RIGHTS, FACTS SEEN

Superintendent Graham Returns Home From National Convention

Hereford school superintendent George Graham returned Sunday from Atlantic City, N. J., where he attended the American Association of School Administrators annual meeting there February 26 through Mar. 2.

While there Graham attended general sessions and heard several distinguished lecturers speak on various administrative problems of schools.

One of the major speakers was Branch Rickey, owner of the Brooklyn Dodgers baseball team who told the educators "boys always worship athletic heroes and not statesmen." Rickey's subject was "A Losing Play."

Walter P. Reuther, president of United Auto Workers and Congress of Industrial Organization, spoke on labor and capitol and their lack of cooperation.

Reuther said "both labor and capitol have made mistakes but each group must take responsibilities or the state will take over." Reuther said, "the best corrective house is a correct house."

Other interesting speakers, Graham said, were David Lillenthal, former Chairman of Atomic Energy Commission, Wayne

Morris, U. S. Senator from Oregon; Margaret Chase Smith, U. S. Senator from Maine; Mrs. Franklin D. Roosevelt, UN Council member and Beardsley Rumel.

Graham said 14,000 educators attended the meeting from 48 states and 12 foreign countries. Fred Waing and his over half a hundred Pennsylvanians furnished entertainment one night, Graham said.

W. T. White, superintendent of Dallas schools will be president of the meeting next year at a city not yet announced, according to Graham.

Synthetic Water? Is There A Chance

Mrs. J. W. Dickerson brought in a clipping she received from W. M. Caraway in Santa Ana, California this week. The clipping was from a Los Angeles paper and the writer was writing on Hereford Water. Here's how an excerpt reads:

"I'm driving down Hy-perion and see a truck with a sign: 'Water from Hereford, Texas. The Town Without A Toothache. 50 cents per gallon."

"It's true the water in Hereford has a high fluorine content which has made the town a poor place for dentists to get rich. Also the cost of shipping water 1,500 miles, bottling it, distributing and paying taxes runs up the costs. No doubt, the price charged is amply justified.

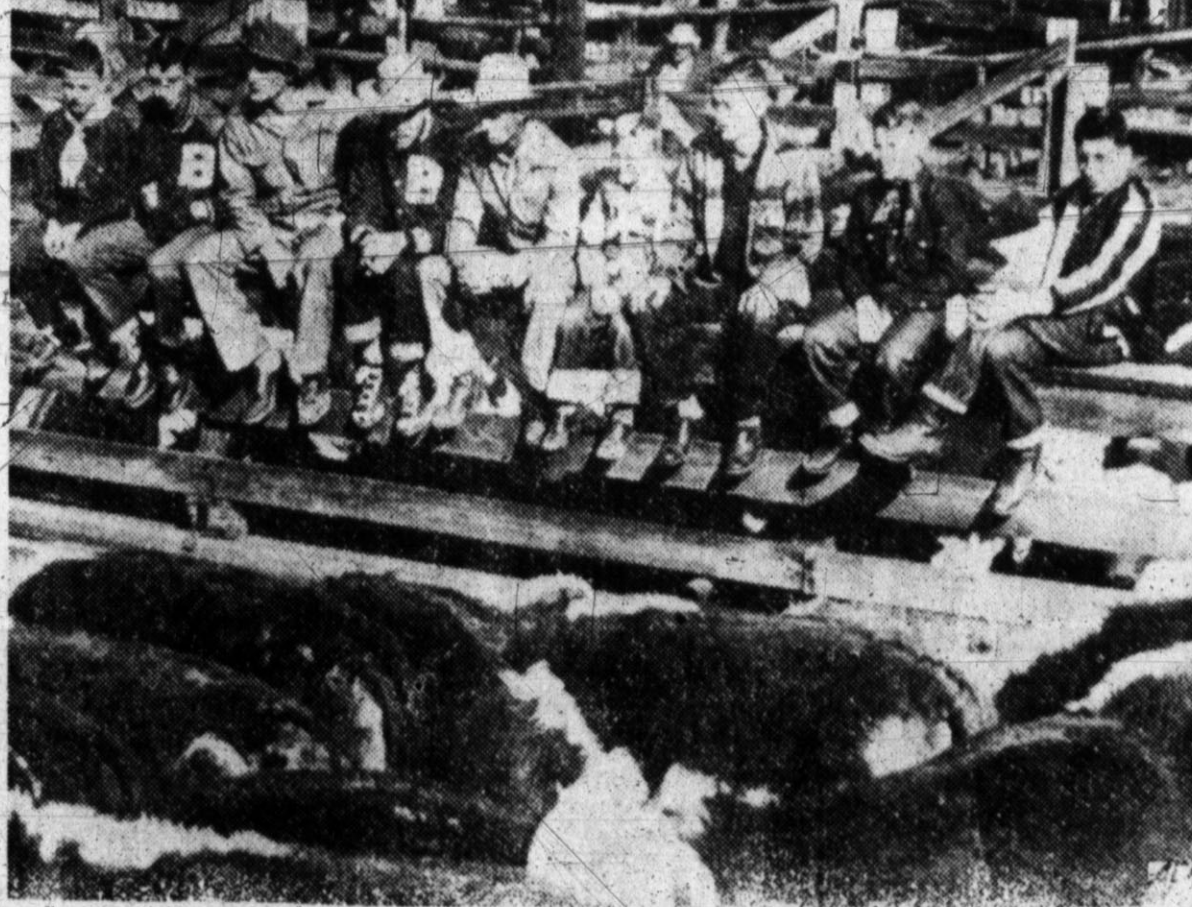

"The surprising thing is that if people are willing to pay 50 cents a gallon for highly mineralized water, someone hasn't manufactured such a water synthetically locally." From there on the story deviated to the merits of baby food tuna fish, and tea.

Billy Bryant Is Back In School After Fall

Young Billy Bryant was released from Deaf Smith County hospital Sunday after being treated for injuries received Friday when he tripped over a chain he was attempting to hurdle.

Dr. Clyde Rush said he felt quite sure Billy had received a skull fracture but the injury was such that prompt healing will result if no other injuries are incurred in the near future.

Billy has been attending classes at Central School since Monday.

BOYS RANCH FARM BOYS SELL HEREFORDS—Eight of the boys from the farm proudly take a look at the 39 Hereford steers they sold at \$25.50 in Kansas City, Mo. last week. Bud Curtsinger, superintendent is the middleman in the nine rail birds. The others are Allen Mitchell, Glendon Hill, Art McFatter, Eddie Curtsinger, Elmer Mitchell, Lovell Lee, Fred McCarty and Sam Minshew. Ted Mitchell also made the trip but he is not in this picture. The steers went out as feeders.

Burk Announces For Congress

Mr. E. T. Burk, for 20 years owner and operator of the Amarillo Furniture Company in Amarillo, has announced his candidacy for the Congressional post currently filled by Eugene Worley of Shamrock.

Mr. Burk said he would be a candidate in the Democratic primary in July and also in any special election to fill the unexpired term of Mr. Worley who has not indicated when he may resign to accept an appointment offered by President Truman.

Mr. Burk, who is a native of Arkansas, came to Texas by way of Missouri and Oklahoma, has retired from the furniture business after enjoying many years of successful business operation.

Many friends will be pleased to learn of this announcement since his acquaintances accumulated over a long period of years respect his straight forwardness and reputation for fair dealings.

Mr. Burk said, "The time has come in government when men are needed in all districts to represent the people without allegiance to any group or faction. No financial assistance is solicited nor will it be accepted. It is my sincere desire to be of service to the fine people of this area. You can depend on my full and unrestrained support of legislation representing your best interests."

Mr. Burk will make an active campaign throughout the 18th District, and he added, "And on my own money."

Platform issues will be met as the occasion arises.

Police Arrest And Man Is Fined \$50 For DWI

Frank Barrow, Hereford, was arrested by police Sunday afternoon and filed on in county court for driving while intoxicated.

He was fined \$50 and costs, totaling \$79.30. His driver's license was revoked for six months according to Police Chief F. S. Buckalew.

Extend Deadline To April First

Lloyd Lovell, Deaf Smith Rural Electric Co-Operative representative, said Wednesday the March 1 deadline for prospective members to sign up with the newly formed Rural Telephone Co-Operative for rural telephone service has been extended 30 days to allow all interested parties to sign up. He urged the prompt attention of all those not yet signed up by April 1.

"The quicker the applications can be received by us, the quicker this telephone service will be started," Lovell said. He said Deaf Smith County is definitely in on the ground floor of the application list with Washington. Over 550 persons have already joined the co-op and Lovell indicated there were at least 200 more who want to become a member.

Although no construction date is set yet, Governor Allan Shivers has signed the bill which passed both the Senate and House during the last 30-day session in Austin.

Lovell said this telephone system can not be expected to materialize overnight but the cooperation of prospective members will certainly speed the operation.

One New Cub Den Will Be Formed; Leaders Needed

The regular monthly Cub-Pack meet was held at the Boy Scout Hut Friday night with semi-annual inspection conducted as the boys assembled.

Mrs. W. D. Jones' den presented the flag ceremony with Mrs. Homer Brumley serving as song leader. An outdoor activity session was enjoyed by the boys and leaders and parents heard John Hicks, cub commissioner, and Urlin Streu, district scout commissioner, make a plea for more leaders. One new den will be organized immediately, and a training course for leaders will begin this week. Meetings for the course will be held on Monday, Tuesday and Thursday nights and will continue through the following week.

After a carousel of games led

(Continued on Page 6)

QUESTION of the WEEK

What do you think of the Canasta Tournament just finished in Hereford? Do you think another Canasta contest or a contest in some other game would be popular?

Mrs. A. N. McRight: My opinion is strictly from the non-playing spectator view. I don't play the game and don't play any sort of game very much. I read the results of the Canasta contest in The Brand. I was very interested and I know the contestants enjoyed competing. I am sure another contest of this type would be popular and welcomed.

Alton C. Robinson: I didn't keep too close track of the Canasta Tournament but I did read the papers when the winners were announced. The contestants appeared interested and seemed to enjoy it. I have heard several comments about it and I think another contest in Canasta or a similar game would be most popular. I don't play the game myself. I devote most of my spare time to reading.

Mrs. J. J. Lindsey: I thought a lot of the tournament. I know the winners and they were really playing hard to win. They certainly deserved to win, too. I play Canasta and really enjoy it, but I didn't get a chance to enter. I would like to see another tournament played here. My husband doesn't play Canasta, however, so I probably couldn't enter.

Mrs. C. E. Hicks: Yes, I think the tournament was very successful. I think Canasta and bridge are the two most popular games going now. I think another tournament would be popular. I am going to learn to play Canasta, and, if another tournament is played, I will enter if I am good enough. I think I can pick it up quick enough to enter. I like to play rummy and Canasta is similar.

Mrs. Ralph Hastings: I only have this to say. I wish I had entered. We are crazy about Canasta. We have some hotly-contested games with friends and I think we are pretty good. If another tournament is played I will enter. I think it would be very popular with everybody. The prizes in the tourney just finished were wonderful and the players really got some enjoyment out of it.

Start Final Red Cross Drive Push

"It is up to the men, women and children of Hereford and the rest of the county to get this Red Cross drive over with by the week end," 1950 Red Cross Drive Chairman W. J. "Dub" Reeves said Wednesday.

"Wednesday we had collected two-thirds of the total and the people have the responsibility of getting the rest in. Some may have to give again and others may have to give for the first time but we must get this drive finished," Reeves said.

"I ask for the cooperation of all the county to help by giving to the Red Cross now."

The Red Cross Drive has reached

ed the stage of needing a spurt of donations to complete their business for 1950 in Hereford as far as asking for help is concerned.

\$1,900 Short of Goal
Wednesday they had \$4,100—short about \$1,900 of their drive quota of \$6,050.

In spite of the dust, politics and the spring fever Mrs. Dyalitha Brady believes if Hereford will concentrate today, Friday and Saturday on becoming Red Cross conscious the thing will be finished by this week end.

If not, Mrs. Brady said the drive will keep on going until the goal is made.

She said tables will be placed in the banks and Post Office Saturday morning until they close at noon. If they haven't made it by then they will move into the stores or on the streets to get the job done.

Not Aware of Drive
But there seems to be no need to continue the thing beyond this week end because it is possible to raise \$1,900 by that time if the people of Hereford are conscious of the drive. It is the opinion of Mrs. Brady that Hereford hasn't actually become aware of Red Cross this year because of the other drives and donations asked for so far.

Judging by last year when Red Cross got their quota in the time here, the drive should have already been completed.

Mrs. Brady said simply that the money and spirit is in Hereford and she was going to do all that is possible to bring the drive to the attention of all. She said too many people here know the true value of Red Cross and can remember when Red Cross actually helped Deaf Smith County. Fall the drive now.

Walcott Voters Pass \$85,000 Bond Issue

Voters of Walcott Common School District voted in the \$85,000 proposed bond issue by an overwhelming margin when they overpowered to two separate voting places Saturday. The bonds will now be sold and the construction of a modern grade school will be the result.

Unless immediate steps are taken, however, it is doubtful that the new school will be ready for classes by next fall.

The bond issue which needed only a simple numerical superiority to become fact, carried by over a two-thirds majority, 57 for and 25 against.

Fire Department Has Busy Time This Week

Fire Chief Earl Phillips went to Hewitt's farm 14 miles southeast of Hereford Monday afternoon where a big barn at three large stacks of feed were consumed by fire.

The Fire Department didn't go to the fire.

Hereford firemen were too late to save two haystacks and a chicken house on Bill Cooper's place about a mile north of Hereford Monday. The alarm was turned in about 11 o'clock Monday morning.

A grass fire at Union and I Streets Monday caused no serious damage, according to answering firemen.

Sunday, a fire was extinguished at Hereford Hudson Company before any damage resulted.

Schools Are Out Friday Teachers Attend Meeting

Hereford schools will be dismissed and all Hereford teachers will join more than 2,500 other teachers and school administrators from 26 counties of the Panhandle at the annual Northwest Texas Conference for Education in Amarillo Friday, March 10, Hereford superintendent George Graham said Wednesday. The conference is sponsored by District IX, Texas State Teachers' Association.

The conference theme is "Education for More Complete Living."

Group Of Three Wins Third At Amarillo

Bill Kelly brought home the highest place ribbon from the Amarillo Stock Show this week. His group of three placed third in that class. One of the three also took a 14th place. His calf that placed third in the Hereford Junior Livestock show was fourth in its class at Amarillo.

Dwaine Walker's Grand champion from the Hereford show placed 8th in its class at Amarillo.

Others entered in the show included Bryce Kelly, Bud Minor, H. D. Robbins from Frío and Bob Campbell of Wildorado.

The Weather

Temperature readings for Sunday through Wednesday taken at 8 o'clock each morning.

Sunday—High 72, low 28.
Monday—High 74, low 40.
Tuesday—High 77, low 34.
Wednesday—High 49, low 18.
Total moisture for 1950—85.

Sheriff Can't Locate Two Firms In Hereford To Refund Their Money

Sheriff J. C. Reese has money in his office for two concerns which he can't locate. Those concerns are two of the 16 merchants who paid for advertising in a hotel directory which wasn't compiled.

Reese said he and the county attorney have a list of merchants sent by the solicitor which includes names and amounts of the advertising solicited. The refunds will be paid on the basis of his list regardless of whether the prospective advertisers have in their possession cancelled checks or receipts.

"United Motors" which appear on the list as paid \$36 and "Public Service Company" listed as paying \$60 are the two concerns which the Sheriff has been unable to contact.

He has already repaid some of the merchants and asks the others to come in and collect. He said he will repay by the list sent him.

Advertising worth \$832 was sold. The maximum collected was \$130 and the least collected was \$36. The solicitor sent a check for all the money payable to the Sheriff and County Attorney.

Business and Professional Women's Club will present their 5th annual style show in the Hotel Jim Hill Ballroom March 20, according to Mrs. Cecil Williams, chairman. Tickets will be \$1 per person and pie and coffee will be served.

That good dollar day Monday took the bite out of this and made it just a joke, but Monk Johnson ambled across the street Tuesday and addressed Johnny Pool, "say Johnny, do you believe there is a hell?" To which Johnny replied, "Well, yes, guess so." "Well if there isn't I would like to know where business has gone" quipped Monk.

Elmer Mathis, manager of Deaf Smith County hospital, Opal Garrison, secretary and Pearl West, head nurse, are attending a hospital convention in Galveston this week. They left Monday and will return Friday.

Robert Thompson, Dub Reeves and Jerry Stoltz went to the Amarillo Toastmaster's club meeting Tuesday night to investigate chances of organizing such a club in Hereford.

Champions Say Luck Means More Than Skill

"The cards you draw mean more than skill in winning at Canasta," according to Mr. and Mrs. Ernest Wade, "March of Dimes" Canasta tournament champions.

The champs, who played 14 games in six matches, only two more than the bare minimum of 12 straight, agreed that they feel mighty lucky to have come out on top. They added that they don't believe three games gives a fair test of skill, which is one reason they attribute their success to lucky drawing of cards.

Under the circumstances, though, they feel three games were enough for matches in a tournament like this. Mrs. Wade

in particular, said she was pretty tired after five weeks of Canasta.

She said their boosters helped them win, too, by keeping their moral up. Every morning after a match the previous night they would receive several phone calls from friends wanting to know how they came out.

Funniest point (if you look at it that way) in the tournament was the time they had all four red treys and couldn't get on the board. They lost 800 points plus what they had in their hands.

Most distressing point was against Wayne Stark and Kenneth Mayes in the first game during the finals. They really

took a shellacking, but like Mrs. Wade says, "the cards changed and we were lucky."

Had Lots of Fun
Incidentally, they enjoyed the tournament throughout. All of their opponents were considerate and it was just clean fun. The Wades gave one of their \$25 U. S. Savings Bonds to the March of Dimes and the other to another such fund.

Tournament play is more interesting because everyone plays closer to the rules and pays more attention to their cards, was the opinion of the champs.

They wouldn't mind playing in another tournament, but not right now. Several of their

friends have said they wished they had entered this tournament and that they would enter the next one, which leads you to believe another tournament would be much larger.

The Wades are suffering one of the consequences of winning. Several friends have challenged them to friendly matches.

No Style of Play
As far as a style of play goes the champs merely met the situation as it arose, although they don't go much for freezing the pile. Actually they found their opponents freezing more often than they did. The viewpoint they hold on this is that you stand to lose more, more often,

Lions Club Hears Famous Doctor Talk On Leprosy

Dr. E. R. Kellersberger, internationally known for his work with leprosy, spoke to the Hereford Lions Club Wednesday at the regular noon luncheon which was held in Hotel Jim Hill banquet room for the first time.

Dr. Kellersberger is general secretary of American Leprosy Missions, Inc., and has spent most of his life as a medical missionary working for mankind. He spoke to the Lions on his work and how leprosy is cured and the fact that it can definitely be cured.

Several guests were present for the meeting.

IT'S TEXAS, NOT TIMES SQUARE—The lights of a new lubricant refinery at Beaumont, Tex., blaze in the night. These bright lamps are in the plant's phenol unit where petroleum is treated to free high-quality oils by dissolving low-quality oil.

Hereford Bull

By "MIE GILLENTE"

Little Larry Domino has lost his tail. Sure enough, word came back from New York this week that the now famous Hereford Bull is a bob-tail. J. Evetts Haley, who sailed last week for Europe, spent several days back in Bronxville and reported back on the incident. Bill Lawrence also wrote back to the Chamber of Commerce and added as a post script:

"Larry is doing beautifully except for the unfortunate loss of his tail, which I believe upset us more than him."

Bob Higgins told me right after we got back that this would happen. They discovered that Larry's tail was broken when they loaded him on the plane in Amarillo and Bob says they pretty near always lose them in cases like this. He also said that Larry will be a bob-tail the remainder of his life. That's too bad. Evetts said that the Lawrences were planning to enter Larry in a calf show, up in Connecticut, but when the tail came off they had to drop all plans.

No one seems to know the true story. Some figure the boys ranch kids twisted the tail too hard, but Ezra Norton says this is an impossibility. Ezra figures the bull was flung stoutly against the box or hurt in loading. Guess no one will ever know the real truth about this broken-tail business. Mr. Lawrence also said that the Hereford House seems "rather dead" following departure of the Texas delegation—all of which I can understand.

George Graham is just back from the National Educator's meeting in New Jersey. Said he was talking with the superintendent of schools in New York and that the superintendent was interested in the little bull. He remembered the Hereford delegation only as a means of bringing Larry to New York. Larry is really famous and it is really too bad that his tail had to come off.

There is a story in the paper about George Graham's trip to the board walks in Jersey City—except I can't understand why anyone would want to go to Jersey City in the winter time. Anyway, he said one of the popular stories making the rounds was about an old Panhandle boy who took a boat trip. Out a few miles, the old boy saw gulls flying all around and remarked to an old Salt:

"Boy, them sure is pretty pigeons."
"Them ain't pigeons," replied the Old Salt, "them's gulls."
A few more miles and the old Panhandle boy again remarked about the pretty pigeons—only to be corrected again by the Old Salt. Still a few more miles and again the Panhandle boy said:

"Yes, Sir. Them's the prettiest pigeons I ever saw."
A little peeved this time, the Old Salt again corrected him:
"I told ya twice, fella. Them's gulls, and I do mean them's gulls."
"Oh, well," replied the old boy from the Panhandle. "Boys or gulls, who cares! I still say: Them's mighty pretty pigeons."

Marshall Formby is back in town this week after launching the radio station at Snyder (KSNY) on the air. He says all of the stories you hear about Snyder and the big oil boom

there are absolutely true. Says that more than 9,000 people are living in the town in trailer houses. This is from actual survey counts, according to Marshall, who says—everything around there is one big, big boom. He plans to take a trip into Georgia with Mrs. Formby and his parents, also a side trip with them into Washington, D. C. A lot of people are trying to get Marshall, a former Texas state Senator, to run for the vacancy in the 18th Congressional district, created through recent appointment of Gene Worley to a federal judgeship. Marshall hasn't made up his mind completely, but does not feel much like running. He likes politics, but says he isn't well enough known in this district, having spent most of his life in the Spur-Lubbock - Plainview district.

Also hear that Bob Thompson is being solicited to run. However, I doubt if he will make the race. It costs an awful lot of money to make a good race for Congress, probably \$12,000 to \$20,000. In addition, it kills a lot of time for all concerned—including the fellow townsmen in a smaller community. Furthermore, there is always the probability of losing. I am predicting at least 12 candidates in the current race for Congress; maybe more, maybe less. Anyway, you can figure that there will be more than the four already announced. People should listen to these candidates and ask a lot of questions and do some serious thinking before they vote. It is a most important job—especially with the present socialistic trend in the United States.

It is truly remarkable how Mr. and Mrs. Ernest Wade went through the Canasta tournament without losing a single game. Getting through the preliminaries, semi-finals and finals without a single loss was, of course, tough. However, the last three teams played the finals off Round Robin fashion, each team being required to defeat the other two. Bang, bang! Only two sessions and the Wades came out winners. Wonder how many consecutive wins they made? Anyway, it is really unusual to take this many straight victories. Next time we will probably give a prize for anyone who never played Canasta. Boy, that game is spreading. Heard about two couples who got to playing last Saturday night—and never did go to bed.

Met a fellow the other day who is trying to establish a canned milk deal right here in Hereford. He says they now have a process whereby they can whole milk and keep it indefinitely. Says it is cheaper than putting it in paper cartons and much, much more practical—for scores of reasons. He says sea-going vessels, fishermen, hunters, ranchers, oil camp workers and many others who have to use condensed milk are potential customers, in addition to the ordinary family consumers. Several people tell me that articles in magazines have already covered the process, which is thought to be practical. This old boy was at the Chamber of Commerce office now located in the new hotel. If you are interested be sure and see Mr. Cowart. Also hear

another canning plant may come into Hereford.
This town is just starting to grow. It will double in size again within the next ten years. Just wait and see.

Dawn Study Club Starts Petition

Mrs. N. R. Miller was hostess for the Dawn Study Club Tuesday, March 7. As a part of the club's civic project, a petition was started to secure a signal light at a dangerous railroad crossing in Dawn.
Mrs. Wesley Cox was welcomed as a new member of the club.
Mrs. Zed Stewart told of the life of a Texas author, Grace Noel Crowell. She read three poems by Mrs. Crowell, "Planting Roses," "A Prayer for Women," and "Aprons."
Mrs. A. T. Frye gave a talk from the book, "Texas Talk" by John A. Lomax.
She told the stories about the songs, "Bury Me Not On The Lone Prairie," "A Cowboy's Dream," "Chisholm Trail" (with its 29 verses) and the oldest one, "Home On The Range" which dates from 1887.
As Mrs. Frye finished each story, Mrs. Carl Wimberley played the music on the piano.
The group sang out state song, "Texas, Our Texas."
Refreshments were served to Mrs. Lloyd Alhart, Mrs. Ernest May, Mrs. David Rogers, Mrs. Floyd Walton, Mrs. Alfred May, Mrs. Zed Stewart, Mrs. H. V. McCabe, Mrs. Carl Wimberley, Mrs. A. T. Frye and Mrs. N. R. Miller.

Earle Meadows visits Sister In Hereford
Earle Meadows, famous Olympic champion, visited his sister Mrs. H. G. Scarbrough last week end.
While in Hereford Meadows remarked on the fact that Hereford is one of the cleanest towns he has visited, according to Mrs. Scarbrough.
She said he was also impressed by the co-operative work the Lions Club and Jaycees have been doing in regards to Civic Recreation for the betterment of Hereford.
The latter statement is noteworthy since Meadows was just recently appointed recreation consultant for the State Youth Development Council.
A Paschal High School of Ft. Worth product, Meadows vaulted to fame in High School and at the University of Southern California before going on to set a world record of 14 feet, 3 1/4 inches in Berlin at the 1936 Olympics.

Sadie Lee Oliver 4-H Meets At Townsends
The Sadie Lee Oliver 4-H Club met March 2 in the home of Patsy Townsend, club president.
In preparation for the Style Show in May, Miss Mahaffey gave a demonstration on placing patterns on material and sewing needs to be put in sewing box.
Members present were Helen Dulles, Mary Lynn Morrison, Ann Wagoner, Gayle Wagoner, Lillian DPager and the hostess, Patsy Townsend.
Leaders and mothers present were Mrs. Clarence Morrison, Mrs. Drager and Mrs. Townsend. The 4-H Agent, Miss Doris Mahaffey, also attended.

SCOTTISH RITE HOSPITAL OFFICERS—Recently elected officers of the Texas Scottish Rite Hospital for Crippled Children in Dallas discuss the plans for the coming year. From left to right are Asher Mintz, secretary; Dr. A. L. Frew, second vice-president; James R. Temple, third vice-president; George R. Jordan, treasurer; Judge Towne Young, president; and William H. Duls, first vice-president. Not shown: Nathan Adams, chairman of the board. New trustees include W. A. Browning, Dallas; Galloway Calhoun, Tyler; W. Steve Cooke, Fort Worth; John L. DeGrazier, Dallas; E. B. Germany, Dallas; Frank C. Jones, Houston; P. D. Mathis, San Antonio; Clifton Linz, Dallas; William G. Lyons, Galveston; Dr. E. P. Miller, El Paso; George I. Plummer, Dallas; Dr. A. A. Ross, Lockhart; Dr. Davis Spangler, Dallas; and W. Henry Watson, Dallas. Reappointed chief surgeon and hospital superintendent respectively were Dr. Brandon Garrell and Mrs. Irmadine Mitchell. Assistant chief surgeons are Dr. H. H. Beckering and Dr. D. K. Barnes. Mrs. Alma Power and Mrs. Ura Prewitt are assistant superintendents. The hospital receives much of its support from the generosity of friends throughout the state.

LONLEY LEOPARD DIES FRUSTRATED

Just Doin' What He Thought Was Right

By JOHN SCOTT
Well the leopard which escaped from the Oklahoma City zoo has been dead almost a week now. He captured the hearts of every Oklahoma citizen, and a lot of other people too, in his dash for freedom and then his return to death.

back in the zoo he fought so much to get out of. He could have eaten "out" someplace, without going back and getting himself all caught up with like that.

Yes, he walked the steps a lot of us humans do every now and then. He had the urge to get out of the normal line of his "humanity" and live alone. That own humanity of his was his death. He found out too late that he couldn't live alone and like it. He realized that while he suddenly had the urge to be an individualist it is impossible to live the lone wolf role and be happy.

Hermits never grow. He came back because he wanted his mate and he was hungry. He rationalized that hunger was his motive but he wasn't kidding himself out of the fact that he missed the captivity of civilized domestic life and routine and at the same time hated it.

He came upon one great problem he couldn't evade and had to figure out for himself.

A lot of people are like that. They keep evading problem after problem all their lives, until one day they come face to face with one that can't be evaded.

They either have to figure it out or have someone else figure it out. Those are the two roads open. One leads to a new independence and realization and the other leads to a corrective institution.

The former leads to the return of civilized captivity like the leopard took. Supposedly it is happiness but above all it is respectable routine.

So the leopard gave up obvious freedom to get back into captive routine. He didn't even know about that thousand Okies with guns were out after him. The

You like coffee? ...really good coffee?

THEN YOU'LL PREFER **WHITE SWAN** finer coffee!

So Rich • So Mellow • So Fragrant

only thing he knew was that he had traded his love and a routine for his freedom with no strings — and nobody's worries about him.

He made a bad trade and wretched. He came back, rationalizing all the way, and the dope which killed him was not meant to be.

Death comes lots of times when people get mixed up and straightened out all of a sudden only to have it all happen in vain.

Dr. Barnett Attends Meeting in Dallas

Dr. L. B. Barnett will represent Hereford Clinic at the Southern Clinical Society March 13 through 16 in Dallas.

Dr. Barnett will, along with other Texas physicians, learn first hand the details of many new developments in specialized fields during the 4-day meeting. Twelve outstanding medical authorities from many states will speak at the sessions of the assembly and will take part in clinical and pathological conferences.

One of the high points of the assembly will be a meeting Monday evening in the Crystal Ball Room, Baker Hotel, which will be open to the public. Guest speakers will be Dr. Ernest E. Irons, President of the American Medical Association, who will speak on "Medicine and Freedom." Governor Allan Shivers has also been invited to speak at that time on the future of American Medicine.

Dr. Barnett will probably leave for Dallas Sunday.

Church Notes

od in each of the departments.

Mrs. Roberta Dyer's class has taken the project of furnishing another nursery for young parents during the Sunday School hour. Any one having baby beds and bassinets which they are willing to donate are asked to contact Mrs. Dyer.

Attending a World Fellowship meet in Childress Saturday from Hereford will be about 25 or 30 young people.

Today the Business Women's Group of the Woman's Council will meet in the home of Mrs. Jim Robinson. Devotional leader will be Mrs. L. Z. Oldham and study leader will be Mrs. A. M. Jones.

Sunday, the First Christian Week of Compassion Offering will be received at the Sunday School hour.

Members of the CYF will have charge of the Sunday evening service.

FIRST BAPTIST Brotherhood had their regular meeting Tuesday evening in the banquet room of the church. All men are invited to attend the Brotherhood meetings by Jack Kirksey, president. Program chairman is Owen Stagner.

First Baptist Revival will begin April 9 and last through the 23. Every Baptist church west of the Mississippi River is trying to have to have a Revival at the same time.

Ceramic Art Club Elects Officers

Officers were elected at the regular meeting of the Hereford Ceramic Art Club Saturday afternoon when a meeting was held in the home of Mrs. A. Peterson.

Included in the new list of officers are Mrs. W. S. Flutt, president (re-elected); Mrs. A. Petersen, vice-president (re-elected); Mrs. Loyd Niell, secretary and Mrs. Ed Cox, treasurer (re-elected).

During the business session plans for club activities were outlined and members voted to feature demonstrations of work in the meetings and to sponsor class work.

Those present were Mesdames W. S. Flutt, Jeff Gilbreath, Vivian Major, Loyd Niell, Bob Wear, John Robinson, V. E. Dodson, Hardy, Bonnie Brumley, Forrest Munson, R. C. Childers, O. H. Culpepper and the hostess.

SAINT ANTHONY'S churchmen in keeping with the Lenten season, observed last Sunday as a retreat day. The retreat was sponsored by the Knights of Columbus. The observance started at noon and closed at six o'clock. A series of talks were given by Father Colman. Silence was observed during the entire period.

The ladies of the Parish will have their retreat day Sunday, March 12. Father Colman will also preach at this retreat.

Mr. Glenn Valentine of radio station KPAN will be married Sunday evening in St. Anthony's Church to Miss Marie Faskin, a newcomer to Hereford, arriving from England this week. Mr. Valentine is a native of Amarillo.

Lenten devotions are being held in St. Anthony's Church on Sunday evenings at 7:30. Holy Hour is observed each Thursday from 8 till 9 p. m.

Plans have been completed for the Saint Patrick's night dance to be held in Hotel Jim Hill ball room on Friday, March 17. The affair is being sponsored by St. Anthony's Guild. Proceeds will go to the building fund for the new St. Anthony's Church.

"The Great Commandment" is the subject of the radio series being preached by Father Colman on Sunday evenings of March at 6:15 over KPAN. The program, "Faith of Our Father's Hour" is sponsored by local Knights of Columbus.

IMMANUEL LUTHERAN

Church Sunday morning services are 11:30 and Sunday School are Bible Class meet at 10:30.

The Fourth Lenten services will be held Wednesday night, March 15. Jesus's fourth word from the cross, "My God, My God, Why Hast Thou Forsaken Me," will be the sermon theme. The Junior Choir will sing.

Members of the Ladies Aid will meet Wednesday afternoon in the Church at 2:30.

The Sunday School teachers will meet at 1:45.

CHRISTIAN SCIENCE services will be at the usual time Sunday morning at 11 o'clock in the Star Theatre. The subject of the Lesson-Sermon is "Substance." The Golden Text is from Es-

saiaias, 3:14 and is follows: "I know that whatsoever God doeth, it shall be forever: Nothing can be put to it nor anything taken from it."

FIRST METHODIST had a Missionary meeting in the church yesterday. Dr. and Mrs. Kellensberger, he is secretary of Leprosy Mission, were present. The meeting was open to the public and luncheon was served.

Beginning Sunday morning, March 12, the church is going to have a class for Primary and Juniors who are not church members. It will be taught by the pastor who will tell them what it means to be a church member. It will be continued through Sunday the 19, 26 and at 4 p. m. the 30 and 31.

On March 20 through 24 there will be an Adult Training class for the adult Sunday School workers.

SEVENTH DAY ADVENTIST

will hold regular services in the church located at Third and Lawton Saturday.

Sabbath School services are at 10 o'clock. The lessons for this quarter have been made from our Lord's prayer.

"Jesus gives them (His disciples) no new form of prayer. That which he has before taught them, He repeats as if he would say: 'You need to understand what I have already given. It has a depth of meaning you have not yet fathomed.'" — Thoughts from the Mount of Blessings, page 152.

Lesson for Saturday, March 11, will be "Lead us Not Into Temptation."

Elder G. A. LaGrone of Amarillo will have charge of the 11 o'clock hour.

FIRST CHRISTIAN Church is starting a Pastor's Class next Sunday morning for all boys and girls from Junior Department up who are not church members. It will teach the meaning of belonging to the church. The class will be conducted at the regular Sunday School hour and will meet in the room where the High School used to meet. The class will begin each morning after the opening devotional period

Another Service For Your Convenience

We have qualified and have been approved by The Federal

Reserve Bank as "Depository For Federal Taxes." Under this auth-

ority we can accept your deposits for withheld and Social

Security Taxes issuing you a Federal Depository Receipt for same

and then we will remit to The Federal Reserve Bank. This will save

you the time and trouble of remitting these withheld Social Se-

curity taxes direct as you have in the past. Forms for this purpose

are available here and can be furnished you when requested. An

authorized form of receipt will be given each time a deposit is

made if desired by you. We hope you will take advantage of this

service.

YOU WERE YOUNG ONCE TOO

Yo-Yo Craze Hits Hereford

By JOHN SCOTT
 You don't know where to find them? They've got just about 13 at one of the Main Street variety stores. That was the only place with a "supply" on hand Tuesday.

Down at Caves they have sold 12 gross so far and are fretting because those on order haven't come in. For 33 cents you can get the most modern, jet-propelled yo-yo on the market. Of course you can buy the smaller models for a dime.

What do the kids see in the little top attached to a string? They see several things. For example, one said he can "walk the dog," "go around the world," and just flip it straight out and catch it on the re-bound and flip it out again without ever stopping as many as 10 or 15 times.

That is pretty good. And that is what the kids see in the thing. They can feel the thing going round so fast and still be within their control, perfectly—if they're good.

Those two experts at Caves didn't hurt the sales much when they left the kids goggle-eyed at their antics. They were here when the Junior Livestock Show was going on. That day of the parade every place in town sold out of yo-yos.

At Halle Drug Store they're sold out now as they have been almost constantly since the fad hit. The cashier there said they could sell "jillions" if they only had them. Convert "jillions" to 35 cents each and you've got a business.

But how can the merchants keep on selling gross after gross and still keep selling them? It seems that pretty soon every person in Hereford will have a yo-yo in his pocket, let alone just the kids.

They face the heart-break of breaking the string or breaking the actual yo-yo. When that happens all the world stops for the yo-yoing youngster. They might as well quit living. All they can do is go back down and give 35 cents for another.

In case you don't know how to operate a yo-yo and have been holding up on buying one on account of that, they have put out a directive with complete instructions on the care and use and operation of yo-yos.

But they are sold out of the directives, too, so you will have to wait a little longer on that. The lucky ones who bought when the buying was good are having lots of fun with them. You see them at church, movies, on the streets and in schools.

Mothers are probably the only ones not having fun with them because the kids and merchants are tickled pink. Wonder how many window panes and light bulbs and dishes have been made not to be by a yo-yo. Any complaints—mothers!

One New

(Continued from Page 1)

by Mrs. Ed Cox, Walter Seed presented Bob Cat pins to Danny Chisholm and Darrell Carroll. A skit was presented by Mrs. Homer Brumley's den.

Wolf awards were given out by Coy Patton who presented the badge to John Gerald Carroll and Arrow Points to Lloyd Burks, Rondel Davidson and Steve Slagle. Bear awards were presented to Jerry Luck and Rondel Davidson with Arrow Points to Jerry Luck and Archie Scott.

Jason Luck presented Lion Award and Arrow Points to Wheeler Sears. Service stars were awarded to Glenn Ray Reeves, Mrs. Worth Covington and Mrs. Walter Sears.

The banner, won by Hereford at the recent Annual Area Ban-

quet in Amarillo recently with 52 leaders attending, was displayed and John Hicks announced regular Sunday afternoon practice at 2:30 p. m. for the annual palaver which will be held in May in Amarillo. Mrs. Jason's den presented a stunt on famous Americans and in conclusion Mrs. Don Davidson gave a prayer.

SCS NEWS

Farmers Anxious About Wheat Crop; Chancing Green Bugs and Watering

Many farmers are becoming concerned over how to beat the drought and the green bugs and make a wheat crop in 1950. Some claim the watering increases the bugs and makes them more active. Others will tell you that with sufficient moisture the wheat can and will out-grow the bugs. Apparently watering makes the ground cooler which seems to be more favorable to the growth and activity of these sucking insects, which incidentally are nothing more than the common garden variety of APHIS. Anyway, people continue to pour on the water. As Mr. M. A. Cone put it, "I figured that my wheat won't make anything without the water, so I might as well irrigate it and take a chance on the green bugs."

During the last two weeks graded contour ditch lines for wheat irrigation have been laid out on the farms of John Hickman, Woodrow Inman, Buck Parsons, Herbert Haseloff, Archie Love, D. W. Finlan, J. B. Caraway and Paul Corbett. In addition, contour lines for chiseling and preparation for seeding have been run on 1,200 acres for Jack Nelson and Luce on the old Robert Draper farm and 320 acres for Hoffer and Yonchim. Topographic, or elevation maps, in preparation for complete irrigation systems have been made for Baker Womble, Benny Womble, Alfred Smith, and Doyle Hendrickson and part of the Alton Fraser farm.

Diversions were mapped and laid out for Ira Scott and Leo Gallegher. Dam sites were also located and mapped for Scott and Gallegher and preliminary plans completed for building such dams to impound stock water.

The Deaf Smith County heavy equipment continues on land leveling work to prepare land for better irrigation. Land has been leveled for Gene Albracht, Cyril Albracht, Wirt Albracht, Harry Schulz, William Wulff, R. F. Day, Ira Scott, Troyce Carmichael and Jack Bradley. Mr. Bradley is also planning on building diversion terraces on three different farms, southeast

of Wyche. At a recent meeting of the Supervisors of the Deaf Smith County Conservation District, with Mel Stewart, Wiley Robertson, Phillip Miller, and Ira Ott being present, complete conservation agreements with the following men were approved: C. D. Goldsmith, Harold Barclay and Parker, Joe G. Story, Chas. E. Hood, Stewart Condron, Jr., Harry E. Caylor, W. A. Helton, R. F. Day, and Jack Bradley-T. R. Carmichael.

Applications for conservation work were approved for: Joe Story, Harry Schulz, Harry E. Caylor, V. O. Hennan, Charles E. Hood, John M. Pierce, B. E. Parker, Wm. A. Carter, Harrison and Ordway, Hoyt and Anderson, R. F. Day, C. R. Walsler, Glenn Allred, Brian Fowler, W. A. Helton, R. L. Simpson, Jack Fambrough, D. W. Finlan, C. B. Womble, Benny L. Womble, and Alfred Smith.

PMA Announces Rates For Premeasurement Of Cotton Acreage

P.M.A. announced rates of charge for premeasurement service for 1950 cotton acreage this week, according to Faust Collier, Deaf Smith PMA secretary.

Maximum rate will be \$6 per farm plus \$1.25 for each plot to be planted to cotton, plus 3c for each acre in the allotment.

Collier also stressed the point that it will be possible for farmers to make adjustments to this allotment after the measurement if it is necessary.

Personals

John Hickman accompanied Buddy Sowell and Cecil Gunter on a fishing trip to Mexico and the three returned Saturday reporting good fishing.

Mr. and Mrs. Ed. Nation and daughter, Susie, of Wellington, Kansas visited Mr. and Mrs. J. Wallace Robinson Monday night.

"TRAVELERS IN EUROPE ENJOY PLEASURE PLUS, BECAUSE WINTER IS THE HEIGHT OF THE SEASON THERE, WITH THEATRES, MUSEUMS, AND UNIVERSITIES OPEN AND SOCIAL LIFE IN FULL SWING." "THE FAMOUS CASINO AT MONTE CARLO ATTRACTS THOUSANDS OF AMERICANS EVERY WINTER. BUILT ON A HUGE HILL ACROSS FROM THE BEAUTIFUL ROCK OF MONACO, THE CASINO PROVIDES A SNEEPIING VIEW OF THE BLUE MEDITERRANEAN BELOW."

Governor Shivers Lauds Work of Special Session

Governor Allan Shivers, reporting to the people of Texas on work of the special session of the Legislature which ended last week, declared that the purpose for which the session was called had been fully accomplished.

The session was convened to raise money to operate the state hospital system during the next fiscal year and to finance a long-range building program for the institutions included in the system. The Governor reported that the Legislature made \$21,000,000 available for operating the system and established a building fund of \$5,000,000 a year for seven years.

"As a result of this progressive step," Gov. Shivers said, "our state hospitals will be places where sick people can be brought back to mental and physical health - rather than unsafe, unsanitary places of confinement where they exist without much comfort and without much hope of a permanent cure."

Thus the 51st Legislature, already distinguished as a Legislature that has attempted to give Texas one of the finest school systems in the United States; that was the first Legislature to provide for a system of rural roads, and a Legislature that made a long step toward the control of juvenile delinquency, has now crowned its record with this humanitarian legislation of

Money to finance the program will be raised through an increase of one cent per package in the cigarette tax and in slightly increased levies on beer, wine, whiskey, natural resources, public utilities, insurance companies and other items included in a tax bill passed in 1941.

The purpose for which the lawmakers were summoned was carried out in the first 24 days of the session, the Governor said. The remainder of the 30-day session was devoted to passage of other emergency legislation.

"These additional acts mean," Gov Shivers pointed out, "that from now on we will be protected by more stringent and comprehensive laws against sex crimes; that telephone service will be easier to secure in the rural areas of the state; that the search for a cure for cancer will be accelerated at the M. D. Anderson Hospital in Houston; that our battle against federal control of our tidelands will continue unabated, and that the legal status of many newly created or consolidated public school districts over the state has been established."

The Governor declared that the session's record provides "conclusive proof" that business methods will work in government.

"The success of this session is a tribute to the business approach to governmental problems," he said.

He explained that the accomplishments were made possible, first, by vision: "A grasp of the problem and a conception of the solution"; second, by orderly planning, participated in by a wide segment of the state's population, and, third, by "the cooperative action of the Legislature, the administration, the State Hospital Board and all the individuals, groups and organizations that had interested themselves in the program."

Governor Shivers said this formula was submitted to the people of Texas "as a sound basis for present and future operation of our state government."

For many years, the Army, Navy and Air Force have relied upon attaches to our diplomatic staffs throughout the world to keep them informed as to developments in foreign countries.

We have no way of knowing how many of these officers are on duty abroad, but Secretary of Defense Louis Johnson has just cut off 276, ordering them to come home.

It may be that the action of the Secretary of Defense is entirely warranted and that the officers concerned can be of greater service to the nation at home than abroad. It might be, on the other hand, that the Secretary's determination to "economize" may be the main reason behind the move. If this is true, it is unfortunate because the intelligent defense of this nation requires the fullest information that can be obtained from foreign countries. If economy is to be the guiding principle

behind our defense establishment, this nation is in a bad way.

Silly, Anonymous Complaint A newspaper writer quotes the "chief of one vital defense bureau" as complaining that, while charged with the procurement and maintenance of adequate weapons, etc., to meet a national emergency, nobody tells him "even vaguely" how soon an emergency can be expected.

This is as silly a complaint as we have heard from even an anonymous official. How can any government official of the United States advise any other official, with any degree of accuracy, whether a national emergency will come in five, ten or more years?

There may be as the anonymous official says, matters connected with our defense setup which could be better handled if those in charge knew when the next war would come. The only way to figure this out is to read the minds of those who conduct the affairs of other nations and so far as we know,

no secret service agent has been able to accomplish this task.

Mr. and Mrs. Marshall Formby, former Hereford residents, were in Lubbock Sunday and Monday and Tuesday transacting business. They stayed at Hotel Jim Hill.

George Brumley, who with Mrs. Brumley spent the past few weeks in vacation spots in south Texas, is home looking after business interests. He will return to Dallas for Mrs. Brumley who is visiting their daughter.

J. W. Robinson, Jr. attended a Life Underwriter's luncheon meeting at the Herring Hotel in Amarillo Saturday.

Diggin' Divots

Ladder activity during the week found John Channer climbing from fourth to second place, with J. M. Posey now in third and Deward Roberson dropped back from second to fourth. The way it happened was Posey beat Roberson, which just switched second and third places, then Channer challenged Posey from fourth and beat him.

Will Graham, Grant Fuller and Cliff Estes all three challenged Dick Lucas for his next to the bottom spot on the ladder, but he managed to withstand the attack and is still solidly in 24th place.

Dub Reeves and Art Manjeot shot 69's in the first Ball sweepstakes of the year to win two balls each Sunday. Reeves had a 97 with 28 strokes handicap and Manjeot had a 99 and 39 strokes.

Other winners included O w e n Jacks with 94-23, 71; U r l i n Streu 86-13, 73; John Channer 83-9, 74; H. L. Owens 90-16, 74; Dale Tinnin, 99-25, 74.

The rest of Sunday's contestants had: Ted Young 92-4, 88; Loyd Nell 95-20, 75; W. W. Gilbreath, 92-18, 80; J. M. Posey 87-9, 78; Don Martin 88-9, 79; Mutt Wheeler 102-24, 78; Carol Whiteside 100-19, 81; J u n i o r Rothwell 96-14, 82; Bruce Woodell 96-21, 75; Frank Latimer 95-20, 75 and Joe Butler 95-16, 79.

Sunday was a pretty good day with 55 players out, 38 of them paying green fees.

Dave Beavers played the most golf during the day... 36 holes. Art Manjeot was the most pleased when he came in with a 44 on the front nine. The back nine dampened his enthusiasm slightly but didn't kill it, he had a 44 then a 55.

John Renner lost a six iron on the course Sunday that hadn't been turned in Monday. If anyone finds it turn it in the Pro shop.

Mrs. U r l i n Streu shot a 56 Saturday afternoon while U r l i n shot a very neat 38.

GOLF ETIQUETTE TIPS—If you are playing in a slow foursome or with a slow match that is holding up players behind you, wave them through. When you allow them to go through let

them get out of range before you start shooting.

Allowing the bunch behind you to shoot their teeshots on the short three par holes will help speed up the game, too. Before you putt, let them shoot and then by the time you've hit your second shot on the next hole they'll be ready to drive again.

Get in the Sweepstakes for a lot of fun and be sure and start turning in score cards for your correct handicaps.

Graham - H o e h e won the Plains AAU basketball tournament with a lucky shot and two points over the YMCA All-Stars. Hereford Jaycees lost to the All-Stars by just four points once during the season.

COMMENT ON SPORTS

By ED SIMS

If you want to make money, don't be the best golfer in the country. Be the best tennis player. That also goes for baseball and football—don't try them, because tennis is your sport. Jack Kramer, king of the pros, and Pancho Gonzales, who aspires to that title these days, are proving the point. Basketball? That's a laugh. The best ones in the pro leagues are stick-in-the-muds (Continued on Page 5)

ONE MINUTE SPORTS QUIZ

1. What's Joe Louis' latest on coming out of retirement?
 2. How many strokes did Snead beat Hogan in the Los Angeles playoff?
 3. How large was the salary cut taken by Bob Feller this year?
 4. How many teams are in the pro football league this year?
 5. Who is leading in the current Kramer-Gonzales tennis feud?
- The Answers:
1. Louis said he wouldn't come out of retirement for anybody.
 2. Four strokes.
 3. Estimated at \$20,000.
 4. Thirteen—one is idle each Sunday.
 5. Kramer is ahead by more than 3-1.

Dory Funk Tackles Murdock In Bull Barn Saturday Nite

Dory Funk is coming to town again! Fresh from humbling Whitey Walberg in Amarillo last week, Funk is out to leave no doubt in Dory Detton's mind that he is a worthy challenger for champ Wayne Martin.

Funk is slated to go against Frankie Murdock in a two out of three falls hour thriller main event Saturday night in the Bull Barn. He is now open for a re-

turn-bout with Martin by virtue of his humbling Walberg last week but if he should happen to slip against Murdock Saturday it is doubtful if he lays hands on Martin until he goes up the ladder again.

Murdock is no novice. He drubbed Buck Weaver with a Python hold last Saturday night in the third fall of their two out of three. Murdock won the first and last falls with Weaver taking only the second when he backed into Murdock with a Hoosier Bulldog.

The Dory Funk - Frankie Murdock bout will be good and bloody if Funk is up to par as he usually is. It was Funk, you remember, who left Martin cut, bloody and dried a few weeks ago

here. Funk lost along with a Dimmitt lady-fan in the stands who passed out at the first sight of blood.

The time is 8:30 sharp in the Bull Barn Saturday night.

The second bout is between Buck Weaver and Billy Weidner in a one-hour, best two out of three fall fight.

In the other bout last Saturday, Gorillo Poggi had to fight Johnny James when Joe Miller didn't show.

Johnny won the first fall with a Double-Crab in 18 minutes. Poggi won the next within 12 minutes with an Inside-Step-Over-Toe Hold.

Johnny capped the bout in 22 more minutes with no trouble at all.

AFTER "SWIM THRONE"—Helen Hagen, a model from Morristown, N. J., has been chosen to represent New Jersey in the national finals in June when the "Swim for Health" Queens will be chosen for 1950. Selection of Miss Hagen was made at Hotel St. George in Brooklyn, N. Y.

Second-Guessing
By JERRY STOLTZ

Joe Smith says it looks like there will be American Legion Junior Baseball here again this summer but nothing definite has been worked out or announced.

Hereford High would really have had a baseball team this spring if they had chosen to play... understand Dalhart is fielding a nine. The weather isn't much for spring baseball in this part of the state, but it is too bad the boys don't get an early start for the Legion ball coming up later on. Take Lubbock for example.

The team that knocked Hereford out of the Legion playoffs last year was principally composed of boys from the Lubbock High team, and anyone who saw them play will readily admit they looked mighty good. But they had been playing three months longer than the Hereford team during just that one summer.

Panhandle - South Plains Class A teams have proven their ability this year. Littlefield annexed the football championship and now the Canyon Eagles gallop through the basketball tournament without much trouble.

V. T. Smith, ex-Abilene Christian flash proves again that you don't have to come from a big college to make good in pro football. V. T., a bunch of you probably saw him while he was still

in college, led the National Football league in returning punts. He took 27 of them back for 247 yards, or an average of 15.8. He went as electrifying 85 yards with another and returned one all the way.

"Vitamin T" also romped with kick-offs in his first year as a pro. He averaged returning them 18.1 yards and on just plays from scrimmage he picked up 112 yards in 40 tries, scoring twice.

Looks like the new bowling alley (which doesn't have a name yet) will open Friday or Saturday. J. V. Campbell is installing the allies and will manage them.

He got the standard Brunswick allies in Portales and they are in good shape. He took all of the balls to Oklahoma City Tuesday to get them sanded.

They've got automatic pin setters and a thoroughly modern plant.

Plans are to get some leagues organized pretty quick. I think we have two teams here at the Brand.

People, like boats, 'oot loudest when they're in a fog.

DEAD-EYE FROM DEAF SMITH

Even The Best Can Miss A Little On A Wing Shot

The February Cattleman's magazine had a chuck wagon yarn that happened in Deaf Smith County. In Swift's Feeds advertisement, it read—

In Texas, the wind blows hard and tricky. But it's blown that way for so long that people, nowadays, just don't pay it much mind. Take Shug Ryan over in Deaf Smith County. One morning he was sitting on his porch giving the world no trouble and not much thought. Suddenly the wind came up out of nowhere and blew him clean out into the bean patch. "Dogged if I seen that 'n' comin'!" Shug said and lit his pipe.

Pretty soon Shug saw his barn blow by with a startled mare looking out the window. "She's goin' at a good rate," Shug opined. "Ought to be in Amarillo by noon!" Shug got a little annoyed

when the wind switched on him and blew him back in the house again. "A man should not see too much of his old woman," Shug thought.

He strolled out on the porch just in time to see the barn ride by again. The mare was looking a little bored with the whole thing. Shug was bored, too. "This here is gettin' monotonous," he said. So he loaded up his bird gun and stood there waiting on the porch. Sure enough, the wind switched, and pretty soon the barn went by again, with the mare asleep in her stall. Shug took aim, fired and brought the barn down. "Whatcha firin' at?" his old woman hollered from the kitchen. "Just brought down that low-flyin' barn of ours," Shug answered. "But it was a poor shot. She's off the foundation by a good seven-eighths of an inch."

HEY! 4H BOYS and GIRLS

PARTICIPATE IN THE WESTINGHOUSE 1950 NATIONAL 4-H FARM & HOME ELECTRIC PROGRAM

NATIONAL 4-H CLUB WEEK MARCH 4-12

Your county agent can give you complete details on the 1950 National 4-H farm and home electric program. See him soon! This is your opportunity to show people how 4-H boys and girls learn by doing.

AWARDS . . .

COUNTY
Gold filled medal of honor to the county winner.
STATE
For Member: All-expense trip to the National 4-H Club Congress at Chicago, November 26-30, 1950, inclusive.
For County: A handsome plaque to the county reporting the most outstanding 4-H Farm and Home Electric Program.

NATIONAL
Six college scholarships of \$300 each will be presented to a blue award group selected from the State winners, preferably to three boys and three girls.

REGULATIONS . . .

Who May Participate:
Bona fide 4-H boys and girls working under the supervision of the Extension Service may participate.
How to Participate:
Discuss the contest with your local Club Leader or your County Extension Agent. Be sure that you are enrolled for the Farm and Home Electric Contest if enrollment is required.
Carry out the work outlined and write your report as suggested in this leaflet. Be sure to submit all material requested by the County Extension Agent before the final reporting date.

For State Winners:
To be eligible for State Trips and National Scholarships, participants must have passed their 14th birthday and must not have passed their 21st birthday on January 1, 1950, and must have completed at least three years of 4-H Club work including the current year.

SEE YOUR COUNTY EXTENSION AGENT FOR COMPLETE DETAILS

SOUTHWESTERN PUBLIC SERVICE COMPANY
25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Clips From Our Exchanges

BROWNFIELD—The News reports that an attorney general's ruling of the proposal to construct a chamber of commerce building on the courthouse lawn has not yet been received. The county commissioner's court voted several weeks ago to permit construction of a building for the senior and junior chambers of commerce on the lawn just north of the courthouse. Following circulation of a petition opposing the building, an attorney general's ruling on the matter was sought.

DALHART—Straight across-calf sale average at the Tri-County 4-H Calf Show in Dalhart was 57 cents per pound, according to the Texan.

TULIA—City officials are calling for bids on drilling a new city water well as the first step in the water expansion program voters authorized when they voted 306 to 109 in favor of issuing \$75,000 in bonds to finance water department improvements, reports the Herald.

PORTALES—A contract has been made with Cal Boykin of Midland to operate the hotel in Portales when the building is constructed. Boykin will also have the responsibility of equipping the building with furniture, rugs, draperies and coffee room fixtures.

This arrangement is different than at Hereford where a community hotel has recently been erected and fully equipped by the stockholders. In Portales the stockholders will finance the erection of the building, then turn the structure over to Mr. Boykin.

The hotel committee visited the new hotel at Hereford recently, says the Tribune.

PORTALES—32 farmers signed contracts totaling 616 acres with Holly Sugar Co. of Colorado Springs to plant sugar beets this spring.

MEMPHIS—Chamber of Commerce offers \$458 in prize money to best beef and swine entries, headlines the Democrat.

DALHART—Work has started on installing a new lighting system that will increase total illumination in Dalhart an estimated ten times.

"I SEE IT THIS WAY"—8-months-old "Tarky" Tarakes, son of San Antonio photographer Johnny Tarakes, is caught in a reflective mood by his father's camera. Don't worry about Tarky's ear—it has two-way stretch and bounces back into shape without difficulty. (AP Photo)

Law And You

By BOB KIRK
Do you know that any citizen can make arrests in certain situations?

Generally arrests for violations of the law are made by officers charged with the duty of enforcing the law, but in some situations citizens may make arrests.

Any officer may call upon a citizen to assist him should the need arise in an individual case. Every one is familiar with the term posse. This is a group of citizens who have been called upon to assist the officers. In these two situations, it is a citizen's duty to assist the officer or officers, and he is subject to a penalty if he fails to assist when called upon.

If a citizen sees a felony or breach of the peace committed in his presence, he may arrest the offender and take him to jail and turn him over to the proper authorities.

Also a citizen has the right to prevent the consequences of a theft, and he may take the property into his possession and the supposed offender before the proper authorities. He must have

reasonable grounds to believe the property stolen to act in this situation.

A citizen acting in one of the above situations may use only such force as is reasonably necessary to accomplish the arrest and delivery of the offender to the proper authorities.

FOR FURTHER INFORMATION ON THIS SUBJECT, SEE YOUR LOCAL ATTORNEY.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many deeds of kindness during the recent death of our son and brother.

Clean Up Early Eliminate Flies

Dr. Geo. W. Cox, State Health Officer, says that the season of the year when typhoid fever is most prevalent will soon be here and urges everyone to clean up their premises to eliminate flies and other insects. A town is only as clean as the individual citizens and public health should be everyone's concern.

The typhoid germ travels from an infected person to the well person; this is generally accomplished by water, milk, flies, fingers or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to the carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect them-

selves against this disease by being immunized. Its prevention is accomplished by the enforcement of public health measures to protect food, milk, and water supplies, and by immunization. The purity of water, milk, or food cannot be judged by looking at it, so the best thing to do is to play safe and have your physician protect you.

During the first growing season, the pecan tree needs plenty of moisture.

New cases of the sweetpotato internal cork disease have been reported by a few counties in east and central Texas. It is a virus disease and can be checked only by planting disease free plants. All bedding stock should be checked by slicing samples out of each lot. Look for hard, black, corky islands or streaks inside the potato. Don't bed diseased potatoes.

It costs money to help crippled children. Use Easter Seals.

We are not SCOTCH

The spending of a premium dollar in the fire and casualty field is a fine art. Done expertly, that dollar can do a lot; in fact, lots more than if it were spent in a careless or inexperienced way. We, as an insurance agency, believe in spending the dollars of our clients judiciously and wisely. While we are not Scotch, we do think that we can stretch a dollar as far as any Scotsman, make it buy more when it is used to buy insurance protection.

New 1950 Hudsons... Now on Display!

Greatest Hudsons in History
Only Cars with "Step-Down" Design

**MOST ROOM!
BEST RIDE! SAFEST!**
See for yourself—try "The New Step-Down Ride!"

Here now! New Hudsons for 1950! New styling, exciting motoring advantages—right along with sensational lower prices!

Take roominess as an example. Hudson's exclusive "step-down" design brings you more seating and head room than in any other car! "Step-down" design with its recessed floor permits Hudson seats to be lowered and positioned completely ahead of the rear wheels, so seat cushions are up to 12 inches wider than in cars of greater outside dimensions. In Hudson you get the most room—at sensational lower prices!

Hudson's low-built design, which preserves full road clearance, quickly tells you that these remarkable automobiles have the lowest center of gravity in any American car. Thus you know instinctively that Hudsons handle more surely, hug the road more tenaciously and are safer than any other car. Hudson brings you America's best and safest ride—at sensational lower prices!

There are many more thrilling advantages in these great Hudsons. You're invited to enjoy "The New Step-Down Ride"—discover for yourself that Hudson definitely brings you more car for less money!

Flying Saucers, Sea Monsters Whats... Next?

By JERRY STOLTZ
 We just got through going through another flying saucer era, and apparently won't ever leave it again if we believe what we read, and now comes a story that really encourages the tall tale spinners. It won't be long until you can just about tell any story you please and sit back and wait, cause somebody will prove it's true.

Take for instance the fact that fishermen are always talking about the one that got away—but up in Oregon last week, they were boasting about the one that got away—and then came back.

It seems that a real, honest-to-goodness sea monster popped up out of the ocean at Delake, Oregon that has defied classification, but looks like this—

It is 22 feet long, most of which is a round, thick tail. The main part of the body looks like the body of a cow and is matted with hair and has furry tail-like tentacles ranging in length from three to 12 feet. One Delake resident said the monster has a mouth about a foot wide.

There's no doubt that this weird denizen of the deep does exist. The townspeople of Delake have their prize carcass securely tied down—chained to a piling. They aren't taking any chances this time.

The strange marine animal first entered the lives of Delakers Friday. It was washed ashore by the stormy Pacific. The townspeople tried to secure their catch at that time. A beach crew put a line around it and tried to pull it ashore. That didn't work.

A wrecking car was called to try to haul the creature closer to the beach. But the angry surf defied the efforts of the amazed workers. The sea beast disappeared in to the ocean Saturday morning.

But not before Delakers had taken photographs and gathered at the tourist inn of Mrs. Bea Allum to show their pictures and talk about the strange event.

Then late Saturday afternoon, the word spread through Delake like wildfire: "The monster's back." And this time Delakers were determined to make sure it was back to stay.

The sea was quieter and—

despite the fact the monster is estimated to weigh between 1000 pounds and a ton—a wrecking car and the efforts of the townspeople succeeded in securing the monster.

Now most sea monsters have turned out to be some fish, sea cow, whale, octopus or sea lion that has already been classified. Apparently this monster fits none of these categories.

Looks like we'll have to wait for an investigation to find out what this creature really is. Kelly Gray or Homer Fox might be able to tell you about having seen or heard of such a thing, but most everyone thinks Tierra Blanca is kinda shallow for this, anyhow, they say the fishermen of Delake are busy talking about the big one that got away—and then came back.

Checks To Keep Farm Tractor Ready To Go

Texas weather during the past few weeks may not have been the best for outside work, but right now is a mighty good time to get the farm tractor ready for the busy days ahead. According to W. L. Ulrich, extension Texas A. & M. College, a good place to start is on the air cleaner of your tractor.

He says most farmers do a good job of taking care of the pre-cleaner and oil cup, but the air cleaner itself is often neglected. About 9,000 gallons of air goes through the cleaner for each gallon of fuel burned, and he says you can expect a lot of dirt to lodge in the screen and element of the cleaner. The air cleaner should be removed at least twice a year and thoroughly washed in kerosene or cleaning solvent. When it is replaced, be sure that all air hose connections are tight for a leaky hose makes the cleaner useless.

This is a good time to do a valve grinding job, but Ulrich says the valves should be removed and the grinding job should be done by a trained mechanic who has the proper equipment for doing this work. The actual job of seating the valves can be done on the farm.

He says you'll want to remove the spark plugs for a thorough cleaning, and point adjusting job. A steel brush will do a fair

job but sand blasting is better. Ulrich says to check your operators manual for the correct gap setting on the plugs. A gauge should be used in making the adjustments and a round thickness gauge is recommended for worn plugs.

While you are checking points, he says you'd better check the ignition breaking points. If they are rough, file them and then set the gap in accordance with the operators manual.

The next item that should be checked is the fuel system. The fuel screen located on most tractors near the sediment bowl and carburetor should be removed and cleaned. The carburetor should be cleaned and adjusted. Ulrich says you'll want to remember that the carburetor is not a gas plant but is a metering device, it cannot measure the proper mixture of air and fuel unless properly adjusted.

he says the motor should be warmed to operating temperature before any attempts are made to adjust the carburetor. There are three major adjustments on most tractor carburetors. The idle stop screw which merely stops the throttle lever at idling speed; the idle mixture adjustment; and the third is the load adjustment. Consult your operators manual on how to make the adjustments and the final check will come when the tractor is pulling field equipment.

Ulrich says every tractor operator should be familiar with the operators manual that goes with the model tractor you are operating and he adds, if you don't have one, better ask your local dealer about it the next time you see him. Ulrich concludes that the life of your farm tractor depends largely upon the care you give it and the manual is the manufacturer's recommendations for doing this maintenance job.

ator should be familiar with the operators manual that goes with the model tractor you are operating and he adds, if you don't have one, better ask your local dealer about it the next time you see him. Ulrich concludes that the life of your farm tractor depends largely upon the care you give it and the manual is the manufacturer's recommendations for doing this maintenance job.

Corn yields of more than 100 bushels per acre were reported for 1949 from 16 different Texas counties. These outstanding yields all came from fields planted to corn hybrids.

The highest reported wheat yield ever made in Texas was made in 1949 by John Paetzold of Deaf Smith County—92.5 bushels per acre.

Lee Roy Bartlett, a 4-H boy, in Upshur county produced 149 bushels of corn in 1949 from his measured acre.

The poinsettia can be planted in the yard after the danger of frost is past. Better protect from the sun by planting in a semi or shady area.

Space in the home freezer is often wasted because of the type and size of the containers used. Rectangular shaped containers are the best space savers.

Use Easter Seals.

COMMENT

(Continued from Page 1)

compared to Kramer, or Gonzales' earnings.
The first thing the national amateur tennis champion does these days is turn pro. He then takes on the national pro champion in a tour of exhibitions. They see the world and all the forty-eight states, and get paid plenty to do it. All they have to do is bat a ball around for a couple of hours four or five times a week. Isn't that a clutch?

And there's no danger in tennis playing. No one gets knocked out, there is never an injury of serious consequences, and you don't have to worry about being captain of the team, since you're the only fellow on your team, and are automatically captain. The fellow who won't play unless he's captain will go for tennis.

And then there's another thing. You wear white shorts, or white slacks. You don't get so dirty during play. You can act like a gentleman out there—you're dressed for the part and the crowd expects it. What could be more genteel? No fighting, no cursing the opponent. Not in tennis. Just bat the ball back, that's all.

Kramer and Gonzales stand to net more than a hundred thousand dollars each in their current tour. (Kramer is ahead but Pan-

Long Time Ago

25 YEARS AGO
Week of March 5, 1925

Even before they were voted for, the Hereford School Board met with a number of architects and contractors and sold bonds for a new high school building in Hereford. Hereford was in the middle of a \$125,000 campaign for a new building. The Board employed E. F. Rittenberry, Amarillo, as architect.

Painting your house on the installment plan made its debut in Hereford when C. P. Jarrett, general manager of the Dallas branch of Peaslee-Gaulbert Paint Company came through Hereford on an advertising trip. Rockwell Brothers Lumber Company in Hereford was the dealer.

J. A. Fox, Waxahachi, arrived to visit with his family and look after business.

Two Castro county men joined hands and announced a livestock sale. They were C. B. Killgore and Arch Johnson.

Miss Victoria Wilson, daughter of T. K. Wilson, who had been attending Central College in Arkansas, was slated to begin teaching in Progressive schools.

Stork specials were to Mr. and Mrs. George Pillow, February 27, a boy. Mr. and Mrs. Carl Frye, a girl, March 1. Mr. and Mrs. Charley Hart, Friona, March 3, a boy named Roy Lyman.

The ladies of the Bay View Club held their annual luncheon in the home of Dr. and Mrs. W. F. Gabbert. Mrs. John McLean led the patriotic program and featured readings by Mesdames B. F. Guthrie and J. E. Ferguson. Mrs. F. T. Roloson won a prize for solving an original crossword puzzle. Attending were Mr. and Mrs. John McLean, Mr. and Mrs. C. P. Cockrell, Mr. and Mrs. P. W. Price, Mr. and Mrs. G. P. Garrison, Mr. and Mrs. F. T. Roloson, Mr. and Mrs. A. M. Jones, Mr. and Mrs. Ray Barber, Mr. and Mrs. B. F. Guthrie, Mr. and Mrs. Seth B. Holman, Mrs. J. E. Ferguson, Mrs. Charles Donald and Mrs. Roberts and Mrs. Habernacker.

"North of 36" was showing at the Star Theatre in Hereford. Jack Holt, Noah Berry, Lois Wilson and Ernest Torrence were starred. These same stars thrilled Hereford in "Covered Wag-

cho has gained on him recently). Joe Dimaggio won't equal that in his best year. Sambo Snead can't make that kind of money, either. Nor can the footballers. It's an open and shut case. If you're out for the jack, play tennis. But then who's out for jack, anyhow?

A group at West Texas State College made up of Dessie Mae Steele, Hereford, Herschel Coffee, Canyon, and Winnie Mae Crawford of Canyon were putting on a program at Kress.

School Superintendent C. H. Dillehay said six of his faculty members were members of the Texas State Teachers Association of 1925. They were Aiea D. McClure, Lelia Burrell, Inez Jones, C. W. Humble and Velma E. Reed.

W. H. Wade auctioned off his household goods on the vacant lot between the Fox Mercantile and the Western National Bank. W. S. Williams was the auctioneer.

The Fellowship Class of the Christian Church furnished a room in the County Hospital which had a Fowler bed in it. Patients in the hospital at that time were Miss Walters, Lloyd Ragland, Friona; and Mrs. Ray Conway of Black.

J. W. Alexander moved to Hereford from Dimmitt.

He was to move to the Ell Dunlap place. Dunlap lived in Dallas most of the time.

J. W. Berry and family from Bethany, Mo. moved to Hereford and were living on the M. L. Hardy farm.

The Presbyterian Missionary Society met with Mrs. Conklin and Mrs. Paddock and Mrs. Rice led in lessons.

County Agent R. O. Dunkle returned from McLean where he had been at the bedside of his wife who was ill.

Mr. and Mrs. W. F. Orr and Mrs. Omer Baker motored to Plainview to attend a wrestling match.

A marriage license was issued Noel G. Andrews and Dollie A. Pinkert February 28, 1925.

Center Holds Clinic For Cerebral Palsy

The Cerebral Palsy Treatment Center will hold a clinic for the examination of cerebral palsied children on Monday, March 20. Dr. C. B. Sadler, Amarillo; Dr. E. T. Driscoll, Plainview and Dr. R. Q. Lewis, Lubbock will examine patients.

The clinic will be the first held in the Treatment Center's new \$42,500 building located at 3502 Ave. N. The new building provides facilities for physical therapy, occupational therapy and speech therapy. To date 244 cases have been registered at the Center for care.

Parents interested in bringing

children to the clinic on March 20 are requested to register their child at the Center some time before the clinic date. Further information may be obtained by contacting Dr. Esther Snell, Director of the Treatment Center, 3502 Avenue N or calling Lubbock 6541.

Take steps to help those who can't help themselves. Use Easter Seals.

Guests in the home of Mrs. E. W. Harrison the past week end were her son and his family, Mr. and Mrs. David Harrison and children of Quanah. On Sunday his sister, Mrs. J. M. Simpson, Jr. and her family of Amarillo came over to visit with her brother and mother.

HOME FROM WAXAHACHIE
H. C. Baird returned Saturday from Waxahachie where he had

gone Thursday for Mrs. Baird who had been visiting their daughter. They were accompanied home by the daughter, Mrs. John D. King and three children who will spend this week with her parents and return with her husband, Dr. John D. King, who will come for them Saturday.

Easter Seals mean new life and new hope for the handicapped.

STAPP Chiropractic Clinic

Corner 3rd & Main

Phone 128

While the wide scope of Chiropractic is amazing to the uninformed, we do NOT recommend Chiropractic as a CURE-ALL. Chiropractic is effective in those cases only where the cause is found to be defective in organic energization due to spinal misalignment (subluxation.) Most all of our cases are those that had previously resisted ordinary methods of healing. Our examination is designed to eliminate those we cannot help.

RIGHT...
Clinic spinograph Department photo showing Dr. Stapp making spinal X-rays to locate the cause of nerve interference found during the spinal analysis. Any part of body or spine may be brought into clear view for examination. When the cause is located it can be corrected.

A NEW TRUTH

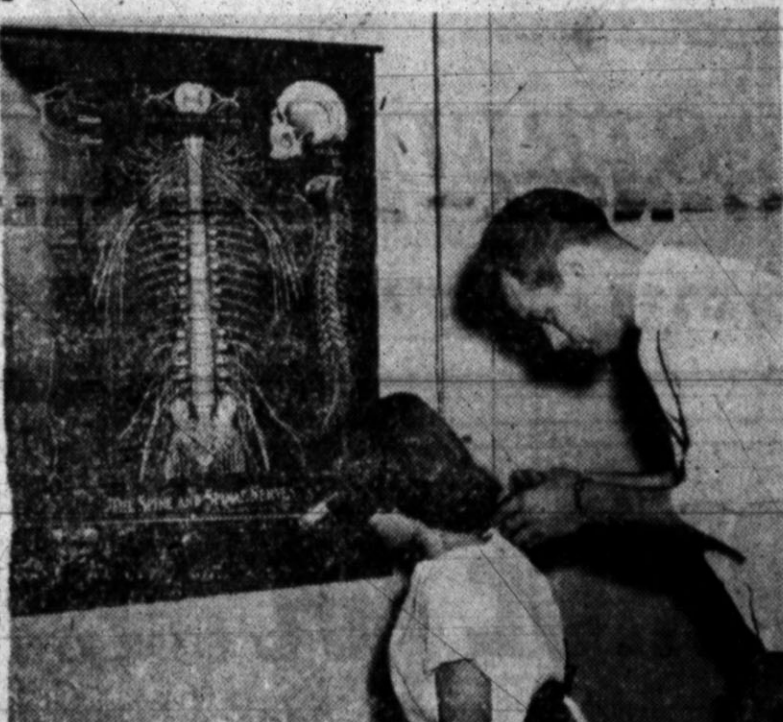

History, ancient and modern, is bulging with the stories of shameful ridicule and actual persecution heaped upon the heads of those who dared to propound a new truth. Chiropractic is a NEW TRUTH about health. If Chiropractic was not filling a need it would have succumbed years ago to the pressure which continues against it. This new truth about health belongs to you, the people. Do not permit anyone to deny you the right to use it when you need and want it.

HEART PALPITATIONS

CASE NO. 971: A single working girl, age 31, suffered with backache, constipation, irregular palpitation of the heart and constant nervous indigestion. Irregularity with severe cramps, nervousness, and headaches for a long time, although she had gone the usual round of doctors. She had become fearful that nothing would ever help her. In that state of mind she came to the clinic. The scientific spinal analysis indicated nerve wave interference in the spine near the top of her neck as a possible cause of functional trouble. Spinal X-rays of the area disclosed a subluxation of a vertebra. She recalled several falls that could have wrenched this vertebra from its normal position. Adjustments were begun. Spinal X-rays showed the vertebra in a correct position. She reported that all symptoms had vanished and that she was normal in all respects. Look at yourself in the mirror—is your neck straight, and is your head sitting level or is your spine out of line?

CHRONIC FATIGUE

CASE NO. 2031: A farmer, age 58, complained that for two

years he had suffered with low back and leg pains that made his work doubly difficult, also he felt tired all the time, increasingly nervous, worrying too much, sleeping badly, catching frequent colds. His blood pressure was 102. We made a spinal analysis and Spinal X-rays, and located the spinal subluxation. Corrective adjustments brought about improved alignment and removed the nerve interference. At the end of the recommended time, he was discharged. Before departing he said he had no pain or discomfort of any kind and his blood pressure was normal.

HEADACHES

CASE NO. 1910: A young woman, age 30, came to a clinic complaining of headaches with nausea, dizziness, aching in back and neck, head and shoulders; was very nervous, had alternate spells of constipation and diarrhea, blood pressure was low and she had nervous dermatitis. Spinal X-rays and spinal analysis revealed the cause of those symptoms in the spine. Corrective adjustments restored the spine to normal and when patient was discharged, she had no complaints.

INDIGESTION

CASE NO. 1533:
A lady of 40 years had not been well for several years. Her condition had been diagnosed nervous indigestion, nervousness and irregularity of change. She had a sinus complaint, soreness about kidneys and bladder, arthritis in fingers and frequent headaches which nothing seemed to help. A scientific spinal nerve analysis located nerve interference areas and Spinal X-rays disclosed a spinal subluxation caused the defective innervation. Corrective adjustments restored alignment and removed the interference to normal innervation. When discharged, this lady stated she had no sym-

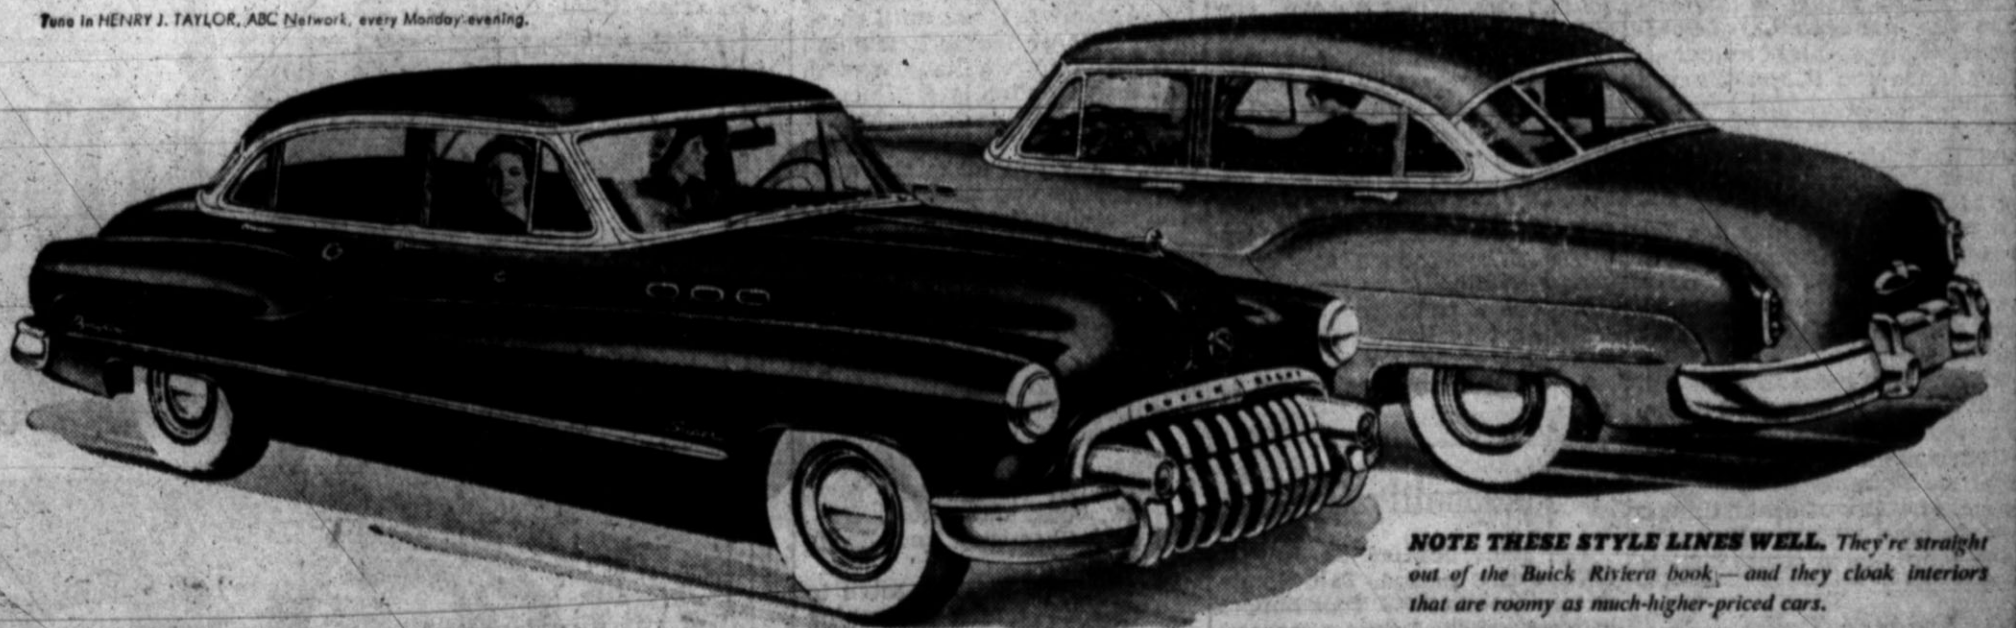

FEVER

CASE NO. 1496: Girl, seven years of age. History: July 4th, fell hard on sidewalk; July 5th, 6th and 7th, sick in bed, headache, vomiting; July 8th, fever 103, stomach ache, one leg and one arm aching and becoming difficult to use; July 9th, spinal analysis and spinal X-rays at Chiropractic Clinic; July 10th; spinal adjustment first time; July 11th, feeling pretty good; July 18th, playing again.
This case illustrates two points to remember:

1. Children respond rapidly when immediate aid is given.
2. Bad falls often injure the spine and cause illness. Ask your child if he, or she, has fallen hard the next time they are suddenly ill.

NOTE THESE STYLE LINES WELL. They're straight out of the Buick Riviera book—and they cloak interiors that are roomy as much-higher-priced cars.

FORE AND AFT — a Beauty and a Buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away.

The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion sleekness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive* too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Features like these mean BUICK'S THE BUY

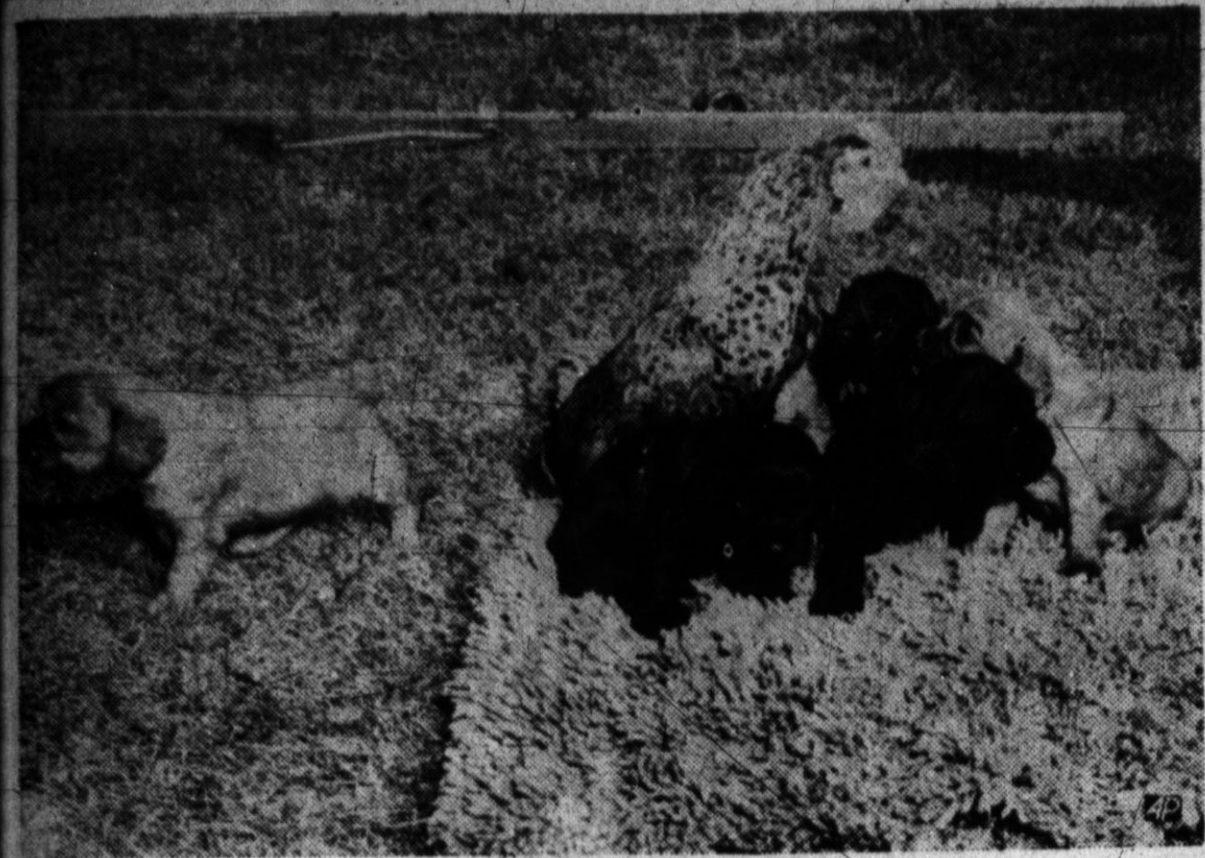

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.)
- NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double-bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less overall length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tubes • DYNAFLO DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • WIDE ARRAY OF MODELS with Body by Fisher.

Phone your BUICK dealer for a demonstration—Right Now!

When better automobiles are built BUICK will build them

CHESTER IS A "MOTHER"—Chester, a Bantam rooster owned by Mrs. Leon Henderson of Denton, Texas, has adopted eight Cocker Spaniel puppies against their mother's will. Mrs. Henderson found Chester in the doghouse trying to cover the puppies when they were two weeks old. When the puppies mother tried to enter the doghouse, Chester flew into a rage and drove the dog from her home. Mrs. Henderson says Chester's crowing has been replaced by clucking. (AP Photo)

Citizens And Leaders Of Hereford Are Coming Out Of Hereford High

Speaking as a teen-ager, a citizen of tomorrow, I think we young people should be interested in what our Chamber of Commerce, Rotary and numerous other clubs are doing. We will be the leaders of our town in only a few more years so we should start taking an interest in what these civic clubs are doing to help our town grow.

It is true that we may not live in Hereford when we are grown, but we will be a part of some town so if we learn to do things right now we will be responsible leaders later.

When I first came to Hereford, it was a small town, no red lights, no paved streets, just two schools—High and Central—no Jim Hill Hotel, no swimming pool, no golf course, and lots of other things. Now we have all the things and many more are to come. That is

an example of what our many civic clubs have done in four short years. When we are the older citizens of a town, will we do as many good things? We can prepare ourselves by helping in making our town Hereford a wonderful place to live. Let's make the police force proud of the teen-agers in Hereford by always obeying the law, and not taking risks that might take an innocent bystander's or even your own life.

We are a privileged group of teen-agers to live in this swell town and to have the citizens behind us in everything we try to do.

Personality Quiz

The light dawned on July 7, 1934 to this person. Tall blonde fixture around HHS. Took honors in recent show. Drives a maroon car, wears a maroon jacket. First name same as British explorer's last name.

First saw light on August 28, 1932. Waves a banner for Juniors. Rather short, a brunette. A great singer in HHS. Just call 482-J and hear the pleasant voice that answers.

Last week the personalities were Maxie McCathern and Joan Southern.

Trouble You Have

By EMMARIE TURNER
"Da good Lord send me troubles And I got to work 'em out. But I look around and see There's trouble all about. And when I see my troubles, I jus' look up and grin, To think of all da trouble Dat I ain't in"

Yes, we all have troubles, but often we can't see other people's troubles for looking at the ones that seem like mountains to us—of course, they are ours.

Trouble often causes self-pity, which usually ends with a "chip on the shoulder." You can tell when you are carrying a "chip on the shoulder" and when you are, just remember that a "chip" on the shoulder indicates "wood" higher up!

If you cannot keep your mind off your troubles, get up and work: Busy persons have little time to brood, and less brooding means less troubles.

The earlier you forget self, the sooner your troubles decrease. The earlier you make up your mind for success, the sooner you will reach that goal.

Miss Stagner Talks To FTA Thursday

The FTA chapter of Hereford High School met Thursday, Feb. 23 in their new clubroom. They have made the first floor store-room into their clubroom and lounge. They put the Senior furniture in it and are planning to make it more attractive in various other ways.

Everyone enjoyed a program of Miss Della Stagner's talk on her experiences as a teacher.

The Constitution was read and approved. The Constitution provided that the name of the new chapter will be the Elia Alkman FTA of Hereford High School.

Better Watch These Girls, They'll Take You, But Good

Many men have been fooled by the power of a woman. This is a fact that men should never forget. To prove this take nearly any football player.

Very few boys who go out for football get a letter jacket their first year; and if they do, they have to work hard for it. As a whole it takes the average boy from two to three years to get a jacket.

Every evening at the same time he goes to the field and gets himself practically killed. For several cruel hours he butts heads with his competitors. He runs and runs until he falls and imagines himself dead. The coach goes and picks him up and sets him on his feet and tells him to take another lap. After two or three seasons of this, he feels as if he had earned a million dollars but he is lucky if he gets a jacket.

Time wears on. Oh Brother! a football jacket at last. He is a football player and he wants other people to know it. If he holds out well he may keep it a week or two without any complications. Sooner or later (usually sooner) some girl will be strutting around the campus with his jacket draped on her shoulder. Can you imagine that? He worked hard for three years but some smart girl managed to get it within a week or two.

No, sir, never underestimate the power of a woman.

SPORTSMANSHIP IS BETTER PRACTICED AND NOT TALKED

By EARLENE PHILLIPS
Webster defines sportsmanship to be fair and honorable in sports. That is a strong meaning, with a lot to it more than you ordinarily think. To have sportsmanship is a mark of achievement.

Now comes the question, if we have sportsmanship, do we practice it or do we think that to be a good sport is the sign of a sissy. Don't be misled, sportsmanship is not anything like that, it is entirely different.

On the football field, basketball court, baseball diamond and other sports, sportsmanship is one of the fundamentals that you learn first.

Not only do the players have to have good sportsmanship but the people in the stands need it too. What do you think of a person who boos the opponent? I know, not very good opinion, but still there are people who do it. Now comes the question, how to stop them? Naturally you must be polite but just tell them not to do such things. Now you are saying, easier said than done. Okay, but try it once, and explain why they should not do it, and then see if they don't understand better.

Let's not just talk about sportsmanship, let's practice it.

WORDS OF SPICE
There were just as many careless drivers 40 years ago, but the horses had more sense.

Clive Brook, movie actor, writes his own epitaph; "Pardon me for not rising."

The bars may have to be let down on atomic information. The authorities are running out of people to keep it from.

It is not hard to live on a small income if you don't spend too much trying to keep it a secret.

The one thing that supply exceeds demand always is trouble.

A Texan was in a rifle match and unaccountably missed every shot at 100 and 300 yards. He scored bulls-eyes, however, with every shot at 500.

"How come?" asked a bystander.

"In Texas we never bother to shoot at anything less than 500 yards away. We just throw rocks," was the reply.

Hereford Graduate Is Now Honored In Ohio

Hereford High School received another honor this past week. Kenneth Potter, a 1939 graduate of HHS, has been distinguished in dramatic art at Otterbein College, Westerville, Ohio.

He was elected director of the play "My Man Godfrey," a three act comedy presented February 25 by the Cap and Dagger Dramatic Society.

This is the highest honor which can be conferred upon a Thespian at Otterbein College.

Hereford High scores again.

Patsy Wilshire On Tri-Hi-Y Program

Tri-Hi-Y was opened by a piano prelude played by Patsy Wilshire on February 28, 1950. The business meeting was conducted by Earlene Phillips, President.

Bobbie Jane Sisk led a discussion of favorite scripture verses given by each of the girls. Variety was added by the singing of religious songs. The meeting was closed by sentences prayers and the Tri-Hi-Y Benediction.

Take It Or Leave It

A seven year old boy was boasting to his younger brother that he could give him a head start and still beat him in any race.

The five year old hesitated for a moment, then said, "It's a deal. We'll s'de down the banister."

Two American GI's were in

France looking for something to do. After a long silence one of them spoke, "More Foreigners around" here.

During the war two Texas soldiers were in Africa. Their commanding officer told them, "We have to keep these natives on our side so if they says Africa is bigger than Texas agree with them."

Freshman's Will

I only ask that when I die You'll carry me back to Hereford High.
Lay my Math book on my chest
Tell Mr. Groom I did my best;
Lay my Economics at my feet
Tell Mrs. Little I suffered defeat.
Tell Mrs. Calvert I'm glad I died.
Lay all my English at my head
Tell Mr. Jones that's why I'm dead!

Several Irrigation Wells Have Been Drilled And Pumps Put In

By MRS. OWEN ANDREWS
Brand Correspondent

Several new irrigation wells have been drilled recently and pumps installed. Among those owning new pumps are the Grubb brothers, J. E. Andrews, H. D. Robbins, Owen Andrews, W. H. Andrews, and the place where Tumps Cole lives. Those installing electric pumps, in place of gas and gasoline motored ones are A. T. Jones, T. L. Sparkman, Sr., Earl Cole and W. N. Hodges.

Walter Hodges is doing a remodeling job on their home, enlarging and improving it greatly. The J. H. Dobbs have been repairing part of their house.

Miss Virginia Brock of Hereford spent Wednesday night of last week with Miss Veradelle Andrews.

Mrs. A. T. Jones has been in the hospital at Hereford since Sunday a week ago. She may be able to come home sometime this week. If she continues to improve, but will have to spend several weeks in bed for a complete rest.

Juniors and Seniors of the Hereford high school attended a banquet Friday night at the Jim Hill Hotel. Seniors from this community who attended were Miss Betty Robbins and Clark Andrews. Miss Gladys Thompson is a Junior. Other of our girls, Evelyn Benson and Sue Berryman, who are sophomores, helped serve the banquet.

Mrs. D. Johnson had her mother, Mrs. Kunkle, her brother, Buren Kunkle, and nephew, Eddie Hugh Kunkle, all of McLean, visiting her during the week end. On Sunday afternoon the Johnson's son, Doyle, was baptized at the baptistry in the First Baptist Church at Hereford, the Frío church having borrowed the baptistry for the service. Rev. Shannon conducted the service.

Visitors in the J. E. Andrews home on Thursday were his brother, Fred Andrews and son, Wiley, of Melrose and a sister, Mrs. Ralph Hart and Mr. Hart, also of Melrose, N. M. Sunday a week ago, the Irwin

ONE OF THREE — Mrs. Margaret Bassett Johnson (above), a former Powers model, is one of three daughters of a Texas Baptist preacher. She has her own television show in New York. Her father is Dr. Wallace C. Bassett, who last year ended a three-year presidency of the Baptist General Convention of Texas. He is pastor of the Cliff Temple Baptist Church in Dallas. (AP Photo)

and Parris families visited the Yandells at their home near Tahoka.

Tommy Irwin and LeRoy Dowdy went to Oklahoma Friday to visit relatives near Washington. Mr. and Mrs. W. H. Thompson, LaVon and Tawana, and Mr. and Mrs. J. B. Thompson went to Oklahoma, near Yukon, Saturday, to be with Mrs. Gregg, who underwent surgery. Mrs. Gregg is the former Florene Thompson. The Thompsons returned Sunday night and report that Mrs. Gregg is doing fine.

Those visiting in the J. E. Andrews home on Sunday were Mr. and Mrs. Roscoe Burris of Clovis, Mr. and Mrs. D. O. Benson, Mr. and Mrs. W. H. Andrews and family, Mr. and Mrs. T. L. Sparkman, Jr., and family, Mr. and Mrs. Owen Andrews and family, Mrs. Alma Spruill and Miss Elene Spruill of Loco, Oklahoma. The Spruills have been spending several days with the Andrews and expected to go home the first of this week. They have also visited the Andrews and Harts of Melrose, and Burris of Clovis, as well as other relatives here.

Rev. and Mrs. Earl Lantrop of Dimmitt, visited the Shannon home on Sunday afternoon.

Sunday afternoon visitors in the E. B. Berryman home were Mr. and Mrs. Johnnie Greer and Dickie and Mrs. G. E. Jones, all of Amarillo. The Berrymans were dinner guests of the J. H. Dot's.

Junior Music Festival Scheduled In Methodist Church Saturday

Final arrangements are being made for the annual Junior Music Festival of the Seventh District, to be held Saturday, March 11 in the First Methodist Church, with Miss Mattie Mae Swisher of Hereford, who is 7th district director of junior festivals in charge.

The festival will be divided into three groups again this year and sessions will be held simultaneously in Lubbock, Quanah and Hereford. Miss Swisher has announced.

Formal opening will begin at 1 o'clock with teachers from Dumas, Amarillo, Dimmitt, Friona, Lovina, Littlefield, Farwell and Hereford presenting students in vocal and instrumental solos, ensemble groups, hymn playing and memory.

Judges will include Mrs. Gladys M. Glenn, dean of the Musical Arts Conservatory, Amarillo and Howard Dill, dean of music at Amarillo Junior College. Rating cards will be presented at the conclusion of the program. Mrs. E. W. Dettman and Mrs. Floyd Walton, Jr. will serve as secretaries.

Mr. and Mrs. Clifford Gordon of Lubbock visited her sister, Mrs. Henry Andrews and family on Sunday.

Wade Thompson of Texas Tech was home for the week end.

Mrs. H. F. Benson accompanied Rev. and Mrs. Bickford of Hereford to Breckenridge to visit her sister and family there. They left Monday morning.

Mr. and Mrs. John Cole and children returned to Duncan, Okla., after several days visit with his parents, the Earl Coles.

luncheon. Reception

A reception and tea honoring but of town visitors will follow the festival program in the church social hall. This will be sponsored by the Music Study Club, the Civic Chorus and members of the Voco Clubs.

Personals

Mr. and Mrs. C. E. Hicks were in New Mexico last week end. They visited with Mr. and Mrs. Glenn Watts at Del Rio and also were in Tucumcari.

Mr. and Mrs. Ralph Harris visited relatives and friends at Panhandle last week end.

Mr. and Mrs. J. T. Gilbreath, Jr. were in Dimmitt Sunday visiting relatives and friends.

Mr. and Mrs. Eddie Burgess and children of Portales, N. M. were Sunday visitors in Hereford.

Walter M. Cheatnam, Oklahoma City, visited Mr. and Mrs. John Scott briefly last week end. Mrs. Leonard Johnson, Sweetwater, visited relatives in Hereford last week end. Sunday they enjoyed an outing at Palo Duro Canyon.

Mr. and Mrs. Virgil Merrell were in Dennison visiting their daughter, Christine, and her family over the week end.

Mr. and Mrs. George Cantrell were in Amarillo visiting with Mr. and Mrs. Sam Cantrell and their family.

Mr. and Mrs. J. W. Brantley and family, all visited the J. J. Lindseys in Hereford over the week end. They also home of Mr. and Mrs. E. W. Solomon Sunday.

The State of Texas says
Butane and Propane Dealers
MUST KNOW GAS

The Law of the State of Texas REQUIRES that EVERY PERSON or FIRM — EVERY ONE — who installs or connects butane and propane (liquefied petroleum) gas systems, equipment or appliances MUST BE LICENSED by the Gas Utilities Division of the State Railroad Commission. These licenses are issued ONLY AFTER an applicant has taken a WRITTEN examination and PROVED his knowledge of the characteristics of butane and propane gases and his experience in handling such equipment and his knowledge of the State's Rules and Regulations governing ALL butane and propane installations.

BUTANE and PROPANE LICENSES ARE SEPARATE and DISTINCT

NO OTHER license of ANY kind permits ANY person or firm to make such installations or connections. Plumbers and Master Plumbers ARE NOT PERMITTED by Law to perform such work UNLESS they have this Specific, Separate and Distinct License issued by the Gas Utilities Division of the Railroad Commission: Because a merchant SELLS appliances for the use of butane and propane gas DOES NOT mean that merchant or any of his employees may LEGALLY install or connect this equipment for you.

Some plumbers, some merchants and their employees HAVE passed this examination and are properly licensed to do such work. But ALL have not. And the Law of Texas says the man who installs or connects ANY butane or propane equipment MUST have this particular and specific license. This law was passed to protect YOU and YOUR FAMILY.

NO OTHERS ARE QUALIFIED

The man who holds a license as a butane and propane installer — this license issued by the Gas Utilities Division of the State Railroad Commission — is experienced in this work. He is trained for his job. He KNOWS the rules and regulations set up by the State for YOUR protection. He has PROVED his qualifications by written examination. HIS work will be done in full accordance with the Law. He — and ONLY he — can do this work LEGALLY.

BE SURE You're Sure

Don't take a chance. Don't let 'just anybody' tamper with or work on your butane or propane equipment. Be SURE the man who does is PROPERLY AND LEGALLY LICENSED TO DO THIS WORK. Be SURE You're Sure!

If you are not absolutely and positively SURE you can find out quickly and easily by asking the undersigned Association (the state-wide organization of Licensed and Qualified Butane and Propane dealers).

There is a LEGAL installer near you. His name will be supplied on request.

Texas Butane Dealers Association

50,000 Miles - No Wear!

1. Proved by Punishing Road Test! For 70 days, six brand-new cars roared over searing highways along the Mexican border... putting a national new Conoco Super Motor Oil to one of the cruelest tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence... in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Original factory polishing marks were still visible on piston rings!

2. New-Car Mileage! Test engineers were astounded at the remarkable record of economy. Gasoline mileage for the last 5,000 miles of the run was as good as for the first 5,000 miles... actually there was an average difference for the fleet of only 4/100 of a mile per gallon. This punishing test... equal to 5 years' normal mileage... proved that Conoco Super Motor Oil—with proper crankcase drains and regular care—can keep your new car new.

3. New-Car Power! Quicker Starts! Yes—Conoco Super Motor Oil's extra protection keeps that factory flash... that showroom smoothness... year after year! Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts... keeps your engine new and clean. Astounding new Conoco Super Motor Oil proved to be the great new modern wear-fighter!

Women Devote Considerable Time To Their Garden Club Activities

For the past several years garden club enthusiasts have been working to make their own premises in particular, and Hereford in general more beautiful and more sanitary, planning their other activities to give precedence to these services.

This summer many of them have already started to work on individual projects of the season, a season which will see resumption of full scale civic activities.

The Hereford Garden Club got off to a good start Friday afternoon when a meeting was held at the home of Mrs. C. G. Ferguson, with Mrs. A. O. Thompson presenting a program on "The Iris Family." Mrs. Thompson is a member of the American Iris Society and has literally raised thousands of hardy perennials.

Using her own experiences in the cultivation of Iris, Mrs. Thompson said in part: "Iris like a gypsy, comes from everywhere and tries to adapt itself wherever it finds itself. It is still thought by many to be one of the few choice flowers—though there is no other plant better adapted to be every man's flower. It is per-

fectly hardy and the original cost is so little that any one can afford its price. An iris once purchased becomes a permanent addition to the garden and an investment that continues to pay high interest in an increasing wealth of color. In two years after an iris is planted one can have from 12 to 24 to share with friends.

The iris will thrive in a wide range of soil conditions and its season of bloom, by using judgment in selection, may be extended over a period of many weeks. Now we may have blooms from March to November.

Culture

No one should experience difficulty in growing iris. They are among the topmost of all flowering plants which give more and better flowers for a moderate amount of attention.

Prepare the soil as for vegetables. Spade deep and work in a generous amount of well rotted manure. The best planting time is from June to September. If you have an established clump to divide, wait two weeks after

blooming for moving or dividing. In planting prepare a hole large enough to take the spread of the roots, and cover the rhizome with 1 or 2 inches of soil. Fertilize the beds lightly each year with vitgro, bone-meal or super-phosphate. Keep well watered and cultivate soil frequently to prevent cracking or baking.

Iris have few pests, but watch for leaf spot in this locality. This usually comes in late spring or summer and may be controlled by cutting off and burning the spotted leaves and then spraying with wettable sulphur or fernate or something similar."

In keeping with the flower of the month, Mrs. S. S. Dodson arranged an Oriental piece for her display, using China berrier and pussywillow in a Chinese vase.

During the business session, Mrs. W. S. Fluitt, president, named Mesdames J. P. Slaton, C. C. Ferguson and A. O. Thompson to serve on a nominating committee and told members to contact the Bud-To-Blossom Club if interested in a flower judging school.

Those present were Mesdames Phillip Barkley, Dennis Barnard, Homer Brumley, S. S. Dodson, W. S. Fluitt, E. E. Fridley, E. W. Harrison, Jim Higgins, O. G. Hill, F. M. Kester, A. L. Manjeot, E. Ramey, Jeff Glibbreath, DeWard Roberson, Jack Roberson, Marion Rutter, J. P. Slaton, Hardy Benson, Glenn Witherspoon, and the hostess.

er in the spring, when that group met in the home of Mrs. Tom Carter, Friday afternoon. Projects for the year, the beautification of the hospital grounds and the planting of red roses along the outlying wall of the football field, were given consideration and reports were heard.

The committee on investigating the advisability of organizing a Mr. and Mrs. GI Garden Club reported that a meeting is scheduled for March 14 at the home of Mrs. S. L. Easley to further consider the move.

During the business session with the new president, Mrs. O. M. Dickey, presiding, nine members signified their intentions of attending the Bud-To-Blossom judging school which will be held in April. Mesdames J. R. Overstreet, W. J. Stanford and V. O. Hennen were welcomed as new members.

St. Patrick's Day theme was used in decoration and refreshment appointments and the arrangement for the day was made by Mrs. F. P. Lyons who featured yellow daffodils in a black pottery bowl.

Those present were Mesdames Colby Conkright, O. M. Dickey, S. L. Easley, D. C. Kinsey, J. W. Kirby, F. P. Lyons, Joe Poindexter, Mary Seigler, Carroll White, Lisle Woodford, J. W. Thomas, E. W. Solomon, E. W. Hopson, W. J. Stanford, J. R. Overstreet, O. V. Hennen and the hostess.

Those attending were Mesdames R. A. Daniel, Jr., Hilton Higgins, Bill Madison, D. C. McWhorter, J. D. Neill, W. H. Patton, C. W. Parker, Hilrey Aven, John Kelly, Bruce Aldridge and the hostess.

Hereford People Attend Church Dedication Sunday

Mr. P. H. Luck was the only charter member of the new Antioch church in Hollis, Oklahoma present Sunday for the dedication of the church.

The church was organized 45 years ago with 11 members. 69 years old Mr. Luck was the only one of those 11 present.

Mrs. Luck, Mr. and Mrs. Roy Boyd and Mrs. Robert Boyd also attended the dedication services.

Williams Celebrate Wedding Anniversary

Mr. and Mrs. L. M. Williams will celebrate their fifty-fifth wedding anniversary Sunday, March 12, with a dinner with their children and friends. Although their anniversary is really March 7, the March 12 date was selected so all the children can attend.

Seven children are expected to come to the get-together, which is a yearly custom in the Williams' family.

They are Mrs. Ora Holder from Ranger; Unifer Walr and husband and children from Littlefield; Jim A. Williams and family from Clovis; Florence Cofer, Pampa; Altis Williams and wife from Amarillo; Mrs. P. L. Burrell and husband, Hereford; Hubby Williams and family from Hereford.

L. M. and Alice Williams have been Hereford residents 25 years.

Mrs. W. T. Kelly Gives Demonstration To Club

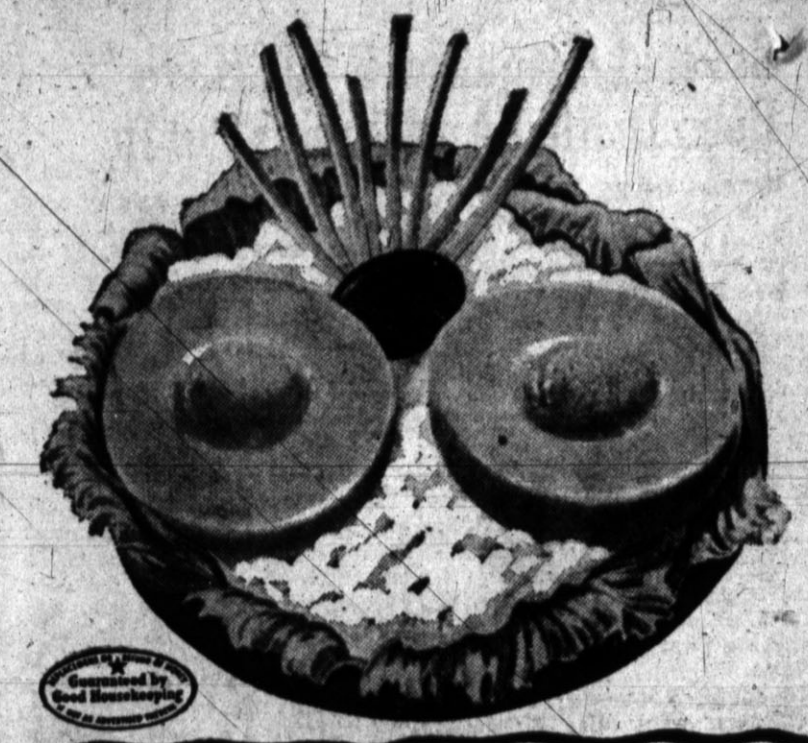

"Homemaking is using to an advantage what we have to get what we want," was the definition given by Mrs. W. T. Kelly, work simplification leader of Wyche Home Demonstration Club, when a meeting was held in the home of Mrs. Curtis Trawek Thursday afternoon. Demonstrating her remarks, Mrs. Kelly showed how to re-arrange entire rooms to simplify the everyday tasks of the busy homemaker.

In conducting a bed-making demonstration, Mrs. Kelly had the hostess make a bed and then showed the group the simple way, completing one side before walking around the bed, thus saving steps.

During the business session directed by Mrs. Raymond Paetzold, president, Mrs. Ira Ott was named a candidate for delegate to the district meeting which will be held in Borger in April.

Members present were Mesdames J. V. Pickens, A. E. Jury, H. H. Caraway, N. G. Elliston, R. W. Elliston, Truitt Johnson, Geo. L. Olson, W. T. Carmichael, V. P. Walker, Ira Ott, Jim Cross, Jack Williams, Raymond Paetzold and the hostess.

The club will meet with Mrs. W. T. Kelly on March 16.

Meatless Meals for 1/3 Less

For sprightly Spring meals, serve Borden's famous Cottage Cheese...thrifty...tasty... nutritious. This delicious dish gives you main dish proteins for about one-third the usual costs...it's rich in healthful vitamins and minerals but non-fattening. Be sure and ask for Borden's Cottage Cheese, because...it's Borden's, it's got to be good!
