

It really happened. Friday afternoon when the black clouds belled so fiercely around the horizon, Wayne Edwards took one horrified look at the sky and closed up his drug store to run for cover. Wayne and his family had been through a tornado two years before in Oklahoma, and lost everything they had. Now they aren't taking any chances. He has a storm cellar built behind his home on Park Avenue and twice last Friday it provided refuge for 45 of his relatives and neighbors. When the danger blew over, the mob came out of hibernation and went right on back to work.

The building that formerly housed the Candy Kitchen is undergoing a complete renovation. Owner Harold Close says it will have a plate glass front, similar to its next door neighbor, but the stucco job and trimmings will be painted buff instead of white. The interior color scheme will be selected by the new tenant, as yet undesignated.

The fourteen and a half inches of rainfall that have drenched Hereford this year have certainly called attention to the necessity for hard surfacing of frequently used roads, alleys, etc. Wayne Evans has this week completed paving of the quarter block north of his International Harvester building and now has a neat parking lot for his machinery.

The Lions Luncheon Wednesday served as a good excuse for the 1948 Octet at Hereford High School to get together for its first reunion in a year. Since their appearance at their own graduation exercises one year ago last May when they sang, "Now Is The Hour," as their final number, the group hadn't even enjoyed a get together. However, Wednesday was their big day. Two of its members have married. Betty Katherine Hodges is now Mrs. Bobby Owens, and Diane Jewell is now Mrs. Edward Roberson. She's the only parent in the crowd and therefore didn't make the celebration. Pat Longbottom substituted. The other seven were Mary Helen McGilvary, Patsy Slagle, Jacqueline Newell, Margaret Sowell, Eugene Roberson and Reuben Knox. They sang "One Alone," "Somewhere a Voice Is Calling," "Somewhere a Voice Is Calling," a barber shop arrangement of "Till We Meet Again," and concluded with, "Now is the Hour."

VFW plays Dawn here tonight as baseball continues to take over the town. American Legion Juniors played Plainview here Monday night. The American Legion played Dimmitt here Wednesday night. The Legion Juniors take on Nazareth here Friday night and VFW plays a league game with Dimmitt down there Sunday. VFW also had a game cancelled with Clovis in Clovis Tuesday night. Vega plays Umbarger here Wednesday night in a make-up game for one postponed a few weeks ago. Clovis American Legion Juniors play Hereford Juniors Monday night here, too.

High school graduates have already started appearing around town. Betty Cawthorn is employed at C. R. Anthony and Company, Lola Faye Brunson is working at the Hereford State Bank. Ruth London is working in the County Clerk's office, Evelyn Ford works part time for Elizabeth Womble and Neely Kimbrough is working for Carl McCaslin.

That collegiate spirit is not a matter of age and Jimmy Carnahan proved it this week. He has enrolled at the training school at West Texas State College in Canyon this summer. Jimmy is a fourth grader, but he went lugging his big brother Bob's suitcase which was plastered with Texas Tech stickers. "Boy," (Continued on Page 6)

Rotarians Plan For Arrival Of International Farm Group

Making plans to entertain the International Farm Group which will converge on Hereford, Sunday, June 26, the Rotary directors met Monday night to appoint their committees for the breakfast which will entertain these European farmers.

Hereford and Amarillo have been scheduled as the only stops between California and Iowa for these representatives of the International Federation of Agriculture Producers.

Their special pullman will arrive in Hereford at 5:30 a. m. Sunday and later in the morning the delegates will be entertained at a breakfast in the Lions Rotary Hall by the Rotary Club and the Farm Bureau. Between 75 and 100 farm men and women from the Mediterranean and Balkan countries are expected to make up the group.

Insofar as possible, the host clubs plan to serve their guests a menu featuring Deaf Smith foods, eggs, bacon, and perhaps bread made from wheat grown in this county will be used. Final arrangements will be worked out by the cooks committee headed by Earl Phillips.

Rotarians To Serve
The Rotarians plan to serve the mean themselves, and Bob Brummell and Frank Cogdill will co-chairman the committee of waiters. Faust Collier, retiring president of the club, and J. C. McCracken, president elect will act as a team to co-ordinate the various committee plans as well as head the reception committee.

Henry Sears is chairman of the transportation committee. Plans are to drive these members north on Highway 51, after their breakfast, and show them deep plowing operations, wheat harvesting methods and a special visit to the Tol Ware ranch where the Amarillo delegation will be met. Following check wagon lunch and a small rodeo they will proceed with the Amarillo group.

Working through Art Bralley, Potter County agent, the education committee hopes to find the home countries of all these visitors and display their flags both on the cars of the caravan and as decorations at the hall during breakfast.

Compliments Hereford
"We are just really getting excited at the prospects of entertaining these visitors," said Collier. "It's quite a compliment to have Hereford chosen as one of the two stops in the mid west and we hope to respond to the compliment."

County Delegates Off To Round-Up Monday Morning

Deaf Smith County delegates to the annual 4-H Club Round-up on the campus of Texas A&M College will leave Amarillo June 13. They will travel by bus, along with delegates from other counties in this district.

Marilyn Henderson, Betty Lou McGaughey, and Mrs. Ira Ott are the delegates to the Round-Up which is the big event of the 4-H Club year in Texas. They were selected in recognition of their accomplishments, club records, and interest in the 4-H Club program.

Marilyn is an active member of the Draper 4-H Club. Mrs. Cren Russell, Mrs. Travis Caraway, and Miss Dorothy Wilde are sponsors of the Draper Club.

Betty Lou is a member of the Fairview 4-H Club. Mrs. E. W. Womble, Jr., is the club sponsor. Mrs. Ott is chairman of the County Home Demonstration Council 4-H committee, and is a sponsor of the Happy Homes 4-H Club.

The 4-H Club Dress Revue will be one of the highlights of the Round-Up. Marilyn, winner of the County Dress Revue, will compete against other county winners.

Other features of the program will be study groups, recreation, tours, and talks by outstanding leaders in 4-H Club work.

THE WEATHER

Temperature readings, Monday through Wednesday, readings taken at 8 o'clock each morning.
Sunday—High, 94; low, 58.
Monday—High, 93; low, 57.
Tuesday—High, 90; low, 56.
Wednesday—High, 74; low, 53.
June moisture—82.
Total 1949 moisture—14.64.

The tour is financed by the American Farm Bureau Federation.

Hugh Clearman, Deaf Smith County agent, was one of the key figures in getting Hereford named as one of the stop-over points of interest.

This tour of the highlights of farming areas in the United States was scheduled to follow the meeting of the International Federation of Agriculture, held this year at Guelph, Canada, which is underway at present. It was mapped to include the various types of farming areas in this country, and particularly the areas where mechanized farming practices have been adopted to a large extent.

With farming and agriculture continually recognized as the backbone of the economics of any nation, this trip, with its inherent educational features, was devised to introduce European farmers to the methods of growing foods which have been adopted here after scientific experimentation.

The groups will be accompanied by interpreters who will assist the non-English speaking delegates with their questions and answers to expedite the educational features of this tour.

2.2 INCHES OF RAIN

Dawn-Umbarger Area Hit Hardest As Hail Streak Crosses County

Hail, cutting a bleak swath almost south-eastward across the county Tuesday night, took care of part of the storage problem for Deaf Smith.

Worst hit was the area between Dawn and Umbarger when hailstones pelted down leaving the highway covered with inches of the icy stones.

Hail fell between 7 and 8 p. m. in the area right around Dawn, lasting only 10 or 15 minutes, but it did all the damage it could. Benny Womble reported a hundred per cent loss and August Frye figured a hundred per cent loss on one of fields just east of Dawn.

Stones were reported to be about half an inch to three inches in size.

Traveled Southeast
From all reports, the hail apparently started over in the

Lettuce Harvest Starts In Area

Spring lettuce harvest commenced this week with two truck loads of lettuce coming in from Ed Lewis' Castro county farm 6 miles south of Dimmitt.

The lettuce was reported to be large and firm with four dozen heads packed to the crate. The price was \$2 per crate FOB Hereford Tuesday with Amarillo vegetables concerns buying most of it.

The reason for the weak market at present is that Arizona and California crops have glutted the market. But the Arizona crop is reported through and California production slowing down, which indicates higher prices soon.

Howard Beasley, who has a patch on his farm 12 miles south of Hereford, said crops now being harvested were planted about the middle of March and were irrigated only three times because of the unusually wet weather. Ordinarily lettuce fields are irrigated about every ten days. The wet weather has plagued the crops with more insect pests than are expected under normal circumstances.

Beasley added the spring crop is ready to harvest in about 60 days and the fall crop can be produced in from 70 to 75 days.

Beasley formerly had experience with production of vegetables in California. He moved to Albuquerque four years ago and came to Hereford last winter.

The general run of lettuce is packed four, five and six dozen heads to the crate depending on size, thus indicating the quality of lettuce grown in this vicinity.

'Operation Polio'

Four F-51s of the 182 Fighter Squadron, Texas National Guard, douse the downtown area of San Antonio, Texas, June 2, with a DDT spray as part of a campaign to curb the spread of polio. Civic-minded people in San Antonio raised funds to purchase the DDT. (AP Wirephoto).

QUESTION of the WEEK

"Do you ever cook and what is your speciality?"

O. T. Bailey: I like to cook fish pretty well. Channel cat is my favorite, rolled in cornmeal, cooked in deep fat and fried out doors. Any kind of compound will do for frying. And the fish is really good—particularly when you caught it yourself.

Boyd Knox: I don't ever cook anything or eat anything my wife cooks.

Charlie Morris: Unless I'm batching like I am how I don't ever cook anything. However, when I have to, I can make coffee. Don't ever measure it, just dump in the coffee and fill up the percolator. Then for breakfast I can fry bacon. I don't like it crisp and I don't like it greasy, but I eat it whichever way it turns out. Then for lunch I always eat out and for supper I eat what's left over from breakfast. Guess I don't belong to the open-a-can-and-eat-school.

Lee Conklin: Listen, don't you print too much about my cooking abilities or my wife will be wanting me to demonstrate.

Don Holman: Well, I can fry eggs and I can boil eggs. However, I do not make a regular habit of this every morning as we do not eat eggs that often. It is much harder to fry eggs than to boil eggs because you have to keep turning them over and keep them from burning. I frequently do not do this. Sometimes our eggs are scorched. That is another reason why we do not

Mike Baird: Guess you'd say I'm an old biscuit shooter. I can make sour dough or the other kind, too. Don't use a recipe, and don't measure anything. I just dump in a little of this and a little of that and they are mixed. However, I've just about quit making biscuits. More or less retired from the biscuit making business.

Cecil Gunter: Well, I don't know whether I've got any specialities or not, but I can eat what I cook. You bet, I like to cook outdoors. Venison and fish are my favorite eating. Just take a slab of venison out at camp and fry it in deep fat. We use hog lard. And fish, well, roll it in half corn meal and half flour, salt and pepper, and fry it in deep grease. Eat it immediately, with potatoes and fish gravy. Now lots of folks don't know about fish gravy. Take the flour and corn meal mixture, pour off part of the grease, dump in the flour and mix the canned milk and water. Boy, that's really living.

Army Reserve Unit Organizes Locally
Hereford Army Reserve component members met with Colonel Gomez and Captain Dabney of the Amarillo office Monday night, spending most of the evening asking questions concerning the Reserve and local unit in particular.

Next week's meeting will be devoted to further organization and outlining of a training schedule. Numerous films are available on all types of subjects. Members will discuss the subjects and decide on the films they desire.

Call Off Clean-Up Day; Business Firms To Open

Clean-Up Day Has Been Called Off.

The town-wide clean-up day, scheduled for Thursday, June 9, has been postponed, according to last-minute word from Mayor W. E. Dameron Wednesday night. Heavy rains Wednesday afternoon which followed scattered showers all week were reported as having made the scheduled clean-up impractical.

"It would be impossible for trucks to travel up and down the alleys while they are soft and muddy," Mayor Dameron pointed out. In addition, it would be impossible to cut weeds or to work in the low places which are worst need of cleaning. Therefore, it appears best to call off the campaign.

Swimming Pool Opening Date Is Posponed

Mayor W. E. Dameron said Wednesday that because of wet weather which has delayed final paving of parking areas at the swimming pool, the opening date of the pool has been postponed. A later announcement will give the opening date which will be as soon as the paving is completed.

Two weeks of concentrated effort has put everything else in shape, according to Charles Skelton, manager and head life guard.

The past weeks have been spent getting the machinery in order, cleaning out the pool, clearing out the wreckage of last winter's vandalism and re-installing some necessary plumbing.

Almost 20 cases of coke bottles were broken in the bottom of the pool, seven panes of wired glass had been broken and three lavatories torn off the wall.

Some of the hot water pipes had burst during the cold weather and had to be replaced. Landscaping work at the pool is hitting about on schedule. The banked areas around the cyclone fence have been planted to grass and the ground around the concession stand was also seeded in Bermuda roots. A cyclone fence will soon be put up along the cement at the south and nobody will be allowed in the pool enclosure with candy or cokes.

Paving work is going along and a one-way entrance and exit will be established for the cars of swimmers. They will enter on the south and drive out on the northeast. Spectators can park on the north.

Trim Swimmer

Georgia Clancy cuts a pretty figure against the California sky at Zuma Beach, in a neat, two-piece cotton suit. Done in warm brown and yellow stripes the swimsuit features a strapless bra and trunks for perfect fit.

As to announcing another date, Mayor Dameron said that no date would be set in the immediate future.

"If everyone pitches in and does a good job of cleaning around their places, it is possible that we may get by without closing for the clean-up drive," Mr. Dameron said. "Regardless, however, no date will be set tonight. Any other date might also run into bad weather and have to be called off like this one."

Merchants who had planned to close Thursday were likewise upset over the change in last-minute plans. Clerks and employees kept telephoning Wednesday night in order to clear up the status of "business Thursday."

Alleyways Present Headache To City

The city is out hunting—of all things—alleys.

It seems that in the new addition, when the blocks were subdivided no provisions for alleyways were made, and now there is no public property for laying water and sewerage pipes and for garbage disposal units in this territory.

So city officials are busy at present continuing to draw up the alleyway easements for the property owners in the Meachum, Ralph Smith and Baskin subdivisions in the northeast part of Hereford.

About 30 have already been prepared according to city attorney Ray Cowser and about that number will still have to be drawn up.

Vegetable Shippers And Growers Set Harvest Worker Wage Rates

Wage rates for picking and hauling potatoes and for thinning lettuce this season were set by the members of the Vegetable Shippers and Growers Association in the Hereford area recently.

Potato workers will be paid 13

cents a hundred for picking and five cents a hundred for hauling spuds up to and including a distance of six miles. Distances longer than that will extend the hauling payments up to a limit of seven cents a hundred, or a total of 20 cents maximum for combined payment of picking and hauling.

Lettuce workers will receive \$13 an acre with a dollar payment to the contractor for weeding and thinning lettuce, unless the patch is extremely weedy. A maximum of \$17 an acre with a dollar payment to the contractor has been established by the Growers Association for weeder patches.

All contracts, however, will be made between the individual farmer and the contractor.

Wage payments are slightly under last year's limits, according to Norman Moore, secretary of the association.

Three Are Picked Up And Fined In County

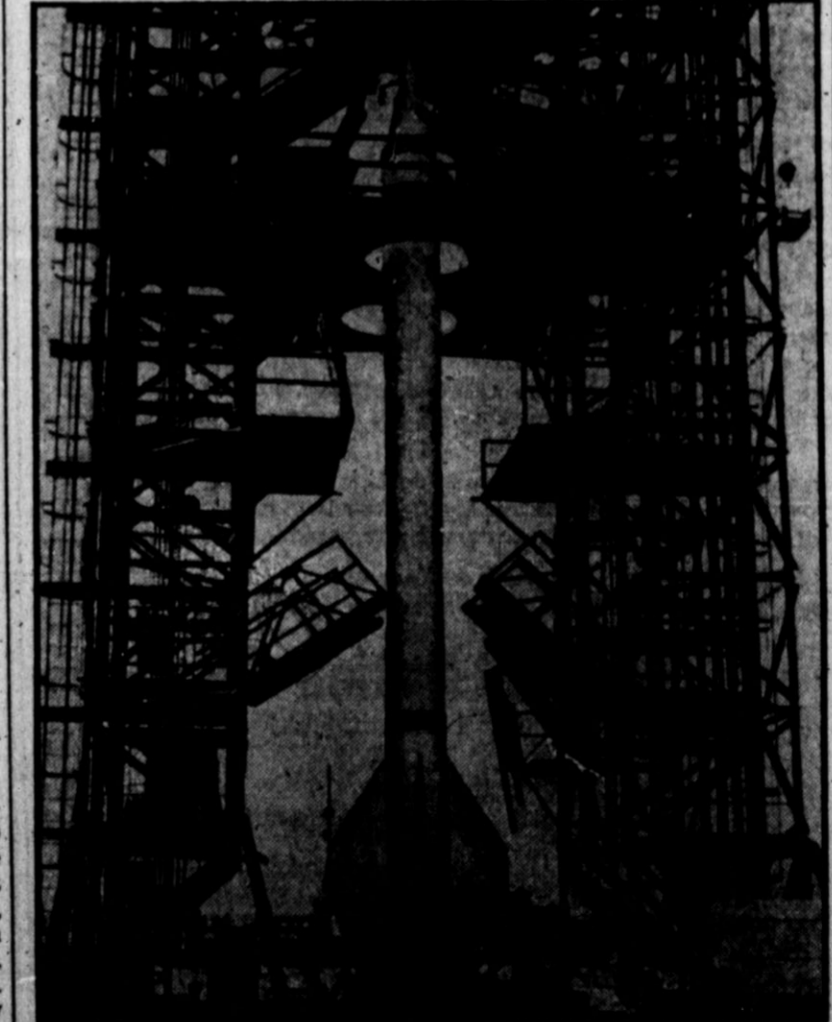

Two hot checkers and one bootlegger were picked up by county law officers this week. Louis Folley and Lee Percival were fined on hot check charges and O. B. Brice was fined for possession of intoxicating beverages.

Folley was fined a dollar and costs, plus payment on a ten dollar check, paying a total fine of \$34.30 Monday morning in county court. The check was given to Streu Hardware last February.

Percival paid a similar fine for a check given to Luke Fields several months ago. He appeared in County Court, Saturday.

O. B. Brice, charged with his third offense in this county for possession of intoxicating beverages, was picked up Saturday night, by members of the sheriff's office and liquor control board. He was fined \$500 and costs.

Going Up

A U. S.-designed high altitude research rocket known as the "Viking," is readied for flight at White Sands, N. M. Developed to replace the German V-2, the Viking has reached an altitude of 51 1/2 miles, and a speed of 2250 mph. The steel "drawbridge" structure surrounding it enables technicians to reach all parts of the rocket easily from platforms, and is moved away for the launching.

Storage Bins For Wheat Crop

With a bumper wheat crop in prospect farmers are preparing any variety of storage facilities for the Texas crop now being harvested. Above, A. L. Robbs, who lives north of Electra, Texas, is preparing this oil storage tank for storage. The tank will hold 6,000 bushels. In the bottom picture Bob Crocker, AAA administrator for Wichita County who must pass on bins for government loans, looks at 1000-bushel capacity storage bins being constructed at Burk Burnett and sold to farms for \$250 each. The bins either may be purchased as a unit or ready for quick assembly on the farm. (AP Photo).

Mrs. Ira Foster and daughter Gayle left Wednesday for Gainesville to attend the wedding of Mrs. Foster's niece, Miss Joy Dee Armstrong. Gayle will serve as bridesmaid in the wedding on Saturday. They were accompanied by Mr. Foster who joined them at Olton for the trip.

Mr. and Mrs. O. K. Higgins have returned to Hereford after spending a month visiting their daughter, the former Fran-

ces Higgins in Norfolk, Virginia. Their daughter and son-in-law, Captain and Mrs. Justin Early will arrive about June 13th to visit with her parents and other relatives.

Maple Daniel of Oklahoma City and Mr. and Mrs. J. M. Drake, en route from Oklahoma City to their home in California, visited Sunday with relatives in Hereford. Mrs. Al-

len Bell, Mrs. Willie Daniel, and Mr. and Mrs. W. H. Russell.

Charlene Davis is working at the Chamber of Commerce office this week, during the absence of Mrs. Lindal Murray, who was called to her home in Oklahoma due to the illness of her father.

CARD OF THANKS

We wish to thank our neighbors and friends for their kindness and sympathy to us during the illness and death of our dear mother and grandmother. For the beautiful flowers and for the loyalty shown by Dr. Barnett and the nurses to mother, we especially want to say thank you. Mrs. Lola Blankenship and family Mrs. Peare Moore and

family Sherman Hignite Mr. and Mrs. Jack Oliver and family. Mr. and Mrs. Marin Ferguson and family.

Mr. and Mrs. Mickey Miller and daughter of Albuquerque, N. M. were in Hereford Tuesday. Mrs. Miller is the former Miss Mary Louise Dean of Hereford.

WHY THIS BANK RECOMMENDS

40 years

Long-Term

4%

REAL ESTATE LOANS

This bank makes short-term farm loans to those who desire them, but we don't recommend 5 or 10-year terms unless the borrower is financially able to pay the loan in full by maturity.

Do you know what happens when a short-term loan comes due at the wrong time?

- You will have to negotiate a renewal loan.
- You may have to pay a higher interest rate.
- You may have to pay a commission.
- You probably will have abstracting or title policy and recording expense.
- And in the case of death your family may have to obtain court approval of the renewal.

No farm owner should take these chances when they can be avoided. That is why we recommend long-term loans that never have to be renewed, yet can be paid off just as fast as short-term loans.

Now, through our special arrangement with The Equitable Life Assurance Society, you can obtain loans with terms up to 40 years at this bank. Your loan is made by the bank, at the bank. You deal with folks you know... who are interested in your success.

Come in. Let us explain this new 40 year 4% plan. It has many money-saving features never believed possible in farm loans.

KINSEY MOTOR COMPANY

"PACKS THE SOIL WITH POWER!"

NOW... a new nitrogen from a new plant to make fertilizing easy and profitable! The Rowland Company's new Plainview NITROW plant, shown above, is the answer to this area's nitrogen fertilizer shortage. For the soil's basic nitrogen needs, liquid NITROW contains 25% nitrogen. It is manufactured by combining 83% Anhydrous Ammonia with water, by the process shown above, and is being distributed to irrigation area dealers in 50 gallon steel drums. The price of NITROW is 45c per gallon, plus a drum deposit.

The flow of NITROW down your rows is easy to check, for it gives irrigation water a milky color, and gives off an ammonia odor. You see where your fertilizer is being distributed when you channel NITROW liquid nitrogen fertilizer into your rows. YOU CAN SMELL IT! YOU CAN SEE IT!

The Rowland Company's NITROW is the equal of the best in increasing yield and quality of cotton, maize, wheat, truck and other crops. From a few drums used on maize last season by a West Texas farmer, yield was so multiplied that 8 rows filled a harvest hopper which took 14 rows to fill without the help of liquid nitrogen. Near Las Cruces last year, cotton that ordinarily made a 2 bale-per-acre stand, made another one-fourth bale when strengthened with nitrogen in the NITROW form. Call or visit us for NITROW today!

10 TO 15 GALLONS PER ACRE

Hereford Riders In Clovis Parade

Thirty Hereford Riders rode in the Pioneer Day Celebration parade held in Clovis, N. M. Saturday.

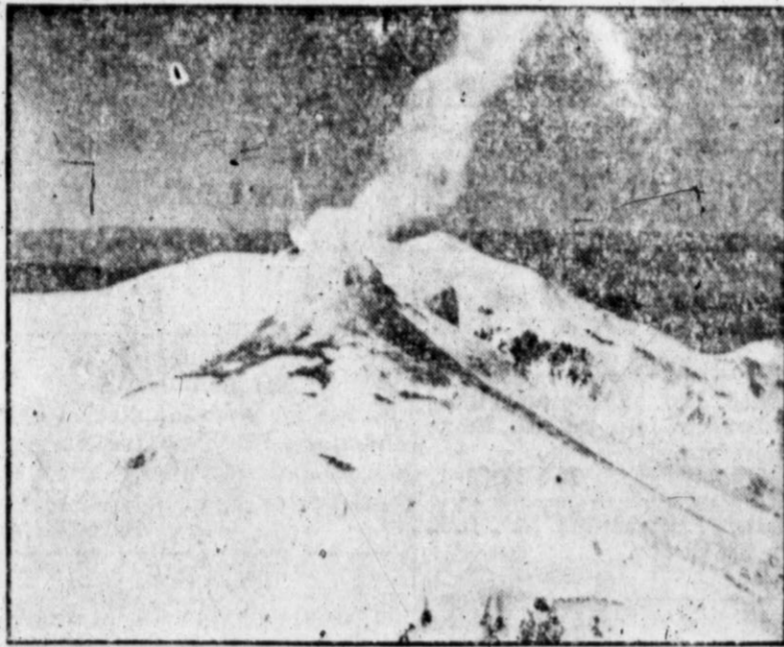

They included Messrs. and Mesdames: T. W. Roberson, Ky Lawrence, Mal Stewart, Ralph Sears, Pat Lawhon, Lowell Sharp and Jack Streun. Miss Nell Spradley, Virgie Lee Sparks, Jack Wilson, Jack Messer, J. D. Neill, president of the Riders Club, Hugh Clearman, Joe Kendall,

Jeff Roberson, Lee Hopson, Don Webb, Forrest Minton, Jackie Wright, Jack Wright, Sylvester Slagle, V. C. Hopson, and L. H. Lookingbill.

Mrs. Joe Kendall, Mrs. Jack Messer and son, Jean and Joe Streun, Jimmie Lawhon, Mrs. Lee Hopson and Mrs. J. W. Spradley were also in the group attending the celebration.

Don't be too rough with a pessimist. Some of them are that way because they backed an optimist.

Birth Of A Volcano

Steam rising from a snowcapped mountain in South America indicates the discovery of a hitherto unknown volcano atop Cerro de Parinacota, a peak rising to a height of 20,768 feet, exactly on the border between Bolivia and Chile.

PERSONALS

Mrs. Nellie Lloyd returned to her home in Plainview last week end after spending a week visiting with her sister, Mrs. Britt Boyd and with her brothers, Roy Rogers and Arthur Rogers. Mr. and Mrs. Boyd drove to Plainview last Sunday week, and Mrs. Lloyd returned to Hereford with them.

Mrs. O. M. Dickey is visiting relatives in Oklahoma City this week.

Pat Hardwick left for Denton Wednesday. She will enroll in the summer session at Texas State College for Women, where she is majoring in design. She was a sophomore this past year.

Mr. and Mrs. Cliff Acker and daughters, Kathryn and Helen, returned to Hereford Tuesday after a trip to Austin where the Ackers and Kathryn attended graduation exercises at the University of Texas. Helen is a 1949 graduate of the University. She will visit a few weeks with her parents in Hereford.

YOUR NEWS IS GOOD NEWS

Your friends and neighbors are interested in your comings and goings, in the things you have accomplished, in fact, the people of Hereford are eager to know about your good times and successes, even, to share in your sorrows. The Brand society editor is assigned to cover news of interest to women, parties, club meetings and weddings, special features of interest that have to do with women's increasing interest in civic and state affairs, or any news that concerns the homemaker. If you have news, or know about news of your neighborhood, the society editor's number-181. She will give full coverage of each item, and will follow up all news tips, no matter how small.

What this country needs at this time of year is a road map that will fold up as easy as it unfolds.

Honesty may be the best policy in the long run, but many people insist on taking short cuts.

On Trial

Former State Department official Alger Hiss, above, is being tried in the New York U. S. District Court on two counts of perjury arising out of his testimony concerning the turning of State Department secrets over to Russian agents.

Herefordites See Real 'Wild West'

Mr. and Mrs. Pat Lawhon and son Jimmy, and Mr. and Mrs. Ralph Sears viewed the 'wild west' in all its fury last Sunday. After spending Saturday night at a ranch about fifty miles north of Ft. Sumner, New Mexico, owned by Sears and B. K. Greeson, the five Hereford people went on a horseback jaunt Sunday which led to the top of the Caprock surrounding the ranch. A violent rain and hail storm sent them scooting into the canyon for shelter in an old shack.

Swimming a rapidly rising river, sliding their horses up and down steep trails, and killing two rattlesnakes, to say nothing of suffering a constant battery of rain and hail was all a part of the adventure of getting back to the ranch-house.

But that wasn't all—for it took them from four o'clock Sunday afternoon until 3 o'clock Monday morning to get to Hereford from the ranch via automobile. Surrounded by water, at some points higher than the seats of the car, the Lawhons and Sears struggled through mud-holes, washes and gullies in getting through to the highway at Santa Rosa.

"We didn't get scared till we got home," Mrs. Pat Lawhon said, "but wasn't that quite an experience for a grandmother like me to go through?" she added.

Mr. and Mrs. Lawhon drove to Clovis Saturday where they rode with the thirty members of the Hereford Riders in the Clovis parade. The Sears, who had been visiting at the New Mexico ranch, and Jimmy Lawhon, who is working there during his summer vacation, drove to Clovis to join the parade.

Camera Club To Hear 'Photo Montage' Talk Photo montage will be the topic for the lecture Tom Sappington will give at the Hereford Camera club meeting tonight in the clubroom of the court house.

The regular monthly picture contest will also be judged. "Landscape" is the assignment. The meeting starts at 8 o'clock with anyone interested in photography invited to attend.

Richard A. Petersen, son of Mr. and Mrs. A. Petersen has accepted a position with General Motors Finance division in Lubbock. He started work June 1, but will complete his requirements for a degree at Texas Tech and graduate in August.

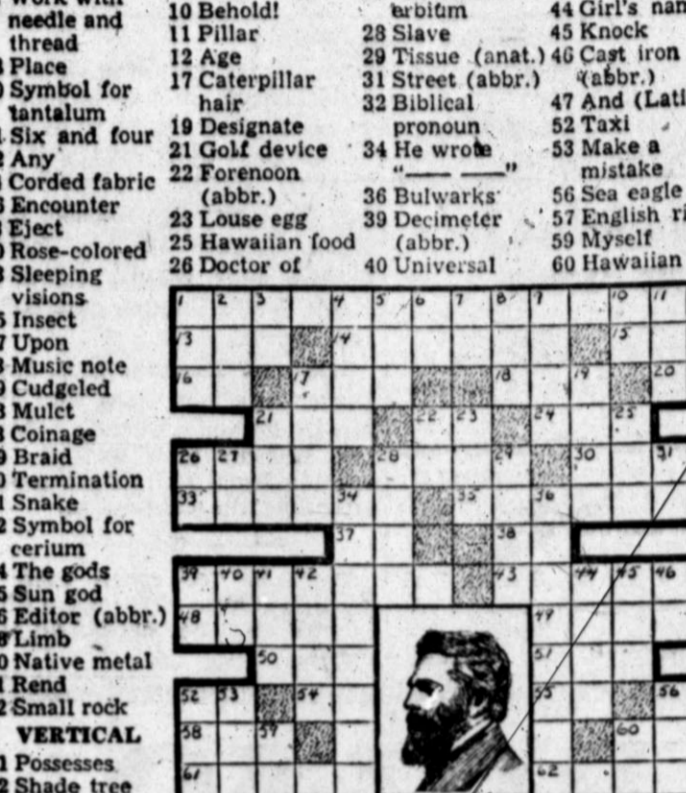

Houseguests in the home of Mr. and Mrs. Aubrey Smith this week have been Mr. and Mrs. Clifford Hughes of Escondido, California. The Hughes arrived last Thursday and left Wednesday morning for their home.

SERVE YOUNG BLOOD'S FROSTED FRYERS AND GIVE YOUR FAMILY A Treat

FRIED CHICKEN
 Perfect Fried Chicken
A McCall's Magazine Fall-Peet Recipe
 Cut up (but do not skin) a 2 1/2 lb. chicken. Wash and dry. Sprinkle lightly with salt. Sift 1 cup flour with 1 teaspoon salt into bag and shake until coated evenly. Melt 4 tablespoons butter or margarine with 4 tablespoons shortening in a heavy skillet over a low heat. Place bony meaty pieces in center of skillet, fit bony pieces around edges. Brown lightly on both sides uncovered. Then cover skillet with tight lid, lower heat to a simmer and cook about 1 hour or until chicken is tender when pierced with a fork. Now you can relax in your search for perfect fried chicken. Yours can't help but be crispy brown on the outside, tender and moist inside.

BUY THE CUT YOU LIKE

It's corn-on-the-cob season!

SEWE IT OFTEN AND COOK IT TENDERLY.
 In cooking this wonderful vegetable, try adding 1 tablespoon of sugar to the large pot of boiling, unsalted water (not salting the water keeps the corn tender). Boil just 5 minutes for the best corn flavor. Serve it on the cob with butter or margarine. Or if you prefer, shave the kernels off with a sharp knife, add butter or margarine and several drops of Worcester-shire sauce. The corn season is short, and you've waited a long time for this delicious seasonal item, so serve it today and everyday. There is no finer dish.

Car Hits Bicyclist Recovery Is Good

Ten year old Thomas Majors received a broken hand and a broken leg Tuesday when struck by an automobile driven by Dr. L. B. Barnett.

The accident occurred early Tuesday afternoon when Thomas astride his bicycle, darted down the driveway east of the Telephone Office into the path of the car. Dr. Barnett slammed on the brakes, skidding his car several feet, but he could not avoid the boy.

Thomas, son of Mr. and Mrs. T. H. Majors who live on the Luke Fields place, was immediately taken to the hospital, and treated. His left leg was broken just below the knee.

Wednesday morning doctors discovered his hand was also broken.

Hospital attendants say that he is recovering satisfactorily.

Dawn HD Club Meets In W. Beavers Home

A demonstration on barbecued chicken was given at the meeting of the Dawn Home Demonstration Club which was held June 3 in the home of Mrs. Walter Beavers.

Mrs. J. B. Caraway had charge of the demonstration, explaining the technique of successful barbecues, and following the meeting, the chicken was used as the main course of a supper served to the members present.

Mrs. Ray Stewart, president, opened the meeting leading the group in reciting the club collect and the group song, "It'll Be True."

The hostess served a supper plat of chicken, salad, hot rolls and coffee to the members present.

Attending were Mesdames J. B. Caraway, J. M. Anderson, C. P. Norton, Zed Stewart, Walter

Stewart, Ray Stewart, O. B. Southern, Cecil Painter, and W. W. Wilcox.

Mrs. H. S. Fuller was welcomed as a new member and Mrs. Wesley Cox was a visitor.

The next meeting will be June 16 at Mrs. J. B. Caraway's home.

PERSONALS

Mr. and Mrs. R. H. Nickell of Cleburne left Friday after spending four days as the house-guests of Mr. and Mrs. J. S. Orr. The Nickells, who have visited in Hereford only one other time, were returning home from a vacation spent in Kansas and Colorado. Mrs. Nickell is the niece of Mr. Orr.

Mrs. Albert Wolfe, the former Essie Beach, is spending several weeks in the home of her mother, Mrs. W. B. Beach. Mrs. Wolfe is from Ventura, Calif.

Round Town-

(Continued from Page 1) Mother." Jimmy chuckled, "I'll sure fool those guys, won't I?"

The Jaycees blew quietly out of town Monday starting out in a six car caravan to invade the National Convention of the Junior Chamber of Commerce at Colorado Springs. Roaring Deaf Smith County boosters were packed into cars plastered with

2,000 U. S. Radio Stations Will Carry Programs By Top Stars During "Opportunity Bond Drive"

These fine artists will be heard over 2,000 U. S. radio stations in the popular U. S. Treasury series of "Guest Star" programs during the U. S. Savings Bonds "Opportunity Drive" May 16-June 30.

You won't want to miss this galaxy of soloists during May and June and here they are, 1 to r, top, "Bing" Crosby, Frank Sinatra and Buddy Clark; center, The Andrews Sisters; bottom, Jane Froman, Margaret Whiting and Jo Stafford.

The series of U. S. Treasury "Guest Star" programs to be heard during the "Opportunity Bond Drive" have been scheduled as follows:

- May 15—Frank Sinatra and Eileen Wilson.
- May 22—Jo Stafford and the Starlighters.
- May 29—"Bing" Crosby and Peggy Lee.
- June 5—Jane Froman.
- June 12—Buddy Clark and Margaret Whiting.
- June 19—Bob Crosby and the Andrews Sisters.

Note to Editor: The radio listeners of your area would appreciate your listing of the station, time and date of these programs. The broadcast was built especially for the "Opportunity Drive".

sighs advertising the town. The group gave Main Street a small preview of what every town between here and Colorado Springs is in for and they guaranteed that when they were through, the Jaycee delegates of the nation would have heard of and from the town without a toothache.

Worth-Covington supplied this week's guser quirk in the news. Last week end Worth went fishing. Armed with his fishing rod and the usual optimism Worth left the house. His haul at the end of the day: two chickens. Worth won't say just what transpired during his absence, but he let it slip that he was an-

other of the crew of fishermen who don't enjoy eating fish. Now the Brand is waiting for the story of someone who leaves the house armed with a hatchet for chopping off chicken heads, and returns with a fish.

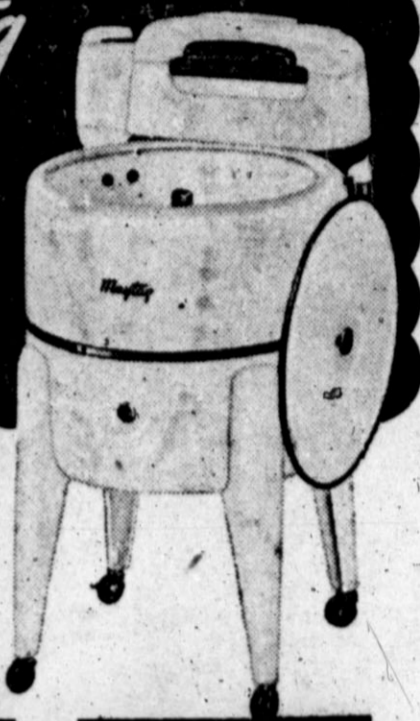

If things won't come your way, go after them.

Truth may be stranger than fiction, but it isn't nearly so marketable. Many a person's mind has been closed for years, but not for repairs or alterations.

A Few Combines Now AVAILABLE for Immediate Delivery

HERE'S A SURE WAY TO LOWER HARVESTING EXPENSE

THE MASSEY-HARRIS

21-A Self-Propelled COMBINE

Saving your own Massey-Harris Self-propelled is putting your harvest on a production line basis. And just like the modern method for factory production line, you get savings in time, labor—and for a bonus, Savings in grain and fuel.

You go into harvest production the moment your grain is ready. There is no costly or unnecessary delay. You are your own boss. . . Not depending on anyone for help. Mighty important, too, you get all your grain because the self-propelled, doesn't trampel down your crop on the opening cut. Or you can bypass a green spot and pick it up later. Fuel costs take a licking too. There is just one economical engine to run the threshing

mechanism and to propel the combine. There's plenty of field experience under tough conditions behind a Model 21-A. The harvest brigades of '44 and '45 show that harvesting conditions were far from ideal in those years. Wet, muddy fields, down tangled grain, weeds, characterized the harvest. Still the Massey Harris 21-A went in and proved the 4-Way savings of self propelled . . . getting grain that was often given up as hopeless. We think self propelled harvesting can lower harvesting expense. Come in today. . . and place your order for a model 21-A. We can give immediate delivery. . . on a limited few.

Massey-Harris Studebaker

As I Knew Deaf Smith County

By VERN WITHERSPOON
(Conclusion)

This brings us down to the nester age, as we called it, of farming and raising cattle. Most of the free range was fenced into small ranches of four to twelve sections which was stocked with cattle which were fed in the winter.

Each rancher farmed enough and to feed his stock. Here we lost the old cowboy who would not do anything but ride a horse — also some ranch men who fenced in. They moved farther west as the country settled up. In the general election of 1894 we had ninety votes, so you see we had lost some of our population. There were fourteen votes less than in the preceding election.

The cause of this was the routh of 1892 and 1893 which tarved out practically everyone who didn't have cattle and some who did. I think this was our low point as in the 1896 election we counted 108 votes. In 1898's general election the issue of moving the county seat from LaPlata to Hereford was voted on and carried by a majority of 96 for and 9 against. The railroad had built to Hereford by this time, which was the reason for moving the county seat.

My first visit to Hereford was in July, 1898. The only thing on the town section was a tent occupied by Bill Stusel who was drilling a water well for the railroad.

I next saw Hereford in September, 1898. At that time C. G. Witherspoon had a real estate office in a tent between first and second streets. Some one had a grocery store in a tent on the corner where the Pitman filling station is now, and across the street from this was a small building under construction. So you can see we started with a tent city as the railroad was not finished to Hereford.

Now for a little change and something to think about — have told before of a country

that was practically a desert, where you had to haul your water with you some forty or fifty miles to a tract of land in this desert. Thirteen irrigation wells were pumping, and when running, produced 13,000 gallons of water per minute.

In 1897 John Ferguson (whom some of you knew) traded two looced mares to Hewitt A. Craig for their interest in eight sections of land three miles west of where Hereford is now — known as the Mounztz Ranch. These mares at that time were worth about \$25 each, so this land cost Mr. Ferguson about one cent per acre and he assumed the \$1 to the state.

You know about what this land is worth today. I have seen on this \$1 land spuds making better than 200 sacks per acre, onions making better than 250 sacks per acre, and alfalfa making four tons per acre per year. And then there are fine sugar beets and lettuce, and wheat — making 40 bushels or better.

You people who didn't live here in the early years, can't realize this change. We old timers had no help — we were on our own. We paid 10 per cent in advance for the money we borrowed. We had no allotment checks, no party checks. When cattle got cheap we didn't have the government to buy them and shoot them. We couldn't get a government loan to help us through the drouth.

Why all this change? The climate has changed, the rain-fall has changed, and the government has changed. Modern farm equipment, and the discovery of the underground water supply, and the aid of the experimental stations all helped to bring about the change.

So if we improve as much in the next sixty years as we have in the last, Deaf Smith County will be a pretty good place to live. So to you, oldtimers who have lived here these last 60 years, I will say that you have what it takes and I hope you spend sixty more years here.

Draft Board Warns Questionnaires Must Be Returned

A warning to all men who have received their questionnaires from Selective Service Board Number 18 in Hereford and have not returned them by the specified date, was issued this week.

The board must report those who do not return their forms to the Federal Bureau of Investigation.

Any man in the 19 to 26 age group, whether he has or has not been in the service, must register. All registrants are also, required by the Selective Service law of 1948 to keep their local Board notified of their latest address, as well of any fact that might change the classification of the individual.

It has also been brought to the attention of the Board, by the late registration of men who are in the Reserve, that they did not register at the time of registration in the fall of 1948. These men should have registered, if they are in either the active or inactive reserve corps, officer or enlisted personnel.

CARD OF THANKS

We wish to take this means of expressing our appreciation and gratitude to our many friends and neighbors for the wonderful things that were done during the time of our bereavement over the loss of our husband, son and brother. We especially want to thank the women of the churches for all the food they brought in and the VFW organization for their assistance.

MATINEE SATURDAY AFTERNOON

Mr. and Mrs. D. C. Martin and son, Carol, have returned from a ten day visit with relatives and friends in Oklahoma. In Seminole, they were the house guests of his mother, Mrs. W. E. Martin, and they visited with brothers and sisters in both families. They spent a five day fishing holiday on Lake Texoma with Mr. and Mrs. M. A. Lemming, former neighbors of the Martins. Using

a trot line, Martin landed a 24 pound channel cat and an 18 pound channel cat at the lake. They arrived back in Hereford Monday. Martin, principal of Central school, will be employed at Fraser Elevator this summer. Many employees are like a certain processed coffee; 98 per cent of the active ingredients have been removed from the bean.

Governor Attends Tyson Funeral

Gov. Beauford H. Jester (second from left) stands beside Dr. Jared I. Carlidge (left), pastor of First Baptist Church in Corsicana, Tex., June 3 as the body of Tom L. Tyson is carried from the church following funeral services. Tyson, secretary of State Democratic Executive Committee, died of a heart attack at his home in Corsicana, Tex., June 2. Pall bearers include (not identified) Roy Britow, Guy R. Lowe, Marvin, Hubert, Brasilton, Tussel Purifoy, James Carl, Sidney Brietz and John C. Colhoun. (AP Photo).

mer. Ramona Neff spent last week with relatives at Post. The rain and wind storm here last Friday afternoon sent several families to the storm cellar at the Johnny Townsend home. Two small twisters were seen but they did not descend. No rain fell in the immediate vicinity of Westway but in the west part of the community two inches of rain fell with some hail which did additional damage to wheat and gardens. Mr. and Mrs. Marlin Pierce and Deborah Lynn of Hereford were visitors in the A. C. Pierce home Monday afternoon. Mrs. Paul Rudd and Mrs. Kenneth Rudd were visitors and shoppers in Amarillo Monday. They visited Mrs. Curt Griffin and Mrs. Johnny Weeks, sisters of Mrs. Paul Rudd.

Former neighbors of the Smiths in California, the Hughes are making their first trip to Texas. As entertainment features the two couples visited Palo Duro Canyons on Monday and various towns throughout the Panhandle where there were particular points of interest for the visitors.

WESTWAY NEWS

Vacation Bible School Graduation Exercises Are Held Sunday Night

By MRS. MERLIN KAUL Commencement exercises for Vacation Bible School were held Sunday night. The schoolhouse was decorated with bouquets of roses, golden elder and pot plants.

A feature of the program was a missionary play by the Bible School Junior group of which Mrs. Merlin Kaul and Mrs. J. C. Morrison were sponsors. Mrs. T. V. Watson was in charge of the program and Mrs. Roy Lee Wilson, principal, gave out the certificates to the teachers who distributed them to the pupils. Sixty enrolled in the school with an average attendance of 57. At the close of the service, the audience was invited to visit the display of woodwork which the children had done.

There were 84 present for Sunday school Sunday morning. There were several new members including Patsy Townsend, daughter of Mr. and Mrs. Archie Townsend. Lucille Jones, Daymond and Allen Wright were present. Roland Welch of Portales, New Mexico and Margaret Ann Scott of Hereford were visitors.

Misses Doris Keller, La Rue Davis, Barbara Glanton and Carlene Rogers of Canyon were guests last week of Norma Sue Cooke.

Fred Severence of Hereford was a visitor Tuesday in the Elmer Combs home.

Margaret Ann Scott of Hereford was a Sunday guest of Patsy Townsend.

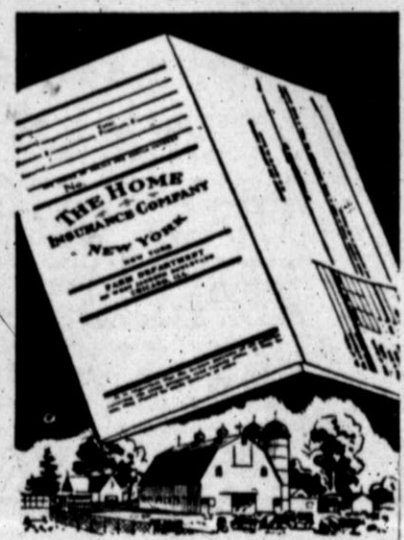

Mr. and Mrs. Joe Kaul of Barnard, Kansas, were week end

guests in the Merlin Kaul home. They were enroute to Tulla to look after farming interests. Joe Kaul is a cousin of Merlin's.

Rev. and Mrs. T. V. Watson and daughters and R. M. Gunn were dinner guests Sunday in the Merlin Kaul home.

College students home for the summer include Margaret So-well and Helen Jo Wilson of West Texas College and Homer Rudd of Texas Tech.

Mrs. A. J. Walker and Mrs. Merlin Kaul are attending West Texas State College this sum-

Not Even A Bald Pate Escapes A Woman's Inquisitive Mind

By PHYLIS RADOVICH
This is really going to be a treatise on the woman's eye-view of the bald headed man, and goodness knows right here along Main Street there are plenty of subjects for this discussion.

This is going to be a scientific treatise on baldheadedness from a feminine point of view. I have done much research which may go far in alleviating your fears, men.

First of all, you with the thinning hair lines, stand up and be proud. You are practically in the majority over town. Take a flying trip down Main, beginning at the post office where Jim Lipscomb combs his sparse-and-sparsely locks in a vain attempt to make them look like more.

Then drop by the Brand office and say hello to Jim Gilleintine. And down at the motor company, Frank Cogdill is in the same fix. At the First National Bank Cliff

Acker shares your woes and Harold Close in at the drug store knows whereof we speak. Mat Gilliland at the furniture store is one of the throng. Jim Witherpoon in the next block. Paul Harvey across the street and Gaston Baer up a block belong to the same school.

There Are Others
S. L. Harmon, a few doors up, and Frank Daniel at the grocery store tell the same sad story.

Yes, it's a popular malady. Malady? Oh, come now. Some of the most enterprising and intelligent men in America today are the bald headed ones. Look at General Eisenhower. On him, that receding hairline looks good. How do you know it doesn't become you as much.

And Bing Crosby, the smoothy of the vocal chords, can sing just as well without his former hairdo. So can you, George Graham. Fred Astair dances as sprightly since his forehead started growing as he did before and Happy Chandler gets into as many vigorous arguments after the era of thinning hair as he did before it.

Of course, it seems to me the whole psychological approach to this business of baldheadedness is way out of joint. There should be a better way.

No Ebb and Flow
Look what happens: First of all, comes that frightening day when the proud and arrogant (Continued on Page 3)

VFW 10—HART 7

Big Eighth Inning Rally Gives VFW League Win Over Hart Nine

A four-run eighth-inning rally sparked with three consecutive doubles off the bats of Carroll, Turpin, and Winkler gave Hereford VFW a three run winning margin over Hart in a Central Plains league game here Sunday afternoon.

VFW hitters bunched their hits during the afternoon to score three runs in both the second and third innings. Barrett opened the second with a single through short, followed by Stengel's walk. Barrett scored on Carroll's single. Turpin singled scoring Stengel and Carroll to end the inning.

Lueb started the third by going to first when he was hit by a pitched ball. Flanagan lined a triple into left to drive Lueb home and scored himself on an error. Turp's Loerwald's double scored Stan Barrett who had walked.

Three snappy double plays helped offset ten VFW errors during the afternoon.

VFW plays Dimmitt down there

Friona Trounces Tex-Farwell 19-4

Eleven runs before they had an out against them in the first inning provided Friona with more than enough margin to coast as they flattened Texaso-Farwell under a 19 runs, 16 hit barrage Sunday afternoon in Friona.

Seven errors in that riotous first contributed much to the cause.

Johnny Renner struck out eleven Tex-Farwell batters while allowing eight hits and four runs and also batted out two triples. London had two singles, a double and stole three bases for Friona. Willie Laceywell also got three singles. C. Clark a triple and both Lawson and B. Clark had stolen bases to their credit.

Numerous Tex-Farwell wild pitches tied up with the eleven errors were just too many.

Friona plays Leabuddy Sunday afternoon at 3 p. m.

HEREFORD 10, PLAINVIEW 8

Corbett Triples To Score Hennen As Legion Jrs. Defeat Plainview

Tim Corbett hit a solid triple into right center to drive in the winning run in the eighth Monday night as the Hereford American Legion Juniors got revenge for a former defeat at the hands of Plainview American Legion.

Behind the good seventh-inning pitching of Bill Engman, Corbett's stick spelled the margin as he got three for five to lead the Legion nine to a 10-8 win.

Plainview opened with two runs in the first. Hereford tallied once in the second when Hawks walked with two down, stole to third and scored on an error. But that was after the visitors had added two runs on a walk and a couple of Hereford errors in their half. Tim Corbett's single scored Hennen who had walked for one Hereford score in the third. Hereford stole bases with ease all evening.

Second Guessing

BACK OF HOME PLATE
By JERRY STOLTZ
Coach Dalton Criswell is soaking up the wits and whereabouts of the Notre Dame "X" and system in general this week at Colorado College coaching school in Greeley. The Notre Dame coaching staff is heading the faculty. It would be nice for local fans next fall, is some of the so-called "Irish Luck" rubbed off on Dalton and was evident on the Whiteface gridiron. Mrs. Criswell went along for a vacation.

Onis Carroll made a rare play Sunday afternoon when he scored an assist from right field to first base. He took a fly behind second on the first hop and fired it to Flanagan in time to catch the pokey Hart runner.

Stan Barrett also pulled a good one that was disputed and would have been more disputed had Hart scored the three runners left on in the ninth. Stan swung at a ball that hit the ground just back of the plate for his third strike and ran to first

JUNE - DAIRY MONTH ALL OVER AMERICA

EVERY YEAR, IN JUNE, WE CELEBRATE DAIRY MONTH. We honor the dairy farmer whose industry helps make Deaf Smith County Prosperous.

CELEBRATE IT? SURE! BUT BY ITSELF, THAT IS NOT ENOUGH;

Let's DO Something about it -- for example:

- ★ Let's drink all the MILK the doctors tell us we ought to have -- "A quart a day for each child, a pint a day for each adult."
- ★ Let's order MILK in restaurants, let's take our pie with ICE CREAM!
- ★ Let's have a MILK SHAKE for that mid-afternoon break . . . and let's take home some ICE CREAM for dessert or for that picnic at the park!
- ★ And at every meal and in every kitchen, let's enjoy lots of golden, delicious Cream O' Plains BUTTER

Let's OBSERVE Dairy Month, as well as CELEBRATE it! And we will all benefit from better nutrition — for milk, butter, and the other dairy products are "first in food!"

THOSE DELICIOUS "CREAM O' PLAINS" PRODUCTS COME FROM

Your

HEREFORD CREAMERY

CALL FOR ROUTE DELIVERY OF MILK, BUTTER, CREAM

PHONE 680

June is Dairy Month from coast to coast. It highlights dairy foods for which housewives spend more than 15 per cent of their food budgets. In turn they get nearly 20 per cent of the food consumed annually in this country.

The physical well-being of every person, old and young, leans heavily on milk and its many products. Take fresh milk and cream, for example, about 69 million quarts are distributed through stores and dairymen daily across the nation. Today milk consumption alone is 14 per cent higher than before World War II.

Dairy foods used in each home represent an industry that employs full time at least 1,300,000 persons and gives a livelihood to about 10 million people. In addition the industry contributes \$10 billion to national commerce.

Landmark of Texas Railroads to be Moved

This is the 8-year-old bridge of the Southern Pacific Railroad across the Pecos River gorge near Langtry, Texas. It is now being dismantled for probable reassembly at Guatemala City, Guatemala. The bridge, which is 321 feet high, is said to be the highest such bridge in the United States and the fourth highest in the world. (AP Photo).

Wheat Harvest Bulletin

June 6

Harvest is continuing to make very rapid progress, with clear, hot weather in all counties except Nolan and Fisher, where week end rains have temporarily stopped all equipment. Numerous combines already leaving those counties where harvest is nearing completion, either going into Oklahoma or moving west and north to other Texas counties. This movement will be accelerated the latter part of this week. While no shortages have as yet

developed, these machines will be needed this week in Hardeman, Childress, Collingsworth, Hall and nearby counties and in practically all the counties on the South Plains, extending as far northward as Castro and Swisher Counties. While we have consistently reported an adequate supply of combines since harvest began in Texas, it should be pointed out that the counties where harvest has been in progress up until now represent only approximately 25 per cent of the Texas wheat and small grain crop. With harvest expected to get under way during the next seven day period in practically

all the south Plains and upper Panhandle areas, from two to three times as many combines and trucks, as well as same per cent harvest hands, will be required as were needed in the early harvest areas where the activity is now centered. The early and late harvest periods are dovetailing nicely, since the majority of the migratory equipment will finish up and move into the area above the Caprock by the time the late harvest on the South Plains and in the upper Panhandle is ready. Knox, Haskell and Throckmorton Counties — Harvest 60 to 80 per cent complete. Clear

today with harvest rapidly nearing completion. Most equipment will leave these counties as soon as their present jobs are completed. Knox County averaging about 12 bushels per acre of wheat.

Wichita, Archer, Clay and Baylor Counties — Harvest 60 to 70 per cent complete. Clear today with harvest at peak activity. Some equipment moving north from Baylor County. Reports from Wichita and Archer County indicate majority of equipment there will move into Panhandle area upon completion of present jobs.

Wilbarger and Foard Counties — Harvest 65 to 75 per cent complete, cloudy today but equipment is working. Majority of harvest will have been completed by end of this week. A considerable number of combines leaving, going either into Oklahoma or west and north to other Texas counties. Foard County averaging from 14 to 16 bushels of wheat per acre.

Coleman and Young Counties — Harvest 25 to 40 per cent complete. Will end about June 12 to 15. Clear today with harvest going rapidly. Coleman averaging from 15 to 18 bushels of wheat per acre and Young County 13 to 16 bushels per acre.

Hardeman and Runnels Counties — Harvest 10 per cent complete, will end about June 20. Clear today in Hardeman County, and very cloudy in Runnels County. Hardeman County averaging 14 bushels of wheat per acre.

Dallas, Jones, Taylor, Nolan and Fisher Counties — Harvest 2 per cent complete. Will end about June 20. Rain in Nolan and Fisher Counties has stopped all equipment. Other counties clear.

Harrison Highway Deeds Being Signed

The 96 right of way deeds necessitated by the proposed Harrison Highway paving project have been completed and handed over to the proper authorities, said W. V. York, construction engineer on the project.

Deeds were completed Friday and given to O. P. Cowart, chamber of Commerce secretary, for distribution. Cowart has asked that they be returned as soon as possible that legal work on the deeds can be completed.

Many of the owners are local citizens but several of them are absentee land owners, York pointed out, and it may be quite sometime before all the deeds

are returned. York's crew hope to have the survey completed by July 1st, but their plans hinge on the weather.

The engineer still can make no definite commitments about the completion of the 30 mile paving stretch. His department would like to start paving early in the fall, but they do not believe the work will be finished in time for the grain sorghum harvest next season.

Miss Virginia Lyons arrived by plane Saturday night from Columbia, Missouri where she has been attending Stephens College. Enrolled as a senior student, Miss Lyons was graduated Monday night, and following Commencement services she visited in Oklahoma City with her aunt and uncle.

AN INVITATION to visit America's newest and most modern motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.

You and your family and friends are invited, if you can possibly be there.

There'll be guided tours and refreshments, and you'll get an exciting "eyeful" of what Phillips has done to make possible finer lubricants for today's cars.

You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by

new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.

Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates... June 21st and 22nd... at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!

Not Even

(Continued from Page 1)

male looks in the bathroom mirror and discovers to his consternation that his hairline is much higher than it was in his younger days. Unfortunately, it does not, like the tide, ebb and flow. It recedes and stays. Or else that shiny bald spot at the back of his head (which he has tried to cover by strategic combing) is beginning to peek through in spite of his best efforts.

So the male now faces the future without his hair. What does he do? Does he shriek and moan and tear at what's left of this basic head covering? Does he fall on the bed and weep into his pillow, a la fems? Does he immediately send out for a toupee to help him keep his secret? Perhaps. But as a matter of fact, no man will admit his exact reaction.

Only two things are certain. One, he does not accept his loss philosophically, like he would the loss of a million dollars, for he believes he can replace the money. Two, he does start casting covetous glances at his other male acquaintances, chortling with glee deep inside when he finds someone who is far

ahead of him in this Race for the Shiny Dome.

This is what should happen: They should look themselves straight in the mirror and say, "Ah, today I am a man. Today I can take my place with the great men. For you see, science (and here I speak from my research) science says men just don't know. They think loss of hair also indicates loss of youth and that's a lot of nonsense, for baldness and virility go hand in hand. Those men may not look so young, but they'll be young a lot longer."

Alopecia

What happens to cause baldness? Well, here again I speak from the times. Scientifically, baldness is known as "alopecia" — therefore, it would be quite correct for you to approach someone such as Pete Cowart and say, "Pardon me, but your alopecia is showing."

However, I do not recommend this as standard procedure for Pete weighs 188 pounds even without his hair.

But back to baldness. There are two kinds, premature baldness or "alopecia seborrhoica" and "alopecia areata," baldness caused by some disease which affects the scalp.

He Never Saw A Purple Cow

Of one of any other color, for that matter. Six-year-old Jimmie Johnson, strictly a city boy from Chicago, stares with vast fascination at a pair of Holsteins on the farm of M. L. Klock, of Hampshire, Ill. Later on his visit, Jimmie asked to see the "chocolate milk cows." Alas, Farmer Klock had none in stock.

Premature baldness of the idiopathic type attacks men of 45 or younger and usually begins when normal loss of hair is replaced each time with thinner and thinner hairs until finally the follicle just does not produce any hair at all. Hair loss generally follows a symmetrical pattern.

As you men probably know, your chances of getting bald go hand in hand with the baldheaded history of your family tree. Heredity has a lot to do with this, and therefore, the best guarantee of not losing your hair is to have a father who kept his hair until he was 96. Sometimes this is a little impractical and other methods have been devised to help.

Preventive Measures

Cleanliness, dry brushing and shampooing often are good preventative measures. Now preventative measures are safer than cures, for once falling hair starts, it will invariably continue to fall. However, chloral, ointment of mercury, cantharid, sulphur, tar and resorcin have all been used effectively in some instances. This information, too, comes from my research.

And continuing with research and science, The Encyclopedia Britannica says a mixture of 18 grains of sulphur with 18 grains salicylic acid with one ounce of vaseline make a good application to be used in treating the scalp

once daily. Rub it in vigorously, once a day, for a prolonged period. (After the period has been prolonged for quite sometime, most men would just as soon lose their hair as keep up all that massaging every 24 hours.)

Actually, anyhow, it's probably not worth the effort. I called Dr. Willis and he said that as far as he knew, medical science wasn't doing any intensive research on the subject. It doesn't particularly bother them — professionally, at least. I also asked him if there was any special treatment the doctors could administer, and he assured me that if there was he'd be trying it at home himself.

So you Ray Cowsets and G. T. Higginses and Blue Turpins, lets look at this thing differently. What good is your hair anyway? Just a lot of bother for it has to be shampooed and combed and cut regularly. Doesn't really do much but keep your head warm and you can wear hats for that. Besides you can change hat styles without causing any comment.

Besides, as you've said to yourself before, grass doesn't grow on a busy street.

But isn't it ironic, bald headed men with whiskers?

Many a story gets its start at club meetings — probably the sense of "rumor" of some members.

Streamliners Are Rerouted By Here

A succession of Santa Fe streamliners passed through Hereford all day Sunday, due to a forced rerouting on the railroad's southern transcontinental line. A washout near Holly, Colorado was the cause of the temporary re-routing.

Sections of the Chief, the Super Chief, the El Capitan and the non-stop mail train from Chicago to Los Angeles passed through Hereford and Amarillo, both east and west-bound, starting about 11 o'clock Sunday morning.

According to railroad officials, trains were switched onto the southern lines at Newton, Kansas and came through via Wellington. They were switched back to the main line at Belen, New Mexico and joined it at Albuquerque.

Trains were switched back to the main line on Monday.

Two County 4-H Boys Leave For Round-Up

Howard Hill and Raymond Childers, 4-H Club members, will leave next Tuesday for College Station to attend the annual Four H Club Round-up held annually at Texas A&M College.

They will be accompanied by County Agent Hugh Clearman who will remain after the Round-Up to attend a meeting of County agents. The boys will return Thursday by bus and Clearman will return next week end.

For the Round-Up the boys will compete in talent contests, see demonstrations of new machinery and new farming innovations. They will be entertained at the Four-H club carnival Tuesday night.

Howard and Raymond were both chosen by the County agent on the basis of their club work. Howard is the son of Mr. and Mrs. Shaky Hill and Raymond is the son of Mr. and Mrs. Raymond Childers.

THE RIGHT WAY TO PAINT YOUR HOUSE

WITH JUST TWO COATS...

BPS FIRST COATER...

Made to do a better job of hiding the old, dirty surface. Dries with a subdued gloss finish. Covers more surface in less time, and brushes on without the usual "pull."

More Smiles per Gallon with Dynaflo Drive

White sidewall tires, as illustrated, available at extra cost.

There's the smile when you slip the selector lever into Driving notch—and realize that's all there is to do.

There's the smile when you swing smoothly up to cruising speed without halt or check or break of stride. There's the smile at traffic lights when you halt, wait, then move away with never a thought about shifting.

But the broadest grin of all comes at the end of a long day's drive and you find you've covered more miles more easily. Even your treadle-foot — so likely to become tired and cramped maintaining an even speed in direct-drive cars—appreciates the fluid ease of Dynaflo.

For Dynaflo Drive is not merely a new transmission. It's a new experience — a new luxury in driving. In ten minutes you are handling it

*Standard on ROADMASTER, optional at extra cost on SUPER models.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

like a veteran—in two days you wouldn't be without it.

Small wonder, then, that Dynaflo is the drive with which all new developments in transmissions are compared.

Not merely "something better," it is something entirely new, the first exciting chapter in a whole new book.

Go learn for yourself how abundantly rich in pleasure every gallon becomes when you have Dynaflo.

Your Buick dealer will be glad to demonstrate—glad to quote delivered prices—glad to talk terms of as fine a deal as you could want.

And you'll find glad surprise in the delivery dates he is now mentioning.

BUICK alone has all these features

- Silk-smooth DYNAFLO DRIVE • FULL-VIEW VISION from enlarged glass area
- SWING-EASY DOORS and easy access
- "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRU-FLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Cruiser-Line VENTIPORTS DUREX BEARINGS, main and connecting rods
- BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on SUPER models.

When better automobiles are built BUICK will build them

Make sure NOW of a cooler kitchen this Summer

THERE'S no getting around it, the average homemaker spends several hours a day in her kitchen.

With hot weather ahead, it's time now to make sure they're cool, comfortable hours.

One way to keep your kitchen comfortable all summer long, and to make meal preparation easier, is to use more low-cost, dependable electric service.

Use an electric range for the coolest cooking ever, or use dependable electric service to keep foods healthfully refrigerated, to run a mixer, or garbage disposal unit. Or, put an exhaust fan into the kitchen to keep cool air circulating throughout the room.

However you use electricity, you'll be using more of your best budget bargain today... low cost electric service.

SOUTHWESTERN PUBLIC SERVICE COMPANY
24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

As-You-Like-It Club Entertained Thursday

Mr. and Mrs. Lee Hopson were hosts to members of the As-You-Like-It Club Thursday evening, June 2, in the new home of their son and daughter-in-law, Mr. and Mrs. V. C. Hopson. Members of the club enjoying the contract games which provided the entertainment for the evening, included Messrs. and Mesdames R. G. Blue, Jeff Roberson, Joe Kendall, Jack Grady, Cecil Wilkins, and the hosts. Special guests playing were Mr. and Mrs. Pat Lawhon and the V. C. Hopsons. Mr. and Mrs. Cecil Wilkins played high for the couple prize and the Jack Grady's played low. Mr. and Mrs. Lawhon received the guest award.

BAPTISM SERVICE

A baptism service was held Saturday morning at 11 o'clock at the Seventh-Day-Adventist Church. Elder G. A. Lagrove of Amarillo officiated at the service in which six people took part.

The missionary activity of the Seventh Day Adventist was re-organized recently. The new group will be known as the Dorcas Society, carrying the slogan "Every member an active member." Younger members will be called the Dorcas Scouts and the Sunbeam bands. Mrs. C. P. Grimes is the leader.

HEDRICKS RETURN

Mr. and Mrs. E. B. Hedrick have returned from a three weeks trip to Mississippi for a visit with relatives there. In Mississippi they were guests of her sister and family. Mr. and Mrs. J. A. Aldridge whose home on Sultane Plantation is near Leland, Miss. On the return trip they visited Mrs. Hedrick's daughter, Mrs. Lamar Hamilton and family in Palestine and with Mr. Hedrick's people in Dallas. They reached Amarillo just in time to attend the Banker's Convention which was in session there last week, returning home Saturday night.

PERSONALS

Mr. and Mrs. D. H. Alexander left Sunday for Seagraves where they spent several days with their daughter, Mrs. Joe Hudson and family.

Mrs. W. A. Teter and her son and his wife, Mr. and Mrs. Robert Teter, of Woodward, Okla., spent Friday and Saturday in Hereford. They were guests of Mrs. W. A. Teter's sister-in-law, Mrs. W. E. Blood.

Mr. and Mrs. Earl Gunther and son, Mike of Calgary, Alberta, Canada, arrived Monday

Monkeyshines

L. G. Smith, keeper at the London Zoo, gets a little help from Abena, 5-year-old chimpanzee, as he prepares to leave on his day off. While Smith combs his hair, Abena helps speed his departure by giving his shoelace quick brush-off.

for a month's stay in the states. While in Hereford they will be guests of her father, Carl Frye, 210 W. Fifth Street.

FISHERMAN

Tony Benson, son of Mr. and Mrs. Henry Benson, returned Sunday from a ten days fishing trip to Tres Ritos, New Mexico. Tony accompanied an uncle, Harold Clement of Amherst.

Mr. and Mrs. W. S. Fluitt made a business trip to New Mexico over the past week end.

Mr. and Mrs. E. H. Norton returned home last week from a combination business and pleasure trip to Baltimore, Maryland, where they visited Johns Hopkins Hospital. Leaving here May 14, the Nortons went to Austin, where they visited his cousin, Mrs. Ira Winberry, went on a sight-seeing tour of the city, and attended sessions of the state Legislature. In Lampasas they visited with Mrs. Zella Williams. They drove through Arkansas, Tennessee, Virginia and West Virginia, taking side trips to Delaware and New Jersey, and stopping in Washington, D. C. where they visited the Capitol, the National Gallery of Art, Thomas Jefferson Memorial, Lincoln Memorial, the White House, and other points of interest. Returning home via Pennsylvania, Ohio, Indiana, Illinois, Missouri and Oklahoma, the Nortons visited with Mr. and Mrs. Dick Norton and niece Joan in Joplin, Missouri.

A yawn may be bad manners, says a writer, but is an honest opinion.

LEGAL NOTICE

THE STATE OF TEXAS (First Published May 26, 1949)
TO: W. R. MANNING AND HIS UNKNOWN HEIRS, LEGAL REPRESENTATIVES AND ASSIGNS as Defendants, Greeting:
You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after expiration of forty-two days from the date of the issuance of this citation, same being the 14th day of July, A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 24th day of May A. D. 1949, in this cause, numbered 3155 on the docket of said court and styled JESSE RUSSELL, as Plaintiff vs W. R. MANNING AND HIS UNKNOWN HEIRS, LEGAL REPRESENTATIVES AND ASSIGNS, as Defendants.

A brief statement of the nature of this suit is as follows, to-wit:
Being a suit by the plaintiff, Jesse Russell, to recover of and from the defendant, W. R. Manning, and his unknown heirs, legal representatives and assigns, the fee simple title and possession of the following described premises, situated in Deaf Smith and Oldham Counties, Texas, to-wit:
The East 1/2 of Sec. No. 47, Block K-11, GC & SR, Ry. Co. Survey, containing 320 acres of land, more or less.

based upon three counts set out in the plaintiff's petition as follows:
FIRST COUNT: An action in the nature of Trespass to Try Title, plaintiff alleging that on May 1, 1949, he was the fee simple owner of said land and premises above described and that about May 2, 1949, the defendant unlawfully entered upon and dispossessed him of such premises.

SECOND COUNT: Plaintiff alleges that he, his tenants and those under whom he claims title have had and held under color of title from and under the State of Texas, peaceable, continuous and adverse possession of said lands for a period of more than

three years before commencement of suit, under claim of fee simple title, inconsistent with, adverse and hostile to all rights, title and interest or claim, of any nature upon the part of the defendants, and by reason thereof is vested with the fee simple title of the lands under the three year Statutes of Limitation.

THIRD COUNT: Plaintiff alleges that he and his tenants and those under whom he claims title to said lands have been in peaceable, continuous and exclusive possession hereof, cultivating, using or enjoying the same and paying all taxes due thereon before delinquency for a period of more than five years before commencement of suit, claiming fee simple title under deeds duly registered, such claim inconsistent with, adverse and hostile to all rights, title, interest or claim of the defendant, as well as his unknown heirs, legal representatives and assigns, and by reason thereof is vested with fee simple title under the five year Statutes of Limitation of the State of Texas, as in more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this the 24th day of May A. D. 1949.

Attest:
E. L. THOMPSON, Clerk,
District Court, Deaf Smith
County, Texas. Smith 21-4c

ROPER America's Finest Gas Range for homes beyond City Gas Lines

Rain or Shine you can count on L. P. (LIQUEFIED PETROLEUM) GAS

Regardless of weather... during wintry blizzards or summer cloudbursts... Liquefied Petroleum gas is on the job. Throughout the years, it has proven beyond question of doubt that it is the ideal fuel for rural or suburban homes.

Automatically supplied to you, it assures a clean, fast, convenient, low cost cooking service. Used with a modern ROPER gas range, it places at your fingertips the finest of cooking features. We invite you to stop in and get all the facts.

BLANTON BUTANE INC.

Picturesque... But a Construction Obstacle!

West Texas has some of the most beautiful country in the world. Beautiful fields of wheat, cotton and many other crops that help feed and clothe the nation... and, too, it has picturesque canyons, rocky terrain, sunken lakes around which cattle graze and many other beautiful scenes comparable to any that a world traveler could describe.

Although beautiful—they are pipe line construction obstacles.

To maintain good gas service, pipe line construction and maintenance and repair crews cross many canyons and other natural obstacles.

This year we will invest \$2,225,000.00 to build new pipe lines and other facilities. Several miles of these new lines will be laid in solid rock. This means dynamite crews will have to clear a ditch for the lines, but this will be but one of many construction obstacles they will overcome.

Pipe line construction and pipe line maintenance and repair are but few of many functions of West Texas Gas Company... all of which are designed to furnish good gas service, high in quality, low in price... the best bargain in your family budget.

Other facilities besides pipe lines are necessary to furnish good gas service. West Texas Gas Company operates seven compressor stations to maintain movement of natural gas through the more than 1,700 miles of transmission and distribution lines.

LEGAL NOTICE

(First published June 2, 1949)
THE STATE OF TEXAS
TO: Earl A. Virden, Defendant.
Greeting:
You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of July A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 27th day of May A. D. 1949, in this cause, numbered 3156 on the docket of said court and styled — Ruby Virden, Plaintiff, vs. Earl A. Virden, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: For divorce on the grounds of mental cruelty. No children or property settlement involved, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 31st day of May A. D. 1949.

Attest: R. L. THOMPSON, Clerk.
(SEAL) District Court, Deaf Smith County Texas
By LUCILLE POSEY, Deputy.

Quick Takeoff

While resembling a conventional light plane, this new craft has taken off and landed from an area no larger than a tennis court. The two-passenger version above can fly at a minimum speed of 27 mph with no risk of stalling on spinning, and makes little noise than an auto. Called the "Heliplane", because its characteristics approach those of a helicopter, the craft now costs more than standard planes but its designer hopes that eventually it may be mass-produced at the price of a popular car.

LEGAL NOTICE

Williford, deceased; Riddell Brothers, the unknown heirs, legal representatives, successors and assigns of them, and each of them, deceased; Harland Lambert, and the unknown heirs and legal representatives of Harland Lambert, deceased; The Alfalfa Lumber Company, a corporation; The Long Bell Lumber Company, a corporation; the unknown stockholders, successors and assigns of each of said corporations, now defunct; C. H. Riddell; John P. Riddell; Emma Riddell; and the unknown heirs and legal representatives of them and each of them, deceased, the residence of each and all of them being unknown to plaintiff; Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of July A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 30th day of May A. D. 1949, in this cause, numbered 3157 on the docket of said court and styled Meredith Ireland, et vir Plaintiffs, vs. L. A. Hough, et al Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Trespass to try title suit; for the title to and possession of the following described land, to-wit: West 1/2 of Block 35, Evans Addition to Town of Hereford, Deaf Smith County, Texas, including all the W 1/2 of Hamilton street, running north and south thru the center of said block, and all of the W 1/2 of Carter street, running e. and w. thru said block, and described by metes and bounds

as follows, to-wit: Beginning at the south west corner of said Block 35, Evans Addition to the town of Hereford, Deaf Smith County, Texas, and running thence east with the south line of said block, a distance of 208.71 feet to the center of Hamilton street; thence north parallel with the west line of said block 35, a distance of 1,043.55 feet to a point in the north line of said block, being the center of Hamilton street; thence west with the north line of said Block 35, a distance of 208.71 feet, to the northwest corner of said Block 35; thence south with the west line of said Block 35, being also the east line of A street, a distance of 1,043.55 feet, to the southwest corner of said block 35, and the place of beginning based upon the 10 year statute of adverse possession and limitation, by reason of the continuous, peaceable, open adverse possession of all of said land, for over a period of 10 years and under claim and assertion of fee simple title thereto by plaintiff and her immediate grantor, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 30 day of May A. D. 1949.

Attest: R. L. THOMPSON, Clerk.
(SEAL) District Court, Deaf Smith County, Texas
By LONIDENE EDMONSON, Deputy.

Jimmy Sparkman Due To Return On Cruise

Jimmy R. Sparkman, seaman apprentice, USNR, son of Mr. and Mrs. Marion T. Sparkman, Route 1, Hereford, Texas is among some 500 naval reservists due to arrive in New Orleans June 11 after two weeks annual training duty during a destroyer cruise in the Caribbean.

The reservists, members of organized and volunteer units from nearly half the states in the Union, got underway from New Orleans Memorial Day with two weeks of training and two days of liberty in the Canal Zone ahead.

Mrs. E. Standifer has returned to Oklahoma City after visiting her daughters, Mrs. Edith Winfrey and Mrs. Dennis Baker in Hereford.

America is buying Studebakers at an all-time record rate!

"C'mon, boys, my house ain't a showroom!"

Jim: "Hey—why the bum's rush? Can we help it if we like to be around a house that has a Lennox Heating System? The even warmth and no-draft comfort in here's keen. B'ides, your Lennox is a beauty to look at!"

Sam: "So that's the attraction, eh? Well, heck, this isn't the only Lennox in existence. Why don't you guys get 'em in your homes? Your Lennox dealer has scads of models for gas, oil, and coal!"

Jim: "Shucks—why not?"

Sam: "Sure—and he'll 'tailor-make' your Lennox for your house! C'mon, if I give you his name, will you characters leave—quietly?"

Long Time Ago

25 Years Ago

"Five thousand voices will be harmoniously upraised in rolling new songs in old-time rhythm when the Plateau Singing Convention, an organization embracing 40 counties of the Staked Plains region convenes in

Canyon Saturday for a two-day session, with John F. Taylor, of Glavis, president, in the chair," the Brand for June 10, 1924 announced.

Two weddings were announced on the front page of this issue, indicating that June is the month for brides. Miss Lora L. Kibbe, daughter of Mr. and Mrs. R. J. Kibbe, and Laverne C. Bane of Des Moines, Iowa were married on June 3 at Iowa City. Both had just received A. B. degrees from the University of Iowa. And Miss Bonnie Bailey became the bride of Ebb Martin at the First Christian Church here. The couple went on a short wedding trip, after which they returned to Hereford to make their home, the Brand reported.

News from the Ford Community revealed that: "The Ford School gave a box supper last Friday night, and they had a large crowd. The proceeds, which was \$42, went to the Sunday School."

Picture on the front page of this Hereford Brand shows the two boys who committed the experimental crime which is still being talked about. Cut lines read: "Nathan Leopold, Jr., son of a Chicago millionaire, and Richard Loeb, son of a millionaire vice-president of Sears, Roebuck and Co., have confessed to the kidnapping and murder of 13 year old Robert Frank, as an 'experience.' The Chicago police are now investigating to learn if the youths are responsible for other unsolved crimes during the recent months. Both are 19 years old."

Local items included: "Louie Olson arrived home the latter part of last week from Marshalltown, Iowa. Mr. Olson was called to Iowa at the death of his grandmother. Mr. Olson also visited relatives and old friends while there."

"Mrs. J. E. Gyles, of this city, and brother G. W. Wilson, of Springfield, Missouri, who had been visiting in the Gyles home, left for Memphis, Texas Tuesday morning, where they were called by the death of Dr. C. F. Wilson, a brother of Mrs. Gyles and Mr. Wilson."

"Mr. and Mrs. C. B. Williams, who have been occupying the D. C. Laird home for the past six months, moved to the Williams ranch last week." "Carl Gilliland made a business trip to

your most valuable property on paper

Fire can wipe out all legal evidence of your ownership if it consumes your papers. The fire and burglary resistant Safety Deposit Vault in this bank holds your valuable documents in maximum safety.

That's why business men and property owners rely on bank vault protection for their investments and proofs of ownership. Arrange now for a Safety Deposit Box in our vault. Ask any of our officers for information.

Benefactors To Be Honored

Four-year-old Juanita Peacock of Lubbock will represent grateful young patients of the Texas Scottish Rite Hospital, Dallas, when Texas' leading citizens gather on the hospital lawn June 12 at 3:30 p. m. to pay tribute to the memory of men and women who have left bequests to the institution. Juanita watches as names of benefactors, who have passed away during the last year, are added to the memorial statue. Dr. Theophilus S. Painter, president of the University of Texas, will be principal speaker for the services which will be broadcast over TQN network.

Canyon Monday." "Mrs. J. L. Williams and two children left for their home in Albuquerque Monday morning. Mrs. Williams has been visiting her mother, Mrs. E. J. Williams." "Mr. and Mrs. J. E. Beyer and daughter, Miss Maurine, Miss Lenis Anthony and Mrs. Alvin Thompson motored to Plainview Saturday evening and returned home Sunday evening."

"Mr. and Mrs. S. H. Condron of Clarendon were in Hereford the latter part of last week. Prof. Condron is travelling in the interest of Clarendon college and will be on the road for two or three weeks. Mrs. Condron will visit in the home of her parents, Mr. and Mrs. W. B. Farmer while Mr. Condron is away."

An ad from the Service Garage reads: "For a few days only we will, with each set of Fire-

stone Gum-dipped Balloon Tires sold, give you absolutely free a set of wheels and rims. So, if you are contemplating the change to balloon tires, better take advantage of this free offer—for it is just that much money saved."

"Big Reductions" on summer dress materials are listed in the D. R. Gass and Son ad. Tissue gingham were selling for fifty cents a yard, percale for twenty cents a yard, voile for sixty-five cents, and organdie for 41 1/2 cents.

Bill Kelly, Region 3 Talent Club representative, left Sunday for Lubbock where he will join a group of other delegates from the Panhandle for the statewide tour awarded him for leadership, scholastic and club work talents. Bill is the son of Mr. and Mrs. W. T. Kelly.

PERSONALS

Miss Ethel Graham of Dalhart is the new employee at the Agricultural Conservation office.

Mr. and Mrs. Robert Thompson and daughter, Lynn, were in Enid, Oklahoma, last week to bring their other daughter, Elaine, back to Hereford with them. Elaine has been attending Phillips University where she was enrolled as a freshman. She will spend the summer vacation with her family and return to Phillips next fall.

For the second summer, Donna Cowser will attend the band clinic at Lubbock sponsored by the music department at Texas Tech. Donna, daughter of Mr. and Mrs. Ray Cowser, was a twirler with the Hereford High School band and played the drums this past year. At the clinic she will concentrate on twirling maneuvers. She left Tuesday morning and while in Lubbock she will visit with friends and will return in about two weeks.

Eight teachers from the faculty of Central School are enrolled in the summer session at West Texas State College this semester. Class began last Tuesday. Included in the group are Miss Ella Aikman, Miss Ethel Womble, Miss Madeline Bell, Mrs. Cawthon Bryant, Mrs. Byron Durham, Mrs. J. D. Bruner, Mrs. Guy Herd, and Mrs. Merlin Kaul.

Dinner guests in the home of Mr. and Mrs. E. H. Norton Sunday were Mr. and Mrs. W. L. Palmer, Mrs. Una Hutcheon, Miss Alma Norton, Miss Helen Hutcheon, Mrs. Frank Ray, Sr. and children, Frank Jr. and Mary.

C. P. Grimes returned from Circle, Montana, Sunday, where he has been putting in a wheat and flax crop. He reports the prospects for a wheat crop are good.

Mrs. Willie Daniel returned last week end from a month's visit with friends and relatives in Oklahoma, Missouri and Kentucky.

Week-end guests in the home of Mr. and Mrs. J. A. Pitman were Mr. and Mrs. E. B. Bradbury and Miss Edith Crabbe of Kansas City, Missouri, who arrived Friday and visited Sunday in the Pitman home. On Saturday, Mr. and Mrs. Arthur Lawrence, former Hereford residents, now living in Lawrence, Kansas, and their friends, Mr. and Mrs. T. C. Jones arrived. They returned home Monday.

Dr. and Mrs. John Channer and children, Sue and Andy, left Friday for Oklahoma City where they visited with Dr. Channer's mother and brother. Mrs. Channer and the children went on to Tulsa where they will spend two weeks visiting in the home of her mother. Dr. Channer has returned to Hereford.

Mr. and Mrs. Woodrow Ireland returned Friday from a five day trip through the mountains of New Mexico and Colorado. They left Monday accompanied by Mr. and Mrs. Wylie Reynolds of Pampa. Enroute to Colorado they visited in Raton, and were the guests of Mr. and Mrs. Tom Hall on the Trinshera Ranch near Alamosa, Colorado, where the group went trout fishing in the timberline country above Beaver Dam. They returned home through Taos, New Mexico.

Mrs. Joe Huckert Sr. returned recently from Los Angeles and Long Beach, California where she has spent the past three weeks visiting with Mr. and Mrs. Arnold Stelzer.

Mr. and Mrs. Richard Petersen and son Gary of Lubbock spent last week end visiting with friends and relatives in Hereford.

TO SEE WEST
Dale Barclay, Grady Poff and George Hamilton left Tuesday on a six weeks camping trip and tour of the west coast. The three high school class mates converted Grady's jalopy into a mechanized covered wagon, loaded it with camping, equipment and plan to live outdoors as much as possible during their trip. They will visit the Grand Canyon and Hoover Dam enroute to Los Angeles and will travel up the coast to Vancouver, British Columbia, returning through Yellowstone Park. George, son of Mr. and Mrs. Homer Hamilton will be a senior in Hereford High School next year, and Dale and Grady, 1949 graduates, are now planning to attend West Texas State in September. Dale is the son of Mr. and Mrs. Phillip Barclay and Grady is the son of Mr. and Mrs. Blain Poff.

Elbert Summers and George Springer Honored At Birthday Dinner Sunday

By MRS. OWEN ANDREWS

Week end guests in the Thompson home were Mr. and Mrs. Orville Davis and son, Wayne, Mrs. M. B. Odom and daughter, Mrs. M. B. Odom, daughter of the Raymond-Odoms of south of Dimmitt. The Davis family was enroute home to Ada, Okla., from Phoenix, Arizona, where the family has spent the past year for the health of Mrs. Davis, who is a sister of Mr. Thompson.

Several of the women visited Mrs. E. F. Vogler Thursday, and surprised her with a gift shower for their young son, Harry James. Those present were Mesdames Henry Dobbs, T. L. Sparkman, Jr. H. D. Robbins, E. H. Little, Frank Robbins, Floyd Cole, Owen Andrews, Misses Lyla and Betty Robbins and the honoree.

The birthdays of George A. Springer and Elbert Summers were celebrated with a dinner at the W. A. Springer home Sunday. Those present were Mr. and Mrs. Hartland Caraway and daughters of Wyche, Mr. and Mrs. Elbert Summers and children of Hart, Mr. and Mrs. Geo. A. Springer, Mr. and Mrs. Wesley Brown and children of Hereford. Afternoon visitors were Mr. and Mrs. Deward Roberson and children of Hereford.

The Dayton Chisholms were in Amarillo Wednesday.

Rev. Giles stayed in the H. D. Robbins home last week while he was in the community conducting the revival. He and the Shannons visited the Earl Cole, Owen Andrews, Mobley, Parris, Lowery, Thompson and Berryman homes and Rev. Giles spent Saturday night in the H. E. Lindley home. On Thursday he was called to his home at Earth, as his son was ill and in the hospital. However, the boy was soon improved and Rev. Giles only missed the morning service.

LeRoy Shannon, a student at Tech, came Thursday to spend a part of his summer vacation with his folks, the R. L. Shannons.

Mr. and Mrs. G. W. Sparkman of Amarillo came Saturday afternoon to visit in the home of his son, T. L. Sparkman, Sr. They returned home on Sunday afternoon. Mr. G. W. Sparkman is past eighty years of age and enjoys good health, being able to hold a job as a caretaker at the St. Anthony's Hospital. Leonard Higgins of Amarillo spent Friday night in the Berry-

man home.

More than 115 were present for church services Sunday morning and from seventy five to a hundred attended services twice daily all last week. Among visitors attending were Mr. and Mrs. W. S. Dixon, Mr. and Mrs. Freeman Curtis and daughters, Mr. and Mrs. Raymond Odom and children all of Dimmitt. From Hereford were Rev. and Mrs. Fields, the Thomas, Hudson, Buck Barnett and Tucker families and Mr. and Mrs. Bob Lawrence, who assisted with the song service and gave special numbers.

Many people who figure the world has an opening for them usually find it—they end up in the hole.

Hill Around Friona

Some crop damage over a small area around Friona was reported as a result of the Monday night storm. Three quarters of an inch of rain was also reported.

Cecil Guseman, who underwent an operation at St. Anthony's Hospital last Wednesday, has returned to Hereford and is recovering satisfactorily. He is at his home.

Mr. and Mrs. Tom Carroll and Mrs. Ed Skypala and children, Eddie Jo, Kitty and Patty returned Sunday from a two week automobile trip through the Northwest and into Victoria, Canada. Enroute they visited Salt Lake and Portland. During Mrs. Carroll's absence, Mrs. Roy P. Flannigan was employed in her place in the office of Dr. R. E. Lingenfelter.

Mr. and Mrs. O. G. Hill, Jr. and daughter, Charlotte, spent Sunday and Monday in Miami on business.
