a fall. Mrs. H. G. Conkright is in Deaf Smith County Hospital suffering from a broken leg, injured Sunday afternoon in a fall from the home of her daughter, Mrs. J. R. Allison, and was playing with her granddaughters in the backyard when she fell.

**Texans in Washington**  
By **TEX EASLEY**  
AP Special Washington Service  
WASHINGTON, (AP)—Since the war more and more congressional wives are joining their husbands on overseas excursions.  
Senator Tom Connally of Marlin and Rep. W. R. (Bob) Poage of Waco, along with Senator Carl Hatch of New Mexico, were chosen the southwestern delegates to the Inter-parliamentary Union meeting in Rome. The wives of the Texas legislators went with them.  
Mrs. Frances Cotton Poage, formerly of Eastland and once clerk of the Texas state senate finance committee, sat down at a typewriter Sept. 13 in the American embassy in Rome and wrote back an account of their travels in Germany, France, Switzerland and elsewhere after arriving in Europe by boat the latter part of August.  
Excerpts from the letter follow:  
"Next morning we left (Frankfurt) by daylight, and drove thru the Rhine Castle country to the Dutch border. It was a beautiful day, and the Rhine was pretty, and all the castles were interesting, but when we got into Cologne, I was sick at my stomach at the ruins."  
**Worst Destroyed Of All**  
"It is the worst destroyed of all the German cities, they say, much worse than Berlin. There were thousands of people going in and out of the big cathedral, which was the only thing left standing, and you don't see any place for all the people to live, yet they are there somewhere."  
"In Paris when I stood on the same balcony that Marie Antoinette and her children had stood on before they were taken away from Versailles to be executed, I felt that there was nothing else for me to see. . . . But, in Rome, when you see the burial place of Peter and Paul, and stand in buildings more than 2,000 years old—and see the spot where Brutus stabbed Caesar—  
to say nothing of the Sixtine Chapel, where the ceiling depicts the creation of man—you realize that this is indeed the Old World, and that our country is sure new."  
"Lawrence Westbrook is over here on business, and is here often; it seems. We had dinner with him one night and his Rome representative who had been a prisoner of the English for four years. A member of the old Roman aristocracy, incidentally,—and he sure gave the English heck, which made me wonder if he liked America any better. . . . I think they all want what we have to give them, but my impression is that they don't care a hoot about us,—and even the Embassy staff tell you that they laugh at us behind our backs every time an American gives them a tip. We have all been warned that the hotels charge you about 22 percent for service, and that we can either give tips or not, as we like. But, of course everybody does it."  
**Money Also Difficult**  
"Next to the language, the money is the most difficult. It is big enough in size to paper your house, but amounts to so very little for its size. And, things are tremendously expensive, too."  
"It was wonderful to hear from you, and I hope the Texas heat has subsided by now. . . . It is gonna be hard for us, after being cool everywhere,—except Italy. . . ."  
"But, if I can just get back where I can talk to people, and get some clean clothes, I think I can take anything in the good old U. S. A. I shall have to come home and study Roman history for six months in order to appreciate what I have seen."

**He's a sitting duck!**

**SWISS AID BERLIN CHILDREN**  
BALE, Switzerland, (AP)—Despite the political situation in Berlin, the Swiss Red Cross continues to organize group holidays in Switzerland for undernourished children from Berlin. A group of 450 boys and girls arrived here recently by train for a month's holiday in one of the few countries of Europe where all food rationing has ended.

**It's a big smoothie!**  
  
Come in—discover the wonderful three-way cushioning of a Packard ride!  
Up and down, side to side, front to rear—Packard smooths your ride in every way!  
Try it out on a railroad grade crossing—see how the "oopsy-daisy" pitch is gone.  
Try it out on a twisting country lane, or a wind-buffed highway—see how the "tail-wag" and wind-wander are gone.  
Try it out in a sudden traffic stop or start—see how your spine no longer "cracks the whip."  
For Packard has its own advanced way of combining softness-for-comfort with firmness-for-roadability. No other car at any price has a suspension system as complete as the one you'll find on the new, precision-built Packards.  
And when you sample Packard's finger-tip ease of control, great roominess, and automatic all-season heating and ventilation . . . well, you'll never be content with any lesser car.  
But ask first about the ride. Enjoy a demonstration ride. Right now—at your nearest Packard dealer's.

**Why do more and more Texas families prefer Servel?**  
**Only Servel gives you a ten-year guarantee!**  
**Only the GAS Refrigerator STAYS SILENT LASTS LONGER**  
More and more Texas families say the Gas Refrigerator is their first choice. Because this modern refrigerator is different, simpler. It operates with no moving parts at all. There's nothing in its freezing system that can wear or cause noise. A tiny gas flame does the work. It operates anywhere, on any kind of gas.  
So Servel stays silent, lasts longer. And its silent, worry-free performance is guaranteed for ten years. (Many of the over 2,000,000 Servel-owning families still enjoy theirs after 18 and 20 years.)  
There's every new feature you're looking for in the beautiful new models. A big frozen food compartment, plenty of ice cubes, moist and dry cold for fresh foods. Come see the refrigerator that's Texas' growing favorite today.

# Alaska Would Outrank Texas As Largest State Should It Bloom As 49th State In Nation's Flag

By WILLIAM C. BARNARD  
Associated Press Staff Writer

Alaska would be the largest state in the nation's flag, Texas boosters will have to talk faster and louder.

One fifth as large as the United States, it would be the biggest state. And 100,000 Alaskans are "raarin'" to call it the best.

They beam fondly on the barbed streets of their isolated frontier towns; they gasp with delight at their magnificent scenery; they revel in the odorous operations of their great canneries and the rich output of their gold mines.

They are aggressive, sturdy, confident and happy with their lot. They catch fish wherever they drop a line and when they are big enough to lift a gun and pull a trigger they get their teeth in deer. They shrug off the loss of isolation and go by air. The per capita use of planes in Alaska is 70 times that of the rest of the nation.

Many natives to whom Alaska is an old story have never seen an automobile.

**Trained in Texas**

Some of the best Alaskan boosters have had previous training in Texas. Gene and Ray Reagan, who operate a frozen food plant at Ketchikan, used to live in Corpus Christi.

"A man really lives when he lives in Alaska," said Gene. "It's the land of opportunity and here I am a young man again. I could make a million here."

Ketchikan, 662 miles north of Seattle, is built on the southwestern shore of Revillagigedo

Island in southeastern Alaska. Incorporated in 1900, it now has a population of 6,000 and is the salmon canning capitol of the world. It is situated on the famed inside passage, an intricate system of narrow, protected waterways hundreds of miles in length and flanked with rugged mountains and rocky cliffs that rise steeply from the water's edge.

**Boast Paved Streets**  
Ketchikan nestles on evergreen hillsides, shadowed by snow-capped peaks a setting similar to other coastal towns such as Juneau, Valdez and Seward. Juneau and Ketchikan are among the most modern of Alaskan cities, boasting paved streets, movies and comfortable hotels.

Southeastern Alaska is warmed by the Japanese current. It seldom freezes at Ketchikan and the summers are pleasantly cool. But how it does rain—150 inches per year and more.

"It doesn't bother us," Gene Reagan smiled. "We all have raincoats."

**What about wages?**  
"Very little higher than they are in the states," Reagan said. "Considering the prices, they should be much higher."

**High Prices Reported**  
Prices are high, Alaskans complain, because of high freight charges from the United States. Only American ships are allowed, by law, to haul Alaskan freight.

Eugene Lanier, mayor of Seward, had just bought a new Packard, a light model. By the time it reached Alaska (though he bought it at list price) it cost him almost \$4,000.

"It would have been cheaper," said Lanier, "to ship it to Australia. What Alaska needs most is foreign steamship competition. The American monopoly is holding us back."

Alaska raises only two percent of its own food and the imported groceries come high. Some items from a small cafe menu in Seward: "boiled short ribs, \$1.45; chili and beans, .85; tuna fish salad: \$1.50; milk per glass, .25; sliced tomatoes, .15; sliced cucumbers, .15; cottage cheese, .15"

At Valdez, on the coast north of Seward, we watched a ship unload canteloupes. The canteloupes were in poor shape and small. A couple of weeks before we had bought larger and finer specimens on the town square at Cameron, Texas, four for 25 cents.

The canteloupes from the ship were hurried to a grocery store where customers were waiting. We watched an Indian trapper buy two of them. They were overripe and had brown soft spots.

"How much did they cost you?"

## Uncle Sam's Selective Service

1. Q—Are regular or duly ordained ministers of religion exempt from training?

A—Yes, but they must register.

2. Q—What does the term "duly ordained minister of religion" mean?

A—A person who has been ordained by a church or religious organization to preach and teach its doctrine and administer its ceremonies in public worship. It must be his regular customary vocation.

3. Q—How about the term "regular minister of religion?"

A—Such a person is the same as the duly ordained minister, except that he has not been formally ordained, yet is recognized by the church, sect, or organization as a regular minister.

4. Q—Does either of the terms include a person who irregularly or incidentally preaches and teaches?

A—No.

5. Q—Do these terms include a person who may have been ordained but does not preach, teach, or administer rites of his religious organization regularly?

A—No.

6. Q—Are students preparing for the ministry exempt from training and service?

A—If they are preparing under the direction of recognized churches or religious organizations, and if they are satisfactorily pursuing full-time courses of instruction in recognized theological or divinity schools or full-time courses leading to entrance into such schools, in which they have been pre-enrolled, they are exempt from training and service, but not from registration.

7. Q—How about men involved in study, research, farm work, medical, scientific or other endeavors found to be necessary for national health, safety, or interest?

A—The President has ruled that such men can be deferred for one year or less. These deferments may be changed by the President or local boards if these registrants change jobs.

We asked the man. "Dollar and a half for the two," he said.

We told him you could buy them four for a quarter in Texas. "Where is that?" he asked.

**Raw Materials Costly**  
Land of Opportunity?  
"Not for heavy industry," said Charles Foster, sales manager for a big Madison, Wis. tool company.

"It would cost too much to get your raw materials in and you'd be too far from your markets."

**Land of opportunity?**  
"Perhaps the land of opportunity for trapping, mining, and the fish canning industry," said Frank F. Stevens, Waco, Tex., lumberman on a northern vacation, "and Alaskan trees are fine for newspaper. The scenery is great and the hunting and fishing would be hard to beat. But the opportunities certainly are limited. I wouldn't advise young Texans to trade Texas for Alaska."

L. J. Terry, formerly of Lubbock and Wichita Falls, Tex., made the trade a year ago. He runs a shoe repair shop in Seward. Mrs. Terry is still in Wichita Falls and plans to join him soon.

"I think it's swell up here," said Terry. "I moved because I couldn't stand the cold Wichita Falls climate. It went to 18 below zero one winter I spent there. Up here it only gets about three below."

## PERSONALS

Daniel L. Boardman, son of Mr. and Mrs. L. C. Boardman, enrolled at New Mexico A & M College at Las Cruces this fall as a pre medical student.

Mr. and Mrs. Aaron Rose of Silver are visiting her parents, Mr. and Mrs. L. H. Shore, and their daughter, Syble who has been staying with her grandparents and attending school.

Mr. and Mrs. A. M. Lay, formerly of Lubbock has recently moved to Hereford and now lives in the Fullwood Apartments. He owns farms and property in this community.

Misses Gwen Springer and Macey Koelzer left Tuesday for Colorado Springs where they plan to remain for some time, as they plan to go to work there.

Mr. and Mrs. Roy Shirley visited his parents, Mr. and Mrs. R. L. Shirley of Levelland last weekend.

Miss Dottie Hendrick, Abilene Christian College student, was in Hereford visiting her parents, Mr. and Mrs. A. V. Hendrick, last weekend following the football game in Canyon Saturday night. Miss Hendrick is cheer leader for her college team.

Visiting the John Pattons, Mrs. Ida Ricketts and Mrs. J. O. Newell and other relatives for the last two weeks was an aunt, Mrs. Gailie Garner of Mineral Wells. She returned home Sunday.

SALESMANSHIP CONTEST

Use this ballot to secure one from your Hereford merchant.

Sponsored by

STAR and TEXAS THEATRES

"EFFICIENCY — INTELLIGENCE — COURTEOUS SERVICE mean more trade for Hereford"

I suggest \_\_\_\_\_ from \_\_\_\_\_ (name)

\_\_\_\_\_ for the \_\_\_\_\_ (business house)

SALESMANSHIP AWARD for month of \_\_\_\_\_

For the following reasons: \_\_\_\_\_

GRIDDERS LEAD ALL

EAST LANSING, Mich. (AP)—During the 1947-48 school year, 249 students at Michigan State College played football; 139 played baseball; 118 participated in track; 79 in basketball, and 318 in eight other sports—

cross-country, wrestling, swimming, boxing, gymnastics, fencing, tennis and golf. Of the 249 Gridders, 50 were members of the varsity, 56 were jayvees and 142 worked out with the freshmen team.

Odus Mitchell...

(Continued from Page 1)

Salad Bowl in Phoenix, Arizona. Two years ago, his eleven trounced Alamo Stagg's College of Pacific eleven in a post-season game in Texas.

Kimbrough and Mitchell played against each other in their college days. Kimbrough respects Mitchell as one of the top coaches in football today. "His teams at Pampa and Marshall were outstanding in high school circles and today he has made a name for himself at North Texas," Kimbrough says of Mitchell.

One of the high points of interest in Saturday's game is because of the presence of former aces of Canadian High School on each team. Bill Cross, the Canadian Comet, is the Buffaloes' chief scat back, while Bill Lalicker, the Canadian Express, is the Eagles' greatest broken field speedster.

Indicative of the high interest in the game is the fact that the entire Floydada High School football team will attend the game, the coaches believing more real football is likely to be seen Saturday night than at any other time this season in the Panhandle.

West Texas State

(Continued from Page 1)

kicked the first of five points after touchdowns.

Then in the same period, Bill Cross scampered 78 yards for a touchdown. A 43-yard run by Lloyd Johnson went for another score in the second period. Johnson's plunge from the five-yard line and Ernest Kendrick's 35-yard run counted two scores in the third quarter. Box plunged over from the one again in the fourth to end West Texas' scoring.

Ablene Christian's scores came in the third quarter on a two-yard plunge by J. D. Brown, a 61-yard run by B. T. Smith, ACG's ace ball carrier, and in the fourth period on a pass for 29 yards from Russell Coffee to End Ray Green. Charles Morris place kicked one point after touchdown.

Blackhawks...

(Continued from Page 1)

to score in the second quarter. A sprained ankle pulled Hughes from the game shortly afterwards. A recovered fumble permitted another score for the Blackhawks by Billy Braden, who had taken over Hughes' position as quarterback and recorded 18 yards.

The final score came on an 85-yard return of a whirlwind punt by Eldridge. Floydada's single touchdown came on a pass hurled by Bill Jeter, power back.

Keep Up With Your Friends

Local Women Assist in Flower Judging At Fair.

Mrs. O. G. Hill and Mrs. Art Manjeot of Hereford assisted by Mrs. A. J. Morrow of Morton judged flower exhibits at the South Plains Fair in Lubbock Monday.

They spent from one p. m. until 4:30 p. m. looking over the flowers and judging specimens and arrangement display, and rewarding places.

Tulia Hornets...

(Continued from page 1)

three more first downs and Harvey converted the last 12 yards into pay dirt. Taylor's plunge for the extra point failed.

Midway in the last quarter, the Bucks filled the air with Buchanan to Mere Kramer passes to set up Taylor's final touchdown spring. Harvey then ran over with the game tying point.

Catholic Information

What—no arithmetic!

"No arithmetic!" gasped the boy's father. "Do you expect me to send my son to a school that eliminates the basic principles of mathematics, a knowledge needed in every walk of life?"

A school with no arithmetic! What nonsense! Yet is it more deplorable than a school that teaches nothing of God, our first beginning and our last end—of Jesus, our Redeemer and the greatest of all teachers—of the Ten Commandments and the Sermon on the Mount—of love of neighbor for the sake of God—of obedience to our civil rulers because their power comes from God!

To the Catholic, the elimination of religious teaching is more than deplorable. It is tragic. For religion is the only solid basis for morality—religious instruction for the mind, religious training for the will. Home teaching or an hour in Sunday school can hardly suffice. God and His will must be an integral part of the child's daily life.

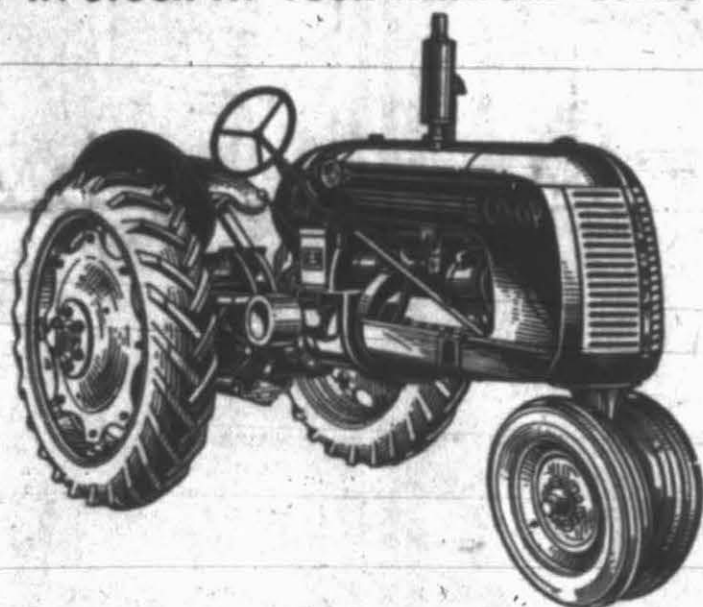

It is because Catholics believe this so firmly, that, while paying their full share of the sup-

port of the public schools, they are also buying land, erecting building, and educating with their own money more than 2,700,000 pupils, thus saving you and other taxpayers more than \$300,000,000 annually. And this Catholic education in its academic standing, in its teaching ability, and in its educational results, averages well up to the public school education of today.

The United States of America was founded on religious principles. All our schools, up to 1840, were essentially religious. George Washington said: "Reason and experience forbid us to expect that natural morality can prevail in exclusion of religious principles"; and this sentiment has been echoed by nearly every President since. Who, then, can say that the Catholic School, the nursery of Faith and citizenship alike, is un-American? Information on any Catholic subject can be obtained by writing to:
