By JIMMIE GILLENTE
Just back from Colorado, where I spent most of my time in a dentist's chair at Gunnison. This is quite a deal, too. I got there Saturday afternoon, ate Saturday night and soon afterwards developed a toothache. Sunday I was moaning and groaning and about 10 o'clock went into town to look for a dentist. One was out fishing; everyone said he belonged to the "Gunnison Navy." The other one belonged to the Elk's Club and was also out of pocket. Finally the fishing dentist came home about 9 o'clock Sunday night and at 9:30 came down to look over my teeth.

He was a nice enough fellow but his hands, despite all of the scrubbing, smelled like any other fisherman's hands. I had four teeth which felt like they had to come out, but fishing dentist said it was only the back molar. He drilled a bit to make sure that he could not save the tooth and then decided to pull it. He weighed about 160 pounds, which lacked around 100 pounds being enough. He pulled and pulled, then twisted and jerked and pulled some more. Finally, when we were both ready to give up, the tooth came out.

"Well, well," said the fishing dentist with a bitter smile, "I see that I managed to break every blankety-blank root." I smiled a tolerant but weak sort of grin and agreed to come back Monday. He said that my jaw would no doubt be a little sore. He was right, too.

Monday he was reinforced with his assistant, a very capable young lady who should have been a carpenter. The Doc would hold a chisel somewhere on my jaw bone and this young lady would tap it with a metal hammer. The procedure was highly similar to that you frequently see when workmen are driving spikes into railway ties and, I am sure, it felt very much the same. This lasted for a flat hour and 28 minutes following which the doctor started to sew up the opening. He took five stitches, but the needle bent on the third one and he had to thread up a new outfit. This procedure, too, he said was scheduled to make my jaw a little bit sore. He was right again.

I spent the rest of Monday and Tuesday in bed, but was able to be up Wednesday. Thursday, of course, I had to go in and have the stitches removed. I gathered enough strength over Friday and Saturday to start back home on Sunday.

The really bad thing, though, was the remarks people would make, such as: "I thought Hereford was the town without a toothache!" I never will forget the silly giggles which usually followed the expression. I told them it happened every time. I left Hereford and Deaf Smith County—and did not crack a smile.

Also slightly irking upon my return was the invariable question, "Did you have a good time on your vacation?"

Frankly, I don't think too much of the famous views in Colorado. What I saw most was a picturesque old cow shed about 100 yards from the back window of the dentist's office. It was

PHOTO FINISH—Katherine Kleinschmidt, Hawaii Swim Club, Honolulu, (closest to camera) and Jean Luytens, Riviera Club, Indianapolis, Ind., battled to the finish line so close together in the 880-yard free style final event in the Women's National Senior A. A. U. outdoor swim meet at San Antonio that it looked like a photo finish, but the Hawaiian girl won by a finger nail. The time was 11:48.1. (AP Photo)

tumbling down and I doubt if the people even have a cow. The dentist, being a fisherman, told some wonderful yarns. I think he must work for the Chamber of Commerce on the side. We sure caught a lot of fish there in his little office. The only trouble was that every time he had just hooked a big two and a half pound Rainbow trout, the girl would wham a stiff one on the chisel gadget and I would start groaning. "No, no," said the Doc, "Don't groan. He didn't get away. Not right then, anyway."

I have to hand it to him, though, he landed all of them but two. He was quite a philosopher. He said fishing with worms was alright—if you were 85 or 90 years old and crippled up so you couldn't get around. I asked him when was the best time to fish around there and he said: "Well, I'll tell you son, if you are here today, you ought to have been here yesterday or

you had better come back tomorrow.

Actually, I doubt if I would have caught any fish anyway. Worth Covington and Walter Seed had already been fishing in Colorado and I understand that they left only the small ones. Harold Close came along while I was still there, but he only managed to hook little fellows. Besides, all of the restaurants serve trout dinners—and I wasn't doing much eating anyway.

From now on when I get the fishing urge I am just going to call in Joe Bishop, lean back in an easy chair and let him spin a few yarns. Always before I managed to fall into the river at least twice, and I pass this honor on to Jack Kirksey and Owen Stagner. There are also

two or three more fellows who can also fall in as far as I am concerned. I won't name them on account of Abe Martin. Slats Gilliland and Jim Lipscomb are likely to get mad.

Faust Collier just called over to say that he has a letter addressed to the AAA Office, Deaf Mute County, Texas. It came from the Lathrop Grain Corp., Fort Worth.

It may sound silly, but I would rather stay at home and be a Deaf Mute than go to Colorado and have the toothache.

P. S. I was just talking to Major Schroeter and he said that his wife had exactly the same experience I had with toothaches in Colorado, only she was across the divide in the San Luis Valley, Country. Now that we are

all back home it looks like some kindhearted soul would invite Margaret and I to a trout dinner. It sure does.

State Continues To Fight Rabies

The Texas State Department of Health during the first seven months of this year has a record of the examination of 2709 animal heads for rabies and of this number almost one fourth were found positive, said Dr. George W. Cox, State Health Officer.

Rabies is transmitted to man through a bite or having a cut exposed to the saliva of a rabid animal. If a person is bitten, the offending animal should be penned, if possible, for a period of at least ten days. If the animal is in the infective stage, he will die within this time. This does not mean that he may not be in the noninfectious or incubative stage and develop rabies later. All dogs bitten by a rabid animal should be confined six months. If it is necessary to kill the animal, this should be done in such a manner that the brain is not destroyed.

When sending a head to the State Laboratory it should be put in a container, sealed and packed in ice to prevent decomposition.

Dr. Cox said that rabies is a hard disease to eradicate, but that it could be done if all owners would have their dogs vaccinated each year and eliminate all stray dogs. If you have a dog, get him vaccinated the same as you have your children immunized against diphtheria and smallpox.

Rabies is commonly supposed to be a disease of warm weather, but it is more prevalent during the spring and fall because the dogs congregate and move about more, therefore the chance of exposure is greater during this time. It is true that more dogs are killed during the summer months, but the percentage of rabies is low.

RODEO—This coming Sunday is the big day of the Fifth Annual Boys Ranch Rodeo. Roy Rogers, and his wife, Dale Evans, will be the feature attraction of the show. They are making the trip a family affair, and are bringing their two daughters, Cheryl, 8, and Linda Lou, 6. Roy's manager, Art Rush will also accompany them.

The boys from the ranch have all their Rodeo riding and roping polished up, under the direction of Leonard Stroud, former World Champion trick-roper and trick rider. The Boys Rodeo will be held at the Tri-State Fair Grounds in Amarillo and there will be two performances, 2:00 P.M. and 8:00 P.M.

DITTO—Little sister looks up to the elder member of the family to set the fashion pace. Big sister chooses a cute playsuit made of Denim trimmed with polka dots, so her young admirer says, "DITTO."

Leave on Trip

Misses Phyllis Radovich, Margaret and Bea Barrett are leaving Tuesday for an extensive trip through the midwest to Canada, through the New England states, New York and back to Hereford.

The trip will take about two months, or as the girls say, "until the money runs out."

John Scott, recent Southern Methodist University Journalism graduate, will replace the girls on the Brand staff starting a week from Monday.

Thursday Services

Church of God services will be held Thursday night at 8 o'clock in the building on 25 Mile Avenue immediately behind Easley's Phillips station at the intersection of Highway 51 and 60. Maudie Neighbors is pastor.

People came and saw the 1950 Studebaker in droves at John Wood Equipment Co. over the week end. H. D. Hill went even one better; he bought and registered the first 1950 model in Deaf Smith County.

Labor Day Flag Tournament Attracts Hereford Golfers Over Long Weekend

After a brief taste of competition Sunday in the first Weekend Ball Sweepstakes, local golfers will try their hands at a Labor Day flag tournament Monday.

For the benefit of those who are not familiar with the workings of such a tournament, each player has established a handicap or average score during the past few weeks. He then starts off with that many strokes and plays until he has used them all. Wherever his ball stops on the final stroke he plants his flag.

The player who places his flag furthest wins. Prizes will depend upon the number of entrants according to Erb Jordan, tournament committee chairman. September 10-11, has been set as the dates for the formal opening of the golf course. An 18-hole handicap tournament has been scheduled that week end. Golfers from several neighboring courses are expected to be here and play.

Twice A Day Workout Schedule Puts Shine To Whiteface Eleven

With only a week from Monday night remaining to create the Whiteface Model "T" for action, scrimmages this week began to take on a little more of the shine and polish needed to win.

Twice a day practice sessions this week and the six days of training camp in Oklahoma have brought the squad into good physical condition. Comparison of the Hereford eleven with teams they scrimmaged from Henrietta, Crowell, Bowie and Crosbyton, and Waurika, Okla. placed the Whiteface squad in a favorable light.

Thirty-four boys left here with the three coaches on Monday morning and arrived at Craterville in time to work out that afternoon. The daily schedule

was something along these lines: Breakfast at 6 a. m., morning workout from 8 to 11 a. m., lunch and rest until 3 p. m., afternoon workout from 3-6 p. m. with motion pictures and skill practice almost every night.

The team scrimmaged all of teams named once and Bowie, finalist in State Class A last year, and the Waurika squad gained the semifinals in Oklahoma in a corresponding class last year.

McLean Starts Friday
McLean's Tigers open their season tomorrow night against Canadian, thus gaining a little game experience edge on the Whitefaces.

doubt that this edge will tell after observing one of the scrimmages on Whiteface Field.

With lettermen L. T. Hawks and Alec Schroeter at ends, Darrel Jensen letterman and Glen Wilson up from the B squad at tackles, lettermen Dale Doak and Neil Witherspoon at guards and two year lettermen Charles Gresham at center the Whiteface front wall isn't lacking in experience.

Depth doesn't seem to be too big a problem here either. Wendell Morton looked good at center in Oklahoma, Ray London and Alvin Shirley are first year men.

Jack Ramey and Jesse Click are up from the B squad at ends and Coach Criswell has had Bill Engman, letterman fullback last fall, working out at end some.

Duane Jensen, Burl Fish and other tackles could develop into good substitutes or better by mid-season.

While in the ball carrying department Jack Stanton, last year's varsity quarterback and Pat Corbett, who piloted the victorious B squad along, are showing up well. Bill Engman is also working out at this post as is Bill Kelly.

Jack Reynolds, two year letterman at guard has been switched to fullback, along with Harold Morton up from the B team putting the punch in a good set of backs.

Halfbacks Duane Christian, Bill Kelly and Duane Walker are all lettermen and living up to expectations. Bill Forbus, leading scorer on the B squad, lends some speed to that position. Stanley Slagle is another halfback candidate.

Former Residents Visit
Mrs. W. E. Hicks of Garden City, Kansas and her daughter, Miss Gladys Hicks, dean of women at Baylor University, left Monday after a short visit here with Miss Vida Hicks and other relatives.

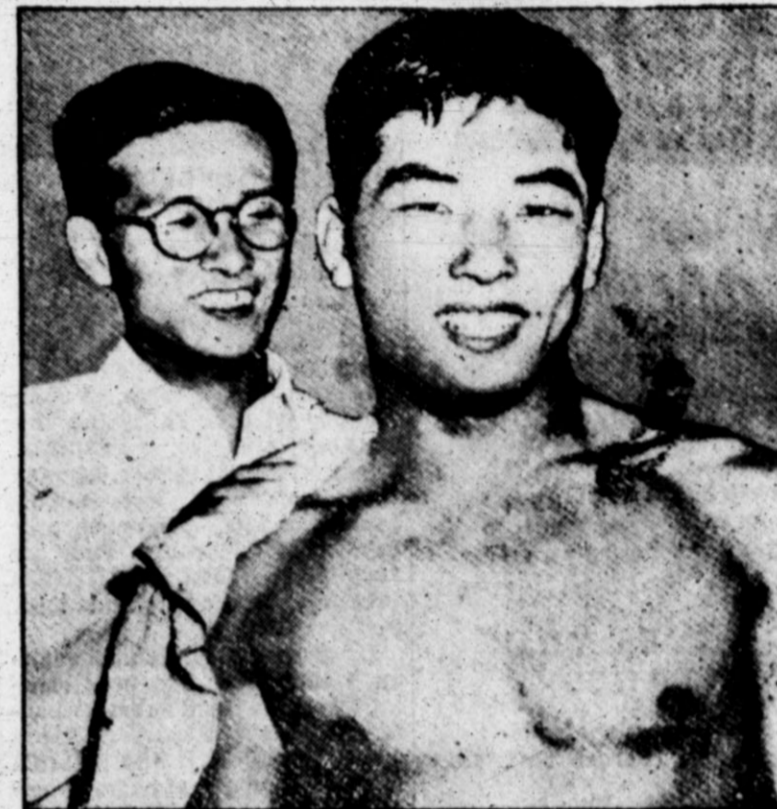

Second Guessing

By JERRY STOLTZ
Football in the air, golf tournaments, swimming pool closes, major league baseball races drawing down to close finishes, fishermen returning with better stories, hunting season opens today - yes, here we are right in the middle of the beginning of fall and end of summer with the result being twice as much of everything and nothing much to write about.

But one thing is sure, if anybody knows who is coping under the wire to play in the World Series he really can make a killing. Sure glad I don't have to make a choice. But as a word of warning, that is going to be the 'Question of the Week' next week.

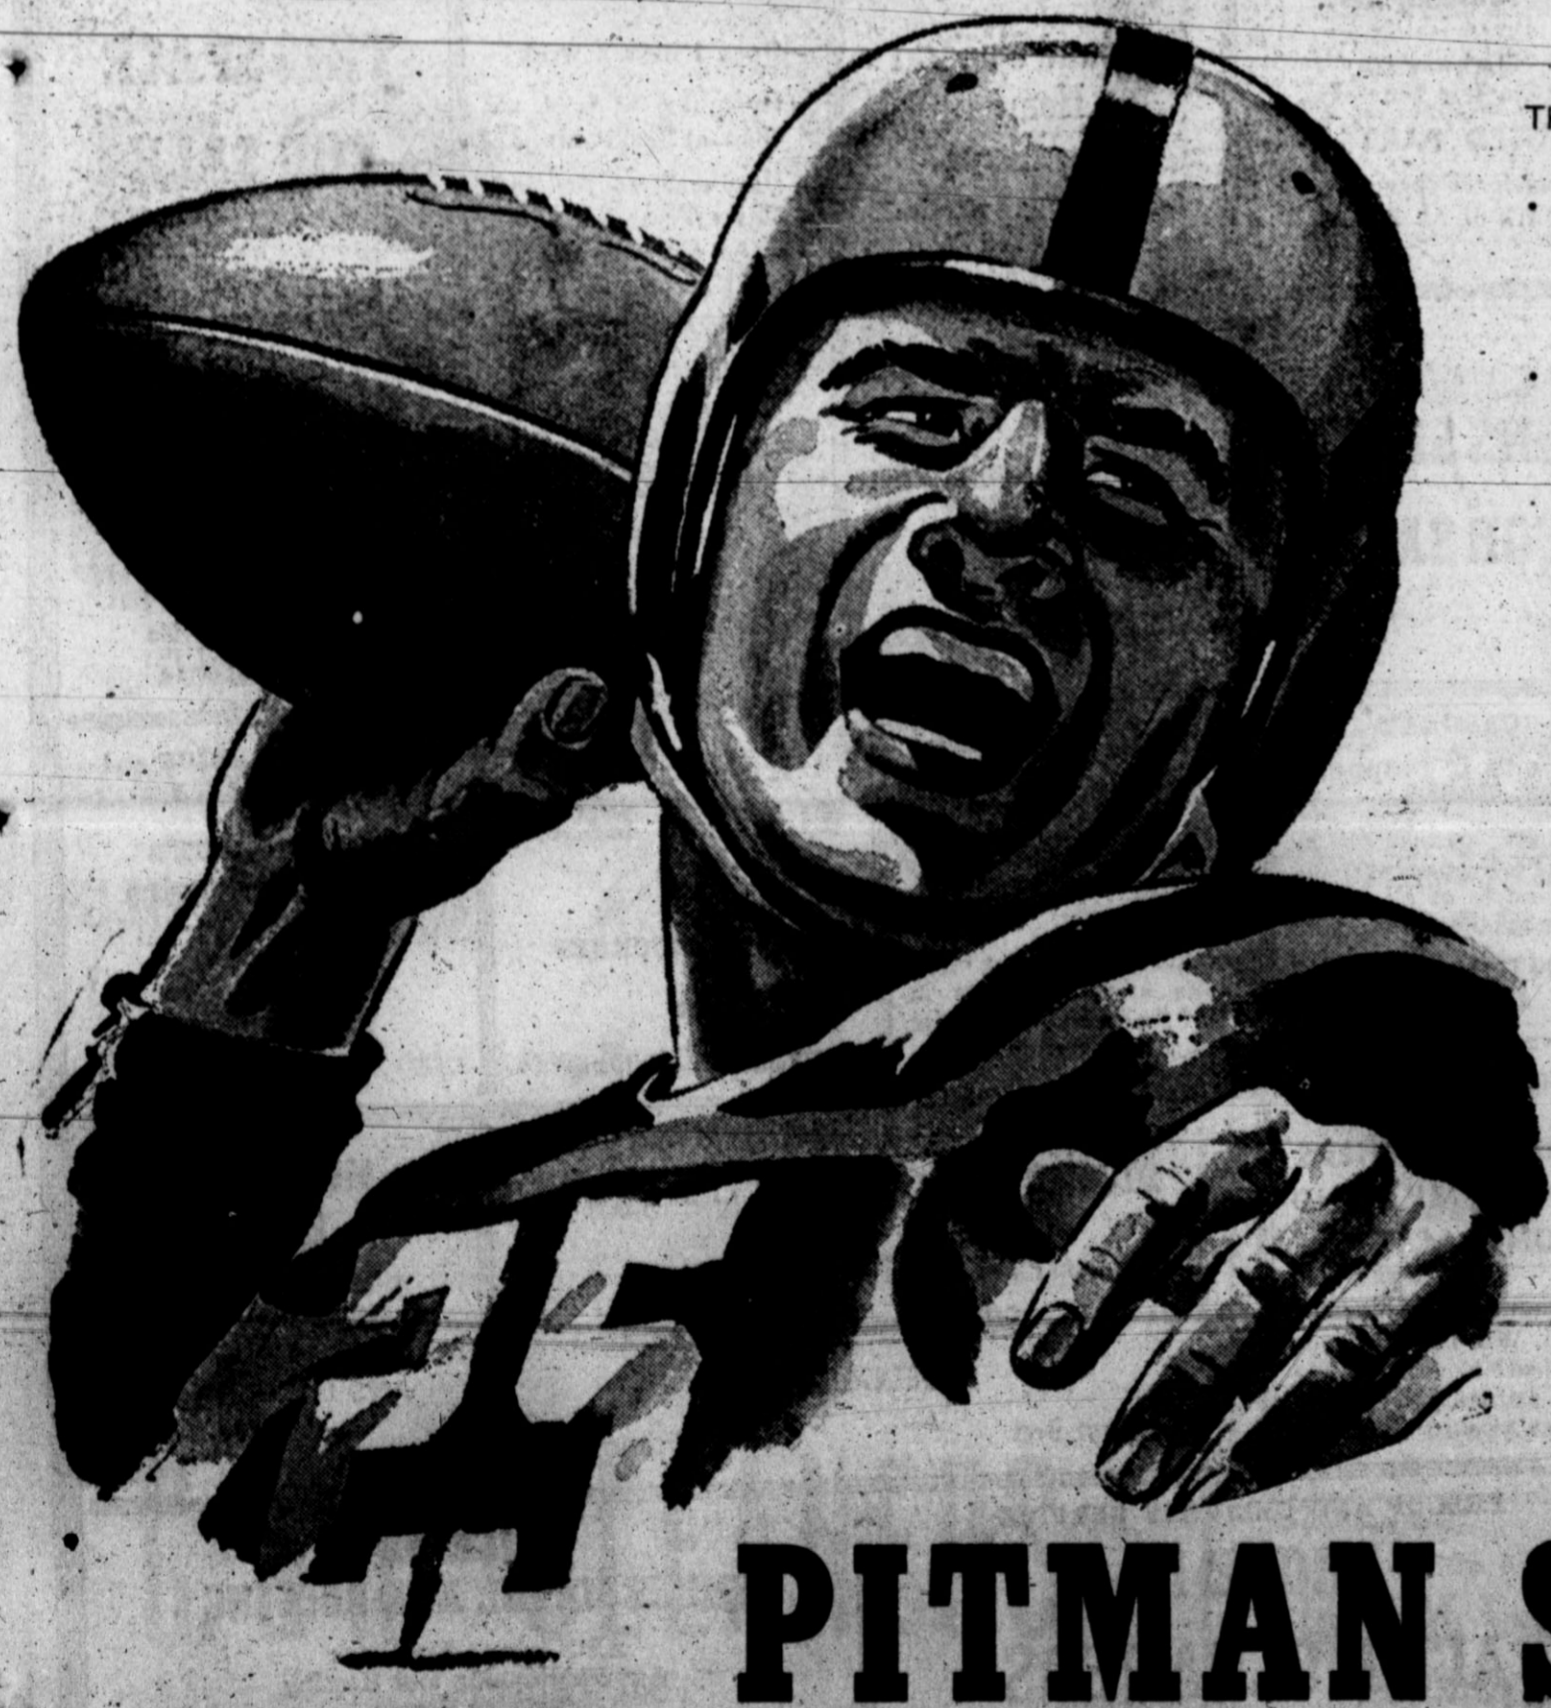

Hereford will be playing in a new home when they open the season at McLean. The Tigers have invested \$20,000 in renovating the bleachers, press box and dressing rooms. The playing field is also new and said to be well-turfed.

Even a week ahead it is easy to tell from the advance billing on the Tigers that if the Whiteface crew can put the damper on L. M. Watson, dynamic triple-threat junior, they can probably bring home a Tiger's hide.

FLYING FISH - Japan's "Flying Fish," Hironoshin Furihashi, gets a rubdown after he won the 800-meter race in the 1949 Amateur Athletic Swimming and Diving championships held at Los Angeles. Hironoshin set a new record with a time of 9:35.5 minutes, beating the old record set by Bill Smith in Honolulu in 1941 by a full 15 seconds. The man with the towel is team captain Schuichi Murayama, no slownpoke himself.

Tech Sophomores May Be Difference

Up from the ranks of the 1948 Texas Tech freshman football team have come 20 men who may aid the Red Raiders materially in retaining their Border conference championship for the third consecutive year.

Coach Dell Morgan's men face one of the roughest schedules in the Southwest this fall and some of the sophomores may contribute heavily to success or failure.

Counted on most heavily are Jerrell Price, Brownfield tackle, and Aubrey 'Red' Phillips, Paschal high school, Fort Worth, center. Price was three times all-state tackle in high school. Phillips is a converted fullback, a 6 foot, 4 inch, 225 pound lad.

ICE ON THE DESERT?—The kind of "ice" that lovely desert-grown Jean Marie Pettit waves around at Las Vegas, Nev., won't melt from the sun. She is displaying locally-mined selenite during the annual Las Vegas Gem and Mineral Show. The museum specimen is one of the show's chief attractions.

FROM THE GRANDSTAND.....

By WILBUR MARTIN
Associated Press Staff

Bantam Ben Hogan's selection as captain of the U. S. Ryder Golf team was a nice gesture on the part of pro golf. He'd made it as a player but for the near-fatal accident last February.

George Schneider, tournament manager for the Professional Golfers' Association, points out in a new fashion that Hogan had 1027 4/5 points toward a spot on the team when his automobile and a Greyhound bus collided Feb. 2 near Van Horn, Texas.

A few days ago, Lloyd Mangrum overlooked Hogan with a total of 1135 2/3 points. Mangrum, you know, has been slightly less than sensational as a player this year.

Even though the winter circuit was just beginning to get underway when Hogan was sidelined, his winnings from Jan. 1 until Feb. 2 amounted to \$3,823.33. He's still twentieth in the list of leading money winners.

Hogan's average score was 70.17 for the 12 rounds he played. He took 842 strokes.

As captain of the Ryder team, the same position he held in 1947, Hogan will select the lineup of the U. S. squad for singles and doubles competition with Great Britain.

He plans to leave his Fort Worth, Tex., home and attend the special challenge match at Belmont Country Club in Boston the latter part of August. It will be his first appearance at a major golf tournament since the accident.

"I'm not sure when I will be able to take part in tournament golf again," he told Schneider. "I certainly intend to do it if it is at all possible."

Even if Hogan doesn't make it back to the cross-country grind, he'll always be remembered. Like any champ who bows out while he's still champ.

Did you know that Bob Fritchard is the hardest hitting radio announcer in baseball? The Paris outfielder was a sports announcer when he got a leave of absence to play with the local East Texas League club. Was hitting .395 a few days back. Yep, this is the same Bob Fritchard that played in the Texas League.

Or that Wichita, Kan., will probably complete the new Texas ice hockey league, Houston, Dallas and Fort Worth are other members.

And that Southwest conference football teams play nearly a dozen night games this year?

Mr. and Mrs. Albert Herbst of San Antonio left Wednesday after spending a week visiting with old friends in Hereford. They are former Hereford residents when Mr. Herbst was associated with the First State Bank.

Karl Shirley leaves today for Kingsville where he is a member of the Kingsville High School faculty. He has been working on his master's degree at WTSC this summer and has spent the past few days here with his mother, Mrs. Jeff Gilbreath.

Gerald Smith and Mary Jo Mathies, J. W. Robinson, Jr. and Anthony, Amarillo, are expected to get into many games. At ends, three lads have been looking good and with experience may develop into fine men. They are Jack Davis, Littlefield; Lewis Crossley, Eastland; and Dick Pirtle, Lubbock.

In the backfield John Moughon, Weatherford, has been looking well at quarterback, particularly as a passer. Bobby Close, Shamrock, and Harold Haynes, Roscoe, also have exhibited speed and power at halfbacks, while Ralph May, Sudan, has been living up to advance notices as a fullback.

Other freshmen who may come along to aid late in the season include: Rex Pinson, Falfurrias, and Jackie Cockburn, Denison, tackles; Charles Allen, Jourdaton, and Bill Sharpely, Corsicana, ends; and Backs Eural Ramsey, Shamrock; Judson Brawner, Atmore, Ala.; Jack Young, Andrews; Jack Brwon, Lamesa; and J. Long Time Ago

25 Years Ago
The largest district convention ever held by the Christian churches of the Panhandle was held to wind up its business Tuesday night, after two days splendid work at the First Christian church. A total of forty out-of-town visitors were here Thursday afternoon, and the lead story of the Brand for September 4, 1924, was the Cash and Carry Grocery changed hands that week when C. S. Purcell purchased from F. A. Bone, Wallace Cox, well-known grocery man, has interest in the deal and will come associated with Mr. Purcell in the conduct of the business, the Brand announced. A formal opening of school was held on Monday of the next week with a program to be held at the Christian church where teachers and parents would have chance to become better acquainted with each other. Everyone was urged to attend this program.

Dr. John W. Overton, was named to head the Hereford Chamber of Commerce for the next year, announcing his slogan to be "More watermelons for the president and less golf for the secretary." Speaking seriously however, he "outed" a policy of agricultural development and publicity for the new board and prophesied bright things for the Hereford community during the coming twelve months.

An all-day gathering at the old schoolhouse on Sunday attracted a big crowd, the Brand reported, with three hundred people in attendance to enjoy a barbecue, the talk by Rev. Paul J. Merrill, and the special music. Mrs. Bob Higgins presided over the meeting.

An attempt to get golfers turn in their scores so handicapped matches could be played, the Brand printed scores turned in during the month. Here are some of them: C. C. Acker, 92;

E. D. Fox, 82; A. A. Foster, 86; L. H. Foster, 87; George Garrison, 96; J. A. Pitman, 88; H. L. Rice, 87; W. H. Russell, 82; Sank Ramey, 98; Harry Seed, 102; Brack Williams, 82; Henry Wilkinson, 93.

Local items included: "Mr. and Mrs. Claude Ricketts left Wednesday for a month's vacation to Lawrenceville, Ill. at which place they will visit two of Mrs. Ricketts' brothers"; "Mr. and Mrs. B. R. Jennings and children drove in Monday morning from a month's visit with relatives in Missouri and other places of interest"; "Mr. and Mrs. M. H. Allen of Ballinger, Runnel's County, Texas arrived on Friday and are visiting in the home of their daughter, Mrs. C. E. Gilliam. Mr. Allen drove cattle from this county to Fort Dodge, Kansas in 1878."

"Miss Mary Fritsche, who has been a guest in the E. B. Posey home this past three weeks, left Thursday morning for Amarillo, at which place she will join friends and they will go from there to their home in Iowa Park. Mrs. G. W. Webb, who has been visiting her sister, Mrs. E. B. Posey, left Thursday morning for Amarillo"; "Miss Jewel Ward left Tuesday morning for Los Angeles, Calif., where she will visit a brother before going to St. Helena at which place she will enter Pacific Union College"; "Mr. and Mrs. Carl Cockrell and children drove over to Mobeetle last week and visited in the home of Mrs. Cockrell's sister, Mrs. Cole. The trip was made in the interest of trying to find some prairie chickens. They wasn't."

"Miss Ella Aidman went to Amarillo Saturday and will visit there a few days before taking up her school work here another term"; "Mr. and Mrs. C. R. Jones of Dallas were guests in the Carl Cockrell and Burch France home last week"; "Mrs. V. C. Weir of Friona is in Hereford this week at the bedside

of her son, Glenn, who underwent an operation for appendicitis recently"; "Miss Frances Redman, who has been visiting in the Jim Robinson home, left Monday morning for Canyon, where she goes to Teacher's Institute, then to her home at Fallett, Texas."

Return From Fishing Trip
Mr. and Mrs. Bob Lawrence, Mr. and Mrs. Jimmie Allred and children, Marlene, Clydene and Lynton, Mr. and Mrs. George Graham and Peggy, Mr. and Mrs. Delbert Kinsey and Robert Charles, Mr. and Mrs. Dayton Johnson, Janet and Danny returned from a vacation trip to Colorado and New Mexico Friday.

They stayed nine days at Lazy Acres guest ranch at Pagosa Springs, Colo., where the men fished and the women cooked and rested. Then they stopped two days at Eagle Nest Lake.

Church Notes

Seventh-Day Adventists will hold regular services at their church at Third and Lawton, Saturday, Sept. 3. B. D. Fortner will be presiding elder at the 11 o'clock services.

In the Sabbath School services the adult group has been studying the Seven Seals of Pophcey of Rev. 5 through 8. The conflict of the church, the reformation, etc.

Each 13th Sabbath of the quarter the S. D. A. church takes a special offering for Mission work. This quarter offering goes to the Inter-American Division. In 1947 the 13th Sabbath offering amounted to \$30,719.37 was sent to this Inter-American Division for schools and clinics.

Elder L. E. Rogers, who has charge of the Sabbath School Department of the Texico conference of Seventh Day adventist, visited the oldest church of this organization in the Roswell district. He says it was most interesting to find some of the old records. And to talk with a family who lived way back up in the mountains for 40 years. It was thrilling to hear their stories of the progress of the work in Texico. Especially interesting was their account of their trip by horse and buggy over a wagon trail to a camp meeting at Mountainair, N. M.

Listen to the Voice of Prophecy every Sunday. "Reaches into all the world." Heard over Mutual and A. B. C.

News in the World of Religion With recent publication in twelve new languages, some part of the Bible has now appeared in 1108 languages and dialects. The

American Bible Society lists some of the new languages as Fanti, Fante, Mungu, Nusu, Fante, Bamileke, Barrow, Eskimo, Batawa Gondi, Keripako and Aerepa. Can you tell where they are spoken?

"Svenska Morgonbladet," well known free-church Christian newspaper of Stockholm, Sweden, will celebrate its sixtieth birthday next summer. In honor of that occasion the paper will send forty of its readers and several editors on a trip to the United States, where, especially in New York, Washington and Philadelphia, they will visit places and scenes of importance, including churches, religious institutions, colleges, and church hospitals.

"A great sense of loneliness has gripped the American people," says Dr. Louis H. Evans, Hollywood (California) Presbyterian leader. "Seventy per cent of our population has moved to other cities since the last war. They have broken ties of church, kindred and community. They feel no cares. The church must pursue these migrants of body and soul to every trailer, middlesex village and farm, hamlet and city with the love of Christ. New churches must spring up everywhere as hearthstones for the souls of men. The burden of the heavy taxation in this country arises largely from our failure to change the human heart. Education, secular, increase our capacities for destruction while yielding us few safeguards

against the destructive functioning of our clever minds. Of all the billions of dollars, skimmed off the peoples' money in taxes, not one dollar of it may be used for the maturation of the human soul! Billions for medical work, for leather punching, art, schooling in the languages, but not one dollar is available to the church for its vital important task. From the treasures of the people of God alone it comes and we must go back and ask for more—and more!"

The leading English-speaking denominations in South Africa—Anglican, Congregational, Methodist, Presbyterian, Baptist and Churches of Christ—have jointly set up a School of Theology, Livingstone House, at Rhodes University, Grahamstown. Two years ago four of these denominations established cooperatively a department of divinity at Rhodes University College, with an English Congregationalist as professor. The number of students increased so rapidly that a full-time Church of Scotland minister was added. There are also part-time lecturers for the Anglican, Presbyterian and Methodist sections. One Dutch Reformed student has been enrolled.

At the close of a recent visit to China, and conferences with Chinese leaders of the Christian church, the noted world-traveler, author, and churchman, Dr. Sherwood Eddy, takes the view that "the church is now forced to return to apostolic conditions under which the early Church thrived." He quotes a pastor from Shensi Province where churches have been cooperating in communist-held territory for ten years, that pastors are free to lead their churches under four conditions: their mode of living must be like the common people in dress, dwelling and food; they must earn their living by farming, trade or industry, since preaching is not regarded as a "productive" vocation; their character must be Christ-like, as testified to by their neighbors in the recurring trials and purges conducted by the communists; and their faith must be apostolic, fearless, sure of the Gospel, patient under

persecution, and ready to die for their faith if necessary—as the communists themselves are ready to die for theirs.

"It was felt that it would be impossible for some Christians to adjust themselves to the new social order which had arisen, partly because these Christians have not borne witness to the evils of the old order," says Dr. Eddy. "Many Christians will have to adopt new methods and new ways and sometimes a new spirit." He believes also that "the churches and individual Christians will survive in China as they have in Soviet Russia, medical missions can probably be carried on as long as we are willing to support them; Christian education, while probably tolerated at first, will gradually be eliminated. Education will be regarded as a function of the state for training in citizenship, and completely dominated by communist propaganda. Indignant that Chinese scholars, knowing their artistic writing for some 3,500 years, have left 400 million illiterate peasants in poverty and ignorance, the communists will gradually introduce compulsory education."

Rev. Russell A. Wingert will be back from his vacation this week and will occupy the First Presbyterian Church pulpit Sunday for regular services.

Three young people, Rose Stephan, Milford Grisham and David Cunningham will be recognized in special off-to-college services Sunday at the Avenue Baptist Church. The three are going to attend Wayland College this fall. Otherwise regular services will be conducted.

Motor Transports

Pay Share Of Costs

Austin. —(Special)—The motor transportation industry was responsible for the expenditure of \$65,143 in Deaf Smith County in 1948 for highways, schools and other government functions, according to the Texas Motor Transportation Association.

"This was made possible by payment of license fees, motor fuel taxes and intangible tax," said Roy Sanderford, President of the association in releasing a statistical study of the motor transportation industry's share of the cost of state and local government.

Sanderford claimed that these figures do not include city and district ad valorem taxes, franchise taxes or unemployment insurance taxes.

Total taxes and license fees paid by motor carriers for the entire state amounted to more than \$50,000,000. Deaf Smith County's share of the industry's contribution to government was made up of the following: county portion of registration or license fees (commercial vehicles only), \$32,225; State highway construction, \$10,224; State highway maintenance, \$7,446; surplus in road bond fund distributed to county, \$7,142; per capita apportionment to schools, \$7,850; and intangible tax paid to county, \$256.

Mrs. J. T. Gilbreath, Jr. and Royce Ann Gilliland and Mrs. Charles Hill were shopping in Amarillo Tuesday.

Church services will be resumed at the Presbyterian Church Sunday after a summer vacation. The pastor, Rev. Russell Wingert and his family have returned from a five week vacation trip in the south and he will conduct the services Sunday.

Mr. and Mrs. Joe Reinauer and three sons have returned from a ten day vacation trip to Chama, N. M. They were joined there by relatives who included the Fred Reinauers, and the John Reinauers of Oklahoma City and Mr. and Mrs. Eddie Reinauer and children of Dawn.

Texas Today

By DAVE CHEAVENS
Associated Press Staff

Austin, Tex., (AP)—Those glass-eyed people staggering out of the capitol elevators these days haven't been on a binge—they've climbed to the top of the dome.

About a third of the record-breaking 1,000 visitors a day want to make the steep, winding 607-step climb to the dome. After they've gone up and crept down, many of them wish they hadn't because on summer days the big metal ball is furiously hot.

Chief advisor to the dome visitors and other tourists at the capitol is Mrs. J. W. E. H. Beck, state receptionist who has to know all the answers about Texas, including, "where is the ice water?"

Tourist traffic through the capitol has been on a steady rise since the end of the war, and it hit its peak in mid-August, averaging around a thousand a day and more on Sunday. It's an easy record.

Mrs. Beck, former senate employee and widow of the late Dr. Beck who was senator from Bowie County for four sessions, is the pretty and affable hostess who presides over the information desk in the rotunda.

After the first of September, she will have a uniformed guide as well as an assistant, to show the folks around the building. The services of the guide are provided for in the general appropriation bill adopted by the last session of the legislature.

Addition of an official receptionist to the staff of capitol attendants was pushed by the late Gov. Beauford H. Jester. He felt that visitors shouldn't have to wander aimlessly around the big building guessing at the answers to their questions about Texas. Jester was also behind the idea of augmenting the reception and guide staff.

Mrs. Beck not only tells the tourists they can ride four floors up and then climb if they want to visit the dome, but she is a walking almanac of information on the capitol and on Texas.

"Had to be," she said. "People ask so many questions I've been forced to learn what I didn't already know."

In her spare time when tourist travel slackens off she collects information on points most often asked about, cuts the stencils and runs off mimeographed sheets. These are handed out in standard packet to most tourists.

Right on top they get a laugh. It's a gag map showing Texas occupying two-thirds of the nation. Then they get the state highway department's latest of-

ficial road map and guide, which has things on a more realistic scale.

One of the sheets is very useful to statistically-minded tourists who want to know how many feet high the building is, how long, how wide, how many windows. It's all there in black and white ready to be pasted in scrapbook: 311 feet high, 528 feet long including the porticos, 290 feet wide ditto, 924 windows and 409 rooms.

Lots of folks want to know about Sam Houston, Stephen F. Austin and who was the first governor. Another sheet gives it all in a condensed Texas history, and another tells where Texas lakes are, how to get to them, and what to fish for in them.

Many an addict on the short stories of O'Henry comes here wanting to trace his footsteps in Austin of the late 1880's. Mrs. Beck has a separate release on him, listing the street addresses of the eight places O'Henry called home here and otherwise following his tracks as they show up in markers, land office maps and museums.

Visitors From South Dakota

Mr. and Mrs. Bill Morton and two daughters Lee and Linda Kay have returned from touring New Mexico, Colorado, Wyoming and South Dakota. While in South Dakota they were guests of their daughter and her family, Mr. and Mrs. Mack Freeman and Teddy. They toured the Black Hills of South Dakota enjoying the historical sights in Deadwood, the gold mines in Lead, the Passion Play of Spearfish and witnessed the big forest fire which burned off many thousands of acres of timber and grasslands last week. Mrs. Freeman and Teddy returned to Texas with her family and while here are visiting Mr. and Mrs. R. A. Freeman and Mr. and Mrs. Aubrey Jackson. They plan to be in Hereford and other Texas cities three weeks before returning to their ranch home near Newell, South Dakota.

Mr. and Mrs. L. D. Gray and daughter Shirley visited in the home of her parents, Mr. and Mrs. H. H. Boardman last week. Their son Leven, who has been a life guard at the swimming pool through the summer, returned home to St. Louis, Mo. with them.

Telephone Company Appeals To Hunters

"Please don't shoot at birds on telephone lines," is the plea of John A. Cornell, manager of Southwestern Bell Telephone Company, who says that each year thousands of telephone wires are broken by stray shots during the hunting season.

"Birds can fly away," Cornell said, "but telephone wires just have to sit there and take it. It's not that the hunters deliberately try to hit the wires, and I don't think sportsmen would shoot at a sitting bird on a wire, but I guess they just don't realize that a hasty shot might cause serious damage to telephone lines and disrupt long distance service."

Explaining the yearly dilemma, Cornell pointed out that each hunting season money, man-hours and telephone calls are lost through gunfire damage to telephone lines. "It would help a lot," he said, "if hunters would be very careful when they are in the vicinity of telephone lines. Even if a bullet or shot only nicks the wire, when cold weather comes the wire contracts and the added stress may cause it to break."

One solution advanced by the manager was that telephone engineers might try to develop a type of wire that would move when shot at. "In the meantime," he said, "all we can do is to ask hunters to be careful when shooting at birds near telephone wires."

The dark blotches that often appear on the sun are really terrific hurricanes that extend over billions of square miles of the sun's atmosphere. Photographs show great masses of hydrogen gas and calcium vapor sweeping into the gigantic whirlpool of the hurricane's vortex. Scientists have discovered that each hurricane's center is in itself a powerful magnet.

Mrs. F. W. Lambert is expecting her grandson, Frank Homer Wright and wife from Fort Scott, Kansas to stop in Hereford for a short visit this week. The couple will go on to Carlsbad Caverns after visiting here.

JAZZ RENAISSANCE

New Mecca For American Jazz Fans In New Orleans

By JAKE TRUSSELL
Kingsville, Tex., (AP)—Bourbon Street, a narrow, ageless row of old French architecture in the French Quarter of New Orleans, is the new mecca of American jazz fans.

As such, it has replaced 52nd Street in New York. Today, more jazz of all denominations can be heard in the first six blocks of Bourbon Street, off Canal Street towards the Mississippi, than in any other six blocks in the world.

This jazz renaissance, with original New Orleans Dixieland leading the way, has all occurred within the past 12 months. One reason was the sudden popularity of Dixieland jazz which boomed in favor after the welcome reception accorded the pseudo-Dixieland records of Pee Wee Hunt.

With the general public again accepting Dixieland, a group of New Orleans musicians began getting together at the Parisian Room on Royal St. in the French Quarter for Sunday afternoon jam sessions.

In this group were clarinetist Irving Fazola, trumpeter Sharky Bonano and drummer-melophonist Monk Hazel, all top Dixieland stars.

The Parisian Room sessions made a big hit but after Fazola's untimely death, the members of the original session split up into rival groups and bands.

Meanwhile, the bars and night spots of Bourbon Street were searching for something new to feed the endless tourist trade. It turned out that Dixieland jazz was that something new.

Today, there are four top Dixieland crews blasting out nightly on Bourbon Street. Listing them off as you walk from Canal Street down Bourbon, there is Phil Zitto and his band at the El Morocco; Oscar "Papa" Celestin at the Paddock Lounge; Sharkey Bonano at the Famous Door; and Leon Prima (brother of famed trumpeter Louis Prima), at the Prima's 500 Club. All of these bands are grade-A but the Sharkey-Bonano group is generally rated the best band on the street, in New Orleans, or in the south.

Bonano, a polished showman and former big timer on 52nd street back in the mid-thirties, has rounded up the best men

and feature bass, piano, drums, tenor sax, and Charles on guitar. They play fine bebop jazz. Dixielanders and beboppers are very serious about their rivalries. The Dixielanders, who play the simple, two-beat rhythms first made famous in New Orleans around the turn of this century, cannot stomach the wild, often discordant musical gyrations of the bebop cult.

In turn, beboppers consider Dixieland musicians as just "squares who can't cut bebop."

Most New Orleans Dixieland musicians believe, or at least hope, their current jazz revival will eventually sweep bebop into oblivion.

In addition to Bourbon Street bands listed, there are many combos: boogie woogie piano and blues shouters in numerous other clubs up and down the street. Outstanding are Lionel Reason, boogie pianist at the Flamingo, and Fats Pi-

chon, pianist in the Old Absinthe House.

Jazz concerts, sponsored by the New Orleans Jazz Club, are held Tuesday and Friday nights of each week at Beauregard Square. This was formerly Congo Square where African slaves are credited with having first "invented" jazz.

There are two "sessions" each Sunday afternoon, the Bonano band holding forth from 3 p. m. until 6 p. m. at the municipal auditorium while a general jam session is being staged during the same hours at the Parisian Room. The latter features "Bugling Sam" De Kemel, an almost unbelievable performer on the bugle.

All in all, there is jazz galore in New Orleans today, and any jazz fan who hasn't heard it, just hasn't lived, that's all.

Mary Elizabeth Class Has Regular Meeting

Mary Elizabeth Class of the First Baptist Church met in regular session in the home of Mrs. Jeff Roberson on Thursday night. Mrs. Sandford Smith, president of the class, was in charge of the meeting with Mrs. O. G. Hill giving the prayer. The devotional lesson was conducted by Mrs. R. H. Cagle who discussed "Women of the Bible." Members answered roll call by naming favorite women characters in the Bible.

During the business session the president named a nominating committee who will serve to select officers. They include Mrs. Jeff Roberson, Mrs. Willard Scarth, and Mrs. Robert Gollehon.

Mrs. Elwyn Hutchison told of taking two pairs of pajamas to a patient in Deaf Smith County Hospital as a love gift from the class.

Members present were Mesdames George Benson who served as cohostess, R. L. Roots, Sandford Smith, Robert Gollehon, O. G. Hill, R. H. Cagle, Elwyn Hutchison, Roy Phillips, Willard Scarth and the hostess.

Miss Edna Daughettee of Pampa, former primary teacher in Central School, and her mother, Mrs. W. M. Daughettee, also of Pampa, spent the week end in the home of Mr. and Mrs. Elmer Patterson.
